WYA will also prepare an estimate of the probable capital cost for the water facilities recommended to be constructed to mitigate the hydraulic impacts of the proposed project on the City's existing water system (on-site water facility costs are specifically excluded from this cost estimate). For identified water supply facilities (wells with wellhead treatment) required for the proposed Project, costs will be based on a proportionate share basis, developed based on a ratio of the required peak hour project demand to the sustainable production capacity for the well.

A 10 to 12-page TM describing the water system evaluation criteria, planned sources of supply, and the required water system infrastructure/facilities required to mitigate the hydraulic system impacts of the project on the City's existing water system will be prepared as the work product of this task. WYA will provide EDAW with three (3) hard copies of the Draft TM, and five (5) hard copies of the Final TM.

If requested, WYA will also meet with EDAW once to coordinate our work activities, report on project status, or to receive comments to the draft TM. Any additional meetings or conference calls can be provided if requested, and a budget augmentation is approved.

This technical work is intended to provide an analysis of the ability of the City's existing water system to continue to provide water at adequate pressure and flow to existing customers with the additional system demands of the proposed project at buildout.

Subtask W3: **Prepare Water Supply Assessment.** WYA will prepare a single bound water supply assessment (WSA) report for the entire 360-acre Fairview Village Project in response to SB 610. Additional analysis beyond that required by SB 610 can be performed, if requested, and a corresponding budget augmentation and time extension is approved. No individual WSA's for any of the various individual property owners, or other project phases will be prepared.

Wastewater

Please refer to the scope of services described below by Carollo Engineers. EDAW will prepare this EIR section based on the technical report prepared by Carollo Engineers.

Subtask WW1: **Engineering Support during the EIR Process.** Carollo will provide EDAW with information related to the collection system or WWTP improvements required to support the Fairview Village development. For budgetary purposes, a total of 60 hours of engineering effort has been assumed, including attendance at up to two meetings with the EIR consultant. Work beyond the budget for 60 hours of engineering effort will only be performed after receiving written approval of a budget augmentation.

Subtask WW2: **Capacity Study.** Carollo completed the 2006 Wastewater Collection System Master Plan Study for the City (Master Plan). The work described in this task is supplemental to work completed for the Master Plan and assumes that the City of Modesto or Harris & Associates (HA) will provide the necessary development layout and land use data to complete this Capacity Study. This task includes:

- updating the hydraulic model to reflect changes in planning assumptions that have occurred since the completion of the Master Plan;
- revising sewer improvements to reflect changes in planning assumptions;
- revising the collection system and wastewater treatment plant (WWTP) improvements necessary to accommodate growth based on revisions to the hydraulic model and updates to the WWTP Master Plan;
- developing probable construction cost estimates for recommended capital projects; and
- developing a cost allocation associated with proposed recommended improvements.

Consistent with the Master Plan, revisions to the hydraulic model will not include modeling sewer mains smaller than 10-inches in diameter. Design, including development of plan/profile drawings is outside the scope of these services. It is assumed that HA will provide available ground elevations of the development.

Carollo will provide services on a time-and-material basis against a not-to-exceed maximum fee.

Surface Hydrology and Water Quality

Please refer to the scope of services described below by Stormwater Consulting. EDAW will prepare this EIR section based on the technical report prepared by Stormwater Consulting.

Storm Water Consulting, Inc. (SWC) will prepare a technical report that addresses storm drainage issues and requirements pertaining to the Fairview Village Specific Plan Amendment. The technical report will be utilized by EDAW in their preparation of the Hydrology and Water Quality section of the EIR being prepared for the proposed project under contract with the City of Modesto (City). The technical report will be based on a review and interpretation of information contained in the following documents:

- The City's Draft Storm Drainage Master Plan dated October 2006, or a more current version if available
- Original Fairview Village Specific Plan dated November 1997
- Current Draft Amendment to Fairview Village Specific Plan, including the Master Utilities Plan component of said document
- The City's Design Standards for Dual Use Flood Control/Recreation Facilities document dated December 2000
- The City's Guidance Manual for New Development Stormwater Quality Control Measures
- Current City Design Standards, Chapter 4, Storm Drainage Design
- The City's NPDES Permit
- City Code section addressing Floodplain Regulations
- FEMA Flood Insurance Rate Maps for City of Modesto and Stanislaus County
- Applicable Soils Maps, published by the Natural Resources Conservation District (NRCD)
- Applicable General Orders published by the State Water Resources Control Board pertaining to storm water quality concerns
- Information available from the State of California Division of Safety of Dams (DSOD) pertaining to Jurisdictional Dams within the upstream watershed for the Tuolumne River
- Monthly Climate Summaries for the Modesto area published by the Western Regional Climate Center (WRCC)
- Clean Water Act 303(d) Listing of Impaired Water Bodies

The technical report will summarize pertinent information contained in these documents as they relate to storm drainage requirements and concerns associated with the proposed development of the Fairview Village Specific Plan Amendment. SWC will review the Fairview Village Specific Plan Amendment with regard to impacts associated with its buildout and will provide recommendations within the technical report to reduce any identified significant impacts to levels that are considered to be less than significant. SWC will also provide independent calculations pertaining to detention volume requirements using the HEC-HMS or HEC-1 computer models and compare the results with information provided in the Fairview Village Specific Plan Amendment.

The preparation of onsite or offsite construction drawings or sizing of onsite storm drainage conveyance facilities are not a part of the work effort.

This work will be completed within the time frame of the deliverables shown below:

- Draft technical report - within 6 weeks of Notice to Proceed and receipt of the Fairview Village Specific Plan Amendment document
- Final technical memorandum - within 4 weeks of receipt of comments from the City/EDAW regarding the Draft version of the technical report

SWC will coordinate the work effort with EDAW and the City during the preparation of the technical report.

Traffic and Transportation

Please refer to the scope of services described below by kdAnderson Transportation Engineers (KDA). EDAW will prepare this EIR section based on the technical report prepared by KDA.

***Subtask TT 1*: Study Initiation.** KDA will attend an initiation meeting with the applicant, EDAW and City staff to discuss the City's concerns, our study approach, developer objectives for the project, etc. KDA will go over the schedule for our work and for the EIR as a whole.

Subtask TT 2*: Collect Traffic Volume Data.** KDA will collect the traffic count information needed for our analysis. For the traffic impact analysis KDA will assemble ***a.m. and p.m. peak hour traffic counts at study intersections. Our budget includes new counts at all study intersections, including:

1. Carpenter Road / Maze Blvd (SR 132)
2. Carpenter Road / California Avenue
3. Carpenter Road / Chicago Avenue
4. Carpenter Road / Beverly Drive
5. Carpenter Road / Paradise Road
6. Carpenter Road / Hatch Road
7. Carpenter Road / Whitmore Avenue
8. Carpenter Road / Service Road
9. Carpenter Road / Robertson Road
10. Paradise Road / Harris Avenue / Beverly Drive
11. Paradise Road / Sutter Avenue / Tuolumne Blvd
12. Hatch Road / Monticello Lane
13. Hatch Road / Rancho Encantano Lane
14. Hatch Road / Ustick Road
15. Hatch Road / Dallas Street
16. Hatch Road / Crows Landing Road
17. Hatch Road / SB SR 99 ramps
18. Hatch Road / Herndon Road
19. Crows Landing Road / NB SR 99 ramps
20. Crows Landing Road / SB SR 99 ramps
21. Crows Landing Road Butte Avenue
22. Crows Landing Road / Winmoore Way
23. Crows Landing Road / Glen Avenue
24. Crows Landing Road / Service Road
25. Crows Landing Road / Hackett Road
26. Whitmore Road / Yuma Avenue
27. Whitmore Avenue / Tucson Avenue

28. Whitmore Avenue / Ustick Road
29. Whitmore Avenue / Dallas Street
30. Whitmore Avenue / Crows landing Road
31. Whitmore Avenue / Morgan Road
32. Whitmore Avenue / SR 99 NB ramps
33. Carpenter Road / Plan Area Access (2)
34. Whitmore Avenue / Plan Area Access (2)
35. Hatch Road / Plan Area Access (1)

KDA will employ this data to quantitatively describe current traffic conditions in this area in terms of operating Level of Service at study intersections using the definitions contained in the 2000 Highway Capacity Manual (2000 HCM). However, LOS will be calculated using SYNCHRO – Simtraffic. The extent to which current traffic conditions meet City standards will be determined, and the need for improvements to resolve current problems will be noted.

KDA will also catalogue current traffic volumes on key roadway segments in the area of the project, including:

1. Carpenter Road from Maze Blvd to Hatch Road
2. Carpenter Road from Hatch Road to Whitmore Avenue
3. Carpenter Road from Whitmore Avenue to Service Road
4. Hatch Road from Carpenter Road to Ustick Road
5. Hatch Road from Ustick Road to Crows Landing Road
6. Hatch Road from Crows landing Road to SR 99
7. Dezzani Lane west of Ustick Road
8. Ustick Road from Hatch Road to Tudor Court
9. Ustick Road from Lassen Avenue to Whitmore Avenue
10. Tucson Lane from Lassen Avenue to Whitmore Avenue
11. Whitmore Avenue from Carpenter Road to Ustick Road
12. Whitmore Avenue from Ustick Road to Crows Landing Road
13. Whitmore Avenue from Crows Landing Road to SR 99
14. Paradise Road east of Carpenter Road
15. Paradise Road west of Carpenter Road
16. SR 99 from Crows Landing Road and Whitmore Road

Subtask TT 3: **Evaluate Existing Conditions.** KDA will employ this traffic data to quantitatively describe current traffic conditions in this area in terms of operating Level of Service at study intersections using the definitions contained in the 2000 Highway Capacity Manual (2000 HCM). However, LOS will be calculated using SYNCHRO – Simtraffic.

KDA will create separate SYNCHRO – Simtraffic networks for the four arterial street systems addressed by the study. SYNCHRO–Simtraffic runs will be made for a.m. and p.m. scenarios. The extent to which current traffic conditions require improvements will be noted, including consideration of peak hour traffic signal warrants.

Current peak hour volumes on study area street segments will be compared to City GPU capacities in order to identify current Levels of Service.

Subtask TT 4: **Identify Project Traffic Characteristics.** KDA will quantify the trip generation associated with the land uses within the proposed specific plan based on Institute of Transportation Engineers (ITE) rates and /or rates employed in the City-wide traffic model. The directional distribution of project trips will be determined based on "select link" analysis and consideration of existing travel patterns. Trip generation and distribution assumptions will be shared with City staff prior to continuing with the study.

KDA will provide trip generation estimates for project alternatives.

Subtask TT 5: **Identify Short Term (5 Year plus project) Future Volumes.** Standard City requirements ask for evaluation of a.m. and p.m. peak hour conditions occurring at the anticipated opening year with full build out and occupancy or 5 years whichever is more in the future assuming background traffic growth and implementation of projects in the City's CIP and traffic impacts fee program. KDA will work with City staff to identify applicable traffic volume growth rates for area streets and to create an applicable background condition that reflects of the approved projects. The extent of study area circulation system improvements that should be assumed to be in place in 5 years will be determined in consultation with City staff.

"Plus project" volumes will be identified by superimposing project trips onto the background condition to create the "5 Year Future Plus Project" condition.

Subtask TT 6: **Evaluate Short term Conditions / LOS.** KDA will create a series of SYNCRO – Simtraffic networks for the four EPAP and EPAP plus project scenarios. Roadway segment LOS will also be determined

Subtask TT 7: **Identify Long Term (2025) Traffic Volumes.** Year 2025 traffic volume forecasts will be prepared for overall roadway segments in order to confirm consistency with the GP EIR, and study intersections will also be evaluated under year 2025 p.m. peak hour conditions.

To produce year 2025 forecasts KDA will disaggregate the current citywide traffic model to accurately assign project traffic to the local street system. Resulting p.m. peak hour forecasts will be created in a manner that is consistent with other recent City EIRs.

Subtask TT 8: **Evaluate Year 2025 Impacts.** KDA will modify the SYNCRO – Simtraffic networks for the two Year 2025 scenarios and identify Levels of Service. Necessary mitigation measures will be identified. Roadway segment LOS will also be determined

Subtask TT 9: **Review Project Access.** Proposed project access will be reviewed with regard to City of Modesto standards for intersection spacing, and the extent to which auxiliary lanes / traffic controls are needed will be suggested.

Subtask TT 10: **Identify / Summarize Mitigation Measures.** If unsatisfactory traffic or access conditions are projected KDA will explore alternative mitigation measures and recommend a strategy for reducing impacts to a level of insignificance. However, those impacts that may not be avoidable will be noted as well.

Subtask TT 11:**Prepare Report.** KDA will summarize their evaluation in a written report. The draft report will be provided to EDAW for review prior to finalization for submittal to the City.

Subtask TT 12: **Meetings / Coordination.** In addition to the initiation meeting, KDA may need to meet with the client and/or City of Modesto to go over our draft report with the City. KDA have assumed three (3) meetings, and this cost is included in our budget. KDA have also budgeted for participation at one (1) meeting for Planning Commission review of the project and one (1) meeting for City Council review of the project. Additional meetings with City staff may be necessary, but this cost is not included in their base budget.

Growth-Inducing Impacts

In accordance with Section 15126.2(d) of the State CEQA Guidelines, EDAW will prepare a chapter that evaluates the potential growth-inducing impacts of the project. Potential sources of growth inducement and their impacts, such as removal of obstacles to growth, will be analyzed qualitatively to the extent they are applicable. "Growth-Inducing Impacts" will be included as a separate section within a chapter entitled, "Other Statutory Requirements."

Irreversible and Irretrievable Commitment of Resources

EDAW will identify any irreversible and irretrievable commitments of resources which would be involved in the proposed project should it be implemented. Irreversible and irretrievable resource commitments are related to the use of nonrenewable resources and the effects this use could have on future generations. Irreversible effects primarily result from the use or destruction of a specific resource (e.g., energy and minerals) that cannot be replaced within a reasonable timeframe. Irretrievable resource commitments involve the loss in value of an affected resource that cannot be restored as a result of the action (e.g., extinction of a threatened or endangered species or the disturbance of a cultural resource). This section will be included as a separate section within a chapter entitled, "Other Statutory Requirements."

Significant and Unavoidable Impacts

EDAW will summarize significant and unavoidable adverse impacts associated with the proposed project, consistent with the State CEQA Guidelines Sections 15126.2(b) and (c). Included in the discussion will be any impacts that can be partially mitigated, but not to a level that is less than significant. Any mitigation measures eliminated from consideration because of new impacts associated with their implementation also will be discussed. "Unavoidable Adverse Effects" will be included as a separate section within a chapter entitled, "Other Statutory Requirements."

Alternatives

EDAW will work with the project proponents and City to develop a reasonable range of alternative land use diagrams to analyze in the EIR (as required by CEQA). Up to four alternatives will be analyzed. In addition to the No Project alternative, other alternatives might include a Reduced Density Alternative and a Biological Resources Avoidance Alternative. Alternatives are typically confirmed during the environmental analysis. The document will also discuss alternatives that were considered, but eliminated from further consideration. This scope of work assumes that a maximum of three alternatives to the proposed project, including the CEQA-required No Project alternative, will be analyzed.

Cumulative Impacts

Extracted from the General Plan Update Master EIR, the "Cumulative Impacts" chapter will contain the cumulative impact methodology, contributing projects, list of related projects, cumulative context, and

cumulative impact analysis for each resource area identified in the "Environmental Setting, Impacts, and Mitigation Measures" section. The section will be consistent with Section 15130 of the State CEQA Guidelines that defines what constitutes a cumulative impact under CEQA, provide a summary of the projects that are contributing to cumulative impacts, provides the cumulative context, and lists related projects. The analysis will be based on an updated list of proposed, pending, and approved projects, provided by the City.

Following submittal of the Administrative Draft EIR to the City, EDAW's project manager and other appropriate staff will meet with the City's management team to review the ADEIR.

Task 4 Summary	
Products:	First Administrative draft EIR, bound copies (15)
	Second Administrative draft EIR (20)
Meetings:	Meeting with City management team and the project proponent team, to be attended by the EDAW Project Manager (1)

Task 5: Prepare Public Review Draft EIR and CEQA Notices

Purpose

To respond to City comments on the administrative draft EIR, complete necessary revisions, prepare a screen-check draft EIR for approval, publish the EIR for public review, and prepare the Notice of Availability (NOA) for delivery to the State Clearinghouse. It is assumed that the City will be responsible for publishing the NOA in the newspaper of record.

Approach

EDAW will coordinate with City management team; assemble agency comments on, and suggested revisions to, the administrative draft EIR; resolve any substantive issues/concerns; and prepare the public version of the draft EIR.

EDAW's project manager and other appropriate staff will meet with the City's management team to review the Public Review DEIR before it is released for public review.

Task 5 Summary	
Products:	Draft EIR, camera-ready, unbound copy (1)
	Draft EIR, bound copies (75)
	Draft EIR, CD ROM (15)
Meetings:	Meeting with City management team to discuss draft EIR (1)

PHASE 3 – FINAL EIR

Task 6: Prepare Administrative Final EIR and Responses to Draft EIR Comments

Purpose

To prepare an administrative final EIR with written responses to comments received on the publicly circulated draft EIR that raise significant environmental issues and submit for City review. The final EIR will be consist of comment letters, responses to comments, and a revised version of the public review draft EIR indicating text changes in underlining for additions and strikeouts for deletions, with notations to the relevant response to comment.

Approach

EDAW will coordinate with the City management team to review written comments on the draft EIR and comments from public meetings/hearings and develop a strategy and framework for responding to public comments. The comment letters, responses to comments, and EIR text revisions will be reviewed by EDAW for CEQA compliance before submittal of the administrative final EIR to the City.

EDAW will submit the administrative final EIR with draft responses to comments for agency review. Responses that are within this scope and budget consist of explanations, elaborations, or clarifications of the data contained in the draft EIR. EDAW has established a budget of 80 hours (various personnel at specified hourly rates) for responses to comments. This is a budget set aside and would be adjusted based on the overall volume and nature of comments.

Task 6 Summary	
Products:	Administrative final EIR, bound copies (15)
Meetings:	Meeting with City management team to discuss administrative final EIR, responses to comments, and findings (1)

Task 7: Prepare Final EIR

Purpose

To respond to City comments on the administrative final EIR, complete necessary revisions, prepare a screen-check final EIR for approval, publish the final EIR, and prepare the Notice of Determination (NOD) to be posted at the Stanislaus County Clerk's Office.

Approach

EDAW will respond to City comments on, and suggested revisions to, the administrative final EIR; complete necessary revisions; and submit the final EIR to the City for distribution to agencies and the public.

EDAW's project manager and other appropriate staff will meet with the City's management team to review the Final EIR before it is considered by decision makers.

Task 7 Summary	
Products:	Final EIR, camera-ready, unbound copy (1) Final EIR, bound copies (70)
Meetings:	Meeting with City management team to discuss final EIR (1)

Task 8: Public Meetings and Hearings

In addition to meetings with management team described in the earlier task descriptions and in Task 10, EDAW management personnel will be present at and participate in two public meetings, including one Planning Commission and one City Council meeting. Participation at these meetings will provide support to the City management team, help EDAW develop an understanding of the public's comments and concerns, and provide a forum to answer questions on environmental issues. Hearings will be attended by EDAW's management team, so that full consideration can be given to issues raised at hearings. Attendance at additional meetings, if requested, will be billed on a time-and-material basis.

Task 8 Summary	
Meetings:	Attendance at public meetings/hearings by EDAW's Principal-in-charge and Project Manager (2)

Task 9: Project Management and Coordination

Purpose

To manage the EIR preparation effort, maintain close communication between the City management team and EDAW project team members, ensure the technical accuracy and legal defensibility of the work products, and ensure that the project stays on schedule. This is perhaps the most critical task for the successful completion of this project.

Approach

In accordance with the communication protocol established in Task 1, EDAW will communicate on a regular basis throughout all tasks with project team members and City management team regarding compliance with the schedule and scope of work. EDAW will coordinate the work of the team and provide management liaison between the team and the agencies for communication of issues, transmittal of comments, financial management (e.g., invoices), and other project management matters. We will participate in monthly telephone conference coordination meetings with the City's management team. These meetings will cover coordination needed during the EIR preparation process. In addition, we have budgeted for time associated with attendance at monthly meetings in Modesto.

Task 9 Summary	
Meetings:	Monthly telephone coordination meetings (10)
	Monthly in-person coordination meetings (10)

Task 10: Mitigation Monitoring

EDAW will prepare a draft and final mitigation monitoring (MMP) that is consistent with CEQA §21081.6. EDAW anticipates the MMP will include a listing of all mitigation measures and identification of the individuals or organizations responsible for verifying compliance, the phase (or date) of the permit process when each mitigation measure shall be initially implemented, the frequency and duration of required monitoring (if necessary), and the performance criteria for determining the success of the mitigation measure (if appropriate). The MMP will be provided in tabular format. The MMP will be submitted with the Draft EIR in Task 6.

Task 10 Summary	
Products:	Draft Mitigation Monitoring Plan (5)
	Final Mitigation Monitoring Plan (70)

Task 11: CEQA Findings

EDAW will assist City staff with preparation of draft and final written CEQA findings in a standard format for final City action on the project. Findings will be prepared for each significant impact of the project, describing the disposition of the impact and the status of mitigation.

PROPOSED SCHEDULE

Projects must often be performed within very challenging schedules. EDAW strives to understand the client's objectives, and how the environmental documentation fits with other project components, such as planning, into the overall project schedule. EDAW has demonstrated that it has the ability to meet tight timeframes, often on simultaneous projects.

Scheduling systems at EDAW are designed to allocate resources to meet all client due dates, regardless of their timing or the number of deadlines within a given period. EDAW has successfully completed environmental analyses on numerous complex projects with demanding schedules that required attentive project management, coordination and communication. Project managers are responsible for planning and controlling the schedule for a contract. This includes weekly workload management of technical, graphics, word processing and production staff; long-range staffing projections (3 to 6 months); and timeline scheduling for tasks and milestones. The project manager is also responsible for frequent communication with team subconsultants, sufficiently in advance of project milestone deadlines. Ongoing, effective communication will ensure early issue identification and resolution, as needed, prior to the creation of a schedule conflict.

EDAW's proposed schedule for the Fairview Village Specific Plan EIR is provided below.

Task	Week Completed
Phase 1 Project Initiation and NOP	
Notice to proceed	1
Project initiation	1
Draft project description to City	2
Project description approved by City	3
Prepare NOP (2 wks following project description acceptance)	5
City and applicant review NOP (2 wks. ea.)	9
Final NOP to City for distribution	11
Attend Scoping Meetings	During 30-day NOP period
Phase 2 Draft EIR	
Infrastructure Studies[1] (12 wks to complete; start date varies; see bold)	23
City comments on Infrastructure Studies	26
Administrative Draft EIR to City	36 10 wks after Infra Studies
City comments to EDAW on ADEIR	40
2nd Administrative Draft EIR to City	42
City and applicant comment to EDAW on 2nd ADEIR (2 wks. ea.)	44
3rd Administrative Draft EIR to City	46
City and applicant comment to EDAW on 3rd ADEIR (2 wks. ea.)	58
Screen-check Draft EIR to City	50
City comments to EDAW on Screencheck DEIR	52
Draft EIR released to public, Notice of Availability filed	54
Draft EIR public hearing held	During 45-day public review period

Task	Week Completed
Draft EIR public comment period closes	61
Phase 3 Final EIR	
1st Administrative Final EIR and MMP to City	65
City comments to EDAW on 1st Admin Final EIR and MMP	68
2nd Administrative Final EIR and MMP to City	70
City comments to EDAW on 2nd Admin Final EIR and MMP	72
Screen-check Final EIR and MMP to City	74
City comments to EDAW	76
Public circulation of Final EIR	78
Findings of Fact and statement of overriding considerations prepared	TBD
Final EIR public hearing, EIR certification	TBD
Notice of Determination filed	TBD

1/ The following sections of the EIR cannot be completed until the infrastructure studies are completed and accepted: Water, Wastewater, Surface Hydrology/Water Quality, Traffic, Noise, and Air Quality.
2/ This schedule assumes that the comments received are consistent with the effort outlined in the scope of work

COST ESTIMATE

The follow table provides a breakdown of our estimated cost of performing the services described in this Scope of Services.

The preceding work program is based on EDAW's current understanding of the proposed project. As the project description evolves, adjustments to the work program, cost, and schedule may be warranted.

BUDGET ASSUMPTIONS

Our Scope of Services and its associated cost are based on several key assumptions, including the following:

1. The budget is valid for up to six months from the date of submittal/opening, after which it may be subject to revision.
2. City will develop the mailing list for distribution of the EIR and notices. City will be responsible for newspaper cost of publication of notices, which will be billed directly to City, so they are not included in the proposed budget.
3. Photocopy costs included in the proposal are for the specified number of copies of deliverables and reasonable incidental and in-team photocopying. If additional copies of deliverables are needed, they can be provided with an amendment to the proposed budget.
4. Review cycles for preliminary documents are presented in the scope of work. Additional review cycles or additional versions of administrative drafts are assumed to not be needed.
5. The proposed work addresses CEQA requirements of the proposed action. Work related to NEPA compliance, Section 404 compliance, or other permitting processes is not included (although these can be added, as needed, with a contract amendment). Work concludes at the acceptance by the City of the final deliverable.
6. The budget is based on completion of work within an agreed upon schedule. If substantial delay occurs, an amendment of the budget would be warranted to accommodate additional project management time and other costs. Substantial delay is normally defined as 90 days or more.

7. Costs are included for the number of meetings specified in the scope of work. If additional meetings are needed, they can be included with an amendment of the budget.
8. The extent of public comment on a Draft EIR is not predictable. The proposed budget includes a reasonable, preliminary estimate time to respond to comments. EDAW will consult with the City after the evaluation of the comments to determine if the preliminarily estimated budget is sufficient.
9. Costs have been allocated to tasks to determine the total budget. EDAW may reallocate costs among tasks, as needed, as long as the total budget is not exceeded.
10. Once the proposed project description, baseline, and alternatives are approved by the City for analysis in the draft EIR, it is assumed they will not change thereafter. If changes requiring revisions to analysis or re-writing of EIR information occur, an amendment of the budget would be warranted.
11. The CEQA statutes or guidelines may change during the course of this EIR. If amendments require redoing work already performed or substantially increasing effort, a contract amendment may be warranted.

EDAW INC - FAIRVIEW VILLAGE SPECIFIC PLAN AMENDMENT 4 EIR

)ST ESTIMATE (revised 2/28/07)

IAW TASKS Rate/Hour	PIC $195	Proj. Mgr. $130	Env. Analyst $85	Planner $80	Senior Biologist $130	Biologist $90	Senior Archaeologist $105	Hazards $105	Geo/ Soils $100	Air/Noise Specialist $135	Air/Noise Analyst $105	Graphics $90	Word Processing $80	*Total Hours*	*Total Dollars*

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-494

A RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL AND CONTRACT FOR THE FURNISHING OF JANITORIAL SERVICES FOR THE MODESTO CENTRE PLAZA, TO PACIFIC MAINTENANCE CO., SANTA CLARA, CA, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR A TOTAL ESTIMATED ANNUAL COST OF $77,000

WHEREAS, the Parks, Recreation and Neighborhoods Department and the Joint Powers Agency (JPA) requested janitorial services for the Modesto Centre Plaza (MCP) and 1010 Tenth Street Place, and

WHEREAS, janitorial services consist of daily maintenance for offices, restrooms and lobby areas, and special event clean up at the MCP, and

WHEREAS, on December 6, 2005, Council approved Resolution No. 2005-588, authorizing the Purchasing Manager to issue formal Request for Proposals (RFP) for Janitorial Services for the Parks, Recreation and Neighborhoods Department and JPA, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, and

WHEREAS, in August 2006, the JPA removed itself from the City's RFP process and aligned with Stanislaus County on an RFP the County was preparing, and

WHEREAS, on November 14, 2006, the Purchasing Division issued Request for Proposal No. 0607-22 for the furnishing of Janitorial Services for the MCP to thirty-two (32) prospective proposers, twelve (12) of which were local companies, posted the proposal on the City's web site, and formally advertised as required by law, and

WHEREAS, on January 9, 2007, RFP's were formally opened in the City Clerk's office. Of the thirty-two (32) prospective proposers, six (6) companies choose to respond, two (2) of which were local companies, and

WHEREAS, on May 15, 2007, the City received a letter from one of the prospective proposers withdrawing their proposal submittal from the RFP process, and

WHEREAS, on May 21, 2007, proposer interviews here held, and

The following companies were in attendance:

- A&N Cleaning, Modesto, CA
- ABM Janitorial Services, Modesto, CA
- Clean Innovation Corporation, Santa Clara, CA
- Pacific Maintenance Company, Santa Clara, CA
- Universal Building Services, Richmond, CA, and

WHEREAS, based on being ranked highest in total evaluation criteria, the evaluation committee recommends the award of proposal and contract to Pacific Maintenance Co., Santa Clara, CA, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost of $77,000, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of proposal and contract for the furnishing of janitorial services for the MCP, conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of proposal and contract for the furnishing of Janitorial Services for the MCP, to Pacific Maintenance Co., Santa Clara, CA, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $77,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-495

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO SOLICIT BIDS FOR NEW VEHICLES AND HEAVY EQUIPMENT THROUGHOUT FY 07/08 THROUGH VARIOUS COMPETITIVE PROCESSES AND IN A CUMULATIVE AMOUNT NOT TO EXCEED THE BUDGETED AMOUNT OF $3,286,250, AND AUTHORIZING THE PURCHASING MANAGER TO PURCHASE SIXTEEN (16) USED VEHICLES AT WHOLESALE AUCTION, THROUGH CAR RENTAL AGENCIES' RENTAL RETURNS OR THROUGH OTHER COMPETITIVE PROCESSES FOR AN ESTIMATED TOTAL BUDGETED AMOUNT OF $264,000.

WHEREAS, the City has an ongoing need to purchase vehicles and heavy equipment throughout the year, and

WHEREAS, the expenditures for vehicles and heavy equipment have been approved by Council through the budget process, and

WHEREAS, the vehicles and heavy equipment are purchased by means of formal and informal bid processes, auction, negotiation, and by "piggybacking" off State contracts and other agencies' competitively bid contracts, and

WHEREAS, in past years Council has authorized the Purchasing Manager to solicit bids and go to auction for said vehicles and heavy equipment without having to go before the Finance Committee and the Council for authorization to issue bids, and

WHEREAS, each vehicle and/or heavy equipment staff report that goes through this process takes approximately 90-120 days to complete and on average accounts for approximately fifteen (15) hours of staff time to process, and

WHEREAS, by authorizing the Purchasing Manager to purchase budgeted vehicles and heavy equipment for the entire fiscal year without returning to Council for subsequent approval for the solicitation of bids, the following benefits are realized:

- Reduces staff time when preparing for and conducting the bidding process,
- Avoids the possibility of missing manufacturer cut-off ordering dates,
- Improves delivery time of new vehicles allowing them to be put into service sooner,
- Improves reaction time as "good deals " become available, and

WHEREAS, by authorizing the Purchasing Manager or his designee to solicit bids and attend auctions to purchase vehicles and equipment for the entire fiscal year without having to go before Council for bid/purchasing approval the City will save substantial staff and processing time, and

WHEREAS, the request for authorization to award bid and contract for new vehicles and equipment will still come before Council and conform to Modesto Municipal Code (MMC) Section 8-3.203(a), and

WHEREAS, the Purchasing Division will continue to work at increasing local vendor inclusion in the bidding process, and

WHEREAS, upon approval by Council the Purchasing Manager will solicit bids for new vehicles and heavy equipment throughout FY 07/08 through various competitive processes and in a cumulative amount not to exceed the budgeted amount of $3,286,250, and

WHEREAS, upon approval by Council the Purchasing Manager, or his designee, will purchase sixteen (16) used vehicles at auction, through car rental agencies' rental returns or through various competitive processes for an estimated total budgeted amount of $264,000,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Purchasing Manager is hereby authorized to solicit bids for new vehicles and equipment throughout FY 07/08 through various competitive processes and in a cumulative amount not to exceed the budgeted amount of $3,286,250, returning to Council for authorization to award said new vehicles and equipment.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to purchase sixteen (16) used vehicles at auction, through car rental agencies' rental returns or through various competitive processes without returning to Council for authorization to award said used vehicles and in a cumulative amount not to exceed the budgeted amount of $264,000.

The foregoing resolution was introduced at a meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-496

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE OF ROCK, SAND AND GRAVEL FOR THE FINANCE DEPARTMENT, CENTRAL STORES DIVISION, TO TWO COMPANIES: 1) CENTRAL VALLEY CONCRETE, INC., MERCED, CA., AND 2) DJ ROCHA TRUCKING, INC., HILMAR, CA., FOR A ONE-YEAR AGREEMENT WITH A ONE-YEAR EXTENSION OPTION, AT THE SOLE DISCRETION OF THE CITY, FOR AN ESTIMATED ANNUAL COST OF $261,442, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE PURCHASE AGREEMENTS TO THE TWO COMPANIES.

WHEREAS, the Finance Department, Central Stores Division inventories rock, sand and gravel for use by the Public Works Department, and

WHEREAS, the rock, sand and gravel is used for rock well drainage, sand for parks, street maintenance operations, and wastewater pond erosion control, and

WHEREAS, Central Stores will purchase the required rock, sand and gravel from account 7110-120-8311-0439 and the Public Works Department will then purchase the rock, sand and gravel from Central Stores, with charges being made to appropriate accounts, and

WHEREAS, on April 24, 2007, Council approved Resolution No. 2007-221 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of rock, sand and gravel, for the Finance Department, Central Stores Division, and

WHEREAS, on May 15, 2007, the Purchasing Division issued Request for Bid No. 0607-48 for the purchase of rock, sand and gravel to twenty-nine (29) prospective bidders, four (4) of which were local companies, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, on May 22, 2007, a bidders conference was held, and

WHEREAS, six (6) companies were in attendance, and

WHEREAS, on June 12, 2007, RFB's were formally opened in the City Clerk's office, and

WHEREAS, of the twenty-nine (29) prospective bidders, nine (9) companies chose to respond, and

WHEREAS, two (2) companies submitted only one (1) original bid document, and

WHEREAS, RFB language requires bidders to submit two (2) original and three (3) copies, failure to furnish two (2) "inked" signed original bid documents shall result in disqualification, and

WHEREAS, both companies bid submittals were disqualified due to being non-responsive and received on further consideration, and

WHEREAS, RFB specification 3.1 Required Documents, states:

- Failure to furnish the two (2) "inked" signed originals bid documents will result in disqualification.
- Failure to furnish the required documents may result in disqualification.

WHEREAS, based on being deemed the lowest responsive and responsible bids, City staff recommends the award of bid and contracts for the purchase of rock, sand and gravel for the Finance Department, Central Stores Division, to two companies: 1) Central Valley Concrete, Inc., Merced, CA., and 2) DJ Rocha Trucking, Inc., Hilmar, CA., for a one-year agreement, with a one-year extension option, at the sole discretion of the City, for an estimated annual cost of $261,442, and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services be formally bid. The award of bid and contracts for the purchase of rock, sand and gravel conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contracts for the purchase of rock, sand and gravel for the Finance Department, Central Stores Division, to two (2) companies: 1) Central Valley Concrete, Inc., Merced, CA., and 2) DJ Rocha Trucking, Inc., Hilmar, CA., for one-year agreement with a one-year extension options, at the sole discretion of the City, for an estimated annual cost of $261,442.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue purchase agreements for the purchase of rock, sand and gravel to two (2) companies: 1) Central Valley Concrete, Inc., Merced, CA., and 2) DJ Rocha Trucking, Inc., Hilmar, CA., for a one-year agreement, with one-year extension option, at the sole discretion of the City, for an estimated annual cost of $261,442.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-497

A RESOLUTION APPROVING AN AGREEMENT WITH STANISLAUS COUNTY OFFICE OF EDUCATION IN THE AMOUNT OF $50,293 FOR THE PROVISION OF ONE HALF OF A MODESTO POLICE OFFICER'S/SCHOOL RESOURCE OFFICER'S (SRO) SALARY AND BENEFITS AT PETERSEN ALTERNATIVE CENTER FOR EDUCATION (P.A.C.E.) CAMPUS TO PROVIDE DIRECT LAW ENFORCEMENT SERVICES, EXPERTISE AND TRAINING, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Stanislaus County Office of Education requires one Modesto Police Officer to provide direct law enforcement services, expertise and training and act as a School Police Officer at Petersen Alternative Center for Education (P.A.C.E.) campus, and

WHEREAS, the Modesto Police Department can provide a specially trained, uniformed police officer and take any enforcement action at the school site, if warranted, and

WHEREAS, the officer's presence with the students provides mentoring and protection of youth in our community, and

WHEREAS, the term of this agreement is August 22, 2007 to June 6, 2008, and

WHEREAS, the City shall be compensated by the Stanislaus Office of Education in the amount of $50,293 for the services of this Modesto Police Officer, and

WHEREAS, the City will match the amount of $50,293 in partnership with the Stanislaus County Office of Education,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement between the City of Modesto and the Stanislaus County Office of Education in the amount of $50,293 for the provision of one-half of a

Modesto Police Officer/School Resource Officer salary and benefits to provide direct law enforcement service, expertise and training.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-498

A RESOLUTION APPROVING THE CONCEPTUAL SUPPORT OF THE FIGHT CRIME: INVEST IN KIDS *CALIFORNIA* AUTHORIZING THE MODESTO POLICE CHIEF TO SIGN A LETTER OF SUPPORT TO THE STATE POLICYMAKERS TO SUPPORT CRIME-PREVENTION INVESTMENTS

WHEREAS, in the coming year, FIGHT CRIME; INVEST IN KIDS *California*, has an opportunity to make a big difference in the battle against crime by helping support increased investments in crime-prevention programs or preserve existing state funding, and

WHEREAS, the Modesto Police Department, supports this legislation, and

WHEREAS, this legislation takes steps to prevent kids from ever becoming involved in crime—such as providing quality preschool, child care, and after-school programs; interventions for troubled youth; and child abuse and neglect prevention, and

WHEREAS, this legislation would support programs such as the Modesto Police Department's Police Activities League (PAL) and after-school programs,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a support letter to State Policymakers on FIGHT CRIME: INVEST IN KIDS *California,*

BE IT FURTHER RESOLVED that the Modesto Ppolice Chief is hereby authorized to sign a letter of support to the State Policymakers to support crime-prevention investments.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-501

A RESOLUTION APPROVING A SUBTRUNK SEWER REIMBURSEMENT AGREEMENT BETWEEN THE CITY OF MODESTO AND KAISER FOUNDATION HOSPITALS, IN AN AMOUNT NOT TO EXCEED $168,829.54, RELATED TO THE INSTALLATION OF 2380 LINEAR FEET OF A 27" SEWER SUBTRUNK LINE IN HEALTHCARE WAY AND DALE ROAD, AND 651 LINEAR FEET OF 30" SEWER SUBTRUNK IN DALE ROAD, WHICH ARE OVERSIZED TO SERVE A LARGER PORTION OF THE KIERNAN BUSINESS PARK SPECIFIC PLAN, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, KAISER FOUNDATION HOSPITALS (Developer) is in the process of developing a new hospital facility located at the southwest corner of Dale Road and Bangs Road, commonly known as Kaiser Modesto Hospital (Improvements), and

WHEREAS, in connection with the development of said Improvements, Developer is required to install 2380 linear feet of 27" and 651 linear feet of 30" Sewer Subtrunk Lines and appurtenances thereto, located at the southwest corner of Dale Road and Bangs Road, and

WHEREAS, the Improvements are designed to serve a large portion of the Kiernan Business Park Specific Plan, and

WHEREAS, the Improvements will serve other properties in addition to this development and,

WHEREAS, the other properties have or will pay fees to the City to assist in paying the cost of constructing the Improvements and the owners of said other properties have not participated in constructing the Improvements, and

WHEREAS, Modesto Municipal Code Section 4-4.802.1 authorizes the City to enter into an Agreement with the Developer for reimbursement of costs of improvements, and

WHEREAS, Developer has requested, and City has agreed, that Developer be reimbursed for the actual costs, in the amount of $168,829.54, required to construct the Improvements, and

WHEREAS, City has inspected the construction of the Improvements and has accepted the Improvements as part of City's public sewer system,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Subtrunk Sewer Reimbursement Agreement between the CITY OF MODESTO and Kaiser Foundation Hospitals, in an amount not to exceed $168,829.54, related to the installation of 2380 linear feet of 27" and 651 feet of 30" Sewer Subtrunk Lines.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-503

A RESOLUTION APPROVING A NEW FIFTEEN-YEAR AIRPORT LEASE AGREEMENT BETWEEN THE CITY OF MODESTO AND MODESTO FLIGHT CENTER, INC. AND RICHARD CORBETT, INDIVIDUALLY (MFC, INC.), FOR USE OF SPECIFIC AIRPORT PROPERTY TO CONTINUE A BUSINESS PROVIDING FLIGHT INSTRUCTION, AIRCRAFT MAINTENANCE, PILOT SUPPLIES, AIRCRAFT RENTAL AND OTHER SERVICES, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, Modesto Flight Center (MFC) has leased multiple properties at Modesto City County Airport since 1994 for the operation of a business providing flight instruction, aircraft maintenance, pilot supplies, aircraft rental, and other related services, and

WHEREAS, MFC owners recently sold their business to Modesto Flight Center, Inc. and Richard Corbett Individually (MFC, Inc.), and

WHEREAS, MFC, Inc. wishes to lease all of the airport premises previously leased to MFC for continued operation of a business providing flight instruction, aircraft maintenance, pilot supplies, aircraft rental and other related services, and

WHEREAS, the leased premises consist of the following:

(a) Office Building No. 1
(b) Hangar No. 5
(c) A portion of the former Airport Administration Building
(d) Aircraft tie-down spaces in a number and location as needed, agreed in concurrence with Airport Manager

, and

WHEREAS, the Airport, General Aviation tenants and the local economy benefit from the continuation of such business operations as were provided by MFC, and

WHEREAS, the lease agreement is expected to continue revenues of approximately $36,000 a year to the Airport Enterprise Fund Revenue Account No. 6310-440-5412-4413, and

WHEREAS, the City's policy as stated in Modesto Municipal Code Section 7-3.417 is to enter into lease agreements at Modesto City-County Airport.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a new fifteen-year Airport Lease Agreement between the City of Modesto and Modesto Flight Center, Inc. and Richard Corbett, Individually (MFC, Inc.), for the use of specific airport property to continue a business providing flight instruction, aircraft maintenance, pilot supplies, aircraft rental, and other services.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Airport Lease Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmember:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-504

A RESOLUTION APPROVING AN AGREEMENT BETWEEN THE CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2) AND RBF CONSULTING IN AN AMOUNT NOT-TO-EXCEED $285,469 FOR THE DESIGN OF ROSELLE AVENUE BETWEEN SYLVAN AVENUE AND FLOYD AVENUE, AND AUTHORIZING THE COMMUNITY FACILITIES DISTRICT ADMINISTRATOR, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Village One Facilities Master Plan contains a project prioritization list, and

WHEREAS, the widening of Roselle Avenue between Sylvan Avenue and Floyd Avenue is designated as a Priority 3 project and sufficient funding is available for its design in the Village One #2 CFD No. 2004-1, and

WHEREAS, this project will include the widening of Roselle Avenue to a 4-lane arterial between Sylvan Avenue and Floyd Avenue and will include curb, gutter and sidewalk, landscaped median and landscaped parkway strips, and

WHEREAS, the project will also include the construction of two, 2-lane roundabouts at the intersection of Roselle Avenue and Hillglen Avenue and at the intersection of Roselle Avenue and Kodiak Drive, and

WHEREAS, the selection for engineering design services followed the City's selection procedures for professional consultants as outlined in Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, and

WHEREAS, City staff sent a Request for Qualifications for engineering design services to civil engineering firms that had previously indicated an interest in providing design services to the City, and

WHEREAS, eight consulting firms were asked to provide a proposal on various projects and were interviewed by City staff, and

WHEREAS, RBF Consulting was considered to be the most qualified for the Roselle Avenue between Sylvan Avenue and Floyd Avenue design project, and

WHEREAS, City staff recommends that an Agreement with the consulting firm of RBF Consulting be approved to perform the design services as current workload levels do not provide for timely in-house design, and

WHEREAS, City desires to enter into an Agreement with RBF Consulting in an amount not-to-exceed $285,469 for the design of Roselle Avenue between Sylvan Avenue and Floyd Avenue, and

WHEREAS, RBF Consulting will be paid on a time and materials basis for actual hours required performing individual tasks at a set rate,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement between the City of Modesto Community Facilities District No. 2004-1 (Village One #2) and RBF Consulting in an amount not-to-exceed $285,469 for the design of Roselle Avenue between Sylvan Avenue and Floyd Avenue.

BE IT FURTHER RESOLVED that the Community Facilities District Administrator, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-505

A RESOLUTION AMENDING RESOLUTION NO. 2004-167 TITLED "A RESOLUTION ADOPTING POLICIES AND PROCEDURES AND ESTABLISHING FEES FOR THE PARKS, RECREATION AND NEIGHBORHOODS DEPARTMENT FACILITIES AND SERVICES AND RESCINDING RESOLUTION NO 98-237" TO ESTABLISH A NEW WEEKDAY NON-PROFIT RENTAL RATE OF $1 PER HOUR FOR SENIOR CITIZEN BASED ORGANIZATIONS THAT ACHIEVE CO-SPONSORSHIP STATUS AT THE MODESTO SENIOR CITIZENS CENTER AND TO LIMIT THE NON-PROFIT RATE FOR OTHER QUALIFIED USERS TO WEEKDAYS ONLY.

THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2021-245

WHEREAS, on October 10, 1977, Modesto Senior Citizens, Inc. (MSCI), a non-profit group comprised of senior citizens, entered into an agreement with the City of Modesto to pay $100,000 towards the cost of expansion and remodeling of the Modesto Senior Citizens Center, located at 211 Bodem Street, and

WHEREAS, throughout the 30-year agreement, there have been changes in city staff assigned to work at the Modesto Senior Citizens Center, leadership of the non-profit organization, and membership of the MSCI, and

WHEREAS, in 1977, the Modesto Senior Citizens, Inc. was a large and active organization with over 2,000 members and a healthy fund reserve and currently, there are approximately 400 MSCI members, and the organization has not only decreased in membership numbers, but also in the size of its budget and funds in reserve, and

WHEREAS, in addition to the MSCI, there are several other senior citizen based organizations that have approached the City of Modesto regarding the current rental rates at the Modesto Senior Citizens Center, and

WHEREAS, many of these organizations are finding it difficult to pay the full non-profit rental rate in addition to their other expenses, and

WHEREAS, staff from the Parks, Recreation and Neighborhoods Department (PRND) is proposing a new weekday "non-profit senior citizen rate" of $1.00 per hour for senior citizen based organizations that achieve co-sponsorship status and utilize the Modesto Senior Citizens Center on a regular basis which would apply anytime during weekdays (Monday to Friday), and

WHEREAS, staff is recommending that the non-profit rental rate of one-half the regular rental rate ($242.50 for the first 4 hours and $14 each additional hour) be valid for other non-profit use Monday through Friday only, and

WHEREAS, because of the huge demand by the community for banquet/reception type events, such as weddings/wedding receptions, and other special events, staff proposes that all organizations/users using the Modesto Senior Citizens Center during the weekends pay the regular rental rate that became effective July 1, 2007, of $485 for a 4-hour period and $28 for each additional hour, and

WHEREAS, on June 21, 2007, at a meeting between City staff and the Board of Directors from MCSI there was general consensus from the MCSI Board of Directors regarding the City's proposal on the new rentals rates, and

WHEREAS, the Safety and Communities Committee (S&C) met on July 2, 2007, and supported staff's recommendation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Resolution No. 2004-167 "A Resolution adopting policies and procedures and establishing fees for the Parks, recreation and Neighborhoods Department facilities and services and Rescinding Resolution No 98-237" is hereby amended to establish a new weekday non-profit rental rate of $1 per hour for senior citizen based organizations that achieve co-sponsorship status at the

Modesto Senior Citizens Center and to limit the non-profit rate for other qualified users to weekdays only.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Olsen, who moved its adoption, which motion being duly seconded by Councilmember Keating was upon roll call carried and the resolution adopted by the following vote:

RESCINDED

DEC - 4 2007

THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2007-729

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-506

A RESOLUTION APPROVING ADJUSTMENTS TO THE MAXIMUM RATE SCHEDULE FOR CITY RESIDENTIAL, COMMERCIAL, AND INDUSTRIAL SOLID WASTE COLLECTION SERVICES, AND RESCINDING RESOLUTION NO. 2007-173

WHEREAS, with the adoption of Ordinance No. 3068-C.S. in November of 1997, the City no longer sets rates for the collection of garbage in Modesto, and instead performs a comprehensive review of cost information submitted by the contract garbage haulers, and

WHEREAS, the City sets a maximum rate that the haulers may charge for the various types of services provided under the contracts based on cost data provided by the lowest cost hauler, and

WHEREAS, Section f (2) of the City's Service Agreements with its solid waste collectors requires that when the City makes adjustments to the collection services provided under the Agreements, any additional costs should be covered by adjustments to the maximum rates, and

WHEREAS, in addition, maximum rates for solid waste collection services are reviewed annually as requested by the City's garbage collection companies, and

WHEREAS, the City conducted an analysis using the audited financial statements provided by the garbage haulers, supplemental data provided by the garbage haulers, and fuel price information and forecast prices developed by the United States Department of Energy, and

WHEREAS, new maximum rates were calculated, and a recommendation for a new maximum rate schedule was developed, which included a recommendation that quarterly adjustments to the fuel component of the maximum rates be made, and

WHEREAS, the Solid Waste Advisory Committee met on July 26, 2007, and supported the recommendation to approve adjustments to the maximum rate schedule for City

residential, commercial and industrial solid waste collection services, including the recommendation for quarterly fuel adjustments to the maximum rates, and

WHEREAS, a report dated July 26, 2007, from the Parks, Recreation and Neighborhoods Department, a copy of which is on file in the office of the City Clerk, sets forth said recommendations, and

WHEREAS, said matter was set for a public hearing of the City Council to be held at 5:30 p.m. on August 14, 2007, in the Tenth Street Place Chambers, located at 1010 Tenth Street, Modesto California, at which date and time a duly noticed public hearing was held at said time and place, at which time evidence, both oral and documentary, was received and considered, and

WHEREAS, it was found and determined by the Council of the City of Modesto that the existing schedules of rates and charges for garbage service in the City of Modesto should be revised as recommended, and that quarterly adjustments to the fuel component of the maximum rates should be made, and

WHEREAS, staff has adjusted the fuel component of the maximum rates and has incorporated the fuel component adjustment into the schedule of Maximum Charges for Garbage Service attached hereto, marked **Exhibit "1"** and incorporated herein by reference.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Maximum Charges for Garbage Service as attached hereto, marked Exhibit "1" and incorporated herein by reference. Said Maximum Charges for Garbage Service includes twice-a-year bulky item pickup for residential customers and all other residential services as stipulated in the Service Agreements and shall become effective retroactive to August 1, 2007, and shall remain in effect until revised by Council.

BE IT FURTHER RESOLVED that any person who has prepaid garbage service charges for residential garbage service shall be entitled to receive garbage service for the balance of said prepaid period at the prepaid rates.

BE IT FURTHER RESOLVED that Resolution No. 2007-173 is hereby rescinded, effective retroactive to August 1, 2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, Olsen, Mayor Ridenour

MAXIMUM CHARGES FOR GARBAGE SERVICE

STANDARD CONTAINERS

Maximum Monthly Rates
(Once a Week Pickup Service)

Standard container service shall include the following:

- One, 96-gallon container for garbage/recyclables
- One, 96-gallon container for green waste
- Blue bag recycling
- Countertop container for kitchen scraps
- Drop-off of old TV and computer tubes
- Two bulky item collections per year by appointment

Standard container service customers may opt for smaller containers; however, maximum rates apply. Containers must be placed in a location set forth in Section 5-5.11 of the Municipal Code.

1. **Standard container service** –

   a. The maximum rate for new sign ups for service or changes in service that occur after July 1, 1996, shall be **$19.82 per month** regardless of size of container. **A fuel component of $0.96 per month is included in the maximum rate for the quarter beginning July 1, 2007 and ending September 30, 2007**. The fuel component may be adjusted quarterly.

   b. The maximum rate for each additional garbage container shall be **$14.76 per month**.

2. **60-gallon container service (grandfathered customers)** –

   a. The maximum rate for customers with 60-gallon containers who subscribed to service at an address prior to July 1, 1996 and who have not changed their service address shall be **$16.75 per month**. **A fuel component of $0.96 per month is included in the maximum rate for the quarter beginning July 1, 2007 and ending September 30, 2007.** The fuel component may be adjusted quarterly.

   b. The maximum rate for each additional garbage container shall be **$14.76 per month.**

3. **Fuel Component adjustments** - The fuel component shall be analyzed quarterly and adjustments shall be made as necessary. The adjustment shall be based on the average price of fuel for a preceding quarter as follows: July 1/January-March; October 1/April-June; January 1/July-September; April 1/October-December. Average prices shall be determined based on published prices for California from the Department of Energy, Energy Information Agency.

DETACHABLE CONTAINERS*

Maximum Monthly Rates
Number of Collections Per Week

Container Size	NUMBER OF COLLECTIONS PER WEEK					
	1	2	3	4	5	6
1 CY	$ 34.77	$ 59.05	$ 83.30	$ 107.57	$ 131.84	$ 156.11
2 CY	$ 59.05	$ 107.57	$ 156.11	$ 204.64	$ 253.16	$ 301.69
3 CY	$ 83.30	$ 156.11	$ 228.90	$ 301.69	$ 374.50	$ 447.29
4 CY	$ 107.57	$ 204.64	$ 301.69	$ 398.76	$ 495.82	$ 592.89
5 CY	$ 131.84	$ 253.16	$ 374.50	$ 495.82	$ 620.16	$ 738.48
6 CY	$ 156.11	$ 301.69	$ 447.29	$ 592.89	$ 738.48	$ 884.08

* A detachable container rental rate of $10.00 per month is included in the above schedule.

1. **Weekly rental/Detachable Containers** - Shall not exceed the rate for 1 pickup per week for each size container.

2. **Fuel Component** - A fuel component of $0.20 per cubic yard ($0.86) per month for a 1 cubic yard container collected once a week) is included in the maximum rate for the quarter beginning July 1, 2007 and ending September 30, 2007. The fuel component shall be analyzed quarterly and adjustments shall be made as necessary. The adjustment shall be based on the average price of fuel for a preceding quarter as follows: July 1/January-March; October/April-June; January 1/July-September; April 1/October-December. Average prices shall be determined based on published prices for California from the Department of Energy.

DROP BOX CONTAINERS

1. **Pick up charge** - $205.95 per pick up
2. **Rental**
   - $0.85 per day up to 7 day maximum rental
   - $3.00 per day for boxes kept 7 or more days without servicing
   - $10.00 per day for boxes kept 21 or more days without servicing
3. **Disposal charge** - Actual charge to be paid by customer. Garbage company will provide up to 40 CY Drop Box containers for above stated charges subject only to load limit of transfer vehicle.

COMPACTORS
Maximum Monthly Rates

Front Loader Type:

Compactor Size	NUMBER OF COLLECTIONS PER WEEK					
	1	2	3	4	5	6

3 CY	$152.12	$304.24	$456.36	$608.48	$760.60	$912.72
4 CY	$201.72	$403.44	$605.16	$806.88	$1008.60	$1210.32
6CY	$304.24	$608.48	$912.22	$1216.96	$1521.20	$1825.44

Roll-Off Type:

1. **6 CY to 40 CY** $205.95 per pickup
2. **Medical waste compactors** $265.00 per pickup
3. **Washing compactor** $30.00
4. **Disposal Charge:** Actual charge to be paid by customer

EXTRA PICKUPS

1. **Standard containers or equivalent** $3.50 plus $1.38/container
2. **Detachable containers** $12.00 plus $2.75/cubic yard

SPECIAL SERVICE CONDITIONS

In situations where none of the above maximum rates reasonably apply, the cost of service is to be negotiated between the garbage company and the customer.

DETACHABLE CONTAINER ONLY REPLACEMENT AND CLEANING SERVICE

1 CY	1½ CY	2 CY	3 CY	4 CY	5 CY	6 CY
$10.12	$11.00	$12.10	$15.40	$20.24	$25.08	$29.92

NOTATIONS

1. The above maximum rates include a $0.25 per month per household recycling fee, a $0.05 per cubic yard commercial recycling fee, and a $0.25 per ton industrial recycling fee, payable to the City by the garbage company.
2. Pursuant to Section 11-6.16(c)(2) of the Modesto Municipal Code, the garbage company may require a deposit equivalent to two (2) months service charge from customers prior to beginning service.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-507

A RESOLUTION APPROVING THE MODESTO FIRE DEPARTMENT'S 2008-2012 STRATEGIC PLAN.

WHEREAS, the goal of the Strategic Plan is to clearly identify the mission, the operational system, and the future goals of the Modesto Fire, and

WHEREAS, the Strategic Plan is a culmination of a variety of planning processes, which have taken place over the past eighteen (18) years, and

WHEREAS, many pieces of the Strategic Plan have been adopted in other planning documents by the City Council and are recognized as industry "best practices", and

WHEREAS, the Strategic Plan addresses Fire Department expansion, in an attempt to keep pace with growth in the community and maintain the high service level established by the City Council, and

WHEREAS, in 2006, the Modesto Fire Department embarked on the International Accreditation project through the Center for Public Safety Excellence, and

WHEREAS, a Strategic Plan is an essential element of the fire accreditation project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Modesto Fire Department's 2008-2012 Strategic Plan.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-512

A RESOLUTION AMENDING THE FISCAL YEAR 2007-08 OPERATING BUDGET TO ALLOCATE $50,000 FROM 0100-800-8000-8003, THE GENERAL FUND RESERVE, TO 0100-300-3001-0255 ($45,000), ADMINISTRATION SERVICE CREDITS, AND 0100-300-3001-0315 ($5,000), ADMINISTRATION VOCATIONAL AND RECREATIONAL SUPPLIES, FOR MOBILE HOME ORDINANCE GUIDELINES AND PROCEDURES.

WHEREAS, over the past several months, the City Council Finance Committee and the City Council have been studying issues regarding rent stabilization as it applies to the mobile home parks located in Modesto, and

WHEREAS, on August 14, 2007, by motion, the Modesto City Council took actions to accept the market study report on mobile homes in Modesto and the Council also introduced a Mobile Home Rent Stabilization Ordinance, and

WHEREAS, at the same meeting, staff from the Parks, Recreation and Neighborhoods Department requested an allocation in the amount of $50,000 from the general fund reserve in order to begin work on ordinance guidelines, policies, procedures, forms and monitoring for the mobile home rent stabilization ordinance and any long term lease items on this subject that may require assistance from staff; however, no formal action was taken on this request, and

WHEREAS, any staff involvement in the rent stabilization ordinance is not eligible for funding through Housing and Urban Development (HUD) monies, and

WHEREAS, since the long-term work load is currently unknown, staff requests a $50,000 general fund reserve allocation in order to begin work on ordinance guidelines, policies, procedures, forms and monitoring, and

WHEREAS, in order to avoid co-mingling of General Fund monies with Federal entitlement funds, staff is recommending that this funding be allocated to the

Administration organization of the parks, Recreation and Neighborhoods Department to be paid to HUD-funded staff through service credits,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby amends the Fiscal Year 2007-08 operating budget to allocate $50,000 from 0100-800-8000-8003, the General Fund Reserve, to 0100-300-3001-0255 ($45,000), Administration Service Credits, and 0100-300-3001-0315 ($5,000), Administration Vocational and Recreational Supplies, for Mobile Home Ordinance Guidelines and Procedures.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of September, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Mayor Ridenour
NOES:	Councilmembers:	Olsen

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-513

A RESOLUTION APPROVING AN AMENDMENT TO THE STANDARD AGREEMENT FOR CONSULTANT SERVICES WITH PRECISION INSPECTION COMPANY, INC. FOR ADDITIONAL PLAN CHECK SERVICES AND BUILDING PERMIT INSPECTIONS, IN AMOUNT NOT TO EXCEED $50,000, FOR A TOTAL CONTRACT AMOUNT NOT TO EXCEED $200,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE ADMENDMENT TO THE AGREEMENT.

WHEREAS, the volume of plan checks and building inspections has continued to grow over the last several years, and

WHEREAS, staffing shortages exist in the plan review area, and

WHEREAS, the target time set for plan review is 10 working days for tenant improvement plans and residential plans and 15 working days for commercial plans, and

WHEREAS, the City had sent commercial plans to Harris & Associates for plan review, and

WHEREAS, the increase in the plan review workload could not be absorbed by Harris & Associates and meet the target time for plan reviews, and

WHEREAS, by Resolution No. 2006-016, the City entered into an Agreement with Precision Inspection Company, Inc. on January 10, 2006 in the amount of $75,000, to assist in conducting plan check services and building permit inspections, and

WHEREAS, said Agreement includes a provision for building inspectors as may be required, and

WHEREAS, by Resolution No. 2006-240, the original agreement was amended on April 25, 2006, to accommodate the needs of the Parks, Recreation and Neighborhoods Department, and

WHEREAS, the original agreement with the Community and Economic Development Department in the amount of $75,000 had been reached, and

WHEREAS, on December 12, 2006, by Resolution No. 2006-765, the Community & Economic Development Department entered into a new agreement with Precision Inspection Company, Inc in an amount not to exceed $150,000 in order to satisfy on-going needs, and to avoid convoluting the Amendment to the original agreement for services provided to the Parks, Recreation and Neighborhoods Department, and

WHEREAS, the remaining balance on that agreement is $50,589, and

WHEREAS, in order to satisfy the on-going needs, the Community and Economic Development Department desires to extend Consultant's contract for future services for an additional amount not to exceed $50,000, for a total contract amount not to exceed $200,000,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Amendment to the Standard Agreement for Consultant Services with Precision Inspection Company, Inc. for additional plan check services and in conducting building permit inspections in an amount not to exceed $50,000, for a total contract amount not to exceed $200,000.

BE IT FURTHER RESOLVED by the Council that the City Manager, or his designee, is hereby authorized to execute said Amendment to the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of September 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None

A RESOLUTION AUTHORIZING THE COMMUNITY & ECONOMIC DEVELOPMENT DEPARTMENT TO SOLICIT REQUEST FOR PROPOSALS FOR PROFESSIONAL ASSISTANCE FOR PLAN CHECK SERVICES FOR A THREE-YEAR PROFESSIONAL SERVICES AGREEMENT, WITH OPTIONS FOR TWO (2), ONE-YEAR RENEWALS, NOT TO EXCEED $100,000 EACH YEAR.

WHEREAS, the volume of plan checks and building inspections has continued to grow over the last several years, and

WHEREAS, staffing shortages exist in the plan review area, and

WHEREAS, the target time set for plan review is 10 working days for tenant improvement plans and residential plans and 15 working days for commercial plans, and

WHEREAS, the City had sent commercial plans to Harris & Associates for plan review, and

WHEREAS, the increase in the plan review workload could not be absorbed by Harris & Associates and the target time for plan reviews could not be met, and

WHEREAS, by Resolution No. 2006-016, the City entered into an Agreement with Precision Inspection Company, Inc. on January 10, 2006 in the amount of $75,000, to assist in conducting plan check services and building permit inspections, and

WHEREAS, said Agreement includes a provision for building inspectors as may be required, and

WHEREAS, by Resolution No. 2006-240, the original agreement was amended on April 25, 2006, to accommodate the needs of the Parks, Recreation and Neighborhoods Department, and

WHEREAS, the original agreement with the Community and Economic Development Department in the amount of $75,000 has been reached, and

WHEREAS, by Resolution No. 2006-765, a new agreement with Precision Inspection, Inc. was entered into on December 12, 2006, in an amount not to exceed $150,000 in order to satisfy on-going needs, and

WHEREAS, the volume of plan review workload could not be absorbed by Precision Inspection, Inc. and the target time for plan reviews could not be met, and

WHEREAS, professional services are essential for the Building & Development Services Division to meet the performance measures established for tenant improvement plan checks, commercial plan checks and residential plan checks,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Community & Economic Development Department to solicit proposals for professional assistance for plan check services for a period of three years, not to exceed $100,000 each year.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes an option for two (2), one-year renewals, not to exceed $100,000 each year.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-515

A RESOLUTION APPROVING A CFF RIGHT OF WAY REIMBURSEMENT AGREEMENT BETWEEN THE CITY OF MODESTO AND MODESTO MABLE, LLC, A LIMITED LIABILITY COMPANY, WITH A MAXIMUM REIMBURSEMENT AMOUNT OF $433,862.00 FOR RIGHT OF WAY FOR THE FUTURE PELANDALE/CLARATINA EXPRESSWAY AND RIGHT OF WAY LOCATED ON OAKDALE ROAD NORTH OF MABEL AVENUE, AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT, FINDING THAT THE AGREEMENT IS WITHIN THE SCOPE OF THE GENERAL PLAN MASTER EIR (SCH NO. 1999082041) AND THE NORTH BEYER PARK SPECIFIC PLAN MND (SCH NO. 9610253), AND RESCINDING RESOLUTION NO. 2007-319 .

WHEREAS, the City of Modesto's General Plan calls for Pelandale Avenue/Claratina Road to be constructed as a Class A expressway, and

WHEREAS, the future Claratina Road will be developed as an expressway and additional right of way is necessary for the future realignment of Claratina Road, and

WHEREAS, Modesto Mable, LLC, a Limited Liability Company, ("Developer") has a legal interest in a certain tract of land located at the northwest corner of Oakdale Road and Mable Avenue in North Beyer Park Specific Plan area of the City of Modesto, commonly known as the Rose Villas Subdivision ("Subdivision"), and

WHEREAS, as a condition of approval of the Subdivision, the Developer is required to dedicate 73,979 square feet of right of way for the future Pelandale/Claratina Expressway and 4,313 square feet of right of way for the widening of Oakdale Road north of Mable Avenue (collectively "the Dedication"), and

WHEREAS, on June 5, 2007 Council approved Resolution 2007- 319 for a CFF Right of Reimbursement Agreement ("Original Agreement") between the City of Modesto and Modesto Mable, LLC, ("Developer'), and

WHEREAS, the final map for the subdivision was not recorded within ninety (90) days per the terms of the Original Agreement and the Original Agreement was terminated, and

WHEREAS, the City and the Developer are proposing to enter into a new CFF Right of Way Reimbursement Agreement ("Agreement") between the City of Modesto and Developer to provide for reimbursement for (a portion of) the ROW to be dedicated, and

WHEREAS, the Dedication will be made through the recordation of the Final Map or recordation of a Grant Deed, and

WHEREAS, that portion of the Dedication which will be reimbursable will be reimbursed through the City's Capital Facilities Fees ("CFF") program, and

WHEREAS, said Agreement shall have a maximum reimbursement amount of $433,862, which will be allocated from the Streets CFF fund, and

WHEREAS, the City Council has received and considered the Written Checklist, Environmental Assessment No. EA/C&ED 2006-66, which concludes that the dedication of the right of way for which the Developer will be reimbursed under the proposed Agreement, is within the scope of the General Plan Master EIR (SCH No. 1999082041) and the North Beyer Park Specific Plan MND (SCH No. 96102053, and that, pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that:

1. The proposed CFF Right of Way Reimbursement Agreement between the City of Modesto and Modesto Mable, LLC ("Project") is consistent

with the North Beyer Specific Plan and the Modesto Urban Area General Plan.

2. The reimbursement for the proposed right of way is included in the 2003 CFF program.
3. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the General Plan Master EIR and the North Beyer Park Specific Plan MND ("Program EIR") and no new environmental document or findings are required by CEQA.
4. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.
5. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.
6. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:
    a. one or more significant effects which is not discussed in the Program EIR; or,

b. significant effects which were previously examined will be substantially more severe than previously shown; or,

c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,

d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.

7. The Written Checklist, Environmental Assessment EA/C&ED 2006-66, provides the substantial evidence to support findings 3-7, above.

BE IT FURTHER RESOLVED that the CFF Right of Way Reimbursement Agreement between the City of Modesto and Modesto Mable, LLC is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or designee, is hereby authorized to execute the Agreement.

BE IT FURTHER RESOLVED that Resolution 2007-319 is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-516

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE FURNISHING OF MAINTENANCE AND CALIBRATION SERVICES FOR THE PUBLIC WORKS DEPARTMENT, WATER QUALITY CONTROL (WQC) DIVISION TO TELSTAR INSTRUMENTS, INC., OF CONCORD, CA., FOR A TWO (2) YEAR AGREEMENT, WITH THREE (3) ONE-YEAR EXTENSION OPTIONS, AT THE SOLE DISCRETION OF THE CITY, FOR AN ESTIMATED ANNUAL COST OF $50,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT.

WHEREAS, the Public Works Department-Water Quality Control (WQC) Division at 7007 Jennings Road, has requested the furnishing of maintenance and calibration services, and

WHEREAS, on December 5, 2006, Council approved Resolution No. 2006-757 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for the furnishing of maintenance and calibration services, for the WQC Division, and

WHEREAS, on May 1, 2007, the Purchasing Division issued Request for Bid No. 0607-07 for the furnishing of maintenance and calibration services to nine (9) prospective bidders, none of which were local companies, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, on May 10, 2007, a bidders conference was held, and

WHEREAS, two (2) companies were in attendance, and

WHEREAS, on June 5, 2007, RFB's were formally opened in the City Clerk's office, and

WHEREAS, of the nine (9) prospective bidders, one (1) company chose to respond, and

WHEREAS, based on receiving a responsive and responsible bid, City staff recommends the award of bid and contract for maintenance and calibration services to

Telstar Instruments, Inc., Concord, CA., for a two (2) year agreement, with three (3) one-year extension options, at the sole discretion of the City, and

WHEREAS, Modesto Municipal Code Section 8-3.203 requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, this award of bid and contract for the furnishing of maintenance and calibration services conforms to the Modesto Municipal Code, and

WHEREAS, funds are budgeted and available in account number 6210-480-5214-0235 (Sewer Operations Fund) for furnishing of maintenance and calibration services for FY 07/08,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the furnishing of maintenance and calibration services for the Public Works Department, Water Quality Control (WQC) Division to Telstar Instruments, Inc., Concord, CA., for a two (2) year agreement with three (3) one-year extension options, at the sole discretion of the City, for a total estimated annual cost of $50,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-517

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE OF LABORATORY FURNITURE FOR THE PUBLIC WORKS DEPARTMENT, WATER QUALITY CONTROL DIVISION TO ISEC, INC., DIXON, CA FOR A TOTAL ESTIMATED COST OF $66,124, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT.

WHEREAS, on September 26, 2006, Council approved Resolution No. 2006-615 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of laboratory furniture for the Water Quality Control Division, and

WHEREAS, on March 6, 2007, the Purchasing Division issued Request for Bid No. 0607-26 for the purchase of laboratory furniture to four (4) prospective bidders, none of which were local companies, posted the bid on the City's web site, and formally advertised as required by law , and

WHEREAS, on April 10, 2007, RFB's were formally opened in the City Clerks office. Of the four (4) prospective bidders, one company chose to respond, and

WHEREAS, based on receiving a responsive and responsible bid, City staff recommends the award of bid and contract for the purchase of laboratory furniture to ISEC Inc., Dixon, CA, for a total estimated cost of $66,124, and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid and contract for the purchase of laboratory furniture conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase of laboratory furniture, to ISEC Inc., Dixon, CA., for a total estimated cost of $66,124.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-518

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE OF A 2000 GALLON WATER TRUCK TO S & C FORD, INC., SAN FRANCISCO, CA, FOR A TOTAL ESTIMATED COST OF $74,626.

WHEREAS, the compost facility owned a 1991 Caterpillar D300B water truck, and due to mechanical and safety issues the water truck was not being operated. In accordance with Air Board regulations, the 1991 Caterpillar D300B water truck would not meet Air Board compliance, and

WHEREAS, Air Pollution Control permits for the City's Compost Site require that a water truck be on site at all times for dust control during compost operations. If a truck is not present to water down the site, the Air Board staff will issue the City a Notice of Violation, and

WHEREAS, in November 2006, the Purchasing Division issued a sealed bid for the sale of the 1991 Caterpillar D300B water truck, and

WHEREAS, in December 2006, during supplemental budget review, the allocation of $65,000 was approved by the City Council for the purchase of a new water truck, and

WHEREAS, in January 2007, the water truck sold for $26,000 at The Auction Yard. The net revenue of $24,245 was placed in the Compost Fund Reserve account for use in the purchase of a new water truck, and

WHEREAS, on April 24, 2007, the City Council approved Resolution No. 2007-226 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of a 2000 Gallon Water Truck for the Parks, Recreation and Neighborhoods Department, Solid Waste Division Compost Facility, and

WHEREAS, on June 14, 2007, the Purchasing Division issued RFB No. 0607-57 for the purchase of a 2000 Gallon Water truck to twenty-one (21) prospective bidders, one of which is a local company, posted the bid on the City's web site and formally advertised as required by law, and

WHEREAS, on July 17, 2007, RFB's were formally opened in the City Clerk's office. Of the twenty-one (21) prospective bidders, four (4) companies chose to respond. All bidders provided responsive and responsible bids, and

WHEREAS, based on being deemed the lowest responsive and responsible bidder, City staff recommends the award of bid and contract for the purchase of a 2000 Gallon Water Truck to S & C Ford, Inc., San Francisco, CA, for the total estimated cost of $74,626, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid and contract for the purchase of a 2000 Gallon Water Truck for the Parks, Recreation and Neighborhoods Department, Solid Waste Division Compost Facility, conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase of a 2000 Gallon Water Truck to S & C Ford, Inc., San Francisco, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a Purchase Order for a total estimated cost of $74,626.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-520

A RESOLUTION APPROVING A REQUEST TO THE DEPARTMENT OF HEALTH AND HUMAN SERVICES (DHHS) FOR AN EXTENSION OF 18 MONTHS TO COMPLETE RENOVATIONS AND PLACE INTO USE THE FORMER SOCIAL SECURITY BUILDING AT 1230 12TH STREET, AUTHORIZING STAFF TO ISSUE A REQUEST FOR QUALIFICATIONS (RFQ) FOR THE MASTER LEASE OF THE 1230 12TH STREET BUILDING WITH THE CONDITION THAT IF THE CITY DOES NOT RECEIVE A REQUEST THE CITY COULD END THE EXTENSION AND RETURN THE PROPERTY TO THE DEPARTMENT OF HEALTH AND HUMAN SERVICES, AND AUTHORIZING STAFF TO RE-ISSUE A REQUEST FOR BID (RFB) TO COMPLETE THE RENOVATION OF THE 1230 12TH STREET BUILDING WHICH WOULD NOT BE EXECUTED UNLESS A QUALIFIED CANDIDATE HAS ENTERED INTO A MASTER LEASE AGREEMENT WITH THE CITY.

WHEREAS, on August 29, 2003, the City of Modesto received a "Notice of Determination," which indicated that the Social Security Administration (SSA) Building, located at 1230 12th Street (the "property"), (GSA No. 9-G-CA-1610), had been determined to be surplus government property, and

WHEREAS, the notice, issued by the U.S. General Services Administration (GSA) of the Federal Government, reported that the property was also determined to be suitable by the Department of Housing and Urban Development (HUD), and the first priority for use is for homeless programs or services for the homeless, and

WHEREAS, on October 14, 2003, by Resolution No. 2003-548, the City Council authorized staff to submit a "Letter of Interest" to the Department of Health and Human Services (DHHS) in order to receive an application for the surplus property located on 1230 12th Street, previously used by the Social Security Administration, and approved staff recommendation for future use of the former Social Security Administration building, and

WHEREAS, on January 6, 2004, by Resolution No. 2004-019 the City Council approved the submission of an application for the property and authorized the City Manager to execute the agreement and subsequent documents, and

WHEREAS, on September 13, 2004, the City of Modesto received a letter from the DHHS, Division of Property Management with an original Quitclaim Deed. The City indicated its acceptance by signing this document, and

WHEREAS, in accepting the property, the City of Modesto committed to preparing the site for occupancy within 36 months (September 13, 2007) if major renovations are done; or within 12 months (September 13, 2005) if minor repairs need to be done, and

WHEREAS, on January 28, 2005, as the City was preparing to initiate the rehabilitation work to be done on the property, City staff discovered that the property had extensive damage due to vandalism, and

WHEREAS, staff has been working on the rehabilitation of the building as well as working with agencies that provide homeless services and are interested in renting space in the property, and

WHEREAS, staff was working with an anchor agency that was interested in master leasing the property; this agency requested additional remodeling of the property to be able to provide confidential services to their customers, and

WHEREAS, taking into consideration the budget allocated by the City for the property and the additional remodeling needed by this agency, staff requested two architectural estimates, and

WHEREAS, architectural estimate No. 1 came back at $247,738.69, and

WHEREAS, architectural estimate No. 2 came back at $1,116,643.22, and

WHEREAS after reviewing the estimates, the anchor agency indicated that it did not have enough funds to cover the cost of the additional remodeling, and opted not to lease the property, and

WHEREAS, the Parks, Recreation and Neighborhoods Department staff was working with Public Works staff to prepare a Scope of Services to issue a Request for Bid (RFB) for the remodeling of the property, and

WHEREAS, on June 5, 2007, a Blind Bid opening was held at the City Clerk's office, and no bids were received, and

WHEREAS, staff has not yet re-issued a new bid, and

WHEREAS, based on the loss of the anchor agency, staff brought this issue to the Stanislaus County Support Services Collaborative which is the entity that oversees homeless issues within Stanislaus County, and

WHEREAS, after this item was presented to the Collaborative, some agencies expressed their interest in leasing the property, and

WHEREAS, on June 29, 2007, the City received a letter from United Way indicating their interest in pursuing a Memorandum of Understanding with the City for the future use of the property, and

WHEREAS, on August 16, 2007, the City received a letter from the District Attorney's office on behalf of the Stanislaus County Family Justice Center Steering Committee indicating their interest in procuring operations and office space at the property, and

WHEREAS, in order to be able to continue with this project the City must request a time extension from the DHHS to complete the renovation of the property, and

WHEREAS, in view of the fact that staff has received new requests from interested parties to lease the property, and the deadline provided by DHHS to complete the renovation and to place the property into use is quickly approaching, staff is recommending that a time extension of 18 months be requested to complete the rehabilitation of the property, and

WHEREAS, staff is recommending releasing a Request for Qualifications (RFQ) to determine the agency that best qualifies to manage the master lease of the property, and

WHEREAS, staff is also recommending that in the event the extension is granted a Request for Bid for the rehabilitation of the property should be re-issued, and

WHEREAS The Citizens Housing and Community Development Committee (CH&CDC) met on August 24, 2007, and recommended: extending the time period for the extension from staff's original recommendation of 12 months to 18 months; that upon approval of the request, an RFQ for the master lease of the property should be issued, with the condition that if the City does not receive a request the City could end the extension and return the property to the Department of Health and Human Services; and that the RFB to complete the renovation of the property be re-issued, with the provision that it not be executed unless a qualified candidate has entered into a master lease agreement with the City,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves a request to the Department of Health and Human Services (DHHS) for an extension of 18 months to complete renovations and place into use the property.

BE IT FURTHER RESOLVED that staff is hereby authorized to issue a Request for Qualifications (RFQ) for the Master Lease of the property with the condition that if the City does not receive a request the City could end the extension and return the property to the Department of Health and Human Services.

BE IT FURTHER RESOLVED that staff is hereby authorized to re-issue a Request for Bid (RFB) to complete the renovation of the property, with the provision that it not be executed unless a qualified candidate has entered into a master lease agreement with the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-523

A RESOLUTION ACCEPTING THE WORK BY RICHARD A. HEAPS ELECTRICAL CONTRACTOR, INC., FOR THE PROJECT TITLED "TRAFFIC SIGNAL MODIFICATIONS: LALOMA AVENUE AT SANTA ANA AVENUE AND NEEDHAM AVENUE AT 12TH STREET/VIRGINIA AVENUE " AS COMPLETE, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION WITH THE STANISLAUS COUNTY RECORDER, AND AUTHORIZING PAYMENT OF AMOUNTS TOTALING $294,713.30

WHEREAS, a report has been filed by the Public Works Director that the project titled "Traffic Signal Modifications at LaLoma and Santa Ana Avenue and Needham Avenue at 12th Street and Virginia Avenue" has been completed by Richard A. Heaps Electrical Contractor, Inc., in accordance with the contract agreement dated August 8, 2006,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the project titled "Traffic Signal Modifications at LaLoma and Santa Ana Avenue and Needham Avenue at 12th Street and Virginia Avenue" is hereby accepted as complete from said contractor, Richard A. Heaps Electrical Contractor, Inc., that the City Clerk is authorized to file a Notice of Completion with the Stanislaus County Recorder, and that payment of amounts totaling $294,713.30, is authorized as provided in the contract.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-524

A RESOLUTION APPROVING AN AMENDMENT TO AN AGREEMENT WITH BROWN & CALDWELL FOR A REVISED SCOPE OF WORK RELATED TO CONSTRUCTION SUPPORT SERVICES FOR THE DISSOLVED AIR FLOTATION FACILITY PROJECT IN THE NOT-TO-EXCEED AMOUNT OF $192,797, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO AGREEMENT

WHEREAS, the City of Modesto operates and maintains a secondary treatment system at 7007 Jennings Road, and

WHEREAS, during the late fall, winter, and early spring months discharge to the San Joaquin River is allowed if the treated wastewater is of adequate quality, and

WHEREAS, the Dissolved Air Flotation (DAF) clarifier is the technology chosen to resolve effluent disposal limitations, and

WHEREAS, on January 4, 2005, by Resolution No. 2005-018, the City Council approved an Agreement in the amount of $548,922 with Brown & Caldwell to complete design services and other tasks for the Dissolved Air Flotation Facility project, and

WHEREAS, the Agreement for design services with Brown & Caldwell included: Data Gathering, Site Work, Intake System, DAF Design, Chemical Storage and Feed System, Sludge Storage, Discharge Piping, Electrical Supply, Controls, SCADA, Bidding Assistance, Construction Support, Start-up and Training, and Project Close-out, and

WHEREAS, on January 2, 2007, by Resolution No. 2007-037, Council awarded a $6,010,403 construction contract to Kaweah Construction Company, and

WHEREAS, the largest bid item was to furnish and install the pre-manufactured Dissolved Air Flotation units at the Secondary Wastewater Treatment facility, and

WHEREAS, the design was made around the dimensions of a dissolved air flotation manufacturer, FRC, who was specified in the plans, and

WHEREAS, to make the bid competitive, other manufacturers could be submitted as equal to the FRC manufactured unit, and

WHEREAS, the low bidding contractor, Kaweah Construction Company, submitted a Dissolved Air Flotation Facility manufactured by Nijhuis, which would produce a cost savings of approximately $550,000 to the City, and

WHEREAS, Nijhuis is a larger structure with a need to reroute plumbing and electric facilities, peripheral equipment, access, and controls, already designed by Brown & Caldwell, and

WHEREAS, Brown & Caldwell had a significant effort to integrate the very different requirements of the Nijhuis equipment into the design, and spent numerous hours reviewing submittals, answering requests for information, and re-designing the construction drawings to adapt to the Nijhuis equipment, and

WHEREAS, in July of 2007, Brown & Caldwell submitted a revised fee and scope for construction management services for $192,797, and

WHEREAS, due to the size and complexity of this project, City staff recommends that Brown & Caldwell continue to provide services to complete the construction management services for the Dissolved Air Flotation Facility project, and

WHEREAS, an Amendment to the current Consultant Agreement with Brown & Caldwell for a revised scope of work related to construction management services in the not-to-exceed amount of $192,797 for the Dissolved Air Flotation Facility project is necessary in order to complete the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to Agreement with Brown & Caldwell for a revised scope of work related to construction management services for the Dissolved Air Flotation Facility project, in the not-to-exceed amount of $192,797.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

A RESOLUTION APPROVING AN AMENDMENT TO AGREEMENT WITH HARRIS & ASSOCIATES FOR A REVISED SCOPE OF WORK RELATED TO ON-CALL PROJECT MANAGEMENT SUPPORT SERVICES FOR VARIOUS CAPITAL IMPROVEMENT PROJECTS AND KAISER ADMINISTRATION SERVICES IN THE NOT-TO-EXCEED AMOUNT OF $249,600, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO AGREEMENT. THIS AMENDMENT BRINGS THE AGREEMENT TOTAL TO $294,600.

WHEREAS, various Capital Improvement Projects (CIP) in the City's Capital Improvement Program and Kaiser Administration services require project management, and

WHEREAS, Harris & Associates is well qualified to perform On-Call Project Management Support Services and has performed such services for various public agencies several times in the past, and

WHEREAS, the Public Works Department has insufficient staffing at this time to perform such services, and

WHEREAS, on June 19, 2007, the City Manager approved an Agreement in the amount of $45,000 with Harris & Associates to provide On-Call Project Management Support Services for the City of Modesto's various CIP Projects and Kaiser Administration Services, and

WHEREAS, in August of 2007, Harris & Associates submitted a revised fee and scope for On-Call Project Management Support Services for $249,600, and

WHEREAS, current staffing will not provide for timely in-house project management, and

WHEREAS, the consultant will submit a written scope of services outlining the specific work, schedule and cost estimate associated with each task order, and

WHEREAS, the consultant will perform no services until CIS management has approved the proposed specific task order and a written Notice to Proceed (NTP) is prepared and sent to the consultant prior to commencement of services, and

WHEREAS, to fund consultant work for specific task orders, funds will be budgeted and encumbered against each project specific CIP account, or multi-year operating organization, as the project is assigned, and

WHERES, consultant invoices are to be paid from each project specific CIP, or multi-year operating organization on a task order basis received and verified by CIS staff, and

WHEREAS, an Amendment to the current Consultant Agreement with Harris & Associates for a revised scope of work related to On-Call Project Management Services in the not-to-exceed amount of $249,600 for various Capital Improvement Projects and Kaiser Administration services is necessary in order to complete the following projects: 1) Pelandale 6-Lanes-Dale Rd to McHenry Ave, 2) Pelandale at Sisk & SR 99 Improvements, 3) Dale Rd/Kiernan Intersection Improvements, and 4) Kaiser Administration,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to Agreement with Harris & Associates for a revised scope of work related to On-Call Project Management Services for various Capital Improvement Projects and Kaiser Administration services, in the not-to-exceed amount of $249,600.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-526

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE PURCHASE OF A "SOLE BRAND" DONALDSON DIESEL PARTICULATE MATTER FILTERS FOR THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, FOR AN ESTIMATED ANNUAL COST OF $171,000.

WHEREAS, in 2000 the California Air Resources Board (CARB) approved the Diesel Risk Reduction Plan (Plan), which focused on reducing diesel particulate matter emission, and

WHEREAS, this Plan targets 1960 to 2006 model year on-road diesel powered vehicles, and

WHEREAS, beginning with 2007, the implementation of this Plan will affect only municipalities and utilities, and

WHEREAS, in 2007, 20% of the 71 affected vehicles in the City of Modesto's fleet must be compliant with these regulations, with the percentage increasing to 60% compliance in 2009 and entire compliance by 2010, and

WHEREAS, Council authorization of this purchase allows compliance with the CARB regulations, and

WHEREAS, the installation of diesel particulate filters will contribute toward improved air quality in the Greater Modesto region, and

WHEREAS, the per-unit cost of these filters is relatively high as are maintenance and replacement parts, and

WHEREAS, using the sole brand Donaldson filters will allow the City to economize by maintaining fewer expensive parts and supplies on hand, by having filters

cleaned locally instead of shipping units long distance to be cleaned, and by training staff to install and maintain a single technology across the fleet, and

WHEREAS, funds are budgeted in Fleet Services – Particulate Matter Filters (7210-480-5812-0365) in the amount of $171,000 to fund the purchase of these diesel particulate matter filters,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to solicit formal request for bids for the purchase of a "sole brand" Donaldson Diesel Particulate Matter Filters for the Public Works Department, Fleet Services Division, for an estimated annual cost of 171,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-527

A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE TUOLUMNE RIVER REGIONAL PARK GATEWAY PHASE 1.2, ACCEPTING THE BID AND APPROVING A $2,554,818.76 CONTRACT WITH TEICHERT CONSTRUCTION FOR THE PROJECT TITLED, "TUOLUMNE RIVER REGIONAL PARK GATEWAY PHASE 1.2," AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the "Tuolumne River Regional Park Gateway Phase 1.2" and City staff recommends approval to the City Council, and

WHEREAS, the bids received for "Tuolumne River Regional Park Gateway Phase 1.2" were opened at 11:00 a.m. on August 7, 2007, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of $2,554,818.76, received from Teichert Construction, be accepted as the lowest responsible bid and the contract be awarded to Teichert Construction,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for said project, and accepts the bid of Teichert Construction in the amount $2,554,818.76, and hereby awards Teichert Construction the contract titled "Tuolumne River Regional Park Gateway Phase 1.2."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-528

A RESOLUTION MAKING THE MANDATORY LEGAL FINDINGS PURSUANT TO HEALTH & SAFETY CODE SECTION 33445 AND AUTHORIZING THE MODESTO REDEVELOPMENT AGENCY EXECUTIVE DIRECTOR TO NEGOTIATE REIMBURSEMENT AGREEMENTS WITH THE CITY OF MODESTO AND THE COUNTY OF STANISLAUS TO DISTRIBUTE AGENCY TAX INCREMENT FUNDS IN THE AMOUNT OF $952,427.54 FROM CAPITAL IMPROVEMENT PROJECT ACCOUNT NO. Q260 AND ACCOUNT NO. K732 TO REIMBURSE SAID AGENCIES FOR THE COST OF VARIOUS PUBLIC IMPROVEMENTS ON STREETS ADJACENT TO THE GALLO CENTER FOR THE ARTS AND AUTHORIZING THE EXECUTIVE DIRECTOR TO EXECUTE SAID REIMBURSEMENT AGREEMENTS

WHEREAS, the Redevelopment Agency of the City of Modesto (the "Agency") is carrying out the Redevelopment Plan (the "Redevelopment Plan") for the Modesto Redevelopment Project, and

WHEREAS, pursuant to the requirements of the Community Redevelopment Law, (Health and Safety Code section 33000 *et seq.*) (the "Redevelopment Law") the Agency annually receives tax increment revenue for the purpose of eliminating blighted conditions within the Agency Project Area, and

WHEREAS, on March 25, 2003, the City Council of the City of Modesto (the "Council") reviewed four alternative designs for street and streetscape public improvements (the "Public Improvements") in conjunction with the construction of the proposed Gallo Center for the Arts (the "Center") which Center is a $63 million project being constructed on the block between 10th and 11th streets and H and I Streets in downtown Modesto, and

WHEREAS, the Council approved funding for said Public Improvements which are generally shown on attached **Option 1A**, which is made a part hereof by this reference, at a total estimated cost of $1,030,000 including the utility, streetscape and street improvements along I Street and 11th Street and extending the street improvements (curb, sidewalk, lights and trees) around all four sides of the block, and

WHEREAS, the Council recommended that an optional source of funding for said Public Improvements might be provided from the Agency's tax increment funding and, as such, agreed to loan the Agency a total amount of $602,000 (the "Loan Funds") for a portion of the proposed Public Improvement construction, pending future approval by the Agency by separate action, and

WHEREAS, on March 25, 2003, the Agency approved Resolution No. 6-2003 accepting said Loan Funds from the Council for said Public Improvements with the following conditions:

Before approving the use of said Loan Funds or other tax increment funds for said Public Improvements:

1. The Agency is required to complete negotiations with County of Stanislaus (the "County") and the City of Modesto (the "City") to produce agreements setting forth the financial requirements for the use of said Loan Funds
2. The Agency and the Council both must make the following mandatory legal findings pursuant to the Redevelopment Law (Health & Safety Code §33445(a)):

A. The proposed Public Improvements are a benefit to the Redevelopment Project Area or to the neighborhood surrounding the Gallo Center for the Arts

B. No other reasonable means of financing said Public Improvements is available to the community.

C. The reimbursement of funds for the cost of said Public Improvements will assist in the elimination of one or more blighting conditions inside the Agency Project Area and is consistent with the Implementation Plan adopted on December 14, 2005, and

WHEREAS, the Center construction has continued towards completion, including the funding of construction of said Public Improvements by both the City and the County, with the goal of opening on September 27, 2007, which construction funding was provided as follows:

A. City of Modesto - $212,000 (Est)

B. County of Stanislaus - $740,427.54

,and

WHEREAS, Agency tax increment financing can only be utilized for said Public Improvements if the said legal findings are made by both the Agency and the Council, and

WHEREAS, at their meetings on August 1, 2007 and August 8, 2007, the Citizens Redevelopment Advisory Commission considered the request for tax increment funding to reimburse the City and the County for construction costs in the total amount of $952,427.54 for said Public Improvements as set forth in the attached **"Streetscape Costs",** which is made a part hereof by this reference, and recommended the approval of said tax increment funding, and

WHEREAS, the Commission recommended that the Agency and the Council make the following legal findings pursuant to the Redevelopment Law, Health and Safety Code Section 33445:

1. The said Public Improvements are a benefit to the Redevelopment Project Area and to the neighborhood surrounding the Gallo Center for the Arts

2. No other reasonable means of financing said Streetscape Costs are available to the community
3. The funding of said Streetscape Costs will assist in the elimination of one or more blighting conditions inside the Redevelopment Project Area and is consistent with the Five-Year Implementation Plan adopted by the Agency pursuant to Health and Safety Code Section 33490.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto as follows:

Section 1. The Council has reviewed the financial documentation for the Center and has determined that the following legal findings shall be made:

1. The said Public Improvements are a benefit to the Redevelopment Project Area and to the neighborhood surrounding the Gallo Center for the Arts
2. No other reasonable means of financing said Streetscape Costs are available to the community
3. The funding of said Streetscape Costs will assist in the elimination of one or more blighting conditions inside the Redevelopment Project Area and is consistent with the Five-Year Implementation Plan adopted by the Agency pursuant to Health and Safety Code Section 33490.

Section 2. The Council authorizes the Agency's Executive Director to negotiate reimbursement agreements with the City of Modesto and the County of Stanislaus for the distribution of Agency tax increment funds from Capital Improvement Project Account No. Q260 and Account No. K732 to reimburse the City and the County for said Streetscape Costs (the "Agency Assistance") as follows:

A. City of Modesto - $212,000 (Est)
B. County of Stanislaus - $740,427.54

Section 3. The Agency Assistance as defined in this resolution is necessary to effectuate the purposes of the Redevelopment Plan

Section 4. The City Manager/Executive Director, or his/her designee, is hereby authorized to take such further actions and execute such documents as are necessary to carry out the conditions of this Resolution on behalf of the Council and the Agency. The City Manager/Executive Director, or his/her designee, is further authorized to cooperate with the City and the County in implementing the terms and conditions between the Agency and City and the County as provided in this Resolution.

The foregoing resolution was introduced at a special meeting of the Modesto City Council held on the 4th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

City of Modesto Redevelopment Agency - Streetscape Project
Estimated Cost Calculations

Task Description:	Original Estimate	ENR 15.9% Inflator	Estimate with 4-year Inflation
Remove and Replace Curb and Gutter	$21,000.00	$3,339.00	$24,339.00
Sidewalk - Lithocrete	$58,240.00	$9,260.16	$67,500.16
Driveway Approaches	$4,200.00	$667.80	$4,867.80
I Street Pavers Plus Concrete Border	$25,200.00	$4,006.80	$29,206.80
I Street Bollards	$9,000.00	$1,431.00	$10,431.00
Drain Inlets	$6,000.00	$954.00	$6,954.00
Traffic Control	$15,000.00	n/a	$15,000.00
	$138,640.00	$19,658.76	$158,298.76

NOTE: For those items that were not supported by detailed billings from the project's contractors, the estimated cost for each task was used, based on the 2003 estimate of cost that was provided by the City of Modesto. To reflect the passage of time and the inflation that has occurred in the construction material market, the change in the Engineering News Record San Francisco CCI index was measured from February 2003 to June 11, 2007. This change resulted in a 15.9% increase in costs during this period. As shown in the table above, the increase has been applied to those estimates that have been selected for use in determining the amount of the funding request for the Gallo Arts Center.

Gallo Center for the Arts Streetscape Project

A RESOLUTION UPDATING A FINE SCHEDULE FOR VIOLATIONS OF INDUSTRIAL WASTEWATER DISCHARGE PERMITS EFFECTIVE OCTOBER 1, 2007, AND RESCINDING RESOLUTION NO. 94-600.

WHEREAS, on July 24, 2007 Council approved new fees for wastewater rates effective August 1, 2007, and

WHEREAS, these rates apply the same unit costs for Flow, Biochemical Oxygen Demand (BOD) and Total Suspended Solids (TSS) to all customers and customer classes, and are consistent with Proposition 218 and the State Water Resources Control Board (SWRCB) cost of service requirements, and

WHEREAS, Section 5-6.703 of the Modesto Municipal Code relating to Sewage Collection and Disposal allows the Public Works Director to determine the existence of a violation and may levy a fine for violations of wastewater discharge permits, and

WHEREAS, the ability to fine for violations is a federal and state requirement for industrial pretreatment programs, thus is a mandatory part of the City's program governing sewer use, and

WHEREAS, fines for violations of wastewater permit limits for flow, BOD and TSS must have a nexus relationship to sewer rates, and

WHEREAS, per the Modesto Municipal Code , fines shall be in accordance with a scheduled approved by the Council from time to time by resolution, and are in addition to the wastewater service charges (rates) and are applied to violations of the wastewater permit allocations, and

WHEREAS, the current fine schedule has not been updated since 1994, and

WHEREAS, the administrative fine of $1,100.00 will remain unchanged, and the processing fines will change as follows:

	Existing	Proposed
Fine per million gallons of Flow in excess of permit allocation	$712	$1,475.66
Fine per 1,000 pounds of BOD in excess of permit allocation	$84	$72.98
Fine per 1,000 pounds of TSS in excess of permit allocation	$78	$127.82

, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that wastewater permit violation fines are hereby established as follows:

1. Administrative fine in the amount of $1,100.00 for each violation and per day of each violation.
2. Processing fine in the amount of:
   $1,475.66 per million gallons of flow in excess of permit allocation.

   $72.98 per 1,000 pounds of Biochemical Oxygen Demand (BOD) in excess of permit allocation.

   $127.82 per 1,000 pounds of Total Suspended Solids (TSS) in excess of permit allocation.

BE IT FURTHER RESOLVED that the fines established by this Resolution are in addition to the sewer service charges for processing the wastewater flow which is excess of the permit and that the fine schedule will increase with each succeeding approved wastewater rates increase.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of September, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

RESCINDED

NOV 13 2007

THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2007-607

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-530

A RESOLUTION APPROVING THE FILING OF AN APPLICATION TO THE STANISLAUS LOCAL AGENCY FORMATION COMMISSION TO ANNEX APPROXIMATELY 3.2 ACRES OF PROPERTY LOCATED NORTH OF KANSAS AVENUE AND EAST OF LONE PALM AVENUE TO THE CITY OF MODESTO AND SEWER DISTRICT NO. 1 AND TO DETACH SAID PROPERTY FROM THE WOODLAND FIRE PROTECTION DISTRICT (OWNER INITIATED – UNINHABITED)

WHEREAS, , 4701 Stoddard, LLC, (applicant) represents Greg and Christine Kyler, Jose Zamora, and Jack McCoy, the owners of approximately 3.2 acres of real property, located north of Kansas Avenue and east of Lone Palm Avenue ("Property"), and

WHEREAS, the City has received a written request from the applicant to initiate annexation of the Property to the City of Modesto under the Cortese-Knox-Hertzberg Local Reorganization Act of 2000, California Government Code Section 56000, et seq, and

WHEREAS, Government Code Section 56650 provides that proceedings to initiate a change of organization to annex additional territory to a City may be initiated by Resolution of Application or Petition, and

WHEREAS, the Property proposed to be annexed is uninhabited, and a description of the boundaries of the subject Property is set forth in Exhibits "A" and "B", attached hereto and by this reference incorporated herein, and

WHEREAS, the subject territory proposed to be annexed is within Stanislaus County, contiguous to the existing City limits and within the current Sphere of Influence

of the City of Modesto, as adopted by Stanislaus Local Agency Formation Commission, Resolution No. 2004-26, on September 22, 2004, and

WHEREAS, before an annexation application may be heard by LAFCO, there must be an agreement with the County providing for the sharing of property taxes following an annexation, and

WHEREAS, the proposed annexation area is covered by the Master Property Tax Agreement entered into between the County of Stanislaus and City of Modesto which was approved by Council Resolution No. 96-170 on April 9, 1996, and

WHEREAS, the proposed Property is not subject to a Williamson Act contract, pursuant to Government Code Section 51200, et seq, and

WHEREAS, it is desired to provide that the proposed reorganization be subject to the following terms and conditions:

(a) The annexation of said property, as set forth on **Exhibits "A" and "B"** attached hereto, to the City of Modesto.
(b) The annexation of said property, as set forth on **Exhibits "A" and "B"** attached hereto, to the Modesto Sewer District No. 1.
(c) The detachment of said property from the Woodland Fire Protection District, and

WHEREAS, the reasons for this proposed reorganization to the City of Modesto are as follows:

(a) Staff has received a written request signed by the property owners to annex their properties to the City of Modesto.
(b) The proposed annexation is within the existing Sphere of Influence and is consistent with the Urban Area General Plan and can be most efficiently served by City services.
(c) The proposed annexation will result in planned, orderly and efficient development of the area, and provision of services, and

WHEREAS, pursuant to Government Code Section 56653, a plan for providing services is set forth in Exhibit "C", attached hereto and by this reference incorporated herein, and

WHEREAS, an Initial Study (Environmental Assessment No. EA/C&ED 2006-68) was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR, and

WHEREAS, the Planning Commission held a duly noticed public hearing to consider the proposed application for annexation on April 16, 2007, at 7:00 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California and recommended adoption of a Resolution of Application to annex the property, and

WHEREAS, on September 4, 2007, at 5:30 p.m., in the Tenth Street Place Chambers at 1010 Tenth Street, Modesto, California, the City Council held a duly noticed public hearing to consider the proposed Resolution of Application for annexation of the Property.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Modesto hereby finds and determines as follows:

1. That the proposed annexation and this Resolution of Application are consistent with the Modesto Urban Area General Plan, because they are consistent with General Plan Urban Growth Policy II.C.1.b., which states, "Urban development should be kept as contiguous as possible in order to avoid premature urbanization of valuable farm land, foster resident convenience, and provide for economy in City services," and because the development resulting from the proposed annexation is consistent with the General Plan.

2. The type of project under consideration is described in Chapter II of the MEIR and is within the scope of the MEIR (SCH No. 1999082041), which analyzed the potential impacts of build out of the Baseline Development Area.

3. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or have otherwise been made conditions of approval of the project.

4. That the proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.

5. That no new or additional mitigation measures or alternatives are required.

6. The Initial Study, Environmental Assessment No. EA/C&ED 2006-68, provides the substantial evidence to support findings 2-5 above.

7. The Property proposed to be annexed to the City of Modesto is uninhabited, and a description of the boundaries of the subject Property is set forth in **Exhibits "A" and "B,"** attached hereto and by this reference incorporated herein.

8. The Property is located within Stanislaus County, and is within the City's existing Sphere of Influence, is contiguous to the existing City limits and can be most efficiently served with City services.

9. The proposed annexation will result in planned, orderly, and efficient development of the area, and the most efficient provision of services.

10. An agreement for the sharing of property taxes for the Property was approved by the Master Property Tax Agreement entered into between the County of Stanislaus and City of Modesto which was approved by Council Resolution No. 96-170 on April 9, 1996.

11. The Property is not subject to a Williamson Act Contract pursuant to Government Code Section 51200, et seq.

12. The proposed annexation is within the scope of the Urban Area General Plan MEIR (SCH No. 1999082041) and has been adequately analyzed in the MEIR.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby adopts this Resolution of Application to annex the Property to the City of Modesto and Modesto Sewer District No. 1 and to detach the Property from the Industrial Fire Protection District.

BE IT FURTHER RESOLVED by the City Council of the City of Modesto that:

1. All owners of land within the affected Property have given their written consent to the reorganization and therefore, pursuant to California Government Code Section 56663 (c)(1), the City Council consent to waiver of conducting authority proceedings.

2. Pursuant to Government Code Section 56653, the City Council shall submit the plan for providing services as set forth in **Exhibit "C,"** attached hereto and by this reference incorporated herein.

The foregoing resolution was introduced at the regular meeting of the City Council held on the 4th day of September, 2007, by Councilmember O'Bryant, who moved its adoption, which motion was seconded by Councilmember Olsen, and carried by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

WRITTEN DESCRIPTION

EXHIBIT A
LEGAL DESCRIPTION
FOR
LONE PALM No. 2
ANNEXATION
FOR A.P.N. 029-12-12, 19, 20, 21& 22

ALL that portion of the northwest quarter of Section 30, Township 3 South, Range 9 East Mount Diablo Base and Meridian described as follows:

ALL that portion of Lot 4 of Maze Colony, according to the map thereof filed March 24, 1904 in Volume 1 of Maps at Page 83, Stanislaus County Records, more particularly described as follows:

BEGINNING at the southwest corner of said Lot 4 said point being the intersection of the east-west quarter line of said Section 30 and the center line of Lone Palm Avenue; thence along the following courses:

1.) North 1°00'00" West along the west line of said Lot 4, said line also being the center line of Lone Palm Avenue a distance of 660.15 feet to the south line of the Lone Palm No. 1 Governmental Reorganization as filed on June 29, 1981;

2.) North 89°48'40" East along last said line a distance of 329.99 feet;

3.) South 00°59'00" East a distance of 310.09 feet;

4.) South 89°48'50" West a distance of 112.00 feet;

5.) South 00°59'00" East a distance of 20.00 feet;

6.) North 89°48'50" East a distance of 63.10 feet;

7.) South 01°00'00" East a distance of 280.08 feet to a point on a line lying 50.00 feet north of and parallel with south line of the northwest quarter of said Section 30;

8.) North 89°49'00" East along last said line a distance of 378.81 feet to a point on the east line of said Lot 4 and the west line of the Kansas Avenue Addition filed as instrument No. 78-4617, Stanislaus County Records;

9.) South 0°59'00" East along last said line a distance of 50.00 feet to the southeast corner of said northwest quarter of Section 30;

10.) South 89°49'00" West along the south line of said northwest quarter a distance of 659.80 feet more or less to the **POINT OF BEGINNING.**

Contains: 218,342 sq.ft. 5.01 acres, more or less

This real property description was prepared by me or under my direction, in conformance with the Professional Land Surveyors Act.

