WATER CONSERVATION AWARENESS

The City of Modesto Water Conservation program has partnered with Modesto Irrigation District, Turlock Irrigation District, and Modesto City Schools in a collaborative effort to increase conservation awareness.

Throughout the month of October, the collaboration team will make presentations at 23 Modesto elementary schools. Students will be provided with conservation material and learn how to conserve water. If you have a student who attends one of these schools, please support our efforts by reviewing the material they receive.

If you would like more information, or water conservation literature, please visit our website at www.modestogov.com or call 209.342.2246.

IMPORTANT INFORMATION

HOLIDAY GARBAGE COLLECTION SCHEDULE

In observance of Thanksgiving, there will be no garbage collection on *Thursday, November 24.*

If your collection day is Thursday or Friday, your garbage will be collected one day later. Thursday routes will be collected on Friday, and Friday routes will be collected on Saturday.

SECOND CHANCE WEEK • OCTOBER 16–22, 2011

Second Chance Week is a national public awareness campaign held each October to promote the reuse of old items through Reuse, Repair, Resale and Donation.

The City of Modesto encourages you to donate your “gently used” household goods, clothing, furniture, appliances, vehicles and more to one or more of the local non-profit agencies for reuse or resale purposes. Donations to most agencies are tax deductible.

Other reuse options include selling your items in a consignment shop. Modesto has many local consignment and thrift shops to choose from. Looking to save money on purchases? Be sure to shop “gently used” because “new” is not always necessary!

Check the City’s website for a detailed chart showing the types of acceptable donations, participating agencies and consignment shops: www.modestogov.com/prnd/recycling.

Remember -- REUSE is the best form of recycling!

For questions, please call the Solid Waste Office at 209.577.5494.
