A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE PROJECT TITLED, "LEFT-TURN LANE EXTENSION ON BRIGGSMORE AVENUE AT MCHENRY AVENUE," ACCEPTING THE BID, AND APPROVING A $124,966.20 CONSTRUCTION CONTRACT WITH TEICHERT CONSTRUCTION FOR THE PROJECT, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the "Left-turn Lane Extension on Briggsmore Avenue at McHenry Avenue," project and City staff recommends approval to the City Council, and

WHEREAS, in fiscal year 2005 Congestion Mitigation and Air Quality (CMAQ) grants became available to reduce pollution and improve air quality, and

WHEREAS, the "Left-turn Lane Extension on Briggsmore Avenue at McHenry Avenue" project along with other projects are eligible for the CMAQ funds, and

WHEREAS, this project will add extra storage capacity for the left-turn lane to help prevent motorists turning left from blocking through motorists, and

WHEREAS, the bids received for this project were opened on January 9, 2007, and later tabulated by the Public Works Director for consideration of the Council, and

WHEREAS, the Public Works Director recommends the bid of $124,966.20 received from Teichert Construction be accepted as the lowest responsible bid and the contract be awarded to Teichert Construction,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the project titled, "Left-turn Lane Extension on Briggsmore Avenue at McHenry Avenue," accepts the bid of Teichert

Construction in the amount of $124,966.20 and hereby awards Teichert Construction the contract titled, "Left-turn Lane Extension on Briggsmore Avenue at McHenry Avenue."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-202

A RESOLUTION APPROVING AN AGREEMENT BETWEEN THE MODESTO IRRIGATION DISTRICT (MID) AND THE CITY OF MODESTO TO GRANT A 10' BY 10' EASEMENT FOR THE NEW POLE LOCATION AND RELOCATE AND MODIFY TWO EXISTING UTILITY POLES AT A COST NOT TO EXCEED $65,700 TO ACCOMMODATE THE PROJECT, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, in fiscal year 2005 Congestion Mitigation and Air Quality (CMAQ) grants became available to reduce pollution and improve air quality, and

WHEREAS, the "Left-turn Lane Extension on Briggsmore Avenue at McHenry Avenue" project along with other projects were eligible for the CMAQ funds, and

WHEREAS, an existing MID utility pole is located within the proposed left-turn lane and needs to be relocated, and

WHEREAS, this utility pole carries the 124KV to the sub-station for distribution, and

WHEREAS, the two utility poles on either side of the relocated utility pole need to be modified to accommodate additional strain,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement between the Modesto Irrigation District (MID) and the City of Modesto to grant a 10' by 10' easement for the new pole location and relocate and modify existing utility poles at a cost not to exceed $65,700 to accommodate the project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-203

A RESOLUTION APPROVING A CONSULTANT AGREEMENT WITH DAVID EVANS AND ASSOCIATES, INC., FOR ENGINEERING DESIGN SERVICES IN THE NOT-TO-EXCEED AMOUNT OF $234,186, FOR THE "CONSTRUCTION OF THREE DEDICATED RIGHT-TURN LANES AT: 1) SISK ROAD ONTO CARPENTER ROAD OVERPASS, 2) CARPENTER ROAD OVERPASS ONTO NORTHBOUND ROUTE 99 ON-RAMP, 3) ORANGEBURG AVENUE ONTO BRIGGSMORE AVENUE" PROJECT, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, the City sent a Request For Qualifications (RFQ) for Engineering Design services to Civil Engineering firms that had previously indicated an interest in providing services to the City, and

WHEREAS, eight consulting firms were asked to provide a proposal on various projects and were interviewed by City staff, and

WHEREAS, David Evans and Associates, Inc., was considered to be the most qualified for engineering design services for the project "Construction of Three Dedicated Right-turn Lanes at: 1) Sisk Road Onto Carpenter Road Overpass, 2) Carpenter Road Overpass Onto Northbound Route 99 On-ramp, 3) Orangeburg Avenue Onto Briggsmore Avenue," in accordance with Administrative Directive 3.1, and

WHEREAS, the Public Works Director recommended that David Evans and Associates, Inc., be accepted as the most qualified Engineering Consulting firm for Engineering Design services for the project "Construction of Three Dedicated Right-turn Lanes at: 1) Sisk Road Onto Carpenter Road Overpass, 2) Carpenter Road Overpass Onto Northbound Route 99 On-ramp, 3) Orangeburg Avenue Onto Briggsmore Avenue," and

WHEREAS, the Public Works Director recommended accepting the proposal of David Evans and Associates, Inc., in an amount not-to-exceed $234,186,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement between the City of Modesto Public Works Department and David Evans and Associates, Inc., for Engineering Design services for the project "Construction of Three Dedicated Right-turn Lanes at: 1) Sisk Road Onto Carpenter Road Overpass, 2) Carpenter Road Overpass Onto Northbound Route 99 On-ramp, 3) Orangeburg Avenue Onto Briggsmore Avenue," in the not-to-exceed amount of $234,186.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-204

A RESOLUTION APPROVING THE ENGINEER'S REPORT, WITH ADDENDA - JUSTIFICATION AND COST ALLOCATION FOR PROPOSED WASTEWATER COLLECTION SYSTEM AND TREATMENT PLANT IMPROVEMENTS AS COMPLETE

WHEREAS, on June 7, 2005, by Resolution No. 2005-303, the Council approved a contract with Carollo Engineers to produce an Engineer's Report, Justification and Cost Allocation for Proposed Wastewater Collection System and Treatment Improvements (Engineer's Report), and

WHEREAS, the Engineer's Report essentially summarizes the master plans and is a key source document for the ongoing Utility Rate and Capacity Charge Analysis and specifically details the justification for the various improvement projects identified in the WWMP, and

WHEREAS, the Engineer's Report provides the rationale for determining the cost allocations of new improvements between the existing ratepayers and future users, and

WHEREAS, Carollo Engineers has completed the Engineer's Report, with Addenda,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Engineer's Report, with Addenda - Justification and Cost Allocation for Proposed Wastewater Collection System and Treatment Plant Improvements as complete.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-205

A RESOLUTION CONDITIONALLY VACATING AND ABANDONING A PORTION OF THE CHANDON DRIVE RIGHT-OF-WAY IMMEDIATELY WEST OF MONTORRA DRIVE (SILVER OAK COMMUNITIES, LLC)

WHEREAS, Silver Oak Communities, LLC has filed an application to vacate and abandon a portion of the Chandon Drive right-of-way immediately west of Montorra Drive ("Proposed Abandonment"), and

WHEREAS, Streets and Highways Code Section 8320 et seq. prescribes the procedures to vacate and abandon public rights-of-way, and

WHEREAS, a title report was submitted by Silver Oak Communities, LLC with the abandonment request which shows that fee title to the property underlying the proposed abandonment belongs to the adjacent land owner who is a proponent of the abandonment, and

WHEREAS, the Proposed Abandonment has been referred to affected City departments and local utility companies, and no objection to the Proposed Abandonment has been received, and

WHEREAS, Government Code Section 65402(a) requires that prior to abandoning a public right-of-way, the Planning Commission shall make a determination as to whether the abandonment is consistent with the General Plan, and

WHEREAS, a hearing was held by the Planning Commission on January 22, 2007, in the Tenth Street Chambers, located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered regarding whether the proposed vacation and abandonment conforms to the City's Urban Area General Plan, and

WHEREAS, by Planning Commission Resolution No. 2007-03, the Planning Commission rendered a report finding that the proposed abandonment is in conformance with the Modesto Urban Area General Plan, and

WHEREAS, a duly noticed public hearing was held by the Council of the City of Modesto on Tuesday, March 27, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, and

WHEREAS, three notices were posted along the line of the proposed right-of-way to be abandoned for two successive weeks prior to the hearing, and notice was published in the Modesto Bee for two successive weeks prior to the hearing, per Streets & Highways Code Sections 8323 and 8322, respectively, and,

WHEREAS, all things and acts necessary to be done as required by the State of California Streets and Highways Code Sections 8300 through 8363: Public Streets, Highways and Service Easements Vacation Law, in order to vacate and abandon the subject right-of-way have been done and accomplished, and

WHEREAS, the Proposed Abandonment should be conditioned on the construction of needed improvements and the reservation of the necessary utility easements to ensure that the abandoned right-of-way functions in a manner which is not detrimental to the public health, safety and welfare.

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto finds and determines as follows:

1. That the portion of Chandon Drive to be abandoned is unnecessary for present or future vehicular use, because the street now dead ends at the Village One Commercial Center and is no longer needed for through traffic circulation in the area.

2. That Environmental Assessment No. EA C&ED 2007-02 determined that the potential environmental effects of the subdivision are adequately addressed within the context of the previously adopted Village One Program EIR.

3. Approving the abandonment of Chandon Drive is consistent with the Village One Specific Plan, because it would facilitate pedestrian oriented movements while discouraging through traffic, as called for in Chapter II-C(1) of the Village One Specific Plan.

BE IT FURTHER RESOLVED that the Council hereby orders and declares the vacation and abandonment of a portion of the Chandon Drive right-of-way immediately west of Montorra Drive be subject to the following conditions:

1. No later than March 27, 2009, the applicant shall construct or enter into an agreement securing the construction of the following improvements prior to issuance of any building permits for the property known as APN 085-040-063:

    a. A 10-foot-wide Class One bicycle/pedestrian path from Montorra Drive west to the Village One Commercial Center, to the satisfaction of the Parks, Recreation and Neighborhoods Director or designee

    b. Decorative lighting for the length of the path, to the satisfaction of Parks, Recreation and Neighborhoods Director or designee.

    c. Demolition and removal of the pavement and concrete of the abandoned Chandon Drive to the satisfaction of the Public Works Director or designee.

    d. The closure of Chandon Drive shall be in accordance with the City approved improvement plans and to the satisfaction of the Public Works and Parks, Recreation and Neighborhoods Directors or designees.

2. Prior to recordation of the abandonment, a landscaping, lighting and irrigation plan for all public area landscaping shall be approved by the Parks, Recreation and Neighborhoods Director or designee. Landscaping, lighting and the irrigation system shall be installed and maintained in accordance with the approved plan.

Said right-of-way to be vacated and abandoned is more particularly described in **Exhibit "A"** attached hereto, and by this reference made a part hereof as though set forth in full herein.

BE IT FURTHER RESOLVED that in the event two (2) years lapse from the date of this conditional approval without all required conditions having been fulfilled, the conditional right-of-way abandonment shall expire and Chandon Drive shall remain as a public right-of-way.

BE IT FURTHER RESOLVED that the City Clerk shall not record this Resolution of abandonment until conditions 1 and 2 above have been fully satisfied to the satisfaction of the City's Public Works and Parks, Recreation and Neighborhoods Directors or designees. Within ten (10) working days after said conditions have been fully satisfied, the City Clerk shall cause a certified copy of this Resolution, attested under seal of the City, to be recorded in the Office of the County Recorder of Stanislaus County.

Chandon Drive Right-of-Way to be Abandon
Davante Villas, Unit No. 3

DESCRIPTION

All that certain real property situate in a portion of the Northwest Quarter of Section 13, Township 3 South, Range 9 East, Mount Diablo Base and Meridian in the City of Modesto, County of Stanislaus, State of California described as follows:

Commencing on the north line of Chandon Drive, at the southwest corner of the 5.36 acre remainder parcel as shown on map of Davante Villas Unit No. 3 recorded in Volume 39 of Maps, at Page 82 Stanislaus County Records being on a curve to which a radial line bears North 0°31'36" West from the center; thence easterly 18.23 feet along said north line and said curve to a point to which a radial line bears North 0°29'28' East from the center, said point being the Point of Beginning of this description; thence South 37°55'39" East 33.46 feet to a point on the centerline of said Chandon Drive, being on a curve to which a radial line bears North 1°40'57" East from the center, thence easterly 130.43 feet along said centerline and said curve being concave to the south, having a radius of 1,000.00 feet and a central angle of 7°28'22" to a point of reverse curve to which a radial line bears North 9°09'19" East from the center; thence easterly 167.95 feet along said centerline and said reverse curve being concave to the north having a radius of 1,000.00 feet and a central angle of 9°37'22"; thence North 89°31'57" East 22.59 feet along said centerline being a tangent line to a point on a curve to which a radial line bears North 69°58'49" West from the center; thence northeasterly 48.53 feet along said curve being concave to the southeast having a radius of 40.00 feet and a central angle of 69°30'46" to a point of cusp with said north line of Chandon Drive; thence South 89°31'57" West 60.06 feet along said north line of Chandon Drive to a point on a tangent curve to which a radial line bears South 0°28'03" East from the center; thence westerly 163.58 feet along said north line of Chandon Drive and said tangent curve being concave to the north, having a radius of 974.00 feet and a central angle of 9°37'22" to a point of reverse curve to which a radial line bears South 9°09'19" West from the center; thence westerly 155.15 feet along said north line of Chandon Drive and said reverse curve being concave to the south and having a radius of 1,026.00 feet and a central angle of 8°39'51" to the Point of Beginning.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007- 206

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE VILLAGE ONE PROGRAM ENVIRONMENTAL IMPACT REPORT (SCH NO. 90020181), AS AMENDED BY THE SUPPLEMENTAL EIR: APPLICATION TO ABANDON A PORTION CHANDON DRIVE IMMEDIATELY WEST OF MONTORRA DRIVE, (SILVER OAK COMMUNITES, LLC)

WHEREAS, the Modesto City Council has adopted Resolution No. 90-757 certifying that the Village One Final Environmental Impact Report ("EIR") (State Clearing House No. 90020181) is complete and adequate pursuant to Section 15090 of the California Environmental Quality Act ("CEQA") Guidelines, and

WHEREAS, the Modesto City Council has adopted Resolution No. 94-297 which certified the Final Supplemental EIR for Village One; thus, the 1990 Village One Program EIR has been amended and updated by the 1994 Supplemental EIR, adopted by Resolution No. 94-297 on May 24, 1994, and

WHEREAS, on May 6, 2003, the City Council adopted Resolution No. 2003-223 which adopted an Addendum to Village One Specific Plan Program Environmental Impact Report for the Village One Facilities Master Plan Update – May 2003 ("VI FMP "), and

WHEREAS, an application has been filed by Silver Oak Communities, LLC to abandon a portion of Chandon Drive immediately west of Montorra Drive, and

WHEREAS, the City's Community & Economic Development Department reviewed the proposed Project to determine if said Project might have a significant effect on the environment, and

WHEREAS, City staff has prepared a Written Checklist, Environmental Assessment No. EA/C&ED 2007-02, which concluded that the proposed Project is within the

scope of the Village One Program EIR (SCH No. 90020181), as amended by the Village One Supplemental EIR, and the addendum to Village One Specific Plan Program Environmental Impact Report for the Village One Facilities Master Plan, and

WHEREAS, by Planning Commission Resolution No. 2007-03, the Planning Commission rendered a report finding that the Proposed Abandonment is in conformance with the Modesto Urban Area General Plan and recommended that the Council vacate and abandon the portion of Chandon Drive Avenue right-of-way, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on March 27, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Written Checklist, Environmental Assessment No. EA/C&ED 2007-02, entitled "Determination: Project within the Scope of the Village One Specific Plan Program Environmental Impact Report Initial Study EA/C&ED No. 2007-02 For the proposed abandonment of Chandon Drive immediately west of Montorra Drive, and the Council hereby makes the following findings:

1. The proposed abandonment is consistent with the Village One Specific Plan and Modesto Urban Area General Plan, and

2. As per Section 15168 of the California Environmental Quality Act ("CEQA") Guidelines, this project is within the scope of the projects covered by the Program EIR, and no new environmental document or findings are required by CEQA, and

3. There are no substantial changes proposed in the project, which result in new significant environmental effects, or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR are required.

4. No substantial changes have occurred with respect to the circumstances under which the project is undertaken which will result in new significant environmental effects or a substantial increase in the

severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.

5. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:

   a. One or more significant effects which are not discussed in the Program EIR; or,

   b. Significant effects which were previously examined will be substantially more severe than previously shown; or,

   c. Previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,

   d. Mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative.

6. The Written Checklist, Environmental Assessment No. EA/C&ED 2007-02, provides the substantial evidence to support findings 3-5, noted above.

A copy of said Written Checklist, Environmental Assessment No. EA/C&ED 2007-02, entitled "Determination: Project within the Scope of the Village One Specific Plan Program Environmental Impact Report Initial Study EA/C&ED No. 2007-02 for the abandonment of Chandon Drive in the Village One Specific Plan Area", is attached hereto as **Exhibit "A"**, and incorporated herein by reference.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

Determination:
Project within the Scope of the Village One Specific Plan Program Environmental Impact Report for Chandon Drive Abandonment

Prepared for:

City of Modesto
P.O. Box 642
Modesto, CA 95353
Contact: David Wage
209/577-5302

Prepared by:

David Wage, Assistant Planner
City of Modesto
Community & Economic Development Department
209/577-5302

January 22, 2007

EA/C&ED No. 2007-02

I. PURPOSE

This written checklist, pursuant to CEQA Guidelines Section 15168 (C) (4), serves to make a determination where subsequent activities of a Program EIR involve site-specific operations, based on evaluation of the site and the activity to determine whether the environmental effects of the operation were covered in the program EIR. Based on a review of the project and Section 15162(a), this determination would permit the lead agency (City of Modesto) to approve the activity as being within the scope of the project covered by the Program EIR. This determination includes whether any new environmental document is required beyond the adopted Village One Specific Plan Program EIR (SCH# 90020181) for the proposed Chandon Drive Abandonment (project).

The 1994 Supplemental EIR that amended and superseded the 1990 Program EIR is the document reviewed for projects within the Village One Specific Plan area. A summary of significant impacts and their mitigation measures from the 1994 Supplemental EIR is attached as Exhibit "A." Where appropriate those feasible mitigation measures developed in the Supplement to the program EIR shall be incorporated into the proposed project.

II. PROJECT INFORMATION

1. **Project Title:**	Chandon Drive Abandonment
2. **Lead Agency Name and Address:**	City of Modesto
3. **Contact Person and Phone Number:**	David Wage, Assistant Planner Modesto Community & Economic Development Department 209/571-5540
4. **Project Location:**	Chandon Drive, west of Montorra Drive

5. **Project Sponsor's Name and Address:** Silver Oak Communities

   7600 N. Ingram Suite 131
   Fresno, Ca. 93711

6. **General Plan Designation:** The General Plan land use designation for the project site is: Village Residential (VR).

7. **Zoning:** Specific Plan Overlay (SP-O)

8. **Description of Project:** Pursuant to the Village One Specific Plan, Precise Plan No. 20, and the Final Development Plan for the Village One Commercial Center, the applicant is proposing the vacation and abandonment of a portion of Chandon Drive, west of Montorra. In accordance with the closure plan, the applicant is proposing to abandon the northernmost 26' of the Chandon Drive right-of way from Montorra Drive, west to the Village Commercial Center. The remaining 26' is proposed to be developed into a bicycle and pedestrian connection to the commercial center and surrounding residential uses. A six-foot wrought iron fence will be constructed along the property line to separate the bike path from the proposed land to be abandoned included in the Devante Senior Villas Development.

9. **Surrounding Land Uses and Setting:** The Village One Specific Plan Area is over half built, as planned and approved by the 1990 Village One Specific Plan. The project area is bounded by Floyd Avenue to the north, The Village Commercial Center to the West, single-family homes to the west and south.

10. **Other Public Agencies whose Approval Is Required:** None.

III. DETERMINATION:

Based on the analysis contained in this document, staff finds that pursuant to Guidelines Section 15162 the following is true for the proposed project:

(1) Major revisions to the Village One Program EIR as amended by the 1994 Supplement, are not required because the project will not involve new significant environmental effects or increase severity of effects previously identified, and

(2) Major revisions to the Village One Program EIR as amended by the 1994 Supplement, are not required because no substantial changes to circumstances have occurred that involve new significant environmental effects or increase severity of effects previously identified, and

(3) No new information of substantial importance that was not known has become available that shows:

   a. one or more significant effects is not discussed in the Village One Program EIR as amended by the 1994 Supplement,

   b. identified significant effects will be more severe,

   c. previously infeasible mitigation measures are now feasible,

   d. project proponents have declined to adopt mitigation measures that would substantially reduce significant effects.

(4) Because no new significant effects have been identified and no new mitigation is required for the project, the environmental effects of the operation of the proposed project were covered by the Village One Program EIR as updated by the 1994 Supplement. Therefore, pursuant to CEQA Section 15168 (C) (4) no new environmental document is required.

(5) Therefore, the project known as Merle Avenue Abandonment is within the scope of the Village One Program EIR.

Paul Wagle 3/5/07

Project Manager Date

IV. PROJECT EVALUATION:

The following written Checklist based on Appendix G of the CEQA Guidelines serves to document the evaluation of the site and activity of the proposed project pursuant to CEQA Guidelines Section 15168 (c) (4) to determine whether the environmental effects of the operation were covered in the Program EIR.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
I.	**AESTHETICS.** Would the project:				
a.	Have a substantial adverse effect on a scenic vista?	☐	☐	☐	☑
b.	Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings along a scenic highway?	☐	☐	☐	☑
c.	Substantially degrade the existing visual character or quality of the site and its surroundings?	☐	☐	☐	☑
d.	Create a new source of substantial light or glare that would adversely affect daytime or nighttime views in the area?	☐	☐	☐	☑

Aesthetic and visual impacts are analyzed on pages III-100 through III-101 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR found that as the Specific Plan area is developed, it will eliminate views of the valley and the distant mountains from adjacent areas and reduce the area's visual open space. However, the program EIR found the effects of buildout of Village One on scenic vistas to be less than significant because views from the project area are minimal. The proposed abandonment would not change the extent or nature of construction in the Specific Plan area, or cause any other changes in the project area. Impacts on scenic vistas would therefore remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.

b. The Village One Specific Plan program EIR found that there are no scenic resources in the project area, and that development within the Specific Plan area would therefore not result in significant impacts on scenic resources. This finding would not be affected by the proposed abandonment. There would be no impact. No mitigation is required.

c. The Village One Specific Plan program EIR found that the development within the Specific Plan area would have a less-than-significant impact on the visual character of the area. The proposed abandonment would not change the design or layout of the development proposed within the Village One Specific Plan. It is called for by the Specific Plan. For this reason, impacts on the visual character of the area would remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.

d. The proposed abandonment is consistent with the Village One Specific Plan. For this reason, impacts associated with additional light and glare would remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
II.	**AGRICULTURAL RESOURCES.** In determining whether impacts on agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Department of Conservation. Would the project:				
a.	Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?	☐	☐	☐	☑
b.	Conflict with existing zoning for agricultural use or conflict with a Williamson Act contract?	☐	☐	☐	☑
c.	Involve other changes in the existing environment that, due to their location or nature, could result in conversion of Farmland to non-agricultural use?	☐	☐	☐	☑

Impacts on agricultural resources are analyzed on pages III-80 through III-94 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR found that land designated as Prime Farmland would be lost as a result of development in the Village One Specific Plan area. This impact was determined to be significant and not mitigable. The proposed abandonment would not affect this finding because the project area would remain the same. There would be no additional impact. No mitigation is required.

b. The Village One Specific Plan program EIR presented information showing that any Williamson Act contracts in the Village One Specific Plan area would be automatically cancelled on annexation of the land to the City of Modesto, which has occurred, or would expire within 10 years of the time the original program EIR was prepared. The last Williamson Act contract covering land in the Village One Specific Plan area expired in 2001. There are no lands in the project area under Williamson Act contract. The Village One Specific Plan area has also been rezoned consistent with the specific plan, and no lands in the project area are now zoned for agricultural use. There would be no additional impact. No mitigation is required.

c. The Village One Specific Plan program EIR identified a potential land use conflict between new residential uses in the specific plan area and adjacent agricultural uses. Such conflicts can lead to conversion of adjacent farmlands to other uses. The program EIR proposed mitigation measures for this potential impact that would reduce the impact's significance, although the EIR noted that the mitigation measure might not fully mitigate the impact. No additional mitigation measures are available for this impact. This finding would not be affected by the proposed project because the project area and proposed land uses would remain the same. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
III.	**AIR QUALITY.** When available, the significance criteria established by the applicable air quality management or air pollution control district may be relied upon to make the following determinations. Would the project:				
a.	Conflict with or obstruct implementation of the applicable air quality plan?	☐	☐	☐	☑
b.	Violate any air quality standard or contribute substantially to an existing or projected air quality violation?	☐	☐	☐	☑

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
c.	Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is a nonattainment area for an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors)?	☐	☐	☐	☑
d.	Expose sensitive receptors to substantial pollutant concentrations?	☐	☐	☐	☑
e.	Create objectionable odors affecting a substantial number of people?	☐	☐	☐	☑

Impacts on air quality are analyzed on pages III-45 through III-54 of the 1994 Supplement.

Responses to Checklist Questions

a. / b. The Village One Specific Plan program EIR found that air pollution from project-related construction traffic and fireplaces & wood stoves in planned residential areas would violate air quality standards and contribute to an existing air quality violation. Construction traffic emissions would contribute to violation of the state and federal 8-hour carbon monoxide (CO) and particulate matter (PM10) standards and the federal ozone standard in the Modesto Urban Area and the San Joaquin Valley Air Basin. Urban traffic pollution would contribute to violations of the state ozone, CO, and PM10 standards in the Modesto Urban Area and San Joaquin Valley Air Basin. Residential pollution would contribute to violations of the pollutant standard index in the Modesto Urban Area. Partial mitigation for these impacts is included in the program EIR (Mitigation Measures 3–5), and the City of Modesto adopted a statement of overriding consideration for each impact. The proposed abandonment would not change the amount of development and construction in the project area, so trips generated by the project would not be affected and the types of land uses would not change. There would be no additional impact. No mitigation is required.

c. The Village One Specific Plan program EIR found that air pollutant emissions associated with traffic at buildout of Village One would exacerbate the existing ozone, PM10, and CO violations in the Modesto area and cause a significant cumulative impact. Partial mitigation for these emissions is included in the program EIR (Mitigation Measures 4.5.3[a] and 4.5.3[b]), and the City of Modesto made a statement of overriding consideration for each impact. The proposed abandonment would not change the amount of traffic associated with buildout of Village One or the types of land uses, so trips generated by the project would not be affected. There would be no additional impact. No mitigation is required.

d. The Village One Specific Plan program EIR found that PM10 generated during construction would aggravate the respiratory problems of people living and working nearby, therefore exposing sensitive receptors in the area to pollutant concentrations and causing a significant impact. However, the program EIR outlines mitigation measures that will be implemented to reduce the impact to an acceptable level (Mitigation Measure 40). The proposed abandonment would not change the level of construction emissions. There would be no additional impact. No mitigation is required.

e. The proposed abandonment would not create odors. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
IV.	**BIOLOGICAL RESOURCES.** Would the project:				
a.	Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special-status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service?	☐	☐	☐	☑
b.	Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service?	☐	☐	☐	☑
c.	Have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marshes, vernal pools, coastal wetlands, etc.) through direct removal, filling, hydrological interruption, or other means?	☐	☐	☐	☑
d.	Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites?	☐	☐	☐	☑

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
e.	Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?	☐	☐	☐	☑
f.	Conflict with the provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan?	☐	☐	☐	☑

Impacts on biological resources are analyzed on pages III-68 through III-79 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR found that the buildout could result in the loss of foraging habitat for Swainson's Hawk, a state-listed threatened species. However, this project is the abandonment of a paved roadway, which is not useful as foraging habitat. The development of the project site would result in a less than significant impact to foraging habitat for Swainson's Hawk. Therefore, no mitigation is required.

b. The Village One Specific Plan program EIR did not find that any riparian habitat or other designated sensitive natural community was present in the project area, and so found that the project would have a less-than-significant impact. The proposed abandonment would not change the boundaries of the Specific Plan area. There would be no impact. No mitigation is required.

c. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area would result in the loss of lands that might be classified as wetlands by the U.S. Army Corps of Engineers, but that, with mitigation, the impact would be less than significant. The proposed abandonment would not change the Specific Plan area boundaries or the areas that would be disturbed. There would be no additional impact. No mitigation is required.

d. The Village One Specific Plan program EIR did not identify any migratory corridors in the project area, nor did it find that the project would interfere with the movement of any species. The proposed abandonment would not change the Specific Plan area boundaries. There would be no impact. No mitigation is required.

e. / f. No local biological resource protection policies, ordinances, habitat conservation plans, or natural community conservation plans apply to the Village One Specific Plan area. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
V.	**CULTURAL RESOURCES.** Would the project:				
a.	Cause a substantial adverse change in the significance of a historical resource as defined in Section 15064.5?	☐	☐	☐	☑
b.	Cause a substantial adverse change in the significance of an archaeological resource pursuant to Section 15064.5?	☐	☐	☐	☑
c.	Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?	☐	☐	☐	☑
d.	Disturb any human remains, including those interred outside of formal cemeteries?	☐	☐	☐	☑

Responses to Checklist Questions

a.-d. Impacts on cultural resources resulting from the buildout of Village One (e.g., from construction of associated infrastructure) are addressed in the Opportunities/Constraints Report prepared for the Modesto Planning Commission (December 1, 1989). The report concluded that there are no known historic, archaeological, or paleontological resources in the Village One Specific Plan area. Based on the results of this report, (Cultural and Historic Resources Report, page 3) it was determined that the likelihood that the proposed abandonment would change or disturb human remains or significant historic, archaeological, or paleontological resources was low.

The proposed project would not change the locations or types of construction in the project area nor the boundaries of the project area. Development of the proposed project will not result in effects on scattered existing structures. A Cultural Resources Assessment was prepared to determine if any of these affected structures are considered historic resources. The Cultural Resources Assessment is attached to this document as Appendix A. No historic structures are located within the project area boundaries. Therefore, no mitigation measures are necessary.

Since no archaeological, or paleontological resources were found in the previous document to be located in the project area, and since the proposed project would not have a significant impact on historic structures, there would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
VI.	**GEOLOGY AND SOILS.** Would the project:				
a.	Expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death involving:				
	1. Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42.	☐	☐	☐	☑
	2. Strong seismic groundshaking?	☐	☐	☐	☑
	3. Seismic-related ground failure, including liquefaction?	☐	☐	☐	☑
	4. Landslides?	☐	☐	☐	☑
b.	Result in substantial soil erosion or the loss of topsoil?	☐	☐	☐	☑
c.	Be located on a geologic unit or soil that is unstable or that would become unstable as a result of the project and potentially result in an onsite or offsite landslide, lateral spreading, subsidence, liquefaction, or collapse?	☐	☐	☐	☑
d.	Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property?	☐	☐	☐	☑
e.	Have soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater?	☐	☐	☐	☑

Impacts associated with geology and soils are analyzed on pages III-105 through III-108 of the 1994 Supplement.

Responses to Checklist Questions

a.-d. The program EIR, as supplemented, found that the project area is not subject to geologic or soil-related hazards that cannot be adequately mitigated through the implementation of existing city regulations, such as the building code. No significant impacts were identified, and no mitigation measures were required. The proposed abandonment would not change the locations or types of construction in the project area nor the boundaries of the project area. There would be no additional impact. No mitigation is required.

e. The Village One Specific Plan included provisions for the project to be served by public sewers. No septic tanks or alternative wastewater systems were proposed. The proposed abandonment would not change the proposed method of wastewater disposal. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
VII.	**HAZARDS AND HAZARDOUS MATERIALS.** Would the project:				
a.	Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?	☐	☐	☐	☑
b.	Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment?	☐	☐	☐	☑
c.	Emit hazardous emissions or involve handling hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?	☐	☐	☐	☑
d.	Be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?	☐	☐	☐	☑
e.	Be located within an airport land use plan area or, where such a plan has not been adopted, be within two miles of a public airport or public use airport, and result in a safety hazard for people residing or working in the project area?	☐	☐	☐	☑

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
f.	Be located within the vicinity of a private airstrip and result in a safety hazard for people residing or working in the project area?	☐	☐	☐	☑
g.	Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?	☐	☐	☐	☑
h.	Expose people or structures to a significant risk of loss, injury, or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?	☐	☐	☐	☑

Impacts associated with hazards and hazardous materials are analyzed on pages III-80 through III-94 and III-109 through III-119 of the 1994 Supplement.

Responses to Checklist Questions

a.–c. The Village One Specific Plan does not allow any land uses that would use hazardous materials. The proposed abandonment would not change land uses contemplated by the Specific Plan. There would be no impact. No mitigation is required.

d. The Village One Specific Plan program EIR, as supplemented, found no hazardous materials were stored at or near the project site. No significant impacts were identified, and no mitigation measures were required. There would be no additional impact. No mitigation is required.

e. The Village One Specific Plan area is not located in an airport land use plan area or within 2 miles of a public airport. There would be no impact. No mitigation is required.

f. The Village One Specific Plan program EIR found that a private airstrip, the Eastside Mosquito Abatement District Airstrip, is located to the east of the Village One Specific Plan area. However, take-offs and landings were found to take place parallel to and outside the Specific Plan area boundaries, and flight patterns are generally situated to the east of the Specific Plan area. There would be no additional impact. No mitigation is required.

g. Since the adoption of the Village One Specific Plan, the Modesto General Plan has been updated to include development of Village One consistent with the specific plan. City emergency plans are developed with the assumption that the Village One Specific Plan will be implemented. The proposed abandonment would not change construction, land use, or other physical attributes of the Right-of-Way Acquisition. There would be no additional impact. No mitigation is required.

h. The project site is located in an area of the City of Modesto planned for buildout of an urban neighborhood. Approximately 50% of the project area remains undeveloped, with a covering of dry brush and vegetation. The potential for wildland fires is low, and this potential will decrease further as buildout continues. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
VIII.	**HYDROLOGY AND WATER QUALITY.** Would the project:				
a.	Violate any water quality standards or waste discharge requirements?	☐	☐	☐	☑
b.	Substantially deplete groundwater supplies or interfere substantially with groundwater recharge, resulting in a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level that would not support existing land uses or planned uses for which permits have been granted)?	☐	☐	☐	☑
c.	Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner that would result in substantial erosion or siltation onsite or offsite?	☐	☐	☐	☑
d.	Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or amount of surface runoff in a manner that would result in flooding onsite or offsite?	☐	☐	☐	☑

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
e.	Create or contribute runoff water that would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?	☐	☐	☐	☑
f.	Otherwise substantially degrade water quality?	☐	☐	☐	☑
g.	Place housing within a 100-year flood hazard area, as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map?	☐	☐	☐	☑
h.	Place within a 100-year flood hazard area structures that would impede or redirect floodflows?	☐	☐	☐	☑
i.	Expose people or structures to a significant risk of loss, injury, or death involving flooding, including flooding as a result of the failure of a levee or dam?	☐	☐	☐	☑
j.	Contribute to inundation by seiche, tsunami, or mudflow?	☐	☐	☐	☑

Impacts associated with hydrology are analyzed on pages III-109 through III-119 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR did not find that buildout of the plan would violate any water quality standards or waste discharge requirements. The proposed project is consistent with the Village One Specific Plan, so there would be no additional impacts. No mitigation is required.

b. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area might interfere with local groundwater recharge. However, the impact was found to be less than significant because the Specific Plan area is not a major groundwater recharge area and it includes a recharge/discharge plan for disposal of stormwater runoff and recharge of groundwater. The proposed project would not change the amount of impervious surface in the Specific Plan area or the proposed storm drain facilities. There would be no additional impact. No mitigation is required.

c.–e. The Village One Specific Plan program EIR found that development will substantially alter the existing drainage pattern of the area but, because the project will incorporate an urban storm drain system, will not result in any erosion impacts. The proposed project would not change the amount of impervious surface or the proposed storm drain facilities. There would be no additional impact. No mitigation is required.

f. The Village One Specific Plan program EIR did not find that development would substantially degrade water quality. The proposed project would not change water use or discharge associated with the buildout of the Village One Specific Plan area. There would be no additional impact. No mitigation is required.

g.–i. According to the Village One Specific Plan program EIR, the project site is not situated in a 100-year flood hazard area or downstream from a levee or dam. There would be no impact. No mitigation is required.

j. The project site is located in a flat, inland area not susceptible to seiche, tsunami, or mudflow. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
IX.	**LAND USE AND PLANNING.** Would the project:				
a.	Physically divide an established community?	☐	☐	☐	☑
b.	Conflict with any applicable land use plan, policy, or regulation of an agency with jurisdiction over the project (including, but not limited to, a general plan, specific plan, local coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect?	☐	☐	☐	☑
c.	Conflict with any applicable habitat conservation plan or natural community conservation plan?	☐	☐	☐	☑

Impacts associated with land use and planning are analyzed on pages III-80 through III-94 of the 1994 Supplement.

Responses to Checklist Questions

a. The proposed project would not result in any physical changes to the environment beyond those described in the Village One Specific Plan. Village One would continue to be developed as a planned community; therefore, the project would not divide an established community. There would be no impact, and no mitigation is required.

b., c. The Village One Specific Plan has been adopted by the City of Modesto and has been incorporated into the Modesto General Plan. The proposed project would be consistent with the Village One Specific Plan. There are no other applicable land use or conservation plans for the project area. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
X.	**MINERAL RESOURCES.** Would the project:				
a.	Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?	☐	☐	☐	☑
b.	Result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan?	☐	☐	☐	☑

Responses to Checklist Questions

a., b. No known mineral resources or important recovery sites are located in the Village One Specific Plan Area. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
XI.	**NOISE.** Would the project:				
c.	Result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	☐	☐	☑
d.	Result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	☐	☐	☑
e.	Be located within an airport land use plan area, or, where such a plan has not been adopted, within two miles of a public airport or public use airport and expose people residing or working in the project area to excessive noise levels?	☐	☐	☐	☑
f.	Be located in the vicinity of a private airstrip and expose people residing or working in the project area to excessive noise levels?	☐	☐	☐	☑

Impacts associated with noise are analyzed on pages III-55 through III-67 of the 1994 Supplement.

a., c. The Village One Specific Plan program EIR found that proposed residential housing in the project area would be exposed to noise levels exceeding general plan thresholds, but mitigation measures were incorporated to reduce the impact to a less-than-significant level. The proposed project would not change project-related noise-generating activities. There would be no additional impact. No mitigation is required.

b. The Village One Specific Plan program EIR found that the buildout of Village One would not expose people to, or generate excessive, groundborne vibration or groundborne noise levels. There would be no impact. No mitigation is required.

d. The Village One Specific Plan program EIR found that construction of the proposed project would result in a substantial temporary increase in ambient noise levels for residential housing. However, mitigation measures were incorporated into the program EIR to reduce the impact to a less-than-significant level. The proposed project would not change construction activities. There would be no additional impact. No mitigation is required.

e. The Village One Specific Plan program EIR found that the Village One Specific Plan area is not located in an airport land use plan area or within 2 miles of a public airport. There would be no impact. No mitigation is required.

f. The Village One Specific Plan program EIR found that a private airstrip, the Eastside Mosquito Abatement District Airstrip, is located east of the Village One Specific Plan area. However, take-offs and landings take place parallel to and outside the Specific Plan boundaries, and flight patterns are generally situated east of the project area. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XII.	**POPULATION AND HOUSING.** Would the project:				
a.	Induce substantial population growth in an area, either directly (e.g., by proposing new homes and businesses) or indirectly (e.g., through extension of roads or other infrastructure)?	☐	☐	☐	☑
b.	Displace a substantial number of existing housing units, necessitating the construction of replacement housing elsewhere?	☐	☐	☐	☑
c.	Displace a substantial number of people, necessitating the construction of replacement housing elsewhere?	☐	☐	☐	☑

Impacts on population and housing are analyzed on pages III-95 through III-99 of the 1994 Supplement.

Responses to Checklist Questions

a.–c. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area would not result in significant adverse impacts on population and housing units. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XIII.	**PUBLIC SERVICES.** Would the project:				
a.	Result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities or a need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times, or other performance objectives for any of the following public services:				
	Fire protection?	☐	☐	☐	☑
	Police protection?	☐	☐	☐	☑
	Schools?	☐	☐	☐	☑
	Parks?	☐	☐	☐	☑
	Other public facilities?	☐	☐	☐	☑

Impacts on public services are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR found that the only significant impact that buildout of the Village One Specific Plan area would have on public services would be in the areas of fire protection and law enforcement. Mitigation measures were identified in the program EIR to reduce the level of this impact to a less-than-significant level. No other significant impacts on public services were identified. The proposed abandonment would not change the provision of public services. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
XIV.	**RECREATION.** Would the project:				
a.	Increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?	☐	☐	☐	☑
b.	Include recreational facilities or require the construction or expansion of recreational facilities that might have an adverse physical effect on the environment?	☐	☐	☐	☑

Impacts on recreation are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

a., b. No significant impacts on recreation were identified in the program EIR. The proposed project would not change the provision of parks and recreation facilities. There would be no additional impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
XV.	**TRANSPORTATION/TRAFFIC.** Would the project:				
a.	Cause an increase in traffic that is substantial in relation to the existing traffic load and capacity of the street system (i.e., result in a substantial increase in the number of vehicle trips, the volume-to-capacity ratio on roads, or congestion at intersections)?	☐	☐	☐	☑
b.	Cause, either individually or cumulatively, exceedance of a level-of-service standard established by the county congestion management agency for designated roads or highways?	☐	☐	☐	☑
c.	Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks?	☐	☐	☐	☑

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
d.	Substantially increase hazards because of a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?	☐	☐	☑	☐
e.	Result in inadequate emergency access?	☐	☐	☐	☑
f.	Result in inadequate parking capacity?	☐	☐	☐	☑
g.	Conflict with adopted policies, plans, or programs supporting alternative transportation (e.g., bus turnouts, bicycle racks)?	☐	☐	☐	☑

Impacts on transportation and traffic are analyzed on pages III-40 – III-44 of the 1994 Supplement.

Responses to Checklist Questions

a., b. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area would cause an increase in traffic that is substantial in relation to the existing traffic load and capacity of the street system and would affect level of service at several intersections. Mitigation measures identified in the program EIR were identified to reduce impacts to a less-than-significant level for all intersections except the Briggsmore Avenue/Oakdale Avenue intersection. For that intersection, the impact was determined to be significant and not mitigable. The City of Modesto made a statement of overriding considerations for that impact at the time it certified the 1994 Supplement. The proposed abandonment would not alter traffic patterns in the Specific Plan area or result in additional trips. The abandonment is required by the Specific Plan. There would be no additional impact. No mitigation is required.

c. The Village One Specific Plan program EIR did not find that the buildout of the Village One Specific Plan area would result in a change in air traffic patterns. The proposed project does not include any elements that would affect air traffic patterns. There would be no impact. No mitigation is required.

d. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area included any hazardous design features or increased any incompatible uses for roads in the project area. Therefore, the abandonment will have a less than significant effect on increasing hazards due to a design feature. No mitigation is required.

e. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area would result in inadequate emergency access in the Specific Plan area. The Specific Plan includes provision of adequate roadways to serve the Village One development. The Specific Plan calls for the abandonment of Merle Avenue as proposed by this project, and the City has delayed the abandonment pending the connection of Floyd Avenue to Claus Road to provide an alternative for east and west bound traffic. The connection of Floyd Avenue to Claus Road has been made. Therefore, the impact on emergency service access is less than significant. No mitigation is required.

f. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area would result in inadequate parking capacity in the Specific Plan area. There would be no impact. No mitigation is required.

g. The proposed project does not include any changes related to transportation policies, and would have no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XVI.	**UTILITIES AND SERVICE SYSTEMS.** Would the project:				
a.	Exceed wastewater treatment requirements of the applicable Regional Water Quality Control Board?	☐	☐	☐	☑
b.	Require or result in the construction of new water or wastewater treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?	☐	☐	☐	☑
c.	Require or result in the construction of new stormwater drainage facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?	☐	☐	☐	☑
d.	Have sufficient water supplies available to serve the project from existing entitlements and resources, or would new or expanded entitlements be needed?	☐	☐	☐	☑
e.	Result in a determination by the wastewater treatment provider that serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?	☐	☐	☐	☑

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
f.	Be served by a landfill with sufficient permitted capacity to accommodate the project's solid waste disposal needs?	☐	☐	☐	☑
g.	Comply with federal, state, and local statutes and regulations related to solid waste?	☐	☐	☐	☑

Impacts on utilities and service systems are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

a. The City provides sewer services to the Village One area. All wastewater would be directed to city wastewater treatment facilities. No wastewater discharges would occur in the project area. The proposed abandonment would not increase the amount of wastewater that will be generated at buildout of the Specific Plan area. There would be no additional impact. No mitigation is required.

b., e. The Village One Specific Plan program EIR discusses the changes and new facilities that will be needed to accommodate buildout of the Village One Specific Plan area. The EIR found that, with mitigation, there would be no significant impact on water or wastewater infrastructure. There would be no additional impact as a result of the proposed project. No mitigation is required.

c. The Village One Specific Plan program EIR discusses the changes and new facilities that will be needed in order to accommodate buildout of the Village One Specific Plan area. The EIR found that, with mitigation, there would be no significant impact on stormwater drainage facilities. An update to the Storm Drainage Master Plan has been prepared and is under consideration by the City. An addendum to the Village One program EIR for the Storm Drainage Master Plan has also been prepared and is under consideration by the City. The project would not result in any additional impacts or the need for any additional mitigation beyond that assessed in the Addendum to the Village One Program EIR for the Storm Drainage Master Plan.

d. The Village One Specific Plan program EIR found that, with mitigation, the effects of buildout of the Village One Specific Plan area on water supply would be less than significant. There would be no additional impact resulting from the proposed project. No mitigation is required.

f., g. The Village One Specific Plan program EIR found that the area's landfills have sufficient permitted capacity to accommodate the project's solid waste disposal needs. The proposed project would not result in any physical changes in the environment or the generation of any additional solid waste. There would be no impact. No mitigation is required.

XVII.	**MANDATORY FINDINGS OF SIGNIFICANCE.**				
a.	Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory?	☐	☐	☐	☑
b.	Does the project have impacts that are individually limited but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.)	☐	☐	☐	☑
c.	Does the project have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly?	☐	☐	☐	☑

Cumulative impacts are analyzed on page III-161 of the 1994 Supplement.

Responses to Checklist Questions

a. As described above, the proposed project would not result in any significant impacts on the environment over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.

b. As described above, the proposed project would not result in any significant impacts, either on a project or on cumulative level, over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.

c. As described above, the proposed project would not result in any significant impacts affecting humans over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.

V. MITIGATION APPLIED TO PROJECT

The following mitigation measures developed in the 1994 Village One Specific Plan Supplement to the Program EIR are appropriate to the project and will be incorporated into the project. Therefore, the environmental effects of the project were covered by the program EIR.

1. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/ suppressant, covered with a tarp or other suitable cover or vegetative ground cover.

2. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut and fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

3. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

4. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions. Use of blower devices is expressly forbidden.

5. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

6. Within urban areas, track out shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

7. The developer shall implement measures to prevent carryout or trackout that may otherwise occur in conjunction with construction activities.

8. The City's Noise Ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

   The Noise Ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or Federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

a. A hammer or any other device or implement used to pound or strike an object.

b. An impact wrench or other tool or equipment powered by compressed air.

c. A hand-powered saw.

d. Any tool or piece of equipment powered by an internal combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

e. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, backhoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

h. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

9. If archeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K of the MEIR.

10. The developer shall implement pre- and post-construction best management practices (BMP) to minimize pollutants entering the storm system.

A RESOLUTION REMOVING THE PROPERTY AT 501 MAGNOLIA AVENUE FROM THE CITY OF MODESTO LANDMARK DESIGNATED SITES LIST AND RESCINDING RESOLUTION NO. 99-429 (OWNER: EARL ANDERSON)

WHEREAS, Chapter 10 of Title 9 of the Modesto Municipal Code establishes Landmark Preservation Site status as a way to recognize, preserve, enhance and perpetuate significant landmarks in the community, and

WHEREAS, at a public hearing on August 24, 1999, the City Council found and determined that the property at 501 Magnolia Avenue was eligible for designation as a Landmark Preservation Site for the reasons set forth in Resolution No. 99-7 adopted by The Landmark Preservation Commission, and

WHEREAS, on August 24, 1999, the City Council, by Resolution No. 99-429, designated the property at 501 Magnolia Avenue as a Modesto Landmark Preservation Site. (Owner: Earl Anderson), and

WHEREAS, the owner of the property at 501 Magnolia Avenue has requested that his property be removed as a Landmark Preservation Designated Site, and

WHEREAS, the Landmark Preservation Commission met on February 26, 2007, and supported removing the property at 501 Magnolia from the Landmark Designated Sites List, and

WHEREAS, at a duly-noticed public hearing held on March 27, 2007, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, the Council considered the removal of the property at 501 Magnolia Avenue, Landmark Site No. 50, from the City of Modesto Landmark Designated Sites List,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the property located at 501 Magnolia Avenue is hereby removed from the list of City of Modesto Landmark Designated Sites.

BE IT FURTHER RESOLVED that Resolution No. 99-429 is hereby rescinded.

BE IT FURTHER RESOLVED that pursuant to Section 9-10.104(e)(1) of the Modesto Municipal Code, the City Clerk shall record a copy of this resolution with the County Recorder's Office of Stanislaus County.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-208

A RESOLUTION APPROVING AMENDMENT TO STANDARD AGREEMENT FOR CONSULTANT SERVICES BETWEEN THE CITY OF MODESTO AND GOODWIN CONSULTING GROUP, INC. FOR PREPARATION OF A FISCAL IMPACT ANALYSIS, IN AN AMOUNT NOT TO EXCEED $33,764 AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AMENDMENT

WHEREAS, the City Council is desirous of identifying both long and short term funding options for police and fire services, and

WHEREAS, a fiscal impact analysis will allow the City to review the costs associated with police and fire services and potential tax rates associated therewith, and

WHEREAS, a Request for Proposals for a fiscal impact analysis was issued and five proposals were received, and

WHEREAS, staff from the City Manager's Office and Finance Department, and Councilmember Dunbar, who participated as an observer, interviewed the five firms, and

WHEREAS, Goodwin Consulting Group Inc. was selected to prepare the fiscal impact analysis, and

WHEREAS, on April 25, 2006, the City Council, by Resolution No. 2006-299, approved a Standard Agreement for Consultant Services with Goodwin Consulting Group, Inc. ("Agreement"), in an amount not to exceed $28,500, for the preparation of a fiscal impact analysis, and

WHEREAS, an increase in the scope and budget for the Agreement are necessary due to the addition of stakeholders' meetings and the review and analysis of additional reports,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Amendment to Standard Agreement for Consultant

Services with Goodwin Consulting Group, Inc. in an amount not to exceed $33,764, for preparation of a fiscal impact analysis.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of April, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-209

A RESOLUTION AMENDING THE FISCAL YEAR 06-07 OPERATING BUDGET AND APPROVING AN APPROPRIATION TRANSFER OF $16,882 FROM POLICE ADMINISTRATION (0100-190-1901-0235) AND $16,882 FROM FIRE TRAINING (0100-180-1830-0235) TO THE CITY MANAGER'S OPERATING BUDGET (0100-020-0201-0235) FOR THE PREPARATION OF A FISCAL IMPACT ANALYSIS BY GOODWIN CONSULTING GROUP, INC.

WHEREAS, the City Council is desirous of identifying both long and short term funding options for police and fire services, and

WHEREAS, a fiscal impact analysis will allow the City to review the costs associated with police and fire services and potential tax rates associated therewith, and

WHEREAS, a Request for Proposals for a fiscal impact analysis was issued, and

WHEREAS, Goodwin Consulting Group Inc. was selected to prepare the fiscal impact analysis in an amount not to exceed $28,500, plus a 10% contingency for preparation of the analysis, and

WHEREAS, on April 25, 2006, the City Council, by Resolution No. 2006-299, approved a Standard Agreement for Consultant Services with Goodwin Consulting Group, Inc. ("Agreement"), in an amount not to exceed $28,500, for the preparation of a fiscal impact analysis, and

WHEREAS, an increase in the scope and budget for the Agreement are necessary due to the addition of stakeholders' meetings and the review and analysis of additional reports, and

WHEREAS, the 2006-2007 fiscal year budget did not contemplate an increase in the scope and budget, and

WHEREAS, staff proposes allocating $16,882 from Police Administration (0100-190-1901-0235) and $16,882 from Fire Training (0100-180-1830-0235) to the City Manager's Operating Budget (0100-020-0201-0235),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the following appropriation is hereby approved to provide the funding for said fiscal impact analysis:

Appropriations

FROM:	0100-190-1901-0235	$16,882
	0100-180-1830-0235	$16,882
TO:	0100-020-0201-0235	$ 33,764

BE IT FURTHER RESOLVED that City staff is hereby authorized to make the necessary budget adjustments in coordination with the Finance Department to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of April, 2007, Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-210

A RESOLUTION APPROVING $10,000 IN FUNDING FOR THE LA LOMA NEIGHBORHOOD ASSOCIATION: "LA LOMA ROUNDABOUT" PROJECT THROUGH THE COMMUNITY DEVELOPMENT BLOCK GRANT NEIGHBORHOOD CAPITAL IMPROVEMENTS PROJECT (NCIP) PROPOSALS FOR FISCAL YEAR 2006-2007

WHEREAS, the Neighborhood Capital Improvement Project (NCIP) is a program funded by Community Development Block Grants (CDBG) monies, and

WHEREAS, the program is designed to provide funding to neighborhood-based groups to do beautification or capital projects in their neighborhoods, which will result in an improvement in the quality of life for the residents of their neighborhoods, and

WHEREAS, the NCIP program promotes citizen involvement and neighborhood based leadership within the community, and

WHEREAS, these projects are a benefit to the neighborhoods and demonstrate good collaboration within the community, and

WHEREAS, the program often helps start-up grass root groups to receive funding that otherwise would be difficult for them to receive, and

WHEREAS, with approval from the Citizens Housing & Community Development Committee (CH&CDC) on November 9, 2006, the application for the NCIP was released on November 30, 2006, to neighborhood groups and interested parties for improvement projects to be funded through CDBG funds, up to $10,000 per project, and

WHEREAS, one proposal, from the La Loma Neighborhood Association, "La Loma Roundabout", was received in response to the RFP, and

WHEREAS, the La Loma Neighborhood Association is a voluntary neighborhood association, with new leadership since June 2006, which is motivating residents within the La Loma Neighborhood to participate in neighborhood projects, and

WHEREAS, this application is a funding request to improve and beautify the roundabout located at the intersection of James Street, La Loma Avenue, G Street, and 19th Street, and

WHEREAS, a review panel recommended funding for the "La Loma Roundabout" project, in the amount of $10,000, and

WHEREAS, the recommendation of the review panel was presented to the Citizens Housing and Community Development Committee (CH&CDC) on March 5, 2007, and

WHEREAS, the Citizens Housing and Community Development Committee met on March 5, 2007 and supported the recommendation to provide $10,000 in funding for the La Loma Neighborhood Association: "La Loma Roundabout" project through the Community Development Block Grant Neighborhood Capital Improvements Project (NCIP) Proposals for Fiscal Year 2006-2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves $10,000 in funding for the La Loma Neighborhood Association: "La Loma Roundabout" project through the Community Development Block Grant Neighborhood Capital Improvements Project (NCIP) Proposals for Fiscal Year 2006-2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of April, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-213

A RESOLUTION APPROVING THE FINAL MAP OF CAMBROOKE ESTATES IN THE VILLAGE ONE SPECIFIC PLAN AREA OF THE CITY OF MODESTO AND AUTHORIZING THE CITY MANAGER TO EXECUTE A SUBDIVISION AGREEMENT WITH GP LAND INVESTMENT COMPANY LLC, A CALIFORNIA LIMITED LIABILITY COMPANY.

WHEREAS, GP LAND INVESTMENT COMPANY LLC, A CALIFORNIA LIMITED LIABILITY COMPANY ("Subdivider"), is possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 1.52 acres, known as CAMBROOKE ESTATES ("SUBDIVISION"), in the Village One Specific Plan Area, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 16th day of May, 2005, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the final map for Cambrooke Estates Subdivision be approved; that the dedications for public streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Clerk be authorized to certify the map of said tract on behalf of the City of Modesto after the fees and deposits

required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid and after Subdivider has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager is hereby authorized to execute a subdivision agreement with GP LAND INVESTMENT COMPANY LLC, A CALIFORNIA LIMITED LIABILITY COMPANY as required by Section 4-4.604(c) of the Modesto Municipal Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of April, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-215

A RESOLUTION AWARDING A CONTRACT TO MV TRANSPORTATION, INC. TO OPERATE THE MODESTO AREA EXPRESS BUS SERVICE AND AUTHORIZING STAFF TO NEGOTIATE A FINAL AGREEMENT WITH MV TRANSPORTATION, INC.

WHEREAS, the existing agreement with MV Transportation, Inc. to operate the Modesto Area Express (MAX) bus service expires June 29, 2007, and

WHEREAS, the City wishes to continue providing bus service to the citizens of Modesto, and

WHEREAS, on October 3, 2006 the City Council authorized staff to solicit proposals for a new five-year contract to be effective June 30, 2007, and

WHEREAS, four proposals were received for the contract, and

WHEREAS, an evaluation committee composed of staff from two different transit agencies and the City of Modesto selected MV Transportation's proposal as the best submitted, and

WHEREAS, by an agenda report to the City Council dated March 13, 2007 from the Public Works Director, recommended award of a new MAX operations contract to MV Transportation, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that a contract to operate the Modesto Area Express bus service is awarded to MV Transportation, Inc. subject to City Council approval of a final agreement.

BE IT FURTHER RESOLVED that staff is authorized to negotiate a final agreement with MV Transportation, Inc. for consideration by the City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of April, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-216

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO APPROVING AND AUTHORIZING THE ISSUANCE AND SALE BY THE MODESTO PUBLIC FINANCING AUTHORITY OF NOT TO EXCEED $65,000,000 AGGREGATE PRINCIPAL AMOUNT OF LEASE REVENUE REFUNDING AND CAPITAL IMPROVEMENT BONDS, SERIES 2007; APPROVING THE FORMS OF AND AUTHORIZING THE EXECUTION AND DELIVERY OF A SUBLEASE, A FACILITY LEASE, A PURCHASE CONTRACT, A CONTINUING DISCLOSURE AGREEMENT AND A SWAP AGREEMENT; APPROVING THE FORM OF AND AUTHORIZING THE DISTRIBUTION OF AN OFFICIAL STATEMENT; AND APPROVING CERTAIN OTHER RELATED ACTIONS

WHEREAS, the City of Modesto (the "City") is a charter city and a municipal corporation duly organized and existing under and by virtue of the laws of the State of California; and

WHEREAS, the Modesto Public Financing Authority (the "Authority") is authorized under the Marks-Roos Local Bond Pooling Act of 1985, constituting Article 4, Chapter 5, Division 7, Title 1 (commencing with Section 6584) of the California Government Code, as amended (the "Act"), to lease and/or purchase real property and to issue bonds for the financing and refinancing of public capital improvements whenever there are significant public benefits; and

WHEREAS, the Authority previously issued its Lease Revenue Bonds, Series 1997 (John Thurman Field Renovation Project) (the "1997 Bonds") and Lease Revenue Bonds, Series 1998 (Capital Improvements and Refinancing Project) (the "1998 Bonds") to assist the City in the financing of certain public capital improvements located in the City, including John Thurman field, a City-County administration building, a public parking garage, a communication dispatch center, a police headquarter, various public parks and miscellaneous city properties; and

WHEREAS, the City has determined to refund all of the 1997 Bonds and a

portion of the 1998 Bonds; and

WHEREAS, in accordance with the Act, the City, on the date hereof, held a public hearing on the proposed financing following publication of the notice of the public hearing at lease five days prior thereto in a newspaper of general circulation in the City and the City Council hereby finds that the proposed financing will result in significant public benefits, including demonstrable savings in effective interest rate, bond preparation, bond underwriting or bond issuance costs; and

WHEREAS, the City desires to approve the sale and issuance by the Authority of not to exceed $65,000,000 in aggregate principal amount of Modesto Public Financing Authority Lease Revenue Refunding and Capital Improvement Bonds, Series 2007, in one or more series of bonds (the "Series 2007 Bonds"), pursuant to an indenture (the "Indenture") by and between the Authority and The Bank of New York Trust Company, N.A., as trustee (the "Trustee"), for the purposes of (i) providing funds to finance certain additional improvements to John Thurman field, (ii) providing funds to refund all of the 1997 Bonds and a portion of the 1998 Bonds, and (iii) paying the costs of issuance therefore (collectively, the "2007 Project"); and

WHEREAS, the Authority previously leased certain properties to the City pursuant to a Lease/Purchase Agreement, dated as of March 1, 1998, as amended by Amendment No. 1 to Lease/Purchase Agreement, dated June 15, 2000 and Amendment No. 2 to Lease/Purchase Agreement, dated October 15, 2002 (as so amended, the "1998 Lease") under which the City is obligated to make lease payments for the lease of properties thereunder (the "Leased Property"); and

WHEREAS, pursuant to Section 7.2 of the 1998 Lease, the City may sublease the Leased Property or any portions thereof, as provided in the 1998 Lease; and

WHEREAS, in consideration of the Authority's assistance in financing the 2007 Project through the issuance of the Series 2007 Bonds and in consideration of the corresponding reduction in lease payments payable by the City under the 1998 Lease as a result of the partial refunding of the 1998 Bonds, the City will sublease to the Authority, pursuant to a sublease (the "Sublease") by and between the City and the Authority and in accordance with the terms of the 1998 Lease, the Leased Property, as more fully described in Exhibit A of the Sublease; and

WHEREAS, the Authority will lease back to the City the Leased Property pursuant to the terms of a Facility Lease (the "Facility Lease") by and between the Authority and the City pursuant to which the City will pay Base Rental Payments therefor, all under and in accordance with the Constitution and laws of the State of California, including the Act; and

WHEREAS, pursuant to the terms of the 1998 Lease, the obligation of the City to make lease payments under the 1998 Lease will remain the obligations of the City and no portion of the Leased Property subleased to the Authority pursuant to the Sublease will be used for a purpose other than a governmental function authorized under the provisions of the Constitution and laws of the State of California; and

WHEREAS, in consideration of the partial refunding of the 1998 Bonds and the corresponding reduction of the lease payments payable by the City under the 1998 Lease with respect to the component constituting the public parking garage, the City desires to reduce the reimbursement obligation of the Redevelopment Agency of the City of Modesto (the "Redevelopment Agency") under the Reimbursement Agreement, dated as of March 1, 1998 (the "Reimbursement Agreement") by and between the City and the Redevelopment Agency; and

WHEREAS, Section 5922 of the California Government Code provides that in connection with, or incidental to, the issuance or carrying of bonds, any public entity may enter into any contracts which the public entity determines to be appropriate to place the obligations represented by the bonds, in whole or in part, on the interest rate, cash flow or other basis desired by the public entity, including without limitation contracts commonly known as interest rate swap agreements, to hedge payment, rate, spread or similar exposure; and

WHEREAS, the Series 2007 Bonds are expected to be initially executed and delivered as auction rate securities and the Authority is expected to execute an interest rate swap agreement providing for a fixed swap rate on the Series 2007 Bonds (the "Swap") and the Authority will execute the Swap using the ISDA Master Agreement and related Schedule, Credit Support Annex and Confirmation (collectively, the "Swap Agreement") by and between the Authority and Bank of America, N.A. (the "Swap Provider"); and

WHEREAS, pursuant to Section 5922 of the Government Code of the State of California, the City hereby finds and determines that the Swap Agreement to be entered into by the Authority in connection with, or incidental to, the issuance of the Series 2007 Bonds, will reduce the amount and duration of interest rate risk with respect to the Series 2007 Bonds and will result in a lower cost of borrowing by the Authority when used in combination with the Series 2007 Bonds; and

WHEREAS, the City proposes to execute and enter into a bond purchase contract (the "Purchase Contract") with Banc of America Securities LLC (the "Underwriter") and the Authority, pursuant to which the Underwriter will purchase the Series 2007 Bonds for reoffering to the public; and

WHEREAS, the City proposes to approve of and deem final the Preliminary Official Statement relating to the Series 2007 Bonds (the "Preliminary Official Statement") for purposes of Rule 15c2-12 of the Securities and Exchange Act of 1934, as amended, and to execute and deliver an Official Statement (the "Official Statement") relating to the Series 2007 Bonds and to authorize the distribution of the Preliminary Official Statement to prospective purchasers and the Official Statement to actual purchasers of the Series 2007 Bonds; and

WHEREAS, the City proposes to execute and enter into a Continuing Disclosure Agreement (the "Continuing Disclosure Agreement") with the Trustee, as dissemination agent, for the benefit of the owners of the Series 2007 Bonds and to assist the Underwriter in complying with Rule 15c2-12 of the Securities Exchange Act of 1934, as amended; and

WHEREAS, all acts, conditions and things required by the Constitution and laws of the State of California to exist, to have happened and to have been performed precedent to and in connection with the consummation of the transactions authorized hereby do exist, have happened and have been performed in regular and due time, form and manner as required by law, and the City is now duly authorized and empowered, pursuant to each and every requirement of law, to consummate such transactions for the purpose, in the manner and upon the terms herein provided;

NOW, THEREFORE, it is hereby resolved by the City Council of the City of Modesto, as follows:

Section 1. Findings. The City Council hereby finds and determines that the foregoing recitals are true and correct and that the actions authorized hereby constitute and are with respect to the public affairs of the City and that the consummation of the

transactions contemplated shall result in significant public benefits to the City.

Section 2. Approval of Issuance of Series 2007 Bonds. The City Council hereby approves the issuance of the Series 2007 Bonds by the Authority in the aggregate principal amount not to exceed $65,000,000.

Section 3. Facility Lease. The proposed form of the Facility Lease presented to this meeting and on file with the City Clerk is hereby approved. The Mayor, City Manager, Finance Director and each of their designees (each, an "Authorized Officer") are each hereby authorized and directed, for and in the name and on behalf of the City, to execute and deliver the Facility Lease in substantially said form, with such changes therein as such Authorized Officer may require or approve, such approval to be conclusively evidenced by the execution and delivery thereof. The maximum annual base rental payments payable by the City (exclusive of additional payments) in any fiscal year shall not exceed $5,169,429.69, plus any deferred rental as provided in Section 3.04 of the Facility Lease.

Section 4. Sublease. The proposed form of the Sublease presented to this meeting and on file with the City Clerk is hereby approved. The Authorized Officers are each hereby authorized and directed, for and in the name and on behalf of the City, to execute and deliver the Sublease in substantially said form, with such changes therein as such Authorized Officer may require or approve, such approval to be conclusively evidenced by the execution and delivery thereof.

Section 5. Continuing Disclosure Agreement. The proposed form of the Continuing Disclosure Agreement presented to this meeting and on file with the City Clerk is hereby approved. The Authorized Officers are each hereby authorized and directed, for and in the name and on behalf of the City, to execute and deliver the

Continuing Disclosure Agreement in substantially said form, with such changes therein as such Authorized Officer may require or approve, such approval to be conclusively evidenced by the execution and delivery thereof.

Section 6. Purchase Contract. The proposed form of the Purchase Contract presented to this meeting and on file with the City Clerk is hereby approved. The Authorized Officers are each hereby authorized and directed, for and in the name and on behalf of the City, to execute and deliver the Purchase Contract in substantially said form, with such changes therein as such Authorized Officer may require or approve, such approval to be conclusively evidenced by the execution and delivery thereof; provided that the aggregate principal amount of the Series 2007 Bonds shall not exceed $65,000,000, the interest rate on the Series 2007 Bonds shall not exceed twelve percent (12%) per annum and the underwriting discount (excluding any original issue discount) shall not exceed 0.5% of the principal amount of the Series 2007 Bonds sold.

Section 7. Official Statement. The form of Preliminary Official Statement of the Authority relating to the Series 2007 Bonds presented to this meeting and on file with the City Clerk is hereby approved. Any of the Authorized Officers is hereby authorized to certify that said Preliminary Official Statement, with such changes therein as such Authorized Officer executing the same shall approve, is as of its date "deemed final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission. Any of the Authorized Officers is hereby authorized and directed to execute for and on behalf of the Authority a final Official Statement, in substantially the form of the Preliminary Official Statement, with such changes therein (and additions thereto to reflect the terms of the sale of the Series 2007 Bonds) as such Authorized Officer shall approve after consultation with Bond Counsel, such approval to be evidenced by the execution and delivery thereof.

The Underwriter is hereby authorized to distribute copies of said Preliminary Official Statement to persons who may be interested in the purchase of the Series 2007 Bonds and are directed to deliver copies of the final Official Statement to all actual purchasers of the Series 2007 Bonds.

Section 8. Swap Agreement. The proposed form of the Swap Agreement presented to this meeting and on file with the City Clerk is hereby approved, with such changes therein as authorized officers of the Authority may require or approve, such approval to be conclusively evidenced by the execution and delivery thereof; provided that the Swap Agreement shall be in an aggregate notional amount not to exceed $65,000,000, at a nominal swap rate not to exceed 4.5 percent (4.5%) per annum against receipt of a variable rate equal to the interest rate on the Series 2007 Bonds.

Section 9. Reduction of Payments under the Reimbursement Agreement. Each Authorized Officer is hereby authorized and directed to execute an instrument unilaterally reducing the payments of the Redevelopment Agency under the Reimbursement Agreement and to provide a revised schedule of Redevelopment Agency payments under the Reimbursement Agreement.

Section 10. Attestations. The City Clerk is hereby authorized and directed to attest the signatures of the Mayor, the City Manager and the Finance Director and each of their designees and to affix and attest the seal of the City, as may be required or appropriate in connection with the execution and delivery of the Series 2007 Bonds and the documents approved by this Resolution.

Section 11. Other Actions. The Authorized Officers are hereby authorized and directed, jointly and severally, to do any and all things and to execute and deliver any and all documents which they may deem necessary or advisable in order to consummate,

carry out, give effect to and comply with the terms and intent of this Resolution, the Sublease, the Facility Lease, the Continuing Disclosure Agreement, the Purchase Contract, the Official Statement, the Swap Agreement and the Series 2007 Bonds and the consummation of the transactions contemplated hereby and to consummate the issuance, sale and delivery of the Series 2007 Bonds. The Authorized Officers are hereby further authorized and directed, individually or jointly, to execute and deliver, on behalf of the City, any other agreements, certificate, consent, request, approval, notice, amendment, confirmation, supplement or revision permitted or required to be delivered pursuant to the documents authorized hereby or otherwise as may be necessary or desirable in connection with the financing of the 2007 Project without further authorization by this City Council including, without limitation, a tax certificate, agreements relating to the engagement of verification agents, printers, bond insurers or other credit providers, one or more investment agreements (or amendments thereto), guaranteed investment contracts, forward delivery agreements or other investment vehicles for moneys in any of the funds or accounts held by the Trustee. Any actions heretofore taken by such officers in furtherance of any of the transactions authorized herein are hereby ratified, confirmed and approved.

Section 12. Effective Date. This Resolution shall take effect immediately upon its adoption by this City Council

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd of April, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-217

A RESOLUTION ACCEPTING THE REPORT ON XCLAMATION FEST 2006, AND APPROVING XCLAMATION FEST 2007, HOSTED BY CHRIS RICCI PRESENTS, INC. IN DOWNTOWN MODESTO ON SATURDAY, JULY 21, 2007.

WHEREAS, on April 25, 2000, by Resolution No. 2000-189, the City Council approved a license agreement with Chris Ricci Presents, Inc., to hold an annual Xclamation Fest, and

WHEREAS, the Safety and Communities Committee met on December 5, 2005, and supported approval of the Xclamation Fest 2006 for July 22, 2006, and

WHEREAS, on January 24, 2006, by Resolution No. 2006-065, the City Council approved Xclamation Fest 2006, hosted by Chris Ricci Presents, Inc. in downtown Modesto on Saturday, July 22, 2006, and

WHEREAS, the seventh annual Xclamation Fest was held on Saturday, July 22, 2006, and

WHEREAS, this downtown music and arts festival was successful both financially and for providing a safe, entertaining festival for Modesto residents, and

WHEREAS, the proposed date for the 2007 annual Xclamation Fest is Saturday, July 21, 2007, and

WHEREAS, Mr. Ricci coordinates all Xclamation Fest events with the Modesto Police Department, the Downtown Improvement District, and the Modesto Centre Plaza staff in order to secure approvals and coordination for the event, and

WHEREAS, this event is of financial benefit to the City of Modesto and downtown merchants, and

WHEREAS, at its March 5, 2007, meeting, the Safety and Communities Committee, supported Xclamation Fest 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby accepts staff's report on Xclamation Fest 2006, held in Downtown Modesto on Saturday, July 22, 2006.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Council hereby approves Xclamation Fest 2007, to be held in Downtown Modesto on Saturday, July 21, 2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-218

A RESOLUTION ACCEPTING WITH REGRET THE RESIGNATION OF BEN PARROTT FROM THE DISABLED ACCESS APPEALS BOARD

WHEREAS, BEN PARROTT was appointed a member of the Disabled Access Appeals Board on September 5, 2006, and

WHEREAS, BEN PARROTT has tendered his resignation from the aforementioned committee, and

WHEREAS, BEN PARROTT has been a devoted and sincere public servant and has contributed greatly to our civic progress,

NOW, THEREFORE, BE IT RESOLVED that the resignation of BEN PARROTT from the Disabled Access Appeals Board hereby is accepted with regret.

BE IT FURTHER RESOLVED that the Council of the City of Modesto, on its own behalf, and on behalf of the citizens of this City, hereby expresses its sincere appreciation to BEN PARROTT for his outstanding service to the community.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-219

A RESOLUTION APPROVING THE ALLOCATION OF TWO MAINTENANCE WORKER II POSITIONS IN THE PARKS, RECREATION, AND NEIGHBORHOODS DEPARTMENT, ORGANIZATION 3522, FOR THE WEED, LITTER, AND BLIGHT REMOVAL PROGRAM.

WHEREAS, on February 13, 2007, the City Council approved a supplemental General Fund budget package which included $100,000 for the weed, litter, and blight removal program, and

WHEREAS, the allocation of two Maintenance Worker II positions for the weed, litter, and blight removal program was inadvertently deleted from supplemental budget package although funding was allocated, and

WHEREAS, it is necessary to include these positions in order to accomplish the Council's stated goal of having a clean, attractive, and well landscaped community,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the allocation of two Maintenance Worker II positions for the weed, litter, and blight removal program.

BE IT FURTHER RESOLVED that the Finance and Personnel Departments are hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-220

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACTS FOR THE PURCHASE OF CAST IRON AND DUCTILE IRON FITTINGS AND SPOOLS TO THREE COMPANIES: 1) FERGUSON WATERWORKS, MODESTO, CA, 2) KENKO UTILITY SUPPLY, INC., TRACY, CA, AND 3) ROBERTS & BRUNE CO., TRACY, CA, FOR A TWO (2) YEAR AGREEMENT, WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR A TOTAL ESTIMATED ANNUAL COST OF $154,921

WHEREAS, the Finance Department, Central Stores Division inventories various materials for use by the Public Works Department, Water Division for City services and projects, including cast iron and ductile iron fittings and spools, and

WHEREAS, these fittings and spools are used to connect water mains to residential homes and businesses, and

WHEREAS, these fittings and spools are purchased from an annual agreement as "inventory stock", and warehoused by the Central Stores Division for release to the Water Division, and

WHEREAS, on November 14, 2006, the Council approved Resolution No. 2006-710 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of Cast Iron and Ductile Iron Fittings and Spools for the Public Works Department, Water Division, for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, and

WHEREAS, on November 16, 2006, the Purchasing Division issued Request for Bid No. 0607-27 for the purchase of Cast Iron and Ductile Iron Fittings and Spools to thirty-six (36) prospective bidders, eighteen (18) of which were local companies, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, on January 16, 2007, RFB's were formally opened in the City Clerk's office. Of the thirty-six (36) prospective bidders, five (5) companies chose to respond, and

WHEREAS, based on being deemed the lowest responsive and responsible bids, City staff recommends the award of bid and contracts for the purchase of Cast Iron and Ductile Iron Fittings and Spools to three companies: 1) Ferguson Waterworks, Modesto, CA, 2) Kenko Utility Supply, Inc., Tracy, CA, and 3) Roberts & Brune Co., Tracy, CA, for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $154,921, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid and contract for the purchase of Cast Iron and Ductile Iron Fitting and Spools conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contracts for the purchase of Cast Iron and Ductile Iron Fitting and Spools to three companies: 1) Ferguson Waterworks, Modesto, CA, 2) Kenko Utility Supply, Inc., Tracy, CA, and 3) Roberts & Brune, Tracy, CA, for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $154,921.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue purchase agreements for the purchase of Cast Iron and Ductile Iron Fitting and Spools to three (3) companies, 1) Ferguson Waterworks, Modesto, CA, 2) Kenko Utility Supply, Inc., Tracy, CA, and 3) Roberts & Brune, Tracy, CA, for a two (2) year

agreement, with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $154,921.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-221

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE A FORMAL REQUEST FOR BIDS (RFB) FOR THE PURCHASE OF ROCK, SAND AND GRAVEL FOR A ONE-YEAR AGREEMENT WITH A ONE-YEAR CONTRACT EXTENSION OPTION, AT THE SOLE DISCRETION OF THE CITY, FOR AN ESTIMATED ANNUAL COST OF $87,000.

WHEREAS, rock, sand and gravel is stocked by the Central Stores Division of the Finance Department and is then issued to requesting departments, and

WHEREAS, rock, sand and gravel is used for rock well drainage, sand for parks, street maintenance operations, and wastewater pond erosion control, and

WHEREAS, Central Stores will purchase the required rock, sand and gravel from account 7110-120-8311-0439 and departments will then purchase the rock, sand and gravel from Central Stores with charges being made to appropriate accounts, and

WHEREAS, based on past usage and current pricing, the total cost for rock, sand and gravel requirement for FY 07/08 is estimated at $87,000, and

WHEREAS, Modesto Municipal Code Section 8.3-203 requires all purchases which meet or exceed $50,000 for materials and equipment or contractual services to be formally bid, and

WHEREAS, by issuing RFB's, the City will achieve the best value for rock, sand and gravel and meet Modesto Municipal Code requirements for formal bids, and

WHEREAS, the funds for inventory purchases have been appropriated in account number 7110-120-8311-0439 (INVENTORY),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue formal Request for Bids (RFB) for the

purchase of rock, sand and gravel for a one-year agreement with a one-year contract extension option, at the sole discretion of the City, for an estimated annual cost of $87,000 as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for rock, sand and gravel to be opened in the Office of the City Clerk, 1010 10TH Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the bids are opened, they shall be tabulated and analyzed and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-222

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE, REMOVAL AND REPLACEMENT OF CARPETING FOR THE MODESTO CENTRE PLAZA TO HOUSE OF CARPETS, MODESTO, CA FOR A TOTAL ESTIMATED COST OF $111,945.

WHEREAS, the current carpet in the lobby and the downstairs meeting rooms at the Modesto Centre Plaza is eight (8) years old, and

WHEREAS, the carpet has begun to deteriorate in numerous areas along with several permanent stains and burn marks, and

WHEREAS, staff feels that the condition of the carpet is beginning to detract from the overall favorable appearance of the Centre Plaza. The carpet deterioration can cause a safety hazard to the public and staff, and

WHEREAS, the purchase will include removal and disposal of the existing carpet and labor for the installation of new carpet, and

WHEREAS, on September 5, 2006, by Resolution No. 2006-540 the Council authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase, removal and replacement of carpeting for the Modesto Centre Plaza, and

WHEREAS, on September 15, 2006, the Purchasing Division issued Request for Bid (RFB) No. 0607-11 for the purchase, removal and replacement of carpeting for the Modesto Centre Plaza to twenty-two (22) prospective bidders, eighteen (18) of which were local companies, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, on October 10, 2006, a formal bid opening was held in the City Clerks office. Of the twenty-two (22) prospective bidders, no companies chose to respond, and

WHEREAS, on December 5, 2006, a Request for Information (RFI) was sent to seven (7) carpet manufacturers, and

WHEREAS, each manufacturer presented their carpet samples, warranties and recycle programs available. A site walk through was provided to each manufacturer and samples were obtained on specific collections reviewed by the staff at the Modesto Centre Plaza. The RFI process allowed the bid specification to meet the needs of the Modesto Centre Plaza, and

WHEREAS, on February 5, 2007, Modesto Centre Plaza staff pre-approved four (4) carpet manufacturers and their specific collections to take part in the RFB process, and

WHEREAS, on February 16, 2007, the Purchasing Division issued Request for Bids No. 0607-35 for removal and replacement of carpeting for the Modesto Centre Plaza to twenty seven (27) prospective bidders, nineteen (19) of which were local companies, posted the bid on the City's web site and formally advertised as required by law, and

WHEREAS, on February 25, 2007, a mandatory bidder's conference/site visit was conducted. Six (6) prospective bidders chose to attend and participate further in the RFB process, and

WHEREAS, on March 20, 2007, RFB's were formally opened in the City Clerk's office. Of the six (6) prospective bidders, three (3) companies chose to respond, one (1) was a local vendor. All bidders provided responsive and responsible bids. The low bid came in approximately 28.7% higher than the $87,073 cost estimate submitted to Council, and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services

to be formally bid. The award of bid and contract for the purchase, removal and replacement of carpeting for the Modesto Centre Plaza conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase, removal and replacement of carpeting for the Modesto Centre Plaza, to House of Carpets, Modesto, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase order for the removal and replacement of carpeting for the Modesto Centre Plaza, to House of Carpets, Modesto, CA, for a total estimated cost of $111,945.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-224

A RESOLUTION AUTHORIZING THE ISSUANCE OF FORMAL REQUEST FOR BIDS FOR ROOF REPLACEMENT AT FIRE STATION 5 AND FIRE STATION 10, FOR AN ESTIMATED COST OF $120,000.

WHEREAS, Station 5's roof was last replaced in 1991, and

WHEREAS, at the time of installation the warranty on this roof was 10 years, and

WHEREAS, the roof has been in place for 16 years and has deteriorated to a point where it is no longer cost effective to repair, and

WHEREAS, Station 10's roof has not been replaced since the Modesto Fire Department moved into the Station in 1993, and

WHEREAS, the roof had been in place some time prior to our arrival, and

WHEREAS, the roof has deteriorated to a point where it is no longer cost effective to repair, and

WHEREAS, a formal Request for Bids (RFB) must be issued for roof replacement at Fire Station 5 and Fire Station 10 for an estimated cost of $120,000, and

WHEREAS, Modesto Municipal Code, Section 8-3.203, generally requires all purchases meeting or exceeding $50,000 for materials, equipment or contractual services to be formally bid, and

WHEREAS, the funds for the roof replacements have been appropriated in account number 0100-180-1810-5xxx, Roof Replacements.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The issuance of a Formal Request for Bids for roof replacement at Fire Station 5 and Fire Station 10 for an estimated cost of $120,000.

SECTION 2. The City Clerk is hereby authorized to call for public competitive sealed bids for roof replacement at Fire Station 5 and Fire Station 10 to be opened in the Office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 3. After the sealed bids are opened they will be tabulated and analyzed by the Fire Department and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-225

A RESOLUTION APPROVING A CONTRACT BETWEEN THE CITY OF MODESTO AND AMERICAN MEDICAL RESPONSE (AMR) FOR A PERIOD OF THREE (3) YEARS WITH ONE (1) YEAR EXTENSION OPTIONS, WHEREIN AMR COMPENSATES THE CITY OF MODESTO $72,000 PER YEAR FOR FIRST RESPONDER AND RELATED MEDICAL SERVICES, PERFORMED BY THE MODESTO FIRE DEPARTMENT AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT.

WHEREAS, in July 2003, the City of Modesto and AMR entered into a "Pilot" Advanced Life Support (ALS) Program, and

WHEREAS, for over two years, the Modesto Fire Department has been delivering ALS services from one engine company at an annual cost of approximately $54,000, and

WHEREAS, it has been the goal of the City to operate the ALS program on a cost neutral basis, and

WHEREAS, On November 9, 2005, the Modesto City Council adopted Resolution #2005-553, approving a 1-year contract between the City of Modesto and AMR, and

WHEREAS, the purpose of the contract is to support the Modesto Fire Department in the delivery of First Responder Services, and

WHEREAS, the Modesto Fire Department has completed the original 1-year term of the contract, and

WHEREAS, both parties feel that the mutual benefit of this contract warrants the establishment of a 3-year contract, with the option of 1-year extensions available upon written agreement of both parties,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the contract between the City of Modesto and American medical

Response for a period of three (3) years with one (1) year extension options, wherein AMR compensates the City of Modesto $72,000 per year for first responder and related medical services performed by the Modesto Fire Department.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-226

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE PURCHASE OF A 2000 GALLON WATER TRUCK FOR THE PARKS, RECREATION AND NEIGHBORHOODS DEPARTMENT, SOLID WASTE DIVISION COMPOST FACILITY, FOR A TOTAL ESTIMATED COST OF $65,000.

WHEREAS, in November 2006, the Purchasing Division put out a sealed bid purchase option for the 1991 Caterpillar D300B water truck that was at the Compost Facility since the truck was not being operated, and had not been for many months, due to safety and mechanical issues specifically related to the site, and

WHEREAS, due to new air board regulations, the truck was also going to be out of compliance and it would have been costly to retrofit, and

WHEREAS, in January 2007, the water truck sold for $26,000 at The Auction Yard and the net revenue from the sale of the truck, $24,245.00, was placed in the compost fleet account for the sole purpose of applying it to the purchase of a new water truck, and

WHEREAS, during supplemental budget review, the allocation of existing and new funds was approved by the City Council for the purchase of a new water truck, and

WHEREAS, the San Joaquin Valley Air Pollution Control District and the California Integrated Waste Management Board have existing regulations regarding air quality issues that are mandatory for the Compost Facility to comply with, and

WHEREAS, more restrictive air quality regulations are on the horizon making it imperative that the Compost Facility minimize dust emissions, and

WHEREAS, the essential mechanism for controlling dust emissions and avoiding violations and fines from the regulatory agencies is having a water truck regularly and routinely keeping the site wet, and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, funds were approved and are budgeted and available in account 6290-355-5222-5700 for the purchase of a Water Truck in FY 06/07,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby authorizes the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of a 2000 Gallon Water Truck for the Parks, Recreation and Neighborhoods Department, Solid Waste Division compost facility, for a total estimated cost of $65,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-227

A RESOLUTION APPROVING FUNDING IN THE AMOUNTS OF $364,327 IN COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PUBLIC SERVICES, $37,500 IN CDBG REVOLVING LOAN FUND FOR HOMELESS SERVICES, AND $98,650 IN EMERGENCY SHELTER GRANT (ESG) FUNDING FOR FY 2007-2008, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENTS.

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (HUD), and

WHEREAS, the City receives a Community Development Block Grant (CDBG) and an Emergency Shelter Grant (ESG), and

WHEREAS, the City receives these grants annually because of its population size, number of households living below the poverty level, and the number of housing units that are considered substandard, and

WHEREAS, a maximum of fifteen percent (15%) of the City's available CDBG entitlement plus an amount up to 15% of the prior year's program income, and up to 15% of the prior year's program income from the Revolving Loan Fund may be allocated for the purpose of providing assistance that is consistent with the functions of CDBG funding to very-low, low and moderate income persons and families residing within the city limits of Modesto, and

WHEREAS, for Fiscal Year 2007-2008, 15% of the CDBG entitlement and program income is $364,327, and 15% of the prior year program income from the Revolving Loan Fund is $37,500, and

WHEREAS, the available ESG entitlement for Fiscal Year 2007-2008 is $98,560, and

WHEREAS, at its March 23, 2007, meeting, the Citizens Housing & Community Development Committee (CH&CDC) recommended allocation of $364,327 in available CDBG

entitlement and program income funds to qualified non-profit agencies for public services as set forth in **Exhibit "1",** attached hereto and incorporated by reference, and

WHEREAS, CH&CDC also recommended that $37,500 be allocated for services for the homeless as set forth in **Exhibit "2"**, attached hereto and incorporated by reference, and

WHEREAS, the CH&CDC recommended $98,560 be allocated for emergency shelter services as set forth in **Exhibit "3"**, attached hereto and incorporated by reference, and

WHEREAS, at a public meeting on March 23, 2007, the Citizens Housing and Community Development Committee recommended funding as set forth in Exhibits "1", "2" and "3" attached hereto and incorporated by reference,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the allocation of $364,327 in Community Development Block Grant (CDBG) funds for public services for Fiscal Year 2007-2008 as set forth in Exhibit "1".

BE IT FURTHER RESOLVED that the Council hereby approves the allocation of $37,500 in CDBG Revolving Loan funds for services for the homeless for Fiscal Year 2007-2008 as set forth in Exhibit "2".

BE IT FURTHER RESOLVED that the Council hereby approves the allocation of Emergency Shelter Grant (ESG) funds of $98,560 for emergency shelter services for Fiscal Year 2007-2008 as set forth in Exhibit "3".

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager or his authorized designee is hereby authorized to execute the agreements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-228

A RESOLUTION APPROVING $12,282 IN FUNDING FOR THE HOWARD TRAINING CENTER AS THE PROVIDER OF THE COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PUBLIC SERVICES SENIOR MEALS PROGRAM FOR FISCAL YEAR 2006-2007, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, on May 2, 2006, by Resolution No. 2006-274, the City Council approved the allocation of the CDBG public service grant funding for Fiscal year 2006-2007, which included an allocation of $12,282 in CDBG funds to The Salvation Army to be utilized for a Senior Meals Program, and

WHEREAS, on January 9, 2007, the City of Modesto received a letter from The Salvation Army (S.A.) stating that S.A. would not be providing the Senior Meals Program, indicating that S.A. was no longer contracted with Stanislaus County to provide the Senior Meals Program, and stating that S.A. would not be using the City of Modesto's CDBG funds allocated to the Senior Meals Program, and

WHEREAS, on February 16, 2007, the City of Modesto issued an RFP for the Senior Meals Program, and

WHEREAS, the CDBG Senior Meals Program funds must be used to ensure that senior citizens are able to meet their nutritional needs and maintain the highest possible quality of life, with the goal is to reduce dietary inadequacy and social isolation among older adults, and

WHEREAS, proposals were due to the City of Modesto by February 23, 2007, at 5:00 p.m., and

WHEREAS, one proposal for the Senior Meals Program funding was received in response to the RFP from the Howard Training Center and it is a complete application, and

WHEREAS, the Howard Training Center is requesting the funding for the following CDBG eligible activities:

- Purchase portable transport equipment and hot sheets to enable at least 150 Modesto seniors to receive hot fresh meals instead of frozen meals.
- Provide Modesto seniors attending congregate sites hot, fresh meals.
- Open 1 new congregate site in an area not currently served by congregate meals program (west, north or east Modesto).

and

WHEREAS, the Citizens Housing and Community Development Committee met on March 23, 2007 and supported the recommendation to award funding to the Howard Training Center for the Senior Meals Program,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves $12,282 in funding for the Howard Training Center as the provider of the Community Development Block Grant (CDBG) Public Services Senior Meals Program for fiscal year 2006-2007.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-229

A RESOLUTION APPROVING A GRANT APPLICATION FOR $1,000,000 FROM THE STATE OF CALIFORNIA'S DEPARTMENT OF WATER RESOURCES CALFED WATERSHED PROGRAM 2007 TO CONTINUE THE RESTORATIVE WORK ON THE TUOLUMNE RIVER REGIONAL PARK GATEWAY PARCEL AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE GRANT APPLICATION

WHEREAS, the State of California's Department of Water Resources CALFED Watershed Program has made funding available through its Watershed Program 2007 through Proposition 50, and

WHEREAS, the continuation of the restorative work within the Tuolumne River Regional Park (the Project) is consistent with the CALFED Watershed Program mission and procedures, and

WHEREAS, the City of Modesto, if awarded grant funding, will enter into a contract with the State of California for the Project, and

WHEREAS, said adopted procedures established by the California Department of Resources require the City to certify by resolution the approval of a grant application and the availability of eligible matching funds prior to submission of said grant application to the State, and

WHEREAS, eligible matching funds are available in Capital Improvement Project P844, TRRP Gateway Phase I & II, in the amount of $1,000,000 from contributions from the City of Modesto's Capital Facilities Fees and Stanislaus County's Public Facilities Fees,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. The filing of an application for $1,000,000 in local assistance funds from the State of California's Department of Water Resources through the CALFED Watershed Program 2007 is hereby approved.

2. The Council hereby certifies that the application has or will have sufficient funds to operate and maintain the Project.

3. The Council hereby certifies that the City of Modesto staff has reviewed, understands, and agrees to the General Provisions contained in the contract shown in the Procedural Guide; and

4. The City Manager, or his designee, is hereby authorized as agent to conduct all negotiations, execute and submit all documents including, but not limited to, applications, agreements, and payment requests and so on, which may be necessary for the completion of the Project upon acceptance of said grant by the City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-230

A RESOLUTION APPROVING A GRANT APPLICATION FOR $50,000 IN FUNDING FROM THE LAND AND WATER CONSERVATION FUND FOR A PORTION OF THE TRAIL IN THE GATEWAY PARCEL OF THE TUOLUMNE RIVER REGIONAL PARK AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, the Congress under Public law 88-578 has authorized the establishment of a Federal Land and Water Conservation Fund Grant-In-Aid program and its political subdivisions for acquiring lands and developing facilities for public outdoor recreation purposes, and

WHEREAS, the California Department of Parks and Recreation is responsible for administration of the program in the State, setting up necessary rules and procedures governing applications by local agencies under the program, and

WHEREAS, said adopted procedures established by the California Department of Parks and Recreation require the applicant to certify by resolution the approval of a grant application and the availability of eligible matching funds prior submission of said grant application to the State, and

WHEREAS, the proposed Tuolumne River Regional Park Gateway Project is consistent with the Statewide Comprehensive Recreation Resources Plan *California Outdoor recreation Plan – 2002,* and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. The filing of a grant application for $50,000 from the Federal Land and Water Conservation Fund Program is hereby approved.

2. The Council hereby certifies that said agency has matching funds from the following source: Funding from the City of Modesto and Stanislaus County CFF/PFF funding of $2 million to TRRP; and that said agency can finance 100 percent of the Project, half of which will be reimbursed.

3. The Council hereby certifies that the Project is compatible with the land use plans of those jurisdictions immediately surrounding the Project.

4. The City Manager, or his designee, is hereby authorized as agent of the applicant to conduct all negotiations and execute and submit all documents, including, but not limited to, applications, contracts, amendments, payment requests, and compliance with all applicable current state and federal laws, which may be necessary for the completion of the aforementioned Project upon acceptance of said grant by the City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-231

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE A FORMAL REQUEST FOR PROPOSALS (RFP) FOR THE PURCHASE OF A PARKING GARAGE AUTOMATED ATTENDANT SYSTEM (HARDWARE/SOFTWARE) FOR THE PARKS, RECREATION AND NEIGHBORHOODS DEPARTMENT, BUILDING AND PARKING SERVICES DIVISION, FOR A TOTAL ESTIMATED COST OF $801,250.00.

WHEREAS, in September 2005, the City hired Walker Parking Consultants (Walker) to complete an assessment of the City owned parking facilities, and

WHEREAS, Walker's assessment included the financial condition of the Building and Parking Services Division, a review of the current parking agreements, rates, equipment, management, administration, operations, and the feasibility of privatization of the parking system, and

WHEREAS, on September 12, 2006 by Resolution No. 2006-558, the Council authorized the Parks, Recreation and Neighborhoods Department to move forward with implementation of the Walker recommendations, and

WHEREAS, the 9th, 10th, and 11th street parking garages and surface parking lots are to be upgraded to include the installation of an automated attendant system, and

WHEREAS, the automated attendant system will be pay on foot stations that will move the Building and Parking Services Division to a 24 hour 7 day per week program with fewer employees, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases which meet or exceed $50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a Formal Request for Proposals for the purchase of a parking garage automated attendant system (hardware/software) for the Parks, Recreation and

Neighborhoods Department, Building and Parking Services Division, for a total estimated cost of $801,250.00 will conform to MMC Section 8-3.203,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The Purchasing Manager is hereby authorized to issue Formal Request for Proposals for the purchase of a parking garage automated attendant system (hardware/software) for the Parks, Recreation and Neighborhoods Department, Building and Parking Services Division, for a total estimated cost of $801,250.00.

SECTION 2. The City Clerk is hereby authorized to call for public competitive sealed proposals for the purchase of a parking garage automated attendant system to be opened in the Office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed proposals in the time, form, and manner provided by law.

SECTION 3. After the sealed proposals are opened they will be tabulated and analyzed by the Purchasing Division and the Parks, Recreation and Neighborhoods Department and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NUMBER 2007-232

A RESOLUTION ACCEPTING A MINI-GRANT IN THE AMOUNT OF $65,000 FROM THE CALIFORNIA OFFICE OF TRAFFIC SAFETY FOR THE CALIFORNIA CLICK IT OR TICKET (CIOT) PROJECT MINI-GRANT FOR OVERTIME SEAT BELT ENFORCEMENT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY DOCUMENTS.

WHEREAS, the Modesto Police Department submitted an application in the amount of $65,000 to the California Office of Traffic and Safety for a California Click It or Ticket (COIT) project mini-grant, and

WHEREAS, the program is for a 3-week period and allows for overtime seat belt enforcement, and

WHEREAS, the Police Department, in a combined effort with state and local law enforcement is in support of the national Click It or Ticket mobilization, and

WHEREAS, acceptance of this grant enhances Healthy and Safe Strategic Action Plan, H.1.B.8., which calls for obtaining public service grants, and

WHEREAS, the total mini-grant is $65,000 with no local match required of the City,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the mini-grant in the amount of $65,000 from the California Click It or Ticket (CIOT) project mini-grant for overtime seat belt enforcement.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute the necessary documents.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-234

A RESOLUTION APPROVING AN AGREEMENT FOR THE PURCHASE OF TWO UNUSABLE CITY OF MODESTO POLICE KAWASAKI MOTORCYCLES TO THE MODESTO POLICE HISTORICAL SOCIETY, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, in August 2003, the Modesto Police Historical Society was founded, and

WHEREAS, the Modesto Police Historical Society is a non-profit organization that functions under the auspices of the Stanislaus Community Foundation, and

WHEREAS, Modesto Police Department has two Police Kawasaki KZ1000 Motorcycles that are currently unusable, and

WHEREAS, the Modesto Police Historical Society would like to preserve, refurbish, and display these police motorcycles at the McHendry Museum and other public events for the common good, and

WHEREAS, Modesto Police Department feels this educates and creates a greater awareness between the community and law enforcement, and

WHEREAS, the Modesto Police Historical Society will purchase the two motorcycles for $1 each, pursuant to Section 801(r) of the City Charter,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement for the purchase of two unusable City of Modesto Police Kawasaki Motorcycles to the Modesto Police Historical Society.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-235

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE PURCHASE OF A WALK-IN FREEZER/COOLER/DRY STORAGE CONTAINER FOR THE MODESTO POLICE DEPARTMENT, FOR A TOTAL ESTIMATED AMOUNT OF $53,500.

WHEREAS, the Modesto Police Department uses refrigeration units in the Property and Evidence Facility for the cold storage of biological evidence, and

WHEREAS, currently the department uses one industrial and four household refrigerators, and two chests, and three up-right freezers, and

WHEREAS, these units are at capacity and no longer are an efficient or proper method for storing biological evidence, and

WHEREAS, walk-in refrigeration units are desired because the temperature at which evidence is stored may be monitored, they are efficient to operate, and provide shelving options to maximize storage capacity and retrieval of inventory, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Bid for the purchase of a walk-in freezer/cooler/dry storage container for the Police Department conforms to the code requirements, and

WHEREAS, funds are budgeted and made available in 0400-190-2923-5012 for the purchase of walk-in freezer/cooler/dry storage container, in FY 06/07,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue formal Request for Bids (RFB)

for the purchase of a walk-in freezer/cooler/dry storage container for the Modesto Police Department, for a total estimated amount of $53,500.

BE IT FURTHER RESOLVED THAT the City Clerk is hereby authorized to call for public competitive sealed bids for the purchase of a walk-in freezer/cooler/dry storage container for the Modesto Police Department, to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law. After the sealed bids are opened, they shall be tabulated and analyzed and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-236

A RESOLUTION AMENDING THE FISCAL YEAR 2006/2007 OPERATING BUDGET TO APPROPRIATE $13,500 IN REVENUES AND EXPENSES FROM THE ASSET FORFEITURE FUNDS TO FULLY FUND THE PURCHASE OF A WALK-IN FREEZER/COOLER/DRY STORAGE CONTAINER.

WHEREAS, the Modesto Police Department uses refrigeration units in the Property and Evidence Facility for the cold storage of biological evidence, and

WHEREAS, currently the department uses one industrial and four household refrigerators, and two chests, and three up-right freezers, and

WHEREAS, these units are at capacity and no longer are an efficient or proper method for storing biological evidence, and

WHEREAS, walk-in refrigeration units are desired because the temperature at which evidence is stored may be monitored, they are efficient to operate, and provide shelving options to maximize storage capacity and retrieval of inventory, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Bid for the purchase of a walk-in freezer/cooler/dry storage container for the Police Department conforms to the code requirements, and

WHEREAS, the 2006/2007 Operating Budget will be amended as indicated:

Amend budget from Asset Forfeiture:

		Budget	Increase	Revised Budget
Revenue	0400-190-2923-7202	0	$13,500	$13,500
Expenses	0400-190-2923-5012	$40,000	$13,500	$53,500

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby amends the Fiscal Year 2006/2007 Operating Budget to appropriate $13,500 in revenues and expenses from the asset forfeiture funds to fully fund the purchase of a walk-in freezer/cooler dry storage container.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-237

A RESOLUTION ACCEPTING THE U.S. DEPARTMENT OF JUSTICE COPS MORE 2002 GRANT MODIFICATION TO UTILIZE THE COST SAVINGS OF $153,363.83 TO PURCHASE MOBILE ID'S AND CRIMINAL INTELLIGENCE SOFTWARE AND ASSOCIATED EQUIPMENT.

WHEREAS, the U.S. Department of Justice COPS MORE 2002 grant was awarded for $500,000 for the acquisition, installation, software and licensing of thirty (30) mobile data computers in thirty (30) police operation vehicles, and purchase of a Live Scan Fingerprint System, and

WHEREAS, because of the reduction in technology prices throughout the term of the application, prices for the Live Scan and mobile data computers fell to almost half of what was budgeted, and

WHEREAS, the project was accomplished for approximately $346,636.17, and

WHEREAS, on August 31, 2004, the U.S. Department of Justice granted the City of Modesto a time extension and budget modification to expend the remaining funds ($153,363.83) for an inter-agency integrated automated field reporting system, which is part of the Integrated Public Safety System, and

WHEREAS, the Modesto Police Department requested and was granted a time extension (7/31/2007) and budget modification to utilize the remaining $153,363.83 for:

35 Mobile ID's licensing, and associated equipment	$ 76,019.77
Intelligence Tracking Software	$ 31,369.09
9 Mobile Data Computers for Intelligence Units	$ 45,974.97
TOTAL	$153,363.83

WHEREAS, the Intelligence Task Force Team evaluated seven (7) criminal intelligence tracking software products and only one (1) evaluated product was advertised as being 28 C.F.R. Part 23 compliant, and

WHEREAS funds are budgeted and available in the following account for the purchase of mobile ID's and Criminal Intelligence Tracking Software:

0400-190-2987-5401 COPS MORE 2002 $153,363.83

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes accepting the U.S. Department of Justice COPS MORE 2002 Grant modification to utilize the cost savings of $153,363.83 to purchase mobile ID's and Criminal Intelligence software and associated equipment.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-238

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE THE SOLE SOURCE PROCUREMENT OF THIRTY-FIVE (35) LIVE SCAN DEVICES (MOBILE ID'S) FOR THE POLICE DEPARTMENT, TO COGENT SYSTEMS, SOUTH PASADENA, CALIFORNIA, FOR AN ESTIMATED COST OF $76,019.77, AND AUTHORIZE EXPENDIUTRE OF MAINTENANCE COSTS OF $19,550 AND $27,920 FOR THE SECOND AND THIRD YEAR'S MAINTENANCE FEES RESPECTIVELY.

WHEREAS, the Modesto Police Department received twenty (20) Live Scan Devices and forty (40) docking stations from Stanislaus County, which were funded through a Grant obtained by the County, and

WHEREAS, this equipment allows Modesto Police officers to electronically submit fingerprints to the Stanislaus County Sheriff's Office from the field for identification rather than transporting the subject to the Police Department or jail for identity verification, and

WHEREAS, the devices are used an average of 9 times a day saving officers the time required of 1.5 hours (approximated) per transport, and

WHEREAS, the twenty (20) Mobile ID's and forty (40) docking stations do not meet our deployment needs, and

WHEREAS, in October of 2006, the COPS Office permitted the reallocation of funding in the COPS More 2002 Grant so an additional thirty-five (35) Mobile ID's and associated equipment could be purchased for all patrol vehicles and several special unit vehicles, and

WHEREAS, it is the department's desire to outfit the remaining vehicles in our fleet with the same Mobile ID's purchased by the County,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue the sole source procurement of thirty-five (35) Live Scan Devices (Mobile ID's) for the Police Department, to Cogent Systems, South Pasadena, California for a total estimated cost of $76,019.77 and authorize the expenditure of maintenance costs of $19,550 and $27,920 for the second and third year's maintenance fees respectively.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-240

A RESOLUTION ACCEPTING THE SOLE BRAND TO PURCHASE NINE (9) ITRONIX MOBILE DATA COMPUTERS FOR INTELLIGENCE UNITS FOR AN ESTIMATED COST OF $45,974.97.

WHEREAS, in October 2006, the Department of Justice, COPS MORE Administrator approved the Modesto Police Department's plans for reallocation of unexpended funds from the COPS MORE 2002 grant (#2002CLWX0033), created through a decrease in technology costs, and

WHEREAS, a portion of these funds was designated to procure nine (9) Itronix Mobile Digital Computers (MDC's) for an interjurisdictional Intelligence Unit, and

WHEREAS, the amount stipulated in the COPS 2002 Grant Redeployment for acquisition of MDC's for the interjurisdictional Intelligence Units is $45,974.97, and

WHEREAS, on December 5, 2006, by Resolution No. 2006-749 the Modesto City Council authorized a purchase to eighty-one (81) Mobile Data Computers by accessing the terms "piggybacking" of a competitively bid Sacramento Police Department contract, and

WHEREAS, the Modesto Police Department has utilized Itronix Go Book III's as part of a successful pilot program in place for the past 18 months, and

WHEREAS, the Police Department currently has eight (8) Itronix Go Book IIIs in production, and

WHEREAS, there are many advantages in standardizing the computerized equipment including built-in safety for the officers in the field, continuity from one

vehicle to another, reducing the learning curve for the officers in the field and technicians that support the equipment, and quicker deployment of MDC software upgrades/changes.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes accepting the Sole Brand to purchase nine (9) Itronix Mobile Data Computers for Intelligence Units for an estimated cost of $45,974.97 recommended.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

WHEREAS, Resolution No. 89-460 adopted by the Council of the City of Modesto on April 4, 1989, initiated proceedings for the formation of Landscape Assessment District No. 2 for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivision, and Yosemite Meadows Subdivisions Units 1 & 2, and

WHEREAS, said assessment district was formed in accordance with the Landscaping and Lighting Act of 1972 (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22622 of the Streets and Highways Code requires the legislative body (the City Council) to adopt a resolution which shall generally describe any proposed new improvements or any substantial changes in existing improvements and direct staff to prepare and to file a report accordingly,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that there being no proposed new improvements or any substantial changes in existing improvements in Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivision, and Yosemite Meadows Subdivisions Units 1 & 2, City Engineer, the person designated by this Council as the Engineer of Work for Assessment District No. 2, is hereby directed to prepare and file an annual report in accordance with the

provisions of the Landscaping and Lighting Act of 1972, as amended, (Streets and Highways Code Sections 22500 through 22679).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-248

A RESOLUTION APPROVING A SEWER SUBTRUNK LINE REIMBURSEMENT AGREEMENT BETWEEN THE CITY OF MODESTO AND PPC THOMAS TERRACE, LP, A CALIFORNIA LIMITED PARTNERSHIP, RELATED TO THE INSTALLATION OF 220 LINEAL FEET OF A 18" SEWER SUBTRUNK LINE IN THE AMOUNT NOT TO EXCEED $66,263.00 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, PPC THOMAS TERRACE, LP, a California Limited Partnership ("Developer"), is in the process of developing a commercial property located at the southwest corner of Merle Road and Claus Road, commonly known as Thomas Terrace, and

WHEREAS, in connection with the development of said Thomas Terrace, Developer is required to install 220 linear feet of a 18" Sewer Subtrunk Line and appurtenances thereto, located at the southwest corner of Merle Road and Claus Road ("Improvements"), and

WHEREAS, the Improvements are designed to serve a large portion of the Village One Specific Plan area, and

WHEREAS, the Improvements will serve other properties in addition to this development and, the other properties have or will pay fees to the City to assist in paying the cost of constructing the Improvements and the owners of said other properties have not participated in constructing the Improvements, and

WHEREAS, Modesto Municipal Code Section 4-4.802.1 authorizes the City to enter into an agreement with the Developer for reimbursement of costs of improvements, and

WHEREAS, Developer has requested, and City has agreed, that Developer be reimbursed for the actual costs in the amount of $66,263.00 required to construct the Improvements, and

WHEREAS, City will inspect the construction of the Improvements and will accept the Improvements as part of City's public Sewer system,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Sewer Trunk Line reimbursement agreement between the CITY OF MODESTO and PPC THOMAS TERRACE, LP, a California Limited Partnership related to the installation of 220 lineal feet of 18" sewer subtrunk line in the amount not to exceed $66,263.00.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-249

A RESOLUTION APPROVING AN AGREEMENT WITH MINAGAR AND ASSOCIATES, INC., TO PROVIDE CONSULTANT SERVICES IN THE AMOUNT OF $271,672, FOR THE PROJECT TITLED, "TRAFFIC SIGNAL SYNCHRONIZATION OUTSIDE THE CENTRAL BUSINESS DISTRICT (CBD) FOR FISCAL YEAR 2007," AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, the City of Modesto has successfully obtained Federal Congestion Mitigation and Air Quality (CMAQ) grants for the "Traffic Signal Synchronization Outside the Central Business District for Fiscal Year 2007," project and

WHEREAS, the project entails providing all services necessary to improve traffic signal coordination for 144 signalized intersections outside the Central Business District of Modesto, and

WHEREAS, a coordinated traffic signal system must be maintained with new baseline data collected every three to four years, and our last major synchronization project for outside the downtown area was done in 2002, and

WHEREAS, in January 2007, City staff sent a Request For Proposals (RFP) to qualified consultants and advertised this project in the Modesto Bee as well as the City of Modesto's Contracts Available website, and

WHEREAS, a Review Board was appointed by the Public Works Director, and

WHEREAS, the Review Board evaluated the proposals, and based on qualifications, board members selected Minagar and Associates, Inc., as the successful competitor,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement with Minagar and Associates, Inc., to provide

consultant services in the amount of $271,672, for the project titled, "Traffic Signal Synchronization Outside the Central Business District (CBD) for Fiscal year 2007."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-250

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO MAKE A SOLE-SOURCE PURCHASE OF A DIAMOND Z 5000 HORIZONTAL GRINDER DIRECTLY FROM THE MANUFACTURER, INCLUDING A CATERPILLAR ENGINE FIVE-YEAR EXTENDED WARRANTY, FOR CITY OF MODESTO COMPOST FACILITY, FOR A TOTAL COST OF $602,779, AND AUTHORIZING ADJUSTMENTS TO THE FLEET SERVICES AND COMPOST FUND BUDGETS TO REFLECT THE NEGOTIATED PURCHASE PRICE.

WHEREAS, the City of Modesto operates a Compost Facility at 7007 Jennings Road, and

WHEREAS, the operation of the Compost Facility is a critical component of the City's AB 939 plan, which mandates the reduction of disposal and requires the City to divert 50% or more of its waste from disposal, and

WHEREAS, a grinder is an essential piece of equipment in producing compost, and

WHEREAS, the grinder currently used at the Compost Facility has met its life expectancy, is dangerous to operate, cannot process large quantities of mixed paper, and the engine recently failed, and

WHEREAS, on April 4, 2006, by Resolution No. 2006-193, the City Council authorized the Purchasing Manager to issue a Request for Bids (RFB) for the lease/purchase of a horizontal grinder to replace the current tub grinder at the City's Composting Facility that has become unreliable and costly to keep operational, and

WHEREAS, based on the observation of various grinders under field conditions, staff developed bid specifications for the RFB, including: a downward turning mill; feed roller that lifts out 90 degrees and locks in place allowing the employees to work without crouching and eliminating the danger posed by working below the feed roller; and fluid coupler power transfer system, and

WHEREAS, following the issuance of the RFB and the bidders conference, Purchasing and Solid Waste staff determined that only one manufacturer, Diamond Z, could meet these safety/ergonomics and performance specifications in addition to the other bid specifications, including an downturn mill, a feed mill cover that lifts out 90 degrees, and a fluid coupler to reduce shocks to the engine, and

WHEREAS, a vendor formally requested the withdrawal of RFB No. 0607-19 due to these mandatory requirements, and raised concerns regarding the compliance of Diamond Z grinders with Air Board regulations, and

WHEREAS, staff contacted the Air Board and determined that the Diamond Z grinder being considered met the Air Board's requirements for a mobile source, and

WHEREAS, City staff determined that due to technical and safety requirements, the procurement should be sole-source, and

WHEREAS, on December 6, 2006, RFB Addendum No. 1/Notice of Bid Cancellation was sent via email to Peterson Corporation and Pape Machinery, and mailed to all five (5) bidders and posted on the City's web site, and

WHEREAS, the RFB Addendum No. 1/Notice of Bid Cancellation addressed the reasons for cancellation based on staff's discovery of the different types of grinders operating under field conditions, and stated that the downturn mill, removable cover, and fluid coupler will be mandatory for any horizontal grinder purchased, and

WHEREAS, the RFB Addendum No. 1/Notice of Bid Cancellation stated that all bidders shall be notified should the City decide to move forward with the sole-source procurement process, and

WHEREAS, on March 27, 2007, by Resolution No. 2007-192, the City Council authorized the sole-source lease/purchase of a Diamond Z 5000 horizontal grinder, with terms to be negotiated by the Purchasing Division, and

WHEREAS, on March 28, 2007, Peterson Corporation and Pape Machinery were notified via email, of the City's intent to move forward with a sole-source procurement, which was the preliminary step in Councils' approval of the sole-source procurement, with the second step being to request funding from Council on April 24, 2007, and

WHEREAS, the City subsequently received e-mails from several vendors, asserting that they could provide services cheaper, that the machine being procured would not meet Air Board requirements, and could not be transported over the road in California, and

WHEREAS, staff has responded to each of these assertions in detail in the staff report, and providing evidence to counter these assertions, and

WHEREAS, replacement of the existing grinder is critical to compost operations, and

WHEREAS, based on an evaluation by the Finance Director of lease/purchase terms available, it has been determined that an outright purchase of the grinder is the more favorable and expeditious option to pursue, and

WHEREAS, resources are available within the Compost Fund and Fleet Replacement Fund to provide for the purchase of the grinder, and

WHEREAS, the budget of the Fleet Replacement Fund must be amended as shown in **Exhibit A** to this resolution, which is incorporated by reference herein, to increase appropriations in an amount sufficient to allow the purchase of the grinder in the approximate amount of $602,778.00, and

WHEREAS, the budget of the Compost Fund must be amended to reduce appropriations that were originally established to provide for the lease-purchase of the grinder as shown in Exhibit A attached hereto and incorporated herein by reference. and

WHEREAS, the Citizen's Advisory Committee on Recycling has recommended that once the City's Compost Facility has purchased its new horizontal grinder, which will be

capable of processing mixed paper and other organics along with green waste, the City should conduct an aggressive public education campaign to encourage residents to put other organics such as food waste, newsprint, magazines, phone books, junk mail, computer paper, paper napkins and towels, and cardboard in the green waste container for composting,

NOW, THEREFORE BE IT RESOLVED, by the Council of the City of Modesto that the Council hereby authorizes the Purchasing Manager to make a sole-source purchase of a Diamond Z 5000 horizontal grinder directly from the manufacturer, including a Caterpillar Engine Five-Year Extended Warranty, for City of Modesto Compost Facility, for a total cost of $602,778.

BE IT FURTHER RESOLVED that the Council hereby authorizes an adjustment to the Fleet Services Fund budget, as shown on Exhibit A, attached hereto and incorporated herein by reference to reflect the purchase.

BE IT FURTHER RESOLVED that the Council hereby authorizes an adjustment to the Compost Fund budget, as shown of Exhibit A, attached hereto and incorporated herein by reference, to reflect the purchase.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-251

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO EXTEND THE CURRENT INTERIM GRINDING CONTRACT WITH G & F AGRI SERVICES, INC. THROUGH MAY 30, 2007, IN AN AMOUNT NOT-TO-EXCEED $100,000, FOR CITY OF MODESTO COMPOST FACILITY, AND AMENDING THE COMPOST FACILITY BUDGET TO REFLECT THE INCREASED COST OF THESE SERVICES

WHEREAS, the City of Modesto operates a Compost Facility at 7007 Jennings Road, and

WHEREAS, the operation of the Compost Facility is a critical component of the City's AB 939 plan, which mandates the reduction of disposal and requires the City to divert 50% or more of its waste from disposal, and

WHEREAS, a grinder is an essential piece of equipment in producing compost, and

WHEREAS, in late December, 2006, the tub grinder at the City's Compost Facility experienced complete engine failure, and

WHEREAS, the tub grinder was purchased in 1997 and had been in continuous operation since that time, had met its life expectancy, cannot process paper or other materials that the City will need to compost to continue to meet it's AB 939 mandates, and is in the process of being replaced for these reasons, and

WHEREAS, to meet the State's time limits on stockpiling while the details of the new grinder purchase are being finalized and the grinder can be delivered, staff solicited informal bids for temporary grinding services from private sector grinding companies.