Exhibit "C"

PLAN FOR SERVICE

KANSAS-LONE PALM REORGANIZATION
PLAN FOR PROVIDING SERVICES

Pursuant to Government Code Section 56653, the following Plan for Services to be extended to the affected territory has been prepared for the Kansas-Lone Palm Reorganization.

A. The project site is part of the Baseline Developed Area, as described in the Modesto Urban Area General Plan, adopted August 15, 1999, and amended March 4, 2003. As part of the approval, community facilities and services were analyzed in detail in Initial Study Environmental Checklist (C&ED No. 2006-68). These services include traffic and circulation, waste water collection, water delivery, storm water drainage, solid waste disposal, schools, parks, fire protection, and police protection. The City of Modesto is a full service city that intends to provide the following services.

1. Traffic and Circulation: The bulk of the external roadway network is already constructed. The applicant or developer must construct roadway improvements along the project frontage to City standards.

2. Waste Water Collection: Upon reorganization, the site will annex to Modesto's Sewer District No. 1. Sewer service will be provided to the subject site from an existing eight-inch line in Lone Palm Avenue adjacent to the site. The City does not anticipate a substantial demand for service at this site. Service will be extended upon development of the site at no cost to the City, as existing City fees will cover the cost.

3. Water Delivery: There is an adequate quantity of water to serve the industrial development expected to occur on the property. The site will be served from an existing 10-inch water line in Lone Palm Avenue adjacent to the site.

4. Storm Water Drainage: Storm water drainage for this project must be contained on site. The City of Modesto has received and is in the process of reviewing a Vesting Tentative Subdivision Map for the project, which is being revised, but is expected to include French drains. Prior to approval of the Vesting Tentative Subdivision Map, the City must approve the storm water drainage, ensuring its adequacy. The storm water drainage system will be constructed by the applicant at the applicant's expense.

5. Solid Waste Disposal: Weekly pickup will be extended to the annexation area upon the effective date of annexation.

6. Fire Protection: Upon reorganization, the annexation area will be detached from the Woodland Fire Protection District. The Modesto Fire Department has indicated that it can provide adequate service to the subject site following annexation.

7. Police Protection: The Modesto Police Department has indicated that it is able to provide adequate service to the subject site without additional staffing, as industrial property does not require substantial additional policing.

B. Level and range of services

The City of Modesto is a full service provider of municipal services and intends to provide the complete service for those areas identified above.

C. When can services be provided?

The above-described services can be provided upon the effective date of annexation.

D. Improvements required as a condition of reorganization

No improvements are required as a condition of reorganization. The following improvements will be required as a condition of development:

- Prior to issuance of a building permit, the applicant(s) shall construct roadway improvements to the satisfaction of the City Engineer.
- Prior to approval of the Vesting Tentative Subdivision Map, the City must approve the storm water drainage basin.

E. How will services be financed?

Services will be financed through City fees.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-531

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): ANNEXATION TO THE CITY OF MODESTO AND MODESTO SEWER DISTRICT NO. 1 AND DETACHMENT FROM THE WOODLAND FIRE PROTECTION DISTRICT OF APPROXIMATELY 3.2 ACRES OF PROPERTY LOCATED NORTH OF KANSAS AVENUE AND EAST OF LONE PALM AVENUE (OWNER INITIATED – UNINHABITED)

WHEREAS, on August 15, 1995, by Resolution No. 95-409, the City Council of the City of Modesto certified the Master Environmental Impact Report ("EIR") for the Urban Area General Plan (SCH No. 1999082041), and

WHEREAS, on March 4, 2003, by Resolution No. 2003-122, the City Council of the City of Modesto certified the amendments to the Master EIR for the Urban Area General Plan (SCH No. 1999082041), and

WHEREAS, 4701 Stoddard, LLC, has filed an application requesting that the approximately 3.2 acres of property located north of Kansas Avenue and east of Lone Palm Avenue ("Property") be annexed to the City of Modesto, and Modesto Sewer District No. 1, and detached from the Woodland Fire Protection District, and

WHEREAS, the Resolution of Application is hereafter referred to as "the Project", and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR

and whether the subsequent project was described in the Master EIR as being within the scope of the project, and

WHEREAS, the Initial Study EA/C&ED 2006-68 was considered by the City Council at a duly noticed public hearing which was held on September 4, 2007, at 5:30 p.m., in the Tenth Street Place Chambers, 1010 Tenth Street, Modesto, California.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it has reviewed and considered the Initial Study prepared for the proposed Projects, a copy of which it attached hereto as **Exhibit "A"** and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. The type of Projects under consideration are described in Chapter II of the Master EIR.

2. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to The Projects or have otherwise been made conditions of approval of the Project.

3. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR. It has been determined that the project was described in the MEIR and is within the scope of the MEIR (SCH No. 1999082041), which analyzed the potential impacts of build out of the Baseline Developed Area.

4. Based on the Initial Study, the City of Modesto finds and determines:

    a. That the proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
    b. That no new or additional mitigation measures or alternatives are required.

5. The Initial Study, Environmental Assessment No. EA/C&ED 2006-68, provides the substantial evidence to support findings 1 through 4, above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community and Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk, pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at the regular meeting of the City Council held on the 4th day of September, 2007, by Councilmember O'Bryant, who moved its adoption, which motion was seconded by Councilmember Keating, and carried by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

INITIAL STUDY
EA/C&ED 2006-68

City of Modesto

Finding of Conformance to General Plan Master EIR:

Initial Study C&ED No. 2006-68

For the proposed

Kansas-Lone Palm Reorganization
(4701 Stoddard LLC, Applicant)

Prepared by:
City of Modesto
Community & Economic Development Department
Planning Division

March 15, 2007

City of Modesto
Master EIR Initial Study Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Checklist is used in determining whether the **Kansas-Lone Palm Reorganization** is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. It will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. No new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

City staff consulted with appropriate Responsible Agencies and City Departments regarding potential environmental impacts associated with this project. Any significant comments and conditions are incorporated into this Initial Study. The City's MEIR (SCH# 1999082041) was also consulted which lists both General Plan policies and mitigation measures for each area of environmental study.

II. PROJECT DESCRIPTION

A. Title: Kansas-Lone Palm Reorganization

B. Address or Location: Northeast of the intersection of Kansas and Lone Palm Avenues in a County "island" within the City of Modesto's Sphere of Influence

C. Applicant: 4701 Stoddard LLC
1020 10th Street, Suite 300
Modesto, CA 95354

D. Application Contact Person: Gregory Kyler and Joe Muratore

City Project Manager:	Cindy van Empel, Senior Planner
Department:	Community & Economic Development Department
Phone Number:	(209) 577-5280
E-mail address:	cvanempel@modestogov.com

E. Current General Plan Designation(s): I, Industrial

F. Current Zoning Classification(s): Stanislaus County has zoned the property M, Industrial; the property is prezoned (P)M-1 (Light Industrial)

G. Surrounding Land Uses:
West: light industrial, office
North: distribution, light industrial, office
East: church, retail, office, light industrial, residential (designated for industrial use)
South: light industrial, office, retail

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR:

The applicant seeks to annex three lots comprising 3.19 acres to the City of Modesto to allow more intensive development than would be permitted without public sewer and water connections. This action will also require detachment from the Woodland Fire Protection District and annexation to the City of Modesto Fire Department's service area and Modesto Municipal Sewer District #1.

A Vesting Tentative Subdivision Map for the site has been filed with the Community and Economic Development Department. Because staff has an application for a Subdivision Map, an evaluation of the proposed Subdivision Map is included in this Finding of Conformance. However, the Subdivision Map cannot be processed until after the project site is annexed and the zoning becomes effective.

The proposed Vesting Tentative Subdivision Map is proposed on the entire 3.19-acre site and will include eight lots ranging in size from 0.24 to 0.49 acres. Four parcels will have street frontage and the remaining four parcels will be accessed from Lone Palm Avenue via a proposed 20-foot access easement. Both Lone Palm Avenue and Kansas Avenue will be improved with curb, gutter, and sidewalk for an additional 30 feet from the roadway centerlines, including 20 feet of traveled roadway, a six-foot sidewalk adjacent to the traveled way, and a four-foot landscape setback behind the sidewalk. Sewer and water are available and service will be taken from the 10-inch water line and 8-inch sewer line in Lone Palm Avenue.

A map of the site area is shown as Exhibit A, the annexation map is Exhibit B, and the proposed Vesting Tentative Subdivision Map is Exhibit C.

I. Other Public Agencies Whose Approval is Required:

Local Agency Formation Commission

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. X **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.

   D. Based on the Initial Study, the City of Modesto finds and determines:
      a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
      b) No new or additional mitigation measures or alternatives are required.

2. ___ **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3. ___ **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

Cynthia Van Empel — Project Manager

Senior Planner — Title

26 March 07 — Date

4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met. Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	X	☐
(2)	City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to this document.	X	☐
(3)	Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	X	☐
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	X	☐
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	X	☐
(6)	Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.	X	☐

Discussion:

(1) The City of Modesto is the Lead Agency for processing the requested land use entitlements (i.e.: prezoning and annexation).

(2) The subject project proposes improvements to a site located within the Baseline Developed Area. The site is comprises three lots which are occupied by a total of five dwellings and various accessory buildings.

(3) The Master EIR was last updated in March 2003. Since that update, there have been no changes to Federal, State, Regional and County regulations that have not resulted in less restrictive regulations.

(4) The subject site, 3.19 acres designated in the Urban Area General Plan as I (Industrial) and prezoned (P)M-1 (Light Industrial), is proposed to be annexed to the City of Modesto. After the application proposals were referred to Trustee Agencies, no significant resources are identified in this proposal

(5) The subject area is located within the Modesto Urban Area General Plan in the Baseline Developed Area, as shown on Figure II-1 on page II-8 in the General Plan. All appropriate mitigation measures as listed in the Master EIR and attached to this document are incorporated into the project.

(6) A Global list of General Plan Policies and Mitigation Measures was reviewed (which is attached to this document) and appropriate Mitigation Measures will be required as part of the project's approval.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a Finding of Conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect 2025 build out of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable traffic and circulation impacts:

Effect: Increased traffic will result in certain roadway segments operating at LOS D or worse.

Effect: The Substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of an LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures that are pertinent to this project are found on MEIR pages V-1-6 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

The Master EIR for the Urban Area General Plan included the subject site. The annexation of property designated for industrial uses is consistent with the Master EIR. No new or additional mitigation measures or alternatives are required for the project. The project will incorporate appropriate conditions of approval that satisfy City development standards.

c. Project-Specific Effects

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

Where a project exceeds an additional 100 ADT contribution, as compared to the analysis in the Master EIR, a site access study will be conducted to determine to what extent the project would exceed the year 2025 level of service (LOS) expected for the adjoining roadways under the Master EIR. The site access study will recommend new, project-specific mitigation measures. Where the project also exceeds the Master EIR's traffic generation assumption, as determined by Engineering and Transportation staff, a comprehensive traffic study will be required that will include off-site traffic impact analysis.

		YES	NO
(1)	The project would contribute more than an additional 100 average daily trips (ADT) to adjoining roads and generates more trips than assumed for their general plan land use category and zoning in the Master EIR. City Engineering & Transportation Staff will review the project to determine whether the project contributes more than 100 ADT thresholds. Such Projects are presumed to generate more trips than assumed by the Master EIR.	☐	X
(2)	Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).	☐	X
(3)	Result in inadequate emergency access.	☐	X
(4)	Result in inadequate parking capacity.	☐	X

Discussion:

(1) The project was referred to the Engineering and Transportation Division of the Public Works Department. Staff did not cite the need for a site access study.

(2) The project was referred to the Engineering and Transportation Department and the Transportation Division commented that City's Standards Specifications require that Lone Palm Avenue be dedicated and improved to full City Street Standards when development is approved for the site. Certain other street improvements will be established during review of the Vesting Tentative Subdivision Map.

(3) The project was referred to the City of Modesto Police and Fire Departments. The City Fire Marshal and the Police Department indicated that those departments are able to provide adequate service to the site. When development is approved, specific conditions will be applied to that future development to ensure compliance with City development standards.

(4) Annexation and prezoning will have no effect on parking in the area. Future development on the site will be required to comply with City standards for parking.

2. AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. This is a significant and unavoidable impact.

Effect: Projected traffic levels will result in increased ROG and NO_X levels in the project area. This is a significant and unavoidable impact.

These are also cumulative impacts on air quality.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 in the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

Construction impacts would be less than significant with implementation of Mitigation Measure Air-1 (page V-2-24 in the MEIR). No new or additional mitigation measures or alternatives are required for the project. The project will incorporate appropriate conditions of approval that satisfy City development standards.

c. Project-Specific Effects

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.	☐	X
(2)	The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	☐	X
(3)	The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	☐	X
(4)	The project would expose sensitive receptors to substantial pollutant concentrations.	☐	X
(5)	The project would create objectionable odors affecting a substantial number of people.	☐	X

Discussion:

(1-3) Annexation of this property, designated for Industrial use, was anticipated in and is consistent with the Urban Area General Plan Master EIR. Future development of the site will occur following the approval of a Vesting Tentative Subdivision Map, which is addressed under this Finding of Conformance and will require no further environmental review. Development projects must comply with Rules established by the San Joaquin Valley Unified Air Pollution Control District for reducing air quality impacts.

(4) The site is designated for Industrial use and adjoins property designated for light industrial uses on all sides. The site is expected to be developed with industrial uses in the future, which may result in substantial air pollution, however, as the area develops, the existing residential properties, which are considered to be legal non-conforming uses, will be redeveloped with light industrial uses. The church east of the site lies in the County, which agency considers churches to be compatible with industrial development because of the short-term duration of occupancy.

(5) The site is designated for Industrial use and adjoins industrially-designated property on all sides. The site is expected to be developed with light industrial uses in the future, which could result in objectionable odors. Although there are residences nearby, these are considered to be legal non-conforming uses because the properties are designated for industrial use.

3. NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in exceedances of the City's Noise Significance Standards (see Table 3-3 MEIR).

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-9 through V-3-15 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section IV, Mitigation Applied to Project.

Discussion:

Table V-3-3 indicates the normally acceptable outdoor noise level in an industrial area is 70dB CNEL. The project site is near State Route 99, which has a substantial noise footprint. The project site lies between the 65dB L_{dn} and 60dB L_{dn} contours for State Route 99. L_{dn} is a noise measure that factors in use of a site during non-business (evening and nighttime) hours. Industrial uses are typically compatible with an outdoor noise environment of up to at least 70 dB; because the greatest noise level expected on the site is approximately 65dB L_{dn}, no mitigation measures from the MEIR are required to be applied to the project. No new or additional mitigation measures or alternatives are required for the project. The project will incorporate conditions of approval that satisfy City development standards. The existing houses are expected to be removed in the near future.

c. Project-Specific Effects

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	X
(2)	The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.	☐	X
(3)	The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	X
(4)	The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.	☐	X

Discussion:

(1) The typically acceptable outdoor noise level is at least 70dB CNEL and the site lies between the 65dB and 60dB L_{dn} noise contours, thus, no significant impact from noise would be expected on the project site.

(2-3) The subject site is planned for Industrial use and is adjacent to properties planned for and developed with industry. No sensitive receptors are in the vicinity of the site. Future development on site is expected to be consistent with that on surrounding properties and is expected to result in a similar noise environment.

(4) Although the project site lies in an industrial area, exterior noise levels could rise to unpleasant levels if more than one piece of construction equipment is operating simultaneously. In order to reduce the temporary noise impacts associated with construction, equipment should be equipped with mufflers, shrouds, and shields for noise reduction. Construction activity must comply with the City's noise ordinance.

4. AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts related to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-4 through V-4-8 in the MEIR.

Discussion:

The subject property is designated for Industrial use and is not in agricultural production. Further, the site is identified by the California Department of Conservation as Important Farmland on Figure V-4-1 in the MEIR. The project site is also shown as lying within the Baseline Developed Area, as shown on page II-8 in the Urban Area General Plan. Policy AL-17 (MEIR, page V-4-7) states that if a subsequent project is within the Baseline Developed Area, the project is considered to have a minimal effect on the conversion of agricultural land and no mitigation is required. Thus, no new or additional mitigation measures or alternatives are required for the project.

c. Project-Specific Effects

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will directly result in the development of land outside the March 2003 planning area boundaries.	☐	X
(3)	The project will conflict with existing zoning for agricultural use, or a Williamson Act contract.	☐	X
(4)	The project will Involve other changes in the existing environment, which, due to their location or nature, could result in conversion of Farmland to non-agricultural use.	☐	X

Discussion:

(1) The Modesto Urban Area General Plan designates the site as I, Industrial. No change in the Industrial designation is proposed. The site has been prezoned to (P)M-1 and the site would be developed with light industrial uses.

(2) The subject site is within the March, 2003, planning area boundary.

(3) The site is not zoned for agriculture, nor is there a Williamson Act contract on the property.

(4) The site is in the Baseline Developed Area, and, thus, is considered to have a minimal effect on the conversion of agricultural land.

5. WATER SUPPLY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer overdraft. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that any increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. This is a less-than-significant impact.

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. Consequently, the potential environmental impacts of the Urban Area General Plan are considered less than significant.

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by 2020. Modesto will have a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. This is a significant and unavoidable cumulative impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the MEIR are required to be applied to the project. No new or additional mitigation measures or alternatives are required for the project. The project will incorporate appropriate conditions of approval that satisfy City development standards.

c. Project-Specific Effects

Section V-5.B of the MEIR provides analysis of Water Supply impacts on development of the General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed.	☐	X

Discussion:

(1) The subject site is designated as Industrial in the Modesto Urban Area General Plan. It is located in an area that is developed with industrial uses. The proposed annexation and Vesting Tentative Subdivision Map are consistent with the City's General Plan.

(2) There is an adequate quantity of water to serve the industrial use expected to occur on the property, as demonstrated by a Will Serve letter dated (3 November, 2006) solicited by the applicant and provided by the City of Modesto, the water purveyor for the area..

6. SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a)(MEIR mitigation SS-1, page V-6-2). Implementing the WMP, requiring the implementation of Best Management Practices for post-construction activities, and Urban Area General Plan policy V-D.2(a), will avoid violation of wastewater discharge requirements. As a result, this impact would be less than significant.

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. This is a less-than-significant impact.

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under the Wastewater Master Plan MEIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-6-2 through V-6-7 of the MEIR. All feasible measures appropriate to the project are listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the MEIR are required to be applied to the project. No new or additional mitigation measures or alternatives are required for the project. The project will incorporate appropriate conditions of approval that satisfy City development standards.

c. Project-Specific Effects

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	X

Discussion:

(1) The subject site is designated as Industrial in the Modesto Urban Area General Plan. It is located in an area that is developed with industrial uses. Annexation and the proposed Vesting Tentative Subdivision Map will result in ultimate development of the site consistent with the City's General Plan.

(2) Annexation and development of the site will be consistent with the existing Industrial designation and prezoning on the site. An eight-inch sewer line lies adjacent to the project site in Lone Palm Avenue, to which future development on the site must connect. Because industrial development typically creates small amounts of wastewater, the City has indicated with a Will Serve letter (dated 3 November, 2006) requested by the applicant that there is a reasonable certainty that adequate sewer service will be available to serve the property, consistent with City policy.

7. SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less than significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-15 through V-7-21 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

The project site lies outside the Biological Resource Study Area, shown on Figure V-7-1a in the MEIR. Therefore, no mitigation measures from the MEIR are required to be applied to the project. No new or additional mitigation measures or alternatives are required for the project.

c. Project-Specific Effects

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species.	☐	X
(3)	Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	X

Discussion:

(1) The subject site is designated as Industrial in the Modesto Urban Area General Plan and is located in an area that is developed with industrial uses. The annexation and Vesting Tentative Subdivision Map are consistent with the City's General Plan.

(2) The site lies outside the Biological Resource Study Area and there is no specific information known that would suggest the possible presence of significant plant or animal species on or near the project site.

(3) The City has no policies or ordinances to protect biological resources that would apply to the project site, which lies well within the Modesto urbanized area and outside the Biological Resource Study Area.

8. ARCHAEOLOGICAL OR HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. No impact would be expected to occur, since the buildings to be removed or demolished are not considered to have historical significance.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-8-9 through V-8-14 in the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project.

Discussion:

The site proposed for annexation into the City of Modesto is currently occupied by two mobile homes and some accessory structures, but is otherwise vacant. No mitigation measures from the MEIR are required to be applied to the project. No new or additional mitigation measures or alternatives are required for the project. The project will incorporate appropriate conditions of approval that satisfy City development standards.

c. Project-Specific Effects

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site.	☐	X

Discussion:

(1) The subject site is designated as Industrial in the Modesto Urban Area General Plan and is located in an area that is developed with industrial uses. The annexation, prezoning, and Vesting Tentative Subdivision Map applications for this site are consistent with industrial uses anticipated by the Urban Area General Plan.

(2) Although there are buildings on the site that appear to be more than 50 years old, none of the buildings is identified as a local landmark or other historic resource, thus no impacts are expected to occur.

9. STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered less than significant.

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-3 through V-9-8 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

Future development of the site will occur following approval of a Vesting Tentative Subdivision Map and demolition of existing structures. French drains have been proposed and are expected to be adequate to serve the project. The Department of Public Works will require a soils study that includes percolation/infiltration information in order to ensure the drainage system is correctly designed. No mitigation measures from the MEIR are required to be applied to the project. No new or additional mitigation measures or alternatives are required for the project.

c. Project-Specific Effects

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on or off site.	☐	X
(3)	Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	X

Discussion:

(1) The subject site is designated as Industrial in the Modesto Urban Area General Plan and is located in an area that is developed with industrial uses. Annexation of the property to the City and the proposed Vesting Tentative Subdivision Map are consistent with the City's General Plan.

(2-3) The project does not include site development. However, the City has received an application for a Vesting Tentative Subdivision Map and the applicant has indicated that French drains will be used for storm water drainage. The Department of Public Works has indicated that properly designed French drains will be adequate to serve the site. Future development will be required to control storm drainage in accordance with the City's Guidance Manual for New Development Stormwater Quality Control Measures.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less than significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface water quality are considered less than significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water quality impacts to a less-than-significant level.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-4 through V-10-10 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project.

Discussion:

As shown on Figure V-10-1b in the MEIR, the project site does not lie in an area having a potential for flooding. No mitigation measures from the MEIR are required to be applied to the project. No new or additional mitigation measures or alternatives are required for the project.

c. Project-Specific Effects

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	☐	X
(3)	The project does not comply with Modesto's Guidance Manual for New Development Storm Water Quality Control Measures.	☐	X
(4)	The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	X

Discussion:

(1) The subject site, designated Industrial in the Modesto Urban Area General Plan, is consistent with the City's General Plan and is located in an area that is developed with industrial uses.

(2) Development on the site will be required to comply with the Clean Water Act and the Porter-Cologne Act. The City will require adherence to any Clean Water Act requirements it deems appropriate.

(3) Future development on the site must comply with the City's Guidance Manual for New Development Storm Water Quality Control Measures. Compliance is ensured through review of building plans and building inspection.

(4) The site will be developed to City standards with full street improvements along the project's Lone Palm and Kansas Avenue frontages. The appropriate design of the French drain system will be verified by City staff when soils tests and percolation/infiltration information becomes available, prior to Final Map.

11. PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. Impacts on parks and open space will be less than significant.

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. This impact is less than significant.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and Open Space Mitigation Measure(s) pertinent to the proposed project are found on pages V-11-3 through V-11-9 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. All feasible measures appropriate to the project that will be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project.

Discussion:

No mitigation measures from the MEIR are required to be applied to the project. No new or additional mitigation measures or alternatives are required for the project. The project will incorporate appropriate conditions of approval that satisfy City development standards.

c. Project-Specific Effects

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

Discussion:

(1) The subject site is designated Industrial in the Modesto Urban Area General Plan and is located in an area that is developed with industrial uses. The annexation and proposed Vesting Tentative Subdivision Map are consistent with the City's General Plan. Appropriate Capital Facility Fees, including parks fees, must be paid before any building permits can be issued. Fees applied to new development on the site will be those fees in effect at the time the Vesting Tentative Subdivision Map is approved.

12. SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, eight middle schools, and seven high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that increased enrollment would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-3 through V-12-7 in the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project.

Discussion:

No mitigation measures from the MEIR are required to be applied to the project. No new or additional mitigation measures or alternatives are required for the project. The project will incorporate appropriate conditions of approval that satisfy City development standards.

c. Project-Specific Effects

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools.	☐	X

Discussion:

(1) The subject site is designated Industrial in the Modesto Urban Area General Plan, with which the proposal is consistent. The site is located in an area that is developed with industrial uses.

(2) Future development on the site will be required to comply with the provisions of SB 50/Proposition 1A and must pay schools fees in effect at the time the Vesting Tentative Subdivision Map is approved.

13. POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. The impact is less than significant.

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. These policies reduce the impact to a less-than-significant level.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-2 through V-13-4 in the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the MEIR are required to be applied to the project. No new or additional mitigation measures or alternatives are required for the project. The project will incorporate appropriate conditions of approval that satisfy City development standards.

c. Project-Specific Effects

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

Discussion:

(1) The subject site is designated Industrial in the Modesto Urban Area General Plan and is located in an area that is developed with industrial uses. Future development on the site is expected to be industrial and, therefore, consistent with the City's General Plan.

(2) The Police Department's ideal ratio of officers to residents is 1.85 per 1,000, although the current ratio is approximately 1.3 per 1,000. The Modesto Police Department has indicated that it has the ability to provide adequate service to the project site.

14. FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. Impacts on fire services of development in these areas will be less than significant.

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. This impact would be less than significant.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study.

Fire Services mitigation measure(s) pertinent to the proposed project are found on pages V-14-2 through V-14-5 of the MEIR. All feasible measures appropriate to the project that will be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the MEIR are required to be applied to the project. No new or additional mitigation measures or alternatives are required for the project. The project will incorporate appropriate conditions of approval that satisfy City development standards.

c. Project-Specific Effects

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

Discussion:

(1) The subject site is designated as Industrial in the Modesto Urban Area General Plan and is located in an area that is developed with industrial uses. The annexation and proposed Vesting Tentative Subdivision Map are consistent with the City's General Plan.

(2) The Woodland Fire Protection District currently provides fire protection to the project site. The site must detach from the Woodland Fire Protection District and attach to the City of Modesto Fire Department service area as part of annexation, which will result in a reduction in revenue to the Woodland Fire Protection District (WFPD). The Local Agency Formation Commission has requested a financial analysis be included as part of the environmental review, however, the project site lies within the City of Modesto's Sphere of Influence and is anticipated in the City's General Plan and Master EIR to eventually annex to the City of Modesto and the City's service areas. Although the Woodland Fire Protection District would lose the revenue produced by these 3.19 acres, the WFPD can replace that revenue by increasing the assessment on the properties in its remaining service area. Additionally, the City of Modesto responds to emergency calls in this County island, providing redundancy and improving overall fire protection service to the island, therefore, no physical environmental impact on fire protection service would result from detachment from the WFPD and attachment to the Modesto Fire Department's service area. Further, reducing or eliminating the services provided by the WFPD to isolated pockets would be more cost-effective and efficient than providing services to disparate areas. The Modesto Fire Department has indicated that it can provide adequate service to the subject site. Future development on the site will be required to meet all City Fire safety requirements. Financial impacts on the Woodland Fire Protection District are not a CEQA concern.

15. SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: Since the project would exceed available landfill capacity, it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. The project will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. The impact would be less than significant at such time as the Fink Road Landfill expansion is approved.

Effect: The project makes a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. This impact is significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid Waste Mitigation Measure(s) pertinent to the proposed project are found on pages V-15-3 through V-15-6 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project.

Discussion:

No mitigation measures from the MEIR are required to be applied to the project. No new or additional mitigation measures or alternatives are required for the project. The project will incorporate appropriate conditions of approval that satisfy City development standards.

c. Project-Specific Effects

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity.	☐	X

Discussion:

(1) The subject site is designated Industrial in the Modesto Urban Area General Plan. The site is located in an area that is developed with industrial uses. The annexation and prezone and expected future industrial development are consistent with the City's General Plan.

(2) This project was referred to the Solid Waste Division of the City's Department of Public Works, which had no comment regarding this project's impact on solid waste disposal capacity.

16. HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less than significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under Federal, State, and County policies and regulations and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to this document.

Hazardous Materials Mitigation Measures pertinent to the project being analyzed in this Initial Study are found on pages V-16-5 through V-16-12 in the MEIR. Because the property is planned for industrial uses, it is possible that future property owners or building tenants may have hazardous materials on site. Mitigation measures from the MEIR will be applied to the Vesting Tentative Subdivision Map to ensure compliance will all appropriate regulations. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

Actions to approve the annexation, prezoning, and Vesting Tentative Subdivision Map do not require mitigation measures for hazardous materials, as these approvals do not generate hazardous materials. No new or additional mitigation measures or alternatives are required for the project. The project will incorporate appropriate conditions of approval that satisfy City development standards.

c. Project-Specific Effects

Section V-16.B of the MEIR provides analysis of hazardous materials impacts due to development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with all applicable Federal, State, and County standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	☐	X
(3)	The project contains a contaminated site not identified as of March 2003.	☐	X
(4)	The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	X
(5)	The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	☐	X

Discussion:

(1) The subject site is designated as Industrial in the Modesto Urban Area General Plan and is located in an area that is developed with industrial uses. The project and future light industrial development expected to occur on the site are consistent with the City's General Plan.

(2) Because the property is planned for light industrial uses, it is possible that future property owners or building tenants may have hazardous materials on site other than those normally expected in offices. The Vesting Tentative Subdivision Map will be conditioned ensure that any hazardous materials used on site are properly identified, handled, and stored.

(3-5) The City's Final Master Environmental Impact Report lists hazardous materials sites and this project is not on or near any of those sites. Additionally, the property lies more than ¼ mile from the nearest school.

17. LANDSLIDES AND SEISMIC ACTIVITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, the project impact will be less than significant.

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, the project impact will be less than significant.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-5 through V-17-7 in the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

Discussion:

Mitigation measures pertinent to the project are found on pages V-17-5 through V-16-12 in the MEIR. No new or additional mitigation measures or alternatives are required for the project. The project will incorporate appropriate conditions of approval that satisfy City development standards.

c. Project-Specific Effects

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse.	☐	X

Discussion:

(1) The subject site is designated as Industrial in the Modesto Urban Area General Plan and is located in an area that is developed with industrial uses. The annexation and Vesting Tentative Subdivision Map are consistent with the City's General Plan.

(2) According to the MEIR's physical description of the General Plan study area, the site is not located in area subject to landslide, lateral spreading, subsidence, liquefaction or collapse.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less than significant.

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kiloWatt hours (kWh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. The impact is less than significant.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

Discussion:

No mitigation measures from the MEIR are required to be applied to the project. No new or additional mitigation measures or alternatives are required for the project. The project will incorporate appropriate conditions of approval that satisfy City development standards

c. Project-Specific Effects

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

Discussion:

(1) The subject site is designated as Industrial in the Modesto Urban Area General Plan. It is located in an area that is developed with industrial uses. The annexation and Vesting Tentative Subdivision Map are consistent with the City's General Plan.

Parking areas that will eventually be created to serve future development will be required to contain shade trees as required in the Modesto Municipal Code. Enforcement will occur through site plan review when building permits are applied for.

19. PLANNING AND LAND USE

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project includes a substantive amendment to the Modesto Urban Area General Plan.	☐	X
(3)	The project would physically divide an established community.	☐	X

Discussion:

(1) The subject site is designated as Industrial in the Modesto Urban Area General Plan and is located in an area developed with industrial uses. Annexation is consistent with expansion of the City described in the General Plan. The site has been prezoned to (P)M-1, Light Industrial. Light Industrial uses consistent with the Industrial designation will be developed on the property.

(2) The project involves annexation to the City consistent with expansion of the City anticipated in the General Plan. No amendment to the Modesto Urban Area General Plan is proposed.

(3) The project is an expansion of an existing industrial area; no community will be divided as part of this proposal, although five existing residences and their accessory structures will be constructed. This is consistent with development anticipated in the Urban Area General Plan.

20. AESTHETICS

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would have a substantial adverse effect on a scenic vista.	☐	X
(3)	The project would substantially degrade the existing visual character or quality of the project site and its surroundings.	☐	X
(4)	The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area.	☐	X

Discussion:

(1) The subject site is designated as Industrial in the Modesto Urban Area General Plan and is located in an area developed with industrial uses. Annexation would have no effect on aesthetics, however, eventual development on the site would change the character of the site from a low-density residential area to a light industrial or business park development.

(2-4) The project is located within an established industrial area and there are no scenic vistas of or from the area. The expansion of the existing light industrial area is consistent with the type of development in the area.

V. MITIGATION MEASURES APPLIED TO THE PROJECT

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to CEQA Section 21157.1 (c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

Traffic and Circulation Measures:

None.

Air Quality Measures:

Mitigation Measure Air-1: PM10 Control Measures (page V-2-24 of the MEIR)

1. SJVUAPCD Regulation VIII Control Measures for Construction Emissions of PM-10. The following controls are required to be implemented at all construction sites:

   a. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover

   b. All on-site unpaved roads and off-site unpaved access roads shall be effectively stabilized of dust emissions using water or chemical stabilizer/suppressant.

   c. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

   d. With the demolition of buildings up to six stories in height, all exterior surfaces of the building shall be wetted during demolition.

   e. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

   f. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. *(the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)*

g. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

h. Within urban areas, trackout shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

i. Any site with 150 or more vehicle trips per day shall prevent carryout and trackout.

Noise Measures:

None

Agricultural Land Measures:

None

Water Supply Measures:

None

Sanitary Sewer Service Measures:

None

Sensitive Wildlife and Plant Habitat Measures:

None

Archaeological or Historic Sites Measures:

None

Storm Drainage Measures:

Mitigation Measure SD-4 (page V-9-4 of the MEIR)

Plans and specifications for new stormwater facilities within the City of Modesto are reviewed and approved by the engineering and Transportation Department. Development of stormwater drainage facilities must be in compliance with the requirements for the installation of Best Management Practices (BMPs) as defined in the City's Comprehensive Stormwater Management Program (CSMP), and as outlined in the City of Modesto Design Standards for Dual Use Flood Control/Recreation Facilities, adopted December 12, 2000.

Mitigation Measure SD-5 (page V-9-4 of the MEIR)

Two-thirds of the Baseline Developed Area is served by underground injection of urban runoff, commonly termed "rockwells." New rockwells will be discouraged within the Baseline Developed Area. Instead, new storm drainage in the Baseline Developed Area shall be by means of appositive storm drainage systems unless the proposed service area is so isolated from surface waters that it is infeasi8ble to provide positive drainage.

The new storm drainage facilities shall consider the drainage facility requirements presented in Table 9-1 of the Master EIR. This policy applies to both positive storm drainage systems and to new rockwells (which are generally discouraged) in the Baseline Developed Area. (General Plan Policy V-E.2[a])

Mitigation Measure SD-6 (page V-9-4 of the MEIR)

The Modesto Irrigation District shall be consulted during the preparation of drainage studies required by the Urban Area General Plan. (General Plan Policy V-E.2[b])

Mitigation Measure SD-7 (page V-9-4 of the MEIR)

The City of Modesto shall prevent water pollution from urban storm runoff as established by the Central Valley Regional Water Quality Control Board for surface discharges and Environmental Protection Agency for underground injection. (General Plan Policy V-E.2[c])

Mitigation Measure SD-8 (page V-9-4 of the MEIR)

Storm water drainage facilities shall be constructed, operated, maintained, and replaced in a manner that will provide the best possible service to the public, given the financial abilities and constraints of the City and of the private sector alike. In developing implementation plans, consideration shall be given to rehabilitation of existing facilities, remediation of developed areas with inadequate levels of drainage service, and the timely expansion of the system for future development. (General Plan Policy V-E.2[d])

Flooding and Water Quality Measures:

None

Parks and Open Space Measures:

None

Schools Measures:

Police Services:

None

Fire Services:

None

Generation of Solid Waste

None

Generation of Hazardous Materials

Mitigation Measure HM-3 (page V-16-5 of the MEIR)

Hazardous Materials Release Response Plans and Inventory Act of 1985.

The Hazardous Materials Release Response Plans and Inventory Act (Section 25500 et seq. of the Health and Safety Code, also known as the Business Plan Act), requires businesses using hazardous materials to prepare a plan that describes their facilities, inventories materials and sets of emergency response plans, and training programs. Hazardous materials are defined as raw or unused materials that are part of a process or manufacturing step, and they are not considered hazardous wastes. Health concerns pertaining to the release of hazardous materials, however, a similar to those relating to hazardous wastes. Often, the facilities subject to this act also generate hazardous wastes. Reports are filed with Stanislaus County. The required plan also informs emergency responders of hazardous materials.

Mitigation Measure HM-10 (page V-16-7 of the MEIR)

The California Environmental Protection Agency is authorized to endow qualifying local agencies with oversight and permitting responsibility for certain state programs. The Unified Program was created by state legislation in 1993 to consolidate, coordinate, and make consistent the administrative requirements, permits, inspections, and enforcement activities for the following environmental and emergency management programs:

a. Hazardous Materials Release Response Plans and Inventories (Business Plans)
b. California Accidental Release Prevention (CalARP) Program
c. UST Program
d. Aboveground Petroleum Storage Act Requirements for Spill Prevention, Control and Countermeasure (SPCC) Plans
e. Hazardous Waste Generator and Onsite Hazardous Waste Treatments (tiered permitting) Programs
f. California Uniform Fire Code: Hazardous Material Management Plans and Hazardous Material Inventory Statements

Mitigation Measure HM-12 (page V-16-8 of the MEIR)

Stanislaus County is a Certified Unified Program Agency authorized to administer a number of state programs at the local level. It regulates hazardous materials within its incorporated (including Modesto) and unincorporated areas. The County's role includes the following (Stanislaus County 2002):

1. Implement Risk Management and Prevention laws to minimize chemical releases in the community.
2. Maintain hazardous materials response team to assist police and fire agencies during transportation and industrial accidents involving chemical spills.
3. Prepare and implement county's Area Plan for emergency response to chemical spills in the community.
4. Permit and inspect removal of USTs.
5. Permit and monitor new USTs.
6. Oversee site investigation for soil and ground water contamination and clean-up.
7. Inspect hazardous waste generators.
8. Review procedures for storage, treatment and disposal of hazardous wastes.
9. Prepare and implement the county Hazardous Waste Management Plan.
10. Develop and implement the county Household Hazardous Waste collection program.
11. Inspect medical facilities to ensure compliance with state medical waste management laws.
12. Implement hazardous materials disclosure laws (business plans) to ensure access to information about chemicals handled by businesses.

Mitigation Measure HM-13 (page V-16-9 of the MEIR)

The City shall comply with all existing federal and state laws, which regulate the generation, transportation, storage, and disposal of hazardous materials (General Plan Policy V-M.2[a]).

Potential for Landslides and Seismic Activity

Mitigation Measure LSA-9 (page V-17-6 of the MEIR)

The City shall continue to require all new buildings in the City to be built under the seismic requirements of the Uniform Building Code, 1979 (or subsequent) edition. (General Plan Policy VI-B.2[b])

Mitigation Measure LSA-11 (page V-17-7 of the MEIR)

Any construction which occurs as a result of the Urban Area General Plan must conform with the current UBC regulations, which address seismic safety of new structures and slope requirements. As appropriate, the City will require a geotechnical analysis prior to tentative map review in order to ascertain site-specific subsurface information necessary to estimate foundation conditions. These geotechnical studies should reference and make use of the most recent regional geologic maps available from the California Department of Conservation Division of Mines and Geology. (General Plan Policy VI.E.1[a])

Energy

None

Planning and Land Use

None

Aesthetics

None

B. Recommended Conditions of Project Approval

1. The Vesting Tentative Subdivision Map application cannot proceed to Planning Commission until the annexation process is complete.

2. Prior to approval of the Vesting Tentative Subdivision Map or the issuance of any building permits, storm water control facilities must be constructed that meets City standards and as approved by the Director of Public Works.

3. The property must be annexed to Modesto Municipal Sewer District #1. Sewer service shall be taken from Lone Palm Avenue.

4. Storm water quality and runoff from the site must be mitigated. Development guidelines must be followed.

5. Improvement plans shall be prepared by a California-licensed civil engineer and in accordance with City of Modesto standards.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-532

A RESOLUTION ACCEPTING THE REPORT OF THE PUBLIC WORKS DIRECTOR REGARDING THE DEMOLITION AND ABATEMENT OF THE DANGEROUS BUILDING OWNED BY MR. VERLON STARKEY, AT 1315 D STREET, LOCATED ON PROPERTY COMMONLY KNOWN AS 401 14TH STREET, DECLARING THE DEMOLITION AND ABATEMENT COMPLETE, ACCEPTING THE EXPENSES INCURRED, AUTHORIZING THE ASSESSMENT OF CHARGES IN THE AMOUNT OF $6,542.08, AND ASSESSING THE CHARGE TO MR. STARKEY AS A PERSONAL OBLIGATION.

WHEREAS, the auto shop and attached carport at 1315 D Street, located on property known as 401 14th Street, was determined to be substandard following an inspection on June 19, 2006, and

WHEREAS, this commercial structure had been empty for almost five years, and

WHEREAS, fire damage to the roof caused it to sag, which caused the exterior walls of the building to be pushed out of plumb, and

WHEREAS, the exterior walls also received severe damage as a result of a car accident and the attached carport had been vandalized, making it a "lean-to" for the homeless to sleep under, and

WHEREAS, on July 3, 2006 a Notice and Order was issued declaring the building to be dangerous per Chapter 2, Section 202 and Chapter 3, Section 302 of the City of Modesto Dangerous Buildings Code, and

WHEREAS, in the Notice, Mr. Verlon Starkey, the owner, was required to obtain the appropriate permits for the demolition of the building within 60 days and to physically commence work, with demolition to be completed by August 28, 2006, and

WHEREAS, Mr. Starkey failed to respond the Notice and Order and this matter went before the Board of Building Appeals (Board) on September 21, 2006, where Mr. Starkey and Supervising Building Inspector Bert Lippert both gave testimony, and

WHEREAS, on January 16, 2007, the Board issued a Notice of Decision and Order Declaring Nuisance and directing the owner to abate said nuisance within 30 days , and

WHEREAS, Mr. Starkey failed to comply with the Decision and Order to demolish the property within 30 days and the City proceeded to obtain demolition bids, and

WHEREAS, City entered into a contract for services with the lowest bidder, Accelerated Concrete Cutting, and

WHEREAS, in late March 2007 City requested permission from Mr. Starkey to enter the property for the purpose of demolishing the structure and Mr. Starkey refused to grant access to the property, and

WHEREAS, City took further action and applied for an Inspection Warrant from the Superior Court of California, County of Stanislaus, which was issued on April 2, 2007 giving the City fourteen (14) days to perform the demolition, and

WHEREAS, the demolition was performed by Accelerated Concrete Cutting on April 5, 2007 and the property has now been abated of the nuisance by the demolition of the dangerous building, and

WHEREAS, City has incurred $6,542.08 for the demolition and abatement of the property as follows:

Demolition	$3,400.00
Title Search	$ 75.00
Inspection Costs	$ 110.80
Board Hearing Costs	$ 1171.78
Notice & Order Costs	$ 539.68

Postage Costs	$ 23.20
Notary Fees	$ 30.00
Notice to Abate Costs	$ 68.04
Certificate of Existence	$ 69.56
Inspection Warrant Costs	$1,054.02
TOTAL COSTS	$6,542.08

, and

WHEREAS, all costs and expenses incurred by the City for the inspection, Notice and Order, Board of Building Appeals Hearing, Decision and Order, Inspection Warrant, demolition, and Confirmation of Cost Hearing before the City Council for 1315 D Street, Modesto, California are allowed by Chapter 9 of the Dangerous Buildings Code of the City of Modesto Sections 901, 902, 903, and 904 for reimbursement, and

WHEREAS, these sections require a hearing for the confirmation of costs be presented before the City Council for consideration, and

WHEREAS, a duly noticed public hearing was held by the Council on September 4, 2007 at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing all interested persons were given the opportunity to be heard relative to the proposal of accepting the report of the Public Works Director regarding the demolition and abatement of the dangerous building owned by Mr. Verlon Starkey, at 1315 D Street, located on property commonly known as 401 14th Street, declaring the demolition and abatement complete, accepting the expenses incurred, authorizing the assessment of charges in the amount of $6,542.08, and assessing the charge to Mr. Starkey as a personal obligation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the report of the Public Works Director regarding the demolition and abatement of the dangerous building owned by Mr. Verlon Starkey, at 1315 D Street, located on property commonly known as 401 14th Street.

BE IT FURTHER RESOLVED by the Council that it hereby declares the demolition and abatement to be complete.

BE IT FURTHER RESOLVED by the Council that it hereby accepts the expenses incurred.

BE IT FURTHER RESOLVED by Council that it hereby authorizes the assessment of charges in the amount of $6,542.08, and assess the charge to Mr. Starkey as a personal obligation.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of September, 2007, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-533

A RESOLUTION ACCEPTING THE PUBLIC IMPROVEMENTS FOR THE HACIENDA DEL SOL PHASE I SUBDIVISION, IN THE VILLAGE ONE SPECIFIC PLAN AREA, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION AND TO RELEASE SECURITIES UPON EXPIRATION OF STATUTORY PERIODS.

WHEREAS, Hashem Naraghi, Trustee of the Nora Naraghi Separate Property Trust, and Centex Homes, a Nevada General Partnership, are the subdivider of the HACIENDA DEL SOL PHASE I SUBDIVISION ("SUBDIVISION"), and

WHEREAS, Hashem Naraghi, Trustee of the Nora Naraghi Separate Property Trust, and Centex Homes, a Nevada General Partnership, have filed irrevocable subdivision bonds to secure faithful performance and payment for labor and materials in the amounts of $900,268.00 and $450,134.00, respectively, and

WHEREAS, Hashem Naraghi, Trustee of the Nora Naraghi Separate Property Trust, and Centex Homes, a Nevada General Partnership, have filed a warranty bond in the amount of $90,026.80 to guarantee public improvements in the SUBDIVISION, and

WHEREAS, the Public Works Director, in a memorandum to Council, indicates that all work required by the Subdivision Agreement has been completed to the satisfaction of the Public Works Department, and

WHEREAS, the Public Works Director has indicated that it would be in order for the City Council to accept the public improvements in the SUBDIVISION as complete, authorize the City Clerk to file a Notice of Completion, and to release the securities upon expiration of the statutory periods,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The public improvements in the SUBDIVISION are hereby accepted and the City Clerk is hereby authorized to file a Notice of Completion for the public improvements.

2. The City Clerk is hereby authorized to release the subdivision bond for faithful performance in the amount of $900,268.00 upon recordation of the Notice of Completion.

3. The City Clerk is hereby authorized to release the subdivision bond for labor and materials in the amount of $450,134.00 sixty (60) days after recordation of the Notice of Completion, provided no claim is made thereon.

4. The City Clerk is hereby authorized to release the warranty bond to guarantee SUBDIVISION improvements in the amount of $90,026.80 one year and one day after the effective date of this resolution, provided no claim is made thereon.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of September, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-536

A RESOLUTION AUTHORIZING ACCEPTING THE 2007 EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG) WITH THE U.S. DEPARTMENT OF JUSTICE, IN THE AMOUNT OF $142,462, FOR THE PROCUREMENT AND IMPLEMENTATION OF A REGIONAL CRIMINAL JUSTICE INFORMATION SHARING SYSTEM, IN PARTNERSHIP WITH THE STANISLAUS COUNTY SHERIFF'S OFFICE AND OTHER CRIMINAL JUSTICE AGENCIES IN STANISLAUS COUNTY, AND AUTHORIZING THE POLICE CHIEF TO EXECUTE THE NECESSARY DOCUMENTS.

WHEREAS, ON June 26, 2007 the City Council, by Resolution No. 2007-372, authorized submittal of an application to the U.S. Department of Justice for the 2007 Edward Byrne Memorial Justice Assistance Grant (JAG), and

WHEREAS, on August 21, 2007, the U.S. Department of Justice (DOJ) notified the Modesto Police Department that it was awarded the 2007 Edward Byrne Memorial Justice Assistance Grant, for the procurement and implementation of a Regional Criminal Justice Information Sharing System, in partnership with the Stanislaus County Sheriff's Office and other criminal justice agencies in Stanislaus County, and

WHEREAS, funds provided by the JAG Grant will allow the Modesto Police Department the technology to not only share criminal justice information between agencies in Stanislaus County but it will eventually link to other regional criminal justice information sharing systems creating a Criminal Justice Information Network spanning up and down the west coast and across the country, linking regional, state, and federal agencies, and

WHEREAS, the total grant will be $142,462, and

WHEREAS, there is no local match required for this grant, and

WHEREAS, a separate CIP account will be set up in the Information Technology Fund, within the CAD/RMS/COPLINK "Suite" of accounts as follows:

Appropriate:

To:	7130-070-MXXX-3508	$142,462	2007 Edward Byrne Justice Assistance Grant

Revenue:

To:	7130-070-MXXX-6040	$142,462	Grant Revenue

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes accepting the 2007 Edward Byrne Memorial Justice Assistance Grant (JAG) with the U.S. Department of Justice, in the amount of $142,462, for the procurement and implementation of a Regional Criminal Justice Information Sharing System, in parternship with the Stanislaus County Sheriff's Office and other criminal justice agencies in Stanislaus County,

BE IT FURTHER RESOLVED that the Police Chief is hereby authorized to execute the necessary documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of September, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-538

A RESOLUTION APPROVING THE PROJECT, INCLUDING PLANS AND SPECIFICATIONS FOR THE PROJECT TITLED "KING KENNEDY MEMORIAL CENTER ROOF REPLACEMENT", ACCEPTING THE LOW BID AND APPROVING A $47,242.00 CONTRACT WITH SKYLINES ROOFING, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the project titled "King Kennedy Memorial Center Roof Replacement" and City staff recommends approval by the City Council, and

WHEREAS, the bids received for "King Kennedy Memorial Center Roof Replacement" were opened at 11:00 a.m. on August 14, 2007, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of $47,242.00 received from Skylines Roofing be accepted as the lowest responsible bid and the contract be awarded to Skylines Roofing,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the project plans and specifications for the project titled "King Kennedy Memorial Center Roof Replacement," and accepts the bid of Skylines Roofing in the amount of $47,242.00, and hereby awards Skylines Roofing the contract titled "King Kennedy Memorial Center Roof Replacement."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of September 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-539

A RESOLUTION AUTHORIZING THE MODESTO IRRIGATION DISTRICT TO EXECUTE AN AGREEMENT WITH ALLANA, BUICK, AND BERS FOR AN AMOUNT NOT TO EXCEED $733,700, TO PREPARE PLANS & SPECIFICATIONS, AND PROVIDE CONSTRUCTION PHASE SERVICES TO CORRECT WATER INTRUSION PROBLEMS AND EXTERIOR SIDING DAMAGE TO THE EXISTING MODESTO REGIONAL WATER TREATMENT PLANT AND TERMINAL RESERVOIR/PUMP STATION BUILDINGS

WHEREAS, the City and the Modesto Irrigation District (MID) have been working together for several years planning the Modesto Regional Water Treatment Plant (MRWTP) Phase Two Expansion project, which will increase its existing annual average production capacity from 30 million gallons per day (mgd) to 60 mgd, and

WHEREAS, this expansion project is now in the early stages of construction and is expected to be completed in late 2009, and

WHEREAS, over the years, MID staff has performed various patchwork repairs on the roofs and sidings of some of the existing buildings at the MRWTP and Terminal Reservoir/Pump Station, and

WHEREAS, in January 2007, MID hired the firm of Allana, Buick, and Bers (ABB), a building waterproofing consulting firm, to conduct waterproofing consultation services related to the water intrusion problem and woodpecker damage to the "Exterior Insulation Finish System" (EIFS) siding, and

WHEREAS, ABB's evaluation concluded that a significant amount of repair work is needed on all of the existing buildings, and

WHEREAS, in general, and based on extensive field investigations and testing, ABB recommends that a "Full EIFS Repair & Full Roof Replacement" occur, and

WHEREAS, this is the Technical Committee's preferred option and recommended action because it is a long-term comprehensive fix that will eliminate the problems, and

WHEREAS, the scope of work includes the following major elements: 1) Remove and replace gutters, downspouts, and sheet metal valley assemblies; 2) Detach, remove and reinstall or replace metal roofing to install proper flashing, waterproofing, and underlayments; 3) Remove and replace EIFS bull nose, sealants and damaged areas, 4) Repair sealants at skylights and expansion joints; 5) Reshape raised 90-degree panels to deter mud swallow nesting patterns; 6) Refinish all exterior walls when necessary with a thicker and stronger material to reduce woodpecker intrusion problems and reseal each building's exterior, and

WHEREAS, as part of the analysis performed by ABB, three other repair alternatives were considered, however, the "Full EIFS Repair & Full Roof Replacement" was recommended as the optimal solution, and

WHEREAS, due to the complexities associated with this type of design work and ABB's intimate knowledge of the water intrusion problems and EIFS siding damage, the Technical Committee and Policy Committee agreed to sole source this work to ABB, and

WHEREAS, the components of ABB's work will include: 1) Preparing plans and specifications for the building envelopes of the MRWTP and Terminal Reservoir/Pump Station facilities and providing bidding phase services in an amount not to exceed $167,000; 2) Providing construction administrative and project management services, which includes full-time construction monitoring services (including an allowance of $35,000 for air sampling and hazardous materials abatement, if needed), in an amount not

to exceed $500,000; and 3) Including, due to unknown conditions, a 10% MID-controlled contingency for all services, in an amount not to exceed $66,700, for a total cost of all services not to exceed $733,700, and

WHEREAS, City staff believes that the costs for these services are reasonable and competitive as ABB's fees, which include full-time inspection, are projected to be between 11% and 13.5% of the cost of construction, ABB's intimate knowledge of the water intrusion problems and EIFS siding damage, and EIFS design and repair is a specialized service and requires the retention of a firm, such as ABB, with this specialized forensic and design experience, and

WHEREAS, as with many other aspects of this project, MID will initially front the costs for the items described in this report (i.e. design, construction management, construction, etc.), but will be reimbursed by the City pursuant to the terms and conditions of the Amended and Restated Treatment and Delivery Agreement, and

WHEREAS, per the Amended and Restated Treatment and Delivery Agreement approved by the Council of the City of Modesto on October 11, 2005, by Resolution No. 2005-516, MID will initially front the costs for the items described in the agenda report, but they will be reimbursed from the City for such costs once the project's financing structure is in place,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes Modesto Irrigation District to execute an Agreement with Allana, Buick, and Bers for an amount not to exceed $733,700, to prepare plans & specifications, and provide Construction Phase Services to correct water intrusion

problems and exterior siding damage to the existing Modesto Regional Water Treatment Plant and Terminal Reservoir/Pump Station buildings.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of September, 2007 by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-540

A RESOLUTION ACCEPTING THE KAISER REMOTE OFF-SITE IMPROVEMENTS PROJECT, AND AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION

WHEREAS, the City Council, by Ordinance No. 3357-C.S., which became effective on October 8, 2004, approved the Development Agreement between the City of Modesto and Kaiser Foundation Hospitals for the development of Kaiser Modesto Medical Center/Cornerstone Business Park located in the Kiernan Business Park Specific Plan (DEVELOPMENT), and

WHEREAS, as a condition of said Development Agreement, Kaiser Foundation Hospitals (DEVELOPER) was to construct all identified Public Improvements located within the DEVELOPMENT and certain Remote Off-Site Improvements (IMPROVEMENTS) identified within the Development Agreement, and

WHEREAS, the Construction Administration Office, in a memorandum to staff, indicates that said IMPROVEMENTS have been completed to the satisfaction of the Public Works Department, and

WHEREAS, DEVELOPER has provided a warranty for said IMPROVEMENTS, and

WHEREAS, the Construction Administration Office has indicated that it would be in order for the City Council to accept said IMPROVEMENTS as complete, and authorize the City Clerk to record a Notice of Completion,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Kaiser Remote Off-Site Improvements Project is hereby accepted,

BE IT FURTHER RESOLVED that the City Clerk, or her designee, is hereby authorized to file a Notice of Completion.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of September 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-541

A RESOLUTION APPROVING A CONSULTANT AGREEMENT WITH HARRIS & ASSOCIATES FOR ON-CALL CONSTRUCTION MANAGEMENT SERVICES FOR VARIOUS CAPITAL IMPROVEMENT BUILDING PROJECTS AND A MULTI-YEAR OPERATING ORGANIZATION PROJECT IN THE NOT-TO-EXCEED AMOUNT OF $199,160, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City has ongoing construction and future building projects for new construction, renovation, and rehabilitation, and

WHEREAS, the growth in the Capital Improvement Program has hindered construction management and inspection of construction projects as well as encroachment permits and subdivisions, and

WHEREAS, due to two current construction inspector vacancies these services are needed to support various Capital Improvement Projects (CIPs) in the City's Capital Improvement Program and a Multi-year Operating Organization Project, and

WHEREAS, various Capital Improvement Building Projects and a Multi-year Operating Organization Project have been grouped together to provide economy of scale and obtain a lower cost for services, and

WHEREAS, Harris & Associates is well qualified to perform On-Call Construction Management Support Services and has performed such services for various public agencies several times in the past and has demonstrated satisfactory services to the City on past projects, and

WHEREAS, the Public Works Department has insufficient staffing at this time to perform such services, and

WHEREAS, current staffing will not provide for timely in-house construction management, and

WHEREAS, on August 21, 2007, the City Manager approved a one-month Agreement in the amount of $29,600 with Harris & Associates for On-Call Construction Management Services for the City of Modesto's various CIP Projects to provide a full-time inspector during the gap period of taking this larger agreement to Council, and

WHEREAS, in August of 2007, Harris & Associates submitted a separate fee and scope for On-Call Construction Management Services in the amount of $199,160 to continue services, and

WHEREAS, the consultant will submit a written scope of services outlining the specific work, schedule and cost estimate associated with each task order, and

WHEREAS, the consultant will perform no services until Capital Improvement Services (CIS) management has approved the proposed specific task order and a written Notice to Proceed (NTP) is prepared and sent to the consultant prior to commencement of services, and

WHEREAS, to fund consultant work for specific task orders, funds will be budgeted and encumbered against each project specific CIP account, or multi-year operating organization, as the project is assigned, and

WHEREAS, consultant invoices are to be paid from each project specific CIP, or multi-year operating organization on a task order basis received and verified by CIS staff, and

WHEREAS, a Consultant Agreement with Harris & Associates for On-Call Construction Management Services in the not-to-exceed amount of $199,160 for various Capital Improvement Projects and a multi-year operating organization project is necessary in order to complete the following projects: 1) Neighborhood Center Marshall

Park; 2) King Kennedy Memorial Center/Auditorium Phase II; 3) Water Quality Control Lab Remodel; and 4) King Kennedy Memorial Center Roof Replacement,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Consultant Agreement with Harris & Associates for On-Call Construction Management Services for various Capital Improvement building Projects and a Multi-year Operating Organization Project, in the not-to-exceed amount of $199,160.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of September, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007–542

A RESOLUTION DIRECTING THE SINGLE DEPARTMENT STRUCTURE BE RETAINED WITH AN INTERNAL REORGANIZATION ONLY OF THE PUBLIC WORKS DEPARTMENT AS AN INTERMEDIATE STEP TOWARD CREATING TWO DEPARTMENTS, WITH THE CONDITION THAT ANY STEPS TOWARDS CREATING TWO DEPARTMENTS BE RETURNED TO COUNCIL FOR CONSIDERATION.

WHEREAS, the policy issue related to reorganization of the Public Works Department (PW) was first presented to the Finance Committee in February 2007, and

WHEREAS, since that time the reorganization has been discussed with the Finance Committee on March 29, April 23, and May 16, 2007 during the budget hearings, and

WHEREAS, at the final adoption of the 2007-08 budget on May 22, 2007, Council directed staff to implement an initial phase of the Public Works Reorganization (Reorganization) by transferring all land development functions and personnel to the Community and Economic Development Department effective July 1, 2007, and

WHEREAS, the proposal presented to Council on September 11, 2007, was to obtain approval for the Reorganization, to be implemented in Phase II and Phase III as listed below:

Phase II – Preparation and splitting PW into a Municipal Utilities Department (MUD and a Transportation Department (TD) – begin with budget preparation cycle for FY 2008-09 in January 2008 to develop appropriate budget structures and identify costs in various fund proformas, addition of three new positions (department director, deputy director, and executive secretary), and begin the recruitment of new Department Director

Phase III – Creation of new departments – new departments to be established July 1, 2008, providing new directors opportunity to evaluate organizational structures and make recommendations for additional resources as part of FY 2008-09 supplemental budget cycle

, and

WHEREAS, typically small and medium-size California cities are organized as the current PW, and

WHEREAS, when populations increase beyond 100,000 it becomes difficult to effectively serve the community under this model, and

WHEREAS, larger cities generally divide their public works function between two or more departments to improve service delivery and efficiency, and

WHEREAS, Fresno, Stockton and Sacramento cities are examples of cities with the two or more department structures for public works functions, and

WHEREAS, the formation of MUD moves water, wastewater, and Stormwater utilities into one department and focuses on planning, development, and management of the City's water resources which enhances the community's quality of life, preserves water rights, facilitates economic development, and protects the environment, and

WHEREAS, the formation of TD strengthens the management and leadership direction of the City's transportation-based divisions (Airport, Transit, Traffic Engineer, Fleet Services, Urban Forestry, and Street Maintenance) and provides for more uniform management and compliance with funding and regulatory requirements needed to meet the goal of delivering safe and efficient transportation systems, and

WHEREAS, PW Reorganization is based on process that mirrors the modified Zero-Based Budget process and is consistent with recent organizational studies conducted for the City (Citygate Associates, Management Partners-Organizational Health Assessment), and

WHEREAS, the funding of $246,273 for the additional positions necessary (transportation director, deputy director, and executive secretary) are available through additional funding through various funding sources, including $50,242 from the General Fund, and

WHEREAS, as an alternative measure, staff proposed retaining the single department structure with an internal reorganization as a intermediate step towards creating two departments, and

WHEREAS, under this alternative, the utilities and transportation functions would be clearly separated into two divisions within Public Works and the engineering functions for each would be divided accordingly, and

WHEREAS, this intermediate step would create the necessary budgeting and fund structures for a future splitting of the Public Work Department, and

WHEREAS, an additional deputy director of Public Works would be needed to implement this intermediate step at a cost of $147,716 (salary/benefits), and

WHEREAS, funding for this additional deputy director position is available in the Transit, Fleet, and Airport Funds, and

WHEREAS, the Finance Committee discussed this item at its March 29, April 23, and May 16, 2007 meetings without forwarding a recommendation to Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby directs that the single department structure be retained with an internal reorganization only of the Public Works Department as an intermediate step towards creating two departments, with the condition that any steps towards creating two departments be returned to Council for consideration.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of September, 2007 by Councilmember Olsen, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carrier and the resolution adopted by the following vote:

AYES:	Councilmember:	Dunbar, Marsh, Olsen, Mayor Ridenour
NOES:	Councilmember:	Hawn, Keating

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-543

A RESOLUTION GRANTING THE APPEAL OF THE PROPERTY OWNERS RESIDING ON SCENIC COURT AND MR. & MRS. NAZI AT 905 FONTANA COURT TO A PLANNING COMMISSION DECISION APPROVING A PLOT PLAN AND VESTING TENTATIVE PARCEL MAP TO ALLOW THE CREATION OF FOUR PARCELS, INCLUDING TWO FLAG LOTS, FOR THE PROPERTY LOCATED AT 2929 SCENIC DRIVE

WHEREAS, on November 21, 2006, the secretary to the Planning Commission received an application filed by William Machado Construction, Inc. for a plot plan and vesting tentative parcel map in the R-1, Single-Family Residential Zone, to divide a 1.01 acre parcel located at 2929 Scenic Drive in to four parcels, and

WHEREAS, a public hearing was held by the Planning Commission on July 2, 2007, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary were received and considered, and

WHEREAS, the Planning Commission found and determined that the plot plan and vesting tentative parcel map as sought by William A. Machado Construction, Inc., to divide a 1.01 acre parcel into four separate parcels located on the northeast corner of Scenic Drive and Scenic Court was consistent with the General Plan of the City of Modesto, the Subdivision Map Act of the State of California, and the Modesto Municipal Code, and

WHEREAS, an appeal to the Planning Commission's approval of the application of William Machado, Construction, Inc. for a plot plan and vesting tentative parcel map in the R-1, Single-Family Residential Zone, to divide a 1.01 acre parcel into four parcels located at 2929 Scenic Drive was filed with the Office of the City Clerk by letter dated June 16, 2007, from the Property Owners residing on Scenic Court and Mr. and Mrs. Nazi at 905 Fontana Court, and

WHEREAS, said appeal was set for a public hearing before the City Council at its regular meeting place located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at 5:30 p.m. on September 11, 2007, and

WHEREAS, it takes four votes to either approve or deny a resolution, and

WHEREAS, after said public hearing the Council found and determined that said appeal to the approval of the requested plot plan and vesting tentative parcel map in the R-1, Single-Family Residential Zone, to divide a 1.01 acre parcel into 4 separate parcels, two of which were to be flag lots at 2929 Scenic Drive, should be granted for the following reason:

1. The development would not be compatible with the surrounding neighborhood under Article 5 Section 10-2.501(b), of the Modesto Municipal Code which states that the purpose and intent of the R-1 zone are to: Preserve a high degree of compatibility between adjacent R-1 uses and between R-1 and other types of development.

NOW,THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal of the property owners on Scenic Court and Mr. and Mrs. Nazi at 905 Fontana Court to the decision of the Planning Commission approving the application for a plot plan and vesting tentative parcel map in the R-1, Single-Family Residential Zone, to divide a 1.01 acre parcel into four separate parcels at 2929 Scenic Drive, is granted for the reason quoted above, and the decision of the Planning Commission is hereby denied.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES	Councilmembers:	Dunbar, Hawn, Keating, Marsh, Mayor Ridenour
NOES:	Councilmembers:	Olsen

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-544

Print

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): OMNIBUS ZONING CODE TEXT AMENDMENT 2007-1

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, the City proposes to amend certain portions of the text of its Planning and Zoning Code, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City's Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2007-15 ("Initial Study") reviewed the proposed Zoning Code Text Amendment to determine whether the project is within the scope of the project covered by the Modesto Urban Area General Plan Master EIR ("Master EIR"), and concluded that the proposed project is within the scope of the Master EIR and will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no new additional mitigation measures or

alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines beginning on August 20, 2007, the City caused to be published a 20-day notice of the City's intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on September 11, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed Omnibus Zoning Code Text Amendment, a copy of which is attached hereto as **Exhibit "A"**, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. That the proposed project is contemplated and described in the Master EIR (SCH No. 1999082041) as being within the scope of the Master EIR.

2. That the project will have no new significant effects on the environment not identified or examined in the Master EIR, and no new or additional mitigation measures are required.

3. That, as per Section 21157.1 of the Public Resources Code, no new environmental document or findings are required by the California Environmental Quality Act (CEQA).

4. That there are no specific features which are unique to the proposed project that require project specific mitigation measures. Accordingly, the certified mitigation measures identified in the Master EIR will be sufficient for this project.

5. That all feasible mitigation measures set forth in the Master EIR which are appropriate to the project have been incorporated in the project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of September 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None

EXHIBIT A

Initial Study

EA/C&ED 2007-15

City of Modesto

Finding of Conformance to General Plan Master EIR:

Initial Study C&ED No. 2007-15

For the proposed:

Omnibus Zoning Code Text Amendment 2007-1

Prepared by:
City of Modesto
Community & Economic Development Department
Planning Division

May, 2007

City of Modesto
Master EIR Initial Study Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Checklist is used in determining whether Omnibus Zoning Code Text Amendment 2006-1 is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

A. Title: Omnibus Zoning Code Text Amendment 2007-1

B. Address or Location: City of Modesto

C. Applicant: City of Modesto

D. City Contact Person: Patrick Kelly

Project Manager: Patrick Kelly
Department: Community & Economic Development Department
Phone Number: (209) 577-5268
E-mail address: pkelly@modestogov.com

E. Current General Plan Designation(s): N/A

F. Current Zoning Classification(s): N/A

G. Surrounding Land Uses: N/A

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

This project consists of a set of minor amendments to Title 10 of the Modesto Municipal Code (the Zoning Code), to implement goals of the Housing Element and accomplish the following:

1. Remove "pyramidal" provisions of the R-2 and R-3 zones, providing for minimum as well as maximum densities in these zones and increasing minimum lot size for newly created lots, and making revisions to height and setback provisions.

2. Rename the Specific Plan Overlay (SP-O) zone to the Specific Pan (S-P) zone and add provisions relating to the process for preparation of Specific Plans.

I. Other Public Agencies Whose Approval is Required:

None

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. X **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.

   D. Based on the Initial Study, the City of Modesto finds and determines:
      a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
      b) No new or additional mitigation measures or alternatives are required.

   E. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

2. ___ **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3. ___ **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

A. The type of project is described in Chapter II of the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

Patrick Kelly, Project Manager	Principal Planner	May 30, 2007
	Title	Date

4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met, Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	☒	☐
(2)	City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template.	☒	☐
(3)	Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	☒	☐

(4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources. ☒ ☐

(5) The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan. ☒ ☐

(6) Development within the project will comply with all mitigation measures identified in the General Plan Master EIR. ☒ ☐

Discussion: N/A

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any no response must be discussed.

		YES	NO
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	☒	☐
(2)	This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings: .	☒	☐
(3)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	☒	☐
(4)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available.	☒	☐
(5)	Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development.	☒	☐

Discussion:

(2) The project is a minor amendment to the Zoning Code. The Zoning Code is implicit in the General Plan and none of the topics of the proposed amendment will alter the Code in such a fashion as to create new environmental issues.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR.

Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 buildout of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable traffic and circulation impacts:

Effect: Increased traffic will result in certain roadway segments operating at LOS D or worse.

Effect: The Substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of an LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures that are pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

		YES	NO
(1)	The project exceeds the Master EIRs traffic generation assumptions for this site and City Engineering and Transportation staff has determined that the project would have additional project-specific effects that are not avoided or reduced by the Master EIRs program of mitigation measures.	☐	☒
(2)	Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).	☐	☒
(3)	Result in inadequate emergency access.	☐	☒
(4)	Result in inadequate parking capacity.	☐	☒

Discussion:

1-4. The project is a minor amendment to the Zoning Code and will have no effect on traffic and transportation issues.

2. AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. This is a significant and unavoidable impact.

Effect: Projected traffic levels will result in increased ROG and NOX levels in the project area. This is a significant and unavoidable impact.

These are also cumulative impacts on air quality.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.	☐	☒
(2)	The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	☐	☒
(3)	The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	☐	☒
(4)	The project would expose sensitive receptors to substantial pollutant concentrations.	☐	☒
(5)	The project would create objectionable odors affecting a substantial number of people.	☐	☒

Discussion:

1-5. The project is a minor amendment to the Zoning Code and will have no effect on air quality issues.

3. NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in exceedances of the City's Noise Significance Standards (see Table 3-3 of the MEIR).

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. and any new measures are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	☒
(2)	The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.	☐	☒
(3)	The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	☒
(4)	The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.	☐	☒

Discussion:

1-4. The project is a minor amendment to the Zoning Code and will have no effect on noise issues.

4. AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 of the MEIR. All feasible measures appropriate to the

project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	The project will directly result in the development of land outside the March 2003 planning area boundaries.	☐	☒
(3)	The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract.	☐	☒
(4)	The project will Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use.	☐	☒

Discussion:

1-4. The project is a minor amendment to the Zoning Code and will have no effect on agricultural land.

5. WATER SUPPLY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. This is a less-than-significant impact.

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be

conducted under CEQA. Consequently, the potential environmental impacts of the Urban Area General Plan are considered less than significant.

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. This is a significant and unavoidable cumulative impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed.	☐	☒

Discussion:

1-2. The project is a minor amendment to the Zoning Code and will have no effect on water supply issues.

6. SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction

activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. As a result, this impact would be less than significant.

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. This is a less-than-significant impact.

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-6-4 through V-6-7 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	☒

Discussion:

1-2. The project is a minor amendment to the Zoning Code and will have no effect on wastewater issues.

7. SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less than significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species.	☐	☒
(3)	Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	☒

Discussion:

1-3. The project is a minor amendment to the Zoning Code and will have no effect on wildlife or plant habitat.

8. ARCHAEOLOGICAL OR HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site.	☐	☒

Discussion:

1-2. The project is a minor amendment to the Zoning Code and will have no effect on cultural resources.

9. STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered less than significant.

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.	☐	☒
(3)	Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	☒

Discussion:

1-3. The project is a minor amendment to the Zoning Code and will have no effect on storm water runoff.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less than significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less than significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	☐	☒
(3)	The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	☐	☒
(4)	The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	☒

Discussion:

1-4. The project is a minor amendment to the Zoning Code and will have no effect on flooding and water quality issues.

11. PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. Impacts on parks and open space will be less than significant.

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code

Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. This impact is less than significant.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒

Discussion:

1. The project is a minor amendment to the Zoning Code and will have no effect on parks and open space issues.

12. SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan.). As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools.	☐	☒

Discussion:

1-2. The project is a minor amendment to the Zoning Code and will have no effect on schools.

13. POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. The impact is less than significant.

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. These policies reduce the impact to a less-than-significant level.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	☒

Discussion:

1-2. The project is a minor amendment to the Zoning Code and will have no effect on police services issues.

14. FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. Impacts on fire services of development in these areas will be less than significant.

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. This impact would be less than significant.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	☒

Discussion:

1-2. The project is a minor amendment to the Zoning Code and will have no effect on fire services issues.

15. SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: Since the project would exceed available landfill capacity, it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. The project will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. The impact would be less than significant at such time as the Fink Road Landfill expansion is approved.

Effect: The project makes a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. This impact is significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-15-5 and V-15-6 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity.	☐	☒

Discussion:

1-2. The project is a minor amendment to the Zoning Code and will have no effect on solid waste issues.

16. HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less than significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	☐	☒
(3)	The project contains a contaminated site not identified as of March 2003.	☐	☒
(4)	The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	☒
(5)	The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	☐	☒

Discussion:

1-5. The project is a minor amendment to the Zoning Code and will have no effect on hazardous materials issues.

17. LANDSLIDES AND SEISMIC ACTIVITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, the project impact will be less than significant.

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, the project impact will be less than significant.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse.	☐	☒

Discussion:

1-5. The project is a minor amendment to the Zoning Code and will have no effect on seismic issues.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less than significant.

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. The impact is less than significant.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒

Discussion:

1-5. The project is a minor amendment to the Zoning Code and will have no effect on seismic issues.

19. PLANNING AND LAND USE

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	The project includes a substantive amendment to the Modesto Urban Area General Plan.	☐	☒
(3)	The project would physically divide an established community	☐	☒

Discussion:

1-3. The project is a minor amendment to the Zoning Code and will not divide any established community.

20. AESTHETICS

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	☒
(2)	The project would have a substantial adverse effect on a scenic vista.	☐	☒
(3)	The project would substantially degrade the existing visual character or quality of the project site and its surroundings.	☐	☒
(4)	The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area.	☐	☒

Discussion:

1-4. The project is a minor amendment to the Zoning Code and will not affect any aesthetic issues.

V. MITIGATION MEASURES APPLIED TO THE PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A below applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to CEQA Section 21157.1(c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study.

A Mitigated Negative Declaration/EIR shall be prepared for the project and the following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect:

Traffic and Circulation Measures:

N/A

Air Quality Measures:

N/A

Noise Measures:

N/A

Agricultural Land Measures:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-545

A RESOLUTION APPOINTING A MEMBER OF THE PLANNING COMMISSION TO THE BOARD OF ZONING ADJUSTMENT

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Planning Commission met on September 17, 2007 and recommended appointment of TED BRANDVOLD as its representative to the Board of Zoning Adjustment, in place of Willie "Mac" Daniel.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. TED BRANDVOLD, as representative of the Planning Commission, is hereby appointed to the Board of Zoning Adjustment with a term expiration of January 1, 2008.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed member of the Board of Zoning Adjustment, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-546

A RESOLUTION ACCEPTING THE PUBLIC IMPROVEMENTS FOR THE CANTERBURY ESTATES SUBDIVISION, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION AND TO RELEASE SECURITIES UPON EXPIRATION OF STATUTORY PERIODS.

WHEREAS, Richmond American Homes of California, a Colorado Corporation, is the subdivider of the CANTERBURY ESTATES SUBDIVISION ("SUBDIVISION"), and

WHEREAS, Richmond American Homes of California, a Colorado Corporation, has filed irrevocable subdivision bonds to secure faithful performance and payment for labor and materials in the amounts of $1,055,881 and $527,940.50, respectively, and

WHEREAS, Richmond American Homes of California, a Colorado Corporation, has filed a warranty bond in the amount of $105,588.10 to guarantee public improvements in the SUBDIVISION, and

WHEREAS, the Public Works Director, in a memorandum to Council, indicates that all work required by the Subdivision Agreement has been completed to the satisfaction of the Public Works Department, and

WHEREAS, the Public Works Director has indicated that it would be in order for the City Council to accept the public improvements in the SUBDIVISION as complete, authorize the City Clerk to file a Notice of Completion, and to release the securities upon expiration of the statutory periods,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The public improvements in the SUBDIVISION are hereby accepted and the City Clerk is hereby authorized to file a Notice of Completion for the public improvements.
2. The City Clerk is hereby authorized to release the subdivision bond for faithful performance in the amount of $1,055,881 upon recordation of the Notice of Completion.

3. The City Clerk is hereby authorized to release the subdivision bond for labor and materials in the amount of $527,940.50 sixty (60) days after recordation of the Notice of Completion, provided no claim is made thereon.

4. The City Clerk is hereby authorized to release the warranty bond to guarantee SUBDIVISION improvements in the amount of $105,588.10 one year and one day after the effective date of this resolution, provided no claim is made thereon.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-547

A RESOLUTION ACCEPTING PUBLIC IMPROVEMENTS FOR THE VILLAGE RANCH UNIT NO. 2 SUBDIVISION IN THE VILLAGE ONE SPECIFIC PLAN AREA, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION AND TO RELEASE SECURITIES UPON EXPIRATION OF STATUTORY PERIODS.

WHEREAS, Centex Homes, a Nevada General Partnership, is the subdivider of the VILLAGE RANCH UNIT NO.2 SUBDIVISION ("SUBDIVISION"), and

WHEREAS, Centex Homes, a Nevada General Partnership, has filed irrevocable subdivision bonds to secure faithful performance and payment for labor and materials in the amounts of $735,640.80, and $367,820.40, respectively, and

WHEREAS, Centex Homes, a Nevada General Partnership, has filed a warranty bond in the amount of $73,564.08 to guarantee public improvements in the SUBDIVISION, and

WHEREAS, the Public Works Director, in a memorandum to Council, indicates that all work required by the Subdivision Agreement has been completed to the satisfaction of the Public Works Department, and

WHEREAS, the Public Works Director has indicated that it would be in order for the City Council to accept the improvements in the SUBDIVISION as complete, and authorize the City Clerk to file a Notice of Completion and to release the securities upon expiration of the statutory periods,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The public improvements in the SUBDIVISION are hereby accepted and the City Clerk is hereby authorized to file a Notice of Completion for the public improvements.

2. The City Clerk is hereby authorized to release the subdivision bond for faithful performance in the amount of $735,640.80 upon recordation of the Notice of Completion.

3. The City Clerk is hereby authorized to release the subdivision bond for labor and materials in the amounts of $367,820.40 sixty (60) days after recordation of the Notice of Completion, provided no claim is made thereon.

4. The City Clerk is hereby authorized to release the warranty bond to guarantee SUBDIVISION improvements in the amount of $73,564.08 one year and one day after the effective date of this resolution, provided no claim is made thereon.

A RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL AND CONTRACT FOR THE PURCHASE OF A PARKING CITATION SYSTEM FOR THE FINANCE DEPARTMENT, CUSTOMER SERVICES DIVISION TO T2 SYSTEMS, INC., INDAINAPOLIS, IN, FOR A TOTAL ESTIMATED COST OF $89,103, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT.

WHEREAS, the Finance Department maintains the Parking Citation Processing division within the City in coordination with the Police Department, and

WHEREAS, the Police Department manages ticket issuance and the Finance Department captures the citation information from the electronic hand-held devices, manages and performs data input, ticket adjudication, fines and revenue collection, and

WHEREAS, the City's direction for technology is to obtain an Enterprise Resource Planning (ERP) system, replace various software programs where practical, and strive for all systems to have a common platform for information storage, retrieval and management, and

WHEREAS, staff from the Finance Department, Information Technology Department and the Police Department developed requirements that would identify a system to meet the City's needs as well as provide accurate and accessible information for citizens, and

WHEREAS, a new parking citation system will improve the level of customer service, increase staff efficiency, and utilize new technology, and

WHEREAS, on June 6, 2006, Council approved Resolution No. 2006-333, authorizing the Purchasing Manager to formally issue Request for Proposals (RFP) for the purchase of a parking citation system for the Finance Department, Customer Services Division, and

WHEREAS, on November 1, 2006, the Purchasing Division issued Request for Proposal No. 0607-02 for the purchase of a parking citation system to seven (7) prospective proposers, none of which were local companies, posted the proposal on the City's web site, and formally advertised as required by law, and

WHEREAS, on December 12, 2006, RFP's were formally opened in the City Clerk's office. Of the seven (7) prospective proposers, two (2) companies choose to respond, and

WHEREAS, based on being ranked highest in total evaluation criteria, the evaluation committee recommends award of proposal and contract to T2 Systems, Inc., Indianapolis, IN, for a total estimated cost of $89,103, and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of proposal and contract for the purchase of a parking citation system from T2 Systems, Inc., Indianapolis, IN, conforms to the Modesto Municipal Code, and

WHEREAS, funds are budgeted and available in account 0100-120-1234-5401 for the purchase of a parking citation system,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of proposal and contract for the purchase of a parking citation system for the Finance Department, Customer Services Division, to T2 Systems Inc., Indianapolis, IN, for a total estimated annual cost of $89,103.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September, 2007, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESCINDED

APR - 8 2008

THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION No. 2008-213

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-549

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE AND INSTALLATION OF A WALK-IN FREEZER STORAGE UNIT AND WALK-IN COOLER STORAGE UNIT FOR THE POLICE DEPARTMENT, TO DIVERSIFIED CONTRACTING SOLUTIONS, EL DORADO HILLS, CA, FOR AN ESTIMATED TOTAL COST OF $71,464, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, The Modesto Police department uses refrigeration units in the Property and Evidence Facility for the cold storage of biological evidence, and

WHEREAS, currently the department uses one industrial and four household refrigerators, two chests and three up-right freezers to provide cold storage, and

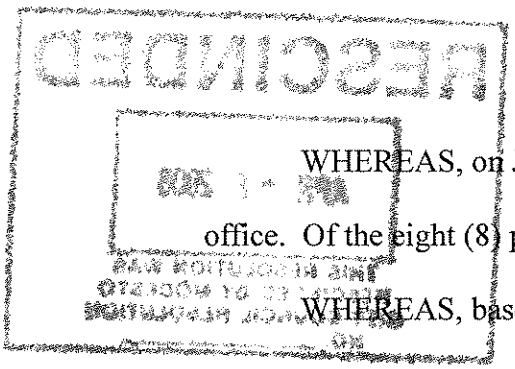
WHEREAS, these units have inefficient storage capabilities, they are costly to operate, and consume more square footage than a walk-in unit, and

WHEREAS, the units are not alarmed and provide no warning if the cooling units malfunction, and

WHEREAS, the refrigeration units that are currently in use are at capacity and no longer an efficient or proper method for storing biological evidence, and

WHEREAS, on April 24, 2007, the City Council approved Resolution No. 2007-235 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of a walk-in freezer/cooler storage container for the Police Department, and

WHEREAS, on May 25, 2007, the Purchasing Division issued Request for Bid No. 0607-56 for the purchase and installation of a walk-in freezer storage unit and walk-in cooler storage unit to eight (8) prospective bidders, seven (7) of which were local companies, posted the bid on the City's web site, and formally advertised as required by law, and



WHEREAS, on July 3, 2007, RFB's were formally opened in the City Clerk's office. Of the eight (8) prospective bidders, two (2) companies chose to respond, and

WHEREAS, based on being deemed the lowest responsive and responsible bid, City staff recommends the award of bid and contract for the purchase and installation of a walk-in freezer storage unit and walk-in cooler storage unit for the Police Department, to Diversified Contracting Solutions, El Dorado Hills, CA, for an estimated total cost of $71,464, and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid and contract for the purchase and installation of a walk-in freezer storage unit and walk-in cooler storage unit from Diversified Contracting Solutions, El Dorado Hills, CA, conforms to the Modesto Municipal Code, and

WHEREAS, funds are budgeted and available in the account numbers 0400-190-2933-5012 and 0400-190-2923-5016 for the purchase and installation of a walk-in freezer storage unit and walk-in cooler storage unit,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase and installation of a walk-in freezer storage unit and walk-in cooler storage unit for the Police Department, to Diversified Contracting Solutions, El Dorado Hills, CA, for an estimated total cost of $71,464.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE OF TWO (2) DUMP TRUCKS FOR THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, TO DELTA TRUCK CENTER, MODESTO, CA, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE A PURCHASE ORDER FOR A TOTAL ESTIMATED COST OF $223,423.

WHEREAS, on August 2, 2006, the City Council approved Resolution No. 2006-465 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment throughout FY 06/07 through various competitive processes, with the Purchasing Division coming back to Council for award authorization, and

WHEREAS, one (1) dump truck for Streets Maintenance was included in the FY 06/07 new vehicles and heavy equipment list authorized by the City Council, and

WHEREAS, on January 2, 2007, the City Council approved Resolution No. 2007-036 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of one (1) dump truck for the Secondary Treatment Plant , and

WHEREAS, on May 14, 2007, the Purchasing Division issued RFB No. 0607-38 for the purchase of two (2) dump trucks to twenty-two (22) prospective bidders, posted the bid on the City's web site and formally advertised as required by law, and

WHEREAS, on June 19, 2007, RFB's were formally opened in the City Clerk's office. Of the twenty-two (22) prospective bidders, one company chose to respond. The bidder provided a responsive and responsible bid, and

WHEREAS, based on providing a responsive and responsible bid, City staff recommends the award of bid and contract for the purchase of two (2) dump trucks to Delta Truck Center, Modesto, CA, for the total estimated cost of $223,423, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid and contract for the purchase of two (2) dump trucks for the Public Works Department, Fleet Services Division conforms to the Modesto Municipal Code, and

WHEREAS, funds are budgeted and available in the following accounts for the purchase of two (2) dump trucks for FY 07/08, Account numbers 7210-480-5814-5744 and 7210-480-5814-5744,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase of two (2) dump trucks to Delta Truck Center, Modesto, CA, for a total estimated cost of $223,423.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a Purchase Order for a total estimated cost of $223,423.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-551

A RESOLUTION APPROVING A POLICY FOR INVESTMENT OF PUBLIC FUNDS

WHEREAS, pursuant to Section 2-3.401 of the Modesto Municipal Code, it is the function of the City of Modesto ("City") Finance Department to deposit and invest funds in accordance with sound treasury management, and

WHEREAS, the City is also governed by Sections 53600 et seq. of the California Government Code, which requires that local agencies annually adopt an investment policy, and

WHEREAS, the City Council approved a contract on February 3, 2004 with Public Financial Management (PFM), an investment services advisor, to provide investment management, research and supervision of the City's Managed Funds, and

WHEREAS, a revision has been made to the policy and a copy of the policy is marked **Attachment "A",** attached hereto and incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves the Policy for Investment of Public Funds.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

CITY of MODESTO	CITY COUNCIL POLICY		**POLICY NO.: 1.019**
SUBJECT: INVESTMENT POLICY			

PURPOSE

The purpose of this document is to identify various policies and procedures that enhance opportunities for a prudent and systematic investment policy and to organize and formalize investment-related activities.

BACKGROUND

Under Section 2-3.401 of the Municipal Code, it is the function of the Finance Department to deposit and invest funds in accordance with sound treasury management. As a charter city, Modesto operates its pooled idle cash investment under the "prudent investor" rule which states that:

> "When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with the care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency."

The City is also governed by Sections 53600 et seq. of the California Government Code. This affords the City a broad spectrum of investment opportunities, so long as the investment is deemed prudent and allowable under current legislation of the State of California and the charter of the City of Modesto.

On an annual basis, the Finance Director/Treasurer will render to the City Council the statement of investment policy. The report will be considered, with any changes, by the City Council at a public meeting.

INVESTMENT REPORT

The Finance Director/Treasurer shall provide the City Council with a monthly report of investment transactions. In addition, the Finance Director/Treasurer shall render a quarterly report to the City Council, City Manager and the internal auditor within 30 days following the end of the quarter. The report shall contain the following:

1. The type of investment, issuer, purchase date, date of maturity, credit rating, overall portfolio yield based on cost, total par and dollar amount invested on all securities, investments and monies.

2. The weighted average maturity of the portfolio.

3. A description of any funds, investments or programs that are under management of contracted parties, including lending programs. Funds and investments held by contracted parties shall be reported at market value and the source of valuation shall be reported.

4. The market value as of the date of the report, and the source of the valuation.

5. A statement of compliance with the investment policy or manner in which the portfolio is not in compliance.

6. A statement denoting the City's ability to meet its expenditure requirements for the next six months or provide an explanation as to why sufficient money shall, or may, not be available.

INVESTMENT CRITERIA

Public funds are invested in the following manner in order of priority:

1. **Safety of Principal**
   The duty of the Finance Director/Treasurer is to protect, preserve and maintain cash and investments on behalf of the citizens of the community. To guard against loss of principal, only prudent and safe investments will be considered.

2. **Liquidity**
   The receipt of revenues and maturities of investments should be scheduled so that adequate cash will be available to meet disbursements. An adequate portion of the portfolio should be maintained in liquid short-term instruments which can be readily converted to cash if necessary.

3. **Yield**
   Yield is the potential dollar earnings, or rate of return, an investment can provide. Yield becomes a consideration only after the basic requirements of safety and liquidity have been met.

SAFEKEEPING AND CUSTODY

All security transactions entered into by the City shall be conducted on a delivery-versus payment basis. Securities will be held by third party custodian designated by the Finance Director/Treasurer and evidenced by safekeeping receipts.

The only exception to the foregoing are Local Agency Investment Pools, Certificates of Deposit, and money market funds since the purchased securities are not deliverable. In all cases, purchased securities shall be held in the City's name.

PERFORMANCE STANDARDS

The investment portfolio shall be designed with the objective of obtaining a rate of return throughout budgetary and economic cycles, commensurate with the investment risk constraints and the cash flow needs. The City will measure the portfolio's performance against a market benchmark that is commensurate with the City's investment risk constraints and the cash flow characteristics of the portfolio.

AUTHORIZED INVESTMENTS

Commencing with Section 53601 of Article 1, Chapter 4 of the Government Code of the State of California, surplus money may be invested in the following:

A. City of Modesto bonds. Bonds issued by the City.

B. U.S. Treasury securities. United States Treasury notes, bonds, bills or certificates of indebtedness or those for which the faith and credit of the United States are pledged for the principal and interest.

C. State of California securities. Registered State of California warrants, treasury notes or bonds, provided that the securities are rated AAA by a nationally recognized statistical rating agency

D. California municipal securities. Bonds, notes, warrants or other evidence of indebtedness of any local agency within California, provided that the securities are rated AAA by a nationally recognized statistical rating agency

E. Federal Agency securities. Obligations issued by a federal agency or United States government-sponsored enterprise.

F. Bankers' Acceptances. Bankers' Acceptances issued by domestic or foreign banks, which are eligible for purchase by the Federal Reserve System, the short-term paper of which is rated in the highest category by a nationally recognized statistical rating agency.

Purchases of Bankers' Acceptances may not exceed 180 days maturity or 40 percent of the City's surplus money. The maximum amount permitted to be invested in the Banker's Acceptances of any one commercial bank is the greater of 10 percent of the City's surplus funds or $1 million.

G. Commercial Paper. Commercial paper of "prime" quality of the highest ranking or of the highest letter and number rating as provided for by a nationally recognized statistical-rating organization. The entity that, issues the commercial paper shall meet all of the following conditions in either paragraph (1) or paragraph (2):

(1) The entity meets the following criteria: (a) is organized and operating within the United States as a general corporation. (b) Has total assets in excess of $500 million. (c) Has debt other than commercial paper, if any, that is rated "A" or higher by a nationally

recognized statistical-rating organization (NRSRO).

(2) The entity meets the following criteria: (a) is organized within the United States as a special purpose corporation, trust, or limited liability company. (b) Has program wide credit enhancements including, but not limited to, over collateralization, letters of credit, or surety bond.

Investments in commercial paper are limited to a maximum of 25% of the portfolio. Purchases shall not exceed 10 percent of the outstanding paper of the issuing corporation. The maximum investment maturity is restricted to 270 days.

H. Certificates of Deposit. FDIC insured or fully collateralized time certificates of deposit in financial institutions located in California. Eligible investments are restricted to those issuing institutions that have been in business at least five years. The maximum term for deposits shall be one year. Investments in certificates of deposit are further limited to 20% of surplus funds. All time deposits must be collateralized in accordance with California Government Code section 53561. The City, at its discretion, may waive the collateralization requirements for any portion of the deposit that is covered by federal insurance.

I. Negotiable Certificates of Deposit. Negotiable certificates of deposit issued by a nationally- or state-chartered bank or a state or federal savings and loan association or by a state-licensed branch of a foreign bank; provided that the senior debt obligations of the issuing institution are rated "AA" or better by Moody's or Standard & Poor's. Investments in negotiable certificates of deposit are limited to 30 percent of the portfolio.

J. Repurchase Agreements. Repurchase Agreements used solely as short-term investments not to exceed 90 days.

The following collateral restrictions will be observed: Only U.S. Treasury securities or Federal Agency securities as described in 1 and 2 will be acceptable collateral. All securities underlying Repurchase Agreements must be delivered to the City's custodian bank versus payment or be handled under a tri-party repurchase agreement. The total of all collateral for each Repurchase Agreement must equal or exceed, on the basis of market value plus accrued interest, 102 percent of the total dollar value of the money invested by the City for the term of the investment. For any Repurchase Agreement with a term of more than one day, the value of the underlying securities must be reviewed on a regular basis.

Market value must be calculated each time there is a substitution of collateral.

The City or its trustee shall have a perfected first security interest under the Uniform Commercial Code in all securities subject to Repurchase Agreement.

The City may enter into Repurchase Agreements with (1) primary dealers in U.S. Government securities who are eligible to transact business with, and who report to, the Federal Reserve Bank of New York, and (2) California and non-California banking

institutions having assets in excess of $1 billion and in the highest short-term rating category as provided by Moody's Investors Service, Inc. or Standard & Poor's Corporation.

The City will have specific written agreements with each firm with which it enters into Repurchase Agreements.

K. Reverse Repurchase Agreements. The City may invest in reverse repurchase agreements only with "primary dealers" with which the City has entered into a master repurchase agreement contract. The City may invest in reverse repurchase agreements with the following conditions: The City may only use reverse repurchase agreements to (1) cover a temporary cash shortage, or (2) augment earnings. Reverse repurchase agreements may not be used to leverage the portfolio.

In addition, if a reverse repurchase agreement is authorized, it may be utilized only if the security to be sold on reverse repurchase agreement has been owned and fully paid for by the City for a minimum of 30 days prior to the sale; the total of all reverse repurchase agreements on investments owned by the City does not exceed 20% of the portfolio; and the agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of the security using a reverse repurchase agreement and the final maturity date of the same security. The proceeds of the reverse repurchase agreement may not be invested in securities whose maturity exceeds the term of the Reverse Repurchase Agreement.

L. Medium-term corporate notes . Medium-term corporate notes defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the U.S. or any state and operating within the U.S. Medium-term notes shall be rated in a rating category "AA-" or its equivalent or better by a nationally recognized rating service. Purchase of medium-term corporate notes may not exceed 30 percent of the City's investment portfolio.

M. Money market funds. Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (money market funds).

N. State of California Local Agency Investment Fund (LAIF).

O. Mortgage and asset-backed securities. Any mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable-backed bond that has been issued by a Federal Agency and has a maximum of five years maturity.

MAXIMUM MATURITY

Investment maturities shall be based on a review of cash flow forecasts. Maturities will be scheduled so as to permit the City to meet all projected obligations.

Maximum maturity of an authorized investment is limited to five years.

Proceeds of sales or funds set aside for the repayment of any notes (e.g., Tax and Revenue Anticipation Notes) shall not be invested for a term that exceeds the term of the notes.

INELIGIBLE INVESTMENTS

Any security type or structure not specifically approved by this policy is hereby specifically prohibited. Security types which are thereby prohibited include, but are not limited to,

Investment in inverse floaters, range notes, or interest only strips that are derived from a pool of mortgages is prohibited.

Investment in any security that could result in a zero interest accrual if held to maturity is prohibited.

RESTRICTIONS SET BY THE FINANCE DIRECTOR/TREASURER

A. Prior approval of the Finance Director/Treasurer is required for the following transactions, unless the City utilizes the services of an investment advisor registered with the Securities and Exchange Commission in a fiduciary relationship as outlined in this policy.

Sale of securities
Swaps and trades
Purchase of collateralized mortgage obligations (CMO)
Purchase of mortgage-backed obligations
Purchase of corporate notes
Purchase transaction in excess of $3 million

B. The following investments are not deemed appropriate for the City and will not be utilized:

Futures and options
Small Business Administration notes

AUTHORIZED INVESTMENT PERSONNEL

Pursuant to the Government Code, the City Council delegates the authority to invest or to reinvest funds, or to sell or exchange securities so purchased, to the Finance Director/Treasurer for a one-year period. The Finance Director/Treasurer is charged with the responsibility for carrying out the policies of the City Council and shall assume full responsibility for investment transactions until the delegation of authority is revoked or expires.

Idle cash management and investment transactions are the responsibility of the Finance Department, which is under the control of the Finance Director/Treasurer. The Finance

Director/Treasurer may designate an individual(s) ["Designee"] to be responsible for the daily management of the City's portfolio of treasury investments. The Designee may also be directed to monitor and forecast the City's cash flows, and prepare periodic investment reports that are submitted to the City Council. The Accounting Division of the Finance Department monitors all treasury transactions and prepares accounting records of all investment transactions as to type of investment, amount, yield, and maturity. No other person has authority to make investment transactions without the written authority of the Finance Director/Treasurer. Pursuant to Government Code chapter 53600, all persons investing monies are trustees and therefore fiduciaries subject to the prudent investor standard. Financial market security transactions will be executed by delivery versus payment and the securities will be held by a third party custodian.

Subject to required procurement procedures, the City may engage the support services of outside professionals in regard to its financial program, so long as it can be demonstrated or anticipated that these services produce a net financial advantage or necessary financial protection of the City's resources.

POLICY REVIEW

The investment policy shall be adopted by resolution of the City Council on, at minimum, an annual basis. This investment policy shall be reviewed at least annually to ensure its consistency with the overall objectives of preservation of principal, liquidity and yield, and its relevance to current law and financial and economic trends. Any amendments to the policy shall be forwarded to City Council for approval.

This policy and the internal controls related to the investment of City funds will be reviewed by the City's independent external auditors as part of their annual audit of the City's financial statements.

APPENDIX A - GLOSSARY

Bankers Acceptances (BAs)
Bankers Acceptance is a time bill of exchange drawn on and accepted by a commercial bank to[1] finance the exchange of goods. When a bank "accepts" such a bill, the time draft becomes, in effect, a predated certified check payable to the bearer at some future specified date. Little risk is involved for the investor because the commercial bank assumes primary liability once the draft is accepted.

Certificates of Deposit (CDS)
A certificate of deposit is issued against funds deposited in a commercial bank for a definite period of time and earning a specified rate of return. They are issued in two forms, negotiable and non-negotiable:

A negotiable certificate of deposit may be sold by one holder to another prior to maturity. This is possible because the issuing bank agrees to pay the amount of the deposit, plus earned interest, to the Bearer of the certificate at maturity.

A non-negotiable certificate of deposit is collateralized and is not a money market instrument since it cannot be traded in the secondary market. It is issued on a fixed maturity basis and often pays a higher interest rate than is permissible on other savings or time deposit accounts.

Collateralized Mortgage Obligation (CMO)
A CMO is a pool of mortgages sold as a single investment with interest paid monthly, quarterly, or semi-annually. Mortgage securities pay a higher rate than U.S. Treasury securities due to risk of prepayment and default.

Commercial Paper (CP)
This is a short-term promissory note issued by a corporation to raise working capital. The interest rates tend to be higher than other investments of similar liquidity.

Derivatives
A financial instrument with a value derived from the value of one or more underlying assets or indexes of asset values. The term "derivative products" refers to instruments or features such as collateralized mortgage obligations (CMOs), interest-only (IOs) and principal-only (POs), forwards, futures, currency and interest rate swaps, options, floaters/inverse floaters, and caps/floors/collars.

Federal Agency Securities
Certain agencies created by Congress and sponsored by the federal government issue debt that is considered to be of prime quality and have a very high standing in the bond market. The major federal agencies are described as follows:

Federal National Mortgage Association (FNMA, "Fannie Mae") provides funds to the mortgage market primarily by purchasing loans from local lenders.

Federal Home Loan Mortgage Corporation (FHLMC, "Freddie Mac") purchases conventional mortgages and sells mortgage-backed securities.

Student Loan Marketing Association (SLMA, "Sallie Mae") facilitates that flow of private capital into various federally-guaranteed student loan programs maintained through banks, S&Ls, educational institutions and other participating lenders.

Federal Farm Credit System (FFCB) sells securities to provide mortgage loans and short-term and intermediate-term credit to farmers, ranchers, and agricultural cooperatives.

Federal Home Loan Bank (FHLB) acts as a credit reserve system for the thrift industry to stabilize the flow of funds to member savings and loan and savings banks.

Futures
Exchange traded contracts specifying a future date of delivery or receipt of a specific product (physical commodity or financial instrument). Futures are used by business as a hedge against unfavorable price changes, and by speculators who hope to profit from such changes.

Local Agency Investment Fund (LAIF)
State of California LAIF is designed to provide a convenient and safe means of investing temporarily idle monies by the State Treasurer. LAJF provides high liquidity and generally pays higher yields than can be realized by individual local agencies (for similar maturities) due to economies of scale.

Medium-Term Notes
Issued by corporations (in the form of secured or unsecured debt) for the purpose of raising working capital and purchasing capital assets.

Options
A right to buy (call) or sell (put) a fixed amount of a given stock at a specified price within a limited period of time. The purchaser hopes that the stock's price will go up (if he bought a call) or down (if he bought a put) by an amount sufficient to provide a profit when he sells the option. If the price is static or moves in the opposite direction, the price paid for the option is lost entirely.

Repurchase Agreement
As authorized in Government Code Section 5360i(1), these investment vehicles are (generally short-term) agreements between the local agency and seller for the purchase of Government securities to be resold at a specific date and for a specific amount.

Reverse Repurchase Agreement
This transaction is the opposite of a repurchase agreement. The dealer buys securities with a contractual agreement to sell them back at a prearranged date. The local agency pays the dealer' interest for the use of the funds. The money "borrowed" on a "reverse repo" can be reinvested in higher yielding instruments.

U.S. Treasury Securities

The highest quality, most liquid debt investments available in the fixed income market-place; unconditionally backed by the "full faith and credit" of the U.S. Government. Treasury bills are short-term instruments (maturity of three months to one year); Treasury notes and bonds are currently issued with maturities of two to ten years.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-552

RESOLUTION DECLARING A 1977 VAN PELT FIRE RESCUE VEHICLE SURPLUS, AND AUTHORIZING THE SALE OF THE FIRE RESCUE VEHICLE BY SEALED BID, CONSIGNMENT, PUBLIC AUCTION OR ONLINE AUCTION

WHEREAS, in the early 1990's a 1977 Van Pelt fire rescue vehicle which had been removed from front line service, was converted to a rescue vehicle for the purpose of carrying specialized rescue equipment, and

WHEREAS, the 1977 Van Pelt rescue vehicle has reached the end of its fire fighting service life with the Modesto Fire Department, and has been replaced with new equipment, and

WHEREAS, the 1977 Van Pelt rescue vehicle will be sold by sealed bid, consignment, public auction or online auction.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the surplus of the 1977 Van Pelt rescue vehicle is hereby approved.

BE IT FURTHER RESOLVED that the sale of the 1977 Van Pelt Rescue Vehicle by sealed bid, consignment, public auction or online auction is also approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

A RESOLUTION APPROVING THE HOMEOWNERS DISPLACEMENT POLICY AND PROGRAMS

WHEREAS, current conditions within the local housing market are affecting both homeowners and mobile home owners and rising rent space in mobile home parks is making space rent unaffordable to many financially vulnerable mobile home owners, and

WHEREAS, financially vulnerable homeowners are also being affected by the cooling housing market and are facing foreclosure in record numbers, and

WHEREAS, in order to assist those citizens being affected by these housing conditions, the City of Modesto Parks, Recreation and Neighborhoods Department is preparing to offer programs to help assist the most economically vulnerable citizens acquire affordable housing, and

WHEREAS, the programs will be administered by the HUD Unit of the Recreation and Neighborhood Services Division and will be offered under the Homeowners Displacement Policy, and

WHEREAS, the programs offered under the Homeowners Displacement Policy will consist of the following:

1. **Voluntary Assistance Program** - A financial and technical assistance program for owner-occupied mobile homes to physically relocate the mobile home to a location with affordable space rent for the mobile home owner.

2. **Security Deposit Program for Mobile Home Owners** – A program for homeowners in the form of security deposit assistance. This program offers security deposit for property owners who have lost their homes in foreclosure or other qualifying event and must move to rental housing.

3. **Security Deposit Program for Homeowners** – A program for homeowners in the form of security deposit assistance. This program offers security deposits for property owners who have lost their homes in foreclosure and must move to rental housing, and

WHEREAS, when funded, these programs will be offered to residents of the City of Modesto who meet the income qualifications and are facing an economic event that qualifies them for assistance, such as foreclosure on their home or lien sale of their mobile home, and

WHEREAS, the Citizens Housing and Community Development Committee met on August 24, 2007 and supported the proposed policy and programs, and

WHEREAS, the Housing Rehabilitation Loan Committee met on August 30, and supported the proposed policy and programs,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Homeowners Displacement Policy and Programs, a copy of which is **attached** hereto and incorporated herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

PARKS, RECREATION & NEIGHBORHOODS DEPARTMENT
Recreation & Neighborhood Services Division

HOMEOWNER DISPLACEMENT POLICY

INTRODUCTION

Current conditions within the local housing market are affecting both homeowners and mobile homes owners. Due to rising rent costs many financially vulnerable mobile home owners are unable to afford their current park space rents. Financially vulnerable Homeowners are also being affected by the cooling housing market and are facing foreclosure in record numbers. In light of the current housing market conditions, the City of Modesto is offering programs to help the most economically vulnerable citizens affected by these housing conditions.

The programs being offered to help these citizens include:

I. **Voluntary Assistance Program** - A financial and technical assistance program for owner-occupied mobile homes to physically move the mobile home to a location with affordable space rent for the mobile home owner.

II. **Security Deposit Program** – A program for mobile home owners in the form of security deposit assistance. This program offers financial assistance for mobile home owners who must have their mobile home moved to a location with affordable rent space.

III. **Security Deposit Program** – A program for homeowners in the form of security deposit assistance. This program offers security deposit for property owners who have lost their homes in foreclosure or other qualifying event and must move to rental housing.

In order to qualify for these programs, household incomes must be 50%* or below of the Median Area Income for Modesto as specified by the Department of Housing and Urban Development (HUD) and the applicant must currently be a resident of the City of Modesto. The income limits are as follows, adjusted for household size:

1	$19,600
2	$22,400
3	$25,200
4	$28,000
5	$30,250
6	$32,500
7	$34,700
8	$36,950

(HUD income limits effective March 2007. Income limits are subject to change as determined by HUD)

Income will be based on current and anticipated income for the household during the next 12 months. Income guidelines from the Department of Housing and Urban Development can be found in 24 CFR Part 5.

** The City of Modesto reserves the right to qualify households for any program offered under the Homeowner Displacement Policy at up to 80% of the median area income as applicable with HUD Regulations. All exceptions to the 50% of the median area income requirement must be approved by the Recreation and Neighborhoods Deputy Director or his/her designee.*

Applicants must have current identification.

The City of Modesto is able to offer these programs through funding from the Department of Housing and Urban Development. Funding for these programs is limited and may run out. Staff is not responsible for notifying applicants if funding is no longer available.

The City of Modesto does not discriminate against persons because of age, sex, marital status, familial status, race, handicap, color, religion, creed, ancestry, or national origin.

The definition of "affordable (space) rent" and "unaffordable (space) rent" in the Homeowners Displacement Policy is only applicable to the programs contained in this policy. The affordable and unaffordable rent definitions contained in this policy do not apply to any other programs or policies offered by the Parks, Recreation and Neighborhoods Department or any other HUD funded program.

A manufactured home is a structure built in a factory and transported as a complete unit. Manufactured homes built after June 15, 1976 bear a HUD label, certifying that the home has been constructed in accordance with the National Manufacturing Housing Construction and Safety Standards (HUD Code). Technically, the term "mobile home" only applies to a factory-built home produced prior to the introduction of the HUD code. For purposes of the Homeowners Displacement Policy all manufactured homes, regardless of manufacture date, will be referred to as a "mobile home".

Other program details are as follows:

I. Voluntary Assistance Program for Mobile Home Owners

A. This program offers financial assistance for mobile home owners to have their mobile home physically moved from a space with unaffordable space rent to a new space with affordable rent. Additional program requirements are:

   i. The applicant must be a registered owner of the mobile home and must have owned the mobile home and occupied the existing space prior to April 1, 2007.

   ii. The existing space rent must be unaffordable to the household and the mobile home owner must be at risk of losing their mobile home because the rent is unaffordable.

Unaffordable is defined as space rent, mortgage, taxes, and insurance combined that is more than 50% of the household's monthly gross income.

iii. The new space rent must be affordable to the household. Affordable space rent is defined as space rent, mortgage, taxes, and insurance combined that is less than 50% of the household's monthly gross income. Applicant must provide proof that new rent space is affordable by providing a budget for staff and proof of monthly obligations.

iv. The owner and park must execute a lease at an affordable rent for not less than a three-year period. Rent increases during the three year term must be in accordance with any mobile home rent stabilization ordinance or memorandum of understandings and long term lease agreements enacted by local governments.

v. Prior to any city expenditures, mobile home owner and mobile home must be approved by new park.

vi. The new space must be located in the city limits of Modesto. If the applicant can document that there is no available affordable space for rent in the City of Modesto, the new space can be located within Stanislaus County.

vii. The new space and park must be in compliance with State of California mobile home regulatory requirements for safe occupancy.

viii. The mobile home must meet housing quality standards after the physical relocation of the mobile home.

B. The financial and technical assistance for the physical relocation of the mobile home will be administered by the HUD program staff of the Parks, Recreation and Neighborhoods Department. The financial assistance is in the form of a grant or loan will be as follows:

i. Grants-Extremely Low Income Households at less than 30% of Median Area Income are eligible for a one-time grant of up to $12,500 upon approval of the Housing Rehabilitation Loan Committee. Amounts exceeding this limit must be approved by City Council.

ii. Loans

a) Very Low Income Households with income between 30% and 50% of Median Area Income are eligible for a deferred payment, 3% simple interest, 20-year loan.

b) In the event the City elects to provide assistance to households with incomes between 50% and 80% of the median income, the assistance will be in the form of a 3%, 15-year loan with monthly-amortized payments required.

c) Additional loan requirements will be:
   i. Owner occupancy will be required or the loan can become due and payable.
   ii. The loan is due on sale or transfer of the mobile home and is not assumable.

iii. Loan amount not to exceed $12,500 upon approval of the Housing Rehabilitation Loan Committee. Amounts exceeding this limit must be approved by City Council.
iv. Mobile home owner must have sufficient fire insurance on mobile home.

iii. Costs that are eligible under the grant or loan include:

a) Cost to physically move the mobile home to a new space

b) Cost of set up of mobile home in new space to meet park, local and state codes

c) Any necessary permits

d) Landscaping required by park

e) Any Lead Based Paint costs to meet HUD mandated regulations for mobile homes built prior to 1978

f) Any other eligible expenses approved by the Recreation and Neighborhoods Deputy Director or his/her designee.

iv. The technical assistance offered by City staff includes writing the specifications of the move and new installation, putting the work out to bid per City and other mandated guidelines, selection of the contractor, contract execution, and monitoring of the work to ensure successful completion of the move.

II. Security Deposit Program for Mobile Home Owners

This program offers financial assistance for mobile home owners who can no longer afford the rent on their space at a mobile home park, and therefore, the mobile home must be moved to a new space with an affordable rent. The program provides a one time financial assistance for the security deposit for the new rent space. Additional program requirements are:

i. The applicant must be a registered owner of the mobile home and must have owned the mobile home and occupied the existing space prior to April 1, 2007.

ii. The existing space rent must be unaffordable to the household and the mobile home owner must be at risk of losing their mobile home because the rent is unaffordable. Unaffordable is defined as space rent, mortgage, taxes, and insurance combined that is more than 50% of the household's monthly gross income.

iii. The new space rent must be affordable to the household. Affordable space rent is defined as space rent, mortgage, taxes, and insurance combined that is less than 50% of the household's monthly gross income. Applicant must provide proof that new rent space is affordable by providing a budget for staff and proof of monthly obligations.

iv. The owner and park must execute a lease at an affordable rent for not less than a three-year period. Rent increases during the three year term must be in accordance with any mobile home rent stabilization ordinance or memorandum of understandings and long term lease agreements enacted by local governments.

v. Prior to any city expenditures, mobile home owner and mobile home must be approved by new park.

vi. The new space must be located in the city limits of Modesto. If the applicant can document that there is no available affordable space for rent in the City of Modesto, the new space can be located within Stanislaus County.

vii. The new space and park must be in compliance with State of California mobile home regulatory requirements for safe occupancy.

viii. The mobile home must meet housing quality standards after the physical relocation of the mobile home.

ix. Financial assistance can be eligible for costs that include:

a) Security deposits required by the new park. The security deposit will be paid to the landlord.

b) Utility hook-ups and deposits

c) Any other eligible expenses approved by the Recreation and Neighborhoods Deputy Director or his/her designee.

III. Security Deposit Program for Homeowners

This program offers financial assistance for homeowners who have lost their homes in foreclosure, sold their home in a short sale, or other qualifying event and therefore must move to affordable rental housing. The program provides a one time financial grant for the security deposit for the new rental housing. Additional program requirements are:

i. The applicant must be the property owner of record on April 1, 2007 and the home must be owner occupied and their principal residence.

ii. The applicant must show proof of a legal qualifying event that does, or will, prevent them from living in the home. Additionally, in instances when the homeowner's foreclosed home is vacant, the homeowner must provide proof that the home has been secured according to the City of Modesto Board-up Standards. The homeowner shall provide the City of Modesto with the contact information for the current caretaker or owner of the property.

iii. The new rent must be affordable to the household. Affordable rent is defined as rent that does not exceed 50% of the household's monthly gross income.

iv. The new rent must be within Fair Market Rent for the unit size in the Modesto area and the unit size should be appropriate to household size.

v. The housing must be located in the city limits of Modesto.

vi. Applicant must supply the City with a copy of the rental agreement for the new unit. The agreement must be a minimum of a one-year lease.

vii. The new housing will be inspected by City staff and must meet Housing Quality Standards as defined by HUD.

viii. The Security Deposit cannot exceed two times the Fair Market Rent for the unit size in the Modesto area.

ix. The Security Deposit will be paid directly to the landlord.

x. Applications will be approved by the Recreation and Neighborhoods Deputy Director or his/her designee

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-554

A RESOLUTION APPROVING AN APPLICATION FOR $200,000 IN FUNDING FROM THE HABITAT CONSERVATION FUND PROGRAM UNDER THE CALIFORNIA WILDLIFE PROTECTION ACT OF 1990 FOR THE CONSTRUCTION AND INSTALLATION OF 1,550 LINEAL FEET OF PEDESTRIAN TRAIL IN THE TUOLUMNE RIVER REGIONAL PARK, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE GRANT APPLICATION

WHEREAS, the people of the State of California have enacted the California Wildlife Protection Act of 1990, which provides funds to the State of California for grants to local agencies to acquire, enhance, restore or develop facilities for public recreation and fish and wildlife habitat protection purposes, and

WHEREAS, the State Department of Parks and Recreation has been delegated the responsibility for the administration of the Habitat Conservation Fund ("HCF") Program, setting up necessary procedures governing Project Application under the HCF Program, and

WHEREAS, said procedures established by the State Department of Parks and Recreation require the City of Modesto to certify by resolution the approval of an application before submission of the application to the HCF Program, and

WHEREAS, the City desires to apply for $200,000 in funding under the HCF for the construction and installation of 1,550 lineal feet of pedestrian trail within the Tuolumne River Regional Park, and

WHEREAS, the proposed 1,550 lineal feet of pedestrian trail within the Tuolumne River Regional Park is consistent with the Habitat Conservation Fund Program grant project criteria, and

WHEREAS, the City will enter into a contract with the State of California to complete the Project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. The City of Modesto approves the filing of an Application for the Habitat Conservation Fund Program, and

2. Certifies that the City has or will have available, prior to commencement of any work on the Project included in this Application, the required match and sufficient funds to complete the Project and

3. Certifies that the City has or will have sufficient funds to operate and maintain the Project, and

4. Certifies that the City has reviewed, understands, and agrees to the General Provisions contained in the Contract shown in the Procedural Guide; and

5. Delegates the authority to the City Manager or his designee to conduct all negotiations, execute and submit all documents, including, but not limited to applications, agreements, amendments, payment requests and so on, which may be necessary for the completion of the Project.

6. Agrees to comply with all applicable federal, state and local laws, ordinances, rules, regulations and guidelines.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-555

A RESOLUTION APPROVING A GRANT APPLICATION FOR $150,000 IN FUNDING FROM THE FEDERAL RECREATIONAL TRAILS PROGRAM, FOR THE CONSTRUCTION AND INSTALLATION OF 2,850 LINEAL FEET OF BIKE/PEDESTRIAN TRAIL WITHIN THE PELANDALE/SNYDER BIKE TRAIL AND AUTHORIZING THE CITY MANAGER TO EXECUTE ALL NECESSARY DOCUMENTS.

WHEREAS, the "Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users" provides funds to the State of California for Grants for federal, state, local and non-profit organizations to acquire, develop and/or maintain motorized and non-motorized trail Projects, and

WHEREAS, the State Department of Parks and Recreation has been delegated the responsibility for the administration of the program within the State, setting up necessary procedures governing project application under the program, and

WHEREAS, the procedures established by the State Department of Parks and Recreation require the applicant to certify by resolution the approval of the application before submission of said application to the State, and

WHEREAS, the City desires to apply for grant funds in the amount of $150,000 from the Recreational Trails Program for 2,850 lineal feet of bike/pedestrian trail within the Pelandale/Snyder Bike Trail, and

WHEREAS, the proposed 2,850 lineal feet of pedestrian trail within the Pelandale/Snyder Bike Trail is consistent with the Recreational Trails Program grant project criteria, and

WHEREAS, the City will enter into a contract with the State of California to complete the Project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. Approves the filing of a grant application for the Recreational Trails Program, and

2. Certifies that the City has or will have available prior to commencement of any work on the project included in this application, sufficient funds to operate and maintain the project, and

3. Certifies that the City has reviewed, understands, and agrees to the General Provisions contained in the Contract shown in the Procedural Guide, and

4. Appoints the City Manager or his designee to conduct all negotiations, execute and submit all documents, including, but not limited to applications, agreements, amendments, payment requests and so on, which may be necessary for the completion of the Project.

5. Agrees to comply with all applicable federal, state and local laws, ordinances, rules, regulations and guidelines.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-557

A RESOLUTION APPROVING A CONTRACT FOR THE PURCHASE OF RETIRED CITY OF MODESTO POLICE CANINE BY THE ASSIGNED MODESTO POLICE DEPARTMENT CANINE HANDLER, OFFICER COX, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE SAID CONTRACT.

WHEREAS, the Police Chief for the City of Modesto, from time to time, officially retires police canines from departmental service, and

WHEREAS, City of Modesto police canine handler, Officer Cox, wishes to purchase and assume possession of his assigned canine, Buddy, upon the dog's official retirement, and

WHEREAS, it is necessary to adopt a resolution authorizing the purchase of City of Modesto police canines by their assigned department handler,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the contract with Officer Cox for the purchase of his retired police canine, Buddy, in the amount of One Dollar ($1.00) as more fully set forth in the Modesto Police Department Canine Transfer Contract attached hereto as **Exhibit "A"** and incorporated herein by this reference.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September, 2007, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO POLICE DEPARTMENT CANINE TRANSFER CONTRACT

This AGREEMENT, made and entered into in the City of Modesto, State of California, this **15th** day of **August, 2007**, by and between the City of Modesto, a municipal corporation of the State of California, hereinafter referred to as "CITY", and Jamie Cox, canine handler for the Modesto Police Department, hereinafter referred to as "HANDLER".

Facts:

Canine "Buddy" has been with the Modesto Police Department since July of 2000. "Buddy" has served the city for seven years. "Buddy" was born in April of 1999 and will be nine years old in April of 2008. "Buddy" has had a long and distinguished career as a police narcotic dog. "Buddy" has reached an age where his health has begun to decline and he is slowing down. His ability to continue to do police work at an acceptable level is no longer there and it is my recommendation he be retired from service.

This **AGREEMENT** is made with regard to the following recitals:

A. *HANDLER* wishes to assume ownership and take possession of that certain retired City of Modesto police canine named "Buddy". *HANDLER* was previously the assigned canine handler for "Buddy".

B. *HANDLER* wishes to maintain ownership of the above-referenced dog, and the CITY wishes to divest itself of both ownership and vicarious or direct liability for the subject dog.

C. CITY does hereby agree to relinquish all of its right, title and ownership interest in said dog whatsoever, effective upon *HANDLER's* execution and return of this document and payment of the sum of one and no/100ths dollars ($1.00) to the City of Modesto.

NOW, THEREFORE, in consideration of this AGREEMENT, the parties hereto agree as

follows:

1. *HANDLER* does agree to assume ownership of the Modesto police canine named "Buddy", and to assume any and all risks, including, but not limited to, risk of injury or death to third persons, and to hold CITY, its police department, and its employees and/or agents or volunteers harmless from any and all liability, claims, administrative proceedings or other responsibility whatsoever arising from any injuries or damages that may occur on or after the date ownership of the dog is transferred pursuant to this AGREEMENT. That date is hereby fixed by agreement by and among the parties hereto as being **August 15, 2007.**

2. *HANDLER* further agrees to assume all liability for risks and dangers relating to his/her ownership of the subject police dog on and after the aforementioned date, and to indemnify and hold CITY harmless in the event that any legal or administrative action, whether by claim, demand or otherwise, is made by any person or entity as a consequence of or arising out of any event, act or disturbance involving the subject police dog on or after the date ownership is transferred. These hold harmless provisions shall extend to any direct or vicarious liability arising from any and all losses, liabilities, charges (including reasonable attorney fees and court costs), and any other expenses whatsoever which may arise in any manner after the new owners assumption of ownership on the date identified herein.

3. *HANDLER* must retain ownership of "Buddy" for at least eighteen (18) months prior to any sale of the aforementioned retired police canine.

4. The retired police canine "Buddy" shall revert to CITY should the purchaser, *HANDLER* determine he/she can no longer care for the aforementioned dog within the period of time commencing on the date of this AGREEMENT and ending eighteen (18) months from the date fixed by this AGREEMENT.

5. *HANDLER* acknowledges that he/she has read the foregoing AGREEMENT and understands that it is contractual in nature and understands each of its provisions.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has caused this Agreement to be executed in duplicate by its City Manager and attested by its City Clerk under authority of Resolution No. 07-____ adopted by the City Council of the City of Modesto on the 25th day of September, 2007.

MODESTO CITY COUNCIL
RESOLUTION NUMBER 2007-558

A RESOLUTION AMENDING THE 2007/08 BUDGET, ESTIMATING REVENUE OF $20,010 FROM ASSET FORFEITURES TO POLICE OPERATIONS FOR THE PURCHASE OF THREE POLICE CANINES AND THE ASSOCIATED COSTS FOR THEIR PURCHASE.

WHEREAS, there will be three police canines retired from the Police Department Canine Unit, and

WHEREAS, the Police Department needs to replace these dogs to maintain its canine unit at full capacity, and

WHEREAS, costs for the dogs and their air transport back to Modesto is $20,010, and

WHEREAS, the Asset Forfeiture Trust Fund has monies available for this purchase, and

WHEREAS, the Safety and Communities Committee considered this item at its September 5, 2007, meeting and recommended forwarding this item to the full Council for its consideration,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the 2007/08 Operating Budget is hereby amended as indicated below:

Appropriate:			
To:	0100-190-1961-5000	$20,010	Police Field Operations
Revenue:			
From:	0100-190-1961-7202	$20,010	Seized Forfeitures

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-559

A RESOLUTION APPROVING AND ADOPTING A WATER SUPPLY ASSESSMENT (WSA), PREPARED BY WILLDAN DATED AUGUST 2007, FOR THE PROPOSED WOODGLEN SPECIFIC PLAN PROJECT (PROJECT), DETERMINING THAT AN ASSURED WATER SUPPLY IS AVAILABLE TO MEET THE DEMANDS OF THE PROPOSED WOODGLEN SPECIFIC PLAN PROJECT

WHEREAS, Senate Bill 610 (SB 610) requires water suppliers to conduct Water Supply Assessment (WSA) studies for projects meeting the legislative criteria to determine if a sufficient water supply is available to meet the demands of the proposed Woodglen Specific Plan Project (the "Project"), and requires the governing legislative body to approve and adopt such assessments, and

WHEREAS the proposed Project, located within the Kiernan-Carver Comprehensive Planning District (CPD) bordered by Bangs Avenue on the north, Tully Road on the east, Pelandale Avenue on the south, and Carver Road on the west, is within the City of Modesto's water service area and meets the criteria of requiring a WSA under SB 610 and SB 221, and

WHEREAS, Willdan has completed a WSA for the Project, and Public Works staff has determined that an assured 20-year water supply for the build-out of the Project can be made on the conditions that conjunctive use water management measures are implemented as identified in the Urban Water Management Plan and the WSA, the Modesto Regional Water Treatment Plant Phase 2 Expansion is constructed and future water supplies are secured,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Water Supply Assessment, prepared by Willdan dated August 2007, for the

proposed Woodglen Specific Plan Project, is hereby approved and adopted, a copy of which is on file with the City Clerk.

BE IT FURTHER RESOLVED that pursuant to the California Water Code Section 10912, the Council hereby finds and determines that an assured water supply is available to meet the demands of the proposed Woodglen Specific Plan Project and that the WSA for the proposed Woodglen Specific Plan Project provides substantial evidence to support this determination.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-560

A RESOLUTION INCREASING THE PUBLIC WORKS DIRECTOR'S AUTHORITY TO ISSUE CHANGE ORDERS ON THE "COLLECTION SYSTEM REHABILITATION PROJECT" FROM 10 PERCENT ($62,001.97) TO 11.1 PERCENT ($68,755.03) OF THE ORIGINAL CONTRACT PRICE WITH D.A. WOOD CONSTRUCTION

WHEREAS, on January 9, 2007, by Resolution No. 2007-060, the City Council awarded a $620,019.70 contract to D.A. Wood Construction to construct the "Collection System Rehabilitation 2006" project, and

WHEREAS, the contractor started work on February 26, 2007, and

WHEREAS, additional work not included in the original bid needed to be added to the project to allow completion of the new sewer pipeline, and

WHEREAS, the cost of the extra work was estimated to be as high as $68,755.03, an amount which exceeded the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443 on July 19, 1994, and

WHEREAS, the Director currently has authority to approve change orders up to a cumulative amount of $60,001.97,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby increases the Public Works Director's authority to issue change orders on the project entitled "Collection System Rehabilitation 2006" from 10 percent ($60,001.97) to 11.1 percent ($68,755.03) of the original contract price with D.A. Wood Construction.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-563

A RESOLUTION AUTHORIZING THE PUBLIC WORKS WATER QUALITY CONTROL DIVISION TO MAKE A SOLE SOURCE PURCHASE OF CASS WORKS SOFTWARE AND IMPLEMENTATION SERVICES FROM RJN GROUP, INC. AT A COST OF $49,620 WITH A CONTINGENCY AMOUNT OF $4,962, FOR A TOTAL COST OF $54,582.

WHEREAS, Water Quality Control (WQC) manages the operations and maintenance of wastewater, stormwater and water distribution assets, and

WHEREAS, the Wastewater Collections Division is currently using CASS WORKS for pump maintenance activities and utilizes OASIS for asset management, and

WHEREAS, WQC is currently using MP2 software for the maintenance management of the treatment facilities and is no longer supported by the City's Information Technology Department (IT) without an upgrade, and

WHEREAS, WQC would like to upgrade the current version of CASS WORKS and transfer all data from the OASIS and MP programs into the new CASS WORKS program, and

WHEREAS, CASS WORKS will also allow WQC to expand its use to other divisions to consolidate wastewater asset management and maintenance activities, and

WHEREAS, utilization of CASS WORKS will bring a single solution to WQC for managing assets, work order processing, and warehouse inventory and simplifies the support services by IT, and

WHEREAS, IT concurs with Public Works that this course of action is the best solution available and recommends RJN Group, Inc. as the sole source for the upgrade and installation of CASS WORKS, and

WHEREAS, funds are budgeted in following accounts for the purchase of CASS WORKS software and implementation services:

Description: CASS WORKS Software And Implementation Services		
Account Number	Department/Division	Budgeted Amount
6210-480-5212-0235	Public Works Dept, Wastewater Collections Div.	$18,767
6210-480-B576-6052	Public Works Dept, Renewal/Replc Sutter TP	$35,815
	TOTAL	**$54,582**

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Public Works Water Quality Control Department to make a sole source purchase of CASS WORKS software and implementation services from RJN Group, Inc. at a cost of $49,620 with a contingency amount of $4,962 for a total cost of $54,582.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-564

A RESOLUTION APPROVING AN AMENDMENT TO A LEASE AGREEMENT WITH MODESTO EXECUTIVE AIR CHARTER, DBA SKY TREK AVIATION, THAT ALLOWS A SUSPENSION RETROACTIVELY FROM DECEMBER 31, 2005 TO JULY 1, 2008 OF A 5% SUBLEASE FEE OF GROSS RENTS RECEIVED THAT SKY TREK PAYS TO THE CITY, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO THE AGREEMENT.

WHEREAS, Sky Trek Aviation currently leases land at the Modesto Airport from the City and then subleases enclosed hangar space to business entities, and

WHEREAS, the master lease between the City and Sky Trek requires Sky Trek to pay the City a surcharge of five percent (5%) of gross revenues realized for these hangar subleases, and

WHEREAS, sublease fee waiver was originally implemented in 2003 by Council Resolution No. 2003-455 to assist Sky Trek's competitive position for hangar rentals during the 'dotcom' bust, and

WHEREAS, in March 2007 Sky Trek requested another extension of the sublease fee waiver, and

WHEREAS, Sky Trek believes sublease fee is unfair because it already pays the City a variety of fees, including rent, property tax, fuel flow fee, and mil tax, and

WHEREAS, as the Airport's sole fixed base operator, Sky Trek is the only tenant authorized to sublease hangar space for the principle purpose of storing aircraft, and

WHEREAS, the Council, by Resolution Nos. 2005-35 and 2006-680, has continued to waive this sublease fee, and

WHEREAS, due to change in personnel at the airport, the amendment approved in 2006, which covered December 31, 2005 through July 1, 2007, was not executed, and

WHEREAS, this action is to retroactively suspend the fee waiver from December 31, 2005 to July 1, 2008 to cover the full period of time the Council authorized the amendment in 2005 and an additional one year to July 1, 2008, and

WHEREAS, the Economic Development Committee, at its August 13, 2007 meeting, recommended the suspension of the sublease fee waiver to be retroactively extended from December 31, 2005, to July 1, 2008,

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amendment to a lease agreement with Modesto Executive Air Charter, dba Sky Trek Aviation, that allows a suspension retroactively from December 31, 2005 to July 1, 2008 of a 5% sublease fee of gross rents received that Sky Trek pays to the City.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the amendment to a lease agreement

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-565

A RESOLUTION APPROVING THE 2007/2008 FISCAL YEAR ANNUAL ANTICIPATED DBE PARTICIPATION LEVEL (AADPL) GOAL OF 14%, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE DISADVANTAGED BUSINESS ENTERPRISE (DBE) RACE-NEUTRAL IMPLEMENTATION AGREEMENT AND PROGRAM PLAN FOR FEDERALLY FUNDED STREET, AIRPORT, AND TRANSIT PROJECTS

WHEREAS, the City of Modesto, in order to receive federal financial assistance from the U.S. Department of Transportation (DOT) through the California Department of Transportation (Caltrans) and as a condition of receiving this assistance, is required to sign the California Department of Transportation's Disadvantaged Business Enterprise (DBE) Race-Neutral Implementation Agreement for federally funded street, airport, and transit projects, and

WHEREAS, the City of Modesto wishes to enter into a Disadvantaged Business Enterprise (DBE) Race-Neutral Implementation Agreement, and adopt the 2007/2008 Fiscal Year Annual Anticipated DBE Participation Level (AADPL) goal of 14%,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it is the goal of the City of Modesto that if any United States Department of Transportation funds are used for contract services, it will assure that no portion of the projected goal will be attained by using race-and gender-conscious means in accordance with 49 CFR, Part 26 and other applicable statutes, regulations, and executive orders.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the 2007/2008 Fiscal Year Annual Anticipated DBE Participation Level (AADPL) goal of 14% is hereby established.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized to execute the DBE Race-Neutral Implementation Agreement and Program Plan with the Federal Transit Administration.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-566

A RESOLUTION AUTHORIZING PARTICIPATION IN THE "UNIFIED CERTIFICATION PROGRAM" (UCP) FOR CERTIFYING DISADVANTAGED BUSINESS ENTERPRISE (DBE) CONTRACTORS IN AN AMOUNT NOT TO EXCEED $2,000

WHEREAS, 49 CFR, Part 26 necessitates that the City of Modesto participate in the California Unified Certification Program (UCP), and

WHEREAS, this program is the vehicle for certifying Disadvantaged Business Enterprise (DBE) contractors, and

WHEREAS, Federal regulations require that all jurisdictions receiving federal funds must participate in training costs for the certifying agencies, and

WHEREAS, in order to continue receiving federal funding on street, airport, and transit projects, the City must adopt a UCP consistent with federal regulations and receive approval, and

WHEREAS, financial participation in the UCP is also required in order to continue receiving Federal funding on street projects,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that participation in the UCP for certifying DBE contractors in an amount not to exceed $2,000 is hereby authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-569

Print

A RESOLUTION AMENDING THE FISCAL YEAR 2007-2008 ANNUAL OPERATING BUDGET TO REFLECT APPROVED CHANGES TO THE HUD ANNUAL ACTION PLAN AND AUTHORIZING THE FINANCE DIRECTOR TO TAKE THE NECESSARY STEPS TO IMPLEMENT TIE PROVISIONS OF THIS RESOLUTION.

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (HUD), and

WHEREAS, on May 8 2007, by Resolution No. 2007-281, the City Council approved the adoption of the 2007-2008 HUD Annual Action Plan, and

WHEREAS, since adoption of the Annual Action Plan, staff has determined that changes should be made to programs and services provided to better meet the needs of the citizens of Modesto, and

WHEREAS, these program changes require reallocation of operating budget funds, and

WHEREAS, reallocation of these funds is more fully described on Exhibit "1", and **Attachments B-1 and B-2** attached hereto and incorporated by reference, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) considered the proposed changes to the HUD Annual Action Plan at its August 24, 2007, meeting, and the Committee recommended that the City Council approve amendments to the HUD Annual Action Plan as proposed by staff as well as to approve the budgetary adjustments as recommended by staff, and

WHEREAS, a duly noticed public hearing was held by the City Council on September 25, 2007, at 5:30 p.m., in the Tenth Street Place Chambers, located at 1010

Tenth Street, to consider approval of the proposed amendments to the 2006-2007 HUD Annual Action Plan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves amending the Fiscal Year 2007-2008 Annual Operating Budget to reflect approved changed to the HUD Annual Action Plan as indicated in Exhibit "1" and Attachments B-1 and B-2, attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-570

A RESOLUTION APPROVING THE CITY OF MODESTO CONSOLIDATED ANNUAL PERFORMANCE AND EVALUATION REPORT (CAPER) FOR FISCAL YEAR 2006-2007, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SUBMIT THE REPORT TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD).

WHEREAS, the City of Modesto receives several Federal grants from the U.S. Department of Housing and Urban Development (HUD), and

WHEREAS, the Consolidated Annual Performance and Evaluation Report (CAPER) reflects the activities of the City and its sub-recipients for the period of July 1, 2006, through June 30, 2007, and

WHEREAS, each year the City must review and report on the performance of activities funded under the Community Development Block Grant (CDBG), HOME Investment Partnership Grant, and Emergency Shelter Grant (ESG) funds, and

WHEREAS, the CAPER must be made available for public review and comment for a minimum 15-day period, and

WHEREAS, the CAPER was made available for public review and comment from September 10, 2007, through September 25, 2007, and

WHEREAS, all public comments, and staff responses to these comments, must be presented to the City Council for review and approval, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) met on September 12, 2007, and reviewed and recommended the CAPER, and

WHEREAS, a duly noticed public hearing was held by the Council on September 25, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, to consider approval of the CAPER,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. That the Consolidated Annual Performance and Evaluation Report for Fiscal Year 2006-2007 is hereby approved, and a copy of said report is on file in the office of the City Clerk.

2. That the City Manager, or his authorized designee, is hereby authorized, after having made any necessary correction, to submit said report to the U.S. Department of Housing and Urban Development (HUD).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-571

A RESOLUTION ELECTING TO RECEIVE A PORTION OF THE TAX INCREMENTS PURSUANT TO HEALTH AND SAFETY CODE SECTIONS 33607.7 AND 33607.5

WHEREAS, on July 12, 1983, the City Council of the City of Modesto (the "Council"), adopted Ordinance No. 2203-C.S.approving and adopting the Redevelopment Plan (the "Original Redevelopment Plan") for the Modesto Redevelopment Project (the "Project") pertaining to the "Original Project Area", and

WHEREAS, on June 19, 1984, the Council adopted Ordinance No. 2269-C.S. amending the Original Redevelopment Plan, and

WHEREAS, on November 5, 1991, the Council adopted Ordinance No. 2793-C.S. approving and adopting an Amended Redevelopment Plan (the "Redevelopment Plan"), which replaced the Original Redevelopment Plan and added certain area (the "Amended Area") to the Project Area, and

WHEREAS, on November 19, 1991, because the Amended Area includes certain areas located within the unincorporated area of the County, the Board of Supervisors of the County of Stanislaus adopted Ordinance No. C.S. 454 approving and adopting the Redevelopment Plan, and

WHEREAS, on November 22, 1994, the City Council adopted Ordinance No. 2931-C.S. and on December 20, 1994, the Board of Supervisors adopted Ordinance No. C.S. 580 establishing and amending certain limitations with respect to the Redevelopment Plan, and

WHEREAS, Section 33333.6 of the California Community Redevelopment Law (Health and Safety Code Section 33000 et seq.) provides, in part, that on or after January 1, 2002, a redevelopment plan adopted on or before December 31, 1993, may be amended to eliminate the

time limit on the establishment of loans, advances, and indebtedness that was previously required by that section prior to January 1, 2002, and

WHEREAS, Section 33607.7 of the Health and Safety Code provides, in part, that if a redevelopment plan adopted prior to January 1, 1994, is amended to increase or eliminate the time limit on the establishing of loans, advances, and indebtedness established pursuant to Section 33333.6, and an agreement was not entered into by the agency and the taxing entity prior to January 1, 1994, that requires payments to the taxing entity, the agency shall pay to such affected taxing entity the amounts required pursuant to subdivisions (b), (c), (d), and (e) of Section 33607.5, and

WHEREAS, Section 33607.5(b) of the Health and Safety Code provides that in any fiscal year in which a redevelopment agency receives tax increments, the community that has adopted the redevelopment project area may elect to receive, and the agency shall pay to it, an amount equal to the community's proportionate share of 25 percent of the tax increments received by the agency after the amount required to be deposited in the Low and Moderate Income Housing Fund has been deducted (the "City Election"), and

WHEREAS, concurrently herewith, the City Council has considered and introduced for first reading an Ordinance to eliminate and amend certain time limitations with respect to the Redevelopment Plan, including to eliminate the time limit on the establishing of loans, advances, and indebtedness contained in the Redevelopment Plan;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MODESTO DOES HEREBY RESOLVE AS FOLLOWS:

Section 1. The City Council hereby elects to receive the City Election for each fiscal year of the Redevelopment Project in which the Agency receives tax increment from the Project Area.

Section 2. The City Clerk is hereby directed and authorized to transmit a copy of this resolution to the Executive Director of the Redevelopment Agency of the City of Modesto and to the tax collector of Stanislaus County.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September, 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-572

A RESOLUTION DENYING THE APPEAL OF QUALITY TYMES CORPORATION, DBA OCEANS 10 RESTAURANT, AND AKA SIN CITY NIGHTS AND MODIFYING THE POLICE CHIEF'S LETTER OF INTENT TO REVOKE THEIR DANCE PERMIT BY IMPOSING A 30 DAY SUSPENSION, UNTIL OCTOBER 23, 2007, WITH A REPORT DUE BACK TO THE CITY COUNCIL FOR DETERMINATION AS TO THE FINAL STATUS OF THE DANCE PERMIT.

WHEREAS, Quality Tymes Corporation, dba Oceans 10 Restaurant, and aka Sin City Nights was issued a dance permit on July 9, 2007, by the City of Modesto imposing specific conditions for its operation; a copy of said dance permit is attached hereto and incorporated herein by reference as **Exhibit "A"**, and

WHEREAS, by signing for receipt of the dance permit, the responsible party, Rosalind Mitchell acknowledged, read and agreed to comply with every required condition set forth in Exhibit "A", including an acknowledgment that any violation could result in revocation of the dance permit, and

WHEREAS, Modesto Municipal Code Section 4-1.413 authorizes the Police Chief to revoke or suspend a dance permit when violations of the permit occurs, and

WHEREAS, on August 24, 2007, based on a number of violations of the dance permit which had occurred, the Police Chief sent a Letter of Intent to Revoke to Quality Tymes Corporation, dba Oceans 10 Restaurant, and aka Sin City Nights, c/o Rosalind Mitchell (hereafter "Appellant") to revoke their dance permit, a copy of which is attached hereto and incorporated herein by reference as **Exhibit "B"**, and

WHEREAS, by letter dated August 30, 2007, Appellant filed a notice of appeal with the Office of the City Clerk to the decision of the Police Chief revoking their dance

permit, a copy of which is attached hereto and incorporated herein by reference as Exhibit "C", and

WHEREAS, by an agenda report to the City Council from the Police Chief, dated September 10, 2007, City staff recommended the dance permit for Appellant be revoked, and

WHEREAS, this recommendation was based on nine violations of their dance permit as fully set forth in Exhibit "A", and

WHEREAS, by letter dated September 21, 2007, Appellant requested a continuance of the hearing on their appeal to October 9, 2007; said request was denied by the City Council, and

WHEREAS, said appeal was set for a duly noticed public hearing before the City Council at its regular meeting place in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at 5:30 p.m. on September 25, 2007, at which date and time said public hearing was held, the Appellant was present and evidence both oral and documentary was received and considered, and

WHEREAS, after said public hearing the Council found and determined that said appeal should be denied, however, the Council determined that based on the testimony provided by the Appellant and evidence presented that in recent weeks the Appellant had made good efforts to address the problems occurring at their premises, the Police Chief's Letter of Intent to Revoke should be modified by imposing a 30 day suspension, until October 23, 2007, with a report due back to the City Council for determination as to the final status of their dance permit,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal of Quality Tymes Corporation, dba Oceans 10 Restaurant, and aka Sin City Nights, for the revocation of their dance permit is hereby denied and that in lieu of revocation the Police Chief's Letter of Intent to Revoke is hereby modified by imposing a 30 day initial suspension, until October 23, 2007, with a report due back to the City Council by the Appellant and the Police Department as to the measures to be taken to ensure Appellant's compliance with all the conditions of their dance permit. Council shall take this report into consideration for the purpose of determining whether the suspension should be lifted, extended or revocation imposed.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of September 2007, by Councilmember Olsen, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	Keating
ABSENT:	Councilmembers:	Marsh

one for those patrons exiting and made available for inspection by the police department upon demand.

3. There shall be at least one (1) staff personnel stationed at every exit of the building.

4. There shall be one (1) state licensed and certified security guard per fifty (50) occupants inside the premises.

PERMIT REQUIREMENTS:

5. If the facility is leased, subletted, or rented, the organization or individual must apply for a 'Daily Dance Permit' application 15 days in advance of the event providing proof of security, and a copy of the lease agreement for use of the facility.

6. If Applicant/establishment is owned as a corporation or partnership, it shall provide to Modesto Police Department a full disclosure of all partners, and /or officers, including their addresses and phone numbers. Any changes in owners, their addresses or phone numbers must be reported to the Modesto Police Department within 3 business days of any changes.

7. This condition letter shall be posted along with the dance hall establishment permit in public view and available to law enforcement for inspection upon request.

8. There shall be no topless dancing, nude dancing and/or male, female revues permitted on the premises at anytime or any violation to the Adult Entertainment Ordinance, MMC 5-9.101 through 5-9.407.

9. Modesto Police Department is not responsible or required to send reminder notices regarding the renewal of a dance permit. The permit holder is responsible to file a dance permit application within 15 days of the expiration date. If the permit expires, the dance permit is no longer valid and enforcement or administrative fines may be levied.

10. As a condition of the issued dance permit, the Modesto Police Department must have on file at all times evidence of liability

insurance naming the City of Modesto as an additional insured. Minimum liability amounts must be one million dollars ($1,000,000.00).

11. Facilities who hold a dance permit in the DED shall be operating and linked electronically to a centralized scanning system of an ID reader and a shared telecommunication system upon delivery of equipment.

12. A Dance permit shall not be issued or renewed if the business license fees, filings and/or taxes are not current or paid in full.

13. Modesto Police Department may change or revise conditions of this dance permit with 48-hour written notice.

14. Membership and attendance to the DED (Downtown Entertainment District) monthly meetings facilitated by DID (Downtown Improvement District) is required of a general manager and/or owner of facilities who hold dance permits in the DED area.

UNIFORMS:

15. All private security guards and security staff/bouncers must be in a light colored (white, yellow, tan or light gray) shirts and outer layering with the following on the back of the shirts or outer layering in black or dark blue lettering: 'SECURITY'. Only black or blue lettering is permitted and no smaller than 4 inches in height. Lettering must be monogrammed, embroidered or silk-screened. The front of the shirts shall also display the name of the security company and/or the club name and 'SECURITY' in smaller, visible print. Dark colored pants are acceptable.

SAFETY PROVISIONS:

16. Occupancy for the premises shall be posted above the main entrance visible to the public and also posted above every bar(s) location within establishment.

17. At no time shall the occupancy exceed the rated number posted for occupancy. If it is determined that the premise is over their posted

occupancy, the Police Department shall have the authority to restrict further entrance of patrons until the facility has abated their occupancy issue.

18. Entertainment provided by the licensee shall not be audible beyond the entertainment venue under the control of the licensee.

19. Patrons shall be prohibited from 'in-and-out' privileges to the club without paying a cover charge each and every time they re-enter the club or; if there is no cover charge, patrons must allow one hour before they re-enter the club on the same evening. The establishment is required to document such entrance and exit activity by electronic ID scanner or other verifiable means and must produce this to law enforcement upon demand.

20. The licensee is responsible for the orderly disbursement of all patrons upon closing and within thirty (30) minutes prior to the establishments' closing time.

21. Security staff will remain on the premises until all patrons have left the vicinity of the premises and surrounding neighborhoods when the business closes and discourage any loitering in the parking areas to business during and at the close of business.

22. At all time during hours of operation, the business shall remain open and accessible to law enforcement and the fire department.

23. A soft close is authorized under the following conditions:
   (a) Dancing shall cease at approximately 2:00 A.M., so that patrons can be cleared from the establishment by 3:00 A.M.
   (b) All sales of alcohol must cease at 1:30 A.M.
   (c) Consumption of alcohol must stop by 2:00 A.M. and drinks are to be collected and disposed of.
   (d) No new patrons are to be allowed into the club after 1:30 A.M.
   (e) No outside advertising of 'soft close' or after hours dancing.
   (f) Patrons requesting taxi service or alternative transportation will be given reasonable assistance by the club management/security staff.
   (g) Conditions to this soft close can be amended and the authorization
   (h) The soft closing is revocable at any time by the Modesto Police

Department.

ABC REQUIREMENTS:

24. Licensee shall adhere to all conditions of their ABC license issued to the premises.

25. No alcoholic beverages shall be consumed on any property adjacent to the licensed premises under control of the licensee.

26. On duty employees for the business shall not consume alcoholic beverages or be under the influence of an alcoholic beverage on the premises during hours of operation.

27. Those areas adjacent to the business shall be maintained litter free. All litter shall be removed within (3) three hours of closing time.

SPECIAL EVENTS:

28. Any valid dance establishment permit holder that holds a special event shall notify the Modesto Police Department by electronic e-mail notification to include both CSO Leslie Rodriguez (Rodriguezl@modestopd.com and Lt. Ron Cloward Clowardr@modestopd.com not less than twenty four (24) calendar days in advance of the special event.

(a) A "special event" is defined as any live performance, concert, live music event, live entertainment or any person or persons providing musical entertainment with live or recorded music.

(b) The Modesto Police Department shall review the written notification of the special event and determine, based upon past experience and/or research, whether it is reasonably likely that the special event may draw a large attendance, evoke increased violence, noise, public drunkenness, drug-trafficking and other illegal activity.

(c) The Modesto Police Department will notify the permit holder of its determination 14 calendar days before the event, provided the Modesto Police Department receives timely notice of the special event. If the Modesto Police Department determines that the special event is reasonably likely to draw a large attendance, evoke increased violence, noise, public drunkenness, drug trafficking or other illegal activities, the Modesto Police Department will require the dance establishment to increase its security requirements. The additional security required for any special event is an express condition of the dance permit and is in addition to all other security requirements of the dance establishment permit.

(d) Additionally, the holder of the establishment's dance permit will be responsible for costs of additional police officers, community service officers and other staffing as determined by the Modesto Police Department, based upon past experience and/or research which is required to maintain the tranquility, good order, and well being of the downtown area and the community at large prior to, during, and after the dance establishment's special event. The Modesto Police Department will invoice the dance establishment permit holder for the cost of additional police officers, community service officers, or other staffing within fifteen (15) days of the special event. The dance establishment permit holder shall pay said invoice within fifteen (15) days of the date on the invoice.

FINES, SUSPENSION AND REVOCATION:

29. The licensee agrees to pay for police services provided by the City of Modesto for costs of police services, as determined by the Chief of Police and are a result of public disorder arising from patrons of the establishment.

Letter of Intent to Revoke

Quality Times Corporation
C/O Rosalind Mitchell
4400 Gomes Rd
Modesto, Ca. 95354

August 24, 2007

Dear Ms. Mitchell

It is the intent of the Chief of Police of the Modesto Police Department to revoke your dance permit pursuant to:

4-1.413 MMC; Revocation of Permit.

A dance permit may be revoked or suspended by the Chief of Police of the City of Modesto upon five (5) days' notice to the holder thereof, for violation of any of the provisions of this article, or of any condition imposed upon any permit, or of any rule or regulation promulgated hereunder, or of any state or local law. No person whose permit has been revoked shall be granted or issued a new permit, nor shall any new permit be granted or issued to any person who was or is an agent, employee or representative of the person whose permit was revoked unless the following conditions are satisfied:

(a) Twelve (12) months or more have elapsed since the former permittee was notified of the intended revocation;

(b) The former permittee has, to the satisfaction of the Chief of Police, corrected all conditions and violations upon which the revocation was based or has provided to the Chief of Police acceptable plans for procedures reasonably likely to prevent future violations should the permit be reissued;

(c) Such other conditions as the Chief of Police may reasonably require. (Added by Ord. 2563-C.S., § 1, amended by Ord. 2613-C.S., § 1, effective 11-3-88)

Basis for Revocation

The basis for this revocation is related to multiple violations of the dance permit. These violations were observed and documented on June 17, 2007 by Detective Steve Stanfield under case number #07-56621 and on July 15, 2007 under case #07-67252 by Lieutenant Ron Cloward. The violations are as follows:

Violation #1 (June 17, 2007)

You were unable to present a copy of your current dance permit upon request. Once you found a copy of a dance permit it was the expired permit from previous months. This is a violation of **Condition Seven** of the dance permit, which states; ***This condition letter shall be posted along with the dance hall establishment permit in public view and available to law enforcement for inspection upon request.***

Violation #2 (June 17, 2007)

The performance of Go-Go dancers in cages is deemed a special event and no notification was made. This is a violation of **Condition Twenty-Eight** of the dance permit, which states; ***A "special event" is defined as any live performance, concert, live music event, live entertainment or any person or persons providing musical entertainment with live or recorded music.***

Violation #3 (June 17, 2007)

The ABC license was not posted as per the requirements of ABC. It was eventually located under the counter. This is a violation of **Condition Twenty-Four** of the dance permit, which states; ***Licensee shall adhere to all conditions of their ABC license issued to the premises.***

Violation #4 (July 15, 2007)

There was only one mechanical counter located at the front door to be used to count patrons entering only. This is a violation of **Condition Two** of the dance permit which states; ***There shall be at least one (1) security officer stationed at the entrance of the business during hours of dancing. These***

officers shall keep count of patrons entering and leaving the business by use of two mechanical counting device, one for those entering and one for those patrons exiting and made available for inspection by the police department upon demand.

Violation #5 (July 15, 2007)

There was no security staff stationed at the back door of the business during hours of dancing. This is a violation of **Condition Three** of the dance permit, which states; *There shall be at least one (1) staff personnel stationed at every exit of the building.*

Violation #6 (July 15, 2007)

There were only six security personnel on staff for the night. The count I was given was 330 patrons inside. This is a violation of **Condition Four** of the dance permit, which states; *There shall be one (1) state licensed and certified security guard per fifty (50) occupants inside the premises.*

Violation #7 (July 15, 2007)

The security personnel were wearing white T-shirts. Some of these T-shirts had no writing on them at all that identified them as "SECURITY". Others had the words, "Security" on the back only. This is a violation of **Condition Fifteen** of the dance permit, which states; *All private security guards and security staff/bouncers must be in a light colored (white, yellow, tan or light gray) shirts and outer layering with the following on the back of the shirts or outer layering in black or dark blue lettering: 'SECURITY'. Only black or blue lettering is permitted and no smaller than 4 inches in height. Lettering must be monogrammed, embroidered or silk-screened. The front of the shirts shall also display the name of the security company and/or the club name and 'SECURITY' in smaller, visible print. Dark colored pants are acceptable.*

Violation #8 (July 15, 2007)

Patrons were leaving and re-entering the club at will. This is a violation of **Condition Nineteen** of the dance permit, which states; *Patrons shall be prohibited from "in-and-out" privileges to the club without paying a cover charge each and every time they re-enter the club or; if there is no cover charge, patrons must allow one hour before they re-enter the club on the same evening. The establishment is required to document such entrance and exit activity by electronic ID scanner or other verifiable means and must produce this to law enforcement upon demand.*

Violation #9 (July 15, 2007)

As the night came to a close, patrons were being pushed out of the club at one time and security went back inside while people stood on the sidewalk outside. This is a violation of **Conditions Twenty-One and Twenty-Three** of the dance permit, which states; ***Security staff will remain on the premises until all patrons have left the vicinity of the premises and surrounding neighborhoods when the business closes and discourage any loitering in the parking areas to business during and at the close of business. The licensee is responsible for the orderly disbursement of all patrons upon closing and within thirty (30) minutes prior to the establishments' closing time.***

The Modesto Police Department has met with the staff and ownership of your business and discussed these issues listed above. As of July 21, 2007 the shirts were still the same, patrons were still being put out of the business at one time with no observations of the soft close. Patrons have also continued to enter and leave at will.

Discussions have also taken place with the staff and management regarding the need to implement the electronic identification scanning system as mentioned in the dance permits. The clubs in the DED are currently all coming online with their equipment. To date Tymeless has not made any contact or attempt to get online with this system.

This system is required per **Condition Eleven** of the dance permit, which reads;

"Facilities who hold a dance permit in the DED shall be operating and linked electronically to a centralized scanning system of an ID reader and a shared telecommunication system upon delivery of equipment."

Due to the continued record of violations and refusal to comply with the conditions of your dance permit, the Modesto Police Department intends to revoke your dance permit as per 4-1.413 MMC.

The five day notice period required by the provisions of Modesto Municipal Code section 4-1.413 for the revocation of a dance permit commences with the personal service of this letter of intent, which will be served by Lt. Cloward on the date set forth below. The five day notice period will be calculated as five working days commonly defined as Monday through Friday, excluding holidays.

You also have a right to appeal this action pursuant to 4-1.415 of the Modesto Municipal Code which states;

Any person aggrieved by any action taken by any City official pursuant to this article may appeal to the Council of the City of Modesto in accordance with the provisions of Chapter 4 of Title 1 of this Code. (Added by Ord. 2563-C.S., § 1, effective 1-7-88)

YOU ARE HEREBY NOTIFIED that, effective 12:00 a.m. on the 31 day of August, 2007, the dance permit of the business known as Tymeless Cuisine and/or Sin City Nights is REVOKED.

YOU ARE FURTHER NOTIFIED that, after that date and time, Tymeless Cuisine/Sin City Nights, or any other operator of the property currently known by those business names, will be in violation of the permit requirements of the Modesto Municipal Code, and subject to any and all penalties set forth therein, if public dance activities are permitted on the premises unless the dance permit for the premises has first been reinstated.

Dated: 8/24, 2007

953 10th Street
Modesto, CA 95354

Notice Of Appeal
August 30, 2007

Quality Tymes operates *Oceans 10* restaurant providing elegant classic refined dining. Our dinner selections will be created by our Executive Chef featuring Pacific Rim Cuisine prepared simply and presented elegantly in an intimate setting.

Oceans 10 entertainment features *Sin City Nights* which provides a Las Vegas style entertainment setting for late night dining, dancing, and refreshments, with live and recorded music.

The development of the Quality Tymes Corporation business plan relies extensively on the existence of a dance permit. Our permit has been in place for over a year. We have worked hard during this year to provide vitality and high quality services to this location within the downtown redevelopment zone. We have worked tirelessly with city officials.

We have never been cited for any infractions. We have attended DED meetings as an active participant, and we have complied with all requests for modification of our business plan as they have occurred from all city offices. We believe we have fostered a solid constructive working relationship with Modesto Police to enhance the safety of the patrons we serve. Effective and timely communication has been an essential part of this relationship.

On August 23 we received two Administrative Citations. One day later, at midnight on August 24, we were served a Notice of Intent to Revoke our dance permit based on the citations received the day before. This was based on police reports filed over 30 days prior. We were never notified of police reports being filed concerning our business operating procedures, despite being in constant contact with the Police and requesting feedback on our operations.

Quality Tymes Corporation is appealing the Modesto Police Letter of Intent to Revoke based on five criteria outlined below:

for over 30 days is justified or in line with standards enforced for other similar organizations in the Downtown district.

The equitable enforcement of dance permit enforcement is the main criteria by which Quality Tymes does not believe our permit should be revoked. Without equitable enforcement of the permit requirements, the City of Modesto has created the ability to selectively allow one business to succeed while another is eliminated. The variances in enforcement of the dance permit regulations have been an issue that requires the immediate attention of the City Council in order to prevent the disruption of businesses trying to develop in the Modesto area.

The nature of each violation and concern noted in the Letter of Intent to Revoke and how it has been addressed are described below. We want to emphasize our continued willingness to work with the city officials responsible for enforcement of these measures. However, we request that you immediately grant our appeal or it jeopardizes our ability to continue our business.

Violation #1 6/17 - Copy of Dance Permit Not Posted

The Quality Tymes dance permit has been on display hanging on the wall three feet inside the front door. Newly hired staff had removed it while cleaning and had placed it under the counter at the front hostess station. It took less than 5 minutes to check the main office and under the counter to locate the permit. It has been hanging in its right spot since and staff has been educated on the fact that it is not to be moved. The extent of concern regarding this incident was not communicated, even during our dance permit renewal two weeks later on June 30. The situation has been corrected, and does not warrant the revocation of our dance permit.

Violation #2 6/17 – Introduction of "go-go dancers" deemed an "event"

There was no event on June 17, 2007. As part of our normal course of business, Quality Tymes hosts birthday parties, wedding receptions, dinners, and business receptions for up to 300 people. Many of these functions allow us to remain open to the public. On June 17, 2007 a customer hosted a birthday party under the name Sin City Nights. At the same time we initiated a change of format that includes some of the bartenders and hostesses acting as "go-go" dancers. This did not cause us to change our level of staffing or present any additional load on the public safety system, and therefore does not rise to the level of an event requiring prior notification. The extent of concern regarding this incident was not communicated, even during our dance permit renewal two weeks later on June 30. We are now identifying which nights include dancers in our regular monthly schedule notification to Modesto Police. This incident does not warrant the revocation of our dance permit.

Violation #3 6/17 - ABC License not posted

Cleaning had taken place where the ABC license, which has been on display since our opening on 12/31/2005, was taken down. The license was mistakenly placed under the counter instead of on the wall. In less than 5 minutes this oversight was corrected while the officers were present and the license remains on display as it always has. The extent of concern regarding this incident was not communicated, even during our dance permit renewal two weeks later on June 30. This incident does not warrant the revocation of our dance permit.

Violation #4 7/15 - Single mechanical counter

We use the electronic scanner as a counter for the number of people entering the building, and a single mechanical counter for the number of people exiting the building. We do this to help minimize the number of things the front door security must juggle in the event of trouble. We have not been notified that this is an unacceptable procedure. Backup mechanical counters are available on site so a two mechanical counter system can be used in the event of the failure of the electronic scanner. No concerns about our counting methods have been communicated to us. The method we use provides the necessary double count system to determine the number of people in the building. This incident does not warrant revocation of our dance permit.

Violation #5 7/15 - No staff at back door

It has been Quality Tymes' understanding from ABC regulations that there can be only one entrance and exit when liquor is being served. Under this definition, we considered the front door as our only exit and kept it staffed with security. Modesto Police has now clarified that their use of the term exit on the dance permit includes the fire exits which are not used as entrances during our hours of operation. The rear fire exit is now being staffed. This incident does not warrant revocation of our dance permit.

Violation #6 7/15 - 6 Security insufficient for 330 people

Quality Tymes' records show the security staff at 7 people on the night in question. This is sufficient staffing under the dance permit conditions. We share the Modesto Police concern about sufficient security staffing and our proud of our lack of major violent incidents at our facility. We are concerned that the Police officer did not check with management or the owners on site concerning the accurate count of the number of security staff on duty that evening. We are ensuring the door personnel know the accurate number of security working as well as providing refresher training on the importance of keeping an accurate door count.

Violation #7 7/15 - Security T-shirts not properly marked

The requirement for front markings on shirt had been overlooked on the first printing of new security uniforms. These are the shirts that were in use temporarily on July 15th. Replacement shirts with the necessary marking on the front identifying the wearer as security were ordered the next business day (Monday, 7/16). The printing for these shirts was completed on July 21. The shirts were placed in use that evening, 7/21. Modesto Police did speak with us about their concerns around the markings on the shirts. We took immediate action and the situation has now been corrected. This incident does not warrant revocation of our dance permit.

Violation #8 7/15 - Re-entry

Pending completion of the permit process for a permanent outside patio, Quality Tymes has negotiated an agreement with Lt. Cloward that allows patrons to exit the building and remain

within the crowd control ropes for the purpose of smoking without being considered "in and out". Patrons who exit the crowd control area must comply with the rules concerning "in and out" privileges. Modesto Police did speak with us about their concerns regarding compliance with re-entry policies. After some discussion they agreed that enforcement of the method we have described provides compliance with the re-entry policy. We are continuing our efforts to obtain a permit for a permanent outside patio which we expect to complete in the next 30-60 days. This incident does not warrant revocation of our dance permit.

Violation #9 7/15 - Disbursing crowd

Quality Tymes security regularly and completely disburses the crowd exiting our building. On the night in question, a neighboring business was vending food on the sidewalk after club closing hours. This resulted in a crowd forming in front of 949 10th Street business from patrons exiting other establishments on the street, which gave the appearance of spilling over in front of our establishment. Because our crowd was gone, our security did not remain on the street and were not available to assist in disbursing this gathering. Security procedures have been changed so that our security now maintains a presence on the street until all the other establishments in the neighborhood complete their close to ensure these people do not gather in front of our establishment. The sale of food products on the sidewalk next door to our establishment has been restricted. Modesto Police has mentioned to us that they felt we were not doing enough crowd disbursement. We have changed our closing procedures to allow more of our security presence, even after our crowd is disbursed, to ensure these other patrons do not gather in front of our establishment. This incident does not warrant revocation of our dance permit.

On 7/21 shirts were still the same

As stated above, the revised shirts were completed on 7/21/2007 and placed in service on that night for X-Fest. The letter of intent does not say whether the 7/21 observation was done after midnight on Friday, when the new shirts were not yet available from the printer, or before midnight on Saturday, when the new shirts were in use. We acted swiftly to correct this concern as soon as it was identified. The situation has been corrected and does not warrant the revocation of our dance permit.

7/21 No observation of Soft Close

Under the conditions of the dance permit, a soft close is authorized but not required. Our closing procedures involve shutting down portions of the facility starting at 1:15 AM in an attempt to begin moving customers out toward their destinations. At 1:50 AM we require patrons to exit the building. This allows us to disburse our customers from the street in the small time window between the crowds created by the closing of the much larger establishments around us. Since there is no requirement for a soft close, and there have been no public safety incidents as a direct result of our procedures, this concern does not warrant the revocation of our dance permit. Previous attempts to implement a soft close procedure have not been successful. We are continuing our discussions with Modesto Police to explore procedures that allow us to do an effective soft close.

7/21 Continued concerns with Re-entry

Pending completion of the permit process for a permanent outside patio, we have negotiated an arrangement with Lt. Cloward to allow patrons to exit the building and remain within the crowd control ropes for the purpose of smoking without being considered "in and out". Patrons who exit the crowd control area must comply with the rules concerning "in and out" privileges. Modesto Police did speak with us about their concerns regarding compliance with re-entry policies. After some discussion they agreed that enforcement of the method we have described provides compliance with the re-entry policy. We are continuing our efforts to obtain a permit for a permanent outside patio which we expect to complete in the next 30-60 days. This incident does not warrant revocation of our dance permit.

Electronic ID system

We are actively working with Tony of Copper Rhino to obtain the necessary software to come on-line with the DED system. Our commitment to complying with this requirement has been demonstrated by our purchase and use of the required hardware on June 26, 2007. We are already electronically scanning IDs as part of our screening process. The only reason we are not already on the system is the failure of the responsible person to provide us with the necessary software. We are actively coming into compliance with this requirement, along with the other establishments in the DED. This concern does not warrant the revocation of our dance permit.

We have noted in the past our objection to the fact that this process is under the control of the manager of an establishment which has a vested interest in the success or failure of other businesses in using the system. We want to renew our request that the control of steps needed for compliance with this requirement be placed with the DED or with Modesto Police.

"Continued Record of Violations"

There has been no record of violations prior to the issuance if the notice of intent. We have regularly met and discussed compliance issues with Modesto Police, but no violation notices have been issued. On August 22, 2007, obviously in conjunction with the Letter of Intent to Revoke, two Administrative Citations were issued each based on a date and incidents identified as violations above. This is our first written notification of any variance to the conditions of our dance permit. The copies of police reports attached to the Notice of Intent to Revoke are the first time we have seen that police reports have been filed regarding our business. All violations occurred on one date. There has been no continued record of violations.

"Refusal to comply with the conditions of your dance permit"

We have taken immediate steps to make the necessary changes to rectify the situation each time Modesto Police has identified a concern to us. At no time have we refused to comply with the conditions of our permit.

Copies of police reports

Quality Tymes was not made aware in a timely manner that police reports had been filled out concerning our business. The two reports attached to the Notice of Intent to Revoke are the first notification we have had of any formal activity by the Modesto Police. One of these reports is over 60 days old and pre-dates the renewal of our dance permit on June 30. The other report is over 30 days old. If these concerns rise to the level of revoking our dance permit, formal notification should have been given so corrective actions could be taken and identified before such drastic punitive action was taken.

Uneven enforcement

Quality Tymes feels the action of revoking our dance permit is an unreasonable response to the history and level of violations noted and our response to them. We are aware of other establishments in downtown who have had multiple violations of building, fire, and ABC regulations who have not had their dance permits revoked. Although several establishments were cited by the ABC during X-fest, dance permits have not been revoked based on those violations. Several establishments have had multiple, well publicized incidents requiring massive Police response and their dance permits have not been revoked.

Quality Tymes has not required massive Police response, excessive oversight, or expenditure of Police resources. However, we have continually been selectively reviewed for our compliance with the regulations without prior citations.

Finally, the Modesto Police have notified the DED that they do not intend to renew dance permits for establishments that hold a type 47 ABC license. This includes Quality Tymes. The ability to provide dining, dancing, and entertainment is a central component to the business plan for our downtown business. There is no provision in the regulations for denying a dance permit based on the type of ABC license.

If overuse of Police resources is a concern, Quality Tymes recommends restriction of permits based on conditions that are identified and not corrected in a timely manner. Furthermore, repeated violent incidents resulting in arrests and expenditure of Police resources should be considered.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-575

A RESOLUTION APPROVING AN AMENDMENT TO AGREEMENT WITH CLEARWIRE LLC, A NEVADA LIMITED LIABILITY COMPANY, FOR THE LEASE OF CELL TOWER SITE IN BEYER PARK FOR CHANGE OF ANTENNAS AT THE SITE AND THE ADDITION OF A TOWER MOUNTED AMPLIFIER (TMA) AND AUTHORIZING THE CITY MANAGER TO SIGN THE AMENDMENT TO AGREEMENT

WHEREAS, on June 7, 2005, by resolution No. 2005-294, Clearwire LLC, a Nevada Limited Liability Company entered into a lease with the City of Modesto for a cellular tower site located on a portion of APN 085-049-016 commonly known as Beyer Park, and

WHEREAS, Clearwire desires to amend the contract to enhance and upgrade the existing antennas at the site and to add a Tower Mounted Amplifier (TMA), and

WHEREAS, City staff concurs with the proposed amendment, with the following additional requirements:

- The hours of the work day correspond to the hours that construction can be done within the City of Modesto. Clearwire is required to check with the City's Building Department for those specific times.
- Clearwire is required to notify City staff of the exact days and times their contractors will be on site so that the City can coordinate their activities that are being conducted at Beyer Park with Clearwire's work needs.
- If there is an interruption in the City's activities where the City would have a loss of revenue, Clearwire and/or its subcontractors would reimburse the City for its loss.
- If there is change/damage to the area that Clearwire is working in, the property must be put back to its original condition. This includes, but is not limited to, plants, trees and hardscape.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to Agreement with Clearwire LLC, for the lease of cell tower site in Beyer Park for change of antennas at the site and the addition of a Tower Mounted Amplifier (TMA), with the above mentioned additional requirements.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the amendment to agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of October 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-576

A RESOLUTION APPROVING A SIXTY (60) DAY EXTENSION TO A 6-MONTH PROVISIONAL APPOINTMENT FOR CARA GALBRAITH, ADMINISTRATIVE OFFICE ASSISTANT I.

WHEREAS, the Parks, Recreation and Neighborhoods Department has three vacant Parking Maintenance Worker positions, and

WHEREAS, one of these positions was alternate filled and under filled with an Administrative Office Assistant I, and

WHEREAS, Cara Galbraith was provisionally appointed as Administrative Office Assistant I on April 24, 2007, and

WHEREAS, Cara Galbraith was called upon to assist in an out-of-class capacity to assist the Parking Crewleader, and

WHEREAS, the Parks, Recreation and Neighborhoods Department desires to extend the provisional appointment of Cara Galbraith to this position until a successful candidate can be hired in the capacity of Parking Supervisor, and

WHEREAS, Modesto Personnel Rule 7.5 (c) requires Council approval if a provisional appointment is to exceed the six-month period authorized by said rule, and

WHEREAS, staff is requesting that the City Council approve a sixty (60) day extension to this provisional appointment,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that a sixty (60) day extension to the six-month provisional appointment of Cara Galbraith to the position of Administrative Office Assistant I is hereby approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of October 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-578

A RESOLUTION ACCEPTING THE 2007 GANG RESISTANCE EDUCATION AND TRAINING (G.R.E.A.T.) PROGRAM GRANT IN THE AMOUNT OF $150,000 FROM THE U.S. DEPARTMENT OF JUSTICE, BUREAU OF JUSTICE ASSISTANCE, FOR TWO POLICE OFFICERS (EXISTING POSITIONS) TO EDUCATE STUDENTS TO REDUCE THEIR INVOLVEMENT IN DELINQUENT BEHAVIOR, VIOLENCE, AND GANG MEMBERSHIP; AND AUTHORIZING THE POLICE CHIEF TO EXECUTE THE NECESSARY PROGRAM DOCUMENTS

WHEREAS, the City of Modesto Police Department desires to undertake a certain Program designated as the 2007 Gang Resistance Education and Training (G.R.E.A.T.) Program to be funded in part by a grant from the U.S. Department of Justice, Bureau of Justice Assistance, and

WHEREAS, said $150,000 Program grant will fund 75% of the cost of two full-time Police Officers to educate middle school and elementary school students to reduce their involvement in delinquent behavior, violence, and gang membership, and

WHEREAS, $78,244 will be appropriated from the General Fund reserves to fund 25% of the cost of two full-time Police Officers to educate middle school and elementary school students to reduce their involvement in delinquent behavior, violence, and gang membership, and

WHEREAS, said Program grant will fund 5% of an existing Police Sergeant's position to oversee the G.R.E.A.T. Program, and

WHEREAS, said Program grant will also fund one temporary part-time Police Clerk ($8,635),

NOW, THEREFORE, BE IT RESOLVED that the City Council hereby accepts the 2007 Gang Resistance Education and Training (G.R.E.A.T.) Program grant in the amount of $150,000 from the U.S. Department of Justice, Bureau of Justice Assistance.

BE IT FURTHER RESOLVED that the Police Chief is hereby authorized to execute the necessary program documents, including any extentions, amendments, or subsequent contracts with the U.S. Department of Justice, Bureau of Justice Assistance in relation thereto.

BE IT FURTHER RESOLVED that the grant funds received hereunder shall not be used to supplant expenditures controlled by this body.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of October, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-580

A RESOLUTION INCREASING THE PUBLIC WORKS DIRECTOR'S AUTHORITY TO ISSUE CHANGE ORDERS ON THE PROJECT ENTITLED "SYLVAN/ROSELLE INTERSECTION IMPROVEMENTS" FROM 8 PERCENT ($225,599.38) TO 10 PERCENT ($281,999.22) OF THE ORIGINAL CONTRACT PRICE WITH TEICHERT CONSTRUCTION.

WHEREAS, on July 5, 2006 by Resolution No. 2006-422, the City Council awarded a $2,819,992.25 contract to Teichert Construction to construct the "Sylvan/Roselle Intersection Improvements" project, and

WHEREAS, the contractor started work on August 1, 2006, and

WHEREAS, additional work not included in the original bid needed to be added to the project to allow completion of the new roundabout, and

WHEREAS, the cost of the extra work was estimated to be as high as $232,412.82, an amount which exceeded the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443 on July 19, 1994, and

WHEREAS, the Director currently has authority to approve change orders up to a cumulative amount of $225,599.38,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby increases the Public Works Director's authority to issue change orders on the project entitled "Sylvan/Roselle Intersection Improvements" from 8 percent ($225,599.38) to 10 percent ($281,999.22) of the original contract price with Teichert Construction.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of October, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-581

A RESOLUTION APPROVING AN AMENDMENT TO AGREEMENT WITH HARRIS & ASSOCIATES FOR CONSTRUCTION MANAGEMENT SERVICES OF THE COLLECTION SYSTEM REHABILITATION 2006 PROJECT IN THE NOT-TO-EXCEED AMOUNT OF $19,970.00, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO AGREEMENT

WHEREAS, on January 9, 2007, by Resolution No. 2007-060, Council awarded the Collection System Rehabilitation 2006 project to D.A. Wood Construction, and

WHEREAS, due to staffing levels, on February 13, 2007, by Resolution No. 2007-117, Council approved an Agreement for Construction Management Services with Harris & Associates to manage the sewer rehabilitation project, and

WHEREAS, this project replaced the sanitary sewer pipelines on various streets throughout the City due to aging pipes that are high maintenance either because of root intrusion, cracked pipe, or damaged pipe joints, and

WHEREAS, construction contract work is nearing completion, and

WHEREAS, fifteen (15) discrepancies were noted from closed circuit TV inspection by the City's Water Quality Control Center, and

WHEREAS, the contractor disputes that all 15 are legitimate discrepancies, and

WHEREAS, the contractor has submitted a $74,000 extra work claim for change of site conditions at Bonita Avenue, and

WHEREAS, while replacing the sewer lines on Bonita Avenue the contractor claims that the sandy soils encountered made the replacement labor and equipment intensive, and

WHEREAS, in September of 2007, Harris & Associates submitted a revised fee and scope for Construction Management Services of Collection System Rehabilitation 2006 in the amount of $19,970, and

WHEREAS, Harris & Associates will help to bring the claim and discrepancies to resolution, and

WHEREAS, Harris & Associates is well qualified to perform Construction Management Services and is a respected firm that has provided Construction Management Services for a variety of prior City projects in a satisfactory manner, and

WHEREAS, Harris & Associates' construction manager, has over 25 years of experience managing construction projects, and has successfully managed the Modesto 9th Street Bridge project, and has completed the Sylvan Avenue Pedestrian Overcrossing, and

WHEREAS, City staff recommends that the Agreement for Construction Management Services with Harris & Associates be amended to oversee corrective work and resolve the extra work claim, due to current staffing levels, and

WHEREAS, an Amendment to Agreement for Construction Management Services with Harris & Associates for a revised scope of work related to the Collection System Rehabilitation 2006 project in the not-to-exceed amount of $19,970 is necessary in order to complete the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to Agreement for Construction Management Services with Harris & Associates for a revised scope of work related to the Collection System Rehabilitation 2006 project in the not-to-exceed amount of $19,970.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of October, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-582

A RESOLUTION APPROVING THE CONTINUATION OF IMPLEMENTING THE EXISTING OUTSIDE SERVICE AGREEMENTS (OSAs), PURSUING OSAs WITH THE REMAINING PROPERTIES REQUIRED TO ENTER INTO OSAs PER THE NORTH MCHENRY TAX SHARING AGREEMENT, AND DIRECTING STAFF TO EXPAND THE BOUNDARIES OF THE RECOMMENDED ANNEXATION AREA TO INCLUDE NOT ONLY THE NORTH MCHENRY TAX SHARING AGREEMENT AREA, BUT ALSO LOGICAL ADJOINING AREAS WITH APPROPRIATE PLANNING DESIGNATIONS.

WHEREAS, on December 8, 1998, by Resolution No. 98-659, the City of Modesto and the County of Stanislaus entered into an agreement subsequently referred to as the North McHenry Tax Sharing Agreement (Agreement), and

WHEREAS, this Agreement remains in effect and covers property on the east and west side of McHenry Avenue from Standiford/Sylvan to the south and Kiernan Avenue/Claribel Road to the north including both incorporated properties and unincorporated properties, and

WHEREAS, a report on the Agreement and the "gaps" in Outside Service Agreements (OSAs) for this area was presented to the City Council on June 6, 2006, and

WHEREAS, in the Council report, it was determined that several properties in the Agreement area were receiving water service without having an executed OSA, and

WHEREAS, Council directed staff to continue collecting business license fees and utility taxes from the four existing businesses in the Agreement area and to place the revenue in a protest account separate from the General Fund until negotiations were completed with the County, and

WHEREAS, Council directed staff provide an update on the OSAs for properties and businesses in the Agreement area and to pursue annexation of the area, and

WHEREAS, a subsequent report was prepared for presentation to Council in August 2006; however, this was continued to allow staff to meet with business owners in the North McHenry area, and

WHEREAS, staff researched tax generation from various businesses in the Agreement area to provide accurate data, and this required staff to use comparisons between businesses within the City and outside the City, which was more complex than initially anticipated, and

WHEREAS, staff researched records through the County Recorder's Office database, the City Attorney's Office, and the City Clerk's Office to determine if there were any OSAs or other agreements not discovered prior to the June 6, 2006 report:

1) Initially, it appeared there were 25 businesses/properties required to enter into OSAs; of the 25, two are exempt due to non-profit status and two have current OSAs (Mistlin Honda and Grand Events/Enterprise Rent-a-Car);
2) Nine other businesses were exempted from the Agreement because of a pre-existing agreement between City and Berberian family executed in 1990; and
3) Excluding the properties exempted under the Berberian Agreement, there are 12 businesses required to enter into an OSA with City,

and

WHEREAS, the Finance Committee, at its August 15, 2007 meeting, approved staff's recommendation to continue implementation of the existing OSAs and pursue the businesses required to enter into OSAs per the Agreement, and

WHEREAS, the Committee requested that the boundaries of the recommended annexation be expanded to include not only the Agreement area, but also logical adjoining areas with appropriate planning designations, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the continuing of implementation of the existing Outside Service Agreements in the North McHenry Tax Sharing Agreement Area.

BE IT FURTHER RESOLVED that the Council hereby approves pursuing Outside Service Agreements with the remaining properties required to enter into Outside Service Agreements per the North McHenry Tax Sharing Agreement.

BE IT FURTHER RESOLVED that the Council hereby directs staff to expand the boundaries of the recommended annexation area to include not only the North McHenry Tax Sharing Agreement area, but also logical adjoining areas with appropriate planning designations.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of October, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-583

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO CANVASSING THE RESULTS OF THE OCTOBER 2, 2007, ELECTION HELD WITHIN CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2007-2 (KIERNAN BUSINESS PARK WEST)

WHEREAS, this Council is conducting proceedings pertaining to the formation of City of Modesto City's Community Facilities District No. 2007-2 (Kiernan Business Park West) (the "District"), the establishment of an appropriations limit for the District, and the levy of a special taxes sufficient to pay all costs necessary to finance certain Facilities and Services, as described in the City's Resolution No. 2007-484, adopted on August 14, 2007.

WHEREAS, the owners of all of the property in the District waived those provisions related to the timing and conduct of the election referenced in Sections 13 and 14 of this Council's Resolution No. 2007-484 and Sections 9, 10 and 11 of this Council's Resolution No. 2007-484, each adopted on August 14, 2007, and, as a result, this Council called an election within the District (the "Election") for September 25, 2007, relative to the foregoing; and

WHEREAS, consultant to the City has recommended that the rate and method of special taxes, attached as Exhibit A to Resolution No. 2007-484, be revised to include an enforcement provision. This revision does not increase either the maximum special taxes or the probable special taxes to be paid by the owner of any lot or parcel; and

WHEREAS, on September 25, 2007, the Election was held; and

WHEREAS, the City Clerk has certified that the proposition of levying the special taxes and establishing an appropriations limit for the District was approved by at least two-thirds (2/3) of the votes cast at the Election;

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND, by the City Council of the City of Modesto, that:

1. The Election was duly and validly conducted in conformity with all applicable laws, rules and regulations pertaining thereto. It is hereby determined that the owners of the property in the District is as set forth in the Affidavit of City Clerk as to Distribution of Official Ballots, submitted to this Council and on file with the City Clerk.

2. The ballot proposition presented to the qualified electors of the District at the Election received at least two-thirds (2/3) of the votes cast at the Election. A copy of the City Clerk's certificate of election results is attached hereto as **Exhibit A.**

3. The City Clerk is directed to enter this resolution on the minutes of this City Council, which shall constitute the official declaration of the result of such election.

4. The City Clerk is further authorized and directed to record a notice of special tax lien with the County Recorder of the County of Stanislaus, within 15 days from the date hereof, in accordance with the provisions of Section 3114.5 of the California Streets and Highways Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of October 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-584

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO OF FORMATION, ESTABLISHING CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2007-2 (KIERNAN BUSINESS PARK WEST), AUTHORIZING THE LEVY OF SPECIAL TAXES WITHIN THE DISTRICT, PRELIMINARILY ESTABLISHING AN APPROPRIATIONS LIMIT FOR THE DISTRICT, CALLING AN ELECTION FOR THE PURPOSE OF SUBMITTING THE LEVY OF THE SPECIAL TAXES AND ESTABLISHING THE APPROPRIATIONS LIMIT TO THE QUALIFIED ELECTORS OF THE DISTRICT

WHEREAS, the City Council (the "Council"), did, on August 14, 2007, adopt Resolution No. 2007-484, entitled "A Resolution of the City Council of the City of Modesto of Intention to Establish City of Modesto Community Facilities District No. 2007-2 (Kiernan Business Park West) and Authorize the Levy of Special Taxes Therein" stating its intention to establish its City of Modesto Community Facilities District No. 2007-2 (Kiernan Business Park West) (the "District"), and levy special taxes therein, pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"), and

WHEREAS, Resolution No. 2007-484 (1) describing the proposed boundaries of the District, the name of the District, and the types of facilities (the "Facilities") and services (the "Services") proposed to be financed by the District, (2) providing that, except where funds are otherwise available to pay for the Facilities to be financed by the District, including the incidental expenses thereof, special taxes sufficient to pay the costs thereof, secured by recordation of a continuing lien against all nonexempt real property in the District, will be levied within the boundaries of the District, (3) specifying the rate, method of apportionment, and manner of collection of the special taxes in sufficient detail to allow each landowner or resident

within the proposed District to estimate the maximum amount that he or she will have to pay, and (4) setting a hearing thereon, is incorporated herein by this reference, and

WHEREAS, notice of the hearing was duly published as required by law, as evidenced by the affidavit of publication on file with the City Clerk, and

WHEREAS, at the time and date set for the hearing, September 25, 2007, the Council opened the public hearing and continued it to October 2, 2007, and

WHEREAS, at the time and date set for the continued public hearing, the Council held the public hearing, as required by the law relative to the proposed formation of the District, the levy of the special taxes, and all other matters set forth in Resolution No. 2007-484, and

WHEREAS, at least 15 days prior to the hearing, a map of the proposed boundaries of the District, entitled "Boundary Map of City of Modesto Community Facilities District No. 2007-2 (Kiernan Business Park West)" (the "Boundary Map") was recorded pursuant to Section 3111 of the California Streets and Highways Code in the office of the County Recorder of the County of Stanislaus, in Book 4 of Maps of Assessment and Community Facilities Districts, at page 96, and

WHEREAS, prior to the hearing a report (the "Report") containing a description of the Facilities and Services required to adequately meet the needs of the District and an estimate of the cost of providing the Facilities and Services, including, to the extent the purchase of completed Facilities or the payment of incidental expenses is proposed, the estimated fair and reasonable cost thereof, was filed with the Council as a part of the record of the hearing and duly considered by this Council, and

WHEREAS, consultant to the City has recommended that the rate and method of special taxes, attached as Exhibit A to Resolution No. 2007-484, be revised to reflect the

reduction in reimbursement of costs associated with the construction of certain street improvements within Healthcare Way. This revision does not increase either the maximum special taxes or the probable special taxes to be paid by the owner of any lot or parcel, and

WHEREAS, at the hearing all persons desiring to be heard on all matters pertaining to the formation of the District, the levy of the special taxes, and all other matters set forth in Resolution No. 2007-484, including all interested persons or taxpayers for or against the establishment of the District, the extent of the District, or the furnishing of specific type or types of Facilities or Services, were heard and considered, and a full and fair hearing was held thereon, and

WHEREAS, at the hearing evidence was presented to the Council on the matters before it, and the Council, at the conclusion of the hearing, was fully advised as to all matters relating to the formation of the District, the levy of the special taxes, and all other matters set forth in Resolution No. 2007-484, and

WHEREAS, written protests against the establishment of the District, the furnishing of specified type or types of Facilities and Services within the District as listed in the Report, or the levying of the special taxes, have not been filed with the City Clerk by fifty percent (50%) or more of the registered voters, or six registered voters, whichever is more, residing within the territory proposed to be included in the District, or the owners of one-half (1/2) or more of the area of land in the territory proposed to be included in the District and not exempt from this special taxes, and

WHEREAS, the Stanislaus County Registrar of Voters has certified there are less than twelve (12) registered voters residing in the District; accordingly, the qualified electors in the District are the landowners, and

WHEREAS, the City Clerk has concurred in the election date herein set forth for the election herein called,

NOW THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto the that the Council hereby finds and determines as follows:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. The proposed special taxes to be levied in the District have not been precluded by majority protest pursuant to Section 53324 of the Act. All protests (there were none) to the establishment of the District, the extent thereof, or the furnishing of the Facilities and Services proposed therefore, or the levy of the special taxes proposed to be levied in the District, are hereby overruled.

SECTION 3. As proposed in Resolution No. 2007-484, a community facilities district is hereby established pursuant to the Act, designated "City of Modesto Community Facilities District No. 2007-2 (Kiernan Business Park West)," the boundaries of which are shown on the Boundary Map.

SECTION 4. (a) The Facilities to be financed by the District are set forth in **Exhibit B** attached hereto and by this reference incorporated herein. The Facilities are public facilities having a useful life of five years or longer.

(b) The Facilities are necessary to meet the increased demands placed upon the City and other local agencies operating within the area of the District as a result of development occurring in the District.

(c) No land within the District is devoted primarily to agricultural, timber or livestock uses or is being used for the commercial production of agricultural, timber or livestock products.

SECTION 5. (a) The Services to be financed by the District are set forth in Exhibit B attached hereto and by this reference incorporated herein. The proposed Services are governmental services which the City is authorized by law to provide since they are in addition to those provided in the territory of the District before the District was created.

(b) The Services are necessary to meet the increased demands placed upon the City and other local agencies operating within the area of the District as a result of development occurring in the District.

SECTION 6. The Report related to the Facilities and Services shall be a part of the record in these proceedings. For purposes hereof, the Report shall refer to the Report as modified, amended, revised or corrected pursuant to and in accordance with any resolution or order heretofore adopted or made by this Council.

(a) As stated in Resolution No. 2007-484, except where funds are otherwise available, it is the intention of this Council, subject to the approval of the qualified electors of the District, to levy special taxes sufficient to pay for the Facilities to be financed by the District, the Services to be financed by the District, and to pay incidental expenses related thereto, secured by recordation of a continuing lien against all nonexempt real property in the District.

(b) The rate, method of apportionment, and manner of collection of the special taxes, in sufficient detail to allow each landowner or resident within the District to estimate the maximum amount that he or she will have to pay, is described in **Exhibit A** attached hereto and by this reference incorporated herein.

(c) There is no ad valorem property tax currently being levied on property within the District for the exclusive purpose of making lease payments or paying principal or

interest on bonds or other indebtedness incurred to finance the construction of capital facilities which are the same the Facilities to be financed by the District.

(d) Any reimbursement made to the District pursuant to Section 53313.5(e) of the California Government Code shall be utilized to reduce or minimize the special taxes levied within the District or to finance additional Facilities within the District.

(e) The special taxes as apportioned to each parcel pursuant to Exhibit A is based on the cost of making the Facilities and Services available to each parcel, or other reasonable basis, and is not based on or upon the ownership of real property.

(f) Pursuant to Section 53314.9 of the Act, this Council may accept advances of funds or work-in-kind from any source, including, but not limited to, private persons or private entities, and may provide, by resolution, for the use of those funds or that work-in kind for any authorized purpose, including, but not limited to, paying any cost incurred by the City in creating the District.

SECTION 7. The description of the proposed voting procedure, as set forth in Resolution No. 2007-484, is incorporated herein by this reference, and shall be the voting procedure to be used in these proceedings.

SECTION 8. The District Administrator is hereby designated as the office, department or bureau which will be responsible for annually preparing the current roll of special tax levy obligations by assessor's parcel number on nonexempt property within the District and which will be responsible for estimating future special tax levies. The name, addresses, and telephone number of the office of the District Administrator, and the person responsible for administering the District, is as follows:

District Administrator
City of Modesto
Tenth Street Place
P.O. Box 642
Modesto, California 95353
(209) 577-5211

Such officer is hereby directed to establish procedures to promptly respond to inquiries concerning current and future estimated tax liability pursuant to Section 53340.2 of the Act.

SECTION 9. Upon a determination by this Council, after the canvass of the returns of the election contemplated in Sections 13 and 14 hereof, that at least two-thirds (2/3) of the votes cast upon the question of levying the special taxes were in favor thereof, the City Clerk shall record the notice of special tax lien provided for in Section 3114.5 of the California Streets and Highways Code. Upon recordation of the notice of special tax lien pursuant to Section 3114.5 of the California Streets and Highways Code, a continuing lien to secure each levy of the special taxes shall attach to all nonexempt real property in the District, and this lien shall continue in force and effect until collection of the special taxes by this Council ceases, or, in the case of the Annual Facilities Special Tax Component of the special taxes (as defined in Exhibit A), the obligation to pay that component of the special taxes is prepaid and permanently satisfied and the lien thereof cancelled in accordance with the Act.

SECTION 10. All prior proceedings taken with respect to the establishment of the District were valid and in conformity with the requirements of the Act.

SECTION 11. In accordance with Section 53325.7 of the Act, the annual appropriations limit of the District, as defined by subdivision (h) of Section 8 of Article XIIIB of the California Constitution, is hereby preliminarily established at $500,000, and this annual appropriations limit shall be submitted to the voters of the District as hereafter provided. The

proposition establishing the appropriations limit shall become effective if approved by the qualified electors voting thereon and shall thereafter be adjusted in accordance with the applicable provisions of Section 53325.7 of the Act.

SECTION 12. (a) This Council hereby calls a special election and submits the question of levying the special taxes, and the establishment of the annual appropriations limit for the District in connection therewith, to the qualified electors within the District, in accordance with and subject to the Act, the terms of which shall, unless waived as herein provided, be applicable to such election.

(b) Fewer than twelve (12) persons have been registered to vote within the territory of the District for each of the ninety (90) days preceding the close of the hearing referenced herein. Accordingly, for the purposes of these proceedings, the qualified electors shall be the landowners within the District. The vote shall be by such landowners, or their authorized representatives, each having one vote for each acre or portion thereof that such landowner owns in the District as of the close of the hearing; and the ballots for the special election shall be distributed by mail with return postage prepaid or by personal service to each such landowner, all as provided in Section 53326 of the Act.

(c) The Council hereby designates the City Clerk, and the City Clerk hereby agrees to serve, as the election official to conduct the election. The shortening of the election as herein provided has been concurred in by the City Clerk.

(d) If the City Clerk receives appropriate waivers of time limits and other requirements pertaining to the conduct of the election by all of the owners of land included in the District (collectively, the "Landowners") on or before the 2nd day of October 2007, the election

shall be held on the 2nd day of October 2007. Otherwise, the election shall be held on the first Tuesday after that date which is 90 days after the date this Resolution is adopted.

(e) Unless waived by the Landowners, there shall be prepared and included in the ballot material provided to each voter an impartial analysis and arguments and rebuttals, if any, as provided in Section 53327 of the Act. The election shall be conducted by the City Clerk in the manner required by this Resolution, the Act and applicable laws.

(f) Unless waived by the Landowners, the City Clerk shall publish this Resolution as notice of the special election.

SECTION 13. If two-thirds (2/3) of the votes cast upon the question of levying the special tax are cast in favor of levying the special taxes, as determined by this Council after the canvass of the returns of the consolidated election, this Council may levy the special taxes within the District in the amount and for the purposes specified in this Resolution. The special taxes may be levied only at the rate and may be apportioned only in the manner specified in this Resolution, subject to the Act, except that the special taxes may be levied at a lower rate.

SECTION 14. The City Clerk, as the designated election official, shall, within three business days after the adoption of this Resolution, obtain a certified copy thereof. The City Clerk has previously been provided with a map of the boundaries of the District, a sufficient description from which to determine the boundaries of the District, and the assessor's parcel numbers for the land within the District.

SECTION 15. The Council hereby determines that the formation of the proposed District is the creation of a government funding mechanism which is not a project under the provisions of C.E.Q.A. pursuant to Section 15378(b)(4) of the C.E.Q.A. guidelines.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of October 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

Exhibit "A"

CITY OF MODESTO
COMMUNITY FACILITIES DISTRICT NO. 2007-2
(KIERNAN BUSINESS PARK WEST)

AMENDED AND RESTATED
RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAXES

Special Taxes applicable to each Assessor's Parcel in Community Facilities District No. 2007-2 (Kiernan Business Park West) [herein "CFD No. 2007-2" or "the CFD"] shall be levied and collected according to the tax liability determined by the City Council of the City of Modesto, through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2007-2, unless exempted by law or by the provisions of Section G below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to CFD No. 2007-2 unless a separate Rate and Method of Apportionment is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5, (commencing with Section 53311), Division 2 of Title 5 of the California Government Code.

"Administrative Expenses" means any or all of the following: expenses incurred by the City in carrying out its duties with respect to CFD No. 2007-2, including, but not limited to, levying and collecting the Special Taxes; the fees and expenses of legal counsel; charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office; costs related to annexing property into the CFD; costs related to property owner inquiries regarding the Special Taxes; and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

"Administrator" means the person or firm designated by the City to administer the Special Taxes according to this Rate and Method of Apportionment of Special Taxes.

"Annual Maintenance Special Tax" means a special tax levied in any Fiscal Year to pay the Annual Maintenance Special Tax Requirement, as defined below.

"Annual Maintenance Special Tax Requirement" means that amount necessary in any Fiscal Year to (i) pay for Authorized Services, (ii) pay Administrative Expenses, and (iii) cure any delinquencies in the payment of Annual Maintenance Special Taxes levied in prior Fiscal Years or

(based on delinquencies in the payment of Annual Maintenance Special Taxes which have already taken place) are expected to occur in the current Fiscal Year.

"Assessor's Parcel" or **"Parcel"** means a lot or parcel shown on an Assessor's Parcel Map with an assigned Assessor's Parcel number.

"Assessor's Parcel Map" means an official map of the County Assessor designating parcels by Assessor's Parcel number.

"Authorized Services" means those services that are authorized to be funded by CFD No. 2007-2.

"CFD Formation" means the date on which the Resolution of Formation to form CFD No. 2007-2 was adopted by the City Council.

"City" means the City of Modesto.

"City Council" means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2007-2.

"County" means the County of Stanislaus.

"Final Map" means a final map, or portion thereof, approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410 *et seq.*) that creates lots which do not need to be further subdivided prior to issuance of a building permit for a structure. The term "Final Map" shall not include any Assessor's Parcel Map or subdivision map or portion thereof, that does not create lots that are in their final configuration, including Assessor's Parcels that are designated as remainder parcels.

"Fiscal Year" means the period starting July 1 and ending on the following June 30.

"**Maximum Annual Maintenance Special Tax**" means the greatest amount of Annual Maintenance Special Tax that can be levied on an Assessor's Parcel in any Fiscal Year determined in accordance with Sections C and D below.

"**Maximum One-Time Facilities Special Tax**" means the greatest amount of One-Time Facilities Special Tax that can be levied on an Assessor's Parcel in any Fiscal Year determined in accordance with Sections C and D below.

"Maximum Special Taxes" means, collectively, the Maximum One-Time Facilities Special Tax and the Maximum Annual Maintenance Special Tax.

"Net Taxable Acreage" or **"Net Taxable Acre"** means the total acreage within a Final Map or Parcel less arterial road right-of-ways and property that is defined in the Final Map for use as a park site, school site, or City-owned or CFD-owned storm drainage basin. If a Subdivision Map is recorded which is not a Final Map for some or all Parcels created by the subdivision, the

Administrator shall calculate the Net Taxable Acreage of such unsubdivided Parcels by identifying the Acreage of the Parcel and (i) adding a portion of the acreage of any non-arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way, and (ii) subtracting a portion of the acreage of any arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way. The Net Taxable Acreage of a Parcel or Final Map shall be determined in the sole discretion of the City.

"One-Time Facilities Special Tax" means a Special Tax, levied and collected in full by the City prior to a structural building permit being issued for new construction on Taxable Property.

"Original Parcel" means an Assessor's Parcel included in CFD No. 2007-2 at the time of CFD Formation or added to the CFD upon annexation. Assessor's Parcels included in the CFD at the time of CFD Formation and an Assessor's Parcel expected to annex into the CFD are identified in Attachment 1 hereto. A Successor Parcel that is being further subdivided shall also be considered an Original Parcel for purposes of determining the Maximum Special Taxes pursuant to Section C below.

"Proportionately" means that the ratio of the actual Annual Maintenance Special Tax levied in any Fiscal Year to the Maximum Annual Maintenance Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor's Parcels of Taxable Property.

"Public Property" means any property within the boundaries of CFD No. 2007-2 that is owned by the federal government, State of California, County, City, or other public agency.

"Special Taxes" means, collectively, the One-Time Facilities Special Tax and the Annual Maintenance Special Tax.

"Subdivision Map" means a Final Map, large lot subdivision map, or other map recorded with the County that results in the subdivision of an Original Parcel into two or more Successor Parcels.

"Successor Parcel" means an Assessor's Parcel of Taxable Property created by the subdivision or reconfiguration of an Original Parcel on which construction of a structure is permitted.

"Taxable Property" means all of the Assessor's Parcels within the boundaries of CFD No. 2007-2 which are not exempt from the Special Tax pursuant to law or Section G below.

"Taxable Public Property" means, in any Fiscal Year, all Parcels of Public Property within CFD No. 2007-2 that, at the time of CFD Formation, were expected to be Taxable Property, and, based on this expectation, Maximum Special Taxes were assigned to the Parcels in a prior Fiscal Year.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall determine (i) the current Assessor's Parcel numbers for all Parcels of Taxable Property in CFD No. 2007-2, (ii) the Net Taxable Acreage of each Parcel, and (iii) the Annual Maintenance Special Tax Requirement.

C. MAXIMUM SPECIAL TAXES

1. Original Parcels

Table 1 below identifies the Maximum One-Time Facilities Special Tax and Maximum Annual Maintenance Special Tax assigned to each Original Parcel in the CFD at the time of CFD Formation. Separate Maximum Special Taxes shall be assigned to Parcels added to the CFD as a result of future annexations.

TABLE 1
MAXIMUM SPECIAL TAXES
FISCAL YEAR 2007-08

Assessor's Parcel Number	*Fiscal Year 2007-08 Maximum One-Time Facilities Special Tax**	*Fiscal Year 2007-08 Maximum Annual Maintenance Special Tax**
078-013-006	$ 65,316	$ 2,539
078-013-018	$ 5,059	$ 197
078-013-035	$ 0	$ 93,880
078-013-037	$ 145,718	$ 5,665

** Special Taxes shown in Table 1 are subject to the annual adjustments described in Section D below.*

2. Successor Parcels

Upon recordation of a Subdivision Map that subdivides an Original Parcel, the Administrator shall allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels by applying the following steps:

Step 1: Determine the total combined Net Taxable Acreage within all Successor Parcels created from subdivision or reconfiguration of the Original Parcel.

Step 2: Divide the Maximum One-Time Facilities Special Tax and the Maximum Annual Maintenance Special Tax assigned to the Original Parcel by the Net Taxable Acreage determined in Step 1 to determine a Maximum One-Time Facilities Special Tax and a Maximum Annual Maintenance Special Tax per Net Taxable Acre.

Step 3: Multiply the Maximum Special Taxes per Net Taxable Acre determined in Step 2 by the Net Taxable Acreage of each Successor Parcel of Taxable Property to determine the Maximum One-Time Facilities Special Tax and Maximum Annual Maintenance Special Tax for each Parcel.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less than the Original Parcel's Maximum Special Tax shown in Table 1, escalated to the current Fiscal Year pursuant to Section D below.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

1. One-Time Facilities Special Tax

Beginning in January 2008 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel shall be increased by an amount equal to four percent (4.0%) of the amount in effect for the prior Fiscal Year. Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

2. Annual Maintenance Special Tax

Beginning in January 2008 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel shall be adjusted by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. METHOD OF LEVY OF THE SPECIAL TAX

1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2007-2 and shall be collected as set forth in Section F below.

2. Annual Maintenance Special Tax

Each Fiscal Year, the Administrator shall determine the Annual Maintenance Special Tax Requirement for that Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

Step 1: The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Taxable Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year.

Step 2: If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any structure on Taxable Property within CFD No. 2007-2, and shall be immediately delinquent if not so paid.

The Annual Maintenance Special Tax for CFD No. 2007-2 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Maintenance Special Taxes through foreclosure or other available methods. The Annual Maintenance Special Tax shall be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services and all Administrative Expenses have been reimbursed.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Taxes, no Special Taxes shall be levied on Public Property except Taxable Public Property, as defined herein.

H. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the Rate and Method of Apportionment of Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Taxes.

I. ENFORCEMENT

All delinquent One-Time Facilities Special Taxes, or delinquent Annual Maintenance Special Taxes billed off the County tax roll, shall be subject to an immediate 10% penalty plus interest charges of 1.5 % as of the first day of the month after the delinquency date and on the first day of each month thereafter. Any such delinquent Special Taxes shall, at the City's discretion, be placed on the next secured property tax roll. The amount placed on the roll shall include the 10% penalty and the interest charges through the following January 1. This shall not prevent the City from simultaneously pursing the delinquency by an action on a contract of guarantee against a third party who promised to pay the taxes, or from assigning such right of action to the property owner or other appropriate party.

ATTACHMENT 1
CITY OF MODESTO
COMMUNITY FACILITIES DISTRICT NO. 2007-2
(KIERNAN BUSINESS PARK WEST)

SUMMARY OF ORIGINAL PARCELS AND MAXIMUM SPECIAL TAXES

Assessor's Parcel Number	*Acreage*	*Fiscal Year 2007-08 Maximum One-Time Facilities Special Tax**	*Fiscal Year 2007-08 Maximum Annual Maintenance Special Tax**
078-013-006	7.23	$ 65,316	$ 2,539
078-013-018	0.56	$ 5,059	$ 197
078-013-035	49.43	$ 0	$ 93,880
078-013-037	16.13	$ 145,718	$ 5,665
078-013-040 **	14.91	$ 158,098	$ 28,318

* Maximum Special Taxes are subject to the annual adjustments described in Section D of the RMA.

** This Parcel is not included in the CFD at the time of CFD Formation. The Maximum Special Tax shall apply to this Parcel upon annexation into the CFD.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-585

A RESOLUTION APPROVING A GRANT APPLICATION FOR $1,956,525 FOR THE CALIFORNIA RIVER PARKWAYS GRANT PROGRAM UNDER THE WATER SECURITY, CLEAN DRINKING WATER, COASTAL AND BEACH PROTECTION ACT OF 2002 (PROPOSITION 50), AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE NECESSARY DOCUMENTS

WHEREAS, the Legislature and Governor of the State of California have provided funds for the California River Parkways program (the Grant Program), and

WHEREAS, the Resources Agency has been delegated the responsibility for the administration of this grant program establishing necessary procedures, and

WHEREAS, the said procedures established by the State Resources Agency require a resolution certifying the approval of application by the City of Modesto City Council before submission of this application to the State, and

WHEREAS, the City of Modesto if selected, will enter an agreement with the State of California to carry out the linear walkway within the Tuolumne River Regional Park Gateway Project (the Project),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby:

1. Approves the filing of an application for the linear walkway within the Tuolumne River Regional Park Gateway Project, and

2. Certifies that the City of Modesto will have sufficient funds to operate and maintain the project consistent with the land tenure requirements, and

3. Certifies that it will comply with the provisions of Section 1771.8 of the State Labor Code regarding payment of prevailing wages on Projects awarded with Proposition 50 funds, and

4. Certifies that the Project will comply with any laws and regulations including, but not limited to, legal requirements for building codes, health and safety codes, disabled access laws, and, that prior to commencement of construction, all applicable permits will have been obtained, and

5. Appoints the City Manager or his designee, as agent to conduct all negotiations, execute and submit all documents including but not limited to applications, agreements, payment requests and so on, which may be necessary for the completion of the Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of October 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-586

A RESOLUTION AUTHORIZING THE PURCHASE OF MODULAR OFFICE AND COMMUNITY ROOM FURNITURE, FOR THE PARKS, RECREATION AND NEIGHBORHOODS DEPARTMENT, BY ACCESSING THE TERMS OF A COMPETITIVELY BID CONTRACT FROM THE COUNTY OF STANISLAUS, CONTRACT NO. 16091802, TO KELLER OFFICE ENVIRONMENTS, FOR AN ESTIAMTED TOTAL COST OF $45,000; AND FURTHER AUTHORIZING THE PURCHASING MANAGER TO ISSUE A PURCHASE ORDER FOR THE PURCHASE OF THE MODULAR OFFICE AND COMMUNITY ROOM FURNITURE

WHEREAS, the Neighborhood Center at Marshall Park combines Fire, Police, and Parks, Recreation and Neighborhoods Department activities in one service center location, and

WHEREAS, construction for the Neighborhood Center at Marshall Park began last year, and is expected to be completed by December 2007, and

WHEREAS, modular office and community room furniture will be purchased through a competitively bid contract from the County of Stanislaus which will include miscellaneous task chairs, meeting room furniture, partitions, desk chairs, and a few corner desk units, and

WHEREAS, by accessing the terms f a competitively bid contract from the County of Stanislaus or "piggybacking", the City of Modesto will save time and money, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000.00 for material, equipment or contractual services to be formally bid; however, there are exceptions to the rule set forth in Section 8-3.204 (d) of the Modesto Municipal Code, and

WHEREAS, MMC Section 8-3.204 (d), states "Where the Purchasing Manager, in his or her discretion, determines that a process other than the usual formal bid procedure set forth in Section 8-3.203 will result in a procurement for the City at the lowest possible cost commensurate with the desired quality", and

WHEREAS, the Purchasing Manager, acting within his discretion, invoked this exception for the purchase of office and community room furniture, by accessing the terms of a competitively bid contract from the County of Stanislaus, Contract No. 16091802, to Keller Office Environments, Modesto, CA ,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the purchase of modular office and community room furniture for the Parks, Recreation and Neighborhoods Department by accessing the terms of a competitively bid contract from the County of Stanislaus, Contract No. 16091802, to Keller Office Environments, for an estimated total cost of $45,000.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase order for the purchase of the modular office and community room furniture.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of October 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-587

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE AND AWARD INFORMAL REQUEST FOR BIDS (RFB) FOR THE PURCHASE OF EQUIPMENT (DEFINED IN TWO GROUPS) FOR THE NEIGHBORHOOD CENTER AT MARSHALL PARK, FOR AN ESTIMATED TOTAL COST OF $25,000; AND FURTHER AUTHORIZING THE PURCHASING MANAGER TO ISSUE PURCHASE ORDRES TO THE SELECTED VENDORS

WHEREAS, the Neighborhood Center at Marshall Park combines Fire, Police, and Parks, Recreation and Neighborhoods Department activities in one service center location, and

WHEREAS, construction for the Neighborhood Center at Marshall Park began last year, and is expected to be completed by December 2007, and

WHEREAS, the fitness room will service not only the fitness requirements of the Fire and Police personnel, but will also be open to the public on certain days/hours, and

WHEREAS, the items listed below are needed to furnish the Neighborhood Center at Marshall Park for utilization by its tentative opening date of mid-December,

Group 1	Item	Unit	Quantity
Fitness Equipment	Treadmill	Each	1
	Elliptical Fitness Cross trainer	Each	1
	5 Weight Stack Multi Gym with Seated Leg Press	Each	1
	Deluxe Multi Bench	Each	1
	Dumbbell Rack	Each	1
	Plate Holders	Each	1
	Dumbbell Set 5-100 lbs.	Set	1
	Olympic Bar	Each	1
	Plate Set 500 lb.	Set	2
	Vinyl Mat Treadmill	Each	1
	Vinyl Mat Bike/stepper	Each	1

Group 2	Item	Unit	Quantity
Electronic Equipment	42" Plasma TV	Each	1
	24" Plasma TV	Each	2
	Tilt Wall Mount for 42" Plasma TV	Each	1
	DVD Player	Each	3
	Rolling Service Cart	Each	2

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the purchase of equipment (defined in two groups) for the Neighborhood Center at Marshall Park, for an estimated total cost of $25,000.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to take the necessary steps to issue purchase orders to the selected vendors.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of October 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-591

A RESOLUTION APPROVING THE COOPERATIVE AGREEMENT BETWEEN THE CITY OF MODESTO AND THE CALIFORNIA DEPARTMENT OF TRANSPORTATION (CALTRANS) FOR THE PLANNING AND CONSTRUCTION OF THE PROJECT TITLED "DALE ROAD/KIERNAN ROAD (STATE ROUTE 219) IMPROVEMENTS" AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, continued growth in northern Modesto and Stanislaus County have increased traffic volume at the Dale Road/Kiernan Road intersection, and

WHEREAS, the increased traffic has reduced the level of service of the existing intersection, and

WHEREAS, the intersection serves both City and County residents, and

WHEREAS, the intersection lies on the border between the City and the County, and

WHEREAS, the City and State desire to reduce congestion and delays at the Dale Road/Kiernan Road intersection by widening the intersection, and

WHEREAS, the proposed project is to be completed under a Cooperative Agreement between the City of Modesto and the California Department of Transportation and will consist of widening Dale Road at State Route 219 and modifying signals, signs and striping, and

WHEREAS, the anticipated project funding is to be budgeted in CIP account 2370-430-H930 "Dale Rd/Kiernan Intersection Improvements" as follows: CITY: Local Matching Funds + Kaiser Mitigation $1,770,000; FEDERAL: Demonstration Funds $2,240,000; CMAQ: Congestion Mitigation for Air Quality (CMAQ) $320,000; STATE: Transportation Improvement Program (STIP) $2,770,000; for a total estimated project cost of $7,100,000, and administered by the City, and

WHEREAS, the City will be the lead in completing the design, approval, bidding and inspection for the proposed improvements, and

WHEREAS, an Agreement is needed between the California Department of Transportation and the City of Modesto for the planning and construction of the project titled "Dale Road/Kiernan Intersection (State Route 219) Improvements,"

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Cooperative Agreement between the City of Modesto and the California Department of Transportation (Caltrans) for the planning and construction of the Project titled "Dale Road/ Kiernan Intersection (State Route 219) Improvements."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-592

A RESOLUTION AUTHORIZING STAFF TO SOLICIT COMPETITIVE PROPOSALS FOR A NEW MODESTO AREA DIAL-A-RIDE (MADAR) CONTRACT AND TO COMBINE THE MADAR PROCUREMENT WITH THE CITY OF CERES AND COUNTY OF STANISLAUS TRANSIT OPERATIONS CONTRACT PROCUREMENTS.