WHEREAS, bids were received from five (5) companies and ranged from $11.50 per ton to $15.50 per ton, and

WHEREAS, a Purchase Order was issued to G & F Agri Services, Inc., in Ripon for grinding up to 4,000 tons during this interim period, and

WHEREAS, the amount processed has almost reached the 4,000 ton processing limit of the Purchase Order, and the dollar amount of the grinding services provided under this Purchase Order is approximately $48,000, and

WHEREAS, staff is recommending that the Purchase Order be extended and increased in order to provide grinding services and avoid permit violations pending the delivery of the new grinder, and

WHEREAS, the funds budgeted in the FY 2006-2007 Compost Facility Budget are presently insufficient to cover the increased cost of the extended grinding contract, and an increase in the Purchase Order would require a transfer from the Compost Fund Reserves and an amendment to the operating budget as shown in **Exhibit A** to this resolution, and

WHEREAS, the Compost Fund Reserves have a sufficient balance to accommodate a transfer for these purposes,

NOW, THEREFORE BE IT RESOLVED, by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to extend the current interim grinding contract with G & F Agri Services, Inc. through May 30, 2007, in an amount not-to-exceed $100,000, for City of Modesto Compost Facility.

BE IT FURTHER RESOLVED that the Council hereby authorizes an adjustment to the Compost Fund budget as shown in Exhibit A to reflect the cost of the repair.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007- 252

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER, IF IT BECOMES NECESSARY DUE TO DELAYS IN THE PURCHASE OF THE NEW GRINDER, TO EXECUTE A PURCHASE ORDER WITH HOLT OF CALIFORNIA FOR THE REPAIR OF THE EXISTING TUB GRINDER IN AN AMOUNT NOT-TO-EXCEED $70,000, AND AUTHORIZING ADJUSTMENTS TO THE COMPOST FACILITY BUDGET TO REFLECT THE ACTUAL COST OF THE REPAIR, SHOULD THIS REPAIR BECOME NECESSARY.

WHEREAS, the City of Modesto operates a Compost Facility at 7007 Jennings Road, and

WHEREAS, the operation of the Compost Facility is a critical component of the City's AB 939 plan, which mandates the reduction of disposal and requires the City to divert 50% or more of its waste from disposal, and

WHEREAS, a grinder is an essential piece of equipment in producing compost, and

WHEREAS, the grinder currently used at the Compost Facility has met its life expectancy, is dangerous to operate, cannot process large quantities of mixed paper, and the engine recently failed, and

WHEREAS, on March 27, 2007, by Resolution No. 2007-192, the City Council authorized the sole-source lease/purchase of a Diamond Z 5000 horizontal grinder, with terms to be negotiated by the Purchasing Division, and

WHEREAS, based on an evaluation by the Finance Director of lease/purchase terms available, it has been determined that an outright purchase of the grinder is the more favorable and expeditious option to pursue, and

WHEREAS, the Purchasing Division is currently negotiating the purchase of a new grinder with the vendor, and

WHEREAS, although the City has used a contract grinding service to grind materials while working on the purchase of a new grinder, these contract services are costing $11.50 per ton, which is significantly higher than the City's cost to grind which is $7.05 per ton, and

WHEREAS, as a contingency, in the event that the purchase of the new grinder encounters delays and the delivery of a new grinder is delayed for three (3) to six (6) months, necessitating the repair of the existing grinder to provide a more cost-effective means of processing materials than continuing to contract for this service, staff has requested quotes for the emergency repair of the existing tub grinder from four (4) companies, and

WHEREAS, staff has received one responsive quote, which was from Holt of California, a licensed Caterpillar engine repair shop, in the amount of $58,763 plus tax, and

WHEREAS, if necessary, the emergency repair of the tub grinder is expected to total approximately $64,000, exceeding the authorization authority of the City Manager, and

WHEREAS, once repaired, the resale value of the of the tub grinder is anticipated, although not guaranteed, to exceed the amount of the repair, based on current prices for used tub grinders, and

WHEREAS, if the repair is necessary due to delays in the procurement of the new grinder, resources are available within the Compost Fund Reserves for the repair of the grinder, and

WHEREAS, if the repair becomes necessary, the budget of the Compost Fund must be amended to increase the appropriations that were originally established for equipment repair as shown in Exhibit A to this resolution,

NOW, THEREFORE BE IT RESOLVED, by the Council of the City of Modesto that the Council hereby authorizes the Purchasing Manager, if it becomes necessary due to delays in the purchase of the new grinder, to execute a Purchase Order with Holt of California for the repair of

the existing tub grinder in an amount not to exceed $70,000, for City of Modesto Compost Facility.

BE IT FURTHER RESOLVED that the Council hereby approves amending the Compost Facility budget to reflect the increased cost of these services, as shown in **Exhibit A,** attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-253

A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED DEVELOPMENT ZONE, P-D(579) (DALE ROAD BUSINESS PARK, LLC)

WHEREAS, a verified application for an amendment to Section 12-3-8 of the Zoning Map was filed by Dale Road Business Park, LLC on October 25, 2006, to reclassify from Professional Office Zone, P-O, to Planned Development Zone, P-D(579), to allow the conversion of existing professional offices to four-two unit commercial condominiums, creating eight air space condominium units, property located on the east side of Dale Road north of Veneman Avenue, described as follows,

P-O to P-D(579)

All that certain property situate in the northwest quarter of Section 12, Township 3 South, Range 8 East, Mount Diablo Base and Meridian, and lying in the City of Modesto, County of Stanislaus, State of California, more particularly described as follows:

Parcel 3 as shown on that certain Parcel Map filed September 25, 1986 in Volume 38 of Parcel Maps, at Page 77, Stanislaus County Records;

also including the easterly half of Dale Road immediately adjacent to the above described property.

WHEREAS, a public hearing held by the Planning Commission on March 5, 2007, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2007-09, that rezoning of the property as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed rezoning will not result in any additional development beyond what has previously been approved for the site.

2. The proposed project is compatible with existing and potential surrounding development, because it consists of single-story offices that orient to Dale Road, a Principal Arterial street.

WHEREAS, said matter was set for a public hearing of the City Council to be held on April 24, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Dale Road Business Park, LLC for a Planned Development Zone should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2007-09 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3440-C.S. on the 24th day of April, 2007 reclassifying the above-described property from Professional Office Zone, P-O, to Planned Development Zone, P-D(579).

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto as follows:

SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development, P-D(579), is hereby approved subject to the following conditions:

1. All development shall conform to the plot plan titled "Dale Road Business Park Plot Plan" as amended in red, stamped approved by the City Council.
2. No operations conducted on the premises shall cause an unreasonable amount of noise, odor, dust, mud, smoke, vibration, or electrical interference detectable off the premises. All machinery or equipment shall be soundproofed as required by the Chief Building Official.
3. Prior to issuance of a building permit the developer shall dedicate public utility easements as required by the utility companies and the City Engineer or designee.
4. Ten-foot-wide public utility easements, and planting easements located within the ten-foot-wide public utility easements, as required by the City Engineer or designee shall be dedicated along all street frontages.

5. Local Stormwater Pollution Prevention Plan (SWPPP) for project must be submitted to Development Services-Stormwater prior to the issuance of a Building Permit. Local SWPPP to include soil stabilization measures, sediment controls; drain inlet protection in public right-of-way, stabilized construction entrance, and concrete wash out area. The project shall comply with the Guidance Manual for New Development Storm Water Quality Control Measures and the City of Modesto Standard Specifications.

6. Prior to sale of the condominium units, a final subdivision map shall be recorded.

7. Prior to recordation of a final subdivision map, the developer shall obtain certification from the Chief Building Official that all construction conforms to all building and fire safety standards for condominiums established by the Chief Building Official.

8. Trash bins shall be kept in enclosures in accordance with the approved plan and in accordance with plans approved by the Public Works Director or designee. Enclosures shall be constructed of building materials consistent with those used in the major buildings as approved by the Community and Economic Development Department Director or designee. The enclosure shall be sized to adequately accommodate recyclable materials. The trash enclosure for this project shall be altered to meet current City Stormwater Standards:

   a. Berm to prevent stormwater run-on.

   b. Grade to drain to adjacent landscape area.

9. All conditions of Board of Zoning Adjustment Resolution No. 2005-11 not in conflict with this action shall remain in full force and effect.

10. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors, and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.

SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(579):

The entire construction program to be accomplished in one phase, construction to begin on or before April 24, 2009 and completion to be not later than April 24, 2010.

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(579), becomes effective.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-254

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): AMENDING SECTION 12-3-8 OF THE ZONING MAP TO REZONE FROM PROFESSIONAL OFFICE ZONE, P-O, TO PLANNED DEVELOPMENT ZONE, P-D(579), PROPERTY LOCATED AT 3600 DALE ROAD. (DALE ROAD BUSINESS PARK, LLC)

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Morris Engineering and Surveying, Inc. has proposed that the zoning designation for the property located on the east side of Dale Road north of the Veneman Road, be amended to rezone from Professional Office Zone, (P-O), to Planned Development Zone, P-D(579), to allow for the approved office buildings to be converted to four-two unit-commercial condominiums subsequently creating eight air space condominium units, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent project for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City's Community and Economic Development Department by Environmental Assessment Initial Study EA/C&ED No. 2007-12 ("Initial Study") reviewed the proposed amendment to the Zoning Map and Planned Development project

to determine whether the project is within the scope of the project covered by the Modesto Urban Area General Plan Master EIR ("Master EIR"), and made the determination that the proposed project will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no or new additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines on February 8, 2007, the City caused to be published a 20-day notice of the City's intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, the Planning Commission, by Resolution No. 2007-09 recommended to the City Council approval of the application of Morris Engineering to amend section 12-3-8 of the zoning map to rezone from Professional Office Zone, (P-O), to Planned Development Zone, P-D(579), for the property located on the east side of Dale Road north of Veneman Avenue, to allow the future development of four approved office buildings to be converted to four-two unit-commercial condominiums subsequently creating eight air space condominium units.and associated parking as set forth in said Resolution No. 2007-09, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing, which was held on April 24, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed rezone to Planned Development Zone P-D(579) for commercial condominiums, a copy of

which is attached hereto as **Exhibit "A"**, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. The type of project is described in Chapter II of the Master EIR (SCH No. 1999082041).

2. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

3. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.

4. Based on the Initial Study, the City of Modesto finds and determines:

    a. The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.

    b. No new or additional mitigation measures or alternatives are required.

    c. The project is within the scope of the MEIR.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

ATTEST: Jean Morris
JEAN MORRIS, City Clerk

SUSANA ALCALA WOOD, City Attorney

City of Modesto

Finding of Conformance to General Plan Master EIR:

Initial Study C&ED No. 2007-12

For the proposed:

PDZ – Planned Development Zone
3600 Dale Road – Dale Road Business Park, LLC

Prepared by:
City of Modesto
Community & Economic Development Department
Planning Division

February 23, 2007

City of Modesto

Master EIR Initial Study Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Checklist is used in determining whether the Planned Development Project is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

A. Title: P-PDZ-06-006 – Dale Road Business Park

B. Address or Location: 3600 Dale Road

C. Applicant: Dale Road Business Park, LLC, 433 Airport Blvd., Ste. 224, Burlingame, CA 94010

D. City Contact Person: Rita S. Doscher

Project Manager:	Rita S. Doscher
Department:	Community and Economic Development Department
Phone Number:	(209) 577-5267
E-mail address:	rdoscher@modestogov.com

E. Current General Plan Designation(s): "C" Commercial

F. Current Zoning Classification(s): "P-O" Professional Office Zone

G. Surrounding Land Uses:

North:	Professional Offices
South:	P-D (195) Professional Offices Uses
East:	(R-1) Single-Family Residential
West:	P-D (109) Commercial Retail

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

This is an application to rezone the above reference property from P-O (Professional-Office) to P-D (Planned Development Zone) to allow the approved office buildings to be converted to four-two unit commercial condominiums subsequently, creating eight air space condominium units. The proposed development will consist of four two-unit single story buildings: 4 units will have a total of 2424 sq. ft. each; 2 units will have a total of 2257 sq. ft. each; and the remaining 2 units will have a total of 2258 sq. ft. each. The overall square footage for all four buildings is 18,726 sq. ft. In addition, the approved development is providing on site parking, landscaping, and street improvements. The current development fronts onto Dale Road and access into the site is provided by way of a 30-foot wide on-site access driveway. The parking areas are located throughout the development and will provide a total of 102 spaces exceeding the minimum requirement of 93 parking spaces.

I. Other Public Agencies Whose Approval is Required:

None.

IIII. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. X **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.

   D. Based on the Initial Study, the City of Modesto finds and determines:
      a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
      b) No new or additional mitigation measures or alternatives are required.

   E. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

2. ____ **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

A. The type of project is described in Chapter II of the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3.____ **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

A. The type of project is described in Chapter II of the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

Rita S. Dodd

4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met, Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	X	☐
(2)	City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template.	X	☐
(3)	Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	X	☐
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	X	☐
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	X	☐
(6)	Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.	X	☐

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "No" response must be discussed.

		YES	NO
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	X	☐
(2)	This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	X	☐
(3)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	X	☐

(4) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available. X ☐

(5) Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development. X ☐

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 build-out of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable traffic and circulation impacts within certain areas of the "Baseline Developed Area":

Effect: Increased traffic will result in certain roadway segments operating at LOS "D" or worse.

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of a LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

This is an application to rezone the project site from P-O (Professional Office Zone) to P-D (Planned Development Zone) in order to allow the approved office buildings to be converted to four-two unit commercial condominiums subsequently, creating eight air space condominium units. The rezoning of the office complex is compatible with the existing surrounding mix use of residential development and professional office complexes located along this area of Dale Road. Because the project is consistent with the surrounding mix use of professional office and residential developments, the use and activities will not change to a level that will cause a change to the existing road capacities or levels of service.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures that may be pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section IV, *Mitigation Measures Applied to Project.*

c. Project-Specific Effects

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	YES	NO
(1) The project would contribute one hundred (100) or more peak hour trips to or from the site during the adjacent roadway's peak hour or the development's peak hour, to adjoining roads and generates more trips than assumed for their general plan land use category and zoning in the Master EIR.	☐	X

Note:

If a project exceeds an additional one hundred (100) or more peak hour trips contribution, a site access study may be conducted to determine to what extent the project would exceed the year 2025 level of service (LOS) expected for the adjoining roadways under the Master EIR. The site access study would recommend new, project-specific mitigation measures. If the project also exceeds the Master EIR's traffic generation assumption, as determined by Engineering & Transportation staff, a comprehensive traffic study would be required that will include off-site traffic impact analysis.

		YES	NO
(2)	Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).	☐	X
(3)	Result in inadequate emergency access.	☐	X
(4)	Result in inadequate parking capacity.	☐	X

DISCUSSION:

(1) Engineering and Transportation Staff reviewed the proposed project and have the following comments:

A. The proposed project will not generate traffic impacts to the adjacent roadways in excess of what was assumed under the MEIR. No traffic study is required.
B. A site access study is not required for this project.

(2) The project will not substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment). The City Engineering and Traffic Department has evaluated the project and has determined that the existing design layout of the project is in accordance to City standards. The previously approved site plan was designed to accommodate commercial uses and emergency access.

(3) Police and Fire Staff have reviewed this proposal and have indicated that there is no emergency access problem.

(4) The project has been evaluated for compliance to the City of Modesto Parking regulations. The parking area will be located throughout the project site and will provide a total of 102 spaces exceeding the minimum requirement of 93 parking spaces. The design and layout of the proposed parking area will comply with both City standards and ADA (Americans with Disability Act) standards.

2. AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected City traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. *This is a significant and unavoidable impact.*

Effect: Projected City traffic levels will result in increased ROG and NOX levels in the project area. *This is a significant and unavoidable impact.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

Mitigation Measures appropriate to this project include: AQ-17

c. Project-Specific Effects

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.	☐	X
(2)	The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	☐	X
(3)	The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	☐	X
(4)	The project would expose sensitive receptors to substantial pollutant concentrations.	☐	X
(5)	The project would create objectionable odors affecting a substantial number of people.	☐	X

DISCUSSION:

(1) The project was referred to the San Joaquin Valley Unified Air Pollution Control District who determined that the project would not have a significant effect on the ambient air quality.

(2) This project does incorporate the best management practices for PM10 reduction established by the SJVUAPD (see mitigations measures above).

(3) Applicable General Plan Policies have been applied to the previously approved project site. Therefore, project-specific effects will be less than significant for this impact (see mitigations measures above).

(4) The project is not a significant contributor to pollution levels in that it involves only a rezone to P-D to allow the conversion of existing offices to condominiums. PM10 emissions created through the construction phase will be mitigated as called for by the MEIR by the measures listed above.

(5) The proposed project will not produce objectionable odors.

3. NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in an excess of the City's Noise Significance Standards.

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

Mitigation Measures appropriate to this project include: N-4, N-5 and N-6.

c. Project-Specific Effects

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	X
(2)	The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.	☐	X

(3) The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project? ☐ X

(4) The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project. ☐ X

DISCUSSION:

(1) The City's noise policy is incorporated into the conditions of approval as a mitigation measure.

(2) The project is consistent with the noise policies of the General Plan. The noise mitigation measures called for by the General Plan for projects within the baseline developed area, are incorporated into the conditions of approval for the project.

(3) The only permanent noise levels produced by the project would be associated with traffic. The increased traffic levels are within the scope of what the MEIR assumed for the site. Therefore, this project will not result in a substantial permanent increase in ambient noise levels.

(4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. There will be some construction related noise, but the noise mitigation measures called for by the General Plan for projects within the baseline developed area, are incorporated into the conditions of approval for the project.

4. AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

The site is not zoned for agriculture or designated on the General Plan for future agricultural use. The proposed project will not affect areas zoned for agriculture or designated on the General Plan for future agricultural use. The project site and the surrounding property are located within a fully developed urbanized area.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 MEIR. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measure applicable to this project.

c. Project-Specific Effects

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will directly result in the development of land outside the March 2003 planning area boundaries.	☐	X
(3)	The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract.	☐	X
(4)	The project will Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan land use policies. It is an infill project, proposed within the urbanized area of the City. There are no agricultural parcels affected by the proposal and no agricultural and will be converted.

(2) The project is within the Baseline-Developed area of the City and therefore will not result in the development of land outside the March 2003 planning area boundaries.

(3) The project site is not zoned for agriculture nor is it under Williamson Act contract.

(4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses. The project is completely surrounded by urbanization.

5. WATER SUPPLY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. *This is a less-than-significant impact.*

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. *Consequently, the potential environmental impacts of the Urban Area General Plan are considered less-than-significant.*

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. *This is a significant and unavoidable cumulative impact.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

(2) Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed. ☐ X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan C for Commercial both in land use and intensity.

(2) The project was referred to Engineering and Transportation for comment and there was no determination that there is insufficient capacity to serve the project.

6. SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. *As a result, this impact would be less-than-significant.*

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. *This is a less-than-significant impact.*

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-6-4 through V-6-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measure applicable to this project.

c. Project-Specific Effects

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan C for Commercial both in land use and intensity.

(2) The project was referred to Engineering and Transportation for comment and while the sewer treatment capacity referred to in #2 above is not at question, they are requesting a fair share contribution from new development in the area to replace the existing trunk with a new larger pipeline. The developers have been advised that they will need to contribute their fair share, $1,779.00, toward the new trunkline.

7. SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less-than-significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project regarding sensitive wildlife and plant habitat. The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR.

c. Project-Specific Effects

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species.	☐	X
(3)	Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan C for Commercial both in land use and intensity.

(2) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V 7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.

(3) There is no conflict with any local policies or ordinances protecting biological resources.

8. ARCHAEOLOGICAL OR HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 MEIR. The project does not involve physical development and as a result no measures will be incorporated into or made conditions of approval of this project.

DISCUSSION:

Mitigation Measures applicable to this project include: AH-8, Master EIR.

c. Project-Specific Effects

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan C for Commercial in both land use and intensity.

(2) The project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. The mitigation measure called for by the General Plan is incorporated into the conditions of approval for the project.

9. STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered *less-than-significant.*

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. *This cumulative impact is considered significant and unavoidable.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. The site is fully developed and this new proposal will only involve an amendment to the Planned development zone with no physical canges to the property. No measures will be incorporated into or made conditions of approval of this project.

DISCUSSION:

Mitigation measures appropriate to this project include: SD-7, MEIR. This mitigation measure is addressed by conditions of approval.

c. Project-Specific Effects

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.	☐	X
(3)	Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan C for Commercial designation in both land use and intensity.

(2) The project will meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures," adopted by the City as required by the above-listed mitigation measures.

(3) The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less-than-significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less-than-significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems

designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 MEIR. All feasible measures appropriate to the project have been incorporated into or made conditions of approval of the previously approved development. This project will not involve any modification to the existing site that would require additional measures applied to the new proposal.

DISCUSSION:

Mitigation measures appropriate to this project include: FWQ-14, MEIR. This mitigation measure is addressed by conditions of approval.

c. Project-Specific Effects

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	☐	X
(3)	The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	☐	X
(4)	The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan C for Commercial designation in both land use and intensity.

(2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.

(3) Mitigation Measures as called for by FWQ-14 will be applied to the project so that the project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures.

(4) The project would not create or contribute to runoff water in excess of the capacity of existing or planned storm water drainage systems or provide additional sources of polluted runoff.

11. PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. *Impacts on parks and open space will be less-than-significant.*

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. *This impact is less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measure applicable to this project. It is not on or adjacent to any park sites, nor is it near any of the riparian area identified by Figures V-7-1a through V-7-1e of the MEIR.

c. Project-Specific Effects

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan C for Commercial designation in both land use and intensity. There are no mitigation measures applicable to this project.

12. SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan.). As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan C for Commercial in both land use and intensity.

(2) The project was referred to Modesto City Schools who indicated no opposition to the project.

13. POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. *The impact is less-than-significant.*

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. *These policies reduce the impact to a less-than-significant level.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan C for Commercial designation in both land use and intensity.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

14. FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. *Impacts on fire services of development in these areas will be less-than-significant.*

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. *This impact would be less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan C for Commercial designation in both land use and intensity.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

15. SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: New development projects would exceed available landfill capacity; it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. New projects will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. *The impact would be less-than-significant at such time as the Fink Road Landfill expansion is approved.*

Effect: New development projects can make a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. *This impact is significant and unavoidable.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-15-5 and V-15-6 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan C for Commercial designation in both land use and intensity.

(2) This project was referred to the County and Solid Waste Division of the Engineering and Transportation Division for review, and no indication was given that there would be a problem serving this project.

16. HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less-than-significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	☐	X
(3)	The project contains a contaminated site not identified as of March 2003.	☐	X
(4)	The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	X
(5)	The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan C for Commercial designation in both land use and intensity.

(2) The project does comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes. (No hazardous materials will be involved with this project).

(3) The project site is not known to contain any contaminants.

(4) The project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste.

(5) The project would not be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

17. LANDSLIDES AND SEISMIC ACTIVITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan C for Commercial designation in both land use and intensity.

(2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. *Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less-than-significant.*

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. *The impact is less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan C for Commercial designation in both land use and intensity.

19. PLANNING AND LAND USE

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project includes a substantive amendment to the Modesto Urban Area General Plan.	☐	X
(3)	The project would physically divide an established community	☐	X

Discussion:

(1) The project is consistent with the Modesto Urban Area General Plan C for Commercial designation in both land use and intensity.

(2) No amendment to the General Plan is required by this project.

(3) The project is infill development that will not divide an established community.

20. AESTHETICS

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would have a substantial adverse effect on a scenic vista.	☐	X
(3)	The project would substantially degrade the existing visual character or quality of the project site and its surroundings.	☐	X
(4)	The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan C for Commercial designation in both land use and intensity.

(2) There are no Scenic Vistas from the location of the proposed development. It is completely surrounded by urbanization. Views to the Diablo and Sierra Mountain Ranges are already precluded from this site and its surroundings.

(3) The project would not substantially degrade the existing visual character or quality of the project site and its surroundings. This is an existing site, which had received previous City approval.

(4) The project would not create a substantial source of light or glare that would adversely affect daytime or nighttime views in the area. The existing site conforms to current City regulations regarding night glare to surrounding residences. These requirements shall remain in effect.

V. MITIGATION MEASURES APPLIED TO THE PROJECT

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to CEQA Section 21157.1 (c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the

project. The following adopted General Plan Policies and Master EIR Mitigation Measures (also contained in Section III, "Global List") shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project.

Traffic and Circulation Measures:

N/A

Air Quality Measures:

1. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover

2. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

3. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

4. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. *(the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)*

5. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

Noise Measures:

1. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

   The noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

   A. A hammer, or any other device or implement used to pound or strike an object.

   B. An impact wrench, or other tool or equipment powered by compressed air.

   C. A hand-powered saw.

D. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

E. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

F. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

G. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

H. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

Agricultural Land Measures:

N/A

Water Supply Measures:

N/A

Sanitary Sewer Service Measures:

N/A

Sensitive Wildlife and Plant Habitat Measures:

N/A

Archaeological or Historic Sites Measures:

1. If archaeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archaeologist. The survey shall

include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K

Storm Drainage Measures:

1. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

Flooding and Water Quality Measures:

1. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

Parks and Open Space Measures:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-255

A RESOLUTION ADOPTING THE 2005 URBAN WATER MANAGEMENT PLAN

WHEREAS, the California Water Code requires that all urban water suppliers providing water for municipal purposes, either directly or indirectly to more that 3,000 customers, or supplying more that 3,000 acre-feet of water annually, must prepare an urban water management plan and update it at least every five years, and

WHEREAS, the City of Modesto, pursuant to the Water Code, filed Urban Water Management Plans in 1985, 1990, 1995, and 2000 and City staff is recommending adopting the 2005 Urban Water Management Plan in accordance with Section 10642 of the California Water Code, which proposed action will fulfill the 2005 reporting date, and

WHEREAS, City staff held a public workshop to obtain public input on April 24, 2007, and

WHEREAS, as required by Section 6066 of the Government Code, the plan was made available for public review, and notice of a public hearing to be held by the Council of the City of Modesto on April 24, 2007, was published in *The Modesto Bee* for six weeks prior to said public hearing,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby adopts the 2005 Urban Water Management Plan in accordance with Section 10642 of the California Water Code. A copy of said plan is on file in the office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Hawn , who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

A RESOLUTION AUTHORIZING CITY STAFF TO APPLY FOR VARIOUS WATER RELATED GRANTS, THROUGH THE 2007/08 AND 2008/09 FISCAL YEARS, AND AUTHORIZING THE CITY MANAGER TO EXECUTE APPLICATIONS RELATED TO SUCH GRANTS ON BEHALF OF THE CITY

WHEREAS, concurrent with this resolution, the Council adopted Resolution No. 2007-255, which adopted the City of Modesto's Urban Water Management Plan (UWMP), which serves as a foundation document supporting future local and regional planning activities, and

WHEREAS, on June 28, 2005, by Resolution No. 2005-340, the City Council adopted the Integrated Regional Groundwater Management Plan (IRGMP), which identified integrated, regional groundwater related studies, and

WHEREAS, both the UWMP and the IRGMP identified multiple water-related studies that are eligible for state grant funding, and

WHEREAS, having an adopted UWMP ensures eligibility for various grants administered by the Department of Water Resources, from Proposition 50 and Proposition 84, and preference will be given to grant proposals that include integrated projects with multiple benefits,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes City Staff to apply for various water related grants.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized and directed to execute the necessary applications for such grants.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007- 257

A RESOLUTION APPROVING A WATER SUPPLY ASSESSMENT FOR THE PROPOSED PLASTIPAK, INC., WATER BOTTLING PROJECT (PROJECT). IT HAS BEEN DETERMINED THAT AN ASSURED, LONG-RANGE WATER SUPPLY FOR THE PROJECT CAN BE MADE ON THE CONDITIONS THAT: (1) THE MODESTO REGIONAL WATER TREATMENT PLANT PHASE 2 EXPANSION PROJECT BECOMES OPERATIONAL, (2) SPECIFIC WATER MANAGEMENT MEASURES ARE IMPLEMENTED, (3) CERTAIN WATER SYSTEM IMPROVEMENTS ARE CONSTRUCTED, AND (4) FUTURE WATER SUPPLIES ARE SECURED - ALL PRIOR TO IMPLEMENTING BUILD-OUT DEVELOPMENT PLANS OF THE PROJECT

WHEREAS, Senate Bill 610 (SB 610) requires water suppliers to conduct a Water Supply Assessment (WSA) for projects meeting the legislative criteria to determine if a sufficient water supply is available to meet the demands of the proposed project, and requires the governing legislative body to approve and adopt such assessments, and

WHEREAS the proposed Plastipak Project (Project), located at 4324 Leckron Road, is within the City of Modesto's water service area and it meets the criteria of requiring a WSA under SB 610 and SB 221, and

WHEREAS, Public Works staff completed a WSA for the Project, and has determined that an assured 20-year water supply for the build-out of the Project can be made on the conditions that conjunctive use water management measures are implemented as identified in the Urban Water Management Plan (UWMP) and the WSA, the Modesto Regional Water Treatment Plant (MRWTP) Phase 2 Expansion becomes operational, specific water management measures are implemented, certain water system improvements are construction and future water supplies are secured,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Water Supply Assessment dated April 24, 2007, for the proposed Plastipak Project is hereby approved and adopted, a copy of which is on file with the City Clerk.

BE IT FURTHER RESOLVED that pursuant to the California Water Code Section 10912, the Council hereby finds and determines that an assured water supply is available to meet the demands of the proposed Plastipak Project on conditions that (1) the Modesto Regional Water Treatment Plant Phase 2 Expansion project becomes operational, (2) specific water management measures are implemented, (3) certain water system improvements are constructed, and (4) future water supplies are secured - all prior to implementing build-out development plans of the Project, and that the WSA for the proposed Plastipak Project provides substantial evidence to support this determination.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April 2007, by Councilmember Olsen, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

Resolution No. 2007-258

RESOLUTION OF INTENTION

TO APPROVE AN AMENDMENT TO CONTRACT

BETWEEN THE

BOARD OF ADMINISTRATION
CALIFORNIA PUBLIC EMPLOYEES' RETIREMENT SYSTEM

AND THE

CITY COUNCIL
CITY OF MODESTO

WHEREAS, the Public Employees' Retirement Law permits the participation of public agencies and their employees in the Public Employees' Retirement System by the execution of a contract, and sets forth the procedure by which said public agencies may elect to subject themselves and their employees to amendments to said Law; and

WHEREAS, one of the steps in the procedures to amend this contract is the adoption by the governing body of the public agency of a resolution giving notice of its intention to approve an amendment to said contract, which resolution shall contain a summary of the change proposed in said contract; and

WHEREAS, the following is a statement of the proposed change:

To provide Section 21547.7 (Alternate Death Benefit for Local Fire Members Credited with 20 or More Years of Service) for local fire members.

NOW, THEREFORE, BE IT RESOLVED that the governing body of the above agency does hereby give notice of intention to approve an amendment to the contract between said public agency and the Board of Administration of the Public Employees' Retirement System, a copy of said amendment being attached hereto, as an "Exhibit" and by this reference made a part hereof.

EXHIBIT

California
Public Employees' Retirement System

AMENDMENT TO CONTRACT

Between the
Board of Administration
California Public Employees' Retirement System
and the
City Council
City of Modesto

The Board of Administration, California Public Employees' Retirement System, hereinafter referred to as Board, and the governing body of the above public agency, hereinafter referred to as Public Agency, having entered into a contract effective August 1, 1946, and witnessed July 27, 1946, and as amended effective December 1, 1950, July 1, 1956, July 1, 1959, November 1, 1959, January 1, 1960, October 1, 1962, January 1, 1969, May 1, 1973, May 1, 1974, June 24, 1975, March 28, 1978, July 4, 1978, November 1, 1980, October 20, 1981, June 29, 1982, October 15, 1985, June 24, 1986, April 14, 1987, November 22, 1991, July 25, 1997, November 7, 2000, June 19, 2001 and July 2, 2002 which provides for participation of Public Agency in said System, Board and Public Agency hereby agree as follows:

A. Paragraphs 1 through 13 are hereby stricken from said contract as executed effective July 2, 2002, and hereby replaced by the following paragraphs numbered 1 through 13 inclusive:

1. All words and terms used herein which are defined in the Public Employees' Retirement Law shall have the meaning as defined therein unless otherwise specifically provided. "Normal retirement age" shall mean age 55 for local miscellaneous members and age 50 for local safety members.

PLEASE DO NOT SIGN "EXHIBIT ONLY"

2. Public Agency shall participate in the Public Employees' Retirement System from and after August 1, 1946 making its employees as hereinafter provided, members of said System subject to all provisions of the Public Employees' Retirement Law except such as apply only on election of a contracting agency and are not provided for herein and to all amendments to said Law hereafter enacted except those, which by express provisions thereof, apply only on the election of a contracting agency.

3. Employees of Public Agency in the following classes shall become members of said Retirement System except such in each such class as are excluded by law or this agreement:

   a. Local Fire Fighters (herein referred to as local safety members);

   b. Local Police Officers (herein referred to as local safety members);

   c. Employees other than local safety members (herein referred to as local miscellaneous members).

4. In addition to the classes of employees excluded from membership by said Retirement Law, the following classes of employees shall not become members of said Retirement System:

   a. POLICE COURT EMPLOYEES; AND

   b. ALL HOURLY RATED OR HOURLY BASIS EMPLOYEES HIRED ON AND AFTER OCTOBER 1, 1962.

5. Assets heretofore accumulated with respect to members in the local retirement system have been transferred to the Public Employees' Retirement System and applied against the liability for prior service incurred thereunder. That portion of the assets so transferred which represent the accumulated contributions (plus interest thereof) required of the employees under said local system has been credited to the individual membership account of each such employee under the Public Employees' Retirement System.

6. The percentage of final compensation to be provided for each year of credited prior and current service for local miscellaneous members shall be determined in accordance with Section 21354 of said Retirement Law, subject to the reduction provided therein for service on and after January 1, 1956, the effective date of Social Security coverage, and prior to June 30, 1978, termination of Social Security, for members whose service has been included in Federal Social Security (2% at age 55 Full and Modified).

PLEASE DO NOT SIGN "EXHIBIT A"

7. The percentage of final compensation to be provided for each year of credited prior and current service as a local safety member shall be determined in accordance with Section 21362.2 of said Retirement Law (3% at age 50 Full).

8. Public Agency elected and elects to be subject to the following optional provisions:

   a. Section 21222.1 (One-Time 5% Increase - 1970). Legislation repealed said Section effective January 1, 1980.

   b. Section 21222.2 (One-Time 5% Increase - 1971). Legislation repealed said Section effective January 1, 1980.

   c. Section 21319 (One-Time 15% Increase for Local Miscellaneous Members Who Retired or Died Prior to July 1, 1971). Legislation repealed said Section effective January 1, 2002.

   d. Section 21572 (Increased Level of 1959 Survivor Benefits) for local miscellaneous members only.

   e. Section 20042 (One-Year Final Compensation).

   f. Section 21427 (Improved Nonindustrial Disability Allowance) for local miscellaneous members only.

   g. Sections 21624, 21626 and 21628 (Post-Retirement Survivor Allowance) for local safety members and those local miscellaneous members entering membership on or prior to October 20, 1981.

   h. Section 21325 (One-Time 3% to 15% Increase For Local Miscellaenous Members and Local Safety Members Who Retired or Died Prior to January 1, 1974). Legislation repealed said Section effective January 1, 2002.

   i. Section 20475 (Different Level of Benefits). Sections 21624, 21626 and 21628 (Post-Retirement Survivor Allowance) are not applicable to local miscellaneous members entering membership for the first time in the miscellaneous classification after October 20, 1981.

   j. Section 21322 (One-Time 4% Increase For Local Miscellaneous Members and Local Safety Members Who Retired or Died Prior to January 1, 1981). Legislation repealed said Section effective January 1, 2002.

PLEASE DO NOT SIGN "EXHIBIT"

k. Section 21317 (One-Time 15% Increase for Certain Local Safety Members Who Retired for Service Retirement). Legislation repealed said Section effective January 1, 2002.

l. Section 21024 (Military Service Credit as Public Service).

m. Section 21574.5 (Indexed Level of 1959 Survivor Benefits) for local safety members only.

n. Section 21547.7 (Alternate Death Benefit for Local Fire Members Credited with 20 or More Years of Service).

9. Public Agency, in accordance with Government Code Section 20790, ceased to be an "employer" for purposes of Section 20834 effective on March 28, 1978. Accumulated contributions of Public Agency shall be fixed and determined as provided in Government Code Section 20834, and accumulated contributions thereafter shall be held by the Board as provided in Government Code Section 20834.

10. Public Agency shall contribute to said Retirement System the contributions determined by actuarial valuations of prior and future service liability with respect to local miscellaneous members and local safety members of said Retirement System.

11. Public Agency shall also contribute to said Retirement System as follows:

a. Contributions required per covered member on account of the 1959 Survivor Benefits provided under Section 21574.5 of said Retirement Law. (Subject to annual change.) In addition, all assets and liabilities of Public Agency and its employees shall be pooled in a single account, based on term insurance rates, for survivors of all local safety members.

b. A reasonable amount, as fixed by the Board, payable in one installment within 60 days of date of contract to cover the costs of administering said System as it affects the employees of Public Agency, not including the costs of special valuations or of the periodic investigation and valuations required by law.

c. A reasonable amount, as fixed by the Board, payable in one installment as the occasions arise, to cover the costs of special valuations on account of employees of Public Agency, and costs of the periodic investigation and valuations required by law.

12. Contributions required of Public Agency and its employees shall be subject to adjustment by Board on account of amendments to the Public Employees' Retirement Law, and on account of the experience under the Retirement System as determined by the periodic investigation and valuation required by said Retirement Law.

13. Contributions required of Public Agency and its employees shall be paid by Public Agency to the Retirement System within fifteen days after the end of the period to which said contributions refer or as may be prescribed by Board regulation. If more or less than the correct amount of contributions is paid for any period, proper adjustment shall be made in connection with subsequent remittances. Adjustments on account of errors in contributions required of any employee may be made by direct payments between the employee and the Board.

B. This amendment shall be effective on the _____ day of _____, _____.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-259

A RESOLUTION APPROVING A PROFESSIONAL SERVICES CONTRACT WITH MANAGEMENT PARTNERS, INC. FOR FACILITATION OF A ONE-DAY WORKSHOP AND ADDITIONAL CONSULTATIVE SERVICES IN AN AMOUNT NOT TO EXCEED $24,900 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT.

WHEREAS, on July 11, 2006, the City Council approved a contract with Management Partners, Inc. to conduct an Organizational Health Assessment, and

WHEREAS, an objective coming out of the Organizational Health Assessment was to conduct a workshop with the City Council to establish goals for the next one to three years, and

WHEREAS, Management Partners, Inc. is uniquely able to provide this service given their recent completion of the Organizational Health Assessment and has provided the City with a cost proposal of $24,900 which will also include additional consultative services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a professional services contract with Management Partners, Inc. for facilitation of a one-day workshop and additional consultative services in an amount not to exceed $24,900.

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager, or his designee, to execute said contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-260

A RESOLUTION AMENDING THE FISCAL YEAR 06-07 OPERATING BUDGET TO APPROPRIATE $24,900 FROM THE GENERAL FUND RESERVE 0100-800-8000-8003 TO PROFESSIONAL SERVICES ACCOUNT 0100-020-0201-0235 TO FULLY FUND THE PROFESSIONAL SERVICES CONTRACT WITH MANAGEMENT PARTNERS, INC.

WHEREAS, on May 1, 2007, by Resolution No. 2007-260, the City Council approved a contract with Management Partners, Inc., for facilitation of a one-day workshop with City Council, Charter Officers, Senior Executive Team, and additional consultative services in an amount not to exceed $24,900, and

WHEREAS, transfer of funds from the General Fund Reserves is necessary to fully fund the contract,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the fiscal year 2006-07 Operating Budget is hereby amended to appropriate $24,900 from 0100-800-8000-8003 General Fund Reserve to the 0100-020-0201-0235, Professional Services account in the City Manager's Office.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-261

A RESOLUTION SUPPORTING A PROPOSAL FROM THE COMMUNITY QUALITIES FORUM TO CALL FOR AN EDUCATIONAL CONFERENCE AND PROVIDE A LOCATION FOR THE CONFERENCE.

WHEREAS, the Community Qualities Forum members believe that people who attend California State University, Stanislaus and Modesto Junior College want to stay in this area, and

WHEREAS. due to the significant number of jobs coming into Modesto and an undereducated population, the Community Qualities Forum is requesting that the City of Modesto put together a conference that will link the efforts of various public agencies in preparing our youth academically for employment in positions in these companies, and

WHEREAS, the conference would discuss what the groups are doing, how they are doing it, what improvements they can make in their approaches, and how they can effectively work together to address the problem, and

WHEREAS, this conference would lead to a better understanding of a major problem facing Modesto and lead to these disparate groups working together to address the issue of an undereducated workforce, and

WHEREAS, the Community Qualities Forum recommends inviting to the conference representatives of the following local groups that are independently dealing with the subject of undereducated local youth to promote working together to foster increased education among the undereducated in the Modesto area: Hispanic Leadership Council; Airport Neighbors United; Hispanic Chamber of Commerce; Parents Institute;

Alliance; Central Valley Center; California State University, Stanislaus; Modesto Junior College; and, Modesto City Schools, and

WHEREAS, for the purpose of working together to investigate educational levels of the local work force, the Community Qualities Forum proposes that the City of Modesto call for an educational conference and provide a location for the conference, and

WHEREAS, the Safety and Communities Committee met on February 5, 2007, and supported the recommendation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby supports a proposal from the Community Qualities Forum for the City of Modesto to call for an educational conference and provide a location for the conference.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN FOR THE CITY OF MODESTO.

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. CLASSIFICATION CREATED. The Position Classification Plan of the City of Modesto is hereby amended to create the following classification:

Exhibits Coordinator

The job specification for this classification is being created to design, coordinate, and install exhibits at the McHenry Mansion and McHenry Museum. The job specification for the classification of Exhibits Coordinator, as shown on the attached **Exhibit "A,"** which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after May 1, 2007.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

SUPERVISION RECEIVED AND EXERCISED

Receives direction from the Cultural Services Manager.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

Plan, design, and install both temporary and permanent exhibits at the museum and mansion.

Coordinate the installation of objects lent by individuals or institutions.

Schedule temporary exhibits, including coordinating delivery, to ensure exhibits are displayed in a timely manner.

Prepare signs and labels as required; cut and assemble matting for prints, drawings, and photographs; create graphics.

Perform maintenance duties to keep exhibits and displays clean, properly labeled and presentable for display.

Maintain close contact with traveling exhibit sources regarding the coordination of exhibits.

Perform minor repairs to artifacts.

Paint, patch and repair walls where exhibits are hung.

Maintain condition reports when traveling exhibits are brought in. Track expenditures and provide input for exhibit needs.

Marginal Functions:

Perform other related duties as assigned.

QUALIFICATIONS:

Knowledge of:

Principles, techniques, equipment and supplies used in developing museum exhibits.

Historic house displays used in museum.

Matting and framing techniques.

Museum purposes, organization and procedures.

Packing and storage techniques for art or history objects.

Personal computers including related graphics and software.

Recreational, social and cultural needs of the community.

Ability to:

Design and install attractive exhibits and displays.

Communicate in a clear and concise manner both verbally and in writing.

Create illustrative materials.

Handle delicate and valuable works of art or historical artifacts with extreme care.

Use a variety of equipment used in the creation of displays including hand and power tools.

Think clearly, quickly and accurately in emergencies.

Identify and analyze potential problems, situations and needs; carry out solutions.

Establish and maintain cooperative working relationships with those contacted in the course of work.

Ability to: (Continued)

Design and prepare a variety of written information materials including brochures and invitations.

Perform minimal manual labor including lifting and carrying up to 25 lbs.

Monitor exhibits to ensure compliance with related regulations, policies and procedures.

Experience and Training Guidelines:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Working in a history museum, historic house museum, or art gallery designing art of historical exhibits.

Training:

Equivalent to an Associate of Arts degree with an emphasis in graphic design, fine arts, and museum studies or a related field.

License or Certificates:

Possession of or the ability to obtain a valid Class C California Drivers License.

WORKING CONDITIONS:

Environmental Conditions:

Office and facility environment; may travel from site to site.

Physical Conditions:

Essential and marginal functions may require maintaining physical conditions necessary for sitting, walking, standing, bending, lifting and using ladders and other equipment to install exhibits for prolonged periods of time; operation of a personal computer and other related office equipment.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-264

A RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 2006-319 TO REVISE THE CLASS RANGE TABLE FOR GENERAL NON-SWORN CLASSES TO ESTABLISH THE SALARY RANGE FOR EXHIBITS COORDINATOR AT SALARY RANGE 107.

WHEREAS, the City Council desires to amend Exhibit "A" of Resolution No. 2006-319, which approved the Class Range Table for General Non-Sworn Classes,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. AMENDMENT TO RESOLUTION NO. 2006-319. Exhibit "A" entitled, "City of Modesto Class Range Table General Non-Sworn Classes Effective May 23, 2006," attached to Resolution No. 2006-319, is hereby amended as shown on the amended Exhibit "A" entitled, "City of Modesto Class Range Table General Non-Sworn Classes Effective May 1, 2007," which is **attached hereto** and made a part hereof as though set forth in full herein. Said amended Exhibit "A" establishes the salary range for Exhibits Coordinator at range 107.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after May 1, 2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on 1st day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-265

A RESOLUTION APPROVING A CONSULTANT AGREEMENT WITH RMC WATER AND ENVIRONMENT, INC., IN THE NOT-TO-EXCEED AMOUNT OF $447,250.00, FOR PROGRAM MANAGEMENT SERVICES OF THE PHASES 1A AND 1B TERTIARY WASTEWATER TREATMENT FACILITY PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on February 13, 2007, by Resolution No. 2007-110, City Council approved an Agreement with Carollo Engineers to prepare a 35% project design and a Preliminary Design Report (PDR) for Phases 1A and 1B Tertiary Wastewater Treatment Facility (Project) in an amount not to exceed $1,113,700, and

WHEREAS, due to the current staffing levels a program management company is being tasked with the program management of the Project, and

WHEREAS, the selection process for program management services followed the City's selection procedures for professional consultants, and

WHEREAS, in accordance with Administrative Directive 3.1, Capital Improvement Services (CIS) staff mailed approximately 80 Request for Qualifications for program management services, and

WHEREAS, two specialized consulting firms of program management services responded and were asked to provide a proposal, and

WHEREAS, the City's Selection Committee reviewed the proposals submitted and held interviews with the two firms, and

WHEREAS, the firm of RMC Water and Environment was considered to be the most qualified to provide program management services for the Project, and

WHEREAS, Capital Improvement Services staff recommends that an Agreement with the consulting firm of RMC Water and Environment, Inc., be approved to perform the program management services as current workload levels do not provide for timely

in-house solutions/responses, and

WHEREAS, City desires to enter into an Agreement with RMC Water and Environment, Inc., in an amount not-to-exceed $447,250 to perform program management services of the Phases 1A and 1B Tertiary Wastewater Treatment Facility project, and

WHEREAS, RMC Water and Environment, Inc., will be paid on a time and materials basis for actual hours required performing individual tasks at a set rate,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement for Program Management Services with RMC Water and Environment, Inc., in an amount not-to-exceed $447,250, for program management services of the Phases 1A and 1B Tertiary Wastewater Treatment Facility project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007- 268

A RESOLUTION APPROVING A WATER SUPPLY ASSESSMENT, PREPARED BY WEST-YOST & ASSOCIATES, FOR THE KIERNAN BUSINESS PARK 'EAST' AND KIERNAN BUSINESS PARK 'SOUTH' PROJECTS (PROJECTS). IT HAS BEEN DETERMINED THAT AN ASSURED, LONG-RANGE WATER SUPPLY FOR THE PROJECTS CAN BE MADE ON THE CONDITIONS THAT: (1) THE MODESTO REGIONAL WATER TREATMENT PLANT PHASE 2 EXPANSION PROJECT BECOMES OPERATIONAL, (2) SPECIFIC WATER MANAGEMENT MEASURES ARE IMPLEMENTED, AND (3) CERTAIN WATER SYSTEM IMPROVEMENTS ARE CONSTRUCTED - ALL PRIOR TO ACTUAL DEVELOPMENT OF THE PROJECTS

WHEREAS, Senate Bill 610 (SB 610) requires water suppliers to conduct Water Supply Assessment (WSA) studies for projects meeting the legislative criteria to determine if a sufficient water supply is available to meet the demands of the proposed Projects, and requires the governing legislative body to approve and adopt such assessments, and

WHEREAS the proposed Projects, located within the Kiernan – Carver Comprehensive Planning District (CPD) bordered by Pelandale Avenue on the south, Dale Road on the west, American Avenue on the east, and Kieran Avenue/SR 219 to the north, is within the City of Modesto's water service area and it meets the criteria of requiring a WSA under SB 610 and SB 221, and

WHEREAS, West Yost Associates has completed a WSA for the Projects, and Public Works staff has determined that an assured 20-year water supply for the build-out of the Projects can be made on the conditions that conjunctive use water management measures are implemented as identified in the Urban Water Management Plan and the WSA, the Modesto Regional Water Treatment Plant Phase 2 Expansion is constructed and future water supplies are secured,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Water Supply Assessment dated April 2007, for the proposed Kiernan Business Park 'East' and Kiernan Business Park 'South' projects is hereby approved and adopted, a copy of which is on file with the City Clerk.

BE IT FURTHER RESOLVED that pursuant to the California Water Code Section 10912, the Council hereby finds and determines that an assured water supply is available to meet the demands of the proposed Kiernan Business Park 'East' and Kiernan Business Park 'South' projects and that the WSA for the proposed Kiernan Business Park 'East' and Kiernan Business Park 'South' projects provides substantial evidence to support this determination.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-269

A RESOLUTION APPROVING A STANDARD AGREEMENT FOR CONSULTANT SERVICES WITH ECONOMIC AND PLANNING SYSTEMS, INC. FOR THE FIVE YEAR UPDATE OF THE CAPITAL FACILITIES FEES PROGRAM IN AN AMOUNT NOT TO EXCEED $60,000, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, the City Council of the City of Modesto adopted Modesto Municipal Code 8-1.904 et seq. creating and establishing the authority for imposing and charging Capital Facilities Fees ("CFF"), and

WHEREAS, pursuant to the Capital Facilities Fees Policies and Procedures, the City is required to update its CFF Program every five years, and

WHEREAS, the City last adopted a comprehensive update of the CFF program on June 24, 2003, and

WHEREAS, a Request for Proposals for the five year update of the CFF program was issued and six proposals were received, and

WHEREAS, staff from the City Manager's Office, Fire, Public Works, and Parks Recreation and Neighborhoods Departments, interviewed four firms, and

WHEREAS, Economic and Planning Systems, Inc. ("Consultant") was selected to prepare the five year update of the CFF Program, and,

WHEREAS, Consultant represents that it is qualified, willing and able to provide said services and prepare such document(s), and

WHEREAS, City staff desires to enter into a Standard Agreement for Consultant Services ("Agreement") with Economic and Planning Services Inc. for the five year update to its CFF program to

1) ensure all facilities within the CFF Program are appropriate for build out within the City's Sphere of Influence,
2) review cost estimates to ensure adequate fees are collected from new development to pay for new development impact on the identified facilities,
3) determine and address any deficiencies within the CFF Program since the last update, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Standard Agreement for Consultant Services between the City of Modesto and Economic and Planning Services, Inc. in an amount not to exceed $60,000 for the Five Year Update of the City's Capital Facilities Fee Program.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-270

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO OF INTENTION TO ESTABLISH CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2007-1 (NORTH BEYER PARK #2) AND AUTHORIZE THE LEVY OF SPECIAL TAXES THEREIN

WHEREAS, an owner of not less than 10 percent of the area of land proposed to be included within the community facilities district herein described has filed with the City Clerk of this City (the "City") a petition requesting that this Council (the "Council") form a community facilities district pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act") in order to: (i) finance certain public facilities having a useful life of 5 years or longer (the "Facilities"), including expenses incidental thereto; and (ii) finance certain services (the "Services") more particularly described in **Exhibit B**; and

WHEREAS, upon receipt of the petition, this Council is, pursuant to Section 53320 of the California Government Code, required to adopt a resolution of intention to establish the community facilities district; and

WHEREAS, this Council has adopted local goals and policies concerning the use of the Act;

NOW, THEREFORE, BE IT RESOLVED, ORDERED, AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The above recitals are true and correct.

SECTION 2. A community facilities district is proposed to be established under the terms of the Act. The name proposed for the community facilities district is "City of Modesto Community Facilities District No. 2007-1 (North Beyer Park #2)" and is referred to in this Resolution as the "District."

SECTION 3. The boundaries of the District are shown on a map, hereby approved, entitled "Proposed Boundaries of City of Modesto Community Facilities District No. 2007-1 (North Beyer Park #2) of the City of Modesto, County of Stanislaus, State of California," a copy of which is on file in the office of the City Clerk. Pursuant to Sections 3110 and 3111 of the California Streets and Highways Code, the City Clerk shall certify on the original and one copy of the map evidencing the date and adoption of this Resolution, file the original in the City Clerk's office and, within 15 days after the adoption of this Resolution and in no event later than 15 days prior to the date of the public hearing referred to in Section 8, file a copy of the map with the County Recorder of the County of Stanislaus.

The Council finds that no land proposed to be included in the District is devoted primarily to agricultural, timber, or livestock uses and being used for the commercial production of agricultural, timber or livestock products.

SECTION 4. The Facilities proposed to be provided by the District are public facilities authorized to be acquired or constructed under the Act that have a useful life of five (5) years or longer. The Facilities are governmental facilities which the Council is authorized by law to contribute revenue to, or construct, own or operate; or which a local public agency is authorized by law to provide. The Council further determines that such Facilities are necessary to meet increased demands placed upon the City and other local agencies as a result of development occurring within the boundaries of the District.

The Facilities are proposed to include any and all incidental expenses related thereto, as authorized by the Act, including the payment in full of all amounts necessary to eliminate any fixed special assessment liens or to pay, repay, or defease any obligation to pay or any indebtedness secured by any tax, fee, charge, or assessment levied within the area of the District or to pay debt service on that indebtedness.

The Services proposed to be provided by the District are in addition to those provided in the District before its creation, since none of the Services have been or will be provided in the District before its creation.

SECTION 5. The Council determines that the public interest will not be served by allowing the owner(s) of property within the proposed District to enter into a contract pursuant to Section #53329.5(a) of the Act.

SECTION 6. (a) It is the intention of the Council that, except where funds are otherwise available to pay for the Facilities to be financed by the District, the incidental expenses related thereto, and the Services, special taxes sufficient to pay the costs thereof, secured by recordation of a continuing lien against all nonexempt real property in the District, will be levied annually within the boundaries of the District. The rate, method of apportionment and manner of collection of the proposed special taxes is set forth in **Exhibit A.** Exhibit A provides sufficient detail to allow each landowner or resident within the District to estimate the maximum amount that such person will have to pay for the Facilities and the Services.

(b) In the case of the special tax to pay for the Facilities that is to be levied against any parcel of land used for private residential purposes (as defined and provided in the Act), (1) the maximum special tax has been specified as a dollar amount which will be calculated and thereby established not later than the date of which any such parcel of land is first subject to the special tax because of its use for private residential purposes, and which amount will not be increased over time by an amount exceeding two per cent (2%) per year, (2) after Fiscal Year 2037-2038, the special tax will no longer be levied or collected against any such parcel of land, and (3) under no circumstances will the special tax be increased as a consequence of delinquency or default by the owner of any other parcel or parcels of land within the District by more than ten per cent (10%). The special tax to pay for the Facilities may, however, establish different tax rates for different categories of residential property, and may provide for a change in the dollar

amount of the special tax for the parcel if the size of the residence is increased or if the size or use of the parcel is changed.

(c) The obligation to pay the special tax to pay for the Facilities may be prepaid and permanently satisfied, and the lien of the special tax to pay for the Facilities discharged pursuant to the procedures set forth in Exhibit A.

(d) If the special tax to pay for the Facilities is prepaid and permanently satisfied as to a particular parcel of land, this Council shall cause to be prepared and recorded in the office of the County Recorder of the County of Stanislaus, which shall accept for recordation, a Notice of Cancellation of Special Tax Lien as to that parcel. The Notice of Cancellation of Special Tax Lien shall identify with particularity the special tax to pay for the Facilities which has been prepaid and permanently satisfied, state the book and page number in the records of the County Recorder where the Notice of Special Tax Lien being cancelled is recorded, contain the legal description and assessor's parcel number of the particular parcel of land subject to the lien, and contain the name of the owner of record of the parcel. The County Recorder shall mail the original Notice of Cancellation of Special Tax Lien to the owner of the property after recording the document. This Council may specify a charge for the preparation and recordation of the Notice.

SECTION 7. Pursuant to Section 53314.9 of the Act, this Council may accept advances of funds or work-in-kind from any source, including, but not limited to, private persons or private entities, and may provide, by resolution, for the use of those funds or that work-in-kind for any authorized purpose, including, but not limited to, paying any cost incurred by the City in creating the District.

SECTION 8. A public hearing on the establishment of the District and the proposed rate, method of apportionment, and manner of collection of the special taxes shall be held at 6:00 p.m., or as soon thereafter as practicable, on Tuesday, June 12, 2007, at the regular

meeting place of the City Council, City Council Chambers, Basement Level, 1010 Tenth Street, Modesto, California 95353, such time being not less than 30 or more than 60 days following the adoption hereof.

SECTION 9. The Public Works Director, as the officer of the City who will be responsible for providing the proposed Facilities and Services to be financed by the District, if it is established, is directed to study the proposed District, and, at or before the time of the hearing, cause to be prepared and filed with the Council a report containing: (a) a brief description of the Facilities and Services by type which will in such officer's opinion be required to adequately meet the needs of the District; (b) an estimate of: (i) the cost of providing the Facilities and Services; (ii) the fair and reasonable cost of any of the Facilities to be purchased; and (iii) the fair and reasonable cost of incidental expenses to be incurred in connection therewith, including the costs of the proposed bond financing and other related costs as provided in Section 53345.3 of the Act.

The report shall be made a part of the record of the hearing.

SECTION 10. At the time and place set forth in this Resolution for the hearing, any interested persons, including taxpayers, property owners and registered voters residing within the boundaries of the proposed District, may appear and be heard, and the testimony of all interested persons for or against the establishment of the District, the extent of the District, the furnishing of the Facilities and Services, or the proposed rate, method of apportionment and manner of collection of the special taxes will be heard and considered. Any protest may be made orally or in writing. However, any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and clearly set forth the irregularities and defects to which the objection is made. All written protests shall be filed with the City Clerk on or before the time fixed for the public hearing. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

SECTION 11. The City Clerk is directed to publish a notice of the hearing, in the form required by the Act, not later than seven (7) days prior thereto, in a newspaper of general circulation published in the area of the District, being *The Modesto Bee*, and otherwise in accordance with Section 6061 of the California Government Code.

SECTION 12. (a) If fifty percent (50%) or more of the registered voters, or six (6) registered voters, whichever is more, residing within the territory proposed to be included in the District, or the owners of one-half (1/2) or more of the area of the land in the territory proposed to be included in the District and not exempt from the special taxes, file written protests against the establishment of the District, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings to create the District or to levy the special taxes will be taken for a period of one year from the date of the decision of the Council.

(b) If the majority protests of the registered voters or the landowners are only against the furnishing of a specified type or types of the Facilities or Services within the District, or against levying a specified special tax, those types of Facilities or Services or the specified special tax will be eliminated from the District proceedings.

(c) At the conclusion of the hearing, if the Council determines to establish the District, it will adopt a resolution of formation and then submit the levy of the special taxes to the qualified electors of the District in a special election.

SECTION 13. (a) If, after the hearing, the Council adopts a resolution of formation establishing the District and submits the levy of the special taxes to the qualified electors of the District in a special election, such election will be held at least ninety (90) days, but not more than one hundred eighty (180) days following the adoption of the resolution of formation. The City Clerk shall, within three business days after the adoption of the resolution of formation, provide a copy of the resolution of formation, a certified map of sufficient scale

and clarity to show the boundaries of the District, and a sufficient description to allow the election official to determine the boundaries of the District, to the official conducting the election. Assessor's parcel numbers for the land within the District shall be included if it is a landowner election or the District does not conform to an existing district's boundaries and if requested by the official conducting the election.

(b) If the election is to be held less than one hundred twenty-five (125) days after the adoption of the resolution of formation, the concurrence of the election official conducting the election shall be required.

(c) Such time limits, or requirement pertaining to the conduct of the election, may be waived with the unanimous consent of the qualified electors of the District and the concurrence of the election official conducting the election.

(e) If at least twelve (12) persons, who need not necessarily be the same twelve (12) persons, have been registered to vote within the territory of the proposed District for each of the ninety (90) days preceding the close of the hearing, the vote will be by the registered voters of the proposed District, with each voter having one vote. Otherwise, the vote will be by the landowners of the proposed District and each landowner who is the owner of record at the close of the hearing, or the authorized representative thereof, will have one (1) vote for each acre or portion of an acre of land that such landowner owns within the proposed District. The number of votes to be voted by a particular landowner will be specified on the ballot provided to that landowner.

(f) Ballots for the special election authorized may be distributed to qualified electors by mail with return postage prepaid or by personal service by the election official. The official conducting the election may certify the proper mailing or personal delivery of ballots by an affidavit, which shall constitute conclusive proof of such mailing or personal delivery in the absence of fraud. The voted ballots shall be returned to the election officer conducting the

election not later than the hour specified in the resolution calling the election. However, if all the qualified voters have voted, the election shall be closed.

(g) Except as otherwise provided in the Act, the provisions of law regulating elections of the City, insofar as they may be applicable, will govern the election. Except as provided in the next sentence, there will be prepared and included in the ballot material provided to each voter an impartial analysis and arguments and rebuttals, if any, as provided in the California Elections Code. If the vote is to be by the landowners of the proposed District, analysis and arguments may be waived with the unanimous consent of all the landowners.

If the election is to be conducted by mail ballot, the election official conducting the election shall provide ballots and election materials, together with all supplies and instructions necessary for the use and return of the ballot. The identification envelope for return of mail ballots used in a landowner election shall contain the following: (1) the name of the landowner; (2) the address of the landowner; (3) a declaration, under penalty of perjury, stating that the voter is the owner of record or the authorized representative of the landowner entitled to vote and is the person whose name appears on the identification envelope; (4) the printed name and signature of the voter; (5) the address of the voter; (6) the date of signing and the place of execution of the declaration described in (3) above; and (7) a notice that the envelope contains an official ballot and will be opened only by the canvassing board.

(h) The procedures set forth in this Sectionfor conducting the consolidated special election may be modified as the Council may determine to be necessary or desirable by a resolution subsequently adopted by the Council.

SECTION 14. This Council may, by ordinance, authorize contributions by the City from any sources of revenue not otherwise prohibited by law, of any specified amount, portion or percentage of such revenue for any of the following: (1) acquiring or constructing any of the Facilities; (2) the acquisition of interests in real property; (3) paying debt service with

respect to the financing of any such acquisition or construction; (4) providing the authorized Services; and (5) the payment of expenses incidental to any of the foregoing.

SECTION 15. This Council reserves to itself the right and authority to allow any interested owner of property within the District, subject to the provisions of Section 53344.1 of the Act and to those conditions it may impose, and any applicable prepayment penalties as described in the bond indenture or comparable instrument or document, to tender in full payment or part payment of any installment of the special tax levied to pay for the Facilities or the interest or penalties thereon which may be due or delinquent, but for which a bill has been received, any bond or other obligation secured thereby, the bond or other obligation to be taken at par and credit to be given for the accrued interest shown thereby computed to the date of tender.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Olsen

Exhibit "A"

Rate and Method of Apportionment

CITY OF MODESTO
COMMUNITY FACILITIES DISTRICT NO. 2007-1
(NORTH BEYER #2)

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAXES

Special Taxes applicable to each Assessor's Parcel in Community Facilities District No. 2007-1 (North Beyer #2) [herein "CFD No. 2007-1" or "the CFD"] shall be levied and collected according to the tax liability determined by the City Council of the City of Modesto, through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2007-1, unless exempted by law or by the provisions of Section G below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to CFD No. 2007-1 unless a separate Rate and Method of Apportionment is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5, (commencing with Section 53311), Division 2 of Title 5 of the California Government Code.

"Administrative Expenses" means any or all of the following: expenses incurred by the City in carrying out its duties with respect to CFD No. 2007-1, including, but not limited to, levying and collecting the Special Taxes; the fees and expenses of legal counsel; charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office; costs related to annexing property into the CFD; costs related to property owner inquiries regarding the Special Taxes; and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

"Administrator" means the person or firm designated by the City to administer the Special Taxes according to this Rate and Method of Apportionment of Special Taxes.

"Annual Maintenance Special Tax" means a special tax levied in any Fiscal Year to pay the Annual Maintenance Special Tax Requirement, as defined below.

"Annual Maintenance Special Tax Requirement" means that amount necessary in any Fiscal Year to (i) pay for Authorized Services, (ii) pay Administrative Expenses, and (iii) cure any delinquencies in the payment of Annual Maintenance Special Taxes levied in prior Fiscal Years or (based on delinquencies in the payment of Annual Maintenance Special Taxes which have already taken place) are expected to occur in the current Fiscal Year.

"Assessor's Parcel" or **"Parcel"** means a lot or parcel shown on an Assessor's Parcel Map with an assigned Assessor's Parcel number.

"Assessor's Parcel Map" means an official map of the County Assessor designating parcels by Assessor's Parcel number.

"Authorized Services" means those services that are authorized to be funded by CFD No. 2007-1.

"CFD Formation" means the date on which the Resolution of Formation to form CFD No. 2007-1 was adopted by the City Council.

"City" means the City of Modesto.

"City Council" means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2007-1.

"County" means the County of Stanislaus.

"Developed Property" means, in any Fiscal Year, the following:

- for Single Family Detached Property, all Parcels for which a Final Map was recorded prior to June 30 of the preceding Fiscal Year but not prior to June 30, 2007,
- for Multi-Family Property, all Parcels for which a building permit for new construction of a residential structure was issued prior to June 30 of the preceding Fiscal Year but not prior to June 30, 2007, and
- for Other Property, all Parcels for which a building permit for construction of a building structure was issued prior to June 30 of the preceding Fiscal Year.

"Final Map" means a final map, or portion thereof, approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410 *et seq.*) that creates lots which do not need to be further subdivided prior to issuance of a building permit for a residential or non-residential structure. The term "Final Map" shall not include any Assessor's Parcel Map or subdivision map or portion thereof, that does not create lots that are in their final configuration, including Assessor's Parcels that are designated as remainder parcels.

"Fiscal Year" means the period starting July 1 and ending on the following June 30.

"Maximum Annual Maintenance Special Tax" means the greatest amount of Annual Maintenance Special Tax that can be levied on an Assessor's Parcel in any Fiscal Year determined in accordance with Sections C and D.

"**Maximum One-Time Facilities Special Tax**" means the greatest amount of One-Time Facilities Special Tax that can be levied on an Assessor's Parcel in any Fiscal Year determined in accordance with Sections C and D below.

"**Maximum Special Taxes**" means, collectively, the Maximum One-Time Facilities Special Tax and the Maximum Annual Maintenance Special Tax.

"**Multi-Family Property**" means all Parcels in CFD No. 2007-1 for which building permits have been issued for construction of a residential structure consisting of two or more residential units that share common walls, including but not limited to, townhomes, condominiums, duplexes, triplexes, fourplexes, and apartment units.

"**Net Taxable Acreage**" or "**Net Taxable Acre**" means the total acreage within a Final Map or Parcel less arterial road right-of-ways and property that is defined in the Final Map for use as a park site, school site, or City-owned or CFD-owned storm drainage basin. If a Subdivision Map is recorded which is not a Final Map for some or all Parcels created by the subdivision, the Administrator shall calculate the Net Taxable Acreage of such unsubdivided Parcels by identifying the Acreage of the Parcel and (i) adding a portion of the acreage of any non-arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way, and (ii) subtracting a portion of the acreage of any arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way. The Net Taxable Acreage of a Parcel or Final Map shall be determined in the sole discretion of the City.

"**One-Time Facilities Special Tax**" means a Special Tax, levied and collected in full by the City prior to a structural building permit being issued for new construction on Taxable Property.

"**Original Parcel**" means an Assessor's Parcel (or a parcel within a recorded Subdivision Map that has not yet been assigned an Assessor's Parcel number) that is in CFD No. 2007-1 at the time of CFD Formation or added to the CFD upon annexation. A Successor Parcel that is being further subdivided shall also be considered an Original Parcel for purposes of determining the Maximum Special Taxes pursuant to Section C below.

"**Other Property**" means, in any Fiscal Year, all Parcels of Taxable Property within the CFD for which building permits have been issued for construction of a non-residential structure.

"**Proportionately**" means, for Developed Property, that the ratio of the actual Annual Maintenance Special Tax levied in any Fiscal Year to the Maximum Annual Maintenance Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor's Parcels of Developed Property, respectively. In addition, for Undeveloped Property, "Proportionately" means that the ratio of the actual Annual Maintenance Facilities Special Tax to the Maximum Annual Maintenance Special Tax is equal for all Assessor's Parcels of Undeveloped Property, respectively.

"**Public Property**" means any property within the boundaries of CFD No. 2007-1 that is owned by the federal government, State of California, County, City, or other public agency.

"Single Family Detached Lot" means an individual numbered lot, which is in its final configuration and for which a building permit may be issued for a single family detached unit.

"Single Family Detached Property" means, in any Fiscal Year, all Parcels of Developed Property for which a building permit was issued or will be issued for construction of a residential unit that does not share a common wall with another Unit.

"Special Taxes" means, collectively, the One-Time Facilities Special Tax and the Annual Maintenance Special Tax.

"Subdivision Map" means a Final Map, large lot subdivision map, or other map recorded with the County that results in the subdivision of an Original Parcel into two or more Successor Parcels.

"Successor Parcel" means an Assessor's Parcel of Taxable Property created by the subdivision or reconfiguration of an Original Parcel on which construction of a residential or non-residential structure is permitted.

"Taxable Property" means all of the Assessor's Parcels within the boundaries of CFD No. 2007-1 which are not exempt from the Special Tax pursuant to law or Section G below.

"Taxable Public Property" means, in any Fiscal Year, all Parcels of Public Property within CFD No. 2007-1 that, at the time of CFD Formation, were expected to be Taxable Property, and, based on this expectation, Maximum Special Taxes were assigned to the Parcels in a prior Fiscal Year.

"Undeveloped Property" means, in any Fiscal Year, all Parcels of Taxable Property within CFD No. 2007-1 that are not Developed Property.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor's Parcel numbers for all Parcels of Taxable Property in CFD No. 2007-1. The Administrator shall also determine (i) whether each Assessor's Parcel of Taxable Property is Developed Property or Undeveloped Property, (ii) the Net Taxable Acreage of each Parcel, and (iii) the Annual Maintenance Special Tax Requirement.

In any Fiscal Year, if it is determined that (i) a Subdivision Map for a portion of property in CFD No. 2007-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the Subdivision Map was recorded, the Assessor does not yet recognize the new Parcels created by the Subdivision Map, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the Subdivision Map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the Subdivision Map.

C. MAXIMUM SPECIAL TAXES

1. Original Parcels

Table 1 below identifies the Maximum One-Time Facilities Special Tax and Maximum Annual Maintenance Special Tax assigned to each Original Parcel in the CFD at the time of CFD Formation. Separate Maximum Special Taxes shall be assigned to Parcels added to the CFD as a result of future annexations.

TABLE 1
MAXIMUM SPECIAL TAXES
FISCAL YEAR 2007-08

Fiscal Year 2007-08 Assessor's Parcel Number or Subdivision Map Parcel Number	*Fiscal Year 2007-08 Maximum One-Time Facilities Special Tax**	*Fiscal Year 2007-08 Maximum Annual Maintenance Special Tax**
082-005-031	$223,146	$37,138
Parcel 2 of Parcel Map 55-PM-12	$120,123	$19,992

** Special Taxes shown in Table 1 are subject to the annual adjustments described in Section D below.*

2. Successor Parcels

Upon recordation of a Subdivision Map that subdivides an Original Parcel, the Administrator shall apply the appropriate subsection below to determine the Maximum Special Taxes for each Successor Parcel:

a. ***All Successor Parcels are Single Family Detached Lots***

If all Parcels created by a recorded Subdivision Map are Single Family Detached Lots, the Administrator shall divide the Maximum Special Taxes assigned to the Original Parcel that was subdivided by the number of Single Family Detached Lots created within the Subdivision Map to determine the Maximum Special Taxes for each Single Family Detached Lot.

b. ***No Successor Parcels are Single Family Detached Lots***

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

Step 1: Determine the total combined Net Taxable Acreage within all Successor Parcels created from subdivision or reconfiguration of the Original Parcel.

Step 2: Divide the Maximum One-Time Facilities Special Tax and the Maximum Annual Maintenance Special Tax assigned to the Original Parcel by the Net Taxable Acreage determined in Step 1 to determine a Maximum One-Time Facilities Special Tax and a Maximum Annual Maintenance Special Tax per Net Taxable Acre.

Step 3: Multiply the Maximum Special Taxes per Net Taxable Acre determined in Step 2 by the Net Taxable Acreage of each Successor Parcel of Taxable Property to determine the Maximum One-Time Facilities Special Tax and Maximum Annual Maintenance Special Tax for each Parcel.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

c. ***Some, But Not All, Successor Parcels are Single Family Detached Lots***

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall apply the following steps to determine the Maximum Special Taxes for each Successor Parcel:

Step 1: Separately identify: (i) the total Net Taxable Acreage created within the Subdivision Map, and (ii) the combined Net Taxable Acreage of all Single Family Detached Lots created within the Subdivision Map.

Step 2: Divide the Maximum One-Time Facilities Special Tax assigned to the Original Parcel by the total Net Taxable Acreage created within the Subdivision Map to determine the Maximum One-Time Facilities Special Tax per Net Taxable Acre.

Step 3: Divide the Maximum Annual Maintenance Special Tax assigned to the Original Parcel by the total Net Taxable Acreage created within the Subdivision Map to determine the Maximum Annual Maintenance Special Tax per Net Taxable Acre.

Step 4: Multiply the Maximum One-Time Facilities Special Tax per Net Taxable Acre that was calculated in Step 2 by the total combined Net Taxable Acreage of all Single Family Detached Lots (as determined in Step 1), and divide the product by the number of Single Family Detached Lots created in the Subdivision Map to calculate the Maximum One-Time Facilities Special Tax for each Single Family Detached Lot.

Step 5: Multiply the Maximum Annual Maintenance Special Tax per Net Taxable Acre that was calculated in Step 3 by the total combined Net Taxable Acreage of all Single Family Detached Lots (as determined in Step 1), and divide the product by the number of Single Family Detached Lots created in the Subdivision Map to calculate the Maximum Annual Maintenance Special Tax for each Single Family Detached Lot.

Step 6: Multiply the Maximum One-Time Facilities Special Tax per Net Taxable Acre that was calculated in Step 2 by the Net Taxable Acreage of each Parcel of Taxable Property created within the Subdivision Map that is not a Single Family Detached Lot to determine the Maximum One-Time Facilities Special Tax for each Parcel.

Step 7: Multiply the Maximum Annual Maintenance Special Tax per Net Taxable Acre that was calculated in Step 3 by the Net Taxable Acreage of each Parcel of Taxable Property created within the Subdivision Map that is not a Single Family Detached Lot to determine the Maximum Annual Maintenance Special Tax for each Parcel.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

1. One-Time Facilities Special Tax

Beginning in January 2008 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel shall be adjusted by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

2. Annual Maintenance Special Tax

Beginning in January 2008 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel shall be adjusted by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as

published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. METHOD OF LEVY OF THE SPECIAL TAX

1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2007-1 and shall be collected as set forth in Section F below.

2. Annual Maintenance Special Tax

Each Fiscal Year, the Administrator shall determine the Annual Maintenance Special Tax Requirement for the Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

Step 1: The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year.

Step 2: If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year.

Step 3: If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2007-1, and shall be immediately delinquent if not so paid.

The Annual Maintenance Special Tax for CFD No. 2007-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual

Maintenance Special Taxes through foreclosure or other available methods. The Annual Maintenance Special Tax shall be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services and all Administrative Expenses have been reimbursed.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Taxes, no Special Taxes shall be levied on Public Property except Taxable Public Property, as defined herein.

H. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the Rate and Method of Apportionment of Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Taxes.

Exhibit "B"

LIST OF FACILITIES

EXHIBIT "B"

LIST OF FACILITIES

The facilities described below are all facilities which the City of Modesto Community Facilities District No. 2007-1 is authorized to finance.

- Oakdale Road (Principle Arterial) between Mable Ave. and Claratina Ave. This road segment includes a landscaped median and a landscaped parkway strip.
- Coffee Road (Minor Arterial) between Mable Ave. and Claratina Ave. This road segment includes a landscaped median.

LIST OF SERVICES

Included in City of Modesto CFD No. 2007-1 is the maintenance of the landscaping on Claratina Ave., Oakdale Road, Mable Ave. and Coffee Road. Maintenance of the Rose Villas park/basin site is also included.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-271

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO CONDUCT A SOLE SOURCE PURCHASE OF NEW REMOTE TERMINAL UNITS (RTU'S) AND RADIOS, WITH RELATED EQUIPMENT, INCLUDING THE REPAIR OF RTU RADIOS AND BOARDS, FOR THE CITY OF MODESTO, FROM HSQ TECHNOLOGY, HAYWARD, CA, FOR A TWO (2) YEAR AGREEMENT, WITH THREE (3) ONE-YEAR CONTRACT EXTENSION OPTIONS, AT THE SOLE DISCRETION OF THE CITY.

WHEREAS, the Public Works Department-Water Quality Control (WQC) Division intermittently has the need to install or replace RTU's, radios and related equipment as part of the Supervisory Control and Data Acquisition (SCADA) System, and

WHEREAS, Remote Terminal Units (RTU'S) are industrial computers used to collect, store, and transmit operational data (flows, pressures, pump status, valve position, and motor current) back to the SCADA control center, and

WHEREAS, commands from the control center are also transmitted to the RTU to start/stop pumps, open/close valves, and adjust setpoints, and

WHEREAS, the RTU can be programmed with control logic to independently operate a facility (start/stop equipment, shoutdown on certain alarms, and maintain pressure/level), and

WHEREAS, newer RTU's support the ability to communicate with other intelligent field devices such as operator touch screens, programmable logic controllers, and wireless input/output devices, effectively becomes a gateway for passing operational data between various devices, and

WHEREAS, the City of Modesto utilizes RTU's manufactured by HSQ Technology, the City's SCADA System provider, and

WHEREAS, much of the functionality of our SCADA system works specifically with HSQ RTU's and would be lost if another manufacturer's RTU's were used, and

WHEREAS, in FY 05/06, expenditures for RTU's, radios and related equipment were $104,000, and

WHEREAS, in FY 06/07, expenditures for RTU's, radios and related equipment to date have reached $81,400, and

WHEREAS, HSQ Technology is the sole provider for SCADA RTU's, radios and related equipment, and

WHEREAS, an annual purchase agreement with HSQ Technology for the purchase of new RTU's and radios, with related equipment, including the repair of RTU radios and boards will ensure availability and consistency in pricing for projects throughout the City, and

WHEREAS, Modesto Municipal Code Section 8-3,203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, however, one exception to the formal bid process, Modesto Municipal Code Section 8-3.204(b), states whereas the purchasing agencies requirements can be met solely by a single article or process. The sole source purchase of new remote terminal units and radios, with related equipment, includes repair, conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of contract for the purchase of new RTU's and radios, with related equipment, including the repair of RTU radios and boards to HSQ Technology, Hayward, CA, for a two (2) year agreement, with three (3) one-year contract extension options, at the sole discretion of the City.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase agreement for the purchase of new RTU's and radios, with related equipment,

including the repair of RTU radios and boards to HSQ Technology, Hayward, CA, for a two (2) year agreement, with three (3) one-year extension options, at the sole discretion of the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Mayor Ridenour
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-272

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE PURCHASE OF CONCRETE BOXES AND COVERS FOR THE FINANCE DEPARTMENT-CENTRAL STORES DIVISION, FOR A TWO (2) YEAR AGREEMENT, WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR AN ESTIMATED ANNUAL COST OF $41,000

WHEREAS, the Finance Department-Central Stores Division has requested the purchase of concrete boxes and covers, and

WHEREAS, concrete boxes and covers are used for housing valves and meters, and

WHEREAS, concrete boxes and covers are stocked by the Central Stores Division and then issued to requesting departments, and

WHEREAS, the need and specifications for concrete boxes and covers has been developed over time through collaboration between Central Stores staff and division personnel requesting the materials, and

WHEREAS, by issuing RFB's, the City will achieve the best value for concrete boxes and covers, and meet Modesto Municipal Code requirements for formal bids, and

WHEREAS, Modesto Municipal Code Section 8-3.203 requires all purchases, which meet or exceed $50,000 for material, equipment, or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Bid for the purchase of concrete boxes and covers conforms to the Modesto Municipal Code, and

WHEREAS, the funds for inventory purchases have been appropriated in account number 7110-120-8311-0439 (Inventory Purchases Stores), and

WHEREAS, material is purchased using these funds and recouped through sales to City Divisions, and

WHEREAS, the Purchasing Division has coordinated the drafting of bid specifications for concrete boxes and covers with the Central Stores Division,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue a formal Request for Bid (RFB) for the purchase of concrete boxes and covers for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost of $41,000 as follows:

BE IT FURTHER RESOLVED THAT the City Clerk is hereby authorized to call for public competitive sealed bids for concrete boxes and covers to be opened in the City Clerk's office, 1010 10th Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

BE IT FURTHER RESOLVED THAT after sealed bids are opened they shall be tabulated and analyzed by the Purchasing Division and a report submitted to the Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-273

A RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL AND CONTRACT FOR THE FURNISHING AND INSTALLATION OF PRE-TREATMENT PROGRAM SOFTWARE FOR THE PUBLIC WORKS ENVIRONMENTAL SERVICES DIVISION TO ENFOTECH & CONSULTING INC., LAWRENCEVILLE, NJ IN THE APPROXIMATE AMOUNT OF $96,000 AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT.

WHEREAS, the City's National Pollution Discharge Elimination System (NPDES) permit requires the tracking of industrial and other permitted customers to ensure compliance with pretreatment regulations, and

WHEREAS, the current process of using a Microsoft Access database does not allow for all-inclusive compliance tracking of usage or provide for current data monitoring, and

WHEREAS, since 2003 Public Works Environmental Services staff has been using individually developed spreadsheets to track compliance and a Microsoft Access database for billing industrial customers for sewer usage, and

WHEREAS, on April 25, 2006, Council approved Resolution No. 2006-255 authorizing the Purchasing Manager to issue formal Request for Proposals (RFP) for the furnishing and installation of Pre-Treatment Program Software for the Public Works Environmental Services Division, and

WHEREAS, the Purchasing Division issued RFP No. 0607-13 for the furnishing and installation of Pre-Treatment Program Software to seven (7) prospective proposers, posted the RFP on the City's Website and advertised in the local newspaper as required by law, and

WHEREAS, on November 7, 2006, proposals were formally opened with four (4) firms submitting proposals, and

WHEREAS, an evaluation committee assessed the proposals based on stated evaluation criteria, and

WHEREAS, based on being ranked highest in total evaluation criteria, the evaluation committee recommended award of proposal and contract for the furnishing and installation of Pre-Treatment Program Software for the Public Works Environmental Services Division to EnfoTech & Consulting Inc. of Lawrenceville, NJ and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment, or contractual services to be formally bid, and

WHEREAS, the issuance RFP No. 0607-13 for furnishing and installation of Pre-Treatment Program Software for the Public Works Environmental Services Division to meet the current NPDES permit requirements conformed to MMC Section 8-3.203,

WHEREAS, funds for the purchase of Pretreatment Program Software are budgeted in 6210-480-5217-5400,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of proposal and contract for the furnishing and installation of Pre-Treatment Program Software for the Public Works Environmental Services Division, to EnfoTech & Consulting of Lawrenceville, NJ in the approximate amount of $96,000.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase order both for the furnishing and installation of Pre-Treatment Program Software for the Public Works Environmental Services Division, to EnfoTech & Consulting of Lawrenceville, NJ in the approximate amount of $96,000.

BE IT FURTHER RESOLVED that the City Manger or his designee is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-274

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACTS FOR THE FURNISHING OF WELL REHABILITATION SERVICES FOR THE PUBLIC WORKS DEPARTMENT, WATER DIVISION, TO ZIM INDUSTRIES, FRESNO, CA AS THE "PRIMARY" CONTRACTOR, AND LAYNE CHRISTENEN CO., FONTANA, CA AS THE "SECONDARY" CONTRACTOR, FOR A TWO (2) YEAR AGREEMENT, WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR A TOTAL ESTIMATED ANNUAL COST OF $169,987

WHEREAS, the City of Modesto owns and operates 113 water well sites, which have a producing capacity of 109.97 million gallons per day (MGD) of water, and

WHEREAS, this water system services approximately 76,000 customer locations, for a total of 280,000 people, and

WHEREAS, many of the City's wells are old and starting to deteriorate, and

WHEREAS, wells with reduced water supply are inspected via video to verify the integrity of the well, but are only rehabilitated when the supply levels reach a critically low level, and

WHEREAS, by contracting for well rehabilitation services, the Water Division will be able to proactively rehabilitate the aged wells before they reach a critical level, and

WHEREAS, funding for well rehabilitation services will come from the Water Enterprise Fund, which derives its funding from user fees, and

WHEREAS, in order to ensure continued services to the City, contracts have been awarded to more than one contractor to provide for backup in case the primary contractor is unable to meet the City's needs. A secondary position contractor may be awarded a specific job only if the primary contractor is unable to perform the service, or if the

primary contractor is unable to complete the specific job within the time frame required by the City, and finally, if the primary contractor is unable to maintain acceptable quality standards required by the City,

WHEREAS, on May 3, 2005, Council approved Resolution No. 2005-231 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for the furnishing of well rehabilitation services for the Public Works Department, Water Division, for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, and

WHEREAS, on August 29, 2006, the Purchasing Division issued Request for Bid No. 0607-10 for the furnishing of well rehabilitation services to sixteen (16) prospective bidders, six (6) of which were local companies, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, on October 3, 2006, RFB's were formally opened in the City Clerk's office. Of the sixteen (16) prospective bidders, three (3) companies chose to respond, and

WHEREAS, one of the bids received did not include the Bid Acknowledgement, **Exhibit "A"**, and the bid was deemed non-responsive and non-responsible by City staff, and received no consideration, and

WHEREAS, based on providing responsive and responsible bids, City staff recommends the award of bid and contracts for the furnishing of Well Rehabilitation Services for the Public Works Department, Water Division, to Zim Industries, Fresno, CA as the "primary" contractor, and Layne Christensen Co., Fontana, CA as the "secondary" contractor, for a two (2) year agreement, with three (3) one-year extension

options at the sole discretion of the City, for a total estimated annual cost of $169,987, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid and contracts for the furnishing of well rehabilitation services for the Public Works Department, Water Division, conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contracts for the furnishing of Well Rehabilitation Services for the Public Works Department, Water Division, to Zim Industries, Fresno, CA as the "primary" contractor, and Layne Christensen Co., Fontana, CA as the "secondary" contractor, for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $169,987.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase agreement for the furnishing of Well Rehabilitation Services for the Public Works Department, Water Division, to Zim Industries, Fresno, CA as the "primary" contractor, and Layne Christensen Co., Fontana, CA as the "secondary" contractor, for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $169,987.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-275

A RESOLUTION APPROVING THE ISSUANCE OF REVENUE BONDS BY THE MODESTO IRRIGATION DISTRICT FINANCING AUTHORITY RELATED TO THE FINANCING OF PHASE TWO OF THE DOMESTIC WATER TREATMENT AND DELIVERY SYSTEM OF THE MODESTO IRRIGATION DISTRICT, AUTHORIZING FINANCING AMENDMENTS TO THE AMENDED AND RESTATED TREATMENT AND DELIVERY AGREEMENT AND AUTHORIZING SWAP AGREEMENTS IN CONNECTION WITH REFUNDING OF THE MODESTO IRRIGATION DISTRICT FINANCING AUTHORITY DOMESTIC WATER PROJECT REVENUE BONDS, SERIES 1998D

WHEREAS, the City of Modesto, a charter city and municipal corporation organized and existing under the laws of the State of California (the "City"), currently provides municipal water service within the service boundaries of the Modesto Irrigation District (the "District"), and

WHEREAS, the District proposes to finance a Phase Two expansion of the domestic water treatment and delivery system of the District (the "Project") through the issuance of Modesto Irrigation District Financing Authority Domestic Water Project Revenue Bonds in one or more series (the "2007 Bonds"), and

WHEREAS, the 2007 Bonds will be issued for the benefit of the City's Municipal Water Utility and will be repaid from the debt service portion of payments (the "Debt Service Portion") made by the City in accordance with the Amended and Restated Treatment and Delivery Agreement entered into in 2005 by the City and the District (the "Treatment and Delivery Agreement"),

WHEREAS, the City and the District desire to amend the Treatment and Delivery Agreement in order to facilitate the issuance and/or refunding of the Bonds (as defined below) with a variable interest rate integrated with interest rate swaps (the "Swap Agreements") in connection with the Bonds, in the form of the Financing Amendments to Amended and Restated

Treatment and Delivery Agreement, dated as of June 1, 2007 (the "Treatment and Delivery Agreement Amendment"), by and between the City and the District;

WHEREAS, pursuant to Section 18.5.2 of the Treatment and Delivery Agreement, the District and the City have both agreed that with respect to one or more series of the Bonds, Variable Financing (as such term is defined in the Treatment and Delivery Agreement), as well as associated Swap Agreements, shall be applied to and used throughout the term of such series of Bonds; and

WHEREAS, the Modesto Irrigation District Financing Authority (the "Authority") previously issued its Modesto Irrigation District Financing Authority Domestic Water Project Revenue Bonds Series 1998D (the "1998D Bonds" and, together with the 2007 Bonds, the "Bonds") to refinance the domestic water treatment and delivery system of the District, and

WHEREAS, the City desires to confirm that the Authority may enter into a Swap Agreement in connection with the refunding of all or a portion of the 1998D Bonds, and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto as follows:

SECTION 1. The City Council of the City hereby finds and determines that the matters set forth in the preambles to this Resolution are true and correct.

SECTION 2. The City Council of the City hereby approves of the issuance of the 2007 Bonds by the Authority at one time, or from time to time, in one or more series separately or differently identified for the benefit of the City's Municipal Water Utility; provided, however, that the aggregate principal amount of the 2007 Bonds shall not exceed $97,000,000, the final maturity of the 2007 Bonds shall not exceed September 1, 2039 and the underwriter's discount with respect to the 2007 Bonds shall not exceed 0.55%.

SECTION 3. The proposed form of the Official Statement relating to the 2007 Bonds (the "Official Statement") as presented to this meeting is hereby approved. Bear, Stearns & Co. Inc., as underwriter with respect to the 2007 Bonds, is hereby authorized to distribute copies of the Official Statement in preliminary form to prospective purchasers of the 2007 Bonds and is hereby directed to distribute copies of the Official Statement in final form to all actual purchasers of the 2007 Bonds. The Mayor, the City Manager or Finance Director is hereby authorized and directed to execute and deliver a final Official Statement, in substantially the form as such deemed final Preliminary Official Statement.

SECTION 4. The proposed form of the Treatment and Delivery Agreement Amendment as presented to this meeting is hereby approved. The Mayor, the City Manager or Finance Director is hereby authorized and directed to execute and deliver the Treatment and Delivery Agreement Amendment in substantially such form.

SECTION 5. The Treatment and Delivery Agreement, as amended, is ratified and confirmed.

SECTION 6. Subject to the conditions specified in Section 2 hereof, the Mayor, the City Manager or Finance Director (or his or her designee) are hereby authorized and directed, jointly and severally, to do any and all things and to execute and deliver any and all documents, certificates and other instruments, including a continuing disclosure agreement and a tax certificate relating to the 2007 Bonds, which they may deem necessary or advisable, to carry out, give effect to and comply with the terms and intent of this Resolution.

SECTION 7. The City Council of the City hereby confirms that the Authority may enter into one or more Swap Agreements (the "1998D Swap Agreements") in connection with the refunding of all or a portion of the Series 1998D Bonds; provided that, (1) the maximum notional amount of the applicable 1998D Swap Agreements executed in connection with the refunding of all or a portion of the 1998D Bonds shall not exceed $75,000,000; (2) the estimated

present value savings from completing the refunding of all or a portion of the 1998D Bonds by including the 1998D Swap Documents shall be not less than four percent (4%) for the 1998D Bonds to be refunded, all as calculated by Bear Stearns and confirmed by the financial advisor to the City, which calculation upon such confirmation shall be final and conclusive and binding upon the City; and (3) the 1998 Swap Agreements shall be executed no later than December 31, 2007.

SECTION 8. This Resolution shall take effect immediately upon its adoption.

The foregoing resolution was introduced at a regular meeting of the City Council of the City of Modesto held on the 8th day of May, 2007, by Councilmember Marsh who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the Resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NUMBER 2007-276

A RESOLUTION ACCEPTING THE 2006 COMMERCIAL EQUIPMENT DIRECT ASSISTANCE PROGRAM (CEDAP) FOR VIDEODETECTIVE EQUIPMENT FROM THE DEPARTMENT OF HOMELAND SECURITY'S (DHS) OFFICE OF GRANTS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY DOCUMENTS.

WHEREAS, the Modesto Police Department submitted an application from the Department of Homeland Security's (DHS) Office of Grants, for VideoDetective equipment, and

WHEREAS, the VideoDetective is very versatile and will allow law enforcement all Stanislaus County law enforcement agencies, Highway Patrol, Sheriffs Office, Fire Departments, and the California State University Police to digitalize and enhance videotapes and assist in the viewing and distributing of clear video images, and

WHEREAS, this equipment will be used to conduct surveillance of both known and suspected criminals, especially those who pose a threat to national security, and

WHEREAS, acceptance of this grant enhances Healthy and Safe Strategic Action Plan, H.1.B.8., which calls for obtaining public service grants, and

WHEREAS, the total VideoDetective equipment is valued at approximately $49,950 with no local match required of the City,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the 2006 Commercial Equipment Direct Assistance Program (CEDAP) for VideoDetective equipment from the Department of Homeland Security's (DHS) Office of Grants.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute the necessary documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-277

A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE CONSTRUCT ADDITIONAL PARKING LOT AT AIRPORT PASSENGER TERMINAL PROJECT, ACCEPTING THE BID AND APPROVING A $618,890.00 CONTRACT WITH TEICHERT CONSTRUCTION, FOR THE PROJECT TITLED, "CONSTRUCT ADDITIONAL PARKING LOT AT AIRPORT PASSENGER TERMINAL," AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the "Construct Additional Parking Lot at Airport Passenger Terminal" and City staff recommends approval to the City Council, and

WHEREAS, the bids received for "Construct Additional Parking Lot at Airport Passenger Terminal" were opened at 11:00 a.m. on April 17, 2007, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of $618,890.00 received from Teichert Construction, be accepted as the lowest responsible bid and the contract be awarded to Teichert Construction,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for said project, and accepts the bid of Teichert Construction, in the amount $618,890.00, and hereby awards Teichert Construction, the contract titled "Construct Additional Parking Lot at Airport Passenger Terminal".

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-278

A RESOLUTION AMENDING THE CAPITAL IMPROVEMENT PROGRAM BUDGET FOR FY2006-07 IN ORDER TO FULLY FUND THE CONTRACT WITH TEICHERT CONSTRUCTION, AND COVER CONSTRUCTION CONTINGENCY AND CONSTRUCTION ADMINISTRATION COSTS BY DECREASING CIP ACCOUNT 6320-440-A804-6040 (AIRPORT SIGNAGE/TAXI LANE) BY $62,668, AND RETURNING THE FUNDS TO ACCOUNT 6320-800-8000-8003 (SPECIAL AVIATION FUND RESERVES), THEN DECREASING ACCOUNT 6320-800-8000-8003 (SPECIAL AVIATION FUND RESERVES) AND REAPPROPRIATING $62,668 TO CIP ACCOUNT 6320-440-A008 (AIRPORT TERMINAL PARKING LOT EXPANSION)

WHEREAS, the CIP account 6320-440-A008 (Airport Terminal Parking Lot Expansion) only provides $690,000 in available funds to fully fund construction of the Airport Terminal Parking Lot project in the estimated total amount of $752,668, including funding a Contract with Teichert Construction, for construction and to cover construction contingency and construction administration costs including City staff labor, and

WHEREAS, certain budgetary transactions are necessary to fully fund said Contract with Teichert Construction, in the amount of $618,890 for construction services, $61,889 for construction contingency, and $61,889 to cover construction administration costs, including contract administration by City staff, and $10,000 for City staff to install a temporary overflow parking lot, for a total of $752,668, and

WHEREAS, the CIP Account 6320-440-A804 (Airport Signage/Taxi Lane) experienced savings due to a favorable bid below the budgeted engineer's estimate for construction, and

WHEREAS, the total amount of $62,668 is to be transferred by decreasing CIP Account 6320-440-A804-6040 (Airport Signage/Taxi Lane) and returning the funds to Account 6320-800-8000-8003 (Special Aviation Fund Reserves), then decreasing

Account 6320-800-8000-8003 (Special Aviation Fund Reserves) and reappropriating $62,668 to CIP account 6320-440-A008 (Airport Terminal Parking Lot Expansion),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the transfer of funds as set forth herein to fully fund the Contract with Teichert Construction, in the amount of $618,890 for construction services, $61,889 for construction contingency, and $61,889 to cover construction administration costs, including contract administration by City staff, and $10,000 for City staff to install a temporary overflow parking lot, for a total of $752,668 for the Airport Terminal Parking Lot Expansion project.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-280

A RESOLUTION AMENDING THE CAPITAL IMPROVEMENT PROGRAM BUDGET FOR FY 2006-07 TO CREATE A NEW PROJECT 0510-160-E691 - TRAFFIC OPERATIONS FACILITY, AND AUTHORIZING THE APPROPRIATION OF $61,000 FROM LOCAL TRANSPORTATION FUND RESERVES (0510-800-8000) TO FUND PAVING AND DRAINAGE-RELATED LANDSCAPING BY CITY FORCES AT THE 117 ELM STREET BUILDING.

WHEREAS, City-owned property at 117 Elm Street holds a partially completed operations building to house the Traffic Operations Division of the Public Works Department, and

WHEREAS, the current status of the facility is that metal structures are in place, paving needs to be done, and drainage-related landscape needs to be installed, and

WHEREAS, interior improvements will then need to be made prior to occupancy, and

WHEREAS, Traffic Operations employees are currently housed in a substandard building with chronic roof leaks, plumbing, and HVAC problems, which creates ongoing demands for maintenance, and

WHEREAS, BOVEE Environmental assessed the building and recommended removal and disposal of building materials with visible mold or moisture, and

WHEREAS, BOVEE also suggested removal of water damaged ceiling tiles and clean all exposed wood framing behind ceiling tiles, and

WHEREAS, staff began preparations only to uncover and expose new areas of mold growth that need to be addressed, and

WHEREAS, discontinuing investment in the degraded building, which will be demolished to make way for the Bus Maintenance Operations area, and establishing

funding for the completion of the 117 Elm Street facility was deemed more appropriate, and

WHEREAS, staff recommends the use of City Forces to complete paving and drainage-related landscaping at an estimated cost of $61,000, a projected savings of $69,000 from the total estimated cost of the project, and

WHEREAS, completion of the paving and drainage-related landscaping will allow the current buildings to be used for storage, and

WHEREAS, funds are available from the Local Transportation Fund Reserves (0510-800-8000) in the amount of $61,000, and

WHEREAS, the Finance Committee, at its March 26, 2007 meeting, recommended approval of this item,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes amending the Capital Improvement Program Budget for FY 2006-07 to create a new project 0510-160-E691 – Traffic Operations Facility.

BE IT FURTHER RESOLVED that the Council hereby authorizes the appropriation of $61,000 from Local Transportation Fund Reserves (0510-800-8000) to fund paving and drainage-related landscaping by City Forces at the 117 Elm Street Building.

BE IT FURTHER RESOLVED that the Finance Department is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-281

A RESOLUTION APPROVING THE CITY OF MODESTO DRAFT 2007-2008 HUD ANNUAL ACTION PLAN FOR THE USE OF COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG), HOME PARTNERSHIP GRANT (HOME), AND EMERGENCY SHELTER GRANT (ESG) FUNDS, AUTHORIZING SUBMISSION OF AN APPLICATION TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT PERTAINING TO THE 2007-2008 ANNUAL ACTION PLAN, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO SIGN THE REQUIRED CERTIFICATIONS AND DOCUMENTS FOR SUBMITTAL TO THE DEPARTMENT OF HOUSING AND URBAN DEPARTMENT (HUD).

WHEREAS, the City of Modesto receives Community Development Block Grant (CDBG), HOME Investment Partnership Grant (HOME), and Emergency Shelter Grant (ESG) funds from the U. S. Department of Housing and Urban Development (HUD), and

WHEREAS, the City receives these grants annually because of its population size, number of households living below the poverty line, and the number of housing units that are considered substandard, and

WHEREAS, submittal of an Annual Action Plan is required to receive the City's entitlement grants from HUD, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) recommended support of this item at its May 2, 2007, meeting, and

WHEREAS, a duly noticed public hearing was held by the City Council on May 8, 2007, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, to consider submission of an application to the U.S. Department of Housing and Development (HUD) pertaining to the 2007-2008 HUD Annual Action Plan, which describes how the City intends to spend Federal assistance received from HUD in the areas of Community Development, Housing Production and Homeless Assistance,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the City of Modesto draft 2007-2008 HUD Annual Action Plan for the use of

Community Development Block Grant (CDBG), HOME Investment Partnership Program (HOME) and the Emergency Shelter Grant (ESG), a copy of which is on file in the Office of the City Clerk.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the required certificates and documents.

BE IT FURTHER RESOLVED that City staff is hereby authorized to submit an application to the U.S. Department of Housing and Urban Development (HUD) pertaining to the 2007-2008 Annual Action Plan which describes how the City intends to spend Federal assistance received from HUD in the areas of Community Development, Housing Production and Homeless Assistance.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MAY 13, 2008
THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2008-291

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-282

A RESOLUTION ADJUSTING RENTAL CHARGES AND FEES FOR ACTIVITIES AND SERVICES AT THE MODESTO CITY-COUNTY AIRPORT/HARRY SHAM FIELD, AND RESCINDING COUNCIL RESOLUTION NO. 2006–272

WHEREAS, Section 7-3.401 of the Modesto Municipal Code authorizes Council, by resolution, to establish rental charges and fees for activities and services at the Modesto City-County Airport/Harry Sham Field, and

WHEREAS, Modesto City Council Resolution No. 2003-267 provides for Airport rate increases based upon the Consumer Price Index (CPI) for All Urban Consumers for the western United States, and

WHEREAS, during the past year the Consumer Price Index (CPI) of the western United States increased at a rate of three and four-tenths percent (3.4%), and

WHEREAS, Modesto City Council Resolution No. 2006-272 established the current Airport Rental Charges and Fees and contained provisions for a rate increase to go into effect July 1, 2006 based upon an increase in the Consumer Price Index, and

WHEREAS, the Modesto City-County Airport Advisory Committee recommended adoption of the 3.4% rate increase at its meeting on March 21, 2007, and

WHEREAS, by an agenda report to the Economic Development Committee on April 18, 2007 from the Public Works Director, City staff recommended a rate increase of 3.4% for aircraft hangars, office space, and tie-down rentals, and

WHEREAS, a duly noticed public hearing was held by the Council on May 8, 2007 at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing all interested persons were given the opportunity to

be heard relative to the proposal to increase the rates and charges for the Modesto City-County Airport's aircraft hangars, office space, and tie-down rentals,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. HANGARS. Rental charges for the rental of hangars at the Modesto City-County Airport/Harry Sham Field are hereby established as follows, payable in advance:

(a) T-Hangars

Hangar A	.....	$125/*$153 unit per month
End Units	.....	$145/*$173 unit per month
Hangar B	.....	$151/*$179 unit per month

Hangar C	.....	$159/*$188 unit per month
End Units	.....	$193/*$220 unit per month
Hangar D	.....	$143/*$171 unit per month
End Units	.....	$170/*$199 unit per month
Hangar E	.....	$208 unit per month
End Units	.....	$243 unit per month
Hangar F	.....	$208 unit per month
End Units	.....	$243 unit per month
Hangar G	.....	$208 unit per month
Hangar H	.....	$208 unit per month
Hangar I	.....	$407 unit per month
Hangar J	.....	$208 unit per month
Hangar K	.....	$234 unit per month
End Unit	.....	$349 unit per month
Storage	.....	$83 per month

Portable Land Rent ..... $61 unit per month

(* T-Hangars A – D with electrical service)

(b) Storage Hangars:

Hangar No. 1 .... $1,525.00 per month

Hangar No. 2 .... $1,273.00 per month

Hangar No. 3 .... $ 670.00 per month

Hangar No. 4 .... $1,141.00 per month

Hangar No. 5 .... $1,135.00 per month

Hangar No. 6 .... $ 665.00 per month

A five percent (5%) discount will be made in any of the above rental charges when a year's lease is entered into and the year's rental charges are paid in advance.

SECTION 2. TIE-DOWN FEES. Tie-down charges and fees at the Modesto City-County Airport/Harry Sham Field are hereby established as follows, payable in advance:

(a) Tail-in Tie-Down – Permanent, light single and multi-engine (under 12,500 lbs.) $38.00 per month

(b) Taxi-in Tie-Down – Permanent, light single and multi-engine (under 12,500 lbs.) $61.00 per month

(c) Taxi-in Tie-Down – Permanent, large multi-engine (over 12,500 lbs.) $.044 per square foot per month

(d) Taxi-in Tie-Down – Transient, helicopter/single-engine aircraft $7.00 per day

(e) Taxi-in Tie-Down – Transient, twin-engine aircraft (under 12,500 lbs.) $9.00 per day

(f) Taxi-In Tie-Down – Transient, twin-engine aircraft (over 12,000 lbs.) $13.00 per day

(g) Jets – $13.00 per day

A five-percent (5%) discount will be made in the rental charges set forth in subparagraphs (a), (b), and (c), above when a year's lease is entered into and the year's rental charges are paid in advance.

A volume discount may be given to Fixed Base Operators (FBO) that operate flight schools for light single and multi-engine aircraft (under 12,500 lbs.) for tie-down spaces as set forth in subsections (a) and (b) above. For every two tail-in spaces the FBO agrees to lease, one taxi-in tie-down may be leased for the same price as a tail-in tie-down.

Overnight tie-down of aircraft belonging to or in the custody or possession of a lessee at the Modesto City-County Airport/Harry Sham Field shall be subject to the normal tie-down charge as specified by this section.

SECTION 3. OFFICE SPACE. The monthly charge for office spaces at the Modesto City-County Airport/Harry Sham Field are hereby established as follows:

(a)	Old Administration Building	.....	$.84 per square foot
(b)	Office Building No. 1	.....	$.84 per square foot
(c)	Office Building No. 2	.....	$.84 per square foot
(d)	Hangar Office Space	.....	$.491 per square foot

SECTION 4. TEMPORARY USE OF AIRPORT PASSENGER TERMINAL. Organization and service providers desiring to temporarily use the passenger terminal will be charged a daily rate:

(a) Ticket counter ..... $.092 per square foot

(b) Other areas ..... $.092 per square foot

SECTION 5. NONSCHEDULED TRANSIENT AIRCRAFT CARRYING PASSENGERS AND/OR CARGO FOR HIRE. Aircraft landing at the Modesto City-County Airport/Harry Sham Field shall pay a landing fee as follows:

(a) All light single, multi-engine aircraft and helicopters - $10.00 per landing

(b) All large single and multi-engine aircraft – $.66 per 1,000 pounds of gross weight, but not less than $10.00 per landing

(c) All transient aircraft owned and operated by individuals, companies, and corporations carrying their own products shall not be charged for the first two (2) trips per calendar months. All other trips for the same calendar month shall be charged for at the same rates applied to nonscheduled aircraft carrying cargo for hire.

(d) No landing fee shall be charged for any aircraft, which lands at the airport due to any mechanical or other emergency, except weather, provided that such emergency is reported to the Airport Control Tower prior to landing.

SECTION 6. PASSENGER FACILITY CHARGE (PFC). Commercial air carrying passengers excluding "frequent flyers" or similar airline bonus award enplaning at Modesto City-County Airport/Harry Sham Field shall pay a PFC as approved by Federal Aviation Regulations (FAR) Part 158.

(a) Enplane passenger by airline $3.00 per ticket passengers.

SECTION 7. ADVERTISEMENT CALLBOARD. Firms wishing to advertise in the airport passenger terminal shall have an approved agreement with the City of Modesto. A monthly charge shall be assessed for the use of the advertisement callboard as follows

Display Size	Display Only	Display & Telephone
7.5" x 9.5"	$15.00	$25.00

7.5" x 21"	$35.00	$55.00
19" x 21"	$45.00	$65.00

SECTION 8. FAX SERVICE. Persons wishing to use the airport administration office fax machine shall be charged for the service. Airport personnel is authorized to collect as follows:

(a) Incoming Service ..... $.50 per page

(b) Outgoing Service ..... Area code 209 - $1.00 per page
Other area codes - $2.00 first page
$1.50 - all other pages

SECTION 9. PERMANENTLY BASED COMMERCIAL SERVICES. Any person engaging in a commercial enterprise permanently based at the Modesto City-County Airport/Harry Sham Field shall pay to the City a fee equivalent to the City Business License Fees set forth in Chapter 1 of Title 6 of the Modesto Municipal Code, except that a minimum fee of $100 will be paid for each aircraft sold, for the privilege of engaging in business in the City of Modesto and on the Airport. Said sum shall be payable at the time and in the manner provided for in Chapter 1 of Title 6 of the Modesto Municipal Code.

SECTION 10. FUEL FLOWAGE FEES. A fuel flowage fee of six cents ($.06) per gallon of fuel sold or dispensed on the Airport shall be collected for the City of Modesto by the fuel vendors, except that reduced fuel flowage fees collected from scheduled air carriers can be negotiated for volume purchases.

SECTION 11. TEMPORARILY BASED COMMERCIAL SERVICES. Any person engaging in a commercial enterprise, temporarily based at the Modesto City-County Airport/Harry Sham Field, shall pay to the City a license fee in the sum of Two Hundred and no/100ths ($200.00) Dollars, payable in advance.

Each such operator shall also pay to the City as a minimum an additional sum of Ninety and no/100ths ($90.00) Dollars per month, or any portion thereof, payable in advance, for the privilege of using the Airport and its facilities.

SECTION 12. OFF-AIRPORT CAR RENTAL OPERATOR FEE. Off-airport operators picking up customers at the Modesto City-County Airport/Harry Sham Field will pay to the City of Modesto the greater of ten percent (10%) of gross on time mileage of vehicles rented or the monthly charge for passenger terminal advertisement space and callboard phone service. Additionally, the operators will be accessed a parking fee at the same rate on-airport car rental operators are charged for vehicles left in the public parking area overnight.

SECTION 13. MOTOR VEHICLE STORAGE CHARGES. Any person who parks a motor vehicle at the Modesto City-County Airport/Harry Sham Field for longer than thirty (30) days at a time shall pay to the City a parking fee of Twenty-five and no/100ths ($25.00) Dollars per month, payable in advance.

SECTION 14. PENALTIES. A five percent (5%) per month penalty charge shall be made on any of the charges and fees established by this resolution when such charges and fees are not paid within thirty (30) days after they are due and payable. No penalties will be collected on the PFC.

SECTION 15. ANNUAL ADJUSTMENT OF RENTS, FEES AND CHARGES. Commencing July 1, 2005, the rents, fees and charges set forth in Sections 1, 2, and 4 of this resolution may be adjusted annually as of the first day of July.

Said rents, fees, and charges shall be adjusted in the following manner: The base for computing the adjustment is the National Consumer Price Index for the West Urban

(all urban consumers), published by the United States Department of Labor, Bureau of Labor Statistics ("Index"), with a base year of 1982 – 1984 = 100 ("Beginning Index"). The Index published most immediately preceding the Adjustment Date in question ("Adjustment Index") is to be used in determining the amount of the adjustment. If the Adjustment Index has increased over the Beginning Index, the rents, fees and charges set forth in this resolution shall be set by multiplying the rents, fees and charges set forth in this resolution by a fraction, the numerator of which is the Adjustment Index and the denominator of which is the Beginning Index.

In no case shall the minimum rents, fees and charges be less than existing approved and adopted rents, fees and charges nor shall any increase in a year be greater than five (5%) percent. If the indexes change so that the base year differs from that in effect on July 1, 2005, the Index shall be converted in accordance with the conversion factor published by the United States Department of Labor, Bureau of Labor Statistics. If the Index is discontinued or revised at any time after the effective date of this resolution, such other government index or computation with which it is replaced shall be used in order to obtain substantially the same result as would be obtained if the Index had not been discontinued or revised.

SECTION 16. EFFECTIVE DATE. This resolution shall go into effect and be in full force and operation on July 1, 2007.

SECTION 17. SUPERSEDE. This resolution rescinds Council Resolution No. 2006-272.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8th day of May, 2007 by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carrier and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-283

A RESOLUTION APPROVING SUBMITTAL OF A GRANT APPLICATION TO THE FEDERAL TRANSIT ADMINISTRATION (FTA) REQUESTING $2,582,599 IN SECTION 5307 FORMULA FUNDS FOR PUBLIC TRANSIT OPERATING AND CAPITAL PURPOSES AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL GRANT APPLICATION AND GRANT AGREEMENT DOCUMENTS.

WHEREAS, the Federal Transit Administration (FTA) has been delegated authority to award federal financial assistance for transportation related projects, and

WHEREAS, the City of Modesto has provided all annual certifications and assurances to the FTA required for the projects, and

WHEREAS, each year the City of Modesto submits a grant application for Section 5307 funds from the formula apportionment made available to the Modesto Urbanized area by the FTA, and

WHEREAS, the City of Modesto has received authority from the Designated Recipient, StanCOG, to apply for Section 5307 Urban Area Formula Program Assistance for no more than $2,582,599 for FY 2006-2007, and

WHEREAS, the projects in the Section 5307 grant application are included in the Federal Transportation Improvement Program (FTIP) adopted by StanCOG, and

WHEREAS, the grant for Federal assistance will impose certain obligations on the City of Modesto, and may require the City to provide the local share of the project costs, and

WHEREAS, by a report to the Council dated April 19, 2007, from the Public Works Department, City staff recommended submitting a grant application for $2,582,599 in FTA Section 5307 formula funds to partially offset the operational and capital costs of the City's public transit program, and

WHEREAS, a public hearing was held on May 8, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located, at 1010 Tenth Street, Modesto, California, in accordance with FTA regulations,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes approves the submittal of a grant application for Federal funds in

the amount of $2,582,599. Section 5307 with the Federal Transit Administration (FTA) for Federal assistance authorized by 49 U.S.C. Chapter 53, Title 23, United States Code, or other Federal statutes authorizing a project administered by the FTA.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute and file the annual certifications and assurances and other documents the FTA requires for awarding a federal assistance grant.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute all necessary grant documents with the FTA on behalf of the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 200-284

A RESOLUTION AUTHORIZING THE FILING OF AMENDMENT NO. 3 TO GRANT NUMBER CA-03-0562 FOR THE NEW BUS MAINTENANCE FACILITY WITH THE FEDERAL TRANSIT ADMINISTRATION UNDER SECTION 5309 OF THE FEDERAL TRANSIT ACT IN THE AMOUNT OF $337,843 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL GRANT AMENDMENT DOCUMENTS.

WHEREAS, the Federal Transit Administration (FTA) has been delegated authority to award federal financial assistance for transportation related projects, and

WHEREAS, the City of Modesto has provided all annual certifications and assurances to the FTA required for the projects, and

WHEREAS, the City of Modesto had an approved Federal Transit Administration (FTA) Section 5309 grant for $3,668,116 in federal funds for the new Bus Maintenance Facility, and

WHEREAS, on June 26, 2003, by Resolution No. 2003-328 the City Council approved Amendment No. 1 to the Section 5309 grant that added $445,585 to the approved amount of federal funds for said project, and

WHEREAS, on June 28, 2005, by Resolution No. 2005-339 the City Council approved Amendment No. 2 to the Section 5309 grant that added $3,277,064 to the approved amount of federal funds for said project, and

WHEREAS, $337,843 in Section 5309 funds have been earmarked by Congress for the Bus Maintenance Facility under SAFETEA, and

WHEREAS, an amendment to the current Section 5309 grant, as amended by Amendment No. 1 and Amendment No. 2, is required to access these earmarked funds, and

WHEREAS, the Bus Maintenance Facility project funds in the Section 5309 grant amendment application are included in the Federal Transportation Improvement Program (FTIP) adopted by StanCOG, and

WHEREAS, the grant amendment for Federal assistance will impose certain obligations on the City of Modesto, and may require the City to provide the local share of the project costs, and

WHEREAS, by a report to the Council dated April 19, 2007, from the Public Works Department, City staff recommended amending the current FTA Section 5309 grant for the Bus Maintenance Facility, and

WHEREAS, a public hearing was held on May 8, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located, at 1010 Tenth Street, Modesto, California, in accordance with FTA regulations,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the filing of Amendment No. 3 in the amount of $337,843 to Federal Section 5309 Grant Number CA-03-0562 for the new bus maintenance with the Federal Transit Administration (FTA) for Federal assistance authorized by 49 U.S.C. Chapter 53, Title 23, United States Code, or other Federal statutes authorizing a project administered by the FTA.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute all grant application and grant agreement documents.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is authorized to execute and file the annual certifications and assurances and other documents the FTA requires for awarding a federal assistance grant.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is authorized to execute all necessary grant documents with the FTA on behalf of the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2007, by Councilmember Hawn , who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2012-164

Print

AMENDED on Mar. 22, 2011 By Resolution 2011-106

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-287

A RESOLUTION AMENDING AND RESTATING RESOLUTION NO. 93-265, RESCINDING SEWER BOND REDEMPTION CHARGES, AND ESTABLISHING WASTEWATER CAPACITY CHARGES

WHEREAS, Section 5-6.801 of the Modesto Municipal Code provides that the Council may establish by resolution charges for the Connection of property to the sewage system, and

WHEREAS, engineering consultants have recommended certain improvements to the City's Wastewater Transmission and Treatment Systems System and estimated the total cost both of the improvements and of the correction of existing Deficiencies, and

WHEREAS, rate consultants have apportioned the costs among the City's wastewater user classifications in accordance with Unit costs attributable to sewage Flow, Strength and Solids Content, and

WHEREAS, Resolution No. 93-265 is amended below with respect to its Sections 1 and 2, and is reaffirmed and restated in every other respect, and

WHEREAS, a method of administration for adjustment of Capacity Charges to account for inflation in construction projects should be specified, and

WHEREAS, there is a need for policies to deal consistently with calculation of Capacity Charges for transitional properties, the City Council does amend and restate Resolution No. 93-265 to rescind Section 1 therein, and to restate Section 2, below, and to add additional sections as follows, and

WHEREAS, The California Environmental Quality Act requires analysis for changes in Capacity Charges, and such analysis was completed in the Master

Environmental Impact Report (SCH No. 2006052076) certified by the Council on March 13, 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

Definitions:

Capacity Charge - A one-time charge to be paid by or on behalf of a prospective wastewater discharger for new or modified facilities existing in, or planned to be added to the City Wastewater System, minus Deficiencies.