WHEREAS, on June 3, 2003, by Resolution No.2003-270 the City entered into an agreement with Storer Transit Systems to operate the Modesto Area Dial-a-Ride paratransit service, and

WHEREAS, said agreement is due to expire on June 27, 2008, and

WHEREAS, a new contract is necessary to replace the contract that will expire, and

WHEREAS, solicitation of proposals through the use of a request for proposals (RFP) process is the best method of selecting a new contractor, and

WHEREAS, the City of Ceres and the County of Stanislaus transit operation contracts en on approximately the same date as Modesto, and

WHEREAS, a joint solicitation with the City of Ceres and the County of Stanislaus is likely to produce cost savings due to the expanded size of the procurement, and

WHEREAS, by an agenda report to the City Council dated September 20, 2007, from the Public Works Director, City staff recommended to the Council that an RFP process, as described in said agenda report, be utilized to solicit proposals for a new contract to replace the contract that will expire June 27, 2008,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that City staff is hereby authorized to solicit competitive proposals for a new MADAR contract and to combine the MADAR procurement with the city of Ceres and County of Stanislaus transit operations contract procurements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of October 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-593

A RESOLUTION APPROVING AN AGREEMENT CONSENTING TO COMMON USE BETWEEN THE MODESTO IRRIGATION DISTRICT AND THE CITY OF MODESTO REGARDING THE CONSTRUCTION OF A 230,000 VOLT TRANSMISSION LINE BY THE MODESTO IRRIGATION DISTRICT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Modesto Irrigation District is planning to construct a 230,000 volt electrical transmission main, and

WHEREAS, the 230,000 volt electrical transmission main will be an above-ground facility, and

WHEREAS, the proposed electrical transmission main will cross over a 22.5 foot wide permanent sewer easement held by the City of Modesto, and

WHEREAS, the proposed electrical transmission main will cross over a 25.0 foot wide Access and Utility Easement held by the City of Modesto, and

WHEREAS, the proposed electrical transmission main will not interfere with existing and future City of Modesto utilities or construction, and

WHEREAS, the completed electrical transmission main will provide dependable and reliable service to the community, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement Consenting to Common Use between the Modesto Irrigation District and the City of Modesto regarding the construction of a 230,000 volt transmission line by the Modesto Irrigation District.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-594

A RESOLUTION REJECTING THE BID FOR THE PROJECT TITLED "PAMELA MONTEROSSO PARK" AND AUTHORIZING STAFF TO RE-ADVERTISE THE PROJECT AT A FUTURE DATE

WHEREAS, the sole bid received for the "Pamela Monterosso Park" project was opened at 11:00 a.m. on September 25, 2007, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the sole bid received for the "Pamela Monterosso Park" project was 43.15% above the consultant's estimate, and

WHEREAS, this bid for the project exceeded the consultant's estimate by an excessive amount, and

WHEREAS, during the bid evaluation process staff determined that the bid unreasonably exceeded the consultant's estimate. Therefore, staff recommends the bid be rejected and staff be allowed to re-advertise the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the bid received for the "Pamela Monterosso Park" project opened in the office of the City Clerk on September 25, 2007, is hereby rejected.

BE IT FURTHER RESOLVED that staff is hereby authorized to re-advertise the project at a future date.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of October, 2007 by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Mayor Ridenour
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-595

A RESOLUTION AUTHORIZING THE PUBLIC WORKS DEPARTMENT - WASTEWATER COLLECTIONS TO ISSUE A FORMAL REQUEST FOR QUALIFICATIONS (RFQ) FOR GEOGRAPHIC INFORMATION SYSTEM (GIS) PROFESSIONAL SERVICES IN AN AMOUNT NOT TO EXCEED $250,000.

WHEREAS, on May 2, 2006, the State Water Resources Control Board (Regional Board) initiated Order No. 2006-0003-DWQ, which implemented a new Waste Discharge Requirement (WDR) for Wastewater Collections, and

WHEREAS, the WDR regulation contains requirements for monitoring, reporting, developing, and implementing Sanitary Sewer Management Plans (SSMPs), and

WHEREAS, one of the requirements of this new WDR is that the City develop and maintain a complete sanitary sewer utilities inventory with details of the data components by November 2, 2008, and

WHEREAS, staff contacted the Information Technology (IT) Department to assist in the development of specifications for this system, and

WHEREAS, Wastewater Collections has worked with IT on specifications for the RFQ and staff is requesting authorization to issue a formal RFQs for this project, and

WHEREAS, funds are budgeted in the Wastewater Operation Account No. 6210-480-5212-0235 for these professional services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Public Works Department - Wastewater Collections to issue a formal Request for Qualifications (RFQ) for geographic information system (GIS) professional services in an amount not to exceed $250,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of October, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESCINDED

OCT 30 2007

THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2007-596

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-596

A RESOLUTION DIRECTING THE CITY CLERK TO SUBMIT TO THE VOTERS AT THE PRESIDENTIAL PRIMARY ELECTION A BALLOT MEASURE ENTITLED "THE ACCOUNTABILITY IN CITY HALL MEASURE OF 2008".

BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Pursuant to Article 11 of Section 3 of the California Constitution and Section 9255(a)(2) of the California Elections Code, and California Government Code Section 34458, the Council of the City of Modesto proposes to and does hereby, on its own motion, submit to the qualified electors of the City of Modesto, at the Presidential Primary election to be held on February 5, 2008, a ballot measure entitled "The Accountability in City Hall Measure of 2008".

SECTION 2. That a measure is to appear on the ballot as follows:

Should the City of Modesto Charter be amended per the "Accountability in City Hall Measure of 2008" as follows: • **Increase public employee accountability:** **Remove certain civil service protections;** **Redefine officers/employees duties;** **Establish City Auditor powers/duties;** • **Increase Council Authority:** **Redefine Mayor's role;** **Require Department Policy Statements;** **City Manager selection/removal;** **Establish Council salary setting commission;** **Charter officer selection/removal;** • **Increase Council Budget Oversight:** **Create economic forecast/budget message;** **Draft budget;** **Final budget modifications;** **Final budget adoption?**	**YES**	☐
	NO	☐

SECTION 3. That the City Clerk is hereby directed to file a certified copy of this resolution with the Board of Supervisors and the County Election Department of the County of Stanislaus.

SECTION 4. That the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of October, 2007, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-599

A RESOLUTION APPROVING AN AMENDMENT TO CHAPTER III OF THE MODESTO URBAN AREA GENERAL PLAN TO ADOPT CHANGES TO THE LAND USE DESIGNATIONS FOR THE MODESTO REDEVELOPMENT PROJECT AREA IN COMPLIANCE WITH THE MODESTO REDEVELOPMENT AREA MASTER PLAN AND ENVIRONMENTAL IMPACT REPORT

WHEREAS, a General Plan for the City of Modesto entitled "City of Modesto Urban Area General Plan", was adopted by the City Council by Resolution No. 95-409, on August 15, 1995, and as amended by Resolution No. 2003-122 on March 4, 2003, in accordance with Section 65300 of the Government Code, and

WHEREAS, on March 4, 2003, the City Council of the City of Modesto recertified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 1999082041) for the Modesto Urban Area General Plan by Resolution No. 2003-123, and

WHEREAS, Government Code Section 65358 permits the amendment of a General Plan up to four (4) times per calendar year, and

WHEREAS, the Modesto Urban Area General Plan has been further amended by Modesto City Council Resolution Nos. 95-584, 96-20, 96-338, 96-639, 97-3, 97-137, 97-158, 98-293, 99-162, 99-564, 2000-303, 2000-633, 2001-47, 2001-476, 2002-154, 2002-526, 2003-101, and 2003-122, copies of which are on file in the office of the City Clerk, and

WHEREAS, the General Plan has not been amended this calendar year, and

WHEREAS, the Redevelopment Agency of the City of Modesto (the "Agency") has updated its Redevelopment Master Plan (the "Master Plan") and Environmental Impact Report (the "EIR") to revise certain Land Use Designations, and

WHEREAS, said Redevelopment Land Use Designations are also incorporated into said General Plan which General Plan must then be amended to remain in compliance with said Master Plan, and

WHEREAS, the proposed general plan amendment was referred to adjacent cities and Stanislaus County, affected school districts, Local Agency Formation Commission, the Stanislaus Council of Governments, affected federal agencies, and affected Native American groups for a 45-day review period, as set forth in Government Code Section 65352, and

WHEREAS, pursuant to Government Section 65354, the Planning Commission is required to make a written recommendation on the proposed General Plan Amendment to the City Council prior to the amendment of a General Plan, and

WHEREAS, on September 26, 2007, the Planning Commission held a duly noticed public hearing in Room 2001 located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary relating to this proposed amendment to the Modesto Urban Area General Plan was considered, and

WHEREAS, as part of the Master Plan review and as the lead agency, the Agency will be considering the certification of the Redevelopment EIR (State Clearinghouse No. 2006071118), which EIR concluded that the proposed Amendment to the Urban Area General Plan is within the scope of said Redevelopment EIR, and

WHEREAS, on October 9, 2007, the City Council held a duly noticed public hearing in the Council Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary relating to this proposed amendment to the Modesto Urban Area General Plan was considered,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that the Proposed General Plan Amendment to the City's General Plan is needed in order to:

1. Promote redevelopment and eliminate blighted conditions
2. Create a unique and recognizable image for Modesto
3. Promote the economic viability of the RDA Project Area by attracting new and diversified businesses
4. Implement higher density, mixed-use development to create a balanced, vibrant downtown and active neighborhood centers
5. Revise the Land Use Designations and City's development standards to include mixed-use zoning categories, overlay districts, targeted corridors, and design guidelines

6. Develop a variety of housing types in the Redevelopment Area, particularly in the Downtown, to act as a catalyst for other types of development
7. Enhance the visual appeal of Modesto's public spaces by upgrading existing and creating new parks, plazas, and streets that offer public access
8. Develop historic 10th and I Streets as attractive, pedestrian-oriented streets and create a clear sense of arrival at Modesto's downtown by enhancing the Sixth and I Street gateway and the intersection of 10th and I Streets
9. Promote efficient automobile, bicycle, and pedestrian circulation and linkages into and through the Redevelopment Area

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Agency's Master Plan is compatible with surrounding, existing, and planned land uses and that the Redevelopment Agency Board will be certifying the Final EIR for the Redevelopment Project Area.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby adopts the Amendment to the Urban Area General Plan as described in **Exhibit "A"**, attached hereto and incorporated herein by this reference.

The foregoing resolution was introduced at a regular meeting of the City Council held on the 9th day of October, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-600

A RESOLUTION ACCEPTING WITH REGRET THE RESIGNATION OF WILLIAM A. JAQUES FROM THE AIRPORT ADVISORY COMMITTEE

WHEREAS, WILLIAM A. JAQUES was appointed a member of the Airport Advisory Committee February 25, 2003, and

WHEREAS, WILLIAM A. JAQUES has tendered his resignation from the aforementioned committee effective October 8, 2007, and

WHEREAS, WILLIAM A. JAQUES has been a devoted and sincere public servant and has contributed greatly to our civic progress,

NOW, THEREFORE, BE IT RESOLVED that the resignation of WILLIAM A. JAQUES from the Airport Advisory Committee hereby is accepted with regret.

BE IT FURTHER RESOLVED that the Council of the City of Modesto, on its own behalf, and on behalf of the citizens of this City, hereby expresses its sincere appreciation to WILLIAM A. JAQUES for his outstanding service to the community.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-601

A RESOLUTION CALLING FOR A SPECIAL MUNICIPAL ELECTION TO BE HELD ON FEBRUARY 5, 2008, AND REQUESTING THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS TO CONSOLIDATE THE PRESIDENTIAL PRIMARY ELECTION WITH THE SPECIAL MUNICIPAL ELECTION TO BE HELD ON THAT DATE PURSUANT TO SECTION 10403 OF THE ELECTIONS CODE

BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Pursuant to Article 11, Section 3 of the California Constitution, Section 9255(a)(2) of the California Elections Code, and California Government Code Section 34458, the Council of the City of Modesto proposes to and does hereby, on its own motion, submit to the qualified electors of the City of Modesto, at a special municipal election to be held on February 5, 2008, a proposal to amend Sections 601, 703, 800, 801, 900, 903, 1201, 1303 and 1304 of the Modesto City Charter and to add Sections 725, 902.1, 1302.1 and 1302.2 and to revoke Section 1302 as approved by Council on October 9, 2007.

SECTION 2. That it hereby orders the City Clerk to submit the charter amendments to the voters at a special municipal election on February 5, 2008.

SECTION 3. That pursuant to the requirements of Section 10403 of the Elections Code, the Board of Supervisors of Stanislaus County is hereby requested to consent and agree to the consolidation of a special municipal election with the Presidential Primary Election on Tuesday, February 5, 2008.

SECTION 4. That the County Election Department is authorized to canvass the returns of the special municipal election. The election shall be held in all respects as if there were only one election, and only one form of ballot shall be used. That the Board of Supervisors is requested to issue instructions to the County Election

Department to take any and all steps necessary for the holding of the consolidated election.

SECTION 5. That the City of Modesto recognizes that an additional cost will be incurred by the County by reason of this consolidation and agrees to reimburse the County for any such cost.

SECTION 6. That the City Clerk is hereby directed to file a certified copy of this resolution with the Board of Supervisors and the County Election Department of the County of Stanislaus.

SECTION 7. That, if approved, the proposed charter amendments would take effect on the date set forth in Section 34459 of the California Government Code.

SECTION 8. That the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-602

A RESOLUTION APPOINTING SPECIAL COUNSEL AND DIRECTING THE CITY CLERK TO TRANSMIT A COPY OF THE BALLOT MEASURE ENTITLED "THE ACCOUNTABILITY IN CITY HALL MEASURE OF 2008" TO SPECIAL COUNSEL FOR THE PURPOSE OF PREPARING AN IMPARTIAL ANALYSIS OF SAID MEASURE AND DIRECTING SPECIAL COUNSEL TO MAKE ANY RECOMMENDATIONS FOR AMENDMENTS TO THE BALLOT MEASURE; AND SETTING A SPECIAL MEETING

WHEREAS, the Modesto City Council has directed the City Clerk to submit to the voters at the next Presidential Primary Election to be held on February 5, 2008, a measure seeking approval of a ballot measure entitled "The Accountability in City Hall Measure of 2008", and

WHEREAS, Elections Code Section 9280 authorizes the City Council to direct that the measure be transmitted to the Office of the City Attorney for the purpose of preparing an impartial analysis unless the organization of the Office of the City Attorney is affected, and

WHEREAS, one of the Charter sections to be amended as part of this measure affects the organization of the Office of the City Attorney, as well as all Charter Offices and City Departments by mandating that Deputy Directors, Assistant City Attorneys and Deputy City Attorneys be moved from the classified service to the unclassified service. There are also two additional amendments that may peripherally affect the organization of the Office of the City Attorney and the Office of the City Clerk. Specifically, revised Section 903 which would prohibit combining of Charter Offices and proposed new Section 725 which would mandate preparation of Statements of Policy, and

WHEREAS, the Council has determined that out of an abundance of caution, and to avoid any potential appearance of impropriety, to direct that the ballot measure be transmitted to Special Counsel for the preparation of the impartial analysis. Special Counsel is hereby

determined to be Richard Rudnansky of the firm of Meyers Nave, who previously served as the City's Interim City Attorney,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Clerk of the City of Modesto is hereby directed pursuant to California Elections Code Section 9280 to transmit a copy of said measure to Special Counsel, who is hereby directed to prepare an impartial analysis of the measure showing the effect of the measure on existing law and the operation of the measure; and to review the existing ballot measure and return to the City Council at a special meeting called on October 30, 2007 at 2:00 p.m. to present any recommendations on amendments to the ballot measure for Council consideration and action.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-603

A RESOLUTION ACCEPTING THE PUBLIC IMPROVEMENTS FOR THE SPORTSMEN ESTATES SUBDIVISION, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION, AND TO RELEASE SECURITIES UPON EXPIRATION OF STATUTORY PERIODS

WHEREAS, WJC Development, LLC., is the subdivider of the SPORTSMEN ESTATES SUBDIVISION ("SUBDIVISION"), and

WHEREAS, WJC Development, LLC., has filed irrevocable subdivision bonds to secure faithful performance and payment for labor and materials in the amounts of $396,728.00 and $198,364.00, respectively, and

WHEREAS, WJC Development, LLC., hase filed a warranty bond in the amount of $39,672.80 to guarantee public improvements in the SUBDIVISION, and

WHEREAS, the Public Works Director, in a memorandum to Council, indicates that all work required by the Subdivision Agreement has been completed to the satisfaction of the Public Works Department, and

WHEREAS, the Public Works Director has indicated that it would be in order for the City Council to accept the public improvements in the SUBDIVISION as complete, authorize the City Clerk to file a Notice of Completion, and to release the securities upon expiration of the statutory periods,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The public improvements in the SUBDIVISION are hereby accepted and the City Clerk is hereby authorized to file a Notice of Completion for the public improvements.
2. The City Clerk is hereby authorized to release the subdivision bond for faithful performance in the amount of $396,728.00 upon recordation of the Notice of Completion.

3. The City Clerk is hereby authorized to release the subdivision bond for labor and materials in the amount of $198,364.00 sixty (60) days after recordation of the Notice of Completion, provided no claim is made thereon.

4. The City Clerk is hereby authorized to release the warranty bond to guarantee SUBDIVISION improvements in the amount of $39,672.80 one year and one day after the effective date of this resolution, provided no claim is made thereon.

RESOLUTION NO. 2007-606

A RESOLUTION APPROVING A SIXTY (60) DAY EXTENSION TO A 6-MONTH PROVISIONAL APPOINTMENT FOR LAURA MESA, EXHIBITS COORDINATOR

WHEREAS, on February 13, 2007, by Resolution No. 2007-121, the City Council approved General Fund supplemental budget requests for Fiscal Year 2006-07, and

WHEREAS, one of these budget requests was to move the Exhibits Coordinator position from part-time to a permanent position with benefits, and

WHEREAS, Laura Mesa was provisionally appointed as Exhibits Coordinator on May 1, 2007, and

WHEREAS, hiring for the permanent Exhibits Coordinator position has been delayed, and

WHEREAS, the Parks, Recreation and Neighborhoods Department desires to extend the provisional appointment of Laura Mesa to this position until the recruitment is completed, and

WHEREAS, Modesto Personnel Rule 7.5 (c) requires Council approval if a provisional appointment is to exceed the six-month period authorized by said rule, and

WHEREAS, staff is requesting that the City Council approve a sixty (60) day extension to this provisional appointment,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that a sixty (60) day extension to the six-month provisional appointment of Laura Mesa to the position of Exhibits Coordinator is hereby approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-607

A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN FOR THE CITY OF MODESTO

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. CLASSIFICATION CREATED. The Position Classification Plan of the City of Modesto is hereby amended to create the following classification:

Solid Waste Enforcement Officer

The job specification for this classification is being created as a result of a completed classification study to identify the assignment in the Solid Waste Division of the Parks, Recreation, and Neighborhoods Department. The job specification for the classification of Solid Waste Enforcement Officer, as shown on the attached **Exhibit "A,"** which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. CLASSIFICATION DELETED. The classification plan of the City of Modesto is hereby amended to delete the classification of Code Enforcement Officer I/II, as said classification is no longer being used.

SECTION 3. EFFECTIVE DATE. This resolution shall become effective on and after October 23, 2007.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

CITY OF MODESTO
No. 3216 October 2007

Solid Waste Enforcement Officer

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

Under general direction, plans, organizes, and implements the City's Solid Waste Enforcement Programs; develops and submits grants applications, and administers grant-funded collection and abatement programs; implements public education programs; investigates and enforces applicable ordinances, regulations, and codes related to solid waste and hazardous materials.

SUPERVISION RECEIVED AND EXERCISED

Receives direction from the Solid Waste Manager, Recycling Program Coordinator, or the Integrated Waste Specialist as assigned.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

Receive, investigate, and respond to complaints of violations of local and state laws, ordinances, or codes related to solid waste and recycling regulations; maintain accurate records regarding enforcement actions to substantiate violations.

Prepare cost estimates, requisition supplies and materials, and purchase program related equipment.

Conduct business workshops; and otherwise promote the safe handling and disposal of Solid Waste.

Issue Administrative Citations for violations of state and local solid waste and environmental protection codes.

Based on the severity of the violation(s) prepare and present cases during administrative hearings or criminal proceedings, as required.

Prepare a variety of written reports, memos, and correspondence related to enforcement activities.

Essential Functions: (Continued)

Assist in developing and monitoring of the division budget.

Patrol in a City vehicle to investigate and mitigate alleged complaints of violations.

May provide lead direction and training to administrative support staff and other hourly field staff.

Analyze, evaluate, and interpret state and local codes regarding Solid Waste; explain and educate members of the public on enforcement procedures related to solid waste.

Represent the City in public meetings, at City Council meetings, and in neighborhood forums.

Assist in the development of the Solid Waste Division budget.

Write and submit applications for grant funding to various state and federal agencies as funds become available; administer grant budgets.

Prepare a variety of reports including grant related reports to the California Integrated Waste Management Board (CIWMB) or other granting agency as required by the grant agreement; act as City's liaison with the granting agency.

Perform other duties as assigned.

When assigned to the Used Oil Recycling Program:

Essential Functions:

Maintain existing and recruit new certified oil collection centers.

Manage the used oil collection center located at the City-County Airport.

Manage the residential curbside oil collection program performed under the Service Agreements with the City's residential collection companies.

Develop and Implement comprehensive, multi-media advertising programs for the promotion of used oil recycling.

Essential Functions: (Continued)

Develop and implement comprehensive public education programs on used oil recycling and the purchase of re-refined oil; make presentations to community groups and schools, provide information at community events; conduct business workshops.

Coordinate pollution prevention programs with the Environmental Compliance Division.

When assigned to the Waste Tire Program:

Essential Functions:

Monitor and inspect tire dealerships and tire haulers for compliance with state regulations regarding waste tire transportation/disposal.

Maintain evidence (Chain of Custody) for cases involving violations of state codes.

Act as the Agent of the CIWMB in enforcing the states regulations.

Provide training in tire enforcement procedures for other Tire Enforcement Program staff as assigned by the CIWMB.

Develop and implement tire handling, transportation, and recycling information programs for businesses.

Coordinate tire enforcement program with Stanislaus County to address tire issues in unincorporated areas within the City Sphere of Influence and in County pockets.

Marginal Functions:

May assist in the researching and rewriting of ordinances as necessary.

Perform other duties as assigned.

QUALIFICATIONS

Knowledge of:

Procedures and work methods required to perform the full range of assigned duties safely and efficiently.

Knowledge of: (Continued)

Written and oral communication techniques and methodologies, including graphic presentations and applicable computer skills.

Principles, practices, methods and techniques of evidence collection and preservation and writing incident reports.

General principles and practices of program planning and implementation.

Principles and practices of budget preparation; expense monitoring and tracking; procurement of materials and supplies.

Basic personal computer operations.

Safe and efficient work practices related to solid waste and recycling code enforcement activities.

Procedures and techniques for working with the public in a tactful but firm manner.

Ability to:

Become knowledgeable about environmental issues and concerns related to solid, hazardous, and recoverable waste collection and disposal.

Maintain a Budget.

Interpret architectural drawings or blueprints.

Coordinate and integrate solid waste and environmental code enforcement programs with other agencies.

Collect and analyze data and costs to draw logical conclusions and make appropriate recommendations.

Identify operational and administrative problems and implement problem resolving changes.

Seek out other applicable Grant programs on behalf of the City.

Write detailed reports and perform research related to enforcement activities.

Use sound judgment in decision making.

Ability to: (Continued)

Prepare written and oral reports; speak to community groups, news media, and the general public.

Communicate clearly and concisely both orally and in writing; write defensible reports.

Enforce various codes, ordinances, laws and regulations.

Establish and maintain cooperative working relationships with coworkers, subordinates and supervisors, other departments, outside agencies and the public including the ability to resolve conflicts.

Maintain detailed reports and research code enforcement activities.

Work effectively and efficiently under stressful situations and with minimum supervision.

Carry out conflict resolution skills.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Training

One year of related experience involving the application of municipal codes in an enforcement, inspection and/or public education capacity. Experience related to environmental management, environmental planning, or environmental enforcement field, including public contact is highly desirable.

Education

Completion of the twelfth grade supplemented by college level coursework in public administration, business administration, criminal justice, environmental science, biological science, or physical science, or other related field. Equivalent to an Associate of Arts Degree from and accredited college in any of the above or other related field is desirable.

License or Certificate

Possession of a valid class C California Driver's License by date of appointment with a satisfactory driving record is required.

Possession of a POST approved Penal Code 832 Certificate is required by the end of probationary period.

WORKING CONDITIONS

Environmental Conditions:

Work is performed in a typical temperature controlled office environment subject to typical office noise and environment; also field environment requiring travel from site-to-site. Positions may require occasional overtime or weekend work and travel is rare.

Physical and Mental Requirements

Mobility: frequent use of keyboard; sitting for long periods of time; occasional bending or squatting. **Lifting**: frequently up to 25 pounds; occasionally up to 40 pounds. **Vision**: constant use of overall vision; frequent reading and close-up work; occasional color and depth vision. **Dexterity**: frequent repetitive motion; frequent writing; frequent grasping, holding, and reaching. **Hearing/Talking**: frequent hearing and talking, in person and on the phone.
Emotional/Psychological: frequent decision-making and concentration; frequent public and/or coworker contact; occasional working alone.
Environmental: frequent exposure to noise.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-608

A RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 2006-319.

WHEREAS, the City Council desires to amend Exhibit "A" of Resolution No. 2006-319, which approved the Class Range Table for General Non-Sworn Classes,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. AMENDMENT TO RESOLUTION NO. 2006-319. Exhibit "A" entitled, "City of Modesto Class Range Table General Non-Sworn Classes Effective August 8, 2007," attached to Resolution No. 2006-319, is hereby amended as shown on the amended **Exhibit "A"** entitled, "City of Modesto Class Range Table General Non-Sworn Classes effective October 23, 2007," which is attached hereto and made a part hereof as though set forth in full herein. Said amended Exhibit "A" establishes the salary range for Solid Waste Enforcement Officer at range 121 ($3,475-$4,224 per month) and deletes Code Enforcement Officer I from salary range 115 and Code Enforcement Officer II from salary range 119.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after October 23, 2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on 23rd day of October, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-609

A RESOLUTION ACCEPTING THE 2007 COPS METHAMPHETAMINE INITIATIVE GRANT IN THE AMOUNT OF $450,000 FROM THE U.S. DEPARTMENT OF JUSTICE, OFFICE OF COMMUNITY ORIENTED POLICING SERVICES FOR METHAMPHETAMINE ENFORCEMENT AND EDUCATION, AND AUTHORIZING THE POLICE CHIEF TO EXECUTE THE NECESSARY PROGRAM DOCUMENTS

WHEREAS, in June 2007, the City of Modesto Police Department applied for the 2007 COPS Methamphetamine Initiative Grant, and

WHEREAS, on September 14, 2007, the City of Modesto received notification from the U.S. Department of Justice, Office of Community Oriented Policing Services that the City of Modesto Police Department had been awarded the 2007 COPS Methamphetamine Initiative Grant, and

WHEREAS, the City of Modesto Police Department wants the Council of the City of Modesto to accept the 2007 COPS Methamphetamine Initiative Grant in the amount of $450,000 from the U.S. Department of Justice, Office of Community Oriented Policing Services, and

WHEREAS, said Grant will fund methamphetamine enforcement and education with no fiscal impact to the City of Modesto, and

WHEREAS, the term of the 2007 COPS Methamphetamine Initiative Grant Program is September 1, 2007 through August 31, 2009,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the 2007 COPS Methamphetamine Initiative Grant in the amount of $450,000 from the U.S. Department of Justice, Office of Community Oriented Policing Services.

BE IT FURTHER RESOLVED that the Police Chief is hereby authorized to execute the necessary program documents, including any extentions, amendments, or subsequent contracts with the U.S. Department of Justice, Office of Community Oriented Policing Services.

BE IT FURTHER RESOLVED that the grant funds received shall not be used to supplant expenditures controlled by this body.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-610

A RESOLUTION AMENDING THE FISCAL YEAR 2007/08 OPERATING BUDGET FOR THE STANISLAUS DRUG ENFORCEMENT AGENCY (SDEA), ESTIMATING REVENUE OF $450,000 FROM THE 2007 COPS METHAMPHETAMINE INITIATIVE GRANT

WHEREAS, the Police Department has been awarded a grant in the sum of $450,000 from the U.S. Department of Justice, Office of Community Oriented Policing Services, and

WHEREAS, said $450,000 Grant will fund methamphetamine enforcement and education with no fiscal impact to the City of Modesto, and

WHEREAS, the $450,000 Grant funding will be allocated to the 2007/08 operating budget for the Stanislaus Drug Enforcement Agency, and

WHEREAS, the term of the 2007 COPS Methamphetamine Initiative Grant Program is September 1, 2007 through August 31, 2009,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the FY 2007/2008 Operating Budget for the Stanislaus Drug Enforcement Agency (SDEA) is hereby amended as indicated below to initiate said Program:

	Expense:		
To:	8850-190-2970-5000	$134,000	Non CIP Capital
	8850-190-2970-0235	$ 37,660	Services, Professional & Other
	8850-190-2970-0356	$160,540	Police Equipment Under $5,000
	8850-190-2970-0209	$ 83,800	Travel/Training
	8850-190-2970-0260	$ 34,000	Misc. Services
	Total	$450,000	
	Revenue:		
To:	8850-190-2970-3508	$450,000	2007 COPS Meth Grant

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-611

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE BIDS THROUGH VARIOUS COMPETITIVE PROCESSES FOR NEW SUPPLIES, EQUIPMENT AND TECHNOLOGY AS LISTED IN THE 2007 COPS METHAMPHETAMINE INITIATIVE GRANT DETAILED PROGRAM BUDGET

WHEREAS, the Modesto Police Department has been awarded the 2007 COPS Methamphetamine Initiative Grant in the amount of $450,000 from the U.S. Department of Justice, Office of Community Oriented Policing Services for methamphetamine enforcement and education, and

WHEREAS, the grant allows the procurement of updated and new equipment and supplies needed to assist in the Grant Program, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases which meet or exceed $50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Bid for the purchase of new supplies, equipment and technology for the Modesto Police Department on behalf of the Stanislaus Drug Enforcement Agency, of which it is a participating member, conforms to the Modesto Municipal Code, and

WHEREAS, funds are budgeted and available in account 8850-190-2970-0356 for the purchase of new supplies, equipment and technology,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue bids through various

competitive processes for new supplies, equipment and technology as listed in the 2007 COPS Methamphetamine Initiative Grant detailed program budget.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-612

A RESOLUTION AUTHORIZING THE ACQUISITION OF COMPUTER EQUIPMENT FOR THE STANISLAUS DRUG ENFORCEMENT AGENCY (SDEA) FROM DELL MARKETING L.P. BY ACCESSING THE TERMS OF THE COMPETITIVELY BID WESTERN STATES CONTRACTING ALLIANCE (WSCA) CONTRACT IN AN AMOUNT NOT TO EXCEED $115,000

WHEREAS, in 1998 the City established a Technology and Equipment Replacement Fund (TERF) for the purpose of replacing obsolete technology equipment, and

WHEREAS, in 1999 the City went through a formal bid process to establish a computer standard throughout the City, and

WHEREAS, Dell Marketing was the lowest responsive and responsible bidder to the formal bid process, and

WHEREAS, in March 2003 the City entered into a Municipal Master Lease Agreement with Dell Marketing L.P. for Information Technology (IT) Hardware Products and Services, and

WHEREAS, in August 2006 the City approved a new Schedule "A" Agreement to the Municipal Master Lease with Dell Marketing L.P. extending the term of the Lease for 48 months, and

WHEREAS, Dell Marketing has been providing personal computers to the City for the past seven years, and

WHEREAS, during that time the City has received Dell contractual pricing by taking advantage of the Western States Contracting Alliance (WSCA) pricing, and

WHEREAS, WSCA is a coalition of fifteen western states which was formed as a means by which participating states could join together to receive cost effective pricing on personal computers based on economies of scale, and

Whereas, the Modesto Police Department would like to acquire computer equipment on behalf of the Stanislaus Drug Enforcement Agency, of which it is a participating member, from Dell Marketing utilizing the contractural pricing of the WSCA, and

WHEREAS, the funding for said computer equipment will come from the 2007 COPS Mehtamphetamine Initiative Grant, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the acquisition of computer equipment for the Stanislaus Drug Enforcement Agency (SDEA) from Dell Marketing L.P. by accessing the terms of the competitively bid Western States Contracting Alliance (WSCA) contract in an amount not to exceed $115,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-613

A RESOLUTION ACCEPTING THE 2007 ANTI-DRUG ABUSE ENFORCEMENT PROGRAM GRANT FROM THE GOVERNOR'S OFFICE OF EMERGENCY SERVICES (OES), IN THE AMOUNT OF $391,316, FOR THE STANISLAUS ANTI-DRUG TASK FORCE TO COMBAT MAJOR DRUG TRAFFICKING AND MANUFACTURING, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY PROGRAM DOCUMENTS.

WHEREAS, in April 2007 the Modesto Police Department applied for funding from the Governor's Office of Emergency Services (OES) for the Stanislaus Anti-Drug Task Force, and

WHEREAS, the Stanislaus Anti-Drug Task Force is part of the Stanislaus Drug Enforcement Agency (SDEA), and

WHEREAS, this program will integrate federal, state, and local law enforcement agencies, prosecutors, and probation officers for the purpose of enhancing interagency coordination and intelligence and facilitating multi-jurisdictional investigations to combat major drug trafficking and manufacturing, and

WHEREAS, SDEA has been a recipient of a Byrne grant award from the Office of Emergency Services (OES) for the past 17 years, and

WHEREAS, said grant is used to add additional personnel and needed equipment to the countywide Joint Powers Agreement unit, and

WHEREAS, the term of this Agreement is July 1, 2006, through June 30, 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the 2007 Anti-Drug Abuse Enforcement Program grant from the

Governor's Office of Emergency Services (OES), in the amount of $391,316, for the Stanislaus Anti-Drug Task Force to combat major drug trafficking and manufacturing.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary program grant documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-614

A RESOLUTION APPROVING AN AGREEMENT WITH WEST YOST ASSOCIATES FOR PROFESSIONAL ENGINEERING SERVICES TO DEVELOP AN UPDATED ENGINEER'S REPORT FOR A WATER RATE AND CONNECTION FEE UPDATE STUDY, IN THE NOT-TO EXCEED AMOUNT OF $381,938, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on September 14, 2004, the City Council adopted Resolution No. 2004-471, which accepted the original September 4, 2004, Engineer's Report entitled "Water Utility Cost of Service Rate Study", and

WHEREAS, on November 23, 2004, the City Council adopted Resolution No. 2004-627, which rescinded all previous water fee resolutions, established a single-rate base, updated the City's monthly utility rates, and established the criteria to re-evaluate the utility rates every two years, and

WHEREAS, on May 24, 2005, the City Council adopted Resolution No. 2005-282, which updated the City's capacity charges (connection fees) for new development, and Resolution No. 2005-281, which established the criteria to re-evaluate the capacity charges every three years, and

WHEREAS, due to City staff's work on the recently adopted wastewater utility rate and capacity charge updates, updating the water utility rates and capacity charges has been delayed, and

WHEREAS, an up-to-date Engineer's Report is the essential supporting document needed to conduct a new utility rate and capacity charge study, and

WHEREAS, an updated Engineer's Report will present the proposed improvements needed to provide and maintain reliable water service to existing and

future customers (over both a 5-year and 20-year horizon), their associated cost estimates, and their allocations (existing rate payers vs. future users) under two scenarios, and

WHEREAS, the key items to developing an updated Engineer's Report will be updating the water system's hydraulic model and evaluating the feasibility of the City's continued participation in the Turlock Irrigation District's (TID) Regional Surface Water Supply Project (RSWSP), and

WHEREAS, based on TID's RSWSP schedule, City will need to decide if it will continue its participation in the construction of the RSWSP on or about November 1, 2008, and

WHEREAS, in accordance with Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, West Yost Associates (WYA), of Pleasanton, CA, was selected as the most qualified firm to perform the work for this particular project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement with West Yost Associates for professional engineering services to develop an updated Engineer's Report for a Water Rate and Connection Fee Update Study in the not-to-exceed amount of $381,938.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-615

Print

A RESOLUTION AMENDING SECTIONS 1 AND 2 OF RESOLUTION NO. 85-258 ENTITLED "A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED DEVELOPMENT ZONE, P-D(373), (STEINPRESS DEVELOPMENT)" (MODESTO EMERALD VILLAGE, LLC)

WHEREAS, the City Council by Ordinance No. 2331-CS, which became effective on May 7, 1985 granted Planned Development Zone, P-D(373), to allow single-family rental units with related parking and storage on property located on the northwest corner of Elm and Emerald Avenues, 601 Emerald Avenue, and

WHEREAS, City Council Resolution No. 85-258 adopted by the City Council on May 7, 1985, approved the development plan for Planned Development Zone, P-D(373) and contained the conditions of approval thereof, and

WHEREAS, a verified application for an amendment to Planned Development Zone, P-D(373), was filed by Modesto Emerald Village, LLC on February 26, 2007, to allow the conversion of existing rental units to for-sale townhouse units, property located on the northwest corner of Elm and Emerald Avenues, 601 Emerald Avenue, and

WHEREAS, after a public hearing held on September 10, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2007-36, that the amendment to Planned Development Zone P-D(373), as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed amendment is consistent with the Modesto Urban Area General Plan, because the use is consistent with the Residential (R), designation for the site.

2. The proposed Planned Development Zone Amendment will be compatible with the surrounding residential land uses.

WHEREAS, said matter was set for a public hearing of the City Council to be held on October 23, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Modesto Emerald Village, LLC for an amendment to Planned Development Zone, P-D(373) should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2007-36 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3457-C.S on the 23rd day of October 2007, amending Section 2 of Ordinance No. 2331-C.S., to allow for sale detached townhouse units.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Sections 1 and 2 of Resolution No. 85-258 entitled "A Resolution Approving a Development Plan For Planned Development Zone, P-D(373), (Steinpress Development)" are hereby amended to read as follows:

"SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(373), is hereby approved subject to the following conditions:

1. All development shall conform to the plot plan titled "Emerald Villas" as amended in red, stamped approved by the City Council.

2. All conditions of City Council Resolution No. 85-258, not in conflict with this action shall remain in full force and effect.

3. Improvement Plans for any required improvements shall be prepared by a registered Civil Engineer and submitted for approval by the City Engineer or designee. All improvements shall be constructed in accordance with the approved plans.

4. Prior to the issuance of a building permit, a landscaping and irrigation plan for any new landscaping shall be approved by the Parks, Recreation and Neighborhood Director or designee. Proposed Landscaping and the irrigation system shall be installed and maintained in accordance with the approved plan.

5. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.

6. Electric facilities and overhead lines shall be removed, relocated, or protected as required by the Modesto Irrigation District and the City Engineer or designee. Appropriate easements for electrical facilities shall be granted as required. Relocation or installation of electric facilities shall conform to the District's Electric Service Rules. Costs for relocation and/or undergrounding the District's facilities at the request of others will be borne by the requesting party.

7. The developer shall identify required fire lanes as follows: signs posted along the roadways every 25 feet or curbs painted red and the words, in six-inch high block letters "FIRE LANE NO PARKING" in white, every 25 feet.

8. The required 20 foot wide fire lane shall not be obstructed in any way.

9. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction in this development shall be based on the rates in effect at time of issuance of the building permit.

10. Prior to City Council approval of a final subdivision map the subdivider shall submit for approval by the City Attorney the articles of incorporation and bylaws, as well as all covenants, conditions, and restrictions which are to be recorded to create a Homeowner's Association (HOA) which shall guarantee continued maintenance of common facilities in the development including: the tot-lot and hardscape (lot "A"). In addition, the HOA shall be responsible for the perpetual maintenance and preservation of the front yards of each lot. The Articles of Incorporation shall be filed with the Secretary of State prior to recordation of the final subdivision map. The covenants, conditions and restrictions shall be recorded prior to or concurrently with the final subdivision map.

11. Prior to sale of a condominium unit, a subdivision map shall be recorded.

12. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers,

directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction in this development shall be based on the rates in effect at time of issuance of the building permit.

In addition, the following recommended Conditions of Approval are mitigation measures from the Modesto Urban Area General Plan Master Environmental Impact Report that should be applied to the project:

13. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/ suppressant, covered with a tarp or other suitable cover or vegetative ground cover.

14. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut and fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

15. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

16. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions. Use of blower devices is expressly forbidden.

17. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

18. Within urban areas, trackout shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

19. Install wheel washers for all exiting trucks, or wash off all trucks and equipment leaving the site.

20. Suspend excavation and grading activity when winds exceed 20 mph.

21. Limit the area subject to excavation, grading and other construction activity at any one time.

22. The City's Noise Ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

    The Noise Ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or Federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

    a. A hammer or any other device or implement used to pound or strike an object.

    b. An impact wrench or other tool or equipment powered by compressed air.

    c. A hand-powered saw.

    d. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

    e. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

    f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to

pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

h. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

23. If archaeological resources are discovered at any time during construction, all activity shall cease until a qualified archaeologist surveys the site. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria as presented in Appendix K."

"SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(373):

The entire construction program shall be accomplished in one phase, construction to begin on or before two years after the date of City Council approval and completion to be not later than three years after the date of City Council approval."

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-616

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): AMENDMENT TO PLANNED DEVELOPMENT ZONE, P-D(373), PROPERTY LOCATED ON THE NORTHWEST CORNER OF ELM AND EMERALD AVENUES, 601 EMERALD AVENUE (MODESTO EMERALD VILLAGE, LLC)

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Modesto Emerald Village, LLC has proposed an amendment to P-D(373) to allow for the conversion of existing rental units to for-sale townhouse units, on the property located on the northwest corner of Elm and Emerald Avenues, 601 Emerald Avenue, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the Master Environmental Impact Report and whether the subsequent project was described in the Master Environmental Impact Rport as being within the scope of the project, and

WHEREAS, the City's Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2007-33 ("Initial Study") reviewed the proposed amendment to P-D(373) to determine whether the project is within the scope of the project covered by the Modesto Urban Area General Plan Master EIR ("Master EIR"), and concluded that the proposed project is within the scope of the Master

EIR and will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no new additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines begininning on September 29, 2007 the City caused to be published a 20-day notice of the City's intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on October 23, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to P-D(373), a copy of which is attached hereto as **Exhibit "A",** and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. That the proposed project is contemplated and described in the Master EIR (SCH No. 1999082041) as being within the scope of the Master EIR.

2. That the project will have no new significant effects on the environment not identified or examined in the Master EIR, and no new or additional mitigation measures are required.

3. That, as per Section 21157.1 of the Public Resources Code, no new environmental document or findings are required by the California Environmental Quality Act (CEQA).

4. That there are no specific features which are unique to the proposed project that require project specific mitigation measures. Accordingly, the certified mitigation measures identified in the Master EIR will be sufficient for this project.

5. That all feasible mitigation measures set forth in the Master EIR which are appropriate to the project shall be incorporated in the project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None

EXHIBIT A

Initial Study

EA/C&ED 2007-33

City of Modesto

Finding of Conformance to General Plan Master EIR:

Initial Study C&ED No. (2007- 33)

For the proposed:

Planned Development Amendment and Tentative Subdivision Map
P-PDA-07-003 & P-TSM-07-003

Prepared by:
City of Modesto
Community & Economic Development Department
Planning Division

June 26, 2007

City of Modesto
Master EIR Initial Study Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Checklist is used in determining whether the Planned Development Project is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

A. Title: P-D(373) Amendment & Tentative Subdivision Map – Condo Conversion

B. Address or Location: 601 N. Emerald, Modesto CA

C. Applicant: Modesto Emerald Village LLC 1050 Fulton Avenue, Suite 218 Sacramento, CA 95825

D. City Contact Person: David Wage

Project Manager:	David Wage
Department:	Community and Economic Development Department
Phone Number:	(209) 577-5302
E-mail address:	dwage@modestogov.com

E. Current General Plan Designation(s): "R" Residential Land Use

F. Current Zoning Classification(s): "P-D 373" Planned Development Zone, P-D 373

G. Surrounding Land Uses:

North:	Residential Dwellings (R-1 Zone Property)
South:	Residential Dwellings (R-1 Zone Property)
East:	Residential Dwellings (R-1 Zone Property)
West:	Residential Dwellings (R-1 Zone Property)

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

There are 37 residential townhouses/cottages existing on the 140,738 square foot parcel. The applicant is proposing to amend the existing Planned Development Zone to allow the conversion of the units into individually owned "for sale" units. The applicant has also submitted an associated Subdivision Map application. The existing complex will not be expanded, modified, and no new facilities/ units will be added. No changes will occur to the previously approved site plan.

I. Other Public Agencies Whose Approval is Required:

None.

IIII. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. X **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.

   D. Based on the Initial Study, the City of Modesto finds and determines:
      a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
      b) No new or additional mitigation measures or alternatives are required.

   E. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

2. ____ **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3.____ **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

A. The type of project is described in Chapter II of the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

Steve Mitchell for DW	Assistant Planner	June 26, 2007
Project Manager	Title	Date

4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met, Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	X	☐
(2)	City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template.	X	☐
(3)	Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	X	☐
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	X	☐
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	X	☐
(6)	Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.	X	☐

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "No" response must be discussed.

		YES	NO
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	X	☐
(2)	This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	X	☐
(3)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	X	☐

(4) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available. X ☐

(5) Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development. X ☐

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 build-out of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable traffic and circulation impacts within certain areas of the "Baseline Developed Area":

Effect: Increased traffic will result in certain roadway segments operating at LOS "D" or worse.

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of a LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

DISCUSSION:
This is an application to convert existing units to condominiums. The conversion is compatible with the existing surrounding residential development located in this neighborhood. The project is consistent with the surrounding uses, the proposed project will not change to a level that will cause a change to the existing road capacities or levels of service.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures that may be pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section IV, *Mitigation Measures Applied to Project.*

c. Project-Specific Effects

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	YES	NO
(1) Does the project contribute one hundred (100) or more peak hour trips to or from the site during the adjacent roadway's peak hour or the development's peak hour, to adjoining roads and generates more trips than assumed for their general plan land use category and zoning in the Master EIR.	☐	X

Note:

If a project exceeds an additional one hundred (100) or more peak hour trips contribution, a site access study may be conducted to determine to what extent the project would exceed the year 2025 level of service (LOS) expected for the adjoining roadways under the Master EIR. The site access study would recommend new, project-specific mitigation measures. If the project also exceeds the Master EIR's traffic generation assumption, as determined by Engineering & Transportation staff, a comprehensive traffic study would be required that will include off-site traffic impact analysis.

	YES	NO
(2) Substantially increase hazards due to a design feature (e.g., sharp curves	☐	X

or dangerous intersections) or incompatible uses (e.g. farm equipment).

(3) Result in inadequate emergency access. ☐ X

(4) Result in inadequate parking capacity. ☐ X

DISCUSSION:

(1) Engineering and Transportation Staff reviewed the proposed project and have the following comments:

A. The proposed project will not generate traffic impacts to the adjacent roadways in excess of what was assumed under the MEIR. No traffic study is required.
B. A site access study is not required for this project.

(2) The project will not substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment). The City Engineering and Traffic Department has evaluated the project and has determined that the existing design layout of the project is in accordance to City standards.

(3) Police and Fire Staff have reviewed this proposal and have indicated that there is no emergency access problem.

(4) There is no parking requirements associated with a subdivision map. However, future development on the subdivision will be required to provide parking in accordance with City Standards.

2. AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected City traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. *This is a significant and unavoidable impact.*

Effect: Projected City traffic levels will result in increased ROG and NOX levels in the project area. *This is a significant and unavoidable impact.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section IV, Mitigation Measures Applied to Project:
DISCUSSION:

Mitigation Measures appropriate to this project include: AQ-17

c. Project-Specific Effects

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.	☐	X
(2)	The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	☐	X
(3)	The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	☐	X
(4)	The project would expose sensitive receptors to substantial pollutant concentrations.	☐	X
(5)	The project would create objectionable odors affecting a substantial number of people.	☐	X

DISCUSSION:

(1) The project was referred to the San Joaquin Valley Unified Air Pollution Control District who determined that the project would not have a significant effect on the ambient air quality.

(2) This project does incorporate the best management practices for PM10 reduction established by the SJVUAPD (see mitigations measures above).

(3) Applicable General Plan Policies will be applied to the project. Therefore, project-specific effects will be less than significant for this impact (see mitigations measures above).

(4) The project is not a significant contributor to pollution levels in that it involves only a subdivision of property. PM10 emissions created through the construction phase will be mitigated as called for by the MEIR by the measures listed above.

(5) The proposed project will not produce objectionable odors.

3. NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in an excess of the City's Noise Significance Standards.

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

Mitigation Measures appropriate to this project include: N-4, N-5 and N-6.

c. Project-Specific Effects

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	X
(2)	The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.	☐	X
(3)	The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	X
(4)	The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.	☐	X

DISCUSSION:

(1) The City's noise policy is incorporated into the conditions of approval as a mitigation measure.

(2) The project is consistent with the noise policies of the General Plan. The noise mitigation measures called for by the General Plan for projects within the baseline-developed area are incorporated into the conditions of approval for the project.

(3) The only permanent noise levels produced by the project would be associated with traffic. The increased traffic levels are within the scope of what the MEIR assumed for the site. Therefore, this project will not result in a substantial permanent increase in ambient noise levels.

(4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. There will be some construction related noise, but the noise mitigation measures called for by the General Plan for projects within the baseline developed area, are incorporated into the conditions of approval for the project.

4. AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

DISCUSSION:
The site is not zoned for agriculture or designated on the General Plan for future agricultural use. The proposed project will not affect areas zoned for agriculture or designated on the General Plan for future agricultural use. The project is an infill development and the surrounding properties are located within a fully developed urbanized area.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 MEIR. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will directly result in the development of land outside the March 2003 planning area boundaries.	☐	X
(3)	The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract.	☐	X
(4)	The project will Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan land use policies. It is an infill project, proposed within the urbanized area of the City. There are no agricultural parcels affected by the proposal and no agricultural and will be converted.

(2) The project is within the Baseline-Developed area of the City and therefore will not result in the development of land outside the March 2003 planning area boundaries.

(3) The project site is not zoned for agriculture nor is it under Williamson Act contract.

(4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses. The project is completely surrounded by urbanization.

5. WATER SUPPLY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. *This is a less-than-significant impact.*

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. *Consequently, the potential environmental impacts of the Urban Area General Plan are considered less-than-significant.*

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. *This is a significant and unavoidable cumulative impact.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project was referred to Engineering and Transportation for comment and there was no determination that there is insufficient capacity to serve the project.

6. SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid

violation of wastewater discharge requirements. *As a result, this impact would be less-than-significant.*

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. *This is a less-than-significant impact.*

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-6-4 through V-6-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project was referred to Engineering and Transportation for comment and there was no indication that there is insufficient capacity to serve the project.

7. SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less-than-significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project regarding sensitive wildlife and plant habitat. The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR.

c. Project-Specific Effects

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species.	☐	X
(3)	Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V 7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.

(3) There is no conflict with any local policies or ordinances protecting biological resources.

8. ARCHAEOLOGICAL OR HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 MEIR.

DISCUSSION:

Mitigation Measures applicable to this project include: AH-8, Master EIR.

c. Project-Specific Effects

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. The mitigation measure called for by the General Plan is incorporated into the conditions of approval for the project.

9. STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered *less-than-significant.*

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. *This cumulative impact is considered significant and unavoidable.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8.

DISCUSSION:

Mitigation measures appropriate to this project include: SD-7, MEIR. This mitigation measure is addressed by conditions of approval.

c. Project-Specific Effects

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.	☐	X
(3)	Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) designation in both land use and intensity.

(2) The project does not propose to increase the impervious surface, the residential development already exists. The project will meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures," adopted by the City as required by the above-listed mitigation measures.

(3) The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less-than-significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less-than-significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 MEIR. All feasible measures appropriate to the project have been incorporated into the conditions of approval.

DISCUSSION:

Mitigation measures appropriate to this project include: FWQ-14, MEIR. This mitigation measure is addressed by conditions of approval.

c. Project-Specific Effects

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

(2) The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act. ☐ X

(3) The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures. ☐ X

(4) The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff. ☐ X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) designation in both land use and intensity.

(2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.

(3) The project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures.

(4) The project would not create or contribute to runoff water in excess of the capacity of existing or planned storm water drainage systems or provide additional sources of polluted runoff.

11. PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. *Impacts on parks and open space will be less-than-significant.*

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. *This impact is less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project, are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project. It is not near any of the riparian area identified by Figures V-7-1a through V-7-1e of the MEIR.

c. Project-Specific Effects

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) designation in both land use and intensity. There are no mitigation measures applicable to this project.

12. SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan.). As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 MEIR. All feasible measures appropriate to the

project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) The project was referred to Modesto City Schools who indicated no opposition to the project.

13. POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. *The impact is less-than-significant.*

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. *These policies reduce the impact to a less-than-significant level.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 MEIR. All feasible measures appropriate to the project

to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) designation in both land use and intensity.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

14. FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. *Impacts on fire services of development in these areas will be less-than-significant.*

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. *This impact would be less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) designation in both land use and intensity.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

15. SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: New development projects would exceed available landfill capacity, it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for

diversion would have to be utilized. New projects will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. *The impact would be less-than-significant at such time as the Fink Road Landfill expansion is approved.*

Effect: New development projects can make a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. *This impact is significant and unavoidable.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-15-5 and V-15-6 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) designation in both land use and intensity.

(2) This project was referred to the County and Solid Waste Division of the Engineering and Transportation Division for review, and no indication was given that there would be a problem serving this project.

16. HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less-than-significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	☐	X
(3)	The project contains a contaminated site not identified as of March 2003.	☐	X
(4)	The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	X
(5)	The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) designation in both land use and intensity.

(2) This is an infill project, which involves the an existing residential project to be converted to residential condominiums. No hazardous materials will be involved with this project.

(3) The project site is not known to contain any contaminants.

(4) The project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste.

(5) The project would not be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

17. LANDSLIDES AND SEISMIC ACTIVITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. *Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less-than-significant.*

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. *The impact is less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

DISCUSSION:
No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) designation in both land use and intensity.

19. PLANNING AND LAND USE

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project includes a substantive amendment to the Modesto Urban Area General Plan.	☐	X
(3)	The project would physically divide an established community	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) designation in both land use and intensity.

(2) No amendment to the General Plan is required by this project.

(3) The project is an infill project that will act to connect an existing community rather than divide one.

20. AESTHETICS

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would have a substantial adverse effect on a scenic vista.	☐	X
(3)	The project would substantially degrade the existing visual character or quality of the project site and its surroundings.	☐	X
(4)	The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) There are no Scenic Vistas from the location of the proposed development. It is completely surrounded by urbanization. Views to the Diablo and Sierra Mountain Ranges are already precluded from this site and its surroundings.

(3) The project would not substantially degrade the existing visual character or quality of the project site and its surroundings.

(4) The project would not create a substantial source of light or glare that would adversely affect daytime or nighttime views in the area. The development is already existing.

V. MITIGATION MEASURES APPLIED TO THE PROJECT

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to CEQA Section 21157.1 (c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures (also contained in Section III, "Global List") shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project.

Traffic and Circulation Measures:

N/A

Air Quality Measures:

1. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

Noise Measures:

1. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

   The noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

   A. A hammer, or any other device or implement used to pound or strike an object.

   B. An impact wrench, or other tool or equipment powered by compressed air.

   C. A hand-powered saw.

   D. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

   E. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

   F. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

   G. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

H. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

Agricultural Land Measures:

N/A

Water Supply Measures:

N/A

Sanitary Sewer Service Measures:

N/A

Sensitive Wildlife and Plant Habitat Measures:

N/A

Archaeological or Historic Sites Measures:

N/A

Storm Drainage Measures:

1. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

Flooding and Water Quality Measures:

1. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

Parks and Open Space Measures:

N/A

Schools Measures:

N/A

Police Services:

N/A

Fire Services:

N/A

Generation of Solid Waste

N/A

Generation of Hazardous Materials

N/A

Potential for Landslides and Seismic Activity

N/A

Energy

N/A

Planning and Land Use

N/A

Aesthetics

N/A

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study. The following project-specific mitigation measures are necessary to reduce the identified new significant effect: ***None.***

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-617

A RESOLUTION AMENDING SECTIONS 1 AND 2 OF RESOLUTION NO. 2006-563 ENTITLED "A RESOLUTION AMENDING SECTIONS 1 AND 2 OF RESOLUTION NO. 2004-045 ENTITLED 'A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED DEVELOPMENT ZONE, P-D(564), (SOELLING).' (ISMAIL)" (BRANDVOLD)

WHEREAS, the Modesto City Council, by Ordinance No. 3342-C.S., adopted on January 13, 2004, and which became effective on February 26, 2004, granted Planned Development Zone, P-D(564) to allow 24,925 square feet of office, a 7,350 square foot restaurant, and a 8,625 square foot financial/retail building as provided in the C-1 Zone on property located on the southwest corner of Briggsmore Avenue and Oakdale Road, and

WHEREAS, Modesto City Council Resolution No. 2004-045, adopted by the Council on January 13, 2006, approved a development plan for Planned Development Zone, P-D(564), and contained the conditions of approval thereof, and

WHEREAS, the Planning Commission by Resolution No. 2006-46, adopted on January 19, 2006, approved a revised development schedule, construction to begin on or before January 13, 2007, and be completed by not later than January 13, 2009, and

WHEREAS, the Modesto City Council, by Ordinance No. 3424-C.S., adopted on September 5, 2006, and which became effective on October 12, 2006, approved an amendment to P-D(564) to allow a restaurant with a pub as permitted in the C-2 Zone on property located on the southwest corner of Briggsmore Avenue and Oakdale Road, and

WHEREAS, a Modesto City Council Resolution No. 2006-563, adopted on September 5, 2006, approved a revised development plan for P-D(564), and

WHEREAS, a verified application for an amendment to Planned Development Zone, P-D(564), was filed by Ted Brandvold on April 23, 2007, to allow retail and office

uses as permitted in the C-1 Zone in Buildings B,C, D and E, property located on the southwest corner of Briggsmore Avenue and Oakdale Road, and

WHEREAS, after a public hearing held on September 10, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2007-35, that the amendment to Planned Development Zone, P-D(564), as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed amendment to P-D(564) is consistent with the current General Plan land use designation for the site.
2. The conditions of approval will ensure that the proposed retail uses are compatible with the adjacent office and residential uses.
3. The proposed retail uses will provide much-needed retail uses in an underserved portion of the community.

WHEREAS, said matter was set for a public hearing of the City Council to be held on October 23, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Ted Brandvold for an amendment to Planned Development Zone, P-D(564), should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2007-35 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3458-C.S. on the 23rd day of October, to allow retail and office uses as permitted in the C-1 Zone in Buildings B, C, D and E.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Sections 1 and 2 of Resolution No. 2006-563 entitled "A Resolution Amending

Sections 1 and 2 of Resolution No. 2004-045 entitled 'A Resolution Approving a Development Plan for Planned Development Zone, P-D(564),' (Soelling).' (Ismail)" are hereby amended to read as follows:

"SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(564), is hereby approved subject to the following conditions:

1. All development shall conform to the plot plan and elevations titled "Eastgate Center: Amendment to P-D(564)" as amended in red, stamped approved by the City Council.

2. Prior to the issuance of a building permit, all signs shall be approved by the Community and Economic Development Director or designee. All signs located along the south or west elevations of Buildings C, D, and E abutting residential uses shall be illuminated in such a manner as to prevent impacting adjoining residences. Signs with back-lit, individual channel letters are encouraged; while canister style lighting is discouraged.

3. Prior to application for a building permit for any use in Buildings B, C, D or E, or any expansion of use in Building A, that generates a parking requirement that is greater than one space for every 300 square feet of building area, approval by the Planning Commission shall be required. The applicant shall demonstrate to the satisfaction of the Planning Commission that the center will have adequate parking with the addition of the proposed use.

4. Prior to issuance of building permits for Buildings D and E, a photometric lighting plan shall be submitted for review and approval by the Community and Economic Development Director. Fixtures should be of a type or adequately shielded so as to prevent glare from normal viewing angles. Said plans shall include specifications of the proposed lighting fixtures and demonstrate adequate shielding of the lighting fixtures so that there is no glare or light spillage upon neighboring residents south of the project site. Light fixtures located on the southern portion of the project site, adjacent to residences are strongly discouraged. The Lighting fixtures shall be allowed up to 25 feet above grade at the discretion of the Community and Economic Development Director.

5. At no time shall pedestrian access be made available from the Eastgate Center to Kendall Avenue.

6. Prior to issuance of building permits for Buildings C, D and E, all required parking shall be completed for the entire site.

7. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers,

directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.

8. All conditions of City Council Resolution Nos. 2004-045 and 2006-563 not in conflict with this action shall remain in full force and effect."

9. The reciprocal accessway to the adjacent property to the South("reciprocal accessway") shall be temporarily closed by and at the sole cost of the property owner and developer of P-D(564) in manner determined by and approved by the Community and Economic Development Director ("Director") or designee until the entire parking lot as shown in the plot plan and elevations titled "Eastgate Center:Amendment to P-D(564)" as amended in red,stamped approved by the City Council("parking lot")has been constructed. At the time that the parking lot has been constructed, the reciprocal accessway shall be reopened by and at the sole cost of the property owner and developer of P-D(564) in a manner determined by and approved by the Director or designee. The reciprocal accessway shall be reviewed by the Director or designee six months after reopening to determine whether the reciprocal accessway should remain open or should be closed permanently. If the Director or designee determines that the reciprocal accessway should be closed permanently, the reciprocal accessway shall be closed permanently by and at the sole cost of the property owner and developer of P-D(564) in a manner determined by and approved by the Director or designee.

"SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(564):

That the entire construction program shall be accomplished in one phase, construction to begin no later than October 23, 2009, and be completed by not later than October 23, 2010."

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance amending P-D(564) becomes effective.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Hawn, Marsh, Olsen, Mayor Ridenour
NOES:	Councilmembers:	Dunbar, Keating, O'Bryant

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-618

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): AMENDMENT TO PLANNED DEVELOPMENT ZONE, P-D(564), PROPERTY LOCATED ON THE SOUTHWEST CORNER OF BRIGGSMORE AVENUE AND OAKDALE ROAD (BRANDVOLD)

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Ted Brandvold has proposed an amendment to Planned Development Zone, P-D(564), to allow for retail uses on the site, property located at the southwest corner of Briggsmore Avenue and Oakdale Road, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the Master Environmental Impact Report and whether the subsequent project was described in the Master Environmental Impact Report as being within the scope of the project, and

WHEREAS, the City's Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2007-35 ("Initial Study") reviewed the proposed amendment to P-D(564) to determine whether the project is within the scope of the project covered by the Modesto Urban Area General Plan Master EIR ("Master EIR"), and concluded that the proposed project is within the scope of the Master EIR and will have no additional significant effect on the environment that was not

identified in the Master EIR, and further, that no new additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines begininning on September 29, 2007 the City caused to be published a 20-day notice of the City's intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on October 23, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to P-D(564), a copy of which is attached hereto as **Exhibit "A"**, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. That the proposed project is contemplated and described in the Master EIR (SCH No. 1999082041) as being within the scope of the Master EIR.

2. That the project will have no new significant effects on the environment not identified or examined in the Master EIR, and no new or additional mitigation measures are required.

3. That, as per Section 21157.1 of the Public Resources Code, no new environmental document or findings are required by the California Environmental Quality Act (CEQA).

4. That there are no specific features which are unique to the proposed project that require project specific mitigation measures. Accordingly, the certified mitigation measures identified in the Master EIR will be sufficient for this project.

5. That all feasible mitigation measures set forth in the Master EIR which are appropriate to the project shall be incorporated in the project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, Olsen, Mayor Ridenour

City of Modesto

Finding of Conformance to General Plan Master EIR:

Initial Study Environmental Checklist
C&ED No. 2007-35

For the proposed:

Planned Development Amendment for P-D(564)
Application No. P-PDA-07-005

Prepared by:
City of Modesto
Community & Economic Development Department
Planning Division

August 2007

City of Modesto
Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the proposed project for P-D(564) is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

A. Title: Planned Development Amendment for P-D(564)

B. Address or Location: Southwest corner of Briggsmore Ave. and Oakdale Road

C. Applicant: Ted Brandvold, 1300 10th Street, Suite B, Modesto, CA, 95354

D. City Contact Person: Rebecca Cremeen

Project Manager: Rebecca Cremeen
Department: Community and Economic Development Department
Phone Number: (209) 571-5505
E-mail address: rcremeen@modestogov.com

E. Current General Plan Designation(s): MU

F. Current Zoning Classification(s): P-D(564)

G. Surrounding Land Uses:

North:	Briggsmore Avenue
South:	Single Family Residential/Medical Office
East:	Oakdale Road
West:	Single Family Residential

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

This is an application for an amendment to the previously approved Planned Development Zone P-D(564). The amendment request is to permit retail uses as permitted in the C-1 zone district on the entire site. Retail uses are currently limited to Buildings C and D on the approved site plan.

I. Other Public Agencies Whose Approval is Required: None

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. X **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.

   D. Based on the Initial Study, the City of Modesto finds and determines:
      a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
      b) No new or additional mitigation measures or alternatives are required.

   E. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

2. ___ **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New

or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3. ___ **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

Project Manager | Planner (Title) | 8/29/07 (Date)

4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met. Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	X	☐
(2)	City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template.	X	☐
(3)	Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	X	☐
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	X	☐
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	X	☐
(6)	Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.	X	☐

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any no response must be discussed.

		YES	NO
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	X	☐
(2)	This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	X	☐
(3)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	X	☐

(4) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available. X ☐

(5) Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development. X ☐

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 buildout of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable traffic and circulation impacts:

Effect: Increased traffic will result in certain roadway segments operating at LOS D or worse.

Effect: The Substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of an LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures that are pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section V, Mitigation Measures Applied to Project.

c. Project-Specific Effects

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

		YES	NO
(1)	The project exceeds the Master EIRs traffic generation assumptions for this site and City Engineering and Transportation staff has determined that the project would have additional project-specific effects that are not avoided or reduced by the Master EIRs program of mitigation measures.	☐	X
(2)	Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).	☐	X
(3)	Result in inadequate emergency access.	☐	X
(4)	Result in inadequate parking capacity.	☐	X

Discussion:

(1) Engineering and Transportation Staff reviewed the proposed project and noted that the amendment to the uses on-site would result in an additional 45 vehicle trips during the PM peak hour, which equates to less than one (1) vehicle trip per minute. This is not a significant increase in traffic. Further, the traffic levels are consistent with the assumptions made under the Master EIR; therefore, no traffic study is required and no site access study is required for the project.

(2) The changes proposed in the site layout do not significantly change the on-site circulation. No changes are proposed to the site's ingress/egress from Briggsmore and Oakdale Avenues. Therefore, the project will not substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment). The City Engineering and Traffic Department has evaluated the project and has determined that the existing design layout of the project, as conditioned, is in

accordance to City standards.

(3) Fire and Police Staff have reviewed this proposal and have not indicated that there is an emergency access problem. The project meets the City's Standards with regard to the maneuverability of emergency vehicles, provided hydrant and FDC locations are provided in the appropriate locations. This can be accommodated by the proposed site plan and will be handled at the time of the issuance of a building permit.

(4) Based on the proposed changes in use to the allow retail uses consistent with the C-1 zone district, a minimum of 186 parking spaces are required. This number reflects the restriction of the following uses on-site, in accordance with the conditions of approval applicable to the proposed amendment: restaurant uses in Buildings A, B, D and E; medical office uses in buildings A, B, C and D; and, convenient store/mini-market uses within any building on-site. The project proposes 222 parking spaces and therefore meets City Standards for number of parking spaces required on-site.

2. AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. This is a significant and unavoidable impact.

Effect: Projected traffic levels will result in increased ROG and NOX levels in the project area. This is a significant and unavoidable impact.

These are also cumulative impacts on air quality.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

Mitigation Measures appropriate to this project include: AQ-17

c. Project-Specific Effects

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.	☐	X
(2)	The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	☐	X
(3)	The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	☐	X
(4)	The project would expose sensitive receptors to substantial pollutant concentrations.	☐	X
(5)	The project would create objectionable odors affecting a substantial number of people.	☐	X

Discussion:

(1) The project is within the scope of the Master EIR for traffic related impacts. Therefore, it should be within the scope of the Master EIR for CO and NOx emissions in that these pollutants are traffic induced.

(2) This project does incorporate the best management practices for PM10 reduction established by the SJVUAPD (see mitigations measures above).

(3) Applicable General Plan Policies will be applied to the project. Therefore, project-specific effects will be less than significant for this impact (see mitigations measures above).

(4) The project is not a significant contributor to pollution levels in that it is an office/retail complex. Thus, the main source of pollution that would come with the development is traffic related. Since the traffic impacts are within the scope of the MEIR, so are the traffic-related pollution concentration impacts. PM10 emissions created through the construction phase will be mitigated as called for by the MEIR by the measure listed above.

(5) The development should not produce objectionable odors; in that office/retail buildings generally do not.

3. NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in exceedances of the City's Noise Significance Standards (see Table 3-3 of the MEIR).

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. and any new measures are listed in Section V, Mitigation Applied to Project:

Discussion:

Mitigation Measures appropriate to this project include: N-4, N-5 and N-6.

c. Project-Specific Effects

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	X
(2)	The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.	☐	X
(3)	The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	X
(4)	The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.	☐	X

Discussion:

(1) The City's noise policy is incorporated into the conditions of approval as a mitigation measure.

(2) The project is consistent with what the General Plan assumed for the site both in land use and intensity and is consistent with the noise policies of the General Plan. The noise mitigation measures called for by the General Plan for projects within the baseline developed area, are incorporated into the conditions of approval for the project.

(3) The only permanent noise levels produced by the project would be associated with traffic. The increased traffic levels are within the scope of what the MEIR assumed for the site. Therefore, this project will not result in a substantial permanent increase in ambient noise levels.

(4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. The noise mitigation measures called for by the General Plan for projects within the baseline-developed area are incorporated into the conditions of approval for the project.

4. AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 of the MEIR. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

There are no mitigation measure applicable to this project.

c. Project-Specific Effects

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

YES NO

(1) The project is inconsistent with the Modesto Urban Area General Plan. ☐ X

(2) The project will directly result in the development of land outside the March 2003 planning area boundaries. ☐ X

(3) The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract. ☐ X

(4) The project will Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use. ☐ X

Discussion:

(1) The project is consistent with the General Plan land use policies. It is an infill project, proposed within the urbanized area of the City. There are no agricultural parcels affected by the proposal and no agricultural land will be converted.

(2) The project is within the baseline-developed area of the City and therefore will not result in the development of land outside the March 2003 planning area boundaries.

(3) The project site is not zoned for agriculture, nor is it under Williamson Act contract.

(4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses. The project is completely surrounded by urbanization.

5. WATER SUPPLY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. This is a less-than-significant impact.

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. Consequently, the potential environmental impacts of the Urban Area General Plan are considered less than significant.

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively

considerable contribution to the cumulative impact on water supply under drought conditions. This is a significant and unavoidable cumulative impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

Mitigation Measures appropriate to this project include: WS-11

c. Project-Specific Effects

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project was referred to Engineering and Transportation for comment and there was no determination that there is insufficient capacity to serve the project.

6. SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and

Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. As a result, this impact would be less than significant.

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. This is a less-than-significant impact.

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-6-4 through V-6-7 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

There are no mitigation measure applicable to this project.

c. Project-Specific Effects

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project was referred to Public Works for comment and there was no indication that there is insufficient capacity to serve the project.

7. SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less than significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

There are no mitigation measure applicable to this project. The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR.

c. Project-Specific Effects

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species.	☐	X

(3) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance. ☐ X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.

(3) There is no conflict with any local policies or ordinances protecting biological resources

8. ARCHAEOLOGICAL OR HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

Mitigation Measures applicable to this project include: AH-12, Master EIR.

c. Project-Specific Effects

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. The mitigation measure called for by the General Plan is incorporated into the conditions of approval for the project.

9. STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered less than significant.

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm

events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

Mitigation measures appropriate to this project include: SD-7, MEIR.

c. Project-Specific Effects

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.	☐	X
(3)	Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The proposed changes to the site plan would not result in a substantial increase in impervious surfaces beyond what was previously approved. The project will be designed to meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures," adopted by the City and applied

to the project as a Mitigation Measure. With the application of the appropriate mitigation, the effect will be less than significant.

(3) The proposed changes to the site plan would not result in a substantial increase in impervious surfaces beyond what was previously approved and would not contribute additional water runoff. However, with the application of the mitigation measures called for in the conditions of approval for the project, the effect will be less than significant.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less than significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less than significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

Mitigation measures appropriate to this project include: FWQ-14, MEIR.

c. Project-Specific Effects

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	☐	X
(3)	The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	☐	X
(4)	The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	X

Discussion:

(1) The project is consistent with the General Plan Designation for the site both in land use and intensity.

(2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.

(3) Mitigation Measures as called for by FWQ-14 will be applied to the project so that the project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures.

(4) The project would not create or contribute to runoff water in excess of the capacity of existing or planned storm water drainage systems or provide additional sources of polluted runoff. The appropriate mitigation measures will be applied to the project.

11. PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. Impacts on parks and open space will be less than significant.

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. This impact is less than significant.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

Discussion:

(1) The project is consistent with the General Plan in both land use and intensity.

12. SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school

students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan.). As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project:

Discussion:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures, which provide that compliance results in less-than-significant impacts on schools.	☐	X

Discussion:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) The project includes no residential student-gathering component.

13. POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. The impact is less than significant.

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. These policies reduce the impact to a less-than-significant level.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

Discussion:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

14. FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. Impacts on fire services of development in these areas will be less than significant.

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. This impact would be less than significant.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or	☐	X

significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.

Discussion:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

15. SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: Since the project would exceed available landfill capacity, it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. The project will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. The impact would be less than significant at such time as the Fink Road Landfill expansion is approved.

Effect: The project makes a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. This impact is significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-15-5 and V-15-6 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity.	☐	X

Discussion:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) This project was referred to the County and Solid Waste Division of the Public Works Department for review, and no indication was given that there would be a problem serving this project.

16. HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less than significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	☐	X
(3)	The project contains a contaminated site not identified as of March 2003.	☐	X
(4)	The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	X
(5)	The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	☐	X

Discussion:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) The project does comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.

(3) The project site is not known to contain any contaminants.

(4) The project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste. It is an office complex.

(5) The project would not be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

17. LANDSLIDES AND SEISMIC ACTIVITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, the project impact will be less than significant.

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, the project impact will be less than significant.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse.	☐	X

Discussion:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less than significant.

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. The impact is less than significant.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

Discussion:

(1) The project is consistent with the General Plan in both land use and intensity.

19. PLANNING AND LAND USE

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project includes a substantive amendment to the Modesto Urban Area General Plan.	☐	X
(3)	The project would physically divide an established community	☐	X

Discussion:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) No amendment to the General Plan is required by this project.

(3) The project will not divide an established community.

20. AESTHETICS

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would have a substantial adverse effect on a scenic vista.	☐	X
(3)	The project would substantially degrade the existing visual character or quality of the project site and its surroundings.	☐	X
(4)	The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area.	☐	X

Discussion:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) There are no Scenic Vistas from the location of the proposed development. It is completely surrounded by urbanization. Views to the Diablo and Sierra Mountain Ranges are already precluded from this site and its surroundings.

(3) The project would not substantially degrade the existing visual character or quality of the project site and its surroundings.

(4) The project would not create a substantial source of light or glare that would adversely affect daytime or nighttime views in the area.

V. MITIGATION MEASURES APPLIED TO THE PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A below applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to CEQA Section 21157.1(c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study.

A Mitigated Negative Declaration/EIR shall be prepared for the project and the following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect:

Traffic and Circulation Measures:

N/A

Air Quality Measures:

1. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover

2. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

3. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

4. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. *(the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)*

5. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

6. Within urban areas, track out shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

7. Install wheel washers for all exiting trucks, or wash off all trucks and equipment leaving the site;

8. Suspend excavation and grading activity when winds exceed 20 mph; and

9. Limit the area subject to excavation, grading and other construction activity at any one time.

Noise Measures:

1. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

   The noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

   A. A hammer, or any other device or implement used to pound or strike an object.

   B. An impact wrench, or other tool or equipment powered by compressed air.

   C. A hand-powered saw.

D. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

E. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

F. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

G. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

H. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

Agricultural Land Measures:

N/A

Water Supply Measures:

1. Prior to issuance of a building permit for each of the buildings within the development, the applicant shall pay the water connection fees at the rate in effect at the time of issuance of the building permit.

Sanitary Sewer Service Measures:

N/A

Sensitive Wildlife and Plant Habitat Measures:

N/A

Archaeological or Historic Sites Measures:

1. If archaeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archaeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K

Storm Drainage Measures:

1. Prior to the issuance of a building permit, the developer shall submit a plan for approval by the Operations and Maintenance Director to provide on-site treatment of storm water in accordance with the guidance manual for new development stormwater quality control measures. Storm drain improvements shall be constructed in accordance with the approved plans.

2. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

Flooding and Water Quality Measures:

1. Prior to the issuance of a building permit, the developer shall submit a plan for approval by the Operations and Maintenance Director to provide on-site treatment of storm water in accordance with the guidance manual for new development stormwater quality control measures. Storm drain improvements shall be constructed in accordance with the approved plans.

2. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

Parks and Open Space Measures:

N/A

Schools Measures:

N/A

Police Services:

N/A

Fire Services:

N/A

Generation of Solid Waste

N/A

Generation of Hazardous Materials

N/A

Potential for Landslides and Seismic Activity

N/A

Energy

N/A

Planning and Land Use

N/A

Aesthetics

N/A

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study. The following project-specific mitigation measures are necessary to reduce the identified new significant effect: ***None.***

Print

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-619

A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED DEVELOPMENT ZONE, P-D(582) (HUFF CONSTRUCTION)

WHEREAS, a verified application for an amendment to Section 29-3-9 of the Zoning Map was filed by Huff Construction on March 29, 2007, to reclassify from General Commercial Zone, C-2, to Planned Development Zone, P-D(582), to allow a mixed-use development combining commercial retail and office with condominium residential units and parking in a new eight-story building, property located at 1324 J Street, described as follows:

C-2 to P-D(582)

All that certain real property situated in the City of Modesto, County of Stanislaus, State of California, and being a portion of the southeast quarter of Section 29, Township 3 South, Range 9 East, Mount Diablo Base and Meridian, more particularly described as follows:

All of Lots 1 thru 7 in Block 106 as shown on that Map of City of Modesto Block 106 filed in Volume 15 of Maps, Page 106, Stanislaus County Records; and

also including those portions of the southwesterly half of 14th Street, the southeasterly half of J Street, and the northeasterly half of the alley, being immediately adjacent to the above described property and extended to the intersections of said streets and alley.

WHEREAS, at a public hearing held on September 17, 2007, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2007-41, that rezoning of the property as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed rezone is consistent with the City's Redevelopment Master Plan, which encourages higher density, vertical mixed-use development in the downtown area; and

2. The proposed rezone is consistent with the Urban Area General Plan of the City of Modesto, because the project is consistent with the land use designation of Commercial/Residential/Public (CRP) for the site within the Redevelopment Planning District (RPD) in both type and intensity.

3. The project will comply with the City's adopted Design Guidelines for Commercial and Industrial Development and will meet the requirements of the Municipal Code, including in particular the minimum requirements for on-site parking; and

4. The recommended conditions of approval will further insure that the proposed project will be compatible with surrounding development.

WHEREAS, said matter was set for a public hearing of the City Council to be held on October 23, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Huff Construction for a Planned Development Zone should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2007-41 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3459-C.S. on the 23rd day of October, 2007, reclassifying the above-described property from General Commercial Zone, C-2, to Planned Development Zone, P-D(582),

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto as follows:

SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development, P-D(582), is hereby approved subject to the following conditions:

1. All development shall conform to the Planned Development drawings titled "Mixed-Use Building, 14th & J Streets" as amended in red, stamped approved by the City Council.

2. Prior to sale of a condominium unit, a subdivision map shall be recorded.

3. The development shall be limited to no more than 45 dwelling units.

4. One dedicated pair of 'stacked' parking spaces shall be provided for each dwelling unit in the development. The handicap accessible unit, which is required by law, may be excepted from this condition, since there is an un-stacked handicap accessible parking space provided for said unit.

5. Prior to the issuance of a building permit, annexation to the appropriate schools community facilities district will be required to the extent allowed by State law. If this requirement cannot be enforced due to the status of State law, then prior to issuance of a building permit, the developer shall provide written verification from the affected school districts that a determination has been made as to whether the developer will pay the school fees in effect or annex to the appropriate community facilities district.

6. Prior to the issuance of a building permit, final design of the southeast elevation of the building (on the property line adjacent to 915–14th Street) as to architectural treatments which will provide improved articulation on that side of the building, together with the final selection of colors and materials for the building overall, shall be to the satisfaction of the Community & Economic Development (C&ED) Director.

7. Prior to the issuance of a building permit, a landscaping and irrigation plan shall be approved by the Parks, Recreation and Neighborhoods Department Director or designee. The landscaping and irrigation system shall be installed and maintained in accordance with the approved plan.

8. Prior to the issuance of a building permit, the development shall include improvements to the surrounding streetscape, including but not limited to sidewalks, street trees, and lighting, in accordance with the Downtown Improvement District and City Standards to the satisfaction of the City Engineer.

9. Prior to the issuance of a building permit, improvement plans for any required improvements shall be prepared by a Registered Civil Engineer and approved by the City Engineer or designee. Improvements shall be constructed in accordance with the approved plans.

10. All public improvements shall be designed and constructed according to City of Modesto Standard Specifications or as required for the public health and safety by the City Engineer or designee. The specific public improvements required for this development include (but may not be limited to) reconstruction of the 20-foot alley.

11. Access from the parking garage to the alley shall be for service and emergency vehicles only.

12. The new driveway on 14th Street to serve the parking garage shall be designed per City of Modesto Standard Specifications to the satisfaction of the City Engineer.

13. Prior to certificate of occupancy, all damaged or deteriorated curb, gutter, sidewalk, and other existing public improvements at the project site shall be repaired or replaced as required for the public health and safety as determined by the City Engineer or designee in accordance with City of Modesto Standard Specifications.

14. Prior to the issuance of a building permit, the developer shall obtain approval of the City Engineer for sewer connection. Sewer connections shall be designed to meet City Standard Specifications and to the satisfaction of the City Engineer.

15. Prior to the issuance of a building permit, the developer shall obtain approval of the City Engineer for the stormwater connection to the City stormwater system. The developer shall demonstrate that the proposed connection will not adversely affect upstream and downstream capacity of the City stormwater line or cause back up in the stormwater line.

16. On-site storm drainage shall follow the Guidance Manual for New Development Stormwater Quality Control Measures (available on the City's website).

17. Prior to the issuance of a building permit, the developer shall provide an owner-signed and notarized Stormwater Treatment Device Access and Maintenance Agreement to Development Services, Stormwater, for recording, if treatment system is required.

18. Prior to the issuance of a building permit, the developer shall obtain coverage for the project under the General Construction Activity Storm Water Permit (General Construction Permit) issued by the State Water Resources Control Board (SWRCB), as follows:

    a. To obtain coverage under the General Permit, a Notice of Intent (NOI) shall be filed with the SWRCB. Submit one copy of the NOI to Development Services, Stormwater, when filed.

    b. The General Construction Permit requires the Developer to prepare and implement a Storm Water Pollution Prevention Plan (SWPPP) for project. Submit one copy of SWPPP to Development Services, Stormwater, for review.

19. If a restaurant or other food service facilities are planned for this development, there may be additional stormwater requirements.

20. Prior to the issuance of a building permit, developer should provide for separate plumbing to the sanitary sewer to accommodate any grease generating uses (such as restaurants), medical procedure waste, or similar

establishments identified as having wastewater pretreatment requirements to provide suitable monitoring and capture of potential wastewater discharges that impact the system.

21. Prior to the issuance of a building permit, the project shall meet all conditions applicable to high-rise buildings in Chapter 4 of the 2001 California Building Code, if the proposed building will have floors used for human occupancy located more than 75 feet above the lowest floor level having building access.

22. Prior to the issuance of a building permit, all on-site and off-site improvements shall be approved by the Fire Prevention Bureau as they relate to Fire Department access, fire flow requirements, and the location and type of fire appliances, including hydrants and other connections.

23. Prior to the issuance of a building permit, the developer shall dedicate public utility easements as required by the utility companies and the City Engineer or designee.

24. All existing underground and aboveground utilities, irrigation, and electrical lines shall be protected, relocated, or removed as required by the respective utility company, Modesto Irrigation District, and/or City Engineer or designee. Easements for utilities, irrigation, and electrical lines to remain shall be dedicated as required.

25. The covenants, conditions and restrictions (CC&Rs) pertaining to the development shall provide, among other things, that utility service lines, facilities, and equipment may be installed on or through dwelling units to serve other dwelling units in the project as required by utility companies serving the project, and that said utility companies shall have a right of access to all lots, units, and buildings where necessary to perform the required maintenance and repair.

26. Signs shall be allowed in accordance with the requirements of the C-2 zone, subject to compliance with the Design Guidelines for Commercial and Industrial Development, adopted September 12, 2006.

27. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris, and all exposed wall surfaces shall be kept free of graffiti.

28. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.

In addition, the following recommended Conditions of Approval are mitigation measures from the Modesto Urban Area General Plan Master Environmental Impact Report that should be applied to the project:

29. With the demolition of buildings up to six stories in height, all exterior surfaces of the building shall be wetted during demolition.

30. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

31. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

32. Within urban areas, track-out shall be immediately removed when it extends 50 feet or more from the site and at the end of each workday.

33. The developer shall implement measures to prevent carryout or trackout that may otherwise occur in conjunction with construction activities.

34. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions. Use of blower devices is expressly forbidden.

35. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.

36. Following the addition of materials to, or the removal of materials from, the surface of any outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

37. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine." Construction equipment and vehicles should be equipped with properly operating mufflers according to manufacturers recommendation. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

38. The noise ordinance prohibits also the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (or before 9:00 a.m. or after 9:00 p.m. on Saturdays and Sundays and State or federal holidays):

a. A hammer or any other device or implement used to pound or strike an object.

b. An impact wrench or other tool or equipment powered by compressed air.

c. A hand-powered saw.

d. Any tool or piece of equipment powered by an internal combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

e. Any electrically powered (whether by alternating current or direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, backhoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

h. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

39. Prior to the issuance of a building permit, developer shall provide to the satisfaction of the Community & Economic Development Director an evaluation, prepared by a qualified architectural historian, of any structures more than 50 years old that are located within 100 feet of the proposed construction, said evaluation to be used by the City to determine and require measures to be implemented as appropriate to preserve those structures and places it deems to be historically significant.

40. If archeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K of the MEIR.

41. The developer shall implement pre- and post-construction best management practices (BMPs) to minimize pollutants entering the storm system.

42. The developer shall conduct the appropriate geotechnical analysis to ascertain site-specific subsurface conditions relevant to foundation stability and seismic safety.

SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(582):

The entire construction program shall be accomplished in one phase, construction to begin on or before October 23, 2010 and completion to be not later than October 23, 2011.

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(582), becomes effective.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-620

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): AMENDING SECTION 29-3-9 OF THE ZONING MAP TO REZONE FROM GENERAL COMMERCIAL ZONE, C-2, TO PLANNED DEVELOPMENT ZONE, P-D(582), PROPERTY LOCATED AT 1324 J STREET. (HUFF CONSTRUCTION)

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Huff Construction has proposed that the zoning designation for property located at 1324 J Street, be amended to rezone from General Commercial Zone, C-2, to Planned Development Zone, P-D(582), to allow a mixed-use development combining commercial retail and office with condominium residential units and parking in a new eight-story building, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the Master Environmental Impact Report and whether the subsequent project was described in the Master Environmental Impact Report as being within the scope of the project, and

WHEREAS, the City's Community and Economic Development Department by Environmental Assessment Initial Study EA/C&ED No. 2007-32 ("Initial Study") reviewed the proposed amendment to the Zoning Map and Planned Development project to determine whether the project is within the scope of the project covered by the

Modesto Urban Area General Plan Master EIR ("Master EIR"), and made the determination that the proposed project will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no or new additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines, on September 29, 2007, the City caused to be published a 20-day notice of the City's intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, the Planning Commission, by Resolution No. 2007-41 recommended to the City Council approval of the application of Huff Construction to amend Section 29-3-9 of the Zoning Map to rezone from General Commercial Zone, C-2 to Planned Development Zone, P-D(582), for the property located at 1324 J Street, to allow a mixed-use development combining commercial retail and office with condominium residential units and parking in a new eight-story building, as set forth in said Resolution No. 2007-41, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing, which was held on October 23, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed rezone to Planned Development Zone, P-D(582), a copy of which is attached hereto as **Exhibit "A"**, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. The type of project is described in Chapter II of the Master EIR (SCH No. 1999082041).

2. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made Conditions of Approval of the project.

3. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.

4. Based on the Initial Study, the City of Modesto finds and determines:

    a. The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR;

    b. No new or additional mitigation measures or alternatives are required; and

    c. The project is within the scope of the MEIR.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

EXHIBIT A

Initial Study

EA/C&ED No. 2007-32

City of Modesto

Finding of Conformance to General Plan Master EIR:

Initial Study Environmental Checklist C&ED No. 2007-32

For the proposed:

14th & J Street Mixed-Use Project
Planned Development and Tentative Subdivision Map
P-PDZ-07-001 and P-TSM-07-004
(Huff Construction, Applicant)

Prepared by:
City of Modesto
Community & Economic Development Department
Planning Division

September 7, 2007

City of Modesto
Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Environmental Checklist ("Initial Study") is used in determining whether **Planned Development P-PDZ-07-001 & Tentative Subdivision Map P-TSM-07-004** is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

A. Title: 14th & J Street Mixed-Use Project
Planned Development & Tentative Subdivision Map

B. Address or Location: 1324 J Street, Modesto, CA

C. Applicant: Huff Construction Company, Inc
4917 Stoddard Road, Modesto, CA 95354

D. City Contact Person: Philip Reed

Project Manager: Philip Reed, Associate Planner
Department: Community & Economic Development Department
Phone Number: (209) 577-5267
E-mail address: preed@modestogov.com

E. Current General Plan Designation(s): project site is within the Redevelopment Planned District (RPD), with land use designation Commercial/Residential/Public (CRP), allowing for mixed use development and infill.

F. Current Zoning Classification(s): (C-2) General Commercial Zone

G. Surrounding Land Uses:
North: (C-2) commercial office and parking
South: (C-2) commercial office and parking
East: (C-2) residence converted to office
West: (C-2) commercial office and parking

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

Rezoning the site from General Commercial (C-2) to Planned Development (P-D) accommodates a proposed mixed-use project comprising approximately 15,000 square feet of commercial retail and professional office space together with 45 dwelling units and a parking garage within a new 8-story building. This new building will entirely replace the existing development of the site, which consists of a small professional office built in 1964 and surface parking lot. The tentative subdivision map provides for condominium air space lots to allow independent ownership of each dwelling unit.

I. Other Public Agencies Whose Approval is Required: none.

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. _X_ **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.

   D. Based on the Initial Study, the City of Modesto finds and determines:

      a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.

      b) No new or additional mitigation measures or alternatives are required.

E. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

2. ___ **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3. ___ **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

Date

4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met, Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	X	☐
(2)	City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template.	X	☐
(3)	Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	X	☐
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	X	☐
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	X	☐
(6)	Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.	X	☐

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "No" response must be discussed.

		YES	NO
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	X	☐
(2)	This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	X	☐
(3)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	X	☐

(4) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available. ☐ X

(5) Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development. X ☐

Discussion:

(4) The City completed a Collection System Master Plan Update and Wastewater Treatment Master Plan Update in 2006, and a city-wide long term water supply analysis in 2007. These studies identified deficiencies in the existing systems, capacity and supply, to accommodate the anticipated future growth of the City's urban area. The necessary improvements to these systems were also identified, including the expansion and upgrade of various wastewater collection and treatment facilities, and implementation of a long term program for securing and developing additional water supplies. In order to finance these new infrastructure investments, the City adopted in 2007 new water and wastewater connection fees. These increased fees will apply to the project. Therefore, policies remain in place, as described in (5) above, that require site-specific mitigations (that is, increased fees) which compensate for the impacts identified.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause project-specific significant effects on the environment that were not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 build-out of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable traffic and circulation impacts:

Effect: Increased traffic will result in certain roadway segments operating at LOS D or worse.

Effect: The Substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of an LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures that are pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section V, Mitigation Measures Applied to Project.

c. Project-Specific Effects

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	YES	NO
(1) Project would contribute one hundred (100) or more peak hour trips to or from the site during an adjacent roadway's peak hour or the development's peak hour to adjoining roads, and it generates more trips than assumed for the general plan land use category and zoning in the Master EIR.	☐	X

Note:

If a project exceeds an additional one hundred (100) or more peak hour trips contribution, a site access study may be conducted to determine to what extent the project would exceed the year 2025 level of service (LOS) expected for the adjoining roadways under the Master EIR. The site access study would recommend new, project-specific mitigation measures. If the project also exceeds the Master EIR's traffic generation assumption, as determined by Traffic Engineering staff, a comprehensive traffic study would be required, including off-site traffic impact analysis.

(2)	Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).	☐	X
(3)	Result in inadequate emergency access.	☐	X
(4)	Result in inadequate parking capacity.	☐	X

Discussion:

(1) Traffic Engineering Division of the Public Works Department has reviewed the project and determined that it is within the scope of the Master EIR and no further traffic study is required. This conclusion is based upon the following:

a) The project as proposed would generate 77 peak hour vehicle trips, which is less than the 100 peak hour trip threshold that would trigger requirement of a traffic study;

b) The number of vehicle trips would be further reduced by the by-pass rate, the internal trip capture rate, and credit for the existing trip generation from the project site's current use, to a net peak hour trip generation of only 41 vehicle trips;

c) Because the downtown area is fully developed, trip generation would be distributed relatively equally in all four directions, which translates into approximately 10 trips at the next signalized intersection in any direction, or one vehicle every 360 seconds (that is, one vehicle every fourth traffic signal cycle, since downtown signals are on a 90-second cycle length). One additional vehicle every fourth signal cycle is not considered significant at any nearby intersections in downtown Modesto.

The project site is located at the shared corner of four Traffic Analysis Zones (TAZs): 295, 296, 335, and 348, as identified in Appendix F of the Final Master EIR for the City of Modesto Urban Area General Plan. In the General Plan model, the combined area of these four TAZs are projected to have 268 single-family units and 394 multi-family units, for a total of 662 dwelling units by the year 2025. This total translates into an estimate of 1893 residents within this combined area by the year 2025, based on the average of 2.86 persons per dwelling unit assumed in Appendix F. According to block level data available from the 2000 Census, the existing number of residents within the combined area of the four TAZs is 501. Adding the estimate of 129 new residents generated by the 45 condominium dwelling units proposed by the project gives a total of 630 residents in the combined area, which falls within the projection assumed for the General Plan.

Therefore the project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area. This intensity includes in particular the number of dwelling units proposed by the project and the increase in number of residents that they represent.

(2) The project will not substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses.

(3) Police and Fire staff have reviewed this proposal. The project will not result in, cause, or provide inadequate emergency access.

(4) The project has been evaluated for compliance to the City of Modesto Parking regulations. The project will provide all required parking on site in compliance with both City standards and ADA (Americans with Disability Act) standards.

2. AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. *This is a significant and unavoidable impact.*

Effect: Projected traffic levels will result in increased ROG and NOX levels in the project area. *This is a significant and unavoidable impact.*

These are also cumulative impacts on air quality.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

Mitigation Measures appropriate to this project include: AQ-17

c. Project-Specific Effects

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.	☐	X
(2)	The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	☐	X
(3)	The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	☐	X
(4)	The project would expose sensitive receptors to substantial pollutant concentrations.	☐	X
(5)	The project would create objectionable odors affecting a substantial number of people.	☐	X

Discussion:

(1) The project was referred to the San Joaquin Valley Unified Air Pollution Control District who determined that the project would not exceed their Thresholds of Significance for these emissions. In that the project creates new housing within the established urban area of the City, it has the potential to reduce commute distances for the residents who live there and help mitigate the effects of longer commutes from outlying areas.

(2) This project incorporates the best management practices for PM10 reduction established by the SJVUAPD (see mitigation measures above).

(3) Applicable General Plan Policies will be applied to the project; therefore, project-specific effects will be less than significant for this impact (see mitigation measures above).

(4) The project is not a significant contributor to pollution levels in that it consists of mixed use residential with retail commercial office; therefore, the primary source of pollution associated with the development would be traffic related. Since the traffic impacts are within the scope of the MEIR, so are the traffic-related air quality impacts. The PM10 emissions created through the construction phase will be mitigated as called for by the MEIR with the mitigation measure listed above.

(5) The proposed project will not produce objectionable odors.

3. NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following *significant and unavoidable environmental impacts* relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in exceeding the City's Noise Significance Standards (see Table 3-3 of the MEIR).

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. and any new measures are listed in Section V, Mitigation Applied to Project:

Discussion:

Mitigation Measures appropriate to this project include: N-4, N-5, N-6, and N-9.

c. Project-Specific Effects

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	X
(2)	The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.	☐	X
(3)	The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	X
(4)	The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.	☐	X

Discussion:

(1) The City's noise policy is incorporated into the conditions of approval as a mitigation measure.

(2) The project is consistent with the noise policies of the General Plan. The project is located between the L_{dn} 60 and 65 contours, as depicted in Figure VII-1 of the City's Urban Area General Plan showing the most recent noise contours for the City, and is therefore within the maximum acceptable noise level for single family residential use. Noise mitigation measures called for by the General Plan for projects within the Baseline Developed Area (and the Redevelopment Area), are incorporated into the conditions of approval for the project.

(3) The only permanent noise levels produced by the project would be associated with traffic. The increased traffic levels are within the scope of what the MEIR assumed for the site. Therefore, this project will not result in a substantial permanent increase in ambient noise levels.

(4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. There will be some construction related noise, but the noise mitigation measures called for by the General Plan for projects within the Baseline Developed Area (and the Redevelopment Area), are incorporated into the conditions of approval for the project.

4. AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area *will have a less-than-significant impact on agricultural lands.*

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 of the MEIR. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:
Discussion:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will directly result in the development of land outside the March 2003 planning area boundaries.	☐	X
(3)	The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract.	☐	X
(4)	The project will Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland to some other non-agricultural use.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

(2) The project is located within the Redevelopment Area of the City and therefore will not result in the development of land outside the March 2003 planning area boundaries.

(3) The project site is not zoned for agriculture nor is it under Williamson Act contract.

(4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses. The project is located within the Redevelopment Area of the City and is therefore completely surrounded by developed urban area. Furthermore, the project would provide new housing within this established urban area and would therefore help relieve the demand for new housing without increasing pressure for new development of land outside the March 2003 planning area boundaries that could result in the conversion of farmland to non-agricultural uses.

5. WATER SUPPLY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. *This is a less-than-significant impact.*

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. Consequently, the potential environmental impacts of the Urban Area General Plan *are considered less than significant.*

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. *This is a significant and unavoidable cumulative impact.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area. This intensity includes in particular the number of dwelling units proposed by the project and the increase in number of residents that they represent.

(2) An amendment to the General Plan is *not* required by this project.

(3) The project is infill development which will not divide an established community.

20. AESTHETICS

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would have a substantial adverse effect on a scenic vista.	☐	X
(3)	The project would substantially degrade the existing visual character or quality of the project site and its surroundings.	☐	X
(4)	The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

(2) There are no existing scenic vistas from the location of the proposed development. It is completely surrounded by urbanization, and views of prominent natural features such as the Diablo and Sierra Mountain Ranges are already precluded from this site and the adjacent and surrounding properties. New views of the surrounding landscape will be provided from upper floors of the new development.

(3) The project would not substantially degrade the existing visual character or quality of the project site and its surroundings. The new development will comply with the City's adopted Design Guidelines.

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

19. PLANNING AND LAND USE

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project includes a substantive amendment to the Modesto Urban Area General Plan.	☐	X
(3)	The project would physically divide an established community	☐	X

c. Project-Specific Effects

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

(2) The requirement for geotechnical analysis as appropriate, together with application of the adopted Uniform Building Code (UBC) and its seismic requirements, will insure that soil and other subsurface conditions related to foundation stability will be assessed and accommodated in the design of the project such that it would not become unstable or cause on- or off-site landslide, lateral spreading, subsidence, liquefaction or collapse as a result of the project.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) *will be less than significant.*

Effect: Build-out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation ensures that the project will not exceed local, state, and federal energy standards. *The impact is less than significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

(5) The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment. ☐ X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

(2) The project does comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes. (No hazardous materials will be involved with this project).

(3) The project site is not known to contain any contaminants.

(4) The project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste.

(5) The project would not be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

17. LANDSLIDES AND SEISMIC ACTIVITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less than significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

Mitigation Measures applicable to the project include: LSA-8, LSA-9, LSA-11, of the Master EIR.

16. HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less than significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	☐	X
(3)	The project contains a contaminated site not identified as of March 2003.	☐	X
(4)	The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	X

Effect: It is projected that by 2025, the City will generate 1.5 million tons of solid waste requiring disposal in a landfill. Stanislaus County and its other cities are projected to generate another 3.3 million tons, for a total of 4.8 million tons requiring disposal. This total takes into consideration current diversion rates and use of the Stanislaus Resource Recovery Facility (SRRF) waste-to-energy facility for the majority of solid waste that is not source reduced, recycled, or composted. At the current loading rate, the Fink Road Landfill has a remaining life of 41 years. This landfill's remaining capacity of 6 million tons can accommodate the projected combined total of 4.8 million tons, and some of this projected total may go to other landfills. Since build-out under the Urban Area General Plan would not exceed the existing landfill capacity, and a 129-acre future expansion of the landfill has been approved, its potential impact on solid waste disposal is considered less than significant.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-15-5 and V-15-6 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

(2) This project was referred to the County and Solid Waste Division of the Engineering and Transportation Division for review, and no indication was given that there would be a problem serving this project.

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

(2) The project is located within the Redevelopment Area, which is already developed with the necessary infrastructure and services; the project would not, therefore, result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

15. SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to solid waste:

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

14. FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. *Impacts on fire services of development in these areas will be less than significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project:

Discussion:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

(2) The project was referred to Modesto City Schools who indicated no opposition to the project. The appropriate school impact fees will be assessed on all construction.

13. POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. *The impact is less than significant.*

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section V, Mitigation Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

12. SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan.). As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	☐	X
(3)	The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	☐	X
(4)	The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

(2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.

(3) Mitigation Measures as called for by FWQ-14 will be applied to the project so that the project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures.

(4) The project would not create or contribute to runoff water in excess of the capacity of existing or planned storm water drainage systems or provide additional sources of polluted runoff. Public Works staff evaluated the project and determined that adequate capacity exists to serve the project, and the replacement of surface parking lot drainage with rooftop drainage should help limit further pollution of runoff.

11. PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. *Impacts on parks and open space will be less than significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less than significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less than significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

Mitigation measures appropriate to this project include: FWQ-14, MEIR.

c. Project-Specific Effects

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

Mitigation measures appropriate to this project include: SD-7, MEIR.

c. Project-Specific Effects

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.	☐	X
(3)	Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

(2) The project will meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures," adopted by the City as required by the above-listed mitigation measures.

(3) The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system. Public Works staff evaluated the project and determined that adequate capacity exists to serve the project, since there will be no net increase in runoff generated.

(2) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. ☐ X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

(2) There are four (4) properties within an approximately one block radius of the project site that are designated Landmark Preservation Sites or determined to be of historical interest by the Landmark Preservation Commission and Redevelopment Agency:

- Abel & Ellman Office, 1015-14th Street
- Davis-Hatton House, 909-14th Street
- State Theatre, 1307 J Street
- McHenry Museum, 1402 I Street

The second of these (the Davis-Hatton House, 909-14th Street) is located less than 100 ft from the project site. However, mitigation measures called for by the General Plan are incorporated into the conditions of approval for the project, and the existing building on the project site is not more than 45 years old, therefore the project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site.

9. STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered less than significant.

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage

(3) There is no conflict with any local policies or ordinances protecting biological resources. The City of Modesto currently does not have a tree preservation policy or ordinance that applies to the Redevelopment Area or Baseline Developed Area of the General Plan, and the project site is not located within or near any riparian zone.

8. ARCHAEOLOGICAL OR HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

Mitigation Measures applicable to this project include: AH-9, AH-12, AH-13, of the Master EIR.

c. Project-Specific Effects

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, *this is a significant and unavoidable impact.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

There are no mitigation measures applicable to this project regarding sensitive wildlife and plant habitat. The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR.

c. Project-Specific Effects

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species.	☐	X
(3)	Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area. In that the project creates new higher density housing within the established urban area of the City, it has the potential to help minimize the City's contribution to the cumulative loss of habitat associated with development of the Planned Urbanizing Area.

(2) The project site is located within the Redevelopment Area of the City and is therefore completely surrounded by developed urban area. It is not a biologically sensitive site as defined by Figures V-7-1a through V 7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-6-4 through V-6-7 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

(2) The project is within the scope of the Modesto Urban Area General Plan and will not generate demands beyond that already anticipated for the area. Public Works staff evaluated the project and determined that adequate pipe capacity and wastewater treatment plant capacity exists to serve the project.

7. SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan *will be less than significant.*

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan and its Community Development Polices for the Redevelopment Planning District (RPD) in which it is located, and the project falls within the projected level of Land Use Intensity for the area.

(2) The project is within the scope of the Modesto Urban Area General Plan and will not generate demands beyond that already anticipated for the area. Public Works staff evaluated the project and determined that adequate capacity exists to serve the project.

6. SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. As a result, this impact would be less than significant.

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. This is a less-than-significant impact.

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

b. Master EIR and/or New Mitigation Measures Applied to the Project

(4) The project would not create a substantial source of light or glare that would adversely affect daytime or nighttime views in the area.

V. MITIGATION MEASURES APPLIED TO THE PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A below applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to CEQA Section 21157.1(c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

Traffic and Circulation Measures:

N/A

Air Quality Measures:

1. With the demolition of buildings up to six stories in height, all exterior surfaces of the building shall be wetted during demolition.

2. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

3. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

4. Within urban areas, track-out shall be immediately removed when it extends 50 feet or more from the site and at the end of each workday.

5. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions. Use of blower devices is expressly forbidden.

6. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water,

chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.

7. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

Noise Measures:

1. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine." Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

2. The noise ordinance prohibits also the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (or before 9:00 a.m. or after 9:00 p.m. on Saturdays and Sundays and State or federal holidays):

   a. A hammer, or any other device or implement used to pound or strike an object.

   b. An impact wrench, or other tool or equipment powered by compressed air.

   c. A hand-powered saw.

   d. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

   e. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

   f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

   g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

Agricultural Land Measures:

N/A

Water Supply Measures:

N/A

Sanitary Sewer Service Measures:

N/A

Sensitive Wildlife and Plant Habitat Measures:

N/A

Archaeological or Historic Sites Measures:

1. Where construction is proposed within 100 feet of any structures or areas of historical significance more than 45 years old, the City shall evaluate the proposal and require measures to be implemented to preserve those structures and places as appropriate.

2. If archaeological resources are discovered at any time during construction, all activity shall cease until a qualified archaeologist surveys the site. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K of the CEQA Guidelines.

Storm Drainage Measures:

1. The developer shall implement pre- and post-construction best management practices (BMPs) to minimize pollutants entering the storm system.

Flooding and Water Quality Measures:

1. The developer shall implement pre- and post-construction best management practices (BMPs) to minimize pollutants entering the storm system.

Parks and Open Space Measures:

N/A

Schools Measures:

N/A

Police Services:

N/A

Fire Services:

N/A

Generation of Solid Waste

N/A

Generation of Hazardous Materials

N/A

Potential for Landslides and Seismic Activity

1. The developer shall conduct the appropriate geotechnical analysis to ascertain site-specific subsurface conditions relevant to foundation stability and seismic safety.

Energy

N/A

Planning and Land Use

N/A

Aesthetics

N/A

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effects: ***none***.

Print

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-621

A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED DEVELOPMENT ZONE, P-D(581). (HABITAT FOR HUMANITY)

WHEREAS, a verified application for an amendment to Section 31-3-9 of the Zoning Map was filed by Habitat for Humanity on March 8, 2007 to reclassify from Medium High Density Residential Zone, R-3, to Planned Development Zone, P-D(581), to allow development of a 20-unit single family residential subdivision, property located at the eastern end of Houser Lane described as follows:

R-3 to P-D(581)

All that certain real property situated in the City of Modesto, County of Stanislaus, State of California, and being a portion of the Southeast quarter of Section 31, Township 3 South, Range 9 East, Mount Diablo Base and Meridian, more particularly described as follows:
All of Parcel B as shown on that Parcel Map Recorded in Volume 53 of Parcel Maps, Page 2, Stanislaus County Records on July 19, 2004.

WHEREAS, after a public hearing held on September 17, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2007-40, that rezoning of the property as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed zone change to P-D(581) is consistent with the current Residential General Plan land use designation for the site.

2. The conditions of approval will ensure that the proposed project is compatible with the adjacent residential uses.

3. The proposed project will provide much-needed affordable housing in Modesto.

WHEREAS, said matter was set for a public hearing of the City Council to be held on October 23, 2007 in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Habitat for Humanity for a Planned Development Zone should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2007-40 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3549-C.S. on the 23rd day of October, reclassifying the above-described property from Medium-High Density Residential Zone, R-3, to Planned Development Zone, P-D(581).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(581), is hereby approved subject to the following conditions:

1. All development shall conform to the plot plan and elevations titled "Hope Village" as amended in red, stamped approved by the City Council.

2. Prior to the issuance of a building permit, a landscaping and irrigation plan shall be approved by the Parks, Recreation and Neighborhood Director or designee. Landscaping and the irrigation system shall be installed and maintained in accordance with the approved plan.

3. Prior to issuance of a building permit, improvement plans for required improvements shall be prepared by a Registered Civil Engineer and approved by the City Engineer or designee. Improvements shall be constructed in accordance with the approved plans.

4. All private streets and parking areas shall be constructed in accordance with the standard structural section for residential streets as contained in the City of Modesto Standard Specifications.

5. All-weather, hard-surfaced roadways shall be constructed and maintained free of obstructions prior to and at all times during construction.

6. All curbs within the development shall be painted red and labeled "no parking zone".

7. Prior to approval of the Tentative Subdivision Map, a 5 foot wide public utility easement shall be dedicated along the western property boundary to allow for access to the existing 6" water line.

8. Prior to issuance of a building permit the developer shall dedicate public utility easements as required by the utility companies and the City Engineer or designee.

9. All outdoor lighting shall be shielded from adjacent residential properties as required by the City Engineer or designee.

10. Trash cans shall be screened from view from any public street.

11. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.

12. All utilities shall be underground and cable television service shall be stubbed into all units.

13. Window treatments shall be approved by the Community and Economic Development Department Director or designee prior to issuance of building permits for second story units on Lots 2, 3, 5, 6, 9, 10, 12, and 13.

14. Prior to issuance of a building permit, the developer shall show on the plans submitted to Building & Development Services all fire hydrants as required by the Fire Chief. All hydrants required by the Fire Chief shall be installed and operable prior to construction of any structures.

15. Prior to the issuance of a building permit for any structure, a final subdivision map shall be recorded.

16. Prior to City Council approval of a final subdivision map the subdivider shall submit for approval by the City Attorney the articles of incorporation and bylaws, as well as all covenants, conditions, and restrictions which are to be recorded to create a Homeowner's Association (HOA) which shall guarantee continued maintenance of common facilities in the development including: the private street, guest parking area and hardscape, and landscaping (lot "A"). The Articles of Incorporation shall be filed with the Secretary of State prior to recordation of the final subdivision map. The covenants, conditions and restrictions shall be recorded prior to or concurrently with the final subdivision map.

17. Prior to issuance of a building permit, the developer shall enter into an agreement with the City of Modesto pursuant to construction and maintenance of the dwelling units for very-low-income households and other incentives as required by Chapter 3 of Title X of the Modesto Municipal Code.

18. The State Water Control Board and City of Modesto require a Storm Water Pollution Prevention Plan (SWPPP) to be developed prior to construction activity. A copy of the notice of intent (NOI) and SWPPP shall be required to obtain a grading permit if required by the Public Works Director or designee.

19. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction in this development shall be based on the rates in effect at time of issuance of the building permit.

20. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.

SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone P-D(581):

The entire construction program shall be accomplished in one phase, construction to begin on or before January 31, 2009 and completion to be not later than January 31, 2013.

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict

adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(581), becomes effective.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-622

A RESOLUTION APPROVING AN AGREEMENT TO CONSTRUCT IMPROVEMENTS AND GRANT REVOCABLE LICENSE BETWEEN CALIFORNIA EQUITY MANAGEMENT GROUP INC. AND THE CITY OF MODESTO, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEES, TO EXECUTE THE AGREEMENT

WHEREAS, California Equity Management Group Inc. and the City of Modesto have worked together to reach agreement on a formal Agreement to Construct Improvements and Grant Revocable License, and

WHEREAS, the Agreement to Construct Improvements and Grant Revocable License includes, but is not limited to, the cost of licensing the right-of-way, maintenance of facilities located in the right-of-way, liability insurance coverage and a closure plan, and

WHEREAS, improvements shall be constructed as shown on the Improvement Plans and approved by and on file with the City's Engineer, and the Landscape Improvement Plans approved by and on file with the City's Parks, Recreation and Neighborhoods Department, and

WHEREAS, California Equity Management Group Inc. shall cause all improvements to be made, constructed and dedicated to fully comply with the requirements of the Modesto Municipal Code, the Improvement Plans, the Landscape Improvement Plans, and any changes or alterations in such work as may be required by the City Engineer.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement to Construct Improvements and Grant Revocable License between California Equity Management Group Inc. and the City of Modesto.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-623

RESOLUTION AMENDING SECTION 1 AND 2 OF RESOLUTION NO. 85-240 ENTITLED 'A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED DEVELOPMENT ZONE, P-D(371), (ROBERT L. ERICKSON)." AS PREVIOUSLY AMENDED BY RESOLUTION NO. 2006-056 (L STREET ARCHITECTS FOR CALIFORNIA EQUITY MANAGEMENT GROUP INC.)

WHEREAS, Planned Development Zone, P-D(371), was approved by the City Council by Ordinance No. 1616-C.S., which became effective on June 1, 1977, to allow the addition of a Family Amusement Machine Center to be added on property located on the south side of Briggsmore Avenue, east of Prescott Road, 2000 W. Briggsmore Avenue, and

WHEREAS, Modesto City Council Resolution No. 77-435, which was adopted on May 2, 1977, approved the development plan for Planned Development Zone, P-D(159), and

WHEREAS, the City Council, by Ordinance No. 2173-C.S., which was adopted on February, 15, 1983, and which became effective on March 17, 1983, amended Planned Development Zone, P-D(159), to allow an outdoor bicycle race course, and

WHEREAS, Modesto City Council Resolution No. 83-75, which was adopted on February, 15, 1983, approved an amendment to the development plan for Planned Development Zone, P-D(159), to allow an outdoor bicycle race course, and

WHEREAS, the City Council, by Ordinance No. 2327-C.S., which was adopted on May 7, 1985, and which became effective on June 6, 1985, amended Section 18-3-9 of the Zoning Map to rezone Planned Development, P-D(159), to Planned Development Zone, P-D(371), to allow a mini-storage facility as a permitted use, and

WHEREAS, the City Council, by Ordinance No. 3388-C.S., which was adopted on April, 26, 2005, and which became effective on May 27, 2005, amended Planned Development Zone, P-D(371), to allow all uses as permitted under the C-2 Zone, and

WHEREAS, Modesto City Council Resolution No. 2005-219, which was adopted on April 26, 2005, approved an amendment to the development plan for Planned Development Zone, P-D(371), to expand the list of allowed uses to include all uses allowed under the C-2 Zone, and

WHEREAS, Modesto City Council Resolution No. 2006-056, which was adopted on January 24, 2006, approved an amendment to development plan to allow the development of a commercial building on the property located on the south side of W. Briggsmore Avenue, east of Prescott Road, 2000 W. Briggsmore Avenue, and

WHEREAS, a verified application for an amendment to Planned Development Zone, P-D(371) was filed by L Street Architects on January 11, 2007, to allow a revised site layout, which includes the utilization of a portion of the public right-of-way for a slip ramp, signage and additional parking, on property located on the south side of Briggsmore Avenue, east of Prescott Road, 2000 W. Briggsmore Avenue.

WHEREAS, after a public hearing held on June 18, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2007-26, that the amendment to Planned Development Zone, P-D(371), as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. Planned Development Zone, P-D(371) is consistent with the Modesto Urban Area General Plan. The General Plan designates this area as "C" (Commercial), and the amendment to allow the development of slip ramp, signage, landscaping and additional parking will be consistent with the General Plan land use and intensity.

2. The proposed slip ramp and additional parking is compatible with the adjacent commercial uses. The parcels to the west and the south are zoned for commercial uses. The slip ramp will provide the site with a second point of access along on the western side of the property and increase the amount of available parking.

3. The proposed slip ramp will reduce traffic congestion at the intersection of Prescott Road and Briggsmore Avenue by providing a second point of access to the 2000 Briggsmore site.

WHEREAS, said matter was set for a public hearing of the City Council to be held on September 11, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, and

WHEREAS, the City Council continued the public hearing to September 25, 2007, to allow staff, the applicant and the Modesto Irrigation District (MID) additional time to resolve issues regarding MID right-of-way and the Agreement to Construct Improvements and Grant Revocable License, and

WHEREAS, the City Council continued the public hearing to October 2, 2007 to allow staff additional time to revise the Agreement to Construct Improvements and Grant Revocable License, and

WHEREAS, the City Council further continued the public hearing to October 23, 2007, to allow additional time for the staff and the applicant to review the Agreement to Construct Improvements and Grant Revocable License, and

WHEREAS, said matter was set for a duly noticed public hearing before the City Council at its regular meeting place located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at 5:30 p.m. on October 23, 2007, at which time said public hearing was held and evidence both oral and documentary was received and considered, and

WHEREAS, after said public hearing the Council found and determined that the application of L Street Architects for an amendment to Planned Development Zone, P-D(371), should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2007-26 and quoted above.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Sections 1 and 2 of Resolution No. 85-240 entitled "A Resolution Approving a Development Plan for Planned Development Zone, P-D(371), (Robert L. Erickson)." as previously amended by Resolution No. 2006-056 are hereby amended to read as follows:

"SECTION 1. DEVELOPMENT PLAN. An amended development plan for Planned Development Zone, P-D(371), is hereby approved subject to the following conditions:

1. All previous conditions and requirements imposed on the site will remain in effect for this new proposal. All conditions of Planned Development Zone P-D(371), as stated in Council Resolution No. 2006-056, not in conflict with this action shall remain in full force and effect.

2. All development shall conform to the plot plan titled "Development Plan Briggsmore Plaza (File No. P-PDA-07-001)" as amended in red, stamped approved by the Planning Commission on June 18, 2007.

3. All signs shall comply with the sign requirements of the C-3 Zone except that the following signs as shown on the approved site plan shall be allowed:

    a. One freestanding business identification sign as defined in Code Section 10-2.2112(d) with a maximum height of 16 feet and a maximum sign area of 72 square feet, containing identification and advertising of tenants shall be allowed.

b. One gateway monument sign as defined in Code Section 10-2.2114(k), identifying the "Cornerstone Plaza" center. The gateway monument sign shall maintain a maximum height of 8 feet and a maximum signage area of 12 square feet.

4. The proposed slip ramp shall conform to City standards as outlined by the City Council Action of Expressway Access Policy approved September 18, 2001.

5. All private parking areas and connection roads within the City right-of-way shall be constructed in accordance with the standard structural section for residential streets as detailed in the City of Modesto Standard Specifications.

6. The property owner shall reimburse the City for the maintenance of the added slip ramp, the existing drainage basin, and streetlights along the added slip ramp. Maintenance responsibilities for these facilities shall be clearly indicated on all improvements plans.

7. Prior to the issuance of an encroachment permit, a closure plan shall be approved by the Director of Community and Economic Development, the Director of Public Works and the City Attorney or designees. The closure plan shall be consistent with the site plan approved by City Council Resolution 2006-056 and include the removal of all improvements in the City right of way.

8. Prior to the issuance of a encroachment permit, the applicant shall provide cash or cash equivalent securities for the implementation of the closure plan in an amount acceptable to the Director of Public Works or designee and in a form acceptable to the City Attorney.

9. In the event the City needs to recapture the Briggsmore Avenue right-of-way, the development at 2000 Briggsmore shall conform to the plot plan titled "Briggsmore Plaza Bldg. 2"" as amended in red, stamped approved by the Planning Director on 1-24-06 as conforming in principle to the development plan approved by City Council Resolution 2006-056 on January 24, 2006.

10. Prior to the issuance of an encroachment permit, a landscaping and irrigation plan shall be approved by the Parks, Recreation and Neighborhood Director or designee. Landscaping and the irrigation system shall be installed and maintained in accordance with the approved plan.

11. Parking landscaping will be required to comply with current City Code requirements and provide one shade tree for every eight parking spaces.

12. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.

13. Prior to issuance of an encroachment permit, improvement plans for required improvements shall be prepared by a Registered Civil Engineer and approved by the City Engineer or designee. Improvements shall be constructed in accordance with the approved plans.

14. Irrigation lines shall be removed, relocated, or protected as required by the Modesto Irrigation District and the Director of Public Works or designee. Easements for irrigation lines to remain shall be dedicated.

15. All outdoor lighting shall be shielded from adjacent residential properties as required by the Director of Public Works or designee.

16. Trash bins shall be kept in enclosures in accordance with plans approved by the Director of Public Works or designee. Enclosures shall be constructed of building materials consistent with those used in the major buildings as approved by the Community and Economic Development Department Director or designee.

17. Trash enclosures for the project shall be bermed to prevent storm water run-off and graded to drain to adjacent landscape areas.

18. Prior to the issuance of a building permit, the developer shall submit a plan to provide on-site treatment of storm water, as approved by the Public Works Director or designee. Storm drain improvements shall be constructed in accordance with the approved plans.

19. Prior to issuance of an encroachment permit, the developer shall show on the plans submitted to Building & Development Services all fire hydrants as required by the Fire Chief. All hydrants required by the Fire Chief shall be installed and operable prior to construction of any structures.

20. The Drainage basin shall meet the City of Modesto Standards Details and be clearly detailed on the improvements plans.

21. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction in this development shall be based on the rates in effect at time of issuance of the building permit.

22. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction in this development shall be based on the rates in effect at time of issuance of the building permit.

23. All conditions of City Council Resolution Nos. 85-240 and 2006-056 not in conflict with this resolution shall remain in full force and effect.

In addition, the following recommended Conditions of Approval are mitigation measures from the Modesto Urban Area General Plan Master Environmental Impact Report that should be applied to the project:

24. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/ suppressant, covered with a tarp or other suitable cover or vegetative ground cover.

25. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut and fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

26. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

27. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions. Use of blower devices is expressly forbidden.

28. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

29. Within urban areas, trackout shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

30. Install wheel washers for all exiting trucks, or wash off all trucks and equipment leaving the site.

31. Suspend excavation and grading activity when winds exceed 20 mph.

32. Limit the area subject to excavation, grading and other construction activity at any one time.

33. The City's Noise Ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

    The Noise Ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or Federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

    a. A hammer or any other device or implement used to pound or strike an object.

    b. An impact wrench or other tool or equipment powered by compressed air.

    c. A hand-powered saw.

    d. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

    e. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

h. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

34. If archaeological resources are discovered at any time during construction, all activity shall cease until a qualified archaeologist surveys the site. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria as presented in Appendix K."

"SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(371):

The entire construction program shall be accomplished in one phase, construction to begin on or before September 11, 2009 and completion to be not later than September 11, 2010."

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-624

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): AMENDMENT TO PLANNED DEVELOPMENT ZONE, P-D(371), PROPERTY LOCATED ON THE SOUTH SIDE OF BRIGGSMORE AVENUE, EAST OF PRESCOTT ROAD, 2000 W. BRIGGSMORE AVENUE (L STREET ARCHITECTS FOR CALIFORNIA EQUITY MANAGEMENT GROUP INC.)

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, California Equity Management Group Inc. has proposed an amendment to Planned Development Zone, P-D(371) to allow for a revised site plan, including the utilization of the public right-of-way for a slip ramp, signage and parking, on the property located on the south side of Briggsmore Avenue, east of Prescott Road, 2000 W. Briggsmore Avenue, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the Master Environmental Impact Report and whether the subsequent project was described in the Master Environmental Impact Report as being within the scope of the project, and

WHEREAS, the City's Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2007-25 ("Initial Study") reviewed the proposed amendment to Planned Development Zone, P-D(371), to determine whether the project is within the scope of the project covered by the Modesto Urban Area

General Plan Master EIR ("Master EIR"), and concluded that the proposed project is within the scope of the Master EIR and will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no new additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines begininning on August 20, 2007, the City caused to be published a 20-day notice of the City's intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on October 23, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to Planned Development Zone, P-D(371), a copy of which is attached hereto as **Exhibit "A",** and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. That the proposed project is contemplated and described in the Master EIR (SCH No. 1999082041) as being within the scope of the Master EIR.

2. That the project will have no new significant effects on the environment not identified or examined in the Master EIR, and no new or additional mitigation measures are required.

3. That, as per Section 21157.1 of the Public Resources Code, no new environmental document or findings are required by the California Environmental Quality Act (CEQA).

4. That there are no specific features which are unique to the proposed project that require project specific mitigation measures.

Accordingly, the certified mitigation measures identified in the Master EIR will be sufficient for this project.

5. That all feasible mitigation measures set forth in the Master EIR which are appropriate to the project shall be incorporated in the project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

EXHIBIT A

Initial Study

EA/C&ED 2007-25

City of Modesto

Finding of Conformance to General Plan Master EIR:

Initial Study C&ED No. (2007-25)

For the proposed:

Amendment to Planned Development P-D(371), P-PDA-07-001
(L Street Architects, Applicant)

Prepared by:
City of Modesto
Community & Economic Development Department
Planning Division

May 8, 2007

City of Modesto
Master EIR Initial Study Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Checklist is used in determining whether the **Amendment to (P-D)317 (P-PDA-07-001)** is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

A. Title: Addition of a Slip Ramp at 2000 Briggsmore, Amendment to Planned Development P-D(371), P-PDA-07-001

B. Address or Location: 2000 Briggsmore, east of Prescott Road

C. Applicant: L Street Architects

D. City Contact Person: David Wage

Project Manager:	David Wage, Assistant Planner
Department:	Community and Economic Development Department
Phone Number:	(209) 577-5302
E-mail address:	dwage@modestogov.com

E. Current General Plan Designation(s): "C" Commercial Land Use

F. Current Zoning Classification(s): Planned Development Zone, P-D(371), SubUse: C-2, General Commercial

G. Surrounding Land Uses:

North:	(C-1) Neighborhood Commercial
South:	(C-1) Neighborhood Commercial
East:	(R-2) Planned Development Zone, P-D(371)
West:	(C-1) Neighborhood Commercial

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

The proposed amendment to P-D(371) is for a revised site layout, which includes the utilization of a portion of the public right-of-way for a slip ramp, signage and additional parking. The subject property is fairly unique due to the large strip of the Briggsmore Avenue public right-of-way located between the property line of the subject parcel and the physical street. The public right-of-way contains landscaping that was originally installed by the adjacent shopping center, but has since fallen into disrepair. The applicant is proposing to lease the unused right-of-way and incorporate the land into the site plan at 2000 Briggsmore. The proposed development includes the construction of a slip ramp located in the public right of way, which will draw traffic off of Briggsmore Avenue and provide the applicant with a second point of access along on the western side of the property. A seven-foot-wide landscaped median will be located between Briggsmore Avenue and the proposed slip ramp. A second six-foot- wide median will be located between the slip ramp and the parking area. The leased right-of-way will also be used for signage and 53 additional onsite parking spaces.

I. Other Public Agencies Whose Approval is Required:

None.

IIII. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. X **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.

   D. Based on the Initial Study, the City of Modesto finds and determines:
      a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
      b) No new or additional mitigation measures or alternatives are required.

   E. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

2.____ **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

A. The type of project is described in Chapter II of the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3.____ **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

A. The type of project is described in Chapter II of the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

David Wooge — Assistant Planner — May 8, 2007

Project Manager — Title — Date

4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met, Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	X	☐
(2)	City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template.	X	☐

(3)	Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	X	☐
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	X	☐
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	X	☐
(6)	Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.	X	☐

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "No" response must be discussed.

		YES	NO
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	X	☐
(2)	This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	X	☐
(3)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	X	☐
(4)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available.	X	☐
(5)	Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development.	X	☐

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR.

Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 build-out of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable traffic and circulation impacts within certain areas of the "Baseline Developed Area":

Effect: Increased traffic will result in certain roadway segments operating at LOS "D" or worse.

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of a LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

Discussion:
This is an application to amend to P-D(371) to allow the addition of slip ramp off of Briggsmore Avenue, as well as 53 additional parking spaces. The proposed slip ramp is consistent with City Standards. Currently the main access to the 2000 Briggsmore site is located at the intersection of Prescott and Briggsmore. The proposed slip ramp should alleviate traffic at the intersection. Due to the nature of the addition there will not be a significant decrease in existing road capacities or levels of service.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures that may be pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including

any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section IV, *Mitigation Measures Applied to Project.*

c. Project-Specific Effects

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

		YES	NO
(1)	Does the project contribute one hundred (100) or more peak hour trips to or from the site during the adjacent roadway's peak hour or the development's peak hour, to adjoining roads and generates more trips than assumed for their general plan land use category and zoning in the Master EIR.	☐	X

Note:
If a project exceeds an additional one hundred (100) or more peak hour trips contribution, a site access study may be conducted to determine to what extent the project would exceed the year 2025 level of service (LOS) expected for the adjoining roadways under the Master EIR. The site access study would recommend new, project-specific mitigation measures. If the project also exceeds the Master EIR's traffic generation assumption, as determined by Engineering & Transportation staff, a comprehensive traffic study would be required that will include off-site traffic impact analysis.

		YES	NO
(2)	Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).	☐	X
(3)	Result in inadequate emergency access.	☐	X
(4)	Result in inadequate parking capacity.	☐	X

Discussion:

(1) Engineering and Transportation Staff reviewed the proposed project and found:

A. The proposed project will not generate traffic impacts to the adjacent roadways in excess of what was assumed under the MEIR. No traffic study is required.
B. A site access study is not required for this project.

(2) The project will not substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).

(3) Police and Fire Staff have reviewed this proposal and have indicated that there is no emergency access problem.

(4) The project has been evaluated for compliance to the City of Modesto Parking

regulations. The design and layout of the proposed parking area will comply with both City standards and ADA (Americans with Disability Act) standards.

2. AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected City traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. *This is a significant and unavoidable impact.*

Effect: Projected City traffic levels will result in increased ROG and NOX levels in the project area. *This is a significant and unavoidable impact.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section IV, Mitigation Measures Applied to Project:

Discussion:
Mitigation Measures appropriate to this project include: AQ-17

c. Project-Specific Effects

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.	☐	X
(2)	The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	☐	X
(3)	The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	☐	X
(4)	The project would expose sensitive receptors to substantial pollutant concentrations.	☐	X
(5)	The project would create objectionable odors affecting a substantial number of people.	☐	X

Discussion:

(1) The project was referred to the San Joaquin Valley Unified Air Pollution Control District who determined that the project would not have a significant effect on the ambient air quality.

(2) This project does incorporate the best management practices for PM10 reduction established by the SJVUAPD (see mitigations measures above).

(3) Applicable General Plan Policies will be applied to the project. Therefore, project-specific effects will be less than significant for this impact (see mitigations measures above).

(4) The project is not a significant contributor to pollution levels in that it involves only a building addition for an existing church. PM10 emissions created through the construction phase will be mitigated as called for by the MEIR by the measures listed above.

(5) The proposed project will not produce objectionable odors.

3. NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in an excess of the City's Noise Significance Standards.

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section IV, Mitigation Applied to Project:

Discussion:
Mitigation Measures appropriate to this project include: N-4, N-5 and N-6.

c. Project-Specific Effects

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	X
(2)	The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.	☐	X
(3)	The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	X
(4)	The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.	☐	X

Discussion:

(1) The City's noise policy is incorporated into the conditions of approval as a mitigation measure.

(2) The project is consistent with the noise policies of the General Plan. The noise mitigation measures called for by the General Plan for projects within the baseline-developed area are incorporated into the conditions of approval for the project.

(3) The only permanent noise levels produced by the project would be associated with traffic. The traffic levels are within the scope of what the MEIR assumed for the site. Therefore, this project will not result in a substantial permanent increase in ambient noise levels.

(4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. There will be some construction related noise, but the noise mitigation measures called for by the General Plan for projects within the baseline developed area, are incorporated into the conditions of approval for the project.

4. AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

Discussion:
The site is not zoned for agriculture or designated on the General Plan for future agricultural use. The proposed project will not affect areas zoned for agriculture or designated on the General Plan for future agricultural use. The project site and the surrounding property are located within a fully developed urbanized area, both inside and outside the corporate City limits.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 MEIR. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

Discussion:
There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will directly result in the development of land outside the March 2003 planning area boundaries.	☐	X
(3)	The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract.	☐	X
(4)	The project will Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use.	☐	X

Discussion:

(1) The project is consistent with the General Plan land use policies. It is an infill project, proposed within the urbanized area of the City. There are no agricultural parcels affected by the proposal and no agricultural and will be converted.

(2) The project is within the Baseline-Developed area of the City and therefore will not result in the development of land outside the March 2003 planning area boundaries.

(3) The project site is not zoned for agriculture nor is it under Williamson Act contract.

(4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses. The project is completely surrounded by urbanization.

5. WATER SUPPLY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. *This is a less-than-significant impact.*

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. *Consequently, the potential environmental impacts of the Urban Area General Plan are considered less-than-significant.*

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. *This is a significant and unavoidable cumulative impact.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

Discussion:
There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project was referred to Engineering and Transportation for comment and there was no determination that there is insufficient capacity to serve the project.

6. SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. *As a result, this impact would be less-than-significant.*

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. *This is a less-than-significant impact.*

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-6-4 through V-6-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

Discussion:
There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project was referred to Engineering and Transportation for comment and there was no indication that there is insufficient capacity to serve the project.

7. SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less-than-significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

Discussion:

There are no mitigation measures applicable to this project regarding sensitive wildlife and plant habitat. The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR.

c. Project-Specific Effects

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species.	☐	X
(3)	Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V 7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.

(3) There is no conflict with any local policies or ordinances protecting biological resources.

8. ARCHAEOLOGICAL OR HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 MEIR.

Discussion:

Mitigation Measures applicable to this project include: AH-8, Master EIR.

c. Project-Specific Effects

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. The mitigation measure called for by the General Plan is incorporated into the conditions of approval for the project.

9. STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered *less-than-significant.*

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage

channels, detention basins, and other urban areas. *This cumulative impact is considered significant and unavoidable.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8.

Discussion:
Mitigation measures appropriate to this project include: SD-7, MEIR. This mitigation measure is addressed by conditions of approval.

c. Project-Specific Effects

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.	☐	X
(3)	Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	X

Discussion:
(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project will meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures," adopted by the City as required by the above-listed mitigation measures.

(3) The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less-than-significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore

would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less-than-significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 MEIR. All feasible measures appropriate to the project have been incorporated into the conditions of approval.

Discussion:
Mitigation measures appropriate to this project include: FWQ-14, MEIR. This mitigation measure is addressed by conditions of approval.

c. Project-Specific Effects

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	☐	X
(3)	The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	☐	X

(4) The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff. ☐ X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.

(3) Mitigation Measures as called for by FWQ-14 will be applied to the project so that the project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures.

(4) The project would not create or contribute to runoff water in excess of the capacity of existing or planned storm water drainage systems or provide additional sources of polluted runoff.

11. PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. *Impacts on parks and open space will be less-than-significant.*

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. *This impact is less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project, are listed in Section IV, Mitigation Applied to Project:

Discussion:

There are no mitigation measures applicable to this project. It is not on or adjacent to any park sites, nor is it near any of the riparian area identified by Figures V-7-1a through V-7-1e of the MEIR.

c. Project-Specific Effects

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

Discussion:
(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity. There are no mitigation measures applicable to this project.

12. SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan.). As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

Discussion:
There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools.	☐	X

Discussion:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) The project was referred to Modesto City Schools who indicated no opposition to the project.

13. POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. *The impact is less-than-significant.*

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. *These policies reduce the impact to a less-than-significant level.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

14. FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. *Impacts on fire services of development in these areas will be less-than-significant.*

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. *This impact would be less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 MEIR. All feasible measures appropriate to the

project to be incorporated into or made conditions of approval of this project. are listed in Section IV, Mitigation Measures Applied to Project:

Discussion:
No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

15. SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: New development projects would exceed available landfill capacity; it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. New projects will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. *The impact would be less-than-significant at such time as the Fink Road Landfill expansion is approved.*

Effect: New development projects can make a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. *This impact is significant and unavoidable.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-15-5 and V-15-6 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

Discussion:
No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) This project was referred to the County and Solid Waste Division of the Engineering and Transportation Division for review, and no indication was given that there would be a problem serving this project.

16. HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less-than-significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

Discussion:
No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	☐	X
(3)	The project contains a contaminated site not identified as of March 2003.	☐	X
(4)	The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	X
(5)	The project would be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project does comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes. (No hazardous materials will be involved with this project).

(3) The project site is not known to contain any contaminants.

(4) The project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste.

(5) The project would not be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

17. LANDSLIDES AND SEISMIC ACTIVITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*
Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

Discussion:
No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse.	☐	X

Discussion:
(1) The project is consistent with the General Plan in both land use and intensity.

(2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. *Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less-than-significant.*

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. *The impact is less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

Discussion:
No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

Discussion:
(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

19. PLANNING AND LAND USE

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project includes a substantive amendment to the Modesto Urban Area General Plan.	☐	X
(3)	The project would physically divide an established community	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) No amendment to the General Plan is required by this project.

(3) The project is infill development that will not divide an established community.

20. AESTHETICS

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would have a substantial adverse effect on a scenic vista.	☐	X
(3)	The project would substantially degrade the existing visual character or quality of the project site and its surroundings.	☐	X
(4)	The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area.	☐	X

Discussion:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) There are no Scenic Vistas from the location of the proposed development. It is completely surrounded by urbanization. Views to the Diablo and Sierra Mountain Ranges are already precluded from this site and its surroundings.

(3) The project would not substantially degrade the existing visual character or quality of the project site and its surroundings.

(4) The project would not create a substantial source of light or glare that would adversely affect daytime or nighttime views in the area.

V. MITIGATION MEASURES APPLIED TO THE PROJECT

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to CEQA Section 21157.1 (c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures (also contained in Section III, "Global List") shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project.

Traffic and Circulation Measures:

N/A

Air Quality Measures:

1. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

2. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

Noise Measures:

1. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

   The noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

A. A hammer, or any other device or implement used to pound or strike an object.

B. An impact wrench, or other tool or equipment powered by compressed air.

C. A hand-powered saw.

D. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

E. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

F. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

G. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

H. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

Agricultural Land Measures:

N/A

Water Supply Measures:

N/A

Sanitary Sewer Service Measures:

N/A

Sensitive Wildlife and Plant Habitat Measures:

N/A

Archaeological or Historic Sites Measures:

If archaeological resources are discovered at any time during construction, all activity shall cease until a qualified archaeologist surveys the site. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K

Storm Drainage Measures:

The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

Flooding and Water Quality Measures:

The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

Parks and Open Space Measures:

N/A

Schools Measures:

N/A

Police Services:

N/A

Fire Services:

N/A

Generation of Solid Waste

N/A

Generation of Hazardous Materials

N/A

Potential for Landslides and Seismic Activity

N/A

Energy

N/A

Planning and Land Use

N/A

Aesthetics

N/A

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study. The following project-specific mitigation measures are necessary to reduce the identified new significant effect: ***None.***

Print

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-625

A RESOLUTION DENYING THE APPEAL OF QUALITY TYMES CORPORATION, DBA OCEANS 10 RESTAURANT, AND AKA SIN CITY NIGHTS AND UPHOLDING THE DECISION OF THE POLICE CHIEF REVOKING THEIR DANCE PERMIT

WHEREAS, Quality Tymes Corporation, dba Oceans 10 Restaurant, and aka Sin City Nights was issued a dance permit on July 9, 2007, by the City of Modesto imposing specific conditions for its operation; a copy of said dance permit is attached hereto and incorporated herein by reference as Exhibit "A", and

WHEREAS, by signing for receipt of the dance permit, the responsible party, Rosalind Mitchell acknowledged, read and agreed to comply with every required condition set forth in **Exhibit "A",** including an acknowledgment that any violation could result in revocation of the dance permit, and

WHEREAS, Modesto Municipal Code Section 4-1.413 authorizes the Police Chief to revoke or suspend a dance permit when violations of the permit occurs, and

WHEREAS, on August 24, 2007, based on a number of violations of the dance permit which had occurred, the Police Chief sent a Letter of Intent to Revoke to Quality Tymes Corporation, dba Oceans 10 Restaurant, and aka Sin City Nights, c/o Rosalind Mitchell (hereafter "Appellant") to revoke their dance permit, a copy of which is attached hereto and incorporated herein by reference as **Exhibit "B",** and

WHEREAS, by letter dated August 30, 2007, Appellant filed a notice of appeal with the Office of the City Clerk to the decision of the Police Chief revoking their dance permit, a copy of which is attached hereto and incorporated herein by reference as **Exhibit "C"**, and

WHEREAS, by an agenda report to the City Council from the Police Chief, dated September 10, 2007, City staff recommended the dance permit for Appellant be revoked, and

WHEREAS, this recommendation was based on nine violations of their dance permit as fully set forth in Exhibit "A", and

WHEREAS, by letter dated September 21, 2007, Appellant requested a continuance of the hearing on their appeal to October 9, 2007; said request was denied by the City Council, and

WHEREAS, said appeal was set for a duly noticed public hearing before the City Council at its regular meeting place in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at 5:30 p.m. on September 25, 2007, at which date and time said public hearing was held, the Appellant was present and evidence both oral and documentary was received and considered, and

WHEREAS, on September 25, 2007, by Resolution No. 2007-572 the City Council denied Appellant's appeal and modified the Police Chief's Letter of Intent to Revoke their dance permit by imposing a 30 day suspension until October 23, 2007, with a report due back to the City Council for determination as to the final status of the dance permit, and

WHEREAS, on September 28, 2007, September 29, 2007, October 5, 2007 and October 7, 2007, multiple violations of the suspension and other laws were observed and documented, attached hereto and incorporated herein by reference as Exhibit "C", and

WHEREAS, the Police Chief is recommending that the appeal of Quality Tymes Corporation, dba Oceans 10 Restaurant, and aka Sin City Nights be denied and their dance permit be revoked,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal of Quality Tymes Corporation, dba Oceans 10 Restaurant, and aka Sin City Nights, is hereby denied and the decision of the Police Chief revoking their dance permit is hereby affirmed.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of October 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Olsen, Mayor Ridenour
NOES:	Councilmembers:	Marsh, O'Bryant
ABSENT:	Councilmembers:	Keating

ATTEST: Jean Morris
JEAN MORRIS, City Clerk

(SEAL)
APPROVED AS TO FORM:

By: _____
SUSANA ALCALA WOOD, City Attorney

DANCE PERMIT CONDITIONS
(with explanations in red)

1. **A California State Licensed/Certified Security Company or Guard shall provide security for the business. The company shall be licensed to do business in the City of Modesto.**

What this means is you should have one licensed, uniformed security guard from a security company that has a business license to conduct security services within the City of Modesto.

(a) All security guards shall be licensed, as provisioned by California State Statute or through the Modesto Police Department DED Guard Card Requirements.
(b) All security guard applicants must be able to meet the application requirements by the Department of Consumer Affairs for a guard card/license or by Modesto Police Department DED Guard Card Requirements.
(c) Upon receipt of guard card, a copy of guard card must be furnished to the Modesto Police Department to the attention of Leslie Rodriguez 48 hours of receipt of card.

All security guards currently employed and new hires shall have 60 days to come into compliance with the guard card requirements through the State or the Modesto Police Department.

This process is something all the clubs are working on coming into compliance. The handouts have been provided but here is a website **www.dca.ca.gov/bsis/lookup** this is called Proprietary Private Security Officer. Please work on this and get your employees on track.

There shall be at least one (1) security officer stationed at the entrance of the business during hours of dancing. These officers shall keep count of patrons entering and leaving the business by use of two mechanical counting device, one for those entering and one for those patrons exiting and made available for inspection by the police department upon demand.

This security person does not count as a member of the 1 to 50 ratio. The door person can not leave the door if there is a problem.

2. There shall be at least one (1) staff personnel stationed at every exit of the building.

An exit is any door or slider that can be used as an entrance or exit even though it is not being used, you must have a security person covering the door. This person also may not leave the door if there is a problem and is not counted in the 1 to 50 ratio.

3. There shall be one (1) state licensed Proprietary Private Security Officer per fifty (50) occupants inside the premises.

This again means there must be 1 security for every 50 persons in a night club. Example would be that if you have 300 people in the club, you need 6 security that are not assigned a door.

. If the facility is leased, subletted, or rented, the organization or individual must apply for a >Daily Dance Permit= application 15 days in advance of the event providing proof of security, and a copy of the lease agreement for use of the facility.

This means that if you let a group or organization rent the club for a night to have a private party that your dance permit does not cover that group. The renter must apply for and obtain a dance permit for them in their name for that night.

If Applicant/establishment is owned as a corporation or partnership, it shall provide to Modesto Police Department a full disclosure of all partners, and /or officers, including their addresses and phone numbers. Any changes in owners, their addresses or phone numbers must be reported to the Modesto Police Department within 3 business days of any changes.

This is why I met with you, Rosalind and Ron several months back and asked if you, (Tony) were the new owner. You had told people you had bought the business. If that happens MPD should be notified. We also need contact numbers that work so we can make contact with the proper people when there are issues.

This condition letter shall be posted along with the dance hall establishment permit in public view and available to law enforcement for inspection upon request.

This document and permit should be posted like your ABC license and available upon request by Law Enforcement. It must be the current documents and not expired documents like we had occur a few months back.

There shall be no topless dancing, nude dancing and/or male, female revues permitted on the premises at anytime or any violation to the Adult Entertainment Ordinance, MMC 5-9.101 through 5-9.407.

This is self explanatory. If you ever decide you want to do anything like this I would first contact ABC. They have very strict guidelines. The girls border the revue and I would recommend you speak with the city attorney.

Modesto Police Department is not responsible or required to send reminder notices regarding the renewal of a dance permit. The permit holder is responsible to file a dance permit application within 15 days of the expiration date. If the permit expires, the dance permit is no longer valid and enforcement or administrative fines may be levied.

Do not wait for us to contact you when your dance permit is due for renewal. It is your responsibility to get the permit filed in a timely manner.

As a condition of the issued dance permit, the Modesto Police Department must have on file at all times evidence of liability insurance naming the City of Modesto as an additional insured. Minimum liability amounts must be one million dollars ($1,000,000.00).

Be sure that we have this policy on file.

Facilities who hold a dance permit in the DED shall be operating and linked electronically to a centralized scanning system of an ID reader and a shared telecommunication system upon delivery of equipment.

This system is something I know you are working on. Here is some information shared with me from Brian Haddix. IT guy named Boris Marroquin. He helped the fellow at Copper Rhino with the ID scanner. Boris said he knew about cheaper alternatives including wireless handheld devices that did not require a laptop but still did the same functions. His e-mail is boris@osconex.com.

A Dance permit shall not be issued or renewed if the business license fees, filings and/or taxes are not current or paid in full.

We have received several notifications about your fees being delinquent and if that happens understand that your dance permit will not be re-issued.

Modesto Police Department may change or revise conditions of this dance permit with 48-hour written notice.

If there should ever be a new condition you will be notified within 48 hours.

Membership and attendance to the DED (Downtown Entertainment District) monthly meetings facilitated by DID (Downtown Improvement District) is required of a general manager and/or owner of facilities who hold dance permits in the DED area.

This means we want you to attend these meetings and play an active role. Be a part of the solution and not a part of the problem. Be a problem solver!

All private security guards and security staff/bouncers must be in a light colored (white, yellow, tan or light gray) shirts and outer layering with the following on the back of the shirts or outer layering in black or dark blue lettering: 'SECURITY'. Only black or blue lettering is permitted and no smaller than 4 inches in height. Lettering must be monogrammed, embroidered or silk-screened. The front of the shirts shall also display the name of the security company and/or the club name and 'SECURITY' in smaller, visible print. Dark colored pants are acceptable.

I think you have an understanding on this one now. The shirts must have the word SECURITY on the back in 4 inch letters. Club name or security firm on the front or sleeve of security person with the word SECURITY also visible on the front.

Occupancy for the premises shall be posted above the main entrance visible to the public and also posted above every bar(s) location within establishment.

At no time shall the occupancy exceed the rated number posted for occupancy. If it is determined that the premise is over their posted occupancy, the Police Department shall have the authority to restrict further entrance of patrons until the facility has abated their occupancy issue.

You have not had a problem with this, but be sure the occupancy is posted over the main entrance and do not exceed your limit.

Entertainment provided by the licensee shall not be audible beyond the entertainment venue under the control of the licensee.

You have not had a problem with this, but be sure the music from your business is not audible across the street and you will be fine.

Patrons shall be prohibited from >in-and-out= privileges to the club without paying a cover charge each and every time they re-enter the club or; if there is no cover charge, patrons must allow one hour before they re-enter the club on the same evening. The establishment is required to document such entrance and exit activity by electronic ID scanner or other verifiable means and must produce this to law enforcement upon demand.

This is an issue that can not happen. Patrons may not exit to smoke and then re-enter. This means that when someone leaves your business they must pay to re-enter and the re-entry can only happen after one hour has passed. There is no exception to this rule.

The licensee is responsible for the orderly disbursement of all patrons upon closing and within thirty (30) minutes prior to the establishments' closing time.

This means that you and your staff are responsible to clear your crowds in an orderly fashion. This should happen within thirty minutes and MPD should not have to step in unless there is a problem your staff can not handle.

Security staff will remain on the premises until all patrons have left the vicinity of the premises and surrounding neighborhoods when the business closes and discourage any loitering in the parking areas to business during and at the close of business.

This really says that you will help keep your crowd moving to their cars. If that

means following them into 10th Street Place then do so. If it means following them into the parking garage then do so. Again it is your responsibility, not MPD's.

At all time during hours of operation, the business shall remain open and accessible to law enforcement and the fire department.

Never been a problem and very self explanatory.

A soft close is authorized under the following conditions:

(a) Dancing shall cease at approximately 2:00 A.M., so that patrons can be cleared from the establishment by 3:00 A.M.
(b) All sales of alcohol must cease at 1:30 A.M.
(c) Consumption of alcohol must stop by 2:00 A.M. and drinks are to be collected and disposed of.
(d) No new patrons are to be allowed into the club after 1:30 A.M.
(e) No outside advertising of 'soft close' or after hours dancing.
(f) Patrons requesting taxi service or alternative transportation will be given reasonable assistance by the club management/security staff.
(g) Conditions to this soft close can be amended and the authorization
(h) The soft closing is revocable at any time by the Modesto Police Department.

This has been a problem for a long time, but you seem to have a grip on it right now and what you are doing is working. Move the crowd out in small waves of 25 to 30 people and keep them moving to their cars. This allows for small crowds to be moving and not large crowds all at once.

Licensee shall adhere to all conditions of their ABC license issued to the premises.

25. No alcoholic beverages shall be consumed on any property adjacent to the licensed premises under control of the licensee.

26. On duty employees for the business shall not consume alcoholic beverages or be under the influence of an alcoholic beverage on the premises during hours of operation.

27. Those areas adjacent to the business shall be maintained litter free. All litter shall be removed within (3) three hours of closing time.

You are a restaurant and not just a nightclub. Your license is based on that. You are in violation of your dance permit. You as an on duty employee may not consume alcoholic beverages. Upon many contacts with you I have detected the odor of alcoholic beverages from your breath. You can not do that and are in violation of your dance permit. You are to clear any litter in front of your club within three hours of closing. That includes your handbills given as people exit.

Any valid dance establishment permit holder that holds a special event shall notify the Modesto Police Department by electronic e-mail notification to include both CSO Leslie Rodriguez (Rodriguezl@modestopd.com and Lt. Ron Cloward Clowardr@modestopd.com not less than twenty four (24) calendar days in advance of the special event.

(a) A "special event" is defined as any live performance, concert, live music event, live entertainment or any person or persons providing musical entertainment with live or recorded music.

(b) The Modesto Police Department shall review the written notification of the special event and determine, based upon past experience and/or research, whether it is reasonably likely that the special event may draw a large attendance, evoke increased violence, noise, public drunkenness, drug-trafficking and other illegal activity.

This seems to be an area of great misunderstanding. Any event that may draw a crowd must be forwarded to MPD for review so we can be prepared for any crowd problems. You seem to be catching on to this and I appreciate your efforts.

The licensee agrees to pay for police services provided by the City of Modesto for costs of police services, as determined by the Chief of Police and are a result of public disorder arising from patrons of the establishment.

This has not happened to you, but I assure you it is in the future going to be an issue. If any crowd situation or event that causes the police department to respond and disburse crowds you will be billed for our services.

Any violations of these conditions, local ordinances or state laws may result in administrative fines, or the immediate suspension and/or revocation of the dance hall permit per Modesto Municipal Code 4-1.413 (Revocation of Permit).

This one I think you know first hand. Again understand that it can happen again and you must obey all rules and laws or fines, suspensions, and/or revocations may occur.

Letter of Intent to Revoke

Quality Times Corporation
C/O Rosalind Mitchell
4400 Gomes Rd
Modesto, Ca. 95354

August 24, 2007

Dear Ms. Mitchell

It is the intent of the Chief of Police of the Modesto Police Department to revoke your dance permit pursuant to:

4-1.413 MMC; Revocation of Permit.

A dance permit may be revoked or suspended by the Chief of Police of the City of Modesto upon five (5) days' notice to the holder thereof, for violation of any of the provisions of this article, or of any condition imposed upon any permit, or of any rule or regulation promulgated hereunder, or of any state or local law. *No person whose permit has been revoked shall be granted or issued a new permit, nor shall any new permit be granted or issued to any person who was or is an agent, employee or representative of the person whose permit was revoked unless the following conditions are satisfied:*

(a) Twelve (12) months or more have elapsed since the former permittee was notified of the intended revocation;

(b) The former permittee has, to the satisfaction of the Chief of Police, corrected all conditions and violations upon which the revocation was based or has provided to the Chief of Police acceptable plans for procedures reasonably likely to prevent future violations should the permit be reissued;

(c) Such other conditions as the Chief of Police may reasonably require. (Added by Ord. 2563-C.S., § 1, amended by Ord. 2613-C.S., § 1, effective 11-3-88)

Basis for Revocation

The basis for this revocation is related to multiple violations of the dance permit. These violations were observed and documented on June 17, 2007 by Detective Steve Stanfield under case number #07-56621 and on July 15, 2007 under case #07-67252 by Lieutenant Ron Cloward. The violations are as follows:

Violation #1 (June 17, 2007)

You were unable to present a copy of your current dance permit upon request. Once you found a copy of a dance permit it was the expired permit from previous months. This is a violation of **Condition Seven** of the dance permit, which states; ***This condition letter shall be posted along with the dance hall establishment permit in public view and available to law enforcement for inspection upon request.***

Violation #2 (June 17, 2007)

The performance of Go-Go dancers in cages is deemed a special event and no notification was made. This is a violation of **Condition Twenty-Eight** of the dance permit, which states; ***A "special event" is defined as any live performance, concert, live music event, live entertainment or any person or persons providing musical entertainment with live or recorded music.***

Violation #3 (June 17, 2007)

The ABC license was not posted as per the requirements of ABC. It was eventually located under the counter. This is a violation of **Condition Twenty-Four** of the dance permit, which states; ***Licensee shall adhere to all conditions of their ABC license issued to the premises.***

Violation #4 (July 15, 2007)

There was only one mechanical counter located at the front door to be used to count patrons entering only. This is a violation of **Condition Two** of the dance permit which states; ***There shall be at least one (1) security officer stationed at the entrance of the business during hours of dancing. These***

officers shall keep count of patrons entering and leaving the business by use of two mechanical counting device, one for those entering and one for those patrons exiting and made available for inspection by the police department upon demand.

Violation #5 (July 15, 2007)

There was no security staff stationed at the back door of the business during hours of dancing. This is a violation of **Condition Three** of the dance permit, which states; ***There shall be at least one (1) staff personnel stationed at every exit of the building.***

Violation #6 (July 15, 2007)

There were only six security personnel on staff for the night. The count I was given was 330 patrons inside. This is a violation of **Condition Four** of the dance permit, which states; ***There shall be one (1) state licensed and certified security guard per fifty (50) occupants inside the premises.***

Violation #7 (July 15, 2007)

The security personnel were wearing white T-shirts. Some of these T-shirts had no writing on them at all that identified them as "SECURITY". Others had the words, "Security" on the back only. This is a violation of **Condition Fifteen** of the dance permit, which states; ***All private security guards and security staff/bouncers must be in a light colored (white, yellow, tan or light gray) shirts and outer layering with the following on the back of the shirts or outer layering in black or dark blue lettering: 'SECURITY'. Only black or blue lettering is permitted and no smaller than 4 inches in height. Lettering must be monogrammed, embroidered or silk-screened. The front of the shirts shall also display the name of the security company and/or the club name and 'SECURITY' in smaller, visible print. Dark colored pants are acceptable.***

Violation #8 (July 15, 2007)

Patrons were leaving and re-entering the club at will. This is a violation of **Condition Nineteen** of the dance permit, which states; ***Patrons shall be prohibited from "in-and-out" privileges to the club without paying a cover charge each and every time they re-enter the club or; if there is no cover charge, patrons must allow one hour before they re-enter the club on the same evening. The establishment is required to document such entrance and exit activity by electronic ID scanner or other verifiable means and must produce this to law enforcement upon demand.***

Violation #9 (July 15, 2007)

As the night came to a close, patrons were being pushed out of the club at one time and security went back inside while people stood on the sidewalk outside. This is a violation of **Conditions Twenty-One and Twenty-Three** of the dance permit, which states; ***Security staff will remain on the premises until all patrons have left the vicinity of the premises and surrounding neighborhoods when the business closes and discourage any loitering in the parking areas to business during and at the close of business. The licensee is responsible for the orderly disbursement of all patrons upon closing and within thirty (30) minutes prior to the establishments' closing time.***

The Modesto Police Department has met with the staff and ownership of your business and discussed these issues listed above. As of July 21, 2007 the shirts were still the same, patrons were still being put out of the business at one time with no observations of the soft close. Patrons have also continued to enter and leave at will.

Discussions have also taken place with the staff and management regarding the need to implement the electronic identification scanning system as mentioned in the dance permits. The clubs in the DED are currently all coming online with their equipment. To date Tymeless has not made any contact or attempt to get online with this system.

This system is required per **Condition Eleven** of the dance permit, which reads;

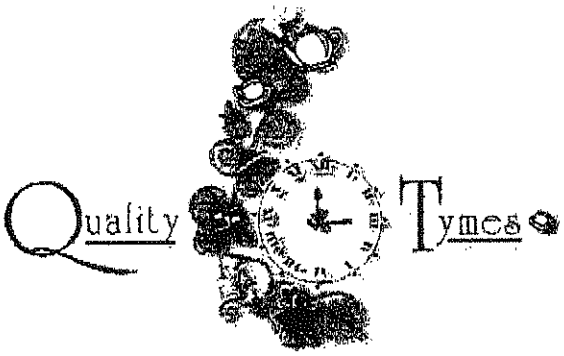
"Facilities who hold a dance permit in the DED shall be operating and linked electronically to a centralized scanning system of an ID reader and a shared telecommunication system upon delivery of equipment."

Due to the continued record of violations and refusal to comply with the conditions of your dance permit, the Modesto Police Department intends to revoke your dance permit as per 4-1.413 MMC.

The five day notice period required by the provisions of Modesto Municipal Code section 4-1.413 for the revocation of a dance permit commences with the personal service of this letter of intent, which will be served by Lt. Cloward on the date set forth below. The five day notice period will be calculated as five working days commonly defined as Monday through Friday, excluding holidays.

cc: Atty, CMO, Police Chief

RECEIVED
MODESTO CITY CLERK
07 AUG 30 AM 9:39



953 10th Street
Modesto, CA 95354

Notice Of Appeal
August 30, 2007

Quality Tymes operates *Oceans 10* restaurant providing elegant classic refined dining. Our dinner selections will be created by our Executive Chef featuring Pacific Rim Cuisine prepared simply and presented elegantly in an intimate setting.

Oceans 10 entertainment features *Sin City Nights* which provides a Las Vegas style entertainment setting for late night dining, dancing, and refreshments, with live and recorded music.

The development of the Quality Tymes Corporation business plan relies extensively on the existence of a dance permit. Our permit has been in place for over a year. We have worked hard during this year to provide vitality and high quality services to this location within the downtown redevelopment zone. We have worked tirelessly with city officials.

We have never been cited for any infractions. We have attended DED meetings as an active participant, and we have complied with all requests for modification of our business plan as they have occurred from all city offices. We believe we have fostered a solid constructive working relationship with Modesto Police to enhance the safety of the patrons we serve. Effective and timely communication has been an essential part of this relationship.

On August 23 we received two Administrative Citations. One day later, at midnight on August 24, we were served a Notice of Intent to Revoke our dance permit based on the citations received the day before. This was based on police reports filed over 30 days prior. We were never notified of police reports being filed concerning our business operating procedures, despite being in constant contact with the Police and requesting feedback on our operations.

Quality Tymes Corporation is appealing the Modesto Police Letter of Intent to Revoke based on five criteria outlined below:

for over 30 days is justified or in line with standards enforced for other similar organizations in the Downtown district.

The equitable enforcement of dance permit enforcement is the main criteria by which Quality Tymes does not believe our permit should be revoked. Without equitable enforcement of the permit requirements, the City of Modesto has created the ability to selectively allow one business to succeed while another is eliminated. The variances in enforcement of the dance permit regulations have been an issue that requires the immediate attention of the City Council in order to prevent the disruption of businesses trying to develop in the Modesto area.

The nature of each violation and concern noted in the Letter of Intent to Revoke and how it has been addressed are described below. We want to emphasize our continued willingness to work with the city officials responsible for enforcement of these measures. However, we request that you immediately grant our appeal or it jeopardizes our ability to continue our business.

Violation #1 6/17 - Copy of Dance Permit Not Posted

The Quality Tymes dance permit has been on display hanging on the wall three feet inside the front door. Newly hired staff had removed it while cleaning and had placed it under the counter at the front hostess station. It took less than 5 minutes to check the main office and under the counter to locate the permit. It has been hanging in its right spot since and staff has been educated on the fact that it is not to be moved. The extent of concern regarding this incident was not communicated, even during our dance permit renewal two weeks later on June 30. The situation has been corrected, and does not warrant the revocation of our dance permit.

Violation #2 6/17 – Introduction of "go-go dancers" deemed an "event"

There was no event on June 17, 2007. As part of our normal course of business, Quality Tymes hosts birthday parties, wedding receptions, dinners, and business receptions for up to 300 people. Many of these functions allow us to remain open to the public. On June 17, 2007 a customer hosted a birthday party under the name Sin City Nights. At the same time we initiated a change of format that includes some of the bartenders and hostesses acting as "go-go" dancers. This did not cause us to change our level of staffing or present any additional load on the public safety system, and therefore does not rise to the level of an event requiring prior notification. The extent of concern regarding this incident was not communicated, even during our dance permit renewal two weeks later on June 30. We are now identifying which nights include dancers in our regular monthly schedule notification to Modesto Police. This incident does not warrant the revocation of our dance permit.

Violation #3 6/17 - ABC License not posted

Cleaning had taken place where the ABC license, which has been on display since our opening on 12/31/2005, was taken down. The license was mistakenly placed under the counter instead of on the wall. In less than 5 minutes this oversight was corrected while the officers were present and the license remains on display as it always has. The extent of concern regarding this incident was not communicated, even during our dance permit renewal two weeks later on June 30. This incident does not warrant the revocation of our dance permit.

Violation #4 7/15 - Single mechanical counter

We use the electronic scanner as a counter for the number of people entering the building, and a single mechanical counter for the number of people exiting the building. We do this to help minimize the number of things the front door security must juggle in the event of trouble. We have not been notified that this is an unacceptable procedure. Backup mechanical counters are available on site so a two mechanical counter system can be used in the event of the failure of the electronic scanner. No concerns about our counting methods have been communicated to us. The method we use provides the necessary double count system to determine the number of people in the building. This incident does not warrant revocation of our dance permit.

Violation #5 7/15 - No staff at back door

It has been Quality Tymes' understanding from ABC regulations that there can be only one entrance and exit when liquor is being served. Under this definition, we considered the front door as our only exit and kept it staffed with security. Modesto Police has now clarified that their use of the term exit on the dance permit includes the fire exits which are not used as entrances during our hours of operation. The rear fire exit is now being staffed. This incident does not warrant revocation of our dance permit.

Violation #6 7/15 - 6 Security insufficient for 330 people

Quality Tymes' records show the security staff at 7 people on the night in question. This is sufficient staffing under the dance permit conditions. We share the Modesto Police concern about sufficient security staffing and our proud of our lack of major violent incidents at our facility. We are concerned that the Police officer did not check with management or the owners on site concerning the accurate count of the number of security staff on duty that evening. We are ensuring the door personnel know the accurate number of security working as well as providing refresher training on the importance of keeping an accurate door count.

Violation #7 7/15 - Security T-shirts not properly marked

The requirement for front markings on shirt had been overlooked on the first printing of new security uniforms. These are the shirts that were in use temporarily on July 15th. Replacement shirts with the necessary marking on the front identifying the wearer as security were ordered the next business day (Monday, 7/16). The printing for these shirts was completed on July 21. The shirts were placed in use that evening, 7/21. Modesto Police did speak with us about their concerns around the markings on the shirts. We took immediate action and the situation has now been corrected. This incident does not warrant revocation of our dance permit.

Violation #8 7/15 - Re-entry

Pending completion of the permit process for a permanent outside patio, Quality Tymes has negotiated an agreement with Lt. Cloward that allows patrons to exit the building and remain

within the crowd control ropes for the purpose of smoking without being considered "in and out". Patrons who exit the crowd control area must comply with the rules concerning "in and out" privileges. Modesto Police did speak with us about their concerns regarding compliance with re-entry policies. After some discussion they agreed that enforcement of the method we have described provides compliance with the re-entry policy. We are continuing our efforts to obtain a permit for a permanent outside patio which we expect to complete in the next 30-60 days. This incident does not warrant revocation of our dance permit.

Violation #9 7/15 - Disbursing crowd

Quality Tymes security regularly and completely disburses the crowd exiting our building. On the night in question, a neighboring business was vending food on the sidewalk after club closing hours. This resulted in a crowd forming in front of 949 10th Street business from patrons exiting other establishments on the street, which gave the appearance of spilling over in front of our establishment. Because our crowd was gone, our security did not remain on the street and were not available to assist in disbursing this gathering. Security procedures have been changed so that our security now maintains a presence on the street until all the other establishments in the neighborhood complete their close to ensure these people do not gather in front of our establishment. The sale of food products on the sidewalk next door to our establishment has been restricted. Modesto Police has mentioned to us that they felt we were not doing enough crowd disbursement. We have changed our closing procedures to allow more of our security presence, even after our crowd is disbursed, to ensure these other patrons do not gather in front of our establishment. This incident does not warrant revocation of our dance permit.

On 7/21 shirts were still the same

As stated above, the revised shirts were completed on 7/21/2007 and placed in service on that night for X-Fest. The letter of intent does not say whether the 7/21 observation was done after midnight on Friday, when the new shirts were not yet available from the printer, or before midnight on Saturday, when the new shirts were in use. We acted swiftly to correct this concern as soon as it was identified. The situation has been corrected and does not warrant the revocation of our dance permit.

7/21 No observation of Soft Close

Under the conditions of the dance permit, a soft close is authorized but not required. Our closing procedures involve shutting down portions of the facility starting at 1:15 AM in an attempt to begin moving customers out toward their destinations. At 1:50 AM we require patrons to exit the building. This allows us to disburse our customers from the street in the small time window between the crowds created by the closing of the much larger establishments around us. Since there is no requirement for a soft close, and there have been no public safety incidents as a direct result of our procedures, this concern does not warrant the revocation of our dance permit. Previous attempts to implement a soft close procedure have not been successful. We are continuing our discussions with Modesto Police to explore procedures that allow us to do an effective soft close.

7/21 Continued concerns with Re-entry

Pending completion of the permit process for a permanent outside patio, we have negotiated an arrangement with Lt. Cloward to allow patrons to exit the building and remain within the crowd control ropes for the purpose of smoking without being considered "in and out". Patrons who exit the crowd control area must comply with the rules concerning "in and out" privileges. Modesto Police did speak with us about their concerns regarding compliance with re-entry policies. After some discussion they agreed that enforcement of the method we have described provides compliance with the re-entry policy. We are continuing our efforts to obtain a permit for a permanent outside patio which we expect to complete in the next 30-60 days. This incident does not warrant revocation of our dance permit.

Electronic ID system

We are actively working with Tony of Copper Rhino to obtain the necessary software to come on-line with the DED system. Our commitment to complying with this requirement has been demonstrated by our purchase and use of the required hardware on June 26, 2007. We are already electronically scanning IDs as part of our screening process. The only reason we are not already on the system is the failure of the responsible person to provide us with the necessary software. We are actively coming into compliance with this requirement, along with the other establishments in the DED. This concern does not warrant the revocation of our dance permit.

We have noted in the past our objection to the fact that this process is under the control of the manager of an establishment which has a vested interest in the success or failure of other businesses in using the system. We want to renew our request that the control of steps needed for compliance with this requirement be placed with the DED or with Modesto Police.

"Continued Record of Violations"

There has been no record of violations prior to the issuance if the notice of intent. We have regularly met and discussed compliance issues with Modesto Police, but no violation notices have been issued. On August 22, 2007, obviously in conjunction with the Letter of Intent to Revoke, two Administrative Citations were issued each based on a date and incidents identified as violations above. This is our first written notification of any variance to the conditions of our dance permit. The copies of police reports attached to the Notice of Intent to Revoke are the first time we have seen that police reports have been filed regarding our business. All violations occurred on one date. There has been no continued record of violations.

"Refusal to comply with the conditions of your dance permit"

We have taken immediate steps to make the necessary changes to rectify the situation each time Modesto Police has identified a concern to us. At no time have we refused to comply with the conditions of our permit.

Copies of police reports

Quality Tymes was not made aware in a timely manner that police reports had been filled out concerning our business. The two reports attached to the Notice of Intent to Revoke are the first notification we have had of any formal activity by the Modesto Police. One of these reports is over 60 days old and pre-dates the renewal of our dance permit on June 30. The other report is over 30 days old. If these concerns rise to the level of revoking our dance permit, formal notification should have been given so corrective actions could be taken and identified before such drastic punitive action was taken.

Uneven enforcement

Quality Tymes feels the action of revoking our dance permit is an unreasonable response to the history and level of violations noted and our response to them. We are aware of other establishments in downtown who have had multiple violations of building, fire, and ABC regulations who have not had their dance permits revoked. Although several establishments were cited by the ABC during X-fest, dance permits have not been revoked based on those violations. Several establishments have had multiple, well publicized incidents requiring massive Police response and their dance permits have not been revoked.

Quality Tymes has not required massive Police response, excessive oversight, or expenditure of Police resources. However, we have continually been selectively reviewed for our compliance with the regulations without prior citations.

Finally, the Modesto Police have notified the DED that they do not intend to renew dance permits for establishments that hold a type 47 ABC license. This includes Quality Tymes. The ability to provide dining, dancing, and entertainment is a central component to the business plan for our downtown business. There is no provision in the regulations for denying a dance permit based on the type of ABC license.

If overuse of Police resources is a concern, Quality Tymes recommends restriction of permits based on conditions that are identified and not corrected in a timely manner. Furthermore, repeated violent incidents resulting in arrests and expenditure of Police resources should be considered.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-626

A RESOLUTION DIRECTING THE CITY CLERK TO SUBMIT TO THE VOTERS AT THE PRESIDENTIAL PRIMARY ELECTION A BALLOT MEASURE ENTITLED "THE ACCOUNTABILITY IN CITY HALL MEASURE OF 2008", AND RESCINDING RESOLUTION NO. 2007-596.

BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Pursuant to Article 11 of Section 3 of the California Constitution and Section 9255(a)(2) of the California Elections Code, and California Government Code Section 34458, the Council of the City of Modesto proposes to and does hereby, on its own motion, submit to the qualified electors of the City of Modesto, at the Presidential Primary election to be held on February 5, 2008, a ballot measure entitled "The Accountability in City Hall Measure of 2008".

SECTION 2. That a measure is to appear on the ballot as follows:

Shall the Modesto City Charter be amended to: upgrade mayor's duties/responsibilities; increase accountability of city departments by requiring city council to implement budget/policy priorities; establish an independent City Auditor; create a citizens' commission to recommend council salaries, impose mandatory salary caps on city council; require annual performance audits for key personnel; modernize accountability/disciplinary practices; and make deputy directors and attorneys "at will" employees?	**YES**	☐
	NO	☐

SECTION 3. That the City Clerk is hereby directed to file a certified copy of this resolution with the Board of Supervisors and the County Election Department of the County of Stanislaus.

SECTION 4. That the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

BE IT FURTHER RESOLVED that Resolution No. 2007-596 is hereby rescinded upon the effective date of this resolution.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 30th day of October, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-636

A RESOLUTION AUTHORIZING THE MAYOR TO SIGN AN EMPLOYMENT AGREEMENT WITH JAMES E. NISKANEN TO SERVE AS INTERIM CITY MANAGER OF THE CITY OF MODESTO FOR A LIMITED TERM EFFECTIVE JANUARY 7, 2008 THROUGH JUNE 30, 2008 AT A MONTHLY SALARY OF $14,650

WHEREAS, the City Council desires to enter into a limited term employment agreement to allow the City sufficient time to successfully complete the recruitment for City Manager, and

WHEREAS, the City Council desires to enter into an employment agreement with James E. Niskanen to serve as interim City Manager of the City of Modesto for a limited term effective January 7, 2008 through June 30, 2008 at a monthly salary of $14,650.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Mayor to sign an employment agreement with James E. Niskanen to serve as interim City Manager of the City of Modesto from January 7, 2008 through June 30, 2008, at a monthly salary of $14,650. Said employment agreement is attached hereto as **Exhibit "A"** and incorporated herein by this reference.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

Section 21: General Provisions P.6

the Employee's group insurance plan with City reimbursement for Employee's out-of-pocket costs.

D. The Employer shall pay the amount of premium due for a term life insurance policy of $120,000. The Employee shall name the beneficiary of the life insurance policy.

Section 5: Vacation, Sick and Management/Executive Leave

A. The Employee shall accrue sick and vacation leave on an annual basis at the highest rate provided to non-sworn management employees. Employer agrees to provide Employee with an additional eighty (80) hours of vacation time effective January 7, 2008 to create a vacation bank to be used at a future date. The Employee's vacation accrual cap will not be in effect until six (6) months after the termination of this limited term agreement.

B. In the event the Employee's employment with the City of Modesto is terminated, either voluntarily or involuntarily, the Employee shall be compensated for all accrued vacation time, all paid holidays, earned management/executive leave and other benefits to date.

C. The Employee shall on January 1, of each calendar year be credited with eighty (80) hours of executive/management leave or the highest amount credited to any non-sworn management employee, whichever is greater.

Section 6: Automobile

The Employer agrees to continue to pay the Employee, during the term of this Agreement and in addition to other salary and benefits herein provided, the sum of $4,800.00 per year, or $400.00 per month payable in equal monthly installments, as a vehicle allowance to be used to purchase, lease, or own, operate and maintain a vehicle. The Employee shall be responsible for paying liability, property damage, and comprehensive insurance coverage upon such vehicle and shall further be responsible for all expenses attendant to the purchase, operation, maintenance, repair and regular replacement of said vehicle. The Employer shall reimburse the Employee at the IRS standard mileage rate for any business use of the vehicle beyond the greater Modesto area. For purposes of this Section, use of the car within the greater Modesto area is defined as travel to locations within a 75-mile radius of the Modesto City Hall.

Section 7: Retirement

A. The Employer agrees to continue enrollment of the Employee in the California Public Employees Retirement System (PERS). Employer shall pay 6.6% and Employee shall pay .04% of the total 7% "Employee's share," and Employer shall pay 100% of "Employer's share" on behalf of the Employee.

B. In addition to the Employer's payment to the state retirement system (as applicable) referenced above, Employer agrees to execute all necessary agreements provided by ICMA Retirement Corporation (ICMA-RC) or other Section 457 deferred compensation plan for Employee's continued participation in said supplementary retirement plan and, in addition to the base salary paid by the Employer to Employee, Employer agrees to pay an amount equal to two and one-half percent (2.5%) of Employee's base salary, into the designated plan on the Employee's behalf, in equal proportionate amounts each pay period. The

body that the Employee resign, then the Employee may declare a termination as of the date of the suggestion.

E. Breach of contract declared by either party within a 30-day cure period for either Employee or Employer. Written notice of a breach of contract shall be provided in accordance with the provisions of Section 21.

F. In the event the Employer terminates this Agreement during which time Employee is ready, willing and able to perform the functions and duties set forth herein, then, in that event, Employer agrees to:

1. Provide Employee with sixty (60) days prior written notice of said termination.

Section 10: Reinstatement to Previous Classification
Upon the appointment and/or start date of a City Manager or termination of Employee, Employer agrees that the Employee may be reinstated to the classification of Parks, Recreation and Neighborhoods Director, with all compensation, benefits and requirements that are in effect at the time of reinstatement. In the event that the Employee is appointed City Manager, this Agreement will expire and will be replaced with a new Agreement.

Section 11: Severance
A. Severance shall be paid to the Employee when employment is terminated as defined in Section 11.B.1.

B. In the event the Employer terminates this Agreement during which time Employee is ready, willing and able to perform the functions and duties set forth herein, then, in that event, Employer agrees to:

1. Provide Employee with sixty (60) days prior written notice of said termination.

Section 12: Resignation
In the event that the Employee voluntarily resigns his/her position with the Employer, the Employee shall provide a minimum of sixty (60) days advance notice unless the parties agree otherwise.

Section 13: Performance Evaluation
Employer may review the performance of the Employee subject to a process, form, criteria and format for the evaluation, which shall be mutually agreed upon by the Employer and Employee. The process at a minimum shall include the opportunity for both parties to: (1) prepare a written evaluation, (2) meet and discuss the evaluation, and (3) present a written summary of the evaluation results. The final written evaluation should be completed and delivered to the Employee within thirty (30) days of the evaluation meeting.

Section 14: Hours of Work
It is recognized that the Employee must devote a great deal of time outside of the normal office hours on business for the Employer, and to that end Employee shall be allowed to establish an appropriate work schedule.

with or in conflict with the provisions of this Agreement, the Modesto Charter or any other law.

Except as otherwise provided in this Agreement, the Employee shall be entitled to the highest level of benefits that are enjoyed by other non-sworn management employees of the Employer as proved in the Charter, Code, Personnel Rules and Regulations or by practice.

Section 20: Notices
Notice pursuant to this Agreement shall be given by depositing in the custody of the United States Postal service, postage prepaid and addressed as follows:

EMPLOYER: City Clerk, City of Modesto, P.O. Box 642, Modesto, CA 95353
EMPLOYEE: James E. Niskanen, 3840 Ambrosia Lane, Modesto, CA 95356

Alternatively, notice required pursuant to this Agreement may be personally served in the same manner as is applicable to civil judicial practice. Notice shall be deemed given as of the date of personal service or as the date of deposit of such written notice in the course of transmission in the United States Postal Service.

Section 21: General Provisions

A. Integration. This Agreement sets forth and establishes the entire understanding between Employer and Employee relating to the employment of the Employee by Employer. Any prior discussions or representations by or between the parties are merged into and rendered null and void by this Agreement. The parties by mutual written agreement may amend any provisions of this Agreement during the life of the agreement. Such amendments shall be incorporated and made part of this agreement.

B. Binding Effect. This Agreement shall be binding on the Employer and the Employee as well as their heirs, assigns, executors, personal representatives and successors in interest.

C. Effective Date. This Agreement shall become effective on January 7, 2008.

D. Severability. The invalidity or partial invalidity of any portion of this Agreement will not affect the validity of any other provision. In the event that any provision of this Agreement is held to be invalid, the remaining provisions shall be deemed to be in full force and effect as if they have been executed by both parties subsequent to the expungement or judicial modification of the invalid provision.

A RESOLUTION APPROVING AMENDMENT NO. 3 TO THE STANDARD AGREEMENT FOR CONSULTANT SERVICES BETWEEN THE CITY OF MODESTO AND JERRY HAAG, FOR PLANNING SUPPORT SERVICES FOR THE COMMUNITY & ECONOMIC DEVELOPMENT DEPARTMENT, FOR AN ADDITIONAL AMOUNT OF $50,000, FOR A TOTAL AMOUNT NOT TO EXCEED $149,999 AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AMENDMENT TO AGREEMENT

WHEREAS, on November 14, 2005, the City of Modesto entered into a Standard Agreement for consultant services with Jerry Haag, Planning Consultant, to provide planning services for the Community & Economic Development Department, in an amount not to exceed $49,000, and

WHEREAS, on November 14, 2006, the contract was amended to extend the term of agreement to continue in effect until City's acceptance of and payment for all services authorized by City and performed by Consultant, and

WHEREAS, on January 9, 2007, by Resolution No. 2007-048, the contract was amended to provide for additional services and additional compensation for an additional amount of $50,000, not to exceed $99,999, and

WHEREAS, the Planning Division performs a number of tasks requiring consultant planning services, and

WHEREAS, due to workload levels and staffing shortfalls, consultant planning services are necessary to augment planning services already provided by the Planning Division, and

WHEREAS, contract planning assistance is necessary to assist the City to efficiently manage the specific plan project load in a manner that is responsive to the City's customers, and

WHEREAS, there are currently six specific plan proposals underway in the City, and

WHEREAS, Jerry Haag is currently providing planning services on a time and materials basis, to manage two specific plans and related Environmental Impact Reports: Woodglen and Pelandale-McHenry, and

WHEREAS, in accordance with the Standard Agreement, Jerry Haag has been providing consultant planning services since November 14, 2005, and the contract amount of $99,999 has almost been reached, and

WHEREAS, in order to continue the review and processing of the current specific plan case load, the Community and Economic Development Department is proposing an Amendment No. 3 to the Standard Agreement for Consultant Services with Jerry Haag for an additional amount of $50,000, for a total amount not to exceed $149,999, and

WHEREAS, Jerry Haag's assistance is needed to complete the processing of two specific plans nearing completion, Woodglen and Pelandale-McHenry, and

WHEREAS, Jerry Haag is familiar with these projects and his oversight is needed for these projects to proceed forward in a timely manner, and

WHEREAS, Jerry Haag is familiar with the City's standards, policies, and operating procedures, having provided prior services in conjunction with the City's overall urban and environmental planning efforts, and has demonstrated satisfactory services to the City on past and current projects, and

WHEREAS, Jerry Haag is also qualified to provide the requested consultant planning services in a timely and cost effective manner, and

WHEREAS, Jerry Haag has intimate knowledge of coordinating with City staff in furtherance of planning services and conferring with and advising City staff regarding environmental laws, regulations, and policies, and

WHEREAS, funding for the services to the Community and Economic Development Department is allocated in the FY 07/08 CEDD budget in the amount of $15,000 to come from undetermined developer-funded projects located in fund 0800, $15,000 in account 0800-140-1447-0235 and $20,000 in account 0800-140-1452-0235,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Amendment No. 3 to the Standard Agreement for Consultant Services between the City of Modesto and Jerry Haag, Planning Consultant, for consultant planning services for the Community & Economic Development Department, Planning Division for an additional amount of $50,000, for a total amount not to exceed $149,999.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-638

A RESOLUTION APPROVING AMENDMENT NO. 1 TO THE STANDARD AGREEMENT FOR CONSULTANT SERVICES BETWEEN THE CITY OF MODESTO AND PACIFIC MUNICIPAL CONSULTANTS (PMC), FOR PLANNING SUPPORT SERVICES FOR THE COMMUNITY & ECONOMIC DEVELOPMENT DEPARTMENT, FOR AN ADDITIONAL AMOUNT OF $100,000, FOR A TOTAL AMOUNT NOT TO EXCEED $280,000 AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AMENDMENT TO AGREEMENT

WHEREAS, on December 12, 2006, by Resolution No. 2006-768, the City of Modesto entered into a Standard Agreement for consultant services with Pacific Municipal Consultants (PMC) to provide planning services for the Community & Economic Development Department, in an amount not to exceed $180,000, and

WHEREAS, the Planning Division performs a number of tasks requiring consultant planning services, and

WHEREAS, due to workload levels and staffing shortfalls, consultant planning services are necessary to augment planning services already provided by the Planning Division, and

WHEREAS, contract planning assistance is necessary to assist the City to efficiently manage the specific plan project load in a manner that is responsive to the City's customers, and

WHEREAS, PMC is currently providing planning services on a time and materials basis, to assist with managing the Kiernan Business Park East Specific Plan Amendment, and

WHEREAS, the Planning Division has also used PMC's services to assist on a number of high-priority infill projects, such as the Gould Medical Center expansion and the Vintage Faire Mall expansion, and

WHEREAS, as with the specific plans, a majority of these projects have been applicant-funded through the payment of time-and-material fees, and

WHEREAS, in accordance with the Standard Agreement, PMC has been providing consultant planning services, and $163,073.09 of the original contract amount of $180,000 has been expended, and

WHEREAS, in order to satisfy on-going needs, the Community and Economic Development Department is proposing an amendment to the Standard Agreement for Consultant Services with Pacific Municipal Consultants for an additional amount of $100,000, for a total amount not to exceed $280,000, and

WHEREAS, PMC is familiar with the City's standards, policies, and operating procedures, having provided prior services in conjunction with the City's overall urban and environmental planning efforts, and has demonstrated satisfactory services to the City on past and current projects, and

WHEREAS, the Planning Division anticipates processing several complex and high-priority projects in the near future in which PMC's experience and expertise will greatly assist in expediting, and

WHEREAS, funding for the services to the Community and Economic Development Department is allocated in the FY 07/08 CEDD budget in the amount of $25,000 in account 0100-140-1430-0235, with the remaining $75,000 to come from various developer funded projects located in fund 0800,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Amendment No. 1 to the Standard Agreement for Consultant Services between the City of Modesto and Pacific Municipal Consultants for consultant

planning services for the Community & Economic Development Department, Planning Division for an additional amount of $100,000, for a total amount not to exceed $280,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-639

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE OF A PARKING LOT SWEEPER TO MASCO SWEEPERS, INC., SANTA CLARA, CA, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE A PURCHASE ORDER FOR AN ESTIMATED TOTAL COST OF $53,151.

WHEREAS, on August 2, 2006, Council approved Resolution No. 2006-245 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment throughout FY 06/07 through various competitive processes, with the Purchasing Division coming back to Council for award authorization, and

WHEREAS, on July 10, 2007, the Purchasing Division issued RFB No. 0607-41 for the purchase of a parking lot sweeper to five (5) prospective bidders, posted the bid on the City's web site and formally advertised as required by law, and

WHEREAS, on August 28, 2007, RFB's were formally opened in the City Clerk's office. Of the five (5) prospective bidders, one company chose to respond with two (2) different manufacture vehicles. The bidder provided responsive and responsible bids, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid and contract for the purchase of a parking lot sweeper for the Public Works Department, Fleet Services Division, conforms to the Modesto Municipal Code, and

WHEREAS, funds are budgeted and available in the following account for the purchase of a parking lot sweeper for FY 07/08, account number 7210-480-5814-5721,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase of a parking lot sweeper to Masco Sweepers, Inc., Santa Clara, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase order for an estimated total cost of $53,151.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-640

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE OF A TRUCK WITH UTILITY BODY AND CRANE TO BROADWAY FORD, OAKLAND, CA, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE A PURCHASE ORDER FOR AN ESTIMATED TOTAL COST OF $68,338.

WHEREAS, on August 2, 2006, Council approved Resolution No. 2006-245 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment throughout FY 06/07 through various competitive processes, with the Purchasing Division coming back to Council for award authorization, and

WHEREAS, on July 5, 2007, the Purchasing Division issued RFB No. 0607-40 for the purchase of a truck with utility body and crane to thirty (30) prospective bidders, five (5) of which were local companies, posted the bid on the City's web site and formally advertised as required by law, and

WHEREAS, on July 12, 2007, a bidders conference was held. Three (3) companies were in attendance, and

WHEREAS, on August 28, 2007, RFB's were formally opened in the City Clerk's office. Of the thirty (30) prospective bidders, two (2) companies chose to respond. All bidders provided responsive and responsible bids, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid and contract for the purchase of a truck with utility body and crane for the Public Works Department, Fleet Services Division, conforms to the Modesto Municipal Code, and

WHEREAS, funds are budgeted and available in the following account for the purchase of a truck with utility body and crane for FY 07/08, account number 7210-480-5814-5708,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase of a truck with utility body and crane to Broadway Ford, Oakland, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase order for an estimated total cost of $68,338.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-641

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE OF BALLISTIC VESTS FOR THE MODESTO POLICE DEPARTMENT, TO LC ACTION POLICE SUPPLY, SAN JOSE, CA, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE AN ANNUAL PURCHASE AGREEMENT FOR A TWO (2) YEAR AGREEMENT, WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR AN ESTIMATED ANNUAL TOTAL COST OF $39,343

WHEREAS, the Modesto Police Department provides ballistic vests for all of its sworn and some civilian positions, and

WHEREAS, a custom fitted vest is provided at the time of hire and current personnel are provided a replacement vest every five (5) years, and

WHEREAS, on July 10, 2007, Council approved Resolution No. 2007-419 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of ballistic vests for the Modesto Police Department, and

WHEREAS, on August 13, 2007, the Purchasing Division issued Request for Bid No. 0708-05 for the purchase of ballistic vests to ten (10) prospective bidders, one of which was a local company, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, on August 22, 2007, a bidders conference was held, two (2) companies were in attendance, and

WHEREAS, on September 11, 2007, RFB's were formally opened in the City Clerk's office, of the ten (10) prospective bidders, three (3) companies chose to respond, and

WHEREAS, one company submitted a non-responsive and non-responsible bid and the bid submittal was rejected, and

WHEREAS, based on being deemed the lowest responsive and responsible bidder, City staff recommends the award of bid and contract for the for the purchase of ballistic vests for the Modesto Police Department, to LC Action Police Supply, San Jose, CA, and authorizing the Purchasing Manager to issue an annual purchase agreement for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, for an estimated annual total cost of $39,343 and

WHEREAS, the Modesto Municipal Code, MMC 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid and contract for the purchase of ballistic vests for the Modesto Police Department conforms to the Modesto Municipal Code, and

WHEREAS, funds are budgeted and available in the following account for the purchase of ballistic vests in FY 07/08, account number 0100-190-1921-0356, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase of ballistic vests for the Modesto Police Department to LC Action Police Supply, San Jose, CA, and authorizing the Purchasing Manager to issue an annual purchase agreement for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, for an estimated annual total cost of $39,343

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue an annual purchase agreement for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, for an estimated annual total cost of $39,343.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-642

A RESOLUTION REJECTING A BID FOR THE REPAIR AND/OR REPLACEMENT OF SEVEN (7) CITY OWNED RESTROOM ROOFS FOR THE PARKS, RECREATION AND NEIGHBORHOODS DEPARTMENT, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE AN INFORMAL REQUEST FOR BIDS AND AWARD A PURCHASE AGREEMENT FOR THE REPAIR OF FOUR (4) CITY OWNED RESTROOM ROOFS, AT AN ESTIMATED TOTAL COST OF $25,000

WHEREAS, the Parks, Recreation and Neighborhoods Department is responsible for the maintenance of all City owned park sites, and

WHEREAS, park sites include restroom facilities that, in many cases, are facilities that were built 30 to 45 years ago, and

WHEREAS, over this period of time, roofs have been patched and repaired to prevent leaking. Because some of these roofs have been patched and repaired continuously, many of them have dry rot damage that can no longer be repaired, and

WHEREAS, a thorough review of the park sites and an analysis of the roofing structures determined that the roofs on the restrooms at Marshall Park, Cesar Chavez Park, and Breadbrook Park have significant dry rot damage and are in need of complete re-roofing including replacement of trusses, and

WHEREAS, during the review of restrooms roofs, it was determined that the roofs on the restrooms at East La Loma Park, Revard Park, Lakewood Park, and Sipherd Park are in need of repair due to leakage, and

WHEREAS, on February 27, 2007, Council approved Resolution No. 2007-133 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) to re-roof three (3) City owned restrooms and repair roofs on four (4) City owned restrooms for the Parks, Recreation and Neighborhoods Department, and

WHEREAS, on April 9, 2007, the Purchasing Division issued Request for Bid No. 0607-43 for the repair/replacement of seven (7) City owned park restrooms to twenty-seven (27) prospective bidders, twenty (20) of which were local companies, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, on April 17, 2007, a bidders conference was held, four (4) companies were in attendance, and

WHEREAS, on May 8, 2007, RFB's were formally opened in the City Clerk's office. Of the twenty-seven (27) prospective bidders, only one company chose to respond, and

WHEREAS, the engineer's estimate and the bids are considered reasonable when any of the bids are within 10% of the engineer's estimate, and

WHEREAS, in the current circumstance, however, the sole bid for the project was above the engineer's estimate by three (3) fold. The engineer's estimate for this project is $65,000 and the sole bid amount is $194,565, and

WHEREAS, bidder competition and participation was not evident in the bidding of this project, perhaps due to the small dollar amount of the estimated contract work ($65,000), and

WHEREAS, City staff recommends Council adopt a resolution rejecting the bid for the repair and/or replacement of seven (7) City owned restroom roofs for the Parks, Recreation and Neighborhoods Department, and authorizing the Purchasing Manager to issue informal Request for Bids and award a purchase agreement for the repair of four (4) City owned restroom roofs, at an estimated total cost of $25,000, and

WHEREAS, the Parks, Recreation and Neighborhoods Department will redesign the roof replacement for the three (3) park restrooms, becoming a Public Works project, and

WHEREAS, Modesto Municipal Code Section 8-3.204 states in part; except as otherwise provided by this chapter or when directed by the City Manager, all purchases involving an expenditure of City funds in the amount of fifty thousand dollars ($50,000) or less, shall be purchased, when feasible and when in the best interest of the City, in the open market by letter inquiry, informal solicitation, or telephone or facsimile solicitations, with or without newspaper advertisement, and without observation of prescribed formal bid procedures, and

WHEREAS, the issuance of an informal Request for Bid for the repair of four (4) City owned restroom roofs, conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Council adopt a resolution rejecting a bid for the repair and/or replacement of seven (7) City owned restroom roofs for the Parks, Recreation and Neighborhoods Department, and

SECTION 2. the Purchasing Manager shall issue an informal Request for Bids and award a purchase agreement for the repair of four (4) City owned restroom roofs, at an estimated total cost of $25,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmemeber Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-643

A RESOLUTION ACCEPTING STAFF REVIEW OF LANDSCAPE MAINTENANCE SERVICE AGREEMENT WITH GROVER LANDSCAPE SERVICES, INC. FOR MAINTENANCE OF CITY OF MODESTO PARKS AND OTHER OPEN SPACE

WHEREAS, City of Modesto Parks, Recreation and Neighborhoods Department, Parks Services Division, is responsible for landscape maintenance services to over 530 acres of landscaping for 66 parks and approximately 150 other landscaped sites including public buildings, street medians, sound walls, traffic islands and other miscellaneous sites, and

WHEREAS, funding for this maintenance is provided primarily by the City's General Fund, although a number of sites are funded from other sources including the Tuolumne River Regional Park JPA, Parking Fund, Storm Drain Fund and several Community Facility Districts, and

WHEREAS, on November 22, 2005, by Resolution No. 2005-581, the City Council authorized the award of proposal for the furnishing of landscape maintenance services to Grover Landscape Services, Inc. and directed staff to negotiate a Landscape Maintenance Service Agreement (Agreement) with Grover Landscape Services, Inc. for parks, right-of-ways and public landscaping owned and/or maintained by the City of Modesto, and

WHEREAS, on March 7, 2006, by Resolution No. 2006-134, the City Council approved a Landscape Maintenance Service Agreement, effective March 21, 2006, between Grover Landscape Services, Inc. (Grover) and the City, and

WHEREAS, the agreement outlined funding strategies and the implementation of the outsourcing of park and open space maintenance services throughout the City, and

WHEREAS, staff has worked closely with Grover to ensure that the provisions of the Agreement and the responsibilities of each party are met, and

WHEREAS, the overall appearance and health of the City's parks and other open space has improved due to increased service levels made possible by the Agreement, and

WHEREAS, the Finance Committee met on September 24, 2007 and supported acceptance of the staff review of the Landscape Maintenance Service Agreement with Grover Landscape Services, Inc. for maintenance of City of Modesto parks and other open space,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby accepts the staff review of the Landscape Maintenance Service Agreement with Grover Landscape Services, Inc. for maintenance of City of Modesto parks and other open space.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-644

A RESOLUTION APPROVING AN AMENDMENT TO THE AGREEMENT WITH GROVER LANDSCAPING SERVICES, INC. TO AMEND THE SCOPE OF WORK TO REMOVE TASKS THAT WERE NOT INCLUDED IN THE NEGOTIATED AGREEMENT AND ASSOCIATED COSTS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO AGREEMENT.

WHEREAS, City of Modesto Parks, Recreation and Neighborhoods Department, Parks Services Division, is responsible for landscape maintenance services to over 530 acres of landscaping for 66 parks and approximately 150 other landscaped sites including public buildings, street medians, sound walls, traffic islands and other miscellaneous sites, and

WHEREAS, funding for this maintenance is provided primarily by the City's General Fund, although a number of sites are funded from other sources including the Tuolumne River Regional Park JPA, Parking Fund, Storm Drain Fund and several Community Facility Districts, and

WHEREAS, on November 22, 2005, by Resolution No. 2005-581, the City Council authorized the award of proposal for the furnishing of landscape maintenance services to Grover Landscape Services, Inc. and directed staff to negotiate a Landscape Maintenance Service Agreement (Agreement) with Grover Landscape Services, Inc. for parks, right-of-ways and public landscaping owned and/or maintained by the City of Modesto, and

WHEREAS, on March 7, 2006, by Resolution No. 2006-134, the City Council approved a Landscape Maintenance Service Agreement, effective March 21, 2006, between Grover Landscape Services, Inc. (Grover) and the City, and

WHEREAS, the original Request for Proposal Scope of Work included several tasks that some bidders believed it was not possible to accurately assign a cost to, due to existing conditions being unknown and specific sites being unidentified, and

WHEREAS, these tasks were turf leveling, infield edging, baseball infield turf renovation and athletic field turf renovation, and

WHEREAS, the determination was made to remove these tasks and their associated costs from the negotiated Agreement, and

WHEREAS, a review of the Scope of Work that was included with the approved Agreement found that these four tasks were inadvertently left in, and

WHEREAS, staff is recommending that the Scope of Work be amended to accurately reflect the tasks agreed to by both parties, and to remove the tasks that were not included in the negotiated Agreement and associated costs, and

WHEREAS, the Finance Committee met on September 24, 2007, and supported amending the Scope of Work in the Landscape Maintenance Service Agreement with Grover Landscaping Services, Inc. to remove tasks that were not included in the negotiated Agreement and associated costs,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an Amendment to the Agreement with Grover Landscaping Services, Inc. to amend the Scope of to remove tasks that were not included in the negotiated agreement and associated costs.

BE IT FURTHER RESOLVED that the City manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-645

A RESOLUTION APPROVING AN AGREEMENT WITH PACIFIC DESIGN ASSOCIATES, INC. FOR PROFESSIONAL ARCHITECTURAL SERVICES TO PREPARE DESIGN DEVELOPMENT AND CONSTRUCTION DOCUMENTS FOR THE JOHN THURMAN FIELD IMPROVEMENTS PROJECT AT A COST NOT TO EXCEED $157,500.00, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, the City of Modesto currently owns John Thurman Field located at 601 Neece Drive, and

WHEREAS, the Stadium was built in 1955 and updated in the late 1990's, and

WHEREAS, last year the City of Modesto entered into a ten-year agreement with the Modesto Nuts which included $3,000,000 in improvements to be done in the Stadium in the next few years, and

WHEREAS, Phase I, Press Box Expansion and Viewing Deck Addition, is anticipated to be complete by opening day of baseball season in 2008, and

WHEREAS, an RFP was distributed to twenty-four (24) architectural service providers in August 2007 for the three additional phases of development, and

WHEREAS, three (3) firms responded to the RFP and submitted a proposal by the September 10, 2007, deadline, and

WHEREAS, the six-member selection panel reviewed the proposals and made the determination to interview all three architectural firms, and

WHEREAS, on October 2, 2007, the selection panel reviewed the proposals and interviewed all three firms and determined that Pacific Design Associates, Inc. was the most qualified firm to complete this project, and

WHEREAS Pacific Design Associates, Inc. has agreed to provide Design Development and Construction Documents at a cost not to exceed $157,500.00, and

WHEREAS, the design will be developed using a collaborative effort between the City of Modesto and the Modesto Nuts staff,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an Agreement with Pacific Design Associates, Inc. for professional architectural services to prepare Design Development and Construction Documents for the John Thurman Field Improvements Project at a cost not to exceed $157,500.00.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-647

A RESOLUTION APPROVING AN AGREEMENT FOR CONCESSION SERVICES BETWEEN THE CITY OF MODESTO AND REESE DENSMORE, A SOLE PROPRIETOR, DBA THE DISC GOLF STORE AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, in early July 2007, Resse Densmore approached the City of Modesto regarding the placement of a concession trailer in East La Loma Park, and

WHEREAS, Mr. Densmore is interested in selling disc golf products, as well as pre-packaged food concession to visitors to the East La Loma Park, specifically the golfers utilizing the disc golf course located in East La Loma Park and Dry Creek Regional Park, and

WHEREAS, after several discussions and site visits, staff from the Parks, Recreation and Neighborhoods Department and Mr. Densmore found a location that was mutually agreeable, and

WHEREAS, after agreeing on a suitable location, a contract agreement was drafted to allow Mr. Densmore the opportunity to operate a concession trailer, on a pilot program basis, to see if there is large enough customer base to support a concession trailer at the East La Loma site, and

WHEREAS, currently, there are no concession vendors that regularly serve this park, and no legal vendors that service the disc golfers and their equipment needs, and

WHEREAS, through this arrangement, the City of Modesto will be able to ascertain if there is a large enough customer base to support a concession trailer, and

WHEREAS, the City will receive ten percent (10%) of gross sales from the arrangement, in exchange for the utilization of park property, and

WHEREAS, if the concession trailer concept is successful, the City of Modesto can decide to continue the concession trailer arrangement, or invest in a more permanent concession arrangement, and

WHEREAS, the Safety and Communities Committee met on October 1, 2007, and supported staff's recommendation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an Agreement for Concession Services with Reese Densmore, a sole proprietor, dba The Disc Golf Store.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-648

A RESOLUTION AMENDING THE BYLAWS OF THE SOLID WASTE ADVISORY COMMITTEE TO DELETE THE REQUIREMENT THAT CITIZEN REPRESENTATIVES BE EITHER "CITIZEN/CONSUMERS" OR "CITIZEN/NON-PROFITS", AND DIRECTING STAFF TO PROCEED WITH THE RECRUITMENT OF ADDITIONAL CITIZEN REPRESENTATIVES TO SERVE ON THE SOLID WASTE ADVISORY COMMITTEE

WHEREAS, on April 25, 2006, by Resolution No. 2006-235, the Council approved the formation of a Council-appointed Solid Waste Advisory Committee, and

WHEREAS, the Committee provides rate setting recommendations to the City Council for garbage rates and compost facility tip fees, and advisory input into modifications or expansions of the City's compost facility operations, and

WHEREAS, under the current by-laws, the Committee is comprised of the Deputy City Manager, the Finance Director, the Public Works Director, two "citizen/consumer" representatives, and two "citizen/non-profit" representatives, and

WHEREAS, since the Committee was originally formed, staff has conducted a continuous recruitment for citizen representatives, and has successfully filled the two "citizen/consumer" memberships, and

WHEREAS, the two "citizen/non-profit" memberships remain unfilled, despite outreach efforts, and

WHEREAS, in order to increase the citizen representation on the Committee, staff is recommending that the by-laws be amended to delete the identification of citizen representatives as either "consumers" or "non-profits" and that staff be directed to proceed with the recruitment of citizen representatives, and

WHEREAS, the Economic Development Committee met on October 8, 2007 and supported staff's recommendation to amend the by-laws,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves amending the bylaws of the Solid Waste Advisory Committee to delete the requirement that citizen representatives be either "citizen/consumers" or "citizen/non-profits".

BE IT FURTHER RESOLVED that staff is hereby directed to proceed with the recruitment of additional citizen representatives to serve on the Solid Waste Advisory Committee.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-649

A RESOLUTION APPROVING AN AGREEMENT WITH MODESTO SENIOR CITIZENS INC. (MSCI) TO ACCEPT A $5,000 DONATION TO PROVIDE IMPROVEMENTS TO THE KITCHEN AT THE MODESTO SENIOR CITIZENS CENTER, AND TO REAFFIRM FACILITY USAGE RATES AT THE MODESTO SENIOR CITIZENS CENTER AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, on October 10, 1977, by Resolution No. 77-1044, Modesto Senior Citizens, Inc. (MSCI), a non-profit group comprised of senior citizens, entered into a 30-year agreement with the City of Modesto in which MSCI agreed to pay $100,000 towards the cost of expansion and remodeling of the Modesto Senior Citizens Center, located at 211 Bodem Street, and

WHEREAS, on August 14, 2007, by Resolution 2007-505, the City Council approved a resolution to update the terms of usage at the Modesto Senior Citizens Center, and

WHEREAS, prior to the inception of the new facility usage policy at the Modesto Senior Citizens Center, MSCI had expressed a desire to enter into an agreement with longer terms, and

WHEREAS, after a number of meetings with the MSCI President and other board members, MSCI offered to contribute $5,000 to the City of Modesto for kitchen upgrades, and

WHEREAS, the City is researching the possibility of upgrading the current residential refrigerator to a commercial grade refrigerator/freezer unit and additionally, the City hopes to add an ice-maker to the current kitchen facility, and

WHEREAS, MSCI, in exchange of their contribution to the City of Modesto, would receive a five-year agreement for the current $1.00 per hour rental rate at the Modesto Senior Citizens Center, until November 30, 2012, with an option to renew for another five years at that time, and

WHEREAS, the Safety and Communities Committee met on October 1, 2007, and supported staff's recommendation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an Agreement with Modesto Senior Citizens Inc. (MSCI) to accept a $5,000 donation to provide improvements to the kitchen at the Modesto Senior Citizens Center, and to reaffirm facility usage rates at the Modesto Senior Citizens Center.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-650

A RESOLUTION AUTHORIZING THE SOLICITATION OF PROPOSALS FOR THE DESIGN AND INSTALLATION OF THE DIGESTER GAS TREATMENT PROJECT EQUIPMENT AT A COST OF $245,000, WITH A CONTINGENCY AMOUNT OF $36,750, FOR THE TOTAL AMOUNT NOT TO EXCEED $281,750.

WHEREAS, on September 26, 2006, by Resolution No. 2006-622, the City Council approved an agreement with California Energy Commission (CEC) to perform energy audits of the Sutter Avenue and Jennings Road Treatment Plant Facilities, and

WHEREAS, CEC contracted with Digital Energy to perform these energy audits and Digital Energy found that by installing a digester gas treatment system to feed an existing low emissions boiler burner the City would see a reduction in natural gas usage, and

WHEREAS, the Digester Gas Treatment project will replace the use of natural gas in the boiler operation with digester gas that is already produced at the Treatment Plant, and

WHEREAS, this project will require the installation of a system that will remove hydrogen sulfide and moisture from the digester gas, and require a new permit for boiler operation from the San Joaquin Valley Air Pollution Control District (SJVAPCD), and

WHEREAS, it is estimated that the utility bill savings from this project will be approximately $147,000 annually, and

WHEREAS, the estimated project cost for the Digester Gas Treatment project is $245,000, and

WHEREAS, PG&E is offering rebates through its PG&E performance contract rebates in the amount of $0.80 per therm for recovered thermal energy from flared gas, and

WHEREAS, approval from PG&E for this project would provide rebates in approximately $112,000, which will bring the project cost to $133,000, and

WHEREAS, funding for this project is available from Wastewater Reserves, and the expected payback from the rebates and energy savings is approximately one year, and

WHEREAS, the Council Economic Development Committee, at its October 8, 2007, meeting recommended approval of this item to the full Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the solicitation of proposals for the design and installation of the Digester Gas Treatment Project equipment at a cost of $245,000, with a contingency amount of $36,750, for the total amount not to exceed $281,750.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-652

A RESOLUTION APPROVING THE TRANSFER OF $281,750 FROM WASTEWATER RESERVES TO CIP 6210-480-B463-6040 (DIGESTER GAS TREATMENT SYSTEM) TO FUND THIS PROJECT.

WHEREAS, on September 26, 2006, by Resolution No. 2006-622, the City Council approved an agreement with California Energy Commission (CEC) to perform energy audits of the Sutter Avenue and Jennings Road Treatment Plant Facilities, and

WHEREAS, CEC contracted with Digital Energy to perform these energy audits and Digital Energy found that by installing digester gas treatment system to feed an existing low emissions boiler burner the City would see a reduction in natural gas usage, and

WHEREAS, it is estimated that the utility bill savings from this project will be approximately $147,000 annually, and

WHEREAS, the estimated project cost for the Digester Gas Treatment project is $245,000, and

WHEREAS, the Council Economic Development Committee, at its October 8, 2007, meeting recommended approval of this item to the full Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes a transfer of $281,750 from Wastewater Reserves to CIP Account #6210-480-B463 (Digester Gas Treatment System) to fund this project.

BE IT FURTHER RESOLVED, that the Finance Department is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-653

A RESOLUTION APPROVING AN AMENDMENT TO THE LEASE AGREEMENT WITH LOUISE BOER, JR., AN INDIVIDUAL, FOR THE LEASE OF CITY-OWNED PROPERTY LOCATED AT THE NORTHWEST CORNER OF FRAZINE ROAD AND LA COSTE LANE, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO THE LEASE AGREEMENT.

WHEREAS, the Frazine Road property is an agricultural land parcel of approximately twelve (12) acres, consisting of almond and peach orchards, and

WHEREAS, the property was acquired as a part of a larger purchase of acreage to provide land for the Regional Water Treatment Plant storage tanks known as Terminal Reservoir, and

WHEREAS, the City has leased the property to Louis Boer, Jr. for the last year, and

WHEREAS, the terms of the original lease include an annual payment of $1,500 to the Water Enterprise Fund, payment of property taxes ($1,462 for FY 06/07), and an irrigation tax of approximately $300, and

WHEREAS, the tenant is responsible for maintaining the property and trees in accordance with accepted agricultural practices, and

WHEREAS, this Amendment to the Lease Agreement removes the profit share portion of the lease and lengthens the contract to five years, and

WHEREAS, the cost to the City to maintain this property would be much more than leasing it out to a private party to maintain, and

WHEREAS, the Finance Committee, at its September 24, 2007 meeting, recommended approval of the amendment to the lease agreement,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves and amendment to the original lease agreement with Louis Boer, Jr., an individual, for the lease of City-owned property located at the northwest corner of Frazine Road and La Coste Lane.

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager, or his designee, to execute the Amendment to the Lease Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-654

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO CONDUCT A SOLE SOURCE PROCUREMENT OF DIGITAL VIDEO RECORDING (DVR) SURVEILLANCE SYSTEMS FOR TRANSIT DIVISION BUSES FROM SAFETY VISIONS, INC., LITTLE ELM, TX, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE A PURCHASE AGREEMENT FOR A TOTAL ESTIMATED COST OF $138,524.

WHEREAS, City Transit buses currently have video surveillance systems to protect the safety of the passengers and drivers, and

WHEREAS, video is used to investigate incidences and as a protective measure against bad behavior and vandalism, and

WHEREAS, the 1998 buses have the original VCR units that were installed during manufacturing of the buses, and

WHEREAS, these units are a VCR-type recorder, an older technology that has proven to be susceptible to foreign contaminates such as dust, and maintenance costs have increased as the recorders have aged, and

WHEREAS, new digital video recording (DVR) technology is now available and has dramatically improved the reliability of the video systems, and

WHEREAS, newer buses are equipped with this digital technology and have shown a marked decrease in breakdowns and lost or unusable data, and

WHEREAS, digital technology provides much higher quality data when an incident occurs that requires review of the video, and

WHEREAS, the purchase of these DVR surveillance systems as a sole source purchase will standardize the video systems in the Transit fleet by providing lower maintenance costs and better reliability, and

WHEREAS, it will also minimize the costs associated with purchasing peripheral equipment and software needed to maintain download, manage the recorded data, and training of staff to operate multiple types of systems, and

WHEREAS, funds are budgeted in Accounts 6510-165-1678C-5998 ($124,000) and 6510-165-1678C-5941 ($14,524) for the purchase of Digital Video Recording (DVR) surveillance systems,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to conduct a sole source procurement of Digital Video Recording (DVR) surveillance systems for the Transit Division buses from Safety Vision, Inc., Little Elm, TX.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchasing agreement for a total estimated cost of $138,524.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-655

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE FURNISHING OF WELL AND TANK SITE PAINTING SERVICES FOR THE PUBLIC WORKS DEPARTMENT – WATER DIVISION, FOR A TWO (2)YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR AN ESTIMATED ANNUAL COST OF $35,000.

WHEREAS, the City currently is operating 121 well sites and 10 storage tanks, and

WHEREAS, in an ongoing effort to maintain the integrity of these facilities it is necessary to paint them periodically, and

WHEREAS, the painting of 10-15 sites per year will insure all facilities and equipment are protected from the environment, and

WHEREAS, funds are budgeted in the Water Fund 6100-480-5013-0223 in the amount of $35,000 to fund the well and tank site painting services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to solicit formal request for bids for the furnishing of well and tank site painting services for the Public Works Department – Water Division, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost of $35,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-656

A RESOLUTION APPROVING THE JOINT POWERS AGREEMENT BETWEEN THE CITY OF MODESTO AND STANISLAUS COUNTY FOR THE PLANNING AND CONSTRUCTION OF THE PROJECT TITLED "PELANDALE AVENUE AT SISK ROAD/STATE ROUTE 99 IMPROVEMENTS" AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, continued growth in northern Modesto and Stanislaus County have increased traffic volume at the Pelandale/Highway 99 interchange, and

WHEREAS, the increased traffic has reduced the level of service of the existing interchange including the adjacent intersections and ramps, and

WHEREAS, the interchange serves both City and County residents, and

WHEREAS, the interchange and connecting streets lie on the border between the City and the County with the majority located within the Caltrans right-of-way, and

WHEREAS, the City and County desire to reduce congestion and delays at the intersections by widening the highways and ramps, and

WHEREAS, the proposed project to be completed under this Joint Powers Agreement will consist of widening of portions of Pelandale Avenue, Sisk Road, northbound State Route 99 ramp, and modifying signals, signs and striping, and

WHEREAS, the project will be funded jointly from CEQA Mitigation Fees collected by the County and Capital Facilities Fees collected and administered by the City, and

WHEREAS, the City is actively working with STANCOG and Caltrans to plan the ultimate replacement of the interchange in the near future (10 years), and

WHEREAS, the City has or will take the lead in completing the design, approval, bidding, and inspection for the proposed improvements, and

WHEREAS, an agreement is needed between Stanislaus County and the City of Modesto for the planning and implementation of the proposed "Pelandale Avenue at Sisk to State Route 99 Improvements" project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Joint Powers Agreement between the City of Modesto and Stanislaus County for the planning and construction of the Project titled "Pelandale Avenue at Sisk to State Route 99 Improvements."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-657

A RESOLUTION APPROVING A RENEWAL AND FOUR-YEAR EXTENSION OF THE OCTOBER 2001, MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY AND THE STANISLAUS AND TUOLUMNE RIVERS' GROUNDWATER BASIN ASSOCIATION FOR PURPOSES OF CONTINUED COORDINATION RELATED TO GROUNDWATER MANAGEMENT ACTIVITIES, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE A LETTER OF EXTENSION

WHEREAS, in 1992, the California Legislature passed Assembly Bill (AB) 3030, which was designed to provide local public agencies increased management authority over their groundwater resources, and

WHEREAS, in September 2002, new legislation (Senate Bill 1938) expanded AB 3030 to encourage local agencies to work cooperatively together in the management of groundwater resources, and

WHEREAS, the City overlies two groundwater basins, the Modesto Groundwater Sub-basin, overseen by the Stanislaus and Tuolumne Rivers' Groundwater Basin Association (STRGBA), and the Turlock Groundwater Sub-basin, overseen by the Turlock Groundwater Basin Association, and

WHEREAS, on October 9, 2001, Council adopted Resolution No. 2001-515, which approved a Memorandum of Understanding (MOU) between the City and the STRGBA to coordinate groundwater management activities within the Modesto Groundwater Sub-basin, and

WHEREAS, City staff has actively participated in ongoing groundwater management efforts, and on June 29, 2005, Council adopted Resolution No. 2005-340, which approved an Integrated Regional Groundwater Management Plan (IRGMP) developed by the STRGBA, and

WHEREAS, with an objective of developing a safe and sustaining water supply, the IRGMP provides a framework for overseeing and coordinating groundwater management activities within the Modesto Groundwater sub-basin, and

WHEREAS, the IRGMP identifies various Basin Management Objectives to be studied and possibly be implemented, such as, improving supply reliability, identifying potential recharge areas, optimizing well field operations, and developing conjunctive use strategies to improve water quality, and

WHEREAS, one particular study currently being conducted by the United States Geologic Survey (USGS) is to develop a groundwater flow model of the sub-basin (supported by funding from the USGS and the STRGBA), and

WHEREAS, member agencies of the STRGBA have mutually agreed to recommend extending the terms of the MOU to their respective Council or Board for an additional four years, and

WHEREAS, the terms of the MOU with the STRGBA expired on December 31, 2006, and it is desirable that the MOU be renewed and extended by four years to December 31, 2010 as this action supports the City Council goal of a water system that has sufficient capacity for all current and future economic growth, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a renewal and four-year extension of the October 2001, Memorandum of Understanding between the City and the Stanislaus and Tuolumne Rivers' Groundwater Basin Association for purposes of continued coordination related to groundwater management activities.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute a Letter of Extension.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-658

A RESOLUTION FINDING THAT THE FLOYD AVENUE WIDENING PROJECT BETWEEN ROSELLE AVENUE AND FINE AVENUE IS WITHIN THE SCOPE OF THE PREVIOUSLY CERTIFIED VILLAGE ONE SPECIFIC PLAN PROGRAM EIR, AS AMENDED BY THE VILLAGE ONE SUPPLEMENTAL EIR AND THE ADDENDUM TO THE EIR (SCH NO. 90020181).

WHEREAS, the City Council has received and considered the Written Checklist, Environmental Assessment No. EA/PW No. 2006-30, that concludes that the project entitled "Floyd Avenue Widening Project Between Roselle Avenue and Fine Avenue," is within the scope of the previously certified Village One Specific Plan Program EIR, as amended by the Village One Supplemental EIR and the Addendum to the EIR (SCH No. 90020181), and that, pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines:

1. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the Village One Program EIR, as amended by the 1994 Supplemental EIR and the 2003 Addendum to the EIR ("Program EIR") and no new environmental document or findings are required by CEQA.
2. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial

increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR are required.

3. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.
4. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:
    a. one or more significant effects which is not discussed in the Program EIR; or,
    b. significant effects which were previously examined will be substantially more severe than previously shown; or,
    c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,
    d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the

environment, but the Project proponents decline to adopt the mitigation measure or alternative.

The City Council has received and considered the Written Checklist Environmental Assessment EA/PW No. 2006-30, which provides the substantial evidence to support findings 1-4 above.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-659

A RESOLUTION INCREASING THE PUBLIC WORKS DIRECTOR'S AUTHORITY TO ISSUE CHANGE ORDERS ON THE PROJECT ENTITLED "KING-KENNEDY MEMORIAL CENTER KITCHEN AND AUDITORIUM RENOVATION" FROM 10 PERCENT ($59,800.80) TO 15 PERCENT ($89,701.20) OF THE ORIGINAL CONTRACT PRICE WITH JHK CONSTRUCTION

WHEREAS, on April 24, 2007, by Resolution No. 2007-242, the City Council awarded a $598,008.00 contract to JHK Construction to construct the "King-Kennedy Memorial Center Kitchen and Auditorium Renovation" project, and

WHEREAS, the contractor started work on June 4, 2007, and

WHEREAS, additional work not included in the original bid needed to be added to the project to allow completion of the requested renovations, and

WHEREAS, the cost of the extra work was estimated to be as high as $89,701.20, an amount which exceeded the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443 on July 19, 1994, and

WHEREAS, the Director currently has authority to approve change orders up to a cumulative amount of $59,800.80,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby increases the Public Works Director's authority to issue change orders on the project entitled "King-Kennedy Memorial Center Kitchen and Auditorium Renovation" from 10 percent ($59,800.80) to 15 percent ($89,701.20) of the original contract price with JHK Construction.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-660

A RESOLUTION DIRECTING THE CITY CLERK TO SUBMIT TO THE VOTERS AT THE PRESIDENTIAL PRIMARY ELECTION A MEASURE SEEKING A VOTE ON THE QUESTION OF WHETHER THE CITY OF MODESTO SHOULD CHANGE ITS SYSTEM OF ELECTING CITY COUNCILMEMBERS TO A "BY DISTRICT" SYSTEM.

BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Pursuant to Article 11 of Section 3 of the California Constitution and Section 9255(a)(2) of the California Elections Code, and California Government Code Section 34458, the Council of the City of Modesto proposes to and does hereby, on its own motion, submit to the qualified electors of the City of Modesto, at the Presidential Primary Election to be held on February 5, 2008, a measure seeking a vote on the question of whether the City of Modesto should change its system of electing City Councilmembers to a "By District" system.

SECTION 2. That a measure is to appear on the ballot as follows:

Should Modesto change its system of electing City Councilmembers to a "By District" system as follows:	YES	
Six Districts where candidates must live in the District they wish to represent and the voters who live in the District vote on who will represent that District?	NO	

SECTION 3. That the City Clerk is hereby directed to file a certified copy of this resolution with the Board of Supervisors and the County Election Department of the County of Stanislaus.

SECTION 4. That the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-663

A RESOLUTION APPROVING THE EXPENDITURE OF THE CITY OF MODESTO'S 2007/2008 ALLOCATION IN THE AMOUNT OF $402,222 FROM THE STATE SUPPLEMENTAL LAW ENFORCEMENT SERVICES FUND (SLESF) FOR FRONTLINE MUNICIPAL POLICE SERVICES AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY PROGRAM DOCUMENTS

WHEREAS, in 1996, the State Legislature passed, and the Governor signed, Assembly Bill 3229, the Supplemental Law Enforcement Services Act, and

WHEREAS, the legislation has continued to be funded each subsequent year at $100 million, statewide, from sales and use taxes, for exclusive funding of frontline municipal police services, in accordance with written requests submitted by the Chief of Police of a city to his or her governing body, convened in public hearing, and

WHEREAS, the purpose of the law is to provide for additional resources to be applied at the local level for purpose of ensuring public safety, and

WHEREAS, the funding for each county and city is based upon proportionate population, and

WHEREAS, the allocation to the City of Modesto for fiscal year 2007/2008 is $402,222, and

WHEREAS, the program requires a public hearing to consider and determine each request submitted by local governmental Chiefs of Police or Sheriffs regarding spending plans, and

WHEREAS, these funds must be held in an interest-bearing Supplemental Law Enforcement Services Fund and must not be used to supplant existing budget funds, and

WHEREAS, the Modesto Police Department recommends using the SLESF monies to pay personnel and equipment costs for frontline police services for:

1. Pay the first annual loan repayment to the Fleet Fund for the 81 Mobile Digital Computers (MDCs) approved by City Council on December 5, 2006 by Resolution No. 2006-749 ($117,201), and
2. Utilize the remainder of the SLESF funds for overtime costs ($285,021) See **Attachment A.** This action will adjust the budget to appropriate these funds.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that after holdinga public hearing, it hereby accepts the Chief of Police's spending plan for the 2007/2008 State Supplemental Law Enforcement Services Fund allocation of $402,222 for frontline municipal police services.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary program documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-664

A RESOLUTION AMENDING THE 2007/2008 FISCAL YEAR OPERATING BUDGET TO APPROPRIATE REVENUES AND EXPENDITURES FOR THE CITY OF MODESTO'S ALLOCATION FROM THE STATE SUPPLEMENTAL LAW ENFORCEMENT SERVICES FUND (SLESF)

WHEREAS, in 1996, the State Legislature passed, and the Governor signed, Assembly Bill 3229, the Supplemental Law Enforcement Services Act, and

WHEREAS, the legislation has continued to be funded each subsequent year at $100 million, statewide, from sales and use taxes, for exclusive funding of frontline municipal police services, in accordance with written requests submitted by the Chief of Police of a city to his or her governing body, convened in public hearing, and

WHEREAS, the purpose of the law is to provide for additional resources to be applied at the local level for the purpose of ensuring public safety, and

WHEREAS, the funding for each county and city is based upon proportionate population, and

WHEREAS, the allocation to the City of Modesto for fiscal year 2007/2008 is $402,222, and

WHEREAS, the Modesto Police Department plans to budget these funds for frontline municipal police services, and

WHEREAS, the adopted 2007/2008 Police 07-08 SLESF allocation in the amount of $402,222 will be applied to account number 0400-190-2923-5008,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby amends the Fiscal Year 2007/2008 operating budget to appropriate

revenues and expenditures to 0400-190-2923-5008 for frontline municipal police services.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-665

A RESOLUTION DETERMINING THAT THE PUBLIC INTEREST AND NECESSITY REQUIRE THE ACQUISITION OF CERTAIN PROPERTY INTERESTS AND DIRECTING THE FILING OF EMINENT DOMAIN PROCEEDINGS FOR THE FLOYD AVENUE WIDENING PROJECT BETWEEN ROSELLE AVENUE AND FINE AVENUE.

Wade Ramey and Nerie Ramey, Property Owners

Property Address: Real property and improvements to real property (in fee) and temporary construction easement located at 3725 Floyd Avenue, Modesto, CA

Assessor's Parcel No.: 085-018-062 (portion)

WHEREAS, in accordance with the Circulation Transportation element of the City of Modesto Urban General Plan, Floyd Avenue between Roselle Avenue and Fine Avenue is designated as a minor arterial street. Floyd Avenue between Roselle Avenue and Fine Avenue currently is a two lane roadway and will be expanded to become a minor arterial consisting of four traffic lanes, and curb, gutter, sidewalks, median and landscaping.

WHEREAS, on October 3, 2006, by Resolution 2006-637, the City Council approved CIP Project Number X512 "Floyd Avenue between Roselle Avenue and Fine Avenue" as part of the City of Modesto's CIP Program, and

WHEREAS, the Project, when completed will improve traffic circulation and reduce traffic congestion in northeast Modesto, and

WHEREAS, the City of Modesto is vested with the powers of eminent domain to acquire the property interests for the Project by virtue of Article 1, Section 19 of the Constitution of the State of California, Government Code Sections, 37350.5 and 40404, Sections 1240.010, 1240.050, 1240.110, 1240.120, 1240.140, 1240.150 and 1240.350 of the Code of Civil Procedure of the State of California, and Section 1810 of the Streets and Highway Code of the State of

California, and

WHEREAS, it is desirable and necessary for the City of Modesto to acquire certain real property interests on Assessor's Parcel Number 085-018-062, including fee title together will all improvements situated thereon and together with all rights appurtenant thereto, as described in Exhibit "A" and depicted in Exhibit "B" and a temporary construction easement as described in **Exhibit "A-1"** and depicted in **Exhibit "B-1",** which exhibits are attached hereto and made a part hereof by this reference and hereinafter referenced as the "Subject Project" in order to construct, widen, and/or improve Floyd Avenue between Roselle Avenue and Fine Avenue in the City of Modesto and the County of Stanislaus ("Project") and

WHEREAS, pursuant to the provisions of Section 1245.235 of the Code of Civil Procedure of the State of California, notice has been duly given to all persons whose property is to be acquired by eminent domain and whose names and addresses appear on the last Stanislaus County equalized assessment roll all whom have been given a reasonable opportunity to appear and be heard before the City of Modesto on the following matters:

(a) Whether the public interest and necessity require the Project;

(b) Whether the Project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury;

(c) Whether the property sought to be acquired is necessary for the Project;

(d) Whether the offer required by Government Code Section 7267.2 has been made to the owner(s) of record, and

WHEREAS, pursuant to the provisions of Section 7267.2 of the Government Code of the State of California, on or about May 23, 2007, the City of Modesto made a written

offer to Wade and Nerie Ramey to acquire the subject property for just compensation, and

WHEREAS, the City of Modesto has satisfied the provisions and complied with all requirements of the California Environmental Quality Action ("CEQA") for the Project, and

WHEREAS, the hearing was held on November 7, 2007, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, CA at which time evidence both oral and documentary was received and considered,

NOW, THEREFORE, IT IS FOUND, DETERMINED, ORDERED AND RESOLVED as follows:

1. The public interest and necessity require the Project for the acquisition of the fee simple and the temporary construction easement in and through the above-identified parcel of land.

2. The Project is planned and located in the manner which will be most compatible with the greatest public good and the least private injury.

3. The taking of the fee simple title in and to the real property and other interests including improvements to real property as more particularly described in Exhibit A and depicted in Exhibit B is necessary for the Project.

4. The taking of the temporary construction easement in and to the real property as more particularly described in Exhibit A-1 and depicted in Exhibit B-1 is necessary for the Project.

5. The offer required by Section 7267.2 of the Government Code of the State of California has been made to the owner or owners of record of the real property.

6. All conditions and statutory requirements necessary to exercise the power of eminent domain to acquire the property interests described herein have been complied with by the City of Modesto.

7. The Office of the City Attorney of the City of Modesto or counsel retained by it, is hereby authorized, empowered and directed to acquire, in the name of City of Modesto, by condemnation, the Subject Property in accordance with the provisions of the Eminent Domain Law, the Code of Civil Procedure and the Constitution of California; to prepare, prosecute and conduct to conclusion in the name of the City of Modesto such

proceedings in the proper court as are necessary for such acquisition and to take proceedings in the proper court as are necessary for such acquisition and to take such action as may be deemed advisable or necessary in connection therewith; and, to deposit the probable amount of just compensation based on an appraisal.

8. The Office of the City Attorney of the City of Modesto or counsel retained by it, is hereby authorized and empowered to deposit with the State Treasury Condemnation Fund the probable amount of compensation, based on appraisal, and apply to the Court for an order of prejudgment possession of the subject property interest for said public uses and purposes.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of November, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-667

A RESOLUTION RESCINDING CITY COUNCIL RESOLUTION NO. 2007-530, APPROVING THE FILING OF AN APPLICATION TO THE STANISLAUS LOCAL AGENCY FORMATION COMMISSION TO ANNEX APPROXIMATELY 3.2 ACRES OF PROPERTY LOCATED NORTH OF KANSAS AVENUE AND EAST OF LONE PALM AVENUE TO THE CITY OF MODESTO AND SEWER DISTRICT NO. 1 AND TO DETACH SAID PROPERTY FROM THE WOODLAND FIRE PROTECTION DISTRICT (OWNER INITIATED – UNINHABITED)

WHEREAS, Government Code Section 56650 provides that proceedings to initiate a change of organization to annex additional territory to a City may be initiated by Resolution of Application or Petition, and

WHEREAS, on September 4, 2007, at 5:30 p.m., in the Tenth Street Place Chambers at 1010 Tenth Street, Modesto, California, the City Council held a duly noticed public hearing to consider the proposed Resolution of Application for annexation of the Property; and

WHEREAS, on September 4, 2007, the City Council adopted Resolution No. 2007-530 approving the filing of an application to the Stanislaus Local Agency Formation Commission to annex approximately 3.2 acres of property located north of Kansas Avenue and east of Lone Palm Avenue to the City of Modesto and Sewer District No. 1 and to detach said property from the Woodland Fire Protection District; and

WHEREAS, staff inadvertently attached incorrect **Exhibits A and B** to Resolution No. 2007-530; and

WHEREAS, staff is recommending the City Council rescind Resolution No. 2007-530 and adopt a new resolution approving the filing of an application to the Stanislaus Local Agency Formation Commission to annex approximately 3.55 acres of

property located north of Kansas Avenue and east of Lone Palm Avenue to the City of Modesto and Sewer District No. 1 and to detach said property from the Woodland Fire Protection District.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that it hereby rescinds:

1. Resolution No. 2007-530 entitled, "A Resolution Approving the Filing of an Application to the Stanislaus Local Agency Formation Commission to Annex Approximately 3.2 Acres of Property Located North of Kansas Avenue and East of Lone Palm Avenue to the City of Modesto and Sewer District No. 1 and to Detach Said Property from the Woodland Fire Protection District (Owner Initiated – Uninhabited)" is hereby rescinded.

The foregoing resolution was introduced at the regular meeting of the City Council held on the 13th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion was seconded by Councilmember O'Bryant, and carried by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-668

A RESOLUTION APPROVING THE FILING OF AN APPLICATION TO THE STANISLAUS LOCAL AGENCY FORMATION COMMISSION TO ANNEX APPROXIMATELY 3.55 ACRES OF PROPERTY LOCATED NORTH OF KANSAS AVENUE AND EAST OF LONE PALM AVENUE TO THE CITY OF MODESTO AND SEWER DISTRICT NO. 1 AND TO DETACH SAID PROPERTY FROM THE WOODLAND FIRE PROTECTION DISTRICT (OWNER INITIATED – UNINHABITED)

WHEREAS, 4701 Stoddard, LLC, (applicant) represents Greg and Christine Kyler, Jose Zamora, and Jack McCoy, the owners of approximately 3.55 acres of real property, located north of Kansas Avenue and east of Lone Palm Avenue ("Property"), and

WHEREAS, the City has received a written request from the applicant to initiate annexation of the Property to the City of Modesto under the Cortese-Knox-Hertzberg Local Reorganization Act of 2000, California Government Code Section 56000, et seq, and

WHEREAS, Government Code Section 56650 provides that proceedings to initiate a change of organization to annex additional territory to a City may be initiated by Resolution of Application or Petition, and

WHEREAS, the Property proposed to be annexed is uninhabited, and a description of the boundaries of the subject Property is set forth in **Exhibits "A" and "B"**, attached hereto and by this reference incorporated herein, and

WHEREAS, the subject territory proposed to be annexed is within Stanislaus County, contiguous to the existing City limits and within the current Sphere of Influence

of the City of Modesto, as adopted by Stanislaus Local Agency Formation Commission, Resolution No. 2004-26, on September 22, 2004, and

WHEREAS, before an annexation application may be heard by LAFCO, there must be an agreement with the County providing for the sharing of property taxes following an annexation, and

WHEREAS, the proposed annexation area is covered by the Master Property Tax Agreement entered into between the County of Stanislaus and City of Modesto which was approved by Council Resolution No. 96-170 on April 9, 1996, and

WHEREAS, the proposed Property is not subject to a Williamson Act contract, pursuant to Government Code Section 51200, et seq, and

WHEREAS, it is desired to provide that the proposed reorganization be subject to the following terms and conditions:

(a) The annexation of said property, as set forth on Exhibits "A" and "B" attached hereto, to the City of Modesto.
(b) The annexation of said property, as set forth on Exhibits "A" and "B" attached hereto, to the Modesto Sewer District No. 1.
(c) The detachment of said property from the Woodland Fire Protection District, and

WHEREAS, the reasons for this proposed reorganization to the City of Modesto are as follows:

(a) Staff has received a written request signed by the property owners to annex their properties to the City of Modesto.
(b) The proposed annexation is within the existing Sphere of Influence and is consistent with the Urban Area General Plan and can be most efficiently served by City services.
(c) The proposed annexation will result in planned, orderly and efficient development of the area, and provision of services, and

WHEREAS, pursuant to Government Code Section 56653, a plan for providing services is set forth in Exhibit "C", attached hereto and by this reference incorporated herein, and

WHEREAS, an Initial Study (Environmental Assessment No. EA/C&ED 2006-68) was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR, and

WHEREAS, the Planning Commission held a duly noticed public hearing to consider the proposed application for annexation on April 16, 2007, at 7:00 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California and recommended adoption of a Resolution of Application to annex the property, and

WHEREAS, on September 4, 2007, at 5:30 p.m., in the Tenth Street Place Chambers at 1010 Tenth Street, Modesto, California, the City Council held a duly noticed public hearing to consider the proposed Resolution of Application for annexation of the Property.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Modesto hereby finds and determines as follows:

1. That the proposed annexation and this Resolution of Application are consistent with the Modesto Urban Area General Plan, because they are consistent with General Plan Urban Growth Policy II.C.1.b., which states, "Urban development should be kept as contiguous as possible in order to avoid premature urbanization of valuable farm land, foster resident convenience, and provide for economy in City services," and because the development resulting from the proposed annexation is consistent with the General Plan.

2. The type of project under consideration is described in Chapter II of the MEIR and is within the scope of the MEIR (SCH No. 1999082041), which analyzed the potential impacts of build out of the Baseline Development Area.

3. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or have otherwise been made conditions of approval of the project.

4. That the proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.

5. That no new or additional mitigation measures or alternatives are required.

6. The Initial Study, Environmental Assessment No. EA/C&ED 2006-68, provides the substantial evidence to support findings 2-5 above.

7. The Property proposed to be annexed to the City of Modesto is uninhabited, and a description of the boundaries of the subject Property is set forth in Exhibits "A" and "B," attached hereto and by this reference incorporated herein.

8. The Property is located within Stanislaus County, and is within the City's existing Sphere of Influence, is contiguous to the existing City limits and can be most efficiently served with City services.

9. The proposed annexation will result in planned, orderly, and efficient development of the area, and the most efficient provision of services.

10. An agreement for the sharing of property taxes for the Property was approved by the Master Property Tax Agreement entered into between the County of Stanislaus and City of Modesto which was approved by Council Resolution No. 96-170 on April 9, 1996.

11. The Property is not subject to a Williamson Act Contract pursuant to Government Code Section 51200, et seq.

12. The proposed annexation is within the scope of the Urban Area General Plan MEIR (SCH No. 1999082041) and has been adequately analyzed in the MEIR.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby adopts this Resolution of Application to annex the Property to the City of Modesto and Modesto Sewer District No. 1 and to detach the Property from the Industrial Fire Protection District.

BE IT FURTHER RESOLVED by the City Council of the City of Modesto that:

1. All owners of land within the affected Property have given their written consent to the reorganization and therefore, pursuant to California Government Code Section 56663 (c)(1), the City Council consent to waiver of conducting authority proceedings.

2. Pursuant to Government Code Section 56653, the City Council shall submit the plan for providing services as set forth in Exhibit "C," attached hereto and by this reference incorporated herein.

The foregoing resolution was introduced at a regular meeting of the City Council held on the 13th day of November, 2007, by Dunbar, who moved its adoption, which motion was seconded by O'Bryant, and carried by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-669

A RESOLUTION AUTHORIZING THE CESSATION OF SPECIAL TAXES FOR APN 082-025-002 (FORMERLY A PORTION OF APN 082-025-009) FROM CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 1997-1 AND DIRECTING THE CITY CLERK TO RECORD A NOTICE OF CESSATION OF SPECIAL TAX

WHEREAS, on June 24, 1997, the City Council adopted Resolution No. 97-355, establishing the City's Community Facilities District No. 1997-1 (North Beyer Park) ("District #1") and authorizing the levy of special taxes within District #1 pursuant to Chapter 2.5 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"), which Resolution has been amended from time to time, and

WHEREAS, on August 5, 1997, the City Council adopted Ordinance No. 3047-C.S., levying the special taxes within District #1, which Ordinance has been amended from time to time, and

WHEREAS, following the formation of District #1, the City Council has ordered annexations to District #1; and

WHEREAS, certain parcels have been annexed to District #1, and

WHEREAS, on June 12, 2007, the City Council adopted Resolution No. 2007-356, establishing the City's Community Facilities District No. 2007-1 (North Beyer Park #2) ("District #2) and authorizing the levy of special taxes within District #2 pursuant to the Act, and

WHEREAS, on June 12, 2007, the City Council adopted Ordinance No. 3445-C.S., effective July 26, 2007, levying the special taxes within District #2; and

WHEREAS, pursuant to Government Code Section 53330.5, the City Council may determine that a special tax shall cease to be levied when it is no longer needed to pay the costs and incidental expenses of services or of the construction of facilities authorized by the Act, and

WHEREAS, the special taxes to be levied on parcels within District #2 incorporate and include the costs and incidental expenses of services and the construction of facilities that were previously authorized in the special taxes to be levied on parcels within District #1, and

WHEREAS, the proceedings contemplated, and it is in the public interest, that for APN 082-025-002 (formerly a portion of APN 082-005-009) (the "Parcel") which was annexed to District #1 and subsequently annexed to District #2, the special tax obligation authorized to be levied pursuant to Resolution No. 97-355, as amended, and Ordinance No. 3047-C.S., as amended, would no longer be needed, and would be permanently satisfied and cease to be levied, upon annexation of the Parcel to District #2.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND DETERMINED by the Council of the City of Modesto, as follows:

SECTION 1: The above recitals are true and correct.

SECTION 2: For the Parcel which was annexed to District #1 and which subsequently annexed to District #2, the special tax obligation authorized to be levied pursuant to Resolution No. 97-355, as amended, and Ordinance No. 3047-C.S., as amended, is no longer necessary to pay the costs and incidental expenses for services or for the construction of facilities authorized for District #1, and shall be permanently satisfied and cease to be levied, upon annexation of the Parcel to District #2.

SECTION 3: The City Clerk is hereby directed to record a Notice of Cessation of Special Tax for the special tax obligation authorized to be levied pursuant to Resolution No. 97-355, as amended, and Ordinance No. 3047-C.S., as amended, as the Parcel which was annexed to District #1 and subsequently annexed to District #2.

SECTION 4: The Notice of Cessation shall state that the obligation to pay the special tax authorized to be levied pursuant to City Council Resolution No. 97-355, as amended, and Ordinance No. 3047-C.S., as amended, has ceased and that the lien imposed by the Notice of Special Tax Lien recorded in the records of the County Recorder of Stanislaus County, State of California, is extinguished.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-670

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE OF CISCO SMARTNET HARDWARE MAINTENANCE FOR THE INFORMATION TECHNOLGY DEPARTMENT TO NEXUS IS, INC., VALENCIA, CA, FOR A TERM OF THREE (3) YEARS, AT AN ESTIMATED ANNUAL COST OF $42,659, AUTHORIZE THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE AN ANNUAL PAYMENT AGREEMENT AT 0% FINANCING WITH CISCO SYSTEMS, AND AUTHORIZE THE PURCHASING MANAGER TO ISSUE A PURCHASE AGREEMENT.

WHEREAS, in 2004, the City standardized all switching and routing network equipment on Cisco Systems, Inc. The City's networking infrastructure is key to providing host connectivity to all data services including e-mail, telephone and telecom, video conferencing, 9-1-1 dispatch, Interactive Voice Response (IVR), Wireless Fidelity (Wi-Fi), the INET and internet access to all departments , and

WHEREAS, network uptime and optimization are critical components of the high operational standards the City's I.T. Network Division takes seriously and are partially achieved through vendor support contracts. These contracts provide a triage of support that assist staff in maintaining a "five nines" level of operational service, and

WHEREAS, Cisco SMARTnet Service is a technical support service that provides City staff with direct, anytime access to Cisco engineers and an extensive range of technical resources. SMARTnet delivers rapid issue resolution, flexible device-by-device coverage, and premium service options to help maximize operational efficiency, and

WHEREAS, on May 22, 2007, the City Council approved Resolution No. 2007-292 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of Cisco SMARTnet hardware maintenance for a term of three (3) years on behalf of the Information Technology Department, and

WHEREAS, on August 15, 2007, the Purchasing Division issued RFB No. 0708-03 for the purchase of Cisco SMARTnet hardware maintenance to six (6) prospective bidders, two (2) of which were local companies, posted the bid on the City's web site and formally advertised as required by law, and

WHEREAS, on September 11, 2007, RFB's were formally opened in the City Clerk's office. Of the six (6) prospective bidders, three (3) companies chose to respond, and

WHEREAS, one company submitted a non-responsive and non-responsible bid and the bid submittal was rejected, and

WHEREAS, based on being deemed the lowest responsive and responsible bidder, City staff recommends the award of bid and contract for the purchase of Cisco SMARTnet hardware maintenance to Nexus IS, Inc., Valencia, CA, for a term of three (3) years, at an estimated annual cost of $42,659, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid and contract for the purchase of Cisco SMARTnet hardware maintenance for the Information Technology Department conforms to the Modesto Municipal Code,

WHEREAS, funds are budgeted and available in the following account for the purchase of Cisco SMARTnet hardware maintenance in FY 07/08, account number 7130-070-0743-0223,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase of Cisco SMARTnet hardware maintenance to Nexus IS, Inc., Valencia, CA.

BE IT FURTHER RESOLVED that the City Manager, or his designee, shall sign an annual payment agreement with Cisco Systems and the Purchasing Manager is hereby authorized to issue a purchase agreement for a term of three (3) years, at an estimated annual cost of $42,659.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-671

A RESOLUTION APPROVING AN AGREEMENT FOR FIRE PROTECTION SERVICES BETWEEN THE WOODLAND AVENUE FIRE PREVENTION DISTRICT AND THE CITY OF MODESTO, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, for many years the Woodland Avenue Fire Protection District has protected several county islands within the City of Modesto, and

WHEREAS, in many of these islands the Modesto Fire Department responds in addition to the Woodland Avenue Fire Protection District through an adopted Automatic Aid Agreement, and

WHEREAS, several county islands are far closer to Modesto Fire Stations, and the Modesto Fire Department arrives first on scene, and often cancels Woodland Avenue Fire Prevention District's resources, and

WHEREAS, the current agreement expires in August 2008, and it is critical to establish a new, long-term agreement prior to this date, and

WHEREAS, First response from multiple agencies is often unnecessary and increases the number of emergency vehicles traveling "code 3" (lights and sirens), and

WHEREAS, this Agreement would shift both primary emergency response and revenue to the Modesto Fire Department, and

WHEREAS, the Safety and Communities Committee approved this request at the November 5, 2007, meeting for recommendation to the full Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement for fire protection services between the Woodland Fire Protection District and the City of Modesto.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-673

A RESOLUTION APPROVING A GRANT APPLICATION FOR $540,000 FROM THE SAFE ROUTES TO SCHOOL GRANT PROGRAM FOR FUNDING FOR THE CONSTRUCTION AND INSTALLTION OF 2,850 LINEAL FEET OF CURB, GUTTER, CURB RAMPS, SIDEWALK AND FENCING BETWEEN CALIFORNIA AVENUE AND MAZE BOULEVARD, ALONG THE MODESTO IRRIGATION DISTRICT'S LATERAL 4, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE APPROPRIATE DOCUMENTS

WHEREAS, The Safe Routes to School Grant Program ("Program") came into effect in 1999 with the passage of Assembly Bill 1475 (AB1475), and

WHEREAS, Section 2333.5 of the Streets and Highways Code calls for the Department of Transportation, in consultation with the California Highway Patrol (CHP), to make grants available to local governmental agencies under the Program, based upon the results of a statewide competition, and

WHEREAS, the goals of the Program are to reduce injuries and fatalities to school children and to encourage increased walking and bicycling among students, and

WHEREAS, the City of Modesto has an unpaved route from Maze Boulevard to California Avenue that is used by students going to and from Franklin Elementary School and Mark Twain Junior High School, and

WHEREAS, staff and community members believe that improvement to this path with 2,850 lineal feet of curb, gutter, curb ramps, sidewalk and fencing is an excellent match for the Safe Routes to School Grant Program, and

WHEREAS, the State of California has called for project proposals to be sent to the California Transportation Department by November 16, 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. The filing of a grant application for $540,000 from the State Safe Routes to School Grant Program is hereby approved.

2. The City Manager, or his designee, is hereby authorized as agent of the applicant to conduct all negotiations and execute and submit all documents, including, but not limited to, applications, contracts, amendments, payment requests, and compliance with all applicable current state and federal laws, which may be necessary for the completion of the aforementioned Project upon acceptance of said grant by the City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of November 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-674

A RESOLUTION APPROVING A SIXTY (60) DAY EXTENSION TO A 6-MONTH PROVISIONAL APPOINTMENT FOR NATHAN GORTH AS COMPOST FACILITY SUPERVISOR

WHEREAS, the Parks, Recreation and Neighborhoods Department has a vacant Compost Facility Supervisor position, and

WHEREAS, Nathan Gorth was provisionally appointed as Compost Facility Supervisor on May 29, 2007, and

WHEREAS, the Parks, Recreation and Neighborhoods Department desires to extend the provisional appointment of Nathan Gorth to this position until a successful candidate can be hired in the capacity of Compost Facility Supervisor, and

WHEREAS, Modesto Personnel Rule 7.5 (c) requires Council approval if a provisional appointment is to exceed the six-month period authorized by said rule, and

WHEREAS, staff is requesting that the City Council approve a sixty (60) day extension to this provisional appointment,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that a sixty (60) day extension to the six-month provisional appointment of Nathan Gorth to the position of Compost Facility Supervisor is hereby approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of November 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-675

A RESOLUTION APPROVING THE PROCEDURE AND COST RECOVERY SCHEDULE FOR BOARD UP AND MAINTENANCE OF ABANDONED AND UNSECURED RESIDENTIAL PROPERTIES

WHEREAS, a report issued in May 2007 from ForeclosureDatabank.com, an extensive foreclosure listings database, confirms that foreclosure activity across the United States, as measured by total numbers of filings, continues the steep trend upward, and

WHEREAS, due to the increasing numbers of foreclosed properties that appear to be abandoned, the City of Modesto has started to track abandoned properties, mainly residential in nature, and

WHEREAS, on September 7, 2007, Neighborhood Preservation Unit (NPU) staff identified and confirmed 185 abandoned residential properties in Modesto, and

WHEREAS, while the majority of these abandoned residential properties are currently secured, the condition of the landscaping and buildings of over 90% of inventoried properties is in a state of deterioration, and

WHEREAS, at least 33 or 18% of the identified abandoned residential properties currently are unsecured, and

WHEREAS, Neighborhood Preservation Unit staff is proposing to assess fees to property owners of abandoned and unsecured properties that have previously been adopted by the City Council, and

WHEREAS, Section 4-12.404 of the Modesto Municipal Code authorizes the imposition and collection of reinspection fees, and

WHEREAS, Sections 9-8.05.01 and 9-8.07.01 of the Modesto Municipal Code authorizes the City Council, by resolution, to establish fees associated with a dangerous building, and

WHEREAS, on April 12, 2007, by Resolution No. 2007-163, the City established the Substandard and Dangerous Building Code Fees, and

WHEREAS, City staff proposes a procedure and cost recovery schedule for the initial board up and maintenance of abandoned and unsecured residential buildings, and

WHEREAS, the Economic Development Committee met on October 8, 2007, and supported staff's recommendation to appropriate $50,000 from the General Fund Reserve, to Neighborhood Preservation, Abandoned Home Expenses, for initial funding to implement the procedure and costs for board up and maintenance of abandoned and unsecured residential properties, and

WHEREAS, the Finance Committee met on October 22, 2007, and supported staff's recommendation to appropriate $50,000 from the General Fund Reserve, to Neighborhood Preservation, Abandoned Home Expenses, for initial funding to implement the procedure and costs for board up and maintenance of abandoned and unsecured residential properties,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the procedure and cost recovery schedule for board up and maintenance of abandoned and unsecured residential properties as follows:

1. A case will be set up when NPU staff receives a call regarding an abandoned and unsecured residential property, or NPU staff identifies the property while out in the field.

2. NPU staff will make contact with the legal owner of the property. In many cases, this is an arduous task depending on the chain of title, and the status of the foreclosure action. Many times, a property can change ownership several times during real estate transactions and it is often difficult to ascertain the true owner of the property. Additionally, many mortgage businesses are going bankrupt, so tracking of owner of loans from these agencies adds to the complexity of this matter. The process of locating the responsible owner/trustee or beneficiary may take more than two weeks.

3. Once the property owner is identified, a Notice and Order to "Board and Abate" will be sent to the property owner. The property owner will be given 15 days to secure the property and remove all garbage, debris, and weeds, etc. on site. The property owner must secure the residential building according to the specifications provided to the property owner.

4. If the property is secured and free of garbage, debris, and weeds, etc., the case will be placed on a pending list. Since the status of an abandoned property can change rapidly, the property will be inspected on a monthly basis to track the condition of the property. The property owner will be assessed a code enforcement inspection fee based on fees previously adopted by the City Council.

5. If the property is not secured and free of garbage, debris, and weeds, etc., NPU staff will contact a certified and insured contractor to board up the building and clean the property. A lien on the property for the initial cost of board up and cleaning will be placed on the property. The property will be inspected monthly at the adopted inspection fee. If the condition of the property does not meet minimum standards, and the property owner is unresponsive, NPU staff will arranged for cleaning, and the established cleaning charges will be assessed against the property, and

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of November 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-676

A RESOLUTION AMENDING THE FISCAL YEAR 2007-08 OPERATING BUDGET TO APPROPRIATE $50,000 FROM 0100-800-8000-8003,THE GENERAL FUND RESERVE, TO 0100-370-3770-0515, NEIGHBORHOOD PRESERVATION, ABANDONED HOME EXPENSES, FOR INITIAL FUNDING TO IMPLEMENT THE PROCEDURE AND COSTS FOR BOARD UP AND MAINTENANCE OF ABANDONED AND UNSECURED RESIDENTIAL PROPERTIES

WHEREAS, a report issued in May 2007 from ForeclosureDatabank.com, an extensive foreclosure listings database, confirms that foreclosure activity across the United States, as measured by total numbers of filings, continues the steep trend upward, and

WHEREAS, due to the increasing numbers of foreclosed properties that appear to be abandoned, the City of Modesto has started to track abandoned properties, mainly residential in nature, and

WHEREAS, on September 7, 2007, Neighborhood Preservation Unit (NPU) staff identified and confirmed 185 abandoned residential properties in Modesto, and

WHEREAS, while the majority of these abandoned residential properties are currently secured, the condition of the landscaping and buildings of over 90% of inventoried properties is in a state of deterioration, and

WHEREAS, at least 33 or 18% of the identified abandoned residential properties currently are unsecured, and

WHEREAS, Neighborhood Preservation Unit staff is proposing to assess fees to property owners of abandoned and unsecured properties that have previously been adopted by the City Council, and

WHEREAS, Section 4-12.404 of the Modesto Municipal Code authorizes the imposition and collection of reinspection fees, and

WHEREAS, Sections 9-8.05.01 and 9-8.07.01 of the Modesto Municipal Code authorizes the City Council, by resolution, to establish fees associated with a dangerous building, and

WHEREAS, on April 12, 2007, by Resolution 2007-163, the City established the Substandard and Dangerous Building Code Fees, and

WHEREAS, the amount of funds required to secure and clean the current unsecured properties is estimated at $43,400, and

WHEREAS, the current budget allocated to the NPU includes only $8,000 for board up services, and

WHEREAS, staff is requesting an additional $50,000 to initially fund the proposed board up and cleaning program, and

WHEREAS, the costs will eventually be recovered by the City of Modesto from fees; however, the time required to collect the fees will vary depending on the length of time necessary to sell the assessed property, and

WHEREAS, the Economic Development Committee met on October 8, 2007, and supported staff's recommendation to appropriate $50,000 from the General Fund Reserve, to Neighborhood Preservation, Abandoned Home Expenses, for initial funding to implement the procedure and costs for board up and maintenance of abandoned and unsecured residential properties, and

WHEREAS, the Finance Committee met on October 22, 2007, and supported staff's recommendation to appropriate $50,000 from the General Fund Reserve, to Neighborhood Preservation, Abandoned Home Expenses, for initial funding to implement the procedure and costs for board up and maintenance of abandoned and unsecured residential properties,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approved amending the Fiscal Year 2007-08 operating budget to appropriate

$50,000 from 0100-800-8000-8003, the General Fund Reserve, to 0100-370-3770-0515, Neighborhood Preservation, Abandoned Home Expenses, for initial funding to implement the procedure and costs for board up and maintenance of abandoned and unsecured residential properties.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of November 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-677

A RESOLUTION APPROVING AN AGREEMENT FOR CONSULTANT SERVICES WITH GREENSPAN ADJUSTERS INTERNATIONAL FOR ADVICE AND ASSISTANCE IN THE MEASUREMENT AND DOCUMENTATION OF THE CITY'S LOSS AND DAMAGE RESULTING FROM A FIRE ON OCTOBER 14, 2007, AT THE CITY-OWNED PROPERTY LOCATED AT 800 E. MORRIS AVENUE IN MODESTO, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT.

WHEREAS, early Sunday morning, October 14, 2007, a fire destroyed the building known as the old John Muir School (Modesto Community Service Center) in T. B. Scott Park and many of its contents, primarily historical artifacts stored on the second floor, and

WHEREAS, artifacts stored in one room on the first floor were salvaged, and Belfor Property Restoration is in the process of stabilizing items in preparation for review, and

WHEREAS, staff worked diligently to address the emergency presented by the unstable structure, and

WHEREAS, the Chief Building Official for the City stated that the building is not safe to occupy and has written a letter stating so, and

WHEREAS, staff has acquired a partial permit from the Air Quality Board stating that the walls can be knocked down and the brick may be recycled, and

WHEREAS, once this process has been completed staff will need to apply for the next phase of the permit and then complete the abatement, and

WHEREAS, a brick recycling contractor has contacted Modesto Sand and Gravel stating that they would like to recycle the brick, and

WHEREAS, staff will be saving twenty pallets of bricks (10,000 bricks) to use in future fundraising efforts, and

WHEREAS, before any demolition can occur, the process of evaluating the building must be accomplished, and

WHEREAS, this evaluation process began shortly after the fire was extinguished by contractors of the City's insurance company (Lexington), and

WHEREAS, as late the week of October 29, 2007, site visits by the engineering firm continued to be performed, and

WHEREAS, during this same period an independent claims adjusting firm (Greenspan International) offered a proposal to the City whereby they would act as the City's claim adjuster, performing a cost evaluation for the building and its contents, and WHEREAS, this firm has an impressive reputation among public entities including the City of Turlock, and Modesto City Schools, and

WHEREAS, per the terms of the Agreement, Greenspan would receive 1% for the first $4 million paid, and 3% of all monies paid between $4 and $6 million, and 6% of all monies paid between $6 and $10 million and 7% of all monies paid over $10 million, and

WHEREAS, once the claim amount and payment have been determined, staff will prepare the appropriate budget adjustment documents,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an Agreement for Consultant Services with Greenspan Adjusters International for advice and assistance in the measurement and documentation of the City's loss and damage resulting from a fire on October 14, 2007, at the City-owned property located at 800 E. Morris Avenue in Modesto, California.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of November 2007, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-678

A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN FOR THE CITY OF MODESTO

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. CLASSIFICATION CREATED. The Position Classification Plan of the City of Modesto is hereby amended to create the following classification:

Rate and Fee Analyst

The job specification for this classification is being created to assist in the development of the various utility rate, utility capital facility fee and non-utility fee studies. The job specification for the classification of Rate & Fee Analyst, as shown on the attached **Exhibit "A,"** which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after November 13, 2007.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 13th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen

NOES: Councilmembers: None

ABSENT: Councilmembers: Mayor Ridenour

CITY OF MODESTO
No. 3520 November 2007

Rate and Fee Analyst

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To research and present recommendations on rate and fee structures (primarily utility fees), services, policies and economic issues related to the management of a municipal utility and to fulfill other special assignments as delegated.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from the Finance Director or the Director's designee.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

Collect and research data and prepare reports related to utility rates and services.

Review financial data to identify potential errors and omissions, which could affect the revenue generation of a utility operation or other program.

Analyze financial data to identify trends in revenue and expenditures related to utility programs or other fee-based programs.

Answer questions and provide information to the public, outside agencies and city staff related to the analyses performed on financial data of utility or other fee-based programs.

Work with consultants to assist in the preparation of complex fee studies and monitor consultant performance.

Develop Request for Proposal documents and lead the evaluation of responses; recommend the preferred vendor with a defensible justification.

Working independently, prepare less complex rate studies for various fee-based programs.

Essential Functions: (Continued)

Prepare special studies or reports as requested.

Prepare written and oral presentations, including statistical information in a clear, concise manner; identify and defend one or more recommendations in front of management, Council members and members of the public.

Establish rate and fee program implementation guidelines and monitor progress of the implementation to ensure success.

Successfully implement noticing requirements for proposed land-based in accordance with applicable regulatory guidelines, especially Proposition 218.

Develop information, including various statistics, to support the issuance of debt supported by utility or other revenue sources.

Attend City Council, Commission, task force and other governmental meetings.

Draft complex documents such as Council Resolutions and Ordinances; prepare and present agenda items to the City Council.

Serve on various committees and task forces as necessary.

Build and maintain positive working relationships with co-workers, other City employees and the public using principles of good customer service.

Marginal Functions:

Perform other duties as assigned.

QUALIFICATIONS

Knowledge of:

Principles and practices of municipal utility operations and rate setting guidelines, including Proposition 218.

Municipal debt issuance disclosure standards.

Statistical analysis methods and modes of graphic presentation.

Modern office procedures, methods and computer equipment.

Knowledge of: (Continued)

Principles of governmental financial reporting.

Generally accepted writing practices in a professional and technical environment.

Generally accepted principles and practices for setting fees related to fee-based programs.

Ability to:

Analyze financial data, develop conclusions based on the analysis and recommend one or more needed actions to prevent or solve problems.

Establish effective financial monitoring practices and tools to track financial trends in utility and other fee-based programs.

Identify cost/benefit relationships; establish nexus between functions.

Work with and control sensitive and confidential information.

Accurately estimate and project revenues and expenditures.

Plan, initiate and complete work assignments with a minimum of direction.

Use and operate a personal computer with a variety of business software programs; be able to utilize Excel at an advanced user level and Access at an intermediate user level.

Communicate clearly, concisely and confidently, both orally and in writing.

Promote positive and effective working relationships with those contacted in the course of work, including the public and governing body members.

EXPERIENCE AND TRAINING GUIDELINES

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Three years of progressively responsible professional financial experience in a public sector agency including responsibility for setting rates and fees, or a closely related function.

Training:

Equivalent to a Bachelor's degree from an accredited college or university with major coursework in public administration, business administration, accounting, finance, economics, statistics or a closely related field.

WORKING CONDITIONS

Environmental Conditions:

Work is performed in a typical temperature-controlled office environment subject to typical office noise and environment. Positions require occasional overtime or weekend work and the ability to travel.

Physical and Mental Requirements:

Mobility: frequent use of keyboard; frequent sitting for long periods of time; occasional bending or squatting. **Lifting**: frequently up to 10 pounds; occasionally up to 25 pounds. **Vision**: constant use of overall vision; frequent reading and close-up work; occasional color and depth vision. **Dexterity**: frequent repetitive motion; frequent writing; frequent grasping, holding, and reaching. **Hearing/Talking**: frequent hearing and talking, in person and on the phone. **Emotional/Psychological**: frequent decision-making and concentration; frequent public and/or coworker contact; occasional working alone. **Environmental**: frequent exposure to noise.

CITY OF MODESTO
No. 3162

~~MARCH 2000~~
NOVEMBER 2007

PARKS PROJECT COORDINATOR

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

~~To assist the Parks Planning and Development Manager in the management of Capital improvement Projects and park and trail rehabilitation projects, planning and design of park and trail facilities, and in the facilitation of public input into the design process.~~ To manage Parks Projects including Capital Improvement Projects (CIP), Park Partners Program and compliance with environmental regulations and City development standards.

SUPERVISION RECEIVED AND EXERCISED

Receives administrative direction from the Parks Planning and Development Manager.

May exercise project-specific ~~direct~~ functional supervision over technical and clerical staff in assigned area.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

~~Prepare landscape and irrigation plans and specifications for minor renovation projects; park improvement projects and trail projects; inspect park landscaping and trail projects.~~

~~Assist in the review of construction documents for various Capital Improvement Projects.~~

~~Assist in the planning and design of park and trail improvements in accordance with capital improvement program and national standards and guidelines~~.

~~Assist in the administration of contracts with consultants and contractors, to ensure terms and conditions of the contract are met, including the inspection of work in progress, evaluating the quality of work and materials used, analyzing change order requests, approving progress payments and ensuring the satisfactory completion of work.~~

Essential Functions: (Continued)

~~Identify and assist with the acquisition of property suitable for park development.~~

~~Review Environmental Impact Reports and other reports pertaining to park development.~~

~~Plan and facilitate neighborhood and community meetings related to park planning, development and improvement.~~

~~Coordinate the activities of the City's Park Partners Program, including contacting local groups to secure interest, assisting groups in identifying appropriate projects, assisting with fundraising efforts, serving as project coordinator, facilitating meetings and project decisions, and overseeing the construction and completion of the projects.~~

Coordinate and manage Parks Capital Improvement Projects (Parks, Trails, Streets and Streetscapes and Building Facilities), including media contact/interaction, administration of contracts with consultants/contractors, management of outside consultants in the preparation of construction documents and cost estimates, and inspection of construction to ensure City codes and standards are met.

Coordinate and manage Park Partner volunteer projects, including contact with local groups to secure interest, raise funds, facilitate meetings, coordinate materials purchases and deliveries and supervise volunteers and City forces in the construction and completion of projects.

Provide technical and professional support services to city staff, including other departments, relative to assigned area of responsibility.

Design and update the City's standards for landscape, irrigation, streetscape and park development including meeting with representatives of the construction and building industry to implement new City standards and development processes.

Maintain records of all plans and contract documents and prepare and maintain records for plan checking procedures.

Provide technical input, including cost estimates, for the preparation of the City Operating Budget and CIP budget.

Prepare, manage and review Environmental Impact, CEQA, NEPA and other regulatory agency documents and permits.

Essential Functions: (Continued)

Coordinate and conduct public meetings on the development of neighborhood, community and regional parks including preparation of reports and multi-media presentations to the City Council and citizens.

Perform Acting Division Management in the absence of the Division Manager, including attending managerial meetings.

Monitor work and provide training to staff which may include volunteers, interns, and alternative work force and on a variety of assignments.

Use and provide technical assistance of AutoCAD to design/refine designs of construction projects.

Inspect play equipment for compliance with safety and accessibility requirements.

Prepare and manage county, state and federal grant applications for CIP projects.

Identify and assist with the acquisition of property suitable for park development.

Provide information to citizens and public information staff and respond to and resolve citizen inquiries and complaints.

Manage fund development as it relates to CIP and Park Partners projects.

Investigate field problems affecting property owners, contractors and maintenance operations.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

~~Principles, practices and methods of landscape architecture, architecture and civil engineer professions as applied to open space design, park and park facilities design and construction installation.~~

Knowledge of: (Continued)

~~Construction document blueprint reading and construction installation methods.~~

Local codes, regulations, ordinances and regional planning policies pertaining to land use and park planning and development.

Federal and State environmental policies, regulations and requirements.

Practices and principles of construction administration and construction inspections.

Principles, practices and methods of the Landscape Architecture, Architecture and Civil Engineering professions as applied to park and park facilities design and construction installation.

Practices and principles of municipal budgeting.

Ability to:

~~Prepare and review construction plans and specifications, construction drawings, cost estimates and bid documents.~~

~~Administer Capital Improvement Projects, including planning, coordination and review of open space facility planning and site development.~~

~~Operate a variety of general and technical software, including CAD systems, project management software and spreadsheets.~~

~~Make presentations to a variety of private citizens, public groups, boards, commissions, councils and other organizations.~~

~~Communicate effectively, using graphic instructions such as blueprints, layouts or other visual aids.~~

~~Effectively facilitate public design workshops.~~

Establish and maintain cooperative working relationships with those contacted in the course of work.

Communicate effectively using graphic information such as blueprints, layouts or other visual aids.

Effectively facilitating public design workshops; negotiating outcome on a variety of issues.

Ability to: (Continued)

Analyze complex design issues and effectively resolve them.

Effectively incorporate fund-development processes in capital improvement projects.

Effectively present to a variety of private citizens, public groups, boards, commissions, councils and other organizations, resulting in successful city/community partnerships.

Effectively create landscape architectural designs and construction documents that meet the needs of the citizens.

Prepare and review construction plans and specifications, construction drawings, cost estimates and bid documents.

Administer Capital Improvement Projects, including planning, coordination and review of park and park facilities site development.

Operate a variety of general technical software, including CAD systems, project management software, word processing and spreadsheets.

Create multi-media presentations for private citizens, public groups, board, commissions, councils and other organizations.

Establish and maintain cooperative working relationships with those contacted in the course of work.

Multi-task and work effectively in a fast-paced environment.

Experience and Training Guidelines:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Two years of increasingly responsible experience in capital improvement program management including planning, design and development of parks landscaping.

Training:

Equivalent to a Bachelor's degree from an accredited college or university with major coursework in construction administration, land use planning, civil engineering, landscape architecture, public or business administration or a related field.

License or Certificate:

Possession of, ~~or ability to obtain~~, an appropriate, valid California driver's license.

Possession of, or ability to obtain, a registered Landscape Architect license, certification as a Landscape Designer or registered Civil Engineer license is highly desired.

WORKING CONDITIONS

Environmental Conditions:

Work is performed in a typical temperature controlled office environment subject to typical office noise and environment; some field work is required and travel from site-to-site. Positions may require occasional overtime or weekend work.

Physical and Mental Requirements:

Mobility: frequent use of keyboard; frequent sitting for long periods of time; occasional bending or squatting. **Lifting:** frequently up to 10 pounds; occasionally up to 25 pounds. **Vision:** constant use of overall vision; frequent reading and close-up work; occasional color and depth vision. **Dexterity:** frequent repetitive motion; frequent writing; frequent grasping, holding, and reaching. **Hearing/Talking:** frequent hearing and talking, in person and on the phone. **Emotional/Psychological:** frequent decision-making and concentration; frequent public and/or coworker contact; occasional working alone. **Environmental:** frequent exposure to noise.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. AMENDMENT TO RESOLUTION NO. 2007-447 Exhibit "A" entitled, "City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes Effective July 24, 2007", attached to Resolution No. 2007-447, is hereby amended as shown on the amended **Exhibit "A"** entitled "City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes Effective November 13, 2007," which is attached hereto and made a part hereof as though set forth in full herein. Said amended Exhibit "A" adds the classification of Parks Project Coordinator at Salary Range 432 ($4,917-$5,991 per month) to the Class Range Table.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after November 13, 2007.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 13th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-683

A RESOLUTION AMENDING THE FISCAL YEAR 2007-08 OPERATING BUDGET TO APPROPRIATE $5,906 FROM 0100-800-8000-8003, THE GENERAL FUND RESERVE

WHEREAS, the Personnel Department conducted a classification study of three Project Coordinator positions that are responsible to coordinate and manage Parks Capital Improvement Projects (parks, trails, streets and streetscapes and building facilities), including media contact/interaction, administration of contracts with consultants/contractors, management of outside consultants in the preparation of construction documents and cost estimates, preparation of construction documents and cost estimates and inspection of construction to ensure City codes and standards are met, and

WHEREAS, the study identified a need to amend and re-title the class specification of Project Coordinator to Parks Project Coordinator to more accurately describe the duties and responsibilities of the positions, and

WHEREAS, upon review, the new classification was determined to be exempt from overtime under the Fair Labor Standards Act and was determined to be more appropriately allocated to the Management and Confidential bargaining unit, and

WHEREAS, the City and MCMA met and conferred on the salary and have agreed upon salary range 432, and

WHEREAS, the General Fund Reserve provided funding to appropriate organizations for recent salary increases for MCMA-represented employees, and

WHEREAS, these positions were not included in MCMA at that time and staff now is requesting that the Parks Planning and Development Services operating budget be

increased by $5,906 to cover the portion of the increased costs attributable to the 3% salary increase

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves amending the Fiscal Year 2007-08 budget to appropriate $5,906 from 0100-800-8000-8003, the General Fund Reserve, to 0100-310-3120-0181, Parks Planning and Development Services, Salary Adjustments.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of November 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-684

A RESOLUTION AUTHORIZING THE FIRST AMENDMENT TO THE INDEPENDENT CONTRACTOR SERVICES AGREEMENT WITH DOCTOR JOCELYN E. ROLAND FOR PSYCHOLOGICAL SERVICES TO INCLUDE ALL FULL-TIME COMMUNITY SERVICES OFFICERS AND IDENTIFICATION TECHNICIANS IN THE MODESTO POLICE DEPARTMENT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT

WHEREAS, May 22, 2007, council approved Resolution No. 2007-304 awarding the proposal and contract of psychotherapy services for the Police Department to Doctors Jocelyn E. Roland and Philip S. Trompetter, and

WHEREAS, the original contract provides counseling/therapy at no expense to all full-time, regular and reserve-sworn officers, and

WHEREAS, the first amendment would include all full-time Community Service Officers and Identification Technicians in the Modesto Police Department, and

WHEREAS, there are presently 349 employees (286 full-time sworn, 23 reserves, 37 Community Service Officers and 3 Identification Technicians) that will be covered under the contract with this amendment, and

WHEREAS, the Modesto Police Department will pay an additional $6,000 a year for a total of $58,000 annually to Psychological Services for the term of this Agreement,

WHEREAS, funds are budgeted in FY 07/08 Operating Buget.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the first amendment to the Independent Contractor Services Agreement with Doctor Jocelyn E. Roland for psychological services to include all full-

time Community Services Officers and Identification Technicians in the Modesto Police Department ,

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-685

A RESOLUTION APPROVING A 60-DAY EXTENSION TO THE SIX-MONTH PROVISIONAL APPOINTMENT FOR DENNIS TURNER AS DEPUTY DIRECTOR OF OPERATIONS (WASTEWATER)

WHEREAS, the Public Works Director appointed Fleet Manager Dennis Turner as the provisional Deputy Direction of Operations (Wastewater) on April 23, 2007, and

WHEREAS, the consulting firm of Bob Murray and Associates is still in the process of recruiting for the vacant Deputy Director of Operations (Wastewater) position. Qualified applicants are in the process of being interviewed, and an eligibility list will be established before the end of 2007, and

WHEREAS, Dennis Turner has been in this provision position for six months, and continuity of leadership is critical in this demanding role, and

WHEREAS, Personnel Rule 7.5(c) states, "A provisional appointment shall not exceed six months, except that the City Manager, with the approval of the City Council, may extend such period for not more than sixty days by any one action",

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a 60-day extension to the six-month provisional appointment for Dennis Turner as Deputy Director of Operations (Wastewater).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of November, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-686

A RESOLUTION A APPROVING THE CITY OF MODESTO'S PARTICIPATION IN THE NORTH COUNTY CORRIDOR PROJECT AND A PROJECT STUDY REPORT FOR THE OAKDALE BYPASS FUNDING AND AUTHORIZING THE CITY OF MODESTO TO PAY THE STANISLAUS COUNCIL OF GOVERNMENTS (STANCOG) $30,000 AS THE LEAD CONTRACTING AGENCY FOR THE PROJECT

WHEREAS, during the approval of the 2006 State Transportation Improvement Program (STIP) Augmentation, the California Transportation Commission (CTC) reallocate a part of the funding from the Oakdale Bypass project to fully fund the SR 99/Whitmore Interchange project as well as provide immediate needed funding to other state highway projects, and

WHEREAS, the CTC made a commitment to return the funds back to the Oakdale Bypass project in the 2008 STIP cycle, and

WHEREAS, the North County Corridor (NCC) project is being contemplated to develop a new roadway alignment traversing between SR 99 to the west and the city of Oakdale to the east, and

WHEREAS, this alignment will meander slightly to the north and south of the current Kiernan/Claribel corridor, and

WHEREAS, the proposed NCC is supported by the cities of Oakdale, Riverbank and Modesto and the County of Stanislaus, which are in the process of forming a Joint Powers Authority (JPA) to develop and implement the construction of this project, and

WHEREAS, in order to achieve this restructured project and maintain the Oakdale Bypass funding within the region, a Caltrans Standard Project Study Report (PSR) must be completed by April 1, 2008, and

WHEREAS, the Stanislaus Council of Governments (StanCOG) is hiring a consultant to complete a PSR for the proposed North County Corridor (NCC), effectively between Dale Road to the west and the City of Oakdale to the east, and

WHEREAS StanCOG, Stanislaus County and the cities of Riverbank, Oakdale and Modesto will participate at up to $30,000 each to complete the PSR with StanCOG as the lead and contracting agency, and

WHEREAS, Caltrans District 10 will participate; however, they do not have the staff or funds to do the PSR in-house, and

WHEREAS StanCOG presented a staff report and proposed resolution at the StanCOG Citizens Advisory Committee meeting on October 31, 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the City of Modesto's participation in the North County Corridor and a Project Study Report for the Oakdale bypass funding.

BE IT FURTHER RESOLVED that the City Council hereby authorizes the payment of $30,000 to StanCOG as the lead contracting agency for the project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of November 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-687

Print

A RESOLUTION OF THE COUNCIL OF THE CITY OF MODESTO CONFIRMING THE CANVASS OF THE REGULAR MUNICIPAL ELECTION WHICH WAS HELD IN THE CITY OF MODESTO ON NOVEMBER 6, 2007, AND DECLARING THE RESULTS OF SAID ELECTION.

WHEREAS, on Tuesday, November 6, 2007, a Regular Municipal Election was held in the City of Modesto (herein called "City") and in the Modesto High School District (herein called "District") of Stanislaus County to elect the following:

1. One Councilmember to Chair No. 1 for a four year term;
2. Once Councilmember to Chair No. 3 for a four year term;
3. One Councilmember to Chair No. 6 for a four year term;
4. One member to Mayor for a four year term;
5. Three Board of Education Members for four year terms; and

WHEREAS, as set forth in Section 5 hereof, Measures I and J were Advisory measures, and were submitted to the qualified electors in the November 6, 2007, City of Modesto election, and

WHEREAS, said election was held on Tuesday, November 6, 2007, in accordance with law and the proceedings of this Council, and the votes thereat received and canvassed, and the returns thereof ascertained, determined, and declared in all respects as required by law, and

WHEREAS, the City Clerk canvassed the returns of said regular municipal election in accordance with law, and certified the results of the election of the Council by a Certificate of Canvass and Statement of Votes dated November 27, 2007, a copy of which is attached hereto marked **Exhibit "A"** and made a part hereof,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto as follows:

SECTION 1. Said canvass by the City Clerk as shown on the Certificate of Canvass and Statement of Votes and the results of the election are hereby ratified, confirmed and approved.

SECTION 2. That in accordance with Section 10264 of the Elections Code, a copy of said Certificate of Canvass and Statement of Votes, which is attached hereto marked as Exhibit "A" and made a part hereof, shows a complete tabulation of the following:

(A) The whole number of votes cast in the City.

(B) The whole number of votes cast in the Modesto High School District.

(C) The names of the persons voted for.

(D) For what office each person was voted for.

(E) The number of votes given in the City to each person.

(F) The number of votes given in the City for each Measure.

SECTION 3. That, at said Regular Municipal election, the following named persons having received a majority of the votes cast for the elective offices, as designated on Exhibit "A", are hereby declared to be duly and regularly elected to such office, and the City Clerk is hereby directed to issue a Certificate of election to each such persons, certifying his/her election to the office appearing after his/her name, and to administer to each of said persons the oath of office prescribed by the Constitution and laws of the State of California and the Charter of the City, to wit:

Garrard Marsh	Councilmember for a term of four years, Chair No. 3, Modesto City Council.

Brad Hawn	Councilmember for a term of four years, Chair No. 6, Modesto City Council.
Jim Ridenour	Mayor for a term of 4 years, Modesto City Council.
Gary Lopez	Member, Modesto Board of Education, for a term of four years.
Kimberly Gerber-Spina	Member, Modesto Board of Education, for a term of four years.
Steven Grenbeaux	Member, Modesto Board of Education, for a term of four years.

SECTION 4. The Charter provides that if no candidate for an elective office of the City receives a majority vote at a regular municipal election, a Second Regular Municipal Election shall be held by mail ballot at which the two candidates receiving the highest number of votes at the first election shall have their names on the ballot for election of the office, therefore, the two candidates receiving the highest number of votes for City Council Chair 1, Robert Farrace and Dave Lopez shall have their names on the ballot for a run-off election to be held on Tuesday, December 11, 2007.

SECTION 5. The following votes were cast for Measures I and J:

Measure	Total Votes For	Total Votes Against
Measure I: *Should Modesto change its system of electing City Councilmembers? Please answer the next measure, whether you voted "Yes" or "No" on this measure.*	10,489	7,868

Measure	Total Votes For
Measure J: *If the City of Modesto were to change its system of electing City Councilmembers, which of the following systems would you prefer? The Mayor would remain elected by all voters in the City under either option. (Choose only one)*	
(a) "By District": Six Districts where candidates must live in the District they wish to represent and the voters who live in the District vote on who will represent the District.	10,002
(b) "Mixed": Two At-Large Council seats, where candidates may live anywhere in the City and are voted on by all City voters; and Six Districts where candidates must live in the District they wish to represent, and the voters who live in the District vote on who will represent the District.	7,509

Measure I. More than a majority of all of the votes cast at the election for Measure I were in favor of said proposed Measure and said Measure did carry and was approved and were ratified by a majority of the qualified voters voting on said Measure.

Measures J (a). More than a majority of all the votes cast at the election for Measure J (a) were in favor of said proposed Measures, and said Measure J(a) did carry and was approved and were ratified by a majority of the qualified voters voting on said Measures.

Measures J (b) . Less than a majority of all of the votes cast at the election for Measure J(b) were in favor of said proposed Measure J(b), and said Measure J(b) did not carry, was not approved, and was not ratified by a majority of the qualified voters voting on said *Measure.*

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of November, 2007, by Councilmember Olsen, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-688

A RESOLUTION ACCEPTING A CONTRIBUTION OF OVER $500,000 OF MATERIALS AND IN-KIND LABOR BY THE UNITED ROTARY CLUBS OF MODESTO, INC. FOR THE PROJECT TITLED "ROTARY CLUBS OF MODESTO CENTENNIAL JUNCTION PROJECT", ACCEPTING THE PROJECT AS COMPLETE, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION WITH THE STANISLAUS COUNTY CLERK RECORDER, AND NAMING THE QUARTER-MILE SECTION OF THE VIRGINIA CORRIDOR BETWEEN ROSEBURG AVENUE AND ORANGEBURG AVENUE THE "ROTARY CLUBS OF MODESTO CENTENNIAL JUNCTION" IN HONOR OF THE 100TH ANNIVERSARY OF THE ROTARY INTERNATIONAL ORGANIZATION

WHEREAS, in honor of the 100th anniversary of Rotary International, the five Modesto Rotary Clubs joined together to form the United Rotary Clubs of Modesto, Inc. and complete the installation of a quarter-mile section of the Virginia Corridor Trail between Roseburg and Orangeburg Avenues, and

WHEREAS, this segment is part of the larger 4.2-mile Virginia Corridor Trail project that will run between Pelandale Avenue and Needham Avenue along the original Tidewater Southern Railway Corridor, and

WHEREAS, the provision for this trail was established in a railbanking agreement entered into between the Union Pacific Railroad and the City of Modesto, and

WHEREAS, in 2005, the City of Modesto completed infrastructure work in preparation for the Rotary Clubs of Modesto Project, and

WHEREAS, the estimated value of the United Rotary Clubs of Modesto, Inc.'s generous contribution to the City is over $500,000, which includes a 10-foot wide asphalt trail with 2-foot shoulders, path lighting, landscaping, irrigation system, benches, tables, concrete plazas, rail fencing, entry features, site amenities and in-kind labor, and

WHEREAS, the 100 trees planted in this segment of trail symbolically represent the past 100 years of presidents of the Rotary Clubs, and

WHEREAS, the project was completed to the satisfaction of the Parks, Recreation and Neighborhoods Department and the Public Works Department on September 21, 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby accepts a contribution of over $500,000 of materials and in-kind labor by the United Rotary Clubs of Modesto, Inc. for the project titled "Rotary Clubs of Modesto Centennial Junction Project".

BE IT FURTHER RESOLVED that the Council hereby accepts the project as complete.

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Clerk to file a Notice of Completion with the Stanislaus County Clerk Recorder.

BE IT FURTHER RESOLVED that the Council hereby names the quarter-mile section of the Virginia Corridor between Roseburg Avenue and Orangeburg Avenue the "Rotary Clubs of Modesto Centennial Junction" in honor of the 100th anniversary of the Rotary International organization.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of November 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Olsen was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-697

A RESOLUTION ACCEPTING CFD-FUNDED PUBLIC IMPROVEMENTS FOR THE STORM DRAIN AND ROAD IMPROVEMENTS RELATED TO THE VILLAGE CORNERS COMMERCIAL CENTER LOCATED IN THE VILLAGE ONE SPECIFIC PLAN AREA, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION, AND TO RELEASE SECURITIES UPON EXPIRATION OF STATUTORY PERIODS

WHEREAS, Peter and Charlene Reece, and Joseph and Sheryl Pimentel, and Stephen and Kathleen Hughes (collectively "DEVELOPERS"), are the developers of the Village Corners Commercial Center ("DEVELOPMENT"), and

WHEREAS, as a condition of the DEVELOPMENT, the DEVELOPERS were to construct 315 feet of roadway improvements on the south side of Sylvan Avenue at Claus Road and install 340 feet of storm drain line on the north side of Sylvan Avenue between Litt and Claus Roads ("PUBLIC IMPROVEMENTS"), located within the DEVELOPMENT, and

WHEREAS, said PUBLIC IMPROVEMENTS, included in the Acquisition and Shortfall Agreement ("AGREEMENT") between the City of Modesto Community Facilities District No. 2004-1 (Village One #2), a District created pursuant to the provision of the California Government Code Section 53311.5 et. seq. ("DISTRICT") and the DEVELOPERS, have been completed to the satisfaction of the Public Works Department, and

WHEREAS, the Construction Administration Office of the Public Works Department and the CFD Administrator have verified that all required PUBLIC

IMPROVEMENTS for this commercial project have been satisfactorily completed and all inspection fees have been paid, and

WHEREAS, the Public Works Department will assume maintenance responsibilities upon acceptance of PUBLIC IMPROVEMENTS, and

WHEREAS, DEVELOPERS have filed irrevocable bonds to secure faithful performance and payment for labor and materials both in the amount of $246,726.45 for said PUBLIC IMPROVEMENTS, and

WHEREAS, DEVELOPERS have filed a warranty bond in the amount of $26,775.00 to guarantee the PUBLIC IMPROVEMENTS in the DEVELOPMENT, and

WHEREAS, the CFD Administrator has indicated that it would be in order for the City Council to accept said PUBLIC IMPROVEMENTS in said DEVELOPMENT as complete, and authorize the City Clerk to record a Notice of Completion,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The CFD-funded public improvements, which include construction of 315 feet of roadway improvements on the south side of Sylvan Avenue at Claus Road and the installation of 340 feet of storm drain line on the north side of Sylvan Avenue between Litt and Claus Roads are hereby accepted and the City Clerk is hereby authorized to file a Notice of Completion for the public improvements.

2. The City Clerk is hereby authorized to release the bond for faithful performance in the amount of $246,726.45 immediately after

recordation of the Notice of Completion, provided no claim is made thereon.

3. The City Clerk is hereby authorized to release the bond for labor and materials in the amount of $246,726.45 sixty (60) days after recordation of the Notice of Completion, provided no claim is made thereon.

4. The City Clerk is hereby authorized to release the warranty bond to guarantee development improvements in the amount of $26,755.00 one year and one day after the effective date of this resolution, provided no claim is made thereon.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of November 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-699

A RESOLUTION APPROVING AN APPLICATION FOR $1.8 MILLION IN FUNDING FROM THE 2008-2009 BICYCLE TRANSPORTATION ACCOUNT PROGRAM ADMINISTERED BY THE CALIFORNIA DEPARTMENT OF TRANSPORTATION FOR THE DEVELOPMENT OF PHASE 5 OF THE VIRGINIA CORRIDOR (PEDESTRIAN/BICYCLE BRIDGE OVER BRIGGSMORE AVENUE AND TRAIL NORTH TO WOODROW AVENUE), AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the State of California has made funding available through the Department of Transportation's Bicycle Transportation Account for Fiscal Year 2008-2009, and

WHEREAS, development of the Virginia Corridor Project (the "Project") is consistent with the Bicycle Transportation Act of the State of California's Department of Transportation programs, and

WHEREAS, procedures established by the State of California's Department of Transportation require the applicant's governing body to certify by resolution the approval of the application before submission of said application to the State, and

WHEREAS, if selected, the applicant will enter into a contract with the State of California for the Project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby:

1. Approves the filing of a grant application for $1.8 million from the State of California's Department of Transportation through the Bicycle Transportation Account for Fiscal Year 2008 -2009; and

2. Certifies that the applicant has or will have sufficient funds to operate and maintain the Project; and

3. Certifies that the applicant has reviewed, understands, and agrees to the General Provisions contained in the contract shown in the Procedural Guide; and

4. Authorizes the City Manager, or his designee, as agent of the applicant to conduct all negotiations and execute and submit all documents, including, but not limited to, applications, contracts, amendments, payment requests, and compliance with all applicable current state and federal laws, which may be necessary for the completion of the aforementioned Project upon acceptance of said grant by the City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of November 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-700

A RESOLUTION APPROVING A GRANT APPLICATION FOR $50,000 IN FUNDING FROM THE AMERICAN RIVERS-NOAA COMMUNITY-BASED RESTORATION PROGRAM PARTNERSHIP FOR THE ENGINEERING DESIGN WORK FOR THE REMOVAL OF DENNETT DAM WITHIN THE GATEWAY PROJECT OF THE TUOLUMNE RIVER REGIONAL PARK, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE GRANT APPLICATION DOCUMENTS

WHEREAS, the American Rivers Program, through its habitat restoration partnership with the NOAA Community-Based Restoration Program, provides funding for stream barrier removal projects benefiting diadromous fish species, and

WHEREAS, the program seeks to enable environmental and economic renewal in local communities, and

WHEREAS, the City of Modesto has a need to remove Dennett Dam from the Gateway Project within the Tuolumne River Regional Park, and

WHEREAS, the proposed engineering design work for the removal of Dennett Dam is consistent with the funding guidelines of the American Rivers-NOAA Community-Based Restoration Program Partnership,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. The filing of a grant application for $50,000 from the American Rivers-NOAA Community-Based Restoration Program Partnership is hereby approved.

2. The City Manager, or his designee, is hereby authorized as agent of the applicant to conduct all negotiations and execute and submit all documents, including, but not limited to, applications, contracts, amendments, payment requests, and compliance with all applicable current state and federal laws, which may be necessary for the completion of the aforementioned Project upon acceptance of said grant by the City Council.

RESOLUTION NO. 2007-702

A RESOLUTION APPROVING AN AGREEMENT FOR THE PURCHASE OF RETIRED CITY OF MODESTO POLICE CANINE BY ITS HANDLER, OFFICER GRAVES, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT WITH THE OFFICER FOR PURCHASE OF HIS POLICE CANINE

WHEREAS, the Police Chief for the City of Modesto, from time to time, officially retires police canines from departmental service, and

WHEREAS, City of Modesto police canine handler, Officer Graves, wishes to purchase and assume possession of his assigned canine, Eros, upon the dog's official retirement, and

WHEREAS, it is necessary to adopt a resolution authorizing the purchase of City of Modesto police canines by its assigned department handler,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Officer Graves for the purchase of his retired police canine, Eros, in the amount of One Dollar ($1.00) as more fully set forth in the Modesto Police Department Canine Transfer Contract attached hereto as **Exhibit "A"** and incorporated herein by this reference.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of November, 2007 by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO POLICE DEPARTMENT CANINE TRANSFER CONTRACT

This AGREEMENT made and entered into in the City of Modesto, State of California, this **15th** day of **October, 2007**, by and between the City of Modesto, a municipal corporation of the State of California, hereinafter referred to as "CITY", and Glenn Graves, canine handler for the Modesto Police Department, hereinafter referred to as "HANDLER".

Facts:

Canine "Eros" has been with the Modesto Police Department since ***July of 2001***. "Eros" has served the city for Five years. "Eros" was born in October of 1999 and will be nine years old in October of 2008. "Eros" has had a long and distinguished career as a police protection dog. "Eros" has reached an age where his health has begun to decline and he is slowing down. He has had major back surgery and other health issues. His ability to continue to do police work at an acceptable level is no longer there and it is my recommendation he be retired from service.

This **AGREEMENT** is made with regard to the following recitals:

A. *HANDLER* wishes to assume ownership and take possession of that certain retired City of Modesto police canine named "Eros". *HANDLER* was previously the assigned canine handler for "Eros".

B. *HANDLER* wishes to maintain ownership of the above-referenced dog, and the CITY wishes to divest itself of both ownership and vicarious or direct liability for the subject dog.

C. CITY does hereby agree to relinquish all of its right, title and ownership interest in said dog whatsoever, effective upon *HANDLER's* execution and return of this document and payment of the sum of one and no/100ths dollars ($1.00) to the City of Modesto.

NOW, THEREFORE, in consideration of this AGREEMENT, the parties hereto agree as

follows:

1. *HANDLER* does agree to assume ownership of the Modesto police canine named "Eros", and to assume any and all risks, including, but not limited to, risk of injury or death to third persons, and to hold CITY, its police department, and its employees and/or agents or volunteers harmless from any and all liability, claims, administrative proceedings or other responsibility whatsoever arising from any injuries or damages that may occur on or after the date ownership of the dog is transferred pursuant to this AGREEMENT. That date is hereby fixed by agreement by and among the parties hereto as being **October 15, 2007**.

2. *HANDLER* further agrees to assume all liability for risks and dangers relating to his/her ownership of the subject police dog on and after the aforementioned date, and to indemnify and hold CITY harmless in the event that any legal or administrative action, whether by claim, demand or otherwise, is made by any person or entity as a consequence of or arising out of any event, act or disturbance involving the subject police dog on or after the date ownership is transferred. These hold harmless provisions shall extend to any direct or vicarious liability arising from any and all losses, liabilities, charges (including reasonable attorney fees and court costs), and any other expenses whatsoever which may arise in any manner after the new owners assumption of ownership on the date identified herein.

3. *HANDLER* must retain ownership of "Eros" for at least eighteen (18) months prior to any sale of the aforementioned retired police canine.

4. The retired police canine "Eros" shall revert to CITY should the purchaser, *HANDLER* determine he/she can no longer care for the aforementioned dog within the period of time commencing on the date of this AGREEMENT and ending eighteen (18) months from the date fixed by this AGREEMENT.

5. *HANDLER* acknowledges that he/she has read the foregoing AGREEMENT and understands that it is contractual in nature and understands each of its provisions.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has caused this Agreement to be executed in duplicate by its City Manager and attested by its City Clerk under authority of Resolution No. 07-____ adopted by the City Council of the City of Modesto on the___ day of _____, 2007.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-703

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO CONDUCT A SOLE SOURCE PROCUREMENT OF FOUR (4) DIESEL PARTICULATE FILTER SYSTEMS FOR 420E CATERPILLAR BACKHOES FROM HUSS, LLC OF PALM SPRINGS, CA FOR PUBLIC WORKS – FLEET SERVICES, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE A PURCHASE ORDER FOR A TOTAL ESTIMATED COST OF $60,000

WHEREAS, on June 12, 2007, the City Council, by Resolution No. 2007-346, approved the acceptance of a grant from the California Air Resources Board in the amount of $325,787 , and

WHEREAS, one of the terms of the grant is to install the Best Available Control Technology (BACT) to equipment purchased through the grant, and

WHEREAS, at the time of acceptance, it was expected that the manufacturer of backhoes would be capable of providing diesel particulate filter systems that would satisfy the grant requirement, and

WHEREAS, after several months the manufacturer has been unable to provide the required diesel particulate filter systems, and

WHEREAS, three diesel particulate filter systems are certified by the California Air Resources Board to fit 420E Caterpillar Backhoes, and

WHEREAS, the available technologies are from Cleaire Horizon, Huss, and Engine Control Systems, and

WHEREAS, Cleaire Horizon has not installed its filter systems on a 420E Backhoe and Engine Control Systems' technology requires a wall panel with electricity to regenerate its system, and

WHEREAS, the Huss diesel particulate filter system is deemed the only acceptable technology because it is the only fully self-contained system that will regenerate on the job site with no other infrastructure requirements, and

WHEREAS, the purchase of the diesel particulate filter systems with BACT are 100% refundable through the grant, and

WHEREAS, funds are budgeted in Account No. 7210-480-5814-5789 for this purchase,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to conduct a sole source procurement of four (4) diesel particulate filter systems for 420E Caterpillar Backhoes from Huss, LLC of Palm Springs, CA for Public Works – Fleet Services.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase order for a total estimated cost of $60,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of November, 2007 by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-705

A RESOLUTION APPROVING A SECOND AMENDMENT TO THE AGREEMENT WITH CAROLLO ENGINEERS FOR ON-CALL ENGINEERING SERVICES REFLECTING THE REVISED SCOPE OF SERVICES FOR FY 2007-08 IN THE AMOUNT OF $78,000, FOR A TOTAL AMOUNT NOT TO EXCEED $122,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE SECOND AMENDMENT TO THE AGREEMENT

WHEREAS, on January 3, 2006, the City Council, by Resolution No. 2006-012, approved an on-call engineering services agreement with Carollo Engineers (Carollo) in the amount of $44,000 annually for wastewater-specific services, and

WHEREAS, on January 2, 2007, the City Council, by Resolution No. 2007-034, approved a First Amendment to the Agreement with Carollo Engineers revising the Scope of Services and increasing the amount to $114,000 for FY 2006-07 only, and

WHEREAS, the current on-call engineering services agreement amount for FY 2007-08 is $44,000, and

WHEREAS, Modesto's Wastewater Treatment Plant is rated as a Class V facility based upon its design flow of 70 million gallons per day, and

WHEREAS, the State of California requires that the Chief Plant Operator (CPO) be a Grade 5 operator as issued by the State Water Resources Control Board (SWRCB), and

WHEREAS, due to a recent departure of the Wastewater Treatment Plant Manager, the City was faced with the prospect of not having a Grade 5 operator as required by the permit to operate issued by the SWRCB, and

WHEREAS, failure to have a licensed Grade 5 operator could expose the City to administrative sanctions, including fines, and

WHEREAS, on October 11, 2007, Public Works – Engineering staff contracted with Carollo Engineers to provide CPO services under its current on-call engineering agreement as an

interim measure to ensure that the City was in compliance with the Grade 5 operator requirement, and

WHEREAS, Carollo's background in wastewater and water quality, combined with the fact that they were involved with both the Master Plan and the Rate Study, makes them qualified to perform CPO services on an interim basis, and

WHEREAS, staff has notified the SWRCB and Regional Water Quality Control Board (RWQCB) of the interim arrangement as is required under the permit, and

WHEREAS, Water Quality Control (WQC) currently has an on-call engineering services with Carollo for $44,000 annually, and

WHEREAS, the Second Amendment to the Agreement for WQC is to reflect the CPO Services through March 2008 at an additional cost of $78,000 for a total agreement amount of $122,000 for FY 2007-08, and

WHEREAS, the Second Amendment replaces the interim scope of services provided through the Engineering on-call engineering services agreement with Carollo, and

WHEREAS, staff has initiated the recruitment process to fill the vacated Grade 5 position, and with a shortage of Grade 5 operators throughout the state, it may take some time to fill the vacancy , and

WHEREAS, these contracted CPO services will allow time for recruitment of a Wastewater Treatment Plant Manager with the required Grade 5 Operator certification, and

WHEREAS, funds are budgeted in the amount of $78,000 from Account 6210-480-5213-0235,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Second Amendment to the Agreement with Carollo Engineers for on-call engineering services reflecting the revised Scope of Services for FY 2007-08 in the amount of $78,000, for a total amount not to exceed $122,000.

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager, or his designee, to execute the Second Amendment to the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of November, 2007 by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

A RESOLUTION CANCELING THE CONTRACT WITH GWINN CONSTRUCTION, INC., FOR THE PROJECT TITLED, "REMODEL OF EXISTING WATER QUALITY CONTROL LABORATORY."

WHEREAS, on February 13, 2007, by Resolution No. 2007-111, the Council accepted bids and authorized execution of a contract with Gwinn Construction, Inc., for construction of the "Remodel of Existing Water Quality Control Laboratory" project, and

WHEREAS, the contract was subsequently executed and a pre-construction conference was held, and

WHEREAS, the City of Modesto received a letter from Gwinn Construction dated October 12, 2007, requesting consideration for release from the contract due to significant delays, and

WHEREAS, after reviewing the project design and the Gwinn Construction contract, Public Works and the City Attorney's office recommends the contract be canceled, and

WHEREAS, Gwinn Construction agrees not to oppose the cancellation and has agreed to absorb all costs,

NOW, THEREFORE, BE IT RESOLVED by the Council that the contract with Gwinn Construction, Inc., for construction of the "Remodel of Existing Water Quality Control Laboratory" project is hereby canceled.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of November 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-709

A RESOLUTION AUTHORIZING THE PRUNED REFUSE COLLECTION PROGRAM BE MOVED FROM THE GENERAL FUND TO THE STORM DRAIN FUND, AND DIRECTING STAFF TO ADJUST EXPENSES TO PROVIDE FUNDING IN THE AMOUNT OF $600,000 THROUGH JUNE 30, 2008.

WHEREAS, City crews currently perform pruned refuse collection in the streets and alleys on a monthly basis at an annual cost of $1.2 million, and

WHEREAS, for FY 2007-08 Council approved funding for the pruned refuse collection program (PR Program) for only one-half of the year in anticipation of a staff proposal for permanent funding beginning in January 2008, and

WHEREAS, on August 4, 2007, staff presented a proposal to discontinue providing the collection services and to direct that pruned refuse be collected in green toters as part of the garbage service program, and

WHEREAS, Council rejected this proposal and made a motion to refer this item back to the Council Finance Committee to begin a Proposition 218 process, and

WHEREAS, based on Council's rejection of the proposal to stop the PR Program, it is necessary to identify $600,000 to fund the program for the remainder of the fiscal year ending June 30, 2008, and

WHEREAS, the Storm Drain Fund is the most logical funding source because the collection of pruned refuse is performed to protect the storm drain system from being overwhelmed by debris, and

WHEREAS, the Storm Drain Fund is seriously under-funded at this time, and

WHEREAS, in order to fund the $600,000 for the PR Program, cuts in the fund have been identified by primarily reducing the rockwell rejuvenation services that are performed by a contractor, and

WHEREAS, while no appreciable effect would be expected this winter season, there will be a decrease in rockwell performance in the future if this funding is not restored quickly, and

WHEREAS, the Finance Committee, at its October 22, 2007 meeting, recommended approval of the PR Program being moved from the General Fund to the Storm Drain Fund for the remainder of FY 2007-08 ending June 30, 2008,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Pruned Refuse Collection Program be moved from the General Fund to the Storm Drain Fund.

BE IT FURTHER RESOLVED that the Council hereby directs staff to adjust expenses to provide funding in the amount of $600,000 through June 30, 2008.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of November, 2007 by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Ridenour was upon roll call carrier and the resolution adopted by the following vote:

AYES:	Councilmember:	Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmember:	None
ABSENT:	Councilmember:	Dunbar, Hawn

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-710

A RESOLUTION GRANTING THE APPEAL OF JOHN LAING HOMES TO A PLANNING COMMISSION DECISION DENYING AN EXTENSION OF VESTING STATUS OF THE KODIAK VILLAGE II SUBDIVISION MAP PROPERTY LOCATED EAST OF OAKDALE ROAD AND SOUTH OF LA FORCE DRIVE

WHEREAS, the Planning Commission approved the Vesting Tentative Subdivision Map for Kodiak Village II on April 19, 2004, and

WHEREAS, the Kodiak Village II Final Map was recorded on May 12, 2005, and

WHEREAS, the rights conferred by the vesting Tentative Subdivision Map would have expired on May 12, 2007, and

WHEREAS, John Laing Homes filed an application for a one year time extension on the vesting status of the Kodiak Village II Subdivision Map on April 13, 2007, and

WHEREAS, Modesto Municipal Code Section 4-4.405(c) authorizes the Planning Commission to take action on proposed extensions of vesting status of tentative subdivision maps, and

WHEREAS, with the filing of this application the vesting status was placed "on hold" until the Planning Commission adopted a resolution, and

WHEREAS, the continued the Planning Commission hearing was held on September 17, 2007, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

WHEREAS, at said public hearing the applicant's representative requested that the Planning Commission deny the request for a time extension in order to bring the item forward for City Council consideration, and

WHEREAS the Planning Commission, by Resolution No. 2007- 39 denied the request for the time extension, and

WHEREAS, an appeal to the Planning Commission's denial of an extension of vesting status of the Kodiak Village II Subdivision was filed with the Office of the City Clerk by George Petrulakis, on behalf of John Laing homes on September 28, 2007, and

WHEREAS, said appeal was set for a duly noticed public hearing before the City Council at its regular meeting place located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at 5:30 p.m. on November 27, 2007, at which time said public hearing was held and evidence both oral and documentary was received and considered, and

WHEREAS, after said public hearing the Council of the City of Modesto found and determined that the appeal of John Laing Homes to the decision of the Planning Commission should be granted and the decision of the Planning Commission should be overruled for the following reasons:

1. The City does not find that the approval of the time extension would create a health or safety risk to the community.

2. Furthermore, the Initial Study presented to the Planning Commission, which identified unmitigated water and wastewater cumulative impacts has since been updated to reflect the recently adopted Urban Water Management Plan and infrastructure improvements currently under construction. The City has the water and wastewater capacity to serve the development and there are no significant CEQA impacts. The City finds that the project conforms to the Village One Specific Plan Program EIR and is consistent with CEQA and State law.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal of John Laing Homes to the decision of the Planning Commission denying the vesting status time extension for Kodiak Village II Subdivision Map, property located

east of Oaklade Road and south of La Force Drive is granted and the decision of the Planning Commission is hereby overruled for the reasons quoted above.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of November, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007- 711

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE VILLAGE ONE PROGRAM ENVIRONMENTAL IMPACT REPORT (SCH NO. 90020181), AS AMENDED BY THE SUPPLEMENTAL EIR: ONE YEAR TIME EXTENSION OF VESTING STATUS OF KODIAK II SUBDIVISION MAP, PROPERTY LOCATED EAST OF OAKDALE ROAD AND SOUTH OF LA FORCE DRIVE, (JOHN LAING HOMES)

WHEREAS, the Modesto City Council has adopted Resolution No. 90-757 certifying that the Village One Final Environmental Impact Report ("EIR") (State Clearing House No. 90020181) is complete and adequate pursuant to Section 15090 of the California Environmental Quality Act ("CEQA") Guidelines, and

WHEREAS, the Modesto City Council has adopted Resolution No. 94-297 which certified the Final Supplemental EIR for Village One; thus, the 1990 Village One Program EIR has been amended and updated by the 1994 Supplemental EIR, adopted by Resolution No. 94-297 on May 24, 1994, and

WHEREAS, on May 6, 2003, the City Council adopted Resolution No. 2003-223 which adopted an Addendum to Village One Specific Plan Program Environmental Impact Report for the Village One Facilities Master Plan Update – May 2003 ("VI FMP "), and

WHEREAS, an appeal to the Planning Commission's denial of extension of vesting status of the Kodiak Village II Subdivision was filed with the Office of the City Clerk by the applicant's representative George Petrulakis, on October 2, 2007, and

WHEREAS, the City's Community & Economic Development Department reviewed the proposed Project to determine if said Project might have a significant effect on the environment, and

WHEREAS, City staff has prepared a Written Checklist, Environmental Assessment No. EA/C&ED 2007-26a, which concluded that the proposed Project is within the scope of the Village One Program EIR (SCH No. 90020181), as amended by the Village One Supplemental EIR, and the addendum to Village One Specific Plan Program Environmental Impact Report for the Village One Facilities Master Plan, and

WHEREAS, by Resolution No. 2007-39 the Planning Commission denied the request for the time extension, property located east of Oakdale Road and south of LaForce Drive, and

WHEREAS, an appeal to the Planning Commission's decision was considered by the City Council at a duly noticed public hearing which was held on November 27, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Written Checklist, Environmental Assessment No. EA/C&ED 2007-26a, entitled "Determination: Project within the Scope of the Village One Specific Plan Program Environmental Impact Report Initial Study EA/C&ED No. 2007-26a For the Proposed One Year Time Extension of Vesting Status For the Kodiak II Subdivision Map", for the proposed project, and the Council hereby makes the following findings:

1. As per Sections 15168 of the California Environmental Quality Act ("CEQA") Guidelines, this project is within the scope of the projects covered by the Program EIR, and no new environmental document or findings are required by CEQA, and

2. There are no substantial changes proposed in the project, which result in new significant environmental effects, or a substantial increase in the severity of previously identified significant effects and, there-fore, no major revisions to the Program EIR are required.

3. No substantial changes have occurred with respect to the circumstances under which the project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.

4. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:

   a. One or more significant effects which is not discussed in the Program EIR; or,

   b. Significant effects which were previously examined will be substantially more severe than previously shown; or,

   c. Previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,

   d. Mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative.

5. The Written Checklist, Environmental Assessment No. EA/C&ED 2007-26a, provides the substantial evidence to support findings 1-4, noted above.

A copy of said Written Checklist, Environmental Assessment No. EA/C&ED 2007-26a, entitled "Determination: Project within the Scope of the Village One Specific Plan Program Environmental Impact Report Initial Study EA/C&ED No. 2007-26a for the Proposed One Year Time Extension of Vesting Status For the Kodiak II Subdivision Map", is attached hereto as **Exhibit "A",** and incorporated herein by reference.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of November, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Dunbar, Hawn

November 15, 2007

WRITTEN CHECKLIST

EA/C&ED No. 2007-26a

I. PURPOSE

This written checklist, pursuant to CEQA Guidelines Section 15168 (C) (4), serves to make a determination where subsequent activities of a Program EIR involve site-specific operations, based on evaluation of the site and the activity to determine whether the environmental effects of the operation were covered in the program EIR. Based on a review of the project and Section 15162(a), this determination would permit the lead agency (City of Modesto) to approve the activity as being within the scope of the project covered by the Program EIR. This determination includes whether any new environmental document is required beyond the adopted Village One Specific Plan Program EIR (SCH# 90020181) for the proposed one year vesting status time extension for the Kodiak Village Subdivision (project).

The 1994 Supplemental EIR that amended and superseded the 1990 Program EIR is the document reviewed for projects within the Village One Specific Plan area. A summary of significant impacts and their mitigation measures from the 1994 Supplemental EIR is attached as Exhibit "A." Where appropriate those feasible mitigation measures developed in the Supplement to the program EIR shall be incorporated into the proposed project.

II. PROJECT INFORMATION

1. **Project Title:**	Vesting Status Time Extension- Kodiak Village II Subdivision
2. **Lead Agency Name and Address:**	City of Modesto
3. **Contact Person and Phone Number:**	David Wage, Assistant Planner Modesto Community & Economic Development Department 209/577-5267

4. **Project Location:** Oakdale Road and Laforce Drive

5. **Project Sponsor's Name and Address:** John Laing Homes
   304 Banner Court Suite 1
   Modesto, CA 95356

6. **General Plan Designation:** The General Plan land use designation for the project site is: Village Residential (VR).

7. **Zoning:** Specific Plan Overlay (SP-O)

8. **Description of Project:** Pursuant to Modesto Municipal Code Section 4-4.405(c), the applicant is requesting a one-year time extension for the vesting status of the Kodiak Village II Subdivision. The tentative map for a 61-lot subdivision was approved and effectively vested in April 2004. Once a vesting tentative map has been approved, that approval confers a vested right to proceed with the development in substantial compliance with the ordinances, policies, and standards in effect at the time the vesting tentative map is approved or conditionally approved (Modesto Municipal Code Section 4-4.405(b)). The subdivision is vested against substantial increases in Capital Facilities Fees (CFF), sewer, and water fee increases that are now in effect. Four of the 61 lots in the subdivision have been developed, while the remaining undeveloped lots are vested against current fees.

   The development rights conferred by a vesting map shall remain in effect for two years after recording of a Final Map. The Final Map was recorded on May 12, 2005, and under the City's subdivision regulations, the vesting status would have expired on May 12, 2007. The applicant's request to extend the vesting status for an additional year was submitted on April 13, 2007, which extends the vesting rights until the Planning Commission acts on the request.

9. **Surrounding Land Uses and Setting:** The Village One Specific Plan Area is over half built, as planned and approved by the 1990 Village One Specific Plan. The project area is bounded by Laforce Drive to the north, The Oakdale Road to the West, single-family homes to the east and south.

10. **Other Public Agencies whose Approval Is Required:** None.

III. DETERMINATION:

Based on the analysis contained in this document, staff finds that pursuant to Guidelines Section 15168 (c) (4) the following is true for the proposed project:

1. There are no substantial changes proposed in the project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Village One Program EIR, as amended by the 1994 Supplemental EIR are required.

2. No substantial changes have occurred with respect to the circumstances under which the project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Village One Program EIR, as amended by the 1994 Supplemental EIR are required.

3. There is no new information of substantial importance which was not known and could not have been known with the exercise of reasonable diligence when the Village One Program EIR, as amended by the 1994 Supplemental EIR, was adopted which shows any of the following:

   a. one or more significant effects which is not discussed in the Village One Program EIR, as amended by the 1994 Supplemental EIR; or,

   b. significant effects which were previously examined will be substantially more severe than previously shown; or,

   c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measure or alternative; or,

   d. mitigation measures or alternatives which are considerably different from those analyzed in the Village One Program EIR, as amended by the 1994 Supplemental EIR, would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative.

4. The Initial Study, Environmental Assessment No. EA/C&ED 2007-26a, provides the substantial evidence to support findings 3-5, above, and the City hereby determines that no further environmental documentation is required for the proposed project.