City Wastewater System - The City's physical assets dedicated to the provision of wastewater transmission and treatment, including assets for the collection, treatment, pumping, storage, land application, metering, testing and reporting of wastewater, within or connected to physical assets in City's Municipal Sewer District No. 1.

Connection - The attachment of pipe facilities to the City Wastewater System to commence wastewater transmission and treatment service.

Deficiencies - Wastewater facilities required by law or recommended by generally recognized authority as being necessary to the provision of a modern, safe, adequate, wastewater system of the City's size, with prudent reserves of transmission and treatment infrastructure to meet reasonable foreseeable contingencies that are absent from the City Wastewater System at any particular point in time.

Director - The Public Works Director of the City of Modesto, his/her designee, or the Acting or Interim Public Works Director, as the case may be.

Equivalent Dwelling Unit or EDU – A single family equivalent dwelling unit based upon standardized, estimated discharge characteristics of a typical single family dwelling of 290 gallons per day (gpd), 200 milligrams per liter (mg/L) of strength Five Day Biochemical Oxygen Demand (BOD), and 200 mg/L of Total Suspended Solids content (TSS).

Flow - The actual or estimated maximum daily quantity of wastewater being transmitted for treatment expressed in gallons per day.

MMC - Modesto Municipal Code.

Solids Content - A synonym for Total Suspended Solids (TSS), the primary indicator of the cost of treatment and/or removal of the solid components of wastewater expressed in pounds per day.

Strength - A synonym for Five Day Biochemical Oxygen Demand (BOD), the primary indicator of the cost of treatment of the organic content of wastewater expressed in pounds per day.

Unit Cost - The cost in dollars and/or cents per gallon or pound, as appropriate, to transmit and/or treat wastewater or its constituent components.

Wastewater- For purposes of interpreting this resolution the term sewer and wastewater are interchangeable.

SECTION 1. Section 1 of Resolution No. 93-265 is hereby rescinded in its entirety, and a new and different Section 1 is amended in its place, enacted and set forth in full as follows:

A. The Capacity Charge for an EDU on or after August 1, 2007, shall be $4,876.00.

B. The Unit Cost capacity charges for connecting dischargers classified as commercial or industrial on and after August 1, 2007, shall be 14.073 dollars per gallon per day of Flow, $1,299.175 per pound of BOD per day (organic strength), and $345.209 per pound of TSS per day (solids content).

SECTION 2. The Capacity Charge for residential construction set forth above shall be paid at the time a building permit is issued for a building or structure. In those cases where a building exists, the Capacity Charge shall be collected at the time at which a plumbing permit is issued to connect the building or structure to the City Wastewater System. The Capacity Charge for industrial and commercial property set forth above shall be paid at the time an encroachment permit is issued for the connection. The Council may, by resolutions adopted from time to time, establish conditions under which a Capacity Charge may be spread over time and paid in installments.

SECTION 3. Section 2 of Resolution No. 93-265 is hereby amended and restated as follows:

SCHEDULE OF CHARGES
FOR CONNECTION TO CITY WASTEWATER SYSTEM

MMC Reference	Name of Charge and Itemization	Charge
5-6.802	Subtrunk Extension Charge:	
	Residential & Commercial	$645.00 per gross acre

The acreage used to determine wastewater subtrunk connection fees shall be as follows:

The acreage used to determine the wastewater subtrunk fee shall be the total area developed or being developed which is owned, leased or controlled by the user.

In those instances where the total acreage owned, leased or controlled by the user is greater than that developed, the Director is authorized to determine the acreage to be used in determining the subtrunk extension charge. The remaining acreage shall pay a subtrunk extension charge at such time as that acreage is developed.

Notwithstanding anything to the contrary contained in Chapter 6 of Title V of the M.M.C. and this resolution, the Council shall have the power to determine, by agreement, the total acreage developed or being developed which is owned, leased or controlled by a user meeting the criteria set forth below:

(1) The user will establish a new industry or expand an existing industry within the Modesto Municipal Sewer District that results in more than 225 (two hundred twenty-five) new, permanent, on-site, full-time employees; and

(2) The user will construct a new industrial building or building addition with total floor space in excess of one hundred seventy-five thousand (175,000) square feet with total project costs in excess of twenty million dollars ($20,000,000).

If the property is later developed beyond that development approved by the Council, the developer shall pay a wastewater subtrunk charge on the additional acreage developed, including any portion of the property that has already been developed but, for whatever reason, has not been included in the calculation of wastewater subtrunk redemption charges. If the user fails to meet either of the criteria after development, the agreement shall be void and a wastewater subtrunk charge shall be paid based on the total acreage developed or being developed had the above criteria not been applied.

SECTION 4. Policies affecting applicable wastewater Capacity Charges in various circumstances:

1. Commercial and Industrial Capacity Charges shall be based solely upon estimated or actual wastewater Flow, Strength and Solids Content.

2. The Director shall develop a schedule of estimated Flow, Strength and Solids Content for new or modified connections.

3. The Director shall also develop a schedule of estimated or actual Flow, Strength and Solids Content for any proposed changes in use, building or structure footprint, size of a parcel, or partial development of a larger parcel which, in the reasonable discretion of the Director, could result in a net change in wastewater Flow, Strength and/or Solids Content.

4. Where use or size changes or partial development result in an estimated net change in estimated or actual Flow, Strength and Solids Content, the Capacity Charge shall be calculated using the appropriate EDU or Unit Costs for that net change.

5. When the remainder of a partially developed parcel is improved, the Capacity Charge for the improved portion of the parcel shall be calculated based upon estimated Flow, Strength and Solids Content.

6. The Director shall review the actual water use for each commercial and industrial account approximately 12 months post-connection to verify the original Flow estimate.

7. The Director may review the Flow, Strength and Solids Content of commercial and industrial accounts approximately 12 months post-connection to verify the original estimates.

8. If any of the above post-connection reviews reveals a variance of at least plus or minus 10% from the estimated Capacity Charge components, additional Capacity Charges or refund of the variance shall result based on the entire variance.

9. Where the bond redemption charge has been paid for an entire parcel which is not completely developed, the Capacity Charge for the undeveloped portion shall be calculated based on the estimated Flow, Strength and Solids Content expected from the land to be developed, and reduced by the part of the previously paid bond redemption charge proportional to the previously undeveloped area of the entire parcel.

10. If a parcel contains more than one use, the Capacity Charge shall be based on the sum of the estimated Flow, Strength and Solids Content from each expected use. In cases where the specific future use is not known, the Director shall develop a composite estimated Flow, Strength and Solids Content based on similar type developments.

SECTION 5. Inflator Index: The Capacity Charge components set forth above shall be re-examined every two years by engineers, consultants, and professionals competent in their field. Such engineers, consultants and professionals shall provide a report to the City updating Flow, Strength and Solids Content Unit Costs, as appropriate, and as recommended to the Council by the Finance Director and the Director. After June 30, 2008, the Director shall have the authority, on an annual basis, effective July 1 of each year, to adjust Flow, Strength and/or Solids Content based costs by an amount not to exceed the annual percentage increase reported in the month of April in the Construction Cost Index found in the Engineering News Record for the San Francisco region.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Olsen, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-288

A RESOLUTION APPROVING AMENDMENT NO. 2 TO AGREEMENT FOR CONSULTANT SERVICES BETWEEN THE CITY OF MODESTO AND IMPACT SCIENCES INC. FOR PREPARATION OF AN ENVIRONMENTAL IMPACT REPORT FOR THE PROPOSED PELANDALE/MCHENRY SPECIFIC PLAN PROJECT IN AN AMOUNT NOT TO EXCEED $30,030 AND AUTHORIZING THE CITY MANAGER TO EXECUTE AMENDMENT NO. 2

WHEREAS, Michael P. Evans of Meritage Homes has applied for a specific plan, commonly known as the Pelandale/McHenry Specific Plan, to allow for the orderly and future development within the approximate 80-acre planning area bounded by Pelandale Avenue on the north, McHenry Avenue on the east and the Modesto City Limits on the south and west generally located in north Modesto, and

WHEREAS, the proposed Pelandale/McHenry Specific Plan will also involve the following associated entitlements: prezoning to a Specific Plan-Overlay (SP-O) zone, annexation of the project site; a general plan amendment to 1) modify the land use development densities, and 2) modify the land use designations and boundaries by changing the general plan land use designation of 30 acres of Regional Commercial (RC) and 50 acres of Residential (R) to 4.0 acres Commercial (C), 51 acres of Residential (R) and 26.5 acres of Open Space for an 80-acre site located at the southwest corner of the Pelandale and McHenry Avenues, preparation of a Facilities Master Plan and associated Finance Plan, and formation of a community facilities district (CFD) (collectively "Project"), and

WHEREAS, Section 21080.1 of the California Public Resources Code requires the City of Modesto, as lead agency, to make a determination of whether an environmental impact report is required for the Project, and

WHEREAS, On October 11, 2005, by Resolution No. 2005-503, the City Council approved an Agreement with Impact Sciences Inc. to prepare an Initial Study in accordance with Section 15063 of the CEQA Guidelines for the proposed Pelandale/ McHenry Specific Plan project and related applications, and

WHEREAS, on May 23, 2006, by Resolution No. 2006-300, the City Council approved Amendment No. 1 to the Agreement For Consultant Services between the City of Modesto and Impact Sciences Inc. for the preparation of an Environmental Impact Report for the proposed Pelandale/McHenry Specific Plan, in an amount not to exceed $235,372, a copy which is on file in the City Clerk's Office, and

WHEREAS, City staff recommends that the Agreement between the City of Modesto and Impact Sciences Inc. be further amended to provide for additional analysis and services related to preparation of the Draft EIR, in an amount not to exceed $30,030, and

WHEREAS, the applicant has agreed to pay for this additional work, including staff time spent on the project, and the applicant has deposited funds with the City to cover the full amount of the proposed Amendment No. 2 to Agreement for Consultant Services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Amendment No. 2 to the Agreement For Consultant Services ("Amendment No. 2") between the City of Modesto and Impact Sciences Inc., for additional services required for the completion of the Draft Environmental Impact Report for the proposed Pelandale/McHenry Specific Plan, in an amount not to exceed $30,030. A copy of Amendment No. 2 is on file with the City Clerk's Office.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment No. 2 to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-289

Print

A RESOLUTION REJECTING ALL BIDS, DUE TO BIDS EXCEEDING THE ANNUAL BUDGETED AMOUNT OF $20,000, FOR THE REPAINTING OF STREET LIGHT STANDARDS, BASES, AND MAST ARMS, FOR THE PUBLIC WORKS DEPARTMENT, TRAFFIC DIVISION.

WHEREAS, the Public Works Department, Traffic Division had request the repainting of street light standards, bases, and mast arms, and

WHEREAS, the City Electrical Unit currently maintains approximated 1,500 painted street light standards, and

WHEREAS, each year $20,000 is budgeted for repainting of street light standards, bases, and mast arms, and

WHEREAS, this routine maintenance is required to treat the faded paint and to maintain the integrity of the light standards, and

WHEREAS, the goal is to eventually replace all painted standard with newer galvanized steel standards, which will eliminate painting a majority of the existing street light standards over time, and

WHEREAS, until such time, the Traffic Division will explore both internal and external options for the repainting services to fit the available funding, and

WHEREAS, on December 12, 2006, Council approved Resolution No. 2006-773 authorizing the Purchasing Manger to issue formal Request for Bids (RFB) for the purchase of repainting of street light standards, bases, and mast arms, for the Public Works Department-Traffic Division, and

WHEREAS, on February 6, 2007, the Purchasing Division issue Request for Bid 0607-32 for the purchase of the repainting of street light standards, bases, and mast arms to twenty-one

(21) prospective bidders, seven (7) of which were local companies, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, on March 13, 2007 RFB's were formally opened in the City Clerk's office, and

WHEREAS, of the twenty-one (21) prospective bidders, seven (7) companies chose to respond, and

WHEREAS, RFB language requires bidder to sign Exhibit "A" and "B" of their bid submittal, thereby acknowledging, that they are in full compliance with all requirements and addendum to such bid, and the failure to comply shall result in diqualication, and

WHEREAS, two (2) companies did not include the Bid Acknowledgement, Exhibit A, with their bid submittal, and therefore their bids were deemed to be non responsive, and

WHEREAS, the company's bids were disqualified and received no considerations, and

WHEREAS, the RFB required two (2) signed original bid submittals, and

WHEREAS, failure to furnish two (2) "inked "signed original bid documents will result in disqualification, and

WHEREAS, based on responsive and responsible bids received being over the departments budgeted amount of $20,000, City staff recommends that all bids be rejected for the repainting of street light standards, base, and mast arms, and

WHEREAS, the Purchasing Division has worked with the Public Works Department-Traffic Division staff to review and evaluate bids received for the repainting of street light standards, bases, and mast arms, and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases which meet or exceed $50,000 for materials, equipment or contractual services to be formally

bid, and

WHEREAS, the issuance of a formal Request for Bid for the purchase of the repainting of street light standards, bases, and mast arms conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the rejection of all bids for the repainting of street light standards, bases, and mast arms,

BE IT FURTHER RESOLVED that the Purchasing Division and the Public Works Department-Traffic Division will explore internal and external options for the repainting of street light standards, bases, and mast arms to fit the available funding. Options may include use of temporary labor services or obtaining additional funding through the budget process to contract for the repainting of street light standards, bases, and mast arms.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

A RESOLUTION AUTHORIZING THE PURCHASE OF ONE (1) NEW CATERPILLAR 420E BACKHOE/LOADER BY "ACCESSING THE TERMS" OF A COMPETITIVELY BID CONTRACT THROUGH HOLT OF CALIFORNIA OF STOCKTON, CALIFORNIA FOR A TOTAL ESTIMATED COST OF $83,305.00.

WHEREAS, the Public Works Department, Fleet Services Division has requested the purchase of a new, current year/model, backhoe/loader, and

WHEREAS, the new backhoe/loader will replace the current backhoe/loader at the Secondary Treatment Plant (STP), and

WHEREAS, the current loader is being replaced because it is a two-wheel drive unit and no longer meets the needs of the STP, and

WHEREAS, Resolution No. 2007-361 authorized the Purchasing Manager to solicit bids for the purchase of additional vehicles and equipment at the STP, and

WHEREAS, the Purchasing Division working in conjunction with the Public Works Department, Fleet Service staff was able to identify a competitive bid contract made by the Modesto Irrigation District (MID) with Holt of California of Stockton, California for a new Caterpillar 420E backhoe/loader, and

WHEREAS, Holt of California has extended the same base pricing for said Caterpillar 420E backhoe/loader to other government agencies as quoted to the MID, except for upgrades, and

WHEREAS, the City of Modesto may purchase said backhoe/loader by "accessing the terms" through the MID competitively bid contract with Holt of California, of Stockton California, and

WHEREAS, the total estimated cost for the one (1) new, current year/model, Caterpillar 420E backhoe/loader is $83,305.00, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 requires all purchases which meet or exceed $50,000 for material and equipment or contractual services to be formally bid, and

WHEREAS, Pursuant to MMC Section 8-3.204(d) the Purchasing Manager may determine that a process other than the formal bid process set forth in Section 8-3.203 will result in procurements for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS, by "accessing the terms" of the MID contract, the purchase of this equipment will conform to MMC Section 8-3.204(d), and

WHEREAS, the City Council has appropriated funds in the following accounts: 7210-480-5814-5745 (Fleet Equipment, Replacement),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the purchase of a new Caterpillar 420E backhoe/loader by "accessing the terms" of a competitively bid contract with Holt of California of Stockton, California for a total estimated cost of $83,305.00.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue a purchase order to Holt of California of Stockton, California for the estimated amount of $83, 305.00.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-291

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO PURCHASE ORACLE LICENSES AND MAINTENANCE RENEWAL FOR THE INFORMATION TECHNOLOGY DEPARTMENT, BY ACCESSING THE TERMS OF A COMPETIVELY BID CONTRACT FROM THE COUNTY OF LOS ANGELES, CONTRACT NO. 41974/OLSA-1017086-15-APR-2003, TO ORACLE USA, INC., FOR AN ANNUAL COST OF $135,160 AND A TOTAL ESTIMATED COST OF $675,800 OVER THE TERM OF THE 5-YEAR LEASE

WHEREAS, the Information Technology Department (IT), purchases annual maintenance agreements on most of its software applications for the purpose of receiving technical support and to keep current with software releases, and

WHEREAS, the City of Modesto utilizes the Oracle database platform to house and maintain a majority of its mission critical and non-mission critical applications and data, and

WHEREAS, over the last several years, the demand for new and upgraded system applications, technological hardware advances, and an increase in use, has extended the use of the Oracle database platform, and

WHEREAS, the Information Technology department has conducted an internal audit of its use and has discovered the need for additional licensing, and

WHEREAS, as applications and system use expands, it is essential that technology be utilized to maintain and support these applications and backend systems, and

WHEREAS, the Modesto Municipal Code, MMC 8-3.203, generally requires all purchases, which meet or exceed $50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, there are exceptions to the rule set forth in the Modesto Municipal Code, and

WHEREAS, one exception, MMC 8-3.204 (d), is available where the Purchasing Manager, in his or her discretion, determines that a process other than the usual formal bid procedure set forth in Section MMC 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS, acting within his discretion, the Purchasing Manager invoked that exception for this purchase, and

WHEREAS, the County of Los Angeles went through a competitive bid process for the purchase of Oracle licensing and software maintenance support to the lowest responsive and responsible bidder, which was Oracle Corporation., and

WHEREAS, by "accessing the terms" County of Los Angeles master agreement would be an efficient and effective way to purchase Oracle licenses and software maintenance support, thereby saving City time and expense to formally solicit Request for Bids, and

WHEREAS, this purchase will conform to MMC 8-3.204 (d).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue a Purchase Order to Oracle USA, Inc., for the purchase of Oracle licenses and maintenance renewal for an annual cost of $135,160 and a total estimated cost of $675,800 over the term of the 5-year lease.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd, day of May, 2007 by Councilmember Hawn, who

moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-292

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE PURCHASE OF CISCO SMARTNET HARDWARE MAINTENANCE FOR THE INFORMATION TECHNOLOGY DEPARTMENT FOR A TERM OF THREE (3) YEARS, AT AN ESTIMATED ANNUAL COST OF $46,483. THE TOTAL AMOUNT OF THE AGREEMENT OVER THREE (3) YEARS IS ESTIMATED AT $134,491.

WHEREAS, In 2004, the city standardized its networking equipment on Cisco Systems, Inc. switching and routing products, and

WHEREAS, the maintenance of this networking equipment is critical to maintaining network continuity, system uptime and optimization, and

WHEREAS, a 3-year term agreement will protect the city from service cost increases within the 3 year contracted date.

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The issuance of a formal Request for Bid for the purchase Cisco SMARTnet Hardware maintenance conforms to the Modesto Municipal code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue formal Request for Proposals (RFP) for the purchase of Cisco SMARTnet Hardware maintenance for the Information Technology Department for a term of three (3) years, at an estimated annual cost of $46,483. The total amount of the agreement over three (3) years is estimated at $139,449.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-295

A RESOLUTION APPROVING CITY'S RESPONSE TO THE DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD) AUDIT FOR HUD ENTITLEMENT FUND PROGRAMS ADMINISTERED BY THE PARKS RECREATION AND NEIGHBORHOODS DEPARTMENT AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SUBMIT THE RESPONSE TO HUD.

WHEREAS, HUD funded programs administered by the Parks, Recreation and Neighborhoods Department (PRND) were scheduled to be audited by the City's Internal Auditor in the Fall of 2001, and

WHEREAS, at that time, administration of the HUD funded programs had recently shifted from the Community Economic and Development Department to the Parks, Recreation and Neighborhoods Department's Recreation and Neighborhood Services Division, and

WHEREAS, since all components of program administration and staffing were new, the Internal Auditor delayed the audit giving newly assigned staff time to complete the transition, and

WHEREAS, in 2002, a potential conflict of interest arose for the City's Internal Auditor; consequently he withdrew from the engagement to avoid the appearance of any conflict, and

WHEREAS, in 2004, the City's Internal Auditor proposed to find another source for the audit, and

WHEREAS, at an audit training seminar, the City's Internal Auditor presented the conflict to a group of auditors that included a representative of the HUD Office of Inspector General (OIG), and

WHEREAS, the OIG auditor volunteered to conduct the audit at no fee to the City, and

WHEREAS, the audit was subsequently conducted by the HUD OIG from November 2005 through April 2006, and

WHEREAS, the HUD OIG audit process included an initial survey of files, programs and policies, followed by an in-depth file review and then on-site inspections of approximately 40 homes that had rehabilitation work funded by HUD programs, and

WHEREAS, representatives of the OIG also reviewed all HUD Entitlement Programs, including the Community Development Block Grant Program, the HOME Investment Partnership Program, the Emergency Shelter Grant Program and the American Dream Down-payment Assistance Program for a period of approximately 10 years, with focus on housing rehabilitation program in years of 2000-2006, and

WHEREAS, the auditors also reviewed City Purchasing Policy, personnel job descriptions and financial management of the entitlement programs, and

WHEREAS, City employees, community partners, general contractors, program participants, representatives of local agencies and representatives of the Region IX HUD Community Planning and Development Office were interviewed, and

WHEREAS, in July 2006, the OIG issued a "Use Restricted Draft Audit Report", and

WHEREAS, the report outlined the audit findings and recommendations that OIG representatives had proposed for a final audit report, and

WHEREAS, in August 2006, the City reviewed the Draft Audit Report and offered a comprehensive response to and rebuttal of the proposed audit findings and recommendations listed in the draft report, and

WHEREAS, the OIG took the City's response into consideration and did make minor adjustments to the final report, and

WHEREAS, in August 2006, the OIG's final report was completed and sent to the Department of Housing and Urban Development (HUD) and listed two (2) audit findings and six (6) recommendations, and

WHEREAS, the OIG also suggested that the City pay back $68,379 in CDBG Funds, and

WHEREAS, per HUD's request, in March 2006, the City wired $3,441 to HUD to repay funds extended to a client who defrauded the City, and

WHEREAS, HUD reviewed the OIG Final Audit Report and has given the City direction in response to the OIG's report and recommendations, and

WHEREAS, a copy of the City's response, updated policies and procedures and verification results of re-inspections are **attached hereto** and incorporated herein by reference, and

WHEREAS, most of the recommendations entail updating policy relating to estimating, bidding and contractor outreach, and

WHEREAS, initially, the OIG stated the City's estimates were high on 12 rehabilitation projects and were not consistent with local market conditions and

WHEREAS, the City engaged an independent architect to review four of the 12 files questioned by the OIG, and

WHEREAS the four files represented over 50% of the funds in question and the independent architect found that three of the clients received fair estimates and that one received an estimate and ultimately rehabilitation work at an amount lower than market rate, and therefore the OIG claim was not warranted, and

WHEREAS, the final OIG audit report changed the finding slightly to indicate that 12 program recipients had not received products specified in the work write-ups, and clients were overcharged for products not received in a total amount of $64,938, and

WHEREAS, HUD directed the City to have an independent and qualified inspector, outside of City staff, administering the HUD programs, to re-inspect the identified 12 homes, and

WHEREAS, City Building Inspectors re-inspected the 12 homes in question and found the City may have overcharged one client up to $32.67 for a grab bar specified, but not installed, and

WHEREAS, City Building Inspectors also found other minor variations from the specification; but all other variations favored the program recipient, and

WHEREAS, the City will submit a response to HUD's report and direction indicating that $32.67 in CDBG funding will be repaid, in addition to the $3,441 in funds already wired in March, and

WHEREAS, the total of $3,474 in funds that will be repaid to HUD represent .01% of the CDBG funds the City received from HUD in the ten program years audited, and

WHEREAS, while the City does not agree with the findings of the OIG, the audit and subsequent audit report have resulted in fine tuning of policies, procedures and operations of the City's HUD Programs including the following:

1. HUD Rehabilitation Program Bids are now posted on the Internet using the City's Planet Bid program;
2. The HUD Programs Contractor List has added new contractors to the program through quarterly outreach efforts;
3. HUD Rehabilitation Programs now use industry standard estimating tools crafted especially for single family home rehabilitation projects. The City has conducted an estimating workshop to educate contractors and other interested parties in the HUD Programs procedure for estimating;
4. The Parks Recreation and Neighborhoods Department's Recreation and Neighborhood Services Division is now evaluating the possible use of rehabilitation program software to produce cost estimates, determine income eligibility and to format program documentation; and
5. Work write-ups and bid specifications now have accompanying drawings to clarify any potentially ambiguous narrative in specifications.

and,

WHEREAS, the Audit Committee met on April 30, 2007, and supported staff's proposed response to HUD,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves City's response to the Department of Housing and Urban Development (HUD) Audit for HUD Entitlement Fund programs administered by the Parks Recreation and Neighborhoods, a copy of which is **attached hereto** and incorporated herein by reference.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to submit the response to HUD.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

DRAFT

April 25, 2007

Steven B. Sachs, Director
Community Planning and Development Division
U.S. Department of Housing and Urban Development
San Francisco Regional Office – Region IX
600 Harrison Street
San Francisco, California 94107-1387

Subject: Office of Inspector General (OIG) Audit Report
Audit Report Number: 2006-LA-1019
Response to Corrective Actions Requested by HUD

Dear Mr. Sachs:

The City has now received two transmittals from the Region IX HUD Office regarding corrective actions required to close cited findings in OIG Audit Report Number 2006-LA-1019; the first was received January 22, 2007 and the latter received February 27, 2007. The City offered a preliminary response to the transmittals to HUD in a letter dated March 22, 2007; and now offers this document and attachments as the final response.

Process for Response

August 25, 1975, the Modesto City Council adopted Resolution Number 75-866, delegating the authority to administer Community Development Block Grant funds to citizens advisory committees. The citizens advisory committees assigned to review CDBG programs and housing rehabilitation programs subsidized by HUD Entitlement funding are the Housing and Community Development Committee and the Housing Rehabilitation Loan Committee. To ensure a full public process the City provided reports to the following committees:

The City presented status reports to:
1. Citizens Housing & Community Development Committee; and
2. Housing Rehabilitation Loan Committee;

The City presented formal responses to:
3. City Council Audit Sub-Committee; and
4. The Modesto City Council

DRAFT

In a preliminary response dated March 6, 2007, the City requested that the deadlines for responding to the following corrective actions be extended:

- Corrective Action for Recommendation 1A – Extended to May 30, 2007
- Corrective Action for Recommendation 1B – Extended to May 30, 2007
- Corrective Action for Recommendation 1D – Extended to May 30, 2007
- Corrective Action for Recommendation 2A – Extended to May 30, 2007

RESPONSE

The City of Modesto has addressed all OIG recommendations, including the steps that were implemented before the completion of the audit, and included in the City's audit response report.

In the Region IX HUD Office's transmittals to the City of Modesto, it was stated that the following corrective actions must be taken to clear Findings and Recommendations listed in the OIG Audit Report:

OIG Finding 1: The City Did Not Properly Administer and Procure Rehabilitation Work, Resulting in Loan Recipients Being Overcharged at Least $64,938.

OIG Recommendation 1A: Comply with HUD procurement requirements in 24 CFR 85.36 and its own policy and procedures manual by ensuring that work write-up forms and clearly written, procurement records are maintained, awards are made to the lowest priced responsible bidder, two or more responsible bids are received to avoid sole-source contracts, and procurements are publicly advertised and bids solicited from an adequate number of contractors.

HUD Required Corrective Action: *Develop improved housing rehabilitation policies and procedures that require more detailed work write-ups. The procurement procedures should be changed to retain procurement records for a minimum of four years, consistent with CDBG requirements. Additionally, the City must develop improved outreach procedures to increase the number of contractors bidding on projects. Finally, train rehabilitation staff on these new policies and procedures.*

*To document these corrective actions, please submit written policies and procedures evidencing these actions and submit written policies and procedures evidencing these actions and provide a certification that staff has been trained on these new policies and procedures. Please complete these items by March 30, 2007.**

** Extension requested to May 30, 2007*

DRAFT

Modesto has drafted the following updated policy in the Community Development Policies and Procedures Manual:

- **Chapter 6 – Policies for Bidding on Rehabilitation Projects**

The City has updated Chapter 6 of the Community Development Policies and Procedures Manual. The updated policy is attached.

Additionally, the City has drafted new procedures for the following Housing Rehabilitation Programs processes:

- **Creating work write-ups**
- **Cost estimating**
- **Outreach Procedure**

The updated procedures are attached

Policies and Procedures are consistent with 24 CFR 85.36 as well as pertinent City of Modesto regulatory requirements.

The City certifies that employees assigned to administration duties of the rehabilitation program have received internal training on updated policies and procedures. Please note that the City has also implemented the following practices:

Work Write-Ups

1. Work write-ups are now accompanied by plans offering visual clarifications.
2. Work write-ups must now be approved by the Senior Rehabilitation Specialist and the HUD Programs Manager.
3. Housing rehabilitation personnel have been trained in these new practices.

Cost Estimates

During the course of the audit, the City implemented an administrative practice of documenting independent estimating tools by RS Means, a company that auditors stated would be appropriate. The City is now evaluating estimating software that will use an industry standard, in addition to developing a database documenting local market cost deviations.

The City certifies that employees assigned to generate cost-estimates have been internally trained. Additionally, the City has conducted a

DRAFT

training workshop for local contractors on the estimating procedure used for HUD funded rehabilitation programs administered by the City.

Outreach

The City has already taken steps to extend bid outreach by enrolling in the Planet Bid on-line bidding process, establishing an outreach committee and contacting all contractors on the pre-qualified list to determine if they continue to be interested in remaining on the list. The on-line bidding process was implemented and operational on April 3, 2006, during the course of the audit.

The City has also conducted outreach to contractors, specifically in the "cost estimating processes." On March 16, 2007, Modesto hosted an estimating workshop for local contractors. The workshop detailed the process that the Housing Rehabilitation Specialists follow to generate estimates. Five contractors attended the workshop as well as two representatives from the local Housing Authority.

Following is a list of contractor outreach activities conducted by the City since the beginning of the OIG audit:

Housing Rehabilitation Program Outreach	
12/12/2005	Open House
12/15/2005	Tour of housing rehabilitation area-Modesto Junior College
1/1/2006	Advertisement in City Activity Guide
1/4/2006	Meeting with Senior providers
2/1/2006	Meeting with Senior providers
3/10/2006	Annual Safe Banking Seminar for Seniors
4/5/2006	Meeting with Senior providers
4/8/2006	Cesar Chavez Day event participation
4/18/2006	Tour of housing rehabilitation area-Modesto Junior College
4/18/2006	Mailing to three non-profits on housing rehabilitation referrals
4/19/2006	Mailing to Highway Village residents
4/22/2006	Earth Day event participation
5/1/2006	Advertisement in City Activity Guide
5/1/2006	Advertisement in City Utility insert
5/3/2006	Mailing to Airport Neighborhood residents
5/11/2006	Meeting with Society for the Handicapped, Advancing Vibrant Comm.
6/1/2006	Mature Adults Housing Seminar

DRAFT

6/1/2006	Advertisement in City Utility insert

3/16/2007	Annual Safe Banking Seminar for Seniors
4/9/2007	Tour of housing rehabilitation area-Modesto Junior College
Ongoing	Building Inspection distribution "Calling all Contractors" to contractors

OIG Recommendation 1B: Design and implement appropriate quality control systems to ensure that City Staff properly monitors contractor charges and document rehabilitation progress and work quality, including conducting and documenting site visits to evaluate the progress and quality of the rehabilitation work performed by the contractors.

HUD Required Corrective Action: *The City must develop policies and procedures to Implement Quality Control Systems that Monitor Contractor charges, including conducting and documenting site visits to evaluate the progress and quality of the rehabilitation work completed. After these policies and procedures have been completed, train rehabilitation staff on these new policies and procedures.*

*As with Recommendation 1A, to document these corrective actions, please submit written policies and procedures and a certification indicating that staff has been trained on these items. Please complete these items by March 30, 2007.**

** Extension requested to May 30, 2007*

The City has drafted the following updated policy in the Community Development Policies and Procedures Manual:

- **Chapter 9 - Policies for Work Monitoring, Quality Standards, Grievances, Collections, Foreclosures and Appeals.**

Additionally, the City has drafted the following new procedures:

- **Outreach for Housing Rehabilitation Programs**
- **Housing Rehabilitation Program Monitoring Procedures**

DRAFT

Copies of the policies and procedures are attached. The City certifies that employees assigned to administer HUD funded housing rehabilitation programs have received internal training on the new policies and procedures.

OIG Recommendation 1C : Immediately reduce loan amounts by at least $64,938, plus interest, for the loan recipients listed in Appendix D who were charged unreasonable and unnecessary amounts for rehabilitation work. If loan amounts are not reduced for the individual loan recipients, the City must provide documentation supporting the original contract charges. Additionally, all overcharges agreed to must be refunded back to the City's block grant account from nonfederal funds.

HUD Required Corrective Action: *In response to the draft audit, the City hired an independent architect to review the costs charged for the 12 rehabilitation loans identified in the audit. While the City believed the architect's review supported the costs charged, we could not fully accept these reviews, in part, because physical inspections of the properties were not conducted to ensure that the items specified were installed. In recent discussions with the OIG, they indicated that some items specified in work write-ups were not actually installed in some of the homes. The result was that items costing less were installed but were charged the original higher contract price. The architect's review could only confirm costs of the items specified but not necessarily of the items installed and work completed.*

To resolve this issue, the City must conduct site visits for the 12 properties identified in the audit. Each site visit must verify that the items specified in the work write-up/rehabilitation contracts were completed and that items specified were installed. The work performed and items actually installed should be analyzed to determine that the costs of the work completed were installed and are appropriate for the amount charged. Discrepancies on work performed and costs charged should be noted and documented and the costs adjusted. Therefore, if applicable, actions should be taken to reduce the loans, pay back the City's CDBG program, or support and document the costs charged.

Please note the Recommendation does not require that the City hire an outside contractor to complete the inspections. If City employees are used, we suggest that staff with sufficient construction experience that do not work directly on the HUD-funded programs be used. This will mitigate the appearance of a conflict of interest. Please complete these actions by June 30, 2007.

The City of Modesto has complied with this required action, but would ask that **HUD note that the interpretation of this recommendation and grounds for the related finding appear to have changed since the OIG Audit exit interview and subsequent publication of OIG Audit Report Number 2006-LA-1019.**

Of concern to the City is the apparent suggestion that items specified were not the items installed, and further that inferior items were installed at an inappropriate cost. The City of Modesto appreciates this clarification made by the Region IX HUD Office, as it was never stated

DRAFT

by representatives of the OIG or made apparent in OIG Audit Report Number 2006-LA-1019.

On the four properties already reviewed by an independent appraiser, the City does stand by the independent appraiser's findings.

In compliance with HUD's direction, the City attempted to contact the owners of the 12 units required by HUD with the following results:

- 9 property owners allowed re-inspections
- 1 owner refused inspection and stated that she was pleased with the rehabilitation work completed
- 1 owner initially scheduled an in section, but cancelled due to serious illness. This owner has since scheduled and cancelled again and has stated that she does not know when she will be well enough to reschedule an inspection – but for the time being is not allowing an inspection.
- One property was sold. The City has made numerous attempts to contact the new owner without success. Proof of change of ownership is attached.

Two qualified City Building Inspectors visited the 9 out of the 12 properties identified in the audit, in order to verify that items specified in the work write-ups/rehabilitation contracts and associated change orders were completed and that items specified were installed.

Attached to this report is are the list of items specified and the Inspectors verification.

Modesto's Senior Rehabilitation Specialist and Rehabilitation Specialist II are new to the City and were not employed by the City during the time rehabilitation work was completed or during the course of the audit. The housing rehabilitation program specialists evaluated any deviation from items specified in file work-write ups and conducted an impact analysis. The rehabilitation specialists generated cost estimates for any product or installation that varied from the work-write up in any way, to determine if any participant incurred financial loss or overcharge. The City certifies that cost estimates were conducted using an industry standardized tool, an RS Means estimating book, with any deviations documented through sources such as the Lowes' or Home Depot websites, as these businesses are located in Modesto (the websites both offer zip code specific product pricing information). Additionally, the rehabilitation specialist clarified any items that may have been changed from the original specification due to change order or documented client request.

DRAFT

Using the results of inspections conducted by the Building Inspector and the cost estimating impact analysis conducted, the City determined that one client did incur financial harm of $32.67. The City requests that HUD determine if this amount should be refunded to the client, adjusted in the client's loan or if the City should offer to correct the oversight of installing a grab bar.

A summary of the inspections and analysis is attached to this report. Please note that there were other minor deviations, but all others actually benefited the client.

Recommendation 1D: Change its policy of requiring loan recipients to select only contractors from the City's approved bidders list and allow them the option to seek out their own licensed and bonded contractors to perform the work.

HUD Required Corrective Actions: *The City must include in their CDBG Housing Rehabilitation loan policy that loan recipients have the option to seek out their own licensed and bonded contractors to perform the rehabilitation work. Staff should be trained on this new policy. Please submit a copy of the revised procedures and certify that the training has been done. Please complete this item by May 15, 2007.**

** Extension requested to May 30, 2007*

It has always been the intent and practice in housing rehabilitation programs, administered by the City of Modesto, to give loan recipients the option to seek out their own licensed and bonded contractors to perform rehabilitation work. The City has drafted the following updated policy in the Community Development Policies and Procedures Manual:

- **Chapter 6 – Policies for Bidding on Rehabilitation Projects**

The policy has been updated specifically to clarify that loan recipients have the option to seek out their own contractors. The City certifies that employees assigned to administer HUD funded housing rehabilitation programs have received internal training on this policy.

Finding 2: The City Approved $3,441 in Ineligible Relocation Expenses

OIG Recommendation 2A: Comply with the underwriting requirements in its policies and procedures manual relating to verification of income and credit when determining the eligibility of all loan applicants before relocation expenses are incurred, such as the $3,441 identified in this report.

HUD Required Corrective Action: *The City must develop policies and procedures to improve the underwriting requirements and Improve Income and Credit Verification procedures. Staff must be trained on these new policies and procedures.*

DRAFT

*To document these corrective actions, please submit written policies and procedures and a certification indicating that staff has been trained on these items. Please complete these items by March 30, 2007.**

** Extension requested to May 30, 2007*

The City has drafted the following updated policy in the Community Development Policies and Procedures Manual:

- **Chapter 7 – Policies for Loan Origination**

This policy is attached. The City certifies that HUD funded housing rehabilitation staff have received internal training on this policy.

The City has had difficulty in locating income eligibility training for CDBG Housing Rehabilitation Programs. Representatives from the Region IX HUD office were also unable to identify training, but did recommend seeking training similar to a Public Housing Authority's Section 8 Program, as many standards and processes are similar. The Stanislaus County Housing Authority has agreed to provide training to the City in income eligibility review and documentation by May 30, 2007.

HUD's consideration of the City's request for time extensions is greatly appreciated. Should additional information be needed, please contact Barbara Kauss, HUD Programs Manager, at (209) 577-5275.

Sincerely,

Julie Hannon
Deputy Director

Housing Rehabilitation Program

POLICIES FOR BIDDING
ON HOUSING REHABILITATION PROJECTS
Chapter 6

6.1 CONTRACTOR BID PROCESS GENERAL POLICIES

i. The solicitation, review, and analysis of bid proposals are part of the technical assistance provided to property owners who have requested assistance under any of the housing rehabilitation programs.

ii. The Policies for Bidding on Housing Rehabilitation Projects supports professional construction management standards on the part of bidders, and it recognizes the vital role played by private sector small businesses in assisting the City of Modesto in accomplishing its housing rehabilitation and neighborhood revitalization objective of preventing or eliminating blighted neighborhoods through rehabilitation. The Policies for Bidding on Housing Rehabilitation Projects promotes equal access for bidders, competitive pricing, reasonable profits, and increased opportunity for economic growth for small, minority, and female contractors.

iii. All policies and procedures for implementing the Bid Process shall be in compliance with the Code of Federal Regulations (24CFR 85.36), applicable OMB Circulars, HUD guidelines, rules, notices, regulations, and City of Modesto requirements.

iv. In support of the Policies for Bidding on Housing Rehabilitation Projects, the Department of Parks, Recreation and Neighborhoods, Recreation and Neighborhood Services Division will implement procedures to effectively carry out the Policies for Bidding on Housing Rehabilitation Projects.

v. The Policies for Bidding on Rehabilitation Projects shall only be amended by approval of the City Council. The Procedures for Bidding on Rehabilitation Projects may be amended with approval by the Parks, Recreation and Neighborhoods Department Director, or designee. The Procedures for Bidding on Rehabilitation Projects shall be amended by the Recreation and Neighborhood Services Division, as experience and practicality dictates, including, but not limited to, suggestions offered by city staff, program participants and participating bidders, potential bidders, and contractors.

vi. The supervisor of the housing rehabilitation program shall be responsible for implementing and enforcing the Policies for Bidding on Rehabilitation Projects, as well as the Procedures for Bidding on Rehabilitation Projects.

6.2 ELIGIBILITY FOR BIDDING ON HOUSING REHABILITATION PROJECTS

i. Any person, partnership, or corporation with a current California General Contractor's License is eligible to have bids considered in accordance with the Procedures for Bidding on a Housing Rehabilitation Project. In limited situations, specialty contractors may be directly invited to bid on projects as the Recreation and Neighborhood Services Division deems necessary.

ii. In accordance with 24CFR85.36(c)(4) the Recreation and Neighborhood Services Division shall encourage qualified contractor participation to ensure that enough bids are received for a successful and adequate solicitation. The Recreation and Neighborhood Services Division shall engage in continuous contractor outreach in order to provide for the maximum open and free competition that will not preclude other potential bidders from qualifying during the bid solicitation period.

iii. The contractor outreach will employ a broad range of activities designed to improve the Housing Rehabilitation Programs access to qualified contractors. Such activities may include: publishing a brochure, participating in trade fairs, presenting seminars or workshops for interested contractors, participating in local organizations which support contractors and various forms of public advertisement.

6.3 CONTRACTORS LIST

i. The Recreation and Neighborhood Services Division shall maintain a Contractors List. The list will contain Licensed General Contractors and Licensed Specialty Contractors.

ii. The Contractors list will be updated, at minimum, on a quarterly basis and more frequently if deemed necessary.

6.4 STANDARD PROJECT BID PROPOSALS

i. When soliciting bids for private property rehabilitation projects, the procurement by sealed bids (formal advertising) method, in accordance with 24CFR 85.36(d)(2) shall be used.

Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in Sec. 85.36(d)(2)(i) apply.

In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;
(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and
(C) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

ii. The City's Recreation and Neighborhood Services Division will prepare a detailed work write-up and a detailed cost estimate for each housing rehabilitation project.

iii. Exceptions to the Standard Project Bid Proposal may occur when the property owner has been approved as an owner-builder or in cases of emergency as determined by the Director, or designee.

iv. The Invitation for bids shall be provided at no cost to the bidder or to the property owner. Property owners requesting a project to be re-bid may be charged the actual costs incurred for copies.

v. Invitation for bids may be amended, by Recreation and Neighborhood Services Division, at any time prior to the bid due date, by issuance of a written "Addendum To Bid." When addendums become necessary, all bidders who received a bid packet, shall be notified of the addendum.

6.5 ANNOUNCEMENT OF AVAILABLE BID PROPOSALS

i. Invitation for Bids will be publicly advertised and bids shall be solicited from an adequate number of known contractors. Invitation for bids will be posted on the City of Modesto web site. Posting may also be announced by one or more of the following methods: e-mail to bidders who have provided an e-mail address, direct mail, newspaper ad, and/or posting at the Recreation and Neighborhood Services Division front desk or any other public place deemed applicable.

ii. In cases of extreme emergencies i.e. conditions that are a threat to human life or situations that pose extreme hazardous conditions, the Director, or designee, may authorize other expedient methods for soliciting an adequate number of bidders to have the emergency work completed.

6.6 OBTAINING BID PROPOSALS

i. Bid Proposal Packets will be made available to the public.

ii. Bid Proposal Packets can be obtained from the City of Modesto web site or at the Recreation & Neighborhood Services Division, 1010 10th Street, Suite #4300, during business hours.

iii. Bid Proposal Packets may also be made available by one or more of the following methods: e-mail to bidders who have provided an e-mail address, or direct mail.

iv. All requests made by bidders for bid Proposals must be documented.

6.7 SUBMITTING BID PROPOSALS

i. The Recreation and Neighborhood Services Division shall require sealed bids for housing rehabilitation projects (24 CFR 85.36(d)(2)). Each bid shall be submitted to the Recreation and Neighborhood Services Division in a sealed envelope by the time and date specified in the invitation for bids.

6.8 OPENING OF SEALED BIDS

i. Pursuant to 24 CFR 85.36(d)(ii)(C) all bids will be publicly opened at the time and place prescribed in the invitation for bid.

ii. Bid opening is a public event, all bidders, contractors, and anyone from the general public is welcomed and encouraged to attend.

6.8 BID REVIEW AND VALIDATION

i. The Recreation and Neighborhoods division staff shall review each bid proposal to verify that it complies with all provisions of the bid procedure.

ii. Any deviations or exceptions to the bid validation procedure must be approved by the Director, or designee.

iii. Contractor bids that are more than 115% or less than 85% of the cost estimate will very likely fail to meet the cost criteria of the Recreation & Neighborhood Services Division. Exceptions between 115% -125% or between 75%-85% of the cost estimate may occur upon approval by the Director, or designee.

iv. Any or all bids may be rejected if there is a sound documented reason (24 CFR 85.36(d)(ii)(E))

6.9 AWARDING OF BIDS

i. Awarding bids for housing rehabilitation projects shall be in compliance with 24 CFR 85.36(d)(ii)(D).

ii. Pursuant to 24 CFR 85.36(b)(8) awarding of bids shall be made only to responsible contractors possessing the ability to perform successfully under the terms and conditions for the proposed project. Consideration shall be given to such matters as contractor integrity, compliance with public policy, record of past performance, availability of financial and technical resources.

iii. A property owner applying for financial assistance for housing rehabilitation through the City of Modesto, Department of Parks, Recreation and Neighborhoods Department is not required to accept the lowest bid submitted.

6.10 WITHDRAWAL OF BID BY BIDDER

i. Bids may be withdrawn by the submitter within three (3) business days after the bids were opened, without penalty. If a bidder withdraws the bid after the three-day period the bidder may be subject to an administrative penalty.

ii. A bidder who has withdrawn a bid shall be ineligible to re-bid the same project.

6 .11 ADMINISTRATIVE PENALTIES

i. Any bidder who violates the policies of the Housing Rehabilitation Programs specified in the Community Development Manual, may be subject to administrative penalties which could include suspension or expulsion from the Housing Rehabilitation Program.

6.12 ADMINISTRATIVE APPEALS

i. In accordance with 24CFR 85.36(b)(12) the City shall provide a process for bidders and contractors to present administrative appeals, as needed.

ii. Appeals shall be submitted in writing to the Recreation and Neighborhood Services Deputy Director.

PARKS, RECREATION & NEIGHBORHOODS DEPARTMENT
Recreation & Neighborhood Services Division
Housing Rehabilitation Program

PROCEDURES FOR LOAN ORIGINATION
Chapter 7

7.1 REQUEST FOR ASSISTANCE

i. A property owner may request assistance by contacting the Recreation and Neighborhood Services Division. The Housing Financial Specialist, or designee, will screen the applicant to determine property eligibility, eligibility of requested repairs, and household income. The Housing Financial Specialist will prepare a loan application package, the inspection information form, a property detail report (for real property), and information on the applicant's request and deliver this to the Senior Housing Rehabilitation Specialist, or designee. The Senior Housing Rehabilitation Specialist will contact the property owner to set up an initial inspection that will verify repairs are needed. The Senior Housing Rehabilitation Specialist will deliver the loan application package to the property owner during the inspection appointment, if repairs are needed.

ii. The applicant must complete their loan application package. The loan application package will contain the application, required disclosures, and a checklist of required documents.

iii. Documents that may be requested, but not limited to, are: Federal Income Tax Returns with Schedules and W2's, 1099's, and other attachments, pay stubs, Social Security benefit statement, Unemployment benefit statement, Public Assistance benefit statement, bank statements, IRA statements, mortgage statements, loan or credit card statements, copies of mortgage Notes, copies of recent property appraisals, escrow settlement statements, property tax statements, fire insurance policy, etc

iv. The applicant contacts the Housing Financial Specialist for a confidential interview. The applicant can travel to the City's offices or the Housing Financial Specialist can travel to the applicant's home. During this interview, the required documents are collected, the application is reviewed, and the required disclosures are signed and obtained from the applicant.

v. During this interview, the applicable program is discussed and explained in detail to answer any questions the applicant might have. The financial and technical timeline and workflow is discussed, along with how the loan amount is determined. The Housing Financial Specialist must explain that the loan amount will be more than the contract amount because of contingency, permit costs, advance costs, loan fees, and title costs, etc.

7.2 Income and Asset Information

i. The methodology for underwriting the income will be listed on the underwriting sheet. Copies of benefit letters, Federal Tax Returns with Schedules and Attachments, pay stubs, or asset statements are placed in the file. If there is any deviation from income history and anticipated income for the household during the next 12 months, it must be explained on the underwriting sheet or on a memo to the file.

   a) If the applicant or household member receives social security, a Social Security benefit letter will be required.

   b) If the applicant or household member receives a pension, a pension benefit letter or a check stub from the pension will be required.

   c) If the applicant or household member has pay stub employment, current pay stubs will be required, along with maximum of two-year federal tax history. A minimum of two recent pay stubs will be required. An adding machine tape indicating how the stubs were used to calculate annual income should be attached to one of the stubs.

   d) If the applicant or household member works at seasonal or temporary employment and that history is anticipated during the next 12 months, a maximum three-year federal tax return history will be required. Current year pay stubs can be required.

   e) If the applicant or household member is and has been self-employed, a three-year federal tax return history will be required for analysis.

   f) If there are assets, such as IRAs and Annuities, an account statement will be required and income will be determined based on HUD guidelines for assets under $5,000 and assets over $5,000.

ii. Regular gifted Income must be evidenced by proof of such income, such as a check stub, or a signed, written statement or electronic mail, under penalty of perjury. The statement is required by the person gifting the funds and the person or household being gifted the funds.

iii. Adult persons in the household with non-verifiable income must submit a signed statement, under penalty of perjury, stating their monthly income, the source of that income, or the reason for lack of income.

iv. All other income criteria, inclusions to income, and exclusions to income are defined by HUD guidelines as stated in the Loan Origination Policy.

7.3 Credit Report and Debts

i. Within 2 days of receipt of application and preliminary income eligibility, a credit report shall be obtained on the applicant(s). The Housing Financial Specialist must obtain an Authorization to Verify Information prior to obtaining a credit report, or verifying any information with a third party.

ii. If the applicant is eligible for a deferred payment loan, the credit report should be reviewed to determine if any public liens in prior position to a City loan, or to verify the applicant's actual debts to the debts listed on the application. The credit report should be used for verification of information. The credit score is not relevant for a deferred payment loan. Debt-to-income guidelines should be used to demonstrate the household's ability to continue to live in the home. If household income is non-taxable, income can be grossed up for non-taxability. A guideline is a 25% gross up of income.

iii. If the applicant is eligible for an amortized loan, the credit report should be analyzed for credit score, verification of debts, ability and willingness to repay the loan. The Housing Financial Specialist can use current FHA allowable debt-to-income ratios as a guideline for payment affordability. If household income is non-taxable, income can be gross up for non-taxability, using the 25% guideline. If the payment is not affordable or a hardship exists, the Housing Financial Specialist should discuss this with management. If a payment is affordable, but only up to a stipulated amount, the allowable loan amount must be documented and communicated to the Senior Housing Rehabilitation Specialist prior to the technical assistance.

iv. ***Special Note***: Household income must be collected on all qualifying adult household members of the household per HUD guidelines. However, only the debts of the applicant will be used in the debt calculation. Adult members of the household who are not on title are not a party to the loan transaction.

7.4 Title Reports/Searches

i. The Housing Financial Specialist will order a Short Form Title Policy or Prelim from the service provider, depending on the projected loan amount.

ii. A short form title policy may be used for loans $50,000 and under. A full lender's CLTA (California Lenders Title Insurance Association) must be used for loans over $50,000. Exceptions to this policy can be approved, in writing, with documentation, by the Deputy Director, Parks, Recreation, and Neighborhoods. Short form title policies are used in order to reduce the borrower's costs and smaller dollar loans carry less risk.

iii. Invoices for title reports and mobilehome title searches are paid by the City and included in the loan. If a loan is withdrawn or denied, the title report fee is an administrative cost to the rehab budget.

iv. The title report will be reviewed to verify if there are other liens prior to a City loan, and if there is sufficient equity in the property for a City loan. Any clouds on title (any claim, condition or encumbrance that impairs title to real property) must be removed or

subordinated.

v. Stanislaus County Grant liens must be subordinated. Contact the Stanislaus County Revenue Recovery.

vi. Declarations of Homesteads may remain on title.

vii. Taxes must be paid current. Any tax deferment plan through the State must be added into the loan to value calculation.

viii. Mobilehomes-Order a check from Finance and request a State of California Title Search. This formal search is good for four months.

ix. ***Special Note***: Other persons not living in the household may be on title. The program must benefit a low-income household who is living in the home. Persons not on title must complete an application and will be required to execute the loan documents. Their income, credit, debts may be used for re-payment purposes, if the loan requires monthly payments.

7.5 Loan-to-Value

i. If the loan is on real property, use the applicable City software program to obtain comparable sales. Analyze and determine if there is sufficient equity in the property. If a mobilehome, use multiple listing information and any other information that can be obtained to establish the value.

ii. Obtain a general cost estimate from Senior Housing Rehabilitation Specialist. If there is insufficient value in the property for ballpark cost estimate, advise the Senior Housing Rehabilitation Specialist as to what amount is available.

iii. If it is determined that a formal appraisal of the property needs to be obtained to verify the value of the property, the applicant must sign an Advance Payment Agreement for Professional Services, approved by management, and a formal appraisal will be ordered from a certified appraiser. The appraiser will be selected in accordance with the City's procurement policy.

7.6 Insurance

i. If the property owner does not have fire insurance, this must be brought to the attention of the Senior Housing Rehabilitation Specialist prior to technical assistance. The property owner must be informed that they should obtain fire insurance for their own protection.

ii. A proposed policy can be quoted from a service provider and submitted to the Housing Rehabilitation Loan Committee (HRCL) for inclusion in the loan. The property owner must apply for and be the owner of the policy. The coverage must be from loan closing to the estimated completion date, or longer. The loan should cover the minimum amount of time that can be purchased through the policy. The property owner is responsible for payment after the period purchased in the loan is expired.

7.7 Exceptions

Any exception to these procedures due to the special circumstances within a file or special circumstances relating to the applicant can be approved by the HUD Program Manager.

7.8 Conditional Eligibility

i. If the household is income eligible, and underwriting criteria meets the qualifications of the housing rehabilitation program, the property owner will be issued a conditional eligibility letter by the Housing Financial Specialist. The letter will notify the applicant if conditional eligibility is for a deferred payment loan or an amortized loan. If it is an amortized loan, the monthly payment amount will be estimated in the letter. The loan interest rate, loan term, and any loan conditions such as owner occupancy will be identified in the letter. The property owner is notified that the HRLC must approve the loan and updated income information could be required prior to the loan being submitted to the loan committee. The letter shall notify the applicant that any changes to number of persons in household or a change in household income could affect eligibility to the program.

ii. Upon conditional eligibility, the Housing Financial Specialist will prepare project folder for the Housing Rehabilitation Specialist. The folder will contain a blank conversation log, initial inspection information, property information, conditional eligibility information, and a memo on any special circumstances on payments or value that the Housing Rehabilitation Specialist needs to be aware of.

7.9 The File

i. The file should be kept in a neat and orderly manner and all papers should be fasted down. The file must be kept in a locked cabinet during non-working hours.

ii. The left inside cover will contain the telephone contact log(s) of the Housing Financial Specialist and any correspondence sent. The information will be in chronological order. The right inside cover will contain the Housing Rehabilitation Specialist's log upon completion of the file.

iii. The title information and loan application and corresponding documentation should be kept in the marked stacking order in the middle sections of a six part legal file.

iv. The technical assistance information should be kept in the stacking order on the left back portion of the file. The disbursement information should be opposite the technical assistance information.

v. Upon completion of the file, the stacking order should be placed in the file, verified by the Housing Financial Specialist and reviewed by the Administrative Clerk.

7.10 Withdrawn and Denied Applications

A letter must be sent to the applicant per the Loan Origination Policy.

7.11 Updating Documentation Prior to submission to the Housing Rehabilitation Loan Comm.

i. If the household income changes each calendar year, such as SSA or SSI, the income should be updated if a new calendar year has occurred.

ii. If any of the household income is determined by underwriting by pay stubs, and the pay stubs in the file are more than 60 days old, the Housing Financial Specialist must request two recent pay stubs.

iii. If the credit report is more than 90 days old and the loan is an amortized loan, an updated credit report should be done. The Housing Financial Specialist may use discretion for deferred payment loans.

iv. Update title report if necessary or check Stanislaus County Recorder's website for any recordings under the applicant's name.

v. Verify taxes are paid current through the Tax Collector's Office or through a Tax Supplement from the title company.

vi. Obtain written verification that property insurance is still in effect. If insurance is expired, obtain a new declaration page from the property owner or the insurance agent.

vii. The Housing Financial Specialist is responsible that HUD funds are available and there are funds in the City budget available for the loan.

viii. Submit an approved format City committee agenda report to management. Attach Summary information on the project and the household, and a copy of the Awarded Bid. Document the file with a map showing the addresses of current committee members to demonstrate there is no conflict of interest for any members, or alert management if there is any known conflict of interest.

ix. The HRLC agenda reports are distributed by the Administrative Clerk.

7.12 Housing Rehabilitation Loan Committee

i. The loan is submitted to the Housing Rehabilitation Loan Committee. Meetings are scheduled for the first and third Thursdays of each month.

ii. If the loan must be submitted to City Council, submit an approved format City Council agenda report to management. The report will not have the summary attachment that is used for HRLC. The relevant household information and project information must be contained in the text of the report.

iii. Committee or Council minutes (an Resolution) are filed with the applicable Committee of Council agenda report.

7.13 Loan Approval or Denial

i. If the HRLC denies the loan, the applicant must be sent a letter, as described in the Loan Origination Policy.

ii. If the loan is approved and if the applicant is not present at the meeting, the applicant is telephoned with the results of the meeting. If the loan is approved, the loan signing appointment can be made during the phone call.

iii. A loan approval letter must be sent to the borrower(s). The letter should state the loan terms and any conditions to the loan. The date and time of the loan signing appointment can be included in the letter.

7.14 Executed Loan Documents

i. All pro forma loan documents used in loan closing must be approved by the City Attorney's office. If there is a unique situation on a loan requiring modification of the wording on any loan document, consult the City Attorney's office. Loan documents are, but not limited to:

Promissory Note-Straight or Amortized
Deed of Trust (real property)
Security Agreement (mobilehome)
Loan Agreement
Loan Disclosure
Agreement to Furnish Insurance
Hold Harmless Letter
Notice of 3-Day Right of Rescission (owner occupied property only)
Trust Certification (for Revocable Living Trusts)

ii. The Housing Financial Specialist and City Notary meet with the borrower(s) to sign the loan documents. The borrower may sign the loan papers at the City offices, or if they are unable to come to City offices, the Housing Financial Specialist and Notary may travel to the home of the borrower. The signing should be in a location that offers confidentiality to the borrower. Copies of the documents are given to the borrower. The loan papers should be explained to the borrower in detail.

POLICIES FOR CONTRACTOR PAYMENTS
Chapter 8

8.1 CONTRACTOR PAYMENT GENERAL POLICY

i. Contractor payments from loan proceeds are disbursed through the City of Modesto Finance Department.

ii. In the event of property owners who are husband and wife in joint tenancy or tenants-in-common, the signature of either spouse will be sufficient for all Payment Requests. In the event of property owners who are unmarried individuals, the signatures of all those having legal interest shall be required on the Payment Request, unless Power of Attorney has been granted as specified.

8.2 SUBMITTING A REQUEST FOR PAYMENT

i. Upon completion of the work item(s) identified in the Property Improvement Agreement progress payment schedule, the contractor shall be responsible for contacting the city representative and requesting an inspection of the work and authorization of a disbursement from the owner's loan funds.

ii. The contractor must provide an invoice to the City.

8.3 PROCESSING CONTRACTOR PAYMENT FOR TECHNICAL INSPECTION

i. The City representative will conduct a site inspection to verify that the work has been satisfactorily completed as per the Property Improvement Agreement

ii. The City representative shall request the property owner(s) and contractor to be present during the inspection. It is encouraged that the owner always be present, if possible.

iii. Upon finding that the work specified in the work write-up has been completed properly and that the work has passed any other required inspections, the City representative will complete a Payment Request form for the proper amount of the draw and any applicable change orders. The property owner and the City representative shall sign the form as evidence of satisfactory completion of work. The contractor may sign the Payment Request form.

8.4 PROCESSING CONTRACTOR PAYMENT

i. The Payment Request form and contractor invoice are processed by the assigned staff member in the housing rehabilitation program for the actual disbursement of funds.

ii. It is the responsibility of city staff to verify the disbursement is in accordance with the Property Improvement Agreement and any change orders to that agreement.

iii. Disbursements shall be made in the form of a City of Modesto check, made payable to the name on the contractor's license.

iv. The final draw payment, excepting the 10% retention, will be conditional upon passing a Final Inspection by applicable State or City building inspector, Certificate of Completion, and a Certification of Pest Control Clearance, if required, and a Lead Based Paint Clearance, if required, or any other necessary inspections.

v. The 10% retention payment can be paid to Contractor thirty-five (35) calendar days after a notice of completion of the work has been recorded in the official real property records of Stanislaus County or ninety-five (95) calendar days after substantial completion of the work if no completion notice is recorded. These waiting periods may be waived if Contractor furnishes to the property owner, proof satisfactory to the City of Modesto, that contractor has completed the work free from liens or claims of any kind whatsoever affecting the property owner or owner's property.

vi. After verification of funds and documentation, the assigned staff person will sign the Payment Request and submit the Payment Request, contractor's invoice, and Check Request for authorized department signature. The documents are delivered and processed by the City Finance Department.

8.5 DISBURSEMENT OF CONTRACTOR PAYMENTS

i. Checks shall be made available to the payee in accordance with the processing schedule established by the City of Modesto Finance Department.

ii. After the contractor check is delivered from the Finance Department, the contractor may pick up disbursement checks from the City of Modesto or checks can be mailed to the contractor's address on file. Contractors who pick up disbursement checks from the City of Modesto must sign for receipt of the check. Checks will not be released to any other person unless there is written authorization on file.

PARKS, RECREATION & NEIGHBORHOODS DEPARTMENT
Recreation & Neighborhood Services Division
Housing Rehabilitation Program

PROCEDURES FOR CONTRACTOR PAYMENTS
Chapter 8

8.1 SUBMITTING REQUEST FOR PAYMENT

i. Upon notification from the contractor that the work has been completed in accordance with the Property Improvement Agreement or per approved change orders, the Housing Rehabilitation Specialist shall conduct the inspection on the same business day, if possible, and no later than the next business day.

ii. The Housing Rehabilitation Specialist will contact the property owner and contractor by phone or in person to coordinate the inspection time.

iii. The contractor shall submit an invoice to the Housing Rehabilitation Specialist. The invoice shall describe the work completed: description or item numbers per the Property Agreement, description of Change Orders, or the permit cost, and the total amount that is due and payable to the contractor. Proof of the permit fee must be submitted if a permit reimbursement is requested. The invoice shall identify the Contractor's name, mailing address, and State Contractors License number. The contractor shall sign the invoice.

8.2 PROCESSING CONTRACTOR PAYMENT BY HOUSING REHABILIATION SPECIALIST

i. A record of inspection shall be recorded in the ongoing contact record.

ii. The Housing Rehabilitation Specialist shall verify that the amount of the invoice is for the correct amount, per the Agreement or approved Change Orders.

iii. If the Housing Rehabilitation Specialist and the property owner find that the work has been satisfactorily completed as per Agreement or change orders, both parties shall sign the Payment Request. The contractor may sign the Payment Request, but the contractor's signature is not required if the contractor has signed his/her invoice.

iv. The Payment Request must be filled out completely and accurately. Any cross outs to the document must be initialed by the property owner and the Housing Rehabilitation Specialist.

v. The Payment Request must clearly identify each numbered item completed as per the Property Improvement Agreement and/ or change order number.

vi. The Housing Rehabilitation Specialist shall retain the applicable copy of the Payment Request for the rehab file, along with a copy of the contractor invoice.

vii. The Housing Rehabilitation Specialist shall deliver the signed original and one duplicate copy of the Payment Request, the original contractor invoice, and all other documents required by

the Agreement, to the Housing Financial Specialist no later than one business day after the site inspection. Attention should be given to the City's check processing schedule.

8.3 PROCESSING CONTRACTOR PAYMENT BY HOUSING FINANCIAL SPECIALIST

i. The Housing Financial Specialist shall verify the amount of payment as per Agreement. The Housing Financial Specialist must verify that the items listed are in accordance with the Agreement. If any other inspections or documents are required by the Agreement, the Housing Financial Specialist must verify these are in file. If a Termite Clearance is required, the Housing Financial Specialist must verify that the report indicates that the property has been cleared of all infestation. A Lead Based paint report must indicate Clearance of hot areas. If the payment if the full payment, excepting the 10% retention, a Certification of Completion must by signed by the Housing Rehabilitation Specialist and property owner(s). If any building State or City Building Inspector or through the City's Building Inspection software. If there is a Notice and Order on file, the City Building Inspector's signature is required on the Certificate of Completion. If the payment is the 10% retention payment, the Housing Financial Specialist must receive Unconditional Lien Releases from the Housing Rehabilitation Specialist.

ii. The Housing Financial Specialist will complete the Accounting Box at the bottom of the Payment Request form. The applicable copy of the Payment Request (or photocopy) and a copy of the invoice must be filed in chronological order under the Disbursement Ledger in the file.

iii. The Housing Financial Specialist will enter the date, reason, and amount of disbursement on the Disbursement Ledger and place a current ledger in the file, on top of the disbursement documentation. The ledger must indicate amount remaining for the contract, contingency and fees. The ledger must indicate Change Orders paid and any pending Changes Orders by number.

iv. The ledger must indicate permit number, permit date, date of final, and dates of any other documents required by the Property Improvement Agreement.

v. The Housing Financial Specialist, or designee, shall prepare the Check Request and attach the original Payment Request form and original contactor invoice. An authorized department signature will be obtained on the Check Request. The Check Request will be notated for the check to be returned to the Housing Financial Specialist. Department Admin will deliver the Check Request to Finance and a copy to the Grant Accountant.

vi. In the absence of the Housing Financial Specialist, a supervisor shall verify and sign the Payment Request.

vii. The Housing Financial Specialist must have documented approval from management for any disbursement not in accordance with these procedures.

8.4 DISBURSEMENT OF CONTRACTOR PAYMENTS

i. The Housing Financial Specialist shall take delivery of check(s) issued by the Finance Department.

ii. The Housing Financial Specialist or designee shall contact the contractor via phone that the check is available for pick up. If the contractor asks the Housing Financial Specialist to mail the check, it will be mailed that day.

iii. Checks will be placed in the pick up area at the front counter. Personnel will have the contractor sign the check stub as evidence of receipt and the stub shall be placed in chronological order in the contractor file in the disbursement section. If the payment is a project retention payment and the contractor has not signed an Unconditional Lien Release, the contractor must sign an Unconditional Lien Release to receive the check. The signed check stub shall be filed with the copy of the Payment Request in the Housing Financial Specialist's file.

8.5 TWO-PARTY CHECKS

i. Two-party checks may be issued as requested by the property owner, provided that the property owner is not one of the payees.

ii. Two-party checks shall be required under special circumstances, including: A Preliminary Lien Notice has been received by the property owner and the General Contractor is not able to furnish a Lien Release signed by the filing party prior to issuance of the progress payment.

8.6 SPECIAL CIRCUMSTANCES

i. In the event that a Mechanic's Lien is filed against a property, the City Attorney's office should be consulted for information and instructions on how to proceed with payments on that housing rehabilitation project.

ii. The Senior Housing Rehabilitation Specialist shall immediately freeze all payments on all rehabilitation jobs to a contractor who has had any subcontractor, supplier, employee, or other person file a recorded Mechanic's Lien against a property being rehabilitated. The contractor shall submit Lien Release with notarized signature(s) prior to disbursement of progress payments on all housing rehabilitation projects.

PARKS, RECREATION & NEIGHBORHOODS DEPARTMENT
Recreation & Neighborhood Services Division
Housing Rehabilitation Program

POLICY FOR WORK MONITORING, QUALITY STANDARDS, GIEVANCES, COLLECTIONS, FORECLOSURES AND APPEALS

Chapter 9

9 .1 REHABILITATION WORK PRIOR TO ORDER TO PROCEED

i. An *Advance Payment Agreement* must be signed by the property owner and approved by management for any housing rehabilitation work done prior to the loan closing and the *Order to Proceed.*

ii. The rehabilitation work done under the *Advance Payment Agreement* is limited to emergency work needed for the health and safety of the occupants of the home.

iii. Bids must be obtained in accordance with City procurement policy.

iv. Staff must give written notice to contractor to perform any work as required by an *Advance Payment Agreement.*

v. Upon completion of the work to the satisfaction of the property owner, City staff, and any required Building Inspection, contractor shall be paid for the emergency work through a *Payment Request.*

9. 2 COMMENCEMENT OF WORK

i. Contractor shall not commence rehabilitation work or order materials until an *Order to Proceed* has been signed by the property owner and forwarded to the contractor by City staff.

9.3 COMPLIANCE WITH WORK SPECIFICATIONS

i. The rehabilitation work must meet the specifications of the *Property Improvement Agreement* and attached Work Write-up for the project, known as the *Agreement.* The work must also meet the minimum requirements of the Rehabilitation Specifications Manual, in addition to any State or City Codes.

i. City staff shall conduct regular site inspections to monitor the quality and timeliness of the work in progress by a contractor or by an approved owner-builder. City staff must maintain a written work log for dates, times, and comments on all site inspections.

ii. City staff shall issue a written notice to contractor of any and all corrections, or items or work that fails to meet compliance to the *Agreement*, or if the contractor is not in

compliance with State laws and regulations for contractors. The contractor will be out of compliance and not eligible for payment. All corrections must be completed and approved prior to the contractor receiving any progress payments.

9.4 WORK CHANGE ORDERS

i. Any Work Change Order must be executed for any alterations or deviation from the specification of the *Agreement*, including items with no cost differential. A City of Modesto Work Change Order form must be completed

ii. The Work Change Order must signed by the property owner(s), the contractor, and City staff. The work cannot be done until the Work Change Order is approved by management and delivered to the contractor.

iii. Contractor cannot be issued Work Change Order cannot exceed the amount available in the loan unless approved by management.

iv. No oral agreements are allowed by any party involved in a housing rehabilitation project financed through the City of Modesto.

9.5 COMPLETION OF THE PROJECT

i. A *Certificate of Completion* shall be signed by City staff, the property owner, and the contractor when the work has been 100% completed to the satisfaction of all parties, and in accordance with the specifications of the *Agreement*, and passed the necessary inspections by the required Building Inspector.

9.6 GRIEVANCE/DISPUTE RESOLUTION/FORMAL ARBITRATION PROCEDURES:

i. If the property owner is not satisfied with the work completed, or the contractor has not completed the work in accordance with the *Agreement,* City staff will meet with the property owner and contractor and attempt to resolve the dispute.

ii. If such informal resolution is unsuccessful, the property owner and the contractor must follow the arbitration steps and procedures as outlined in the *Agreement*.

9.7 COLLECTION OF PAYMENTS AND DELINQUENCIES

i. All loan payments are made directly the City's loan servicer.

ii. The Housing Financial Specialist follows the following loans on a continual basis: loans with payments 3 months past due or more, previously modified past due loans, matured loans, and loans with conditions that are out of compliance.

iii. The Housing Financial Specialist contacts borrowers by phone or letter for collection of payments or loans within the allowed practice of the California Civil Code in regards to Debt Collection Practices.

iv. The Housing Financial Specialist prepares a report of on the Status of Delinquent, Matured or Modified Rehab/DPAP loans for the Housing Rehabilitation Loan Committee at a minimum of twice a year.

9.8 FORECLOSURE ACTION

i. The Housing Rehabilitation Loan Committee must recommend by vote of the committee any default and subsequent foreclosure action against a loan.

ii. The default of foreclosure action must be reviewed by the City Attorney' office.

iii. If default or foreclosure action is taken by the City, the action is outsourced to a provider for default and foreclosure action. Any funds that are advanced the service provider are advanced from CDBG funds.

APPEALS or do we just say follow City policy

i. Decisions of the housing rehabilitation program staff

a) Any affected person may informally appeal the decision of staff to the Deputy Director, Recreation and Neighborhood Services Division.

b) Any affected person may appeal a decision of the Deputy Director to the Director or Parks, Recreation and Neighborhoods.

c) Any affected person may appeal the decision of the Director to the Housing Rehabilitation Loan Committee, depending on the particular program they are concerned with, according to provision of this section

ii. Decision of the Housing Rehabilitation Loan Committee

a) Except as provided in this section, any affected person may appeal a decision of the Housing Rehabilitation Loan Committee to the Citizens Housing and Community Development Committee.

b) No appeal to the Citizens Housing and Community Development Committee shall be available from any decision of the Housing Rehabilitation Loan Committee on the determination of eligibility for assistance or the type and amount of assistance to be awarded under any program under its jurisdiction. Appeals in such cases shall be to the City Council in accordance with Chapter 4 of Title 1 of the Modesto Municipal Code.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-296

A RESOLUTION AUTHORIZING THE PURCHASE OF REPLACEMENT PLAY EQUIPMENT AND ENGINEERED WOOD FIBER SAFETY SURFACING FOR PIKE PARK AT AN ESTIMATED COST OF $46,697 AND AUTHORIZING STAFF TO HIRE A CONTRACTOR TO INSTALL THE ENGINEERED WOOD FIBER AND SUPERVISE THE PARK PARTNER VOLUNTEER EFFORT TO INSTALL THE NEW PLAY EQUIPMENT AT AN ESTIMATED COST OF $7,450.00, FOR A TOTAL PROJECT COST OF $54,147.

WHEREAS, in 2005, winter storms damaged trees in Pike Park resulting in large limbs falling on the existing play equipment and damaging the play equipment sufficiently to require that it be removed, and

WHEREAS, a claim for damage was submitted to insurance and a check was received in the amount of $20,146.00 which has been deposited into account number 1400-310-M185-8122 to partially fund the replacement of the play equipment, and

WHEREAS, the remaining funding will come from CDBG Public Facility and Improvement account #1130-320-3236, and

WHEREAS, the Pike Park project involves the replacement of storm-damaged play equipment and is using volunteers as part of the City's Park Partners program, and

WHEREAS, under Article XIII. Fiscal Administration, Section 1307, the City Charter allows that park or parks playground projects otherwise subject to the public bidding requirements of this section that involves any donated labor and/or material to be excluded from the normal bidding process, and

WHEREAS, this project involves the donated labor by community members for the installation of the play equipment and meets the requirements of this section, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby authorizes the purchase of replacement play equipment and engineered wood fiber safety surfacing for Pike Park at an estimated cost of $46,697.

BE IT FURTHER RESOLVED that staff is hereby authorized to hire a contractor to install the engineered wood fiber and supervise the Park Partner volunteer effort to install the new play equipment at an estimated cost of $7,450.00.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-297

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE PURCHASE OF RUBBER SIDEWALK MATERIALS AND ACCESSORIES MADE FROM CALIFORNIA WASTE TIRES FOR THE PARKS, RECREATION AND NEIGHBORHOODS DEPARTMENT, SOLID WASTE MANAGEMENT DIVISION AND THE PUBLIC WORKS DEPARTMENT, FORESTRY DIVISION FOR A THREE (3) YEAR AGREEMENT, FOR AN ESTIMATED TOTAL COST OF $100,650, OF WHICH $51,300 IS GRANT FUNDED.

WHEREAS, the California Integrated Waste Management Board (CIWMB) offers grants to communities to encourage the use of products made from recycled rubber extracted from California waste tires, and

WHEREAS, on December 14, 2004, by Resolution No. 2004-669, the Council authorized the City Manager to submit applications and grant related documents, accept awards and amend the annual budget for all grants offered by the CIWMB, and

WHEREAS, the City of Modesto was awarded a $51,300 grant from CIWMB to purchase and install 11,400 square feet of rubber sidewalks and

WHEREAS, the City of Modesto will match the grant funds with approximately $49,000 to be pooled from the Parks, Recreation and Neighborhoods Department, Solid Waste Division and the Public Works Department, Forestry Division to be spread out over the three (3) year grant cycle, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Bids for the purchase of rubber sidewalks and accessories made from California waste tires and contain no tire buffings will conform to code, and

WHEREAS, funds are budgeted and available in accounts 0410-355-4436-0237, 310-355-4402-0237 and 0700-480-4724-0360 for the purchase of rubber sidewalk materials and accessories in Fiscal Years 06/07, 07/08 and 08/09,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public formal bids for the purchase of rubber sidewalk materials and accessories made from California waste tires and contain no buffings, for a three (3) year agreement at the sole discretion of the City, to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk is hereby directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened they shall be tabulated and analyzed by the Purchasing Division and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-298

A RESOLUTION APPROVING A REQUEST FOR PROPOSAL (RFP) APPLICATION FOR THE CITY OF MODESTO TO APPLY TO BECOME A "HOST CITY" FOR THE THIRD-ANNUAL AMGEN TOUR OF CALIFORNIA, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE APPLICATION AND RELATED DOCUMENTS.

WHEREAS, in February 2007, the Amgen Tour of California swept down the California Coast for eight days and generated over $100 million of economic impact to the 12 host cities and the state with over one billion marketing impressions created worldwide, and

WHEREAS, the Amgen Tour of California has posted their Request for Proposal (RFP) application for response from cities who wish to be considered as a "Host City" for the third Annual Amgen Tour of California in February 2008, and

WHEREAS, Modesto is centrally located and has access to bike paths and trailways both toward the west and east as well as along the north-south corridors, and

WHEREAS, this would be a unique and exciting opportunity for the city to showcase its accommodations and amenities as well as produce a revenue enhancing project for the community, and

WHEREAS, the City of Modesto has the desire to become a "Host City" for the Amgen Tour of California in February 2008, and

WHEREAS, the City of Modesto has read the requirements exhibited in Amgen's RFP and agrees to abide by the requirements listed within the RFP,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. The filing of an RFP for the City of Modesto to become a "Host City" for the 2008 Amgen Tour of California is hereby approved.

2. The City Manager, or his designee, is hereby authorized as agent of the applicant to conduct all negotiations and execute and submit all documents, including, but not limited to, applications, contracts, amendments, payment requests, and compliance with all applicable current state and federal laws, which may be necessary for the completion of the aforementioned Project upon acceptance of said RFP by the City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-299

A RESOLUTION APPROVING A HOME LOAN IN THE AMOUNT OF $785,307 TO THE HOUSING AUTHORITY OF STANISLAUS COUNTY, TO INCREASE THE NUMBER OF HOME UNITS IN THE VILLAGE ONE TOWN CENTER PROJECT, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE LOAN AGREEMENT AND RELATED DOCUMENTS.

WHEREAS, in fiscal year 2002-2003, the City of Modesto allocated $245,000 to the Housing Authority of Stanislaus County (Housing Authority) to fund project pre-development costs, and

WHEREAS, in response to the neighborhood meetings, the Housing Authority created a design committee with residents from Village One, and City and Housing Authority staff, and

WHEREAS, the City has pledged $933,600, 80% of that year's HOME funds, for the construction of this project, and

WHEREAS, on October 26, 2004, by Resolution No. 2004-564, the City Council approved an additional allocation of $1,030,791 from Fiscal Year 2004-2005 HOME funds to the Housing Authority of Stanislaus County for the development of the Village One multi-family housing project, and

WHEREAS, on February 5, 2007, Bill Fagan, Executive Director for the Housing Authority of Stanislaus County, submitted a letter to the City of Modesto, Parks, Recreation and Neighborhoods Department (PRND) requesting additional HOME funds for the Village One Town Center Project, and

WHEREAS, the letter confirmed that the Housing Authority's Village One Town Center project is a twenty unit development consisting of ten 3-bedroom units and ten 2-bedroom units, and that the total development costs for the project are currently estimated at $7,246,819 or $362,341 per unit, and

WHEREAS, after reviewing the project Operating Income and Expense Projection, City staff requested that the Housing Authority increase the number of HOME units from 8 to nineteen, giving the City eleven additional affordable housing units, and

WHEREAS, if this funding is not allocated before July 31, 2007, HUD may elect to re-capture the funds, and

WHEREAS, the Housing Authority initially requested $842,802, but City staff is recommending allocating $785,307, as this is the maximum amount of subsidy allowed by HUD with the proposed affordability mix and to meet the commitment level required by HUD, and

WHEREAS, the Citizens Housing and Community Development Committee met on March 5, 2007, and March 27, 2007, and supported staff's recommendation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves a HOME loan in the amount of $785,307 to the Housing Authority of Stanislaus County, to increase the number of HOME units in the Village One Town Center project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement and related loan documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-301

A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN FOR THE CITY OF MODESTO.

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. CLASSIFICATION CREATED. The Position Classification Plan of the City of Modesto is hereby amended to create the following classification of City Engineer. The job specification for this classification is being created to assist the Public Works Director in the planning, organizing, coordinating, and direction of the engineering programs; to coordinate the engineering aspects of public works land development activities; and to provide highly complex technical staff assistance to the City Manager and other department directors. The job specification for the classification of City Engineer, as shown on the attached **Exhibit "A,"** which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after May 22, 2007.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

CITY ENGINEER

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To assist the Public Works Director, in the planning, organizing, coordinating and direction of the engineering programs; to coordinate the engineering aspects of public works land development activities; and to provide highly complex technical staff assistance to the City Manager and other department directors.

SUPERVISION RECEIVED AND EXERCISED

Receives administrative direction from the Public Works Director.

Exercises direct supervision over professional, technical and clerical staff.

Exercises responsible charge of assigned engineering, and related functions.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

Performs the responsibilities of the City Engineer.

Approves and signs all tentative and final subdivision maps.

Plans, organizes, coordinates and directs through subordinate supervisors the work of the development services division.

Coordinates and assists subordinate supervisors in evaluating development proposals; responds and comments on impacts and mitigation of project impacts and communicates staff's comments to other agencies, departments, developers, Planning Commission, Boards, and/or City Council as necessary.

Develops and maintains City standard specifications.

Develops and directs the implementation of goals, objectives, policies, procedures and work standards for the division.

Develops and implements management systems, procedures, and standards for program evaluation.

Essential Functions: (Continued)

Assists in the preparation of a variety of studies and reports relating to current and long-range City capital improvement needs and develops specific proposals to meet them; provides technical assistance to staff.

Plans and directs project management activities for a variety of capital improvement projects, including the preparation of plans, specifications and designs; estimates, schedules, inspections and project monitoring.

Manages the review and oversees the inspection of public works improvements constructed by private developers.

Confers with developers and others to resolve issues relating to public improvement requirements for subdivisions

Directs the preparation and administration of the division's budget.

Assists with the preparation of operating and capital improvement budgets and control of expenditures.

Directs the selection, supervision and work evaluation for division staff and provides for their training and professional development.

Participates in recommending the appointment of personnel; provides or coordinates staff training; works with employees to correct deficiencies; implements discipline procedures; establishes performance standards and evaluates the performance of subordinate personnel.

Assists in planning, directing, supervising, and coordinating departmental and divisional operations; assigns work activities, projects and programs; monitors work flow; reviews and evaluates work products, methods and procedures.

Coordinates the work of the division with that of other divisions.

Monitors developments related to public works engineering, evaluates their impact on City operations and implements policy and procedure improvements.

Ensures adherence to codes, applicable laws, regulations and guidelines relating to engineering activities.

Appears before City Council, Boards, Commissions, Committees, and numerous civic organizations representing the Department.

Coordinates Department activities with those of other departments and outside agencies and organizations; provides staff assistance to the Deputy Director of Public Works (Traffic & Development Services); prepares, reviews, and presents staff reports and other necessary correspondence.

Essential Functions: (Continued)

Coordinates, assists, and manages functions of other divisions within Public Works Department and assists the Director and Deputy Director

Assists in orderly management of land development and growth of the City and its infrastructure requirements.

Maintains regular contact with consulting engineers, consulting project managers, construction project engineers, City, County, State, and Federal agencies, professional and technical groups, and the general public regarding Public Works' Department activities and services.

Prepares a variety of correspondence general special reports.

Ensures adherence to codes, regulations, and guidelines related to engineering and construction activities.

Marginal Functions:

Performs related duties as assigned.

QUALIFICATIONS

Knowledge of:

Principles and practices of civil engineering as applied to the field of municipal public works, including planning, development, design, and construction.

Theories, principles, techniques and equipment used in construction.

Federal and State regulations, rules, and requirements.

Legal guidelines for public works engineering activities.

Technical, legal, and financial problems involved in the conduct of a municipal public works program.

Principles and practices of civil engineering, including project management, design, contract administration, and construction management; reports and recommendations relating to proposed public works projects.

Procedures, materials, equipment, and methods used in all areas of public works activities.

Principles and practices of budget development, administration, and expenditure control.

Administrative principles and methods, including goal setting, program development and implementation, and employee supervision.

Ability to

Manage, direct and continually improve the development services program.

Demonstrate leadership and provide customer service.

Select, motivate and evaluate staff and provide for their training and professional development.

Develop, interpret, and implement goals, objectives, policies, procedures, work standards and internal controls.

Exercise sound, independent judgment within general policy guidelines.

Plan, organize, direct, and coordinate a variety of functional specialties with overlapping work areas.

Analyze complex technical and administrative problems, evaluate alternatives, and implement creative but sound alternatives.

Prepare and present clear, concise, competent reports, correspondence, and other materials both orally and in writing.

Coordinate the activities of a number of sections within the Department.

Assist with the preparation of divisional operating and capital improvement budgets and control budget expenditures.

Manage performance of a variety of technical and engineering research and prepare reports of findings.

Effectively manage assigned areas of the departmental program.

Establish and maintain cooperative relationships with those contacted during the course of work.

Effectively utilize personal computers, standard office software and specialized engineering and project management software.

Willingness and ability to work extended hours as required.

Experience and Training Guidelines

Any combination of experience and education that would provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience

Five years of increasingly responsible professional civil engineering experience, including at least two years in a supervisory or administrative capacity in public works design, project management work, and development services..

Education

Equivalent to a Bachelor's Degree from an accredited college or university with major coursework in civil engineering or a related field.

License or Certificates

Possession of a valid California Professional Engineer Certificate and/or a Certificate of Registration as a Civil Engineer issued by the California State Board of Registration for Professional Engineers is required. If licensed in another state, candidates will have six (6) months to obtain California Registration.

Possession of, or ability to obtain, an appropriate, valid California Drivers License.

WORKING CONDITIONS

Environmental Conditions:

Work is performed mostly in an office setting. Some outdoor work is required in the inspection of various land use developments, construction sites, or public works facilities.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for standing, walking or sitting for prolonged periods of time; traveling to and from sites and attending meetings. Must be physically capable of moving about on construction work sites and under adverse field conditions.

RESOLUTION NO. 2007-302

A RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 2005-602 TO REVISE THE CLASS RANGE TABLE FOR UNREPRESENTED MANAGEMENT AND CONFIDENTIAL NON-SWORN CLASSES TO ESTABLISH A SALARY RANGE FOR CITY ENGINEER AT SALARY RANGE 2452.

WHEREAS, the City Council desires to amend Exhibit "A" of Resolution No. 2005-602, which approved the Class Range Table for Unrepresented Management and Confidential Non-Sworn Classes,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. AMENDMENT TO RESOLUTION NO. 2005-602. Exhibit "A" entitled, "City of Modesto Class Range Table Unrepresented Management and Confidential Non-Sworn Classes Effective December 6, 2005," attached to Resolution No. 2005-602, is hereby amended as shown on the amended **Exhibit "A"** entitled, "City of Modesto Class Range Table General Non-Sworn Classes Effective December 6, 2005," which is attached hereto and made a part hereof as though set forth in full herein. Said amended Exhibit "A" establishes the salary range for City Engineer at range 2452.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after May 22, 2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on 22nd day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-303

A RESOLUTION AUTHORIZING THE CITY OF MODESTO'S PARTICIPATION IN THE 2010 WESTERN STATES POLICE AND FIRE GAMES AND COMMITMENT OF THE EQUIVALENT OF ONE FULL-TIME POLICE SERGEANT POSITION, OR TWO PART-TIME RETIRED POLICE SERGEANT POSITIONS, FOR ONE YEAR AS GAMES COORDINATOR(S) AND ANOTHER PART-TIME POSITION, YET TO BE IDENTIFIED, FOR ABOUT SIX MONTHS TO ASSIST WITH THE 2010 WESTERN STATES POLICE AND FIRE GAMES AT AN ESTIMATED JUNE 2008 COST OF $109,872-$201,231; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY DOCUMENTS.

WHEREAS, the 2010 Western States Police and Fire Games Committee is soliciting "Letters of Intent" from cities interested in hosting this event, and

WHEREAS, the Modesto Convention and Visitors Bureau (CVB) is submitting a "Letter of Intent" for the city of Modesto and surrounding communities, and

WHEREAS, the host committee must obtain full government commitment by obtaining resolutions or letters by June 2007, and

WHEREAS, the CVB is requesting the partnership and assistance of the Modesto Police, Fire and Parks Recreation and Neighborhoods Department in hosting this event, and

WHEREAS, the 2010 Western States Police and Fire Games will bring great recognition, positive media coverage and huge economic impact to Modesto and the county, and

WHEREAS, it will also allow the City an opportunity to recruit from the very best and most fit officers and firefighters from the surrounding states, and

WHEREAS, the City's participation in this event will include a commitment of the equivalent of one full-time Police Sergeant , or two part-time retired Police Sergeant

positions for one year as Games Coordinator(s) and another part-time position, yet to be identified, for about 6 months to work on the 2010 Western States Police and Fire Games, and

WHEREAS, the 2010 Western States Police and Fire Games will generate General Fund revenue through the Transient Occupancy Tax and sales tax as well as rental revenue from city-owned facilities such as the Modesto Centre Plaza and John Thurman Field, and

WHEREAS, profits from the event will be donated back to local non-profit organization, and

WHEREAS, at its meeting held on April 2, 2007, the Safety and Communities Committee recommended forwarding this item to full Council for consideration,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the the City of Modesto's participation in the 2010 Western States Police and Fire Games and commitment of the equivalent of one full-time Police Sergeant position, or two part-time retired Police Sergeant positions for one year as Games Coordinator(s) and another part-time position, yet to be identified, for about six months to assist with the 2010 Western States Police and Fire Games at an estimated June 2008 cost of $109,872-$201,231.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-304

A RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL AND CONTRACT TO DOCTORS JOCELYN E. ROLAND AND PHILIP S. TROMPETTER OF MODESTO, CA FOR PSYCHOLOGICAL SERVICES FOR THE POLICE DEPARTMENT FOR A FIVE (5) YEAR AGREEMENT, WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR A TOTAL ESTIMATED ANNUAL 2007/08 COST OF $60,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT.

WHEREAS, March 6, 2007, Council approved Resolution No. 2007-158 authorizing the Request for Proposal for Psychological Services for the Police Department, and

WHEREAS, this independent contractor services agreement will provide counseling/therapy 24-hours a day, participation in Modesto Police SWAT activations and hostage negotiations, consultation on cases with the Investigative Services Division and Administration, and provides crisis debriefing, and

WHEREAS, the Modesto Police Officers Association Memorandum of Understanding requires these services be provided to full-time sworn police personnel, and

WHEREAS, the Modesto Police Department would like to continue to provide these services, and

WHEREAS funds will be included in the Police Department 2007/08 Operating Budget and available in the following account for psychological services:

01000190-1921-0235 $60,000 Psychological Services

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of proposal and contract to Doctors Jocelyn E. Roland

and Philip S. Trompetter of Modesto, CA for the furnishing of Psychological Services for the Police Department for a five (5) year agreement, with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual 2007/08 cost of $60,000,

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-305

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR PROPOSALS (RFP) FOR THE PURCHASE OF IN-CAR CAMERAS (SOFTWARE AND HARDWARE) FOR THE MODESTO POLICE DEPARTMENT, FOR A TOTAL ESTIMATED COST OF $199,500.

WHEREAS, many municipalities and other government agencies across the United States have implemented in-car video surveillance programs, and

WHEREAS, based on the success of these deployments, the Modesto Police Department has expressed a growing interest in the benefits of an in-car video program, and

WHEREAS, videos of events could provide evidence of officer and offender actions pre-and post- event, and

WHEREAS, the videos will allow operators from in the field and remote locations such as the Watch Commanders Office, to monitor activities of contacts made by officers in the field, and

WHEREAS, recording will occur when there is a need for directed services or reasonable cause exists that a crime will or has occured, and

WHEREAS, active recordings will be held for a minimum of one year, or longer, and

WHEREAS, video images that are captured due to criminal behavior will be subject to disclosure as outlined in the Government Code (Public Records Act), and

WHEREAS, a draft policy and guidelines document that specifies rules of acceptable usage was developed and will continue to be evaluated and corrected yearly as per CALEA Accreditation standards, and

WHEREAS, on November 9, 2005, a public hearing was held to consider the City of Modesto's 2005/06 expenditures for allocation of $299,591 from the State of California Supplemental Law Enforcement Services Fund (SLESF), and

WHEREAS, Council Resolution No. 2005-564 approved the allocation of $99,500 for in-car videos, and

WHEREAS, on October 10, 2006, a public hearing was held for the 2006/07 SLESF expenditures for allocation of $405,053, and

WHEREAS, Council Resolution No. 2006-650 approved the allocation of $100,000 for the purchase of in-car cameras as part of the expenditures, and

WHEREAS, the Safety and Communities Committee at their May 7, 2007 meeting reviewed and approved staff's recommendation for the purchase of in-car cameras,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue formal Request for Proposals (RFP) for the purchase of in-car cameras (software and hardware) for the Modesto Police Department, for a total estimated cost of $199,500.

BE IT FURTHER RESOLVED that the City Clerk is hereby authorized to call for public competitive sealed proposals for the purchase of in-car cameras (software and hardware) to be opened in the Office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed proposals in the time, form, and manner provided by law.

BE IT FURTHER RESOLVED that after the sealed proposals are opened they will be tabulated and analyzed by the Purchasing Division and the Modesto Police Department and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-306

A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE SHADE STRUCTURES FOR MODESTO PARKS PROJECT, ACCEPTING THE BID AND APPROVING A $143,813.00 CONTRACT WITH HARRIS BUILDERS, INC., FOR THE PROJECT TITLED "SHADE STRUCTURES FOR MODESTO PARKS (GEORGE ROGERS, STOCKARD COFFEE PARK AND ROBERTSON ROAD PARK)," AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the project titled "Shade Structures for Modesto Parks" and City staff recommends approval to the City Council, and

WHEREAS, the bids received for "Shade Structures for Modesto Parks" were opened at 11:00 a.m. on April 10, 2007, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of $143,813.00 received from Harris Builders, Inc., be accepted as the lowest responsible bid and the contract be awarded to Harris Builders, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for said project, and accepts the bid by Harris Builders, Inc., in the amount of $143,813.00, and hereby awards Harris Builders, Inc., the contract titled "Shade Structures for Modesto Parks."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-307

A RESOLUTION APPROVING A PROFESSIONAL SERVICES AGREEMENT WITH ASSOCIATED ENGINEERING GROUP, INC. TO DESIGN THE CLARATINA AVENUE – MCHENRY AVENUE TO COFFEE ROAD 4-LANE WIDENING IN THE NOT-TO-EXCEED AMOUNT OF $65,508, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, Claratina Avenue from McHenry to Coffee is currently a 2-Lane roadway with unimproved shoulders, and

WHEREAS, development in the surrounding area is requiring the City to move forward with the design and right-of-way acquisition for the ultimate expressway, and

WHEREAS, this project will prepare the design for a 4-lane interim facility, and complete maps and legal descriptions to acquire the ultimate right-of-way needed for a future expressway, and

WHEREAS, Capital Improvement Program budgets in future years will allow for right-of-way acquisition, then ultimate construction of the interim roadway, and

WHEREAS, the selection for engineering design services followed the City's selection procedures for professional consultants as outlined in Administrative Directive 3.1, Capital Improvement Services (CIS) staff sent a Request for Qualifications for engineering design services to over 100 civil engineering firms that had previously indicated an interest in providing design services to the City, and

WHEREAS, eight consulting firms were asked to provide a proposal on various projects and were interviewed by City staff, and

WHEREAS, the local firm of Associated Engineering Group, Inc. was considered to be the most qualified for the Claratina Avenue - McHenry Avenue to Coffee Road 4-Lane widening design project, and

WHEREAS, Associated Engineering Group, Inc. prepared the plans and specifications for the 2336 Sylvan Avenue roadway widening, and the Village One Storm Drain Force Main projects, and City staff was pleased with their performance on those projects. In addition, Associated Engineering Group, Inc. completed subdivision improvement plans on the south side of Claratina and are very familiar with the area, and

WHEREAS, this project is very similar to the previous projects and Associated Engineering Group, Inc. has an aggressive schedule to complete the plans and specifications for right-of-way acquisition and construction, and

WHEREAS, Capital Improvement Services staff recommends that an Agreement with the consulting firm of Associated Engineering Group, Inc., be approved to perform the design services as current workload levels do not provide for timely in-house solutions/responses, and

WHEREAS, City desires to enter into an Agreement with Associated Engineering Group, Inc., in an amount not-to-exceed $65,508 to perform design services of the Claratina Avenue - McHenry Avenue to Coffee Road 4-Lane widening project, and

WHEREAS, Associated Engineering Group, Inc., will be paid on a time and materials basis for actual hours required performing individual tasks at a set rate,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement with Associated Engineering Group, Inc., in an

amount not-to-exceed $65,508 for design services of the Claratina Avenue - McHenry Avenue to Coffee Road 4-Lane widening project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-308

A RESOLUTION APPROVING A PROFESSIONAL SERVICES AGREEMENT WITH ASSOCIATED ENGINEERING GROUP, INC. TO DESIGN THE MERLE AVENUE ROAD IMPROVEMENT PROJECT AT THE CENTRAL STORM DRAINAGE BASIN IN THE NOT-TO-EXCEED AMOUNT OF $26,747, AND AUTHORIZING THE COMMUNITY FACILITIES DISTRICT ADMINISTRATOR, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, Merle Avenue remains unimproved on the south side in front of the Village One Central Storm Drainage Basin, and

WHEREAS, this project will install curb, gutter, sidewalk, landscaping and irrigation, and

WHEREAS, in addition, a section of 30" storm drain pipeline will be installed from the Merle/Dermond intersection to the Central Storm Drainage Basin to facilitate the flow of storm water, and

WHEREAS, the selection for engineering design services followed the City's selection procedures for professional consultants as outlined in Administrative Directive 3.1, Capital Improvement Services (CIS) staff sent a Request for Qualifications for engineering design services to over 100 civil engineering firms that had previously indicated an interest in providing design services to the City, and

WHEREAS, eight consulting firms were asked to provide a proposal on various projects and were interviewed by City staff, and

WHEREAS, the local firm of Associated Engineering Group, Inc. was considered to be the most qualified for the Merle Avenue Road Improvement project at the Central Storm Drainage Basin design project, and

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-310

A RESOLUTION OF INTENTION TO LEVY AND COLLECT ASSESSMENTS FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 1 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 1 – 6, AND SETTING A PUBLIC HEARING ON THE PROPOSED ASSESSMENTS TO BE HELD ON JULY 10, 2007.

WHEREAS, Resolution No. 88-935, adopted by the Council of the City of Modesto on December 13, 1988, initiated proceedings for the formation of Landscape Assessment District No. 1 for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6, and

WHEREAS, said assessment district was formed in accordance with the "Landscape and Lighting Act of 1972", (Street and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22623 of the Streets and Highways Code requires the City Engineer, the person designated by this Council as Engineer of Work for Assessment District No. 1, to prepare and file an annual report, and

WHEREAS, the City Engineer, said Engineer of Work, has prepared and filed said annual report with the City Clerk, and

WHEREAS, the Council has approved said annual report by motion, and

WHEREAS, Section 22623 of the Street and Highways Code requires the legislative body (the City Council) to adopt a resolution of intention which shall include the following:

a. Declaration of intention of the legislative body (the City Council) to levy and collect assessments within the assessment district for the fiscal year stated in the annual report.

b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.

c. Reference to the assessment district by its distinctive designation and indication of the general location of the district.

d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.

e. Notice of the time, as fixed by the Streets and Highways Code Section 22625, and the place for hearing by the legislative body (the City Council) on the levy of the proposed assessment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The City Council intends to levy and collect assessments within Landscape Maintenance Assessment District No. 1 during the fiscal year 2007-08.

2. There are no proposed new improvements or any substantial changes in existing improvements in Dry Creek Meadows Subdivisions Nos. 1-6 and that

the existing improvements to be made in said assessment district are generally described as follows:

The City shall provide maintenance, in perpetuity, of landscaping and any and all improvements required for such maintenance including, but not limited to landscape irrigation systems in the following locations:

a. Street medians in Creekwood Drive

b. Areas adjacent to the access control walls along Creekwood Drive

c. Areas adjacent to the access control walls along Claus Road

3. Landscape Maintenance Assessment District No. 1 is located in the County of Stanislaus, within the City Limits of the City of Modesto and is more specifically located on the west side of Claus Road, between Modesto Irrigation District Lateral No. 2 and State Route 132 (Yosemite Boulevard).

4. Said annual report filed with the City Clerk and approved by the Council by motion does provide a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within Landscape Maintenance Assessment District No. 1.

5. On Tuesday, the 10th day of July, 2007, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the question of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council

located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California.

6. The City Clerk is authorized and directed to give the notice of hearing required by the "Landscape and Lighting Act of 1972".

7. The levy and collection of assessments as set forth in this resolution are exempt from the procedural and substantive requirements of Proposition 218 pursuant to Article XIII, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-311

A RESOLUTION OF INTENTION TO LEVY AND COLLECT ASSESSMENTS FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 7-10, CREEKWOOD MEADOWS SUBDIVISION AND YOSEMITE MEADOWS SUBDIVISION UNITS 1 & 2; AND SETTING A PUBLIC HEARING ON THE PROPOSED ASSESSMENTS TO BE HELD ON JULY 10, 2007.

WHEREAS, Resolution No. 89-460 adopted by the Council of the City of Modesto on April 4, 1989, initiated proceedings for the formation of Landscape Assessment District No. 2 for the purpose of administering the maintenance of landscaping in the public right of way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivision and Yosemite Meadows Subdivision Units Nos. 1 & 2, and

WHEREAS, said assessment district was formed in accordance with the "Landscaping and Lighting Act of 1972", (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22623 of the Streets and Highways Code requires the City Engineer, the person designated by this Council as Engineer of Work for Assessment District No. 2, to prepare and file an annual report, and

WHEREAS, the City Engineer, said Engineer of Work, has prepared and filed said annual report with the City Clerk, and

WHEREAS, the Council has approved said annual report by motion, and

WHEREAS, Section 22623 of the Streets and Highways Code requires the legislative body (the City Council) to adopt a resolution of intention which shall include the following:

a. Declaration of intention of the legislative body (the City Council) to levy and collect assessments within the assessment district for the fiscal year stated in said annual report.

b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.

c. Reference to the assessment district by its distinctive designation and indication of the general location of the district.

d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.

e. Notice of the time, as fixed by Streets and Highways Code Section 22625, and the place for hearing by the legislative body (the City Council) on the levy of the proposed assessment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The City Council intends to levy and collect assessments within Landscape Maintenance Assessment District No. 2 during the fiscal year 2007-08.

2. There are no proposed new improvements or any substantial changes in the existing improvements within the existing Landscape Maintenance

Assessment District No. 2, and the existing improvements to be made in said assessment district are generally described as follows:

The City shall provide maintenance, in perpetuity, of landscaping and any and all improvements required for such maintenance including, but not limited to landscape irrigation systems in the following locations:

a. Street medians in Creekwood Drive

b. Areas adjacent to the access control walls along Creekwood Drive

c. Areas adjacent to the access control walls along Claus Road

3. Landscape Maintenance Assessment District No. 2 is located in the County of Stanislaus, within the City limits of the City of Modesto and is more specifically located on the west side of Claus Road, between Modesto Irrigation District Lateral No. 2 and State Route 132 (Yosemite Boulevard).

4. Said annual report filed with the City Clerk and approved by the Council by motion does provide a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within Landscape Maintenance Assessment District No. 2.

5. On Tuesday, the 10th day of July, 2007, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the question of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council

located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California.

6. The City Clerk is authorized and directed to give the notice of hearing required by the "Landscaping and Lighting Act of 1972".

7. The levy and collection of assessments as set forth in this resolution shall follow the procedural and substantive requirements of Proposition 218 pursuant to Article 13D, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-312

Print

A RESOLUTION AUTHORIZING THE MODESTO IRRIGATION DISTRICT TO EXECUTE A CONSTRUCTION CONTRACT WITH WESTERN SUMMIT CONSTRUCTORS, INC., IN AN AMOUNT NOT TO EXCEED $57,333,903, TO CONSTRUCT THE MODESTO REGIONAL WATER TREATMENT PLANT PHASE TWO EXPANSION PROJECT, AND AUTHORIZE A CHANGE ORDER AUTHORITY TO THE MODESTO IRRIGATION DISTRICT GENERAL MANAGER FOR UP TO FIVE PERCENT OF THE CONSTRUCTION CONTRACT AMOUNT, PROVIDED THAT SUCH CHANGE ORDERS HAVE BEEN APPROVED THROUGH THE PROCESS DESCRIBED IN THE AMENDED AND RESTATED TREATMENT AND DELIVERY AGREEMENT

WHEREAS, on October 11, 2005, by Resolution No. 2005-516, the Council of the City of Modesto approved the Amended and Restated Treatment and Delivery Agreement (ARTDA) with the Modesto Irrigation District (MID) that contemplates the design, construction, and operation of the Modesto Regional Water Treatment Plant (MRWTP) Phase Two Expansion project, and

WHEREAS, the City of Modesto (City) and Modesto Irrigation District (MID) have been working together for several years planning for the MRWTP Phase Two Expansion project from its existing capacity of 36 million gallons per day (mgd) to 72 mgd, and

WHEREAS, it has been well documented that the MRWTP Phase Two Expansion project is needed to provide existing users with a reliable water source and to keep pace with the City's projected growth, and

WHEREAS, as required by the ARTDA between the City and MID, the City Council, on February 13, 2007, by Resolution No. 2007-125, approved the plans, specifications, and cost estimate for the MRWTP Phase Two Expansion and authorized the MID to solicit bids for its construction, and

WHEREAS, on April 26, 2007, construction bids were received from three pre-qualified general contractors, and

WHEREAS, a review of the bid forms submitted by the two lowest bidders indicates that both forms contain minor irregularities that would require information from the escrow documents submitted as part of the bid process, and

WHEREAS, after a review of those documents, the design engineer, Black & Veatch (B&V) is recommending that the construction contract be awarded to Western Summit Constructors, Inc. (WSCI), and

WHEREAS, Kiewit Pacific Co. has filed a bid protest that alleges that WSCI's bid is flawed and therefore it must be rejected, and

WHEREAS, upon a legal analysis by McCormick-Barstow LLP, Attorneys at Law representing MID, and the recommendations of B&V, MID staff will be recommending to the MID Board that the bid protest of Kiewit Pacific Co. be rejected and that the construction contract be awarded to WSCI, and

WHEREAS, MID staff recommends that the MID General Manager be authorized to execute future change orders in connection with the project in an amount not-to-exceed five percent of the contract price, provided that such change orders have been approved through the process described in the ARTDA, which requires Technical Committee approval for amounts between $5,000-$100,000, and Policy Committee approval for amounts greater than $100,000, and

WHEREAS, the purpose for providing change order authority to the MID General Manager is to help streamline a multi-layered and time consuming approval process, as outlined in the ARTDA, so that decisions may be made in a timely manner, thereby reducing the potential for delay claims from the contractor, and

WHEREAS, On May 8, 2007, by Resolution No. 2007-275, the City Council approved the issuance of bonds by MID for up to $97 million to finance the expected costs of the project, and

WHEREAS, bonds would be issued by MID to front the costs of constructing the facilities, and as with many other aspects of this project, MID will be reimbursed per the ARTDA from the City for such costs once the project's financing structure is in place,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes Modesto Irrigation District to execute a construction contract with Western Summit Constructors, Inc., in an amount not to exceed $57,333,903, to construct the Modesto Regional Water Treatment Plant Phase Two Expansion project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes a change order authority to the Modesto Irrigation District General Manager for up to five percent of the construction contract amount, provided that such change orders have been approved through the process described in the Amended and Restated Treatment and Delivery Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-313

A RESOLUTION INITIATING A PROPOSITION 218 PROTEST PROCESS TO ADJUST SEWER RATES, AS RECOMMENDED IN THE "SEWER RATES REPORT" PREPARED BY BROWN AND CALDWELL, TO CONSTRUCT NECESSARY SEWER SYSTEM IMPROVEMENTS, AS IDENTIFIED BY CAROLLO ENGINEERING IN THE "ENGINEER'S REPORT"

WHEREAS, in May 2006, Council directed staff to undertake the necessary steps to initiate implementation of sewer rate increases for the sewer utility, and

WHEREAS, Council took this action based upon a review of sewer system needs and financial obligations, and

WHEREAS, on August 9, 2005 Council adopted Resolution 2005-412 establishing a uniform sewer rate structure, and

WHEREAS, following Council's action, the City established a Sewer Rate Task Force, which included members from various City departments, to oversee an engineering needs assessment and cost of service rate study for the sewer utility, and

WHEREAS, Council approved a contract with Brown and Caldwell to prepare the cost of service rate study analysis for the sewer utility, and

WHERAS Carollo Engineering also completed the Wastewater Master Plans and engineering report of the sewer utility, and

WHEREAS, Carollo's reports, identifies sewer system needs totaling $420.6 Million in June 2006 dollars over the course of the next fifteen (15) fiscal years, and

WHEREAS, the Carollo report allocates fifty eight percent (58%) of these needs to existing customers and the remaining forty-two percent (42%) to future system customers, and

WHEREAS, the *Sewer Rates Report Dated April 10, 2007* prepared by Brown and Caldwell concludes rate increases are needed in order to fund the necessary system improvements, as well as to continue to offer high quality service to sewer utility customers, and

WHEREAS, Brown and Caldwell's proposed rate adjustments would increase rates by varying amounts for the initial adjustment, effective August 1, 2007, and averaging thirty percent (30%) for most single family residential flat-rate customers, and

WHEREAS, Brown and Caldwell also proposes subsequent approximate across-the-board rate increases for single family residential customers effective July 1, 2008, in the amount of forty-five percent (45%), effective July 1, 2009, in the amount of fifteen percent (15%), effective July 1, 2010, in the amount of ten percent (10%), and effective July 1, 2011, in the amount of five percent (5%), and,

WHEREAS, Brown and Caldwell's proposed rate adjustments also increases rates with varying rate adjustments to multi-family, apartments, commercial and industrial customers using a uniform rate policy beginning August 1, 2007 and continuing each subsequent year on July 1 through June 30, 2012, and,

WHEREAS, Brown and Caldwell proposes all schools and churches to be billed at the Commercial Group 1 rates, consistent with Proposition 218 requirements, and,

WHEREAS, the Brown and Caldwell further recommends adopting annual inflationary rate adjustments beginning July 1, 2012, which would be linked to changes in the Consumer Price Index, Urban Wage Earners and Clerical Workers Series for the San Francisco CMSA, as prepared by the California Department of Finance, and

WHEREAS, the actual rates levied each year would not exceed the adjusted maximum rates in any given fiscal year without further notification of the property owners, and

WHEREAS, in order to enact the proposed rate increases needed to fund system improvements identified by Carollo Engineering the City must conduct a Proposition 218 protest process affording property owners the opportunity to protest the proposed rates (April 10, 2007 Brown and Caldwell Report), and

WHEREAS, the protest process provides for notices to be mailed to each property owner explaining the new rate structure and proposed rate adjustments (Draft Notice of Proposed Sewer Rate Increase and Public Hearing (**Attachment A**), and

WHEREAS, the protest process also requires a public hearing be set for a date not less than forty-five (45) days from the date when protest notices are mailed to property owners, and

WHEREAS, the Finance Committee received the findings and recommendations from Brown and Caldwell and Staff during its meeting on April 11, 2007 and forwarded said findings, recommendations and reports to the full Council for review,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto, that a Proposition 218 Protest process be initiated to adjust rates according to the Brown and Caldwell sewer rates report's proposed increases with varying rate adjustments for Fiscal Year 2007-2008 (dependent upon customer class and current rate) through 2011-2012 to support the funding of the sewer operations and Master Plan capital projects.

BE IT FURTHER RESOLVED that the protest process include automatic rate

adjustments, subject to annual review, beginning July 1, 2012, which would provide for annual rate adjustments linked to changes in the Consumer Price Index, Urban Wage Earners and Clerical Workers Series for the San Francisco CMSA, as prepared by the California Department of Finance.

BE IT FURTHER RESOLVED that actual rates levied each year will not exceed the adjusted maximum rates in any given fiscal year without further notification of the property owners.

BE IT FURTHER RESOLVED that protest notices be mailed to property owners explaining the new rate structure and proposed rate adjustments and allowing for a protest response.

BE IT FURTHER RESOLVED that a public hearing be set for July 24, 2007 to consider the results of the protest response and to act on the proposed rate adjustments.

BE IT FURTHER RESOLVED that Council will review water rates every three years to determine if further adjustments are warranted

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2007, by Councilmember Hawn who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

NOTICE OF PROPOSED SEWER RATE INCREASE and of PUBLIC HEARING

window of #10 envelope

<<Owner Name1>>
<<Address1>>
<<Address2>>
<<Address3>>
<<Address4>>

DRAFT
May 16, 2007 v2

THE CITY OF MODESTO GIVES NOTICE that:

1. The City is proposing to increase sewer rates. The purpose of the proposed increase is to fund operation, maintenance and replacement costs related to providing sewer service to properties within the Modesto Sewer Service Area. The improvements are necessary to maintain, operate, rehabilitate, upgrade and replace existing sewer distribution and treatment facilities as well as all related administrative and incidental costs, including the costs of the hearing shown below and the costs of financing the sewer improvements.

2. The proposed schedule of maximum rates for August 1, 2007 through June 30, 2012 is shown in the table below. If the rate increases are approved, it is proposed that they will commence to be collected beginning with the August 1, 2007 utility bills and will continue to be collected until otherwise modified by the City. The sewer rates will not exceed the maximum amounts shown without another written notice to the property owners. All increases will occur as of July 1 of each subsequent year.

3. Before taking final action on the proposed rate increase, the City Council will hold a **PUBLIC HEARING on Tuesday, July 24, 2007, at 5:30 p.m. in the City Council Chambers, 1010 Tenth Street, Basement Level, Modesto.** The Public Hearing being held to allow the public to provide testimony on the proposed sewer rate increase. The Council may continue the hearing from time to time without further written notice.

4. Any property owner may file with the City Clerk, at any time before the end of the Public Hearing, a written protest against the proposed rate increase. The written protest must identify the property, the property owner, and be signed by the owner of the property or an authorized representative of the owner of the property.

A protest form has been provided below for your use. The written protests may be hand delivered or mailed to the City Clerk at the City's address shown above. To be counted, the City Clerk must receive a written protest not later than the end of the Public Hearing specified above. Protests by telephone, fax, or e-mail will not be accepted. A majority protest exists if, upon the end of the Public Hearing, there are valid written protests submitted by owners of a majority of the properties subject to the proposed rate increase. A majority protest will result in the proposed rate increase not being imposed. Note that no more than one protest per property may be submitted.

5. To get additional information about the proposed rate increase, contact: Customer Service at (209) 577-5395 or e-mail: werrates@modestogov.com

Additional written material relating to protest procedures are available at the above City Clerk address during regular business hours.