_____

Project Manager Date

IV. PROJECT EVALUATION:

The following written Checklist based on Appendix G of the CEQA Guidelines serves to document the evaluation of the site and activity of the proposed project pursuant to CEQA Guidelines Section 15168 (c) (4) to determine whether the environmental effects of the operation were covered in the Program EIR.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
I.	**AESTHETICS.** Would the project:				
a.	Have a substantial adverse effect on a scenic vista?	☐	☐	☐	☑
b.	Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings along a scenic highway?	☐	☐	☐	☑
c.	Substantially degrade the existing visual character or quality of the site and its surroundings?	☐	☐	☐	☑
d.	Create a new source of substantial light or glare that would adversely affect daytime or nighttime views in the area?	☐	☐	☐	☑

Aesthetic and visual impacts are analyzed on pages III-100 through III-101 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR found that as the Specific Plan area is developed, it will eliminate views of the valley and the distant mountains from adjacent areas and reduce the area's visual open space. However, the program EIR found the effects of buildout of Village One on scenic vistas to be less than significant because views from the project area are minimal. The proposed vesting status time extension would not change the extent or nature of construction in the Specific Plan area, or cause any other changes in the project area. Impacts on scenic vistas would therefore remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.

b. The Village One Specific Plan program EIR found that there are no scenic resources in the project area, and that development within the Specific Plan area would therefore not result in significant impacts on scenic resources. This finding would not be affected by the proposed vesting status time extension. There would be no impact. No mitigation is required.

c. The Village One Specific Plan program EIR found that the development within the Specific Plan area would have a less-than-significant impact on the visual character of the area. The proposed vesting status time extension would not change the design or layout of the development proposed within the Village One Specific Plan. It is called for by the Specific Plan. For this reason, impacts on the visual character of the area would remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.

d. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
II.	**AGRICULTURAL RESOURCES.** In determining whether impacts on agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Department of Conservation. Would the project:				
a.	Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?	☐	☐	☐	☑
b.	Conflict with existing zoning for agricultural use or conflict with a Williamson Act contract?	☐	☐	☐	☑
c.	Involve other changes in the existing environment that, due to their location or nature, could result in conversion of Farmland to non-agricultural use?	☐	☐	☐	☑

Impacts on agricultural resources are analyzed on pages III-80 through III-94 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR found that land designated as Prime Farmland would be lost as a result of development in the Village One Specific Plan area. This impact was determined to be significant and not mitigable. The proposed vesting status time extension would not affect this finding because the project area would remain the same. There would be no additional impact. No mitigation is required.

b. The Village One Specific Plan program EIR presented information showing that any Williamson Act contracts in the Village One Specific Plan area would be automatically cancelled on annexation of the land to the City of Modesto, which has occurred, or would expire within 10 years of the time the original program EIR was prepared. The last Williamson Act contract covering land in the Village One Specific Plan area expired in 2001. There are no lands in the project area under Williamson Act contract. The Village One Specific Plan area has also been rezoned consistent with the specific plan, and no lands in the project area are now zoned for agricultural use. There would be no additional impact. No mitigation is required.

c. The Village One Specific Plan program EIR identified a potential land use conflict between new residential uses in the specific plan area and adjacent agricultural uses. Such conflicts can lead to conversion of adjacent farmlands to other uses. The program EIR proposed mitigation measures for this potential impact that would reduce the impact's significance, although the EIR noted that the mitigation measure might not fully mitigate the impact. No additional mitigation measures are available for this impact. This finding would not be affected by the proposed project because the project area and proposed land uses would remain the same. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
III.	**AIR QUALITY.** When available, the significance criteria established by the applicable air quality management or air pollution control district may be relied upon to make the following determinations. Would the project:				
a.	Conflict with or obstruct implementation of the applicable air quality plan?	☐	☐	☐	☑
b.	Violate any air quality standard or contribute substantially to an existing or projected air quality violation?	☐	☐	☐	☑

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
c.	Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is a nonattainment area for an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors)?	☐	☐	☐	☑
d.	Expose sensitive receptors to substantial pollutant concentrations?	☐	☐	☐	☑
e.	Create objectionable odors affecting a substantial number of people?	☐	☐	☐	☑

Impacts on air quality are analyzed on pages III-45 through III-54 of the 1994 Supplement.

Responses to Checklist Questions

a. / b. The Village One Specific Plan program EIR found that air pollution from project-related construction traffic and fireplaces & wood stoves in planned residential areas would violate air quality standards and contribute to an existing air quality violation. Construction traffic emissions would contribute to violation of the state and federal 8-hour carbon monoxide (CO) and particulate matter (PM10) standards and the federal ozone standard in the Modesto Urban Area and the San Joaquin Valley Air Basin. Urban traffic pollution would contribute to violations of the state ozone, CO, and PM10 standards in the Modesto Urban Area and San Joaquin Valley Air Basin. Residential pollution would contribute to violations of the pollutant standard index in the Modesto Urban Area. Partial mitigation for these impacts is included in the program EIR (Mitigation Measures 3–5), and the City of Modesto adopted a statement of overriding consideration for each impact. The proposed vesting status time extension would not change the amount of development and construction in the project area, so trips generated by the project would not be affected and the types of land uses would not change. There would be no additional impact. No mitigation is required.

c. The Village One Specific Plan program EIR found that air pollutant emissions associated with traffic at buildout of Village One would exacerbate the existing ozone, PM10, and CO violations in the Modesto area and cause a significant cumulative impact. Partial mitigation for these emissions is included in the program EIR (Mitigation Measures 4.5.3[a] and 4.5.3[b]), and the City of Modesto made a statement of overriding consideration for each impact. The proposed vesting status time extension would not change the amount of traffic associated with buildout of Village One or the types of land uses, so trips generated by the project would not be affected. There would be no additional impact. No mitigation is required.

d. The Village One Specific Plan program EIR found that PM10 generated during construction would aggravate the respiratory problems of people living and working nearby, therefore exposing sensitive receptors in the area to pollutant concentrations and causing a significant impact. However, the program EIR outlines mitigation measures that will be implemented to reduce the impact to an acceptable level (Mitigation Measure 40). The proposed vesting status time extension would not change the level of construction emissions. There would be no additional impact. No mitigation is required.

e. The proposed vesting status time extension would not create odors. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
IV.	**BIOLOGICAL RESOURCES.** Would the project:				
a.	Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special-status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service?	☐	☐	☐	☑
b.	Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service?	☐	☐	☐	☑
c.	Have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marshes, vernal pools, coastal wetlands, etc.) through direct removal, filling, hydrological interruption, or other means?	☐	☐	☐	☑
d.	Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites?	☐	☐	☐	☑

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
e.	Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?	☐	☐	☐	☑
f.	Conflict with the provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan?	☐	☐	☐	☑

Impacts on biological resources are analyzed on pages III-68 through III-79 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR found that the buildout could result in the loss of foraging habitat for Swainson's Hawk, a state-listed threatened species. The development of the project site would result in a less than significant impact to foraging habitat for Swainson's Hawk. Therefore, no mitigation is required.

b. The Village One Specific Plan program EIR did not find that any riparian habitat or other designated sensitive natural community was present in the project area, and so found that the project would have a less-than-significant impact. The proposed vesting status time extension would not change the boundaries of the Specific Plan area. There would be no impact. No mitigation is required.

c. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area would result in the loss of lands that might be classified as wetlands by the U.S. Army Corps of Engineers, but that, with mitigation, the impact would be less than significant. The proposed vesting status time extension would not change the Specific Plan area boundaries or the areas that would be disturbed. There would be no additional impact. No mitigation is required.

d. The Village One Specific Plan program EIR did not identify any migratory corridors in the project area, nor did it find that the project would interfere with the movement of any species. The proposed vesting status time extension would not change the Specific Plan area boundaries. There would be no impact. No mitigation is required.

e. / f. No local biological resource protection policies, ordinances, habitat conservation plans, or natural community conservation plans apply to the Village One Specific Plan area. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
V.	**CULTURAL RESOURCES.** Would the project:				
a.	Cause a substantial adverse change in the significance of a historical resource as defined in Section 15064.5?	☐	☐	☐	☑
b.	Cause a substantial adverse change in the significance of an archaeological resource pursuant to Section 15064.5?	☐	☐	☐	☑
c.	Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?	☐	☐	☐	☑
d.	Disturb any human remains, including those interred outside of formal cemeteries?	☐	☐	☐	☑

Responses to Checklist Questions

a.-d. Impacts on cultural resources resulting from the buildout of Village One (e.g., from construction of associated infrastructure) are addressed in the Opportunities/Constraints Report prepared for the Modesto Planning Commission (December 1, 1989). The report concluded that there are no known historic, archaeological, or paleontological resources in the Village One Specific Plan area. Based on the results of this report, (Cultural and Historic Resources Report, page 3) it was determined that the likelihood that the proposed abandonment would change or disturb human remains or significant historic, archaeological, or paleontological resources was low.

The proposed project would not change the locations or types of construction in the project area nor the boundaries of the project area. Development of the proposed project will not result in effects on scattered existing structures. A Cultural Resources Assessment was prepared to determine if any of these affected structures are considered historic resources. The Cultural Resources Assessment is attached to this document as Appendix A. No historic structures are located within the project area boundaries. Therefore, no mitigation measures are necessary.

Since no archaeological, or paleontological resources were found in the previous document to be located in the project area, and since the proposed project would not have a significant impact on historic structures, there would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
VI.	**GEOLOGY AND SOILS.** Would the project:				
a.	Expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death involving:				
	1. Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42.	☐	☐	☐	☑
	2. Strong seismic groundshaking?	☐	☐	☐	☑
	3. Seismic-related ground failure, including liquefaction?	☐	☐	☐	☑
	4. Landslides?	☐	☐	☐	☑
b.	Result in substantial soil erosion or the loss of topsoil?	☐	☐	☐	☑
c.	Be located on a geologic unit or soil that is unstable or that would become unstable as a result of the project and potentially result in an onsite or offsite landslide, lateral spreading, subsidence, liquefaction, or collapse?	☐	☐	☐	☑
d.	Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property?	☐	☐	☐	☑
e.	Have soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater?	☐	☐	☐	☑

Impacts associated with geology and soils are analyzed on pages III-105 through III-108 of the 1994 Supplement.

Responses to Checklist Questions

a.-d. The program EIR, as supplemented, found that the project area is not subject to geologic or soil-related hazards that cannot be adequately mitigated through the implementation of existing city regulations, such as the building code. No significant impacts were identified, and no mitigation measures were required. The proposed abandonment would not change the locations or types of construction in the project area nor the boundaries of the project area. There would be no additional impact. No mitigation is required.

e. The Village One Specific Plan included provisions for the project to be served by public sewers. No septic tanks or alternative wastewater systems were proposed. The proposed vesting status time extension would not change the proposed method of wastewater disposal. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
VII.	**HAZARDS AND HAZARDOUS MATERIALS.** Would the project:				
a.	Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?	☐	☐	☐	☑
b.	Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment?	☐	☐	☐	☑
c.	Emit hazardous emissions or involve handling hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?	☐	☐	☐	☑
d.	Be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?	☐	☐	☐	☑
e.	Be located within an airport land use plan area or, where such a plan has not been adopted, be within two miles of a public airport or public use airport, and result in a safety hazard for people residing or working in the project area?	☐	☐	☐	☑

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
f.	Be located within the vicinity of a private airstrip and result in a safety hazard for people residing or working in the project area?	☐	☐	☐	☑
g.	Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?	☐	☐	☐	☑
h.	Expose people or structures to a significant risk of loss, injury, or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?	☐	☐	☐	☑

Impacts associated with hazards and hazardous materials are analyzed on pages III-80 through III-94 and III-109 through III-119 of the 1994 Supplement.

Responses to Checklist Questions

a.–c. The Village One Specific Plan does not allow any land uses that would use hazardous materials. The proposed vesting status time extension would not change land uses contemplated by the Specific Plan. There would be no impact. No mitigation is required.

d. The Village One Specific Plan program EIR, as supplemented, found no hazardous materials were stored at or near the project site. No significant impacts were identified, and no mitigation measures were required. There would be no additional impact. No mitigation is required.

e. The Village One Specific Plan area is not located in an airport land use plan area or within 2 miles of a public airport. There would be no impact. No mitigation is required.

f. The Village One Specific Plan program EIR found that a private airstrip, the Eastside Mosquito Abatement District Airstrip, is located to the east of the Village One Specific Plan area. However, take-offs and landings were found to take place parallel to and outside the Specific Plan area boundaries, and flight patterns are generally situated to the east of the Specific Plan area. There would be no additional impact. No mitigation is required.

g. Since the adoption of the Village One Specific Plan, the Modesto General Plan has been updated to include development of Village One consistent with the specific plan. City emergency plans are developed with the assumption that the Village One Specific Plan will be implemented. The proposed vesting status time extension would not change construction, land use, or other physical attributes of the Right-of-Way Acquisition. There would be no additional impact. No mitigation is required.

h. The project site is located in an area of the City of Modesto planned for buildout of an urban neighborhood. Approximately 50% of the project area remains undeveloped, with a covering of dry brush and vegetation. The potential for wildland fires is low, and this potential will decrease further as buildout continues. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
VIII.	**HYDROLOGY AND WATER QUALITY.** Would the project:				
a.	Violate any water quality standards or waste discharge requirements?	☐	☐	☐	☑
b.	Substantially deplete groundwater supplies or interfere substantially with groundwater recharge, resulting in a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level that would not support existing land uses or planned uses for which permits have been granted)?	☐	☐	☐	☑
c.	Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner that would result in substantial erosion or siltation onsite or offsite?	☐	☐	☐	☑
d.	Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or amount of surface runoff in a manner that would result in flooding onsite or offsite?	☐	☐	☐	☑

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
e.	Create or contribute runoff water that would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?	☐	☐	☐	☑
f.	Otherwise substantially degrade water quality?	☐	☐	☐	☑
g.	Place housing within a 100-year flood hazard area, as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map?	☐	☐	☐	☑
h.	Place within a 100-year flood hazard area structures that would impede or redirect floodflows?	☐	☐	☐	☑
i.	Expose people or structures to a significant risk of loss, injury, or death involving flooding, including flooding as a result of the failure of a levee or dam?	☐	☐	☐	☑
j.	Contribute to inundation by seiche, tsunami, or mudflow?	☐	☐	☐	☑

Impacts associated with hydrology are analyzed on pages III-109 through III-119 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR did not find that buildout of the plan would violate any water quality standards or waste discharge requirements. The proposed project is consistent with the Village One Specific Plan, so there would be no additional impacts. No mitigation is required.

b. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area might interfere with local groundwater recharge. However, the impact was found to be less than significant because the Specific Plan area is not a major groundwater recharge area and it includes a recharge/discharge plan for disposal of stormwater runoff and recharge of groundwater. The proposed project would not change the amount of impervious surface in the Specific Plan area or the proposed storm drain facilities. There would be no additional impact. No mitigation is required.

c.–e. The Village One Specific Plan program EIR found that development will substantially alter the existing drainage pattern of the area but, because the project will incorporate an urban storm drain system, will not result in any erosion impacts. The proposed project would not change the amount of impervious surface or the proposed storm drain facilities. There would be no additional impact. No mitigation is required.

f. The Village One Specific Plan program EIR did not find that development would substantially degrade water quality. The proposed project would not change water use or discharge associated with the buildout of the Village One Specific Plan area. There would be no additional impact. No mitigation is required.

g.–i. According to the Village One Specific Plan program EIR, the project site is not situated in a 100-year flood hazard area or downstream from a levee or dam. There would be no impact. No mitigation is required.

j. The project site is located in a flat, inland area not susceptible to seiche, tsunami, or mudflow. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
IX.	**LAND USE AND PLANNING.** Would the project:				
a.	Physically divide an established community?	☐	☐	☐	☑
b.	Conflict with any applicable land use plan, policy, or regulation of an agency with jurisdiction over the project (including, but not limited to, a general plan, specific plan, local coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect?	☐	☐	☐	☑
c.	Conflict with any applicable habitat conservation plan or natural community conservation plan?	☐	☐	☐	☑

Impacts associated with land use and planning are analyzed on pages III-80 through III-94 of the 1994 Supplement.

Responses to Checklist Questions

a. The proposed project would not result in any physical changes to the environment beyond those described in the Village One Specific Plan. Village One would continue to be developed as a planned community; therefore, the project would not divide an established community. There would be no impact, and no mitigation is required.

b., c. The Village One Specific Plan has been adopted by the City of Modesto and has been incorporated into the Modesto General Plan. The proposed project would be consistent with the Village One Specific Plan. There are no other applicable land use or conservation plans for the project area. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
X.	**MINERAL RESOURCES.** Would the project:				
a.	Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?	☐	☐	☐	☑
b.	Result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan?	☐	☐	☐	☑

Responses to Checklist Questions

a., b. No known mineral resources or important recovery sites are located in the Village One Specific Plan Area. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
XI.	**NOISE.** Would the project:				
c.	Result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	☐	☐	☑
d.	Result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	☐	☐	☑
e.	Be located within an airport land use plan area, or, where such a plan has not been adopted, within two miles of a public airport or public use airport and expose people residing or working in the project area to excessive noise levels?	☐	☐	☐	☑
f.	Be located in the vicinity of a private airstrip and expose people residing or working in the project area to excessive noise levels?	☐	☐	☐	☑

Impacts associated with noise are analyzed on pages III-55 through III-67 of the 1994 Supplement.

a., c. The Village One Specific Plan program EIR found that proposed residential housing in the project area would be exposed to noise levels exceeding general plan thresholds, but mitigation measures were incorporated to reduce the impact to a less-than-significant level. The proposed project would not change project-related noise-generating activities. There would be no additional impact. No mitigation is required.

b. The Village One Specific Plan program EIR found that the buildout of Village One would not expose people to, or generate excessive, groundborne vibration or groundborne noise levels. There would be no impact. No mitigation is required.

d. The Village One Specific Plan program EIR found that construction of the proposed project would result in a substantial temporary increase in ambient noise levels for residential housing. However, mitigation measures were incorporated into the program EIR to reduce the impact to a less-than-significant level. The proposed project would not change construction activities. There would be no additional impact. No mitigation is required.

e. The Village One Specific Plan program EIR found that the Village One Specific Plan area is not located in an airport land use plan area or within 2 miles of a public airport. There would be no impact. No mitigation is required.

f. The Village One Specific Plan program EIR found that a private airstrip, the Eastside Mosquito Abatement District Airstrip, is located east of the Village One Specific Plan area. However, take-offs and landings take place parallel to and outside the Specific Plan boundaries, and flight patterns are generally situated east of the project area. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XII.	**POPULATION AND HOUSING.** Would the project:				
a.	Induce substantial population growth in an area, either directly (e.g., by proposing new homes and businesses) or indirectly (e.g., through extension of roads or other infrastructure)?	☐	☐	☐	☑
b.	Displace a substantial number of existing housing units, necessitating the construction of replacement housing elsewhere?	☐	☐	☐	☑
c.	Displace a substantial number of people, necessitating the construction of replacement housing elsewhere?	☐	☐	☐	☑

Impacts on population and housing are analyzed on pages III-95 through III-99 of the 1994 Supplement.

Responses to Checklist Questions

a.–c. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area would not result in significant adverse impacts on population and housing units. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XIII. PUBLIC SERVICES. Would the project:				
a. Result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities or a need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times, or other performance objectives for any of the following public services:				
Fire protection?	☐	☐	☐	☑
Police protection?	☐	☐	☐	☑
Schools?	☐	☐	☐	☑
Parks?	☐	☐	☐	☑
Other public facilities?	☐	☐	☐	☑

Impacts on public services are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR found that the only significant impact that buildout of the Village One Specific Plan area would have on public services would be in the areas of fire protection and law enforcement. Mitigation measures were identified in the program EIR to reduce the level of this impact to a less-than-significant level. No other significant impacts on public services were identified. The proposed vesting status time extension would not change the provision of public services. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
XIV.	**RECREATION.** Would the project:				
a.	Increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?	☐	☐	☐	☑
b.	Include recreational facilities or require the construction or expansion of recreational facilities that might have an adverse physical effect on the environment?	☐	☐	☐	☑

Impacts on recreation are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

a., b. No significant impacts on recreation were identified in the program EIR. The proposed project would not change the provision of parks and recreation facilities. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
XV.	**TRANSPORTATION/TRAFFIC.** Would the project:				
a.	Cause an increase in traffic that is substantial in relation to the existing traffic load and capacity of the street system (i.e., result in a substantial increase in the number of vehicle trips, the volume-to-capacity ratio on roads, or congestion at intersections)?	☐	☐	☐	☑
b.	Cause, either individually or cumulatively, exceedance of a level-of-service standard established by the county congestion management agency for designated roads or highways?	☐	☐	☐	☑
c.	Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks?	☐	☐	☐	☑
d.	Substantially increase hazards because of a	☐	☐	☐	☑

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
	design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?				
e.	Result in inadequate emergency access?	☐	☐	☐	☑
f.	Result in inadequate parking capacity?	☐	☐	☐	☑
g.	Conflict with adopted policies, plans, or programs supporting alternative transportation (e.g., bus turnouts, bicycle racks)?	☐	☐	☐	☑

Impacts on transportation and traffic are analyzed on pages III-40 – III-44 of the 1994 Supplement.

Responses to Checklist Questions

a., b. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area would cause an increase in traffic that is substantial in relation to the existing traffic load and capacity of the street system and would affect level of service at several intersections. Mitigation measures identified in the program EIR were identified to reduce impacts to a less-than-significant level for all intersections except the Briggsmore Avenue/Oakdale Avenue intersection. For that intersection, the impact was determined to be significant and not mitigable. The City of Modesto made a statement of overriding considerations for that impact at the time it certified the 1994 Supplement. The proposed vesting status time extension would not alter traffic patterns in the Specific Plan area or result in additional trips. There would be no additional impact. No mitigation is required.

c. The Village One Specific Plan program EIR did not find that the buildout of the Village One Specific Plan area would result in a change in air traffic patterns. The proposed project does not include any elements that would affect air traffic patterns. There would be no impact. No mitigation is required.

d. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area included any hazardous design features or increased any incompatible uses for roads in the project area. Therefore, the vesting status time extension will have a less than significant effect on increasing hazards due to a design feature. No mitigation is required.

e. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area would result in inadequate emergency access in the Specific Plan area. The Specific Plan includes provision of adequate roadways to serve the Village One development. Therefore, the impact on emergency service access is less than significant. No mitigation is required.

f. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area would result in inadequate parking capacity in the Specific Plan area. There would be no impact. No mitigation is required.

g. The proposed project does not include any changes related to transportation policies, and would have no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XVI.	**UTILITIES AND SERVICE SYSTEMS.** Would the project:				
a.	Exceed wastewater treatment requirements of the applicable Regional Water Quality Control Board?	☐	☐	☐	☑
b.	Require or result in the construction of new water or wastewater treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?	☐	☐	☐	☑
c.	Require or result in the construction of new stormwater drainage facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?	☐	☐	☐	☑
d.	Have sufficient water supplies available to serve the project from existing entitlements and resources, or would new or expanded entitlements be needed?	☐	☐	☐	☑
e.	Result in a determination by the wastewater treatment provider that serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?	☐	☐	☐	☑
f.	Be served by a landfill with sufficient permitted capacity to accommodate the project's solid waste disposal needs?	☐	☐	☐	☑

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
g.	Comply with federal, state, and local statutes and regulations related to solid waste?	☐	☐	☐	☑

Impacts on utilities and service systems are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

a.,e. The Village One Master EIR indicates the occurrence of a significant impact if existing sewage treatment facilities cannot serve the projected demand from the proposed project. The Deficiencies in the existing system were identified based on the findings of the Collection System Master Plan Update and the Wastewater Treatment Master Plan Update, both adopted in 2007. Currently, the City is installing a Dissolved Air Floatation Unit (D.A.F.) unit to address existing deficiencies. It is anticipated the D.A.F. unit will be operational by mid-2008 and provide sufficient treatment capacity to serve near-term development citywide. The City is also currently designing treatment and disposal capacity upgrades to its treatment facility, which is expected to be online by late 2009. Therefore, the build out of the Kodiak Subdivision will not result in significant CEQA wastewater impact.

b. The approval would not create any project specific impacts that would require the construction of additional water or wastewater infrastructure. The project would contribute to a cumulative impact that increases the demand for additional infrastructure; however, the City's water and wastewater plans have identified future improvements that will be needed development. Future infrastructure improvements and their potential environmental impacts are addressed in separate environmental documents. This development will not result is project specific effects that create the need for additional infrastructure.

c. The Village One Specific Plan program EIR discusses the changes and new facilities that will be needed in order to accommodate buildout of the Village One Specific Plan area. The EIR found that, with mitigation, there would be no significant impact on stormwater drainage facilities. An update to the Storm Drainage Master Plan has been prepared and is under consideration by the City. An addendum to the Village One program EIR for the Storm Drainage Master Plan has also been prepared and is under consideration by the City. The project would not result in any additional impacts or the need for any additional mitigation beyond that assessed in the Addendum to the Village One Program EIR for the Storm Drainage Master Plan.

d. The City's recent Urban Water Management Plan (UWMP) analyzed both existing ground water sources and surface water supplies. The infrastructure deficiencies identified in the previous Urban Water Management Plan have been addressed through new information about existing water sources and the addition

of infrastructure and an additional water source. Using empirical data, the recent UWMP estimated its existing ground water sources are able to produce operational yield of 53,500 acre-feet per year while previous studies only estimated a yield of 50,000 acre-feet per year. In addition, the City has established an assured long-term water supply by entering into a revised Treatment and Delivery Agreement (TDA) with MID to expand the Modesto Regional Water Treat Plant (MRWTP), which will become operational in late 2009 or early 2010. Therefore, based on updated information included in the recently adopted UWMP, the build out of the Kodiak Subdivision will not result in a significant CEQA water supply impact.

f., g. The Village One Specific Plan program EIR found that the area's landfills have sufficient permitted capacity to accommodate the project's solid waste disposal needs. The proposed project would not result in any physical changes in the environment or the generation of any additional solid waste. There would be no impact. No mitigation is required.

XVII. MANDATORY FINDINGS OF SIGNIFICANCE.

a.	Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory?	☐	☐	☐	☑
b.	Does the project have impacts that are individually limited but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.)	☐	☐	☑	☐
c.	Does the project have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly?	☐	☐	☐	☑

Cumulative impacts are analyzed on page III-161 of the 1994 Supplement.

Responses to Checklist Questions

a. As described above, the proposed project would not result in any significant impacts on the environment over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.

b. As discussed in Section XVI(b) above, the proposed project would result in a less that significant cumulative impact on City water and wastewater infrastructure. The development would result in the need for additional infrastructure above and beyond what has been anticipated in the City's water and wastewater plans. (see "Responses to Checklist Questions XVI 'Utilities and Service Systems' a,e,d on page 25).

c. As described above, the proposed project would not result in any significant impacts affecting humans over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.

V. MITIGATION APPLIED TO PROJECT

The following mitigation measures developed in the 1994 Village One Specific Plan Supplement to the Program EIR are appropriate to the project and will be incorporated into the project. Therefore, the environmental effects of the project were covered by the program EIR, except for the effects relating to water supply and wastewater treatment as described in Sections XVI and XVII of Part IV above.

1. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/ suppressant, covered with a tarp or other suitable cover or vegetative ground cover.

2. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut and fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

3. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

4. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions. Use of blower devices is expressly forbidden.

5. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

6. Within urban areas, track out shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

7. The developer shall implement measures to prevent carryout or trackout that may otherwise occur in conjunction with construction activities.

8. The City's Noise Ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

   The Noise Ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or Federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

a. A hammer or any other device or implement used to pound or strike an object.

b. An impact wrench or other tool or equipment powered by compressed air.

c. A hand-powered saw.

d. Any tool or piece of equipment powered by an internal combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

e. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, backhoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

h. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

9. If archeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K of the MEIR.

10. The developer shall implement pre- and post-construction best management practices (BMP) to minimize pollutants entering the storm system.

Print

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-712

A RESOLUTION AMENDING SECTIONS 1 AND 2 OF RESOLUTION NO. 70-1063 ENTITLED "A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PREZONED DEVELOPMENT ZONE, P-PD(82), (WESTLAND INVESTMENT COMPANY)." (HENSLEY PROPERTIES, LP)

WHEREAS, the Modesto City Council, by Ordinance No. 1057-C.S., which became effective on December 23, 1970, granted Planned Development Zone, P-D(82), to allow Medium Density Residential Zone, R-2, uses on property located on the south side of Haddon Avenue, northwest of Capistrano Drive, and

Whereas, City Council Resolution No. 70-1063 adopted by the City Council on October 26, 1970, approved the development plan for Planned Development Zone, P-D(82), and contained the conditions of approval thereof, and

WHEREAS, a verified application for an amendment to Planned Development Zone, P-D(82) was filed by Hensley Properties LP on January 29, 2007, to allow the conversion of existing rental units into 73 for-sale air-space condominiums, property located on the south side of Haddon Avenue, northwest of Capistrano Drive, and

WHEREAS, after a public hearing held on September 17, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2007-42, that the amendment to Planned Development Zone P-D(82), as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed amendment is consistent with the Modesto Urban Area General Plan, because the use is consistent with the Mixed-Use (MU), designation for the site.

2. The proposed Planned Development Zone Amendment will be compatible with the surrounding residential land uses.

WHEREAS, said matter was set for a public hearing of the City Council to be held on November 7, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Hensley Properties, LP for an amendment to Planned Development Zone, P-D(82) should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2007-42 and quoted above, and

WHEREAS, the City Council has introduced Ordinance No. 3467-C.S. on the 27th day of November, 2007, amending Section 2 of Ordinance No. 1057-C.S., to allow the conversion of existing rental units into 73 for-sale air-space condominiums,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Sections 1 and 2 of Resolution No. 70-1063 entitled "A Resolution Approving a Development Plan For Prezoned Development Zone, P-PD(82), (Westland Investment Company)." are hereby amended to read as follows:

"SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(82), is hereby approved subject to the following conditions:

1. All development shall conform to the plot plan titled "Capistrano Park No. III" as amended in red, stamped approved by the City Council.

2. All conditions of City Council Resolution No. 70-1063, not in conflict with this action shall remain in full force and effect.

3. Improvement Plans for any required improvements shall be prepared by a registered Civil Engineer and submitted for approval by the City Engineer or designee. All improvements shall be constructed in accordance with the approved plans.

4. Prior to the issuance of a building permit, a landscaping and irrigation plan for any new landscaping shall be approved by the Parks, Recreation and Neighborhood Director or designee. Proposed Landscaping and the irrigation system shall be installed and maintained in accordance with the approved plan.

5. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.

6. Electric facilities and overhead lines shall be removed, relocated, or protected as required by the Modesto Irrigation District and the City Engineer or designee. Appropriate easements for electrical facilities shall be granted as required. Relocation or installation of electric facilities shall conform to the District's Electric Service Rules. Costs for relocation and/or undergrounding the District's facilities at the request of others will be borne by the requesting party.

7. Prior to recordation of a subdivision map, the owner shall secure a fire hydrant on the southwest corner of San Ignacio Ave. and Haddon Ave. and a second hydrant on southwest corner of Capistrano Drive and Haddon Ave, to the satisfaction of the Fire Chief and the City Engineer.

8. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction in this development shall be based on the rates in effect at time of issuance of the building permit.

9. Prior to City Council approval of a final subdivision map the subdivider shall submit for approval by the City Attorney the articles of incorporation and bylaws, as well as all covenants, conditions, and restrictions which are to be recorded to create a Homeowner's Association (HOA) which shall guarantee continued maintenance of common facilities in the development including: the front yards of each unit. The Articles of Incorporation shall be filed with the Secretary of State prior to recordation of the final subdivision map. The covenants, conditions and restrictions shall be recorded prior to or concurrently with the final subdivision map.

10. The covenants, conditions and restrictions pertaining to the development shall provide, among other things, that utility service equipment and facilities may be installed on or through dwelling units to serve other dwelling units in the project as required by utility companies serving the project, and that said utility companies shall have a right of access to all lots and buildings where necessary to perform necessary maintenance and repair.

11. Prior to the recordation of a final map the subdivider shall secure certification by the Chief Building Official that all construction conforms to all building and fire safety standards for condominiums established by the Chief Building Official.

12. Provisions for water and sanitary sewer services to individual units shall be made in a manner to be approved by the City Engineer or designee. Maintenance of all sanitary sewers outside of the street right-of-way shall be by the HOA.

13. The public utility easements, including a blanket easement over the common area, as required by the utility companies serving the project shall be dedicated by the final map.

14. Prior to sale of a condominium unit, a subdivision map shall be recorded.

15. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction in this development shall be based on the rates in effect at time of issuance of the building permit.

In addition, the following recommended Conditions of Approval are mitigation measures from the Modesto Urban Area General Plan Master Environmental Impact Report that should be applied to the project:

16. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/ suppressant, covered with a tarp or other suitable cover or vegetative ground cover.

17. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut and fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

18. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

19. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions. Use of blower devices is expressly forbidden.

20. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

21. Within urban areas, trackout shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

22. Install wheel washers for all exiting trucks, or wash off all trucks and equipment leaving the site.

23. Suspend excavation and grading activity when winds exceed 20 mph.

24. Limit the area subject to excavation, grading and other construction activity at any one time.

25. The City's Noise Ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

    The Noise Ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or Federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

    a. A hammer or any other device or implement used to pound or strike an object.

b. An impact wrench or other tool or equipment powered by compressed air.

c. A hand-powered saw.

d. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

e. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

h. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

26. If archaeological resources are discovered at any time during construction, all activity shall cease until a qualified archaeologist surveys the site. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria as presented in Appendix K."

"SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(82):

The entire construction program shall be accomplished in one phase, construction to begin on or before two years after the date of City Council approval and completion to be not later than three years after the date of City Council approval."

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of November, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Dunbar, Hawn

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-713

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): AMENDMENT TO PLANNED DEVELOPMENT ZONE, P-D(82), PROPERTY LOCATED ON SOUTH OF HADDON AVENUE, NORTHWEST OF CAPISTRANO DRIVE TO ALLOW THE CONVERSION OF EXISTING RENTAL UNITS INTO 73 FOR-SALE AIR-SPACE CONDOMINIUMS (HENSLEY PROPERTIES, LP)

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Hensley Properties, LP has proposed an amendment to Planned Development Zone, P-D(82) to allow the conversion of existing rental units into 73 for-sale air-space condominiums, on the property located south of Haddon Avenue, northwest of Capistrano Drive, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the Master Environmental Impact Report and whether the subsequent project was described in the Master Environmental Impact Report as being within the scope of the project, and

WHEREAS, the City's Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2007-14 ("Initial Study") reviewed the proposed amendment to P-D(82) to determine whether the project is within the scope of the project covered by the Modesto Urban Area General Plan Master EIR ("Master EIR"), and concluded that the proposed project is within the scope of the Master EIR and

will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no new additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines begininning on October 12, 2007 the City caused to be published a 20-day notice of the City's intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on November 7, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to P-D(82), a copy of which is attached hereto as **Exhibit "A",** and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. That the proposed project is contemplated and described in the Master EIR (SCH No. 1999082041) as being within the scope of the Master EIR.

2. That the project will have no new significant effects on the environment not identified or examined in the Master EIR, and no new or additional mitigation measures are required.

3. That, as per Section 21157.1 of the Public Resources Code, no new environmental document or findings are required by the California Environmental Quality Act (CEQA).

4. That there are no specific features which are unique to the proposed project that require project specific mitigation measures. Accordingly, the certified mitigation measures identified in the Master EIR will be sufficient for this project.

5. That all feasible mitigation measures set forth in the Master EIR which are appropriate to the project shall be incorporated in the project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of November, 2007 by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None

EXHIBIT A

Initial Study

EA/C&ED 2007-14

City of Modesto

Finding of Conformance to General Plan Master EIR:

Initial Study C&ED No. (2007-14)

For the proposed:

Planned Development Amendment and Tentative Subdivision Map
P-PDA-07-002 & P-TSM-07-002

Prepared by:
City of Modesto
Community & Economic Development Department
Planning Division

March 26, 2007

City of Modesto
Master EIR Initial Study Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Checklist is used in determining whether the Planned Development Project is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

A. Title: P-D(82) Amendment & Tentative Subdivision Map – Condo Conversion

B. Address or Location: South side of Haddon Avenue, west of Capistrano Drive

C. Applicant: Hensley Properties, LP, 821 13th Street, Modesto CA 95354

D. City Contact Person: Robert S. Cannell

Project Manager:	Robert S. Cannell
Department:	Community and Economic Development Department
Phone Number:	(209) 577-5267
E-mail address:	bcannell@modestogov.com

E. Current General Plan Designations: "R" Residential Land Use; and "MU" Mixed Use

F. Current Zoning Classification: Planned Development Zone, P-D(82)

G. Surrounding Land Uses:

North:	P-D(69) Single Family Attached and Multi-Family Dwellings (R-3 Zone Property)
South:	Undeveloped (R-2 & R-3 Zone Property)
East:	R-1, R-2, Undeveloped and Single-Family
West:	P-D(106) Single Family Attached

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

The 6.02-acre project site was annexed to the City on January 21, 1971, as part of Riverside No. 4 Addition. The application involves both an amendment to the existing Planned Development Zone, P-D(82) and a Subdivision Map. The proposal consists of converting the individual duplex, triplex, and fourplex units into condominiums. The existing property consists of 31 lots each served by a public street and each lot containing one duplex, triplex, or fourplex. All of the total 73 dwelling units will be converted. The existing complex will not be expanded, modified, and no new facilities/ units will be added. No changes will occur to the previously approved site plan. The applicant does propose to do improvements to the interior of the existing units as required by the building code.

I. Other Public Agencies Whose Approval is Required:

None.

IIII. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. X **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.

   D. Based on the Initial Study, the City of Modesto finds and determines:
      a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
      b) No new or additional mitigation measures or alternatives are required.

   E. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

2. ____ **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3.____ **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

A. The type of project is described in Chapter II of the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

Robert H. Cannell	Senior Planner	March 26, 2007
Project Manager	Title	Date

4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met, Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	X	☐
(2)	City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template.	X	☐
(3)	Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	X	☐
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	X	☐
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	X	☐
(6)	Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.	X	☐

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "No" response must be discussed.

		YES	NO
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	X	☐
(2)	This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	X	☐
(3)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	X	☐

(4) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available. X ☐

(5) Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development. X ☐

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 build-out of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable traffic and circulation impacts within certain areas of the "Baseline Developed Area":

Effect: Increased traffic will result in certain roadway segments operating at LOS "D" or worse.

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of a LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

DISCUSSION:
This is an application to convert existing units to condominiums. The conversion is compatible with the existing surrounding residential development located in this neighborhood. Because the project is consistent with the surrounding uses, the proposed project will not change to a level that will cause a change to the existing road capacities or levels of service.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures that may be pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section IV, *Mitigation Measures Applied to Project.*

c. Project-Specific Effects

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	YES	NO
(1) Does the project contribute one hundred (100) or more peak hour trips to or from the site during the adjacent roadway's peak hour or the development's peak hour, to adjoining roads and generates more trips than assumed for their general plan land use category and zoning in the Master EIR.	☐	X

Note:

If a project exceeds an additional one hundred (100) or more peak hour trips contribution, a site access study may be conducted to determine to what extent the project would exceed the year 2025 level of service (LOS) expected for the adjoining roadways under the Master EIR. The site access study would recommend new, project-specific mitigation measures. If the project also exceeds the Master EIR's traffic generation assumption, as determined by Engineering & Transportation staff, a comprehensive traffic study would be required that will include off-site traffic impact analysis.

		YES	NO
(2)	Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).	☐	X
(3)	Result in inadequate emergency access.	☐	X
(4)	Result in inadequate parking capacity.	☐	X

DISCUSSION:

(1) Engineering and Transportation Staff reviewed the proposed project and have no comments pertaining to the project::

A. The proposed project will not generate traffic impacts to the adjacent roadways in excess of what was assumed under the MEIR. No traffic study is required.
B. A site access study is not required for this project.

(2) The project will not substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment). The City Engineering and Traffic Department has evaluated the project and has determined that the existing design layout of the project is in accordance to City standards.

(3) Police and Fire Staff have reviewed this proposal and have indicated that there is no emergency access problem.

(4) There is no parking requirements associated with a subdivision map. However, future development on the subdivision will be required to provide parking in accordance with City Standards.

2. AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected City traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. *This is a significant and unavoidable impact.*

Effect: Projected City traffic levels will result in increased ROG and NOX levels in the project area. *This is a significant and unavoidable impact.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

Mitigation Measures appropriate to this project include: AQ-17

c. Project-Specific Effects

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.	☐	X
(2)	The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	☐	X
(3)	The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	☐	X
(4)	The project would expose sensitive receptors to substantial pollutant concentrations.	☐	X
(5)	The project would create objectionable odors affecting a substantial number of people.	☐	X

DISCUSSION:

(1) The project was referred to the San Joaquin Valley Unified Air Pollution Control District who determined that the project would not have a significant effect on the ambient air quality.

(2) This project does incorporate the best management practices for PM10 reduction established by the SJVUAPD (see mitigations measures above).

(3) Applicable General Plan Policies will be applied to the project. Therefore, project-specific effects will be less than significant for this impact (see mitigations measures above).

(4) The project is not a significant contributor to pollution levels in that it involves only a subdivision of property. PM10 emissions created through any remedial construction will be mitigated as called for by the MEIR by the measures listed above.

(5) The proposed project will not produce objectionable odors.

3. NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in an excess of the City's Noise Significance Standards.

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

Mitigation Measures appropriate to this project include: N-4, N-5 and N-6.

c. Project-Specific Effects

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	X
(2)	The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.	☐	X
(3)	The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	X
(4)	The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.	☐	X

DISCUSSION:

(1) The City's noise policy is incorporated into the conditions of approval as a mitigation measure.

(2) The project is consistent with the noise policies of the General Plan. The noise mitigation measures called for by the General Plan for projects within the baseline-developed area are incorporated into the conditions of approval for the project.

(3) The only permanent noise levels produced by the project would be associated with traffic. The increased traffic levels are within the scope of what the MEIR assumed for the site. Therefore, this project will not result in a substantial permanent increase in ambient noise levels.

(4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. There will be some construction related noise, but the noise mitigation measures called for by the General Plan for projects within the baseline developed area, are incorporated into the conditions of approval for the project.

4. AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

DISCUSSION:
The site is not zoned for agriculture or designated on the General Plan for future agricultural use. The proposed project will not affect areas zoned for agriculture or designated on the General Plan for future agricultural use. The project is an infill development and the surrounding properties are located within a fully developed urbanized area.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 MEIR. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will directly result in the development of land outside the March 2003 planning area boundaries.	☐	X
(3)	The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract.	☐	X
(4)	The project will Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan land use policies. It is an infill project, proposed within the urbanized area of the City. There are no agricultural parcels affected by the proposal and no agricultural and will be converted.

(2) The project is within the Baseline-Developed area of the City and therefore will not result in the development of land outside the March 2003 planning area boundaries.

(3) The project site is not zoned for agriculture nor is it under Williamson Act contract.

(4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses. The project is completely surrounded by urbanization.

5. WATER SUPPLY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. *This is a less-than-significant impact.*

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. *Consequently, the potential environmental impacts of the Urban Area General Plan are considered less-than-significant.*

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. *This is a significant and unavoidable cumulative impact.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project was referred to Engineering and Transportation for comment and there was no determination that there is insufficient capacity to serve the project.

6. SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. *As a result, this impact would be less-than-significant.*

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. *This is a less-than-significant impact.*

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-6-4 through V-6-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project was referred to Engineering and Transportation for comment and there was no indication that there is insufficient capacity to serve the project.

7. SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less-than-significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project regarding sensitive wildlife and plant habitat. The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR.

c. Project-Specific Effects

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species.	☐	X
(3)	Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V 7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.

(3) There is no conflict with any local policies or ordinances protecting biological resources.

8. ARCHAEOLOGICAL OR HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 MEIR.

DISCUSSION:

Mitigation Measures applicable to this project include: AH-8, Master EIR.

c. Project-Specific Effects

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. The mitigation measure called for by the General Plan is incorporated into the conditions of approval for the project.

9. STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions;

regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered *less-than-significant.*

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. *This cumulative impact is considered significant and unavoidable.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8.

DISCUSSION:

Mitigation measures appropriate to this project include: SD-7, MEIR. This mitigation measure is addressed by conditions of approval.

c. Project-Specific Effects

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.	☐	X
(3)	Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) and "MU" (Mixed Use) designations in both land use and intensity.

(2) The project does not propose to increase the impervious surface, the residential development already exists. The project will meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures," adopted by the City as required by the above-listed mitigation measures.

(3) The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less-than-significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less-than-significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 MEIR. All feasible measures appropriate to the project have been incorporated into the conditions of approval.

DISCUSSION:

Mitigation measures appropriate to this project include: FWQ-14, MEIR. This mitigation measure is addressed by conditions of approval.

c. Project-Specific Effects

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	☐	X
(3)	The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	☐	X
(4)	The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) and "MU" (Mixed Use) designations in both land use and intensity.

(2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.

(3) The project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures.

(4) The project would not create or contribute to runoff water in excess of the capacity of existing or planned storm water drainage systems or provide additional sources of polluted runoff.

11. PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. *Impacts on parks and open space will be less-than-significant.*

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. *This impact is less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project, are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project. It is not near any of the riparian area identified by Figures V-7-1a through V-7-1e of the MEIR.

c. Project-Specific Effects

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) and "MU" (Mixed Use) designations in both land use and intensity. There are no mitigation measures applicable to this project.

12. SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan.). As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) The project was referred to Modesto City Schools who indicated no opposition to the project.

13. POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. *The impact is less-than-significant.*

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. *These policies reduce the impact to a less-than-significant level.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) and "MU" (Mixed Use) designations in both land use and intensity.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

14. FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. *Impacts on fire services of development in these areas will be less-than-significant.*

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. *This impact would be less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) and "MU" (Mixed Use) designations in both land use and intensity.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

15. SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: New development projects would exceed available landfill capacity, it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. New projects will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. *The impact would be less-than-significant at such time as the Fink Road Landfill expansion is approved.*

Effect: New development projects can make a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. *This impact is significant and unavoidable.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-15-5 and V-15-6 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) and "MU" (Mixed Use) designations in both land use and intensity.

(2) This project was referred to the County and Solid Waste Division of the Engineering and Transportation Division for review, and no indication was given that there would be a problem serving this project.

16. HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less-than-significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	☐	X
(3)	The project contains a contaminated site not identified as of March 2003.	☐	X
(4)	The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	X
(5)	The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) and "MU" (Mixed Use) designations in both land use and intensity.

(2) This is an infill project, which involves the an existing residential project to be converted to residential condominiums. No hazardous materials will be involved with this project.

(3) The project site is not known to contain any contaminants.

(4) The project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste.

(5) The project would not be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

17. LANDSLIDES AND SEISMIC ACTIVITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. *Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less-than-significant.*

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. *The impact is less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

DISCUSSION:
No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) and "MU" (Mixed Use) designations in both land use and intensity.

19. PLANNING AND LAND USE

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project includes a substantive amendment to the Modesto Urban Area General Plan.	☐	X
(3)	The project would physically divide an established community	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan "R" (Residential Land Use) and "MU" (Mixed Use) designations in both land use and intensity.

(2) No amendment to the General Plan is required by this project.

(3) The project is an infill project that will act to connect an existing community rather than divide one.

20. AESTHETICS

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would have a substantial adverse effect on a scenic vista.	☐	X
(3)	The project would substantially degrade the existing visual character or quality of the project site and its surroundings.	☐	X
(4)	The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) There are no Scenic Vistas from the location of the proposed development. It is completely surrounded by urbanization. Views to the Diablo and Sierra Mountain Ranges are already precluded from this site and its surroundings.

(3) The project would not substantially degrade the existing visual character or quality of the project site and its surroundings.

(4) The project would not create a substantial source of light or glare that would adversely affect daytime or nighttime views in the area. The development is already existing.

V. MITIGATION MEASURES APPLIED TO THE PROJECT

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to CEQA Section 21157.1 (c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures (also contained in Section III, "Global List") shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project.

Traffic and Circulation Measures:

N/A

Air Quality Measures:

1. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

Noise Measures:

1. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

   The noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

   A. A hammer, or any other device or implement used to pound or strike an object.

   B. An impact wrench, or other tool or equipment powered by compressed air.

   C. A hand-powered saw.

   D. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

   E. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

   F. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

   G. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

   H. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

Agricultural Land Measures:

N/A

Water Supply Measures:

N/A

Sanitary Sewer Service Measures:

N/A

Sensitive Wildlife and Plant Habitat Measures:

N/A

Archaeological or Historic Sites Measures:

N/A

Storm Drainage Measures:

1. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

Flooding and Water Quality Measures:

1. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

Parks and Open Space Measures:

N/A

Schools Measures:

N/A

Police Services:

N/A

Fire Services:

N/A

Generation of Solid Waste

N/A

Generation of Hazardous Materials

N/A

Potential for Landslides and Seismic Activity

N/A

Energy

N/A

Planning and Land Use

N/A

Aesthetics

N/A

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study. The following project-specific mitigation measures are necessary to reduce the identified new significant effect: ***None.***

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-714

A RESOLUTION APPROVING AN AGREEMENT WITH THE GILLIG CORPORATION FOR THE PURCHASE OF FIVE (5) TRANSIT BUSES AND SPARE COMPONENTS FOR A TOTAL COST OF $1,986,127, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT

WHEREAS, the City desires to purchase five (5) transit buses to provide new service to northwest Modesto and Gregori High School, and

WHEREAS, the City is utilizing the Hillsborough Area Regional Transit (HART) competitive bid process to purchase said buses from the Gillig Corporation, and

WHEREAS, the Gillig Corporation provided the City with a quote based on the bid price the Gillig Corporation submitted to HART, and

WHEREAS, the Gillig Corporation has quoted the following total price F.O.B. Modesto, including state and local sales taxes: One Million, Nine Hundred Eighty-Six Thousand, One Hundred Twenty-Seven and No One-Hundredths Dollars ($1,986,127.00), and

WHEREAS, by an agenda report to the City Council dated November 8, 2007, from the Public Works Director, City staff recommended to the Council that said buses be purchased from the Gillig Corporation at the quoted price,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement with Gillig Corporation for the purchase of five transit buses for a total cost of $1,986,127.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute agreement.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 27th day of November, 2007 by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-715

A RESOLUTION AMENDING THE CURRENT FY 2007-2008 CAPITAL IMPROVEMENT PROGRAM REVENUE BUDGET FOR PROJECT 6510-165-J401 (BUS PURCHASES).

WHEREAS, the City wishes to purchase five (5) transit buses to provide new service in Modesto, and

WHEREAS, the FY2007-2008 CIP Budget for 6510-165-J401 requires amending to fund this project, and

WHEREAS, funds in the amount of $301,000 need to be transferred from account 1420 (Public Transportation Capital Facility Fund) to account 6510-700-J401-9142 to be appropriated for the Bus Purchases, and

WHEREAS, budget revenue needs to be increased by $558,905 in account 6510-165-J401-3159 (Local Transportation Funds Prior Year), and

WHEREAS, budget revenue needs to be decreased by $599,923 in account 6510-165-J401-3158 (Local Transportation Fund Current Year), and

WHEREAS, budget revenue needs to be decreased by $496,190 in account 6510-165-J401-3161 (STAF Transit Operating Grant), and

WHEREAS, an appropriation of $236,208 is needed from Fund 6510 (Fund Reserves) to fund the purchase of five (5) buses.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the following budget adjustments to fully fund the bus purchases: (a) transfer $301,000 from account 1420 (Transit Capital Facility Fee Fund) to account 6510-700-J401-9142, (b) increase budget revenue by $558,905 in account 6510-165-J401-3159 (Local Transportation Funds Prior Year), (c) decrease budget revenue by

$599,923 in account 6510-165-J401-3158 (Local Transportation Fund Current Year), (d) decrease budget revenue by $496,190 in account 6510-165-J401-3161 (STAF Transit Operating Grant), and (e) authorize the appropriation of $236,208 from Fund 6510 Fund Reserves.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of November, 2007 by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-716

A RESOLUTION APPOINTING ASSISTANT CITY CLERK STEPHANIE LOPEZ AS ACTING CITY CLERK/AUDITOR EFFECTIVE DECEMBER 13, 2007, AND AUTHORIZING A MONTHLY SALARY OF $7,262.72

BE IT RESOLVED by the Council of the City of Modesto that Stephanie Lopez, Assistant City Clerk, is hereby appointed Acting City Clerk/Auditor, effective December 13, 2007.

BE IT FURTHER RESOLVED that Ms. Lopez shall receive a monthly salary of $7,262.72 and a monthly vehicle allowance of $400 during the term of said acting assignment.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of December 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-717

A RESOLUTION APPROVING AN EXTENSION OF THE SERVICE AGREEMENT WITH BERTOLOTTI MODESTO DISPOSAL, INC., AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE A LETTER AMENDMENT TO THE SERVICE AGREEMENT PROVIDING FOR AN AUTOMATIC ONE-YEAR EXTENSION OF THE SERVICE AGREEMENT ON EACH ANNIVERSARY OF THE AGREEMENT

WHEREAS, on September 18, 2001, the City Council authorized the execution of a Service Agreement with Bertolotti Modesto Disposal, Inc., and

WHEREAS, this Service Agreement gave Bertolotti the exclusive right to collect commercial/residential garbage/recyclables and containerized yard waste within the Service Area shown on the map on file at that time with the City Clerk, and

WHEREAS, this map allocated approximately 20% of Modesto's commercial and residential customers to Bertolotti, and

WHEREAS, the Service Agreement also gave Bertolotti a non-exclusive right to collect industrial garbage, salvageable waste, and recyclable materials within the City, and

WHEREAS, the term of this Service Agreement with Bertolotti was for seven (7) years, through September 18, 2008, and

WHEREAS, Bertolotti had the option to request an extension of the Service Agreement upon the successful completion of two years of service and every two years thereafter, and

WHEREAS, on November 13, 2003, the Council extended Bertolotti's Service Agreement for an additional two years, through September 18, 2010, and

WHEREAS, Bertolotti was in the process of preparing another extension request in 2006, when Waste Management announced that they were no longer interested in providing service in the City of Modesto and the Council decided to reapportion Waste Management's former Service Area to Gilton Solid Waste and Bertolotti Modesto Disposal, and

WHEREAS, due to the revision of the Service Area map and pressing issues related to the transition of approximately 28,000 residential and 1,700 commercial customers, as well as the need to determine whether or not the transition would be successful, the extension request was postponed by mutual agreement between staff and Bertolotti, and

WHEREAS, the transition has been successfully completed and Bertolotti has demonstrated to staff's satisfaction that they are able to provide the level and quality of service expected by the City in their expanded Service Area, and has fully cooperated with the City in all public education and other solid waste program efforts, and

WHEREAS, on September 21, 2007, staff received a letter from Bertolotti Modesto Disposal requesting an extension of the Service Agreement through 2014, bringing the term of their Agreement back to the original 7 years granted in 2001, and

WHEREAS, the Economic Development Committee met on November 14, 2007, and supported approving an Extension of the Service Agreement with Bertolotti Modesto Disposal, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an Extension of the Service Agreement with Bertolotti Modesto Disposal, Inc

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute a letter amendment to the Service Agreement providing for an automatic one-year extension of the Service Agreement on each anniversary of the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of December, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-718

A RESOLUTION APPROVING AN AGREEMENT WITH BIGGS CARDOSA ASSOCIATES, INC., FOR THE PREPARATION OF DESIGN DEVELOPMENT AND CONTRACT DOCUMENTS FOR THE VIRGINIA CORRIDOR PHASE V PROJECT, IN AN AMOUNT NOT TO EXCEED $540,475 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Virginia Corridor Trailway (the "Project") is a conversion of the original Tidewater Southern/Union Pacific Railroad corridor to a class one bicycle and pedestrian trail in Modesto, California, and

WHEREAS, the Project is being constructed under a rails-to-trails agreement with Union Pacific Railroad, and

WHEREAS, the trail runs from College Avenue with a connection to downtown Modesto to the south, to Pelandale Avenue to the north (approximately 4.2 miles), and

WHEREAS, the Project consists of a 10' wide pathway flanked by landscaping, benches, lighting, and site amenities, and

WHEREAS, the work to be accomplished in Phase V of the Project consists of preparation of Design Development and Construction Plans, Specifications and Engineering for the Project between Granger Avenue and Bowen Avenue, including the Briggsmore Avenue Overcrossing, and

WHEREAS, future elements of Phase V will include site preparation, grading, drainage, irrigation, utilities, landscaping, trail, lighting, signage, site amenities, bike/pedestrian bridge, and relocation of MID and other utility lines, and

WHEREAS, also included will be construction administration assistance by the consultant, and

WHEREAS, in accordance with Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, a Request for Proposals was sent on August 22, 2007, to approximately one hundred sixty (160) engineering firms, including local companies, of which four responded, and

WHEREAS, proposals were evaluated by staff from the Parks, Recreation and Neighborhoods and Public Works Departments, and

WHEREAS, all four firms were interviewed by City staff on October 10, 11 and 12, with Biggs Cardosa Associates, Inc. selected as the most qualified firm, and

WHEREAS, City staff recommends that an Agreement with the firm of Biggs Cardosa Associates, Inc. be approved to perform the preparation of Design Development and Construction Plans, Specifications and Engineering for the Project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an Agreement with Biggs Cardosa Associates, Inc., for the preparation of Design Development and Contract Documents for the Virginia Corridor Phase V Project, in an amount not to exceed $540,475.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of December, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-719

A RESOLUTION AMENDING THE CURRENT CAPITAL IMPROVEMENT PROGRAM TO ESTABLISH A NEW SECONDARY CIP, P365, VIRGINIA CORRIDOR PHASE V AND ALLOCATING $3,500,000 IN FUNDING TO THE PROJECT

WHEREAS, the Virginia Corridor Trailway (the "Project") is a conversion of the original Tidewater Southern/Union Pacific Railroad corridor to a class one bicycle and pedestrian trail in Modesto, California, and

WHEREAS, the Project is being constructed under a rails-to-trails agreement with Union Pacific Railroad, and

WHEREAS, the trail runs from College Avenue with a connection to downtown Modesto to the south, to Pelandale Avenue to the north (approximately 4.2 miles), and

WHEREAS, the Project consists of a 10' wide pathway flanked by landscaping, benches, lighting, and site amenities, and

WHEREAS, the work to be accomplished in Phase V of the Project consists of preparation of Design Development and Construction Plans, Specifications and Engineering for the Virginia Corridor Trailway between Granger Avenue and Bowen Avenue, including the Briggsmore Avenue Overcrossing, and

WHEREAS, future elements of Phase V will include, site preparation, grading, drainage, irrigation, utilities, landscaping, trail, lighting, signage, site amenities, bike/pedestrian bridge, and relocation of MID and other utility lines, and

WHEREAS, staff desires to establish a Capital Improvement Project for Phase V of the Virginia Corridor Trailway, and

WHEREAS, revenue in the amount of $500,000 from Congestion Mitigation Air Quality Funds and $3,000,000 in Federal Highway Administration funds is available in the primary project A087, Virginia Corridor, for this phase of the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves amending the current Capital Improvement Program to establish a new Secondary CIP, P365, Virginia Corridor Phase V and allocating $3,500,000 in funding to the project.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of December, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-720

A RESOLUTION APROVING AN AGREEMENT WITH STANISLAUS COUNTY, BEHAVIORAL HEALTH AND RECOVERY SERVICES (BHRS), IN THE AMOUNT OF $41,500, TO PROVIDE PARTY PATROL POLICE OFFICERS AND CONDUCT JUVENILE ALCOHOL EDUCATION, PREVENTION AND INTERVENTION PROGRAMS FOR THE CITY OF MODESTO AND STANISLAUS COUNTY, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, Stanislaus County, Behavioral Health and Recovery Services (BHRS) requires Party Patrol Police Officers to contact, identify and hold accountable minors drinking illegally at home parties and in violation of the law, and

WHEREAS, the Modesto Police Department has developed a first-time offender juvenile alcohol education, prevention and intervention program, and,

WHEREAS, minors contacted by the Party Patrol will be cited and required to attend diversion classes with their parents, and

WHEREAS, the goal of the class is to educate minors and parents of the dangers related to minors consuming alcohol, and

WHEREAS, the Modesto Police Department has seen a reduction in alcohol related injuries and deaths related to juveniles and alcohol since Party Patrol was established, and

WHEREAS, the Modesto Police Department will also provide a marketing campaign, including placing ads in newspapers, yearbooks, as well as produce posters to educate youth about the harmful effects of alcohol, and

WHEREAS, the Modesto Police Department will prepare reports on enforcement actions taken related to juvenile alcohol consumption offenses, and

WHEREAS, the term of this agreement is October 1, 2007, through June 30, 2008, and

WHEREAS, the City shall be compensated $41,500 for the services of Party Patrol Police Officers and to conduct juvenile alcohol education, prevention and intervention program, and

WHEREAS, there is no fiscal impact to the City of Modesto,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Stanislaus County, Behavioral Health and Recovery Services (BHRS) in the amount of $41,500 to provide Party Patrol Police Officers and conduct juvenile alcohol education, prevention and intervention programs for the City of Modesto and Stanislaus County.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of December, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NUMBER 2007-721

A RESOLUTION AMENDING THE FISCAL YEAR 2007/2008 OPERATING BUDGET, ESTIMATING REVENUE OF $41,500, AND APPROPRIATING FUNDS FOR OVERTIME PARTY PATROL OFFICERS AND PROGRAM COSTS

WHEREAS, Stanislaus County, Behavioral Health and Recovery Services (BHRS) requires Party Patrol Police Officers to contact, identify and hold accountable minors drinking illegally at home parties and in violation of the law, and

WHEREAS, minors contacted by Party Patrol will be cited and required to attend diversion classes with their parents, and

WHEREAS, the goal of the class is to educate minors and parents of the dangers related to minors consuming alcohol, and

WHEREAS, the Modesto Police Department has seen a reduction in alcohol related injuries and deaths related to juveniles and alcohol since Party Patrol was established, and

WHEREAS, the term of this agreement is October 1, 2007, through June 30, 2008 and

WHEREAS, the City shall be compensated $41,500 for the services of overtime Party Patrol Police Officers and to conduct juvenile alcohol education, prevention and intervention program, and

WHEREAS, the 2007/2008 Operating Budget will be amended as indicated:

	Expense:		
To:	0420-190-2093-0130	$41,500	Officers' Overtime Hours Cost
	Revenue:		
To:	0420-190-2093-3730	$41,500	School/County Contribution

WHEREAS, due to the contract date, this should be set up as a multi-year appropriation.

WHEREAS, there is no fiscal impact to the City of Modesto,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of that it hereby approves the agreement with Stanislaus County, Behavioral Health and Recovery Services (BHRS) in the amount of $41,500 for the provision of Party Patrol Police Officers and the juvenile alcohol education, prevention and intervention program for the City of Modesto and Stanislaus County.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of December, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-722

A RESOLUTION APPROVING THE PROTECTED-PERMISSIVE TRAFFIC SIGNALS REPORT FOR 2007

WHEREAS, the City has protected-permissive traffic signal phasing at 47 intersections, and

WHEREAS, based on staff's periodic evaluations, staff has determined that protected-permissive phasing is very effective at most locations in town, and

WHEREAS, protected-permissive phasing provides more important non-tangible benefits, such as, reduced driver anxiety and a second chance to turn left during the same cycle, and

WHEREAS, overall, staff recommends continuing the use of protected-permissive phasing at appropriate locations and monitoring these installations for improvement and/or modifications based on periodic technical analysis, and

WHEREAS, after reviewing the data presented in the attached evaluation, staff made minor adjustments to the amber and all-red timing and protected-permissive signs at Sisk Road and Target Center Drive, and

WHEREAS, the Safety & Communities Committee at its December 3, 2007, meeting reviewed this report and authorized its presentation to the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Protected-Permissive Traffic Signals report for 2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of December, 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-724

A RESOLUTION INCREASING THE PUBLIC WORKS DIRECTOR'S AUTHORITY TO ISSUE CHANGE ORDERS ON THE PROJECT ENTITLED "2007 CAPE SEALS" FROM 10 PERCENT ($59,167.92) TO 11 PERCENT ($65,676.39) OF THE ORIGINAL CONTRACT PRICE WITH INTERMOUNTAIN SLURRY SEAL, INC.

WHEREAS, on April 3, 2007, by Resolution No. 2007-214, the City Council awarded a $591,679.16 contract to Intermountain Slurry Seal, Inc., to construct the "2007 Cape Seals" project, and

WHEREAS, the contractor started work on May 14, 2007, and

WHEREAS, additional work not included in the original bid needed to be added to the project to allow completion of the project, and

WHEREAS, the cost of the extra work was estimated to be as high as $65,676.39, an amount which exceeds the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443 on July 19, 1994, and

WHEREAS, the Director currently has authority to approve change orders up to a cumulative amount of $59,167.92,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby increases the Public Works Director's authority to issue change orders on the project entitled "2007 Cape Seals" from 10 percent ($59,167.92) to 11 percent ($65,676.39) of the original contract price with Intermountain Slurry Seal, Inc.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-726

A RESOLUTION APPROVING THE PROPOSED 2007-08 REVENUE ENHANCEMENTS AND DEPARTMENT BUDGET REDUCTIONS TO HELP MAINTAIN THE CITY'S 8% GENERAL FUND POLICY RESERVE

WHEREAS, the Finance Department has been reviewing 2006-07 fiscal year finances and evaluating the financial forecast for the 2007-08 fiscal year, and

WHEREAS, the Finance Director made presentations to the Finance Committee on September 24, October 22, November 13 and November 26 regarding the financial status of the General Fund, and

WHEREAS, the Finance Department informed the Finance Committee that due to current economic conditions, the City's projected General Fund revenues need to be reduced by approximately $5.3 million;

WHEREAS, the City Manager requested all department heads to review their operating budgets and provide proposed reductions that would not result in reductions in force or reduce service levels, and

WHEREAS, the Finance Department presented the proposed budget reductions and additional revenue generation ideas to the Finance Committee on November 13 and November 26, 2007, and

WHEREAS, the Finance Committee reviewed the proposed revenue enhancements and budget reductions and has forwarded its recommendations to the full City Council, and

WHEREAS, the City Council considered the recommendations of the Finance Committee,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approve the following:

ADDITIONAL REVENUES AND BUDGET REDUCTIONS. That the proposed additional revenues and budget reductions for FY 2007-08 be approved ($7,746,168) as detailed in **Exhibit A,** which is incorporated by reference herein.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the steps necessary to implement the approved budget adjustments shown in **Exhibit A.**

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of December, 2007, by Councilmember Hawn, who moved its adoption, which motion is being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted the following vote:

AYES:	Councilmembers:	Hawn, Keating, Marsh, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-727

A RESOLUTION APPROVING THE PROPOSED POLICY RECOMMENDATIONS TO HELP MAINTAIN THE CITY'S 8% GENERAL FUND POLICY RESERVE AND PROVIDING FOR CERTAIN TRANSFERS OF FUNDS

WHEREAS, the Finance Department has been reviewing 2006-07 fiscal year finances and updating the financial forecast for the 2007-08 fiscal year, and

WHEREAS, the Finance Director made presentations to the Finance Committee on September 24, October 22, November 13 and November 26, 2007 regarding the financial status of the General Fund, and

WHEREAS, the Finance Department provided policy recommendations in order to provide additional cost savings or revenue to the General Fund, and

WHEREAS, the Finance Committee reviewed the recommended policy actions and forwarded its recommendations to the full City Council, and

WHEREAS, the City Council considered the recommendations of the Finance Committee,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approve the following policy actions which are more fully described in Exhibit A, which is incorporated by reference herein:

POLICY 1. FORGIVE THE FY2002-03 FLEET REPLACEMENT FUND LOAN TO THE GENERAL FUND. The existing General Fund debt of $1.75 million to the Fleet Replacement fund will be forgiven as of July 1, 2007. Annual payments of $212,000.00 from the General Fund will be reclassified as vehicle replacement charges made to the Fleet Replacement Fund.

POLICY 2. REQUIRE THE STORM DRAINAGE FUND TO PAY ITS FULL SHARE OF GENERAL FUND COSTS. The General Fund subsidies from FY 2006-07 ($879,000) and 2007-08 ($753,000) will be treated as advances to the Storm Drainage Fund. The full value of

service charges for billing services and administrative overhead costs will also be charged to the Storm Drainage Fund. Upon adoption of a new storm drain rate study, the General Fund will recapture these advances to the Storm Drain fund.

POLICY 3. REQUIRE ALL PROGRAMS TO PAY THEIR ALLOCABLE SHARE OF GENERAL FUND OVERHEAD COSTS. The administrative overhead cost plan will be used to determine the programs that will receive an allocation of overhead costs as shown in Exhibit B which is incorporated by reference herein.

POLICY 4. INITIATE REPAYMENT OF THE LOANS FROM THE GENERAL FUND TO THE REDEVELOPMENT AGENCY. The loans made to the Redevelopment Agency by the General Fund shall be repaid in an amount that may vary by year but that is estimated to average $500,000.00 annually. The amount of repayment shall be determined by the City Council and Agency Board at the time and place that the Annual Operating Budgets of the General Fund and Redevelopment Agency are considered for adoption each year. The repayment shall be of the principal amount only which is estimated to be $20.9 million.

POLICY 5. SUSPEND, FOR ONE YEAR, THE GENERAL FUND CONTRIBUTION TO THE OTHER POST EMPLOYMENT BENEFITS (OPEB) FUND. The General Fund contribution to the OPEB Fund that represents the long-term portion of the retiree benefit liability ($953,545) shall be cancelled in FY 2007-08. This action shall not affect the payment of current benefits under this program.

POLICY 6. MAINTAIN FUNDING TO THE WORKER'S COMPENSATION INSURANCE FUND AT THE 50% CONFIDENCE LEVEL. The annual General Fund contribution to increase the level of funding for the Worker's Compensation Insurance Fund of $894,631 shall be cancelled in FY 2007-08. This action shall not affect the payment of current benefits under this program.

POLICY 7. TRANSFER $650,000 FROM THE INFORMATION TECHNOLOGY RESERVE FUND TO THE GENERAL FUND. A portion of the General Fund contribution for

the City's Enterprise Resources Program ($650,000) transferred to the Information Technology Fund in FY 2005-06 shall be returned to the General Fund.

POLICY 8. TRANSFER $500,000 FROM THE GAS TAX FUND TO THE GENERAL FUND. The General Fund subsidy for street improvement activities in FY 2007-2008 shall be reduced by $500,000.00 and $500,000.00 in unallocated Local Transportation Funds shall be transferred to fund these costs.

POLICY 9. SUSPEND, FOR ONE YEAR, THE OPERATING DEPARMENTS' FLEET EQUIPMENT REPLACEMENT CHARGES. The General Fund Operating Department's fleet equipment replacement charges ($882,930) shall be deferred in FY 2007-08. The timing and amount of repayment shall be determined at the time the FY 2008-2009 General Fund operating budgets are adopted.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to implement the policy actions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of December, 2007, by Councilmember Hawn, who moved its adoption, which motion is being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted the following vote:

AYES: Councilmembers: Hawn, Keating, Marsh, Olsen, Mayor Ridenour

NOES: Councilmembers: Dunbar

ABSENT: Councilmembers: O'Bryant

Attest: Jean Morris
JEAN MORRIS, City Clerk

Recommended Financial Policy Items

Re-characterize FY2002-2003 Fleet Fund Loan to General Fund and Continue Annual Payments

In 2002-2003, the decision was made to lend $2.0 million in "excess Fleet Replacement Fund cash reserves" to the General Fund. This amount represented cash that was not needed immediately for the replacement of equipment. Since this cash will be needed in the future to pay for vehicle replacements, the General Fund began making principal and interest payments in the amount of $212,000.00 starting in fiscal 2005-2006.

At the time the loan was issued, the General Fund vehicle replacement accounts were not reduced in the Fleet Fund and the scheduled vehicle replacements have been made on time using available cash. Staff's recommendation to the City Council is to forgive the loan to the General Fund as of July 1, 2006 but retain the payments that were intended to restore the cash balance in the Fleet Replacement Fund to ensure that the Fleet Fund has the cash necessary to fund all vehicle replacements on the original timeline. If the City Council accepts staff's recommendation,

General Fund
The General Fund unappropriated reserve will increase by $1.75 million dollars due to the reduction in outstanding debt and the reclassification of the 2006-2007 loan repayment as a vehicle replacement charge.

The General Fund will continue to pay $212,000 to the Fleet Fund as a vehicle replacement charge. By doing so, the Fleet Replacement Fund will recapture the cash it gave up in FY '02-03 and will maintain vehicle replacements according to the existing timeline.

Fleet Replacement Fund
The Fleet Replacement Fund reserve will decrease by $1.75 million.

The Fleet Replacement Fund will adjust its replacement charges to include the $212,000.00 annual payment instead of treating it as the return of principal and interest.

Cause the Storm Drain Fund to Account for All of Its Costs

For the last several years, the General Fund has been subsidizing the Storm Drain Fund in the amount of $879,000.00 for the 2006-2007 fiscal year and $753,000 for the 2007-2008 fiscal year. Staff has been meeting to discuss issues related to the next storm drain rate study and the question of how to

ensure that the new rates fully capture the program costs was raised. After conferring with the city's auditors, staff has developed the following recommendations:

The City Council can declare that the subsidies from the 2006-2007 and 2007-2008 fiscal years are advances to the Storm Drain Fund. By taking this action, the General Fund has the opportunity to recapture these amounts in the event that a new rate structure is adopted in the future.

Staff is also recommending that the Storm Drain Fund should pay its full share of any general fund costs that relate to its operations, such as overhead and billing services. At the time the current year budget was adopted, the Storm Drain Fund was not allocated all of the applicable service credits that it would normally be charged. If these costs are not charged to the Storm Drain Fund, the upcoming rate study will not be able to capture these costs and include them as part of the rate base. In the near term, the Storm Drain fund will reflect a deficit fund balance until new rates are adopted which will make the fund self-sufficient.

If the City Council wishes to characterize the subsidies to the Storm Drain Fund as advances to the fund, a resolution declaring this intent should be adopted. In addition to reclassifying the subsidies, the resolution should also indicate that the advances are intended to be repaid following the adoption of the new Storm Drain Rate Study. By declaring its intent to be repaid from the future rate study, the city will be in compliance with Governmental Accountant Standards Board pronouncement 34 (GASB 34), which requires that all advances of this nature shall have an identified repayment timeline.

If the City Council adopts the resolution described above, the effect that the creation of the interfund advances would have on the General Fund and Storm Drain Fund are shown below:

General Fund
There would be no change to the unappropriated fund balance during the 2007-2008 fiscal year as the result of reclassifying prior year subsidies as advances. This is due to the accounting requirement that the advances must be treated as long-term receivables. Only after new revenues are approved for the Storm Drain fund can these amounts be repaid. Following the adoption of a new fee structure, staff would establish a timeline for repayment of the advances made by the General Fund.

Storm Drain Fund
The ending balance of the Storm Drain Fund will be decreased by the amount of all advances made to it by the General Fund and by the increase in overhead charges allocated to it by the General Fund.

Require all Programs to Pay Their Allocable Share of General Fund Overhead Costs

The city allocates the General Fund administrative overhead costs to a variety of programs and funds each year. After reviewing the overhead cost allocations, staff has determined that not all programs that should be charged a portion of these overhead costs are being billed for their share of these costs. There are a number of reasons for this, including the fact that certain programs cannot receive an overhead charge because regulatory restrictions limit or prohibit the allocation of any overhead charges. Other programs lack the resources to absorb additional costs from the overhead allocation model. Staff is still reviewing the list of programs that have not been charged their share of the General Fund overhead costs in order to determine which ones have the resources to pay at least a portion of the allocated costs. Among these programs is the Local Transportation Fund, which provides resources to pay for street maintenance and street construction projects. The overhead costs that have been allocated to the street function are in excess of $500,000.00 per year. In order for the fund to be able to pay the overhead costs, staff must identify street maintenance and street project costs that can be reduced by this amount.

Initiate repayment of the loan from the General Fund to the Redevelopment Agency

Based on current revenue trends and available reserves, the RDA can begin repayment of the loans made to it by the General Fund. Assuming that repayment begins in the 2007-2008 fiscal year, the amount of repayment can average $500,000 per year while leaving the agency with the resources to handle routine administrative costs. The loan repayment will come from non-housing project money and not from the low-moderate income housing fund.

The actual amortization period and terms of the loan repayment depend upon whether the agency is expected to repay principal and interest, or principal only. The amount of the loan principal is approximately $20.9 million and interest adds approximately $38.9 million to this amount for a total debt of $59.8 million.

If the City Council and Agency Board agree that the subsidy loan should be repaid an average of $500,000.00 per year, the effects on the General Fund and the RDA will be as follows:

General Fund
The amount of the loan will be recognized on the balance sheet and will increase the fund balance of the General Fund by $500,000 each year. The balance of the loan will be recorded as a long-term receivable.

RDA
The balance sheet of the RDA project fund will reflect the entire amount of the loan payable. The annual repayment of the loan will be budgeted each year, starting with the current year.

Suspend for One Year, the General Fund Contribution to the Employee Benefit Fund that Represents the Reduction of the Long-term Portion of the Retiree Benefit Liability

The Employee Benefit Fund allocates slightly more than $1.0 million across all funds that have employees who receive benefits under the retiree benefit program. The General Fund's share of this "surcharge" is $953,545. Staff is recommending that this contribution should be cancelled for the current year and restarted when the General Fund has the resources to begin making the contribution again.

If the City Council adopts this recommendation, the effect on the General Fund and the Employee Benefit Fund will be:

General Fund
The expense for retiree benefits will be decreased by $953,545.00 and unappropriated fund balance will increase by this amount.

Employee Benefit Fund
Contribution revenue will decrease by $953,545.00 and the net outstanding liability for retiree benefits will increase by this amount.

Maintain Funding to the Worker's Compensation Insurance Fund at the 50% Confidence Level instead of the 70 – 75% Confidence Level

The Worker's Compensation Insurance Fund allocates slightly more than $1.0 million across all funds, in the form of a surcharge, to increase the level of funding to the 70 – 75% confidence level from the expected level or 50% confidence level. The General Fund's share of this "surcharge" is approximately $896,000.00 per year. Staff is recommending that this surcharge be cancelled for the current year and restarted when the General Fund has the resources to begin making the contribution again, since the city's ability to maintain the reserve level for this program should be tied to the city's overall financial health. This means that when adequate resources exist to fund the reserve at the 70-75% confidence level, the city should do so.

If the City Council adopts this recommendation, the effect on the General Fund and the Employee Benefit Fund will be:

General Fund
The expense for worker's compensation benefits will be decreased by $896,000.00 and unappropriated fund balance will increase by this amount. Please note that this is a one-time savings since future contributions will be determined once the actuarial analysis for the 2008-2009 fiscal year has been reviewed.

Worker's Compensation Insurance Fund
Contribution revenue will decrease by $896,000.00 and the total funding for worker's compensation will be equal to the expected liability level, or the 50% confidence level.

Return the Unappropriated Portion of the Financial Software Reserve in the Information Technology Fund

The City Council approved a transfer from the General Fund to the Information Technology Fund during the 2005-2006 fiscal year for the purpose of creating a reserve that would be used to pay a portion of the costs for the city's new financial software program. At the same time, the Water and Sewer funds both set aside $500,000.00 within their reserves to fund a portion of the new software. Staff will be bringing a recommendation to the Finance Committee for the approval of a consultant contract that will start the development of specifications for the new program. After paying for the cost of specification development, staff estimates that there will be $650,000.00 available in the Information Technology Reserve.

At this time staff is recommending that the balance of $650,000.00 should be returned to the General Fund.

Utilize Unallocated Local Transportation Fund Monies to Offset the City's Contribution for Street Maintenance Activities

The city currently spends more than is required toward the Maintenance of Effort spending limit for street maintenance that is imposed under Proposition 42. This year, no Proposition 42 monies have been allocated and therefore no Maintenance of Effort spending limit exists. Staff identified $500,000.00 in LTF monies that were allocated to the city late in the 2006-2007 fiscal year and set them aside until a suitable use could be identified.

At this time staff is recommending that these monies should be directed for use in the street maintenance program in the place of General Fund monies.

Defer the Fleet Replacement Charges to the General Fund

The Fleet Replacement Fund has sufficient cash reserves that will allow it to replace vehicles this year without a contribution from the General Fund. The FY

2007-2008 fleet replacement charge to the General Fund is approximately $883,000.00.

Staff is recommending that this payment should be deferred until such time as the General Fund has the resources to pay this amount.

City of Modesto Overhead Cost Allocation for FY 2007-2008

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-728

A RESOLUTION APPROVING A LETTER AGREEMENT AMENDING THE SCOPE OF WORK FOR THE AGREEMENT WITH SCS ENGINEERS FOR THE SITE ASSESSMENT OF THE CLOSED CARPENTER ROAD LANDFILL TO BEGIN IMPLEMENTATION OF THE RECOMMENDATIONS CONTAINED IN THE SCS REPORT WITHIN THE $299,500 CURRENTLY APPROVED, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE LETTER AGREEMENT

WHEREAS, the City of Modesto operated the Carpenter Road landfill from 1956 to 1968, and the landfill includes fill sites on both the west and east sides of Carpenter Road, in between Kenneth and Robertson Roads and the Tuolumne River, and

WHEREAS, in the future, the landfill will become part of the Tuolumne River Regional Park, and

WHEREAS, in December, 2005, one of the wells on the east fill area tested high for methane gas, and

WHEREAS, during subsequent tests, the methane levels in this well continued to exceed the state's limits, and because of this, the California Integrated Waste Management Board (CIWMB) required the City to determine the cause of the high methane readings and develop a Mitigation and Monitoring Plan to ensure that the closed landfill remains in compliance with state law, and

WHEREAS, the Regional Water Quality Control Board has requested that the impacts of the landfill on groundwater be assessed, and

WHEREAS, in order to prepare the plan, a Site Assessment had to be performed by a qualified engineering firm, and

WHEREAS, due to the uncertainties of what the contractor might find in the Site Assessment and what measures might be needed based on those findings, the Agreement for Assessment and Plan development services was task-based, and

WHEREAS, once each task was completed, the City would decide on whether or not the contractor would proceed with the next step, and

WHEREAS, in June, 2007, after an RFP process, the City Council authorized the City Manager to execute a task-based agreement with SCS Engineers for the Site Assessment and development of a Methane Gas Mitigation, and

WHEREAS, based on the results of the Site Assessment and the recommendations of SCS Engineers, staff believes that it will not be necessary to proceed with preparing a plan for mitigation work at the landfill, and

WHEREAS, it appears that the focus should now shift to installation of gas probes and design and installation of groundwater monitoring wells in the correct locations, on-going monitoring of methane gas and groundwater at the site, as well as site security and on going maintenance of the landfill cover, and

WHEREAS, based on discussions with SCS Engineers and County landfill staff, staff believes that the cost of installing and monitoring the new gas probes and groundwater monitoring wells will be within the funds originally projected for this project, and

WHEREAS, the Economic Development Committee met on November 14, 2007, and supporting approving a letter agreement amending the Scope of Work for the Agreement with SCS Engineers for the Site Assessment of the closed Carpenter Road Landfill to begin implementation of the recommendations contained in the SCS report within the $299,500 currently approved,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves a letter agreement amending the Scope of Work for the Agreement with SCS Engineers for the Site Assessment of the closed Carpenter Road

Landfill to begin implementation of the recommendations contained in the SCS report within the $299,500 currently approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Letter Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of December, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	O'Bryant

RESCINDED

APR - 1 2008

THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2008-128

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-729

A RESOLUTION APPROVING AN INCREASE IN THE MAXIMUM RATES FOR SOLID WASTE COLLECTION SERVICES TO REPAY THE $150,000 LOAN FROM THE GENERAL FUND AND TO PROVIDE FUNDING FOR ADDITIONAL INVESTIGATION AND MONITORING OF METHANE GAS AND GROUNDWATER, AS WELL AS SITE SECURITY AND MAINTENANCE, AND APPROVING ADJUSTMENTS TO THE MAXIMUM RATE SCHEDULE FOR CITY RESIDENTIAL, COMMERCIAL, AND INDUSTRIAL SOLID WASTE COLLECTION SERVICES, AND RESCINDING RESOLUTION NO. 2007-506

WHEREAS, the City of Modesto operated the Carpenter Road landfill from 1956 to 1968, and the landfill includes fill sites on both the west and east sides of Carpenter Road, in between Kenneth and Robertson Roads and the Tuolumne River, and

WHEREAS, in the future, the landfill will become part of the Tuolumne River Regional Park, and

WHEREAS, in December, 2005, one of the wells on the east fill area tested high for methane gas, and

WHEREAS, during subsequent tests, the methane levels in this well continued to exceed the state's limits, and because of this, the California Integrated Waste Management Board (CIWMB) required the City to determine the cause of the high methane readings and develop a Mitigation and Monitoring Plan to ensure that the closed landfill remains in compliance with state law, and

WHEREAS, the Regional Water Quality Control Board has requested that the impacts of the landfill on groundwater be assessed, and

WHEREAS, in order to prepare the plan, a Site Assessment had to be performed by a qualified engineering firm, and

WHEREAS, in June, 2007, after an RFP process, the City Council authorized the City Manager to execute a task-based agreement with SCS Engineers for the Site Assessment and development of a Methane Gas Mitigation, and

WHEREAS, when the State directed the City to determine the cause of the high methane readings, there was no established funding mechanism for the assessment, plan preparation, or implementation of mitigation measures, and

WHEREAS, typically, funding for closure and post-closure at landfills is assessed at the landfill on a per-ton basis, and

WHEREAS, because the cost of the site assessment and possible mitigation measures were unknown at the time the Council initially approved a $150,000 loan from the General Fund to fund the Site Assessment work, with the provision that once the cause of the problem had been determined and the cost of resolving it could be estimated more closely, a method for funding the work would have to be established and the loan repaid to the General Fund, and

WHEREAS, staff is recommending that this work be funded by assessing a Carpenter Road Landfill Fee on the garbage collection companies, with the fee set at a rate high enough to cover both the cost of installing the gas probes, groundwater monitoring wells, and the installation of the fence, as well to establish a reserve account for ongoing monitoring and reporting and maintenance, and

WHEREAS, once the work had been completed and the reserve established, the fee would be reduced to cover only on going maintenance and monitoring costs, and

WHEREAS, the collection companies would be allowed to recover this fee as part of their maximum rates for residential, commercial, and industrial customers, just as they

are allowed to recover fees assessed at working landfills as part of the disposal charge via the maximum rates, and

WHEREAS, staff is recommending that a Carpenter Road Landfill Fund be established, with this fund set up as a sub-fund of the Solid Waste Fund for the remainder of the current fiscal year, and with the preparation of the FY 08-09 Budget, the Carpenter Road Landfill Fund would become a separate Fund administered by the Solid Waste Division, and

WHEREAS, with the adoption of Ordinance No. 3068-C.S. in November of 1997, the City no longer sets rates for the collection of garbage in Modesto, and instead performs a comprehensive review of cost information submitted by the contract garbage haulers, and

WHEREAS, the City sets a maximum rate that the haulers may charge for the various types of services provided under the contracts based on cost data provided by the lowest cost hauler, and

WHEREAS, Section f (2) of the City's Service Agreements with its solid waste collectors requires that when the City makes adjustments to the collection services provided under the Agreements, any additional costs should be covered by adjustments to the maximum rates, and

WHEREAS, in addition, maximum rates for solid waste collection services are reviewed annually as requested by the City's garbage collection companies, and

WHEREAS, the City conducted an analysis using the audited financial statements provided by the garbage haulers, supplemental data provided by the garbage haulers, and fuel price information and forecast prices developed by the United States Department of Energy, and

WHEREAS, new maximum rates were calculated, and a recommendation for a new maximum rate schedule was developed, which included a recommendation that quarterly adjustments to the fuel component of the maximum rates be made, and

WHEREAS, a report dated November 19, 2007, from the Parks, Recreation and Neighborhoods Department, a copy of which is on file in the office of the City Clerk, sets forth said recommendations, and

WHEREAS, said matter was set for a public hearing of the City Council to be held at 5:30 p.m. on December 4, 2007, in the Tenth Street Place Chambers, located at 1010 Tenth Street, Modesto California, at which date and time a duly noticed public hearing was held at said time and place, at which time evidence, both oral and documentary, was received and considered, and

WHEREAS, it was found and determined by the Council of the City of Modesto that the existing schedules of rates and charges for garbage service in the City of Modesto should be revised as recommended, and that quarterly adjustments to the fuel component of the maximum rates should be made, and

WHEREAS, staff has adjusted the fuel component of the maximum rates and has incorporated the fuel component adjustment into the schedule of Maximum Charges for Garbage Service attached hereto, marked **Exhibit "1"** and incorporated herein by reference, and

WHEREAS, for the quarter beginning January 1, 2008, the fuel price increase for residential maximum rates would be $0.02 per household per month, bringing the maximum rate for residential service to $19.84 per month, and

WHEREAS, for commercial bins, there was no change in the fuel price for a one cubic yard bin collected once a week, and

WHEREAS, because the charges for Industrial Drop Boxes are negotiated between the hauler and the customer, Drop Box fuel prices are not adjusted quarterly, and

WHEREAS, in addition to the fuel adjustment that would become effective January 1, 2008, staff is also proposing changes to the maximum rates to establish the Carpenter Road Landfill Fund and to repay the General Fund as more fully described on **Exhibit "1"**, attached hereto, and

WHEREAS, the Economic Development Committee met on November 14, 2007, and supported approving the creation of a Carpenter Road Landfill Fund, and an increase in the maximum rates for solid waste collection services to repay the $150,000 loan from the General Fund and to provide funding for additional investigation and monitoring of methane gas and groundwater, as well as site security and maintenance,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an increase in the maximum rates for solid waste collection services to repay the $150,000 loan from the General Fund and to provide funding for additional investigation and monitoring of methane gas and groundwater, as well as site security and maintenance, as described on Exhibit "1" attached hereto.

BE IT FURTHER RESOLVED that the Council hereby approves adjustments to the maximum rate schedule for City residential, commercial, and industrial solid waste collection services, as described on Exhibit "1" attached hereto.

BE IT FURTHER RESOLVED that Resolution No. 2007-506 is hereby rescinded, effective December 31, 2007.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of December, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	O'Bryant

MAXIMUM CHARGES FOR GARBAGE SERVICE

STANDARD CONTAINERS

Maximum Monthly Rates
(Once a Week Pickup Service)

Standard container service shall include the following:

- One, 96-gallon container for garbage/recyclables
- One, 96-gallon container for green waste
- Blue bag recycling
- Countertop container for kitchen scraps
- Drop-off of old TV and computer tubes
- Two bulky item collections per year by appointment

Standard container service customers may opt for smaller containers; however, maximum rates apply. Containers must be placed in a location set forth in Section 5-5.11 of the Municipal Code.

1. Standard container service –

a. The maximum rate for new sign ups for service or changes in service that occur after July 1, 1996, shall be **$20.34 per month** regardless of size of container. **A fuel component of $0.98 per month is included in the maximum rate for the quarter beginning January 1, 2008 and ending March 31, 2008**. The fuel component may be adjusted quarterly.
b. The maximum rate for each additional garbage container shall be **$14.76 per month**.

2. 60-gallon container service (grandfathered customers) –

a. The maximum rate for customers with 60-gallon containers who subscribed to service at an address prior to July 1, 1996 and who have not changed their service address shall be **$17.27 per month**. **A fuel component of $0.98 per month is included in the maximum rate for the quarter beginning January 1, 2008 and ending March 31, 2008.** The fuel component may be adjusted quarterly.
b. The maximum rate for each additional garbage container shall be **$14.76 per month.**

3. Fuel Component adjustments - The fuel component shall be analyzed quarterly and adjustments shall be made as necessary. The adjustment shall be based on the average price of fuel for a preceding quarter as follows: July 1/January-March; October 1/April-June; January 1/July-September; April 1/October-December. Average prices shall be determined based on published prices for California from the Department of Energy, Energy Information Agency.

DETACHABLE CONTAINERS*
Maximum Monthly Rates
Number of Collections Per Week

Container Size	NUMBER OF COLLECTIONS PER WEEK					
	1	2	3	4	5	6
1 CY	$ 35.67	$ 60.85	$ 86.00	$ 111.17	$ 136.34	$ 161.51
2 CY	$ 60.85	$ 111.17	$ 161.51	$ 211.84	$ 262.16	$ 312.49
3 CY	$ 86.00	$ 161.51	$ 237.00	$ 312.49	$ 388.00	$ 463.49
4 CY	$ 111.17	$ 211.84	$ 312.49	$ 413.16	$ 513.82	$ 614.49
5 CY	$ 136.34	$ 262.16	$ 388.00	$ 513.82	$ 642.66	$ 765.48
6 CY	$ 161.51	$ 312.49	$ 463.49	$ 614.49	$ 765.48	$ 916.48

* A detachable container rental rate of $10.00 per month is included in the above schedule.

1. **Weekly rental/Detachable Containers** - Shall not exceed the rate for 1 pickup per week for each size container.

2. **Fuel Component** - A fuel component of $0.20 per cubic yard ($0.86) per month for a 1 cubic yard container collected once a week) is included in the maximum rate for the quarter beginning beginning January 1, 2008 and ending March 31, 2008. The fuel component shall be analyzed quarterly and adjustments shall be made as necessary. The adjustment shall be based on the average price of fuel for a preceding quarter as follows: July 1/January-March; October/April-June; January 1/July-September; April 1/October-December. Average prices shall be determined based on published prices for California from the Department of Energy.

DROP BOX CONTAINERS

1. **Pick up charge** - $210.95 per pick up
2. **Rental** - $0.85 per day up to 7 day maximum rental
   - $3.00 per day for boxes kept 7 or more days without servicing
   - $10.00 per day for boxes kept 21 or more days without servicing
3. **Disposal charge** - Actual charge to be paid by customer. Garbage company will provide up to 40 CY Drop Box containers for above stated charges subject only to load limit of transfer vehicle.

COMPACTORS

Maximum Monthly Rates

Front Loader Type:

Compactor Size	NUMBER OF COLLECTIONS PER WEEK					
	1	2	3	4	5	6
3 CY	$152.12	$304.24	$456.36	$608.48	$760.60	$912.72
4 CY	$201.72	$403.44	$605.16	$806.88	$1008.60	$1210.32
6CY	$304.24	$608.48	$912.22	$1216.96	$1521.20	$1825.44

Roll-Off Type:

1. 6 CY to 40 CY	$210.95 per pickup
2. Medical waste compactors	$265.00 per pickup
3. Washing compactor	$30.00
4. Disposal Charge:	Actual charge to be paid by customer

EXTRA PICKUPS

1. Standard containers or equivalent	$3.50 plus $1.38/container
2. Detachable containers	$12.00 plus $2.75/cubic yard

SPECIAL SERVICE CONDITIONS

In situations where none of the above maximum rates reasonably apply, the cost of service is to be negotiated between the garbage company and the customer.

DETACHABLE CONTAINER ONLY REPLACEMENT AND CLEANING SERVICE

1 CY	1½ CY	2 CY	3 CY	4 CY	5 CY	6 CY
$10.12	$11.00	$12.10	$15.40	$20.24	$25.08	$29.92

NOTATIONS

1. The above maximum rates include a $0.25 per month per household recycling fee, a $0.05 per cubic yard commercial recycling fee, and a $0.25 per ton industrial recycling fee, payable to the City by the garbage company.
2. Pursuant to Section 11-6.16(c)(2) of the Modesto Municipal Code, the garbage company may require a deposit equivalent to two (2) months service charge from customers prior to beginning service.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-730

A RESOLUTION AMENDING THE FY 07-08 OPERATING BUDGET TO: ESTABLISH A CARPENTER ROAD LANDFILL FUND (FUND 0360); TO ESTIMATE $313,000 IN REVENUE FOR FY 07-08 TO 0360-355-4403-4099; TO APPROPRIATE $149,500 OF SAID REVENUE TO 0360-355-4403-0235, SERVICES PROFESSIONAL AND OTHER, TO FULLY FUND THE AGREEMENT WITH SCS ENGINEERS; AND TO RECLASSIFY $150,000 OF SAID REVENUE TO 0100-510-9510-4099

WHEREAS, the City of Modesto operated the Carpenter Road landfill from 1956 to 1968, and the landfill includes fill sites on both the west and east sides of Carpenter Road, in between Kenneth and Robertson Roads and the Tuolumne River, and

WHEREAS, in the future, the landfill will become part of the Tuolumne River Regional Park, and

WHEREAS, in December, 2005, one of the wells on the east fill area tested high for methane gas, and

WHEREAS, during subsequent tests, the methane levels in this well continued to exceed the state's limits, and because of this, the California Integrated Waste Management Board (CIWMB) required the City to determine the cause of the high methane readings and develop a Mitigation and Monitoring Plan to ensure that the closed landfill remains in compliance with state law, and

WHEREAS, the Regional Water Quality Control Board has requested that the impacts of the landfill on groundwater be assessed, and

WHEREAS, in order to prepare the plan, a Site Assessment had to be performed by a qualified engineering firm, and

WHEREAS, in June, 2007, after an RFP process, the City Council authorized the City Manager to execute a task-based agreement with SCS Engineers for the Site Assessment and development of a Methane Gas Mitigation, and

WHEREAS, when the State directed the City to determine the cause of the high methane readings, there was no established funding mechanism for the assessment, plan preparation, or implementation of mitigation measures, and

WHEREAS, typically, funding for closure and post-closure at landfills is assessed at the landfill on a per-ton basis, and

WHEREAS, because the cost of the site assessment and possible mitigation measures were unknown at the time the Council initially approved a $150,000 loan from the General Fund to fund the Site Assessment work, with the provision that once the cause of the problem had been determined and the cost of resolving it could be estimated more closely, a method for funding the work would have to be established and the loan repaid to the General Fund, and

WHEREAS, staff is recommending that this work be funded by assessing a Carpenter Road Landfill Fee on the garbage collection companies, with the fee set at a rate high enough to cover both the cost of installing the gas probes, groundwater monitoring wells, and the installation of the fence, as well to establish a reserve account for ongoing monitoring and reporting and maintenance, and

WHEREAS, once the work had been completed and the reserve established, the fee would be reduced to cover only on going maintenance and monitoring costs, and

WHEREAS, the collection companies would be allowed to recover this fee as part of their maximum rates for residential, commercial, and industrial customers, just as they are allowed to recover fees assessed at working landfills as part of the disposal charge via the maximum rates, and

WHEREAS, staff is recommending that a Carpenter Road Landfill Fund be established, with this fund set up as a sub-fund of the Solid Waste Fund for the remainder of the current fiscal year, and with the preparation of the FY 08-09 Budget, the Carpenter Road Landfill Fund would become a separate Fund administered by the Solid Waste Division, and

WHEREAS, the Economic Development Committee met on November 14, 2007, and supported approving the creation of a Carpenter Road Landfill Fund, and an increase in the maximum rates for solid waste collection services to repay the $150,000 loan from the General Fund and to provide funding for additional investigation and monitoring of methane gas and groundwater, as well as site security and maintenance,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves amending the FY 07-08 operating budget to: establish a Carpenter Road Landfill Fund (Fund 0360); estimate $313,000 in revenue for FY 07-08 to 0360-355-4403-4099; appropriate $149,500 of said revenue to 0360-355-4403-0235, Services Professional and Other, to fully fund the agreement with SCS Engineers; and reclassify $150,000 of said revenue to 0100-510-9510-4099.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of December, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-731

A RESOLUTION ACCEPTING WITH REGRET THE RESIGNATION OF GEORGE MAUDLIN FROM THE GOLF COURSES ADVISORY COMMITTEE

WHEREAS, GEORGE MAUDLIN was appointed a member of the Golf Courses Advisory Committee, on July 3, 2007, and

WHEREAS, GEORGE MAUDLIN has tendered his resignation from the aforementioned committee.

NOW, THEREFORE, BE IT RESOLVED that the resignation of GEORGE MAUDLIN from the Golf Courses Advisory Committee hereby is accepted with regret.

BE IT FURTHER RESOLVED that the Council of the City of Modesto, on its own behalf, and on behalf of the citizens of this City, hereby expresses its sincere appreciation to GEORGE MAUDLIN for his service to the community.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of December, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO: 2007-733

A RESOLUTION ACCEPTING THE ANNUAL REPORT FOR THE FISCAL YEAR ENDING JUNE 30, 2007 FOR THE REDEVELOPMENT AGENCY OF THE CITY OF MODESTO

WHEREAS, pursuant to Health & Safety Code Section 33080, the Agency is required to submit prior to December 31st of each calendar year an Annual Report to the State Controller containing the following documents:

1. State Controller's Report
2. Housing and Community Development Report
3. Blight Progress Report
4. Loan Report
5. Property Report
6. Statement of Indebtedness

which are attached hereto as **Exhibit "A"**, and made a part hereof by this reference, and

WHEREAS, pursuant to Health & Safety Code Section 33080, the Agency is required to present the Annual Report to its legislative body, and

WHEREAS, the legislative body is defined in Health & Safety Code Section 33007 as the City Council, and

WHEREAS, this Annual Report was approved by the City Council at its regular meeting on December 12, 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Annual Report for the Redevelopment Agency of the City of Modesto for the Fiscal Year ending June 30, 2007 is hereby accepted.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto, held on the 12th day of December, 2007, by Council Member Keating, who moved its adoption, which motion being duly seconded by Council Member Hawn, was upon roll call carried and the resolution adopted by the following votes:

Modesto Redevelopment Agency

Redevelopment Agencies Financial Transactions Report

Achievement Information (Unaudited)

Fiscal Year 2007

Indicate Only Those Achievements Completed During the Fiscal Year of this Report as a Direct Result of the Activities of the Redevelopment Agency.

Please provide a description of the agency's activities/accomplishments during the past year.

(Please be specific, as this information will be the basis for possible inclusion in the publication.)

Activity Report

RDA Master Plan & EIR: The Master Plan and Environmental Impact Report (EIR) are being updated and will provide policy guidelines and goals for land uses and project concepts. An administrative draft of the Master Plan has received great public input through a series of public meetings. The approval of the Master Plan and EIR update should be completed in 2007-08.

Gallo Center for the Arts: Construction is underway on the center's 1,200 seat theatre, 400 seat theatre and art gallery. The project will receive RDA assistance by way of street, streetscape and traffic signal improvements. Completion is anticipated in late 2007.

Kansas Woodland Business Park: The environmental, traffic and water studies and assessments are ongoing for the 45 acre brownfield parcel. The subdivision map and EIR are in process.

17th & G Tower Park Affordable Housing: The RDA negotiated a purchase agreement with the City for a decommissioned park for the development of an affordable housing project. The project should be complete and available to the public by late 2008.

10th & H Mixed-Use: A mixed-use project including housing, parking, hotel and retail has an Exclusive Negotiating Agreement to construct the development on an RDA owned parking lot. An MOU was completed in 2007 and additional studies and analysis will begin in 2007-08. Construction should be complete by 2009.

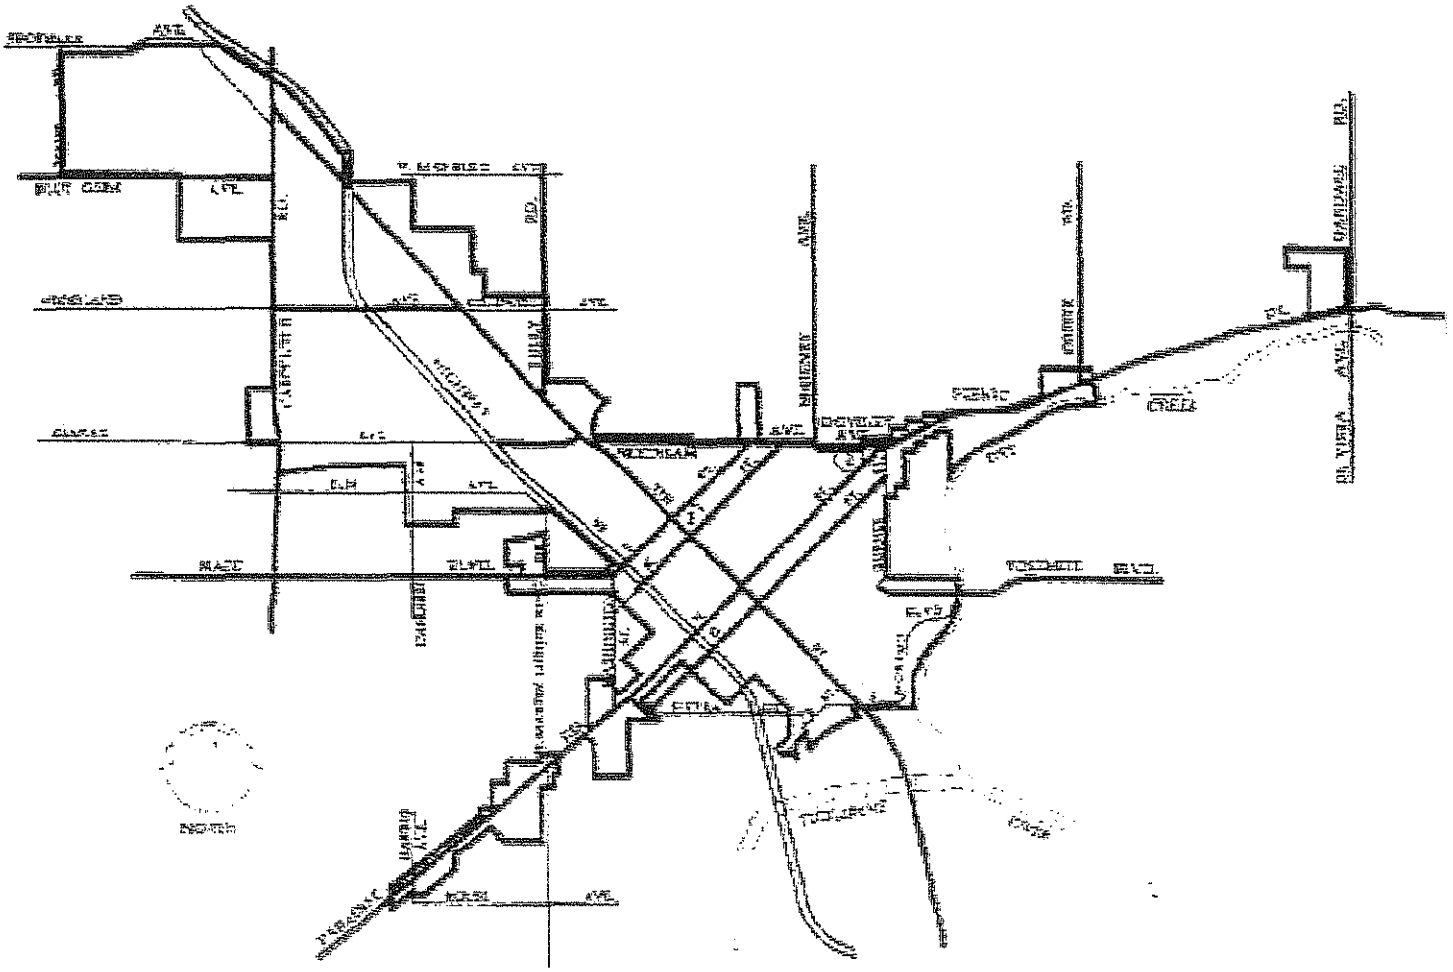
ATTACHMENT 3, 4, 5

MODESTO REDEVELOPMENT AGENCY
PROJECT AREA

2000 Acres (Est.)



I. HEALTH AND SAFETY CODE §33080.1(d)

ALLEVIATION OF BLIGHT

The Modesto Redevelopment Agency's goal is to stimulate new public and private investment in order to overcome the problems that have been created in past decades. Through new investment, both the physical and social environment of the project area will be improved. Private investment, with the assistance of the Agency, will help to:

- Overcome blight created by deteriorated and obsolete buildings
- Stabilize land uses
- Provide needed public parking
- Create new parcels amenable to modern development.