Proposed Maximum Monthly Sewer Rates

	Year 1 1-Aug-07	Year 2 1-Jul-08	Year 3 1-Jul-09	Year 4 1-Jul-10	Year 5 1-Jul-11
Residential Rates					
Monthly Account Charge ($/Account)	$2.57	$3.71	$4.26	$4.53	$4.74
plus Dwelling Unit Charge ($/Dwelling Unit)					
Single Family Residential (SFR)	$15.97	$23.17	$26.65	$29.48	$30.98
Multiple Family 2-4 Dwelling Units	$13.71	$19.89	$22.89	$25.31	$26.60
Apartments (5 or more Dwelling Units)	$10.41	$15.10	$17.37	$19.21	$20.19
Commercial Rates					
Monthly Account Charge ($/Account)	$2.57	$3.71	$4.26	$4.53	$4.74
plus Quantity Charge ($/100 cubic feet)					
Group 1-BOD + TSS is 400 mg/l or less *	$1.35	$1.97	$2.26	$2.50	$2.63
Group 2-BOD + TSS is 401 mg/l to 900 mg/l	$1.67	$2.42	$2.78	$3.11	$3.27
Group 3-BOD + TSS is 901 mg/l to 1,400 mg/l	$1.98	$2.87	$3.31	$3.73	$3.91
Group 4-BOD + TSS is 1,401 mg/l or more	$2.36	$3.42	$3.94	$4.46	$4.69

* Churches and schools are billed at the Commercial Group 1 rate.

Proposed Maximum Monthly Sewer Rates

	Year 1 1-Aug-07	Year 2 1-Jul-08	Year 3 1-Jul-09	Year 4 1-Jul-10	Year 5 1-Jul-11
Industrial (Major and Minor) Rates					
Monthly Acct Charge ($/Acct)	$2.57	$3.71	$4.26	$4.53	$4.74
plus Quantity Charges (these three components are additive)					
Flow Charge ($/M gallons)	$1,475.66	$2,139.32	$2,460.12	$2,687.91	$2,822.83
BOD Charge ($/1,000 lbs.)	$72.98	$106.21	$122.61	$144.69	$152.53
TSS Charge ($/1,000 lbs.)	$127.82	$185.75	$214.11	$247.48	$260.51

Sample Calculations for Residential Properties:
Single Family Residential = $15.97 + $2.57/account = $18.54
Duplex = 2 units x $13.71/unit = $27.42 + $2.57/account = $29.99
10 Unit Apartment = 10 units x $10.41/unit = $104.10 + $2.57/account = $106.97

Abbreviations: M = million BOD = Bio-chemical Oxygen Demand
TSS = Total Suspended Solids lbs = pounds mg/l = milligrams per liter

The proposed rate increase(s) are based on currently available information. Your actual bills are rounded and may be slightly different than listed above. State law requires that all property owners affected by the rate increase(s) be given the opportunity to protest the proposed rate increase(s).

Beginning on July 1, 2012, maximum rates will be adjusted each year thereafter by the annual change in the Consumer Price Index (CPI), Urban Wage Earners and Clerical Workers Series for the San Francisco CMSA, as prepared by the California Department of Finance, Demographics Research Unit. The actual rates to be levied each year will not exceed the adjusted maximum rates in any given fiscal year without notification of the property owners.

Protest Form

If you would like to protest the proposed Sewer Rate Increase, you may complete this Protest Form, detach it, and mail it to the Modesto City Clerk, P.O. Box 642, Modesto, CA 95353 or hand deliver the form to the City Clerk's office, 1010 Tenth Street, Sixth Floor, Modesto, CA 95354. In order for this form to be counted as a valid protest against the proposed rate increase, this form must be signed and delivered to the City Clerk no later than the end of the Public Hearing on July 24, 2007. ***Only one protest is allowed per property.***

Assessor's Parcel Number: <<APN>>

Parcel Address: <<Situs Address>>

☐ **I protest the proposed sewer rate increase to fund operation, maintenance and replacement costs related to providing sewer service to properties within the Modesto Sewer Service Area.**

I hereby declare under penalty of perjury that I am the owner of the above listed property or the authorized representative of the owner of the above listed property.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-316

A RESOLUTION REQUIRING THAT CANDIDATES FOR THE NOVEMBER 6, 2007 REGULAR MUNICIPAL ELECTION PAY A $500 DEPOSIT AS A CONDITION OF HAVING HIS OR HER CANDIDATE STATEMENT INCLUDED IN THE VOTER PAMPHLET AND REQUIRING THE CITY CLERK TO BILL SUCH CANDIDATES FOR THEIR PRO RATA SHARE OF THE ACTUAL COST OF THE PRINTING OF SUCH STATEMENTS AFTER THE ELECTION

WHEREAS, pursuant to Section 85300 of the Political Reform Act, added by Proposition 73 of the June 1988 Statewide Primary Election, Public Funds; Prohibition, "No public officer shall expend and no candidate shall accept any public monies for the purpose of seeking elective office".

WHEREAS, State Elections Code Section 13307(e) provides that before the opening of the nomination period, the Council must determine whether the candidates shall pay for their statements and it was determined that candidates will be charged a $500.00 deposit at the time of filing their nomination form, and

WHEREAS, the City Clerk was directed, pursuant to Election Code 13307(c) to bill the candidate for any additional actual expense or refund any excess paid depending on the final actual cost.

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby declares that candidates for election in the Regular Municipal Election to be held on November 6, 2007 shall be required to pay a $500 deposit as a condition of having his or her candidate statement included in the voter pamphlet.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-317

A RESOLUTION DIRECTING THE CITY CLERK TO CONDUCT THE DECEMBER 11, 2007 RUN-OFF ELECTION, IF NEEDED, BY MAIL

WHEREAS, in the event that no candidate is elected by a majority in the November 6, 2007 election, the two candidates receiving the most votes will run against one another in a December run-off election; and

WHEREAS, the City Council has chosen the City Clerk to conduct the City's run-off election in December 2007, and

WHEREAS, according to the Elections Code, the County Elections official has 28 days to certify the November Municipal Election, which falls on December 4, 2007, making it impossible to have sufficient time to hire precinct workers and establish polling locations; and

WHEREAS, the City entered into a contract with Martin & Chapman for election services, for a cost of $110,353.00, for election services to assist with the City Clerk in conducting the December run-off using an all-mail ballot process; and

WHEREAS, the City Council must indicate its intention to conduct the December 11, 2007 run-off election, if needed, by mail.

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby declares that if a run-off election is required as a result of the Regular Municipal Election to be held on November 6, 2007, said run-off election shall be held by mail and scheduled on December 11, 2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

CITY OF MODESTO
AGREEMENT FOR ELECTION SERVICES

THIS AGREEMENT, made and entered into in the City of Modesto, State of California, this 5th day of June, 2007, by and between the CITY OF MODESTO, a municipal corporation of the State of California, hereinafter referred to as "City", and MARTIN CHAPMAN COMPANY, a California corporation, hereinafter referred to as "Consultant".

This Agreement is made with regard to the following recitals:

A. City has determined that, in the event a run-off election is necessary, election services will be needed to assist the City Clerk in conducting the December 11, 2007 Run-Off Election.

B. Consultant represents that it is qualified, willing and able to provide the services to prepare said document(s).

NOW, THEREFORE, in consideration of this Agreement, and the mutual promises, covenants, and stipulations hereinafter contained, the parties agree as follows:

1. **SCOPE OF SERVICES.**

Consultant shall undertake and complete the preparation of the scope of work as set forth below. The Consultant shall perform the services as described below in a manner compatible with the standards of its profession, and shall produce a fully complete project that is acceptable to City.

Consultant will provide election services as follows:

- Printing and finishing of ballots, sample ballots and envelopes
- Mailing of ballots, sample ballots and envelopes
- Equipment necessary to process and certify election
- Attend and assist with election process on election night
- Receive and respond to questions by telephone or e-mail prior to election date

2. **TERM OF AGREEMENT.**

This Agreement is effective as of the date first written above and will continue in effect until City's acceptance of and payment for all services authorized by City and

performed by Consultant, unless terminated earlier in accordance with the provisions of the termination clause in this Agreement.

City hereby gives Consultant notice to proceed with the preparation of the project in the manner described herein, as of the effective date of this Agreement. Consultant shall diligently proceed with the preparation of the project and agrees to complete said preparation within the time period set forth herein.

3. **COMPENSATION.**

Consultant agrees to accept a sum not to exceed $110,353.00 as full remuneration for performing all services and furnishing all staffing and materials called for in Section 1 and for performance by Consultant of all of its duties and obligations under this Agreement.

The Compensation shall be paid pursuant in the manner and at the times set forth below:

At the completion of Election Services for the Run-off Mail Ballot Election on December 11, 2007.

4. **FAILURE TO PERFORM SATISFACTORILY**

It is agreed and understood that if the Consultant fails to perform the work as specified herein, City's representative may (1) consent to accept such unsatisfactory service with an appropriate adjustment in contract price, based on established cost factors, or (2) have such required work done by City forces or otherwise, and charge the cost thereof to the Consultant. Those discrepancies and deficiencies in the work that remain uncorrected after the date set for correction may be the necessary justification for a billing adjustment in the month following the occurrence. Unless otherwise negotiated, billing adjustments for this incomplete or uncorrected work shall be permanent retention of 100% of the estimated monthly cost for the work not corrected or completed.

5. **OBLIGATIONS OF CONSULTANT.**

Throughout the term of this Agreement, Consultant shall possess, or secure all licenses, permits, qualifications and approvals legally required to conduct business. Consultant warrants that it has all of the necessary professional capabilities and experience, as well as all tools, instrumentalities, facilities and other resources necessary to provide the City with the services contemplated by this Agreement. Consultant further warrants that it will follow

the best current, generally accepted and professional practices to make findings, render opinions, prepare factual presentations, and provide professional advice and recommendations regarding this project. The business license requirement has been waived by the City Clerk's Office.

6. **PERFORMANCE BY KEY EMPLOYEE.**

Consultant has represented to City that _____, will be the person primarily responsible for the performance of the services referred to in this Agreement. City has entered into this Agreement in reliance on that representation by Consultant. Consultant therefore agrees that seventy-five percent (75%) or more of the time to be devoted to the project that is the subject of this Agreement will be that of the above-named person.

7. **OWNERSHIP OF DOCUMENTS/TITLE TO DATA.**

Ownership of Documents

All reports, drawings, designs, graphics, working papers and other incidental work or materials furnished hereunder shall become and remain the property of the City, and may be used by City as it may require without any additional cost to City. No reports shall be used by the Consultant for purposes other than this contract without the express prior written consent of City.

Title to Data

If, as a part of the Agreement, Consultant is required to produce data such as, but not limited to, drawings, plans, Request for Proposal, calculations, models, flow diagrams, visual aids and other related materials, the originals of all such data generated under this Agreement will be delivered to City upon the completion or termination of services under the contract.

All materials, documents, data or information obtained from City of Modesto data files or any City of Modesto medium furnished to Consultant in the performance of this Agreement will at all times remain the property of the City of Modesto. Such data or information may not be used or copied for direct or indirect use by Consultant after termination of this Agreement without written consent of the City.

8. **NEWS AND INFORMATION RELEASE.**

Consultant agrees that it will not issue any news releases in connection with either the award of this Agreement, or any subsequent amendment of or efforts under this Agreement, without first obtaining review and approval of said news releases from City through the City Clerk.

9. **INTEREST OF CONSULTANT.**

Consultant warrants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. Consultant warrants that, in performance of this Agreement, Consultant shall not employ any person having any such interest. Consultant agrees to file a Statement of Economic Interests with the City Clerk of the City at the start and end of this contract if so required at the option of City.

10. **AMENDMENTS.**

Both parties to this Agreement understand that it may become desirable or necessary during the execution of this Agreement, for City or Consultant to modify the scope of services provided for under this Agreement. Any material extension or change in the scope of work shall be discussed with City and the change and cost shall be memorialized in a written amendment to the original contract prior to the performance of the additional work.

Until a change order is so executed, City will not be responsible to pay any charges Consultant may incur in performing such additional services, and Consultant shall not be required to perform any such additional services.

11. **INDEPENDENT CONSULTANT.**

All acts of Consultant, its agents, officers, and employees and all others acting on behalf of Consultant relating to the performance of this Agreement, shall be performed as independent Consultants and not as agents, officers, or employees of City. Consultant, by virtue of this Agreement, has no authority to bind or incur any obligation on behalf of City. Consultant has no authority or responsibility to exercise any rights or power vested in the City. No agent, officer, or employee of the City is to be considered an employee of Consultant. It is understood by both Consultant and City that this Agreement shall not under any circumstances be construed or considered to create an employer-employee relationship or a joint venture.

Consultant, its agents, officers and employees are and, at all times during the terms of this Agreement, shall represent and conduct themselves as independent Consultants and not as employees of City.

Consultant shall determine the method, details and means of performing the work and services to be provided by Consultant under this Agreement. Consultant shall be responsible to City only for the requirements and results specified in this Agreement, and, except as expressly provided in this Agreement, shall not be subjected to City's control with respect to the physical action or activities of the Consultant in fulfillment of this Agreement. Consultant has control over the manner and means of performing the services under this Agreement. Consultant is permitted to provide services to others during the same period services are provided to City under this Agreement. If necessary, Consultant has the responsibility for employing other persons or firms to assist Consultant in fulfilling the terms and obligations under this Agreement.

If in the performance of this Agreement any third persons are employed by Consultant, such persons shall be entirely and exclusively under the direction, supervision, and control of Consultant. All terms of employment including hours, wages, working conditions, discipline, hiring, and discharging or any other term of employment or requirement of law shall be determined by the Consultant.

It is understood and agreed that as an independent Consultant and not an employee of City neither the Consultant or Consultant's assigned personnel shall have any entitlement as an City employee, right to act on behalf of the City in any capacity whatsoever as an agent, or to bind the City to any obligation whatsoever.

It is further understood and agreed that Consultant must issue W-2 forms or other forms as required by law for income and employment tax purposes for all of Consultant's personnel.

As an independent Consultant, Consultant hereby indemnifies and holds City harmless from any and all claims that may be made against City based upon any contention by any third party that an employer-employee relationship exists by reason of this Agreement.

12. **ASSIGNMENT.**

Neither this Agreement nor any portion thereof shall be subcontracted or assigned without the express prior written consent of the City in each and every instance.

13. **PATENT/COPYRIGHT MATERIALS.**

Unless otherwise expressly provided in the contract, Consultant shall be solely responsible for obtaining the right to use any patented or copyrighted materials in the performance of this Agreement. Consultant shall furnish a warranty of such right to use to City at the request of City.

14. **NOTICES.**

Any and all notices permitted or required to be given hereunder shall be deemed duly given and effective (1) upon actual delivery, if delivery is by hand; or (2) five (5) days after delivery into the United States mail if delivery is by postage paid registered or certified (return receipt requested) mail. Each such notice shall be sent to the parties at the address respectively indicated below or to any other address as the respective parties may designate from time to time.

FOR Consultant:

Name:	Martin & Chapman Company
Address:	1951 Wright Circle, Anaheim, CA 92806
Attention:	Scott Martin
Phone:	(714) 939-9866

FOR City:

Name:	Jean Morris, City Clerk & Auditor
Address:	P.O. Box 642, Modesto, CA 95353
Attention:	Jean Morris
Phone:	(209) 577-5398

15. **INSURANCE REQUIREMENTS.**

The Consultant shall provide at its own expense and maintain at all times the following insurance with insurance companies licensed in the State of California and shall provide evidence of such insurance to the City as may be required by the Risk Manager of the City. The policies or certificates thereof shall provide that, thirty (30) days prior to cancellation or material change in the policy, notices of same shall be given to the Risk Manager of the City by certified mail, return receipt requested, for all of the following stated insurance policies.

(a) Worker's Compensation - in compliance with the statutes of the State of California, plus employer's liability with a minimum limit of liability of $500,000.

(b) General Liability insurance with a minimum limit of liability per occurrence of $1,000,000 for bodily injury and $100,000 for property damage or $1,000,000

combined single limit. This insurance shall indicate on the certificate of insurance the following coverages and indicate the policy aggregate limit applying to: premises and operations; broad form contractual; independent consultants and subcontractors; products and completed operations; and professional liability.

(c) Automobile Liability insurance with a minimum limit of liability per occurrence of $1,000,000 for bodily injury and $100,000 for property damage or $1,000,000 combined single limit. This insurance shall cover any automobile for bodily injury and property damage.

(d) Professional Liability insurance with a minimum limit of $1,000,000 per claim and policy aggregate.

If at any time any of said policies shall be unsatisfactory to the City, as to form or substance, or if a company issuing such policy shall be unsatisfactory to the City, the Consultant shall promptly obtain a new policy, submit the same to the City's Risk Manager for approval and submit a certificate thereof as herein-above provided. Upon failure of the Consultant to furnish, deliver or maintain such insurance and certificates as above provided, this Agreement, at the election of the City, may be forthwith declared suspended, or terminated. Failure of the Consultant to obtain and/or maintain any required insurance shall not relieve the Consultant from any liability under this Agreement, nor shall the insurance requirements be construed to conflict with or otherwise limit the obligations of the Consultant concerning indemnification. The City, its agents, officers, employees, and volunteers shall be named as an additional insured on all insurance policies required herein, except Workers' Compensation. The Workers' Compensation insurer shall agree to waive all rights of subrogation against the City, its agents, officers, employees, and volunteers for losses arising from work performed by Consultant for the City. The Consultant's insurance policy(ies) shall include a provision that the coverage is primary as respects the City; shall include no special limitations to coverage provided to additional insured; and, shall be placed with insurer(s) with acceptable Best's rating of A:VII or with approval of the Risk Manager. The Consultant must deliver certificates evidencing existence of the insurance called for in the contract Request for Proposal to the City Clerk of the City at the time the contract is signed.

16. **TERMINATION OF AGREEMENT.**

Termination on Occurrence of Stated Events

This Agreement shall terminate automatically on the date on which any of the following events occur: (1) bankruptcy or insolvency of Consultant, (2) legal dissolution of Consultant, or (3) death of key principal(s) of Consultant.

Termination by City for Default of Consultant

Should Consultant default in the performance of this Agreement or materially breach any of its provisions, at its option City may terminate this Agreement by giving five (5) days written notification to Consultant. The termination date shall be the effective date of the notice. For the purposes of this section, material breach of this Agreement shall include but not be limited to any of the following: failure to perform required services or duties, willful destruction of City of Modesto and/or City's property by Consultant, dishonesty or theft.

Termination by Consultant for Default of City

Should City default in the performance of this Agreement or materially breach any of its provisions, at its option Consultant may terminate this Agreement by giving written notice to City. The termination date shall be the effective date of the notice. For the purposes of this section, material breach of this Agreement shall include but not be limited to any of the following: failure to cooperate reasonably with Consultant, willful destruction of Consultant's property by City, dishonesty or theft.

Termination by City for Lack of Budgeted Funds

The City may terminate this Agreement effective July 1 of any given year upon the City's determination to not appropriate sufficient funds for this Agreement for the ensuing fiscal year. In such event City shall give Consultant not less than 30 days written notice.

Termination for Failure to Make Agreed-Upon Payments

Should City fail to pay Consultant all or any part of the payments set forth in this Agreement on the date due, at its option Consultant may terminate this Agreement if the failure is not remedied within thirty (30) days after Consultant notifies City in writing of such failure to pay. The termination date shall be the effective date of the notice.

Termination by City for Change of Consultant's Tax Status

If City determines that Consultant does not meet the requirements of federal and state tax laws for independent Consultant status, City may terminate this Agreement

by giving written notice to Consultant. The termination date shall be the effective date of the notice.

Voluntary Termination

The parties may terminate this contract upon mutual written Agreement.

In the Event of Termination

If this Agreement is terminated pursuant to this Paragraph, Consultant shall cease all its work on the project as of the termination date and shall see to it that its employees, subcontractors and agents are notified of such termination and cease their work. If City so requests, and at City's cost, Consultant shall provide sufficient oral or written status reports to make City reasonably aware of the status of Consultant's work on the project. Further, if City so requests, and at City's cost, Consultant shall deliver to City any work products whether in draft or final form which have been produced to date.

If the Agreement is terminated pursuant to any of the subsections contained in this paragraph, City will pay Consultant an amount based on the percentage of work completed on the termination date, this percentage shall be determined by City in its sole discretion. If the Agreement is terminated pursuant to the subparagraph entitled Termination by City for Default of Consultant, Consultant understands and agrees that City may, in City's sole discretion, refuse to pay Consultant for that portion of Consultant's services which were performed by Consultant on the project prior to the termination date and which remain unacceptable and/or not useful to City as of the termination date.

17. **INDEMNITY.**

Consultant, its agents, officers and employees shall defend, indemnify, and hold harmless City of Modesto and/or City, its agents, officers, and employees from and against all claims, damages, losses, judgment, liabilities, expenses, and other costs including litigation costs and attorney's fees from every cause, including but not limited to injury to person or property or wrongful death arising directly or indirectly out of any act or omission of Consultant whether or not the act or omission arises from the sole negligence or other liability of City of Modesto and/or City, or its agents, officers, and employees or volunteers relating to or during the performance of its obligations under this agreement.

Consultant's obligation to defend, indemnify, and hold the City of Modesto and/or City, its agents, officers, and employees harmless under the provisions of this paragraph is not

limited to or restricted by any requirement in this Agreement for Consultant to procure and maintain a policy of insurance.

18. **ENTIRE AGREEMENT.**

This Agreement and its exhibits contain the entire understanding between Consultant and City. Additional or new terms contained in this Agreement which vary from Consultant's proposal are controlling and are deemed accepted by Consultant by shipment of any article or other commencement of performance hereunder. All previous proposals, offers and communications relative to this Agreement, whether oral or written, are hereby superseded except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by all the parties.

19. **PARTIAL INVALIDITY.**

If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.

20. **WAIVER.**

The waiver by any party to this Agreement of a breach of any provision hereof shall be in writing and shall not operate or be construed as a waiver of any other or subsequent breach hereof unless specifically stated in writing.

21. **AUDIT.**

The City's duly authorized representative shall have access at all reasonable times to all reports, contract records, contract documents, contract files, and personnel necessary to audit and verify Consultant's charges to City under this Agreement.

Consultant agrees to retain reports, records, documents, and files related to charges under this Agreement for a period of four (4) years following the date of final payment for Consultant services. City's representative shall have the right to reproduce any of the aforesaid documents.

22. **GOVERNING LAW.**

This Agreement shall be governed according to the laws of the State of California.

23. **HEADINGS NOT CONTROLLING.**

Headings used in the Agreement are for reference purposes only and shall not be considered in construing this Agreement.

24. **COMPLIANCE WITH LAWS.**

Consultant shall insure compliance with all safety and hourly requirements for employees, in accordance with federal, state, and county safety and health regulations and laws. Consultant shall fully comply with all applicable federal, state, and local laws, ordinances, regulations and permits. Consultant will have a City of Modesto business license.

IN WITNESS WHEREOF, the City Council of the City of Modesto, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. _____, adopted by the City Council of the City of Modesto on the 5th day of June, 2007 and Consultant has caused this agreement to be duly executed.

SEP - 4, 2007

THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2007-515

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-319

A RESOLUTION APPROVING A CFF RIGHT OF WAY REIMBURSEMENT AGREEMENT BETWEEN THE CITY OF MODESTO AND MODESTO MABLE, LLC, A LIMITED LIABILITY COMPANY, WITH A MAXIMUM REIMBURSEMENT AMOUNT OF $433,862.00 FOR RIGHT OF WAY FOR THE FUTURE PELANDALE/CLARATINA EXPRESSWAY AND RIGHT OF WAY LOCATED ON OAKDALE ROAD NORTH OF MABEL AVENUE, AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT AND FINDING THAT THE AGREEMENT IS WITHIN THE SCOPE OF THE GENERAL PLAN MASTER EIR (SCH NO. 1999082041) AND THE NORTH BEYER PARK SPECIFIC PLAN MND (SCH NO. 9610253)

WHEREAS, the City of Modesto's General Plan calls for Pelandale Avenue/Claratina Road to be constructed as a Class A expressway, and

WHEREAS, the future Claratina Road will be developed as an expressway and additional right of way is necessary for the future realignment of Claratina Road, and

WHEREAS, Modesto Mable, LLC, a Limited Liability Company, ("Developer") has a legal interest in a certain tract of land located at the northwest corner of Oakdale Road and Mable Avenue in North Beyer Park Specific Plan area of the City of Modesto, commonly known as the Rose Villas Subdivision ("Subdivision"), and

WHEREAS, as a condition of approval of the Subdivision, the Developer is required to dedicate 73,979 square feet of right of way for the future Pelandale/Claratina Expressway and 4,313 square feet of right of way for the widening of Oakdale Road north of Mable Avenue (collectively "the Dedication"), and

WHEREAS, the Dedication will be made through the recordation of the final map for the Subdivision ("Final Map") and the Dedication will be effective upon recordation of said Final Map, and

WHEREAS, a portion of the Dedication is reimbursable through the City's Capital Facilities Fees ("CFF") program, and

WHEREAS, the City and the Developer are proposing to enter into a CFF Right of Way Reimbursement Agreement ("Agreement") between the City of Modesto and Developer to provide for reimbursement for (a portion of) the ROW to be dedicated, and

WHEREAS, said Agreement shall have a maximum reimbursement amount of $433,862, which will be allocated from the Streets CFF fund not later than fifteen (15) days after recordation of the Final Map for the Subdivision or July 1, 2007, whichever occurs later, and

WHEREAS, the City Council has received and considered the Written Checklist, Environmental Assessment No. EA/C&ED 2006-66, which concludes that the dedication of the right of way for which the Developer will be reimbursed under the proposed Agreement, is within the scope of the General Plan Master EIR (SCH No. 1999082041) and the North Beyer Park Specific Plan MND (SCH No. 96102053, and that, pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that:

1. The proposed CFF Right of Way Reimbursement Agreement between the City of Modesto and Modesto Mable, LLC ("Project") is consistent with the North Beyer Specific Plan and the Modesto Urban Area General Plan.

2. The reimbursement for the proposed right of way is included in the 2003 CFF program.
3. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the General Plan Master EIR and the North Beyer Park Specific Plan MND ("Program EIR") and no new environmental document or findings are required by CEQA.
4. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.
5. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.
6. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:
    a. one or more significant effects which is not discussed in the Program EIR; or,

b. significant effects which were previously examined will be substantially more severe than previously shown; or,

c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,

d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.

7. The Written Checklist, Environmental Assessment EA/C&ED 2006-66, provides the substantial evidence to support findings 3-7, above.

BE IT FURTHER RESOLVED that the CFF Right of Way Reimbursement Agreement between the City of Modesto and Modesto Mable, LLC is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or designee, is authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-320

A RESOLUTION AUTHORIZING THE MAYOR TO SIGN AN EMPLOYMENT EXTENSION AGREEMENT WITH GEORGE BRITTON TO CONTINUE TO SERVE AS CITY MANAGER OF THE CITY OF MODESTO FOR A LIMITED TERM OF JULY 1, 2007 THROUGH JANUARY 6, 2008 AT A SALARY OF $15,076 PER MONTH

WHEREAS, on April 5, 2005, the City Council appointed then Acting City Manager George Britton as City Manager and entered into an employment agreement with George Britton to serve as City Manager of the City of Modesto until July 1, 2007, at an annual salary of $154,010 per City Council Resolution No. 2005-165, and

WHEREAS, the City Council desires to extend said employment for a fixed limited term, effective July 1, 2007 through January 6, 2008, and

WHEREAS, the extension agreement shall provide for a monthly salary of $15,076.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Mayor to sign an employment extension agreement with George Britton to continue to serve as City Manager of the City of Modesto through January 6, 2008, at a monthly salary of $15,076. Said employment agreement is attached hereto as **Exhibit "A"** and incorporated herein by this reference.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

EMPLOYMENT AGREEMENT

Introduction
This agreement, made and entered into this _____ day of _____, _____, by and between the CITY OF MODESTO, a municipal corporation, (hereinafter called "Employer"), and GEORGE W. BRITTON (hereinafter called "Employee"), an individual who has the California education, training and experience in local government management and who, as a member of ICMA, is subject to the ICMA Code of Ethics, both of whom agree as follows:

Section 1: Limited Term
The term of this Agreement shall be for a limited term from July 1, 2007, through January 6, 2008. The parties understand and agree that the purpose of entering into this limited term agreement is to allow Employer sufficient time to successfully complete its recruitment for a new City Manager. It is in support of this Employer objective that Employee has agreed to postpone his retirement date of June 30, 2007, as properly noticed to the Employer on February 20, 2007. In the event the Agreement is not renewed, all compensation, benefits and requirements of the Agreement shall remain in effect until the expiration of the term of the Agreement unless Employee voluntarily resigns.

Section 2: Duties and Authority
Employer agrees to employ George W. Britton as City Manager to perform the functions and duties specified in the Modesto Charter and the California Government Code, and to perform other legally permissible and proper duties and functions.

Section 3: Compensation
A. Base Salary: Employer agrees to pay Employee a monthly salary of Fifteen Thousand Seventy-Six Dollars ($15,076.00) payable in installments at the same time that the other employees of the Employer are paid. Said monthly salary shall be prorated for one week in January 2008.

B. The parties also expressly acknowledge that Employee shall continue to receive Masters Degree Pay of 1.5% as previously authorized by Council Resolution No. 2003-330.

Section 4: Disability and Life Insurance Benefits
A. The Employer agrees to provide and to pay the premiums for health, hospitalization, surgical, vision, dental and comprehensive medical insurance for the Employee and his/her dependents equal to that which is provided to all other Management and Confidential employees of the City of Modesto or, in the event no such plan exists, to provide coverage for the Employee and dependents.

B. The Employer agrees to put into force and to make required premium payments for long term disability coverage for the Employee.

C. The Employee may elect to submit once per calendar year to a complete physical examination by the City medical provider or by the Employee's physician under the Employee's group insurance plan with City reimbursement for Employee's out-of-pocket costs.

D. The Employer shall pay the amount of premium due for a term life insurance policy of $120,000. The Employee shall name the beneficiary of the life insurance policy.

Section 5: Vacation, Sick, and Management/Executive Leave

A. The Employee shall then accrue sick and vacation leave on an annual basis at the highest rate provided to non-sworn management employees. Employee hereby notifies Employer of Employees intent to utilize at least three continuous weeks of vacation time for a previously planned vacation to take place on or about Fall of 2007.

B. The Employee is entitled to accrue all unused leave, without limit, and in the event the Employee's employment is terminated, either voluntarily or involuntarily, the Employee shall be compensated for all accrued vacation time, all paid holidays, management/executive leave, and other benefits to date.

C. The Employee shall on January 1st of each calendar year be credited with eighty (80) hours of executive/management leave or the highest amount credited to any non-sworn management employee, whichever is greater.

Section 6: Automobile

The Employer agrees to pay to the Employee, during the term of this Agreement and in addition to other salary and benefits herein provided, the sum of $4,800.00 per year, payable in equal monthly installments, as a vehicle allowance to be used to purchase, lease, or own, operate and maintain a vehicle. The Employee shall be responsible for paying for liability, property damage, and comprehensive insurance coverage upon such vehicle and shall further be responsible for all expenses attendant to the purchase, operation, maintenance, repair, and regular replacement of said vehicle. The Employer shall reimburse the Employee at the IRS standard mileage rate for any business use of the vehicle beyond the greater Modesto area. For purposes of this Section, use of the car within the greater Modesto area is defined as travel to locations within a 75-mile radius of the Modesto City Hall.

Section 7: Retirement

A. The Employer agrees to enroll the Employee into the California Public Employees Retirement System (PERS). Employer shall pay 6.6% and Employee shall pay 0.40% of the total 7% "Employee's share," and Employer shall pay 100% of "Employer's share" on behalf of the Employee.

B. In addition to the Employer's payment to the state retirement system (as applicable) referenced above, Employer agrees to execute all necessary agreements provided by ICMA Retirement Corporation (ICMA-RC) or other Section 457 deferred compensation plan for Employee's continued participation in said supplementary retirement plan and, in addition to the base salary paid by the Employer to Employee, Employer agrees to pay an amount equal to one and one-half percent (1.5%) of Employee's base salary, or greater, into the designated plan on the Employee's behalf, in equal proportionate amounts each pay period. The parties shall fully disclose to each other the financial impact of any amendment to the term s of Employee's retirement benefit.

C. The Employer shall continue a qualified 401(a) defined contribution plan offered through ICMA Retirement Corporation for the Employee in the form of a money purchase plan to which the Employer shall contribute five (5%) of salary, previously authorized by Council Resolution No. 2005-602. Employee shall match the Employer's contribution.

Section 8: General Business Expenses

A. In its discretion, Employer shall budget for and pay travel and subsistence expenses of Employee for professional and official travel, meetings, courses, institutes and seminars to continue his professional development and to adequately pursue necessary official and other functions on behalf of the Employer, including but not limited to the annual conference of the League of California Cities.

B. The Employer acknowledges the value of having Employee, in its discretion, participate and be directly involved in local civic clubs or organizations. Accordingly, Employer shall pay for the reasonable membership fees and/or dues to enable the Employee to become an active member in local civic clubs or organizations.

Section 9: Termination

For the purpose of this Agreement, termination shall occur when:

A. The majority of the governing body votes to terminate the Employee at a duly authorized closed or open meeting.

B. If the Employer, citizens or legislature acts to amend any provisions of the Charter pertaining to the role, powers, duties, authority, responsibilities of the Employee's position that substantially changes the form of government, the Employee shall have the right to declare that such amendments constitute termination.

C. If the Employer reduces the base salary, compensation or any other financial benefit of the Employee, unless it is applied in no greater percentage than the average reduction of all city employees, such action shall constitute a breach of this Agreement and will be regarded as a termination.

D. If the Employee resigns following an offer to accept resignation, whether formal or informal, by the Employer as representative of the majority of the governing body that the Employee resign, then the Employee may declare a termination as of the date of the suggestion.

E. Breach of contract declared by either party within a 30-day cure period for either Employee or Employer. Written notice of a breach of contract shall be provided in accordance with the provisions of Section 20.

Section 10: Severance

A. Severance shall be paid to the Employee when employment is terminated as defined in Section 9.

B. In the event the Employer terminates this agreement during which time Employee is ready, willing and able to perform the functions and duties set forth herein, then, in that event, Employer agrees to:

1. Provide Employee with ninety (90) days prior written notice of said termination. Provided, however, that as set forth in Section 800 of the City's Charter no such determination to terminate shall be made during or within a period of ninety (90) days next succeeding the election of a member of the Council.

Section 11: Resignation
In the event that the Employee voluntarily resigns his/her position with the Employer, the Employee shall provide a minimum of ninety (90) days advance notice unless the parties agree otherwise.

Section 12: Performance Evaluation
Employer may review the performance of the Employee subject to a process, form, criteria, and format for the evaluation, which shall be mutually agreed upon by the Employer and Employee. The process at a minimum shall include the opportunity for both parties to: (1) prepare a written evaluation, (2) meet and discuss the evaluation, and (3) present a written summary of the evaluation results. The final written evaluation should be completed and delivered to the Employee within thirty (30) days of the evaluation meeting.

Section 13: Hours of Work
It is recognized that the Employee must devote a great deal of time outside the normal office hours on business for the Employer, and to that end Employee shall be allowed to establish an appropriate work schedule.

Section 14: Outside Activities
The employment provided for by this Agreement shall be the Employee's sole employment. Recognizing that certain outside consulting or teaching opportunities provide indirect benefits to the Employer and the community, the Employee may elect, with the approval of the City Council, to accept limited teaching, consulting or other business opportunities with the understanding that such arrangements shall not constitute interference with nor a conflict of interest with his responsibilities under this Agreement.

Section 15: Residency
Employee agrees to maintain residence within the corporate boundaries of the City of Modesto.

Section 16: Indemnification
Beyond that required under Federal, State or Local Law, Employer shall defend, save harmless and indemnify Employee against any tort, professional liability claim or demand or other legal action, whether groundless or otherwise, arising out of an alleged act or omission occurring in the performance of Employee's duties as City Manager, or resulting from the exercise of judgment or discretion in connection with the performance of program duties or responsibilities, unless the act or omission involved willful or wanton conduct. The Employee may request and the Employer shall not unreasonably refuse to provide independent legal representation at Employer's expense and Employer may not unreasonably withhold approval. Legal representation, provided by Employer for Employee, shall extend until a final determination of

the legal action including any appeals brought by either party. The Employer shall indemnify employee against any and all losses, damages, judgments, interest, settlements, fines, court costs and other reasonable costs and expenses of legal proceedings including attorneys fees, and any other liabilities incurred by, imposed upon, or suffered by such Employee in connection with or resulting from any claim, action, suit, or proceeding, actual or threatened, arising out of or in connection with the performance of his or her duties. Any settlement of any claim must be made with prior approval of the Employer in order for indemnification, as provided in this Section, to be available.

Employee recognizes that Employer shall have the right to compromise or settle a claim or suit. However, if the Employee is a named party to the suit, Employee's written consent must be given for the compromise or settlement. Further, Employer agrees to pay all reasonable litigation expenses of Employee throughout the pendency of any litigation to which the Employee is a party, witness or advisor to the Employer. Such expense payments shall continue beyond Employee's service to the Employer as long as litigation is pending. Further, Employer agrees to pay Employee reasonable consulting fees and travel expenses when Employee serves as a witness, advisor or consultant to Employer regarding pending litigation if those services occur after Employee is no longer an Employee of the Employer.

Section 17: Bonding
Employer shall bear the full cost of any fidelity or other bonds required of the Employee under any law or ordinance.

Section 18: Other Terms and Conditions of Employment
The Employer, only upon agreement with Employee, shall fix any such other terms and conditions of employment, as it may determine from time to time, relating to the performance of the Employee, provided such terms and conditions are not inconsistent with or in conflict with the provisions of this Agreement, the Modesto Charter or any other law.

Except as otherwise provided in this Agreement, the Employee shall be entitled to the highest level of benefits that are enjoyed by other non-sworn management employees of the Employer as provided in the Charter, Code, Personnel Rules and Regulations or by practice.

Section 19: Notices
Notice pursuant to this Agreement shall be given by depositing in the custody of the United States Postal Service, postage prepaid, addressed as follows:

EMPLOYER: City Clerk, City of Modesto, P. O. Box 642, Modesto, CA 95353
EMPLOYEE: George W. Britton, 1008 Copper Lake Court, Modesto, CA 95355-8905

Alternatively, notice required pursuant to this Agreement may be personally served in the same manner as is applicable to civil judicial practice. Notice shall be deemed given as of the date of personal service or as the date of deposit of such written notice in the course of transmission in the United States Postal Service.

Section 20: General Provisions
A. Integration. This Agreement sets forth and establishes the entire understanding between the Employer and the Employee relating to the employment of the Employee by the Employer.

Any prior discussions or representations by or between the parties are merged into and rendered null and void by this Agreement. The parties by mutual written agreement may amend any provisions of this agreement during the life of the agreement. Such amendments shall be incorporated and made a part of this agreement.

B. Binding Effect. This Agreement shall be binding on the Employer and the Employee as well as their heirs, assigns, executors, personal representatives and successors in interest.

C. Effective Date. This Agreement shall become effective on _____, 2007.

D. Severability. The invalidity or partial invalidity of any portion of this Agreement will not affect the validity of any other provision. In the event that any provision of this Agreement is held to be invalid, the remaining provisions shall be deemed to be in full force and effect as if they have been executed by both parties subsequent to the expungement or judicial modification of the invalid provision.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has authorized the execution of this Agreement in duplicate by its Mayor and attestation by its City Clerk under authority of Resolution No. _____ adopted by the Council of the City of Modesto on the _____ day of _____, 2007, and CONTRACTOR/EMPLOYEE has caused this Agreement to be duly executed.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-321

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE PURCHASE OF BULK FUELS AND LUBRICANTS FOR USE CITYWIDE, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR A TOTAL ESTIMATED ANNUAL COST OF $1,567,792

WHEREAS, the Public Works Department, Fleet Services Division and the Fire Department maintain storage tanks for bulk fuels, which are used to fuel buses and fire apparatus, and

WHEREAS, additionally, these departments maintain a stock of lubricants that are used in the maintenance of the City's fleet, and

WHEREAS, the Public Works Department, Waste Water Division and Water Division use red dyed #2 diesel fuel to fuel non-public roadway diesel powered equipment, and standby diesel powered generators that supply backup power to municipal potable water wells, and

WHEREAS, bulk fuels and lubricants used at these facilities are purchased on an as needed basis throughout the year from annual purchase agreements,

WHEREAS, Annual agreements take advantage of economies of scale, by combining department volumes for long-term procurement commitments with various suppliers, and

WHEREAS, purchase agreements are due to expire in 2007, and by issuing formal RFB's, the City will achieve the best value possible for bulk fuels and lubricants and will meet Modesto Municipal Code requirements for formal bids, and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal RFB for the purchase of bulk fuels and lubricants conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public formal bids for the purchase of bulk fuels and lubricants for use Citywide, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk is hereby directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened they shall be tabulated and analyzed by the Purchasing Division and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmemeber Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-322

A RESOLUTION AMENDING THE FISCAL YEAR 2006-2007ANNUAL BUDGET

WHEREAS, a monthly financial analysis has been completed and it has been determined that certain adjustments are required to the Annual Budget of the City of Modesto for the Fiscal Year 2006-2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that appropriations, revenues, and transfers for the 2006-2007 budget have been adjusted as shown on the Budget Request form(s).

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following votes:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-323

A RESOLUTION APPROVING AN AGREEMENT BETWEEN THE CITY OF MODESTO AND MODESTO CITY SCHOOLS IN THE AMOUNT OF $465,877 FOR THE PROVISION OF NINE MODESTO POLICE OFFICERS/SCHOOL RESOURCE OFFICERS (SROs) TO PROVIDE DIRECT LAW ENFORCEMENT SERVICES, CAMPUS SUPERVISOR TRAINING, IN SERVICES, AND CONSULTATIONS WITH SITE STAFF AND DISTRICT ADMINISTRATORS, AND ACT AS A LIAISON BETWEEN MODESTO POLICE DEPARTMENT AND MODESTO CITY SCHOOLS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, Modesto City Schools would like to have the services of nine Modesto Police Officers to provide prevention, intervention, and enforcement services to students, their families and staff at Beyer, Davis, Downey, Johansen, Modesto, and Enochs High Schools, and Elliott Alternative Education Center, and Mark Twain, Hanshaw, and Roosevelt Junior High Schools, and

WHEREAS, the Modesto Police Department can provide specially trained, uniformed police officers to provide campus supervisor training, in services, and consultations with site staff and District administrators, and

WHEREAS, the Police Officers can act as a liaison between the Modesto Police Department and Modesto City Schools, and

WHEREAS, the Police Officers can direct law enforcement action at the district school sites, if warranted, and

WHEREAS, the Police Officers' presence with the students provides mentoring and protection of youth in our community, and

WHEREAS, the term of this Agreement is July 1, 2007, to June 30, 2008, and

WHEREAS, the City shall be compensated by Modesto City Schools in the amount of $465,877 for the services of nine Modesto Police Officers, one 12-month officer at $63,529 and eight 9.5 month officers at $402,348,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement between the City of Modesto and Modesto City Schools in the amount of $465,877 for the provision of nine Modesto Police Officers/School Resource Officers (SROs) to provide direct law enforcement services, campus supervisor training, in services, and consultations with site staff and District administrators, and act as a liaison between the Modesto Police Department and Modesto City Schools.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-324

A RESOLUTION ACCEPTING THE DONATIONS OF $7,500 FROM STATE FARM MUTUAL AUTOMOBILE INSURANCE COMPANY AND $1,000 FROM FARMERS INSURANCE GROUP FOR AUTO THEFT PREVENTION, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY DOCUMENTS.

WHEREAS, State Farm Mutual Automobile Insurance Company and Farmers Insurance Group have partnered to donate money for auto theft prevention to the Modesto Police Department, and

WHEREAS, State Farm Mutual Automobile Insurance Company is donating $7,500 to the Modesto Police Department for auto theft prevention, and

WHEREAS, Farmers Insurance Group is donating $1,000 to the Modesto Police Department for auto theft prevention, and

WHEREAS, there is no fiscal impact to the City of Modesto, and

WHEREAS, the money will be deposited in the Auto Theft Trust Account, fund 8600, and balance sheet account 3403,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the donations of $7,500 from State Farm Mutual Automobile Insurance Company and $1,000 from Farmers Insurance Group for auto theft prevention.

BE IT FURTHER RESOLVED that said amount will be deposited in the Auto Theft Trust Account, Fund 8600, Balance Sheet Account 3403:

Balance Sheet:

To:	8600-3403	$8,500	Auto Theft Trust Account

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary documents.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-325

A RESOLUTION APPROVING AN ELECTRIC UTILITY POLE RELOCATION AGREEMENT WITH MODESTO IRRIGATION DISTRICT (MID) FOR THE RELOCATION OF UTILITY POLES LOCATED ON FLOYD AVENUE AT FINE AVENUE AND MILLBROOK AVENUE IN THE AMOUNT NOT TO EXCEED $75,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on October 3, 2006, by Resolution 2006-637, the City Council approved CIP Project #X512 "Floyd Avenue between Roselle and Fine" as part of the City's Capital Improvement Program, which included right-of-way acquisition, design, construction, construction administration, and contingency for the roadway improvements on Floyd Avenue between Roselle Avenue and Fine Avenue, and

WHEREAS, along the south side of Floyd Avenue between Roselle Avenue and Fine Avenue there are high voltage electrical lines, and

WHEREAS, in order for the contractor to complete the improvements the electric utility poles located at the intersections of Floyd/Fine and Floyd/Millbrook must be relocated, and

WHEREAS, utility pole relocation is necessary in order to construct the Floyd Avenue widening project between Roselle Avenue and Fine Avenue per the approved Village One Facilities Master Plan, and

WHEREAS, the current budgeted amount of $75,000 for the Agreement is available in the CIP Account 2691-020-X512 "Floyd Avenue between Roselle and Fine" to cover the cost for these services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement between the City of Modesto and Modesto Irrigation District

(MID), for the relocation of electric utility poles located on Floyd Avenue at Fine Avenue and Millbrook Avenue in an amount not to exceed $75,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-326

A RESOLUTION APPROVING A CONSULTANT AGREEMENT WITH TRS CONSULTANTS, INC., FOR CONSTRUCTION MANAGEMENT SERVICES OF THE PELANDALE AVENUE 6-LANE WIDENING - DALE ROAD TO MCHENRY AVENUE PROJECT IN THE NOT-TO-EXCEED AMOUNT OF $1,408,633.32, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on February 22, 2005, under Resolution No. 2005-118, City Council approved amending the City's Capital Improvement Program (CIP) and budget to allow construction of a 6-lane interim facility on Pelandale Avenue between Dale Road and McHenry Avenue, and

WHEREAS, the widening of Pelandale Avenue to full 6-lane expressway status is scheduled to commence fiscal year 2008, and

WHEREAS, the roadway improvements will convert Pelandale Avenue to full expressway status with three (3) new westbound lanes and one (1) new eastbound lane from Dale Road to McHenry Avenue, and

WHEREAS, within the project limits of the Pelandale Avenue widening project, the City plans to install all subsurface infrastructure improvements to avoid future trench excavation in new asphalt pavement, and

WHEREAS, within the project limits of the Pelandale Avenue widening project, the City plans to construct a new detention basin, storm drain piping, appurtenant drainage structures, and a pumping station to handle storm water runoff, and

WHEREAS, the construction of the new detention basin, storm drain piping, appurtenant drainage structures, and a pumping station prior to final pavement installation on Pelandale Avenue will avoid future traffic disruption, eliminate the need to

remove and restore sections of newly constructed asphalt pavement, and will offer the most effective cost and time alternative for the project, and

WHEREAS, the Pelandale/McHenry Specific Plan proposes to develop a new housing subdivision requiring the construction of dual storm water detention basins and a new 10 inch sewer line in Pelandale Avenue, and

WHEREAS, the Pelandale/McHenry Specific Plan dual storm water detention basins will be required to accept a portion of the Pelandale Avenue on-site storm water runoff, and

WHEREAS, it is necessary to include construction management services for the Pelandale 6-lane widening project and infrastructure improvements, including the dual storm water detention basins pipe connections and the new 10 inch sewer line construction in the Pelandale Avenue widening project, and

WHEREAS, the construction management services for the storm water detention basin and the new 10 inch sewer line construction in Pelandale Avenue will be partially paid for by the Pelandale/McHenry Developer, and

WHEREAS, the firm of TRS Consultants, Inc., was considered to be the most qualified to provide construction management services for the project, and

WHEREAS, Capital Improvement Services staff recommends that an agreement with the consulting firm of TRS Consultants, Inc., be approved to perform the construction management services as current workload levels do not provide for timely in-house solutions/responses, and

WHEREAS, City desires to enter into an agreement with TRS Consultants, Inc., in an amount not-to-exceed $1,408,633.32 to perform construction management services of the Pelandale Avenue 6-Lane Widening - Dale Road to McHenry Avenue project, and

WHEREAS, TRS Consultants, Inc., will be paid on a time and materials basis for actual hours required performing individual tasks at a set rate,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Consultant Agreement with TRS Consultants, Inc., in the amount not-to-exceed $1,408,633.32, for construction management services of the Pelandale Avenue 6-lane Widening - Dale Road to McHenry Avenue project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-327

A RESOLUTION APPROVING AND AUTHORIZING SUBMISSION OF THE CITY'S TRANSPORTATION DEVELOPMENT ACT TRANSIT CLAIM FOR FISCAL YEAR 2007/08 IN THE AMOUNT OF $9,167,552 TO THE STANISLAUS COUNCIL OF GOVERNMENTS (STANCOG) AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE TRANSIT CLAIM.

WHEREAS, the greatest portion of the City's funding for the Transit Service Program is made available under the Transportation Development Act (TDA), which includes Local Transportation Fund (LTF) funds and State Transit Assistance Fund (STA) funds, and

WHEREAS, StanCOG has informed the Finance Department that LTF and STA funding has been apportioned by the State to StanCOG for allocation to public transit agencies pursuant to Sections 99233.3 and 99234 of the California Public Utilities Code (PUC), and

WHEREAS, the City has developed an application for Fiscal Year 2007/08 TDA reimbursement pursuant to Section 99233.3 of the California PUC, and

WHEREAS, the City's Transit TDA Claim for Fiscal Year 2007/08 is $9,167,552, composed of $7,826,645 in LTF funds and $1,340,907 in STA funds, and

WHEREAS, the total Transit Operating Budget for Fiscal Year 2007/08 is $13,244,725, and

WHEREAS, the added Transit Capital Budget for Fiscal Year 2007/08 is $2,820,855, and

WHEREAS, Council action authorizing submission of the Claim is required by StanCOG pursuant to Section 99261 of the California PUC before any TDA funding can be released to the City,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the TDA transit claim for Fiscal Year 2007/08 in the amount of $9,167,552.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute and submit the TDA transit claim to StanCOG for Fiscal Year 2007/08.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2007, by Council member Dunbar, who moved its adoption, which motion being duly seconded by Council member Marsh, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-328

A RESOLUTION APPROVING AND AUTHORIZING SUBMISSION OF THE CITY'S TRANSPORTATION DEVELOPMENT ACT TRANSIT CLAIM #2 FOR FISCAL YEAR 2006/07 IN THE AMOUNT OF $7,847,421 TO THE STANISLAUS COUNCIL OF GOVERNMENTS (STANCOG) AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE TRANSIT CLAIM.

WHEREAS, the greatest portion of the City's funding for the Transit Service Program is made available under the Transportation Development Act (TDA), which includes Local Transportation Fund (LTF) funds and State Transit Assistance Fund (STA) funds, and

WHEREAS, the claim was first approved on June 6, 2006, and

WHEREAS, the State budget increased the STA amount for 2006/07 by $2,874,445, and

WHEREAS, StanCOG has informed the City it needs to amend the claim to reflect the re-apportioned funding for allocation to public transit agencies pursuant to Sections 99233.3 and 99234 of the California Public Utilities Code (PUC), and

WHEREAS, the City's Transit TDA Claim #2 for Fiscal Year 2006/07 is now $7,847,421 and is composed of $3,271,058 in LTF funds and $4,576,363 in STA funds, and

WHEREAS, the total Transit Operating Budget for Fiscal Year 2006/07 is $12,193,014, and

WHEREAS, the added Transit Capital Budget for Fiscal Year 2006/07 is $2,582,082, and

WHEREAS, Council action authorizing submission of the Claim is required by StanCOG pursuant to Section 99261 of the California PUC before any TDA funding can be released to the City,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the TDA transit claim for Fiscal Year 2006/07 in the amount of $7,847,421.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute and submit the TDA transit claim to StanCOG for Fiscal Year 2006/07.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-329

A RESOLUTION APPROVING POLICY RECOMMENDATIONS MADE BY THE CITY COUNCIL FINANCE COMMITTEE AS PART OF THE FY 2007-08 BUDGET DEVELOPMENT PROCESS.

WHEREAS, each year the City Council's Finance Committee makes recommendations regarding the upcoming Fiscal Year operating budget and capital improvement program, and

WHEREAS, from time to time, those recommendations include various policy issues with financial impacts, and

WHEREAS, in the development of the FY 2007-08, the Finance Committee reviewed and recommended for City Council consideration the following:

1. Managed Competition for External Building Custodial Services to be undertaken in FY 2007-08.
2. Funding of New Positions: New positions to be funded at date-of-hire rather than the current practice of funding the position from the date of approval.
3. Other Post Employment Benefit Funding: Maintain current level of funding and defer consideration of additional funding until negotiations with employee groups and other discussions on retiree health are concluded.
4. Proposition 42 Maintenance of Effort Funding: Continuing street maintenance spending from discretionary funds at current level which is $1.3 million above the required Maintenance of Effort.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the policy recommendations of the Finance Committee as follows:

1. Managed Competition for External Building Custodial Services to be undertaken in FY 2007-08.
2. Funding of New Positions: New positions to be funded at date-of-hire rather than the current practice of funding the position from the date of approval.
3. Other Post Employment Benefit Funding: Maintain current level of funding and defer consideration of additional funding until negotiations with employee groups and other discussions on retiree health are concluded.
4. Proposition 42 Maintenance of Effort Funding: Continuing street maintenance spending from discretionary funds at current level which is $1.3 million above the required Maintenance of Effort.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-330

A RESOLUTION APPROVING A FIVE-YEAR AGREEMENT WITH MV TRANSPORTATION INC., TO OPERATE THE MODESTO AREA EXPRESS (MAX) BUS SERVICE AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT.

WHEREAS, the existing agreement with MV Transportation to operate the Modesto Area Express (MAX) bus service expires June 29, 2007, and

WHEREAS, the City wishes to continue providing bus service to the citizens of Modesto, and

WHEREAS, the City Council authorized staff to solicit proposals for a new five-year contract to be effective June 30, 2007, and

WHEREAS, four proposals were received for the contract, and

WHEREAS, MV Transportation Inc., received the highest point total in the evaluation and scoring of the proposals, and

WHEREAS, the City Council awarded the contract to MV Transportation Inc., on April 3, 2007, and authorized staff to negotiate an agreement with MV and return to Council for approval of the agreement,

NOW, THEREFORE, BE IT RESOLVED by the City Council that it hereby approves a five-year operations agreement with MV Transportation Inc., on behalf of the City of Modesto, to become effective on June 30, 2007 and expire June 29, 2012.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the5th day of June, 2007, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-331

A RESOLUTION DECLARING SEAT HELD BY GREG DUB ON THE EQUAL OPPORTUNITY/DISABILITY COMMISSION VACANT

WHEREAS, GREG DUB was appointed a member of the Equal Opportunity/Disability Commission on June 13, 2006, and

WHEREAS, GREG DUB has not attended regular Equal Opportunity/Disability Commission meetings since December 2006, and

WHEREAS, Section 1105 of the Modesto City Charter states that if a member of a board or commission is absent from three (3) regular meetings, the member's office shall become vacant and shall be so declared by the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the seat held by GREG DUB on the Equal Opportunity/Disability Commission is hereby declared vacant.

BE IT FURTHER RESOLVED that the Council of the City of Modesto, on its own behalf, and on behalf of the citizens of Modesto, hereby expresses its sincere appreciation to GREG DUB for his service to the community.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-332

A RESOLUTION APPROVING AMENDMENT TO A REIMBURSEMENT AGREEMENT WITH STANISLAUS COUNTY AND STANISLAUS COUNCIL OF GOVERNMENTS (STANCOG) TO INCREASE THE CITY'S CONTRACT AMOUNT BY $90,000 FOR PROJECT COORDINATION SERVICES FOR THE SR 219 WIDENING FROM SR 99 TO MCHENRY AVENUE AND DALE/KIERNAN INTERSECTION IMPROVEMENT PROJECTS WITH THE COST TO THE CITY NOT TO EXCEED $150,000, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AMENDMENT.

WHEREAS, on April 4, 2006, the City Council, by Resolution No. 2006-185, approved a reimbursement agreement with Stanislaus County and Stanislaus Council of Governments (StanCOG) for the cost of project coordination services for the SR 219 Widening and Dale/Kiernan intersection improvement projects with the cost to the City not to exceed $60,000, and

WHEREAS, over the last year Gray-Bowen and Company (Gray-Bowen) has provided professional services to help navigate Caltrans' processes and expedite the delivery of these critical and complex transportation projects, and

WHEREAS, Gray-Bowen lobbied on behalf of the City and Stanislaus County to acquire additional funding for the projects, and

WHEREAS, as a result of the efforts of Gray-Bowen and CTC Commissioner Kirk Lindsey, Stanislaus County received $33.57 million in Proposition 1B Corridor Mobility Improvement Account (CMIA) bond funding, and

WHEREAS, an increase in the scope and budget for the Agreement are necessary due to the addition of Phase 2 of the SR 219 Widening which will widen SR 219 from 2 to 4 lanes from just east of Dale Road to McHenry Avenue,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amendment to the reimbursement agreement with Stanislaus County and Stanislaus Council of Governments (StanCOG) to increase the City's contract amount by $90,000 for project coordination services for the SR 219 Widening from SR 99 to McHenry Avenue and Dale/Kiernan intersection improvement projects with the cost to the City not to exceed $150,000.00,

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-333

A RESOLUTION APPROVING AN APPROPRIATION TRANSFER OF $90,000 FROM GAS TAX RESERVES (07-0700-800-8000-8003) TO SR 219 PROJECT COORDINATION SERVICES (MY-2370-160-E520-6080) FOR PROJECT COORDINATION SERVICES OF THE SR 219 WIDENING FROM SR99 TO MCHENRY AVENUE AND DALE/KIERNAN INTERSECTION IMPROVEMENT PROJECTS BY GRAY-BOWEN AND COMPANY.

WHEREAS, on April 4, 2006, the City Council, by Resolution No. **2006-185**, approved a reimbursement agreement with Stanislaus County and Stanislaus Council of Governments (StanCOG) for the cost of project coordination services for the SR 219 Widening and Dale/Kiernan intersection improvement projects with the cost to the City not to exceed $60,000, and

WHEREAS, an increase in the scope and budget for the Agreement are necessary due to the addition of Phase 2 of the SR 219 Widening which will widen SR 219 from 2 to 4 lanes from just east of Dale Road to McHenry Avenue, and

WHEREAS, staff proposes allocating $90,000.00 from Gas Tax Reserves (07-0700-800-8000-8003) to SR 219 Project Coordination Services (MY-2370-160-E520-6080) for project coordination services of the SR219 Widening from SR 99 to McHenry Avenue and Dale Kiernan intersection improvement projects by Gray-Bowen and Company.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the following appropriation is hereby approved to provide the funding for said fiscal impact analysis:

Appropriations

FROM:	07-0700-800-8000-8003	$90,000
TO:	MY-2370-160-E520-6080	$ 90,000

BE IT FURTHER RESOLVED that City staff is hereby authorized to make the necessary budget adjustments in coordination with the Finance Department to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007, Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-334

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE OF A TRIMBLE S6 3" ROBOTIC TOTAL STATION, FOR THE PUBLIC WORKS DEPARTMENT, CONSTRUCTION ADMINSTRATION DIVISION, TO CALIFORNIA SURVEYING & DRAFTING SUPPLY, INC., FRESNO, CA, FOR A TOTAL ESTIMATED COST OF $40,836

WHEREAS, the Public Works Department, Construction Administration Division has a Topcon 802AR Robotic Total Station and a Trimble 5800 GPS Rover and Base Station, and

WHEREAS, the Robotic Total Station is old, worn out and in need of replacement and Construction Administration Division has requested replacing this unit with a new Trimble S6 3" Robotic Total Station, and

WHEREAS, the Trimble S6 3" Robotic Total Station will integrate seamlessly with the existing Trimble 5800 GPS Equipment and Trimble GIS Equipment, and

WHEREAS, by using equipment designed to work together, the Trimble Total Station (S6) with the Trimble GPS Equipment will be more productive and efficient, and

WHEREAS, on January 2, 2007, the City Council approved Resolution No. 2007-032 authorizing the Purchasing Manager to issue informal Request for Bids (RFB) for a three (3) year lease purchase of a Trimble S6 3" Robotic Total Station, for the Public Works Department, Construction Administration Division, and

WHEREAS, on February 9, 2007, the Purchasing Division issued RFB No. INF07-09 for a three (3) year lease purchase of a Trimble S6 3" Robotic Total Station to five (5) prospective bidders, none of which were local companies, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, on March 9, 2007, RFB's were opened in the Purchasing Division, and of the five (5) prospective bidders, one (1) company chose to respond, and

WHEREAS, California Surveying & Drafting Supply, Inc., provided a Master State Municipal Lease/Purchase Agreement with an amortized rate of 9.45%. The amortized rate was deemed too excessive and the determination was made to fund the piece of equipment as a one-time expenditure, and

WHEREAS, based on providing a responsive and responsible bid, City staff recommends the award of bid and contract for the purchase of a Trimble S6 3" Robotic Total Station, for the Public Works Department, Construction Administration Division, to California Surveying & Drafting Supply, Inc., Fresno, CA, for a total estimated cost of $40,836, and

WHEREAS, Modesto Municipal Code Section 8-3.204 states, "except as otherwise provided by this chapter or when directed by the City Manager, all purchases involving an expenditure of City funds in the amount of fifty thousand dollars $50,000 or less, shall be purchased, when feasible and when in the best interest of the City, in the open market by letter inquiry, informal solicitation, or telephone or facsimile solicitations, with or without newspaper advertisement, and without observation of prescribed formal bid procedures". The award of bid and contract to California Surveying & Drafting Supply, Inc., for the purchase of a Trimble S6 3" Robotic Total Station conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase of a Trimble S6 3" Robotic Total Station, for the Public Works Department, Construction Administration

Division, to California Surveying & Drafting Supply, Inc., Fresno, CA, for a total estimated cost of $40,836.

BE IT FURTHER RESOLVED that the Purchasing Manager will issue a purchase order for the purchase of a Trimble S6 3" Robotic Total Station, for the Public Works Department, Construction Administration Division, to California Surveying & Drafting Supply, Inc., Fresno, CA, for a total estimated cost of $40,836.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-335

A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE FURNISHING OF WATER QUALITY TESTING SERVICES FOR THE PUBLIC WORKS DEPARTMENT, WATER DIVISION, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR A TOTAL ESTIMATED ANNUAL COST OF $240,000

WHEREAS, the City of Modesto's drinking water system is the largest domestic water system in the area, with over 70,000 active water services, and

WHEREAS, during the calendar year 2006, the City of Modesto performed over 7,000 bacteriological and 2,500 Title 22 Compliance samplings to ensure safe drinking water for the City's approximately 216,000 customers, and

WHEREAS, the size and complexity of the City of Modesto's water system places the City under the strictest Federal and State regulations for water quality testing. The Federal Environmental Protection Agency (EPA) requires a different set of Unregulated Chemical Monitoring, which falls under strict protocols for testing methods, including special laboratory certification and reporting requirements, and

WHEREAS, some of the general testing requirements are assigned to the City of Modesto Water Quality Control Laboratory, other testing is assigned to various commercial laboratories depending on their certifications and areas of expertise, and

WHEREAS, purchase agreements are due to expire in 2007, and

WHEREAS, by issuing formal RFB's, the City can achieve the best value for dollars spent and meet Modesto Municipal Code requirements for formal bids, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Bid for the furnishing of water quality testing services conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to advertise the call for public formal bids for the furnishing of water quality testing services for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk is hereby directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened they will be tabulated and analyzed by the Purchasing Division, and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the12th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmemeber Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-336

A RESOLUTION ESTABLISHING THE CALCULATION FOR THE APPROPRIATION LIMIT FOR THE FISCAL YEAR 2007-2008 ANNUAL BUDGET

WHEREAS, Proposition 4 of the California State Constitution requires the City to establish an appropriation limit calculation each fiscal year, and

WHEREAS, Article XIIIB of the California Constitution specifies that appropriations made by State and local governments may increase annually by a factor comprised of the change in population combined with either the change in California per capita personal income or the change in the local assessment roll due to local nonresidential construction, and

WHEREAS, the attached schedule shows the preferred price and population factors to be used and the appropriation limit with the recommended factors in calculating the limit are the price factor of "state growth in per capita income" and the population factor of "growth rate in Stanislaus County", and

WHEREAS, a copy of said report is on file in the City of Modesto Finance Department,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appropriation limit calculation is hereby established as shown on **Schedule A**, attached hereto, and made a part hereof.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following votes:

SCHEDULE A

FY2007-2008

PROPOSITION 4

APPROPRIATION LIMIT CALCULATION

FY2006-2007 Appropriation Limit		$299,273,819
Adjustment Factors		
Per Capita Personal Income Change	4.42%	
Population Change (Stanislaus County)	1.57%	
Per Capita converted to a ratio	1.0442	
Population converted to a ratio	1.0157	
Calculation of factor for FY2007-2008	1.0606	
Adjustment		$18,135,993
FY2007-2008 Appropriation Limit		$317,409,812

Article XIIIB places a limit on most, but not all, government revenue sources. The limit applies to appropriations from proceeds of taxes from both the general fund and special funds of government entities. Proceeds of taxes include tax revenues, interest earnings on invested tax revenues, and any revenues collected by a regulatory license fee or user charge in excess of the amount needed to cover the cost of providing the regulation, product, or service.

Appropriations from nontax revenues, including the City's enterprise funds, are not subject to the limit.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-337

A RESOLUTION APPROVING AND AUTHORIZING SUBMISSION OF THE FISCAL YEAR 2006-2007 LOCAL TRANSPORTATION FUND (LTF) CLAIM FOR NON-TRANSIT PURPOSES FOR $3,722,276

WHEREAS, on June 6, 2006, the City Council approved the fiscal year 2006-2007 annual claim for Local Transportation Funds (LTF) for transit purposes only, and

WHEREAS, on February 8, 2006, the Stanislaus Council of Governments (StanCOG) pursuant to California State Public Utility Codes (PUC) Section 99401.6 determined that there are no unmet transit needs or that there are no unmet transit needs that are reasonable to meet, and

WHEREAS, StanCOG has informed the Finance Department that it will allocate both the Annual and Supplemental LTF for use on local streets and roads pursuant to PUC Sections 99400 and 99233.11, and

WHEREAS, StanCOG has informed the Finance Department that it has allocated both the Annual and Supplemental LTF for pedestrian and bicycle facilities use pursuant to PUC Sections 99233.3 and 99234, and

WHEREAS, StanCOG has informed the Finance Department that the City of Modesto may claim $3,541,751 of Annual fiscal year 2006-2007 LTF and 2005-06 supplemental for street purposes, and $180,525 for pedestrian and bicycle projects, and

WHEREAS, Council action authorizing the above claim is required by StanCOG pursuant to PUC Section 99261 before LTF can be released to the City of Modesto, and

WHEREAS, the City of Modesto had a $1,934,909 carryover of fiscal year 2005-2006 LTF funded Operations and Capital Improvement Project budget projects to fiscal year 2006-2007, and

WHEREAS, Council action authorizing the carryover claim is required by StanCOG pursuant to PUC Section 99261,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves and authorizes the execution and submission of the claim for apportionment of the fiscal year 2006-2007 Annual ($3,105,680) and fiscal year 2005-2006 Supplemental LTF ($616,596) to StanCOG to obtain non-transit funds in the amount of $3,722,276.

BE IT FURTHER RESOLVED, by the Council of the City of Modesto that it hereby approves and authorizes the execution and submission of the claim for apportionment of $1,934,909 of carryover funds from fiscal year 2005-2006 to fiscal year 2006-2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-338

RESOLUTION AUTHORIZING THE AWARD OF THE FORMAL REQUEST FOR BID AND CONTRACT FOR ROOF REPLACEMENT AT FIRE STATION 5 AND FIRE STATION 10, TO UNIVERSAL COATINGS OF FRESNO, CALIFORNIA, FOR AN ESTIMATED COST OF $120,832.

WHEREAS, Fire Station 5's roof was last replaced in 1991, and

WHEREAS, at the time of installation the warranty on this roof was 10 years, and

WHEREAS, the roof has been in place for 16 years and has deteriorated to a point where it is no longer cost effective to repair, and

WHEREAS, Fire Station 10's roof has not been replaced since the Modesto Fire Department moved into the Station in 1993, and

WHEREAS, the roof had been in place some time prior to our arrival, and

WHEREAS, the roof has deteriorated to a point where it is no longer cost effective to repair, and

WHEREAS, on April 24, 2007, by Resolution No. 2007-224 the Council approved the formal solicitation of bids for roof replacement, and

WHEREAS, bids were solicited from fourteen (14) companies, and

WHEREAS, the bid specification was also posted on the City's web site and formally advertised by the City Clerk's office, and

WHEREAS, one (1) company responded with a valid bid, and

WHEREAS, Universal Coatings' bid was for $120,832 for both Fire Station 5 and Station 10's roof replacement, with a dry rot repair rate of $6.50 per square foot, and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases meeting or exceeding $50,000 for materials, equipment or contractual services to be formally bid and awarded to the lowest responsive and responsible bidder, and

WHEREAS, the funds for the roof replacements have been appropriated in account number 0100-180-1810-5900, Non-CIP,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The formal Request for Bids for roof replacement at Fire Station 5 and Fire Station 10 is hereby awarded to Universal Coatings, of Fresno, for an estimated cost of $120,832.

SECTION 2. The repair of any dry rot found will be made at a rated of $6.50 per square foot.

SECTION 3. The City Manager, or designee, is authorized to execute the contract for roof replacement to Universal Coatings of Fresno.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-339

A RESOLUTION AUTHORIZING STAFF TO ENTER INTO NEGOTIATIONS WITH THE WEST MODESTO KING-KENNEDY NEIGHBORHOOD COLLABORATIVE (COLLABORATIVE), FOR TERMS AND CONDITIONS OF A "MANAGEMENT AGREEMENT" FOR THE DAY-TO-DAY OPERATION OF THE KING-KENNEDY MEMORIAL CENTER (KKMC).

WHEREAS, in March 1966, the Westside Neighborhood Center Steering Committee was formed to address some of the social issues which were occurring on the west side of Modesto, and

WHEREAS, the Westside Neighborhood Center, Inc. (WNCI), a non-profit organization, requested that the City of Modesto file an application with the federal Housing and Urban Development Department (HUD) for funds to construct a neighborhood center under the Neighborhood Facilities Grant Program, and

WHEREAS, in March 1968, the City of Modesto entered into an agreement with WNCI, which stated that, WNCI would operate and staff the new facility which was designed to carry out a program of health, recreational, social or similar community services, and

WHEREAS, in January 1969, the City and WNCI entered into another agreement which stated that due to the lack of an anticipated funding source, WNCI did not have the funding to operate the new facility, and according to the application filed with HUD for the building funds, the City of Modesto made a commitment to operate the neighborhood facility, and

WHEREAS, in May 1969, the name of the community center was changed to the King-Kennedy Memorial Center (KKMC), and a dedication ceremony occurred on June 29, 1969, and

WHEREAS, the City of Modesto dedicates $407,890 annually for the facilities, staffing and programming budget at KKMC, and

WHEREAS, On May 23, 2006, by Resolution No. 2006-317, the City Council authorized staff from the Parks, Recreation and Neighborhoods Department (PRND) to invite qualified and involved non-profit 501(c) 3 organizations to submit "Letters of Interest" for consideration to enter into a Management Agreement with the City of Modesto to operate KKMC, and

WHEREAS, in June 2006, a "Request of Interest (RFI)" was sent to non-profit organizations that serve the City of Modesto, and

WHEREAS, only one non-profit organization, the West Modesto King-Kennedy Neighborhood Collaborative (Collaborative), responded to the RFI, and

WHEREAS, the Collaborative stated that they were interested in operating the KKMC on a daily basis and working with the City of Modesto to enter into a management agreement regarding the KKMC facility, and

WHEREAS, the Collaborative submitted responses to questions related to the oversight and management of the facility, which were reviewed by staff and discussed at a King-Kennedy Board of Directors meeting, and

WHEREAS, the King-Kennedy Board voted unanimously for City staff to continue to pursue the management agreement concept with the Collaborative, and

WHEREAS, staff of PRND believes the conditions are right to enter into negotiations with the Collaborative for terms and conditions of a Management Agreement for the day-to-day operations of KKMC, and

WHEREAS, the Safety and Communities Committee met on May 7, 2007, and supported staff's recommendation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby authorizes staff to enter into negotiations with the Collaborative, for terms and conditions of a "Management Agreement" for the day-to-day operations of KKMC.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-340

A RESOLUTION APPROVING THE FIRST AMENDMENT TO STANDARD AGREEMENT FOR CONTRACT SERVICES WITH COMMUNITY REINVESTMENT FUND, INC. FOR LOAN SERVICING OF EXISTING AND FUTURE LOANS, EXTENDING THE AGREEMENT FOR AN ADDITIONAL TWO (2) YEAR PERIOD TO JUNE 30, 2009, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE FIRST AMENDMENT TO AGREEMENT.

WHEREAS, the City of Modesto's (City's) loan portfolio includes housing rehabilitation loans, down payment assistance loans, HOME loans, Redevelopment Agency loans, and Capital Facilities Fees, and

WHEREAS, in 1994, Community Reinvestment Fund (CRF) began loan servicing the City's portfolio, and

WHEREAS, in 2004, a new Request for Qualifications for loan servicing was issued and Community Reinvestment Fund was again awarded the City's loan servicing, and

WHEREAS, the current agreement will expire on June 30, 2007, and

WHEREAS, by mutual agreement of CRF and the City, the Agreement can be amended for two (2) one-year extensions, with the Agreement expiring on June 30, 2009, and

WHEREAS, the current loan portfolio for housing rehabilitation loans and down payment assistance loans consists of 175 loans totaling $4.6 million, and

WHEREAS, staff continues to be pleased with the service provided by this non-profit, community development lender based in Minneapolis, Minnesota, and

WHEREAS, pricing for this First Amendment will remain the same, and

WHEREAS, the servicing includes the processing of monthly payments, sending payment coupons to customers, a toll free number for customers, collection efforts on past due loans, insurance tracking, processing of demand statements and subsequent payoffs, monthly

reports to the City, and a monthly remittance to the City for funds collected on the serviced loans, and

WHEREAS, the City remains responsible for collection efforts on loans past due more than 90 days, follow-up for needed fire insurance, and releasing all liens for loans that have been paid, and

WHEREAS, staff recommends that the City continue to use CRF for loan servicing, and

WHEREAS, the Housing Rehabilitation Loan Committee (HRLC) met on May 17, 2007, and supported staff's recommendation, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) met on May 18, 2007, and supported staff's recommendation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the *First Amendment to Standard Agreement for Contract Services* with Community Reinvestment Fund, Inc. for loan servicing of existing and future loans, extending the Agreement for an additional two (2) year period to June 30, 2009.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the First Amendment to the Agreement.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-341

A RESOLUTION APPROVING A TASK-BASED AGREEMENT WITH SCS ENGINEERS FOR THE SITE ASSESSMENT AND DEVELOPMENT OF A METHANE GAS MITIGATION AND MONITORING PLAN FOR THE CLOSED CARPENTER ROAD LANDFILL IN AN AMOUNT NOT-TO-EXCEED $299,500, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, the City of Modesto operated the Carpenter Road landfill from 1956 until its closure in 1968, and the landfill includes fill sites on both the west and east sides of Carpenter Road, in between Kenneth and Robertson Roads and the Tuolumne River, and

WHEREAS, the site encompasses approximately 37 acres, and in the future will become part of the Tuolumne River Regional Park (TRRP), and

WHEREAS, although TRRP is currently under the jurisdiction of a Joint Powers Authority, the landfill site is still owned by the City of Modesto (City) and maintenance and repair are the City's responsibility, and

WHEREAS, in December 2005, and in subsequent months, methane gas levels in one of the monitoring wells on the property exceeded the permitted levels, and

WHEREAS, the California Integrated Waste Management Board (CIWMB) and the Regional Water Quality Control Board (RWQCB) have directed the City to determine the cause of the high readings, and

WHEREAS, on January 2, 2007, by Resolution No. 2007-040, the City Council authorized staff to issue a request for proposals from qualified firms to conduct a Site Assessment and prepare a Mitigation and Monitoring Plan for the closed Carpenter Road Landfill, and

WHEREAS, on January 2, 2007, by Resolution No. 2007-041, the Council authorized a loan of $150,000 from the General Fund to the Solid Waste Fund to cover the cost of the Site Assessment and Plan development, and

WHEREAS, this loan will be reimbursed to the General Fund from the Solid Waste Fund via revenues from a fee imposed on the monthly garbage rates once the cost of the work is known, and

WHEREAS, staff prepared a Request for Proposals (RFP), which was issued on February 2, 2007, with a due date of March 5, 2007, and the RFP was sent to eight (8) firms directly and posted on the City's web site, and

WHEREAS, Addendum #1 to the RFP, the Standard Consultant Agreement, was issued on February 7, 2007, and

WHEREAS, the Proposal submittal deadline was extended to March 19, 2007, to allow additional time to submit Proposals, and

WHEREAS, in response to questions received on the RFP, Addendum #2, which contained answers to the questions submitted by prospective bidders, was issued on March 7, 2007, and

WHEREAS, proposals were received from SCS Engineers and Geomatrix, and both proposals were found to be complete and responsive, and

WHEREAS, staff then conducted interviews with the two firms, and based on the proposals and the interviews, staff is recommending that the Council approve a professional services Agreement with SCS Engineers to provide these services, and

WHEREAS, due to the uncertainties of what the contractor may find in the Site Assessment and what mitigation measures may be required based on those findings, work under this Areement will be conducted in phases, on a "task basis" for each phase, and

WHEREAS, Phase 1 and Phase 2 will consist of a review of historical information about the site, the preparation of a work plan, the actual physical site investigation, and the preparation of a draft Mitigation and Monitoring Plan, as well as meetings with staff and the regulatory agencies, and

WHEREAS, depending on the findings of Phases 1 and 2, it may not be necessary to proceed with Phases 3 – 5, which would include design and plan preparation for a gas mitigation system, and assistance with construction administration for the installation of the system, and

WHEREAS, the Agreement is structured to reflect that the contractor cannot proceed with a phase without staff approval, and

WHEREAS, the not-to-exceed cost for Phases 1 and 2 is $118,000, and

WHEREAS, the total not-to-exceed cost for all phases is $299,500,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves a task-based agreement with SCS Engineers for the Site Assessment and development of a Methane Gas Mitigation and Monitoring Plan for the closed Carpenter Road Landfill in an amount not-to-exceed $299,500.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

NO. 2301

~~NOVEMBER 2003~~
June 2007

AIRPORT MANAGER

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To plan, organize, monitor, and direct the use, maintenance and security of the City/County Airport; to promote the development of airport facilities; and to coordinate airport activities with other City departments.

SUPERVISION RECEIVED AND EXERCISED

Receives direction from the Department Director or Deputy Director ~~Engineering and Transportation Director~~.

Exercises direct supervision over technical, maintenance and clerical staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

Manage, direct and organize airport facilities maintenance activities including pavements, drainage and sewer systems, lighting and electrical facilities, buildings, furnishings, landscaping, and grounds.

Direct, oversee and participate in the development of the airport master plan and strategic plan; assign work activities, projects and programs; monitor work flow; implement policies and procedures; review and evaluate work products, methods and procedures.

Participate in recommending the appointment of personnel; provide or coordinate staff training; work with employees to correct deficiencies; implement discipline procedures; recommend employee terminations.

Establish and ensure the carrying out of a proper preventive maintenance program; coordinate contractor and staff maintenance ~~activities with the airlines and Federal Aviation Administration~~.

Monitor commercial and private aircraft operations for compliance with local, State and Federal laws; monitor vendor operations and review vendor performance reports.

Essential Functions: (Continued)

Prepare and ~~i~~Issue public notices and press releases regarding ~~the status of the~~ airport operations and events; conduct media interviews.

Assume responsibility for the security and protection of publicly and privately owned aircraft and property; establish and carry out a passenger-screening program mandated by Federal regulations.

Recommend goals and objectives; assist in the development of policies and procedures; evaluate the need for and develop plans for long-range airport programs; conduct studies for improving airport facilities and services; prepare and implement marketing plans.

Handle daily business transactions including answering correspondence, responding to complaints, authorize purchases ~~ordering supplies~~, and certifying payroll records.

Negotiates and administers lease agreements with Fixed Based Operators, tenant hangar leases, ground agreements, airport rental car fleet, and commercial business leases; conduct lease negotiations; assign spaces and keep records of aircraft parking and rentals.

Update security manuals and airport certification manuals; coordinate Transportation Security Administration mandated security requirements; coordinate emergency training and drills, mobilize staff in emergencies.

Prepare the airport operating and capital improvement budgets; assist in budget implementation; participate in the forecast of additional funds needed for staffing, equipment, materials, and supplies; administer the approved budget.

Promote public relations; meet with the airport advisory committees, train AAC members and coordinate AAC meetings; act as liaison to public organizations~~,~~ and ~~representatives of~~ government agencies.

Prepare applications for Federal and State grants; monitor the grant programs to ensure compliance with requirements.

Maintain records of airport operations; conduct research and prepare reports.

Manage collection of Passenger Facility ~~Fees~~ Charges and coordinate PFFC funded projects to ensure program compliance, oversee update of the PFC, impose and use application.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Effective Principles and practices of municipal airport management.

Federal Aviation Administration rules and regulations affecting airport operations.

Preparation and negotiation of airport leases, contracts, and charges.

Development, practices, and terminology of aviation.

Equipment and supplies used in airport operations.

Proper maintenance of airport facilities.

Airport security and emergency plans.

Budgeting procedures and techniques.

Personal computer software applications.

Principles and practices of supervision, training and personnel management.

Ability to:

Plan, organize and direct airport maintenance, security, and operations.

Analyze technical information regarding airport usage and maintenance.

Conduct business negotiations and promote and represent the airport programs, including air service development.

~~Pilot and operate an airplane.~~

Monitor airport usage.

Supervise, train and evaluate assigned staff.

Prepare and administer a budget.

Ability to: (Continued)

Work under the pressure of deadlines; analyze, research, and solve a wide range of problems.

Establish and maintain airport security and certification programs.

Communicate clearly and concisely, both orally and in writing.

Establish and maintain cooperative working relationships with those contacted in the course of work.

EXPERIENCE AND TRAINING GUIDELINES

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Four years of increasingly responsible experience in airport management or operations of an airport served by a certified air carrier.

Training:

Equivalent to a Bachelor's degree from an accredited college or university with major course work in aviation management or a related field.

License or Certificate

Possession of, or ability to obtain, an appropriate, valid California driver's license.

Accreditation by the American Association of Airport Executives is preferred. Successful candidate must obtain this accreditation within two years of appointment to the position.

PHYSICAL AND MENTAL REQUIREMENTS

Mobility: frequent use of keyboard; frequent sitting for long periods of time; occasional bending or squatting. **Lifting**: frequently up to 10 pounds; occasionally up to 25 pounds. **Vision**: constant use of overall vision; frequent reading and close-up work; occasional color and depth vision. **Dexterity**: frequent repetitive motion; frequent writing; frequent grasping, holding, and reaching. **Hearing/Talking**: frequent hearing and talking, in person and on the phone. **Emotional/Psychological**: frequent decision-making and concentration; frequent public and/or coworker contact; occasional working alone. **Environmental**: frequent exposure to noise.

WORKING CONDITIONS

Work is performed in a typical temperature controlled office environment subject to typical office noise and environment. Some positions may be assigned to remote locations. Positions may require occasional overtime or weekend work and occasional travel from site-to-site.

~~Environmental Conditions:~~

~~Office and field environment.~~

~~Physical Conditions:~~

~~Essential and marginal functions may require maintaining physical condition for sitting for prolonged periods of time; attending meetings; using a personal computer and related office equipment and traveling from site-to-site.~~

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-343

A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN FOR THE CITY OF MODESTO

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. CLASSIFICATION CREATED. The Position Classification Plan of the City of Modesto is hereby amended to create the following classification at Salary Range 419:

Workers' Compensation Claims Assistant

This classification is being created to perform technical clerical work in support of the City's self-administered Workers' Compensation Program. The job specification for the classification of Workers' Compensation Claims Assistant, as shown on the attached **Exhibit "A,"** which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after June 12, 2007.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

CITY OF MODESTO June 2007
No. 3749

WORKERS' COMPENSATION CLAIMS ASSISTANT

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

Under general supervision, to perform specialized technical clerical work on "medical only" claims and other auxiliary tasks associated with claims in support of the City's self-administered Workers' Compensation Program; and to provide technical clerical assistance to the Risk Management Division of the Personnel Department.

SUPERVISION RECEIVED AND EXERCISED

Receives direct supervision from higher level supervisory and management staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

Review a variety of documents in a timely manner to determine proper action for medical only claims.

Respond to and advise internal customers on laws, rules and regulations related to medical only claims.

Negotiate optimum medical recovery through contact with employer, employee and medical provider.

Process and approve related bills indicating the correct amounts to be paid per the California Fee Schedule, Labor Code, and Risk Management guidelines.

Establish and maintain monetary reserves related to medical costs.

Keep current and maintain updates of regulations and procedures used in the administration of medical only claims.

May set up new claims and create files; update claims diary.

Compose memos, correspondence and notes to the claims diary.

Marginal Functions:

Perform general clerical duties as required.

Perform other related duties as assigned.

QUALIFICATIONS:

Knowledge of:

Workers' Compensation laws and regulations as applied to medical only claims.

Basic principles of general mathematics.

Applicable computer software programs.

English usage, spelling, grammar and punctuation.

Principles and procedures of record keeping.

Ability to:

Analyze and interpret a variety of medical documents, policies, related procedures, rules and regulations.

Type and use various software systems; work accurately with figures.

Maintain confidential records; interpret and effectively communicate policies and procedures.

Respond to the internal and external customers tactfully and courteously; take decisive action.

Communicate in a clear and concise manner both verbally and in writing.

Identify and analyze potential problems, situations and needs; carry out solutions.

Establish and maintain cooperative working relationships with those contacted in the course of work.

EXPERIENCE AND TRAINING GUIDELINES

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Two years of experience in the adjustment and evaluation of Workers' Compensation medical only claims or a closely related field. Familiarity with claims management systems, experience with medical billing and knowledge of the Official Medical Fee Schedule is desirable.

Training:

Equivalent to completion of the twelfth grade, supplemented by college level coursework in medical billing, insurance, business administration or a closely related field.

License or Certificates:

Possession of or the ability to obtain a valid Class C California Drivers License.

PHYSICAL AND MENTAL REQUIREMENTS

Mobility: frequent use of keyboard; frequent sitting for long periods of time; occasional bending or squatting. **Lifting**: frequently up to 10 pounds; occasionally up to 25 pounds. **Vision**: constant use of overall vision; frequent reading and close-up work; occasional color and depth vision. **Dexterity**: frequent repetitive motion; frequent writing; frequent grasping, holding, and reaching. **Hearing/Talking**: frequent hearing and talking, in person and on the phone. **Emotional/Psychological**: frequent decision-making and concentration; frequent public and/or coworker contact; occasional working alone. **Environmental**: frequent exposure to noise.

WORKING CONDITIONS

Work is performed in a typical temperature controlled office environment subject to typical office noise and environment.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-345

A RESOLUTION APPROVING A ONE-YEAR AGREEMENT FOR TESTING SERVICES WITH QUALITY CONTROL INSPECTION, INC., TO PERFORM CONSTRUCTION MATERIALS TESTING SERVICES FOR VARIOUS PUBLIC WORKS PROJECTS TO BE CONSTRUCTED DURING THE 2007/2008 FISCAL YEAR, WITH TWO (2) ONE-YEAR EXTENSION OPTIONS, AT THE SOLE DISCRETION OF CITY, IN AN AMOUNT NOT-TO-EXCEED $65,035 IN THE FIRST YEAR, $65,035 IN THE SECOND YEAR AND $65,035 IN THE THIRD YEAR; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE SAID AGREEMENT AND UP TO TWO (2) ONE-YEAR EXTENSION OPTIONS. TOTAL COST FOR THREE (3) YEARS IS NOT TO EXCEED $195,105

WHEREAS, City staff finds it necessary to utilize the services of a materials testing firm during the course of administering the construction on public improvement projects, and

WHEREAS, the testing services are required to help achieve compliance with the specification requirements of the various projects, and

WHEREAS, staff does not have the required equipment or certifications to perform all the required testing services, and

WHEREAS, bids were opened on April 24, 2007, for the Construction Materials Testing Services contract, and

WHEREAS, the firm of Quality Control Inspection, Inc., was the low responsive bidder,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a one-year Agreement for Testing Services between the City of Modesto and Quality Control Inspection, Inc., to perform Construction Materials Testing Services for various Public Works projects to be constructed during the 2007/2008 fiscal year, with two (2) one-year extension options, at the sole discretion of City, in an amount

not-to-exceed $65,035 in the first year, $65,035 in the second year and $65,035 in the third year. Total cost for three years is not to exceed $195,105.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement and up to two (2) one-year extension options.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-346

A RESOLUTION APPROVING THE ACCEPTANCE OF A GRANT IN THE AMOUNT OF $325,787 FROM THE CALIFORNIA AIR RESOURCES BOARD (ARB) TO FUND THE REPLACEMENT OF FOUR (4) BACKHOES, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE GRANT ACCEPTANCE ON BEHALF OF THE CITY.

WHEREAS, over the past several years, the California Air Resources Board (ARB) has been considering opportunities to reduce Particulate Matter and Nitrous Oxide emissions from off-road, diesel-powered construction equipment, and

WHEREAS, new rules being considered in 2007 will require owners to replace, repower, retrofit, or retire all non-compliant equipment over a ten-year period, and

WHEREAS, in the 2006-2007 State of California Budget, the ARB proposed an allocation of $25 million in grants to public agencies for the purchase of low-polluting construction equipment, and,

WHEREAS, the City of Modesto was notified on May 8, 2007, that it had been awarded a grant in the amount of $325,787 for the purchase of four (4) low-polluting construction equipment units and to retrofit the engines with certified emission-reduction technology, and

WHEREAS, the terms of the Grant program require twenty-five percent (25%) matching funds for the purchase of replacement equipment, and provide full funding for retrofit devices that further reduce emissions, and

WHEREAS, funds are budgeted in the Fleet Replacement Reserve fund to cover these matching funds, and

WHEREAS, accepting the Grant offers a significant savings over the full purchase price of this equipment, and

WHEREAS, this Grant offer must be accepted on or before June 30, 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the acceptance of a Grant in the amount of $325,787 from the California Air Resources Board to fund the replacement of four (4) backhoes.

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager, or his designee, to execute the grant acceptance on behalf of the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carrier and the resolution adopted by the following vote:

RESOLUTION NO. 2007-347

A RESOLUTION AMENDING THE OPERATING BUDGET FOR FY 2006-07 AND AUTHORIZING THE APPROPRIATION OF $411,363 FROM THE FLEET REPLACEMENT RESERVE FUND INTO AN EQUIPMENT REPLACEMENT PROJECT TITLED "TRACTOR BACKHOE REPLACEMENT (4 EA)" (7210-480-5814-5XXX).

WHEREAS, over the past several years, the California Air Resources Board (ARB) has been considering opportunities to reduce Particulate Matter and Nitrous Oxide emissions from off-road, diesel-powered construction equipment, and

WHEREAS, new rules being considered in 2007 will require owners to replace, repower, retrofit, or retire all non-compliant equipment over a ten-year period, and

WHEREAS, in the 2006-2007 State of California Budget, the ARB proposed an allocation of $25 million in grants to public agencies for the purchase of low-polluting construction equipment and,

WHEREAS, the City of Modesto was notified on May 8, 2007, that it had been awarded a grant in the amount of $325,787 for the purchase of four (4) low-polluting construction equipment units and to retrofit the engines with certified emission-reduction technology, and

WHEREAS, staff requested the full amount of $411,363 for the full purchase and retrofitting of this equipment, and

WHEREAS, grant funding will be reimbursed up to the amount of the $325,787 once the equipment has been purchased and placed in service, and

WHEREAS, funds are budgeted in the Fleet Replacement Reserve fund to cover these matching funds,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes amending the adopted Operating Budget for FY 2006-07 and authorizing the appropriation of $411,353 from the Fleet Replacement Reserve Fund into an Equipment Replacement Project titled "Tractor Backhoe Replacement (4 ea)" (7210-480-5814-5XXX).

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-348

A RESOLUTION AUTHORIZING THE PURCHASE OF FOUR (4) NEW CATERPILLAR 420E BACKHOE/LOADERS BY "ACCESSING THE TERMS" OF A COMPETITIVELY BID CONTRACT THROUGH HOLT OF CALIFORNIA OF STOCKTON, CA. FOR A TOTAL COST NOT TO EXCEED $342,304.

WHEREAS, over the past several years, the California Air Resources Board (ARB) has been considering opportunities to reduce Particulate Matter and Nitrous Oxide emissions from off-road, diesel-powered construction equipment, and

WHEREAS, new rules being considered in 2007 will require owners to replace, repower, retrofit, or retire all non-compliant equipment over a ten-year period, and

WHEREAS, in the 2006-2007 State of California Budget, the ARB proposed an allocation of $25 million in grants to public agencies for the purchase of low-polluting construction equipment, and,

WHEREAS, the City of Modesto was notified on May 8, 2007, that it had been awarded a grant in the amount of $325,787 for the purchase of four (4) low-polluting construction equipment units and to retrofit the engines with certified emission-reduction technology, and

WHEREAS, City Purchasing and Fleet Services divisions have identified a competitively bid contract by the Modesto Irrigation District (MID) for Caterpillar 420E backhoe/loaders, and

WHEREAS, MID recently awarded a contract for this equipment to Holt of California (Holt) of Stockton, CA, and

WHEREAS, Holt has extended the same base pricing for the backhoe/loader to other governmental agencies, excluding upgrades, and

WHEREAS, the City of Modesto may purchase this equipment by "assessing the terms" through MID's competitively awarded contract with Holt of California of Stockton, CA.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the purchase of four (4) new Caterpillar 420E Backhoe/Loaders by "assessing the terms" of a competitively bid contract through Holt of California of Stockton, CA for a total cost not to exceed $342,304.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carrier and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-349

A RESOLUTION APPROVING AN AGREEMENT WITH BROWN AND CALDWELL TO PREPARE A 35% PROJECT DESIGN AND A PRELIMINARY DESIGN REPORT (PDR) FOR THE EMERALD TRUNK REHABILITATION PROJECT IN AN AMOUNT NOT TO EXCEED $374,931.00, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, based on the recent analysis prepared for the Wastewater Master Plan, there is a need for rehabilitation of the City's existing collection system, and

WHEREAS, the Wastewater Master Plan identified rehabilitation of the Emerald Trunk based on factors including deterioration, excessive infiltration due to defects, and reliability, and

WHEREAS, City Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, was followed to select a professional engineering design consultant, and

WHEREAS, following a Request for Qualifications for engineering design services, which was sent to approximately 80 engineering firms, seven Statements of Qualifications were received, and

WHEREAS, of the seven Statements of Qualifications, four firms were short listed for proposals and interviews, and

WHEREAS, the firm of Brown and Caldwell was deemed the most qualified and selected for preliminary engineering design services, and

WHEREAS, staff recommends that an agreement with the consulting firm of Brown and Caldwell be approved to perform the pre-design services as the City does not have the staffing level to design these projects and current workload levels do not provide for timely in-house solutions/responses, and

WHEREAS, the Public Works Director has recommended accepting the proposed agreement with Brown and Caldwell to complete the Preliminary Design Services for the Emerald Trunk Rehabilitation project in an amount not to exceed $374,931.00, and

WHEREAS, Brown and Caldwell will be paid on a time and materials basis for actual hours required performing individual tasks at a set rate,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Brown and Caldwell to prepare a 35% project design and a Preliminary Design Services Report (PDR) for the Emerald Trunk Rehabilitation project in an amount not to exceed $374,931.00.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-351

A RESOLUTION ACCEPTING THE SYLVAN AVENUE IMPROVEMENT PROJECT BETWEEN MILLBROOK AVENUE AND ROSELLE AVENUE, AND AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION

WHEREAS, the Sylvan Avenue Improvement Project ("IMPROVEMENTS") is located within the Village One Specific Plan area between Roselle Avenue and Millbrook Avenue and includes the widening of Sylvan Avenue from two lanes to four lanes between Millbrook Avenue and Roselle Avenue, and

WHEREAS, the IMPROVEMENTS included the installation of storm drainage, curb, gutter, sidewalks, roadway, landscaped parkways, landscaped medians and a landscaped roundabout at the intersection of Sylvan Avenue and Millbrook Avenue, and

WHEREAS, the IMPROVEMENTS are listed as a Priority 1 project on the Village One Facilities Prioritization List, and

WHEREAS, the Modesto City School District ("MCS") was scheduled to open the new Enochs High School, adjacent to the IMPROVEMENTS in August of 2006, and

WHEREAS the City of Modesto agreed to allow MCS to manage the construction of the IMPROVEMENTS to expedite the installation of IMPROVEMENTS, and

WHEREAS the Council of the City of Modesto, by Resolution No. 2006-15, approved an Acquisition and Shortfall Agreement ("AGREEMENT") on January 10, 2006, between the City of Modesto Community Facilities District No. 2004-1 (Village One #2) and the Modesto City School District for the construction of the IMPROVEMENTS, and

WHEREAS the AGREEMENT stipulated the cost sharing arrangement between MCS and the Community Facilities District No. 2004-1, and

WHEREAS, the City Engineer, in a memorandum to staff, indicates that said IMPROVEMENTS included in the Acquisition and Shortfall Agreement between the City of Modesto Community Facilities District No. 2004-1 (Village One #2), a District created pursuant to the provision of the California Government Code Section 53311.5 et. seq. ("DISTRICT") and the MCS have been completed to the satisfaction of the Public Works Department, and

WHEREAS, MCS filed with the City of Modesto and/or DISTRICT adequate improvement securities to secure faithful performance of this AGREEMENT and to secure payment for labor and materials, and

WHEREAS, MCS has filed a warranty bond to guarantee the IMPROVEMENTS, and

WHEREAS, the City Engineer has indicated that it would be in order for the City Council to accept said IMPROVEMENTS as complete, and authorize the City Clerk to record a Notice of Completion,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Sylvan Avenue Improvement Project, between Millbrook Avenue and Roselle Avenue, is hereby accepted, and the City Clerk is hereby authorized to record a Notice of Completion for said improvements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-352

A RESOLUTION SUMMARILY VACATING THE STREET RIGHT-OF-WAY FOR TEMPERATE AVENUE, LOCATED BETWEEN 1201 AND 1137 CARPENTER ROAD IN THE CITY OF MODESTO (ALLEN A. BERT)

WHEREAS, Chapter 4, Part 3 of Division 9, Section 8331, et seq of the California Streets and Highway Code authorizes a city council, by resolution, to summarily vacate public streets where the street has been impassable for vehicular travel for five consecutive years, and no public money was expended for maintenance on the street during such period, and

WHEREAS, Allen A. Bert owns two separate parcels separated by a portion of Temperate Avenue, a 50-foot-wide portion of unused and undeveloped right-of-way for Temperate Avenue, property located at 1201 and 1137 Carpenter Road, on the west side of Carpenter Road, south of Woodland Avenue ROW, and

WHEREAS, the ROW was inherited from the County and has never been constructed nor maintained by the City, and

WHEREAS, on or about March 5, 2007, Allen A. Bert received approval for a Vesting Tentative Parcel Map from the Planning Commission which required that the right-of-way be vacated prior to recordation of a final map, and

WHEREAS, the ROW to be abandoned is more particularly described in Exhibit "A" attached hereto and incorporated herein by this reference, and

WHEREAS, the Public Works Department contacted all affected City departments and public utility companies, and replies with no objections to the proposed summary street vacation have been received, and

WHEREAS, the Council of the City of Modesto finds and declares that:

1. Streets and Highway Code Section 8331 allows for the summary vacation of a City street or part thereof, if both of the following conditions exist:

(a) For a period of five consecutive years, the street or highway has been impassable for vehicular travel.

(b) No public money was expended for maintenance on the street or highway during such period.

2. This is a project, but is exempt from environmental review. The proposed summary abandonment was previously considered as part of a parcel map approval by the Planning Commission on March 5, 2007. The Proposed abandonment is a condition of approval for that parcel map. CEQA Guidelines, Public Resources Section 15315 which exempts parcel maps of four or fewer parcels which meet the following criteria: the proposed parcel map is in conformance with the General Plan and zoning; no variances or exceptions are required; all services and access to the proposed parcels to local standards are available; the parcel was not involved in a division of a larger parcel within the previous two years; the parcel does not have an average slope greater than 20 percent.

3. The ROW, which is proposed to be summarily vacated is located between 1201, and 1137 Carpenter Road in the City of Modesto. This ROW has never been constructed and therefore has been impassable for over five consecutive years, and

4. The property owner has been maintaining the ROW as part of has own property, therefore no public money has been expended for maintenance of the ROW for over five consecutive years.

5. That from and after the date this resolution is recorded, the street ROW, which is proposed to be summarily vacated, will no longer constitute a public street right-of-way.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the street right-of-way for Temperate Avenue located between 1201, and 1137 Carpenter Road in the City of Modesto, which is more particularly described in **Exhibit "A",** attached hereto and incorporated herein by reference, be and is hereby summarily vacated.

BE IT FURTHER RESOLVED that the City Clerk is hereby directed to record a certified copy of this resolution in the Stanislaus County Recorder's Office. From and after the date this resolution is recorded, said street right-of-way shall no longer constitute a public street right-of-way.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-353

A RESOLUTION APPROVING AN AGREEMENT FOR THE ACCEPTANCE OF COMPLETED PUBLIC IMPROVEMENTS AND PARTIAL RELEASE OF SECURITY BETWEEN DEL VALLE CAPITAL CORPORATION AND THE CITY OF MODESTO FOR THE GALAS BROTHERS UNIT NO. 1 SUBDIVISION, AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT, AND AUTHORIZING THE PUBLIC WORKS DIRECTOR TO RELEASE THE OCCUPANCIES FOR THE REMAINING 41 UNITS IN THE GALAS BROTHERS UNIT NO. 1 SUBDIVISION.

WHEREAS, on December 23, 2003, by Resolution No. 2003-666, the City of Modesto (City) entered into an Agreement to Construct Necessary Infrastructure with Del Valle Capital Corporation (Del Valle) requiring completion of necessary infrastructure prior to final inspection or occupancy within the Galas Brothers Unit No. 1 Subdivision, and

WHEREAS, as part of this agreement, Del Valle posted surety in the form of performance bonds as follows:

Bond No.	Amount
869121S	$ 735,574.40
869122S	$ 2,590,100.00
869123S	$ 2,712,696.33
869124S	$ 2,450,200.00
869125S	$ 2,583,529.27
Total Bond Amount:	**$11,072,100.00**

, and

WHEREAS, securities submitted by Del Valle did not comply with City's standard security requirement for subdivision improvements, and

WHEREAS, as additional security, Del Valle and City agreed, within the 2003 agreement, that no occupancies would be issued until all subdivision improvements were completed, and

WHEREAS, the following shows the phased completion of infrastructure by Del Valle and the subsequent phased release of occupancies for the Galas Brothers Subdivisions:

- On January 25, 2005, by Resolutions 2005-66, Council approved an amendment to the agreement allowing for phasing in of water infrastructure to provide for occupancy for a limited number of units prior to final infrastructure completion. Del Valle paid an additional $100,000 for additional water system improvements and 108 homes were permitted for occupancy on September 21, 2005
- On September 30, 2005, an agreement with Del Valle, D.R. Horton, and Pulte Home Corporation (Del Valle/Developers) and the City provided for funding and construction of interim water infrastructure improvements to support 50 additional units. Del Valle/Developers provided a $1 million deposit to funds these improvements and 50 additional units received occupancy permits
- On November 9, 2005, by Resolution 2005-560, Council approved a Second Amendment to the Del Valle agreement, which required Del Valle/Developers to deposit an additional $242,000 for the estimated project costs exceeding $1.25 million and an additional 58 homes received occupancy permits
- On December 14, 2005, by Resolution 2005-616, Council approved a Third Amendment allowing for 73 additional homes receiving occupancy permits
- On June 27, 2006, by Resolution 2006-407, Council approved a Fourth Amendment allowing for 43 additional homes receiving occupancy permits, and included a prohibition on issuance of any additional building permits beyond the 43 until an agreement is reached for completion of the remaining infrastructure
- On February 2, 2007, a Letter of Agreement with Del Valle Homes, Inc. to Complete the Necessary Infrastructure Improvements for Galas Brothers Unit 1 and Unit 2 Subdivisions was executed. This agreement outlined a schedule for completion for the remaining public improvements for the subdivisions, and the City agreed to release the remaining 50 lots for building permits

WHEREAS, on March 6, 2007 the City accepted a portion of the Public Improvements and placed these public improvement in a one-year maintenance period, and

WHEREAS, the accepted improvements include all of the CFD-funded Storm Drain System Improvements and all Public Improvements for Unit 1 except the Water Booster Pumping Station, Water Well, Water Tank, Yard Piping and Miscellaneous, Well head Treatment, Park improvements, and Street Landscape and Irrigation related to the Galas Brothers Subdivision Unit No. 1, and

WHEREAS, Per §66499.7 of the Subdivision Map Act, Del Valle has applied to City for a partial reduction in the security required based upon Del Valle's completion and City's acceptance of a portion of the Public Improvements, and

WHEREAS, to facilitate a reduction in the security required, Del Valle and City have agreed that the following work must be carried out in order for all of the Public Improvements to be completed:

Improvement	Estimate
Booster Pumping Station	$1,500,000.00
Water Well	$300,000.00
Yard Piping and Misc.	$40,000.00
Well Head Treatment	$1,750,000.00
Landscaping and Irrigation	$336,000.00
Water Tank	$550,000.00
10% Contingency:	$47,600.00
Total Engineer's Estimate:	**$4,923,600.00**

, and

WHEREAS, City agrees with Del Valle's summary of the remaining work and Engineer's Estimate, including contingency, as the amount of security required for guarantying faithful performance of the remaining work, and

WHEREAS, an agreement for acceptance and partial release of security was developed by City staff and allocates the remaining work to Del Valle's bonds as security for the performance of the remaining work, and

WHEREAS, the agreement requires Del Valle to provide security equal to 50% of the Total Engineer's Estimate to satisfy Del Valle's payment bond obligation, and

WHEREAS, approval of the agreement allows the release of $2,712,696.33 in performance bonds, and

WHEREAS, the remaining improvements are mainly related to the wellhead treatment system and City staff is working with Del Valle to facilitate the completion of this system, and

WHEREAS, Del Valle has been making good progress in completing all remaining work related to other improvements such as landscaping, irrigation, and piping, and

WHEREAS, the amount of security is adequate to cover the completion of the remaining improvements and to release the remaining 41 occupancies,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement for the acceptance of completed public improvements and the partial release of security between Del Valle Capital Corporation and the City of Modesto for the Galas Brothers Unit No. 1 Subdivision.

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager, or his designee, to execute the agreement on behalf of the City of Modesto.

BE IT FURTHER RESOLVED that the Council hereby releases Del Valle from the terms and conditions of the Agreement to Construct Necessary Infrastructure, as amended, and authorizes the Public Works Director to release the occupancies for the remaining 41 units in the Galas Brothers Unit No. 1 Subdivision.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carrier and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-354

A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE VIRGINIA CORRIDOR PHASE III WITH DOWNSTREAM WATER SYSTEM IMPROVEMENTS PROJECT, ACCEPTING THE BID AND APPROVING A $3,224,959.00 CONTRACT WITH GEORGE REED, INC., FOR THE PROJECT TITLED, "VIRGINIA CORRIDOR PHASE III WITH DOWNSTREAM WATER SYSTEM IMPROVEMENTS," AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the "Virginia Corridor Phase III with Downstream Water System Improvements" and City staff recommends approval to the City Council, and

WHEREAS, the bids received for "Virginia Corridor Phase III with Downstream Water System Improvements" were opened at 11:00 a.m. on May 15, 2007, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of $3,224,959.00 received from George Reed, Inc., be accepted as the lowest responsible bid and the contract be awarded to George Reed, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for said project, and accepts the bid of George Reed, Inc., in the amount $3,224,959.00, and hereby awards George Reed, Inc., the contract titled "Virginia Corridor Phase III with Downstream Water System Improvements".

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-355

A RESOLUTION AMENDING THE CURRENT CAPITAL IMPROVEMENT BUDGET IN ORDER TO FULLY FUND THE CONTRACT WITH GEORGE REED, INC., AND COVER CONSTRUCTION CONTINGENCY AND CONSTRUCTION ADMINISTRATION COSTS BY DECREASING CIP ACCOUNT 2300-310-P712 (VIRGINIA CORRIDOR PHASE II) BY $19,674 AND RETURNING THE FUNDS TO ACCOUNT 2300-800-8000-8003 (CAPITAL GRANTS RESERVES), THEN DECREASING ACCOUNT 2300-800-8000-8003 (CAPITAL GRANTS RESERVES) AND REAPPROPRIATING $19,674 TO CIP ACCOUNT 2300-310-P713 (VIRGINIA CORRIDOR PHASE III); AND DECREASING ACCOUNT 1350-800-8000-8003 (PARKS RESERVES) BY $20,000 AND REAPPROPRIATING $20,000 TO CIP ACCOUNT 2300-310-P713 (VIRGINIA CORRIDOR PHASE III)

WHEREAS, the CIP account 2300-310-P713 (Virginia Corridor Phase III) only provides $3,558,536.31 in available funds to fully fund construction of the Virginia Corridor Phase III project in the estimated total amount of $3,598,210.55, including funding a Contract with George Reed, Inc., for construction and to cover construction contingency and construction administration costs, including contract administration by City staff, and

WHEREAS, certain budgetary transactions are necessary to fully fund said Contract with George Reed, Inc., in the amount of $3,072,357 for construction services, $218,617.85 for construction contingency, and $307,235.70 to cover construction administration costs, including contract administration by City staff, for a total of $3,598,210.55, and

WHEREAS, the CIP Account 2300-310-P712 (Virginia Corridor Phase II) experienced savings due to a favorable bid below the budgeted engineer's estimate for construction, and

WHEREAS, the total amount of $19,674 is to be transferred by decreasing CIP Account 2300-310-P712 (Virginia Corridor Phase II) and returning the funds to Account 2300-800-8000-8003 (Capital Grants Reserves), then decreasing Account 2300-800-

8000-8003 (Capital Grants Reserves) and reappropriating $19,674 to CIP Account 2300-310-P713 (Virginia Corridor Phase III), and

WHEREAS, the total amount of $20,000 is to be transferred by decreasing Account 1350-800-8000-8003 (Parks Reserves) by $20,000 and reappropriating $20,000 to CIP Account 2300-310-P713 (Virginia Corridor Phase III),

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves the transfer of funds as set forth herein to fully fund the Contract with George Reed, Inc., in the amount of $3,072,357 for construction services, $218,617.85 for construction contingency, and $307,235.70 to cover construction administration costs, including contract administration by City staff, for a total of $3,598,210.55 for the Virginia Corridor Phase III project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-356

Print

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO OF FORMATION, ESTABLISHING CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2007-1 (NORTH BEYER PARK #2), AUTHORIZING THE LEVY OF SPECIAL TAXES WITHIN THE DISTRICT, PRELIMINARILY ESTABLISHING AN APPROPRIATIONS LIMIT FOR THE DISTRICT, CALLING AN ELECTION FOR THE PURPOSE OF SUBMITTING THE LEVY OF THE SPECIAL TAXES AND ESTABLISHING THE APPROPRIATIONS LIMIT TO THE QUALIFIED ELECTORS OF THE DISTRICT

WHEREAS, the City Council (the "Council") of the City of Modesto (the "City"), did, on May 8, 2007, adopt its Resolution No. 2007-270, entitled "A Resolution of the City Council of the City of Modesto of Intention to Establish City of Modesto Community Facilities District No. 2007-1 (North Beyer Park #2) and Authorize the Levy of Special Taxes Therein" stating its intention to establish its City of Modesto Community Facilities District No. 2007-1 (North Beyer Park #2) (the "District"), and levy special taxes therein, pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"); and

WHEREAS, Resolution No. 2007-270 (1) describing the proposed boundaries of the District, the name of the District, and the types of facilities (the "Facilities") and services (the "Services") proposed to be financed by the District, (2) providing that, except where funds are otherwise available to pay for the Facilities to be financed by the District, including the incidental expenses thereof, special taxes sufficient to pay the costs thereof, secured by recordation of a continuing lien against all nonexempt real property in the District, will be levied within the boundaries of the District, (3) specifying the rate, method of apportionment, and manner of collection of the special taxes in sufficient detail to allow each landowner or resident

within the proposed District to estimate the maximum amount that he or she will have to pay, and (4) setting a hearing thereon, is incorporated herein by this reference; and

WHEREAS, notice of the hearing was duly published as required by law, as evidenced by the affidavit of publication on file with the City Clerk; and

WHEREAS, at the time and date set for the hearing, June 12, 2007, this Council held the public hearing as required by law relative to the proposed formation of the District, the levy of the special taxes, and all other matters set forth in Resolution No. 2007-270; and

WHEREAS, at least 15 ays prior to the hearing, a map of the proposed boundaries of the District, entitled "Boundary Map of City of Modesto Community Facilities District No. 2007-1 (North Beyer Park #2)" (the "Boundary Map") was recorded pursuant to Section 3111 of the California Streets and Highways Code in the office of the County Recorder of the County of Stanislaus, in Book 4 of Maps of Assessment and Community Facilities Districts, at page 83; and

WHEREAS, prior to the hearing a report (the "Report") containing a description of the Facilities and Services required to adequately meet the needs of the District and an estimate of the cost of providing the Facilities and Services, including, to the extent the purchase of completed Facilities or the payment of incidental expenses is proposed, the estimated fair and reasonable cost thereof, was filed with this Council as a part of the record of the hearing and duly considered by this Council; and

WHEREAS, consultant to the City has recommended that the rate and method of special taxes, attached as Exhibit A to Resolution No. 2007-270, be revised to include an enforcement provision. This revision does not increase either the maximum special taxes or the probable special taxes to be paid by the owner of any lot or parcel; and

WHEREAS, staff has recommended that the maximum special taxes set forth in the rate and method of special taxes, attached as Exhibit A to Resolution No. 2007-270, be reduced to reflect (1) the removal of landscaping on Oakdale Road because it is a tentative map condition and will be installed by the developer and (2) the removal of maintenance expenses attributed to another parcel that will annex to CFD 2007-1 in the future; and

WHEREAS, at the hearing all persons desiring to be heard on all matters pertaining to the formation of the District, the levy of the special taxes, and all other matters set forth in Resolution No. 2007-270, including all interested persons or taxpayers for or against the establishment of the District, the extent of the District, or the furnishing of specific type or types of Facilities or Services, were heard and considered, and a full and fair hearing was held thereon; and

WHEREAS, at the hearing evidence was presented to this Council on the matters before it, and this Council, at the conclusion of the hearing, was fully advised as to all matters relating to the formation of the District, the levy of the special taxes, and all other matters set forth in Resolution No. 2007-270; and

WHEREAS, written protests against the establishment of the District, the furnishing of specified type or types of Facilities and Services within the District as listed in the Report, or the levying of the special taxes, have not been filed with the City Clerk by fifty percent (50%) or more of the registered voters, or six registered voters, whichever is more, residing within the territory proposed to be included in the District, or the owners of one-half (1/2) or more of the area of land in the territory proposed to be included in the District and not exempt from this special taxes; and

WHEREAS, the Stanislaus County Registrar of Voters has certified there are less than twelve (12) registered voters residing in the District; accordingly, the qualified electors in the District are the landowners; and

WHEREAS, the City Clerk has concurred in the election date herein set forth for the election herein called;

NOW THEREFORE, BE IT RESOLVED, that the Council hereby finds and determines as follows:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. The proposed special taxes to be levied in the District have not been precluded by majority protest pursuant to Section 53324 of the Act. All protests (there were none) to the establishment of the District, the extent thereof, or the furnishing of the Facilities and Services proposed therefore, or the levy of the special taxes proposed to be levied in the District, are hereby overruled.

SECTION 3. As proposed in Resolution No. 2007-270, a community facilities district is hereby established pursuant to the Act, designated "City of Modesto Community Facilities District No. 2007-1 (North Beyer Park #2)," the boundaries of which are shown on the Boundary Map.

SECTION 4. (a) The Facilities to be financed by the District are set forth in **Exhibit B** attached hereto and by this reference incorporated herein. The Facilities are public facilities having a useful life of five years or longer.

(b) The Facilities are necessary to meet the increased demands placed upon the City and other local agencies operating within the area of the District as a result of development occurring in the District.

(c) No land within the District is devoted primarily to agricultural, timber or livestock uses or is being used for the commercial production of agricultural, timber or livestock products.

SECTION 5. (a) The Services to be financed by the District are set forth in Exhibit B attached hereto and by this reference incorporated herein. The proposed Services are governmental services which the City is authorized by law to provide since they are in addition to those provided in the territory of the District before the District was created.

(b) The Services are necessary to meet the increased demands placed upon the City and other local agencies operating within the area of the District as a result of development occurring in the District.

SECTION 6. The Report related to the Facilities and Services shall be a part of the record in these proceedings. For purposes hereof, the Report shall refer to the Report as modified, amended, revised or corrected pursuant to and in accordance with any resolution or order heretofore adopted or made by this Council.

(a) As stated in Resolution No. 2007-270, except where funds are otherwise available, it is the intention of this Council, subject to the approval of the qualified electors of the District, to levy special taxes sufficient to pay for the Facilities to be financed by the District, the Services to be financed by the District, and to pay incidental expenses related thereto, secured by recordation of a continuing lien against all nonexempt real property in the District.

(b) The rate, method of apportionment, and manner of collection of the special taxes, in sufficient detail to allow each landowner or resident within the District to estimate the maximum amount that he or she will have to pay, is described in Exhibit A attached hereto and by this reference incorporated herein.

(c) There is no ad valorem property tax currently being levied on property within the District for the exclusive purpose of making lease payments or paying principal or interest on bonds or other indebtedness incurred to finance the construction of capital facilities which are the same the Facilities to be financed by the District.

(d) Any reimbursement made to the District pursuant to Section 53313.5(e) of the California Government Code shall be utilized to reduce or minimize the special taxes levied within the District or to finance additional Facilities within the District.

(e) The special taxes as apportioned to each parcel pursuant to Exhibit A is based on the cost of making the Facilities and Services available to each parcel, or other reasonable basis, and is not based on or upon the ownership of real property.

(f) Pursuant to Section 53314.9 of the Act, this Council may accept advances of funds or work-in-kind from any source, including, but not limited to, private persons or private entities, and may provide, by resolution, for the use of those funds or that work-in kind for any authorized purpose, including, but not limited to, paying any cost incurred by the City in creating the District.

SECTION 7. The description of the proposed voting procedure, as set forth in Resolution No. 2007-270, is incorporated herein by this reference, and shall be the voting procedure to be used in these proceedings.

SECTION 8. The District Administrator is hereby designated as the office, department or bureau which will be responsible for annually preparing the current roll of special tax levy obligations by assessor's parcel number on nonexempt property within the District and which will be responsible for estimating future special tax levies. The name, address, and

telephone number of the office of the District Administrator, and the person responsible for administering the District, is as follows:

District Administrator
City of Modesto
Tenth Street Place
P.O. Box 642
Modesto, California 95353
(209) 577-5211

Such officer is hereby directed to establish procedures to promptly respond to inquiries concerning current and future estimated tax liability pursuant to Section 53340.2 of the Act.

SECTION 9. Upon a determination by this Council, after the canvass of the returns of the election contemplated in Sections 13 and 14 hereof, that at least two-thirds (2/3) of the votes cast upon the question of levying the special taxes were in favor thereof, the City Clerk shall record the notice of special tax lien provided for in Section 3114.5 of the California Streets and Highways Code. Upon recordation of the notice of special tax lien pursuant to Section 3114.5 of the California Streets and Highways Code, a continuing lien to secure each levy of the special taxes shall attach to all nonexempt real property in the District, and this lien shall continue in force and effect until collection of the special taxes by this Council ceases, or, in the case of the Annual Facilities Special Tax Component of the special taxes (as defined in Exhibit A), the obligation to pay that component of the special taxes is prepaid and permanently satisfied and the lien thereof cancelled in accordance with the Act.

SECTION 10. All prior proceedings taken with respect to the establishment of the District were valid and in conformity with the requirements of the Act.

SECTION 11. In accordance with Section 53325.7 of the Act, the annual appropriations limit of the District, as defined by subdivision (h) of Section 8 of Article XIIIB of

the California Constitution, is hereby preliminarily established at $800,000, and this annual appropriations limit shall be submitted to the voters of the District as hereafter provided. The proposition establishing the appropriations limit shall become effective if approved by the qualified electors voting thereon and shall thereafter be adjusted in accordance with the applicable provisions of Section 53325.7 of the Act.

SECTION 12. (a) This Council hereby calls a special election and submits the question of levying the special taxes, and the establishment of the annual appropriations limit for the District in connection therewith, to the qualified electors within the District, in accordance with and subject to the Act, the terms of which shall, unless waived as herein provided, be applicable to such election.

(b) Fewer than twelve (12) persons have been registered to vote within the territory of the District for each of the ninety (90) days preceding the close of the hearing referenced herein. Accordingly, for the purposes of these proceedings, the qualified electors shall be the landowners within the District. The vote shall be by such landowners, or their authorized representatives, each having one vote for each acre or portion thereof that such landowner owns in the District as of the close of the hearing; and the ballots for the special election shall be distributed by mail with return postage prepaid or by personal service to each such landowner, all as provided in Section 53326 of the Act.

(c) The Council hereby designates the City Clerk, and the City Clerk hereby agrees to serve, as the election official to conduct the election. The shortening of the election as herein provided has been concurred in by the City Clerk.

(d) If the City Clerk receives appropriate waivers of time limits and other requirements pertaining to the conduct of the election by all of the owners of land included in the

District (collectively, the "Landowners") on or before the 12th day of June 2007, the election shall be held on the 12th day of June, 2007. Otherwise, the election shall be held on the first Tuesday after that date which is 90 days after the date this Resolution is adopted.

(e) Unless waived by the Landowners, there shall be prepared and included in the ballot material provided to each voter an impartial analysis and arguments and rebuttals, if any, as provided in Section 53327 of the Act. The election shall be conducted by the City Clerk in the manner required by this Resolution, the Act and applicable laws.

(f) Unless waived by the Landowners, the City Clerk shall publish this Resolution as notice of the special election.

SECTION 13. If two-thirds (2/3) of the votes cast upon the question of levying the special tax are cast in favor of levying the special taxes, as determined by this Council after the canvass of the returns of the consolidated election, this Council may levy the special taxes within the District in the amount and for the purposes specified in this Resolution. The special taxes may be levied only at the rate and may be apportioned only in the manner specified in this Resolution, subject to the Act, except that the special taxes may be levied at a lower rate.

SECTION 14. The City Clerk, as the designated election official, shall, within three business days after the adoption of this Resolution, obtain a certified copy thereof. The City Clerk has previously been provided with a map of the boundaries of the District, a sufficient description from which to determine the boundaries of the District, and the assessor's parcel numbers for the land within the District.

SECTION 15. The Council hereby determines that the formation of the proposed District is the creation of a government funding mechanism which is not a project under the provisions of C.E.Q.A. pursuant to Section 15378(b)(4) of the C.E.Q.A. guidelines.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Dunbar

APPENDIX B

CITY OF MODESTO
COMMUNITY FACILITIES DISTRICT NO. 2007-1
(NORTH BEYER #2)

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAXES

Special Taxes applicable to each Assessor's Parcel in Community Facilities District No. 2007-1 (North Beyer #2) [herein "CFD No. 2007-1" or "the CFD"] shall be levied and collected according to the tax liability determined by the City Council of the City of Modesto, through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2007-1, unless exempted by law or by the provisions of Section G below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to CFD No. 2007-1 unless a separate Rate and Method of Apportionment is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5, (commencing with Section 53311), Division 2 of Title 5 of the California Government Code.

"Administrative Expenses" means any or all of the following: expenses incurred by the City in carrying out its duties with respect to CFD No. 2007-1, including, but not limited to, levying and collecting the Special Taxes; the fees and expenses of legal counsel; charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office; costs related to annexing property into the CFD; costs related to property owner inquiries regarding the Special Taxes; and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

"Administrator" means the person or firm designated by the City to administer the Special Taxes according to this Rate and Method of Apportionment of Special Taxes.

"Annual Maintenance Special Tax" means a special tax levied in any Fiscal Year to pay the Annual Maintenance Special Tax Requirement, as defined below.

"Annual Maintenance Special Tax Requirement" means that amount necessary in any Fiscal Year to (i) pay for Authorized Services, (ii) pay Administrative Expenses, and (iii) cure any delinquencies in the payment of Annual Maintenance Special Taxes levied in prior Fiscal Years

or (based on delinquencies in the payment of Annual Maintenance Special Taxes which have already taken place) are expected to occur in the current Fiscal Year.

"Assessor's Parcel" or **"Parcel"** means a lot or parcel shown on an Assessor's Parcel Map with an assigned Assessor's Parcel number.

"Assessor's Parcel Map" means an official map of the County Assessor designating parcels by Assessor's Parcel number.

"Authorized Services" means those services that are authorized to be funded by CFD No. 2007-1.

"CFD Formation" means the date on which the Resolution of Formation to form CFD No. 2007-1 was adopted by the City Council.

"City" means the City of Modesto.

"City Council" means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2007-1.

"County" means the County of Stanislaus.

"Developed Property" means, in any Fiscal Year, the following:

- ***for Single Family Detached Property, all Parcels for which a Final Map was recorded prior to June 30 of the preceding Fiscal Year but not prior to June 30, 2007,***

- for Multi-Family Property, all Parcels for which a building permit for new construction of a residential structure was issued prior to June 30 of the preceding Fiscal Year but not prior to June 30, 2007, and

- for Other Property, all Parcels for which a building permit for construction of a building structure was issued prior to June 30 of the preceding Fiscal Year.

"Final Map" means a final map, or portion thereof, approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410 *et seq.*) that creates lots which do not need to be further subdivided prior to issuance of a building permit for a residential or non-residential structure. The term "Final Map" shall not include any Assessor's Parcel Map or subdivision map or portion thereof, that does not create lots that are in their final configuration, including Assessor's Parcels that are designated as remainder parcels.

"Fiscal Year" means the period starting July 1 and ending on the following June 30.

"Maximum Annual Maintenance Special Tax" means the greatest amount of Annual Maintenance Special Tax that can be levied on an Assessor's Parcel in any Fiscal Year determined in accordance with Sections C and D.

"**Maximum One-Time Facilities Special Tax**" means the greatest amount of One-Time Facilities Special Tax that can be levied on an Assessor's Parcel in any Fiscal Year determined in accordance with Sections C and D below.

> "**Maximum Special Taxes**" means, collectively, the Maximum One-Time Facilities Special Tax and the Maximum Annual Maintenance Special Tax.

"**Multi-Family Property**" means all Parcels in CFD No. 2007-1 for which building permits have been issued for construction of a residential structure consisting of two or more residential units that share common walls, including but not limited to, townhomes, condominiums, duplexes, triplexes, fourplexes, and apartment units.

"**Net Taxable Acreage**" or "**Net Taxable Acre**" means the total acreage within a Final Map or Parcel less arterial road right-of-ways and property that is defined in the Final Map for use as a park site, school site, or City-owned or CFD-owned storm drainage basin. If a Subdivision Map is recorded which is not a Final Map for some or all Parcels created by the subdivision, the Administrator shall calculate the Net Taxable Acreage of such unsubdivided Parcels by identifying the Acreage of the Parcel and (i) adding a portion of the acreage of any non-arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way, and (ii) subtracting a portion of the acreage of any arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way. The Net Taxable Acreage of a Parcel or Final Map shall be determined in the sole discretion of the City.

> "**One-Time Facilities Special Tax**" means a Special Tax, levied and collected in full by the City prior to a structural building permit being issued for new construction on Taxable Property.
>
> "**Original Parcel**" means an Assessor's Parcel (or a parcel within a recorded Subdivision Map that has not yet been assigned an Assessor's Parcel number) that is in CFD No. 2007-1 at the time of CFD Formation or added to the CFD upon annexation. A Successor Parcel that is being further subdivided shall also be considered an Original Parcel for purposes of determining the Maximum Special Taxes pursuant to Section C below.
>
> "**Other Property**" means, in any Fiscal Year, all Parcels of Taxable Property within the CFD for which building permits have been issued for construction of a non-residential structure.

"**Proportionately**" means, for Developed Property, that the ratio of the actual Annual Maintenance Special Tax levied in any Fiscal Year to the Maximum Annual Maintenance Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor's Parcels of Developed Property, respectively. In addition, for Undeveloped Property, "Proportionately" means that the ratio of the actual Annual Maintenance Facilities Special Tax to the Maximum Annual Maintenance Special Tax is equal for all Assessor's Parcels of Undeveloped Property, respectively.

"Public Property" means any property within the boundaries of CFD No. 2007-1 that is owned by the federal government, State of California, County, City, or other public agency.

"Single Family Detached Lot" means an individual numbered lot, which is in its final configuration and for which a building permit may be issued for a single family detached unit.

"Single Family Detached Property" means, in any Fiscal Year, all Parcels of Developed Property for which a building permit was issued or will be issued for construction of a residential unit that does not share a common wall with another Unit.

"Special Taxes" means, collectively, the One-Time Facilities Special Tax and the Annual Maintenance Special Tax.

"Subdivision Map" means a Final Map, large lot subdivision map, or other map recorded with the County that results in the subdivision of an Original Parcel into two or more Successor Parcels.

"Successor Parcel" means an Assessor's Parcel of Taxable Property created by the subdivision or reconfiguration of an Original Parcel on which construction of a residential or non-residential structure is permitted.

"Taxable Property" means all of the Assessor's Parcels within the boundaries of CFD No. 2007-1 which are not exempt from the Special Tax pursuant to law or Section G below.

"Taxable Public Property" means, in any Fiscal Year, all Parcels of Public Property within CFD No. 2007-1 that, at the time of CFD Formation, were expected to be Taxable Property, and, based on this expectation, Maximum Special Taxes were assigned to the Parcels in a prior Fiscal Year.

"Undeveloped Property" means, in any Fiscal Year, all Parcels of Taxable Property within CFD No. 2007-1 that are not Developed Property.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor's Parcel numbers for all Parcels of Taxable Property in CFD No. 2007-1. The Administrator shall also determine (i) whether each Assessor's Parcel of Taxable Property is Developed Property or Undeveloped Property, (ii) the Net Taxable Acreage of each Parcel, and (iii) the Annual Maintenance Special Tax Requirement.

In any Fiscal Year, if it is determined that (i) a Subdivision Map for a portion of property in CFD No. 2007-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the Subdivision Map was recorded, the Assessor does not yet recognize the new Parcels created by the Subdivision Map, and (iii) one or more of the newly-created Parcels

meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the Subdivision Map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the Subdivision Map.

C. MAXIMUM SPECIAL TAXES

1. Original Parcels

Table 1 below identifies the Maximum One-Time Facilities Special Tax and Maximum Annual Maintenance Special Tax assigned to each Original Parcel in the CFD at the time of CFD Formation. Separate Maximum Special Taxes shall be assigned to Parcels added to the CFD as a result of future annexations.

TABLE 1
Maximum Special Taxes

Fiscal Year 2007-08

Fiscal Year 2007-08 Assessor's Parcel Number or Subdivision Map Parcel Number	*Fiscal Year 2007-08 Maximum One-Time Facilities Special Tax**	*Fiscal Year 2007-08 Maximum Annual Maintenance Special Tax**
082-005-031	$211,827	$35,070
Parcel 2 of Parcel Map 55-PM-12	$114,030	$18,879

**** Special Taxes shown in Table 1 are subject to the annual adjustments described in Section D below.***

2. Successor Parcels

Upon recordation of a Subdivision Map that subdivides an Original Parcel, the Administrator shall apply the appropriate subsection below to determine the Maximum Special Taxes for each Successor Parcel:

All Successor Parcels are Single Family Detached Lots

If all Parcels created by a recorded Subdivision Map are Single Family Detached Lots, the Administrator shall divide the Maximum Special Taxes assigned to the Original Parcel that was subdivided by the number of Single Family Detached Lots created within the Subdivision Map to determine the Maximum Special Taxes for each Single Family Detached Lot.

No Successor Parcels are Single Family Detached Lots

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

Step 1: **Determine the total combined Net Taxable Acreage within all Successor Parcels created from subdivision or reconfiguration of the Original Parcel.**

Step 2: **Divide the Maximum One-Time Facilities Special Tax and the Maximum Annual Maintenance Special Tax assigned to the Original Parcel by the Net Taxable Acreage determined in Step 1 to determine a Maximum One-Time Facilities Special Tax and a Maximum Annual Maintenance Special Tax per Net Taxable Acre.**

Step 3: **Multiply the Maximum Special Taxes per Net Taxable Acre determined in Step 2 by the Net Taxable Acreage of each Successor Parcel of Taxable Property to determine the Maximum One-Time Facilities Special Tax and Maximum Annual Maintenance Special Tax for each Parcel.**

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

Some, But Not All, Successor Parcels are Single Family Detached Lots

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall apply the following steps to determine the Maximum Special Taxes for each Successor Parcel:

Step 1: **Separately identify: (i) the total Net Taxable Acreage created within the Subdivision Map, and (ii) the combined Net Taxable Acreage of all Single Family Detached Lots created within the Subdivision Map.**

Step 2: **Divide the Maximum One-Time Facilities Special Tax assigned to the Original Parcel by the total Net Taxable Acreage created within the Subdivision Map to determine the Maximum One-Time Facilities Special Tax per Net Taxable Acre.**

Step 3: **Divide the Maximum Annual Maintenance Special Tax assigned to the Original Parcel by the total Net Taxable Acreage created within the Subdivision Map to determine the Maximum Annual Maintenance Special Tax per Net Taxable Acre.**

Step 4: **Multiply the Maximum One-Time Facilities Special Tax per Net Taxable Acre that was calculated in Step 2 by the total combined Net Taxable Acreage of all Single Family Detached Lots (as determined in Step 1), and divide the product by the number of Single Family Detached Lots created in the Subdivision Map to calculate the Maximum One-Time Facilities Special Tax for each Single Family Detached Lot.**

Step 5: **Multiply the Maximum Annual Maintenance Special Tax per Net Taxable Acre that was calculated in Step 3 by the total combined Net Taxable Acreage of all Single Family Detached Lots (as determined in Step 1), and divide the product by the number of Single Family Detached Lots created in the Subdivision Map to calculate the Maximum Annual Maintenance Special Tax for each Single Family Detached Lot.**

Step 6: **Multiply the Maximum One-Time Facilities Special Tax per Net Taxable Acre that was calculated in Step 2 by the Net Taxable Acreage of each Parcel of Taxable Property created within the Subdivision Map that is not a Single Family Detached Lot to determine the Maximum One-Time Facilities Special Tax for each Parcel.**

Step 7: **Multiply the Maximum Annual Maintenance Special Tax per Net Taxable Acre that was calculated in Step 3 by the Net Taxable Acreage of each Parcel of Taxable Property created within the Subdivision Map that is not a Single Family Detached Lot to determine the Maximum Annual Maintenance Special Tax for each Parcel.**

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

One-Time Facilities Special Tax

Beginning in January 2008 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel shall be adjusted by the

greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

Annual Maintenance Special Tax

Beginning in January 2008 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel shall be adjusted by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. METHOD OF LEVY OF THE SPECIAL TAX

One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2007-1 and shall be collected as set forth in Section F below.

Annual Maintenance Special Tax

Each Fiscal Year, the Administrator shall determine the Annual Maintenance Special Tax Requirement for the Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

Step 1: **The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year.**

Step 2: **If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year.**

Step 3: **If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property,**

up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2007-1, and shall be immediately delinquent if not so paid.

The Annual Maintenance Special Tax for CFD No. 2007-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Maintenance Special Taxes through foreclosure or other available methods. The Annual Maintenance Special Tax shall be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services and all Administrative Expenses have been reimbursed.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Taxes, no Special Taxes shall be levied on Public Property except Taxable Public Property, as defined herein.

H. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the Rate and Method of Apportionment of Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Taxes.

I. ENFORCEMENT

All delinquent One-Time Facilities Special Taxes, or delinquent Annual Maintenance Special Taxes billed off the County tax roll, shall be subject to an immediate 10% penalty plus interest charges of 1.5 % as of the first day of the month after the delinquency date and on the first day of each month thereafter. Any such delinquent Special Taxes shall, at the City's discretion, be place on the next secured property tax roll. The amount placed on the roll shall include the 10% penalty and the interest charges through the following January 1. This shall not prevent the City from simultaneously pursing the delinquency by

an action on a contract of guarantee against a third party who promised to pay the taxes, or from assigning such right of action to the property owner or other appropriate party.

APPENDIX B

CITY OF MODESTO
COMMUNITY FACILITIES DISTRICT NO. 2007-1
(NORTH BEYER #2)

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAXES

Special Taxes applicable to each Assessor's Parcel in Community Facilities District No. 2007-1 (North Beyer #2) [herein "CFD No. 2007-1" or "the CFD"] shall be levied and collected according to the tax liability determined by the City Council of the City of Modesto, through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2007-1, unless exempted by law or by the provisions of Section G below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to CFD No. 2007-1 unless a separate Rate and Method of Apportionment is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5, (commencing with Section 53311), Division 2 of Title 5 of the California Government Code.

"Administrative Expenses" means any or all of the following: expenses incurred by the City in carrying out its duties with respect to CFD No. 2007-1, including, but not limited to, levying and collecting the Special Taxes; the fees and expenses of legal counsel; charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office; costs related to annexing property into the CFD; costs related to property owner inquiries regarding the Special Taxes; and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

"Administrator" means the person or firm designated by the City to administer the Special Taxes according to this Rate and Method of Apportionment of Special Taxes.

"Annual Maintenance Special Tax" means a special tax levied in any Fiscal Year to pay the Annual Maintenance Special Tax Requirement, as defined below.

"Annual Maintenance Special Tax Requirement" means that amount necessary in any Fiscal Year to (i) pay for Authorized Services, (ii) pay Administrative Expenses, and (iii) cure any

delinquencies in the payment of Annual Maintenance Special Taxes levied in prior Fiscal Years or (based on delinquencies in the payment of Annual Maintenance Special Taxes which have already taken place) are expected to occur in the current Fiscal Year.

"Assessor's Parcel" or **"Parcel"** means a lot or parcel shown on an Assessor's Parcel Map with an assigned Assessor's Parcel number.

"Assessor's Parcel Map" means an official map of the County Assessor designating parcels by Assessor's Parcel number.

"Authorized Services" means those services that are authorized to be funded by CFD No. 2007-1.

"CFD Formation" means the date on which the Resolution of Formation to form CFD No. 2007-1 was adopted by the City Council.

"City" means the City of Modesto.

"City Council" means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2007-1.

"County" means the County of Stanislaus.

"Developed Property" means, in any Fiscal Year, the following:

- ***for Single Family Detached Property, all Parcels for which a Final Map was recorded prior to June 30 of the preceding Fiscal Year but not prior to June 30, 2007,***

- for Multi-Family Property, all Parcels for which a building permit for new construction of a residential structure was issued prior to June 30 of the preceding Fiscal Year but not prior to June 30, 2007, and

- for Other Property, all Parcels for which a building permit for construction of a building structure was issued prior to June 30 of the preceding Fiscal Year.

"Final Map" means a final map, or portion thereof, approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410 *et seq.*) that creates lots which do not need to be further subdivided prior to issuance of a building permit for a residential or non-residential structure. The term "Final Map" shall not include any Assessor's Parcel Map or subdivision map or portion thereof, that does not create lots that are in their final configuration, including Assessor's Parcels that are designated as remainder parcels.

"Fiscal Year" means the period starting July 1 and ending on the following June 30.

"Maximum Annual Maintenance Special Tax" means the greatest amount of Annual Maintenance Special Tax that can be levied on an Assessor's Parcel in any Fiscal Year determined in accordance with Sections C and D.

"**Maximum One-Time Facilities Special Tax**" means the greatest amount of One-Time Facilities Special Tax that can be levied on an Assessor's Parcel in any Fiscal Year determined in accordance with Sections C and D below.

> "**Maximum Special Taxes**" means, collectively, the Maximum One-Time Facilities Special Tax and the Maximum Annual Maintenance Special Tax.

"**Multi-Family Property**" means all Parcels in CFD No. 2007-1 for which building permits have been issued for construction of a residential structure consisting of two or more residential units that share common walls, including but not limited to, townhomes, condominiums, duplexes, triplexes, fourplexes, and apartment units.

"**Net Taxable Acreage**" or "**Net Taxable Acre**" means the total acreage within a Final Map or Parcel less arterial road right-of-ways and property that is defined in the Final Map for use as a park site, school site, or City-owned or CFD-owned storm drainage basin. If a Subdivision Map is recorded which is not a Final Map for some or all Parcels created by the subdivision, the Administrator shall calculate the Net Taxable Acreage of such unsubdivided Parcels by identifying the Acreage of the Parcel and (i) adding a portion of the acreage of any non-arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way, and (ii) subtracting a portion of the acreage of any arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way. The Net Taxable Acreage of a Parcel or Final Map shall be determined in the sole discretion of the City.

> "**One-Time Facilities Special Tax**" means a Special Tax, levied and collected in full by the City prior to a structural building permit being issued for new construction on Taxable Property.
>
> "**Original Parcel**" means an Assessor's Parcel (or a parcel within a recorded Subdivision Map that has not yet been assigned an Assessor's Parcel number) that is in CFD No. 2007-1 at the time of CFD Formation or added to the CFD upon annexation. A Successor Parcel that is being further subdivided shall also be considered an Original Parcel for purposes of determining the Maximum Special Taxes pursuant to Section C below.
>
> "**Other Property**" means, in any Fiscal Year, all Parcels of Taxable Property within the CFD for which building permits have been issued for construction of a non-residential structure.

"**Proportionately**" means, for Developed Property, that the ratio of the actual Annual Maintenance Special Tax levied in any Fiscal Year to the Maximum Annual Maintenance Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor's Parcels of Developed Property, respectively. In addition, for Undeveloped Property, "Proportionately" means that the ratio of the actual Annual Maintenance Facilities Special Tax to the Maximum Annual Maintenance Special Tax is equal for all Assessor's Parcels of Undeveloped Property, respectively.

"Public Property" means any property within the boundaries of CFD No. 2007-1 that is owned by the federal government, State of California, County, City, or other public agency.

"Single Family Detached Lot" means an individual numbered lot, which is in its final configuration and for which a building permit may be issued for a single family detached unit.

"Single Family Detached Property" means, in any Fiscal Year, all Parcels of Developed Property for which a building permit was issued or will be issued for construction of a residential unit that does not share a common wall with another Unit.

"Special Taxes" means, collectively, the One-Time Facilities Special Tax and the Annual Maintenance Special Tax.

"Subdivision Map" means a Final Map, large lot subdivision map, or other map recorded with the County that results in the subdivision of an Original Parcel into two or more Successor Parcels.

"Successor Parcel" means an Assessor's Parcel of Taxable Property created by the subdivision or reconfiguration of an Original Parcel on which construction of a residential or non-residential structure is permitted.

"Taxable Property" means all of the Assessor's Parcels within the boundaries of CFD No. 2007-1 which are not exempt from the Special Tax pursuant to law or Section G below.

"Taxable Public Property" means, in any Fiscal Year, all Parcels of Public Property within CFD No. 2007-1 that, at the time of CFD Formation, were expected to be Taxable Property, and, based on this expectation, Maximum Special Taxes were assigned to the Parcels in a prior Fiscal Year.

"Undeveloped Property" means, in any Fiscal Year, all Parcels of Taxable Property within CFD No. 2007-1 that are not Developed Property.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor's Parcel numbers for all Parcels of Taxable Property in CFD No. 2007-1. The Administrator shall also determine (i) whether each Assessor's Parcel of Taxable Property is Developed Property or Undeveloped Property, (ii) the Net Taxable Acreage of each Parcel, and (iii) the Annual Maintenance Special Tax Requirement.

In any Fiscal Year, if it is determined that (i) a Subdivision Map for a portion of property in CFD No. 2007-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the Subdivision Map was recorded, the Assessor does not yet recognize the new Parcels created by the Subdivision Map, and (iii) one or more of the newly-created Parcels

meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the Subdivision Map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the Subdivision Map.

C. MAXIMUM SPECIAL TAXES

1. Original Parcels

Table 1 below identifies the Maximum One-Time Facilities Special Tax and Maximum Annual Maintenance Special Tax assigned to each Original Parcel in the CFD at the time of CFD Formation. Separate Maximum Special Taxes shall be assigned to Parcels added to the CFD as a result of future annexations.

TABLE 1
Maximum Special Taxes

Fiscal Year 2007-08

Fiscal Year 2007-08 Assessor's Parcel Number or Subdivision Map Parcel Number	*Fiscal Year 2007-08 Maximum One-Time Facilities Special Tax**	*Fiscal Year 2007-08 Maximum Annual Maintenance Special Tax**
082-005-031	$211,827	$35,070
Parcel 2 of Parcel Map 55-PM-12	$114,030	$18,879

**** Special Taxes shown in Table 1 are subject to the annual adjustments described in Section D below.***

2. Successor Parcels

Upon recordation of a Subdivision Map that subdivides an Original Parcel, the Administrator shall apply the appropriate subsection below to determine the Maximum Special Taxes for each Successor Parcel:

All Successor Parcels are Single Family Detached Lots

If all Parcels created by a recorded Subdivision Map are Single Family Detached Lots, the Administrator shall divide the Maximum Special Taxes assigned to the Original Parcel that was subdivided by the number of Single Family Detached Lots created within the Subdivision Map to determine the Maximum Special Taxes for each Single Family Detached Lot.

No Successor Parcels are Single Family Detached Lots

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

Step 1: **Determine the total combined Net Taxable Acreage within all Successor Parcels created from subdivision or reconfiguration of the Original Parcel.**

Step 2: **Divide the Maximum One-Time Facilities Special Tax and the Maximum Annual Maintenance Special Tax assigned to the Original Parcel by the Net Taxable Acreage determined in Step 1 to determine a Maximum One-Time Facilities Special Tax and a Maximum Annual Maintenance Special Tax per Net Taxable Acre.**

Step 3: **Multiply the Maximum Special Taxes per Net Taxable Acre determined in Step 2 by the Net Taxable Acreage of each Successor Parcel of Taxable Property to determine the Maximum One-Time Facilities Special Tax and Maximum Annual Maintenance Special Tax for each Parcel.**

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

Some, But Not All, Successor Parcels are Single Family Detached Lots

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall apply the following steps to determine the Maximum Special Taxes for each Successor Parcel:

Step 1: **Separately identify: (i) the total Net Taxable Acreage created within the Subdivision Map, and (ii) the combined Net Taxable Acreage of all Single Family Detached Lots created within the Subdivision Map.**

Step 2: **Divide the Maximum One-Time Facilities Special Tax assigned to the Original Parcel by the total Net Taxable Acreage created within the Subdivision Map to determine the Maximum One-Time Facilities Special Tax per Net Taxable Acre.**

Step 3: **Divide the Maximum Annual Maintenance Special Tax assigned to the Original Parcel by the total Net Taxable Acreage created within the Subdivision Map to determine the Maximum Annual Maintenance Special Tax per Net Taxable Acre.**

Step 4: **Multiply the Maximum One-Time Facilities Special Tax per Net Taxable Acre that was calculated in Step 2 by the total combined Net Taxable Acreage of all Single Family Detached Lots (as determined in Step 1), and divide the product by the number of Single Family Detached Lots created in the Subdivision Map to calculate the Maximum One-Time Facilities Special Tax for each Single Family Detached Lot.**

Step 5: **Multiply the Maximum Annual Maintenance Special Tax per Net Taxable Acre that was calculated in Step 3 by the total combined Net Taxable Acreage of all Single Family Detached Lots (as determined in Step 1), and divide the product by the number of Single Family Detached Lots created in the Subdivision Map to calculate the Maximum Annual Maintenance Special Tax for each Single Family Detached Lot.**

Step 6: **Multiply the Maximum One-Time Facilities Special Tax per Net Taxable Acre that was calculated in Step 2 by the Net Taxable Acreage of each Parcel of Taxable Property created within the Subdivision Map that is not a Single Family Detached Lot to determine the Maximum One-Time Facilities Special Tax for each Parcel.**

Step 7: **Multiply the Maximum Annual Maintenance Special Tax per Net Taxable Acre that was calculated in Step 3 by the Net Taxable Acreage of each Parcel of Taxable Property created within the Subdivision Map that is not a Single Family Detached Lot to determine the Maximum Annual Maintenance Special Tax for each Parcel.**

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

One-Time Facilities Special Tax

Beginning in January 2008 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel shall be adjusted by the

greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

Annual Maintenance Special Tax

Beginning in January 2008 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel shall be adjusted by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. METHOD OF LEVY OF THE SPECIAL TAX

One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2007-1 and shall be collected as set forth in Section F below.

Annual Maintenance Special Tax

Each Fiscal Year, the Administrator shall determine the Annual Maintenance Special Tax Requirement for the Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

Step 1: **The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year.**

Step 2: **If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year.**

Step 3: **If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property,**

up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2007-1, and shall be immediately delinquent if not so paid.

The Annual Maintenance Special Tax for CFD No. 2007-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Maintenance Special Taxes through foreclosure or other available methods. The Annual Maintenance Special Tax shall be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services and all Administrative Expenses have been reimbursed.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Taxes, no Special Taxes shall be levied on Public Property except Taxable Public Property, as defined herein.

H. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the Rate and Method of Apportionment of Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Taxes.

I. ENFORCEMENT

All delinquent One-Time Facilities Special Taxes, or delinquent Annual Maintenance Special Taxes billed off the County tax roll, shall be subject to an immediate 10% penalty plus interest charges of 1.5 % as of the first day of the month after the delinquency date and on the first day of each month thereafter. Any such delinquent Special Taxes shall, at the City's discretion, be place on the next secured property tax roll. The amount placed on the roll shall include the 10% penalty and the interest charges through the following January 1. This shall not prevent the City from simultaneously pursing the delinquency by

an action on a contract of guarantee against a third party who promised to pay the taxes, or from assigning such right of action to the property owner or other appropriate party.

This Council hereby further directs that the election at which the question of levying the special taxes and the establishment of an appropriations limit in connection therewith is submitted to the qualified electors within the District be consolidated with the election at which the question of incurring a bonded indebtedness in an aggregate principal amount not to exceed $75,000,000 for the District, as set forth in Resolution No. 2004-128, is submitted to the qualified electors with the District, and the question of levying the special taxes shall be combined in one ballot proposition with the question of incurring such bonded indebtedness and the question of establishing an appropriations limit for the District, all as provided by the Act; and this Council further directs that the resolution adopted by this Council determining the necessity to incur such bonded indebtedness shall constitute the notice of the consolidated election on the combined propositions of authorizing the levy of the special tax, establishing an appropriations limit, and incurring such bonded indebtedness. However, the giving of such notice is waived if the City Clerk receives unanimous consent to such waiver from the Landowners.

APPENDIX B

CITY OF MODESTO
COMMUNITY FACILITIES DISTRICT NO. 2007-1
(NORTH BEYER #2)

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAXES

Special Taxes applicable to each Assessor's Parcel in Community Facilities District No. 2007-1 (North Beyer #2) [herein "CFD No. 2007-1" or "the CFD"] shall be levied and collected according to the tax liability determined by the City Council of the City of Modesto, through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2007-1, unless exempted by law or by the provisions of Section G below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to CFD No. 2007-1 unless a separate Rate and Method of Apportionment is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5, (commencing with Section 53311), Division 2 of Title 5 of the California Government Code.

"Administrative Expenses" means any or all of the following: expenses incurred by the City in carrying out its duties with respect to CFD No. 2007-1, including, but not limited to, levying and collecting the Special Taxes; the fees and expenses of legal counsel; charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office; costs related to annexing property into the CFD; costs related to property owner inquiries regarding the Special Taxes; and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

"Administrator" means the person or firm designated by the City to administer the Special Taxes according to this Rate and Method of Apportionment of Special Taxes.

"Annual Maintenance Special Tax" means a special tax levied in any Fiscal Year to pay the Annual Maintenance Special Tax Requirement, as defined below.

"Annual Maintenance Special Tax Requirement" means that amount necessary in any Fiscal Year to (i) pay for Authorized Services, (ii) pay Administrative Expenses, and (iii) cure any delinquencies in the payment of Annual Maintenance Special Taxes levied in prior Fiscal Years or (based on delinquencies in the payment of Annual Maintenance Special Taxes which have already taken place) are expected to occur in the current Fiscal Year.

"Assessor's Parcel" or **"Parcel"** means a lot or parcel shown on an Assessor's Parcel Map with an assigned Assessor's Parcel number.

"Assessor's Parcel Map" means an official map of the County Assessor designating parcels by Assessor's Parcel number.

"Authorized Services" means those services that are authorized to be funded by CFD No. 2007-1.

"CFD Formation" means the date on which the Resolution of Formation to form CFD No. 2007-1 was adopted by the City Council.

"City" means the City of Modesto.

"City Council" means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2007-1.

"County" means the County of Stanislaus.

"Developed Property" means, in any Fiscal Year, the following:

- for Single Family Detached Property, all Parcels for which a Final Map was recorded prior to June 30 of the preceding Fiscal Year but not prior to June 30, 2007,

- for Multi-Family Property, all Parcels for which a building permit for new construction of a residential structure was issued prior to June 30 of the preceding Fiscal Year but not prior to June 30, 2007, and

- for Other Property, all Parcels for which a building permit for construction of a building structure was issued prior to June 30 of the preceding Fiscal Year.

"Final Map" means a final map, or portion thereof, approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410 *et seq.*) that creates lots which do not need to be further subdivided prior to issuance of a building permit for a residential or non-residential structure. The term "Final Map" shall not include any Assessor's Parcel Map or subdivision map or portion thereof, that does not create lots that are in their final configuration, including Assessor's Parcels that are designated as remainder parcels.

"Fiscal Year" means the period starting July 1 and ending on the following June 30.

"**Maximum Annual Maintenance Special Tax"** means the greatest amount of Annual Maintenance Special Tax that can be levied on an Assessor's Parcel in any Fiscal Year determined in accordance with Sections C and D.

"**Maximum One-Time Facilities Special Tax"** means the greatest amount of One-Time Facilities Special Tax that can be levied on an Assessor's Parcel in any Fiscal Year determined in accordance with Sections C and D below.

"Maximum Special Taxes" means, collectively, the Maximum One-Time Facilities Special Tax and the Maximum Annual Maintenance Special Tax.

"Multi-Family Property" means all Parcels in CFD No. 2007-1 for which building permits have been issued for construction of a residential structure consisting of two or more residential units that share common walls, including but not limited to, townhomes, condominiums, duplexes, triplexes, fourplexes, and apartment units.

"Net Taxable Acreage" or **"Net Taxable Acre"** means the total acreage within a Final Map or Parcel less arterial road right-of-ways and property that is defined in the Final Map for use as a park site, school site, or City-owned or CFD-owned storm drainage basin. If a Subdivision Map is recorded which is not a Final Map for some or all Parcels created by the subdivision, the Administrator shall calculate the Net Taxable Acreage of such unsubdivided Parcels by identifying the Acreage of the Parcel and (i) adding a portion of the acreage of any non-arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way, and (ii) subtracting a portion of the acreage of any arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way. The Net Taxable Acreage of a Parcel or Final Map shall be determined in the sole discretion of the City.

"One-Time Facilities Special Tax" means a Special Tax, levied and collected in full by the City prior to a structural building permit being issued for new construction on Taxable Property.

"Original Parcel" means an Assessor's Parcel (or a parcel within a recorded Subdivision Map that has not yet been assigned an Assessor's Parcel number) that is in CFD No. 2007-1 at the time of CFD Formation or added to the CFD upon annexation. A Successor Parcel that is being further subdivided shall also be considered an Original Parcel for purposes of determining the Maximum Special Taxes pursuant to Section C below.

"Other Property" means, in any Fiscal Year, all Parcels of Taxable Property within the CFD for which building permits have been issued for construction of a non-residential structure.

"Proportionately" means, for Developed Property, that the ratio of the actual Annual Maintenance Special Tax levied in any Fiscal Year to the Maximum Annual Maintenance Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor's Parcels of Developed Property, respectively. In addition, for Undeveloped Property, "Proportionately" means that the ratio of the actual Annual Maintenance Facilities Special Tax to the Maximum Annual Maintenance Special Tax is equal for all Assessor's Parcels of Undeveloped Property, respectively.

"Public Property" means any property within the boundaries of CFD No. 2007-1 that is owned by the federal government, State of California, County, City, or other public agency.

"Single Family Detached Lot" means an individual numbered lot, which is in its final configuration and for which a building permit may be issued for a single family detached unit.

"Single Family Detached Property" means, in any Fiscal Year, all Parcels of Developed Property for which a building permit was issued or will be issued for construction of a residential unit that does not share a common wall with another Unit.

"Special Taxes" means, collectively, the One-Time Facilities Special Tax and the Annual Maintenance Special Tax.

"Subdivision Map" means a Final Map, large lot subdivision map, or other map recorded with the County that results in the subdivision of an Original Parcel into two or more Successor Parcels.

"Successor Parcel" means an Assessor's Parcel of Taxable Property created by the subdivision or reconfiguration of an Original Parcel on which construction of a residential or non-residential structure is permitted.

"Taxable Property" means all of the Assessor's Parcels within the boundaries of CFD No. 2007-1 which are not exempt from the Special Tax pursuant to law or Section G below.

"Taxable Public Property" means, in any Fiscal Year, all Parcels of Public Property within CFD No. 2007-1 that, at the time of CFD Formation, were expected to be Taxable Property, and, based on this expectation, Maximum Special Taxes were assigned to the Parcels in a prior Fiscal Year.

"Undeveloped Property" means, in any Fiscal Year, all Parcels of Taxable Property within CFD No. 2007-1 that are not Developed Property.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor's Parcel numbers for all Parcels of Taxable Property in CFD No. 2007-1. The Administrator shall also determine (i) whether each Assessor's Parcel of Taxable Property is Developed Property or Undeveloped Property, (ii) the Net Taxable Acreage of each Parcel, and (iii) the Annual Maintenance Special Tax Requirement.

In any Fiscal Year, if it is determined that (i) a Subdivision Map for a portion of property in CFD No. 2007-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the Subdivision Map was recorded, the Assessor does not yet recognize the new Parcels created by the Subdivision Map, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the Subdivision Map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the Subdivision Map.

C. MAXIMUM SPECIAL TAXES

1. Original Parcels

Table 1 below identifies the Maximum One-Time Facilities Special Tax and Maximum Annual Maintenance Special Tax assigned to each Original Parcel in the CFD at the time of CFD Formation. Separate Maximum Special Taxes shall be assigned to Parcels added to the CFD as a result of future annexations.

TABLE 1

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-357

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO CANVASSING THE RESULTS OF THE JUNE 12, 2007, ELECTION HELD WITHIN CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2007-1 (NORTH BEYER PARK #2)

WHEREAS, this Council is conducting proceedings pertaining to the formation of City of Modesto City's Community Facilities District No. 2007-1 (North Beyer Park #2) (the "District"), the establishment of an appropriations limit for the District, and the levy of a special taxes sufficient to pay all costs necessary to finance certain Facilities and Services, as described in the City's Resolution No. 2007-270, adopted on May 8, 2007.

WHEREAS, the owners of all of the property in the District waived those provisions related to the timing and conduct of the election referenced in Sections 13 and 14 of this Council's Resolution No. 2007-270 and Sections 9, 10 and 11 of this Council's Resolution No. 2007-270, each adopted on May 8, 2007, and, as a result, this Council called an election within the District (the "Election") for June 12, 2007, relative to the foregoing; and

WHEREAS, consultant to the City has recommended that the rate and method of special taxes, attached as Exhibit A to Resolution No. 2007-270, be revised to include an enforcement provision. This revision does not increase either the maximum special taxes or the probable special taxes to be paid by the owner of any lot or parcel; and

WHEREAS, staff has recommended that the maximum special taxes set forth in the rate and method of special taxes, attached as Exhibit A to Resolution No. 2007-270, be reduced to reflect (1) the removal of landscaping on Oakdale Road because it is a tentative map

condition and will be installed by the developer and (2) the removal of maintenance expenses attributed to another parcel that will annex to CFD 2007-1 in the future; and

WHEREAS, on June 12, 2007, the Election was held; and

WHEREAS, the City Clerk has certified that the proposition of levying the special taxes and establishing an appropriations limit for the District was approved by at least two-thirds (2/3) of the votes cast at the Election;

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND, by the City Council of the City of Modesto, that:

1. The Election was duly and validly conducted in conformity with all applicable laws, rules and regulations pertaining thereto. It is hereby determined that the owners of the property in the District is as set forth in the Affidavit of City Clerk as to Distribution of Official Ballots, submitted to this Council and on file with the City Clerk.

2. The ballot proposition presented to the qualified electors of the District at the Election received at least two-thirds (2/3) of the votes cast at the Election. A copy of the City Clerk's certificate of election results is attached hereto as Exhibit A.

3. The City Clerk is directed to enter this resolution on the minutes of this City Council, which shall constitute the official declaration of the result of such election.

4. The City Clerk is further authorized and directed to record a notice of special tax lien with the County Recorder of the County of Stanislaus, within 15 days from the date hereof, in accordance with the provisions of Section 3114.5 of the California Streets and Highways Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-358

A RESOLUTION DESIGNATING THE PROPERTY AT 216 WEST MORRIS AVENUE AS A MODESTO LANDMARK PRESERVATION SITE (OWNER: LORIE GARCIA)

WHEREAS, Chapter 10 of Title 9 of the Modesto Municipal Code establishes Landmark Preservation Site status as a way to recognize, preserve, enhance and perpetuate significant landmarks in the community, and

WHEREAS, a public hearing was held on March 19, 2007, at the McHenry Museum, 1402 I Street, Modesto, California, at which the Landmark Preservation Commission found and recommended in their Resolution No. 2007-1, that the property at 216 West Morris Avenue is eligible for designation as a Landmark Preservation Site for the following reasons:

(1) The location and setting are compatible with future preservation and use.
(2) The physical condition is such that preservation, maintenance or adaptive use is economically feasible.
(3) The distinguishing characteristics of significance are for the most part original and intact or capable of restoration.
(4) The existing or proposed use is compatible with the preservation and maintenance of the site

and

WHEREAS, the Safety and Communities Committee met on May 7, 2007, and supported the Landmark Preservation Commission's recommendation, and

WHEREAS, after a public hearing held on June 12, 2007, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, the Council found and determined that the property at 216 West Morris Avenue is eligible for designation as a Landmark Preservation Site for reasons set forth by the Landmark Preservation Commission,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the property located at 216 West Morris Avenue is more particularly described in **Exhibit "A"** attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED that the property at 216 West Morris Avenue has historical significance for the following reason:

This 1925 Arts and Crafts/California Bungalow-style house was part of the Coldwell subdivision which was formed on August 24, 1903 and owned by Virginia Coldwell. Mr. and Mrs. Coldwell came to Stanislaus County in 1875 and purchased a 400-acre ranch about three miles north of Modesto. The subdivision was not developed until the mid to late 1920's.

The original owners of the house were William J. "Billy" Silva and his wife Evelyn D. Mr. Silva was a prominent businessman and community leader in Modesto, owning the William J. Silva Garage and becoming the Stanislaus County representative of the Studebaker Automobile Company in 1919. He also was very active in the Modesto Lodge 1282, Elks, Past President of the Modesto Rotary Club (1930-31), Chair of the Selective Services Board in Modesto during World War II, a past Grand Knight of the Stanislaus Council, Knights of Columbus, and he belonged to the American Legion. In March 1946, Governor Earl Warren named William J. Silva to the five-member Fish and Game Commission. He was a member of that Board until his death and served as Chairman of the Commission for several terms. During his years as a Fish and Game Commissioner, Mr. Silva dealt with several highly important issues involving California's fish and wildlife. Mr. Silva was also appointed to the Wildlife Conservation Board.

BE IT FURTHER RESOLVED that the property at 216 West Morris Avenue has architectural significance and is hereby designated a Landmark Preservation Site for the following reason:

Built in 1925, this Arts and Crafts/California Bungalow architectural style house is located in a neighborhood with tree-lined streets and 50-foot wide lots. The house is set back from the street allowing for a modest, cultivated lawn and planting beds. A driveway is located on the east side of the house and a porte-cochere extends from the east façade of the house over the driveway. The plan is rectangular with a low-pitched, cross-gabled roof with multiple roof planes, multiple gables with attic vents, and a wide roof overhang with exposed rafters. Decorative roof beams are placed under the gable ends at the roof-wall junctions and the exposed roof rafters are finished with plain verge boards. An L-shaped porch surrounds both the north, or street-side and part of the east facades. Short columns, resting upon more massive capped piers that begin at ground level, create a series of arched openings that support the porch roof. These frame the porch, creating an arcade effect. The house is set over a partial basement which elevates the living area approximately 20 inches above the ground. The entrance is on the north

façade and is accessed by three concrete steps leading to the porch. The roof is finished with composition shingles and the walls, foundation, chimney, porch piers and columns are finished with stucco. The primary living space exhibits a mixture of large casement, double-hung and fixed windows. The secondary rooms have multiple large double-hung windows. Like all true California Bungalows, the home features an open plan with the ornamental use of wood limited to the moldings, baseboards and hardwood floors.

To the rear of the house and reached by a straight driveway from the street, a frame building, housing a garage/workshop, is set at the southeast corner of the lot. Mature landscaping covers the grounds.

While the Bungalow style has been considered the quintessential American house of the early twentieth century, the California Bungalow is unique to California. The house and garage/workshop are consistent with residential architecture and construction methods used extensively in Modesto and California during the 1900-1930 period.

BE IT FURTHER RESOLVED that pursuant to Section 9-10.104(e)(1) of the Modesto Municipal Code, the City Clerk shall record a copy of this resolution with the County Recorder's Office of Stanislaus County.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Dunbar

***P3a. Description:** (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries)

216 West Morris Avenue is located in the urban setting of a block of houses with tree-lined streets that was developed in the 1920s-1930s. The homes have similar setbacks from the street with urban sized front yards and 50-foot wide lots. Like the surrounding blocks, the streetscape on this block is a pleasant one, which evokes the sense of an early twentieth century neighborhood. The primary building on the site is a 2, 048 sq. ft., one-story house, constructed in 1925 and designed in the California Bungalow architectural style. The house fronts north onto West Morris Avenue and is set back from the street allowing for a modest, cultivated lawn and planting beds. A large street tree dominates the front landscaping. A driveway is located on the east side of the house, and a porte-cochere extends from the east side of the house over the driveway. The plan is rectangular with a low-pitched, cross-gabled roof with multiple roof planes, multiple gables with attic vents, and a wide roof overhang with exposed rafters. Decorative roof beams are placed under the gable ends at the roof-wall junctions and the exposed roof rafters are finished with plain verge boards. A concrete L-shaped porch surrounds both

the north, or street-side, façade and part of the east side elevation. Short columns, resting upon more massive capped piers that begin at ground level, create a series of arched openings that support the porch roof. These frame the porch, creating an arcade effect. A low wood railing, which appears to have been added later, connects the piers enclosing portions of the porch.

The house is set over a partial basement, which elevates the living area approximately 20 inches above the ground. The main entrance is on the north façade and is accessed by three concrete steps leading to the porch. A front-facing end gable projects from the western half of the porch roof delineating the main entry into the house. A secondary entry is located on the east side, opening into the dining room from the porte-cochere. The roof is finished with composition shingles, and the walls, foundation, chimney, porch piers and columns are finished with stucco. Fenestration is typical of the California Bungalow architectural style. The primary living space exhibits a mixture of large casement, double-hung, and fixed windows. The secondary rooms have multiple large double-hung windows. The casement windows have a glazing pattern of 9 panes divided by muntins into a specific pattern. The glazing pattern of the double-hung windows in the primary rooms is one of 9 panes divided by muntins on top and a single pane on the bottom. All other double-hung windows are one-over-one. Fixed windows, comprised of eight lights, are located on either side of the dining room door that provides access to the porte-cochere. The north wall of the living room features a casement window with 2 openings on one side of the entry door and a large fixed pane, flanked by single six-paned casement windows, on the other side. The west wall of the living room features 2 small double-hung windows on either side of the fireplace chimney. These windows exhibit a pattern of 6 panes divided by muntins over a single pane. The living room's east wall has two casement windows each with 2 openings. All windows have a projecting sill and are surrounded with decorative frames. The four exterior doors differ from each other. The front, or main door, is comprised of 9 panes divided by muntins in a pattern matching the casement windows. The secondary entry door, east side, is a wooden door with 9 panes equally sized and separated by muntins placed in the top half of the door. The rear door, which opens onto the back porch, is wooden with a single pane in the top half. A door that opens into the back yard from the rearmost room is solid wood.

The interior of the house is unmodified and reflects the Arts and Crafts/Bungalow style in the woodwork and built in cabinetry. However, as the interior of the California Bungalow is generally plainer, the ornamental use of wood in this house is limited to the moldings, baseboards and hardwood floors.

To the rear of the house and reached by a straight driveway from the street, a frame building, housing a garage and workshop, is set at the southeast corner of the lot. Mature landscaping covers the grounds. The property is in good condition and has had very little alteration since its construction.

Although the Coldwell subdivision was formed by Virginia Coldwell in 1903, it was not developed until the mid to late 1920s. In 1922, most of the homes on the north side of West Morris between Magnolia and McHenry were constructed. Subsequently, on June 30, 1925, George W. O'Connor recorded the subdivision of his land, Lot 1, Block 554, which he divided into 13 lots (lots numbered 4 thru 16). The lots fronting on McHenry Avenue ranged from 50' to 52.5' wide and were 118' deep. Those fronting on Morris Avenue were 50' wide and 152.5' deep (except for lot 10 at 57' wide and lot 16, which was 10' wide). Two days later, on July 2nd William J. Silva purchased Lot 13. Considered a pioneer in the automotive industry of Modesto, William J. Silva came to Modesto in 1912. The son of a La Grange district rancher who helped settle the San Joaquin Valley, W. J. Silva was born in 1895 and raised on his father's cattle and grain ranch. When he was 17, having decided he didn't want to follow in his father's footsteps, he left his father's ranch in La Grange with $40.00 in his pocket and moved to Modesto. Interested in mechanical things and the young automobile industry, Mr. Silva got a job as night service man in the Myers and Zacharias garage. From service he was promoted into the sales department, and by 1914 had worked into the management department of Charles Kaar's Studebaker dealership.
World War I interrupted his advancement in Modesto' automobile business and he enlisted in the United States Army. A strong voice for progress and the opportunities he saw in Modesto and Stanislaus County, after the armistice William J. Silva returned to Modesto and formed a partnership with Claude Shackleford to construct a building at 1116-22 H Street. This was a main thoroughfare in the heart of

Modesto's business district. In his newly constructed building, W. J. Silva located his business, the William J. Silva Garage "Studebaker Dealers, Garage, Day and Night Services." In 1919, Mr. Silva became the Stanislaus County representative of the Studebaker Automobile Company and by 1922 he had sold over 350 models of this popular vehicle. His garage had a capacity of 140 cars and was considered one of the largest, if not the largest, garages in the San Joaquin valley. An article written about him in March of that year, stated that he "is a real asset" and that "Stanislaus County and Modesto are truly proud to number him among their substantial citizens."

On July 2, 1925, William J. Silva purchased a residential lot in the subdivision that had recently been created by George W. O'Connor (deed). By the beginning of 1926, he had he moved with his wife, Evelyn D., and family from their previous residence at 1530 Morris, into their newly constructed house on the property located at 1606 Morris (today's 216 West Morris). The same year, Mr. Silva bought out his partner's share of the business.

As his business grew over the following decades, Mr. Silva continued to handle Studebaker cars for, as he stated in a 1938 interview, he felt "that his company being one of the oldest builders of automobiles, always has had a fine reputation for producing dependable vehicles." By World War II, he was the distributor for Studebaker cars in four central valley counties, not only handling Studebaker cars, but also Studebaker and White trucks. At that time, with the exception of a few, he was considered to have had the longest service record with one company than any other automobile distributor in California. When the United States joined in the war, W. J. Silva took on another responsibility. For five years he served as chair of the selective services board in Modesto.

William J. Silva - "Billy" to most who were acquainted with him - along being an active member of Modesto's merchant and business community was also known for his participation in civic organizations. He held membership in the Modesto Lodge 1282, Elks, was a past president of the Modesto Rotary Club (1930-31), a past grand knight of Stanislaus Council, Knights of Columbus and belonged to the American Legion.

Along with his business and civic involvement, W. J. Silva was noted for his love of outdoor sports, particularly hunting, fishing, golf and trap shooting. He belonged to various sporting groups, including the Old Fishermen's Club and a duck club called the Modesto Properties Company. As a member of the Modesto Trap Club and an expert trap shooter, William J. Silva participated in many Pacific coast competitions. Being an avid deer and bird hunter, he made several out-of-state hunting trips all over the United States, Canada and Alaska for big game, i.e., mountain lion, mountain goat, big horn sheep, moose and caribou. He also went deep-sea fishing for swordfish off the coast of Mexico. As a result many trophies decorated his office.

In March 1946, Governor Earl Warren named William J. Silva to the 5-member Fish and Game Commission. This Commission administered the State of California Division of Fish and Game, which was charged with the enforcement of the State's fish and game Laws; the establishment of fish hatcheries; importation, propagation, and distribution of birds, mammals, fish, mollusks, and other crustaceans; control of game predators; conduct of scientific research on fish and game problems; and collection of statistics on the take of all these resources. The year previous to W. J. Silva's appointment to the commission, the Legislature, through a constitutional amendment, delegated to the Fish and Game Commission the responsibility for making regulations for sport fishing and hunting.

He was a member of that board until his death and served as president or "chairman" of the commission for several terms. When acting as the commission president, William J. Silva had the additional responsibility of serving on the Wildlife Conservation Board (WCB), which was comprised of three people, the Director of the Department of Fish and Game, the Director of Finance, and the president of the Fish and Game Commission. The WCB administered the capital acquisition and development program for conservation and recreational uses-of fish and wildlife resources, including deciding which lands were suitable for wildlife production and preservation and which were suitable for recreational uses.

During his years as a Fish and Game Commissioner, William J. Silva dealt with several highly important issues involving California's fish and wildlife. Among these were ecological concerns; the Sardine industry crisis and other commercial fishing issues, as an increase in commercial fishing led to the depletion of fish; and improvements for sports fishermen. These improvements included the development of fish hatcheries and fish planting. . Mr. Silva was particularly interested in fish and game planting programs, and in 1948 the Fish and Game Commission implemented the first aerial planting of trout followed by the establishment of the first pheasant cooperative hunting areas in 1949.

William J. Silva died on December 17, 1956, following a long illness. The Modesto Bee carried his obituary on the first page. For six months following his death, his wife, Evelyn, continued to live in their home. However, on June 1, 1957, she also passed away. When her death occurred, the news was also on the first page of the Modesto Bee, noting the fact that she was a native of California who had lived in Modesto nearly all her life and referencing the accomplishments of her husband.

After the death of Evelyn D. Silva, records show that her daughter, Mary Lou Johns, a public school teacher, followed by William Johns, manager of Hills Food Market, and his wife Dorothy, resided at this address through 1961.

Starting in 1962, the property has had nine owner occupants. Harry C. Kurkjian, resided in this house along with his wife Annie in 1962 and 1963. Members of the Kurkjian family are listed at this address until 1980. They include, Mrs. Annie Kurkjian, likely the widow of Harry C., who lived here from 1964-1966, followed by Pearle Kurkjian, a bookkeeper for Cal. Packing (1967-1971) Robert H. Stagg, a salesman for American Lumber Co., and his wife Pearle (Kurkjian), (1972-1977), and Mrs. Pearle Stagg (1978-1979).

By 1981 Sheldon Spencer occupied the house, living here through 1985. After Sheldon Spencer, the owners were Lyle Witt, an employee of Modesto Brake and Filter (1987-2001) and Melissa Maxwell and Brenda Carpenter, a teacher (2002-2005). In spring 2005, Brenda Carpenter and Melissa Maxwell sold the property to the current owner, Lorie Garcia.

(Continued from page 4, Form 523B, B10.Significance)

The 1925 George O'Connor subdivision of residential lots on West Morris Avenue became important to the growth of Modesto for the urban design. As the houses were constructed they came to represent fine residential design and well constructed buildings, important in the city's architectural heritage. This residence was one of the first constructed in the subdivision and its California Bungalow architectural style stands out in this Modesto neighborhood, which was mostly constructed in the Provincial style. It has not undergone physical alteration since it was constructed and does retain the distinctive characteristics that represent a period and method of construction and that make it recognizable as a historic resource. Also it has a direct association with the life of a person important to the history of Modesto and California, as it was the residence of William J. "Billy" Silva from its construction in 1925 until his death in 1956. Research into the past owners and residents concluded that the original owner of the subject property was a solid citizen of Modesto. The original owner, William J. "Billy" Silva, was very active in civic and social organizations and a leading member of the business community during an important period of economic growth and development in Modesto, 1920-1950. Not only was Mr. Silva significant to the history of the City, but also as a member of the California State Fish and Game Commission (1946-1956) he was influential in policy decisions affecting the preservation and development of California's fish and wildlife resources

However, no events are associated with the building which would have made a significant contribution to the broad patterns of history or cultural heritage. And none of the persons associated with it appear to be important at a national level. Therefore the subject building does not appear to be eligible for the National Register based on Criteria A or B. The house itself represents the California Bungalow architectural style, which became extremely popular across the country from 1900-1930 and it retains its architectural integrity. Considering the criteria of the National Register of Historic Places, Criterion "C" is the one that best addresses the subject property although it is not a rare example of that type. In conclusion, while the William J. "Billy" Silva house does not appear to meet the criteria for listing in the National Register of Historic Places as an individual resource it would qualify for inclusion in a small residential district in the immediate neighborhood.

The criteria for listing historical resources in the California Register of Historical Resources are consistent with those for listing resources in the National Register of Historic Places, but have been modified for state use in order to include a range of historical resources that better reflect the history of California.
The significance of a property is found in the association with historic events or people or is due to the physical quality and presence of the building, structure or object. The Bungalow style has been considered the quintessential American house of the early twentieth century, but the California Bungalow is unique to California. Most of the homes in the 200 block of West Morris Avenue were constructed in the Provincial style; however the William J. "Billy" Silva house was built in the California Bungalow architectural style and exhibits the distinctive characteristics of this style. The house and accessory building housing the garage/workshop have not lost architectural integrity and are consistent with residential architecture and construction methods used extensively in Modesto and California during the 1900 – 1930 period. Also as mentioned above, William J. "Billy" Silva was not only a successful businessman but was also very influential in local business issues and promoting Modesto. And, as a member of the State Fish and Game Commission (1946-1956), he was influential in the implementation of policies and programs, which affected the preservation and development of California's fish and wildlife resources. Under criteria 2 and 3, the subject property appears eligible for inclusion on the California Register of Historical Resources at both a local and state level.

The house at 216 West Morris Avenue has not been moved or altered and it retains its architectural integrity from the period of significance. As such, it is an important element in the streetscape and the architectural heritage of Modesto. It appears to be eligible for listing as a City of Modesto Landmark due to the historic associations with William J. "Billy" Silva, and the original building style.

RESCINDED
OCT 25 2016
THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2016-432

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-359

A RESOLUTION ESTABLISHING FEES FOR MUNICIPAL OFF-STREET PARKING FACILITIES, PROVIDING FOR CONTROL THEREOF, AND RESCINDING RESOLUTION NO. 2007-086.

WHEREAS, Section 3-2.1601 of the Modesto Municipal Code provides that the City Council may from time to time establish and designate municipal off-street parking facilities in the City by resolution of the Council, and

WHEREAS, Section 3-2.1602 of the Modesto Municipal Code provides that the hours and days upon which the operation of off-street parking facilities shall be effective shall be established from time to time by resolution of the Council, and

WHEREAS, Section 3-2.1603 of the Modesto Municipal Code provides that the rates for use of off-street parking facilities shall be established from time to time by resolution of the Council, and

WHEREAS, on February 6, 2007, the City Council, by Resolution No. 2007-086, established the current fee schedule and hours that fees can be collected at the City's off-street parking facilities, and

WHEREAS, by an agenda report to the City Council from the Parks, Recreation and Neighborhoods Department dated May 24, 2007, City staff recommended standardizing parking rates, resulting in the surface lots having the same per hour charge as the garages, revising the grace period from ten (10) minutes to twenty (20) minutes, and eliminating the gross revenue sharing, and

WHEREAS, said matter was set for a public hearing of the City Council to be held at 5:30 p.m. on June 12, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at which date and time said duly noticed public hearing of the Council was held for the purpose of receiving public comment on the proposed parking rates,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. GARAGE PARKING FACILITIES.

(a) The following municipal garage parking facilities are hereby established:

(1) Eleventh Street Garage (Lot 28) west side of 11th Street between I and J Streets;

(2) Ninth Street Garage (Lot 43) west side of 9th Street between K and L Streets;

(3) Tenth Street Garage (Lot 44) west side of 11th Street between J and K Streets.

(b) Vehicular parking on said parking facilities shall be controlled and regulated as follows:

(1) From 6:00 a.m. to 6:00 p.m., seven days per week, the rate of One and no/100ths dollar ($1.00) per hour or fraction thereof, unless validated in accordance with the provisions of Section 3-2.1604 of the Modesto Municipal Code.

(2) From 6:00 p.m. to 6:00 a.m., seven days per week, the rate of Five and no/100ths dollars ($5.00) per evening, unless validated in accordance with the provisions of Section 3-2.1604 of the Modesto Municipal Code.

(c) The price for validation stamps to be used with the validation system on said garage parking facilities, as provided by Section 3-2.1604 of the Modesto Municipal Code, shall be $107.00 for a book of one hundred (100) stamps.

(d) The Parks, Recreation and Neighborhoods Director may designate spaces in said garage parking facilities for the free parking of bicycles. When appropriate signs are erected, bicycles may be parked in such areas without charge.

(e) Monthly parking passes may be authorized by the Parks, Recreation and Neighborhoods Director at said garage parking facilities when it does not encroach on the needs of commercial parking and/or other parking agreements. The monthly charges for such passes for the three parking garages (Lots 28, 43 and 44) shall be Sixty and no/100ths dollars ($60.00) for 2007; Sixty-two and no/100th dollars ($62.00) for 2008; Sixty-four and no/100th dollars ($64.00) for

2009; Sixty-six and no/100th dollars ($66.00) for 2010; Sixty-eight and no/100th dollars ($68.00) for 2011; Seventy and no/100th dollars ($70.00) for 2012; Seventy-two and no/100th dollars ($72.00) for 2012; Seventy-four and no/100th dollars ($74.00) for 2013, Seventy-six and no/100th dollars ($76.00) for 2014; Seventy-eight and no/100th dollars ($78.00) for 2015; and, Eighty and no/100th dollars ($80.00) for 2015.

(f) From time to time, the promoters of special events have the need to use the entire first floor of the Eleventh Street parking garage for their events. The charges for such "buy-out" rentals shall be Two hundred Twenty-five and no/100th dollars ($225.00), per twenty-four (24) hour period or portion there of.

(g) In order to accommodate patrons who are unable to locate a parking space, a twenty (20) -minute free, grace period shall be allowed.

SECTION 2. SURFACE PARKING LOTS.

(a) For the purposes of this section, municipal off-street parking facilities shall be defined as those that are equipped with automated collection devices and/or are staffed. Parking lots described in Section 3. below shall be excluded.

(b) Vehicular parking on said parking facilities shall be controlled and regulated as follows:

(1) From 6:00 a.m. to 6:00 p.m., seven days per week, the rate of One and no/100ths dollar ($1.00) per hour or fraction thereof, unless validated in accordance with the provisions of Section 3-2.1604 of the Modesto Municipal Code.

(2) From 6:00 p.m. to 6:00 a.m., seven days per week, the rate of Five and no/100ths dollars ($5.00) per evening, unless validated in accordance with the provisions of Section 3-2.1604 of the Modesto Municipal Code.

(c) The price for validation stamps to be used with the validation system on said garage parking facilities, as provided by Section 3-2.1604 of the Modesto Municipal Code, shall be $107.00 for a book of one hundred (100) stamps.

(d) The Parks, Recreation and Neighborhoods Director may designate spaces in said parking facilities for the free parking of bicycles. When appropriate signs are erected, bicycles may be parked in such areas without charge.

(e) Monthly parking passes may be authorized by the Parks, Recreation and Neighborhoods Director or any surface parking lot when it does not encroach on the needs of commercial parking. The monthly charges for such passes shall be Sixty and no/100ths dollars ($60.00) for 2007; Sixty-two and no/100th dollars ($62.00) for 2008; Sixty-four and no/100th dollars ($64.00) for 2009; Sixty-six and no/100th dollars ($66.00) for 2010; Sixty-eight and no/100th dollars ($68.00) for 2011; Seventy and no/100th dollars ($70.00) for 2012; Seventy-two and no/100th dollars ($72.00) for 2012; Seventy-four and no/100th dollars ($74.00) for 2013, Seventy-six and no/100th dollars ($76.00) for 2014; Seventy-eight and no/100th dollars ($78.00) for 2015; and, Eighty and no/100th dollars ($80.00) for 2015.

(f) Recreational Vehicles (RVs) may be allowed to park on surface lots as designated by the Parks, Recreation and Neighborhoods Director. The charges per twenty-four (24) hour period, or portion thereof, shall be Twenty and no/100ths dollars ($20.00).

(g) Buses and commercial trucks may be allowed to park on surface lots as designated by the Parks, Recreation and Neighborhoods Director. The charges per twenty-four (24) hour period, or portion thereof, shall be Thirty and no/100ths dollars ($30.00).

(h) From time to time, the promoters of special events have the need to use an entire surface lot for their event. The charges for such "buy-out" rentals shall be Six Hundred Fifteen and no/100th dollars ($615.00) for the surface lot at 10th and H (123 spaces); Three Hundred Thirty and no/100th dollars ($330.00) for the surface lot at 9th and I (66 spaces); Two Hundred Fifteen and no/100th dollars ($215.00) for the surface lot at 9th and J (43 spaces); Two Hundred Twenty-five and no/100th dollars ($225.00) for the first floor of the Eleventh Street garage (45 Spaces); and Seven Hundred Fifty and no/100th dollars ($750.00) for the Centre Plaza surface lot (150

spaces). In addition, a discount of $1 per space shall be provided at the Centre Plaza lot when the rental of the Centre Plaza lot is in conjunction with an event at the Modesto Centre Plaza. In that case, the rate will be Six Hundred and no/100th dollars ($600.00), with Seventy-five and no/100th dollars ($75.00) of that amount going to the Centre Plaza operating fund.

(i) Additional surface parking facilities and/or hours of operation, including weekends may be authorized by the Parks, Recreation and Neighborhoods Director as appropriate to meet parking needs, comply with existing agreements, or allow for collection of fees for special events.

SECTION 3. FREE PARKING LOTS.

(a) The following municipal off-street parking facilities shall be free parking lots:

(1) Lot 13, north side of H Street between 15th and 16th Streets (Modesto Stanislaus Library);

(2) Lot 15, east side of 11th Street between F and G Streets (north of Fire Station #1); and

(3) Lot 16, east side of 11th Street between F and G Streets (south of Fire Station #1).

SECTION 4. DISABLED PERSONS. Notwithstanding any other provision of this resolution, disabled persons, as defined in Section 22511.5 of the California Vehicle Code, displaying a distinguishing license plate or distinguishing placard issued pursuant to Section 22511.5 of the California Vehicle Code may park free in any of the municipal off-street parking facilities specified in this resolution, except in reserved parking spaces.

SECTION 5. JURY PARKING. Persons ordered to appear for jury duty may park exclusively in the following municipal off-street parking facility in compliance with the fees and regulations specified in this resolution:

(1) Lot 10, exclusive all day, east side of 8th Street between I and K streets.

SECTION 6. The Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

SECTION 7. Effective July 1, 2006, the gross revenue sharing between the Parking Services Division and the Modesto Police Department for evening revenue at the Eleventh Street parking garage is hereby eliminated.

SECTION 8. EFFECTIVE DATE. This resolution shall go into effect and be in full force and operation on and after June 13, 2007.

SECTION 9. RESCIND. Resolution No. 2007-086 is hereby rescinded effective at midnight on June 12, 2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-360

A RESOLUTION SUPPORTING SENATE BILL 286 (LOWENTHAL/DUTTON) WHICH DEFINES AN ALLOCATION SCHEDULE FOR THE $2 BILLION FOR CITIES AND COUNTIES

WHEREAS, In November, 2006, California voters overwhelmingly approved Proposition 1B, a $19.9 billion state bond for transportation improvements, and

WHEREAS, The Assembly and Senate Budget Subcommittees on Transportation made their recommendations for the allocation of the $2 billion included in Proposition 1B for cities and counties (split evenly at $1 billion each), and

WHEREAS, The Senate recommendation provides $400 million, split evenly between cities and counties. This represents just 20 percent of cities' guaranteed allocation, and

WHEREAS, The Assembly recommendation is consistent with the Governor's May Budget Revision, which allocates $600 million, split evenly between cities and counties, and

WHEREAS, The issue now goes to the Budget Conference Committee where the Assembly and Senate proposals will be debated and reconciled, and

WHEREAS, Legislators are urged to support a $1 billion appropriation for cities in FY 2007/08 from the Proposition 1B account for local streets and roads, and

WHEREAS, The League of California Cities is asking for cities to pass a resolution in support of SB286 and full funding of Proposition 1B Local Streets and Roads, as the decisions for funding levels are being determined now, and

WHEREAS, This bill guarantees that every city will receive at least half of their Proposition1B funds to spend in the next two fiscal years (the 2007-08 Proposition 42 "gap" year and 2008-09), and

WHEREAS, Securing this funding is extremely important for cities. Cities will not receive any Proposition 42 (gasoline sales tax) funds for local streets and roads during the FY 2007/08, and

WHEREAS, Cities can use these Proposition 1B funds immediately for improvements to local transportation facilities that will repair and rehabilitate local streets and roads, reduce local traffic congestion, improve traffic flow, or increase traffic safety.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves supporting Senate Bill 286 (Lowenthal/Dutton) which defines an allocation schedule for the $2 billion for cities and counties.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-361

A RESOLUTION ADOPTING RUN-OFF ELECTION PROCEDURES AND DIRECTING THE CITY CLERK TO FOLLOW THE PROCEDURES IN CONDUCTING ANY REQUIRED RUN-OFF ELECTION FOLLOWING THE REGULAR MUNICIPAL ELECTION IN NOVEMBER, 2007, AND DIRECTING THE CITY ATTORNEY TO FILE AN ACTION IN SUPERIOR COURT IN THE EVENT THAT THE DECEMBER, 2007 RUN-OFF ELECTION "FAILS"

WHEREAS, after considering the options of whether the County Clerk-Recorder or the City Clerk should conduct the December 11, 2007 run-off election, the Finance Committee at its May 21, 2007 meeting recommended to the City Council that the City Clerk conduct the run-off; and

WHEREAS, the City Council adopted Resolution No. 2007-317 directing the City Clerk to conduct the December 11, 2007 run-off election, and

WHEREAS, the City Council authorized a contract with Martin & Chapman for election services to assist the City Clerk in conducting the 2007 run-off election; and

WHEREAS, it is prudent and necessary for the City Council to approve run-off election procedures to guide the City Clerk in conducting the December run-off election in the event one is necessary.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the run-off election procedures set forth in the staff report to the City Council dated June 26, 2007, are hereby adopted and the City Clerk is authorized and directed to follow said procedures in conducting the run-off election, and further, the City Attorney is directed to file the litigation described in said staff report in the event the December, 2007, run-off election "fails." (A copy of the staff report is attached as Exhibit "A" and incorporated herein by reference.)

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

CITY OF MODESTO COUNCIL AGENDA REPORT	COUNCIL MEETING: Date of Meeting 6/26/07

Date: 6/2/07

TO: Mayor and City Council

FROM: Jean Morris, City Clerk

SUBJECT: December 2007 Run-Off Election

CONTACT: Jean Morris, jmorris@modestogov.com, (209) 577-5396

RECOMMENDED COUNCIL ACTION

1. Resolution approving run-off election procedures and directing the City Clerk to follow the procedures in conducting any required run-off election following the regular municipal election in November 2007, and directing the City Attorney to file an action in Superior Court to do the following in the event that the December 2007, run-off election "fails;" (1) obtain an order prohibiting the City Clerk from canvassing the December 11, 2007 run-off election, (2) declare the December 11, 2007, run-off election nullified, and (3) request the Court to retain jurisdiction until the run-off election results are certified.

2. Resolution calling for a special election to be held on January 29, 2008 for the purpose of holding a run-off election that might otherwise have been held on December 11, 2007 in the event the December 11, 2007, run-off election "fails."

BACKGROUND

The City Council has directed the City Clerk to conduct the December 11, 2007 run-off election.

The County Clerk-Recorder will be conducting the November 6, 2007 Municipal Election and it is anticipated that the office will use the entire 28-day canvassing period allowed under the law for that election. In the event the full 28-day period allowed by law is utilized, there will not be sufficient time to mail the run-off ballots to voters 10 days prior to the run-off date as required by the Elections Code. It is therefore recommended that the City Council approve the following run-off election procedures:

SELECTION OF RUN-OFF CANDIDATES:

- Establish November 16, 2007, at 5:00 p.m. as the date and time when the top two candidates will be chosen for purposes of printing the run-off ballots in those races where it appears that a run-off will be necessary. In those races where any candidate has more than 50% of the votes cast as of that date and time, no run-off ballots will be printed. The determinations provided for in this paragraph will be made based on the vote tabulation printed by the County Elections Office at that date and time.

- Immediately after the above determinations have been made pursuant to these procedures, the City Clerk shall cause the necessary ballots to be printed.

- Prior to November 16, 2007, the City shall have caused the necessary mail ballot envelopes and any other election supplies to have been printed utilizing the services of the election supplier previously chosen by the City Council as set forth in Resolution No. 2007-318.

- In the event the County Clerk-Recorder does not utilize the full 28-day canvassing period and the certified election results show that the incorrect names were chosen pursuant to the procedure set forth above, then the following action shall be taken depending on at what point in the process the canvass is made:

    - If the canvass is made prior to the mailing of the ballots then, provided there is sufficient time in the opinion of the election supplier, the City Clerk shall request an emergency reprint and incur any necessary additional cost and mail out the reprinted ballots prior to the 10-day deadline mandated by state law, or if there is not sufficient time to meet the 10-day deadline, the election shall be deemed to have "failed" and the City Attorney shall proceed with the litigation outlined below.

    - If the canvass of the County Clerk-Recorder shows that the incorrect names were chosen pursuant to the procedure outlined above and the ballots have already been mailed, then the run-off shall be deemed to have "failed," and the City Attorney shall proceed with the litigation outlined below.

LITIGATION:

- In the event said run-off is deemed to have "failed" pursuant to these procedures, then the City Attorney is hereby directed to file an action in Superior Court to do the following:

    - Obtain an order prohibiting the City Clerk from canvassing the December 11, 2007, run-off election.

    - Declare the December 11, 2007, run-off election nullified.

    - Request the Court to retain jurisdiction until the run-off election results are certified

DECISION TREE:

- Pursuant to these procedures there are two (2) possible scenarios which are summarized in the attached "Decision Tree."

- Pursuant to the procedures set forth above, if the City Clerk has printed and mailed ballots with incorrect names chosen, it will be necessary to call a special election for the purpose of holding the run-off. The agreed upon date to hold an election with Martin and Chapman is January 29, 2008. This date will allow adequate time to reprint and mail new ballots. It is recommended that the City Council adopt such a resolution now on condition that it not be effective unless the circumstances described above occur.

In the past, in order to avoid allegations of conflict of interest, it has been recommended that Councilmembers running for re-election abstain from voting on this matter. The precedent for this is the fact that Councilmembers Friedman and Smith abstained during actions taken related to the "failure" of the 2001 run-off election, Mayor Sabatino and Councilmember Conrad abstained from voting on this matter during actions related to the 2003 run-off election, and Councilmembers Jackman, Keating and O'Bryant abstained from voting on this matter during actions related to the 2005 run-off election. However, in this election year if all four incumbents run for re-election and abstain from voting on this issue, there will not be a quorum of the Council. Therefore, it is recommended that all Councilmembers, incluing the Mayor, vote on this item.

FISCAL IMPACT

If a special run-off election is required in January it is estimated that an additional $172,000 will be needed to cover costs.

STEPS FOLLOWING APPROVAL

These procedures will be forwarded to Martin & Chapman and the County Clerk-Recorder.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-362

A RESOLUTION CALLING FOR A SPECIAL ELECTION TO BE HELD ON JANUARY 29, 2007 FOR THE PURPOSE OF HOLDING A RUN-OFF ELECTION THAT WAS PREVIOUSLY SCHEDULED FOR DECEMBER 11, 2007

WHEREAS, in the event the December run-off election "fails," it will be necessary to reschedule the run-off election; and

WHEREAS, the City Council determines that the run-off election should be held on the 5th Tuesday in January 2008.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. That the City Council orders the City Clerk to submit the run-off election previously scheduled for December 11, 2007, to the voters on January 29, 2008.

2. The City Council hereby requests Martin & Chapman to provide election services for the purpose of holding a run-off election that was previously scheduled for December 11, 2007, to elect members of Council for the Mayor, Chairs 1, 3 and 6.

3. That the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

4. This resolution shall only be effective in the event incorrect names for the run-off ballots were chosen; and, the Superior Court issues an Order prohibiting the City Clerk from canvassing the December 11, 2007, run-off election; and, the Superior Court issues an Order nullifying the December 11, 2007, run-off election.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

A RESOLUTION AMENDING THE
FISCAL YEAR 2006-2007ANNUAL BUDGET

WHEREAS, a monthly financial analysis has been completed and it has been determined that certain adjustments are required to the Annual Budget of the City of Modesto for the Fiscal Year 2006-2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that appropriations, revenues, and transfers for the 2006-2007 budget have been adjusted as shown on the Budget Request form(s).

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following votes:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-364

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE FURNISHING OF DIGESTER CLEANING SERVICES FOR THE PUBLIC WORKS DEPARTMENT, WATER QUALITY CONTROL DIVISION (WQC) TO WASTEWATER SOLIDS MANAGEMENT, INC. OF YACHATS, OR, FOR A TWO (2) YEAR AGREEMENT, WITH THREE (3) ONE-YEAR EXTENSION OPTIONS, AT THE SOLE DISCRETION OF THE CITY, FOR AN ESTIMATED ANNUAL COST OF $29,200

WHEREAS, the Public Works Department, Water Quality Control Division has requested the cleaning of digesters, and

WHEREAS, digesters are utilized to reduce the volume of organic waste that is removed from the waste water in the Primary clarifiers, and

WHEREAS, cleaning of digesters removes solids that will not break down in the digestion process, such as sand and plastic, and

WHEREAS, cleaning of anaerobic digesters is standard operating procedure for all wastewater treatment plants, and

WHEREAS, on May 23, 2006, Council approved Resolution No. 2006-310 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for the furnishing of digester cleaning services, for the Public Works Department, Water Quality Control Division (WQC), and

WHEREAS, on March 20, 2007, the Purchasing Division issued Request for Bid No. 0607-06 for the furnishing of digest cleaning services to eight (8) prospective bidders, none of which were local companies, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, on May 1, 2007, RFB's were formally opened in the CITY Clerk's office, and

WHEREAS, of the eight (8) prospective bidders, two (2) companies chose to respond, of which one was a "No Bid", and

WHEREAS, based on receiving a responsive and responsible bid, City staff recommends the award of bid and contract for digester cleaning services to Wastewater Solids Management, Inc. of Yachats, OR, for a two (2) year agreement, with three (3) one-year extension options, at the sole discretion of the City, and

WHEREAS, Modesto Municipal Code 8-3.203, generally requires all purchases, which meet or exceed $50,000 for materials, equipment or contractual services to be formally bid, and

WHEREAS, the award of bid and contract for the purchase of digest cleaning services conforms to Modesto Municipal Code, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase of digester cleaning services for the Public Works Department, Water Quality Control Division (WQC) to Wastewater Solids Management, Inc. of Yachats, OR, for a two (2) year agreement, with three (3) one-year extension options, at the sole discretion of the City, for a total estimated annual cost of $29,200.

BE IT FURTHER RESOLVED that the Purchasing Manager is herby authorized to issued a purchase agreement for the furnishing of digester cleaning services for the Public Works Department, Water Quality Control Division (WQC) to Wastewater Solids Management, Inc. of Yachats, OR, for a two (2) year agreement, with three (3) one-year extensions, at the sole discretion of the City, for an annual total estimated cost of $29,200.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-365

RESOLUTION APPROVING TWO (2) ANNUAL RETAIL ADVERTISING CONTRACTS WITH THE MODESTO BEE (MCCLATCHY NEWSPAPER GROUP), TO COINCIDE WITH THE FISCAL YEAR CALENDAR, CONSISTING OF, ONE (1) CONTRACT FOR A RETAIL NON-PROFIT "NO-COMMITMENT" ADVERTISING RATE OF $51.68 PER COLUMN INCH AND THE OTHER CONTRACT FOR A "12X COMMITMENT" BUSINESS PACKAGE ADVERTISING PLAN "D", AT A STANDARD AD SIZE AVERAGE RATE OF $31.25 PER COLUMN INCH AND AUTHORIZING THE CITY MANAGER TO EXECUTE BOTH CONTRACTS

WHEREAS, the City of Modesto is currently using the Modesto Bee (McClatchy Newspaper Group) as its primary advertising source for its advertising requirements, and

WHEREAS, the advertising services are required for classified and legal advertisements as required by law, and for retail advertisements for public information purposes, and

WHEREAS, in May of 2002 Council directed staff to consolidate the procurement of advertising through a central source in order to obtain the best contractual pricing available for the City, and

WHEREAS, Council has also requested that the annual retail advertising contracts be put in place to coincide with the fiscal year calendar, and

WHEREAS, the City's Purchasing Manager annually meets with the Modesto Bee and based on advertising volume commitments over the prior year identifies two (2) retail contract options which would best meet the City's retail advertising needs, and

WHEREAS, in June of 2005 staff went before Council with a recommendation to approve two (2) annual retail advertising contracts with the Modesto Bee to coincide with the fiscal year calendar, and

WHEREAS, in June of 2005, by Resolution No. 2005-322, Council approved both contracts and authorized the City Manager to sign the retail advertising contracts, and

WHEREAS, both retail contracts will expire on June 30, 2007, and

WHEREAS, staff once again met with the Modesto Bee to discuss what contract renewal options would be available to the City, and

WHEREAS, the Modesto Bee has agreed to renew both retail advertising contracts for another year based on the fiscal year calendar, and

WHEREAS, a price increase associated with the contract renewal will put the "non-profit no-commitment" contract rate at $51.68 per column inch, and

WHEREAS, this year the "12x -commitment business package" rate will once again include a single insertion in the Saturday Shopper and Vida with the average per column inch rate of $31.25, and

WHEREAS, the Purchasing Manager has determined that a process other than the formal bid procedure will result in a procurement of advertising for the City at the lowest cost commensurate with the desired quality, as provided for in MMC 8-3.204(d), and

WHEREAS, once signed, both advertising contracts shall be implemented and tracked by the City's Purchasing Manager, and with the City's Public Information Technician assisting departments with their advertising needs,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves two (2), twelve (12) month retail advertising contracts with the Modesto Bee (McClatchy Newspaper Group), to coincide with the fiscal year calendar, consisting of one contract for a retail "no-commitment" non-profit rate of $51.68 per column inch and the other contract for a "12x-commitment" business package advertising plan "D" at an average rate of $31.25 per column inch, based on a standard 2x5 inch ad size run three (3) times in the Bee, combined with one-time insertions in both the Saturday Shopper and Vida as outlined in plan "D".

BE IT FURTHER RESOLVED that the City Manager or his designee, is hereby authorized to execute the contracts.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

RESOLUTION APPROVING AN AGREEMENT WITH THE DANCE ACADEMY FOR A MODIFIED PARKING FEE STRUCTURE AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, staff from the Parks, Recreation and Neighborhoods Department received a request from The Dance Academy to modify parking rates after 6:00 p.m., and

WHEREAS, the current $5.00 flat rate after 6:00 p.m. will have a negative impact on business at The Dance Academy, and

WHEREAS, staff recommends entering into an agreement with The Dance Academy for a modified fee structure that will enable the City to capture the cost of maintaining the garage while providing a reasonable alternative to The Academy, and

WHEREAS, Resolution No. 2007-359 defines parking fees, where modification of these fees requires City Council approval,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Council hereby approves the agreement between The Dance Academy and the City of Modesto for a modified parking fee structure.

BE IT FURTHER RESOLVED that the City manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

CITY OF MODESTO
NO. 2724

~~April 2006~~
June 2007

COMPOST FACILITY SUPERVISOR

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are **not** intended to reflect all duties performed within the job.

DEFINITION

To assign and supervise the work of crews engaged in compost site operations, maintenance, repair and/or construction work; and to provide staff assistance to higher-level management staff.

SUPERVISION RECEIVED AND EXERCISED

Receives direction from higher level supervisory and management staff.

Exercises direct supervision over compost facility staff.

May provide supervision to technical support staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS

Essential and other important responsibilities may include, but are not limited to, the following:

Essential Functions:

Plan, prioritize, assign, supervise, and review the work of staff involved in the operations, maintenance, repair and construction of City compost facility activities, infrastructure, equipment, grounds, and land.

Assist in estimating and scheduling work to be done and in determining type and quantities needed for such work.

Assist in project management.

Develop and maintain preventative maintenance, asset and equipment inventory programs.

Supervise the use of special equipment involved in composting.

Maintain accurate and up-to-date records and conduct monitoring and testing programs as required by state and federal laws and regulations.

Essential Functions: (Continued)

Coach and evaluate subordinate staff on work performance.

Evaluate composting operations and activities, recommend improvements and modifications; prepare various reports on operations, maintenance, and activities.

Assist in developing and administering work unit and/or Division budget.

Participate in the selection of staff; provide or coordinate staff training; work with employees to correct deficiencies; implement discipline procedures.

Answer questions and provide information to the public; investigate complaints and recommend corrective action as necessary to resolve complaints.

Coordinate work unit safety program including ensuring that training is provided as appropriate.

Provide training for staff in the full range of compost facility operations, maintenance, repair, and construction.

Oversee operation of a full range of heavy and light equipment as needed such as grinders, screens, windrow turners, backhoes, loaders, dump trucks, and various trucks.

Provide technical advice and assistance to subordinate staff.

Maintain time, material, and equipment use records.

Requisition supplies and materials.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Materials, methods, practices, equipment and elements of compost facility operations.

Types and level of operations, maintenance and repair activities generally performed in a compost operation.

Knowledge of: (Continued)

Principles of supervision, training, and performance evaluation.

Safe work practices.

Pertinent sections of health & safety, labor codes, and state and federal laws and regulations pertaining to compost facility operations.

Word processing and spreadsheet applications, and Internet usage necessary for job performance.

Report writing.

Cost accounting.

Ability to:

Plan, estimate, direct, coordinate, schedule and review the work of others.

Operate and maintain equipment and tools used in the field.

Identify and implement effective courses of action to complete assigned work.

Keep records and make reports.

Supervise, train and evaluate assigned staff.

Communicate clearly and concisely, both orally and in writing.

Establish and maintain cooperative-working relationships with those contacted in the course of work.

Coordinate work assignments with other divisions, departments, agencies and volunteer groups.

Experience and Training Guidelines:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Five years of increasingly responsible experience ~~performing compost facility operations, construction, repair and maintenance work,~~ involving solid waste, recycling, or composting program operations or related construction, repair and maintenance work, including two years of supervisory or four years of lead or journey responsibility. Related experience in compost facility operations is highly desirable.

Training:

Equivalent to completion of the twelfth grade.

License or Certificate:

Possession of an appropriate valid California Drivers License.

~~Possession of a valid Class A or Class B Commercial California Driver's License with specific endorsements, as assigned, is required within 45 days of appointment. Failure to obtain the required license may result in release from probation or termination.~~

~~When assigned, possession of a valid crane operators certificate, issued by the National Commission of Crane Operators is required within six months of assignment.~~

~~WORKING CONDITIONS~~

~~Environmental Conditions:~~

~~Field environment, hot and cold temperatures, and inclement weather; exposure to noise, dust, grease, smoke, fumes, gasses and potentially hazardous chemicals; work with wastewater bio-solids.~~

~~Physical Conditions:~~

~~Essential and marginal functions may require maintaining physical condition necessary for walking or standing for prolonged periods of time, and operating vehicles.~~

PHYSICAL AND MENTAL REQUIREMENTS

Mobility: occasional performance of manual labor; frequent standing for long period of time; frequent bending and squatting. **Lifting**: frequent lifting up to 50 pounds; occasional lifting up to 75 pounds. **Vision**: constant use of overall

vision. **Dexterity**: frequent grasping, holding, and reaching. **Hearing/Talking**: frequent hearing and talking in person. May be required to wear ear protection or hear in noisy conditions. **Emotional/ Psychological**: frequent coworker contact; occasional working alone. **Environmental:** frequent exposure to loud noise; frequent exposure to chemicals, fumes, and other environmental substances.

WORKING CONDITIONS

Work is performed in a typical outdoor environment on a year-round basis subject to typical street or field noise and environment including exposure to loud equipment and machinery; exposure to exposure to noise, dust, grease, smoke, fumes, gasses, wastewater biosolids and potentially hazardous chemicals. Some positions may be assigned to remote locations. Positions may require occasional overtime or weekend work and travel is rare.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-369

RESOLUTION APPROVING AN AGREEMENT WITH SYLVAN UNION SCHOOL DISTRICT IN THE AMOUNT OF $50,293 FOR THE PROVISION OF ONE HALF OF A MODESTO POLICE OFFICER/SCHOOL RESOURCE OFFICER (SRO) SALARY AND BENEFITS TO PROVIDE DIRECT LAW ENFORCEMENT SERVICES, EXPERTISE AND TRAINING, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Sylvan Union School District (District) requires one Modesto Police Officer/School Resource Officer (SRO) to provide direct law enforcement services, Campus Supervisor training, in services, and consultations with site staff and District administrators, and liaison between Modesto Police Department and Sylvan Union Schools, and

WHEREAS, the Modesto Police Department can provide a specially trained, uniformed police officer and take any enforcement action at the school site, if warranted, and

WHEREAS, the officer's presence with the students provides mentoring and protection of youth in our community, and

WHEREAS, the term of this agreement is August 27, 2007 to June 6, 2008, and

WHEREAS, District and Modesto Police Department would like to continue the 50/50 partnership to share the cost to fund a Modesto Police Officer/SRO at the schools in the District, and

WHEREAS, District will reimburse the City of Modesto $50,293 for the services of one half a Modesto Police Officer's salary and benefits,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement between the City of Modesto and the Sylvan Union School District in the amount of $50,293 for the provision of one-half of a Modesto Police Officer/School Resource Officer salary and benefits to provide direct law enforcement service, expertise and training.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

RESOLUTION NO. 2007-374

RESOLUTION APPROVING A PUBLIC IMPROVEMENT AGREEMENT BETWEEN THE CITY OF MODESTO AND CARMAX, FOR THE INSTALLATION OF 815 LINEAL FEET OF INTERIM STREET IMPROVEMENTS IN THE ESTIMATED AMOUNT OF $374,342.97 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, CARMAX ("Developer"), is in the process of developing a commercial property located at the northeast corner of McHenry Avenue and Claratina Avenue, commonly known as CARMAX, and

WHEREAS, in connection with the development of said CARMAX, Developer is required to install frontage street improvements and appurtenances thereto, located at the northeast corner of McHenry Avenue and Claratina Avenue ("Improvements"), and

WHEREAS, Development Standards 2 and 3 associated with Stanislaus County Planning Commission development standards rezone Application No. 2005-15, as amended, requires that the Developer construct and dedicate to City certain curb, gutter, sidewalk and street improvements along the Claratina Avenue frontage, and

WHEREAS, Development Standards 3 and 5 associated with Stanislaus County Planning Commission development standards rezone Application No. 2005-15, as amended, requires that the Developer file certain securities to secure the construction and dedication obligations with respect to said Improvements,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Public Improvement Agreement between the City of Modesto and CARMAX related to the securities for the installation of 815 lineal feet of interim street improvements in the estimated amount of $374,342.97.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-375

RESOLUTION AMENDING THE FISCAL YEAR 2007 OPERATING BUDGET APPROVING THE APPROPRIATION OF $125,000 FROM THE GAS TAX RESERVE TO FUND 0700-160-1605 IN ORDER TO FULLY FUND ELECTRICAL UTILITY COSTS FOR FISCAL YEAR 2006/2007, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE APPROPRIATION IN THE AMOUNT OF $125,000

WHEREAS, Electrical Utility costs within the City of Modesto have increased over the course of the past two calendar years, and

WHEREAS, the City of Modesto experienced new building growth, adding more street lights and traffic signals into our utility system, and

WHEREAS, the increase experienced this fiscal year is estimated to be $125,000 over our utilities budget, and

WHEREAS, the Finance Committee at their June 25, 2007, meeting reviewed and concurs with staff's recommendation to amend the Fiscal Year 2007 Operating Budget approving the appropriation of $125,000 from the Gas Tax Reserve to Fund 0700-160-1605 in order to fully fund Electrical Utility costs for the remainder of Fiscal year 2006/2007, and

WHEREAS, existing policy requires City Council approval to appropriate funds from reserve to the Operating Budget,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2007 Operating Budget approving the appropriation of $125,000 from the Gas Tax Reserve to Fund 0700-160-1605 in order to fully fund the Electrical Utility costs for the remainder of Fiscal Year 2006/2007.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the appropriation in the amount of $125,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-376

RESOLUTION ACCEPTING RELINQUISHMENT OF CALIFORNIA DEPARTMENT OF TRANSPORTATION RIGHT OF WAY TO THE CITY OF MODESTO FOR THE "CONSTRUCTION OF THREE DEDICATED RIGHT-TURN LANES AT: 1) SISK ROAD ONTO CARPENTER ROAD OVERPASS, 2) CARPENTER ROAD OVERPASS ONTO NORTHBOUND ROUTE 99 ON-RAMP, 3) ORANGEBURG AVENUE ONTO BRIGGSMORE AVENUE" PROJECT

WHEREAS, in Fiscal Year 2005, Congestion Mitigation and Air Quality (CMAQ) grants became available to reduce pollution and improve air quality, and

WHEREAS, Council authorized staff to take this opportunity to capture federal dollars for our local projects, and

WHEREAS, the "Construction of Three Dedicated Right-turn Lanes at: 1) Sisk Road Onto Carpenter Road Overpass, 2) Carpenter Road Overpass Onto Northbound Route 99 On-ramp, 3) Orangeburg Avenue Onto Briggsmore Avenue," project along with other projects was eligible for the CMAQ grant, and

WHEREAS, construction will occur on previously disturbed areas within local agency and California Department of Transportation right of way, including the drainage basin located between Sisk Road and State Route 99, and

WHEREAS, the roadway will be re-striped to accommodate the right-turn lanes, and

WHEREAS, the City of Modesto currently maintains the slope from Sisk Road into the drainage basin, and

WHEREAS, the California Department of Transportation desires to relinquish to the City of Modesto the slope within California Department of Transportation's right of

way with the widening of Sisk Road for the right-turn lane, in conformance with Section 73 of the Streets and Highways Code, and

WHEREAS, the City of Modesto desires to accept from the California Department of Transportation, the Relinquishment of said slope from Sisk Road into the drainage basin to keep maintaining this slope under the City's care.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby consents to accept from the California Department of Transportation the relinquishment of right of way for the "Construction of Three Dedicated Right-turn Lanes at: 1) Sisk Road Onto Carpenter Road Overpass, 2) Carpenter Road Overpass Onto Northbound Route 99 On-ramp, 3) Orangeburg Avenue Onto Briggsmore Avenue," project.

BE IT FURTHER RESOLVED that the execution of this resolution constitutes a waiver of the ninety (90) days "Notice of Intent to Relinquish" required in Section 73 of the Streets and Highway Code of the statutes related to the California Department of Transportation for superseded streets.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-377

RESOLUTION INCREASING THE PUBLIC WORKS DIRECTOR'S AUTHORITY TO ISSUE CHANGE ORDERS ON THE "ROSE/CELESTE SEWER LIFT STATION PROJECT" FROM 8 PERCENT ($120,470.00) TO 12.1 PERCENT ($181,731.62) OF THE ORIGINAL CONTRACT PRICE WITH PRESTON PIPELINES, INC.

WHEREAS, on March 14, 2006, the City Council awarded a $1,505,875.00 contract to Preston Pipeline, Inc., to construct the "Rose/Celeste Sewer Lift Station" project, and

WHEREAS, the contractor started work on May 22, 2006, and

WHEREAS, additional work not included in the original bid needed to be added to the project to allow completion of the new sewer lift station, and

WHEREAS, the cost of the extra work was estimated to be as high as $181,731.62, an amount which exceeded the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443 on July 19, 1994, and

WHEREAS, the Director currently has authority to approve change orders up to a cumulative amount of $120,470.00,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby increases the Public Works Director's authority to issue change orders on the project entitled "Rose/Celeste Sewer Lift Station" from 8 percent ($120,470.00) to 12 .1 percent ($181,731.62) of the original contract price with Preston Pipelines, Inc.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-378

RESOLUTION AMENDING THE FY 2006-2007 CAPITAL IMPROVEMENT BUDGET TO: APPROPRIATE $60,235.00 FROM WASTEWATER RESERVES TO PROJECT ACCOUNT NUMBER 6210-430-B490-6050, ROSE/CELESTE SEWER LIFT STATION, THEREBY FULLY FUNDING THE PROJECT TITLED "ROSE/CELESTE SEWER LIFT STATION PROJECT"

WHEREAS, on March 14, 2006, the City Council awarded a $1,505,875.00 contract to Preston Pipelines, Inc., to replace the existing lift station at the Rose Avenue and Celeste Drive intersection, and

WHEREAS, extra work was required to achieve a completed project that was not anticipated at the start of construction, resulting in added construction costs not originally provided for in the project account, and

WHEREAS, the items of work now need to be added to the contract by change order, and

WHEREAS, a shortage of funds will occur once the change orders are executed, and

WHEREAS, the shortage resulted in additional funds being required to fully fund the project,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the FY 2006-2007 Capital Improvement Budget to appropriate $60,235 from Wastewater Reserves to project account number 6210-430-B490-6050, Rose/Celeste Sewer Lift Station, thereby fully funding the project titled "Rose/Celeste Sewer Lift Station."

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-379

RESOLUTION APPROVING THE PHASES 1A AND 1B TERTIARY WASTEWATER TREATMENT PROJECT PRELIMINARY DESIGN REPORT DATED JUNE 2007 AS COMPLETE

WHEREAS, on February 13, 2007, by Resolution No. 2007-110, the Council approved an Agreement with Carollo Engineers to produce a Preliminary Design Report (PDR) for the Phases 1A and 1B Tertiary Wastewater Treatment Project, and

WHEREAS, the PDR presents a preliminary design for the proposed Phase 1A and 1B improvements, as originally described in the Wastewater Master Plan, and is a key source document for the final project design of Phases 1A and 1B, and

WHEREAS, the PDR provides preliminary engineering drawings of the proposed facilities, estimated project costs, and a projected schedule for implementation, and

WHEREAS, Carollo Engineers has completed the Phases 1A and 1B Tertiary Wastewater Treatment Project Preliminary Design Report,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Phases 1A and 1B Tertiary Wastewater Treatment Project Preliminary Design Report as complete.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-380

RESOLUTION AMENDING SECTIONS 1 AND 2 OF RESOLUTION NO. 80-272 ENTITLED "A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED-DEVELOPMENT ZONE P-D (258)" (FIRST BAPTIST CHURCH)

WHEREAS, Planned Development Zone, P-D(258), was approved by the City Council on March 25, 1980 by Ordinance No. 1930 C-S, which became effective on may 8, 1980, to allow the First Baptist Church Campus assembly, classrooms, offices, housing and parking facilities, property located at the southeast corner of Needham and 11th Streets, and

WHEREAS, City Council Resolution No. 80-272, which was adopted on March 25, 1980, approved the development plan for Planned Development Zone, P-D(258), and contained the conditions of approval thereof, and

WHEREAS, City Council Resolution No. 81-783, which was adopted on September 8, 1981, approved an Amendment to Planned Development Zone, P-D(258), to allow the addition of a radio broadcasting tower atop a re-locatable building on the easterly side of 11th Street, south of Needham Avenue, and

WHEREAS, Planning Commission Resolution No. 83-191, adopted on December 5, 1983, approved an Amendment to Planned Development Zone, P-D(258) for a revised plot plan to allow a new office building and additional parking, and

WHEREAS, Planning Commission Resolution No. 2000-15, adopted on February 7, 2000, approved an Amendment to Planned Development Zone, P-D(258), for a new sign package for the First Baptist Church, and

WHEREAS, a verified application for an amendment to Planned Development Zone, P-D(258), was filed by First Baptist Church on October 10, 2005, to allow the development of a new, three-story, 95,719-square-foot multipurpose building and accessory structures, and

WHEREAS, after a public hearing held on May 21, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2007-20, that the amendment to Planned Development Zone P-D(258), as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed multipurpose building is consistent with the current General Plan land use designation for the site. The site is within the Redevelopment Planned District (RPD) outlined in the Modesto Urban Area General Plan. The land use designation for this site within the RPD is Commercial-Residential-Public (CRP). The land use designation allows for mixed-use developments and the infill of the development area.

2. The proposed multipurpose building is compatible with the adjacent residential and commercial uses. The parcels surrounding the Church are all zoned for commercial uses. The existing commercial uses of the parcels to the north and southwest provide a buffer between the proposed multipurpose building and established neighborhoods.

3. The proposed P-D Amendment furthers goals for the Downtown North Neighborhood District outlined in the Draft Redevelopment Plan, such as development of residential and professional office uses to serve as a transition between the downtown and established residential neighborhoods.

WHEREAS, said matter was set for a public hearing of the City Council to be held on June 26, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of First Baptist Church for an amendment to Planned Development Zone, P-D(258), should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2007-20 and quoted above, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Sections 1 and 2 of Resolution No. 80-272 entitled " A Resolution Approving a Development Plan For Planned-Development Zone P-D(258)" are hereby amended to read as follows:

"SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(258), is hereby approved subject to the following conditions:

1. All development shall conform to the plot plan and elevations titled "First Baptist Church Multipurpose Building" as amended in red, stamped approved by the City Council.

2. All conditions of City Council Resolution Nos. 80-272, 81-783, and Planning Commission Resolution Nos. 83-191 and 2000-15, not in conflict with this resolution shall remain in full force and effect.

3. Prior to occupancy, the applicant shall construct an eight-foot-high wrought-iron-fence with masonry columns along a portion of Needham and 11th Streets, as shown on the stamped approved site plan.

4. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.

5. A six-foot dedication along Needham Street consistent with Standard Specifications shall be made prior to the issuance of a building permit or at any time requested by the City Engineer or designee to alleviate a health, safety, or traffic problem in the area.

6. Prior to issuance of a building permit, improvement plans for required improvements shall be prepared by a Registered Civil Engineer and submitted for approval by the City Engineer or designee. Improvements shall be constructed in accordance with the approved plans.

7. Prior to issuance of a building permit, the developer shall dedicate public utility easements as required by the utility companies and the City Engineer or designee.

8. Electric facilities and overhead lines shall be removed, relocated, or protected as required by the Modesto Irrigation District and the City Engineer or designee. Appropriate easements for electrical facilities shall be granted as required. Relocation or installation of electric facilities shall conform to the District's Electric Service Rules. Costs for relocation and/or undergrounding the District's facilities at the request of others will be borne by the requesting party.

9. Trash bins shall be kept in enclosures in accordance with the approved plan and in accordance with plans approved by the Public Works Director or designee. Enclosures shall be constructed of building materials consistent with those used in the major buildings as approved by the Community and Economic Development Department Director or designee.

10. Trash enclosures shall be of a size and design to permit the storage and removal of required recyclable material receptacles, or a separate enclosure of the collection for recyclable materials shall be provided as approved by the Public Works Director or designee.

11. Trash enclosures shall be bermed to prevent stormwater run-on and graded to drain to adjacent landscape areas as required by the Public Works director or designee.

12. Prior to occupancy, the applicant shall install large boulders at the corner of Needham and 11th Streets as well as decorative bollards along the portion Needham and 11th Streets adjacent to the Children's Play Area, as shown in the plot plan titled "First Baptist Church Multipurpose Building" as amended in red, stamped approved by the City Council, to the satisfaction of the Director of Public Works or designee.

13. Prior to issuance of a building permit, the developer shall show on the plans submitted to Building and Development Services all fire hydrants and Fire Department Connections (FDC) required by the Fire Chief. Fire hydrant spacing and distribution for this zone is 300 feet, not to exceed 150 feet on a street frontage to a hydrant.

All hydrants and FDC's required by the Fire Chief shall be installed and operable prior to construction of any structures.

14. Fire Department Connection (FDC) for automatic fire sprinklers shall be accessible and located within 90 feet of a fire hydrant.

15. The developer shall install automatic fire sprinklers in the proposed multipurpose building and all other buildings over 5,000 sq ft.

16. Prior to issuance of a building permit, a landscaping and irrigation plan shall be approved by the Parks, Recreation and Neighborhood Director or designee. Landscaping and the irrigation system shall be installed and maintained in accordance with the approved plan.

17. Ten-foot-wide public utility easements, and six-foot-wide planting easements located within the ten-foot-wide public utility easements, as required by the City Engineer or designee shall be dedicated along all street frontages.

18. Prior to the issuance of a building permit, the developer shall submit a plan to provide on-site treatment of storm water, as approved by the Public Works Director or designee. Storm drain improvements shall be constructed in accordance with the approved plans.

19. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction in this development shall be based on the rates in effect at time of issuance of the building permit.

20. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction in this development shall be based on the rates in effect at time of issuance of the building permit.

In addition, the following recommended Conditions of Approval are mitigation measures from the Modesto Urban Area General Plan Master Environmental Impact Report that should be applied to the project:

21. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/ suppressant, covered with a tarp or other suitable cover or vegetative ground cover.

22. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut and fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

23. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

24. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions. Use of blower devices is expressly forbidden.

25. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

26. Within urban areas, trackout shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

27. Install wheel washers for all exiting trucks, or wash off all trucks and equipment leaving the site.

28. Suspend excavation and grading activity when winds exceed 20 mph.

29. Limit the area subject to excavation, grading and other construction activity at any one time.

30. The City's Noise Ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

The Noise Ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or Federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

a. A hammer or any other device or implement used to pound or strike an object.

b. An impact wrench or other tool or equipment powered by compressed air.

c. A hand-powered saw.

d. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

e. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for

exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

h. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

31. If archaeological resources are discovered at any time during construction, all activity shall cease until a qualified archaeologist surveys the site. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria as presented in Appendix K."

"SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(258):

The entire construction program be accomplished in one phase, construction to begin on or before June 26, 2009, and completion to be not later than June 26, 2010."

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-381

RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): AMENDMENT TO PLANNED DEVELOPMENT ZONE, P-D(258),PROPERTY LOCATED AT THE SOUTHEAST CORNER OF NEEDHAM AND 11TH STREETS (FIRST BAPTIST CHURCH)

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, the First Baptist Church has proposed an amendment to Planned Development Zone, P-D(258) to allow for the development of a three-story, 95,719-square-foot multi-purpose building and accessory structures within the existing P-D site, on the property located at the southeast corner of Needham and 11th Streets, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR report as being within the scope of the project, and

WHEREAS, the City's Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2007-20 ("Initial Study") reviewed the proposed amendment to P-D(258) to determine whether the project is within the scope of the project covered by the Master EIR, and concluded that the proposed project is within the scope of the Master EIR and will have no additional significant effect on the

environment that was not identified in the Master EIR, and further, that no new additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines beginning on June 3, 2007 the City caused to be published a 20-day notice of the City's intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on June 26, 2007, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to Planned Development Zone, P-D(258), a copy of which is attached hereto as Exhibit "A", and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. That the proposed project is contemplated and described in the Master EIR (SCH No. 1999082041) as being within the scope of the Master EIR.

2. That the project will have no new significant effects on the environment not identified or examined in the Master EIR, and no new or additional mitigation measures are required.

3. That, as per Section 21157.1 of the Public Resources Code, no new environmental document or findings are required by the California Environmental Quality Act (CEQA).

4. That there are no specific features which are unique to the proposed project that require project specific mitigation measures. Accordingly, the certified mitigation measures identified in the Master EIR will be sufficient for this project.

5. That all feasible mitigation measures set forth in the Master EIR which are appropriate to the project shall be incorporated in the project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

For the proposed:

Amendment to Planned Development P-D (258), P-PDA-05-012
(Dennis Smith, Applicant)

Prepared by:
City of Modesto
Community & Economic Development Department
Planning Division

April 12, 2007

City of Modesto
Master EIR Initial Study Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Checklist is used in determining whether the **Amendment to (P-D) 258 (P-PDA-05-012)** is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and

2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

A. Title: First Baptist Church, Amendment to Planned Development P-D (258), P-PDA-05-012

B. Address or Location: Southeast of the corner of 11th and Needham Streets

C. Applicant: Dennis Smith

D. City Contact Person: David Wage

Project Manager:	David Wage, Assistant Planner
Department:	Community and Economic Development Department
Phone Number:	(209) 577-5302
E-mail address:	dwage@modestogov.com

E. Current General Plan Designation(s): The site is within the Redevelopment Planned District (RPD) outlined in the Modesto Urban Area General Plan. The land use designation for this site within the RPD is Commercial-Residential-Public (CRP). The land use designation allows for mixed-use developments and the infill of the development area.

F. Current Zoning Classification(s): P-D Planned Development, SubUse: R-1, Low Density Residential

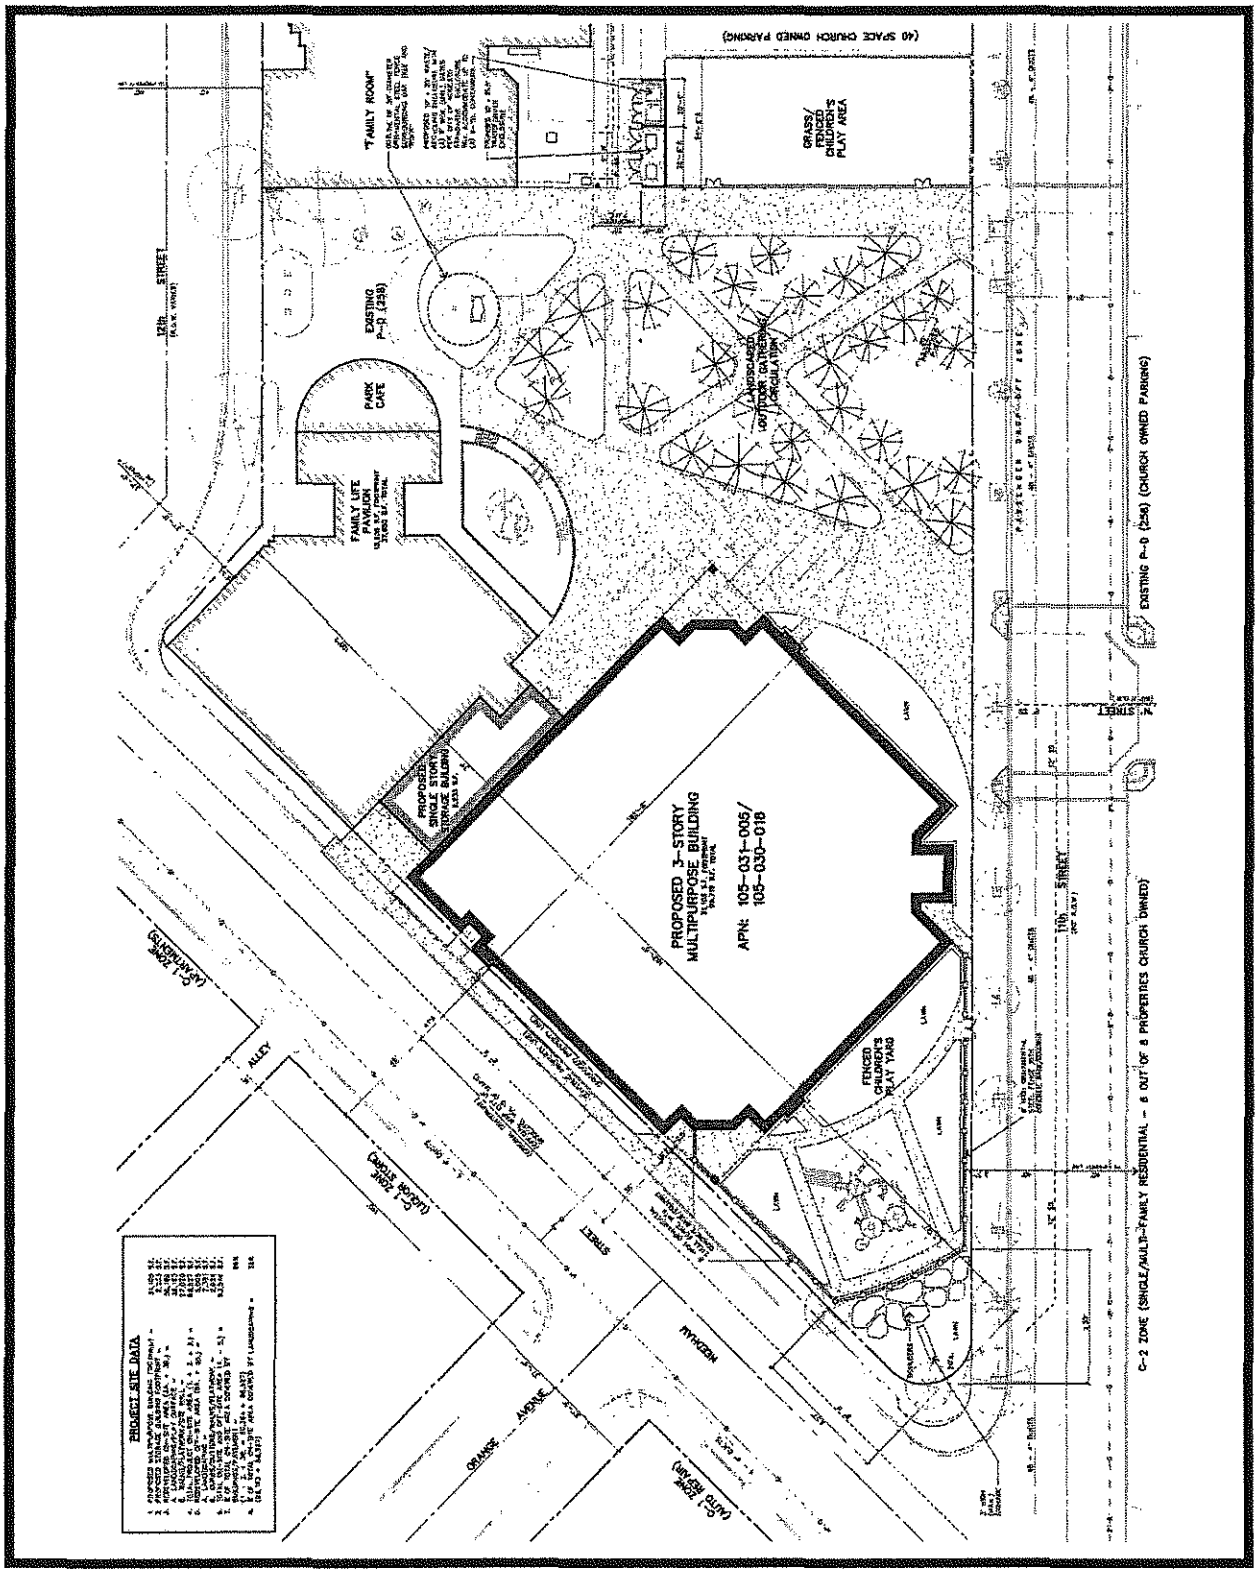
G. Surrounding Land Uses:
North: (C-1) Neighborhood Commercial
South: (C-2) General Commercial
East: (C-2) General Commercial
West: (C-2) General Commercial

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

This amendment to P-D (258) includes the addition of a new multi-purpose building, a single-story storage building and a children's play area. The proposed storage building will be approximately 2,200 square feet in size. The proposed three-story multipurpose building will be approximately 60 feet high and 95,719 square feet in size. The site of the new buildings and accessory development will be southeast corner of Needham and 11th Streets. 131 spaces of existing parking and approximately 17,000 square feet of classroom space will be removed in order to accommodate the proposed expansion. The multipurpose building will primarily be used for children's, youth and adult classes and programs.