Employment opportunities, both in the short and long term, will help to overcome problems of poverty not only in the Project Area, but also in the City as a whole. Increased employment opportunities, appropriate project design and, most importantly, higher levels of activity in the Project Area --- especially in the evenings --- will decrease the crime rates.

During FY 2007, the Redevelopment Agency of the City of Modesto completed the following actions to implement the objectives of the Implementation Plan in alleviating blight within the Project Area. (Note: The Agency's Implementation Plan was approved in December 2005 for the period of 2005-2009.)

Vision

- Modesto's parks, plazas, and greenways contribute to a public realm that provides an attractive, inviting "Oasis in the Valley."
- Modesto's unique history and character are preserved to make the city a pleasant place to live, and are actively promoted to attract new investment.
- The downtown is a vibrant mixed-use area with an established residential element.
- Transportation opportunities are multi-modal and well-connected throughout the Redevelopment Area, city, and region

Goals

Goal 1
Create a unique and recognizable image for Modesto and use it to strenuously promote the City.

Agency Actions:

Project: Update to the Agency Master Plan and Environmental Impact Report
Agency Expenditure: $425,000
Status: Final Administrative Draft Completed: July 2006
Environmental Impact Report – Summer 2007

In November 1991, the Redevelopment Agency (RDA) adopted the Amended Project Area and the Redevelopment Plan for a Project Area of approximately 2000 acres. As a part of this Project Area adoption, an Environmental Impact Report (EIR) was approved in accordance with the State law. Subsequent to these actions, in 1994, a RDA Master Plan was also adopted to implement the

goals and objectives of the RDA Plan. The purpose of this Master Plan is to provide a policy guideline document to identify specific types of land uses that the Agency should encourage and promote within the Project Area. As a continuing part of this long-term strategy, the RDA staff - in consultation with the RDA General Counsel - has determined that both the RDA EIR and Master Plan should be updated. Considering the dramatic changes that have taken place since the early 1990's, both documents are out of date and must be revised to reflect the current conditions and to ensure legal compliance. For the entire RDA Master Plan Update, the physical improvement strategies includes:

- Land Use policy direction, including housing, business parks, incubator areas, Tuolumne River Regional Park Master Planning, historic preservation and commercial corridors
- Building conceptual design for catalyst sites and opportunity sites
- Circulation, including pedestrian connections
- Streetscape character and urban design
- Focal points and gateways

Project: Opportunity Map of the Redevelopment Project Area
Agency Expenditure: $1500
Status: Completed and Distributed to Owners and Developers
The Opportunity Map furthers the objectives of the RDA by identifying those property owners within the Project Area who are interested in either selling their parcel or working with a private developer to develop their property into either a commercial, industrial or residential use. Staff sent letters to all property owners within the RDA Project Area inquiring whether they would be interested in development or sale and created a list of 230 willing owners. The Opportunity Map has been sent to all commercial realtors in Modesto, as well as many in the Bay Area. Also, the Map will be provided to all property owners within the Project Area. Finally, the Map is included as part of our standard informational packet to all businesses looking to relocate or expand in Modesto.

Goal 2
Promote the economic viability of the Redevelopment Area by attracting new development.

Agency Actions:

Project: Kansas Woodland Business Park Development
Agency Expenditure: $2,000,000
Status: Fall 2007
Beginning in January 2000 and in conjunction with development of the Business Park Development Program, staff has been working with the FMC Corporation and adjacent property owners located to the north of Kansas Avenue and directly adjacent to State Route 99 to determine the interest in, and feasibility of the development of a commercial/retail/light industrial business park.

Towards this end, the Agency formed a multi-disciplinary development team comprised of in-house staff and consultants to work on the proposed Business Park. On November 6, 2002, the Agency approved the terms and conditions of a Purchase Option for the 45-acre FMC property which is a contaminated brownfield owned by the FMC Corporation. In summary, FMC and the Agency have agreed to the following:

1. Purchase price will be $1,000,000 plus five percent (5%) of any amount received by the City upon sale of the Property in excess of $1,000,000

2. Agency has paid an option payment of $50,000 concurrent with the completion of the Property Option Agreement in consideration for the exclusive right to purchase the property
3. When the Agency elects to exercise the Property Option, the Agency will pay an Exercise Option payment of $50,000. Both option payments (Total of $100,000) will be applied to the purchase price.

Since January 2000, the Agency has expended a total of $1,000,000 in staff costs to complete this priority project. Staff is working concurrently on the following critical path items:

- Developer Agreement (DA) and revisions to the Property Option Agreement to develop the business park adjacent to State Route 99
- Completion of the Comprehensive Remedial Action Plan for soils and groundwater for remediation of the brownfield
- Completion of the Specific Plan for development of the Business Park
- Completion of the Tentative Subdivision Map for the Business Park
- Completion of the Programmatic Environmental Impact Report for the Specific Plan

Project: Renaissance Office Project - 12th Street & I Street
Agency Expenditure: $132,000 Tax Increment rebate over 15 years
Status: Completed – June 2006
The Agency entered into an Owner Participation Agreement (OPA) with Westland Development in September 2002. The OPA included the following conditions:

1. The City sold a 44-space City parking lot to Stanislaus County for $245,000
2. Westland entered into an agreement with Stanislaus County wherein the County will construct a 90,000 square foot building and the ownership will be divided between three entities: (1) County – 50%; (2) StanCERA – 17% (3) Westland – 33%
3. There is an adjoining parking garage, constructed and owned by the County, wherein approximately 50 public spaces are replacing the 44-space public parking lot
4. Over 15 years, the Agency will rebate tax increment received from the private sector portion of the building for a total of $132,000 over 15 years. This rebate will be used to offset the parking payments to the County for the public spaces.
5. The Renaissance Office Project is nearing completion and the Certificate of Completion is expected to be issued in FY 2008.

Goal 3
Implement higher density, mixed-use development to create a balanced, vibrant downtown and active neighborhood centers.

Agency Actions:

Project: Gallo Center for the Arts
Agency Expenditure: $602,000
Status: Estimated Completion - Fall 2007
The Gallo Center for the Arts is a $31 Million project under construction in the block between 10th and 11th Streets and H and I Streets in downtown Modesto. The center will feature a 1,200-seat theater, a 400-seat theater and art gallery. Though construction will be primarily funded by contributions from the community and Stanislaus County, the Agency has been asked to contribute funds for construction/replacement of such public improvements as deteriorated curb, sidewalks and streetlights, new street trees and street reconstruction.

Pursuant to Community Redevelopment Law, funds can only be provided if the mandatory legal findings are made. The Agency continues to review this project to determine if funding is appropriate and legal according to the mandatory findings.

Project: Mixed-Use Project – 10th Street & H Street
Agency Expenditure: $630,000 in land value
Status: Memorandum of Understanding with Centerra Capital – Adopted: May 22, 2007
A mixed-use development is an excellent addition to the Downtown environment. The Agency owns four (4) parcels of land at the southwest corner of 10th & H Streets in Modesto. The Agency Board has directed staff to identify a public-private partnership for the development of a high-quality Mixed-Use Project on this 31,500 square-foot Project Site. After completing the Request for Proposal process, the Agency entered into an Exclusive Negotiating Agreement (ENA) with Team Modesto, a local development group, on August 3, 2005 for development of this project. The ENA produced the following proposed land use:

a. Two levels of below ground parking (164 spaces)
b. Ground level: Retail (25,000 sf)
c. Floors 2-3: Parking (164 spaces)
d. Floors 4-6: Full Service Hotel (125-150 rooms)
e. Floors 7-8: One and two story townhomes (22 units @ 1200 sf (approx.) each) with 5,000 sf of two level open gardens

The Agency and Centerra Capital completed a Memorandum of Understanding which was adopted on May 22, 2007 which includes the following tasks:

1. Proposed project design, land uses, parameters and pre-planning
2. Various studies, including environmental analysis pursuant to CEQA and the legal contracts related to these studies
3. Requirements for the mixed-use development, including the Site development schedule
4. Terms of the parking agreement for public parking to be provided on the Site
5. Land assembly to acquire all parcels for Option 2

Staff expects the approval of the CEQA review and adoption of the Disposition and Development Agreement by January 2008. The construction is estimated to take 18-24 months.

Goal 4
Provide the rationale and impetus for the City to update its development standards to support the goals identified in this document.

Agency Actions:

The Redevelopment Advisory Commission is starting the process to revise the development standards to implement form-based zoning. This will mirror the Agency's goals of encouraging a diverse inventory of mixed-use zones throughout the Project Area and facilitating the developer's permit process and requirements. The Citizens Redevelopment Advisory Commission is including this item on their agenda to accomplish two initial phases: (1) Join the Planning Commission in an educational seminar for the Agency members covering the purpose and procedures of form-based codes; and (2) Create a sub-committee to meet with City planning staff and representatives from the Planning Commission to review existing zoning codes and prepare the listing of those codes that must be revised to follow the new standards.

Goal 5
Develop a variety of housing types in the Redevelopment Area, including affordable housing, particularly in the downtown, to act as a catalyst for other types of development.

Agency Actions:

Project: Affordable Housing Project – N. 9th Street
Estimated Agency Expenditure: $6,500,000
Status: Agency to enter into Memorandum of Understanding for project development
Current Fiscal Status of Housing Set-aside Funding: $7,079,031 (as of July 1, 2007)
Agency has been working with a property owner and developer to consider a proposed affordable housing project on the east side of N. 9th Street, just north of the Carver Road intersection. During FY 2008, the Agency will consider a Memorandum of Understanding (MOU) between the Agency and the property owner. The MOU will include the following tasks:

1. Environmental (CEQA) evaluation
2. Negotiation of Owner Participation Agreement, including final financial proposed terms and conditions for possible Agency assistance
3. Preliminary Design and Land Assembly
4. Land Use Review & Site Plan for Planned Development

The proposed site for this project demonstrates the following advantages to the Agency:

1. Site is inside the RDA Project Area
2. Site is identified as a Catalyst Site in the RDA Master Plan
3. Site is surrounded on two sides with residential and a neighborhood shopping center, creating a good adjacent land use mix
4. Site is a County island that will be annexed as part of the project
5. Site is 6.5 acres which affords room for a significant number of apartment rentals

Staff expects the approval of the CEQA review and adoption of the Owner Participation Agreement by January 2008. The construction is estimated to take 18-24 months. Est. Number of Affordable Housing Units: 118 - 130

Project: Affordable Housing Project – Town Center – Roselle Ave & Belharbour Drive
Estimated Agency Expenditure: $400,000
Status: Agency to enter into Owner Participation Agreement for project development
Agency has been working with the property owner/developer (Stanislaus County Housing Authority) to assist in funding an affordable housing project on the northeast corner of Roselle Avenue and Belharbour Drive in the Village One area in east Modesto. During FY 2008, the Agency will consider an Owner Participation Agreement between the Agency and the property owner, Stanislaus County Housing Authority. Staff expects the approval of the Owner Participation Agreement by September 2007. The construction is estimated to take 18-24 months. Est. Number of Affordable Housing Units: 118 - 130

Project: Affordable Housing Project – 17th & G Streets
Agency Expenditure: TBD
Status: Agency owns site for possible affordable housing project
The Agency staff has worked closely with the staff from the Parks, Recreation and Neighborhoods Department to identify joint affordable housing projects. On May 10, 2005, the City Council declared the "Tower Park" parcel as surplus to the City's needs and directed staff to offer the parcel for sale in accordance with the Government Code. Tower Park is located at the

northwest corner of 17th & G Streets in Modesto. The Agency was notified of the parcel sale on May 16, 2005. The Agency completed negotiations with the City to acquire the Park site for affordable housing.

Escrow was opened and the funds were encumbered in June 2006 (FY 2006). Escrow closed during FY 2007 and the property was acquired by the Agency. The Agency staff considered several options for this site. The original goal was to expand the site to include the remainder of the block in order to design a mixed-use project, including affordable housing and retail uses. The additional land acquisition was not successful, leaving only the park site of less than an acre. The Agency continues to consider this site. The development of this site for affordable housing is dependent upon the potential for development of the N. 9th Street site.

Goal 6
Enhance the visual appeal of Modesto's public spaces by upgrading existing parks, plazas, and streets, and by creating new parks and plazas that offer public access.

Agency Actions:

Project: Tuolumne River Regional Park
Agency Expenditure: Expense Paid By Private Developers
The Tuolumne River is the foremost natural asset bordering in the Redevelopment Project Area. The City of Modesto has adopted a Master Plan for the development of this valuable open space. Bluff property overlooking the park should be investigated as a site for a regional educational and recreational facility oriented primarily to children and families.

Project: New private parks and plazas
Agency Expenditure: Expense Paid By Private Developers
As part of the implementation of the form-based zoning code, the Agency will be working with the City Planning Commission to include the development requirement for open space and plazas within all private developments in the Project Area. These open space areas will encourage pedestrian traffic and will also address the issue of building massing in the downtown.

Goal 7
Develop historic I and 10th Streets as an attractive, pedestrian-oriented zone. Create a clear sense of arrival at Modesto's downtown by enhancing the 6th and I Street Gateway and the intersection of I and 10th Streets.

Agency Actions:

Project: Streetscape Plan and Construction on 10th Street and I Street
Agency Expenditure: $300,000
Status: Estimated Completion – June 2008
In FY 2006, the Agency contracted with an architectural firm to design a conceptual streetscape plan for 10th Street and I Street. The next phase will be to complete construction plans for these two streets that will be used to construct the streetscape along designated frontages. In addition,

the Agency will be partnering with private landowners to encourage them to upgrade their street frontages in compliance with the new streetscape standard.

Project: Wayfinding Signage for the Downtown Area
Agency Expenditure: $100,000
Status: Estimated Completion – January 2006
The Agency provides $300,000 each year for use in Project Area Improvement and general street improvement projects. For FY 2006, the Agency used $100,000 of these funds to create the design, construction plans and installation of wayfinding signage for the downtown area. These signs were installed in January 2006 and additional funding will be provided for expansion of this wayfinding signage during FY 2008

Goal 8
Promote efficient automobile, bicycle, and pedestrian circulation and linkages into and through the Redevelopment Area.

Agency Actions:

Project: Wayfinding Signage for the Downtown Area
Agency Expenditure: $100,000
Status: Estimated Completion – January 2006
The Agency provides $300,000 each year for use in Project Area Improvement and general street improvement projects. For FY 2006, the Agency used $100,000 of these funds to create the design, construction plans and installation of wayfinding signage for the downtown area. These signs were installed in January 2006 and additional funding will be provided for expansion of this wayfinding signage FY 2008.

II. HEALTH AND SAFETY CODE §33080.1(e)

REPORT ON ALL LOANS IN DEFAULT

The Modesto Redevelopment Agency has no loans in excess of $50,000 that are in default from the previous fiscal year or that are not in compliance with the terms of the loan approved by the Agency.

III. HEALTH AND SAFETY CODE §33080.1(f)

PROPERTY LISTING

The Modesto Redevelopment Agency acquired the property at the intersection of 17th & G Streets for the purpose of an affordable housing project (APN: 106-06-02)

Property List:

	APN	Address	Street	City, State	Current use
1	105-37-32	11TH STREET	11TH ST	MODESTO, CA 95354-0000	Parking garage

CALCULATION OF AVAILABLE REVENUES

AGENCY NAME MODESTO REDEVELOPMENT AGENCY

PROJECT AREA MODESTO REDEVELOPMENT PROJECT - AMENDED AREA

TAX YEAR 2007-08

RECONCILIATION DATES: JULY 1, 2006 TO JUNE 30, 2007

1.	Beginning Balance, Available Revenues (See Instructions)	$ -
2.	Tax Increment Received - Gross All Tax Increment Revenues, including any Tax Increment passed through to other local taxing agencies	$ 4,967,916.91
3.	All other Available Revenues Received (See Instructions)	$ -
4.	Revenues from any other source, included in Column E of the Reconciliation Statement, but not included in (1 - 3) above	$ 75,544.59
5.	Sum of Lines 1 through 4 =	$ 5,043,461.50
6.	Total amounts paid against indebtedness in previous year. (D + E on Reconciliation Statement)	$ 5,043,461.50
7.	Available Revenues, End of Year (5 - 6) FORWARD THIS AMOUNT TO STATEMENT OF INDEBTEDNESS	$ -

NOTES

Tax Increment Revenues:

The only amount(s) to be excluded as Tax Increment Revenue are any amounts passed through to other local taxing agencies pursuant to Health and Safety Code Section 33676. Tax Increment Revenue set-aside in the Low and Moderate Income Housing Fund will be washed in the above calculation, and therefore omitted from Available Revenues at year end.

Item 4. above:

This represents any payments from any source other than Tax Increment OR available revenues. For instance, an agency funds a project with a bond issue. The previous SOI included a Disposition Development Agreement (DDA) which was fully satisfied with these bond proceeds. The DDA would be shown on the Reconciliation Statement as fully repaid under the "other" column (Col E), but with funds that were neither Tax Increment, nor "Available Revenues" as defined. The amounts used to satisfy this DDA would be included on line 4 above in order to accurately determine ending "Available Revenues".

STATEMENT OF INDEBTEDNESS - CONSOLIDATED
FILED FOR THE 2007-08 TAX YEAR

Name of Redevelopment Agency: MODESTO REDEVELOPMENT AGENCY

Name of Project Area: MODESTO REDEVELOPMENT PROJECT - ORIGINAL AREA

CALCULATION OF AVAILABLE REVENUES

AGENCY NAME MODESTO REDEVELOPMENT AGENCY

PROJECT AREA MODESTO REDEVELOPMENT PROJECT - ORIGINAL AREA

TAX YEAR 2007-08

RECONCILIATION DATES: JULY 1, 2006 TO JUNE 30, 2007

1.	Beginning Balance, Available Revenues (See Instructions)	$	1,979,631.00
2.	Tax Increment Received - Gross All Tax Increment Revenues, including any Tax Increment passed through to other local taxing agencies	$	335,603.85
3.	All other Available Revenues Received (See Instructions)	$	-
4.	Revenues from any other source, included in Column E of the Reconciliation Statement, but not included in (1 - 3) above	$	1,677,881.92
5.	Sum of Lines 1 through 4	$	3,993,116.77
6.	Total amounts paid against indebtedness in previous year. (D + E on Reconciliation Statement)	$	2,013,485.77
7.	Available Revenues, End of Year (5 - 6) FORWARD THIS AMOUNT TO STATEMENT OF INDEBTEDNESS	$	1,979,631.00

NOTES

Tax Increment Revenues:

The only amount(s) to be excluded as Tax Increment Revenue are any amounts passed through to other local taxing agencies pursuant to Health and Safety Code Section 33676. Tax Increment Revenue set-aside in the Low and Moderate Income Housing Fund will be washed in the above calculation, and therefor omitted from Available Revenues at year end.

Item 4. above:

This represents any payments from any source other than Tax Increment OR available revenues. For instance, an agency funds a project with a bond issue. The previous SOI included a Disposition Development Agreement (DDA) which was fully satisfied with these bond proceeds. The DDA would be shown on the Reconciliation Statement as fully repaid under the "other" column (Col E), but with funds that were neither Tax Increment, nor "Available Revenues" as defined. The amounts used to satisfy this DDA would be included on line 4 above in order to accurately determine ending "Available Revenues".

ATTACHMENT 1

City of Modesto
TASK ORDER NO. 1
for
OMNI-MEANS
Master Professional Services Agreement for Consultant Services

CITY OF MODESTO CAPITAL FACILITIES FEES – STREET PROJECTS

This Task Order No. 1 is made and entered into by and between the City of Modesto, a municipal corporation (hereinafter "CITY"), and OMNI-MEANS, Ltd (hereinafter "CONSULTANT") and is effective as of _____.

RECITALS

A. CONSULTANT has entered into a Master Professional Services Agreement for Consultant Services, (hereinafter "Agreement"), dated _____ ("AGREEMENT") with the CITY, by which the CONSULTANT has agreed to provide on-call services relating to the City's transportation and circulation system , which is incorporated herein by reference.

B. At the request of CITY and in compliance with the terms of the AGREEMENT, CONSULTANT has prepared the Task Order No. 1, a copy of which is attached hereto as Exhibit A.

C. CITY and CONSULTANT desire that CONSULTANT perform the services as identified in the attached Task Order.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **INCORPORATION OF MASTER PROFESSIONAL SERVICES AGREEMENT FOR CONSULTANT SERVICES.** This Task Order hereby incorporates by reference all terms and conditions set forth in the Master Professional Services Agreement, unless expressly modified by this Task Order. The AGREEMENT and this Task Order shall, to the fullest extent possible, be read and considered as fully integrated documents and shall be interpreted so as to avoid inconsistencies, comply with all applicable laws and ensure that the objectives of the parties will be fully realized.

   Nothing in this Task Order is intended to supersede, terminate, modify or otherwise affect any provision of the AGREEMENT, except to the extent that a provision of this AGREEMENT is in direct and irreconcilable conflict with a provision of the AGREEMENT. Then, and only in that event, the provisions of the AGREEMENT shall prevail over the contradictory provision of the Task Order.

2. **SCOPE OF SERVICES**. CONSULTANT shall perform the services described in Exhibit "A" attached hereto and incorporated herein by reference. CONSULTANT shall not replace its Authorized Representative, nor shall CONSULTANT use any subcontractors or subconsultants not listed in this Task Order, without the prior written consent of CITY.

3. **TIME OF PERFORMANCE**. CONSULTANT shall commence performance within five (5) working days after receipt of a Notice to Proceed from City.

4. **COMPENSATION**. For services performed by CONSULTANT in accordance with this Task Order, CONSULTANT agrees to accept a sum not to exceed $98,720. CONSULTANT shall be paid at the times and in the manner set forth in Paragraph 3 of the Master Professional Services Agreement, unless expressly provided otherwise in the attached Task Order.

5. **SIGNATURES.** The individuals executing this Task Order represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Task Order on behalf of the respective legal entities of the CONSULTANT and CITY. This Task Order shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF, the City of Modesto, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. 2007-_____, adopted by the Council of the City of Modesto on the ____ day of _____, 2007, and OMNI-MEANS, Ltd. has caused this Agreement to be duly executed in duplicate as of the Effective Date set forth above.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-736

A RESOLUTION AMENDING THE FISCAL YEAR 2007-2008 OPERATING BUDGET TO CREATE A MULTI-YEAR ACCOUNT FOR THE UPDATE OF THE STREETS PORTION OF THE CAPITAL FACILTIES FEE PROGRAM AND APPROPRIATING $98,720, FROM CFF FUND 1390-140-0260-0242 TO MY ACCOUNT 1390-140-0266-0242

WHEREAS, the City has determined that the Capital Facilities Fee Program should be updated every five years to ensure that fees are in place for the construction of infrastructure to serve development, and

WHEREAS, on December 12, 2007, by Resolution No. 2007-734, the Council of the City of Modesto approved a Master Professional Services Agreement for Consultant Services ("Agreement") with OMNI-MEANS, Ltd. for the preparation of various technical studies as well as on-call consultant services relating to the City's transportation and circulation system, and

WHEREAS, on December 12, 2007, by Resolution No. 2007-735, the Council of the City of Modesto approved Task Order No. 1 to the Agreement for the preparation of the streets portion of the Capital Facilities Fee update, and

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby amends the Fiscal Year 2007-2008 operating budget to create a multi-year account for the preparation of the streets portion of the Capital Facilities Fee program and appropriate $98,720 from 1390-140-0260-0242 to 1390-140-0266-0242 for professional services.

BE IT FURTHER RESOLVED that the Finance Director, or designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December, 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-737

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE OF DIESEL PARTICULATE FILTERS TO GOLDEN STATE PETERBILT, FRESNO, CA, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE A PURCHASE ORDER FOR AN ESTIMATED TOTAL COST OF $127,697.

WHEREAS, in 2000, the California Air Resources Board (CARB) approved the Diesel Risk Reduction Plan, which focused on reducing diesel particulate matter (PM) emissions. This plan targets 1960 to 2006 model year on-road diesel powered vehicles, and

WHEREAS, beginning in 2007, the implementation of the Diesel Risk Reduction Plan will affect only municipalities and utilities, and

WHEREAS, in 2007, twenty percent (20%) of City's seventy-one (71) affected vehicles must be compliant with these regulations, and

WHEREAS, in 2009, the percentage increases to sixty percent (60%) compliance, with the entire fleet to be compliant by 2010, and

WHEREAS, on September 4, 2007, Council approved Resolution No. 2007-526 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of a "sole brand" Donaldson diesel particulate matter filters for the Public Works Department, Fleet Services Division, with the Purchasing Division coming back to Council for award authorization, and

WHEREAS, on September 24, 2007, the Purchasing Division issued RFB No. 0708-11 for the purchase of a "sole brand" Donaldson diesel particulate filter to twenty-three (23) prospective bidders, none were local companies, posted the bid on the City's web site and formally advertised as required by law.

WHEREAS, on October 23, 2007, RFB's were formally opened in the City Clerk's office and of the twenty-three (23) prospective bidders, eight (8) companies chose to respond, and

WHEREAS, one company submitted a non-responsive and non-responsible bid and the bid submittal was rejected, and

WHEREAS, based on being deemed the lowest responsive and responsible bid, City staff recommends the award of bid and contract for the purchase of diesel particulate filters to Golden State Peterbilt, Fresno, CA, for an estimated total cost of $127,697, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid and contract for the purchase of diesel particulate filters for the Public Works Department, Fleet Services Division, conforms to the Modesto Municipal Code, and

WHEREAS, funds are budgeted and available in the following account for the purchase of diesel particulate filters for FY 07/08, account number 7200-489-5812-0365,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase of diesel particulate filters to Golden State Peterbilt, Fresno, CA,

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase order for an estimated total cost of $127,697.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of December, 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-738

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO CONDUCT A SOLE SOURCE PURCHASE OF A NEW XIOTECH MAGNITUDE 3D STORAGE SYSTEM FOR THE MODESTO POLICE DEPARTMENT DIGITAL EVIDENCE SYSTEM AND UPGRADE THE CITY'S EXISTING XIOTECH MAGNITUDE 1000 SYSTEM FOR A TOTAL AMOUNT NOT TO EXCEED $125,000.00

WHEREAS, the Modesto Police Department's Digital Evidence System, which provides for the digital storage, archival and retrieval of crime scene evidence has reached its capacity and is in need of replacement, and

WHEREAS, the current optical storage jukebox has reached its capacity to accommodate the need for additional storage of digital evidence, and

WHEREAS, the storage of digital evidence is now being stored on CD / DVD media, and

WHEREAS, this is not an ideal solution and one that is a manual and time-consuming process, and

WHEREAS, the Information Technology Department proposes to replace the Police Departments current optical system with a Storage Area Network from Xiotech Corporation, and

WHEREAS, in 2004, the City I.T. Department purchased a Storage Area Network from Xiotech Corporation to meet the City's increasing demands for digital data storage, and

WHEREAS, the City went through a formal bid process and Xiotech Corporation was selected for their innovative advanced technology, meeting the City's requirements and affordability, and

WHEREAS, the Xiotech Storage Area Network, which is currently in use by the City, is in need of an upgrade to add additional performance, capacity and compatibility to the City's current storage needs and future storage strategy, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases which meet or exceed $50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, there are exceptions to the rule set forth in the Modesto Municipal Code, and

WHEREAS, Modesto Municipal Code Section 8-3.204 (b) states "Where the Purchasing Agency's requirements can be met solely by a single article or process," and

WHEREAS, due to the technical specifications required by the Information Technology Department including complete compatibility with previously authorized and procured Xiotech Systems, and the fact that Xiotech is the sole authorized vendor of Xiotech products, the procurement can only be conducted as a sole source, and

WHEREAS, the purchase of a Xiotech Magnitude 3D w/ Cluster Storage Bay IV Storage Area Network and a Magnitude 3D System upgrade conforms to the Modesto Municipal Code, and

WHEREAS, funds are budgeted and available in the Information Technology account 7130-070-0744-5452 in the amount of $45,000 and in the Police Department SLESF 2006/2007 fund, account 0400-190-2923-5008 in the amount of $80,000 for a total of $125,000, for the purchase of Xiotech Magnitude 3D w/ Cluster Storage Bay IV Storage Area Network for Digital Evidence and Magnitude 3D System upgrade,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to conduct a sole source purchase of a new Xiotech Magnitude 3D Storage System for the Modesto Police Department Digital Evidence System, and upgrade the City's existing Xiotech Magnitude 1000 System for a total amount not to exceed $125,000.00.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-739

A RESOLUTION APPROVING A NEW SCHEDULE "A" AGREEMENT TO THE MUNICIPAL MASTER LEASE WITH DELL MARKETING L.P., FOR INFORMATION TECHNOLOGY HARDWARE PRODUCTS AND SERVICES FOR A PERIOD OF 48 MONTHS FOR THE ESTIMATED AMOUNT OF $159,018 PER YEAR, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE, TO EXECUTE THE NEW SCHEDULE "A" AGREEMENT. THE TOTAL AMOUNT OF THE LEASE AGREEMENT IS ESTIMATED AT $636,072

WHEREAS, in 1998 the City established a Technology and Equipment Replacement Fund (TERF) for the purpose of replacing obsolete technology equipment, and

WHEREAS, in 1999 the City went through a formal bid process to establish a computer standard throughout the city, and

WHEREAS, Dell Marketing was the lowest responsive and responsible bidder to the formal bid process, and

WHEREAS, on March 25, 2003 by Resolution no 2003-163 the City entered into a Municipal Master Lease Agreement with Dell Marketing L.P. for Information Technology (IT) Hardware Products and Services, and

WHEREAS, on August 2, 2006 by Resolution no 2006-467 the City approved a new Schedule "A" Agreement to the Municipal Master Lease with Dell Marketing L.P. extending the term of the Lease for 48 months, and

WHEREAS, IT views this program as a cost effective measure for the City, emphasizing reduction of the Total Cost of Ownership (TCO) for the City's technology equipment and helping streamline the City's technology refresh program that affects all departments, and

WHEREAS, Dell Marketing has been providing personal computers to the City for the past seven years, and

WHEREAS, during that time the City has received Dell contractual pricing by taking advantage of the Western States Contracting Alliance (WSCA) pricing, and

WHEREAS, WSCA is a coalition of 15 western states which was formed as a means by which participating states could join together to receive cost effective pricing on personal computers based on economies of scale, and

WHEREAS, the City routinely requires replacements, acquisitions and upgrades to existing City computer equipment inventory, and

WHEREAS, funding for said computer equipment is approved and budgeted in the Technology and Equipment Replacement Fund (TERF), and

WHEREAS, the City is desirous of continuing to acquire computer equipment using the existing Municipal Master Lease Agreement with Dell Marketing L.P. for Information Technology Hardware Products and Services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a new Schedule "A" Agreement to the Municipal Master Lease Agreement with Dell Marketing L.P. for Information Technology hardware products and services for a period of 48 months for an estimated amount of $636,072.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute a new Schedule "A" Agreement to the Municipal Master Lease Agreement with Dell Marketing L.P.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of December, 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-740

A RESOLUTION APPROVING AN AGREEMENT WITH KABOOM! FOR UP TO $50,000 IN GRANT FUNDING FOR PLAYGROUND AND PICNIC EQUIPMENT AT MORAN ESTATES PARK, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, staff in the Parks, Recreation and Neighborhood Department (PRND) has been working with representatives from the La Loma Neighborhood Association (LLNA) to replace playground equipment at Moran Estates Park, since the old equipment, which did not meet current safety standards, was removed in 2004, and

WHEREAS, in early November 2007, Councilmember O'Bryant received an e-mail regarding the KaBOOM! playground grant program, and

WHEREAS, KaBOOM! is a national non-profit organization that envisions a great place to play within walking distance of every child in America, and

WHEREAS, KaBOOM! develops, manages and coordinates community-building playground projects for its Community and Funding Partners, culminating in a one-day installation event known as "Build Day," and

WHEREAS, the KaBOOM! program forms partnerships with corporate donors (Funding Partners) and Community Partners to install playground equipment, and

WHEREAS, KaBOOM! provides a project manager to work with the communities and a certified playground technician to assist with the installation and certify the safety of the playground, and

WHEREAS, KaBOOM! allows the Community Partners to select several "side projects," such as picnic tables, benches or barbecue to add to the playground usability, and

WHEREAS, the playground area at Moran Estates Park meets the requirements of the KaBOOM! Grant, and

WHEREAS, the playground manufacturers with KaBOOM! will match the La Loma Neighborhoods Association's selection of equipment, and

WHEREAS, all equipment being installed will be in compliance with ADA requirement, and

WHEREAS, this is a joint project between the City of Modesto and LLNA, as Community Partners, and

WHEREAS, all the volunteer requirements, site requirements, as well as the minimal matching funds, have been achieved, and

WHEREAS, the KaBOOM! grant will fund playground equipment at Moran Estates Park for up to $50,000, and

WHEREAS, funding from this grant program will help the City of Modesto and LLNA to install playground equipment in a park that has been without equipment for nearly three years, and

WHEREAS, staff from the PRND and representatives from the LLNA believe that the Moran Estates Park and the KaBOOM! program work well together and all program and site requirements can be fulfilled, and

WHEREAS, the City of Modesto is responsible for contributing $10,000 to the playground project; these funds are currently budgeted in Capital Improvement Project 1130-320-3237, ADA Accessibility Projects, and

WHEREAS, this grant project qualifies for ADA designated funding, since the playground surface and equipment meet ADA requirements, and a portion of the project will provide curb cuts which further improve access, and

WHEREAS, the La Loma Neighborhood Association will be responsible for organizing the planning committee, managing volunteers, supplying the food, water and tools, as well as taking care of the extra activates for children on Build Day, and

WHEREAS, the Safety and Communities Committee met on December 3, 2007, and supported staff's recommendation to enter into an Agreement with KaBOOM!,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Agreement with KaBOOM! for up to $50,000 in grant funding for playground equipment at Moran Estates Park.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of December, 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-741

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE A FORMAL REQUEST FOR PROPOSALS (RFP) FOR THE PURCHASE OF A SOLE BRAND, EXALT COMMUNICATIONS TRI-BAND WIRELESS ETHERNET BRIDGE AND ALL CERTIFIED COMPONENTS FOR THE PUBLIC WORKS DEPARTMENT, WATER QUALITY CONTROL DIVISION FOR A TOTAL ESTIMATED COST OF $84,000.

WHEREAS, the current available network bandwidth connecting the Jennings Treatment Plant to the City network is unable to meet the needs for security upgrades being made at the facility, and

WHEREAS, the network bandwidth needs to be increased for these security upgrades, and

WHEREAS, due to the remote location of the Jennings Treatment Plant it is cost prohibitive to trench and install fiber to extend the City's fiber network to that location, and

WHEREAS, the current AT&T T1 lines have a 1.5 Mbps bandwidth and due to its physical connection there have been occasions when connection has been lost causing interruptions in the flow of essential information to the Jennings Treatment Plant, and

WHEREAS, staff reviewed other options and concluded that wireless network technology was the best option, and

WHEREAS, staff worked with the IT Department to schedule a site survey with Alpha Omega Wireless, and

WHEREAS, it was determined by this survey that a radio link was feasible with a high degree of reliability and that a 200Mbps system from the Sutter Treatment Plant to the Jennings Treatment Plant, and a 100Mbps system from the Jennings Treatment Plant to the Chlorine Facility would be applicable, and

WHEREAS, Alpha Omega has recommended Exalt as a sole brand to ensure a certified installation based on the features, functionality, and reliability of the Exalt Communication Tri-band Wireless Ethernet Bridge, and

WHEREAS, with the installation of a wireless Ethernet bridge, the Jennings Treatment Plant will have a greater amount of bandwidth and increased network reliability to support the security upgrades and other current and future needs, and

WHEREAS, funds are budgeted in account 6210-480-B082-6040 – Security Upgrades - Jennings,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue a formal Request for Proposals (RFP) for the purchase of a sole brand, Exalt Communications Tri-Band wireless Ethernet Bridge and all certified components for the Public Works Department, Water Quality Control Division for a total estimated cost of $84,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of December, 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-742

A RESOLUTION APPROVING AN AGREEMENT WITH WEST YOST ASSOCIATES, INC., FOR PROFESSIONAL ENGINEERING SERVICES TO DEVELOP A PRELIMINARY DESIGN REPORT FOR THE MODESTO REGIONAL WATER TREATMENT PLANT TIER 2 – WEST TANK IMPROVEMENTS, IN THE NOT-TO EXCEED AMOUNT OF $271,525, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City and the Modesto Irrigation District (MID) have been planning for the expansion of the Modesto Regional Water Treatment Plant (MRWTP) from its existing capacity of 30 million gallons per day (mgd) to 60 mgd, and

WHEREAS, downstream improvements consisting of water storage tanks, booster pumping stations, pressure and/or flow control valves, and pipelines are needed to fully integrate the Phase Two Expansion of the MRWTP with the City's water system, and

WHEREAS, an initial evaluation of the water distribution system, using the City's recently developed computer model, has confirmed the need for these improvements and has provided a general project description of the improvements, and

WHEREAS, the West Tank improvements are needed to integrate the planned Tier 2 of the MRWTP with the City's water distribution system, and

WHEREAS, the selection for preliminary engineering design services followed the City's selection procedures for professional consultants as outlined in Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, and

WHEREAS, City staff sent a Request for Qualifications for engineering design services to civil engineering firms that had previously indicated an interest in providing design services to the City, and

WHEREAS, ninety-four consulting firms were asked to provide a Statement of Qualifications, and

WHEREAS, twelve consulting firms responded with a Statement of Qualifications, and

WHEREAS, a Selection Committee comprised of City staff short-listed five consulting firms and requested a Proposal Statement, and

WHEREAS, four short-listed consulting firms responded and were given interviews by the Selection Committee, and

WHEREAS, West Yost Associates, Inc., was considered to be the most qualified for the Modesto Regional Water Treatment Plant Tier 2 – West Tank Improvements Preliminary Design project, and

WHEREAS, the Public Works Director has recommended accepting the proposed contract with West Yost Associates, Inc., to develop a Preliminary Design Report for the Modesto Regional Water Treatment Plant Tier 2 – West Tank Improvements in an amount not to exceed $271,525,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement with West Yost Associates, Inc., to develop a Preliminary Design Report for the Modesto Regional Water Treatment Plant Tier 2 – West Tank Improvements in an amount not to exceed $271,525.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December, 2007, by Councilmember Keating,

who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-744

A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE PAMELA MONTEROSSO PARK PROJECT, ACCEPTING THE BID AND APPROVING A $480,106.36 CONTRACT WITH SUNWORLD FOR THE PROJECT TITLED, "PAMELA MONTEROSSO PARK," AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the "Pamela Monterosso Park" and City staff recommends approval to the City Council, and

WHEREAS, the bids received for "Pamela Monterosso Park" were opened at 11:00 a.m. on November 13, 2007, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of $480,106.36 received from Sunworld, be accepted as the lowest responsible bid and the contract be awarded to Sunworld,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for said project, and accepts the bid of Sunworld in the amount $480,106.36, and hereby awards Sunworld the contract titled "Pamela Monterosso Park."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-745

A RESOLUTION AMENDING THE CURRENT CAPITAL IMPROVEMENT PROGRAM BUDGET IN ORDER TO FULLY FUND THE CONTRACT WITH SUNWORLD, AND COVER CONSTRUCTION CONTINGENCY AND CONSTRUCTION ADMINISTRATION COSTS BY TRANSFERRING $15,000 FROM PARKS CAPITAL FACILITY FEES AIR QUALITY RESERVE TO THE CAPITAL GRANTS PARKS FUND WHERE IT WILL BE APPROPRIATED TO P502 PAMELA MONTEROSSO PARK PROJECT

WHEREAS, the Public Works Director has recommended that the bid of $480,106.36 from Sunworld, be accepted as the lowest responsible bid and the contract awarded to Sunworld,

WHEREAS, certain budgetary transactions are necessary to fully fund said contract with Sunworld, in the amount of $480,106.36 for construction services, $45,610.10 for construction contingency, and $57,612.76 to cover construction administration costs, including contract administration by City staff, for a total of $583,329.22 and

WHEREAS, $15,000 is available from the Parks Capital Facility Fees Air Quality Reserve Account 1430-800-8000-8003,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves the transfer of funds as set forth herein to fully fund the Contract with Sunworld, in the amount of $480,106.36 for construction services, $45,610.10 for construction contingency, and $57,612.76 to cover construction administration costs, including contract administration by City staff, for a total of $583,329.22 for the Pamela Monterroso Park project.

BE IT FURTHER RESOLVED that the Council hereby approves amending the FY 07-08 Capital Improvement Program to transfer $15,000 from Parks Capital Facility

Fees Air Quality Reserve Account to the Capital Grants Fund where it will be appropriated to 2330-310-P502, Pamela Monterosso Park Project.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-746

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE A FORMAL REQUEST FOR PROPOSALS (RFP) FOR THE PURCHASE OF A VEHICLE WASHING FACILITY FOR THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, FOR AN ESTIMATED TOTAL COST OF $250,000.

WHEREAS, the current vehicle washing facility (facility) was installed in the early 1980's with a twenty-year life expectancy, and

WHEREAS, due to the wide variety of equipment in the City fleet, the facility is used by most of the City vehicles, and

WHEREAS, this facility is the only available option for some of the specialty equipment, including the transit buses, and

WHEREAS, the City's contract with MV Transportation requires a system to wash the transit buses two times per week, and

WHEREAS, the facility has deteriorated significantly resulting in higher breakdown rates and longer downtimes as repairs are made, and

WHEREAS, the parts for the repair are no longer available and must be custom manufactured when needed, and

WHEREAS, staff has contacted contractors and determined repairing the current facility will not improve its reliability, and

WHEREAS, in FY 2006/07 the facility required $9,970.69 in repair costs, and

WHEREAS, funds are budgeted in Account 6510-165-J792-6070 for this purchase,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue a formal Request for Proposals for the purchase of a Vehicle Washing Facility for the Public Works Department, Fleet Services Division, for an estimated total cost of $250,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of December, 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-747

A RESOLUTION AMENDING THE OPERATING BUDGET FOR FY07-08 BY INCREASING ACCOUNT 0300-410-4112-4909 (INTERFUND LABOR CHARGES) BY $23,333 AND APPROPRIATING $17,041 TO ACCOUNT 0300-410-4112-0181 (ENGINEERING/DESIGN SALARY ADJUSTMENT) AND $6,292 TO ACCOUNT 0300-410-4112-0191 (ENGINEERING/DESIGN BENEFITS ADJUSTMENT) IN ORDER TO FULLY FUND THE COST TO REALLOCATE ONE (1) ASSOCIATE CIVIL ENGINEER TO ONE (1) SENIOR CIVIL ENGINEER AND TO REALLOCATE ONE (1) SENIOR CIVIL ENGINEERING ASSISTANT TO ONE (1) ASSOCIATED CIVIL ENGINEER

WHEREAS, salary and benefits for the Associate Civil Engineer (Range 443; Step 1) are budgeted at $105,594.35, and salary and benefits for the Senior Civil Engineering Assistant (Range 131; Step E) are budgeted at $88,505.31 for FY 07-08, and

WHEREAS, cost for the proposed reallocation at the Senior Civil Engineer level (Range 450; up to Step 4) is estimated at $135,169.59, and cost for the proposed reallocation at the Associate Civil Engineer level (Range 443; Step 1) is estimated at $105,594.35, and

WHEREAS, certain budgetary transactions are necessary to fully fund said reallocation requiring an increase in budget for 6 months of salary for the remainder of FY 07-08 in the amount of $23,333 ($14,787.62 and $8,544.52 respectively), and

WHEREAS, an increase in the operating budget for Organization 4112 by $46,664.29 ($29,575.25 and $17,089.04 respectively) is necessary to fund annual costs beginning in FY08-09 in order to fully fund the cost to reallocate one (1) Associate Civil Engineer to one (1) Senior Civil Engineer and to reallocate one (1) Senior Civil Engineering Assistant to one (1) Associate Civil Engineer, and

WHEREAS, the total amount of $23,333 is to be transferred by increasing Account 0300-410-4112-4909 (Interfund Labor Charges) by $23,333 and appropriating $17,041 to Account 0300-410-4112-0181 (Engineering/Design Salary Adjustment) and

$6,292 to Account 0300-410-4112-0191 (Engineering/Design Benefits Adjustment) in order to fully fund the cost to reallocate one (1) Associate Civil Engineer to one (1) Senior Civil Engineer and to reallocate one (1) Senior Civil Engineering Assistant to one (1) Associated Civil Engineer,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the transfer of funds as set forth herein to fully fund the reallocation of the 2 positions, in the amount of $23,333 by increasing Account 0300-410-4112-4909 (Interfund Labor Charges) by $23,333 and appropriating $17,041 to Account 0300-410-4112-0181 (Engineering/Design Salary Adjustment) and $6,292 to Account 0300-410-4112-0191 (Engineering/Design Benefits Adjustment) in order to fully fund the cost to reallocate one (1) Associate Civil Engineer to one (1) Senior Civil Engineer and to reallocate one (1) Senior Civil Engineering Assistant to one (1) Associated Civil Engineer.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December, 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-748

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE A FORMAL REQUEST FOR BIDS (RFB) TO PROVIDE PRUNED REFUSE RECEIVING LOCATIONS AND TRANSFER SERVICES TO THE CO-COMPOST FACILITY AT 7007 JENNINGS ROAD FOR A TWO-YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR A TOTAL ESTIMATED ANNUAL COST OF $165,000

WHEREAS, The Community Forestry Division of the Public Works Department provides a city-wide pruned refuse collection program, and

WHEREAS, collection vehicles (rear-loading packer trucks) pick up private pruned refuse, public tree prunings, and removals from locations throughout Modesto and deliver them to the Co-compost facility (facility) at 7007 Jennings Road, and

WHEREAS, each of the collection vehicles transports approximately 7 tons of pruned refuse per load, and

WHEREAS, due to the limited transfer capacity of the collection vehicles, a significant portion of the collection crew's time is spent transferring loads to the facility, which is 11 miles away, and

WHEREAS, in 2000, the City Council, by Resolutions 2000-535 and 2000-536, executed agreements with Gilton Resource Recovery and Waste Management, dba Modesto Disposal, to provide pruned refuse receiving locations and transfer services to maintain operational efficiency and meet work completion deadlines, and

WHEREAS, by having these transfer stations, travel time for the collection equipment was greatly reduced, which in turn reduced labor and equipment costs, and

WHEREAS, these agreements have expired and by issuing formal Request for Bids (RFB) the City will achieve the best value possible for this service, and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal RFB for the furnishing of pruned refuse receiving locations and transfer services conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public formal bids for the furnishing of pruned refuse receiving locations and transfer services, for a two-year agreement with three (3) one-year extension options at the sole discretion of the City, to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk is hereby directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened they shall be tabulated and analyzed by the Purchasing Division and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of December, 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmemeber Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-749

A RESOLUTION APPROVING SPECIFIC PLAN AMENDMENT NO. 22 TO THE VILLAGE ONE SPECIFIC PLAN TO REVISE THE LAND USE DESIGNATION FORM MULTI-FAMILY TO VILLAGE CENTER, PROPERTIES LOCATED ON THE EAST SIDE OF ROSELLE AVENUE, NORTH OF FLOYD AVENUE. (BEST DEVELOPMENT GROUP, LLC)

WHEREAS, Government Code Section 65450 et. seq. permits cities and counties to adopt specific plans for the systematic implementation of the General Plan and to provide for a greater level of detail in planning sites or areas of special interest or value, and

WHEREAS, on October 16, 1990, the City Council by Resolution No. 90-828A adopted the Village One Specific Plan, to guide the development of 1,780 acres located in northeast Modesto, and

WHEREAS, Government Code Section 65453 permits the amendment of specific plans as often as deemed necessary by the legislative body, and

WHEREAS, the City Council on June 18, 1991, by Resolution No. 91-405, adopted Specific Plan Amendment No. 1 to the Village One Specific Plan to adopt an amended Affordable Housing Program, and

WHEREAS, the City Council on May 5, 1992, by Resolution No. 92-222, adopted Specific Plan Amendment No. 2 to the Village One Specific Plan to improve technical correctness, readability, and comprehension, and

WHEREAS, the City Council on February 1, 1994, by Resolution No. 94-72, adopted Specific Plan Amendment No. 3 to the Village One Specific Plan to rewrite and reorganize the Plan to be more implementation oriented, and

WHEREAS, the City Council on May 24, 1994, by Resolution No. 94-297, certified the Final Supplemental EIR for Village One (SCH No. 90020181) which provided environmental analysis for the revisions in Specific Plan Amendment No. 4, and

WHEREAS, the City Council on May 24, 1994, by Resolution No. 94-298, adopted Specific Plan Amendment No. 4 to the Village One Specific Plan to widen Floyd Avenue from three-to-five lanes, realign the Claus/Sylvan intersection, delete the non-potable water supply for public landscaping, and integrate mitigation monitoring into the Specific Plan, and

WHEREAS, the City Council on June 28, 1994, by Resolution No. 94-372, adopted Specific Plan Amendment No. 5 to the Village One Specific Plan to revise the Residential Design Policies for cul-de-sacs, alleys, garage orientation, and plan processing, and

WHEREAS, the City Council on June 28, 1994, by Resolution No. 94-373, adopted Specific Plan Amendment No. 6 to the Village One Specific Plan to revise the school and park sites within the Specific Plan and redistribute residential units among the Village One Precise Plan Areas, and

WHEREAS, the City Council on October 10, 1995, by Resolution No. 95-487, adopted Specific Plan Amendment No. 7 to the Village One Specific Plan to reduce costs and to implement recommendations to increase the marketability of development within the Village One area, and

WHEREAS, the City Council on May 14, 1996, by Resolution No. 96-245, adopted Specific Plan Amendment No. 7.1 to the Village One Specific Plan to delete the multiple-family development designation from Precise Plan Areas Nos. 8 and 33, and Resolution No. 26-246 to amend the Design Standard portion of the Village One Specific

Plan pertaining to single-family dwelling setbacks and three-car garages, limited to Precise Plan Areas Nos. 8, 32, and 33, and

WHEREAS, the City Council on June 4, 1996, by Resolution No. 96-295, adopted Specific Plan Amendment No. 8 to the Village One Specific Plan to incorporate changes previously approved in Specific Plan Amendment No. 7 into the Specific Plan document itself, to make minor editorial changes to the Specific Plan, and to incorporate changes resulting from development of a revised Village One Facilities Master Plan, and

WHEREAS, the City Council on August 13, 1996, by Resolution No. 96-453, adopted Specific Plan Amendment No. 9 to the Village One Specific Plan to modify the standards for dwelling setbacks and three-car garages for the entire Specific Plan area, and

WHEREAS, the City Council on May 6, 1997, by Resolution No. 97-225, adopted Specific Plan Amendment No. 10 to the Village One Specific Plan to eliminate redundancy with the General Plan Housing Element policies and to eliminate language that was too restrictive, and

WHEREAS, the City Council on June 3, 1997, by Resolution No. 97-300, adopted Specific Plan Amendment No. 11 to the Village One Specific Plan to exempt public facilities from precise plan requirements, to streamline the Specific Plan amendment process, and to provide minor clarification to various policies and diagrams, and

WHEREAS, the City Council on October 21, 1997, by Resolution No. 97-602, adopted Specific Plan Amendment No. 12 to the Village One Specific Plan to allow changes in public service providers, delete the requirement for a business park market

study, revise Amtrak station language, revise the business park precise plan diagram, and allow regional commercial uses in the business park, and

WHEREAS, the City Council on February 17, 1998, by Resolution No. 98-97, adopted Specific Plan Amendment No. 13 to the Village One Specific Plan to redesignate 9.8 acres in Precise Plan Area No. 3 from Multi-Family Residential to Village Residential, and

WHEREAS, the City Council on August 17, 1999, by Resolution No. 99-416, adopted Specific Plan Amendment No. 14 to the Village One Specific Plan to modify the mix of land uses allowed in the southeast quadrant of Precise Plan Area No. 20, and

WHEREAS, the City Council on September 26, 2000, by Resolution No. 2000-507, adopted Specific Plan Amendment No. 15 to the Village One Specific Plan to reduce the noise setback along Claus Road, and

WHEREAS, the City Council on May 7, 2002, by Resolution No. 2002-230, adopted Specific Plan Amendment No. 16 to the Village One Specific Plan to move 4.1 acres from Precise Plan Area No. 6 to Precise Plan Area No. 7, and

WHEREAS, the City Council on April 1, 2003, by Resolution No. 2003-177, adopted Specific Plan Amendment No. 17 to the Village One Specific Plan to allow for a revised infrastructure financing plan for Village One, including the formation of a new community facilities district for the remaining undeveloped, unvested property in Village One, and

WHEREAS, the City Council on December 7, 2004, by Resolution No. 2004-650, adopted Specific Plan Amendment No. 18 to the Village One Specific Plan to change the land use designations of Precise Plan Areas 23 and 24 from Commercial, Village Residential, and Multi-Family Residential to Village Residential and Medium-Density

Residential and to amend some of the Village One design and development standards, and

WHEREAS, the City Council on March 8, 2005, by Resolution No. 2005-129, adopted Specific Plan Amendment No. 19 to the Village One Specific Plan to change the land use designation of a portion of Precise Plan Area No. 1 from Very Low Density Residential to Office and High School and to allow City Council approval of a Final Development Plan concurrent with approval of Precise Plan Area No. 1, and

WHEREAS, the City Council on November 1, 2005, by Resolution No. 2005-547, adopted Specific Plan Amendment No. 20 to the Village One Specific Plan to allow for a revised layout for the Village Center Retail Center, property located at the southeast corner of Roselle and Floyd, and

WHEREAS, Best Development Group, LLC has filed an application to amend the Village One Specific Plan and Precise Plan Area No. 20 to change the land use designation for five parcels (APN No. 085-050-007, 085-050-008, 085-050-006, 085-050-005, 085-050-004) from Multi-Family Residential to Village Center, property located east of Roselle Avenue and north of Floyd Avenue, and

WHEREAS, on August 28, 2007, the proposed Specific Plan Amendment was referred to the Sylvan and Modesto School District, Modesto Irrigation District, Local Agency Formation Commission, County Planning and Community Development, and the Environmental Resources Director, for a 45 day referral period in accordance with Government Code Sections 65453 and 65352, and

WHEREAS, on November 5, 2007, at 7:00 p.m. the Planning Commission held a duly noticed public hearing in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered concerning the proposed Village One Specific Plan amendment, and

WHEREAS, after said public hearing, the Modesto City Planning Commission by Resolution No. 2007-51, recommended to the City Council approval of an amendment to the Village One Specific Plan to revise the land use designation from Multi-Family to Village Center, property located east of Roselle Avenue and north of Floyd Avenue, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing on December 12, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that the proposed Amendment No. 22 to revise the land use designation from Multi-Family to Village Center, property located east of Roselle Avenue and north of Floyd Avenue, is consistent with the 2003 Modesto Urban Area General Plan.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Village One Specific Plan is hereby amended to revise the land use designation from Multi-Family to Village Center, property located east of Roselle Avenue and north of Floyd Avenue as shown on **Exhibit "A"** attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED by the Council that the City Clerk is hereby authorized and directed to send certified copies of this resolution and said amendment to the Village One Specific Plan to the Board of Supervisors of the County of Stanislaus.

BE IT FURTHER RESOLVED that the project applicant shall indemnify, defend, and hold harmless the City of Modesto, its agents, officers, and employees from any and all claims, actions, or proceedings against the City of Modesto, its agents, officers, and employees to attack, set aside, void, or annul, any approval by the City of Modesto and its advisory agency, appeal board, or a legislative body concerning this Specific Plan Amendment (File No. SPA-07-001). The City of Modesto shall promptly notify the applicant of any claim, action, or proceeding and shall cooperate fully in the defense. If the City fails to do so, the applicant shall not thereafter be responsible to defend, indemnify, or hold City harmless.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

Precise Plan Area #20
(Figure III-21)

1. Acreage: 112 Acres

2. Land Use Intensity

Village Commercial Center	17 ac.
Multi-Family	21.5[a] ac.
Senior Housing/Multi-family	6[b] ac.
Village Residential	67.5 ac.
Total	112 ac.

[a] The area south of the Village Commercial Center shall be exclusively for the Housing Authority Project, which will consist of 1.5 acres designated for Multi-Family and 3.5 for Village Residential.

[b] The 6 acres of Senior Housing shall be exclusively for Senior Housing.

3. Special Considerations

a. Ideally, the Village Commercial Center is the first development to occur in this Precise Plan Area. At a minimum, development of the Village Commercial center should precede the development of the 10 acres closest to the Floyd/Roselle intersection on each of the other two corners.

b. The first phase of development of the Village Commercial Center shall include construction of a supermarket. Construction of other permitted commercial uses may accompany construction of the supermarket subject to the condition that the supermarket shall be the first use to open for business.

c. The time limit for commencement of construction of the first phase of development of the Village Commercial Center shall not be more than three years from the effective date of approval of the Precise Plan by the City Council. One-year time extensions, not to exceed three in number, may be granted by the Planning Commission after benefit of a public hearing, if adequate cause for such time extension is shown by the developer.

d. If construction of the first phase of the Village Commercial Center does not occur within the specified time limitations, the City may consider Precise Plan applications for development of the Village Commercial Center at one of the other two corners of Floyd and Roselle Avenues.

e. The Precise Plan shall provide for a maximum of 350,000 square feet of gross leasable area for commercial and office uses distributed in the following manner:

1. The Village Commercial Center will contain a maximum of 215,000 – 250,000 square feet of gross leasable area.

f. The Village Commercial Center should be of an improved design over a typical neighborhood shopping center, reflecting pedestrian orientation and direct linkage to neighboring land uses.

g. The Village Commercial Center should be designed in accordance with the policies presented in Sections II-G(4) and II-G.

h. Within each area designated Multi-family, only multi-family uses will be allowed with the following number of dwelling units:

1. The maximum number of dwelling units for each area is calculated as follows:

   10 Acres x 26.25 dwelling units/acre = 263 dwelling units for each 10-acre multi-family site.

2. The minimum number of dwelling units for each area is calculated as follows:

   263 dwelling units x 90% = 237 dwelling units for each 10-acre multi-family site.

i. Within each area designated Senior Housing/Multi-family Housing, either Multi-Family Housing or Senior Housing are allowed. If Multi-Family Housing is developed, the maximum density allowed is 26.75 dwelling units/gross acre, with a minimum density of 90% of the maximum density. If Senior Housing is developed, then the maximum density allowed is 50 dwelling units/gross acre.

   The City has been working with the Stanislaus County Housing Authority to develop a 55-unit project in Village One, Precise Plan Area #20. The proposal consists of 20 unit apartment complex and 35 single-family residential units. The apartments will be affordable to lower income households. The above density requirements will not apply to the Housing Authority project.

j. It is desirable that the City and the property owners in this Precise Plan Area agree on the process for coordinated development of this Precise Plan Area in advance of initiating any development. In any case, a single development entity should manage the development process. This role should include coordinating all aspects of land assemblage and infra-structure improvements, construction of the buildings, and implementation of the sales and leasing programs. In addition, consistent and centralized ongoing management of the retail/commercial components of the Village Center should be maintained.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007- 750

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE VILLAGE ONE PROGRAM ENVIRONMENTAL IMPACT REPORT (SCH NO. 90020181), AS AMENDED BY THE SUPPLEMENTAL EIR: AMENDMENT TO THE VILLAGE ONE SPECIFIC PLAN AND PRECISE PLAN AREA NO. 20 SUB-AREA B TO REVISE THE LAND USE DESIGNATION FROM MULTI-FAMILY TO VILLAGE CENTER, PROPERTIES LOCATED ON THE EAST SIDE OF ROSELLE AVENUE, NORTH OF FLOYD AVENUE (BEST DEVELOPMENT GROUP, LLC)

WHEREAS, the Modesto City Council has adopted Resolution No. 90-757 certifying that the Village One Final Environmental Impact Report ("EIR") (State Clearing House No. 90020181) is complete and adequate pursuant to Section 15090 of the Cali-fornia Environmental Quality Act ("CEQA") Guidelines, and

WHEREAS, the Modesto City Council has adopted Resolution No. 94-297 which certified the Final Supplemental EIR for Village One; thus, the 1990 Village One Program EIR has been amended and updated by the 1994 Supplemental EIR, adopted by Resolution No. 94-297 on May 24, 1994, and

WHEREAS, on May 6, 2003, the City Council adopted Resolution No. 2003-223 which adopted an Addendum to Village One Specific Plan Program Environmental Impact Report for the Village One Facilities Master Plan Update – May 2003 ("VI FMP "), and

WHEREAS, an application has been filed by Best Development Group, LLC for a amendment to the Village One Specific Plan and Precise Plan for Area No. 20, property located east of Roselle Avenue and north of Floyd Avenue, and

WHEREAS, the City's Community & Economic Development Department reviewed the proposed Project to determine if said Project might have a significant effect on the environment, and

WHEREAS, City staff has prepared a Written Checklist, Environmental Assessment No. EA/C&ED 2007-45, which concluded that the proposed Project is within the scope of the Village One Program EIR (SCH No. 90020181), as amended by the Village One Supplemental EIR, and the addendum to Village One Specific Plan Program Environmental Impact Report for the Village One Facilities Master Plan, and

WHEREAS, the Planning Commission, by Resolution Nos. 2007-51 and 2007-52, adopted on November 5, 2007, recommended to the City Council approval of an Amendment to the Village One Specific Plan and Precise Plan for Area No. 20, property located east of Roselle Avenue and north of Floyd Avenue, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on December 12, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Written Checklist, Environmental Assessment No. EA/C&ED 2007-45, entitled "Determination: Project within the Scope of the Village One Specific Plan Program Environmental Impact Report Initial Study EA/C&ED No. 2007-45 For the Proposed Amendment to the Village One Specific Plan and Precise Plan Area No. 20", for the proposed project, and the Council hereby makes the following findings:

1. As per Sections 15168 of the California Environmental Quality Act ("CEQA") Guidelines, this project is within the scope of the projects covered by the Program EIR, and no new environmental document or findings are required by CEQA, and

2. There are no substantial changes proposed in the project, which result in new significant environmental effects, or a substantial increase in the severity of previously identified significant effects and, there-fore, no major revisions to the Program EIR are required.

3. No substantial changes have occurred with respect to the circumstances under which the project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.

4. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:

    a. One or more significant effects which is not discussed in the Program EIR; or,

    b. Significant effects which were previously examined will be substantially more severe than previously shown; or,

    c. Previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,

    d. Mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative.

5. The Written Checklist, Environmental Assessment No. EA/C&ED 2007-45, provides the substantial evidence to support findings 1-4, noted above.

A copy of said Written Checklist, Environmental Assessment No. EA/C&ED 2007-45, entitled "Determination: Project within the Scope of the Village One Specific Plan Program Environmental Impact Report Initial Study EA/C&ED No. 2007-45 For the Proposed Amendments to the Village One Specific Plan and Precise Plan Area No. 20", is attached hereto as **Exhibit "A",** and incorporated herein by reference.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

9/24/07

WRITTEN CHECKLIST

EA/C&ED No. 2007-45

I. PURPOSE

This written checklist is prepared under the CEQA Guideline regulations regarding use of a Program EIR with Later Activities, where activities in the program must be examined in the light of the Program EIR to determine whether an additional environmental document must be prepared. Pursuant to CEQA Guidelines Section 15168 (C) (4), this checklist serves to make a determination where subsequent activities of a Program EIR involve site-specific operations, based on evaluation of the site and the activity to determine whether the environmental effects of the operation were covered in the program EIR. Based on a review of the project and the criteria in Section 15162(a), this determination would permit the lead agency (City of Modesto) to approve the activity as being within the scope of the project covered by the Program EIR. This determination includes whether any new environmental document is required beyond the adopted Village One Specific Plan Program EIR (SCH# 90020181) for the proposed Specific Plan Amendment, Precise Plan Amendment and Final Development Plan.

The 1994 Supplemental EIR that amended and superseded the 1990 Program EIR is the document reviewed for projects within the Village One Specific Plan area. A summary of significant impacts and their mitigation measures from the 1994 Supplemental EIR is attached as Exhibit "A". Where appropriate those feasible mitigation measures developed in the Supplement to the program EIR shall be incorporated into the proposed project.

II. PROJECT INFORMATION

1. **Project Title:** Specific Plan Amendment, Precise Plan Amendment and Final Development Plan for Walgreens

2. **Lead Agency Name and Address:** City of Modesto

3. **Contact Person and Phone Number:** David Wage
Modesto Community & Economic Development Department
209/577-5302

4. **Project Location:** Northeast corner of Roselle and Floyd
APN Numbers: 085-050-007, 085-050-008, 085-050-006, 085-050-005, 085-050-004

5. **Project Sponsor's Name and Address:** Best Development Group, LLC. 2580 Sierra Blvd. Suite E Sacramento, CA 95825

6. **General Plan Designation:** Village Residential

7. **Zoning:** Specific Plan Overlay SP-O

8. **Description of Project:** Pursuant to the adopted Village One Specific Plan, the applicant is proposing to amend the Village One Specific Plan and Precise Plan 20 to re-designate the permitted land uses for five parcels (4 acres) at the northeast corner of Roselle and Floyd. The site is currently designated for multi-family uses. The applicant is proposing to re-designate the property to allow "Village Center" uses, which can include commercial or office uses. The applicant has also submitted an application for a Final Development Plan for a 14,820 square-foot Walgreens on the three southernmost parcels.

9. **Surrounding Land Uses and Setting:** The Village One Specific Plan Area is over half built, as planned and approved by the 1990 Village One Specific Plan. The project area is surrounded by multi-Family land uses to the North, South and East, and West.

10. **Other Public Agencies whose Approval Is Required:** None

III. DETERMINATION:

Based on the analysis contained in this document, staff finds that pursuant to Guidelines Section 15168 (c) (4) the following is true for the proposed project:

1. There are no substantial changes proposed in the project which result in new

significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Village One Program EIR, as amended by the 1994 Supplemental EIR are required.

2. No substantial changes have occurred with respect to the circumstances under which the project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Village One Program EIR, as amended by the 1994 Supplemental EIR are required.

3. There is no new information of substantial importance which was not known and could not have been known with the exercise of reasonable diligence when the Village One Program EIR, as amended by the 1994 Supplemental EIR, was adopted which shows any of the following:

   a. one or more significant effects which is not discussed in the Village One Program EIR, as amended by the 1994 Supplemental EIR; or,

   b. significant effects which were previously examined will be substantially more severe than previously shown; or,

   c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measure or alternative; or,

   d. mitigation measures or alternatives which are considerably different from those analyzed in the Village One Program EIR, as amended by the 1994 Supplemental EIR, would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative.

4. The Initial Study, Environmental Assessment No. EA/C&ED 2004-45, provides the substantial evidence to support findings 3-5, above, and the City hereby determines that no further environmental documentation is required for the proposed project.

Dan Wagel 10/30/07

Project Manager Date

IV. PROJECT EVALUATION:

The following written Checklist based on Appendix G of the CEQA Guidelines serves to document the evaluation of the site and activity of the proposed project pursuant to CEQA Guidelines Section 15168 (c) (4) to determine whether the environmental effects of the operation were covered in the Program EIR.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
I.	**AESTHETICS.** Would the project:				
a.	Have a substantial adverse effect on a scenic vista?	☐	☐	☐	☑
b.	Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings along a scenic highway?	☐	☐	☐	☑
c.	Substantially degrade the existing visual character or quality of the site and its surroundings?	☐	☐	☐	☑
d.	Create a new source of substantial light or glare that would adversely affect daytime or nighttime views in the area?	☐	☐	☐	☑

Aesthetic and visual impacts are analyzed on pages III-100 through III-101 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR found that The Village One Specific Plan program EIR found that as the Specific Plan area is developed, it will eliminate views of the valley and the distant mountains from adjacent areas and reduce the area's visual open space. However, the program EIR found the effects of buildout of Village One on scenic vistas to be less than significant because views from the project area are minimal. The proposed development would not change the extent or nature of construction in the Specific Plan area, or cause any other changes in the project area. Impacts on scenic vistas would therefore remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.

b. The Village One Specific Plan program EIR found that The Village One Specific Plan program EIR found that there are no scenic resources in the project area,

and that development within the Specific Plan area would therefore not result in significant impacts on scenic resources. This finding would not be affected by the proposed abandonment. There would be no impact. No mitigation is required.

c. The Village One Specific Plan program EIR found that The Village One Specific Plan program EIR found that the development within the Specific Plan area would have a less-than-significant impact on the visual character of the area. The proposed development would not change the design or layout of the development proposed within the Village One Specific Plan. It is called for by the Specific Plan. For this reason, impacts on the visual character of the area would remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.

d. The proposed development is consistent with the Village One Specific Plan. For this reason, impacts associated with additional light and glare would remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
II.	**AGRICULTURAL RESOURCES.** In determining whether impacts on agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Department of Conservation. Would the project:				
a.	Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?	☐	☐	☐	☑
b.	Conflict with existing zoning for agricultural use or conflict with a Williamson Act contract?	☐	☐	☐	☑
c.	Involve other changes in the existing environment that, due to their location or nature, could result in conversion of Farmland to non-agricultural use?	☐	☐	☐	☑

Impacts on agricultural resources are analyzed on pages III-80 through III-94 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR found that land designated as Prime Farmland would be lost as a result of development in the Village One Specific Plan area. This impact was determined to be significant and not mitigable. The proposed development would not affect this finding because the project area would remain the same. There would be no additional impact. No mitigation is required.

b. The Village One Specific Plan program EIR presented information showing that any Williamson Act contracts in the Village One Specific Plan area would be automatically cancelled on annexation of the land to the City of Modesto, which has occurred, or would expire within 10 years of the time the original program EIR was prepared. The last Williamson Act contract covering land in the Village One Specific Plan area expired in 2001. There are no lands in the project area under Williamson Act contract. The Village One Specific Plan area has also been rezoned consistent with the specific plan, and no lands in the project area are now zoned for agricultural use. There would be no additional impact. No mitigation is required.

c. The Village One Specific Plan program EIR identified a potential land use conflict between new residential uses in the specific plan area and adjacent agricultural uses. Such conflicts can lead to conversion of adjacent farmlands to other uses. The program EIR proposed mitigation measures for this potential impact that would reduce the impact's significance, although the EIR noted that the mitigation measure might not fully mitigate the impact. No additional mitigation measures are available for this impact. This finding would not be affected by the proposed project because the project area and proposed land uses would remain the same. There would be no additional impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact

III. AIR QUALITY. When available, the significance criteria established by the applicable air quality management or air

	pollution control district may be relied upon to make the following determinations. Would the project:				
a.	Conflict with or obstruct implementation of the applicable air quality plan?	☐	☐	☐	☑
b.	Violate any air quality standard or contribute substantially to an existing or projected air quality violation?	☐	☐	☐	☑
c.	Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is a nonattainment area for an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors)?	☐	☐	☐	☑
d.	Expose sensitive receptors to substantial pollutant concentrations?	☐	☐	☐	☑
e.	Create objectionable odors affecting a substantial number of people?	☐	☐	☑	☐

Impacts on air quality are analyzed on pages III-45 through III-54 of the 1994 Supplement.

Responses to Checklist Questions

a. / b. The Village One Specific Plan program EIR found that air pollution from project-related construction traffic and fireplaces & wood stoves in planned residential areas would violate air quality standards and contribute to an existing air quality violation. Construction traffic emissions would contribute to violation of the state and federal 8-hour carbon monoxide (CO) and particulate matter (PM10) standards and the federal ozone standard in the Modesto Urban Area and the San Joaquin Valley Air Basin. Urban traffic pollution would contribute to violations of the state ozone, CO, and PM10 standards in the Modesto Urban Area and San Joaquin Valley Air Basin. Residential pollution would contribute to violations of the pollutant standard index in the Modesto Urban Area. Partial mitigation for these impacts is included in the program EIR (Mitigation Measures 3–5), and the City of Modesto adopted a statement of overriding consideration for each impact. The proposed project would not change the amount of development and construction in the project area, so trips generated by the project would not be affected and the types of land uses would not change. There would be no additional impact. No mitigation is required.

c. The Village One Specific Plan program EIR found that air pollutant emissions associated with traffic at buildout of Village One would exacerbate the existing ozone, PM10, and CO violations in the Modesto area and cause a significant

cumulative impact. Partial mitigation for these emissions is included in the program EIR (Mitigation Measures 4.5.3[a] and 4.5.3[b]), and the City of Modesto made a statement of overriding consideration for each impact. The proposed abandonment would not change the amount of traffic associated with buildout of Village One or the types of land uses, so trips generated by the project would not be affected. There would be no additional impact. No mitigation is required.

d. The Village One Specific Plan program EIR found that PM10 generated during construction would aggravate the respiratory problems of people living and working nearby, therefore exposing sensitive receptors in the area to pollutant concentrations and causing a significant impact. However, the program EIR outlines mitigation measures that will be implemented to reduce the impact to an acceptable level (Mitigation Measure 40). The proposed projectt would not change the level of construction emissions. There would be no additional impact. No mitigation is required.

e. The proposed commercial development a drive-through. The project site is adjacent to residential development. The drive-through could create potential orders.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
IV.	**BIOLOGICAL RESOURCES.** Would the project:				
a.	Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special-status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service?	☐	☐	☐	☑
b.	Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service?	☐	☐	☐	☑
c.	Have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not	☐	☐	☐	☑

	limited to, marshes, vernal pools, coastal wetlands, etc.) through direct removal, filling, hydrological interruption, or other means?				
d.	Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites?	☐	☐	☐	☑
e.	Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?	☐	☐	☐	☑
f.	Conflict with the provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan?	☐	☐	☐	☑

Impacts on biological resources are analyzed on pages III-68 through III-79 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR found that the buildout could result in the loss of foraging habitat for Swainson's Hawk, a state-listed threatened species. However, this project is infill development of land not useful as foraging habitat. The development of the project site would result in a less than significant impact to foraging habitat for Swainson's Hawk. Therefore, no mitigation is required.

b. The Village One Specific Plan program EIR did not find that any riparian habitat or other designated sensitive natural community was present in the project area, and so found that the project would have a less-than-significant impact. The proposed specific plan and precise plan amendments would not change the boundaries of the Specific Plan area. There would be no impact. No mitigation is required.

c. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area would result in the loss of lands that might be classified as wetlands by the U.S. Army Corps of Engineers, but that, with mitigation, the impact would be less than significant. The proposed specific plan and precise plan amendments would not change the Specific Plan area boundaries or the areas that would be disturbed. There would be no additional impact. No mitigation is required.

d. The Village One Specific Plan program EIR did not identify any migratory corridors in the project area, nor did it find that the project would interfere with

the movement of any species. The project would not change the Specific Plan area boundaries. There would be no impact. No mitigation is required.

e. / f. No local biological resource protection policies, ordinances, habitat conservation plans, or natural community conservation plans apply to the Village One Specific Plan area. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
V.	**CULTURAL RESOURCES.** Would the project:				
a.	Cause a substantial adverse change in the significance of a historical resource as defined in Section 15064.5?	☐	☐	☐	☑
b.	Cause a substantial adverse change in the significance of an archaeological resource pursuant to Section 15064.5?	☐	☐	☐	☑
c.	Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?	☐	☐	☐	☑
d.	Disturb any human remains, including those interred outside of formal cemeteries?	☐	☐	☐	☑

Responses to Checklist Questions

a.-d. Impacts on cultural resources resulting from the buildout of Village One (e.g., from construction of associated infrastructure) are addressed in the Opportunities/Constraints Report prepared for the Modesto Planning Commission (December 1, 1989). The report concluded that there are no known historic, archaeological, or paleontological resources in the Village One Specific Plan area. Based on the results of this report, (Cultural and Historic Resources Report, page 3) it was determined that the likelihood that the project would change or disturb human remains or significant historic, archaeological, or paleontological resources was low.

The proposed project would not change the locations or types of construction in the project area nor the boundaries of the project area. Development of the proposed project will not result in effects on scattered existing structures. A Cultural Resources Assessment was prepared to determine if any of these affected structures are considered historic resources. The Cultural Resources

Assessment is attached to this document as Appendix A. No historic structures are located within the project area boundaries. Therefore, no mitigation measures are necessary.

Since no archaeological, or paleontological resources were found in the previous document to be located in the project area, and since the proposed project would not have a significant impact on historic structures, there would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
VI.	**GEOLOGY AND SOILS.** Would the project:				
a.	Expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death involving:				
	1. Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42.	☐	☐	☐	☑
	2. Strong seismic groundshaking?	☐	☐	☐	☑
	3. Seismic-related ground failure, including liquefaction?	☐	☐	☐	☑
	4. Landslides?	☐	☐	☐	☑
b.	Result in substantial soil erosion or the loss of topsoil?	☐	☐	☐	☑
c.	Be located on a geologic unit or soil that is unstable or that would become unstable as a result of the project and potentially result in an onsite or offsite landslide, lateral spreading, subsidence, liquefaction, or collapse?	☐	☐	☐	☑
d.	Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property?	☐	☐	☐	☑

e.	Have soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater?	☐	☐	☐	☑

Impacts associated with geology and soils are analyzed on pages III-105 through III-108 of the 1994 Supplement.

Responses to Checklist Questions

a.-d. The program EIR, as supplemented, found that the project area is not subject to geologic or soil-related hazards that cannot be adequately mitigated through the implementation of existing city regulations, such as the building code. No significant impacts were identified, and no mitigation measures were required. The proposed project would not change the locations or types of construction in the project area nor the boundaries of the project area. There would be no additional impact. No mitigation is required.

e. The Village One Specific Plan included provisions for the project to be served by public sewers. No septic tanks or alternative wastewater systems were proposed. The proposed project would not change the proposed method of wastewater disposal. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
VII.	**HAZARDS AND HAZARDOUS MATERIALS.** Would the project:				
a.	Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?	☐	☐	☐	☑
b.	Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment?	☐	☐	☐	☑
c.	Emit hazardous emissions or involve handling	☐	☐	☐	☑

	hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?				
d.	Be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?	☐	☐	☐	☑
e.	Be located within an airport land use plan area or, where such a plan has not been adopted, be within two miles of a public airport or public use airport, and result in a safety hazard for people residing or working in the project area?	☐	☐	☐	☑
f.	Be located within the vicinity of a private airstrip and result in a safety hazard for people residing or working in the project area?	☐	☐	☐	☑
g.	Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?	☐	☐	☐	☑
h.	Expose people or structures to a significant risk of loss, injury, or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?	☐	☐	☐	☑

Impacts associated with hazards and hazardous materials are analyzed on pages III-80 through III-94 and III-109 through III-119 of the 1994 Supplement.

Responses to Checklist Questions

a.–c. The Village One Specific Plan does not allow any land uses that would use hazardous materials. The proposed specific plan and precise plan amendments would not change land uses contemplated by the Specific Plan. There would be no impact. No mitigation is required.

d. The Village One Specific Plan program EIR, as supplemented, found no hazardous materials were stored at or near the project site. No significant impacts were identified, and no mitigation measures were required. There would be no additional impact. No mitigation is required.

e. The Village One Specific Plan area is not located in an airport land use plan area or within 2 miles of a public airport. There would be no impact. No mitigation is required.

f. The Village One Specific Plan program EIR found that a private airstrip, the Eastside Mosquito Abatement District Airstrip, is located to the east of the Village One Specific Plan area. However, take-offs and landings were found to take place parallel to and outside the Specific Plan area boundaries, and flight patterns are generally situated to the east of the Specific Plan area. There would be no additional impact. No mitigation is required.

g. Since the adoption of the Village One Specific Plan, the Modesto General Plan has been updated to include development of Village One consistent with the specific plan. City emergency plans are developed with the assumption that the Village One Specific Plan will be implemented. The proposed project would not change construction, land use, or other physical attributes of the Right-of-Way Acquisition. There would be no additional impact. No mitigation is required.

h. The project site is located in an area of the City of Modesto planned for buildout of an urban neighborhood. Approximately 50% of the project area remains undeveloped, with a covering of dry brush and vegetation. The potential for wildland fires is low, and this potential will decrease further as buildout continues. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
VIII.	**HYDROLOGY AND WATER QUALITY.** Would the project:				
a.	Violate any water quality standards or waste discharge requirements?	☐	☐	☐	☑
b.	Substantially deplete groundwater supplies or interfere substantially with groundwater recharge, resulting in a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level that would not support existing land uses or planned uses for which permits have been granted)?	☐	☐	☐	☑
c.	Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner that would result in substantial erosion or siltation onsite or offsite?	☐	☐	☐	☑

d.	Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or amount of surface runoff in a manner that would result in flooding onsite or offsite?	❑	❑	❑	☑
e.	Create or contribute runoff water that would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?	❑	❑	❑	☑
f.	Otherwise substantially degrade water quality?	❑	❑	❑	☑
g.	Place housing within a 100-year flood hazard area, as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map?	❑	❑	❑	☑
h.	Place within a 100-year flood hazard area structures that would impede or redirect floodflows?	❑	❑	❑	☑
i.	Expose people or structures to a significant risk of loss, injury, or death involving flooding, including flooding as a result of the failure of a levee or dam?	❑	❑	❑	☑
j.	Contribute to inundation by seiche, tsunami, or mudflow?	❑	❑	❑	☑

Impacts associated with hydrology are analyzed on pages III-109 through III-119 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR did not find that buildout of the plan would violate any water quality standards or waste discharge requirements. The proposed project is consistent with the Village One Specific Plan, so there would be no additional impacts. No mitigation is required.

b. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area might interfere with local groundwater recharge. However, the impact was found to be less than significant because the Specific Plan area is not a major groundwater recharge area and it includes a recharge/discharge plan for disposal of stormwater runoff and recharge of groundwater. The proposed project would not change the amount of impervious

surface in the Specific Plan area or the proposed storm drain facilities. There would be no additional impact. No mitigation is required.

c.–e. The Village One Specific Plan program EIR found that development will substantially alter the existing drainage pattern of the area but, because the project will incorporate an urban storm drain system, will not result in any erosion impacts. The proposed project would not change the amount of impervious surface or the proposed storm drain facilities. There would be no additional impact. No mitigation is required.

f. The Village One Specific Plan program EIR did not find that development would substantially degrade water quality. The proposed project would not change water use or discharge associated with the buildout of the Village One Specific Plan area. There would be no additional impact. No mitigation is required.

g.–i. According to the Village One Specific Plan program EIR, the project site is not situated in a 100-year flood hazard area or downstream from a levee or dam. There would be no impact. No mitigation is required.

j. The project site is located in a flat, inland area not susceptible to seiche, tsunami, or mudflow. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
IX.	**LAND USE AND PLANNING.** Would the project:				
a.	Physically divide an established community?	☐	☐	☐	☑
b.	Conflict with any applicable land use plan, policy, or regulation of an agency with jurisdiction over the project (including, but not limited to, a general plan, specific plan, local coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect?	☐	☐	☐	☑
c.	Conflict with any applicable habitat conservation plan or natural community conservation plan?	☐	☐	☐	☑

Impacts associated with land use and planning are analyzed on pages III-80 through III-94 of the 1994 Supplement.

Responses to Checklist Questions

a. The proposed project would not result in any physical changes to the environment beyond those described in the Village One Specific Plan. Village One would continue to be developed as a planned community; therefore, the project would not divide an established community. There would be no impact, and no mitigation is required.

b., c. The Village One Specific Plan has been adopted by the City of Modesto and has been incorporated into the Modesto General Plan. The proposed project includes a proposed amendment to the Village One Specific Plan. If approved, the project would be consistent with the Village One Specific Plan. There are no other applicable land use or conservation plans for the project area. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
X.	**MINERAL RESOURCES.** Would the project:				
a.	Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?	☐	☐	☐	☑
b.	Result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan?	☐	☐	☐	☑

Responses to Checklist Questions

a., b. No known mineral resources or important recovery sites are located in the Village One Specific Plan Area. There would be no impact. No mitigation is required.

Potentially Less than Less-than- No

		Significant Impact	Significant with Mitigation Incorporated	Significant Impact	Impact
XI.	**NOISE.** Would the project:				
a.	Expose persons to or generate noise levels in excess of standards established in a local general plan or noise ordinance or applicable standards of other agencies?	☐	☐	☐	☑
b.	Expose persons to or generate excessive groundborne vibration or groundborne noise levels?	☐	☐	☐	☑
c.	Result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	☐	☐	☑
d.	Result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	☐	☑	☐
e.	Be located within an airport land use plan area, or, where such a plan has not been adopted, within two miles of a public airport or public use airport and expose people residing or working in the project area to excessive noise levels?	☐	☐	☐	☑
f.	Be located in the vicinity of a private airstrip and expose people residing or working in the project area to excessive noise levels?	☐	☐	☐	☑

Impacts associated with noise are analyzed on pages III-55 through III-67 of the 1994 Supplement.

Responses to Checklist Questions

a., c. The Village One Specific Plan program EIR found that proposed residential housing in the project area would be exposed to noise levels exceeding general plan thresholds, but mitigation measures were incorporated to reduce the impact to a less-than-significant level. The proposed project would not change project-related noise-generating activities. There would be no additional impact. No mitigation is required.

b. The Village One Specific Plan program EIR found that the buildout of Village One would not expose people to, or generate excessive, groundborne vibration or groundborne noise levels. There would be no impact. No mitigation is required.

c. The Village One Specific Plan program EIR found that construction of the proposed project would result in a substantial temporary increase in ambient noise levels for residential housing. However, mitigation measures were incorporated into the program EIR to reduce the impact to a less-than-significant level. The proposed project would not change construction activities. The proposed commercial development is adjacent to residences. The commercial activity, including a proposed drive-through could increase the ambient noise levels. No mitigation is required.

e. The Village One Specific Plan program EIR found that the Village One Specific Plan area is not located in an airport land use plan area or within 2 miles of a public airport. There would be no impact. No mitigation is required.

f. The Village One Specific Plan program EIR found that a private airstrip, the Eastside Mosquito Abatement District Airstrip, is located east of the Village One Specific Plan area. However, take-offs and landings take place parallel to and outside the Specific Plan boundaries, and flight patterns are generally situated east of the project area. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XII.	**POPULATION AND HOUSING.** Would the project:				
a.	Induce substantial population growth in an area, either directly (e.g., by proposing new homes and businesses) or indirectly (e.g., through extension of roads or other infrastructure)?	☐	☐	☐	☑
b.	Displace a substantial number of existing housing units, necessitating the construction of replacement housing elsewhere?	☐	☐	☐	☑
c.	Displace a substantial number of people, necessitating the construction of replacement housing elsewhere?	☐	☐	☐	☑

Impacts on population and housing are analyzed on pages III-95 through III-99 of the 1994 Supplement

Responses to Checklist Questions

a.–c. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area would not result in significant adverse impacts on population and housing units. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XIII. PUBLIC SERVICES. Would the project:				
a. Result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities or a need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times, or other performance objectives for any of the following public services:				
Fire protection?	☐	☐	☐	☑
Police protection?	☐	☐	☐	☑
Schools?	☐	☐	☐	☑
Parks?	☐	☐	☐	☑
Other public facilities?	☐	☐	☐	☑

Impacts on public services are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR found that the only significant impact that buildout of the Village One Specific Plan area would have on public services would be in the areas of fire protection and law enforcement. Mitigation measures were identified in the program EIR to reduce the level of this impact to a less-than-significant level. No other significant impacts on public services were identified. The proposed project would not change the provision of public services. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XIV.	**RECREATION.** Would the project:				
a.	Increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?	☐	☐	☐	☑
b.	Include recreational facilities or require the construction or expansion of recreational facilities that might have an adverse physical effect on the environment?	☐	☐	☐	☑

Impacts on recreation are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

a., b. No significant impacts on recreation were identified in the program EIR.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XV.	**TRANSPORTATION/TRAFFIC.** Would the project:				
a.	Cause an increase in traffic that is substantial in relation to the existing traffic load and capacity of the street system (i.e., result in a substantial increase in the number of vehicle trips, the volume-to-capacity ratio on roads, or congestion at intersections)?	☐	☐	☐	☑
b.	Cause, either individually or cumulatively, exceedance of a level-of-service standard established by the county congestion management agency for designated roads or	☐	☐	☐	☑

	highways?				
c.	Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks?	☐	☐	☐	☑
d.	Substantially increase hazards because of a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?	☐	☐	☑	☐
e.	Result in inadequate emergency access?	☐	☐	☐	☑
f.	Result in inadequate parking capacity?	☐	☐	☐	☑
g.	Conflict with adopted policies, plans, or programs supporting alternative transportation (e.g., bus turnouts, bicycle racks)?	☐	☐	☐	☑

Impacts on transportation and traffic are analyzed on pages III-40 – III-44 of the 1994 Supplement.

Responses to Checklist Questions

a., b. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area would cause an increase in traffic that is substantial in relation to the existing traffic load and capacity of the street system and would affect level of service at several intersections. Mitigation measures identified in the program EIR were identified to reduce impacts to a less-than-significant level for all intersections except the Briggsmore Avenue/Oakdale Avenue intersection. For that intersection, the impact was determined to be significant and not mitigable. The City of Modesto made a statement of overriding considerations for that impact at the time it certified the 1994 Supplement. The proposed project would not alter traffic patterns in the Specific Plan area or result in additional trips. There would be no additional impact. No mitigation is required.

c. The Village One Specific Plan program EIR did not find that the buildout of the Village One Specific Plan area would result in a change in air traffic patterns. The proposed project does not include any elements that would affect air traffic patterns. There would be no impact. No mitigation is required.

d. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area included any hazardous design features or increased any incompatible uses for roads in the project area. The final development plan does propose to include the location of a driveway in a bus turnout. In addition the driveway does not meet the minimum distance requirements from the Roselle and Floyd roundabout. As a condition of approval, staff will require the relocation of the driveway when the property to

the north develops. Therefore, the project will have a less than significant effect on increasing hazards due to a design feature. No mitigation is required.

e. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area would result in inadequate emergency access in the Specific Plan area. The Specific Plan includes provision of adequate roadways to serve the Village One development. Therefore, the impact on emergency service access is less than significant. No mitigation is required.

f. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area would result in inadequate parking capacity in the Specific Plan area. There would be no impact. No mitigation is required.

g. The proposed project does not include any changes related to transportation policies, and would have no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XVI.	**UTILITIES AND SERVICE SYSTEMS.** Would the project:				
a.	Exceed wastewater treatment requirements of the applicable Regional Water Quality Control Board?	☐	☐	☐	☑
b.	Require or result in the construction of new water or wastewater treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?	☐	☐	☐	☑
c.	Require or result in the construction of new stormwater drainage facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?	☐	☐	☐	☑
d.	Have sufficient water supplies available to serve the project from existing entitlements and resources, or would new or expanded entitlements be needed?	☐	☐	☐	☑

e.	Result in a determination by the wastewater treatment provider that serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?	☐	☐	☐	☑
f.	Be served by a landfill with sufficient permitted capacity to accommodate the project's solid waste disposal needs?	☐	☐	☐	☑
g.	Comply with federal, state, and local statutes and regulations related to solid waste?	☐	☐	☐	☑

Impacts on utilities and service systems are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

a. The City provides sewer services to the Village One area. All wastewater would be directed to city wastewater treatment facilities. No wastewater discharges would occur in the project area. The proposed project would not significantly increase the amount of wastewater that will be generated at buildout of the Specific Plan area. The project is subject to current wastewater fees, which are collected to complete infrastructure improvements needed to serve new development. There would be no additional impact. No mitigation is required.

b., e. The Village One Specific Plan program EIR discusses the changes and new facilities that will be needed to accommodate buildout of the Village One Specific Plan area. The EIR found that, with mitigation, there would be no significant impact on water or wastewater infrastructure. The project is subject to current wastewater fees, which are collected to complete infrastructure improvements needed to serve new development. There would be no additional impact as a result of the proposed project. No mitigation is required.

c. The Village One Specific Plan program EIR discusses the changes and new facilities that will be needed in order to accommodate build out of the Village One Specific Plan area. The EIR found that, with mitigation, there would be no significant impact on stormwater drainage facilities. An update to the Storm Drainage Master Plan has been prepared and is under consideration by the City. An addendum to the Village One program EIR for the Storm Drainage Master Plan has also been prepared and is under consideration by the City. The project would not result in any additional impacts or the need for any additional mitigation beyond that assessed in the Addendum to the Village One Program EIR for the Storm Drainage Master Plan.

d. The Village One Specific Plan program EIR found that, with mitigation, the effects of buildout of the Village One Specific Plan area on water supply would be less than significant. The project is subject to current water fees, which are collected to complete infrastructure improvements needed to serve new

development. There would be no additional impact resulting from the proposed project. No mitigation is required.

f., g. The Village One Specific Plan program EIR found that the area's landfills have sufficient permitted capacity to accommodate the project's solid waste disposal needs. The proposed project would not result in any physical changes in the environment or the generation of any additional solid waste. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XVII.	**MANDATORY FINDINGS OF SIGNIFICANCE.**				
a.	Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory?	☐	☐	☐	☑
b.	Does the project have impacts that are individually limited but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.)	☐	☐	☐	☑
c.	Does the project have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly?	☐	☐	☐	☑

Cumulative impacts are analyzed on page III-161 of the 1994 Supplement.

Responses to Checklist Questions

a. As described above, the proposed Specific Plan and Precise Plan Amendments, and Final Development Plan would not result in any significant impacts on the environment over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.

b. As described above, the proposed project would not result in any significant impacts, either on a project or on cumulative level, over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR. Recent studies such as the Water and wastewater studies have identified the need for additional infrastructure to serve new development. The City has adopted new fee schedules to reflect the cost of needed improvements. The project is subject to current fees and thus there are no significant cumulative impacts.

c. As described above, the proposed project would not result in any significant impacts affecting humans over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.

V. MITIGATION APPLIED TO PROJECT

The following mitigation measures developed in the 1994 Village One Specific Plan Supplement to the Program EIR are appropriate to the project and will be incorporated into the project. Therefore, the environmental effects of the project were covered by the program EIR.

1. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/ suppressant, covered with a tarp or other suitable cover or vegetative ground cover.

2. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut and fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

3. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

4. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions. Use of blower devices is expressly forbidden.

5. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

6. Within urban areas, track out shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

7. The developer shall implement measures to prevent carryout or trackout that may otherwise occur in conjunction with construction activities.

8. The City's Noise Ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

   The Noise Ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or Federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

   a. A hammer or any other device or implement used to pound or strike an object.

   b. An impact wrench or other tool or equipment powered by compressed air.

   c. A hand-powered saw.

   d. Any tool or piece of equipment powered by an internal combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

   e. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

   f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, backhoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

   g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

   h. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors

and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

9. If archeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K of the MEIR.

10. The developer shall implement pre- and post-construction best management practices (BMP) to minimize pollutants entering the storm system.

Print

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-751

A RESOLUTION AMENDING THE GENERAL FUND FISCAL YEAR 07/08 OPERATING BUDGET TO ALLOCATE ONE NEW CLERICAL POSITION AT AN ANNUAL COST OF APPROXIMATELY $58,206 (0100-140-1413)AND TO RECOGNIZE FUTURE FUNDING REQUIREMENTS RELATED TO THE TRANSITION OF LAND DEVELOPMENT FUNCTIONS AND INFRASTRUCTURE FINANCING PROGRAM TO THE COMMUNITY AND ECONOMIC DEVELOPMENT DEPARTMENT.

WHEREAS, on June 5, 2007, as part of the FY 07/08 budget adoption, the City Council approved the transfer of the land development functions and the Infrastructure Financing Program to the Community and Economic Development Department, and

WHEREAS, said move was part of the Council's continuing efforts to improve the development review process and service delivery, and

WHEREAS, these functions/programs currently reside in the Community and Economic Development Department, and

WHEREAS, while existing operating budgets were transferred at the same time as the relocations occurred, no additional funding was allocated for transitional needs, and

WHEREAS, staff has subsequently identified various expenses necessary to successfully complete this relocation effort, including:

1. One new clerical position identified as a Senior Administrative Office Assistant pending classification review by the Clerical Committee;
2. Study of space needs and development of relocation plan;
3. City Engineer costs for professional dues, office furnishings, and technology, and

WHEREAS, said expenses for FY 07/08 are estimated to be $41,841 paid out of existing operating funds, and

WHEREAS, on-going costs related to the clerical position are estimated at $58,206 in FY 08/09 and will need to be allocated as new General Fund expenditures in FY 08/09, and

WHEREAS, it is also recognized that additional one-time and on-going costs may be forthcoming pending completion of the space needs study and relocation plan and will need to be addressed in future years, and

WHEREAS, this request was reviewed and approved by the Finance Committee at their meeting of November 26, 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the General Fund operating budget for FY 07/08 to allocate a new Senior Administrative Office Assistant in the Community and Economic Development Department (0100-140-1413) with an annual cost of approximately $58,206.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-752

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO PURCHASE AGENDA PLUS SOFTWARE FOR THE CITY OF MODESTO, BY ACCESSING THE TERMS OF THE COMPETIVELY BID CONTRACT FROM THE CITY OF SAN DIEGO, FOR AN ESTIMATED COST OF $63,000

WHEREAS, the Information Technology Department encumbered $63,000 in FY 2006-07 for the purchase of Agenda Plus software, and

WHEREAS, the City has the opportunity to utilize piggyback language from a competitively bid contract between AlphaCorp/SIRE Technologies and the City of San Diego, and

WHEREAS, the implementation of this software product will greatly assist City staff in the creation and management of City Council agenda items and encourage interdepartmental coordination, and

WHEREAS, the Modesto Municipal Code, Section 8-3.203 generally requires all purchases, which meet or exceed $50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, there are exceptions to the rule set forth in the Modesto Municipal Code, and

WHEREAS, one exception, Modesto Municipal Code Section 8-3.204 (d) states, " Where the Purchasing Manager, in his or her discretion, determines that a process other than the formal bid procedure set forth in Section 8-3.203 will result in a procurement for the City at the lowest possible cost commensurate with the desired quality," and

WHEREAS, acting within his discretion, the Purchasing Manager invoked that exception for this purchase, and

WHEREAS, by "accessing the terms" through the agreement set in place with the City of San Diego for the purchase of Agenda Plus software will ensure that the City will be paying the lowest cost commensurate with the desired quality, and

WHEREAS, this purchase will conform to Modesto Municipal Code Section 8-3.204 (d),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Purchasing Manager to purchase Agenda Plus software for the City of Modesto, by accessing the terms of the competitively bid contract from the City of San Diego, for an estimated cost of $63,000.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the use of $63,000 of encumbered funds to procure the Agenda Plus software.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-753

A RESOLUTION AMENDING THE PARKING FUND FISCAL YEAR 07/08 OPERATING BUDGET TO ALLOCATE A NEW MAINTENANCE WORKER I/II POSITION AT AN ANNUAL COST OF APPROXIMATELY $52,000.

WHEREAS, the Building Maintenance Division of the Parks, Recreation & Neighborhoods Department has identified the need for an additional Maintenance Worker position for the pressure washing crew, and

WHEREAS, the Finance Department has determined that there are sufficient resources within the Parking Fund to support the estimated $52,002 in annual cost for this position, and

WHEREAS, this request was reviewed and approved by the Finance Committee at their meeting of November 26, 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Parking Fund operating budget for FY 07/08 to allocate a new Maintenance Worker I/II position in the Parking Fund (6000-350-3581).

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-754

A RESOLUTION AMENDING THE COMPOST FUND FISCAL YEAR 07/08 OPERATING BUDGET TO APPROPRIATE $46,088 FOR THE FIRST YEAR OF FUNDING OF A FIVE-YEAR LEASE/PURCHASE OF A "HURRIKAN" TYPE PLASTICS SEPARATOR AND TO RECOGNIZE THE FUTURE OBLIGATION OF APPROXIMATELY $41,088 THROUGH THE LIFE OF THE LEASE/PURCHASE AGREEMENT.

WHEREAS, the Solid Waste Division of the Parks, Recreation & Neighborhoods Department operates and maintains the City's Composting Facility, and

WHEREAS, the facility processes and composts materials from a variety of sources, and

WHEREAS, this finished compost product is sold to nurseries, landscapers, soil amendment brokers, and the general public as a registered fertilizing material, and

WHEREAS, in order to maintain a high quality product it is critical that plastics be removed from the finished product prior to sale, and

WHEREAS, staff has identified the need for a plastics separator to be used in conjunction with other equipment to remove plastics from the compost product prior to sale, and

WHEREAS, most composting operations are now using the "Hurrikan" type plastics separator which can be obtained through a five-year lease/purchase at a cost of approximately $175,000 or $41,088 annually over a five-year period inclusive of financing costs, and

WHEREAS, this supplemental budget request was reviewed and approved by the Finance Committee at their meeting of November 26, 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Compost Fund operating budget for FY 07/08 by

$46,088 to fund the first year of the lease/purchase of the "Hurrikan" plastics separator (6290-355-5222-0451/0452).

BE IT FURTHER RESOLVED, that additional funding of approximately $41,088 shall be necessary through Fiscal Year 2011-2012 to fully fund the lease/purchase of said equipment.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-755

A RESOLUTION AMENDING THE 2007/2008 BUDGET TO APPROPRIATE $78,000 FROM THE SDEA ANTI-DRUG ABUSE PROGRAM GRANT (8850-190-1974-0255) TO THE INFORMATION TECHNOLOGY NETWORK DIVISION 7130-070-0743-0110 TO FULLY FUND THE ALLOCATION OF ONE SYSTEMS ENGINEER I/II TO SUPPORT THE STANISLAUS DRUG ENFORCEMENT AGENCY (SDEA) UNIT

WHEREAS, at the SDEA Board of Directors meeting of October 17, 2007, the SDEA Board elected to transfer technology support functions to the City's Information Technology Department, and

WHEREAS, this position is dedicated to support the Modesto Police Department for information technology needs, and

WHEREAS, SDEA is a multi-agency; multi-jurisdictional unit of officers assigned the task of primary drug enforcement within Stanislaus County, and

WHEREAS, the increase of computer support requirements resulted in the need for one additional Systems Engineer staff member for the Information Technology Department, and

WHEREAS, the SDEA Board of Directors approved the transition of technology support to the Modesto City IT Department, and also committed to funding the additional staffing requirements, and

WHEREAS, funding commitment was approved for $78,000 for the remainder of FY07/08, and

WHEREAS, ongoing funding for future budget years was approved for $120,000 per year, and

WHEREAS, these funds will be provided from multiple SDEA funding sources including Grants, Asset Forfeitures, as well as Agency contributions,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes amending the 2007/2008 budget to appropriate $78,000 from the SDEA Anti-Drug Abuse Program Grant (8850-190-1974-0255) to the Information Technology Network Division (7130-070-0743-0110) to fully fund the allocation of one Systems Engineer I/II.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December 2007, by Councilmember Olsen, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-756

RESOLUTION OF THE COUNCIL OF THE CITY OF MODESTO CONFIRMING THE CANVASS OF THE SECOND REGULAR MUNICIPAL ELECTION WHICH WAS HELD IN THE CITY OF MODESTO ON DECEMBER 11, 2007, AND DECLARING THE RESULTS OF SAID ELECTION

WHEREAS, the Charter of the City of Modesto provides that if no candidate for an elective office of the City receives a majority vote at a regular municipal election, a second Regular Municipal Election shall be held at which the two candidates receiving the highest number of votes at the first election shall have their names on the ballot for the election to the office, and

WHEREAS, at said Regular Municipal Election on November 6, 2007 a majority vote was not cast for Councilmember for Chair 1 to the City Council, and

WHEREAS, the two candidates receiving the highest number of votes for Councilmember Chair No. 1, Robert Farrace and Dave Lopez, will have their names on the ballot for a run-off election to be held on Tuesday, December 11, 2007, and

WHEREAS, the Second Regular Municipal Election was held by mail ballot in the City of Modesto on Tuesday, December 11, 2007, to elect a Councilmember to the Chair No. 1, as mentioned above, and said election was held in accordance with the with law and the proceedings of this Council, and the votes thereat received and canvassed, and the returns thereof ascertained, determined and declared in all respects as required by law, and

WHEREAS, the City Clerk canvassed the returns of said Second Regular Municipal Election in accordance with law, and certified the results of the election to the

Council by a Certificate of Canvass and Statement of Votes dated December 19, 2007, a copy of which is hereto marked EXHIBIT "A" and made a part hereof,

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Said Canvass by the City Clerk as shown on said Certificate of Canvass and Statement of Votes and the results of the election are hereby ratified, confirmed and approved.

SECTION 2. That in accordance with Section 10264 of the Elections Code, a copy of said Certificate of Canvass and Statement of Votes, which is attached hereto marked as EXHIBIT "A" and made a part hereof, shows a complete tabulation of the following:

(a) The whole number of votes cast in the city.
(b) The names of the persons voted for.
(c) The measures voted upon
(d) For what office each person was voted for.
(e) The number of votes given in the city for each person.

SECTION 3. That, at said Second Regular Municipal Election, held by mail ballot, the following named persons having received a majority of the votes cast for the elective offices, as designated on Exhibit "A", are hereby declared to be duly and regularly elected to such office; and, the City Clerk is hereby directed to issue a Certificate of Election to each of said persons, certifying her/her election to the office appearing after his/her name, and to administer to each of said persons the oath of office prescribed by the Constitution and laws of the State of California, and the Charter of the City, to wit:

Dave Lopez — **Councilmember, for a term of four years, Chair No. 1, Modesto City Council**

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 19th of December, 2007, by Councilmember Dubnar, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