I. Other Public Agencies Whose Approval is Required:

None.



NORTH

SITE PLAN

IIII. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. _X_ **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.

   D. Based on the Initial Study, the City of Modesto finds and determines:
      a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
      b) No new or additional mitigation measures or alternatives are required.

   E. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

2. ____ **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

   A. The type of project is described in Chapter II of the Master EIR.

   B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

   C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3. ____ **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

A. The type of project is described in Chapter II of the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

Project Manager	Assistant Planner Title	April 12, 2007 Date

4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met, Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	X	☐
(2)	City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template.	X	☐
(3)	Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	X	☐
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	X	☐
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	X	☐
(6)	Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.	X	☐

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "No" response must be discussed.

		YES	NO
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	X	☐
(2)	This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	X	☐
(3)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	X	☐

(4) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available. X ☐

(5) Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development. X ☐

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 build-out of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable traffic and circulation impacts within certain areas of the "Baseline Developed Area":

Effect: Increased traffic will result in certain roadway segments operating at LOS "D" or worse.

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of a LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

DISCUSSION:
This is an application to amend to P-D (258) and allow the addition of a new multi-purpose building, a single-story storage building and a children's play area. The proposed storage building will be approximately 2,200 square feet in size. The proposed three-story Multi-purpose Building will be approximately 60 feet high and 95,719 square feet in size. The site of the new buildings and accessory development will be southeast corner of Needham and 11th Streets. Due to the nature of the addition, and the proposed use of the building at off peak hours, there will not be a significant change in existing road capacities or levels of service.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures that may be pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section IV, *Mitigation Measures Applied to Project.*

c. Project-Specific Effects

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	YES	NO
(1) Does the project contribute one hundred (100) or more peak hour trips to or from the site during the adjacent roadway's peak hour or the development's peak hour, to adjoining roads and generates more trips than assumed for their general plan land use category and zoning in the Master EIR.	☐	X

Note:

If a project exceeds an additional one hundred (100) or more peak hour trips contribution, a site access study may be conducted to determine to what extent the project would exceed the year 2025 level of service (LOS) expected for the adjoining roadways under the Master EIR. The site access study would recommend new, project-specific mitigation measures. If the project also exceeds the Master EIR's traffic generation assumption, as determined by Engineering & Transportation staff, a comprehensive traffic study would be required that will include off-site traffic impact analysis.

		YES	NO
(2)	Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).	☐	X
(3)	Result in inadequate emergency access.	☐	X
(4)	Result in inadequate parking capacity.	☐	X

DISCUSSION:

(1) Engineering and Transportation Staff reviewed the proposed project and found:

A. The proposed project will not generate traffic impacts to the adjacent roadways in excess of what was assumed under the MEIR. No traffic study is required.
B. A site access study is not required for this project.

(2) The project will not substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).

(3) Police and Fire Staff have reviewed this proposal and have indicated that there is no emergency access problem.

(4) The project has been evaluated for compliance to the City of Modesto Parking regulations. The design and layout of the proposed parking area will comply with both City standards and ADA (Americans with Disability Act) standards.

2. AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected City traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. *This is a significant and unavoidable impact.*

Effect: Projected City traffic levels will result in increased ROG and NOX levels in the project area. *This is a significant and unavoidable impact.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

Mitigation Measures appropriate to this project include: AQ-17

c. Project-Specific Effects

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.	☐	X
(2)	The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	☐	X
(3)	The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	☐	X
(4)	The project would expose sensitive receptors to substantial pollutant concentrations.	☐	X
(5)	The project would create objectionable odors affecting a substantial number of people.	☐	X

DISCUSSION:

(1) The project was referred to the San Joaquin Valley Unified Air Pollution Control District who determined that the project would not have a significant effect on the ambient air quality.

(2) This project does incorporate the best management practices for PM10 reduction established by the SJVUAPD (see mitigations measures above).

(3) Applicable General Plan Policies will be applied to the project. Therefore, project-specific effects will be less than significant for this impact (see mitigations measures above).

(4) The project is not a significant contributor to pollution levels in that it involves only a building addition for an existing church. PM10 emissions created through the construction phase will be mitigated as called for by the MEIR by the measures listed above.

(5) The proposed project will not produce objectionable odors.

3. NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in an excess of the City's Noise Significance Standards.

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

Mitigation Measures appropriate to this project include: N-4, N-5 and N-6.

c. Project-Specific Effects

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	☐	X
(2)	The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.	☐	X
(3)	The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	☐	X
(4)	The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.	☐	X

DISCUSSION:

(1) The City's noise policy is incorporated into the conditions of approval as a mitigation measure.

(2) The project is consistent with the noise policies of the General Plan. The noise mitigation measures called for by the General Plan for projects within the baseline-developed area are incorporated into the conditions of approval for the project.

(3) The only permanent noise levels produced by the project would be associated with traffic. The traffic levels are within the scope of what the MEIR assumed for the site. Therefore, this project will not result in a substantial permanent increase in ambient noise levels.

(4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. There will be some construction related noise, but the noise mitigation measures called for by the General Plan for projects within the baseline developed area, are incorporated into the conditions of approval for the project.

4. AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

DISCUSSION:

The site is not zoned for agriculture or designated on the General Plan for future agricultural use. The proposed project will not affect areas zoned for agriculture or designated on the General Plan for future agricultural use. The project site and the surrounding property are located within a fully developed urbanized area, both inside and outside the corporate City limits.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 MEIR. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will directly result in the development of land outside the March 2003 planning area boundaries.	☐	X
(3)	The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract.	☐	X
(4)	The project will Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan land use policies. It is an infill project, proposed within the urbanized area of the City. There are no agricultural parcels affected by the proposal and no agricultural and will be converted.

(2) The project is within the Baseline-Developed area of the City and therefore will not result in the development of land outside the March 2003 planning area boundaries.

(3) The project site is not zoned for agriculture nor is it under Williamson Act contract.

(4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses. The project is completely surrounded by urbanization.

5. WATER SUPPLY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. *This is a less-than-significant impact.*

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. *Consequently, the potential environmental impacts of the Urban Area General Plan are considered less-than-significant.*

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. *This is a significant and unavoidable cumulative impact.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project was referred to Engineering and Transportation for comment and there was no determination that there is insufficient capacity to serve the project.

6. SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. *As a result, this impact would be less-than-significant.*

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. *This is a less-than-significant impact.*

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-6-4 through V-6-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project was referred to Engineering and Transportation for comment and there was no indication that there is insufficient capacity to serve the project.

7. SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less-than-significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project regarding sensitive wildlife and plant habitat. The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR.

c. Project-Specific Effects

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species.	☐	X
(3)	Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

(2) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V 7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.

(3) There is no conflict with any local policies or ordinances protecting biological resources.

8. ARCHAEOLOGICAL OR HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 MEIR.

DISCUSSION:

Mitigation Measures applicable to this project include: AH-8, Master EIR.

c. Project-Specific Effects

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. The mitigation measure called for by the General Plan is incorporated into the conditions of approval for the project.

9. STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered *less-than-significant.*

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. *This cumulative impact is considered significant and unavoidable.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8.

DISCUSSION:

Mitigation measures appropriate to this project include: SD-7, MEIR. This mitigation measure is addressed by conditions of approval.

c. Project-Specific Effects

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.	☐	X
(3)	Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project will meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures," adopted by the City as required by the above-listed mitigation measures.

(3) The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less-than-significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less-than-significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 MEIR. All feasible measures appropriate to the project have been incorporated into the conditions of approval.

DISCUSSION:

Mitigation measures appropriate to this project include: FWQ-14, MEIR. This mitigation measure is addressed by conditions of approval.

c. Project-Specific Effects

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	☐	X
(3)	The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	☐	X
(4)	The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.

(3) Mitigation Measures as called for by FWQ-14 will be applied to the project so that the project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures.

(4) The project would not create or contribute to runoff water in excess of the capacity of existing or planned storm water drainage systems or provide additional sources of polluted runoff.

11. PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. *Impacts on parks and open space will be less-than-significant.*

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. *This impact is less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project, are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project. It is not on or adjacent to any park sites, nor is it near any of the riparian area identified by Figures V-7-1a through V-7-1e of the MEIR.

c. Project-Specific Effects

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity. There are no mitigation measures applicable to this project.

12. SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan.). As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) The project was referred to Modesto City Schools who indicated no opposition to the project.

13. POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. *The impact is less-than-significant.*

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. *These policies reduce the impact to a less-than-significant level.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

14. FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. *Impacts on fire services of development in these areas will be less-than-significant.*

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. *This impact would be less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

15. SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: New development projects would exceed available landfill capacity; it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. New projects will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. *The impact would be less-than-significant at such time as the Fink Road Landfill expansion is approved.*

Effect: New development projects can make a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. *This impact is significant and unavoidable.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-15-5 and V-15-6 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) This project was referred to the County and Solid Waste Division of the Engineering and Transportation Division for review, and no indication was given that there would be a problem serving this project.

16. HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less-than-significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	☐	X
(3)	The project contains a contaminated site not identified as of March 2003.	☐	X
(4)	The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	☐	X
(5)	The project would be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) The project does comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes. (No hazardous materials will be involved with this project).

(3) The project site is not known to contain any contaminants.

(4) The project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste.

(5) The project would not be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

17. LANDSLIDES AND SEISMIC ACTIVITY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. *Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less-than-significant.*

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. *The impact is less-than-significant.*

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

19. PLANNING AND LAND USE

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project includes a substantive amendment to the Modesto Urban Area General Plan.	☐	X
(3)	The project would physically divide an established community	☐	X

DISCUSSION:

(1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.

(2) No amendment to the General Plan is required by this project.

(3) The project is infill development that will not divide an established community.

20. AESTHETICS

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	☐	X
(2)	The project would have a substantial adverse effect on a scenic vista.	☐	X
(3)	The project would substantially degrade the existing visual character or quality of the project site and its surroundings.	☐	X
(4)	The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area.	☐	X

DISCUSSION:

(1) The project is consistent with the General Plan in both land use and intensity.

(2) There are no Scenic Vistas from the location of the proposed development. It is completely surrounded by urbanization. Views to the Diablo and Sierra Mountain Ranges are already precluded from this site and its surroundings.

(3) The project would not substantially degrade the existing visual character or quality of the project site and its surroundings.

(4) The project would not create a substantial source of light or glare that would adversely affect daytime or nighttime views in the area.

V. MITIGATION MEASURES APPLIED TO THE PROJECT

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to CEQA Section 21157.1 (c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures (also contained in Section III, "Global List") shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project.

Traffic and Circulation Measures:

N/A

Air Quality Measures:

1. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.

2. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

Noise Measures:

1. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

   The noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

A. A hammer, or any other device or implement used to pound or strike an object.

B. An impact wrench, or other tool or equipment powered by compressed air.

C. A hand-powered saw.

D. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

E. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.

F. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

G. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

H. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

Agricultural Land Measures:

N/A

Water Supply Measures:

N/A

Sanitary Sewer Service Measures:

N/A

Sensitive Wildlife and Plant Habitat Measures:

N/A

Archaeological or Historic Sites Measures:

1. If archaeological resources are discovered at any time during construction, all activity shall cease until a qualified archaeologist surveys the site. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K

Storm Drainage Measures:

1. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

Flooding and Water Quality Measures:

1. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

Parks and Open Space Measures:

N/A

Schools Measures:

N/A

Police Services:

N/A

Fire Services:

N/A

Generation of Solid Waste

N/A

Generation of Hazardous Materials

N/A

Potential for Landslides and Seismic Activity

N/A

Energy

N/A

Planning and Land Use

N/A

Aesthetics

N/A

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study. The following project-specific mitigation measures are necessary to reduce the identified new significant effect: ***None.***

Print

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-382

A RESOLUTION REVISING TIPPING FEES AT THE STANISLAUS RESOURCE RECOVERY (WASTE-TO-ENERGY) FACILITY AND RESCINDING RESOLUTION NO. 2004-284

WHEREAS, the City of Modesto and the County of Stanislaus are joint partners in the Waste-to-Energy Facility, which is operated by Covanta Stanislaus, and

WHEREAS, tipping fees at the Waste-to-Energy Facility are set by joint action of the Contracting Communities, which are the City of Modesto and Stanislaus County, and

WHEREAS, tipping fees are established to pay debt service, operation and maintenance costs and pass through costs, such as insurance, property taxes, and various permits and fees that are incurred by Covanta Stanislaus, as provided for in a Service Agreement, and

WHEREAS, in 1990, the City and County established a fee of $1.50 per ton to pay for AB 939 program planning and implementation, and

WHEREAS, in 1990, the City and County established a fee of $1.50 per ton to pay for Household Hazardous Waste program planning and implementation, and

WHEREAS, these fees have not changed during the 17 years since they were first implemented, and

WHEREAS, due to inflation, increases in costs, increases in the types of materials that must be diverted from disposal, and new mandates, the fees established in 1990 no longer are sufficient to cover the costs of program implementation, and

WHEREAS, without an increase in these fees, the City and County risk being in violation of State mandates on disposal reduction, and could be subject to fines by the State for failure to implement programs required to meet the disposal reduction mandates, and

WHEREAS, the Contracting Communities approved a $25.00 per ton tipping fee at the Waste-to-Energy Facility which became effective August 1, 2004, which fee consisted of a base fee of $22.00 per ton for disposal, a $1.50 per ton AB 939 Program fee and a $1.50 per ton Household Hazardous Waste Program fee, and

WHEREAS, the Council of the City of Modesto must concur with changes in fees charged at the Facility, and

WHEREAS, at its April 26, 2007, meeting, the Solid Waste-to-Energy Executive Committee discussed a $1.50 per ton increase in the AB 939 Program fee, which would bring the fee to $3.00 per ton, and a $1.50 per ton Household Hazardous Waste Program fee, which would bring the fee to $3.00 per ton, and has recommended approval of said increases in the AB 939 and Household Hazardous Waste Program Fee fees, upon concurrence by the County Board of Supervisors, to become effective August 1, 2007, and

WHEREAS, said matter was set for a public hearing of the City Council to be held at 5:30 p.m. on June 26, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at which date and time said duly noticed public hearing of the Council was held for the purpose of receiving public comment on the increase in AB 939 Program fee and the Household Hazardous Waste Program fee,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a $1.50 per ton increase in the AB 939 Program fee, which would bring the fee to $3.00 per ton, and a $1.50 per ton increase in the Household Hazardous Waste Program fee, which would bring the fee to $3.00 per ton, with both fee increases to become effective August 1, 2007, which fees, when added to the current base fee of $22.00 per ton for disposal, would result in a combined tip fee of $28.00 per ton.

BE IT FURTHER RESOLVED that that Resolution No. 2004-284 is hereby rescinded effective July 31, 2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-383

RESOLUTION APPROVING THE FY 2007-2008 BUDGET FOR THE STANISLAUS RESOURCE RECOVERY ("WASTE-TO-ENERGY") FACILITY

WHEREAS, on December 17, 1985, the City of Modesto and County of Stanislaus entered into an agreement for administration of the City/County Service Agreement with the Stanislaus Waste Energy Company (now Covanta Stanislaus) for supply and acceptance of solid waste, and

WHEREAS, since that time, the City has been partners with Stanislaus County and Covanta Stanislaus in the Stanislaus Resource Recovery Facility (the "Waste-to-Energy" or "WTE" Facility), and

WHEREAS, the Agreement established a Solid Waste-to-Energy Executive Committee ("Executive Committee"), which prepares an annual budget for each fiscal year, and submits said annual budget to the City Council and Board of Supervisors for approval by August 1st of a year, and

WHEREAS, said Executive Committee may also recommend adjustments to an approved annual budget as necessary to provide sufficient funding for project activities, and

WHEREAS, at its March 22, 2007, meeting the Executive Committee also considered the proposed FY 2007/2008 Budget as shown in Attachment "A", attached hereto and incorporated herein by reference, and the Executive Committee unanimously approved forwarding this proposed FY 2007-2008 Budget to the Modesto City Council and the Stanislaus County Board of Supervisors for approval,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the FY 2007-2008 Waste-to-Energy Project Budget, a copy of which is attached hereto as Attachment "A" and incorporated herein by reference, as recommended by the Executive Committee.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MANAGEMENT WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2012-369

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-384

A RESOLUTION GRANTING SALARY CHANGES TO UNREPRESENTED MANAGEMENT AND CONFIDENTIAL EMPLOYEES, INCLUDING CHARTER OFFICERS AND EXECUTIVES, EFFECTIVE JUNE 26, 2007, AND RESCINDING RESOLUTION NO. 2005-6002

WHEREAS, by Resolution No. 95-530 which became effective on November 7, 1995, the City Council amended the salary schedules for unrepresented Management and Confidential employees, excluding Charter Officers and Executives, to incorporate a 9-Step Salary Step Plan, and

WHEREAS, by Resolution No. 2003-331 which became effective on June 24, 2003 the City Council established new salary schedules and class ranges for unrepresented Management and Confidential non-sworn employees, and

WHEREAS, the Council of the City of Modesto desires to approve a five and one half (5.5%) percent increase in salary ranges for unrepresented Management and Confidential employees, including Executives and Charter Officers, effective June 26, 2007, and

WHEREAS, the Council of the City of Modesto desires to approve a five and one-half (5.5%) percent across-the-board salary increase for unrepresented Management and Confidential employees, excluding Executives and Charter Officers, effective June 26, 2007. Actual salary increases for Executives shall be at the discretion of the City Manager, subject to performance criteria, within approved salary ranges. Actual salary increases for the Charter Offices of City Clerk/Auditor and City Attorney shall be five and one half (5.5%) percent effective June 26, 2007,

WHEREAS, the Council of the City of Modesto previously authorized an increase in salary for the City Manager effective July 1, 2007, per Council Resolution No. 2007-320.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as

Attachment Amended by
2008-169 4/1/08

AMENDED by Resolution

follows:

SECTION 1. SALARY RANGES, RATES AND EFFECTIVE DATES. The salary rates, salary ranges and salary steps as set forth in the following exhibits which are attached hereto and made a part hereof provide for a five and one half (5.5%) percent across-the-board salary adjustment for unrepresented Management and Confidential employees effective June 26, 2007, subject to Pay-for-Performance criteria. For Executive Management and Charter Officers, salary ranges shall be increased by five and one half (5.5%) percent effective June 26, 2007. Actual salary increases for Executives, excluding Charter Officers, shall be at the discretion of the City Manager, within approved salary ranges. Actual salary increases for the Charter Offices of City Clerk/Auditor and City Attorney shall be five and one-half (5.5%) percent effective June 26, 2007. A salary increase for the City Manager has been previously authorized per Council Resolution No. 2007-320, effective July 1, 2007.

1. Exhibit "A" entitled "City Of Modesto Class Range Table, Unrepresented Management And Confidential Non-Sworn Classes, Effective June 26, 2007."

2. Exhibit "B" entitled "City Of Modesto Schedule Of Salary Ranges In City Service For FY 07/08 Effective June 26, 2007 - Schedule H Management/Confidential – Non-Sworn Unrepresented."

3. Exhibit "C" entitled "City Of Modesto Class Range Table, Fire Management Classes, Effective June 26, 2007."

4. Exhibit "D" entitled "City Of Modesto Schedule Of Salary Ranges In City Service For FY 07/08, Effective June 26, 2007 - Schedule E Management/Confidential - Fire- 80 hours - Division Chief."

5. Exhibit "E" entitled "City Of Modesto Schedule Of Salary Ranges In City Service For FY 07/08, Effective June 26, 2007 - Schedule X, Fire Management - 80 Hrs. - Battalion Chief."

6. Exhibit "F" entitled "City Of Modesto Schedule Of Salary Ranges In City Service For FY 07/08, Effective June 26, 2007 - Schedule Y, Fire Management - 112 Hrs. - Battalion Chief."

7. Exhibit "G" entitled "City Of Modesto Class Range Table, Police Management Classes (Unrepresented), Effective June 26, 2007."

8. Exhibit "H" entitled "City Of Modesto Schedule Of Salary Ranges In City Service For FY 07/08, Effective June 26, 2007 - Schedule G Management/Confidential - Police - Unrepresented."

9. Exhibit "I" entitled "City Of Modesto Class Range Table, Executive Management, Effective June 26, 2007" which includes Charter Officers.

10. Exhibit "J" entitled "City Of Modesto Schedule Of Salary Ranges In City Service For FY 07/08, Effective June 26, 2007 - Executive Management."

SECTION 2. CHARTER OFFICERS. The salaries for the positions of the Charter Officers shall be as follows:

TITLE	HOURLY	BI-WEEKLY	MONTHLY	EFFECTIVE
City Manager George W. Britton	86.6436	6,931.49	15,076.00	July 1, 2007
City Attorney Susana Alcala Wood	75.3051	6,024.41	13,103.09	June 26, 2007
City Clerk Jean Morris	52.1746	4,173.97	9,078.38	June 26, 2007

SECTION 3. USE OF CLASSES. The designated classes of positions may be used in any organizational unit of the City deemed proper by the City Manager.

SECTION 4. POSITIONS. The City Council authorizes and directs the City Manager, within the limits of funds budgeted therefor, to appoint employees in such number and in such classes in each department as may be necessary to properly operate the department under the Charter, ordinances and resolutions adopted by the City Council, including, but not limited to, creating additional positions to replace employees who are on disability leave or other leaves of absence.

SECTION 5. APPOINTMENTS AND SALARIES. The City Manager is hereby authorized to appoint, in accordance with the applicable provisions of the Modesto Municipal Code and Personnel Rules and within the limits of funds budgeted therefor, any person to a position in a class for which he is the appointing authority and for which the salary is hereby provided, to designate the definite salary rate or salary step at which such person is appointed, and the salary so designated is hereby fixed as the salary of such employee for the position.

SECTION 6. SPECIAL SALARY RATES. The City Manager is further authorized, subject to budgetary appropriation control by the City Council, to fix the salary range or rate for part-time, hourly or special positions in the Unclassified Service for which the City Manager is the appointing authority and which are not designated herein.

SECTION 7. PART-TIME EMPLOYMENT. Employees appointed to any of the positions referred to herein who, with the approval of the City Manager, regularly work less hours per week than established for their class by rule 13.1 of the Personnel Rules, shall be paid in approximate proportion of the time worked.

SECTION 8. REPEAL. Resolution No. 2005-602 is hereby rescinded effective June 25, 2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Marsh, , Mayor Ridenour
NOES:	Councilmembers:	Keating, O'Bryant, Olsen

AMENDED on June 2, 2009 By Resolution 2009-333 & 2008-506 9/2/2008

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-386

RESOLUTION GRANTING BENEFIT CHANGES EFFECTIVE JUNE 26, 2007 AND HEALTH BENEFIT INCREASES EFFECTIVE JULY 24, 2007 TO UNREPRESENTED MANAGEMENT AND CONFIDENTIAL EMPLOYEES, INCLUDING CHARTER OFFICERS AND EXECUTIVES

WHEREAS, the Council of the City of Modesto desires to grant increases in the City's contribution to health, dental, and vision benefits for unrepresented Management and Confidential employees, including Charter Officers and Executives, effective July 24, 2007, as follows: an increase of $55/mo. for those with Family coverage, an increase of $45/mo. for those with Employee Only coverage, and an increase of $10/mo. for those who Opt Out of health coverage, and

WHEREAS, the Council desires to provide 7.5% Registered Engineer Pay for certain designated classifications, effective June 26, 2007, and

WHEREAS, the Council desires to increase the uniform allowance for sworn Fire Management employees to eighty-five dollars ($85.00)/mo. effective July 1, 2007, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. HEALTH, DENTAL AND VISION BENEFITS. The City's contribution to health, dental and vision benefits for unrepresented employees are hereby increased, to the following amounts:

City Contribution - Sworn and Non-Sworn

	Effective July 24, 2007
Family	$867/month
Employee Only	$525/month
Opt Out	$400/month

AMENDED

Effective July 26, 2005, the City's contribution toward unrepresented employees with Family coverage shall not exceed the actual premium amount for the lowest cost health (HMO Plan), dental and vision plans offered by the City, regardless of the health plan selected by the employee or the contribution amounts listed above.

Effective July 26, 2005, the City's contribution toward unrepresented employees with Employee Only coverage shall not be less than the actual premium amount for the lowest cost health, (HMO Plan), dental and vision plans offered by the City, regardless of the health plan selected by the employee or the contribution amounts listed above.

SECTION 2. REGISTERED ENGINEER PAY. Effective June 26, 2007, those employees in the classifications of Deputy Director or City Engineer who possess a current registration as a Professional Civil or Traffic Engineer in the State of California shall be eligible to receive 7.5% Registered Engineer Pay.

SECTION 3. UNIFORM ALLOWANCES. Uniform allowances for unrepresented Management and Confidential employees who are required to wear a uniform, are as follows:

Positions	Effective Date	Allowance
Sworn Police	January 1, 2008	$94.00 (Per Reso. No. 2005-602)
Sworn Fire Management	July 1, 2007	$85.00

SECTION 4. DEFERRED COMPENSATION 401(a) MONEY PURCHASE PLANS. The 401(a) Money Purchase Plans shall provide for a City-paid contribution and equal mandatory employee contribution, effective January 1, 2006, of 5% for Charter Officers, 3% for Executives other than Charter Officers, and 2% for all other unrepresented Management and Confidential employees.

SECTION 5. COMPENSATORY TIME OFF CAP. Management and Confidential employees who are overtime-eligible shall be paid quarterly for all CTO over their established cap. For employees hired on or after December 6, 2005, the CTO cap shall be 100 hours. For employees hired before December 6, 2005, the cap shall be 160 hours.

SECTION 6. MANAGEMENT AND CONFIDENTIAL LEAVE. Management Leave for Management employees shall be 80 hours annually, effective January 1, 2002, except that for overtime-eligible Management employees the annual allocation shall be 40 hours effective calendar year 2006. For Fire Battalion Chiefs on a 56-hour schedule, the annual allocation of Management Leave shall be 112 hours, and for Confidential employees Leave shall be 20 hours annually, effective January 1, 2002.

SECTION 7. MANAGEMENT AND CONFIDENTIAL LEAVE ANNUAL CASHOUT. The maximum number of hours available for cashout each December shall be 40 hours annually for Management employees, except that for overtime-eligible Management employees the maximum cashout shall be 20 hours effective calendar year 2006. Maximum annual cashout shall be 18 hours for Confidential employees.

Effective December 2007, the maximum annual cashout shall be 80 hours for Executives and Charter Officers, and 60 hours for Police Captains, Fire Battalion Chiefs, Fire Division Chiefs, Deputy Directors, Assistant City Attorney and Deputy/Senior Deputy Attorney I/II. For Fire Battalion Chiefs on a 56-hour schedule, the maximum cashout shall be 84 hours.

SECTION 8. FIRE CHIEF OFFICER SHIFT STIPEND. Effective December 27, 2005, Fire Battalion Chiefs and Fire Division Chiefs assigned to work extra shifts in order to maintain a consistent staffing of two (2) Battalion Chiefs to the extent possible, may receive a stipend of

one thousand dollars ($1,000) per 24-hour shift. Criteria for assignment to extra shifts with the stipend shall be at the discretion of the Fire Chief, who shall also determine when staffing at the level of one Battalion Chief is acceptable. The Fire Chief shall annually determine the maximum number of assignments available for stipend, subject to funds budgeted and the needs of the City. As FLSA Exempt management employees, Fire Battalion Chiefs and Fire Division Chiefs may be required to work both emergency and non-emergency assignments without additional compensation.

SECTION 9. NEGATIVE VACATION. Effective March 7, 2006, use of negative vacation will be permitted only for extenuating circumstances and will require the approval of the City Manager, or designee.

SECTION 10. PROBATIONARY PERIOD. All original and promotional appointments to positions in the Classified Service shall be tentative and subject to a probationary period of one year from the date of appointment to the position. The purpose of the probationary period is to train, observe and evaluate the employee on conduct, performance, attitude, adaptability and job knowledge.

Initial Probation: It is understood that the probationary period will normally last for one year from the date of appointment, but may last longer than the one year if absences, either paid or unpaid, cause the probationary employee to work less than 1680 hours. In the event that an employee works less than 1680 hours in the first twelve months of employment, then the employee's probation shall be extended until he/she has worked 1680 hours.

Promotional Probation: It is understood that the probationary period, upon promotion, will normally last for one year from the date of promotion, but may last longer than the one year if absences, either paid or unpaid, cause the probationary employee to work less than 1560 hours.

In the event that an employee works less than 1560 hours during the twelve months following his/her promotion, then the employee's probation shall be extended until he/she has worked 1560 hours.

During the probationary period an employee may be released at any time without right of appeal. Written notice of release shall be furnished to the probationer. An employee released during or at the conclusion of probation following a promotion, shall be reinstated to the position previously held, at the former salary step, except if the reasons for release are cause for dismissal.

SECTION 11. DEFERRED COMPENSATION SERVICE DATES. The CITY shall continue to provide access to a 457 deferred compensation program authorized by the City Council for the voluntary participation of City employees. In addition, the CITY shall match on behalf of a participating employee in a regular position, one and one-half percent (1.5%) of an employee's regular rate of pay on a bi-weekly basis; provided, the employee is contributing at least one and one-half percent (1.5%). For such employees who have been continuously employed by the CITY for nine (9) or more years, the CITY shall contribute two and one-half percent (2.5%); provided the employee is contributing at least two and one-half percent (2.5%). Effective January 1, 2006, this increase in the City's contribution shall be effective with the first payperiod to begin in the month following completion of nine (9) years of service, provided that the employee has completed any required documents.

SECTION 12. DOMESTIC PARTNERS. Benefits applicable to spouses shall be extended to registered domestic partners, as required by law.

SECTION 13. MEDICAL LEAVES OF ABSENCE. Effective December 6, 2005, employees requesting an Authorized Medical Leave of Absence without pay, due to a medical

incapacity to perform the duties of their position, must provide written medical verification of a long-term disability, illness or injury.

SECTION 14. CATASTROPHIC LEAVE. Effective December 6, 2005, employees requesting Catastrophic Leave donations must provide a written medical verification of long term illness or injury, or verification of a family member's illness or injury.

SECTION 15. HAZARDOUS MATERIALS CERTIFICATION PAY. Effective July 1, 2003, one (1) Fire Department Battalion Chief or Division Chief shall be authorized five (5%) percent Haz Mat Pay, when certified as a Hazardous Materials Specialist and assigned to administer the City of Modesto's participation in the Regional Hazardous Materials Response Team. This pay replaced the annual Haz Mat Stipend.

SECTION 16. MASTERS DEGREE INCENTIVE PAY. Effective June 29, 2004, employees who possess a Masters Degree or Juris Doctor from an accredited institution, shall be granted one and one half (1.5%) percent Masters Pay, subject to criteria as established by the City.

SECTION 17. REGISTRATION AND CERTIFICATION FEES. Effective July 1, 2003, when an employee is required by the City to obtain or renew a certificate, license or registration in order to carry out their assigned duties, except a California Class C Driver's License, the City will pay the fee for the actual certificate, license or registration, (and exam fee, if any).

SECTION 18. LEAVE CASHOUTS FOR SWORN FIRE MANAGEMENT EMPLOYEES. Sworn Fire Management employees in the classifications of Fire Battalion Chief, Fire Division Chief and Fire Chief working a 40 hour schedule shall be afforded the opportunity to cashout up to 61 hours of vacation leave per calendar year (at straight time rates)

and up to 88 hours of holiday leave per calendar year (at time and one-half), effective July 1, 2003. Employees in the classification of Fire Battalion Chief working a 56 hour schedule shall be afforded the opportunity to cash out up to 72 hours of vacation leave per calendar year (at straight time rates) effective June 20, 2000, and up to 132 hours of holiday leave per calendar year (at time and one-half). Holiday leave may not be carried over year-to-year regardless of the schedule worked.

SECTION 19. VEHICLE ALLOWANCE. Per Resolution No. 2001-271 effective July 1, 2001, the vehicle allowance for Executives and Charter Officers who receive an allowance, shall be $400/month, and the City Manager is authorized to grant Deputy Directors either an assigned City vehicle or a vehicle allowance in the amount of $300/month. The City Manager is also authorized to grant selected Management employees a vehicle allowance of $100-$200/month based on Department Director recommendation and an annual justification relating to extensive use of a personal vehicle while conducting City business.

SECTION 20. SICK LEAVE CASHOUT FOR SWORN FIRE MANAGEMENT EMPLOYEES. Effective June 22, 1999, Sworn Fire management employees who leave City service in good standing (other than retirement) after five (5) years of continuous service, shall be paid the first twenty-two hundred (2,200) hours of their current unused sick leave, reduced by hours previously converted to Deferred Compensation, as follows: (1) Ninety (90%) percent of accrued sick leave hours as of the date of the employee's initial promotion to a management classification shall be paid out at the current regular rate of pay (top step) for Fire Captain, and (2) In addition, twenty-five (25%) percent of the remaining sick leave hours accruing after promotion to a management classification shall be paid out at the employee's then current regular rate of pay.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-394

RESOLUTION APPROVING AMENDMENT NO. 1 TO AN AGREEMENT BETWEEN THE CITY OF MODESTO AND JONES & STOKES ASSOCIATES FOR ADDITIONAL WORK REQUIRED TO ADD CLIMATE CHANGE ANALYSIS TO THE MASTER ENVIRONMENTAL IMPACT REPORT UPDATE FOR THE URBAN AREA GENERAL PLAN, IN AN AMOUNT NOT TO EXCEED $11,520 AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AMENDED AGREEMENT

WHEREAS, the City of Modesto has initiated a maintenance update of the Urban Area General Plan and its Master Environmental Impact Report, to allow for the orderly and future development within the City, its Sphere of Influence, and the Urban Area General Plan area, and

WHEREAS, Section 21080.1 of the California Public Resources Code requires the City of Modesto, as lead agency, to make a determination of whether an environmental impact report is required for the Project, and

WHEREAS, on September 5, 2006, by Resolution No. 2006-568, the City Council approved an Agreement with Jones & Stokes Associates to prepare an update to the Urban Area General Plan and its Master Environmental Impact Report in an amount not to exceed $937,280, a copy of which is on file in the City Clerk's Office, and

WHEREAS, City staff recommends that the Agreement between the City of Modesto and Jones & Stokes Associates be amended to provide for additional work required to add climate change analysis to the MEIR Update, in an amount not to exceed $11,520, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Amendment No. 1 to the Agreement for Consultant Services ("Amendment No. 1") between the City of Modesto and Jones & Stokes Associates for an update to the Master Environmental Impact Report, in an amount not to exceed $11,520.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute Amendment No. 1 to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of July, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-395

RESOLUTION AMENDING THE FISCAL YEAR 2007-2008 OPERATING BUDGET TO APPROPRIATE $11,520 FROM THE GENERAL FUND RESERVE TO THE MULTI-YEAR BUDGET FOR THE GENERAL PLAN UPDATE (0800-140-1440-0235) FOR AMENDMENT NO. 1 TO AN AGREEMENT BETWEEN THE CITY OF MODESTO AND JONES & STOKES ASSOCIATES

WHEREAS, the City of Modesto has executed an Agreement with Jones & Stokes Associates to update the Urban Area General Plan and its Master Environmental Impact Report, which Agreement is administered by the Planning Division of the Community and Economic Development Department, and

WHEREAS, Resolution 2007-394 approves Amendment No. 1 to an Agreement between the City of Modesto and Jones & Stokes Associates for additional work to add a climate change analysis to the update of the Master Environmental Impact Report for the Urban Area General Plan, in an amount not to exceed $11,520 and authorizing the City Manager to execute the amended Agreement, and

WHEREAS, revenue projections for this project did not anticipate the need for an additional climate change analysis.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby amends the Fiscal Year 2007-2008 operating budget to appropriate $11,520 from the General Fund reserve to the multi-year budget for the General Plan Update (0800-140-1440-0235) for Amendment No. 1 to an Agreement between the City of Modesto and Jones & Stokes Associates.

BE IT FURTHER RESOLVED that the Finance Director, or designee, is hereby authorized to take the necessary steps to implement the provisions of this Resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of July 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-396

RESOLUTION APPROVING AN AGREEMENT BETWEEN THE CITY OF MODESTO AND VERONICA TAM AND ASSOCIATES FOR PLANNING SERVICES IN AN AMOUNT NOT TO EXCEED $49,820 AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT

WHEREAS, the Program 1.3 of the City's 2003 Housing Element requires the City to conduct a feasibility study regarding a potential Inclusionary Housing program with an in-lieu fee option, and

WHEREAS, in addition to the feasibility study, the Economic Development Committee of the City Council has recommended that staff pursue development of a more comprehensive Affordable Housing Toolbox, and

WHEREAS, Veronica Tam prepared the City's 2003 Housing Element and therefore Veronica Tam and Associates uniquely possesses the experience, local knowledge and in-house expertise to perform the work necessary to prepare the Affordable Housing Toolbox, and

WHEREAS, City staff recommends that Veronica Tam and Associates be hired to provide the services necessary to develop the Affordable Housing Toolbox because of their extensive experience on similar projects in this and other jurisdictions, and

WHEREAS, the City and Veronica Tam and Associates desire to enter into an agreement for this work, in an amount not to exceed $49,820, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement Between the City of Modesto and Veronica Tam and Associates to provide planning services, in an amount not to exceed $49,820.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-397

RESOLUTION APPROVING AN AGREEMENT BETWEEN THE CITY OF MODESTO AND GEORGE MEDINA AND DOLORES MEDINA FOR THE ACQUISITION OF PROPERTY, BEING (APN: 067-034-005) FOR THE LINCOLN/LAKEWOOD BRIDGE PROJECT AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE AGREEMENT AND ALL RELATED PROPERTY DOCUMENTS AS THE GRANTEE ON BEHALF OF THE CITY OF MODESTO

WHEREAS, on October 24, 2006, the City Council of the City of Modesto directed staff to enter into negotiations with George Medina and Dolores Medina for the acquisition of real property (APN: 067-034-005) for the Lincoln/Lakewood Bridge Project, and

WHEREAS, said real property needs to be acquired for this right-of-way project, and

WHEREAS, said real property was appraised and City offered the appraised value, and

WHEREAS, an agreement is needed for the acquisition of said real property,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Agreement between City of Modesto and George Medina and Dolores Medina for the acquisition of real property (APN: 067-034-005) for the Lincoln/Lakewood Bridge Project in the amount of $575,000 is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, are hereby authorized to execute the Agreement.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-400

RESOLUTION ACCEPTING THE STANISLAUS HOUSING AND SUPPORT SERVICES COLLABORATIVE'S "10-YEAR PLAN TO END LONG-TERM HOMELESSNESS"

WHEREAS, on June 26, 2001, by Resolution No. 2001-313, the City Council approved the designation of the Stanislaus Housing and Support Services Collaborative (Collaborative) as the planning and coordinating body for homeless issues in Stanislaus County and representatives from the Parks, Recreation and Neighborhoods Department participate in this Collaborative, and

WHEREAS, the Collaborative is currently composed of private and public entities concerned with providing safe, affordable housing access and supportive services for the people that are homeless or at risk of being homeless, and

WHEREAS, from the perspective of the Collaborative, and the Community Development Block Grant (CDBG) and Emergency Shelter Grant (ESG) Programs, the City of Modesto continues to consider the issue of homelessness as one of its most important priorities, and

WHEREAS, in collaboration with Behavioral Health and Recovery Services and the Corporation for Supportive Housing, and with direction from the Department of Housing and Urban Development (HUD), the community has developed an achievable plan to marshal resources that will address long-term homelessness in Stanislaus County, and

WHEREAS, in order for each City and County to remain eligible as an Entitlement Jurisdiction and receive CDBG funds and ESG funds, staff is required to coordinate the approval of a 10-Year Plan to End Long-Term Homelessness (Plan), and

WHEREAS, the Plan approval will assist in more effective use of public and private resources to improve the quality of life for people who are now homeless and in jeopardy of becoming homeless, and for the communities and neighborhoods in which they now live, and

WHEREAS, the Plan will assist in directing opportunities for some new construction, acquisition and rehabilitation of existing housing or viable buildings, set-asides of units within housing developments in the pipeline, as well as master lease existing housing towards serving the long-term homeless population, and

WHEREAS, the City of Modesto is currently working with Habitat for Humanity, Stanislaus to develop the Hope Village Project, and

WHEREAS, this development will add 20 affordable single family units to the City's housing stock. In addition, twenty (20%) percent of the units or four (4) units , will be assigned to very-low income families, including homeless families or households that are under the 35% of the median income, and

WHEREAS, the Plan must be adopted in order to remain competitive and eligible for Federal CDBG, ESG, and other Federal affordable and homeless related housing programs, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) met on June 22, 2007, and supported staff's recommendation to accept the 10-Year Plan to End Long-Term Homelessness,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby accepts the Stanislaus Housing and Support Services Collaborative's "10-Year Plan to End Long-Term Homelessness".

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of July, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-401

RESOLUTION APPROVING AN AGREEMENT WITH HDR ENGINEERING INC. FOR CONSTRUCTION MANAGEMENT AND INSPECTION SERVICES FOR THE TUOLUMNE RIVER BANK EROSION PROJECT IN AN AMOUNT NOT TO EXCEED $55,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, due to rains during the 2005/2006 winter season, erosion on a portion of the Tuolumne River embankment near Neece Drive occurred, and

WHEREAS, this erosion has left a gravity sewer pipe undermined and unsupported in two locations of approximately two (2) linear feet each, and

WHEREAS, at one of these locations a manhole's concrete footing is partially exposed and unsupported as well, and

WHEREAS, the same conditions exist for approximately 200 feet upstream and 100 feet downstream along the river's edge, and

WHEREAS, HDR Engineering (HDR) was contracted through an existing On-Call Engineering contract to review repairs needed to permanently fix the problem, and

WHEREAS, the recommended work at the site includes adding varied gradations of rip rap and soil backfill above the pipe and down the slope (above the water surface, and below the water line) to provide adequate cover for the pipe and a foundation of rock slope protection, and

WHEREAS, all of the necessary permits have been received, and

WHEREAS, Public Works Engineering has this project currently out to bid for the construction phase as the Department of Fish and Wildlife has mandated this project be completed between early August to late September, and

WHEREAS, Public Works Engineering will be unable to assist in the construction management for this project within this time frame due to staff shortages; and

WHEREAS, HDR completed the drawings and specifications for the Tuolumne River Bank Erosion Project and is familiar with the project, and

WHEREAS, HDR's proposed costs are within the costs estimated by Public Works Engineering for this work, and

WHEREAS, funds are budgeted in the Tuolumne River Bank Erosion Project 6210-480-B447-6060,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement with HDR Engineering Inc. for Construction Management and Inspection Services for the Tuolumne River Bank Erosion Project in an amount not to exceed $55,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of July, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007–402

RESOLUTION APPROVING A FIRST AMENDMENT TO AN AGREEMENT WITH KLEINFELDER FOR ADDITIONAL SERVICES REQUIRED BY THE DEPARTMENT OF FISH AND WILDLIFE FOR THE TUOLUMNE RIVER BANK EROSION PROJECT IN AN AMOUNT NOT TO EXCEED $19,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE FIRST AMENDMENT TO AGREEMENT

WHEREAS, due to rains during the 2005/2006 winter season, erosion on a portion of the Tuolumne River embankment near Neece Drive occurred, and

WHEREAS, this erosion has left a gravity sewer pipe undermined and unsupported in two locations of approximately two (2) linear feet each, and

WHEREAS, at one of these locations a manhole's concrete footing is partially exposed and unsupported as well, and

WHEREAS, the same conditions exist for approximately 200 feet upstream and 100 feet downstream along the river's edge, and

WHEREAS, all of the necessary permits have been received, and

WHEREAS, as part of the permit issuance, the Department of Fish and Wildlife has required that a Biologist be on site for protection of endangered species (such as the Elderberry Longhorn Beetle) located at the construction site, and

WHEREAS, City currently has an agreement with Kleinfelder for permitting assistance and environmental review support for this project approved by Council on March 28, 2006 by Resolution No. 2006-172, and

WHEREAS, City staff recommends amending this agreement to include these additional services required by the Department of Fish and Wildlife, and

WHEREAS, funds are budgeted in the Tuolumne River Bank Erosion Project 6210-480-B447-6080, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes a first amendment to an agreement with Kleinfelder for additional service required by the Department of Fish and Wildlife for the Tuolumne River Bank Erosion Project in an amount not to exceed $19,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the first amendment to agreement.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-405

RESOLUTION APPROVING A CONSULTANT AGREEMENT WITH ICM GROUP, INC., FOR CONSTRUCTION MANAGEMENT AND INSPECTION SERVICES FOR THE VIRGINIA CORRIDOR PHASE III WITH DOWNSTREAM WATER SYSTEM IMPROVEMENTS PROJECT, IN THE NOT-TO-EXCEED AMOUNT OF $126,324.00, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Virginia Corridor Phase III Improvements are between College and Roseburg Avenues, and between Orangeburg and Granger Avenues, within the former Union Pacific Railroad right-of-way, which was rail banked for the class 1 bike trail, and

WHEREAS, trail improvements will include a 10-foot wide asphalt trail with 2-foot shoulders, trees, landscaping, irrigation, benches and tables, fencing, and other site amenities, and

WHEREAS, additionally, a Modesto Irrigation District (MID) box culvert extension is to be installed to provide trail landing on the south side of Morris Avenue, and

WHEREAS, a portion of a separate project entitled Downstream Water System Improvements – Tier 1 Water Transmission Mains is to be constructed during this project because these underground mains are aligned and lay within the Virginia Corridor Phase III trail improvements, and

WHEREAS, on June 12, 2007, by Resolution No. 2007-354, Council approved the plans and specifications for the Virginia Corridor Phase III with Downstream Water System Improvements project accepting the bid and awarded a $3,224,959.00 construction contract to George Reed, Inc., and

WHEREAS, on May 31, 2007, eight (8) Construction Management and Inspection Proposals were evaluated, and

WHEREAS, four (4) firms were selected as the most qualified and responsive firms to interview for services, and

WHEREAS, on June 4, 2007, interviews were conducted for construction management and inspection services, and

WHEREAS, ICM Group, Inc., was ranked the most qualified firm for the Virginia Corridor Phase III with Downstream Water System Improvements, and

WHEREAS, City staff recommends that an Agreement with the consulting firm of ICM Group, Inc., be approved to perform the construction management services as current workload levels do not provide for timely in-house solutions/responses, and

WHEREAS, City desires to enter into an Agreement with ICM Group, Inc., in an amount not-to-exceed $126,324.00 to perform construction management services of the Virginia Corridor Phase III with Downstream Water System Improvements project, and

WHEREAS, ICM Group, Inc., will be paid on a time and materials basis for actual hours required performing individual tasks at a set rate,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Consultant Agreement with ICM Group, Inc., in the amount not-to-exceed $126,324.00, for construction management services of the Virginia Corridor Phase III with Downstream Water System Improvements project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of July 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-406

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE 9TH STREET BRIDGE RIPARIAN REVEGETATION PROJECT, ACCEPTING THE BID AND APPROVING A $47,607.50 CONTRACT WITH ODYSSEY LANDSCAPE CO., INC., FOR THE PROJECT TITLED, "9TH STREET BRIDGE RIPARIAN REVEGETATION," AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the "9th Street Bridge Riparian Revegetation" and City staff recommends approval to the City Council, and

WHEREAS, the bids received for "9th Street Bridge Riparian Revegetation" were opened at 11:00 a.m. on June 12, 2007, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of $47,607.50 received from Odyssey Landscape Co., Inc., be accepted as the lowest responsible bid and the contract be awarded to Odyssey Landscape Co., Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for said project, and accepts the bid of Odyssey Landscape Co., Inc., in the amount of $47,607.50, and hereby awards Odyssey Landscape Co., Inc., the contract titled "9th Street Bridge Riparian Revegetation."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of July 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-407

RESOLUTION AMENDING THE CURRENT CAPITAL IMPROVEMENT BUDGET IN ORDER TO FULLY FUND THE CONTRACT WITH ODYSSEY LANDSCAPE CO., INC., AND COVER CONSTRUCTION CONTINGENCY AND CONSTRUCTION ADMINISTRATION COSTS BY DECREASING ACCOUNT 0700-800-8000-8003 (SPECIAL GAS TAX RESERVES) BY $12,500 AND REAPPROPRIATING $12,500 TO CIP ACCOUNT 2300-430-M203 (9TH STREET BRIDGE REPLACEMENT (054))

WHEREAS, the City is required to provide a 20% local match to the federal funds to construct the 9th Street Bridge Riparian Revegetation project in the estimated total amount of $64,009.38, including funding a Contract with Odyssey Landscape Co., Inc., for construction and to cover construction contingency and construction administration costs, including contract and design administration by City staff, and

WHEREAS, certain budgetary transactions are necessary to fully fund said Contract with Odyssey Landscape Co., Inc., in the amount of $47,607.50 for construction services, $4,760.75 for construction contingency, $7,141.13 to cover construction administration costs, $4,000 for design administration by City staff, and $500 for design support during construction, for a total of $64,009.38, and

WHEREAS, to cover the local match, the total amount of $12,500 is to be transferred by decreasing Account 0700-800-8000-8003 (Special Gas Tax Reserves) by $12,500 and reappropriating $12,500 to CIP Account 2300-430-M203 (9th Street Bridge Replacement (054)),

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves the transfer of funds as set forth herein to fully fund the Contract with Odyssey Landscape Co., Inc., in the amount of $47,607.50 for construction

services, $4,760.75 for construction contingency, $7,141.13 to cover construction administration costs, $4,000 for design administration by City staff, and $500 for design support during construction, for a total of $64,009.38 for the 9th Street Bridge Riparian Revegetation project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of July, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-408

RESOLUTION APPROVING AN AGREEMENT WITH CAROLLO ENGINEERS, P.C., TO PREPARE A FINAL PROJECT DESIGN FOR PHASE 1A TERTIARY WASTEWATER TREATMENT PROJECT IN AN AMOUNT NOT TO EXCEED $1,844,100, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, based on the recent analysis prepared for the Wastewater Master Plan, there is a need for the addition of tertiary treatment facilities at the City's Jennings Road Secondary Treatment Plant, and

WHEREAS, the Wastewater Master Plan recommended phasing of the tertiary treatment project to adequately address near-term treatment and disposal needs, and

WHEREAS, the City Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, was followed to select a professional engineering design consultant for preliminary design of the Phases 1A and 1B Tertiary Wastewater Treatment Project, and

WHEREAS, following a Request for Qualifications for engineering design services, which was sent to 123 engineering firms, seven Statements of Qualifications were received, and

WHEREAS, of the seven Statements of Qualifications, two firms were short listed for proposals and interviews, and

WHEREAS, Carollo Engineers, P.C. (Carollo) was deemed most qualified and selected for preliminary engineering design services, and

WHEREAS, Carollo has satisfactorily completed preliminary engineering design services for the Phases 1A and 1B Tertiary Wastewater Treatment Project, and

WHEREAS, City staff recommends that an Agreement with the consulting firm of Carollo be approved to perform the final project design services as the City does not have the staffing level to design these projects and current workload levels do not provide for timely in-house solutions/responses, and

WHEREAS the Public Works Director has recommended a new Agreement with Carollo to complete the final design, provide biddable documents, and provide bid period services for the Phase 1A Tertiary Wastewater Treatment Project in an amount not to exceed $1,844,100, and

WHEREAS, Carollo will be paid on a time and materials basis for actual hours required performing individual tasks at a set rate,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Carollo Engineers, P.C. to prepare a final project design for the Phase 1A Tertiary Wastewater Treatment Project in an amount not to exceed $1,844,100.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of July, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-409

RESOLUTION AMENDING THE CURRENT CAPITAL IMPROVEMENT BUDGET IN ORDER TO FULLY FUND THE AGREEMENT WITH CAROLLO ENGINEERS, P.C., BY DECREASING CIP ACCOUNT 6210-480-B806-6010 (WW TREATMENT-PHASE 1B) BY $1,527,500 AND RETURNING THE FUNDS TO ACCOUNT 6210-800-8000-8003 (WASTEWATER FUND RESERVES), THEN DECREASING ACCOUNT 6210-800-8000-8003 (WASTEWATER FUND RESERVES) AND REAPPROPRIATING $1,527,500 TO CIP ACCOUNT 6210-480-B805-6010 (WW TREATMENT-PHASE 1A)

WHEREAS, the CIP Account 6210-480-B805-6010 (WW Treatment-Phase 1A) only provides $390,412.39 in available funds to fully fund final project design of the Phase 1A Tertiary Wastewater Treatment Project in the estimated total amount of $1,917,912, including funding an Agreement with Carollo Engineers, P.C. (Carollo), for final project design and to cover contract administration costs by City staff, and

WHEREAS, certain budgetary transactions are necessary to fully fund said Agreement with Carollo, in the amount of $1,844,100 for final project design services, and $73,812 to cover contract administration costs by City staff, for a total of $1,917,912, and

WHEREAS, at the time the CIP accounts were originally set up, CIP Account 6210-480-B806-6010 (WW Treatment-Phase 1B) accounted for a higher percentage of the budget than CIP Account 6210-480-B805-6010 (WW Treatment-Phase 1A), however, due to change in scope, the budgets for final project design for both accounts require redistribution between Phases 1A and 1B Tertiary Wastewater Treatment Facilities, and

WHEREAS, the total amount of $1, 527,500 is to be transferred by decreasing CIP Account 6210-480-B806-6010 (WW Treatment-Phase 1B) by $1,527,500 and

returning the funds to Account 6210-800-8000-8003 (Wastewater Fund Reserves), then decreasing Account 6210-800-8000-8003 (Wastewater Fund Reserves) and reappropriating $1,527,500 to CIP Account 6210-480-B805-6010 (WW Treatment-Phase 1A),

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves the transfer of funds as set forth herein to fully fund the Agreement with Carollo, in the amount of $1,844,100 for final project design services, and $73,812 to cover contract administration costs by City staff, for a total of $1,917,912, for the Phase 1A Tertiary Wastewater Treatment Project.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of July, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-410

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO ACTING AS THE GOVERNING BODY OF ALL OF ITS COMMUNITY FACILITIES DISTRICTS ORDERING JUDICIAL FORECLOSURE OF DELINQUENT SPECIAL TAXES PURSUANT TO THE MELLO-ROOS COMMUNITY FACILITIES ACT OF 1982, ORDERING THAT THE TAX COLLECTOR BE CREDITED WITH THOSE TAXES, APPROVING AN AGREEMENT FOR LEGAL SERVICES WITH SHERMAN & FELLER, A LAW CORPORATION, FOR LEGAL SERVICES FOR COLLECTON AND FORECLOSURE PROCEEDINGS RELATED TO DELINQUENT COMMUNITY FACILTIES DISTRICT SPECIAL TAXES AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto ("City") has conducted proceedings resulting in the formation of Community Facilities Districts ("CFDs") and the issuance and sale of bonds or debt pursuant to the Mello-Roos Community Facilities Act of 1982 (Cal. Gov. Code Section 53311, et seq.; the "Act"), and

WHEREAS, pursuant to the Act, the City has duly recorded Notices of Special Tax Lien and has duly and regularly levied special taxes, which special taxes and interest and penalties thereon constitute a lien against the parcel of the land against which it was levied until the same are paid, which liens secure in whole or part debt issued pursuant to the Act, and

WHEREAS, certain installments of the special taxes have not been paid when due, and certain special taxes may not be paid when due in the future, and

WHEREAS, pursuant to Section 53356.1(a) of the Act, the CFDs are authorized to order the special taxes collected by an action brought in the Superior Court to foreclose their liens, and

WHEREAS, pursuant to Section 53356.1(b) of the Act, the CFDs covenanted for the benefit of owners of the debt to file such foreclosure actions on behalf of the debt holders and

are authorized to order the County Auditor to credit the delinquent special taxes upon the secured tax roll, thus relieving the County Tax Collector of further duty and regard thereto, and,

WHEREAS, the City desires to retain experienced, qualified counsel to prosecute such judicial foreclosure actions, and

WHEREAS, Sherman & Feller, a Law Corporation ("Attorney") represents that it is qualified, willing and able to provide said services, and

WEREAS, in an effort to prevent large delinquencies from accumulating, the City desires to establish an additional administrative foreclosure threshold in the amount of $5,000, and

WHEREAS, this additional threshold will allow foreclosure proceedings to commence on any parcel where the special tax delinquency is $5,000 or greater, regardless of the number of delinquent payments,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto acting as the Legislative Body of all of the City of Modesto CFDs that:

1. The City finds that the Act authorizes the filing of judicial foreclosure lawsuits to collect delinquent special taxes, and hereby orders that the delinquent special taxes listed on the attached Exhibit A and all future delinquent special taxes as to such property, be collected by action brought in the appropriate Superior Court to foreclose the liens thereof.

2. The Agreement for legal services between the City of Modesto and Sherman & Feller, a Law Corporation ("Agreement"), is hereby approved.

3. The City Manager, or his designee, is hereby authorized to the execute the Agreement.

3. Attorney shall act as special counsel on the terms set forth in the Agreement presented to the Council and shall prosecute the foreclosure actions and collect on behalf of the CFDs all amounts due on account of the special taxes listed in Exhibit A and any subsequent delinquent special taxes levied.

4. The Act provides for the payment of the costs and attorneys fees for prosecution of the foreclosure lawsuits on redemption prior to entry of judgment as well as on post-judgment redemption, and hereby authorizes Attorney to require payment on its behalf of all costs and all attorneys' fees incurred to collect the delinquent special taxes as a condition of such redemption as provided in the Agreement.

5. City staff in conjunction with special counsel and other City consultants are authorized and directed if and as applicable, pursuant to Government Code Section 53356.2: 1) to record notices of intent to remove the delinquent special taxes from the tax rolls, and 2) to request that the applicable County officials remove current and future delinquent special taxes from the tax rolls.

6. An additional administrative foreclosure threshold in the amount of $5,000 be established. This additional threshold will allow foreclosure proceedings to commence on any parcel where the special tax delinquency is $5,000 or greater, regardless of the number of delinquent payments.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of July, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO 2007-411

RESOLUTION REJECTING THE SOLE RESPONSIVE BID FOR CROWN VICTORIA POLICE INTERCEPTOR VEHICLES – 2008 MODEL YEAR, DUE TO THE BID NOT BEING COMPETITIVELY PRICED BASED ON SIMILAR CONTRACTS WITH PUBLIC AGENCIES WITHIN THE STATE OF CALIFORNIA, AND AUTHORIZE THE PURCHASE OF FIFTEEN (15) CROWN VICTORIA POLICE INTERCEPTOR VEHICLES BY "ACCESSING THE TERMS" OF A COMPETITIVELY BID CONTRACT WITH THE CITY OF SACRAMENTO, THROUGH DOWNTOWN FORD, SACRAMENTO, CA, FOR A ESTIMATED COST OF $400,500

WHEREAS, on August 2, 2006, Council approved Resolution No. 2006-245 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment throughout FY 06/07 through various competitive processes, with the Purchasing Division coming back to Council for award authorization, and

WHEREAS, on March 20, 2007, the Purchasing Division issued Request for Bid No. 0607-39 for the purchase of Police Interceptor Vehicles, Crown Victoria – 2008 model year, to twenty-one (21) vendors, of which one (1) was a local company, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, on April 24, 2007, RFB's were formally opened in the City Clerk's office. Of the twenty-one (21) prospective bidders, three (3) companies chose to respond, and

WHEREAS, two (2) companies submitted only one (1) original bid document, and

WHEREAS, RFB language requires bidders to submit two (2) originals and (3) copies, failure to furnish two (2) "inked" signed original bid documents shall result in disqualification, and

WHEREAS, both companies bid submittals were disqualified due to being non-responsive and received no further consideration, and

WHEREAS, RFB specification 3.1 Required Documents, states:

- Failure to furnish two (2) "inked" signed original bid documents will result in disqualification.

- Failure to furnish the required documents may result in disqualification,

and

WHEREAS, a cost analysis was conducted to review the City of Sacramento Contract, issued February 1, 2007, and the State of California Contract, issued June 1, 2007, and

WHEREAS, City staff determined that the sole responsive bidder was not competitively priced with other public agencies, and by "accessing the terms" of a competitively bid contract with the City of Sacramento, through Downtown Ford, Sacramento, CA, the City will select the bid that best suits the City's needs, and

WHEREAS, RFB specification 2.3 Award of Bid, states:

- The City reserves the right to decline to award a contract if it is determined that the proposed pricing is not competitively priced based on similar contracts with public agencies within the State of California.

- The City reserves the right to select that bid, which best suits the City's needs. Regardless of City staff's recommendation, the City Council reserves the right to award a contract to the bidder that best suits the City's needs as determined by the City Council whether or not said award is consistent with City staff's recommendation for award

WHEREAS, The Modesto Municipal Code Section 8-3.203, requires all purchases, which meet or exceed $50,000 for material and equipment or contractual services to be formally bid, and

WHEREAS, per Modesto Municipal Code Section 8-3.204 (d) the Purchasing Manager may determine that a process other than the formal bid procedure set forth in Section

8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS, by "accessing the terms" through the contract with the City of Sacramento, the purchase of this equipment will conform to MMC Section 8-3.204(d), and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes rejecting the sole bid received, due to the bid not being competitively priced based on similar contracts with public agencies within the State of California and authorize the purchase of fifteen (15) Crown Victoria Police Interceptor vehicles by "accessing the terms" of a competitively bid contract with the City of Sacramento, through Downtown Ford, Sacramento, CA, for a total estimated cost of $400,500.

BE IT FURTHER RESOLVED that the Purchasing Manager shall issue a purchase order by "accessing the terms" of the City of Sacramento contract for the Pubic Works Department, Fleet Services Division, to Downtown Ford, Sacramento, CA, for the total estimated cost of $400,500.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-412

RESOLUTION APPROVING AN AGREEMENT WITH HABITAT FOR HUMANITY, STANISLAUS, FOR COMMUNITY HOUSING DEVELOPMENT ORGANIZATION (CHDO) SET-ASIDE FUNDS, IN THE AMOUNT OF $196,611.75, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND RELATED DOCUMENTS

WHEREAS, the City of Modesto receives annual entitlements from the U.S. Department of Housing and Urban Development (HUD) based on the population size, number of households living below poverty level and number of sub-standard housing units; a percentage of the HOME Investment Partnership Program (HOME) entitlement plus estimated program income may be allocated for the purposes of providing assistance consistent with the functions of HOME funding, and

WHEREAS, Community Housing Development Organization (CHDO) funds can be allocated only to non-profit organizations that have been approved by the City of Modesto as CHDOs, and are active in Modesto and operating in compliance with the HOME regulations, and

WHEREAS, on May 24, 2005, by Resolution No. 2005-279, the City Council approved the City of Modesto draft 2005-2006 HUD Annual Action Plan, which included the allocation of $196,612 CHDO set-aside funds to cover the project costs of affordable housing and $65,537 in CHDO operating funds to assist with the operational costs of the organization; these funds are to be provided to an eligible CHDO; the City of Modesto currently has only three eligible and active CHDOs: Habitat for Humanity, Stanislaus, ACLC, Inc., and STANCO, and

WHEREAS, on October 28, 2005, the Citizens Housing and Community Development Committee (CH&CDC) approved staff recommendation to send a letter to the three active and

approved Community Housing Development Organizations (CHDOs) and invite them to submit a Letter of Interest if they are interested in applying for these funds, and

WHEREAS, letters inviting the three CHDOs to submit a Letter of Interest were sent to the CHDOs on January 10, 2006; all three CHDOs submitted letters of interest requesting the set-aside funds, the operating funds, or both; a review committee reviewed the CHDO letters and proposals, and presented a recommendation to the CH&CDC, and

WHEREAS, at the June 23, 2006, meeting, the CH&CDC recommended the allocation of $196,611.75 in CHDO set-aside funds to Habitat for Humanity, Stanislaus, to be utilized for predevelopment activities for the Hope Village project, and

WHEREAS, City staff has been working with Habitat for Humanity to develop new timelines since the scope and design of the project has changed; the timelines are based on the submission of a complete application for required zoning and a complete application for tentative subdivision map for the Hope Village project; these timelines have been submitted to the City by Habitat for Humanity on April 11, 2007, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) met on June, 23, 2006, and recommended to allocate the FY 2005-2006 HOME CHDO set-aside funds to Habitat for Humanity, Stanislaus, and

WHEREAS, Habitat for Humanity has not provided proof of insurance that meets the City of Modesto standards as outlined in the agreement for CHDO funds, and

WHEREAS, by a letter to Habitat for Humanity dated July 6, 2007, a copy of which is included herein as Exhibit "A" and incorporated by reference, City staff has stated its intention to recommend approval of the loan agreement for CHDO Set-Aside funds, with the full disclosure

that Habitat for Humanity has not met the requirement for acquiring or providing evidence of insurance meeting the City's standard requirements, and

WHEREAS, the recommendation for approval of the loan without meeting standard insurance requirements is due to the administrative nature of pre-development activities that will be funded by this loan, and

WHEREAS, this letter further states that City staff would not recommend consideration of this or any other development agreement for actual construction, rehabilitation or property development without evidence of insurance that meets all standard requirements,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an agreement with Habitat for humanity, Stanislaus for Community Housing Development Organization for (CHDO) funds in the amount of $196,611.75.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement and related documents.

BE IT FURTHER RESOLVED that any future agreement related to development will require that Habitat for Humanity meet all City Standard Insurance requirements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of July 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-413

RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 2007-138 TO AMEND THE CLASS RANGE TABLE FOR REPRESENTED MANAGEMENT AND CONFIDENTIAL NON-SWORN CLASSES TO REVISE THE SALARY RANGES FOR DEPUTY CHIEF BUILDING OFFICIAL, CHIEF BUILDING OFFICIAL, JUNIOR CIVIL ENGINEER, JUNIOR TRAFFIC ENGINEER, ASSOCIATE CIVIL ENGINEER, ASSOCIATE TRAFFIC ENGINEER, SENIOR CIVIL ENGINEER, AND TRAFFIC ENGINEER AND AUTHORIZE REGISTERED ENGINEER PAY FOR DESIGNATED CLASSIFICATIONS

WHEREAS, the City Council desires to amend Exhibit "A" of Resolution No. 2007-138, which approved the Class Range Table for Represented Management and Confidential Non-Sworn Classes,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. AMENDMENT TO RESOLUTION NO. 2007-138. Exhibit "A" to Resolution No. 2007-138 entitled, "City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes Effective February 27, 2007," is hereby amended as shown on the amended Exhibit "A", which is attached hereto and made a part hereof. Said amended Exhibit "A" entitled "City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes Effective June 12, 2007", changes the classifications of Junior Civil Engineer from Range 430 ($4543-$5536 mo) to Range 432 ($4773-$5816 mo), Junior Traffic Engineer from Range 430 ($4543-$5536 mo) to Range 432 ($4773-$5816 mo), Assistant Civil Engineer from Range 434 ($5015 -$6110 mo) to Range 436 ($5269-$6420 mo), Assistant Traffic Engineer from Range 434 ($5015 -$6110 mo) to Range 436 ($5269-$6420 mo), Associate Civil Engineer from Range 440 ($5816 -$7086 mo) to Range 443 ($6263- 7631 mo), Associate Traffic Engineer from Range 440 ($5816 -$7086 mo) to Range 443 ($6263-$7631 mo), Senior Civil Engineer from Range 447 ($6913-$8423 mo) to Range 450

($7445-$9071 mo), Traffic Engineer from Range 447 ($6913-$8423 mo) to Range 450 ($7445-$9071 mo), Deputy Chief Building Official from Range 444 ($6420-$7822 mo) to Range 446 ($6745-$8218 mo), Chief Building Official from Range 447 ($6913- $8423 mo) to Range 450 ($7445-$9071 mo), in the Class Range Table.

SECTION II. REGISTERED ENGINEER PAY. Effective June 12, 2007, those employees who possess a current registration as a Professional Civil Engineer in the State of California in the classification of Chief Building Official shall be eligible to receive 2.5% Registered Engineer Pay, and in the classification of Deputy Chief Building Official shall be eligible to receive 5% Registered Engineer Pay.

SECTION III. EFFECTIVE DATE. This resolution shall become effective on and after July 10, 2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of July, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-415

RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN FOR THE CITY OF MODESTO

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. CLASSIFICATION CREATED. The Position Classification Plan of the City of Modesto is hereby amended to create the following classifications:

1. Water Distribution Operator I/II/III at salary range 116, 118, 124
2. Water Production Operator I/II at salary range 124, 128
3. Water Services Equipment Operator I/II at salary range 124, 128
4. Water Division Crewleader at salary range 132

The job specifications for these classifications are being created as a result of a compensation study of specified classifications. The job specifications for said classifications, as shown on the attached **Exhibit "A,"** which is hereby made a part of

this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION II. CLASSIFICATIONS AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to revise and re-title the job specifications for the following classifications:

1. Wastewater Treatment Plant Attendant to Wastewater Treatment Plant Operator I
2. Wastewater Treatment Plant Operator to Wastewater Treatment Plant Operator II
3. Wastewater Treatment Plant Relief Operator to Wastewater Treatment Plant Operator III

The Position Classification Plan of the City of Modesto is hereby amended to revise the job specifications for the following classifications:

1. Cross Connection Specialist
2. Water Conservation Specialist
3. Senior Wastewater Treatment Plant Operator
4. Building Inspector I/II
5. Equipment Mechanic
6. Heavy Equipment Mechanic
7. Equipment Mechanic Crewleader
8. Heavy Equipment Mechanic Crewleader

The job specifications for these classifications are being amended as a result of a compensation study of specified classifications. The job specifications for said

classifications, as shown on the attached **Exhibit "B,"** which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION III. CLASSIFICATION DELETED. The Position Classification Plan of the City of Modesto is hereby amended to delete the classification of Water Distribution System Operator, as said classification is no longer being used.

SECTION IV. EFFECTIVE DATE. This resolution shall become effective on and after July 10, 2007.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 10th day of July, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

CITY OF MODESTO
No. 6702
No. 6701
No. 6700

July 2007

WATER DISTRIBUTION OPERATOR I
WATER DISTRIBUTION OPERATOR II
WATER DISTRIBUTION OPERATOR III

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

These three (3) classes comprise the Water Distribution Operator series. Under general supervision, incumbents perform duties that range from semi-skilled to skilled and involve the construction, maintenance, and repair of the City's water distribution system and the resolution of customer service issues. Depending upon the level of a particular position, incumbents must possess, or be in the process of obtaining, a Grade I, II, or III Water Distribution Operator Certificate issued by the State of California, Department of Health Services.

Positions allocated to this series are typically flexibly staffed to all three levels. Generally, employees may promote upward through the series as they meet the qualifications/certifications required by the higher-level class and have demonstrated proficiency in performing work at that level, subject to approval by management.

DISTINGUISHING CHARACTERISTICS

Water Distribution Operator I - This is the training level class in the Water Distribution Operator series. Incumbents in this class perform the more routine tasks and duties assigned to positions in the series while they are obtaining the skills, experience and qualifications required to perform the full range of duties. Since this is typically used as a training class, employees are required to have some general maintenance experience, but no specific experience pertaining directly to water distribution systems.

Water Distribution Operator II – This is the first working level class in the Water Distribution Operator series. This class can be distinguished from Water Distribution Operator I because incumbents in this class have the experience, qualifications and demonstrated proficiency required to perform moderately complex duties with some independence. This class can also be distinguished from Water Distribution Operator III because the latter is the journey-level class where incumbents have the experience, qualifications and demonstrated proficiency to perform the full range of skilled duties with substantial independence.

Water Distribution Operator III – This is the full journey-level class in the Water Distribution Operator series. In addition to being fully certified, incumbents at this level receive only occasional instruction as new or unusual situations arise, and they are fully

aware of the operating procedures and policies of the work unit. This class can be distinguished from Water Distribution Operator II because incumbents in the latter class are still developing the skills and qualifications necessary to perform the full range of journey-level duties and are not eligible to serve independently as shift operators. In contrast, a Water Distribution Operator III may serve as a shift operator and have direct charge of the operation of the water distribution system for a specified period of the day.

SUPERVISION RECEIVED AND EXERCISED

At all levels, incumbents receive general supervision from higher level supervisory and management staff. As both proficiency and qualifications are gained, incumbents are assigned more complex duties, which they are expected to perform with greater independence.

At the Water Distribution Operator II and III levels, incumbents may provide functional/technical direction or leadership to less experienced employees.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - *Essential and other important responsibilities may include, but are not limited to, the following:*

Essential Functions:

- Lay and fit pipelines; make water line taps; install water services, fire hydrants, blow-offs, valves, meters, vaults, boxes, and exercise valves; locate and mark services and mains for Underground Service Alerts.
- Flush water mains and services to maintain a safe, potable water system.
- Respond to emergencies including flood, line breaks and overflows; repair and restore systems as required.
- Respond to customer water problems including leaks, low water pressure, meter connects and disconnects, and unusual meter readings.
- Collect water samples from wells, mains and services for lab testing.
- Read and update water distribution maps and as-built plans and blueprints; analyze projected new routes.
- Identify and locate service and main leaks for heavy crews; operate pipe locators and gas-sensing equipment; install and inspect backflow devices; raise and maintain water meters above ground.
- Excavate trenches and install shoring; back fill trenches with proper material to

achieve correct compaction.

- Operate construction equipment and power tools such as dump trucks, front-end loaders, tampers, tap machines, pavement saws, cutting torches and welders.
- Operate hand-held and office computers to enter and retrieve data; prepare written and computerized records and reports; review reports for accuracy.
- Install street barricades, cones, flags and standards prior to the performance of construction and repair activities; direct and control traffic around work sites.
- Tactfully respond to requests and inquiries from customers of the water utility and from the general public.
- Identify equipment needs for each assigned project.
- Utilize proper safety precautions related to all work performed.
- Perform work in emergency situations as required.
- Perform standby/on-call duties as assigned and required.

Marginal Functions:

- Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

- Methods, techniques, and tools, and the operational characteristics of mechanical equipment used in the construction, maintenance and repair of water utility facilities and meters.
- Methods and procedures used in monitoring water systems.
- Practices for collection of water samples.
- Basic arithmetic principles.
- Potable water disinfection (chlorination) rules and regulations.
- Safe work practices.

Ability to:

- Perform skilled and semi-skilled maintenance, construction, and repair work in the area of work assigned.
- Communicate effectively with the public to resolve water service complaints.
- Handle contaminated materials and equipment.
- Identify equipment, tools and materials needed for each project.
- Fabricate tools and equipment if needed for projects.
- Identify possible or potential sources of contamination and how to deal with it to ensure a safe water system.
- Disassemble water meters, clean meter parts; reassemble meters; test and adjust meters; install and remove meters; check for proper operation of meters.
- Perform heavy manual labor, particularly as it pertains to the construction, maintenance and repair of water distribution systems.
- Understand and follow oral and written instructions.
- Work in confined areas.
- Work in deep trenches and follow trenching and shoring safety standards.
- Use and operate hand tools, mechanical equipment, power tools, and other equipment required for the work in a safe and efficient manner.
- Read and interpret basic maps and blueprints.
- Communicate effectively, both orally and in writing.
- Establish and maintain cooperative relationships with those contacted during the course of work.

EXPERIENCE, EDUCATION AND TRAINING GUIDELINES

Any combination of experience, education and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Water Distribution Operator I

Experience:

- Two years of increasingly responsible experience performing field maintenance duties, including at least one year at a level comparable to the class of Maintenance Worker II in the City of Modesto. Work experience within a municipal or private water utility is highly desirable.

Certificates

- Must obtain a Grade I Water Distribution Operator Certificate issued by the State of California, Department of Health Services within eighteen (18) months of appointment as a requirement of continued employment. Failure to obtain the required certificate may result in release from probation or termination.

- Must obtain a Grade II Water Distribution Operator Certificate issued by the State of California, Department of Health Services within thirty (30) months of appointment as a requirement of continued employment. Failure to obtain the required certificate may result in release from probation or termination.

Water Distribution Operator II

Experience:

- One year of increasingly responsible experience performing construction, maintenance and repair on water distribution facilities at a level comparable to the class of Water Distribution Operator I in the City of Modesto.

Certificate

- Must possess a Grade II Water Distribution Operator Certificate issued by the State of California, Department of Health Services.

Water Distribution Operator III

Experience:

- Two years of increasingly responsible experience performing construction, maintenance and repair on water distribution facilities, including one year at a level comparable to the class of Water Distribution Operator II in the City of Modesto.

Certificate

- Must possess a Grade III Water Distribution Operator Certificate issued by the State of California, Department of Health Services.

All Levels

Education:

- Equivalent to graduation from High School or possession of a G.E.D. certificate.

Licenses:

- Must possess and maintain a valid California driver's license.

Other Requirements:

- Possession of a Backflow Tester Certificate issued by the American Water Works Association (AWWA) is highly desirable.

- During the course of employment, may be required to attend and successfully complete training courses as needed to perform assigned duties, including First Aid and CPR.

WORKING CONDITIONS:

Environmental Conditions:

- Work is typically performed in a field environment that may require: travel from site to site; exposure to hot and cold temperatures, inclement weather, heavy traffic and other hazards; and working in confined spaces with potentially hazardous materials.

Physical Conditions:

- Essential and marginal functions may require: lifting/carrying objects of up to 100 pounds of weight; maintaining physical condition necessary for walking, standing for long periods of time and crawling; manipulation of hand tools; operating motorized equipment and vehicles.

Work Assignment:

- May be required to work evenings, weekends and holidays; may be required to work overtime and irregular hours in emergency situations.

CITY OF MODESTO July 2007
No. 6155
No. 6154

WATER PRODUCTION OPERATOR I
WATER PRODUCTION OPERATOR II

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

These two (2) classes comprise the Water Production Operator series. Under direction, incumbents perform advanced support duties pertaining to the distribution and treatment of the City's potable water system, and the skilled maintenance and repair of water distribution and treatment equipment/facilities. In addition to the required certificates in water distribution, incumbents must either possess, or be in the process of obtaining, an appropriate water treatment certificate issued by the State of California, Department of Health Services.

Positions allocated to this series are typically flexibly staffed to both levels. Generally, employees may promote from a Water Production Operator I to a Water Production Operator II when they meet the qualifications/certifications required by the higher-level class and have demonstrated proficiency in performing work at that level, subject top approval by management.

DISTINGUISHING CHARACTERISTICS

Water Production Operator I - This is the training level class in the Water Production Operator series. Incumbents in this class perform the more routine tasks and duties assigned to positions in the series while they are obtaining the skills, experience and qualifications required to perform the full range of duties. Incumbents must have substantial experience pertaining to the construction, maintenance and repair of water distribution systems, but need not have previous experience involving water treatment facilities and/or equipment.

Water Production Operator II – This is the full journey-level class in the Water Production Operator series. In addition to being certified to perform both water distribution and treatment duties, incumbents at this level receive only occasional instruction as new or unusual situations arise, and they are fully aware of the operating procedures and policies of the work unit. This class can be distinguished from Water Production Operator I because incumbents in the latter class are still developing the skills and qualifications necessary to perform the full range of journey-level duties assigned to positions in this series.

SUPERVISION RECEIVED AND EXERCISED

Water Production Operator I - Incumbents work under the general supervision of higher-level supervisory staff. Incumbents do not directly lead or supervise other employees.

Water Production Operator II - Incumbents work under the direction of higher-level supervisory staff. At this level, incumbents may provide functional/technical direction or leadership to less experienced employees.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – *Essential and other important responsibilities and duties may include, but are not limited to, the following:*

Essential Functions:

- Inspect, troubleshoot, repair, maintain and adjust wellhead water treatment units, storage reservoirs, and other water facilities, machinery and equipment including production pumps, chlorine injection pumps, sand separators, electric motors, equipment ventilation, motor controls, valves and electric generators; remove and reinstall well seals; install, maintain, and calibrate water meters, hypo chlorinators and on-line analyzers.

- Perform preventive maintenance checks and servicing on water system equipment; pack, lubricate, clean and paint pumping equipment and motors; inspect and calibrate gauges and meters; inspect and test air quality analyzers; develop maintenance schedules; coordinate emergency repair of systems as needed.

- Operate and maintain ion exchange, carbon filtering and other water treatment elements; inspect, troubleshoot, repair, maintain, sample and adjust the equipment as necessary through computer controlled interfaces; maintain and operate chemical feed systems and perform dosage computations; sample the product water and adjust the treatment process as required to maintain water quality standards.

- Check automated system (SCADA) parameters through onsite and remote interfaces in order to monitor and operate wells and treatment systems and to identify maintenance needs; enter data into the system at remote sites using micro-computer or other devices.

- Flush water lines, filters, fire hydrants, blow offs or other structures/systems as required.

- Collect regular and intermittent water samples from well sites, treatment plants and other systems access points as required by law; process samples for laboratory testing.

- Maintain accurate records pertaining to water sampling/testing, well production, flow rate and system pressure as required by law; operate, maintain and complete daily logs of emergency standby generators.
- Provide input on treatment facility construction; read and interpret blueprints; provide input on design blueprints and recommend changes before finalization.
- Respond to and investigate public concerns regarding water quality problems.
- Perform various skilled and semi-skilled plumbing, electrical, and carpentry duties as required; perform concrete repair including sawing, pouring, finishing and jack hammering; fabricate parts and equipment including mounts, brackets and shields; operate welding and cutting equipment;
- Help maintain an inventory of supplies, parts and equipment used in water service maintenance.

Marginal Functions:

- Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

- Principles, methods, materials, and tools employed in the repair and maintenance of pumps, motors, and related equipment.
- Principles and practices of hydraulics related to pumps and other water distribution equipment.
- Basic plumbing and electrical principles.
- Safety procedures for confined space entry.
- Practices and techniques of metal cutting and welding.
- Preventive maintenance and inspection methods.
- Appropriate safety practices and regulations.
- Supervisory Control and Data Acquisition (SCADA) computerized pump control systems.
- Water sampling methods.

- Confined space entry procedures.
- Water disinfection and chemical dosage requirements.
- Safety procedures in handling chemicals.
- Safe operation of cranes and/or other specialized equipment (with appropriate training).

Ability to:

- Independently perform a variety of skilled and complex repair, maintenance, servicing, and cleaning tasks involving pumps, motors, and computerized and pneumatic controls.
- Troubleshoot and diagnose malfunctions with pumping capacities, pneumatic controls and computerized controls, and determine effective course of action for correcting them.
- Operate and maintain a variety of equipment and tools in the performance of maintenance tasks; operate a portable sample pump; operate a steam cleaner; operate a mobile crane, if assigned.
- Keep detailed maintenance records.
- Read and interpret blueprints.
- Work in confined spaces.
- Understand and carry out oral and written directions.
- Establish and maintain effective working relationships with those contacted in the course of work.
- Perform standby duty as assigned.
- Spray pesticides, herbicides and insecticides in a safe manner and handle chemicals accordingly, as required.

EXPERIENCE, EDUCATION AND TRAINING GUIDELINES:

Any combination of experience, education and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Water Production Operator I

Experience:

- One year of experience performing water distribution system construction, maintenance and repair duties at a level comparable to a Water Distribution Operator II in the City of Modesto.

Certificates:

- Must possess a Grade III Water Distribution Operator Certificate issued by the State of California, Department of Health Services.
- Must obtain a Grade I Water Treatment Operator Certificate issued by the State of California, Department of Health Services within eighteen (18) months of appointment. Failure to obtain the required certificate may result in release from probation or termination.
- Must obtain a Water Sampling Certificate within twelve (12) months of appointment. Failure to obtain the required certificate may result in release from probation or termination.

Water Production Operator II

Experience:

- One year of experience performing specialized maintenance and repair duties involving both water distribution and treatment activities.

Certificates:

- Must possess a Grade III Water Distribution Operator Certificate issued by the State of California, Department of Health Services.
- Must possess a Grade I Water Treatment Operator Certificate issued by the State of California, Department of Health Services.
- Must possess a Water Sampling Certificate.

Both Levels

Education:

- Equivalent to a high school diploma or G.E.D. certificate.

Licenses/Certificates:

- Must obtain and maintain a valid Class B Commercial California Driver's license with appropriate endorsements within 45 days of appointment as a condition of continued employment. Failure to obtain the required license may result in release from probation or termination.

Other Requirements:

- Specialized training in the areas of mechanical maintenance and repair is highly desirable.

- During the course of employment, may be required to attend and successfully complete training courses as needed to perform assigned duties, including First Aid and CPR.

WORKING CONDITIONS

Environmental Conditions:

- Work is typically performed in a field environment that may require: travel from site to site; exposure to hot and cold temperatures, inclement weather, heavy traffic and other hazards; and working in confined spaces with potentially hazardous materials.

Physical Conditions:

- Essential and marginal functions may require: lifting/carrying objects of up to 75 pounds of weight; maintaining physical condition necessary for walking, standing for long periods of time and crawling; climbing and descending ladders; operating motorized equipment and vehicles.

Work Assignment:

- May be required to work evenings, holidays and weekends; may be required to work overtime and irregular hours in emergency situations.

CITY OF MODESTO July 2007
No. 6312
No. 6311

WATER SERVICES EQUIPMENT OPERATOR I
WATER SERVICES EQUIPMENT OPERATOR II

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

These two (2) classes comprise the Water Services Equipment Operator series. Incumbents operate light and/or heavy construction such as dump trucks, utility vehicles, backhoes, cranes, and other maintenance/transportation equipment in support of a variety of water distribution system activities and according to required standards. They also provide leadership, guidance and daily direction to water service crews at an assigned worksite and perform a wide variety of skilled maintenance tasks as assigned.

Both levels require incumbents to possess appropriate water distribution certificates upon hire. Incumbents at the Water Services Equipment Operator II level are fully trained and licensed to operate a wide range of equipment and perform the most advanced duties assigned to this series. If hired at the Water Services Equipment Operator I level, incumbents are given leadership and equipment operations training, and they must obtain specialized equipment operation licenses.

Positions allocated to this series are typically flexibly staffed to both levels. Generally, employees may promote from a Water Services Equipment Operator I to a Water Services Equipment Operator II when they meet the qualifications/licenses required by the higher-level class and have demonstrated proficiency in performing work at that level, subject to approval by management.

DISTINGUISHING CHARACTERISTICS

Water Services Equipment Operator I – This is the training level class in the Water Services Equipment Operator series. Incumbents in this class perform the more routine tasks and duties assigned to positions in the series while they are obtaining the skills, experience and qualifications required to perform the full range of duties. Incumbents must have substantial experience pertaining to the construction, maintenance and repair of water distribution systems, but may not initially have the specialized experience or licensing required for the operation of complex heavy equipment.

Water Services Equipment Operator II – This is the full journey-level class in the Water Services Equipment Operator series. In addition to having appropriate water distribution certificates, incumbents must possess specialized equipment licensing such as a California "Class A" driver's license and a crane operator's certificate. At this level, incumbents receive only occasional instruction as new or unusual situations arise, and

they are fully aware of the operating procedures and policies of the work unit. This class can be distinguished from Water Services Equipment Operator I because incumbents in the latter class are still developing the skills and qualifications necessary to perform the full range of journey-level duties assigned to positions in this series.

SUPERVISION RECEIVED AND EXERCISED

Water Services Equipment Operator I - Incumbents work under the general supervision of higher-level supervisory staff. Incumbents are trained to lead the daily activities of work crews on assigned projects.

Water Services Equipment Operator II - Incumbents work under the direction of higher-level supervisory staff. Incumbents provide on-site leadership, guidance and direction to work crews on assigned projects.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - *Essential and other important responsibilities and duties may include, but are not limited to, the following:*

Essential Functions:

- Operate heavy construction equipment such as backhoes, motor graders, large front-end loaders, and cranes for a variety of construction and maintenance operations involving potable water lines and related systems.
- Provide on-site lead leadership, guidance and direction to work crews on assigned projects.
- Break out and load asphalt and concrete onto large dump trucks.
- Expose and excavate water mains, distribution lines, valves, and other water distribution system infrastructure.
- Identify, plan and arrange for equipment needed for each assigned project.
- Perform minor repairs on equipment and report the need for major repairs; check and adjust fluid level; grease and lubricate moving parts as required.
- Perform daily DMV vehicle inspections; document and inspect equipment for safety and wear.
- Perform the full-range of water distribution system operation, construction and maintenance tasks when equipment is not in use.
- Respond to emergencies including flood, line breaks and overflows; repair and

restore systems as required.

- Provide training to lower level and/or less experienced employees.

Marginal Functions:

- Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

- The use, operation and maintenance requirements of a wide range of power-driven equipment including trucks, backhoes, loaders, and cranes.
- Principles, methods, materials, and tools employed in the construction, maintenance and repair of water distribution systems.
- Principles and practices of leadership, supervision and training, particularly as they apply to manual labor activities and construction/maintenance work crews.
- Traffic laws, ordinances, and rules involved in light and heavy equipment operations.
- Safe work practices; trench safety and shoring methods.
- Working in and around open trenches, traffic, construction equipment and utilities.
- Traffic control on construction sites.

Ability to:

- Operate a variety of light and heavy power-driven equipment.
- Locate utilities and be familiar with Underground Service Alert (U.S.A.) procedures.
- Lead, guide and direct the daily work of assigned crews at a project work site.
- Perform a variety of skilled construction and maintenance tasks.
- Load and transport equipment on trailers.

- Learn the geography, streets and water distribution infrastructure of an area, based on assignment.
- Work with and around hazardous materials specific to water systems and water treatment.
- Perform maintenance repair and installation of water system equipment and machinery.
- Read blue prints; participate in construction meetings.
- Perform maintenance on assigned equipment in an efficient, safe manner.
- Understand and follow oral and written instructions.
- Work independently or in a crew situation, as assigned.
- Set up and oversee construction sites at night, in adverse weather, or in emergencies.
- Establish and maintain cooperative-working relationships with those contacted in the course of work.

EXPERIENCE, EDUCATION AND TRAINING GUIDELINES

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Water Services Equipment Operator I

Experience:

- One year of experience performing journey-level water distribution system construction, maintenance and repair duties at a level comparable to or higher than a Water Distribution Operator II in the City of Modesto;

OR

- Two years of increasingly responsible experience performing maintenance and/or construction work involving the operation of light or medium equipment.

Licenses/Certificates:

- Must obtain a valid Class A commercial California driver's license, with specific endorsements required by the job duties, within 45 days of appointment. Failure to

obtain the required license may result in release from probation or termination.

- Must obtain a valid crane operator certificate, issued by the National Commission of Crane Operators, within twelve (12) months of appointment. Failure to obtain the required certificate may result in release from probation or termination.

- Must obtain a Water Sampling Certificate within twelve (12) months of appointment. Failure to obtain the required certificate may result in release from probation or termination.

Water Services Equipment Operator II

Experience:

- One year of responsible experience operating construction equipment and performing worksite leadership duties at a level comparable to or higher than Water Services Equipment Operator I in the City of Modesto;

OR

- Two years of experience performing journey-level water distribution system construction, maintenance and repair duties at a level comparable to or higher than a Water Distribution Operator II in the City of Modesto.

Licenses/Certificates:

- Must possess a valid Class A commercial California driver's license, with specific endorsements as required by the job duties.

- Must possess a valid crane operator certificate, issued by the National Commission of Crane Operators.

- Must possess a valid Water Sampling Certificate.

Both Levels

Education

- Equivalent to a high school diploma or G.E.D. certificate.

Certificate

- Must possess a Grade III Water Distribution Operator Certificate issued by the State of California, Department of Health Services.

Other Requirements:

- During the course of employment, may be required to attend and successfully complete training courses as needed to perform assigned duties, including First Aid and CPR.

WORKING CONDITIONS:

Environmental Conditions:

- Work is typically performed in a field environment that may require: travel from site to site; exposure to hot and cold temperatures, inclement weather, heavy traffic and other hazards; and working in confined spaces with potentially hazardous materials.

Physical Conditions:

- Essential and marginal functions may require: lifting/carrying objects of up to 100 pounds of weight; maintaining physical condition necessary for walking, standing for long periods of time and crawling; operating motorized equipment and vehicles.

Work Assignment:

- May be required to work evenings, weekends and holidays; may be required to work overtime and irregular hours in emergency situations.

WATER DIVISION CREW LEADER

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

This is a formal lead worker class. Under direction, incumbents coordinate, assign, train and provide broad field supervision to crews who perform duties pertaining to the construction, maintenance, repair and/or operation of the City's potable water system; plan and direct the work of skilled crews assigned to water distribution and treatment functions; oversee and participate in the use of complex construction equipment such as dump trucks, utility vehicles, backhoes, and cranes; and perform other related duties as assigned.

DISTINGUISHING CHARACTERISTICS

This is an advanced journey level/lead worker class. Depending upon assignment, incumbents may be assigned to either: 1) the Water Services unit where they oversee distribution system construction/maintenance/repair crews; or 2) the Water Operations unit where they oversee the work of Water Production Operators who perform advanced support duties pertaining to the distribution and treatment of the City's potable water system. Incumbents in this class are fully responsible for planning, leading and directing the work of one or more work crews on a regular and ongoing basis.

SUPERVISION RECEIVED AND EXERCISED

Incumbents work under the direction of higher-level supervisory staff. Although incumbents do not fully supervise other full-time employees, they do serve as full scope lead workers by planning, assigning, directing and monitoring the work of subordinate employees.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – *Essential and other important responsibilities and duties may include, but are not limited to, the following:*

Essential Functions:

- Serve as a lead worker over work crews involved in the construction, maintenance and/or operation of the City's potable water system.
- Assist supervisory and management staff with the design, planning, prioritizing, assignment and inspection of various maintenance, repair and construction projects.

- Provide feedback to supervisory and management staff regarding the field performance of crews for the purpose of evaluating employee performance.

- Assist in the development and monitoring the Division budget.

- Participate in the selection of staff; provide or coordinate staff training; work with employees to correct deficiencies through coaching.

- Serve as a technical resource regarding areas of assignment; answer questions and provide information to the public; investigate complaints and recommend corrective action as necessary to resolve complaints.

- Participate and encourage work unit participation in team building activities, including self-directed work teams.

- Maintain time, material and equipment use records; prepare various reports related to work activities including technical reports in response to regulatory activities.

- Prepare cost estimates; requisition supplies and materials needed for projects, ensuring that work crews have the materials and equipment needed to perform work activities.

- Perform safety inspections; prepare traffic plans and obtain necessary permits.

- Ensure that work activities adhere to environmental quality standards.

Marginal Functions:

- Perform standby duties as assigned.

If Assigned to Oversee Water Production Crews

- Serve as the water treatment Shift Operator as defined by the California Department of Health Services regulations.

- Lead and participate in the full-range of water distribution and treatment activities performed by Water Production Operators.

- Perform related duties as assigned.

If Assigned to Oversee Water Distribution Crews

- Lead and participate in the full-range of water distribution construction and maintenance activities, including the operation of heavy and light equipment as needed such as backhoes, loaders, dump trucks and cranes.

- Perform related duties as assigned.

If Assigned to Oversee Water Service Crews

- Lead and participate in the full-range of customer service and related maintenance activities, including service turn-ons/turnoffs, customer inquiries, hydrant repairs/replacements, meter testing and installations.

- Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

- Materials, methods, practices, equipment and elements of construction technology as they relate to water system construction, repair, maintenance and operations.

- Advanced principles and practices of employee supervision and leadership; safe work practices; regulatory safety programs and procedures.

- Pertinent sections of health, safety and labor codes.

- Basic principles and practices of budgeting and cost accounting.

- Standard business computer operations including commonly used word processing, spreadsheet and database software.

- Principles, methods, materials, and tools employed in the repair and maintenance of pumps, motors, and related equipment.

- Principles and practices of hydraulics related to pumps and other water distribution equipment.

- Supervisory Control and Data Acquisition (SCADA) computerized pump control systems.

- Basic plumbing and electrical principles.

- Practices and techniques of metal cutting and welding.
- Preventive maintenance and inspection methods.
- Water sampling methods; water disinfection and chemical dosage requirements.
- Confined space entry procedures.
- Safety procedures in handling chemicals.
- The use, operation and maintenance requirements of a wide range of power-driven equipment including trucks, backhoes, loaders, and cranes.
- Traffic laws, ordinances, and rules involved in light and heavy equipment operations.
- Working in and around open trenches, traffic, construction equipment and utilities.
- Traffic control on construction sites.

Ability to:

- Plan, estimate, direct, coordinate, schedule and review the work of others; use "lead by example" methodology.
- Keep records and prepare reports.
- Coordinate work assignments with other divisions, departments, agencies and external groups.
- Operate personal computer hardware and software.
- Independently perform a variety of skilled and complex repair, maintenance, servicing, and cleaning tasks involving pumps, motors, and computerized and pneumatic controls.
- Troubleshoot and diagnose malfunctions with pumping capacities, pneumatic controls and computerized controls, and determine effective course of action for correcting them.
- Read and interpret blueprints.
- Work in confined spaces.
- Operate a variety of light and heavy power-driven equipment.

- Locate utilities and be familiar with Underground Service Alert (U.S.A.) procedures.
- Perform a variety of skilled construction and maintenance tasks.
- Load and transport equipment on trailers.
- Perform standby duty as assigned.
- Spray pesticides, herbicides and insecticides in a safe manner and handle chemicals accordingly, as required.
- Communicate effectively, both orally and in writing.
- Establish and maintain effective working relationships with those contacted in the course of work.

EXPERIENCE, EDUCATION AND TRAINING GUIDELINES:

Any combination of experience, education and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

- One year of specialized experience at a level equivalent to Water Production Operator II in the City of Modesto.

OR

- One year of specialized experience at a level equivalent to Water Systems Equipment Operator II in the City of Modesto.

OR

- Three years of responsible experience involving water distribution system construction, maintenance and repair at a level equivalent to Water Distribution Operator II in the City of Modesto.

Education:

- Equivalent to a high school diploma or G.E.D. certificate.

Certificates:

All Positions

- Must possess a Grade III Water Distribution Operator Certificate issued by the State of California, Department of Health Services.

- Must obtain a valid Class B Commercial California Driver's license with appropriate endorsements within 45 days of appointment. Failure to obtain the required license may result in release from probation or termination.

If Assigned to Oversee Water Production Crews

- Must possess a Grade II Water Treatment Operator Certificate issued by the State of California, Department of Health Services.

- Must possess a Water Sampling Certificate.

If Assigned to Oversee Water Distribution Crews

- Must obtain a valid Class A commercial California driver's license, with specific endorsements as required by the job duties within 45 days of appointment. Failure to obtain the required license may result in release from probation or termination.

- Must possess a valid crane operators certificate, issued by the National Commission of Crane Operators

Other Requirements:

- During the course of employment, may be required to attend and successfully complete training courses as needed to perform assigned duties, such as First Aid and CPR.

WORKING CONDITIONS

Environmental Conditions:

- Work is typically performed in both an office and a field environment that may require: travel from site to site; exposure to hot and cold temperatures, inclement weather, heavy traffic and other hazards; and working in confined spaces with potentially hazardous materials.

Physical Conditions:

- Essential and marginal functions may require: lifting/carrying objects of up to 75 pounds of weight; maintaining physical condition necessary for walking, sitting and standing for long periods of time and crawling; operating motorized equipment and vehicles.

Work Assignment:

- May be required to work evenings, weekends and holidays; may be required to work overtime and irregular hours in emergency situations.

CITY OF MODESTO July 2007
No. 6450
No. 6445
No. 6444

WASTEWATER TREATMENT PLANT OPERATOR I
WASTEWATER TREATMENT PLANT OPERATOR II
WASTEWATER TREATMENT PLANT OPERATOR III

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

These three (3) classes comprise the Wastewater Treatment Plant Operator series. Under immediate (Wastewater Treatment Plant Operator I) to general (Wastewater Treatment Plant Operator II/III) supervision, incumbents perform duties that range from semi-skilled to skilled and involve the operation, maintenance and repair function of the Water Quality Control division. Depending upon the level of a particular position, incumbents must possess, or be in the process of obtaining, a Grade I, II, or III Wastewater Treatment Plant Operator Certificate issued by the State of California.

Positions allocated to this series are typically flexibly staffed to all three levels. Generally, employees may promote upward through the series as they meet the qualifications/certifications required by the higher-level class and have demonstrated proficiency in performing work at that level, subject to approval by management.

DISTINGUISHING CHARACTERISTICS

Wastewater Treatment Plant Operator I - This is the entry and training level class in the Wastewater Treatment Plant Operator series. Incumbents in this class perform the more routine tasks and duties assigned to positions in the series while they are obtaining the skills, experience and qualification required to perform the full range of duties. Since this is typically used as a training class, employees are required to have some general maintenance experience, but no specific experience pertaining directly to wastewater treatment systems.

Wastewater Treatment Plant Operator II - This is the first working level class in the Wastewater Treatment Plant Operator series. This class can be distinguished from the Wastewater Treatment Plant Operator I because incumbents in this class have the experience, qualifications and demonstrated proficiency to perform moderately complex duties with some independence. This class can also be distinguished from the Wastewater Treatment Plant Operator III because the latter is the full journey level class where incumbents have the experience, qualifications and demonstrated proficiency to perform the full range of skilled duties with substantial independence.

Wastewater Treatment Plant Operator III - This is the full journey-level class in the Wastewater Treatment Plant Operator series. In addition to being fully certified, incumbents at this level receive only occasional instruction as new or unusual situations arise, and they are fully aware of the operating procedures and policies of the work unit. This class can be distinguished from Wastewater Treatment Plant Operator II because incumbents in the latter class are still developing the skills, experience, qualifications and certifications necessary to perform the full range of journey-level duties.

SUPERVISION RECEIVED AND EXERCISED

Incumbents receive immediate (Wastewater Treatment Plant Operator I) to general (Wastewater Treatment Plant Operator II/III) supervision from higher level supervisory and management staff. As both proficiency and qualifications are gained, incumbents are assigned more complex duties, which they are expected to perform with greater independence.

At the Wastewater Treatment Plant Operator II and III levels, incumbents may provide functional/technical direction or leadership to less experienced employees.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

Note that positions allocated to the Wastewater Treatment Plant Operator I level would be performing duties in a learning and training capacity.

- Monitor the operation of wastewater treatment plant pumps, motors, and other equipment; read gauges, dials and other instruments that record data; maintain and update accurate logs of plant operations.

- Service and otherwise maintain a variety of plant equipment including pumps, valves, motors, filters, meters, and related plant equipment; grease, lubricate, pack, and change belts on engines and pumps.

- Make calculations to determine if plant is operating correctly and effectively; make necessary adjustments to maintain chemical balances and flow requirements; adjust treatment plant equipment to obtain maximum efficiency and treatment results.

Essential Functions: (Continued)

- Collect various water and sewage samples for laboratory tests; on occasion may perform some of the more routine laboratory analyses.
- Inspect wastewater treatment plant equipment and facilities to locate needed repairs to various plant equipment; may perform general plant maintenance work.
- Load and unload chlorine cylinders; hook up and test; repair cylinder if necessary.
- Check equipment such as generators, chlorinators, air and gas circulators, screens, and grinders for proper operation.
- Change chlorine tanks; clean plugged lines.
- Maintain and repair sprinkler systems.
- Take weather station readings; record information.
- Keep logs and records on maintenance performed.
- Load and unload equipment and materials; use forklift if necessary.
- Remove sludge from drying beds; dispose of properly.
- Use and maintain self-contained breathing apparatus as required.
- Dig ditches for laying conduit, pipe, air lines; assist in the plumbing and pipe fitting.
- Marginal Functions:
- May paint plant equipment and building; hose down and clean various areas of the plant.
- May participate in carpentry and cement work.
- May provide training to other wastewater treatment plant staff.
- May conduct plant tours.
- Perform related duties as assigned.

QUALIFICATIONS

Wastewater Treatment Plant Operator I/II/III (Incumbents at the I level would be in a learning capacity for these knowledge and ability requirements)

Knowledge of:

- Operations, services and activities of a wastewater treatment plant.
- Operational characteristics of equipment and materials used in a wastewater treatment plant including pumps, valves and motors.
- Principles, methods and tools employed in the general operation and maintenance of engines, pumps and related equipment.
- Principles and practices of wastewater treatment plant operations.
- Wastewater discharge requirements.
- Principles and practices of wastewater treatment processes.
- General maintenance work.
- Safe handling techniques for materials and equipment used in wastewater treatment.
- As assigned, principles of lead supervision and training
- Principles and methods of bacteriological and chemical sewage analyses.
- Wastewater discharge requirements.
- Grit disposal methods.
- Modern office equipment including computers and specialized software

Ability to:

- Operate, repair, and maintain wastewater treatment plant equipment.
- Read and interpret gauges and other recording devices reflecting wastewater treatment plant operations.
- Take wastewater and sludge samples and perform routine laboratory tests.
- Perform general maintenance and servicing work in the City's wastewater treatment plant facilities.

Ability to (continued)

- Use and maintain self-contained breathing apparatus (safety mask), per annual physical examination.
- Keep logs, records and maintain reports.
- Perform heavy manual labor, including but not limited to lifting and carrying up to fifty (50) pounds of weight, climbing, bending, stooping, etc.
- Use and maintain self-contained breathing apparatus.
- Understand and carry out verbal and written directions.
- Work irregular work shifts.
- Communicate clearly and concisely, both verbally and in writing.
- Establish and maintain cooperative, working relationships with those contacted in the course of work.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Wastewater Treatment Plant Operator I/II/III

Training:

- Formal or informal education or training which ensures the ability to read and write at a level necessary for successful job performance.

License or Certificate

- Possession of, or ability to obtain, an appropriate, valid California driver's license.

Wastewater Treatment Plant Operator I

Experience:

- Experience in wastewater treatment plant operations desirable, but not required.

License or Certificate:

- Must possess an Operator-in-Training certificate issued by the State of California.
- A Grade I Wastewater Treatment Plant Operator certificate issued by the State of California must be obtained no later than one year from the date of appointment. Failure to obtain the required certificate may result in release from probation or termination.

Wastewater Treatment Plant Operator II

Experience:

- One year of experience in wastewater treatment plant operations.

License or Certificate

- Must possess a valid Grade II Wastewater Treatment Plant Operator Certificate issued by the State of California.

Wastewater Treatment Plant Operator III

Experience:

- A minimum of two years experience in wastewater treatment plant operations.

License or Certificate:

- Must possess a valid Grade III Wastewater Treatment Plant Operator Certificate issued by the State of California.

WORKING CONDITIONS

Environmental Conditions:

- Treatment plant environment; exposure to heavy machinery and treatment chemicals; field environment; travel from site to site.

Physical Conditions:

- Essential and marginal functions may require performing heavy manual labor, including but not limited to lifting and carrying up to fifty (50) pounds of weight; climbing, bending, stooping, etc. and maintaining physical condition necessary for walking or standing for prolonged periods of time; operating motorized equipment and vehicles.

CITY OF MODESTO
No. 6160

July 2007

CROSS CONNECTION SPECIALIST

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

~~To inspect cross connection devices and to inspect, test and certify backflow prevention devices; to read, repair and maintain water meters; and to perform related duties as required.~~

Under direction, plans, coordinates and administers various day-to-day activities pertaining to the City's Cross Connection Control Program; coordinates, monitors and performs cross connection control activities, including the inspection, testing and certification of backflow prevention devices; maintains the City's backflow prevention device database; investigates and identifies compliance issues; communicates with regulatory agencies as required; and performs related duties as required.

SUPERVISION RECEIVED AND EXERCISED

~~Receives general supervision~~The incumbent receives direction from higher-level supervisory staff. ~~Exercises technical supervision over lower level maintenance staff.~~ Although the incumbent does not fully supervise other full time staff, duties may include training, assigning, directing and monitoring the work of subordinate employees on a project or assignment basis.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - *Essential and other important responsibilities and duties may include, but are not limited to, the following:*

Essential Functions:

- ~~Administer~~ Coordinate and administer the City's Cross Connection Control Program
- Enforce public health regulations relating to backflow and cross connection control within the City of Modesto's water distribution system.
- Conduct cross connection surveys and inspections in order to identify water user premises where cross connections are likely to occur.

~~Inspect premises for cross connections and certify backflow preventers on new construction or remodels when building permits are issued.~~

~~Provide information to contractors, architects and engineers, concerning the City's Cross Connection program.~~

- Develop and maintain an annual backflow testing and maintenance schedule and

monthly notification program; coordinate the testing, maintenance and repair of backflow prevention devices; communicate with testing contractors to investigate devices that have failed or have not been tested; issue letters and initiate water shut off procedures as necessary.

- Inspect premises for cross connections; certify backflow prevention devices on new construction or remodels when building permits are issued.

- Provide information concerning the City's Cross Connection Control Program to others, including other City departments, governmental agencies, contractors, architects and engineers.

- Maintain the City of Modesto list of certified backflow assembly testers.

- ~~Maintain~~ Using specialized computer software, maintain accurate records of backflow ~~preventer~~prevention device locations, testing~~ and~~, repairs~~.~~ and other information.

~~Maintain annual backflow testing and maintenance schedule with monthly notification program.~~

- Test, maintain and repair backflow ~~preventers~~prevention devices on ~~city~~City property and buildings.

- Troubleshoot and respond to complaints on backflow ~~preventers~~prevention devices within the ~~city's~~ City's water distribution system~~.~~; meets with customers to discuss their backflow prevention needs and contact them when upgrades are needed.

- Collect data and maintain files on destroyed wells.

- Inspect water tank trucks to ensure that the trucks have proper air-gap separations~~. Maintain~~ and maintain appropriate records~~ on water trucks relating to its holding capacity in gallons and air gap separation.~~.

- Meet with the State Health Inspector ~~yearly~~as needed for review and audit of the City's ~~cross connection and backflow program. **Hydrant Meter**~~Cross Connection Control Program~~ **Duties**~~.

- ~~Issue~~ May issue water hydrant permits and help enforce the hydrant meter program~~.~~

~~Maintain records of repairs, maintenance and calibration of hydrant meters.~~

~~Obtain hydrant meter readings for billing.~~

- ~~Repair~~; May help read, repair and test hydrant meters.

~~**Subdivision Meter Program Duties**~~

~~Repair and maintain meter and check valve assembly.~~

~~Other Duties~~

~~Work as Maintenance Mechanic – Pumps, if needed.~~

~~Operate water automation control board.~~

~~Obtain water samples.~~

~~Weld and fabricate.~~

Marginal Functions:

- Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

- Inspection, testing, repair and certification of cross connection control devices including backflow prevention devices~~,~~ and those pertaining to water meters, motors, and pumps.

  ~~Inspection and testing of cross connection devices.~~

- Principles, practices, tools, equipment and parts used in the testing, maintenance and repair of backflow prevention and related devices~~, water meters and lift stations~~.

- Municipal water system and water service components.

- Pertinent state, federal and local laws, codes and regulations.

- Pertinent safety principles and practices including working in confined spaces.

- Principles and practices of electricity~~,~~ and hydraulics~~, metal cutting and welding~~.

- Basic mathematics.
- Basic writing skills including grammar, punctuation, and spelling.

Ability to:

- Perform a variety of skilled and complex work in the repair, testing, and certification of cross connection control and backflow prevention devices in accordance with ~~state, county and city~~State, County and City ordinances and regulations.
- ~~Perform skilled and~~ Work independently.
- ~~Maintain~~ complex ~~work in the inspection, diagnosis, repair and maintenance of cross connection devices, meters, pumps, motors,~~ manual and computerized ~~and pneumatic controls.~~

  ~~Work independently.~~
- ~~Maintain~~ records and prepare reports.
- Understand and carry out oral and written instructions.
- Establish and maintain effective working relationships with others.
- Communicate effectively both orally and in writing.
- Tactfully deal with the public.
- Enforce regulations relating to cross connection control and backflow devices.
- Perform medium-heavy manual labor, including lifting and carrying up to 75 pounds.
- Read and interpret blueprints.
- Work in confined spaces.

Experience, Education and Training Guidelines:

Experience:

- ~~Two years experience equivalent to Water Distribution System Operator (formerly Meter Reader/Repair or Water Lineworker) or 1 year of experience in the inspection~~ Two (2) years of

experience performing water system construction, maintenance, repair and operation duties at a level equivalent to or higher than Water Distribution Operator II in the City of Modesto;

OR

- One (1) year of experience with responsibility for the inspection, repair and maintenance of backflow prevention devices. ~~Three to six months~~Some experience in program administration is desirable.

Education and Training:

- ~~Equivalent to completion of twelfth grade supplemented by specialized training in the areas of mechanical maintenance and repair.~~ Equivalent to a high school diploma or G.E.D. certificate.

~~License or Certificate~~

- ~~Possession of, or ability to obtain, an appropriate,~~

Licenses or Certificates:

- Must possess and maintain a valid California driver's license.
- ~~Possession of an American Water Works Association (AWWA)~~Must possess a Grade III Water Distribution Operator Certificate issued by the State of California, Department of Health Services.
- Must possess a Backflow Prevention Assembly Tester's Certificate~~.~~ from the American Water Works Association (AWWA).
- Must possess a Cross Connection Control Specialist ~~License or~~ Grade I Certificate ~~Possession of an~~from the American Water works Association (AWWA) ~~Cross Connection Control Specialist Grade I Certification.~~).

Other Requirements:

- During the course of employment, may be required to attend and successfully complete training courses as needed to perform assigned duties, including First Aid and CPR.

WORKING CONDITIONS

Environmental Conditions:

- Work is typically performed in both an office and a field environment that may

require: travel from site to site; exposure to hot and cold temperatures, inclement weather, heavy traffic and other hazards; and working in confined spaces with potentially hazardous materials.

Physical Conditions:

- Essential and marginal functions may require: lifting/carrying objects of up to 75 pounds of weight; maintaining physical condition necessary for walking, sitting and standing for long periods of time and crawling; operating motorized equipment and vehicles and a personal computer.

Work Assignment:

- May be required to work evenings, weekends and holidays; may be required to work overtime and irregular hours in emergency situations.

WATER CONSERVATION SPECIALIST

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

~~DEFINITION:~~
~~Plans, organizes, develops, promotes,~~
DEFINITION

Under direction, plans, coordinates and ~~manages~~administers various day-to-day activities pertaining to the ~~City of Modesto's~~City's Water Conservation Program~~.~~

~~SUPERVISION RECEIVED AND EXERCISED:~~
~~Receives general supervision from~~ ; promotes the ~~Water Superintendent.~~

~~ESSENTIAL AND MARGINAL FUNCTION STATEMENTS:~~
~~Essential and other important responsibilities and duties may include, but are not limited to the following:~~

~~Essential Functions:~~

~~Administer the City's Water Conservation Program.~~

~~Provide water conservation educational opportunities to schoolchildren and the general public.~~

~~Train and direct activities of~~ efficient use of the City's water supply by residential, irrigation, industrial, commercial public agencies and other customers to ensure sufficient pressure throughout the system for fire protection and other ~~staff assigned to water conservation functions.~~

~~Provide water conservation information to residents, commercial businesses, and others.~~

~~Coordinate the development of uniform conservation policies and enforcement.~~

~~Evaluate and provide input regarding internal water conservation efforts such as metering, meter testing, system leak detection and management.~~

~~Manage computer software for irrigation control purposes.~~

~~Develop and implement incentives to alter water use practices.~~

~~both internal and external customers.~~

~~Maintain accurate records.~~

~~Essential Functions, Continued:~~

~~Prepare and administer budget for program activities.~~

~~Perform activities of Water Distribution System Operator, if needed.~~

~~Marginal Functions:~~

~~Performs other~~ essential City services; investigates and identifies compliance issues; communicates with regulatory agencies as required; and performs related duties as required.

SUPERVISION RECEIVED AND EXERCISED

The incumbent receives direction from higher-level supervisory staff. Although the incumbent does not fully supervise other full time staff, duties may include training, assigning, directing and monitoring the work of subordinate employees on a project or assignment basis.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - *Essential and other important responsibilities and duties may include, but are not limited to, the following:*

Essential Functions:

- Plan, coordinate and administer the City's Water Conservation Program; enforce State requirements pertaining to water conservation within the City of Modesto's water distribution system.

- Provide water conservation education opportunities to schoolchildren and the general public; develop and present information in a positive way that encourages interest and participation, provide water conservation information to residents, commercial businesses, and others.

- Identify and evaluate options for ensuring efficient use of the City's water supply; develop conservation methods; identify methods of monitoring and measuring use; determine potential penalties and motivation techniques.

- Coordinate and propose the development of uniform conservation policies and enforcement methods; evaluate and provide input to management regarding internal water conservation efforts such as metering, meter testing, system leak detection and management; develop and implement incentives to alter water use

practices.

- Develop, recommend and maintain various media sources for providing conservation information to both internal and external customers.
- Coordinate studies pertaining to water use; gather, analyze and interpret data; write and present technical reports and documents.
- Plan, develop and recommend customer incentives to alter water use; develop time schedules and implementation strategies.
- Develop and administer program budgets
- Evaluate the efficiency of program activities; recommend changes and adjustments to better achieve goals and objectives.
- Assign, train, direct and monitor the activities of subordinate staff assigned to water conservation functions.
- Administer specialized computer software pertaining to irrigation control and other water conservation purposes.
- Maintain accurate records.
- If assigned, may perform the duties of a Water Distribution Operator.

Marginal Functions:

- Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

- Water conservation methods and practices.
- Municipal water system and water service components.
- Pertinent state, federal~~,~~ and local laws, codes~~,~~ and regulations.
- Principles of communication and public speaking.
- Basic mathematics.
- Basic writing skills including proper grammar, punctuation~~,~~ and spelling.

Ability to:

- Perform a variety of skilled and complex assignments in the water conservation area in accordance with state, county, and city ordinances and regulations.
- Work independently.
- Maintain complex manual and computerized records and prepare reports.
- Communicate effectively, both orally and in writing.
- Understand and carry out oral and written instructions.
- Establish and maintain effective working relationships with others.
- Tactfully deal with the public.
- Enforce regulations relating to water conservation rules and practices.
- Perform medium manual labor, including lifting and carrying up to 50 pounds.
- Read and interpret blueprints.
- Work in confined spaces.

~~Establish and maintain relationships with the community members, coworkers and others contacted in the course of work demonstrating teamwork and cooperation.~~

Experience, Education and Training Guidelines:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

- Two (2) years of increasingly responsible experience in the water management field involving irrigation controls, water metering or other similar functions. Experience with a municipal or private water utility is highly desirable.

Training:

- ~~Equivalent to completion of the twelfth grade.~~Equivalent to a high school diploma or G.E.D. certificate. Additional specialized training in the water management field is highly desirable.

~~License~~Licenses or Certificate~~:~~s

- ~~Possession of, or the ability to obtain, an appropriate~~Must possess and maintain a valid California ~~drivers~~driver's license.

- ~~Possession of an American Water Works Association (AWWA) Grade I Water Distribution System Operator certificate is required by time of appointment~~Must possess a Grade I Water Distribution Operator Certificate issued by the State of California, Department of Health Services.

- ~~Possession of an American Water Works Association (AWWA)~~Must obtain a Grade II Water Distribution ~~System~~ Operator ~~certificate~~ Certificate issued by the State of California, Department of Health Services within ~~two years~~eighteen (18) months of appointment as a requirement of continued employment. Failure to obtain the required certificate may result in release from probation or termination.

Other Requirements:

- During the course of employment, may be required to attend and successfully complete training courses as needed to perform assigned duties, including First Aid and CPR.

WORKING CONDITIONS:

Environmental Conditions:

- ~~Field~~Work is typically performed in both an office and a field environment~~;~~ that may require: travel from site to site; exposure to hot and cold temperatures~~;~~, inclement weather, heavy traffic and other hazards; and working in confined spaces with potentially hazardous materials.

Physical Conditions:

- Essential and marginal functions may require: lifting/carrying objects of up to 50 pounds of weight; maintaining physical condition necessary for walking or standing for prolonged periods of time; operating motorized equipment and vehicles; and using a personal computer.

Work Assignment:

- May be required to work evenings, weekends and holidays; may be required to work overtime and irregular hours in emergency situations.

CITY OF MODESTO July 2007
No. 6440

SENIOR WASTEWATER TREATMENT PLANT OPERATOR

*Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are **not** intended to reflect all duties performed within the job.*

DEFINITION

To perform lead operations of a primary and secondary wastewater treatment facility to ensure effective treatment of domestic and industrial wastewater; and to maintain discharge quality in accordance with State and Federal requirements.

~~SUPERVISION RECEIVED AND EXERCISED~~

~~Receives direction from the Wastewater Treatment Plant Operator Supervisor.~~

~~Exercises technical supervision over plant operators and attendants.~~

DISTINGUISHING CHARACTERISTICS:

Act as a shift supervisor or collaboratively with other senior operators, as defined by the State Water Resources Control Board, California Code of Regulations, Title 23: a certified operator who oversees and directs the operation or a phase of operation of a wastewater treatment plant during a specific work period and who reports to a supervisor or a chief plant operator.

SUPERVISION RECEIVED AND EXERCISED

Receives direction from higher level supervisory and management staff.

Exercises technical supervision over plant operators and attendants.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - *Essential and other important responsibilities may include, but are not limited to, the following:*

Essential Functions:

- Monitor the operation of wastewater treatment plant pumps, motors, and other equipment; read gauges, dials and other instruments; maintain and update accurate plant operational data and logs.

- Make calculations to determine if plant is operating correctly and effectively; make necessary adjustments to maintain chemical balances and flow requirements;

adjust treatment plant equipment to obtain maximum efficiency and treatment results.

- Service and perform basic maintenance on a variety of plant equipment including pumps, valves, motors, filters, meters, and related plant equipment.

- Collect required wastewater samples for laboratory tests; on occasion may perform some routine laboratory analyses.

- Inspects wastewater treatment plant equipment and facilities to locate needed repairs to plant equipment; performs general plant maintenance work.

- ~~Inputs~~Enter required data into a variety of logs and spreadsheets; prepares daily treatment plant logs; ~~identifies~~identify equipment status and lab sampling schedules.

- Conduct tours of the treatment plant to visitors, civic organizations and other interested parties.

- May assign work and provide training to other wastewater treatment plant staff.

- Monitor City collection system lift station and water system SCADA and display for alarms; notify response team to correct problem; coordinate with collection system lift station via phone and radio.

- May be required to work irregular shifts.

Marginal Functions:

- Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

- Principles and practices of wastewater treatment plant operations.

- Operating principles of valves, pumps, and motors.

- Principles and methods of bacteriological and chemical wastewater analyses.

- Wastewater discharge requirements.

- SCADA systems.

- Safe work practices.

Ability to:

- Use and maintain self-contained breathing apparatus (safety mask) per annual physical examination.
- Perform heavy manual labor, including but not limited to lifting and carrying seventy-five (75) pounds of weight, climbing, bending, stooping, etc.
- Operate, repair, and maintain wastewater treatment plant equipment.
- Read and interpret gauges and other recording devices reflecting wastewater treatment plant operations.
- Take wastewater samples and perform some routine laboratory tests.
- Diagnose operating problems and take effective courses of action.
- Make independent technical decisions to maintain proper treatment process.
- Keep records and maintain reports.
- Understand and carry out verbal and written instructions.
- Train and supervise assigned staff.
- Work irregular work shifts.
- Communicate clearly and concisely, both verbally and in writing.
- Establish and maintain cooperative working relationships with those contacted in the course of work.
- Maintain mental capacity which allows the capability of making sound decisions and demonstrating intellectual capabilities.

~~Use and maintain self-contained breathing apparatus (safety mask) per annual physical examination.~~

~~Perform heavy manual labor, including but not limited to lifting and carrying seventy-five (75) pounds of weight, climbing, bending, stooping, etc.~~

~~Operate, repair, and maintain wastewater treatment plant equipment.~~

~~Read and interpret gauges and other recording devices reflecting wastewater treatment plant operations.~~

~~Take wastewater samples and perform some routine laboratory tests.~~

~~Diagnose operating problems and take effective courses of action.~~

~~Make independent technical decisions to maintain proper treatment process.~~

~~Keep records and maintain reports.~~

~~Understand and carry out oral and written instructions.~~

~~Train and supervise assigned staff.~~

~~Work irregular work shifts.~~

~~Communicate clearly and concisely, both orally and in writing.~~

~~Establish and maintain cooperative working relationships with those contacted in the course of work.~~

~~Maintain mental capacity which allows the capability of making sound decisions and demonstrating intellectual capabilities.~~

- Maintain physical condition appropriate to the performance of assigned duties and responsibilities.

- Maintain effective audio-visual discrimination and perception needed for making observations, communicating with others, reading, writing and operating assigned equipment.

EXPERIENCE AND TRAINING GUIDELINES

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

- Two years experience in wastewater treatment plant operations.

Training:

- Equivalent to the completion of the twelfth grade.

License or Certificate

- Possession of, or ability to obtain, an appropriate, valid California driver's license.
- Possession of a valid Grade III certificate from the California State Water Resources Control Board.

WORKING CONDITIONS

Environmental Conditions:

- Field environment; travel from site to site. Exposure to hot and cold temperatures; inclement weather; exposure to hazards in confined spaces with possible hazardous materials.

Physical Conditions:

- Essential and marginal functions may require maintaining physical condition necessary for walking or standing for prolonged periods of time; operating motorized equipment and vehicles.

CITY OF MODESTO
No. 3236
No. 3235

July 2007
~~AUGUST 2004~~

Building Inspector I
Building Inspector II

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To perform a variety of residential and commercial building inspection duties at various stages of construction, alteration and repair; to maintain a variety of inspection related records; and to provide information and assistance to the public.

DISTINGUISHING CHARACTERISTICS

Building Inspector I - This is the entry level class in the Building Inspector series. This class is distinguished from the Building Inspector II by the performance of the more routine tasks and duties assigned to positions within the series ~~including inspections and the issuance of permits.~~. Since this class is typically used as a training class, employees may have only limited related work experience.

Building Inspector II - This is the full journey level class ~~with~~in the Building Inspector series. Employees within this class are distinguished from the Building Inspector I by the performance of the full range of duties as assigned including combination inspection (building, electrical, plumbing and mechanical) and the attainment of required certifications. Employees at this level receive instruction or assistance as new or unusual situations arise, and are fully aware of the operating procedures and policies of the work unit.

SUPERVISION RECEIVED AND EXERCISED

Building Inspector I

Receives immediate supervision from higher-level inspection staff.

Building Inspector II

Receives general supervision from higher-level inspection staff. May exercise technical supervision over less experienced staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - *Essential and other important responsibilities and duties may include, but are not limited to, the following:*

Essential Functions:

- Make field inspections of building construction and its components in residential, commercial and industrial applications to assure compliance with applicable codes and regulations of City, State and Federal agencies.
- Examine, evaluate and approve the construction of structural framing systems in compliance with Title 24, Title 25 and applicable fire, life, and health and safety requirements.
- ~~*~~ Examine completed construction and general workmanship prior to occupancy~~.~~
- ~~Maintain~~; maintain plan files, progress reports, and properly complete permit inspection records.
- Investigate alleged violations of zoning ordinance and related policies.
- Perform inspection duties in trade specialties such as plumbing, electrical and mechanical, structural, and finish trade areas.
- May perform necessary field work and/or issue permits for residential building, plumbing, mechanical and electrical code compliance and special inspection applications.
- ~~*~~ Inspect foundation, cement, framing, plastering, plumbing, heating, and electrical installations, and a large variety of other complex and routine building system elements for compliance with applicable codes and standards of workmanship~~.~~
- ~~Check~~; check stud, joist, rafter spacing and other structural member factors.
- Examine grade, quality, and treatment of lumber, cement, lath, wire and composition.
- Ensure proper and safe installation of routine and complex building systems.
- Coordinate inspection activities with other City departments and divisions.

- Review plans, schedules and specifications for compliance with applicable codes and ordinances.

- Ascertain conformance to Uniform Building Code, Plumbing and Electrical Codes, and pertinent provisions of State and County health and environmental ordinances.

- Confer with architects, contractors, builders and the general public in the field and office; prepare correspondence as required.

- Explain and interpret requirements and restrictions.

- Recommend amendments to building, plumbing, mechanical and electrical codes.

- Maintain detailed records and prepare reports.

Marginal Functions:

- Perform related duties as assigned.

QUALIFICATIONS

Building Inspector I

Knowledge of:

- Operations, services and activities of a building department.

- Accepted safety standards and methods of building construction.

- Building related codes and ordinances enforceable by the City, including the Uniform Building, Electrical, Plumbing and Mechanical Codes.

- Techniques of reading and interpreting drawings and blueprints.

Ability to:

- ~~Apply~~Read and interpret building plans, specifications, and building codes throughout the course of construction.

- Understand and carry out verbal and written directions.

- Learn to advise on standard construction methods and requirements.

- Learn to apply technical knowledge and follow proper inspection techniques to examine workmanship and materials, and detect deviations from plans, regulations, and standard construction practices.

- ~~Make appropriate decisions.~~

- Learn to perform journey level inspection skills in a variety of specialty trade areas and to perform competent and efficient work as a combination Building Inspector.

- ~~Enforce~~Learn to enforce State and Municipal Codes under the jurisdiction of the department.

- ~~Read and interpret building plans, specifications, and building codes throughout the course of construction.~~

- ~~Understand and carry out oral and written directions.~~
- ~~Advise on standard construction methods and requirements.~~

- Make arithmetical computations rapidly and accurately.

- Communicate clearly and concisely, both ~~orally~~verbally and in writing.

- Prepare precise written inspection correction lists and properly complete permit inspection records.

- Establish and maintain cooperative, working relationships with those contacted in the course of work.

- Enforce necessary regulations with firmness and tact.

- Perform medium manual labor, including but not limited to lifting and carrying up to fifty (50) pounds of weight, climbing, bending, stooping, etc.

~~In addition to the preceding, when assigned as~~
Building Inspector II~~:~~

In addition to the knowledge and abilities of the Building Inspector I:

Knowledge of:

- Principles and techniques of building inspection work.

Ability to:

- Determine that construction systems conform to City Code requirements.
- Advise on standard construction methods and requirements.
- Apply City codes and policies regarding zoning, environmental matters, and other regulations to field situations.
- Apply technical knowledge and follow proper inspection techniques to examine workmanship and materials, and detect deviations from plans, regulations, and standard construction practices.
- Perform journey level inspection skills in a variety of specialty trade areas and to perform competent and efficient work as a combination Building Inspector.
- Enforce State and Municipal Codes under the jurisdiction of the department.
- Work independently with minimal supervision.

EXPERIENCE AND TRAINING GUIDELINES

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Building Inspector I and II

Training:

- Equivalent to an Associate of Arts degree with major course work in Building Inspection Technology or a related field.

License or Certificate:

- Possession of an appropriate, valid California driver's license.

Building Inspector I

Experience:

Four years of responsible construction experience equivalent to journey level in one of the following building trades: ~~–~~plumbing, electrical, carpentry, mechanical systems (heating, ventilation and air conditioning ~~(~~/HVAC) or related field.

License or Certificate:

~~Possession of, or ability to obtain, an appropriate, valid California driver's license.~~

Possession of an ~~International Conference of Building Officials (I.C.B.O.) certificate~~C. Certificate as a Certified Building Inspector is desirable.~~-~~

Building Inspector II

~~**Training:**~~

~~Equivalent to an Associate of Arts degree with major course work in Building Inspection Technology or a related field.~~

Experience:

A minimum of two years of responsible experience as a combination building inspector.

License or Certificate:

~~Possession of, or ability to obtain,~~ an ~~appropriate, valid California driver's license.~~

~~Possession of an International Conference of Building Officials (I.C.B.O.) certificate~~C. Certificate as a Certified Building Inspector is required at the time of appointment. In addition, must have certification in one or more of the following building trades: plumbing, electrical, or mechanical.

WORKING CONDITIONS

Environmental Conditions~~:~~

Field environment; travel from site to site; exposure to inclement weather conditions.

Physical Conditions~~:~~

Essential and marginal functions may require maintaining physical condition and good balance for stooping, squatting, bending, stair climbing, reaching, standing, lifting, and walking on even and uneven levels; operating motorized equipment and vehicles; ~~occasionally~~ lifting and carrying up to fifty (50) pounds.

EQUIPMENT MECHANIC

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To make minor and major mechanical repairs to gasoline or diesel powered automotive, heavy construction and other power-driven equipment~~.~~; to diagnose and repair vehicle components and control systems; and to perform related duties as assigned.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from higher level ~~equipment maintenance~~Equipment Maintenance staff.

May exercise functional or technical supervision over lower level equipment maintenance staff.

~~EXAMPLES OF DUTIES - Duties~~ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - *Essential and other important responsibilities and duties may include, but are not limited to, the following:*

Essential Functions:

Inspect, diagnose, and locate mechanical difficulties on City automobiles, trucks, and a variety of diesel and gasoline powered maintenance, and construction equipment.

Replace or repair faulty parts including wheel bearings, clutches, or oil seals, shock absorbers, exhaust systems, steering mechanisms, hydraulic systems and related parts and equipment.

Overhaul, repair, and adjust engines, transmissions, differentials, and clutches.

Tune up engines, replacing ignition parts and cleaning and adjusting carburetors and fuel injection systems.

Diagnose and repair such components as generators, alternators, distributors, relays, lights and switches.

Diagnose and repair computerized control systems, ignition systems, air conditioning systems, power steering and cooling systems.

Repair, adjust and replace brake systems including disc, hydraulic and air brakes.

Perform Department of Transportation BIT inspections.

Weld, fabricate and assemble parts and equipment for City automotive and heavy equipment.

Assist in the purchasing of equipment maintenance parts and materials.

Maintain work, time, and material records.

~~Assist in the purchasing of equipment maintenance parts and materials.~~

~~Maintain work, time and material records.~~

Marginal Functions

Assist other mechanics in the performance of mechanical repairs as required.

Perform smog certification on City owned vehicles.

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Operating and repair characteristics of a wide variety of City owned light and heavy equipment.

Operations and care of internal combustion engines and hydraulic equipment.

Methods, materials, equipment and tools used in routine welding and fabrication work.

Diagnostic methods.

Tools, equipment, and procedures used in the overhaul, repair, and adjustment of gas and diesel powered equipment.

Safe work practices.

Ability to:

-Perform journey level equipment mechanical work including the troubleshooting of equipment for both major and minor repair work.

-Work independently in the absence of supervision.

-Accurately determine mechanical repair needs and estimate the cost ~~and~~ of time ~~of~~ and repairs.

-Assist in the training and supervision of less experienced personnel.

-Use a variety of tools and equipment with skill.

-Maintain a variety of shop and repair records.

Understand and operate a computerized Fleet Management System.

Understand and follow oral and written directions.

Establish and maintain cooperative working relationships with those contacted in the course of work.

EXPERIENCE AND TRAINING GUIDELINES

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Three years of increasingly responsible automotive and equipment repair and maintenance experience.

Training:

Equivalent to completion of twelfth grade and specialized training in the maintenance and repair of gas and diesel powered equipment.

License or Certificate

Possession of, or ability to obtain, an appropriate, valid California driver's license.

Possession of a valid Class B California driver's license is required within 60 days of appointment. Failure to obtain the required license may result in release from probation or termination.

Possession of, or ability to obtain, an appropriate, valid Vehicle Inspection Pollution Controls license.

ASE Certification (National Institute for Automotive Service Excellence) in at least three (3) areas within one year of appointment.

Special Requirements

Possession of a complete set of mechanic hand tools through 1-1/2" and tool box.

WORKING CONDITIONS

Environmental Conditions:

Shop and field environment; exposure to vehicles, moving equipment; and mechanical equipment; travel from site to site; exposure to fluctuating temperatures; inclement weather.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for walking or standing for prolonged periods of time; lifting up to 100 lbs. and operating motorized equipment and vehicles.

HEAVY EQUIPMENT MECHANIC

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To maintain and make minor and major repairs to the City's transit buses and other gas and diesel powered vehicles.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from higher level Equipment Maintenance staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – *Essential and other important responsibilities and duties may include, but are not limited to, the following:*

Essential Functions:

- Inspect, diagnose, and locate mechanical difficulties on City transit buses, and a variety of other diesel and gasoline powered equipment as required.
- Receive information from users, evaluate equipment problem, and determine action required for facilitating repair.
- Weld, fabricate and assemble parts and equipment for City transit buses; weld, braze, cut shape and fasten metal parts; fabricate and weld vehicle frames, chassis, and exhaust systems.
- Use welding equipment, drill presses, lathes, grinders and a large assortment of other power and hand tools and measurement instruments required for journey level fabrication work.
- Overhaul, repair, and adjust engines, transmissions, differentials, valves and air and hydraulic systems.
- Tune up engines, replacing electrical and electronic parts and cleaning and adjusting fuel injection systems.
- Replace or repair faulty parts including wheel bearings, clutches, or oil seals, shock absorbers, exhaust systems, steering mechanisms, and related parts and equipment.

- Diagnose and repair such components as generators, alternators, distributors, relays, lights and switches.
- Maintain and repair air conditioning and climate systems.
- Diagnose and repair wheel chair lifts, and coin collection equipment.
- Make roadside repairs as required.
- Maintain work, time, and material records.
- Diagnose and repair various electronic and computer controlled devices.
- Diagnose and repair emissions systems.
- Tests vehicle to ensure problem has been resolved.
- Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

- Tools, equipment, and procedures used in the overhaul, repair, and adjustment of transit buses and other gas and diesel powered equipment.
- Operation and care of internal combustion engines and hydraulic equipment.
- Methods, materials, equipment and tools used in welding and fabrication work.
- Operating and repair characteristics of City transit buses.
- Safe work practices.
- Computers and electronics in vehicle applications.

Ability to:

- Perform skilled welding and fabrication work.
- Perform minor and major mechanical work on mechanical equipment.
- Use a variety of tools, testers and equipment with skill.

- Maintain a variety of shop and repair records.
- Understand and operate a computerized Fleet Management System.
- Understand and carry out ~~oral~~verbal and written directions.
- Perform journey level equipment mechanical work including the troubleshooting of equipment for both major and minor repair work.
- Work independently in the absence of supervision.
- Accurately determine appropriate repair needs and estimate the cost and time of repairs.
- Perform heavy manual labor including occasional lifting and carrying up to 100 lbs.
- Establish and maintain cooperative-working relationships with those contacted in the course of work.

EXPERIENCE AND TRAINING GUIDELINES

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

- Three years of increasingly responsible experience performing automotive and heavy equipment maintenance and repair duties.

Training:

- Equivalent to completion of the twelfth grade and specialized training in the maintenance and repair of gas and diesel powered equipment.

License or Certificate:

- Possession of, or ability to obtain, an appropriate, valid California driver's license. Possession of a valid Class B California driver's license is required within 4560 days of appointment. Failure to obtain the required license ~~within this period shall be grounds for~~may result in release from probation or termination.
- Possession of, or ability to obtain, an appropriate, valid Vehicle Inspection Pollution Controls license.

- In compliance with Environmental Protection Agency (EPA) regulations, possession of an appropriate Motor Vehicle Air Conditioning Certification is required within one year of appointment. Failure to obtain ~~this~~ the required certification ~~within this period shall be grounds for~~ may result in release from probation or termination.

- Possession of Certification from the National Institute for Automotive Service Excellence (ASE) in at least three (3) areas in heavy-duty class is required within one year of appointment. Failure to obtain ~~this certification within this period shall be grounds for~~the required license may result in release from probation or termination.

Special Requirements:

- Possession of a complete set of mechanic hand tools through 1-1/2" and toolbox.

WORKING CONDITIONS

Environmental Conditions:

- Field environment, travel from site to site, exposure to hot and cold temperatures, inclement weather, hazards of confined spaces and other hazardous materials.

Physical Conditions:

- Essential and marginal functions may require maintaining physical condition necessary for heavy lifting up to 100 pounds, walking, standing, bending, stooping and crawling for prolonged periods of time; operating motorized equipment and vehicles.

Work Assignment:

- This classification is subject to a variety of shifts, including nights and weekends as well as rotating shifts periodically.

CITY OF MODESTO
NO. 6194

~~August 2006~~
July 2007

EQUIPMENT MECHANIC CREWLEADER

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are ***not*** *intended to reflect all duties performed within the job.*

DEFINITION

To lead skilled and semi-skilled mechanics in the most difficult and complex vehicle and equipment maintenance and repair work; and to personally make the most complex mechanical repairs to automotive, diesel, public safety and other power driven equipment.

SUPERVISION RECEIVED AND EXERCISED

Receives ~~general supervision~~direction from higher-level ~~equipment maintenance~~supervisory or management staff.

Exercises functional and technical supervision over lower level equipment maintenance staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS

Essential and other important responsibilities may include, but are not limited to, the following:

Essential Functions:

Lead, train and assist journey level and semi-skilled mechanics; assign work to mechanics; review workload and prioritize jobs; assist the ~~Fleet Maintenance Supervisor~~higher level supervisory and management staff in the day-to-day supervision activities.

Inspect, diagnose, and locate mechanical difficulties on City automobiles, trucks, and a variety of diesel and gasoline powered maintenance and heavy construction equipment.

Weld, fabricate and assemble parts and equipment for City automotive and heavy equipment; weld, braze, cut shape and fasten metal parts; fabricate and weld, vehicle frames, chassis and exhaust systems.

Use welding equipment, drill presses, lathes, grinders and large assortment of other power and hand tools and measurement instruments required for journey level fabrications work.

Overhaul, repair, and adjust engines, transmissions, differentials, clutches, fire engine pumps and valves and heavy construction equipment hydraulic systems.

Tune up engines, replacing electrical and electronic parts ~~and cleaning and adjusting~~; clean and adjust carburetors and fuel injection systems.

Replace or repair faulty parts including wheel bearings, clutches or oil seals, shock absorbers, exhaust systems, steering mechanisms, and related parts and equipment.

Repair or replace such components as generators, alternators, distributors, relays, lights and switches, computerized control systems, ignition systems, air conditioning systems, power steering and cooling systems.

Assist in the purchasing of equipment maintenance parts and materials.

Schedule preventative maintenance and outside shop repairs as required.

Maintain work, time and material records.

Perform smog certification on City-owned vehicles.

Follow up on Department of Transportation inspections to ensure vehicles are within required guidelines.

Marginal Functions:

Perform related duties as assigned.

QUALIFIC ATIONS

Knowledge of:

Tools, equipment, and procedures used in the overhaul, repair, and adjustment of gas and diesel powered equipment.

Operation and care of internal combustion engines, fire suppression pumping systems, and hydraulic equipment.

Methods, materials equipment and tools used in welding and fabrications work.

Operating and repair characteristics of a wide variety of City owned equipment.

Safe work practices.

Principles of ~~personnel~~lead supervision and training.

Basic computer skills.

Ability to:

Lead and train skilled and semi-skilled mechanics.

Perform skilled welding and fabrication work.

Perform minor and major mechanical work on mechanical equipment.

Use a variety of tools and equipment with skill.

Maintain a variety of shop and repair records.

Understand and carry out oral and written directions.

Understand and operate a computerized Fleet Management System.

Perform ~~journey level~~complex equipment mechanical work including the trouble-shooting of equipment for both major and minor repair work.

Work independently in the absence of supervision.

Accurately determine mechanical repair needs and estimate the cost and time of repairs.

Establish and maintain cooperative working relationships with those contacted in the course of work.

Experience and Training Guidelines

Any combination of experience and training what would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Four years of increasingly responsible experience performing automotive and equipment maintenance and repair duties comparable to those of an Equipment Mechanic.

Training:

Equivalent to completion of the twelfth grade and specialized training in the maintenance and repair of gas and diesel powered equipment.

License or Certificate:

~~Possession of, or ability to obtain, an appropriate, valid class California driver's license.~~

Possession of a valid Class A or B Commercial California Driver's License with appropriate endorsements, as assigned, is required within ~~45~~60 days of appointment. Failure to obtain the required license ~~within this period~~ may result in release from probation~~.~~ or termination.

Possession of, or ability to obtain, an appropriate, valid Vehicle Inspections Pollution Controls license.

In compliance with Environmental Protection Agency (EPA) regulations, possession of an appropriate Motor Vehicle Air Conditioning Certification is required within one year of appointment. Failure to obtain ~~this~~ the required certification ~~within this period shall be grounds for~~ may result in release from probation~~.~~ or termination.

Possession of Certification from the National Institute for Automotive Service Excellence in at least five (5) areas heavy-duty class is required within one year of appointment. Failure to obtain ~~this~~the required certification ~~within this period shall be grounds for~~may result in release from probation or termination.

Special Requirements:

Possession of a complete set of mechanic hand tools through 1-1/2" and toolbox.

WORKING CONDITIONS

Environmental Conditions:

Office and field environment; travel from site to site. Hot and cold temperatures; inclement weather.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for walking or standing for prolonged periods of time; lifting up to 100 lbs. and operating motorized equipment and vehicles.

HEAVY EQUIPMENT MECHANIC CREWLEADER

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To lead Heavy Equipment Mechanics in the maintenance and repair of the City's transit buses and other gas and diesel powered vehicles; and to personally make the most complex mechanical repairs.

SUPERVISION RECEIVED AND EXERCISED

Receives ~~general supervision~~direction from higher-level ~~Equipment Maintenance~~supervisory or management staff.

Exercises functional and technical supervision over lower level equipment maintenance staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – *Essential and other important responsibilities and duties may include, but are not limited to, the following:*

Essential Functions:

Lead, train and assist journey level and semi-skilled mechanics; assign work to mechanics; assist ~~the Fleet Maintenance Supervisor~~higher level supervisory and management staff in the day-to-day supervision activities.

Inspect, diagnose, and locate mechanical difficulties on City transit buses, and a variety of other diesel and gasoline powered equipment as required.

Receive information from users; evaluate equipment problem; and determine action required for facilitating repair.

Weld, fabricate and assemble parts and equipment for City transit buses; weld, braze, cut shape and fasten metal parts; fabricate and weld vehicle frames, chassis, and exhaust systems.

Use welding equipment, drill presses, lathes, grinders and a large assortment of other power and hand tools and measurement instruments required for journey level fabrication work.

Overhaul, repair, and adjust engines, transmissions, differentials, valves and air and hydraulic systems.

Tune up engines, replacing electrical and electronic parts ~~and cleaning and adjusting~~; clean and adjust fuel injection systems.

Replace or repair faulty parts including wheel bearings, oil seals, shock absorbers, exhaust systems, steering mechanisms, and related parts and equipment.

Diagnose and repair such components as generators, alternators, distributors, relays, lights and switches.

Maintain and repair air conditioning and climate systems.

Diagnose and repair wheel chair lifts and coin collection equipment.

Make roadside repairs as required.

Communicate with City vendors and City employees regarding status of fleet or other issues.

Assist in the purchasing of equipment maintenance parts and materials.

Maintain work, time, and material records.

Diagnose and repair various electronic and computer controlled devices.

Diagnose and repair emissions systems.

Follow up on Department of Transportation inspections to ensure vehicles are within required guidelines.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Tools, equipment, and procedures used in the overhaul, repair, and adjustment of transit buses and other gas and diesel powered equipment.

Operation and care of internal combustion engines and hydraulic equipment.

Methods, materials, equipment and tools used in welding and fabrication work.

Operating and repair characteristics of City transit buses.

Safe work practices.

Principles of ~~personnel~~lead supervision and training.

Basic computer skills ~~Computers~~ including computers and electronics in vehicle applications.

Ability to:

Lead and train skilled and semi-skilled mechanics.

Perform skilled welding and fabrication work.

~~Perform minor and major mechanical work on mechanical equipment.~~

Use a variety of tools, testers and equipment with skill.

Maintain a variety of shop and repair records.

Understand and operate a computerized Fleet Management System.

Understand and carry out ~~oral~~verbal and written directions.

Perform ~~journey level~~complex equipment mechanical work including the troubleshooting of equipment for both major and minor repair work.

Work independently in the absence of supervision.

Perform heavy manual labor including occasional lifting and carrying up to 100 lbs.

Accurately determine mechanical repair needs and estimate the cost and time of repairs.

Establish and maintain cooperative-working relationships with those contacted in the course of work.

EXPERIENCE AND TRAINING GUIDELINES

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Four years of increasingly responsible experience performing automotive and heavy equipment maintenance and repair duties comparable to those of a Heavy Equipment Mechanic.

Training:

Equivalent to completion of the twelfth grade and specialized training in the maintenance and repair of gas and diesel powered equipment.

License or Certificate

Possession of, or ability to obtain, an appropriate, valid California driver's license.

Possession of a valid Class B California driver's license is required within ~~45~~60 days of appointment. Failure to obtain the required license ~~within this period shall be grounds for~~may result in release from probation~~.~~ or termination.

Possession of, or ability to obtain, an appropriate, valid Vehicle Inspection Pollution Controls license.

In compliance with Environmental Protection Agency (EPA) regulations, possession of an appropriate Motor Vehicle Air Conditioning Certification is required within one year of appointment. Failure to obtain ~~this~~the required certification ~~within this period shall be grounds for~~may result in release from probation or termination.

Possession of Certification from the National Institute for Automotive Service Excellent (ASE) in at least four (4) areas in heavy-duty class within one year of appointment. Failure to obtain ~~this~~the required certification ~~within this period shall be grounds for~~may result in release from probation or termination.

Special Requirements

Possession of a complete set of mechanic hand tools through 1-1/2" and toolbox.

WORKING CONDITIONS

Environmental Conditions:

~~Field~~ Shop and field environment, travel from site to site, exposure to hot and cold temperatures, inclement weather, hazards of confined spaces and other hazardous materials.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for heavy lifting up to 100 pounds, walking, standing, bending, stooping and crawling for prolonged periods of time; operating motorized equipment and vehicles.

Work Assignment:

This classification is subject to a variety of shifts, including nights and weekends, as well as rotating shifts periodically.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-416

RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 2006-319 TO REVISE THE CLASS RANGE TABLE FOR GENERAL NON-SWORN CLASSES

WHEREAS, the City Council desires to amend Exhibit "A" of Resolution No. 2006-319, which approved the Class Range Table for General Non-Sworn Classes,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. AMENDMENT TO RESOLUTION NO. 2006-319. Exhibit "A" entitled, "City of Modesto Class Range Table General Non-Sworn Classes Effective May 23, 2006," attached to Resolution No. 2006-319, is hereby amended as shown on the amended Exhibit "A" entitled, "City of Modesto Class Range Table General Non-Sworn Classes Effective July 10, 2007," which is attached hereto and made a part hereof as though set forth in full herein. Said amended Exhibit "A" amends the Class Range Table as follows:

1. Adds Water Distribution Operator I at range 116
2. Adds Water Distribution Operator II at range 118
3. Adds Water Distribution Operator III at range 124
4. Adds Water Services Equipment Operator I at range 124
5. Adds Water Services Equipment Operator II at range 128
6. Adds Water Production Operator I at range 124
7. Adds Water Production Operator II at range 128
8. Adds Water Division Crewleader at range 132
9. Adds Wastewater Treatment Plant Operator I at range 120

10. Adds Wastewater Treatment Plant Operator II at range 124

11. Adds Wastewater Treatment Plant Operator III at range 126

12. Amends Cross Connection Specialist from range 122 to range 124

13. Amends Water Conservation Specialist from range 122 to range 124

14. Amends Senior Wastewater Treatment Plant Operator from range 128 to range 130

15. Amends Building Inspector I from range 126 to range 128

16. Amends Building Inspector II from range 130 to range 132

17. Amends Senior Building Inspector from range 134 to range 136

18. Amends Equipment Mechanic from range 120 to range 122

19. Amends Heavy Equipment Mechanic from range 122 to range 124

20. Amends Equipment Mechanic Crewleader from range 124 to range 126

21. Amends Heavy Equipment Mechanic Crewleader from range 126 to 128

22. Deletes Water Distribution Operator, range 116

23. Deletes Wastewater Treatment Plant Attendant, range 115

24. Deletes Wastewater Treatment Plant Operator, range 119

25. Deletes Wastewater Treatment Plant Relief Operator, range 121

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after July 10, 2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on 10th day of July, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-419

RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE PURCHASE OF TACTICAL VESTS FOR THE CITY OF MODESTO POLICE DEPARTMENT, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR A ESTIMATED ANNUAL COST OF $65,000

WHEREAS, the Modesto Police Department provides tactical vests for all of its sworn and some civilian positions, and

WHEREAS, a custom fitted vest is provided at the time of hire and current personnel are provided a replacement vest every five years, and

WHEREAS, the FBI established a standarized bullet testing protocal, and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, Funds are budgeted and made available in 0100-190-1921-0356 for the purchase of vests, in FY 07/08,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of tactical vests for the City of Modesto Police Department, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual amount of $65,000 as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for the purchase of tactical vests for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, to be opened in the office of

the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened, they shall be tabulated and analyzed and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING A CONSULTANT AGREEMENT WITH IMS INFRASTRUCTURE MANAGEMENT SERVICES TO PROVIDE A PAVEMENT MANAGEMENT PROGRAM, IN THE NOT-TO-EXCEED AMOUNT OF $378,000.00, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, a Pavement Management Program is required to receive federal funding for street maintenance, and

WHEREAS, a Pavement Management Program consists of inspecting and rating pavement conditions on asphalt concrete streets, and

WHEREAS, all arterial, collector, and residential streets will be inspected, and

WHEREAS, the City of Modesto volunteered to be the Lead Agency for Stanislaus County and all City jurisdictions, and

WHEREAS, the last Pavement Management Program was completed in 2002, and

WHEREAS, eleven (11) Pavement Management qualification statements were evaluated, and

WHEREAS, four (4) firms were selected as the most qualified and responsive firms to interview for services, and

WHEREAS, interviews were conducted and IMS Infrastructure Management Services was ranked the most qualified firm for the Pavement Management Program, and

WHEREAS, a selection committee consisting of different jurisdiction selected IMS Infrastructure Management Services as the most qualified to complete the Pavement Management Program, and

WHEREAS, City staff recommends that an Agreement with the consulting firm of IMS Infrastructure Management Services be approved to complete the Pavement Management Program for Stanislaus County and all City jurisdictions including Modesto, and

WHEREAS, City desires to enter into an Agreement with INS Infrastructure Management Services, in an amount not-to-exceed $378,000.00 to complete the Pavement Management Program, and

WHEREAS, IMS Infrastructure Management Services, will be paid on a time and materials basis for actual hours required performing individual tasks at a set rate,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Consultant Agreement with IMS Infrastructure Management Services in the amount not-to-exceed $378,000.00, to complete the Pavement Management Program.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of July 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-421

RESOLUTION AMENDING THE CURRENT CAPITAL IMPROVEMENT PROGRAM BUDGET IN ORDER TO FULLY FUND THE AGREEMENT WITH IMS INFRASTRUCTURE MANAGEMENT SERVICES, AND COVER INCREASED PROJECT COSTS OF $182,027 FOR DESIGN AND CONTRACT ADMINISTRATION. FEDERAL FUNDING WILL COVER $170,002 (ACCOUNT 0700-430-H485-3532 "FEDERAL RSTP") AND THE REMAINING $12,025 IS MATCHING FUNDS FROM LTF (ACCOUNT 0510-700-H485-7070 "TRANSFER FROM LTF"), AND REAPPROPRIATING $182,027 TO CIP ACCOUNT 0700-430-H485-6010 (PAVEMENT CONDITION SURVEY) FOR A TOTAL PROJECT BUDGET OF $412,027

WHEREAS, the City is required to provide a local match to the federal funds to design the Pavement Condition Survey project in the estimated total amount of $389,124 including funding an agreement with IMS Infrastructure Management Services to complete pavement condition surveys and data management related to the Pavement Management Program for Stanislaus County in which the City of Modesto is acting as the lead agency and to cover contract administration costs by City staff, and

WHEREAS, certain budgetary transactions are necessary to fully fund said agreement with IMS Infrastructure Management Services in the amount of $378,000 for design services, and $11,124 for contract administration by City staff, for an estimated expenditures total of $389,124, and

WHEREAS, to fully fund the agreement and cover increased project costs of $182,027 for design and contract administration, Federal funding will cover $170,002 (Account 0700-430-H485-3532 "Federal RSTP"), and

WHEREAS, the remaining $12,025 is matching funds from LTF (Account 0510-700-H485-7070 "Transfer from LTF"), and $182,027 will be reappropriated to CIP

Account 0700-430-H485-6010 (Pavement Condition Survey) for a total project budget of $412,027,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves the transfer of funds as set forth herein to fully fund the agreement and cover increased project costs of $182,027 for design and contract administration, Federal funding will cover $170,002 (Account 0700-430-H485-3532 "Federal RSTP") and the remaining $12,025 is matching funds from LTF (Account 0510-700-H485-7070 "Transfer from LTF"), and $182,027 will be reappropriated to CIP Account 0700-430-H485-6010 (Pavement Condition Survey) for a total project budget of $412,027.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007–422

RESOLUTION APPROVING THE IMPLEMENTATION OF PRINCIPLES REGARDING THE APPLICATION OF WASTEWATER CAPACITY CHARGES TO WET INDUSTRIES

WHEREAS, on May 8, 2007, the Modesto City Council, by Resolution 2007-287, amended and restated Resolution No. 93-265, rescinding Sewer Bond Redemption charges, and established Wastewater Capacity Charges, and

WHEREAS, on May 8, 2007, the Modesto City Council, by motion, introduced an ordinance to implement Wastewater Capacity Charges (connection fees), and

WHEREAS, a supplementary report was also presented to Council on May 8, 2007 discussing a set of principles for applying capacity charges to significant (wet) industries, and

WHEREAS, the Modesto City Council, by motion, directed staff to return to Council at the earliest practical date, but no later than July 24, 2007, with a Resolution implementing the four additional principles outlined in the staff report regarding the application of Wastewater Capacity Charges to industries,

WHEREAS, staff and representatives of the wet industries met to discuss principles and refine them into three principles acceptable to both the City and wet industries, and

WHEREAS, the following summarizes the revised principles recommended for implementation:

A. An "allocation level" is established by the City of Modesto for the Industrial User to be charged. This "allocation level" shall be the highest annual actual use of Flow, of Biochemical Oxygen Demand (BOD), and of Total Suspended Solids (TSS) (as those terms are defined in MMC

Section 5-6.103) during the years 1999 through 2006, plus fifteen percent (15%) of said amount for each Industrial User. The highest annual actual use for the three named constituents (Flow, BOD, and TSS) may occur in different years for a particular Industrial User, and in that circumstance those different years will be used for calculation of the allocation level.

B. A capacity charge will be assessed for a wet industry when the allocation level is actually exceeded by the Industrial User for two consecutive years, by more than ten percent (10%) in each of those two consecutive years, or if actually exceeded by more than ten percent (10%) in three years during a five-year period.

C. Nothing set forth in this Resolution shall affect the right or ability of the City to impose fines or charges as provided by code or law, other than capacity charges on Industrial Users,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the implementation of principles regarding the application of Wastewater Capacity Charge for wet industries.

BE IT FURTHER RESOLVED, that notwithstanding any other provision of this or any other resolution or any provision of the Modesto Municipal Code (MMC), no capacity charge shall be imposed upon an Industrial User which currently holds a permit to discharge wastewater to the City of Modesto on or before May 8, 2007 unless and until all of the following occur:

A. An "allocation level" is established by the City of Modesto for the Industrial User to be charged. This "allocation level" shall be the highest annual actual use of Flow, of Biochemical Oxygen Demand (BOD), and of Total Suspended Solids (TSS) (as those terms are defined in MMC Section 5-6.103) during the years 1999 through 2006, plus fifteen percent (15%) of said amount for each Industrial User. The highest annual actual use for the three named constituents (Flow, BOD, and TSS) may occur in different years for a particular Industrial User, and in that circumstance those different years will be used for calculation of the allocation level.

B. The allocation level is actually exceeded by the Industrial User to be charged for two consecutive years, by more than ten percent (10%) in each of those two consecutive years, or if actually exceeded by more than ten percent (10%) in three years during a five-year period.

C. Nothing set forth in this Resolution shall affect the right or ability of the City to impose fines or charges as provided by code or law, other than capacity charges on Industrial Users.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of July, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carrier and the resolution adopted by the following vote:

AYES:	Councilmember:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

RESOLUTION NO. 2007-423

RESOLUTION ACCEPTING PUBLIC IMPROVEMENTS FOR THE TARANTELLA ESTATES SUBDIVISION, IN THE VILLAGE ONE SPECIFIC PLAN AREA, AND AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION AND TO RELEASE SECURITIES UPON EXPIRATION OF STATUTORY PERIODS

WHEREAS, JOHN S. RUSH, an unmarried man, and CHICA LLC, a California Limited Liability Company, are the subdividers of TARANTELLA ESTATES SUDIVISION ("SUBDIVISION") in the Village One Specific Plan Area, and

WHEREAS, JOHN S. RUSH, an unmarried man, and CHICA LLC, a California Limited Liability Company, have filed irrevocable subdivision bonds to secure faithful performance and payment for labor and materials in the amounts of $72,693.50 and $36,346.75 respectively, and

WHEREAS, JOHN S. RUSH, an unmarried man, and CHICA LLC, a California Limited Liability Company, have filed a warranty bond in the amount of $7,269.35 to guarantee public improvements in the SUBDIVISION, and

WHEREAS, the City Engineer, in a memorandum to Council, indicates that all work required by the Subdivision Agreement has been completed to the satisfaction of the Public Works Department, and

WHEREAS, the City Engineer has indicated that it would be in order for the City Council to accept the public improvements in the SUBDIVISION as complete, and authorize the City Clerk to file a Notice of Completion and to release the securities upon expiration of statutory periods,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The public improvements in the SUBDIVISION are hereby accepted and the City Clerk is hereby authorized to file a Notice of Completion for the public improvements.

2. The City Clerk is hereby authorized to release the subdivision bond for faithful performance in the amount of $72,693.50 upon recordation of the Notice of Completion.

3. The City Clerk is hereby authorized to release the subdivision bond for labor and materials in the amount of $36,346.75 sixty (60) days after the recordation of the Notice of Completion, provided no claim is made thereon.

4. The City Clerk is hereby authorized to release the warranty bond to guarantee the SUBDIVISION improvements in the amount of $7,269.35 one year and one day after the effective date of this resolution, provided no claim is made thereon.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-424

RESOLUTION REQUIRING FIVE (5) AFFIRMATIVE VOTES OF THE CITY COUNCIL AUTHORIZING THE PUBLIC WORKS WASTEWATER COLLECTIONS STAFF TO PERFORM THE REPAIRS NECESSARY FOR THE TUOLUMNE RIVER BANK EROSION IMPROVEMENTS PROJECT PER THE CITY CHARTER (SECTION 1307)

WHEREAS, Public Works Engineering put the Tuolumne River Bank Erosion Improvements project out to bid on June 4, 2007, and

WHEREAS, on June 19, 2007, fourteen (14) contractors attended the mandatory site walk, and

WHEREAS, on June 26, 2007, no bids were received for this project, and

WHEREAS, after making several calls to contractors regarding this project, it was determined that no bids were received due to the high risk being placed on the contractor, and

WHEREAS, the Department of Fish and Wildlife has mandated that this project may be completed only during the time period of August 1 though September 15, as the Tuolumne River is at its lowest point during this time, and it is prior to the Chinook Salmon run, and

WHEREAS, due to the short timeframe for the work to be completed, it has been determined that City staff, along with contractors on a time and materials basis, will be able to complete this work, and

WHEREAS, where a public works project is publicly bid and no bids are received, the City Charter (Section 1307) allows the Council, with five (5) affirmative

votes, to determine that public works projects can be performed better by City forces without regard to the public works bidding requirements in the Charter,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby adopts a resolution requiring five (5) affirmative votes of the City Council authorizing the Public Works Wastewater Collections staff to perform the repairs necessary for the Tuolumne River Bank Erosion Improvements project per the City Charter (Section 1307).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of July 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-426

RESOLUTION AUTHORIZING THE AWARD OF PROPOSED CONTRACT FOR AN INTEGRATED PUBLIC SAFETY SYSTEM/ COMPUTER AIDED DISPATCH (CAD) TO IPC COMMAND SYSTEMS INC. (IPC), 1000 BRIGGS ROAD, MT. LAUREL, NJ 08054, IN AN AMOUNT NOT TO EXCEED $1,8555,631 AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT

WHEREAS, on May 23, 2006, by Resolution No. 2006-315, City Council approved the request to authorize the issuance of an RFP an Integrated Public Safety System/ Computer Aided Dispatch (CAD), and

WHEREAS, and RFP team was formed and included representatives from the City of Modesto, Stanislaus County, and the Stanislaus Regional 911 Center, and

WHEREAS, on June 20, 2006 the City of Modesto, Stanislaus County, and SR911 issued the Request for Proposal (RFP) for an Integrated Public Safety System, and

WHEREAS, the RFP specified the agencies' requirements and served as the basis for vendor selection, to select the most appropriate system, the agencies formed and advisory team to participate in the evaluation and selection of the new system, and

WHEREAS, the advisory team included representatives from all of the impacted agencies throughout the jurisdictions served by SR911, and

WHEREAS, prior to release of the RFP, a vendor list was created with input from all team members, and

WHEREAS, upon completion of the RFP, vendors were notified of the RFP's availability on the City's website and all subsequent addendums that were published, and

WHEREAS, in addition, the RFP was provided to any additional vendors not on the original vendor list who requested a copy, and

WHEREAS, on June 30, 2006 the agencies hosted a non-mandatory bidder's conference during which prospective bidders could take a walk-through of SR911 and ask any questions they had regarding the RFP,

WHEREAS, representatives from the advisory team were present during this conference to help provide clarification to vendors, and

WHEREAS, proposals were accepted up until the due date of August 15, 2006, and

WHEREAS, eight proposals were received from vendors, and

WHEREAS, the advisory team conducted a preliminary proposal analysis of the functional requirements in accordance with the evaluation and selection agreed upon by the advisory team, and

WHEREAS, the evaluation included a detailed analysis of responses to specific operational and technical requirements, and

WHEREAS, the advisory team reviewed the requirements based upon a priority ranking assigned to each individual requirement, and

WHEREAS, after the review of the functional requirements, four vendors were selected as finalists and invited to conduct on-site product demonstrations, and

WHEREAS, all finalist vendors were required to follow the same demonstration process and were allotted the same amount of time for their system demonstrations, and

WHEREAS, after several advisory team meetings and a thorough evaluation of how the information learned during the demonstrations, site visits, and reference checks affected the finalist proposals, the advisory team invited tow vendors to submit a Best and Final Offer (BAFO) incorporating all representations made verbally or in writing subsequent to their original proposals, and

WHEREAS, both vendors submitted a Best and Final Offer (BAFO) incorporating all representations made verbally or in writing on February 2, 2007, and

WHEREAS, the advisory team conducted a thorough review of both vendors and declared that it was in the best interest of all agencies to host an on-site BAFO demonstration, and

WHEREAS, both vendors were invited to discuss their proposed BAFO solutions as well as demonstrate the software system that would most likely be implemented for the agencies, and

WHEREAS, both vendors participated in a four hour BAFO demonstration and were given the opportunity to clarify their BAFO and answer clarification questions from the agencies, and

WHEREAS, at the conclusion of the BAFO meetings the advisory team conducted a final analysis of the two vendors BAFOs, the initial proposals, demonstration results, reference check results, and site visit feedback to ensure that all information as considered prior to making a final decision, and

WHEREAS, after review and input from the advisory team, the executive committee (comprised of executive representatives from the City of Modesto, County of Stanislaus, and JPA) reviewed the proposals according to the evaluation and recommended to enter into contract negotiations, with the chosen vendor IPC Command Systems Inc. (IPC).

WHEREAS, the Modesto Municipal Code, MMC 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. This re-issuance of the RFP for the acquisition of an Integrated Public Safety System conforms to code. Improve emergency service communication systems,

partner with external agencies to capitalize on economics of scale, and emergency services are delivered quickly, safely, and responsively.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes an award of proposal and contract for an Integrated Public Safety System RFP.

BE IT FURTHER RESOLVED that the City Manager or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of July, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-428

RESOLUTION AMENDING THE BUDGETS OF VARIOUS FUNDS TO REFLECT THE REVENUES AND EXPENDITURES RELATED TO THE ACQUISITION OF A COMPUTER AIDED DISPATCH SOFTWARE PROGRAM

WHEREAS, the City Council has approved staff's recommendation to acquire a computer aided dispatch and integrated public safety software program (CAD system) for use in the regional 911 communication dispatch center; and

WHEREAS, the City Council has previously approved the use of federal grant funds for the acquisition of the CAD system; and

WHEREAS, the City Council previously approved the use of General Fund reserves for the acquisition of the CAD system; and

WHEREAS, there remains a portion of the CAD system acquisition cost that exceeds the amount of available grant and General Fund resources; and

WHEREAS, the CAD system represents a qualifying expense under the Police Capital Facility Fees program (Police CFF); and

WHEREAS, there are sufficient Police CFF resources available to complete the acquisition of the CAD system;

WHEREAS, the budgets of the General Fund, grant programs and Police CFF funds must be amended in accordance with Exhibit A to this resolution, which is incorporated by reference herein;

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Finance Director to take all steps necessary to amend the program budgets as shown in Exhibit A to this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of July 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-429

RESOLUTION CONFIRMING THE DIAGRAM AND ASSESSMENTS, AND ORDERING THE LEVY AND COLLECTION OF CHARGES WITHIN LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 1 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 1-6

WHEREAS, the City of Modesto has by Resolution No. 2007-310 adopted on May 22, 2007, declared its intent to levy charges or assessments for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6 under the provisions of the "Landscaping and Lighting Act of 1972", and

WHEREAS, the cost for Fiscal Year 2007-08 is $26.00 annual assessment per lot, and

WHEREAS, the charges against the real property are not levied with regard to property values but rather by allocated cost reports prepared by City Engineering, and

WHEREAS, the City of Modesto has determined and certifies that the charges are either exempt from or in compliance with all the provisions of Proposition 218, which was passed by the voters in November 1996, and

WHEREAS, the City of Modesto has further determined the charges are in compliance with all laws pertaining to the levy of such charges,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby orders the levy and collection of $26.00 annual assessment per lot within Landscape Maintenance Assessment District No. 1 for Dry Creek Meadows Subdivisions Nos. 1-6 for the 2007-08 Fiscal Year, and that a certified copy of this resolution shall be

delivered to the Auditor–Controller of the County of Stanislaus for placement of such charges on the 2007-08 County Tax Roll.

BE IT FURTHER RESOLVED that the diagram of said assessment district and amount of levy thereon is hereby confirmed.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION CONFIRMING THE DIAGRAM AND ASSESSMENTS, AND ORDERING THE LEVY AND COLLECTION OF CHARGES WITHIN LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 7-10, CREEKWOOD MEADOWS SUBDIVISION, AND YOSEMITE MEADOWS SUBDIVISION UNITS 1 & 2

WHEREAS, the City of Modesto has by Resolution No. 2007-311, adopted on May 22, 2007, declared its intent to levy charges or assessments for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivision and Yosemite Meadows Subdivision Units No. 1 & 2, under the provisions of the "Landscaping and Lighting Act of 1972", and

WHEREAS, the cost for Fiscal Year 2007-08 is $120.30 per acre for commercial property and $23.68 for each residential property, and

WHEREAS, the charges against the real property are not levied with regard to property values but rather by allocated cost reports prepared by City Engineering, and

WHEREAS, the City of Modesto has determined and certifies that the charges are either exempt from or in compliance with all the provisions of Proposition 218, which was passed by the voters in November 1996, and

WHEREAS the City of Modesto has further determined that the charges are in compliance with all laws pertaining to the levy of such charges.

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby orders the levy and collection of $120.30 per acre for commercial property and $23.68 for each residential property within Landscape Maintenance

Assessment District No. 2 for Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivision and Yosemite Meadows Subdivision Units 1& 2 for the 2007-08 fiscal year, and that a certified copy of this resolution shall be delivered to the Auditor–Controller of the County of Stanislaus for placement of such charges on the 2007-08 County Tax Roll.

BE IT FURTHER RESOLVED that the diagram of said assessment district and amount of levy thereon is hereby confirmed.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-431

RESOLUTION ACCEPTING THE 2007 REPORT FOR WATER QUALITY RELATIVE TO PUBLIC HEALTH GOALS (PUBLIC HEALTH GOALS REPORT) AS REQUIRED BY TITLE 22 OF THE CALIFORNIA HEALTH AND SAFETY CODE

WHEREAS, Title 22 of the California Health and Safety Code requires that all large water system providers issue a Confidence Report on water quality standards in their service area, and

WHEREAS, said Consumer Confidence Report is required to be delivered to customers by July 1, 2007, and

WHEREAS, in addition to the above requirement, any water system with more than 10,000 service connections is mandated to issue a report every three (3) years documenting any violations of a Public Health Goal for potable water, and

WHEREAS, the water provider is required to hold a public hearing on the Public Health Goals Report and accept public comments at that time, and

WHEREAS, said Public Health Goals Report has been prepared and the matter set for a public hearing to be held on July 10, 2007, at 5:30 p.m., in the Tenth Street Place Chambers, located at 1010 10th Street, Modesto, California, at which date and time said duly noticed public hearing of the Council was held for the purpose of receiving public comments.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that following the receipt of public comment, and the 2007 Public Health Goals Report having been duly considered, said report is hereby accepted.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-432

A RESOLUTION APPROVING A CFF RIGHT OF WAY REIMBURSEMENT AGREEMENT BETWEEN THE CITY OF MODESTO AND MARY KRUSE TRUST, ARG INVESTMENTS, LLC, A LIMITED LIABILITY COMPANY, AND HILLSBOROUGH COMMERCIAL LP, A LIMITED PARTNERSHIP, WITH WITH A MAXIMUM REIMBURSEMENT AMOUNT OF $147,002 FOR RIGHT OF WAY FOR THE FUTURE PELANDALE/CLARATINA EXPRESSWAY AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto's General Plan calls for Pelandale Avenue/Claratina Road to be constructed as a Class A expressway, and

WHEREAS, the future Claratina Road will be developed as an expressway and additional right of way is necessary for the future realignment of Claratina Road, and

WHEREAS, Mary Kruse Trust, ARG Ivestments, LLC, a Limited Liability Company, and Hillsborough Commercial , LP, a Limited Partnership, (Collectively the "Developer") has a legal interest in a certain tract of land located west of McHenry Avenue and north of Claratina Avenue in the Hetch Hetchy Specific Plan area of the City of Modesto, commonly known as the CARMAX ("Project"), and

WHEREAS, as a condition of approval of the Project, the Developer is required to dedicate 26,527 square feet of right of way for the future Pelandale/Claratina Expressway (the "Dedication"), and

WHEREAS, the Dedication will be made through the recordation of the Parcel Map for the Project ("Parcel Map") and the Dedication will be effective upon recordation of said Parcel Map, and

WHEREAS, a portion of the Dedication is reimbursable through the City's Capital Facilities Fees ("CFF") program, and

WHEREAS, the City and the Developer are proposing to enter into a CFF Right of Way Reimbursement Agreement ("Agreement") between the City of Modesto and Developer to provide for reimbursement for (a portion of) the right of way to be dedicated, and

WHEREAS, said Agreement shall have a maximum reimbursement amount of $147,002, which will be allocated from the Streets CFF fund not later than fifteen (15) days after recordation of the Parcel Map for the Project or December 1, 2007, whichever occurs later.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that:

1. The proposed CFF Right of Way Reimbursement Agreement between the City of Modesto and Mary Kruse Trust, ARG Investments, LLC, and Hillsborough Commercial, LP, ("Project") is consistent with the Modesto Urban Area General Plan.
2. The reimbursement for the proposed right of way is included in the 2003 CFF program.
3. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the General Plan Master EIR ("Program EIR") and no new environmental document or findings are required by CEQA.

4. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.
5. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.
6. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:
    a. one or more significant effects which is not discussed in the Program EIR; or,
    b. significant effects which were previously examined will be substantially more severe than previously shown; or,
    c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,
    d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would

substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.

BE IT FURTHER RESOLVED that the CFF Right of Way Reimbursement Agreement between the City of Modesto and Mary Kruse Trust, ARG Investments, LLC, and Hillsborough Commercial, LP is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or designee, is authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24 day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-433

A RESOLUTION APPROVING TASK ORDER NO. 1 TO THE MASTER PROFESSIONAL SERVICES AGREEMENT FOR CONSULTANT SERVICES WITH GOODWIN CONSULTING GROUP FOR THE ADMINISTRATION OF EXISTING COMMUNITY FACILITIES DISTRICTS

WHEREAS, the City Council is desirous of administering and maintaining its existing Community Facilities Districts ("CFDs"), and

WHEREAS, on December 12, 2006, the Council of the City of Modesto approved a Master Professional Services Agreement for Consultant Services with Goodwin Consulting Group for the administration of CFDs, and

WHEREAS, Goodwin Consulting Group ("Consultant") has prepared Task Order No. 1 ("Task Order") for the administration of the City's existing CFDs, attached as Exhibit "A", and

WHEREAS, administration of existing CFDs is funded through an annual maintenance tax as described in the Rate and Method of Apportionment of each CFD,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Task Order No. 1, attached as **Exhibit "A"**, hereto is hereby approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Marsh, O'Bryant, Olsen, Mayor Ridenour

for
Goodwin Consulting Group's
Master Professional Services Agreement for Consultant Services

Annual Administration
Carver Bangs CFD No. 1998-2
Coffee-Claratina CFD No. 2000-2
Fairview Village CFD No. 2003-1
North Beyer Park CFD No. 1997-1
North Beyer #2 CFD No. 2007-1
North Pointe CFD No. 2002-1
Village One CFD No. 1996-1
Village One CFD No. 2004-1
Enterprise Business Park CFD No. 1998-1

This Task Order No. 1 is made and entered into by and between the City of Modesto, a municipal corporation (hereinafter "CITY"), and Goodwin Consulting Group., a California Corporation (hereinafter "CONSULTANT") and is effective as of _____.

RECITALS

A. CONSULTANT has entered into a Master Professional Services Agreement for Consultant Services, (hereinafter "Agreement"), dated February 13, 2007 ("AGREEMENT") with the CITY, by which the CONSULTANT has agreed to provide professional administration and financial services for the annual administration of eight existing Community Facilities Districts, which is incorporated herein by reference.

B. At the request of CITY and in compliance with the terms of the AGREEMENT, CONSULTANT has prepared the Task Order No. 1, a copy of which is attached hereto as Exhibit A.

C. CITY and CONSULTANT desire that CONSULTANT perform the services as identified in the attached Task Order.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **INCORPORATION OF MASTER PROFESSIONAL SERVICES AGREEMENT FOR CONSULTANT SERVICES.** This Task Order hereby incorporates by reference all terms and conditions set forth in the Master Professional Services Agreement, unless expressly modified by this Task Order. The AGREEMENT and this Task Order shall, to the fullest extent possible, be read and considered as fully integrated documents and shall be interpreted so as to avoid inconsistencies, comply with all applicable laws and ensure that the objectives of the parties will be fully realized.

   Nothing in this Task Order is intended to supersede, terminate, modify or otherwise affect any provision of the AGREEMENT, except to the extent that a provision of this AGREEMENT is in direct and irreconcilable conflict with a provision of the AGREEMENT. Then, and only in that

event, the provisions of the AGREEMENT shall prevail over the contradictory provision of the Task Order.

2. **SCOPE OF SERVICES**. CONSULTANT shall perform the services described in Exhibit "A" attached hereto and incorporated herein by reference. CONSULTANT shall not replace its Authorized Representative, nor shall CONSULTANT use any subcontractors or subconsultants not listed in this Task Order, without the prior written consent of CITY.

3. **TIME OF PERFORMANCE**. CONSULTANT shall commence performance within five (5) working days after receipt of a Notice to Proceed from City, and shall complete all required services no later than the dates set forth in Exhibit "A".

4. **COMPENSATION**. For services performed by CONSULTANT in accordance with this Task Order, CONSULTANT agrees to accept a sum not to exceed $77,500 annually. CONSULTANT shall be paid at the times and in the manner set forth in Paragraph 3 of the Master Professional Services Agreement, unless expressly provided otherwise in the attached Task Order..

5. **SIGNATURES.** The individuals executing this Task Order represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Task Order on behalf of the respective legal entities of the CONSULTANT and CITY. This Task Order shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-434

A RESOLUTION APPROVING A MEMORANDUM OF UNDERSTANDING BETWEEN MINER JOAQUIN BUILDING CORPORATION AND THE CITY OF MODESTO TO DEFER FORMATION OF THE COMMUNITY FACILITIES DISTRICT TO FINAL OCCUPANCY FOR THE MODESTO COMMERCE BANK LOCATED AT THE NORTHEAST CORNER OF DALE ROAD AND PELANDALE AVENUE AND AUTHORZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE MEMORANDUM OF UNDERSTANDING

WHEREAS, Miner Joaquin Building Corporation is desirous of constructing a Modesto Commerce Bank branch on a three acre parcel located at the northeast corner of Dale Road and Pelandale Avenue which is located in the Kiernan Business Park South, KBPS area; and

WHEREAS, the following condition was placed on the parcel map for Miner Joaquin Building Corporation,

> "Prior to pulling a building permit, developer shall take all actions reasonably necessary to secure and establish a City Mello-Roos Community Facilities District ("CFD") for the area bounded by Dale Road, Pelandale Avenue, Bangs Road and American Avenue for the capital improvements and ongoing maintenance of a regional storm drain basin, right-of-way dedication and improvements for a third lane on Dale Road and the landscaping in the public right-of-way adjacent to the project site to be financed by said CFD or, if said CFD has been established for the area bounded by Dale Road, Pelandale Avenue, Bangs Road and American Avenue, developer shall take all actions reasonably

necessary to annex its development to said CFD, which shall actually result in annexation of its development to said CFD at the tax rate for the zone of said CFD to which the development is ultimately annexed; or alternatively, in the event complete annexation does not occur for any reason, developer may provide a fund-in mechanism for said capital improvements and ongoing maintenance to the same general standard as other similar capital improvements and ongoing maintenance financed by said CFD, subject to approval of the funding mechanism by the City, such approval not to be unreasonably withheld. "; and

WHEREAS, on or about October 6, 2006, Miner Joaquin Building Corporation placed a deposit in the amount of $64,500 with the City to form a CFD; and

WHEREAS, said CFD is not ready to be formed until an Infrastructure Finance Plan is developed, and

WHEREAS, the City is diligently working to develop the list of facilities and the financing plan for Kiernan Business Park South, and

WHEREAS, among the goals of the City is to encourage economic development and provide for the timely installation and maintenance of public facilities in the interest of the public health, safety, and welfare, and

WHEREAS, this situation is distinctive in that the Infrastructure Finance Plan was not complete prior to forming the CFD, and

WHEREAS, staff recommends the City Council approve a Memorandum of Understanding between Miner Joaquin Building Corporation and the City of Modesto that outlines the above recitals and conditions outlining this circumstances of this project,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto, that it hereby makes the following findings:

SECTION 1. The above recitals are true and correct.

SECTION 2. There are valid circumstances that have delayed the formation of a CFD for the Kiernan Business Park South area, of which have been outside the control of Miner Joaquin Building Corporation.

SECTION 3. Miner Joaquin Building Corporation has worked with the City to form said CFD and a building permit may be issued with the intent that said CFD will be formed prior to final occupancy.

SECTION 4. The City Manager, or his designee, is hereby authorized to execute the Memorandum of Understanding between the City of Modesto and Miner Joaquin Building Corporation.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-435

A RESOLUTION APPROVING AN INTERAGENCY AGREEMENT WITH THE COUNTY OF STANISLAUS TO PROVIDE SANITARY SEWER SERVICE IN THE ROBERTSON ROAD NEIGHBORHOOD, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto owns, operates and maintains Modesto Sanitary Sewer District No. 1 ("Sewer District"), which is designed and intended to serve residents and business located within the City of Modesto ("Sewer District"), and

WHEREAS, there exists a substantial unincorporated County island within the CITY's limits which is commonly known as the Robertson Road Neighborhood, generally located south of Robertson road, east of Carpenter Road, west of Hays Street, and north of John Street containing 334 parcels on 96.8 acres and shown on **Exhibit A** hereto and incorporated herein by reference ("Infill Area"), and

WHEREAS, the County of Stanislaus ("COUNTY") has requested that CITY'S Sewer District provide sewer service to the Infill Area, and

WHEREAS, COUNTY has constructed sanitary sewer lines within the Infill Area and CITY has accepted said sanitary sewer lines on behalf of the public for public use, and

WHEREAS, CITY is prepared to provide sewer services to the property owners within the Infill Area.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the interagency agreement between the City of Modesto and the County of Stanislaus to provide sanitary sewer service in the Robertson Road Neighborhood.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-436

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE OF VARIABLE FREQUENCY DRIVE UNITS FOR THE PUBLIC WORKS DEPARTMENT, WATER DIVISION, TO WILLE ELECTRIC SUPPLY, CO., INC., MODESTO, CA FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR A TOTAL ESTIMATED ANNUAL COST OF $43,209

WHEREAS, variable frequency drive (VFD) units are used to stabilize water pressure in the City's water system, and

WHEREAS, a VFD unit controls the motor speed of the well pump, which allows a variance in water flow from the controlled station, and

WHEREAS, this controlled water flow allows the system to maintain a more level water pressure without large fluctuations, and

WHEREAS, VFD units also start the pump at a softer rotation (ramp speed), which helps prevent water hammer surging, thus reducing electrical costs, and

WHEREAS, historically, approximately twenty percent (20%) of the VFD units in use need to be replaced on an annual basis, due to wear, and

WHEREAS, on February 7, 2006, Council approved Resolution No. 2006-069 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of VFD drive units for the Public Works Department, Water Division, and

WHEREAS, on July 11, 2006, the Purchasing Division issued Request for Bid No. 0506-23 for the purchase of VFD units to twenty-five (25) prospective bidders, eight (8) of which were local companies, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, on August 15, 2006, RFB's were formally opened in the City Clerk's office. Of the twenty-five (25) prospective bidders, two (2) companies chose to respond, and

WHEREAS, Based on being deemed the lowest responsive and responsible bidder, City staff recommends the award of bid and contract for the purchase of Variable Frequency Drive Units for the Public Works Department, Water Division, to Wille Electric Supply Co., Inc., Modesto, CA, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $43,209, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid and contracts for the purchase of VFD units for the Public Works Department, Water Division, conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase of Variable Frequency Drive Units for the Public Works Department, Water Division, to Wille Electric Supply Co., Inc., Modesto, CA, for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $43,209.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase agreement for the purchase of VFD units for the Public Works Department, Water Division, to Wille Electric Supply Co., Inc., for a two (2) year

agreement, with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $43,209.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-437

A RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL AND CONTRACT FOR THE FURNISHING OF TICKET PRINTING SERVICES FOR THE PUBLIC WORKS DEPARTMENT, TRANSIT DIVISION, TO DILLINGHAM TICKET COMPANY, LOS ANGELES, CA, FOR A TWO (2) YEAR AGREEMENT, WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR A TOTAL ESTIMATED ANNUAL COST OF $16,876.

WHEREAS, seven (7) different types of tickets are being printed for the Modesto Area Express (MAX) program, and

WHEREAS, the transit tickets were last bid in 2004 for a three-year contract, and

WHEREAS, the City provides specifications and artwork for each type of ticket and requires deliveries to be made to specific locations at specified times according to the needs of the Transit Division, and

WHEREAS, on February 27, 2007, Council approved Resolution No. 2007-143 authorizing the Purchasing Manager to issue formal Request for Proposal (RFP) for the purchase of ticket printing services for the Transit Division, for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, and

WHEREAS, on March 30, 2007, the Purchasing Division issued Request for Proposal No. 0607-36 for the purchase of Ticket Printing Services to twenty-seven (27) prospective proposers, of which sixteen (16) were local companies, posted the proposal on the City's web site, and formally advertised as required by law, and

WHEREAS, on May 1, 2007, RFP's were formally opened in the City Clerk's office. Of the twenty-seven (27) prospective proposers, two companies chose to respond, and

WHEREAS, in May 2007, an evaluation committee composed of staff from the Transit Division assessed the responses. The Purchasing Division facilitated the evaluation process, and

WHEREAS, proposal evaluation packets were given to each committee member to individually review and score, and

WHEREAS, based on being ranked the highest in total evaluation criteria, the evaluation committee recommended award of proposal and contract for the furnishing of Ticket Printing Services to Dillingham Ticket Company, Los Angeles, CA, for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $16,876, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of proposal and contract for the furnishing of ticket printing services for the Public Works Department, Transit Division, conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of proposal and contract for the furnishing of Ticket Printing Services for the Public Works Department, Transit Division, to Dillingham Ticket Company, Los Angeles, CA, for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $16,876.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase agreement for the furnishing of Ticket Printing Services for the Public Works Department, Transit Division, to Dillingham Ticket Company, Los Angeles, CA, for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $16,876.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-438

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACTS FOR THE FURNISHING OF LABORATORY ANALYTICAL TESTING SERVICES FOR THE PUBLIC WORKS DEPARTMENT, WATER QUALITY CONTROL DIVISION, TO ALPHA ANALYTICAL LABORATORIES, INC., DUBLIN, CA, AS THE "PRIMARY" CONTRACTOR, TESTAMERICA ANALYTICAL TESTING CORP., MORGAN HILL, CA, AS THE "SECONDARY" CONTRACTOR AND FGL ENVIRONNMENTAL, STOCKTON, CA, AS THE "THIRD" CONTRACTOR, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR A TOTAL ESTIMATED ANNUAL COST OF $74,073

WHEREAS, on September 10, 2001, the Regional Water Quality Control Board (Regional Board) issued a Water Code Section 13267 letter to the City requiring submittal of ambient receiving water and effluent data regarding priority pollutants, and

WHEREAS, the 13267 letter requirements are in addition to the City's existing National Pollution Discharge Elimination System (NPDES) permit requirements for ambient and effluent monitoring, and

WHEREAS, all samples required by the Regional Board must be Environmental Laboratory Accreditation Program certified, and

WHEREAS, on March 28, 2006, Council approved Resolution No. 2006-176 authorizing the Purchasing Supervisor to issue formal Request for Bids (RFB) for the furnishing of laboratory analytical testing services for the Public Works Department, Water Quality Control Division, for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, and

WHEREAS, on March 29, 2007, the Purchasing Division issued Request for Bid No. 0607-33 for the furnishing of laboratory analytical testing services to

twenty-eight (28) prospective bidders, five (5) of which were local companies, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, on May 22, 2007, RFB's were formally opened in the City Clerk's office. Of the twenty-eight (28) prospective bidders, five (5) companies chose to respond, and

WHEREAS, based on providing responsive and responsible bids, City staff recommends the award of bid and contracts for the furnishing of Laboratory Analytical Testing Services for the Public Works Department, Water Quality Control Division, to Alpha Analytical Laboratories, Inc., Dublin, CA, as the "primary" contractor, TestAmerica Analytical Testing Corp., Morgan Hill, CA., as the "secondary" contractor and FGL Environmental, Stockton, CA, as the "third" contractor, for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $74,073, and

WHEREAS, Modesto Municipal Code, Section 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid. The award of bid and contracts for the furnishing of laboratory analytical testing services for the Public Works Department, Water Quality Control Division, conforms to code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contracts for the furnishing of Laboratory Analytical Testing Services for the Public Works Department, Water Quality Control Division, to Alpha Analytical Laboratories, Inc., Dublin, CA, as the "primary" contractor,

TestAmerica Analytical Testing Corp., Morgan Hill, CA, as the "secondary" contractor and FGL Environmental, Stockton, CA, as the "third" contractor, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $74,073.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase agreement for the furnishing of Laboratory Analytical Testing Services for the Public Works Department, Water Quality Control Division, Alpha Analytical Laboratories., Inc., Dublin, CA, as the "primary" contractor, TestAmerica Analytical Testing Corp., Morgan Hill, CA, as the "secondary" contractor and FGL Environmental, Stockton, CA, as the "third" contractor, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for a total estimated annual cost of $74,073.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-439

A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE OF NINE (9) HONDA POLICE MOTORCYCLES TO CARMICHAEL HONDA MOTORSPORTS, CARMICHAEL, CA, FOR A TOTAL ESTIMATED COST OF $142,009.

WHEREAS, the Public Works Department, Fleet Services Division has requested nine (9) new, current year/model, Honda Police Motorcycles, and

WHEREAS, the Modesto Police Department currently has nine (9) Harley Davidson Police motorcycles. Based on a two (2) year replacement cycle, these motorcycles are scheduled to be replaced this year, and

WHEREAS, rotation at the end of the two-year warranty shall result in a higher resale value and lower lifecycle costs on these motorcycles, and

WHEREAS, the new Honda motorcycles come with a three (3) year warranty and will further improve the lifecycle costs, and

WHEREAS, approximately one half of the police motorcycles have been replaced with Honda motorcycles, and this purchase will complete the motorcycle fleet change to Honda motorcycles, and

WHEREAS, on August 2, 2006, Council approved Resolution No. 2006-245 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment throughout FY 06/07 through various competitive processes, with the Purchasing Division coming back to Council for award authorization, and

WHEREAS, on May 16, 2007, the Purchasing Division issued RFB No. 0607-50 for the purchase of nine (9) Honda police motorcycles to nineteen (19) prospective

bidders, one (1) of which is a local company, posted the bid on the City's web site and formally advertised as required by law, and

WHEREAS, on June 12, 2007, RFB's were formally opened in the City Clerk's office, and

WHEREAS, of the nineteen (19) prospective bidders, two (2) companies chose to respond. All bidders provided responsive and responsible bids, and

WHEREAS, based on being deemed the lowest responsive and responsible bidder, City staff recommends the award of bid and contract for the purchase of nine (9) Honda police motorcycles to Carmichael Honda Motorsports, Carmichael, CA, for the total estimated cost of $142,009, and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases, which meet or exceed $50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, the award of bid and contract for the purchase of nine (9) Honda police motorcycles conforms to the Modesto Municipal Code, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase of nine (9) Honda police motorcycles to Carmichael Honda Motorsports, Carmichael, CA, for the total estimated cost of $142,009.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase order for the purchase of nine (9) Honda police motorcycles to Carmichael Honda Motorsports, Carmichael, CA, for the total estimated cost of $142,009.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2007-441

A RESOLUTION ESTABLISHING GUIDELINES FOR REDUCED UTILITY RATES FOR LOW-INCOME SENIOR CITIZENS AND LOW-INCOME DISABLED PERSONS FOR METERED AND UNMETERED WATER SERVICES AND RESCINDING RESOLUTION NO. 2005-028.

WHEREAS, Sections 11-6.05 and 11-6.06 of the Modesto Municipal Code authorize the Council, by resolution, to establish charges for metered and unmetered water services and other utility charges, and

WHEREAS, by Resolution No. 2004-627 adopted on November 23, 2004, and which became effective January 1, 2005, the City Council rescinded all previous water resolutions, established a single rate base, established fees for the provision of water, and all fees associated with water operations and management, and various other Council resolution establish rates for sewer, storm drain, and garbage service, and

WHEREAS, Section No. 11 of Resolution No. 2004-627 states that from time to time, by separate resolution the City may enact subsidies for certain categories of ratepayers, as the City Council may see fit, provided that the source(s) of funds to implement such subsidies are source(s) separate from the water enterprise fund, and

WHEREAS, Resolution No. 2005-028, adopted by the Council on January 11, 2005, established guidelines for reduced utility rates for low-income senior citizens and low-income disabled persons for metered and unmetered water services and

WHEREAS, the Finance Committee met on June 25, 2007, and supported staff's recommendation, and

WHERESAS, by an agenda report to the City Council from the Finance Department, dated July 10, 2007, City staff recommended the current utility discount program guidelines be amended as necessary to update the current income limit to reflect the amount established by the Department of Housing and Urban Development (HUD)

for up to a two person household at 50% of Annual Median Area Income level and that the income level adjust automatically each year to equal the HUD 50% Median Area Income approved levels for Stanislaus County,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. UTILITY DISCOUNT RATES AND REQUIREMENTS FOR LOW-INCOME SENIOR CITIZENS AND LOW-INCOME DISABLED PERSONS. The following utility discount rates and requirements for low-income senior citizens and low-income disabled persons shall apply as follows:

Annual Income Levels	Discount
Up to $22,400 (Up to 2-person household)	25% for water, sewer, storm drain and garbage

Program Requirements:

- Be 60 yrs or older and meet income levels.
- Have a documented medical card coded for disability.
- Reside at the address receiving the discount.

Program participants will be re-certified every two-years for eligibility verifying eligibility with a birth certificate, proof of income, and Medicare card. Disabled citizens will verify eligibility with a medical card coded with a disability and must provide proof of income. The income level will be adjusted each year to equal the HUD 50% Median Area Income approved levels for Stanislaus County.

SECTION 2. RESCIND. Resolution No. 2005-08 is hereby rescinded effective July 31,2007

SECTION 3. EFFECTIVE DATE. This resolution shall go into effect and be in full force and operation on and after August 1, 2007.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-442

A RESOLUTION ALLOCATING $250,000 IN FY 05-06 HOME ENTITLEMENT INVESTMENT PARTNERSHIP PROGRAM FUNDS FOR AFFORDABLE HOUSING PRELIMINARY PRE-DEVELOPMENT WORK AT 416 DOWNEY AVENUE; A PROPERTY OWNED BY THE CITY OF MODESTO.

WHEREAS, the property and facility at 416 Downey Avenue is currently owned by the City of Modesto and managed by the Parks, Recreation and Neighborhoods Department, and

WHEREAS, the property consists of a main facility that is approximately 2,100 square feet, two large out buildings, and a small paved rear parking area, and

WHEREAS, the facility is a decommissioned fire station and is zoned C-1 Neighborhood Commercial, and

WHEREAS, housing structures would be permissible with an approved conditional use permit, and

WHEREAS, in recent years, it has been used for a variety of community social service activities, and

WHEREAS, the most recent tenant of the property has been the Alzheimer's Affiliates of Stanislaus County, and

WHEREAS, in Spring 2006, the Alzheimer's Affiliates of Stanislaus contacted the City regarding a new rental agreement, and

WHEREAS, representatives of the organization asked about having minor repairs made to the building, and

WHEREAS, the Alzheimer's Affiliates organization is currently paying only utilities cost for the use of the building, and

WHEREAS, before negotiation of a rental agreement, City staff conducted an inspection of the building and premises, and

WHEREAS, this inspection showed significant safety and code violations that needed to be immediately addressed, and

WHEREAS, the Alzheimer's Affiliates of Stanislaus County provides primarily information and referral services, but does conduct a large fund raising event in November, and

WHEREAS, the City was able to have repairs made to the bottom floor of the facility in order for the Alzheimer's Affiliates organization to use the facility on a limited basis, and

WHEREAS, while repairs have been made to the facility to address immediate safety issues, a significant amount of repairs are needed, and

WHEREAS, staff estimates that a minimum of $213,300 in repairs is needed to bring the facility up to appropriate rental standards, and

WHEREAS, HOME funds may not be used for maintenance or repairs, as this is not an eligible expense per program regulations, and staff estimates that the cost of demolishing the facility is approximately $16,000, which is an eligible expense if done in conjunction with the development of affordable housing, and

WHEREAS, staff recommends that this site would be better used to provide affordable housing and would like to begin preliminary pre-development work which involves developing options for site use including a cost comparison of remodeling and expanding the existing facility or demolition of the existing structures and development of affordable housing, and

WHEREAS, conceivable development scenarios could include 10-12 units of housing for seniors or mixed use development with commercial on the bottom floor and housing on upper floors, and

WHEREAS, according to HUD Community Planning and Development (CPD) Notice 96-9, HUD will allow pre-development "soft costs" including, but not limited to: project cost

associated with environmental review, architectural & engineering services, public input process, property appraisal, preparation of processing for project loans and underwriting, preparation of work write-ups and work specifications and demolition, and

WHEREAS, staff is assisting the Alzheimer's Affiliates of Stanislaus County to find a suitable location to continue services, the organization provides information and referral and has very little walk-in traffic, and

WHEREAS, the City has a great need for more affordable housing for very-low and low-income households, and

WHEREAS, as indicated in the City of Modesto Housing Element, our share of regional housing needs for very-low income households is 3,360 units, and for low-income households 2,609 units, and

WHEREAS, the facility is within close proximity to the City's Senior Center, other senior communities and services, making the development of senior affordable housing a potential option, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) met on May 18, 2007, and supported staff's recommendation to allocate funding to pre-development activities for the property a 416 Downey Avenue,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the allocation $250,000 in FY 05-06 HOME Entitlement Investment Partnership Program Funds for affordable housing preliminary pre-development work at 416 Downey Avenue; a property owned by the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-443

A RESOLUTION AMENDING THE FY 07-08 CAPITAL IMPROVEMENT BUDGET TO ESTABLISH A NEW CAPITAL IMPROVEMENT PROJECT, TO TRANSFER $250,000 IN HOME ENTITLEMENT INVESTMENT PARTNERSHIP FUNDS FROM 1170-800-8000-8003, HOME FUND RESERVE, TO FUND 2330, CAPITAL GRANTS PARKS FUND, AND TO ALLOCATE SAID FUNDING TO THE NEW PROJECT 2330-320-P056, 416 DOWNEY STREET, TO FULLY FUND THE DOWNEY STREET PROPERTY PRE-DEVELOPMENT ACTIVITIES.

WHEREAS, the property and facility at 416 Downey Avenue is currently owned by the City of Modesto and managed by the Parks, Recreation and Neighborhoods Department, and

WHEREAS, the most recent tenant has been the Alzheimer's Affiliates of Stanislaus County, and

WHEREAS, an inspection in 2006 showed significant safety and code violations that were immediately addressed, and

WHEREAS, staff estimates that a minimum of $213,300 in additional repairs is needed to bring the facility up to appropriate rental standards, and

WHEREAS, HOME funds may not be used for maintenance or repairs, as this is not an eligible expense per program regulations, and

WHEREAS, staff recommends that this site would be better used to provide affordable housing and would like to begin preliminary pre-development work which involves developing options for site use including a cost comparison of remodeling and expanding the existing facility or demolition of the existing structures and development of affordable housing, and

WHEREAS, conceivable development scenarios could include 10-12 units of housing for seniors or mixed use development with commercial on the bottom floor and housing on upper floors, and

WHEREAS, according to HUD Community Planning and Development (CPD) Notice 96-9, HUD will allow pre-development "soft costs" including, but not limited to: project cost

associated with environmental review, architectural & engineering services, public input process, property appraisal, preparation of processing for project loans and underwriting, preparation of work write-ups and work specifications and demolition, and

WHEREAS, the City has a great need for more affordable housing for very-low and low-income households, and

WHEREAS, the facility is within close proximity to the City's Senior Center, other senior communities and services, making the development of senior affordable housing a potential option, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) met on May 18, 2007, and supported staff's recommendation to appropriate funding for pre-development activities for the 416 Downey Avenue property,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves amending the FY 07-08 Capital Improvement budget to transfer $250,000 in HOME Entitlement Investment Partnership Funds from 1170-800-8000-8003, HOME Fund Reserve, to Fund 2330, Capital Grants Parks Fund, and to allocate said funding to the new project 2330-320-P056, 416 Downey Street, to fully fund the Downey Street Property pre-development activities.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carried and the resolution adopted by the following vote:

associated with environmental review, architectural & engineering services, public input process, property appraisal, preparation of processing for project loans and underwriting, preparation of work write-ups and work specifications and demolition, and

WHEREAS, the City has a great need for more affordable housing for very-low and low-income households, and

WHEREAS, the facility is within close proximity to the City's Senior Center, other senior communities and services, making the development of senior affordable housing a potential option, and

WHEREAS, in order to meet HUD's requirements for committing funds, the City must execute a written agreement reserving a specific amount of funds to a specific local project per Section 24 of the Code of Federal Regulations (CFR), and

WHEREAS, the written agreement must ensure that expenditures will be in compliance with the requirements of 24 CFR part 92,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves a Memorandum of Understanding (MOU) for Pre-development Activities for 416 Downey Avenue Project, as required by the federal Department of Housing and Urban Development.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Memorandum of Understanding.

BE IT FURTHER RESOLVED that the Director of Parks, Recreation and Neighborhoods, or his designee, is hereby authorized to execute the Memorandum of Understanding.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-445

RESOLUTION AMENDING RESOLUTION NO. 2007-230 TITLED "A RESOLUTION APPROVING A GRANT APPLICATION FOR $50,000 FROM THE LAND AND WATER CONSERVATION FUND FOR A PORTION OF THE TRAIL IN THE GATEWAY PARCEL OF THE TUOLUMNE RIVER REGIONAL PARK AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT" TO 1) AMEND THE PROJECT DESCRIPTION TO THE VIRGINIA CORRIDOR, SPECIFICALLY FOR INSTALLATION OF 615 FEET OF LINEAR TRAIL FROM THE SOUTHERN PORTION OF BOWEN AVENUE CONSTRUCTING SOUTHWARD AND 2) ADD STATE REQUIRED ADDITIONAL LANGUAGE STATING THAT THE PROJECT IS COMPATIBLE WITH THE LAND USE PLANS OF THOSE JURISDICTIONS IMMEDIATELY SURROUNDING THE PROJECT

WHEREAS, the Congress under Public law 88-578 has authorized the establishment of a Federal Land and Water Conservation Fund Grant-In-Aid program and its political subdivisions for acquiring lands and developing facilities for public outdoor recreation purposes, and

WHEREAS, the California Department of Parks and Recreation is responsible for administration of the program in the State, setting up necessary rules and procedures governing applications by local agencies under the program, and

WHEREAS, said adopted procedures established by the California Department of Parks and Recreation require the applicant to certify by resolution the approval of a grant application and the availability of eligible matching funds prior submission of said grant application to the State, and

WHEREAS, staff has submitted an application for $50,000 in funding from the Land and Water Conservation Fund for the Virginia Corridor for installation of 615 feet of Linear Trail from the southern portion of Bowen Avenue constructing southward, and

WHEREAS, the proposed Virginia Corridor Trailway Project (the "Project") is consistent with the Statewide Comprehensive Recreation Resources Plan *California Outdoor recreation Plan – 2002,* and

WHEREAS, the Project must be compatible with the land use plans of those jurisdictions immediately surrounding the Project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. The filing of a grant application for $50,000 from the Federal Land and Water Conservation Fund Program is hereby approved.

2. The Council hereby certifies that said agency has matching funds from the following source: local Parks Capital Facilities Fees; and that said agency can finance 100 percent of the Project, half of which will be reimbursed.

3. The Council hereby certifies that the Project is compatible with the land use plans of those jurisdictions immediately surrounding the Project.

4. The City Manager, or his designee, is hereby authorized as agent of the applicant to conduct all negotiations and execute and submit all documents, including, but not limited to, applications, contracts, amendments, payment requests, and compliance with all applicable current state and federal laws, which may be necessary for the completion of the aforementioned Project upon acceptance of said grant by the City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-446

A RESOLUTION APPROVING A MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN THE CITY OF MODESTO AND THE MODESTO MANAGEMENT AND CONFIDENTIAL ASSOCIATION (MCMA) FOR A TERM OF JULY 24, 2007 THROUGH JUNE 23, 2008.

WHEREAS, the Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Confidential and Management Association (MCMA) expired on June 25, 2007, and

WHEREAS, representatives of the CITY and the MCMA have met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, pursuant to an Agenda Report dated July 12, 2007, a copy of which report is on file in the office of the City Clerk, the CITY and MCMA have reached agreement on a new MOU which, upon execution, shall be **attached** hereto and made a part hereof, and

WHEREAS, the MOU provides as follows:

SECTION 1. SALARY. A minimum of 2.5% across-the-board salary increase effective July 24, 2007, subject to Pay for Performance criteria, with a maximum increase equal to any across-the-board increase granted employees represented by the Modesto City Employees' Association (MCEA) or the Modesto Police Non-Sworn Association (MPNSA) during the term of this MOU. This provision for a maximum increase equal to MCEA or MPNSA shall expire on June 23, 2008.

SECTION 2. HEALTH, DENTAL AND VISION BENEFITS. The City's contribution to employees' Health, Dental and Vision coverage shall be as follows:

	7/24/07
Family	$890
Single	495
Opt Out	400

SECTION 3. BILINGUAL COMPENSATION. Compensation for those employees certified and assigned as Bilingual translators shall change from the current three (3) hours of compensatory time off per payperiod, to $50.00 per payperiod and shall be available to all non-exempt employees.

SECTION 4. LABOR MARKET SURVEY. A market survey is to be undertaken and is anticipated to commence no later than October 15, 2007. The parties will meet and confer on the labor market agencies to be surveyed. Final labor market data is anticipated to be available for subsequent negotiations by March 24, 2008, and the parties agree to expeditiously begin negotiations once the final data is available.

SECTION 5. RETIREE HEALTH PROGRAM. The parties have agreed to continue meeting and evaluating alternatives to the current Retiree Health Program structure. If the parties are able to identify an acceptable alternative, negotiations will commence on its implementation. MCMA has reiterated the Association's intention to link enhanced Retirement to Retiree Health negotiations.

SECTION 6. ADDITIONAL CHANGES. Other negotiated additions, deletions or amendments to the text of the Memorandum of Understanding deal with alternative work schedules, grievance procedure, bus passes, as well as pending items related to personnel rules and to succession planning, and

WHEREAS, the Council considered this matter at its meeting of July 24, 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Memorandum of Understanding (MOU) between the City of Modesto and the Modesto Confidential and Management Association (MCMA), which covers a term from July 24, 2007 through June 23, 2008, and upon execution of same, a copy of the MOU will be on file in the office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MEMORANDUM OF UNDERSTANDING
BETWEEN THE CITY OF MODESTO AND
THE MODESTO CONFIDENTIAL AND MANAGEMENT ASSOCIATION
July 24, 2007 – June 23, 2008

PREAMBLE

It is the purpose of this **Memorandum of Understanding** (hereinafter referred to as "MOU") to set forth the wages, hours and other terms and conditions of employment for employees represented by the **Modesto Confidential and Management Association** (hereinafter referred to as "MCMA").

ARTICLE 1. TERM

Term: The term of this MOU shall commence at 12:01 a.m. on **July 24, 2007**, and this MOU shall expire and otherwise be fully terminated at 12:00 a.m. (midnight) of **June 23, 2008.**

ARTICLE 2. CITY MANAGEMENT RIGHTS

The City of Modesto (hereinafter referred to as "CITY") retains the exclusive right, except as expressly stated herein, to operate and direct the affairs of the CITY in all of its various aspects, including, but not limited to, the right to direct the working forces; to plan and control all of the operations and services of the CITY; to determine the methods, means, and organizations by which such operations and services are to be conducted; to assign and transfer employees; to hire, promote, demote, suspend, discipline, discharge or relieve employees due to lack of work or other legitimate reasons; and to change or eliminate existing methods, equipment or facilities.

ARTICLE 3. REPRESENTATION

This MOU covers the employees in the position classifications of CITY, which MCMA is certified as representing, and MCMA is the formally recognized employee organization which has the exclusive right to represent said employees during the term of this MOU. **(See Exhibit 1: Classifications and Salary Ranges.)**

ARTICLE 4. RENEGOTIATIONS

A. Negotiations shall begin no later than ninety (90) calendar days prior to the termination date of this MOU. The parties shall notify one another of the names of their designated representatives at least thirty (30) days in advance of the first meeting.

B. When negotiating an MOU, MCMA shall be represented by no more than four (4) employees who shall be released from active duty and will not lose wages or benefits when negotiating. The Association may designate a professional representative to participate in negotiations.

MCMA employees shall have their work hours and/or duty days adjusted so that they will be on active duty during negotiations whenever possible. No employee shall receive overtime for time spent negotiating if it is not possible to adjust their work schedule. Participation in negotiations does not release any employee from responsibilities of their full-time employment requiring immediate attention or action (for example, scheduled court appearances or emergency call-back).

C. The CITY and MCMA agree to discuss the use of the methods and principles of Interest Based Negotiations (IBN) when a successor agreement to this MOU is negotiated. Discussions regarding the use of IBN shall occur at least nine (9) months prior to the expiration of this MOU.

Should the parties agree to use IBN to negotiate a successor agreement, the CITY will arrange for IBN training. The training shall be conducted at least four (4) months prior to the expiration date of this MOU. Prior to the training, the Association will designate no more than six (6) MCMA members (including a professional representative if applicable) to receive the training. At the CITY's option, the number of MCMA participants may be increased. This training may be conducted in conjunction with the training of other employees or other agencies.

ARTICLE 5. SALARY RATES AND STEP ADVANCEMENTS

The base salary ranges shown in **Exhibit 1 (Classifications and Salary Ranges)** shall be applicable for classifications in this Unit for the period commencing **July 24, 2007** and the salary rates shall be as provided in **Exhibit 2 (Schedule of Salary Ranges FY 07-08)** effective **July 24, 2007**. Classifications, Job Titles and Salary Ranges may be amended from time to time by Resolutions adopted by the City Council.

The salary rates designated in **Exhibit 2** reflect a three (3%) percent increase over the previous salary rates. The initial salary rates effective July 24, 2007, reflected a two and one-half (2.5%) percent increase and were subsequently adjusted upward by one-half (0.5%) percent, for a total of three (3%) percent. This additional adjustment was pursuant to the parties' agreement that MCMA's increase effective July 24, 2007 would be a minimum of two and one-half (2.5%) percent and a maximum equal to any across-the-board salary increase granted to the Modesto City Employees Association (MCEA) or the Modesto Police Non-Sworn Association (MPNSA) during the term of this MOU. MPNSA was granted a three (3%) percent increase effective July 24, 2007, resulting in the MCMA salary adjustment. This provision for a maximum increase equal to MCEA or MPNSA shall expire on June 23, 2008.

A. For purposes of this MOU, base salary range shall mean the salary range assigned to a specific classification as provided in **Exhibit 1**. Base salary rate shall mean the hourly rate of pay established pursuant to the step placement within the base salary range as provided in this MOU.

B. Paid time shall be based upon the base salary rate with the computation rounded to the nearest cent.

C. Each salary range shall consist of nine (9) steps, 1 through 9, at 2.5% increments. Progression through the steps shall be based upon both length of service and job performance.

1. Step 1 will normally be paid upon initial employment. The initial salary may be set at a higher step only upon approval of the Department Director. In cases of exceptional performance, employees hired at higher than Step 1 may be considered for their first step increase after thirteen (13) pay periods.

2. Employees hired at Step 1, shall be considered for a step increase upon completion of thirteen (13) pay periods. An overall "Meets Expectations" rating will result in a one-step (2.5%) increase. An overall rating of "Exceeds Expectations" will result in a two-step (5%) increase. Consideration for subsequent step increases shall be at intervals of twenty-six (26) pay periods until Step 9 is attained.

3. Employees hired at other than Step 1 shall normally be considered for a step increase upon completion of twenty-six (26) pay periods, and consideration for subsequent step increases shall be at intervals of twenty-six (26) pay periods until Step 9 is attained.

4. Accelerated step increases within the established salary range may be granted in addition to those above, upon approval of the City Manager.

5. When a step increase is denied, there shall be no reconsideration until the employee's next scheduled performance evaluation in twenty-six (26) pay periods. There is no right of appeal to the withholding of a step increase, but the reasons for withholding the increase shall be given in writing to the employee. "Withholding of a step increase" is defined as denial of the minimum 2.5% step increase. The employee may contest the withholding of the step increase, in writing, beginning with the rater's supervisor and ending with the Department Director. The decision of the Department Director shall be final.

6. Due to inferior work, lack of application, indifferent attitude or other legitimate reasons, a non-exempt employee's step may be reduced to a lower step. For exempt employees, performance deficiencies may be cause for any FLSA-compliant action, in accordance with applicable law. There is no right of appeal under ARTICLE 43 (DISCIPLINARY APPEALS) due to the lowering of steps, but the reasons for reduction shall be given in writing to the employee. An employee may contest the lowering of a step through the process in ARTICLE 41 (GRIEVANCE PROCEDURE).

7. All other salary administration policies shall be as contained in the Personnel Rules and Personnel Administrative Orders.

ARTICLE 6. PERFORMANCE EVALUATION

A. The CITY and MCMA agree to use the "Performance Management Guidelines" as the recognized evaluation process. There shall be periodic performance evaluations of all employees, which shall be discussed with the employee and made a matter of record. If the evaluation shows that an employee's work does not meet expectations, the supervisor shall take appropriate steps to encourage improvement and may set a definite period of time in which improvement is expected. For non-exempt employees, failure to achieve satisfactory improvement may be cause for demotion, reduction in pay, suspension or dismissal. For Exempt employees, failure to achieve satisfactory improvement may be cause for any FLSA-compliant action, in accordance with applicable law.

B. The CITY's "Pay for Performance" program shall be amended as follows:

1. Provide that progression through all nine (9) steps of the salary range be based on a "Meets Expectations" overall rating resulting in a one (1) step (2.5%) increase and an "Exceeds Expectations" overall rating resulting in a two (2) step (5%) increase.

2. Employees at, or above, Step 7 who fail to maintain an overall rating of "Exceeds" will not be Y-rated.

C. The parties acknowledge that a performance-based compensation plan, one in which compensation and recognition are tied to performance, is very desirable and remains a stated goal of the CITY organization. The CITY and MCMA agree to jointly explore compensation models in support of this goal.

ARTICLE 7. PROBATION

A. All original and promotional appointments shall be tentative and subject to a probationary period of one year from the date of appointment to the position. The purpose of the probationary period is to train, observe and evaluate the employee on conduct, performance, attitude, adaptability and job knowledge.

1. Initial Probation: It is understood that the probationary period will normally last for one year from the date of appointment, but may last longer than the one year if absences, either paid or unpaid, cause the probationary employee to work less than 1680 hours. In the event that an employee works less than 1680 hours in the first twelve months of employment, then the employee's probation shall be extended until he/she has worked 1680 hours.

2. Promotional Probation: It is understood that the probationary period, upon promotion, will normally last for one year from the date of promotion, but may last longer than the one year if absences, either paid or unpaid, cause the probationary employee to work less than 1560 hours. In the event that an employee works less than 1560 hours during the twelve months following his/her promotion, then the employee's probation shall be extended until he/she has worked 1560 hours.

B. During the probationary period an employee may be released at any time without right of appeal. Written notice of release shall be furnished to the probationer.

C. An employee released during or at the conclusion of probation following a promotion, shall be reinstated to the position previously held, at the former salary step, except if the reasons for release are cause for dismissal.

ARTICLE 8. PAY PERIOD DEFINITION

A pay period is defined as the fourteen (14) calendar day period from 12:01 a.m. Tuesday to 12:00 a.m. (midnight) Monday two weeks thereafter. The first full pay period under this MOU shall commence at 12:01 a.m., Tuesday, **July 24, 2007**.

ARTICLE 9. WORKWEEK DEFINITION

The workweek is 12:01 a.m. Tuesday to 12:00 a.m. (midnight) the following Monday. Department Directors and individual employees may agree to modify the workweek in order to facilitate flexible work hours.

ARTICLE 10. STANDARD TOUR OF DUTY

The standard tour of duty represents the time that an employee is regularly scheduled to work. A regularly scheduled tour of duty, which commences before midnight and ends the following day shall be reported for payroll purposes as time worked for the day in which the tour of duty began.

ARTICLE 11. APPROVED WORK SCHEDULES

A. The CITY has the right to implement work schedules, other than the traditional 5/2 schedule, to meet the needs of the organization and the individual departments. Prior to implementation of an alternate schedule, the CITY shall meet and confer with MCMA on the impacts of the alternate schedule. Work schedules currently authorized are described below.

B. **9/80 and 4/10 Work Schedule**

The 9/80 and 4/10 work schedules may be approved for classifications or positions that are overtime-eligible. These schedules may also be approved for 1) exempt first-line supervisory classifications when the CITY desires that the supervisor work the same schedule as his/her subordinates, and for 2) exempt professional or para-professional classifications where such work schedules will not interfere with the employee's ability to coordinate with other staff.

C. **4/11 and Modified 4/10 Schedules**

These schedules may only be approved for exempt first-line supervisory classifications in the Police Department when the CITY desires that the supervisor work the same schedule as his/her subordinates.

D. Exempt employees working alternate schedules will be expected to attend CITY meetings or attend to CITY business on their days off, should the need arise.

E. Positions or classifications not meeting the criteria designated in paragraphs B and C, above, are not eligible for these alternate work schedules, except that the City Manager, or designee, may authorize exceptions.

F. A Department Director may require implementation of these schedules for one, or more, eligible employees, based on the needs of the CITY. An employee in these eligible classifications or positions may also request one of these work schedules. Any request for one of these alternate work schedule must be justified and approved by the Department Director.

All approved requests will be forwarded to the Personnel Department for processing. The 9/80 work schedule shall not be effective until Personnel has officially changed the employee's workweek, as outlined in **Exhibit 3**, attached.

A Department Director may discontinue an alternate work schedule for one, or more, employees after written notification to each employee and after the Personnel Department has processed this change, including officially changing the employee's workweek, if needed.

ARTICLE 12. LEAVE USAGE ACCRUALS

All leave accrual, including the accrual of overtime, shall be recorded on a minute-for-minute basis. All leave usage, including the use of overtime, shall be recorded and used on a minute-for-minute basis.

ARTICLE 13. REST PERIODS FOR NON-EXEMPT EMPLOYEES

Rest periods may be granted daily in accordance with the requirements of the department. Rest periods shall not exceed 15 minutes each and shall be considered as time worked.

ARTICLE 14. OVERTIME FOR NON-EXEMPT EMPLOYEES

A. Policy. It is the policy of the CITY to discourage overtime except when necessitated by abnormal or unanticipated workload situations. It is the responsibility of Department Directors to arrange for the accomplishment of workload under their jurisdiction within the normal tour of duty of employees. Each department shall keep complete and accurate records of all overtime earned in every pay period. The CITY has the right to require each employee to work overtime as necessary. To the extent possible and in the sole discretion of the Department Director, overtime will be distributed equitably among qualified employees within the department.

B. Definition. Overtime is defined as hours actually worked in excess of forty (40) hours in a workweek. Paid leave shall be considered as time actually worked for purposes of computing overtime. Overtime shall not affect leave accruals.

C. Overtime Compensation. Any employee authorized by the Department Director or authorized representative to work overtime shall be compensated at premium rates, i.e. one and one-half (1½) times the employee's regular hourly rate of pay. Upon an employee's request, overtime may be compensated as compensatory time off (CTO). CTO shall be credited at time and one-half. Overtime and CTO shall be recorded and used on a minute-for-minute basis.

Each employee will be paid, as part of the last paycheck received in September, December, March and June for all compensatory time over one hundred and sixty (160) hours. For employees hired on, or after, October 4, 2005, quarterly payment shall be for all hours over one hundred (100).

Employees may request payment of compensatory time to be included as part of a regular paycheck so long as the request is for at least twenty (20) hours and sufficient notice, as determined by the Finance Director, is provided. Compensating time off may be taken at the request of the employee and with the approval of the Department Director or designee, in accordance with FLSA regulations. Compensating time off will be taken in straight time hours.

Prior to the promotion, reclassification or change to FLSA exempt status of an employee, all compensating time off shall be taken or paid at the employee's then current regular rate of pay.

D. Wash Time. A Department Director, with the concurrence of the affected employee, may arrange for that employee to take such time off at straight time as is necessary to insure that the employee's actual time worked does not exceed forty (40) hours within a given workweek.

E. Meal Allowance. An employee required to work for four (4) or more continuous hours beyond the scheduled shift on emergency work, or for four (4) or more consecutive hours of work when on Call Duty or Call Back, or called out after the end of shift for four (4) or more continuous hours, shall be compensated ten dollars ($10.00) for a meal allowance. Only one ten-dollar ($10) payment shall be made per shift, unless the employee works four (4) or more consecutive hours, is released from duty, and must return for four (4) or more hours in the same shift.

ARTICLE 15. CALL-DUTY PAY

A. Non-exempt employees, (as defined in D below) who are released from active duty but are required by the department to leave notice where they can be reached and be available to return to active duty when required by the department, shall be assigned to call-duty. While on call-duty (sometimes referred to as on-call), an employee shall be free to use the time for his or her own purposes.

B. Call-duty requires that employees so assigned shall: (1) leave a telephone number where they can be reached or wear a communicating device; and (2) be able to respond to duty within a reasonable period of time, not to exceed thirty (30) minutes. Call-duty time shall not count as hours worked.

C. Assigned personnel shall receive call-duty pay in the amount of two (2) hours pay on their regularly scheduled workday and four (4) hours pay on the employee's regularly scheduled days off and fixed CITY holidays.

D. System Technicians are the only positions authorized to receive call-duty pay. During the term of this MOU, if a Department Director, with the concurrence of the Personnel Director, assigns any other non-exempt position(s) to call-duty, assigned personnel shall be subject to the restrictions and entitled to the compensation provided by this Article.

ARTICLE 16. CALL-BACK PAY FOR NON-EXEMPT EMPLOYEES

A. When a non-exempt employee (as defined in D below) returns to active duty at the request of the Department Director after the employee has been released from active duty, the employee shall be entitled to call-back compensation.

B. The following incidents are not considered call-back and are compensated on a time and one-half basis:

1. Planned overtime for which the employee has received a minimum of twenty-four (24) hours advance notice;

2. Overtime associated with assigned Call-Duty as described in ARTICLE 15. CALL-DUTY PAY;

3. Overtime which occurs as an extension of an employee's regular workday;

4. When an employee begins work at the request of the Department within ninety (90) minutes prior to the scheduled start of their regular work shift.

C. When on call-back, an employee receives the following compensation:

1. Three (3) hours of straight time per call-back occurrence;

2. In addition to the three (3) hours of straight time, an employee shall be paid one and one-half (1½) time for actual time worked in excess of eighty (80) minutes.

D. Systems Technicians are the only positions authorized to receive call-back pay. During the term of this MOU, if a Department Director, with the concurrence of the Personnel Director, designates additional position(s) as subject to call-back, assigned personnel shall be entitled to the compensation provided by this Article.

ARTICLE 17. ACTING AND OUT-OF-CLASS PAY

A. Acting Pay:
Employees directed to work continuously in a vacant higher level regular position shall, subject to the other provisions of this paragraph, receive a salary increase to the higher level for the time actually worked in excess of twenty (20) work days. Such increase shall be determined as if the assignment had been a promotion retroactive to the first day of such assignment. For purposes of this Article, a vacant position is defined as an authorized regular position that is unoccupied due to attrition or due to the incumbent being on an extended leave of absence. Requests for higher compensation must be approved by the Personnel Director. Such requests may only be approved upon certification by the Department Director that the assigned employee meets the minimum training and experience guidelines and is assigned and held responsible to perform fully the full scope of duties normally associated with the higher level position. In the event that an eligible list exists for the vacant position, the list will be consulted before making the acting pay assignment. Assignment rotations among qualified staff are encouraged unless such rotations would considerably disrupt the operations of the department(s).

B. Out-of-Class Pay:
At the request of the Department Director, the Personnel Director shall authorize additional compensation for an employee, if it is determined that an employee has been directed to work continuously in a higher classification or at a higher level of responsibility for the time actually worked in excess of fifteen (15) work days. It is the responsibility of the Personnel Director to approve or disapprove such requests. In the event of a dispute, the decision is subject to review by the City Manager and is not subject to the Grievance Procedure.

C. Duration of Assignment:
Initially, an Acting Assignment or an Out-of-Class Assignment shall be limited to a term of twelve (12) consecutive months for any one employee. Requests to extend the assignment beyond twelve (12) months will require review and approval by the Department Director and the Personnel Director. If approved, the extension of the assignment shall be for a maximum of six (6) additional months. One additional extension of six (6) months, beyond the first six (6) month extension, may be authorized with the approval of the City Manager or Deputy City Manager.

ARTICLE 18. MANAGEMENT/CONFIDENTIAL LEAVE

A. Employees in regular positions shall be granted Management or Confidential Leave with pay each year, to be taken at the discretion of the employee and upon approval by the Department Director. Said leave shall be advanced with the first paycheck to be paid each calendar year and must be taken off prior to the next calendar year's advance. Partial cash out of unused leave is available in December of each year, to the maximums listed, below. Leave not used before the end of the calendar year period for which it is advanced will be forfeited.

	Annual Leave	Maximum Cashout
Management Employees/Exempt	80 hours	40 hours
Management Employees/Overtime Eligible	40 hours	20 hours
Confidential Employees	20 hours	18 hours

B. An employee hired after Management/Confidential Leave has been advanced for the calendar year shall be eligible for a pro-rated portion of Leave.

C. In the event of separation from CITY employment of any employee who has taken Management/Confidential Leave prior to the time all of said leave is earned, the employee shall be required to make full restitution to the CITY of that portion of leave taken but remaining unearned on the date of separation from employment. Employees separating from CITY service will not be paid for unearned leave time but will be paid for earned leave time.

ARTICLE 19. VACATION

A. The following vacation accrual rates shall be established for regular employees:

Annual Vacation Accrual Rate	Years of Service
80 hours	1
88 hours	2
96 hours	3
104 hours	4
112 hours	5
120 hours	6
128 hours	7
136 hours	8
144 hours	9
152 hours	10
160 hours	11
164 hours	12
168 hours	13
172 hours	14
176 hours	15
180 hours	16
184 hours	17
188 hours	18
192 hours	19
196 hours	20
200 hours	21 or more

B. Employees may not accrue vacation time in excess of twice their annual vacation accrual rate, provided that no employee shall lose vacation time to meet the needs of the service. Requests for vacation accrual in excess of the cap will require City Manager approval.

C. All vacation leave must be approved by the Department Director or designated representative.

D. Employees in regular positions shall accrue, on a pro-rata basis, vacation leave for completed pay periods. Such vacation leave shall be available for use on the first day following the pay period in which it is earned. Employees in regular positions budgeted less than eighty (80) hours per pay period or job shared positions shall receive vacation leave accumulation on a pro-rata basis.

E. Negative Vacation. Effective January 24, 2006, employees shall not be permitted to take vacation in advance of accrual, except in extenuating circumstances, as determined by the City Manager or designee. Use of vacation in advance of accrual shall not be authorized if the employee has other applicable leave time available. Any request for use of vacation in advance of accrual shall include a method and timeline for offsetting the negative vacation balance, as well as authorization from the employee for the City to recover any negative balance still owed to the City upon the employee's separation from service. Such recovery shall be first from the employee's final paycheck and then by either personal payment from employee or by a withdrawal from the employee's deferred compensation account.

F. Vacation leave shall be compensated at the employee's regular hourly rate of pay.

G. With the approval of the City Manager, an employee about to retire, or who is to be laid off, may utilize their accrual prior to the effective date of any such retirement or lay-off. In-lieu of such vacation the employee may elect a lump sum payment for accrued vacation time upon separation from the CITY. All other employees shall be paid at their regular rate of pay for all hours accrued at time of separation from the CITY.

ARTICLE 20. HOLIDAYS

A. Fixed Holidays. All employees in regular positions, except those employees assigned to a 4/11 or modified 4/10 schedule, shall be entitled to the following fixed holidays:

New Year's Day	Martin Luther King, Jr. Day
Presidents' Day	Memorial Day
Independence Day	Labor Day
Veterans' Day	Thanksgiving Day
Day after Thanksgiving Day	Christmas Day

The 4/11 and modified 4/10 schedules do not recognize fixed holidays. All holiday time for employees on these two schedules shall be as defined in paragraph N, below.

B. Floating Holiday. Employees in regular positions shall be entitled to floating holiday time of eight (8) hours on a 5/2 or nine (9) hours on a 9/80 schedule, and ten (10) hours on a 4/10 schedule, provided that the employee is on the payroll during the entire pay period in which such floating holiday time is to accrue. "Entire pay period" shall mean that an employee must have been hired prior to or at the start of the pay period and not have separated prior to the end of the pay period and was paid for at least one-half (1/2) of the

scheduled hours. Floating holiday time shall be accrued during the pay period in which January 1 falls. Floating holiday time for employees on a 4/11 or modified 4/10 schedule is included in their eighty-eight (88) hours of holiday credit defined in paragraph N, below.

C. Floating holidays accrued shall be available for use the first day following the pay period in which they are accrued, and shall be scheduled with the approval of the Department Director or designee.

D. Employees in regular positions budgeted less than eighty (80) hours per period or job-shared positions shall receive fixed and floating holiday accruals on a pro-rata basis.

E. If a fixed holiday falls on an employee's regularly scheduled workday, the employee shall be entitled to a total of eight (8), nine (9) hours or ten (10) hours (a full work shift) of holiday time off depending on their current work schedule.

F. If a fixed holiday falls on a Saturday, the preceding Friday will be observed as the fixed holiday. If a fixed holiday falls on a Sunday, the succeeding Monday will be observed as the fixed holiday.

G. If a fixed holiday falls on an employee's regularly scheduled day off, the full time employee shall be entitled to a total of eight (8) hours of holiday compensatory time.

H. Non-exempt employees working on fixed holidays shall be compensated at time and one-half (1-1/2) for time actually worked, irrespective of hours actually worked in this workweek. In no event shall such an employee be compensated for working a fixed holiday in excess of one and one-half (1-1/2) times the employee's regular hourly rate of pay plus hour-for-hour holiday compensatory time, except as provided in ARTICLE 15 (CALL BACK).

I. Whenever an employee is directed to work on a fixed holiday, which falls on the employee's regularly scheduled work day, the employee shall accrue, on an hour-for-hour basis, up to a total of regularly scheduled hours (8 or 9 or 10 respectively) of holiday compensatory time.

J. Whenever an employee is directed to work on a fixed holiday which falls on a regular day off, the employee shall accrue on an hour-for-hour basis up to a total of eight (8) hours of holiday compensatory time irrespective of employee's normal work schedule.

K. Employees on leave without pay the last scheduled workday before and the first scheduled workday after a fixed holiday shall not receive holiday pay.

L. Holiday time may be accrued up to a maximum of forty (40) hours. When the employee reaches the forty (40) hour maximum, additional holiday time worked shall be compensated in cash at straight time rates. Upon termination or retirement, employees shall be compensated for any unused accrued holiday time at the then current regular hourly rate of pay.

M. Employees may request cash-out of up to forty (40) hours of their grandfathered holiday time annually, during the pay period in which November 1, falls. This cash-out is at the employee's current regular hourly rate of pay.

N. Holidays for 4/11 and Modified 4/10 Schedules: The first payperiod of January of each year, employees assigned to the 4/11 or modified 4/10 schedule shall be credited with eighty-eight (88) hours of accrued holiday time. Holiday leave shall be reduced by eighty-eight (88) as required by the modified 4/10 schedule, for a net of zero (0) hours, or reduced by twenty (20) hours as required by the 4/11 schedule, for a net of sixty-eight (68) hours. See Exhibit 3. Employees assigned to the 4/11 or modified 4/10 schedule are not entitled to any additional compensation when the holiday falls on their regular workday. For employees on a 4/11 schedule, the remaining sixty-eight (68) hours of holiday time in the employee's regular holiday account shall be taken as time off, or shall be forfeited at the end of each calendar year. (The end of the calendar year is defined as the pay period in which January 1 falls).

If an employee enters into or leaves a 4/11 or modified 4/10 schedule, the employee's holiday hours shall be adjusted to reflect the schedule change.

ARTICLE 21. SICK LEAVE

A. Definition. Sick leave with pay is an insurance program provided by the CITY for employees in regular positions to be granted in circumstances of adversity to promote the health of the individual employee. Sick leave is defined to mean the authorized absence from duty of an employee because of physical or mental illness, injury, pregnancy, confirmed exposure to a serious contagious disease or for a medical, optical, or dental appointment. Sick leave shall not be used for any injury arising out of or incurred in connection with outside employment.

In compliance with California law, a maximum of one-half of an employee's annual calendar year sick leave accrual (forty-eight (48) hours) may be used to care for or obtain care for an employee's child, including stepchildren and foster children, parent, spouse, registered domestic partner or child of a registered domestic partner who is ill.

A maximum of twenty-four (24) hours accrued sick leave may be used to care for or obtain care for members of the employee's immediate family who require the attention of the employee. For purposes of this provision, immediate family includes a sister, brother, mother-in-law, father-in-law, grandparent, and foster parent of the employee who is ill.

B. Accumulation. Employees shall accrue sick leave for each payroll period completed, prorated on the basis of ninety-six (96) hours per year at the rate of three hours and forty-two minutes (3:42) per pay period. Sick leave shall be available for use on the first day following the pay period in which it is earned, provided the employee has completed four hundred eighty hours (480) of service from the employee's hire date. Employees in regular positions budgeted less than eighty (80) hours per pay period or job-shared positions shall receive sick leave accumulation on a pro-rata basis. Sick leave shall be accumulative up to a maximum of two thousand two hundred (2,200) hours. Sick leave shall not accrue when an employee is absent for more than forty (40) hours in any pay

period while on any leave other than holiday, vacation, management/confidential, CTO, bereavement, jury duty, paid administrative or temporary military leave.

C. Compensation. Sick leave shall be compensated at the employee's regular hourly rate of pay. When an employee is transferred from one department to another, the transfer shall have no effect on the employee's sick leave accruals.

D. Administration.

1. Validation. It shall be the responsibility and duty of each Department Director to validate each request for sick leave and to allow sick leave with pay where the application is determined to be proper and fitting.

2. Notice of Sickness. In twenty-four (24) hour departments, the Department Director or designee must be notified at least two (2) hours prior to the start of the employee's scheduled tour of duty of a sickness on the first day of absence. In other departments, the Department Director or designee must be notified not later than the start of the employee's scheduled tour of duty of a sickness on the first day of absence. It is the responsibility of the employee to keep the Department Director or designee informed as to continued absence beyond the first day for reasons due to sickness or occupational disability. Failure to make such notification may result in denial of sick leave with pay.

3. Review. The Personnel Director may review and determine the justification of any request for sick leave with pay and may, in the interest of the CITY, require a medical verification by a doctor to support a claim for sick leave pay.

4. Proof. A doctor's certificate or other adequate proof shall be provided by the employee in all cases of absence due to illness prospectively when requested by the Department Director.

5. Improper Use. Evidence substantiating the use of sick leave for willful injury, gross negligence, intemperance, trivial indisposition, instances of misrepresentation, or violation of the rules defined herein may result in denial of sick leave with pay or disciplinary action.

E. Coordination of Benefits. Employees shall be entitled to coordinate fully their sick leave benefits with their Workers' Compensation benefits.

F. Sick Leave Cash-out. Employees who leave CITY employment in good standing after five (5) years of continuous service (other than retirement), shall be paid at time of termination for twenty-five (25%) percent of the first twenty-two hundred (2,200) hours at the employee's then current regular rate of pay.

G. Retirement.

1. Employees who retire after five (5) years of service in good standing may, on a one-time basis, exercise the option to have ninety percent (90%) of their unused

sick leave, up to twenty-two hundred (2,200) hours, applied by the CITY upon retirement to premiums for health, dental and vision insurance plans covered by the CITY. Said insurance shall be provided in an amount up to that contributed to active employees, as needed to cover the cost of retiree health, dental and vision premiums at the rate of one (1) month of premium contributions for each eight (8) hours of sick leave, except as noted in paragraph (4) below.

2. The CITY's contribution to retired employees shall be defined as that amount contributed to active employees on the median priced health plan, excluding union-sponsored plans or PPO's. In the event of death of the retired employee, the employee's spouse, registered domestic partner or dependents shall remain eligible to receive this benefit.

3. If, after the ninety percent (90%) conversion, a retiring employee has less than twelve hundred forty-five (1,245) hours, the employee may elect to convert some, or all, of the employee's accrued vacation leave to the sick leave account, provided that the total number of hours of sick leave and vacation does not exceed twelve hundred forty-five (1,245) hours. Any such vacation hours shall be converted at ninety (90%) percent, on the same basis as sick leave.

4. At the time a retiree initially moves or during any open enrollment period or IRS-approved life change situation, a retiree who lives out of the HMO service area, or out of state, may elect to use multiple monthly increments (up to a maximum of three (3) months) of their accumulated sick leave conversion benefits to offset higher health insurance premiums for plans sponsored by the CITY. During any subsequent open enrollment, the retiree may reduce the number of multiple increments. Retirees electing this option will be required to sign an acknowledgement form that indicates they understand that they will be using their benefit proportionately.

ARTICLE 22. CATASTROPHIC LEAVE

A. Employees in regular positions shall be eligible to participate in the strictly voluntary catastrophic leave program. To be eligible, an employee must provide written medical verification of a long-term illness or injury, or have a member of the employee's immediate family, including a domestic partner, with a long term illness or injury which results in the employee being requested to take time off from work to care for that family member. The employee must have exhausted all accrued leave and CTO, or soon will have exhausted all such leave, resulting in the employee being in a no-pay status. Employees who are receiving long-term disability benefits are not eligible for catastrophic leave. Catastrophic leave shall be coordinated with Family Leave with respect to CITY payment of insurance contributions. See ARTICLE 31. F. (HEALTH, DENTAL, VISION INSURANCE) for coordination of Catastrophic Leave with Workers' Compensation.

B. When a Department Director has determined that an employee would benefit from the establishment of a leave bank and has approved an employee's request for catastrophic leave bank, the Department Director will notify the Personnel Department requesting the establishment of a leave bank in the employee's name. The Department Director will be

responsible for notifying CITY employees of the need for donations. The Department Director will take necessary actions to help ensure that individual employee decisions to donate or not donate to a leave bank are kept confidential and that employees are not pressured to participate. ALL DONATIONS SHALL REMAIN CONFIDENTIAL.

C. The maximum time that may be initially donated into an employee's leave bank account is 1,040 hours. To be eligible to receive more than the original 1,040-hour limit, there must be a favorable prognosis for recovery and a predictable date of return to work.

D. An employee may donate vacation, holiday, management/confidential and up to forty (40) hours of sick leave in increments of four (4) hours to a specific employee for which a leave bank has been created. Employees may donate leave only if their own total accrued leave balance(s) remains in excess of 168 hours. Employees must advise Personnel Department of the maximum hours they wish to donate. Donated hours shall be credited to the leave bank of the affected employee as sick leave upon an "as needed basis." Once the authorized hours are credited to the leave bank of the affected employee, the donation of leave hours is irreversible. When employees are utilizing leave bank hours, they will not accrue any leave time.

E. Employees wishing to donate time shall complete and submit the required form to the Personnel Department. After review, the form will be forwarded to the Finance Department for payroll action and adjustment to donor and recipient's paid leave balance.

F. In no event shall donated time have the effect of altering the employment rights of the CITY or the recipient employee, nor shall it extend or alter the limitations otherwise applicable to leaves of absence or sick leave. The CITY reserves the right to modify or terminate an established leave bank for participating employees as it deems necessary.

ARTICLE 23. BEREAVEMENT LEAVE

A. Employees in regular positions shall be entitled to three (3) days of paid leave regardless of work schedule which may be used per occurrence for bereavement due to the death of persons in the immediate family defined as a spouse, son, daughter, mother, father, sister, brother, mother-in-law, father-in-law, grandparent, grandchild, stepson, stepdaughter, stepparent or former guardian of the employee, person over which the employee has legal guardianship, child of a registered domestic partner, foster child, and foster parent of the employee, registered domestic partner or any relative living with the employee.

B. In addition, a maximum of two (2) days of accrued sick leave regardless of work schedule may be used per occurrence for bereavement due to the death of persons in the immediate family, or any relative living with the employee. Under extraordinary circumstances, additional time may be granted by the City Manager. In the case of disagreement between an employee and the Department Director over use of bereavement leave or additional days under sick leave, the employee may request an immediate review by the City Manager.

ARTICLE 24. LEAVES OF ABSENCE

A. Authorized Leave of Absence. An authorized leave of absence without pay with right to return to classification for a period of not more than one (1) year may be granted to an employee who is:

1. Medically incapacitated (including pregnancy) to perform the duties of the position; Prior to such approval, an employee must provide written medical verification of a long-term disability, illness or injury to the Department Director or designee.

   The above is notwithstanding:

   Provisions of the California Government Code, (Section 21153) which states, in pertinent part: "...an employer may not separate a member because of disability a member is otherwise eligible to retire for disability but shall apply for disability retirement of any member believed to be disabled, unless the member waives the right to retire for disability and elects to withdraw contributions or to permit contributions to remain with rights to service retirement..."

   CalPERS regulations, which provide that as soon as it is believed the member is unable to perform the job because of an illness or injury which is expected to be permanent or last longer than six months, the member or someone on the member's behalf, should submit an application for disability retirement. The medical condition does not have to be 'permanent and stationary.'

2. Desires to engage in a relevant course of study that will enhance the employee's value to the CITY;

3. For any reason considered appropriate by the Department Director and the Personnel Director.

A request for such leave must be in writing. Leave requests under Section (1) require the approval of the Department Director. Leave requests under Section (2) and (3) that are up to three months in duration require the approval of the Department Director and the Personnel Director. Leave requests under Section (2) and (3) that are over three months in duration require the approval of the Department Director, the Personnel Director and the City Manager. An employee does not have to exhaust accumulated paid leave prior to requesting a leave of absence without pay.

Except as otherwise provided in ARTICLE 31 (HEALTH, DENTAL & VISION INSURANCE), when an employee is on a leave of absence without pay with right to return to their classification, the employee shall accrue no employee benefits and shall pay the full premium of their health and welfare program on a prorated basis, if coverage is continued by the employee. If health and welfare coverage is dropped during a leave of absence, the employee may be subject to restrictions imposed by the insurance carrier upon return. After a leave of absence with or without right to return of

six (6) months or more, a qualifying medical examination, paid by the CITY, may be necessary prior to reinstatement.

B. Military Leave. Any employee who is granted a military leave of absence to serve in the Armed Forces of the United States shall have his/her seniority as far as salary steps are concerned continued as if the person had remained on the CITY payroll. The person shall be reinstated from the military leave of absence at the same step in the same salary range that he/she would have been eligible to receive had he/she not been granted the military leave of absence. Military leaves of absence will be governed by the provisions of the Military and Veterans Code of the State of California, Section 389 et seq and the Uniformed Services Employment & Reemployment Rights Act of 1994 (38 USC), Sections 4301 et seq.

C. Jury Duty Leave. Any employee who is summoned for attendance to any court for jury duty on a regularly scheduled work day, shall be deemed to be on duty and there shall be no loss of salary but any jury fees received by him/her shall be paid into the CITY treasury. (An individual who agrees to serve on a civil grand jury, is generally not summoned to do so.)

Regular paid time, however, shall not be granted for time spent in court on jury duty on the employee's regular day off or in court on personal cases in which the employee is an interested party and the case is not connected with their CITY duties.

Any non-exempt employee who is served with a subpoena to appear as a witness in a civil case in which the CITY is a party or as a witness for the CITY in a criminal matter shall be deemed to be on duty, even if the appearance falls on a non-duty day. Any witness fees received by the employee while on a paid status shall be paid into the CITY treasury.

D. Compulsory Leave. If in the opinion of the Department Director, an employee is unable to perform the duties of his/her position for physical or psychological reasons, the Department Director shall refer that employee to the Risk Manager. The Risk Manager shall have the authority to require the employee to be examined by a physician or other competent authority at CITY expense to determine the employee's fitness for duty. The employee may go to a physician or other competent authority of his/her own choosing other than his/her treating physician or specialist or someone in practice with the treating physician, (subject to the approval of the Risk Manager based upon a determination of the practitioner's practice or specialty) at the employee's expense. The employee shall have four (4) calendar days to arrange for said examination and to provide the Risk Manager written documentation from the employee's practitioner stating the date and time of the appointment.

If the examination report finds the employee to be in an unfit condition to perform the duties required of the position, the Department Director shall have the right to compel the employee to take sufficient leave of absence. If found unfit, the CITY may require the practitioner to provide the CITY with an anticipated date (or dates) of re-evaluation(s). The employee must provide the CITY with a signed waiver providing the Risk Manager (and the CITY's physician if a personal physician is chosen)

authorization to receive certification from the physician as to the employee's fitness for duty. The re-evaluation will be performed at CITY expense.

If the examination report finds the employee to be fit for duty, the employee shall return to work without loss of pay or benefits.

A temporarily disabled employee may be offered modified duty in his/her department or another. Modified duty shall be predicated upon the following:

1. There is work to be performed.

2. The work can be performed in an efficient and effective manner.

3. The work can be performed within the restrictions placed upon the employee.

E. Paid Administrative Leave. The Department Director may order an employee off work without reduction in compensation.

F. Unpaid Administrative Leave. If an employee tests positive for a controlled substance (absent a valid prescription) or for alcohol subsequent to a Reasonable Suspicion Drug or Alcohol test, the Department Director may require the employee to use accrued leave time or unpaid Administrative Leave until such time as the employee tests negative. The "return to work" drug or alcohol test(s) will be performed at the employee's expense.

G. Family Leave. The CITY is in compliance with both State and Federal Laws providing for employee leaves for family and medical care as regulated by the State Fair Employment and Housing Commission and the Federal Department of Labor.

H. Pregnancy Disability Leave. A pregnant employee shall furnish the Department Director, no later than the fourth month of pregnancy, a statement of the attending physician that indicates the estimated time of delivery. A pregnant employee is entitled to take a pregnancy disability leave for the portion of the pregnancy and the time following delivery during which the doctor determines she is disabled (not to exceed four months). Prior to that time, the employee shall contact the Personnel Department to complete the necessary documents.

Such an employee may elect to take accrued leave time or leave without pay during the period of her disability. Reinstatement subsequent to pregnancy disability leave of absence shall be to the same classification from which leave was taken.

I. Unauthorized Leave of Absence. When an employee is absent without prior authorization, the time absent shall be recorded as Leave Without Pay. An employee on Leave Without Pay may lose related benefits.

ARTICLE 25. JOB SHARING

A. The CITY will make reasonable accommodation for an employee in a regular position who desires to share his/her job with another qualified employee or eligible person provided that the Department Director has made a determination that such a change will be beneficial to the organization. Jobs may be shared on an hourly or daily basis provided that the combined total scheduled hours do not exceed eighty (80) hours per pay period. An employee who works less than forty (40) hours per pay period shall be not eligible to receive any benefits for which the CITY pays an insurance premium or membership in the retirement system. Should both employees be scheduled for forty (40) hours each pay period, both employees shall assume responsibility for the payment of one-half (1/2) of the CITY's contribution towards insurance premiums, as well as their own, if any; provided, however, that one (1) employee may elect to waive coverage under the insurance program allowing the other employee to receive the full CITY contribution. All other benefits for job sharing employees shall be as provided in the appropriate Article on a pro-rated basis based upon a total eighty (80) hour pay period.

B. Each employee shall be notified in writing by the Department Director at the time of appointment and such notification will clearly define the benefits to which each employee is entitled. Work schedules for job sharers shall be approved in advance by the Department Director with a minimum of one-week notice for scheduled changes. In the event that one employee terminates, cancels participation or is on leave of absence, the remaining employee shall assume the position on a full-time basis until a replacement is available.

C. For non-exempt employees in a job share assignment, overtime shall only accrue for hours in excess of forty (40) hours in a work week.

ARTICLE 26. LICENSE, CERTIFICATES, REGISTRATION

A. Required Licenses, Certificates and Registration

1. Effective April 8, 2003, whenever an employee is required to obtain a certificate, license or registration in order to carry out the duties assigned, except a California Class C Driver's License, the CITY will pay the fee for the actual certificate, license or registration (and exam fee, if any) and, for non-exempt employees, the time required to obtain or renew it shall be considered as regular duty time.

2. The CITY shall allow non-exempt employees to attend training or continuing education courses necessary to maintain a certificate, required by the employee's current classification, and the CITY shall bear the cost of course material and tuition or registration fees.

B. Voluntary Certifications [This section is subject to change with the implementation of the wall to wall classification study.]

1. Effective April 8, 2003, whenever an employee voluntarily obtains one of the following certifications, the initial fee for the actual certificate (and exam fee, if any) and the time required to obtain it, shall be at the employee's expense. Once the employee is certified and is receiving certification pay, the CITY will pay the fee for the actual certificate and exam fee, if any, (with a maximum of up to two tests per certificate or per renewal) and, for non-exempt employees, the time required to renew it.

2. Effective July 1, 2003, and as amended October 4, 2005, employees in the following classifications, divisions and assignments shall receive an additional two and one-half percent (2 ½%) for possessing a Grade III certificate, five percent (5%) for possessing a Grade IV certificate, and seven and one-half percent (7 ½%) for possessing a Grade V certificate as follows:

Division	Certificate	Grade	Eligible Classes
Water Operations	Water Distribution Operator	III, IV, V	O&M Supervisor ([1]) Administrative Analyst I/II
	Water Treatment Operator	III, IV, V	
Wastewater Collections	Collection System Maintenance Technologist	III, IV	O&M Supervisor
	Mechanical Technologist	III, IV	
Water Quality Control	Collection System Maintenance Technologist	III, IV	WQC Maintenance Supervisor
	Mechanical Technologist	IV	
Water Quality Control	Environmental Compliance Inspector	III, IV	Industrial Waste Supervisor
Water Quality Control	Laboratory Analyst-CWEA	IV	Environmental Laboratory Supervisor
All Divisions, Citywide	Pest Control Advisor	N/A	Maximum of two (2) employees citywide with concurrence of Department Director (2½%)
Parks	Playground Safety	N/A	O&M Supervisor (2½%)
Building & Dev. Services	CA Registration Professional Civil Engineer	N/A	Chief Building Official (2½%) Deputy Chief Building Official (5%)

3. Compensation for certificates that may be issued at more than one grade shall only be given for the highest grade obtained, and shall not be cumulative for each grade in the series.

([1]) Effective July 10, 2007, pending the implementation of the Wall-to-Wall Study, O & M Supervisors in Water Operations shall receive Supplemental Pay. This Supplemental Pay is in lieu of the 2½% - 7½% cert pay for possession of Grade III, IV or V Water Distribution Operator or Water Treatment Operator certificates. This Supplemental Pay will initially be the equivalent of the designated 2½% - 7½% cert pay, plus an additional 5%.

4. The City shall, in accordance with the provisions of this article, compensate employees in the Wastewater Collections and Water Operations Division for "cross-over" certifications where there is a demonstrated benefit to the City. This decision is at the sole discretion of the Department Director.

5. The cumulative or maximum amount of compensation for the above certificates shall be seven and one-half (7 ½%) percent.

6. Certification Pay (2 ½% to 7 ½%) shall be included in base pay for purposes of compensation for approved paid leave.

ARTICLE 27. PAY DIFFERENTIALS

A. Bilingual Pay for Non-Exempt Employees. Each Department Director shall, on an annual basis, determine the number of bilingual employees that are needed for oral translation purposes within their department. For purposes of this Article, bilingual is defined as Spanish, Southeast Asian language(s) common to this area, sign language or other languages deemed desirable by the Department Director.

Annually in January, each department will provide to their employees a list of translation opportunities within the department. Employee participation in this effort is voluntary.

A review panel made up of three experts (as determined by the department) will assess the qualifications of employees wishing to volunteer. Two of the three panel members must agree that the person is capable of bilingual translation.

Effective August 21, 2007, employees who pass the review panel and are needed in this capacity by the department shall receive fifty ($50.00) dollars per pay period. Employees must agree to use their bilingual skills at the direction of the department for a minimum of one year from the time the Bilingual Pay begins, unless an unusual hardship is presented by the employee.

If the Department Director identifies more opportunities for translation than there are employees certified, the Department and Personnel may establish a second notification for volunteers and a second review panel in July of that year.

An employee certified and receiving Bilingual Pay shall cease receiving the Bilingual Pay after they have been out of the workplace for three consecutive pay periods. The Bilingual Pay will not be granted beginning the first day of the following pay period. The Bilingual Pay will be resumed the first full pay period the employee returns to work.

The Department Director may choose to eliminate the Bilingual Pay if it is determined that the translation services are not being effectively delivered by the employee and/or the need is no longer present in a specific division. If more employees are deemed to be capable of bilingual translation than the need for these services, the Department Director may choose to rotate this duty between eligible employees.

B. Educational Incentive. Effective June 29, 2004, employees who have completed one full year of service with the City, and who possess a Master's Degree or Juris Doctor from an accredited institution shall be eligible for one and one-half (1 1/2%) percent Educational Incentive Pay, subject to criteria established by the CITY. The maximum pay differential is one and one-half (1 1/2%) percent, regardless of the number of Degrees obtained.

C. Shift Pay. All non-exempt employees and exempt employees in the following classifications whose regularly scheduled workday requires that they work four (4) hours or more in a shift, shall be paid shift differential at the following rates for shifts actually worked:

Custodian Supervisor
Police Civilian Supervisor

3:00 p.m. to 11:00 p.m. shift - $5.00 per shift
11:00 p.m. to 7:00 a.m. shift - $7.00 per shift

If a regular shift requires an employee to work more than four (4) hours in both "swing" shift and "graveyard" shift as noted above, the employee shall receive $7.00 total per shift. If the employee is required to work more than four hours in both shifts as a result of paid overtime, the employee shall receive $12.00 per shift.

ARTICLE 28. DRESS, GROOMING AND UNIFORMS

A. Dress and Grooming
Employees shall be required, while working, to be clean and neat in appearance and be able to wear all safety equipment in an effective manner. Employees shall not wear or place any items on their person that would in any way impair safety on the job.

B. Uniforms
Employees in the following classifications shall wear CITY-provided uniforms, as designated below. Employees in the optional categories who elect a CITY-provided uniform, must wear the uniform.

Uniform Shirts required and Uniform Pants optional:
Operations and Maintenance Supervisor
Custodial Supervisor
Land Surveyor

Uniform Shirts and Uniform Pants optional:
Electrical Supervisor
WQC Operations Supervisor
WQC Maintenance Supervisor

Safety Shoes:
Effective July 1, 2003, purchase is at the CITY's discretion, based on job assignment and related risk, and is handled on a reimbursement basis. Effective August 1, 2004, reimbursement shall not exceed one hundred and eighty dollars ($180) annually. Replacement shall occur on an as-needed basis as approved by the immediate supervisor. Safety-toed shoes must meet ANSI standards.

C. Uniform Allowances - Police Department
Employees in the classifications of Police Clerk II (Confidential) and Police Civilian Supervisor shall be required to wear a uniform and shall receive a uniform allowance of sixty-five dollars ($65) per month effective July 1, 2004, paid quarterly. For employees in the classifications of Administrative Office Assistant III (Confidential), Senior Administrative Office Assistant (Confidential) and Executive Secretary, the wearing of a uniform is optional. These employees shall only receive the uniform allowance, stated above, if they elect to wear a uniform.

ARTICLE 29. VEHICLE ALLOWANCE

Designated Management employees may be granted a vehicle allowance in amounts ranging from one hundred dollars ($100) to two hundred dollars ($200) per month by the City Manager, based on Department Director recommendation and an annual justification relating to extensive use of a personal vehicle while conducting CITY business.

ARTICLE 30. DEFERRED COMPENSATION

A. The CITY shall continue to provide access to a deferred compensation program authorized by the City Council for the voluntary participation of City employees. In addition, the CITY shall match on behalf of a participating employee in a regular position, one and one-half percent (1.5%) of an employee's regular rate of pay on a bi-weekly basis; provided, the employee is contributing at least one and one-half percent (1.5%). For such employees who have been continuously employed by the CITY for nine (9) or more years, the CITY shall contribute two and one-half percent (2.5%); provided the employee is contributing at least two and one-half percent (2.5%). Effective October 4, 2005, this increase in the City's contribution shall be effective with the first payperiod to begin in the month following completion of nine (9) years of service, provided that the employee has completed any required documents.

B. At the time of retirement or separation, employees may defer some, or all, of their final pay and leave cashout entitlements. The amount placed into the employee's deferred compensation account may not exceed the then maximum IRS annual deferral. Deferrals must meet all applicable IRS regulations.

Employees contemplating such deferral must contact the City's Employee Benefits Coordinator to sign the appropriate documents at least thirty (30) calendar days before the month in which they plan to retire.

ARTICLE 31. HEALTH, DENTAL, VISION INSURANCE

A. All employees in regular positions budgeted for forty (40) hours or more per pay period shall be eligible to participate in the health, dental and vision programs authorized by the CITY. The CITY agrees to make available the health, dental and vision benefits currently provided for employees represented by MCMA or any other program(s) mutually agreed upon by the parties.

B. Employees may opt out of participation in any health plan, but shall continue to participate in the CITY dental and vision plans. This option may only be exercised during the CITY's open enrollment period or in coordination with spouse/registered domestic partner's open enrollment period and requires that the employee show proof of alternate health coverage. The Chiropractic and Psychological Services plans are not available under the Opt-out option. No cash payments will be made in-lieu of health coverage, but deferred compensation contributions will be provided as designated below.

C. For new employees, eligibility for health, dental and vision insurance benefits shall start with the beginning of the payroll period following completion of two (2) full pay periods.

D. The CITY shall contribute the following amounts bi-weekly (based on 24 pay periods) toward the combined total premium for health, dental and vision insurance plans; the employee is responsible for the balance of the premium cost, if any.

1. $445 bi-weekly ($890 monthly) for **employees with dependent coverage**, effective July 24, 2007.

   The CITY's contribution for employees with dependent coverage shall not exceed the actual premium amount for the lowest cost HMO (including dental and vision) offered by the CITY, regardless of the health plan selected by the employee or the contribution amounts listed above.

2. $247.50 bi-weekly ($495 monthly) for **employees without dependent coverage**, including the CITY's contribution to in-lieu deferred compensation, effective July 24, 2007, except that the contribution shall not be less than the combined premium for the lowest cost HMO, Dental and Vision plan.

   The CITY shall deposit to the employee's deferred compensation account any balance of the above contributions not needed to pay for the combined total premiums.

3. $200 bi-weekly ($400 monthly) for **employees who opt out of health coverage**, including the CITY's contribution to deferred compensation.

   The CITY shall deposit to the employee's deferred compensation account any balance of the above contributions not needed to pay for the combined dental and vision premiums.

E. Employees in regular positions budgeted less than eighty (80) hours per pay period or in job shared positions, shall receive premium contributions on a pro-rated basis.

F. Except as otherwise required by law or this MOU, employees on leave without pay in excess of forty (40) hours in a pay period shall not receive a contribution from the CITY towards premium payment and coverage shall cease, unless the premium is paid by the employee. Employees on leave without pay who return to work shall have their health, dental and vision insurance benefits reinstated on the first day of the pay period following the employee's return to work.

Article 22 of this MOU permits employees on Workers' Compensation who have exhausted their accrued leave to apply for and receive Catastrophic Leave donations. Employees who apply for and receive Catastrophic Leave donations in accordance with Article 22 will receive the contribution from the City towards premium payment if they use sufficient Catastrophic Leave that the combination of worker's compensation benefits plus Catastrophic Leave equals a full check. Such employees are limited to using the amount of Catastrophic Leave necessary to maintain the City's contribution toward premium payment.

G. The CITY shall continue an IRS Section 125 program for pre-tax deductions for the employee share of health, dental and vision insurance premiums and for dependent care costs.

H. The CITY agrees to provide the benefits described in this Article subject to carrier requirements. Selection of the insurance provider(s) shall be within the sole discretion of the CITY.

ARTICLE 32. RETIREE HEALTH INSURANCE

A. Employees may elect on a one-time basis at retirement to purchase health, dental and/or vision insurance under a CITY-authorized plan. Upon the death of a retired employee enrolled in one of the plans, surviving dependents retain eligibility for participation in the plans.

B. The CITY's monthly contribution rate towards health, dental and vision insurance for those retirees participating in the sick leave conversion program shall be up to the following amounts, as needed to cover the cost of the premiums:

1. $890 for retirees with dependent coverage, effective August 1, 2007.

   The CITY's contribution for **retirees with dependent coverage** shall not exceed the actual premium amount for the lowest cost HMO for active employees (including dental and vision) offered by the CITY, regardless of the health plan selected by the retiree or the contribution amounts listed above.

2. $470.55 for **retirees without dependent coverage**, effective August 1, 2007. This contribution rate is subject to changes in the median-priced health plan for active employees, excluding union sponsored plans or PPO's.

This contribution rate is subject to change August 1 of each year, pursuant to paragraph (G), ARTICLE 21 (SICK LEAVE), based on changes in premium rates for health, dental and/or vision insurance, provided that the contribution rate shall not exceed the following active employee rate: $495 effective July 24, 2007.

C. For retirees who do not elect to carry vision and/or dental insurance, the CITY's contribution shall be reduced proportionately.

D. If a retiree's health premium in any given month is less than the designated CITY contribution, the excess contribution shall be applied on behalf of the retiree to that month's premiums for dental and/or vision insurance, if the retiree has elected these plans.

ARTICLE 33. EMPLOYEE ASSISTANCE PLAN

CITY shall provide employees and dependents professional assistance with financial, marital, psychological, family, alcohol or drug related problems. The assistance shall consist of assessment, counseling and referral services up to a maximum of three (3) visits each per year for employees and dependents.

ARTICLE 34. LONG TERM DISABILITY INSURANCE

The CITY shall provide, at CITY expense, all employees with long term disability (LTD) insurance. The purpose is to provide employees with an LTD benefit while the employee is totally disabled equal to 66 2/3% of the first $12,000 per month in earnings, reduced by any income received from other sources. The plan provides for a sixty (60) day waiting period, but if the disability lasts longer than ninety (90) days, the disability payments will be retroactive to the 31st day. The LTD program will include the Managed Disability contract. Essentially, this contract provides that LTD benefit dollars will be offset by any workers' compensation income, mandates rehabilitation and changes the definition of disability to a loss of at least 20% of income.

ARTICLE 35. LIFE INSURANCE

The CITY shall provide, at CITY expense, all employees with term life insurance coverage in the amount of $120,000. Employees shall have the option to buy additional coverage at their own expense. If possible, the CITY will continue to make available insurance plans which will enable the employee to convert the City-provided policy to an individual policy upon retirement, at the retiree's expense.

ARTICLE 36. RETIREMENT

A. The CITY shall contract with the Public Employees' Retirement System to provide for the following retirement benefits (all references to Sections are from the Government Code):

1. 2% @ 55 Full Formula as provided in Section 21354.
2. Level III of 1959 Survivor Benefits as provided in Section 21573.
3. One-Year Final Compensation as provided in Section 20042.
4. Post-Retirement Survivor Allowance as provided in Sections 21624, 21626 and 21628 if hired on or prior to October 20, 1981. For those hired after October 20, 1981, this benefit does not apply.
5. Benefits Payable to Surviving Spouse as provided in Section 21551 (Mandated Benefit).
6. Surviving Spouse-Remarriage as provided in Section 21635 (Mandated Benefit).
7. Military Service Credit as Public Service as provided in Section 21024.
8. Improved Non-Industrial Disability Allowance as provided in Section 21427.

B. Pursuant to the provisions of Section 20615, the CITY shall pay six and six tenths (6.6%) percent of the seven (7%) percent employee contribution in the employee's name to the Public Employees' Retirement System. The employee shall pay the remaining four-tenths (0.4%) percent. Such payments shall be implemented pursuant to the provisions of Section 20023(c)(4), and Internal Revenue Code 414 (h) (2) providing for pre-tax employee contributions.

ARTICLE 37. EDUCATIONAL AND TRAINING ALLOWANCES

A. Educational Partnership Program:
Non-probationary employees with at least one year of service may be eligible to receive financial support toward the attainment of an Associate, Bachelor's or Master's Degree from an accredited college or university. Program criteria and funding are at the discretion of the CITY, and subject to change annually. Program information is available from the Personnel Department.

B. Management Training Allowance:
Employees with one or more years of service in a management classification may be eligible to receive a Management Training Allowance, subject to available funds and approval of the Personnel Director. Program criteria and funding are at the discretion of the CITY.

ARTICLE 38. ANNUAL PHYSICAL EXAMINATION

In conjunction with the City's Occupational Medical Program, employees may avail themselves of an annual physical examination by the City's Occupational Medical Specialist at CITY expense. Employees may utilize their own physician and seek reimbursement for out of pocket expenses not to exceed the CITY's cost for comparable services.

ARTICLE 39. OUTSIDE EMPLOYMENT

A. All employees shall request the approval of the CITY prior to beginning any outside business or employment. Such business or employment shall not affect the time or quality of their CITY work or cast discredit upon or create embarrassment for the CITY.

B. Specific policies and procedures governing outside employment shall be as contained in the Personnel Rules and Personnel Administrative Orders.

ARTICLE 40. LAYOFF AND DEMOTION PROCEDURES UPON REDUCTION IN FORCE

A. When it becomes necessary through lack of work, lack of funds, or for other reasons to reduce the number of employees, the CITY shall prepare a lay-off list by classification within a department. Within each job class, employees shall be laid off in the following order: temporary, provisional, probationary, regular. The order of layoff shall then be based on the CITY's needs, with particular regard for length of service with the CITY and performance evaluation reports.

B. Whenever there is a reduction in work force, the CITY shall first demote to a vacancy, if any, in the next lower class for which the employee who is scheduled for layoff meets the minimum employment standards. Employees with the least continuous service and lowest performance evaluations shall be demoted first. All persons so demoted shall have their names placed on the classification reinstatement eligible list.

C. If there are no vacant positions in a lower class available, the CITY shall allow bumping from a higher to a lower classification within a department. An employee may bump into the next lowest class for which the minimum employment standards are met and the employee has greater overall CITY service, adjusted by performance evaluations as provided in paragraph (f) below. There shall be no lateral bumping. The sequence of bumping shall follow customary promotional progressions, except that an employee may bump down to a classification s/he previously held within the same department. When there is more than one possible lower classification for bumping consideration, the Department Director shall determine the appropriate classification based on the needs of the CITY.

D. If there are no vacant positions or bumping possibilities, the CITY shall lay off employees within a department and classification. Employees with the least continuous service and lowest performance evaluations shall be laid off first. All persons laid off shall have their names placed on the classification reinstatement eligible list.

E. To determine the length of continuous service, all uninterrupted employment, including periods of authorized leaves of absence which require a retirement contribution, and including all periods as a full-time CETA and PEP employee, shall be counted.

F. To determine the level of performance evaluation, the most recent two annual or probationary evaluations shall be used. Each rating of "does not meet expectations" shall reduce the employee's continuous years of service by two (2) years. Each rating of "meets expectations" shall reduce the employee's continuous years of service by one (1) year.

G. An employee scheduled for demotion or layoff shall be given a minimum of fourteen (14) calendar days notice in writing. The notice shall state the effective date and time of demotion or layoff.

H. Names shall be placed on classification reinstatement eligible lists in the inverse order of layoff as defined in paragraph (a). Vacant positions within a classification shall first be offered to those on the reinstatement list who meet the minimum employment standards for the vacant position. The eligibility of individuals on the reinstatement list shall be for a period of two (2) years from the date of demotion or layoff. Eligibles not responding to written notification of an opening within fourteen (14) calendar days shall have their names removed from the list.

I. A reinstated employee shall be entitled to the following benefits.

1. Prior sick leave accrual (unless sick leave was cashed out in accordance with the applicable rules).

2. Seniority at time of layoff or demotion for purposes of determining merit increases, vacation accruals and future reductions in the work force.

3. A salary as nearly as possible equivalent to that which the employee was receiving immediately prior to layoff or demotion. If the employee chooses to be reinstated in a class at a lower salary range than that held previously, the salary will be either equivalent to the salary immediately prior to layoff or demotion or as close to the equivalent as the new salary range allows.

J. A person appointed from a reinstatement eligible list within six (6) months to the same position held prior to layoff or demotion, will obtain permanent status upon reinstatement. All other persons appointed from a reinstatement list shall serve a new probationary period.

K. Employees laid off shall be paid for all accrued vacation, holidays, Management/ Confidential Leave, and overtime. Accrued sick leave shall either be paid as provided for by the applicable rules, or may remain on the books in the event of reinstatement. If reinstatement does not occur within two (2) years, sick leave shall be paid in accordance with the applicable rules at the employee's hourly rate of pay at the time of layoff.

L. The employee may elect to either withdraw their share of the retirement contribution or leave the money in the retirement system.

M. Layoffs and demotions shall not violate the Non-Discrimination Article of this MOU.

N. Whenever any provision of this Article conflicts with any other Article of this MOU or any Personnel Rules or Personnel Administrative Orders, the provisions of this Article shall prevail.

ARTICLE 41. GRIEVANCE PROCEDURE

A. Purpose: It is the purpose of this procedure to provide a simplified and definite method for employees represented by MCMA to resolve grievances they may have in their employment relationships with the CITY. The overall policy of this procedure is to provide for the resolution of grievances at the lowest level within the employment hierarchy of the CITY as is possible without unnecessarily disrupting CITY functions or services. The use of this procedure in resolving grievances shall not be held against any employee in any manner since the adoption of this procedure gives each employee the right to use it.

B. Definition of Grievance: A grievance is a disagreement between the CITY and an employee, group of employees, or MCMA concerning the interpretation, application, or violation of a specific Article(s) of this MOU or established written rule(s) or regulation(s), or custom(s) governing personnel practices.

C. Association Grievance: An Association grievance is a grievance as defined above which the Association files on its own behalf or on behalf of two (2) or more represented employees. An Association grievance shall be filed with the appropriate Department Director at the Third Step if all effected members are assigned within the same department. All other Association grievances shall be filed with the Personnel Director and shall be considered there as a Third Step grievance.

D. Time Limitations and Notification: Time limits are established to settle a grievance quickly. Time limits may be modified only by agreement of the parties. If at any step of this Grievance Procedure, the grievant is dissatisfied with the decision rendered or a decision has not been filed in a timely manner, it shall be the grievant's responsibility to initiate the action which submits the grievance to the next level of review within the time limits specified. Failure to submit the grievance within the time limits imposed shall terminate the grievance process and the matter shall be considered resolved.

   A formal grievance may be entertained or advanced to any step if the parties jointly so agree, provided that only MCMA may initiate submission of the grievance to a hearing officer in the Fourth Step of this procedure.

   For purposes of this procedure, notification to a party may be given personally, telephonically, or by mail. When notice is mailed to an employee, it shall be sent to the employee's current address of record. Notice by mail shall be deemed to have been completed on the fifth calendar day following deposit of notice with the United States Postal Service.

E. Jurisdiction: The Personnel Director shall have the sole authority within the CITY to provide the official CITY interpretation or application to any and all provisions of this MOU. The Personnel Director, or designee, may represent the department during any step of this procedure. Unit employees may use this procedure, regardless of membership in any employee organization. The decision to use this procedure and any step thereof is solely that of the employee. In using this procedure, however, any employee may choose to be represented by another, including the representative of an employee organization.

F. Use of City Time: Reasonable City time, subject to the discretion of the Department Director, may be used in the preparation of a written or oral grievance. City time may be used for the procedure set forth below.

G. Steps in the Grievance Procedure: No complaint shall be considered a grievance unless it is presented within twenty (20) calendar days after the employee is aware or should have been aware of the conditions precipitating the grievance. Under normal circumstances, no grievance will be processed if the events in the grievance are based on events ninety (90) calendar days or more old as of the written submission.

First Step: Any employee or group of employees having a grievance shall first discuss the grievance on a personal face-to-face basis with grievant's immediate supervisor, except as noted in section (c) above. This step shall not require a written grievance, however, the employee(s) must advise the supervisor that the First Step of the Grievance Procedure is being initiated. Within ten (10) calendar days immediate supervisor shall render a decision. If the grievant is not satisfied with the decision, the grievant may submit the grievance to the next step not later than ten (10) calendar days thereafter.

Second Step: If a mutually acceptable solution has not been reached at the First Step, the grievant shall submit the grievance in writing to the supervisor of the employee's immediate supervisor, who may be the Department Director. If the Department Director is the immediate supervisor or the reviewing supervisor at either the First Step or Second Step, the grievance must meet the requirements of the First and Second Steps, but shall be considered to be at the Third Step. The written grievance shall provide a detailed statement of the grievance, including dates, names and places, applicable MOU or MOU Article(s) or personnel practices, and the specific remedy requested. Within ten (10) calendar days the reviewing supervisor shall meet with the grievant and within ten (10) calendar days thereafter render a decision. If the grievant is not satisfied with the decision, the grievant may submit the grievance to the next step not later than ten (10) calendar days thereafter.

When a written grievance is submitted at the Second Step, the reviewing supervisor shall, upon receipt, forward a copy of the grievance to the Personnel Director for review. Should the reviewing supervisor fail to forward a copy of the grievance to the Personnel Director, the grievant shall not be prejudiced. If the Personnel Director makes a determination that the grievance is a matter for which this Grievance Procedure is not appropriate, the grievant and the supervisor shall be notified in writing within ten (10) calendar days.

Third Step: If a mutually acceptable solution has not been reached, the grievant shall submit the written grievance to the Department Director. The Department Director, or designee, shall utilize an "Interest Based" process in attempting to resolve the grievance, unless the parties mutually agree to waive the "Interest Based process. The Department Director, or designee, shall personally meet with the grievant as soon as is practicable, but not later than fourteen (14) calendar days from the presentation of the written grievance, to discuss the grievance and shall render a written decision to the grievant within fourteen (14) calendar days of such meeting. The Department

Director and the grievant may call any witnesses at such meeting in order to reach a decision. Any meeting may be continued by the Department Director if necessary to allow for a proper investigation. If the grievant is not satisfied with the written decision, the grievant may submit the grievance to the next step not later than thirty (30) calendar days thereafter.

Fourth Step: If a mutually acceptable solution was not reached in the prior step, the grievant may submit the written grievance to the Personnel Director, within the thirty (30) calendar days specified above. The Personnel Director shall forward the grievance to the City Manager. As an alternative to submitting the grievance to the City Manager, only MCMA can specify that the grievance be submitted to a hearing officer within the same thirty (30) calendar days specified above.

If a hearing is requested, the CITY shall request a list of five (5) hearing officers from the State Mediation and Conciliation Service. The CITY and MCMA shall alternately strike names from the list until only one name remains and the remaining name shall be that of the hearing officer. The cost of the hearing shall be shared equally by both parties. At the conclusion of the hearing, the hearing officer shall make recommendations to the City Manager. The decision of the City Manager shall be rendered within twenty (20) calendar days of receipt of the hearing officer's recommendations, or within twenty (20) calendar days of receipt of the grievance if no hearing before a hearing officer was requested. The decision of the City Manager shall be final and binding on all parties.

ARTICLE 42. DISCIPLINARY ACTIONS

A. The following shall constitute cause for disciplinary action, including dismissal, demotion, suspension and disciplinary probation.

1. Violation of the City Charter.
2. Violation of the Modesto Municipal Code.
3. Violation of the Personnel Rules or Personnel Administrative orders, excluding Personnel Administrative Order No. 13.8-03-1.
4. Fraud in securing employment.
5. Incompetency.
6. Inefficiency.
7. Inexcusable neglect of duty.
8. Insubordination.
9. Dishonesty.
10. Theft.
11. Being under the influence of alcohol or controlled substances while on duty.
12. Inexcusable absence without leave, except as described in Personnel Administrative Order No. 13.8-03.1.
13. Conviction of a felony or conviction of a misdemeanor involving moral turpitude. A plea or verdict of guilty, or conviction following a plea of nolo contendere, to a charge of a felony or any offense involving moral turpitude is deemed to be a conviction within the meaning of this section.
14. Discourteous treatment of the public or other employees.

15. Misuse of City property.
16. Violation of any established departmental rule, regulation, policy and/or manual.
17. Other failure of good behavior either during or outside of duty hours, which is of such a nature that it causes discredit to the City
18. Unlawful discrimination, including harassment, on the basis of race, color, national origin, ancestry, sex, marital status, religion, age, physical or mental disability or perceived disability, sexual orientation, or political affiliation or beliefs.
19. Substantial or credible threats of violence against any person including, but not limited to intimidation, harassment, and/or coercion made in the course of employment; or any action that is a violation of the CITY's Workplace Violence Policy.

B. The CITY shall have the right to demote an employee whose ability to perform required duties falls below an acceptable standard or for disciplinary purposes. Upon request of an employee, and approval by the CITY as provided for in ARTICLE 6 (PERFORMANCE EVALUATION), demotion may be made to a vacant position as a substitution for lay-off as provided for in ARTICLE 40 (LAYOFF AND DEMOTION PROCEDURES UPON REDUCTION IN FORCE). Demotion for the purposes of lay-off shall not be subject to appeal.

C. The CITY shall have the right to suspend an employee without pay at any time for cause. Suspension without pay shall not exceed ninety (90) calendar days in any fiscal year and shall be issued and served in accordance with the Fair Labor Standards Act.

D. The CITY shall have the right to dismiss an employee at any time. A regular employee in the classified service shall be entitled to receive a written statement of the reasons for dismissal.

E. The CITY shall have the right to place an employee on disciplinary probation. Disciplinary probation returns a non-probationary employee to probationary status. Employees placed on disciplinary probation may be dismissed without just cause or right of appeal from such dismissal. Disciplinary probation may only be imposed by delivery of written notice to the employee, pursuant to the Modesto Municipal Code, stating that the employee has been placed on disciplinary probation and stating the reasons for such action.

F. Employees may request an association or MCMA representative if the employee believes an investigatory interview could result in discipline as defined in subsection A.

ARTICLE 43. DISCIPLINARY APPEALS

A. Employees shall have the right to appeal any dismissal, suspension, disciplinary probation or demotion for disciplinary reasons. Said right of appeal shall not apply to reclassifications, lay-offs, demotions as a substitute for layoffs, changes in status for medical reasons, changes in status due to the employee's loss of a required license or certificate, step reductions or denial of a step increase, or any other actions taken for non-disciplinary reasons. For changes in status for medical reasons, and for step

reductions, appeal shall be provided for through the process in ARTICLE 41 (GRIEVANCE PROCEDURE).

B. An appeal must be filed in writing with the Director of Personnel within thirty (30) days following written notice to the employee of the discipline.

C. Upon filing of an appeal, the CITY shall request a list of seven (7) hearing officers from the State Mediation and Conciliation Service. The CITY and employee shall alternately strike names from the list until only one name remains and the remaining name shall be that of the Hearing Officer. The parties shall toss a coin to determine who will strike first. As an alternative, the parties may jointly stipulate to the use of any person as a Hearing Officer, whether identified on the list or not.

D. The Hearing Officer shall proceed in any manner which will, in the Hearing Officer's judgment, develop all the facts bearing upon the matter, and no informality on the Officer's part shall constitute just cause for criticism of findings and decisions. Upon completion of the hearing, the Hearing Officer shall furnish certified copies of findings and decisions to the persons concerned. The decision of the Hearing Officer shall be final and binding.

E. The person selected as the Hearing Officer shall set a date for the start of the hearing after consultation with the parties. Failure of the employee to appear at a hearing (except for good cause) shall be deemed withdrawal of the appeal and the discipline being appealed shall stand and be final.

F. Oral evidence at the hearing shall be taken only on oath or affirmation.

G. Each party shall have these rights at the hearing: To be represented by Counsel; to call and examine witnesses; to introduce exhibits; to cross-examine opposing witnesses on any matter relevant to the issues even though that matter was not covered in the direct examination; to impeach any witness regardless of which party first called him or her to testify; to subpoena witnesses and relevant documentary evidence; and to rebut the evidence against him or her. Further, at the hearing the employee may be examined and may examine or cause any person to be examined under Section 776 of the Evidence Code.

H. The hearing need not be conducted according to technical rules relating to evidence and witnesses, except as hereinafter provided. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely on in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of the evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions. The rules of privilege as set forth in the Evidence Code shall apply. Irrelevant and unduly repetitious evidence shall be excluded.

Evidence of specific instances of a complainants' sexual conduct with individuals other than the alleged perpetrator is presumed inadmissible absent an offer of proof establishing its relevance and reliability and that its probative value is not substantially outweighed by the probability that its admission will create substantial danger of undue prejudice or confuse the issue. For purpose of this paragraph, "complainant" means any person claiming to have been subjected to conduct which constitutes sexual harassment, sexual assault, or sexual battery.

I. At the request of either of the parties, the CITY shall employ a competent court reporter to record the proceedings.

J. If either party requests it, the Hearing Officer may exclude from the hearing room any witness not at the time under examination so that the witness may not hear the testimony of other witnesses, but a party to the proceedings may not be so excluded. Parties to the proceedings shall include the appellant and a management employee from appellant's department to be selected by the CITY, both of whom may attend the hearing even though they testify as witnesses. In addition, each side may designate other representatives to attend the hearing provided these representatives do not testify at the hearing.

K. The Hearing Officer shall, after the matter is submitted, prepare and file findings and decisions. The decisions of the Hearing Officer shall be final and binding. The decisions shall be rendered as quickly as possible with due regard for the hardships that may result from undue delay.

L. The cost of the Hearing Officer and court reporter shall be divided equally between the CITY and the employee. The Hearing Officer and court reporter shall separately bill the CITY and the appellant for one-half of the cost of their respective services.

ARTICLE 44. TIME BANK

A. Each employee covered by this MOU shall contribute up to one (1) hour of vacation time to create a pool of two hundred and fifty (250) hours to be used for MCMA business (other than meet and confer and meet and consult items, and routine administrative functions dealing with the CITY). At the beginning of each calendar year, the CITY shall deduct an equal amount of hours or portions thereof of vacation time from each employee covered by this MOU to bring the total remaining pool hours to the two hundred and fifty (250) hour maximum.

B. Use of the time bank shall be accounted for and processed by the Finance Department using a specifically designated payroll code. Association members utilizing the time bank shall be responsible for reporting the time used on their payroll record. It is the responsibility of the employee using the time bank to obtain approval from the MCMA President or Vice-President.

ARTICLE 45. CREDIT ASSOCIATION DEDUCTIONS

The CITY shall provide for employee payroll deductions for Modesto First or OE3 Credit Union obligations.

ARTICLE 46. COMMUTER BUS PASSES

The CITY will make available free Modesto Area Express (MAX) commuter bus passes for use by employees in commuting to and from work.

ARTICLE 47. EMPLOYEE PARKING

Employees whose work site is at Tenth Street Place shall be assigned, by the CITY, to free parking (non-transferable), during their work days, at the Ninth Street Garage, the Tenth Street Garage and/or at other designated parking locations within a two-block radius of Tenth Street Place. Failure to utilize this right may, after notification to the employee, result in the deactivation of their proximity card garage access or revocation of the parking pass issued to the employee. The employee may decline, in writing, their parking rights as provided in this Article.

ARTICLE 48. NON DISCRIMINATION

A. The CITY and MCMA agree that the provisions of this MOU shall be applied without favor or discrimination based on race, color, ancestry, religion or creed, sex, national origin, marital status, age, physical or mental disability or perceived disability, medical condition, pregnancy-related condition, sexual orientation or political affiliation. They agree to recognize, respect and support the CITY's commitment to nondiscrimination in employment as set forth in the CITY's Equal Opportunity Plan and CITY's Policy Against Harassment and Discrimination. MCMA agrees to encourage its members to assist in the implementation of that program.

B. MCMA agrees to and acknowledges its responsibility to fairly represent all employees in the bargaining unit without regard to race, color, ancestry, religion or creed, sex, national origin, marital status, age, physical or mental disability or perceived disability, medical condition, pregnancy-related condition, sexual orientation or political affiliation, job classification or employment status.

C. Because the Americans With Disabilities Act (ADA) requires accommodations for individuals protected under the Act, and because these accommodations must be determined on an individual, case-by-case basis, the parties agree that the provisions of this MOU may require modification in order for the CITY to avoid discrimination under the Act.

D. The MCMA recognizes that the CITY has the legal obligation to meet with the individual applicant/employee to be accommodated before any adjustment is made in working conditions. The MCMA will be allowed to meet and consult with the CITY concerning the proposed accommodations prior to implementation by the CITY.

E. Any accommodation provided to an individual protected by the ADA shall not establish a past practice, nor shall it be cited or used as evidence of a past practice in the grievance procedure.

ARTICLE 49. PENDING ISSUE

The parties agree during the term of this MOU to meet and confer regarding the following issues.

A. Succession Planning: The City intends to develop a succession planning program. The City and MCMA agree to meet and confer on the impacts of the implementation of a succession planning program, including but not limited to cross-training, acting assignments and intern programs.

B. Personnel Rules: The City anticipates rewriting the City's Personnel Rules. The City and MCMA agree to meet and confer on any changes to the Personnel Rules that impact wages, hours or terms and conditions of employment.

C. Labor Market Salary Survey: The parties agree to meet and confer on labor market agencies to be utilized in the survey. The market survey is anticipated to commence no later than October 15, 2007, or sooner if a consultant can be secured, approved by Council and consultant is available to begin. The final market data is anticipated to be available for negotiations purposes by March 24, 2008 (90 days prior to expiration of this MOU). The parties agree to expeditiously begin negotiations once final market data is available, preferably prior to March 24, 2008.

D. Retiree Health: The parties agree to continue the evaluation of an alternative Retiree Health Program Structure (RHPS). Should the parties identify an acceptable alternative retiree health program structure, negotiations shall commence on implementation of the selected retiree health program structure. Negotiations shall include the opportunity to discuss an extended multi-year contract. Both parties acknowledge that the Association will link enhanced PERS retirement formula on the basis of savings that may result from a new retiree health program structure. The parties desire to identify an acceptable alternative to the retiree health program structure by December 1, 2007.

ARTICLE 50. JOB ACTIONS

MCMA agrees and acknowledges that strikes, sick-ins, slow-downs or other forms of work stoppage or disturbances are detrimental to the responsibility of MCMA and its members to insure that high quality service is provided to the people of the City of Modesto. MCMA

and its members agree not to sanction, support, condone, or engage in any such actions directly or indirectly during the term of this MOU.

ARTICLE 51. SEVERABILITY

A. If any provision of this MOU is declared by legislative action or by a court of competent jurisdiction to be contrary to law, then said provision shall be deemed severable from all other provisions and shall in no way affect the validity of the other provisions.

B. The parties acknowledge that during the negotiations which resulted in this Agreement, each had the full right and adequate opportunity to make demands and proposals with respect to any subject or matter within the scope of representation, that the understandings arrived at after the exercise of that right are set forth in this Agreement. The express provisions of this Agreement for its duration, therefore, constitute the complete and total contract between the CITY and MCMA with respect to wages, hours and other terms and conditions of employment. Any prior or existing Agreement between the parties, whether formal or informal, regarding any such matters is hereby superseded and terminated in its entirety. The parties voluntarily waive the right to meet and confer in good faith with respect to any subject or matter referred to or covered in this Agreement, except that the parties, by mutual agreement, may meet and confer and agree to amend any matter in this Agreement, including compensation; provided, however, that the CITY may make changes to the personnel rules consistent with rights MCMA has to meet with the CITY prior to implementation of such changes.

C. If the CITY should absorb another entity which results in employees of the other entity being covered by this MOU the CITY and MCMA shall expeditiously meet and confer regarding the effect of such action on wages, hours and other terms and conditions of employment of such new employees.

D. All pertinent ordinances and resolutions shall be revised to conform with this MOU. All other ordinances, resolutions, rules and regulations, practices and policies shall continue in force and effect during the term of this MOU unless modified according to the provisions of this MOU.

ARTICLE 52. PROVISIONS OF LAW

It is understood and agreed that this MOU is subject to all current and future applicable Federal and State laws and regulations and the current provisions of the City Charter and Code. If any part or provision of this MOU is in conflict or inconsistent with such applicable provisions of those Federal, State or City enactments or is otherwise held to be invalid or unenforceable by any court of competent jurisdiction, such part or provisions shall be suspended and superseded by such applicable law or regulations, and the remainder of this MOU shall not be affected. If any part or provision of this MOU is suspended or superseded, the parties agree to reopen negotiations regarding the suspended or superseded part or provision with the understanding that total compensation to employees under this MOU shall not be reduced or increased as a result of this Article.

ARTICLE 53. APPROVAL

This MOU shall be presented to the Modesto City Council for approval and shall not be binding until so approved.

Exhibit 2

MCMA APPROVED ALTERNATE WORK SCHEDULES

(See Article 11, Approved Work Schedules for positions and classifications eligible to participate in these work schedules.)

NINE-EIGHTY (9-80) WORK SCHEDULE

The nine-eighty (9-80) work schedule shall consist of five (5) consecutive duty days for which the employee shall work nine (9) hours per day for four (4) days and eight (8) hours per day for one (1) day, followed by two (2) consecutive days off; followed by four (4) consecutive duty days for which the employee shall work nine (9) hours per day, followed by three (3) consecutive days off.

The employee's workweek will be changed and will no longer be 12:01 a.m. Tuesday through 12:00 a.m. (midnight) Monday. It shall be changed to midday of the employee's "extra" day off to midday of the same day the following week. The Payroll Division of Finance shall be notified of this workweek. For example:

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Off	9	9	9	9	8	Off
Off	9	9	9	9	Off	Off
Off						

The employee's workweek shall be from midday Friday to midday Friday.

An employee on a Nine-Eighty (9-80) Schedule will receive an unpaid lunch period of not less than thirty (30) minutes and not more than sixty (60) minutes.

Overtime shall be compensated in accordance with Article 14, Overtime for Non-Exempt employees.

FOUR-ELEVEN (4/11) WORK SCHEDULE

The 4/11 Schedule shall consist of four (4) consecutive duty days, for which the employee shall work eleven (11) hours per day, followed by four (4) days off.

The 4/11 Schedule requires that employees work fifty-six (56) hours per year in addition to their regular schedule. Of these fifty-six (56) hours, thirty-six (36) hours will be scheduled as four (4) nine (9)-hour training days. Each of these four (4) days will consist of nine (9) hours, excluding lunch. The remaining twenty (20) hours are owed to the City and shall be deducted from the employee's annual holiday entitlement. See Article 20, Holidays.

Employees assigned to a 4/11 Schedule will have a paid lunch break of thirty (30) minutes coupled with one (1) fifteen (15) minute paid break, for a total of forty-five (45) minutes. Employees shall remain available by phone or radio, and are subject to recall at any time

Exhibit 3

during their lunch break. In the event of a recall or missed lunch break, there will be no additional compensation.

Overtime for non-exempt employees shall be compensated in accordance with the Fair Labor Standards Act, 29 CFR Section 778.114 (Fluctuating Work Week Schedule).

MODIFIED FOUR-TEN (4/10) WORK SCHEDULE

The Modified Four-Ten (4/10) workweek shall consist of four (4) consecutive duty days for which the employee shall work ten (10) hours per day, followed by four (4) consecutive days off.

The Modified Four-Ten (4/10) Schedule requires that employees work two hundred and forty (240) hours per year in addition to their regular schedule. Of this, two-hundred and forty (240) hours, thirty-two (32) hours will be scheduled as four (4) training days. Each of these four (4) days will consist of eight (8) hours, excluding lunch. One hundred and twenty (120) hours will be worked as twelve (12) ten hour "double days" each year, to be scheduled by the supervisor and worked during the employee's normal thirty-hour (30) work week. The remaining eighty-eight (88) hours are owed to the City and shall be deducted from the employee's annual holiday entitlement. See Article 20, Holidays.

An employee on a Modified Four-Ten (4/10) Schedule will receive an unpaid lunch period of not less than thirty (30) minutes and not more than sixty (60) minutes.

Overtime for non-exempt employees shall be compensated in accordance with Article 14, Overtime For Non-Exempt Employees.

Exhibit 3

Attachment A: Definitions

The following definitions are provided for information purposes, only, and are not a negotiable part of this Implementation Document. The definitions may be drawn from various City rules, policies, administrative orders or other documents and are subject to change pursuant to the provisions of those source documents.

Advancement. A salary increase within the limits of the salary range established for the class.

Applicant. A person who has made formal application for employment.

Appointment. The offer to a person and his/her acceptance of a position.

Class or Classes of Positions. A group of positions having duties and responsibilities sufficiently similar that the same title, examples of duties, and requirements may be applied.

Classification Plan. The arrangement of positions into classes, with titles and specifications describing each class.

Continuous Service. Employment by the City, uninterrupted from the date of appointment, except by authorized absence with pay.

Demotion. A downgrade of a regular employee from one class to another class with a lower salary range imposed as a disciplinary action or as a substitution for layoff. A reduction in salary within the same class shall not be considered a demotion.

Disciplinary Probation. A form of disciplinary action, as distinguished from the usual probationary period for new employees, for a specified time not to exceed one year. Employees placed on disciplinary probation may be dismissed for failure to meet any requirement imposed as a condition to such status.

Dismissal. The separation from employment of an employee by an appointing authority for cause.

Domestic partnership is a partnership that complies with California Family Code Section 298 and is filed with the Secretary of State of the State of California.

Downgrade. A change in employment status of a regular employee from one class to another class with a lower salary range.

Eligible. A person whose name is on an appropriate eligible list and who is not ineligible for appointment for any reason.

Eligible List. A record of the name of persons who have qualified, through examination, for employment in a specific class.

Examination. A test or group of tests and evaluations used to determine eligibility and to rank candidates for employment in a class.

Exempt and non-exempt. These terms reference the employee's status pursuant to the Fair Labor Standards Act (FLSA). Exempt employees are exempt from the overtime requirements of the FLSA. (See Exhibit 1: Classifications and Salary Ranges for FLSA status.)

Grievance. A grievance is a disagreement between the CITY and an employee, group of employees, or MCMA concerning the interpretation, application, or violation of a specific Article(s) of this MOU or established written rules(s) or regulations(s), or custom(s) governing personnel practices.

Interest Based Negotiations. Interest Based Negotiations is a process that focuses on satisfying as many interests or needs as possible for all negotiators. It is a problem solving process used to reach an integrative solution rather than describing rewards in a win/lose manner.

Lay-Off. Termination of service because of lack of work, lack of funds, or in the interests of economy, without fault on the part of the employee involved.

Modesto Municipal Code. Chapter 5 of Title II of the Modesto Municipal Code plus any other provisions of the Modesto Municipal Code which deal with the City's personnel system.

Overtime. Hours actually worked in excess of forty (40) hours in a workweek. Paid leave shall be considered as time actually worked for purposes of computing overtime. Overtime shall not affect leave accruals.

Position. A combination of duties regularly assigned to be performed by one person.

Probationary Period. A working test period during which an employee appointed from an eligible list is required to demonstrate his/her fitness for the class by actual performance of the duties of his/her position.

Probationary Status. The status of an employee who has been appointed from an eligible list, but has not completed the prescribed probationary period.

Probationer. An employee who has probationary status.

Promotion. A change in employment status of a regular employee from one class to another class with a higher salary range.

Provisional Employee. An employee who is appointed without examination to a regular position in the classified service for which no eligible list exists.

Recognized Employee Organization. "Recognized Employee Organization" means an employee organization, which has been formally recognized by the City as the employee organization that represents the employees in an appropriate representation unit.

Reduction. A salary decrease within the pay range for the class.

Regular Employee. An employee who has satisfactorily completed his/her initial probationary period and has been retained in the classified service.

Regular Position. A position in the classified service which requires, or is likely to require, the services of an employee for more than six months.

Reinstatement. The reappointment without examination of an employee who has resigned in good standing.

Release. Separation of an employee from the service during or at the close of the probationary period.

Separation. Any termination of employment.

Status. The condition of an employee's present appointment, such as temporary, provisional, probationary, or regular.

Suspension. An involuntary absence without pay, imposed for disciplinary purposes, or pending investigation of charges.

Temporary Appointment. An appointment for a limited period.
Transfer. A change in employment status of a regular employee from one position to another within the same class, or a comparable class. "Comparable" means a class with similar duties and responsibilities, and the same or similar minimum qualifications, and the same salary range.

Vacancy or Vacant Position. Any unfilled position in the City service.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-448

A RESOLUTION AMENDING THE FISCAL YEAR 07-08 OPERATING BUDGET TO TRANSFER $302,548 FROM 0100-800-8000-8003, GENERAL FUND RESERVE, AND $287,430 FROM OTHER FUND RESERVES, TO VARIOUS SALARY AND BENEFIT ACCOUNTS TO PROVIDE FUNDING FOR THE NEGOTIATED MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF MODESTO AND THE MODESTO CONFIDENTIAL AND MANAGEMENT ASSOCIATION EFFECTIVE JULY 24, 2007

WHEREAS, the City Council desires to authorize salary and benefit changes as part of the negotiated Memorandum of Understanding between the City of Modesto and the Modesto Confidential and Management Association, effective July 24, 2007, and

WHEREAS, the FY 07-08 costs associated with these changes are estimated at $601,978, effective July 24, 2007, and

WHEREAS, $589,978 of these increased expenditures have not yet been budgeted,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Fiscal Year 2007-08 Operating Budget is hereby amended to transfer $302,548 from 0100-800-8000-8003, the General Fund Reserve, and $287,430 from other Fund reserves to various salary and benefit accounts, to fund said salary and benefit changes negotiated as part of the Memorandum of Understanding between the City of Modesto and the Modesto Confidential and Management Association.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-449

A RESOLUTION AUTHORIZING THE RISK MANAGER TO BIND EXCESS WORKERS' COMPENSATION INSURANCE

WHEREAS, the City of Modesto has participated in the workers' compensation excess insurance pool, California Public Employers Insurance Authority (CPEIA), since July 1, 2002, and

WHEREAS, the City's excess workers' compensation insurance renews on July 1, 2007, and

WHEREAS, staff has received the invoice that reflects the 2007/2008 rate, and

WHEREAS, upon authorization from Council, staff will bind Insurance coverage through the City's broker at $750,000 self-insured retention, and

WHEREAS, the anticipated cost of said insurance coverage is $178,576

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Risk Manager is hereby authorized to bind excess workers' compensation insurance coverage in the amount of $178,576 as presented by the City's Broker of Record.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 24th day of July 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-451

A RESOLUTION APPROVING THE AGREEMENTS BETWEEN THE CITY OF MODESTO, KAISER PERMANENTE, BLUE SHIELD, AMERICAN SPECIALTY HEALTH PLANS (chiropractic coverage) AND PACIFICARE BEHAVIORAL HEALTH; CONTINUING DENTAL AND VISION COVERAGE THROUGH THE CITY'S SELF-INSURED PROGRAMS AND AUTHORIZING THE RISK MANAGER TO SERVE AS THE COORDINATOR FOR THE VARIOUS PLANS AND AUTHORIZING THE CITY MANAGER TO EXECUTE ALL NECESSARY AGREEMENTS

WHEREAS, the City of Modesto provides its employees with employee and dependent health insurance coverage, and

WHEREAS, the Employee Benefits Committee (EBC) has met and reviewed and evaluated coverage for Fiscal Year 2007/2008, and

WHEREAS, the rates charged by the health insurance carriers will increase by 9% for Kaiser and 15.6% for Blue Shield, and

WHEREAS, mental health rates will increase by 9%, and

WHEREAS, the City's self-insured vision rates will increase by 14%, the City's self-insured dental rates by 6%, the chiropractic rates will remain the same, and

WHEREAS, the EBC voted to continue to offer two providers, Blue Shield and Kaiser, and

WHEREAS, Blue Shield will offer a Preferred Provider Option (PPO) to all employees, and a standard HMO option and,

WHEREAS, the EBC recommended changing the health plan design by increasing the co-pays,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves execution of agreements with Kaiser Permanente, Blue Shield, American Specialty Health Plans, and PacifiCare Behavioral Health.

BE IT FURTHER RESOLVED that the Council hereby approves the continuation of dental and vision coverage through the City's self-insured programs as recommended by the Employee Benefits Committee.

BE IT FURTHER RESOLVED that the Risk Manager is hereby authorized to serve as the coordinator for the various plans.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute all necessary agreements relating to employee and dependent health care as set forth herein.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION NO. 2010-308

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-452

A RESOLUTION ESTABLISHING ANGLE PARKING IN THE CITY OF MODESTO AND RESCINDING RESOLUTION NO. 2006-562

WHEREAS, Article 10 of Chapter 2 of Title 3 of the Modesto Municipal Code authorizes the City Council, by resolution, to establish angle parking in the City of Modesto, and

WHEREAS, City staff received a request from Catherine Cardoza Conner of Cardoza Family Partnership L. P., to install angle parking on the east side of 13th Street between F and G Streets to create additional on-street parking, and

WHEREAS, staff evaluated the traffic volumes and the speeds for this section of roadway and concluded that angle parking can be accommodated on the east side of 13th Street, between F and G Streets without creating a hazard and without impeding traffic flow,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. ANGLE PARKING. Angle parking in the City of Modesto is hereby established at the following locations:

- Portions of 10th Street, between I & K Streets (west side) (diagonal)
- 18th Street, between G and H Streets (west side) (diagonal)
- F Street, between 10th and 11th Streets (south side) (diagonal)
- I Street, between 9th and 12th Streets (both sides) (diagonal)
- P Street, between 9th and Needham Streets (both sides) (diagonal)
- Coldwell Avenue, between Tully Road and College Avenue
- 4th Street, between E Street and G Street (west side)

RESCINDED

- 16th Street, between I Street and J Street (east side)
- Elm Street, between Jefferson and Washington Streets (diagonal)
- Jefferson Street, between 8th and Laurel Streets (diagonal)
- 13th Street, between H and L Streets (east side)
- J Street, between 7th Street and 8th Street (north side)
- 10th Street, between G Street and F Street (east side) (diagonal)
- F Street, between 10th Street and 11th Street (north side) (diagonal)
- 15th Street, between K Street and H Street (east side) (diagonal)
- F Street, between 9th Street and 10th Street (north side) (diagonal)
- 8th Street, between J Street and K Street (east side) (diagonal)
- 8th Street, between K Street and L Street (east side) (diagonal)
- Sierra Drive between F Street and 4th Street (north side)
- 8th Street between L Street and Jefferson Street (east side) (diagonal)
- M Street between 7th Street and 8th Street (south side) (diagonal)
- 10th Street between G Street and I Street (east side) (diagonal)
- Sierra Drive between 6th Street and the alley at the west property edge of New Bethany Missionary Baptist Church (diagonal)
- Sierra Drive between 5th Street and 6th Street (north side) (diagonal)
- 6th Street, Sierra Drive to north property line of New Bethany Missionary Baptist Church (west side) (diagonal)
- 13th Street between F and G Streets (east side) (diagonal)

SECTION 2. The Public Works Director is hereby directed to implement the provisions of this resolution.

SECTION 3. Resolution No. 2006-562 is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July 2007, by Councilmember Hawn , who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-457

A RESOLUTION APPROVING THE EL RIO SEWER REPLACEMENT PROJECT PRELIMINARY DESIGN REPORT DATED JULY 2007 AS COMPLETE

WHEREAS, on December 7, 2004, by Resolution No. 2004-644, the Council approved an Amendment to an Agreement with HDR Engineering to complete the design for the El Rio Sewer Replacement Project, and

WHEREAS, on September 26, 2006, as a result of Council adopting Resolution No. 2006-624, changing the procedures that Public Works uses for projects of more than one million dollars, HDR Engineering was directed to change the scope of work to develop a 35% design effort and a Preliminary Design Report (PDR) for the El Rio Sewer Replacement Project, and

WHEREAS, the PDR includes the evaluation of three design options for replacement of the El Rio sewer line and also discusses the implications of the "Do Nothing" alternative, and

WHEREAS, HDR Engineering has completed the El Rio Sewer Replacement Project Preliminary Design Report, and

WHEREAS, the preferred option is to install new sewer laterals and a new sewer main in El Rio Avenue by microtunneling to minimize disruption and intrusion,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the El Rio Sewer Replacement Project Preliminary Design Report dated July 2007 as complete.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-458

A RESOLUTION REJECTING THE FOUR (4) BIDS FOR THE PROJECT TITLED "PAMELA MONTEROSSO PARK" AND AUTHORIZING STAFF TO RE-ADVERTISE THE PROJECT AT A FUTURE DATE

WHEREAS, the four bids received for the "Pamela Monterosso Park" project were opened at 11:00 a.m. on June 5, 2007, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the four bids received for the "Pamela Monterosso Park" project were 15.67%, 26.68%, 65.79%, and 69.27% above the consultant's estimate, and

WHEREAS, all bids for the project exceeded the consultant's estimate by an excessive amount, and

WHEREAS, during the bid evaluation process staff determined that the four bids unreasonably exceeded the consultant's estimate. Therefore, staff recommends the bids be rejected and staff be allowed to re-advertise the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the four bids received for the "Pamela Monterosso Park" project opened in the office of the City Clerk on June 5, 2007, are hereby rejected.

BE IT FURTHER RESOLVED that staff is hereby authorized to re-advertise the project at a future date.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-459

A RESOLUTION APPROVING A NEW NORTH CERES SEWER SERVICE AREA AGREEMENT WITH THE CITY OF CERES, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NEW AGREEMENT

WHEREAS, on December 18, 1979, by Resolution 79-1301, the City of Modesto (Modesto) and City of Ceres (Ceres) executed the North Ceres Sewer Service Area Agreement (existing Agreement), and

WHEREAS, pursuant to the terms of this existing Agreement, Modesto agreed to accept and treat sewage collected from the designated North Ceres Sewer Service Area (NCSSA), and

WHEREAS, Ceres agreed to pay sewer service charges to Modesto for all properties within the NCSSA at Modesto's rate for industrial uses, and

WHEREAS, the existing Agreement included a provision requiring Ceres to collect and pay to Modesto a "sewer bond redemption charge" (connection fee, now termed "capacity charge") for all residential units and mobile homes or mobile home spaces in a mobile home park connected to the system, and

WHEREAS, Ceres also agreed to collect and pay to Modesto a similar connection fee for each acre of commercial property connected to the system, and

WHEREAS, Modesto transferred to Ceres all rights, title, and interest to the sewer collection system in the area and Ceres is obligated to maintain the system, and

WHEREAS, Ceres also paid for the construction of a sewage volume monitoring station (station) on Hosmer Road to measure wastewater flow to Modesto's wastewater treatment facility, with Modesto obligated to maintain the station, and

WHEREAS, the station has not functioned properly for years due to pipeline and flume issues and flows have been estimated, with sample tests of Biochemical Oxygen Demand (BOD)

and Total Suspended Solids (TSS) taken periodically by Modesto to determine the monthly industrial rate charges to Ceres, and

WHEREAS, billing Ceres using the same methodology and basis used to bill customers in the Modesto system would be easier and more accurate than calculating bills based on flow estimates, and

WHEREAS, Modesto commenced proceedings under Proposition 218 to increase its sewer service rates, and

WHEREAS, the proposed rate increases are scheduled to be considered for approval by the Modesto City Council under a separate action on July 24, 2007, with an effective date of August 1, 2007, and

WHEREAS, the proposed rate increase created Proposition 218 procedural issues for Ceres, as Ceres is required to comply with Proposition 218 requirements to pass on the rate increases to its customers within the NCSSA, which cannot be completed prior to the proposed effective date of Modesto's rate increase (August 1, 2007), and

WHEREAS, it is necessary to amend the existing Agreement to address the issues related to monitoring and calculating charges and to provide consistency with the method used for charging other users in Modesto's wastewater system, and

WHEREAS, the following summarizes the significant provisions of the New NCSSA Agreement:

1. **Area affected by the New Agreement** – northeast portion of the existing agreement has been eliminated and an area in southwest portion has been added as shown in Exhibit A attached
2. **Charges to Ceres for Wastewater Treatment** – charges will be based on type of use conducted on each parcel at the same rates charged for the same classification of use charged within Modesto. Ceres will compute charges monthly and make payment to Modesto, and will advise Modesto if additional parcels are added and will add to monthly billing amount,
3. **Effective Date/Implementation Date** – Agreement will not be implemented for 120 Days after approval by Modesto and Ceres City Councils to allow Ceres time to complete any Proposition 218 procedures necessary. During the

period of delay, Ceres will continue to pay at the old industrial rate and method of computation per the existing Agreement

4. **Collection of Sewer Capacity Fees for Each Parcel** – new sewer capacity charges are to be paid after the implementation date of the new Agreement. These fees are not subject to Proposition 218 procedures.
5. **Term of Agreement** – continues indefinitely unless terminated or modified by the mutual agreement of the parties.
6. **Sanitary Sewer Overflows** – each City responsible for reporting sanitary sewer overflows within their respective sewer systems.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the new North Ceres Sewer Service Area Agreement with the City of Ceres.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the new Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-460

A RESOLUTION APPROVING THE WASTE DISCHARGE REQUIREMENTS (WDR) GAP ANALYSIS PREPARED BY HDR ENGINEERING AS THE CITY OF MODESTO'S SANITARY SEWER MANAGEMENT PLAN (SSMP) AND SCHEDULE AS REQUIRED BY THE STATE WATER RESOURCES CONTROL BOARD.

WHEREAS, on May 2, 2006, the State Water Resources Control Board initiated Order No. 2006-0003-DWQ, which is the Statewide General Waste Discharge Requirements (WDR) for Sanitary Sewer Systems, and

WHEREAS, this order identifies milestones that the City of Modesto has to meet and the City must identify a plan and schedule to meet these goals by August 2, 2007, and

WHEREAS, the order requires that the WDR-SSMP and Schedule be approved by the City Council and then posted on the Regional Board's website, and

WHEREAS, the new WDR identifies specific milestone for Goals, Organization, Legal Authority, Operations and Maintenance Program, Design and Performance Provisions, Overflow Emergency Response Plan, Fats, Oil and Grease (FOG) Control Program, System Evaluation and Capacity Assurance Plan (SECAP), Monitoring, Management and Plan Modifications, SSMP Program Audits and Communication Program, and

WHEREAS, the Gap Analysis prepared by HDR Engineering Inc. identifies the City of Modesto's implementation plan and schedule and serves as the City's SSMP and Schedule as required by the Regional Board, and

WHEREAS, approval by City Council will ensure compliance with the August 2, 2007 deadline by the Regional Board,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the WDR Gap Analysis prepared by HDR Engineering as the City of Modesto's Sanitary Sewer Management Plan (SSMP) and Schedule as required by the State Water Resources Control Board.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-461

A RESOLUTION DIRECTING THE CITY CLERK TO SUBMIT TO THE VOTERS AT THE NEXT REGULAR MUNICIPAL ELECTION A MEASURE SEEKING AN ADVISORY VOTE ON THE QUESTION OF WHETHER THE CITY OF MODESTO SHOULD CHANGE ITS SYSTEM OF ELECTING CITY COUNCILMEMBERS.

BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Pursuant to Article 11 of Section 3 of the California Constitution and Section 9255(a)(2) of the California Elections Code, and California Government Code Section 34458, the Council of the City of Modesto proposes to and does hereby, on its own motion, submit to the qualified electors of the City of Modesto, at the regular municipal election to be held on November 6, 2007, a measure seeking an advisory vote on the question of whether the City of Modesto should change its system of electing City Councilmembers.

SECTION 2. That a measure is to appear on the ballot as follows:

Advisory Vote Only.	YES	
1. Should Modesto change its system of electing City Councilmembers?	NO	
Please answer the next question, whether you voted "Yes" or "No" on this question 1.		

Advisory Vote Only. **2. If the City of Modesto were to change its system of electing City Councilmembers, which of the following systems would you prefer? The Mayor would remain elected by all voters in the City under either option. (Choose only one)**	
2a. "By District": Six Districts where candidates must live in the District they wish to represent and the voters who live in the District vote on who will represent that District.	G
2b. "Mixed": Two At-Large Council seats, where candidates may live anywhere in the City and are voted on by all City voters; and Six Districts where candidates must live in the District they wish to represent, and the voters who live in the District vote on who will represent that District.	G

SECTION 3. That the City Clerk is hereby directed to file a certified copy of this resolution with the Board of Supervisors and the County Election Department of the County of Stanislaus.

SECTION 4. That the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Marsh, O'Bryant, Olsen, Mayor Ridenour

Jean,

Because the County Registrar has split the advisory measure into different measures, technical amendments to the question are necessary to refer to the questions as "Measures" instead of "questions". I have made those technical amendments, which are attached hereto. Please transmit this technical amendment to the Registrar's office. No action is needed by the Council, and this will not change the argument dates as published. I have confirmed with County Counsel that this is the process to follow.

Susana Wood

Technical Amendments

Measure I

Advisory Vote Only. **Should Modesto change its system of electing City Councilmembers?** **Please answer the next measure, whether you voted "Yes" or "No" on this measure.**	YES	G

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-462

A RESOLUTION DIRECTING THE CITY CLERK TO TRANSMIT A COPY OF THE MEASURE SEEKING AN ADVISORY VOTE ON THE QUESTION OF WHETHER THE CITY OF MODESTO SHOULD CHANGE ITS SYSTEM OF ELECTING CITY COUNCILMEMBERS TO THE CITY ATTORNEY FOR THE PURPOSE OF PREPARING AN IMPARTIAL ANALYSIS OF SAID MEASURE.

WHEREAS, the Modesto City Council has directed the City Clerk to submit to the voters at the next regular municipal election to be held on November 6, 2007, a measure seeking an advisory vote on the question of whether the City of Modesto should change its system of electing City Councilmembers.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Clerk of the City of Modesto is hereby directed pursuant to California Elections Code Section 9280 to transmit a copy of said measure to the City Attorney, who is hereby directed to prepare an impartial analysis of the measure showing the effect of the measure on existing law and the operation of the measure.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESCINDED
MAY 25 2010
THIS RESOLUTION WAS RESCINDED BY MODESTO CITY COUNCIL RESOLUTION 2010-332

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-463

A RESOLUTION RECINDING ALL PREVIOUS SEWER FEES RESOLUTIONS AND ESTABLISHING FEES FOR THE PROVISION OF SEWER SERVICE

WHEREAS, Section 11-6.09 of the Modesto Municipal Code authorizes the Council to establish sewer service charges from time to time by resolution, and

WHEREAS, the Council has previously established sewer service charges, and

WHEREAS, Proposition 218 was passed in November of 1996 and became effective with respect to sewer rates on July 1, 1997, and

WHEREAS, on July 24, 2007, the Council held a public hearing pursuant to Proposition 218 with respect to adjustment of sewer rates, and

WHEREAS, notices of a sewer rate adjustment and public hearing were mailed on June 8, 2007 to sewer customers as shown in **Exhibit "A"** attached hereto and incorporated herein by reference, and

WHEREAS, insufficient protests were made to defeat imposition of the sewer rate adjustments resulting in increases in some cases, therefore the rates in the notice are hereby imposed as set forth more specifically below,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. DEFINITIONS. Unless the context requires a different meaning, for the purposes of this resolution the definitions set forth in Section 5-6.103 of Chapter 6 of Title 5 of the Modesto Municipal Code entitled "DEFINITIONS" shall apply.

1. Director: The City officer or designee in charge of utilities.

2. Monthly account charge: A monthly fee charged to every sewer account to pay the actual fixed sewer system costs not allocable to sewer flow and strength components.

3. Person. Any individual, partnership, corporation or other legal entity whatsoever applying for or receiving City sewer service.

SECTION 2. SEWER SERVICE CHARGES FOR RESIDENTIAL SERVICE. Each person receiving residential sewer service shall pay a sewer service charge to the City in accordance with the following rates:

(a) The maximum monthly sewer service charges for dwelling units, mobile homes and mobile home spaces in mobile home parks shall be as follows:

	Year 1	Year 2	Year 3	Year 4	Year 5
Maximum Residential Rates	1-Aug-07	1-Jul-08	1-Jul-09	1-Jul-10	1-Jul-11
Monthly Account Charge ($/Account)	$2.57	$3.71	$4.26	$4.53	$4.74
plus Dwelling Unit Charge ($/Dwelling Unit)					
Single Family Residential, Mobile Home on a lot	$15.97	$23.17	$26.65	$29.48	$30.98
Multiple Family (2-4 Dwelling Units), one additional Dwelling Unit or Mobile Home on a lot	$13.71	$19.89	$22.89	$25.31	$26.60
Apartments (5 or more Dwelling Units), Mobile Home Space in a Mobile Home Park	$10.41	$15.10	$17.37	$19.21	$20.19

SECTION 3. SEWER SERVICE CHARGES FOR COMMERCIAL SERVICE. Each person receiving commercial sewer service shall pay a maximum sewer service charge to the City in accordance with the following rates:

(a) Commercial users shall be grouped according to Biochemical Oxygen Demand (hereinafter referred to as BOD) and Total Suspended Solids (hereinafter referred to as TSS) strength characteristics and shall pay sewer service charges based on the quantity of water used, and the waste strength

by the City Council in a reasonable amount of time in advance of the new sewer rate becoming effective.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of July, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Keating

ATTEST: Jean Morris
JEAN MORRIS, City Clerk

(SEAL)

APPROVED AS TO FORM:

By: _____
SUSANA A. WOOD, City Attorney

characteristics measured in milligrams per liter (hereinafter referred to as mg/l). The Director shall determine the waste strength characteristics of commercial users and assign them to one of the following commercial users groups:

Maximum Commercial Rates	Year 1 1-Aug-07	Year 2 1-Jul-08	Year 3 1-Jul-09	Year 4 1-Jul-10	Year 5 1-Jul-11
Monthly Account Charge ($/Account)	$2.57	$3.71	$4.26	$4.53	$4.74
plus Quantity Charge ($/100 cubic feet)					
Group 1-BOD + TSS is 400 mg/l or less	$1.35	$1.97	$2.26	$2.50	$2.63
Group 2-BOD + TSS is 401 mg/l to 900 mg/l	$1.67	$2.42	$2.78	$3.11	$3.27
Group 3-BOD + TSS is 901 mg/l to 1,400 mg/l	$1.98	$2.87	$3.31	$3.73	$3.91
Group 4-BOD + TSS is 1,401 mg/l or more	$2.36	$3.42	$3.94	$4.46	$4.69

(b) Commercial users shall have all water used on the premises metered in order to determine the users' sewer service charges.

(1) Commercial users on a public water system other than the City's shall obtain a metered water service from the water purveyor and shall pay the sewer service charge which would be made were such water from the City's water system.

(2) Commercial users receiving any water from a private source shall allow the City to furnish, install and maintain a water meter with the user paying for the cost of the meter and installation. The user shall pay the sewer service charge which would be made were such water from the City's water system. Authorization shall be granted to City from user to install, read and maintain said meter by user executing an agreement on a form furnished by the Director.

(c) In the case of existing meters which are under the ownership of users, the City will assume responsibility for maintenance of such meters upon:

(1) Receipt of transfer of title from the owner in a form satisfactory to the Director, and

(2) Authorization being granted to City for reading and maintaining the meter as set forth in paragraph (b) above.

(d) Schools, churches, assembly halls and similar facilities shall be considered Group 1.

SECTION 4. SEWER SERVICE CHARGES FOR INDUSTRIAL SERVICE.

Each person receiving industrial sewer service shall pay a maximum sewer service charge to the City in accordance with the following rates:

(a) The monthly sewer service charges for industrial users shall be at the following rate of per million gallons of total flow.

Maximum Industrial (Major and Minor) Rates	Year 1 1-Aug-07	Year 2 1-Jul-08	Year 3 1-Jul-09	Year 4 1-Jul-10	Year 5 1-Jul-11
Monthly Account Charge ($/Account)	$2.57	$3.71	$4.26	$4.53	$4.74
plus Quantity Charges (these three components are additive)					
Flow Charge ($/Million gallons)	$1,475.66	$2,139.32	$2,460.12	$2,687.91	$2,822.83
BOD Charge ($/1,000 lbs)	$72.98	$106.21	$122.61	$144.69	$152.53
TSS Charge ($/1,000 lbs)	$127.82	$185.75	$214.11	$247.48	$260.51

(1) If the Industry has an effluent meter for industrial flow measurement and a sanitary sewage meter, the total flow shall be the sum of the metered flows.

Sanitary Sewage Flow: If Industry has an unmetered connection for disposal of sanitary sewage, the estimated volume may be established by the Director. The estimated volume shall be based on the number and type of plumbing fixture units contributing to the system along with any other flow information available which indicates the total volume of sanitary sewage.

(2) In the absence of an effluent meter, an influent meter shall be used, and total flow shall be based upon the influent meter reading.

(3) The BOD and TSS charges for industrial and sanitary discharges shall be based on the measured or estimated BOD and TSS for each type of flow.

SECTION 5. FLOW ESTIMATES. The Director will estimate flow where he/she determines metered flow measurements are unreliable.

SECTION 6. SEWER SERVICE CHARGES FOR DUMPING OF SEPTIC WASTE AT THE SEWAGE TREATMENT PLANT

Charge	Year 1 1-Aug-07	Year 2 1-Jul-08	Year 3 1-Jul-09	Year 4 1-Jul-10	Year 5 1-Jul-11
Flow charge per 1,000 gallons	$38.94	$55.68	$63.93	$73.59	$77.44

SECTION 7. INFLATOR INDEX AND REASSESSMENT OF COST OF SERVICE The cost of service set forth above shall be re-examined not less than every four years by professionals competent in the field. Such professionals shall provide a report to the City updating both the fixed and volume based costs as appropriate and as recommended to the Council by the Director and Finance Director. Beginning on July 1, 2012 and annually thereafter, the Finance Director with the concurrence of the Director, shall have the authority to adjust the above rates by an amount not to exceed the not-seasonally-adjusted annual percentage increase in the April Consumer Price Index (CPI) for Urban Wage Earners and Clerical Workers for the San Francisco CMSA that is currently prepared by the Department of Finance.

SECTION 8. SULFIDE CORROSION CHARGES. Any wastewater discharge which exceeds 0.5 parts per million of sulfides shall pay a sulfide corrosion charge, an impact fee, determined on a case-by-case basis as follows:

(a) The projected accelerated corrosion of collection system pipes and pump stations will be calculated based on the EPA Pomeroy Model for Sulfide Corrosion (EPA Design Manual, EPA/625/1-85-018, Section 2.5.2.1 - Corrosion Predictive Model).

(b) The sulfide corrosion charge will then be calculated based on the actual pipes and pump stations, up to the Water Quality Control Plant

Headworks, impacted by the discharge, and on the current estimates of replacement costs and the time value of money.

(c) Discharges of sulfide above 0.5 ppm shall also not have a pH lower than 7.

(d) The discharger may request that the sulfide charge be recalculated each year, if the amount of sulfide discharged is documented as having changed significantly from the previous year. The discharger may elect to receive the billing for this service charge on an annual or monthly basis. No prepayment discount will apply.

(e) This service charge is an impact fee based on sulfide crown corrosion of collection system pipes and pumping facilities. It is not intended to compensate the City for increased corrosion or odor generation in the Water Quality Control Plant. It is not intended to liquidate the responsibility of a party whose wastewater discharge escapes from the collection system causing soil or groundwater contamination. Discharge of concentrated sulfides under the provisions of this section constitutes acceptance of these terms.

SECTION 9. SEWAGE TREATMENT FOR OUTSIDE PUBLIC AGENCIES. Pursuant to agreements approved from time to time by the City Council and the City Attorney (as to form), other public agencies will own and operate, and the City of Modesto will accept and treat sewage collected from, sewer systems external to the City and City's Sewer District No. 1.

SECTION 10. EFFECTIVE DATE. This resolution shall go into effect and be in full force and operation on and after August 1, 2007.

SECTION 11. RESCINDING PRIOR RESOLUTIONS. All previous sewer fees resolutions are hereby rescinded effective August 1, 2007.

Section 12. ANNUAL REVIEW OF ADOPTED RATE INCREASES. The City Council, for fiscal years beginning after June 30, 2008, shall conduct a review of each adopted sewer rate increase prior to its implementation. Said review shall be acted upon

City of Modesto
City Clerk

Modesto, CA 95353

NOTICE OF
PROPOSED SEWER RATE INCREASE
and of
PUBLIC HEARING

↓ *window of #10 envelope*

<<Owner Name1>>
<<Address1>>
<<Address2>>
<<Address3>>
<<Address4>>

THE CITY OF MODESTO GIVES NOTICE that:

1. The City is proposing to increase sewer rates. The purpose of the proposed increase is to the fund operation, maintenance and replacement costs related to providing sewer service to properties within the Modesto Sewer Service Area. The improvements are necessary to maintain, operate, rehabilitate, upgrade and replace existing sewer distribution and treatment facilities as well as all related administrative and incidental costs, including the costs of the hearing shown below and the costs of financing the sewer improvements.

2. The proposed schedule of maximum rates for August 1, 2007 through June 30, 2012 is shown in the table below. If the rate increases are approved, it is proposed that they will commence to be collected beginning with the August 1, 2007 utility bills and will continue to be collected until otherwise modified by the City. The sewer rates will not exceed the maximum amounts shown without another written notice to the property owners. All increases will occur as of July 1 of each subsequent year.

3. Before taking final action on the proposed rate increase, the City Council will hold a **PUBLIC HEARING on Tuesday, July 24, 2007, at 5:30 p.m. in the City Council Chambers, 1010 Tenth Street, Basement Level, Modesto.** The Public Hearing being held to allow the public to provide testimony on the proposed sewer rate increase. The Council may continue the hearing from time to time without further written notice.

4. Any property owner may file with the City Clerk, at any time before the end of the Public Hearing, a written protest against the proposed rate increase. The written protest must identify the property, the property owner, and be signed by the owner of the property or an authorized representative of the owner of the property.

A protest form has been provided below for your use. The written protests may be hand delivered or mailed to the City Clerk at the City's address shown above. To be counted, the City Clerk must receive a written protest not later than the end of the Public Hearing specified above. Protests by telephone, fax, or e-mail will not be accepted. A majority protest exists if, at the end of the Public Hearing, there are valid written protests submitted by owners of a majority of the properties subject to the proposed rate increase. A majority protest will result in the proposed rate increase not being imposed. Note that no more than one protest per property may be submitted.

5. To get additional information about the proposed rate increase, contact Customer Service at (209) 577-5395 or e-mail sewerrates@modestogov.com

Additional written material relating to protest procedures is available at the above City Clerk address during regular business hours.

plus Quantity Charge ($/100 cubic feet)					
Group 1-BOD + TSS is 400 mg/l or less *	$1.35	$1.97	$2.26	$2.50	$2.63
Group 2-BOD + TSS is 401 mg/l to 900 mg/l	$1.67	$2.42	$2.78	$3.11	$3.27
Group 3-BOD + TSS is 901 mg/l to 1,400 mg/l	$1.98	$2.87	$3.31	$3.73	$3.91
Group 4-BOD + TSS is 1,401 mg/l or more	$2.36	$3.42	$3.94	$4.46	$4.69

* Churches and schools are billed at the Commercial Group 1 rate.

Proposed Maximum Monthly Sewer Rates

	Year 1 1-Aug-07	Year 2 1-Jul-08	Year 3 1-Jul-09	Year 4 1-Jul-10	Year 5 1-Jul-11
Industrial (Major and Minor) Rates					
Monthly Acct Charge ($/Acct)	$2.57	$3.71	$4.26	$4.53	$4.74
plus Quantity Charges (these three components are additive)					
Flow Charge ($/M gallons)	$1,475.66	$2,139.32	$2,460.12	$2,687.91	$2,822.83
BOD Charge ($/1,000 lbs.)	$72.98	$106.21	$122.61	$144.69	$152.53
TSS Charge ($/1,000 lbs.)	$127.82	$185.75	$214.11	$247.48	$260.51

Sample Calculations for Residential Properties:
Single Family Residential = $15.97 + $2.57/account = $18.54
Duplex = 2 units x $13.71/unit = $27.42 + $2.57/account = $29.99
10 Unit Apartment = 10 units x $10.41/unit = $104.10 + $2.57/account = $106.97

Abbreviations: M = million BOD = Bio-chemical Oxygen Demand
TSS = Total Suspended Solids lbs = pounds mg/l = milligrams per liter

The proposed rate increase(s) are based on currently available information. Your actual bills are rounded and may be slightly different than listed above. State law requires that all property owners affected by the rate increase(s) be given the opportunity to protest the proposed rate increase(s).

Beginning on July 1, 2012, maximum rates will be adjusted each year thereafter by the annual change in the Consumer Price Index (CPI), Urban Wage Earners and Clerical Workers Series for the San Francisco CMSA that is currently prepared by the California Department of Finance. The actual rates to be levied each year will not exceed the adjusted maximum rates in any given fiscal year without notification and right of protest by the property owners.

SAMPLE - Protest Form

If you would like to protest the proposed Sewer Rate Increase, you may complete this Protest Form, detach it, and mail it to the Modesto City Clerk, P.O. Box 642, Modesto, CA 95353 or hand deliver the form to the City Clerk's office, 1010 Tenth Street, Sixth Floor, Modesto, CA 95354. In order for this form to be counted as a valid protest against the proposed rate increase, this form must be signed and delivered to the City Clerk no later than the end of the Public Hearing on July 24, 2007. ***Only one protest is allowed per property.***

Assessor's Parcel Number: <<APN>>

Parcel Address: <<Situs Address>>

☐ **I protest the proposed sewer rate increase to fund operation, maintenance and replacement costs related to providing sewer service to properties within the Modesto Sewer Service Area.**

I hereby declare under penalty of perjury that I am the owner of the above listed property or the authorized representative of the owner of the above listed property.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-464

A RESOLUTION ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS FOR ALLEY PAVING AND CURB AND SIDEWALK IMPROVEMENTS

WHEREAS, in 1986, the City Council of the City of Modesto, California ("Council") passed resolutions allowing the City to pave along certain alleys and construct curbs and sidewalks within the City.

WHEREAS, the property owners had the choice of paying the construction costs at the time of construction or they could elect to have them paid in installments on their property tax bills.

WHEREAS, the charges against the real property are for actual work performed and are for the purpose of alley paving and curb and sidewalk improvements.

WHEREAS, the City Council has determined and certified that the charges are either exempt from or in compliance with all the provisions of Proposition 218 which was passed by the voters in November 1996, and

WHEREAS, the City Council has further determined the charges are in compliance with all laws pertaining to the levy of such charges,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby orders the levy and collection of assessments for the 2007-08 fiscal year as shown in **Attachment A**, and that a certified copy of this resolution together with attached documentation shall be delivered to the Auditor-Controller of the County of Stanislaus for placement of such assessments on the 2007-08 County tax roll and in each subsequent fiscal year in which charges may validly be levied.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-465

A RESOLUTION APPROVING A PROGRAM AGREED UPON BETWEEN THE CITY OF MODESTO AND THE MODESTO CITY EMPLOYEES' ASSOCIATION (MCEA) TO PROVIDE FOR FLEXIBLE STAFFING IN THE CUSTOMER SERVICES DIVISION OF THE FINANCE DEPARTMENT AND ABOLISHING THE SUNSET PROVISION OF THE PILOT PROGRAM

WHEREAS, Resolution No. 2005-194, adopted by the Council on April 26, 2005, approved an agreement between the City of Modesto and Modesto City Employees' Association (MCEA) to establish a Flexible Staffing Pilot Program (the "Program") to allow for the study and development of flexible staffing options for identified Customer Service Account Clerks to be based on measurable knowledge, skills, abilities, and time-in-grade criteria, and

WHEREAS, the Program has been successful in meeting established goals and criteria including limiting the number of Customer Services Account Clerk III's to no more than 25% of the total number of Customer Service Account Clerks allocated to the Division, and

WHEREAS, the Program allowed for an amendment to the classification plan as approved by Resolution No.2005-195, adopted by the Council on April 26, 2005, and amended the Class Range Table for General Non-Sworn Classes to establish a salary range for Customer Service Account Clerk I at range 109, Customer Service Account Clerk II at range 111, Customer Service Account Clerk III at range 115, and Customer Service Account Technician at range 118 by Resolution No. 2005-196, adopted by the Council on April 26, 2005, and

WHEREAS, the parties request that the City Council approve the Flexible Staffing Program agreed upon between the City of Modesto and MCEA, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Flexible Staffing Program agreed upon between the City of Modesto and MCEA on an on-going basis in the Customer Services Division of the Finance Department.

BE IT FURTHER RESOLVED that the sunset provision set forth in the Flexible Staffing Pilot Program is hereby abolished.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8th day of August 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-466

A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN FOR THE CITY OF MODESTO.

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. CLASSIFICATION CREATED. The Position Classification Plan of the City of Modesto is hereby amended to create the following classification:

Code Enforcement Officer-Neighborhood Preservation I/II

The job specification for this classification is being created as a result of a completed classification study to identify the assignment in the Neighborhood Preservation Unit. The job specification for the classification of Code Enforcement Officer-Neighborhood Preservation I/II, as shown on the attached **Exhibit "A,"** which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after August 8, 2007.

The foregoing resolution was introduced in a special meeting of the Council of the City of Modesto held on the 8th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

No. 3213
No. 3212

August 2007

CODE ENFORCEMENT OFFICER-Neighborhood Preservation I
CODE ENFORCEMENT OFFICER-Neighborhood Preservation II

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To investigate and enforce applicable ordinances, codes, and regulations related to, zoning, land use, health and safety, blight, graffiti, and water waste involving both office and field work.

DISTINGUISHING CHARACTERISTICS:

Code Enforcement Officer-Neighborhood Preservation I: This is the entry level class in the series. This class is distinguished from the Code Enforcement Officer-Neighborhood Preservation II by the performance of the more routine tasks and duties assigned to positions within the series including routine inspections and investigations.

Code Enforcement Officer-Neighborhood Preservation II: This is the full journey level class series. Employees within this class are distinguished from the Code Enforcement Officer-Neighborhood Preservation I by the performance of the full range of duties as assigned including a variety of investigations, inspections, and related code enforcement activities. Employees at this level receive only occasional instruction or assistance as new or unusual situations arise, and are fully aware of the operating procedures and policies of the work unit.

SUPERVISION RECEIVED AND EXERCISED

Code Enforcement Officer-Neighborhood Preservation I: Receives immediate supervision from higher level supervisory and management staff.

Code Enforcement Officer-Neighborhood Preservation II: Receives general supervision from higher level supervisory and management staff. May exercise technical supervision over less experienced staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

Receive, investigate, and respond to complaints of violations of local and state laws, ordinances, or codes and regulations related to zoning, land use, health and safety, blight, graffiti, and water waste and related issues.

Patrol assigned area in a City vehicle to investigate and mitigate alleged complaints of violations.

Conduct field investigations; contact responsible persons, interview citizens, photograph evidence, develop and maintain detailed information for case files regarding code enforcement activity to substantiate violations.

Interact with the public in potentially volatile situations; resolve disputes regarding code enforcement matters in a tactful and productive manner.

Research ownership and lien holders of subject properties.

Perform follow-up investigations to ensure that remedial action has been taken.

Prepare and manage a caseload including maintaining accurate case files composing letters, memos, and writing related reports;

Issue notice of violations, criminal and administrative citations; notice and order, abatement warrants, abatement orders and property and code enforcement liens; consulting with Deputy City Attorney, as needed.

Based on the severity of the violation(s), prepare and present cases during Administrative Hearings or criminal proceedings, as required.

Coordinate and facilitate investigations with other agencies and City departments on the investigations and disposition of cases.

Analyze, evaluate, and interpret all City codes; explain and educate members of the public on enforcement procedures.

Develop and implement public information programs and education programs to inform citizens of the programs that this division enforces.

Represent the City during public meetings, City Council meetings, neighborhood forums and necessary court appearances or administrative hearings.

Essential Functions: (Continued)

Drive assigned City vehicles for entire work shift in a safe and knowledgeable manner.

Input daily case reports and perform other administrative tasks as needed.

Interpret architectural drawings and read blueprints and plot plans to determine set backs, planned developments, and clear vision triangles.

Marginal Functions:

Perform other duties as assigned.

QUALIFICATIONS

Level I

Knowledge of:

Basic personal computer operations.

Safe and efficient work practices related to code enforcement activities.

Procedures and techniques for working with the public in a tactful but ~~firm~~ professional manner.

Ability to:

Learn to enforce various codes, ordinances, laws and regulations.

Establish and maintain cooperative working relationships with those contacted in the course of work.

Exercise independent judgment and make sound decisions in emergency situations.

Communicate clearly and concisely, both orally and in writing; write defensible reports.

Evaluate and establish priorities; handle simultaneous events effectively.

Ability to: (Continued)

Establish and maintain effective working relationships with coworkers, subordinates and supervisors, other departments, outside agencies and the public including the ability to resolve conflicts.

Interact with the public displaying a high degree of courtesy, tact, compassion and poise.

Exercise independent judgment and make sound decisions in the performance of job duties.

Work with considerable independence in setting priorities and finding solutions to code related issues.

Provide high level of expertise in conduct of investigations, which may require coordination with other aspects of law enforcement issues such as animal abuse/cruelty, building inspection, and criminal investigation.

Interpret and apply applicable laws, ordinances and regulations.

Learn the operation of standard equipment required for job performance including the use of a computer and police radio.

Use maps and learn City geography.

Communicate effectively; make and prepare clear presentations and reports both orally and in writing.

Maintain detailed reports and research code enforcement activities.

Work effectively and efficiently under stressful situations and with minimum supervision.

Carry out conflict resolution skills.

Type at a reasonable speed.

Handle multiple priorities at the same time.

In addition to the qualifications for Code Enforcement Officer-Neighborhood Preservation I:

Level II

Knowledge of:

City codes, ordinances, laws and regulations pertaining to zoning, signs, water conservation, environmental issues and neighborhood blight.

Basic legal procedures regarding City/County services, programs and governmental operations.

Principles, practices, methods and techniques of code enforcement including some familiarity with criminal law and enforcement.

Research methods.

Ability to:

Inspect and identify violations of applicable City codes and ordinances.

Use and interpret various government codes.

Work independently with minimum supervision.

Experience and Training Guidelines:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Code Enforcement Officer-Neighborhood Preservation I

Experience:

One year of experience dealing with the public in an enforcement, inspection, investigation or customer service capacity. Experience including the enforcement of municipal codes is highly desirable.

Training:

Equivalent to completion of the twelfth grade supplemented by college level coursework in public administration, business administration, criminal justice, or other related field. Equivalent to an Associate of Arts Degree from an accredited college in a related field is desirable.

License or Certificate:

Possession of a valid Class C California driver's license with a satisfactory driving record is required by date of appointment.

Possession of a POST approved P.C. 832 Certificate is required by the end of probationary period. Failure to obtain this certification may result in release from probation or termination.

Possession of a basic code enforcement academy certification issued by the California Association of Code Enforcement Officers (C.A.C.E.O.) or American Association of Code Enforcement Officers (A.A. C.E.) is required by end of probationary period.

Code Enforcement Officer-Neighborhood Preservation II

Experience:

Two years of journey level experience in code enforcement, investigative or public relations which include enforcing established laws, codes, or regulations; or one year of experience as a Code Enforcement Officer I.

Training:

Equivalent to completion of the twelfth grade supplemented by college level coursework in public administration, business administration, criminal justice, or other related field. Equivalent to an Associate of Arts Degree from an accredited college in a related field is desirable.

License or Certificate:

Possession of a valid Class C California driver's license with a satisfactory driving record is required by date of appointment.

Possession of a POST approved P.C. 832 Certificate is required by date of appointment.

Possession of a basic code enforcement academy certification issued by the California Association of Code Enforcement Officers (C.A.C.E.O.) or American Association of Code Enforcement Officers (A.A.C.E.). Advanced level certification is desirable.

WORKING CONDITIONS

Environmental Conditions

Work is performed both in a office and field environment subject to typical office noise, environment and regular travel from site-to-site. Positions may require occasional overtime or weekend work.

Physical and Mental Requirements

Mobility: frequent use of keyboard; frequent sitting for long periods of time; occasional bending or squatting. **Lifting**: frequently up to 10 pounds; occasionally up to 25 pounds. **Vision**: constant use of overall vision; frequent reading and close-up work; occasional color and depth vision. **Dexterity**: frequent repetitive motion; frequent writing; frequent grasping, holding, and reaching. **Hearing/Talking**: frequent hearing and talking, in person and on the phone. **Emotional/Psychological**: frequent decision-making and concentration; frequent public and coworker contact; occasional working alone. **Environmental**: frequent exposure to noise, weather conditions, irate people and vicious dogs.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-468

A RESOLUTION APPROVING AN AGREEMENT WITH THE STANISLAUS COUNTY PROBATION DEPARTMENT IN THE AMOUNT OF $91,670 FOR ONE POLICE OFFICER TO PROVIDE HIGH RISK OFFENDER/JUVENILE WARRANT ENFORCEMENT PROGRAM FOR FISCAL YEAR 2007/08, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, in 2001 the Stanislaus County Probation Department received a grant to provide funding of the High Risk Offender/Juvenile Warrant Enforcement Program, and

WHEREAS, the goals of the High Risk Offender/Juvenile Warrant Enforcement Program are to reduce juvenile crime and gang involvement and increase offender accountability, and

WHEREAS, the Stanislaus County Probation Department has a need for a Police Officer to partner with a Probation Officer to provide intensive supervision and monitoring to high risk juvenile wards and enforcement of Juvenile Court warrants and conduct police/probation activities to curtail delinquent behavior in high crime areas, and

WHEREAS, the Modesto Police Department has provided an experienced and competent Police Officer for these purposes since 2001, and

WHEREAS, the term of this Agreement is July 1, 2007, through June 30, 2008, and

WHEREAS, the City shall be compensated $91,670 for the salary and benefits for one (1.0 FTE) Police Officer,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement with the Stanislaus County Probation Department in

the amount of $91,670 for one Police Officer to provide High Risk Offender/Juvenile Court Warrant Enforcement Program.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

RESOLUTION NO. 2007-471

A RESOLUTION APPROVING A LICENSE AGREEMENT WITH THE MODESTO IRRIGATION DISTRICT (MID) FOR THE PURPOSE OF INSTALLING AND MAINTAINING PRESSURE REGULATING VALVES ON THE DOMESTIC WATER TRANSMISSION PIPELINE LOCATED ON MID PROPERTY, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT

WHEREAS, the City and the Modesto Irrigation District (MID) have begun work planning to expand the Modesto Regional Water Treatment Plant (MRWTP) from its existing capacity of 30 million gallons per day (mgd) to 60 mgd, and

WHEREAS, the MRWTP currently treats water from the Modesto Reservoir and conveys it to the City's service area to combine with groundwater sources to meet the City's water supply needs, and

WHEREAS, the City has determined that its distribution system needs additional downstream improvements to fully integrate the expanded MRWTP with the City's water distribution system, and

WHEREAS, pressure regulating valves are needed to adequately distribute water throughout each section of the City, and

WHEREAS, eight pressure regulating valves will be located within MID right-of-way, and

WHEREAS, the Modesto Irrigation District requires a License Agreement to install and maintain improvements in the District right-of-way, and

WHEREAS, at its March 8, 2004 meeting the Economic Development Committee approved this project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a License Agreement with the Modesto Irrigation District (MID) for the

purpose of installing and maintaining Pressure Regulating Valves on the domestic water transmission pipeline located on MID property.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the License Agreement.

A RESOLUTION APPROVING THE MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN THE CITY OF MODESTO AND THE MODESTO POLICE NON SWORN ASSOCIATION (MPNSA) FOR A TERM OF JULY 24, 2007 THROUGH JUNE 23, 2008.

WHEREAS, the Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Police Non Sworn Association (MPNSA) expired on July 23, 2007, and

WHEREAS, representatives of the CITY and the MPNSA have met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, pursuant to an Agenda Report dated July 31, 2007, a copy of which report is on file in the office of the City Clerk, the CITY and MPNSA have reached agreement on a new MOU which, upon execution, shall be **attached** hereto and made a part hereof, and

WHEREAS, the MOU provides as follows:

SECTION 1. SALARY. A minimum of 3.0% across-the-board salary increase effective July 24, 2007, with a maximum increase equal to any across-the-board increase granted employees represented by the Modesto City Employees' Association (MCEA) or the Modesto Confidential and Management Association (MCMA) during the term of this MOU. This provision for a maximum increase equal to MCEA or MCMA shall expire on June 23, 2008.

SECTION 2. HEALTH, DENTAL AND VISION BENEFITS. The City's contribution to employees' Health, Dental and Vision coverage shall be as follows:

	7/24/07
Family	$890
Single	495
Opt Out	400

SECTION 3. LABOR MARKET SURVEY. A market survey is to be undertaken and is anticipated to commence no later than October 15, 2007. The parties will meet and confer on the labor market agencies to be surveyed. Final labor market data is anticipated to be available for subsequent negotiations by March 24, 2008, and the parties agree to expeditiously begin negotiations once the final data is available.

SECTION 4. RETIREE HEALTH PROGRAM. The parties have agreed to continue meeting and evaluating alternatives to the current Retiree Health Program structure. If the parties are able to identify an acceptable alternative, negotiations will commence on its implementation. MPNSA has reiterated the Association's intention to link enhanced Retirement to Retiree Health negotiations.

SECTION 5. ADDITIONAL CHANGES. Other negotiated additions, deletions or amendments to the text of the Memorandum of Understanding deal with shift differential and leaves, as well as pending items related to personnel rules and to succession planning, and

WHEREAS, the Council considered this matter at its meeting of August 8, 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Memorandum of Understanding (MOU) between the City of Modesto and the Modesto Police Non Sworn Association (MPNSA), which covers a term from July 24, 2007 through June 23, 2008, and upon execution of same, a copy of the MOU will be on file in the office of the City Clerk.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8th day of August, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-473

A RESOLUTION APPROVING THE CLASS RANGE TABLE FOR PUBLIC SAFETY NON-SWORN CLASSES AS SET FORTH IN EXHIBIT "A" ATTACHED HERETO EFFECTIVE JULY 24, 2007, AND ADOPTED CONCURRENTLY WITH RESOLUTION NO. 2007-472 APPROVING THE MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF MODESTO AND THE MODESTO POLICE NON SWORN ASSOCIATION (MPNSA) ADOPTING SALARY AND BENEFIT CHANGES AND SETTING FORTH SALARY SCHEDULES FOR PUBLIC SAFETY NON-SWORN CLASSES; AMENDING THE CLASS RANGE TABLE FOR GENERAL NON SWORN CLASSES AS SET FORTH IN EXHIBIT "B" ATTACHED HERETO EFFECTIVE JULY 24, 2007, TO REFLECT THE REMOVAL OF PUBLIC SAFETY NON SWORN CLASSES.

WHEREAS, on August 8, 2007, the City Council adopted Resolution No. 2007-472 approving the Memorandum of Understanding (MOU) between the City of Modesto and the Modesto Police Non Sworn Association (MPNSA) setting forth salary schedules for public safety non-sworn classes, and

WHEREAS, Council desires to establish a Class Range Table for Public Safety Non Sworn classes, and

WHEREAS, Council desires to amend the Class Range Table for General Non Sworn classes to remove the Public Safety Non Sworn classes,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Class Range Table for Public Safety Non-Sworn Classes, entitled "City of Modesto Class Range Table Public Safety Non-Sworn Classes Effective July 24, 2007" which is attached hereto as **Exhibit "A"** and made a part hereof as though set forth in full herein.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Council hereby approves the Class Range Table for General Non-Sworn Classes, entitled "City of Modesto Class Range Table General Non-Sworn Classes Effective July 24, 2007" which is attached hereto as **Exhibit "B"** and made a part hereof as though set forth in full herein.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8th day of August 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

A RESOLUTION AMENDING THE FISCAL YEAR 07-08 OPERATING BUDGET TO TRANSFER $203,704 FROM 0100-800-8000-8003, GENERAL FUND RESERVE, TO VARIOUS SALARY AND BENEFIT ACCOUNTS TO PROVIDE FUNDING FOR THE NEGOTIATED AGREEMENT BETWEEN THE CITY OF MODESTO AND THE MODESTO POLICE NON SWORN ASSOCIATION EFFECTIVE JULY 24, 2007

WHEREAS, the City Council desires to authorize salary and benefit changes as part of the negotiated agreement between the City of Modesto and the Modesto Police Non Sworn Association, effective July 24, 2007, and

WHEREAS, the FY 07-08 costs associated with this 3.0% salary increase and various benefit increases are estimated at $211,411, effective July 24, 2007, and

WHEREAS, $203,704 of these increased expenditures have not yet been budgeted,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Fiscal Year 2007-08 Operating Budget is hereby amended to transfer $203,704 from 0100-800-8000-8003, the General Fund Reserve to various salary and benefit accounts, to fund said salary and benefit changes negotiated as part of the Memorandum of Understanding between the City of Modesto and the Modesto Police Non Sworn Association.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8th day of August, 2007, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-475

A RESOLUTION APPROVING A ONE-HALF PERCENT (0.5%) SALARY ADJUSTMENT FOR EMPLOYEES REPRESENTED BY THE MODESTO MANAGEMENT AND CONFIDENTIAL ASSOCIATION (MCMA) EFFECTIVE JULY 24, 2007

WHEREAS, pursuant to Resolution No. 2007-446, the Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Confidential and Management Association (MCMA) was approved on July 24, 2007, and

WHEREAS, pursuant to Resolution No. 2007-446, SECTION 1. SALARY, the MOU provides as follows:

A minimum of 2.5% across-the-board salary increase effective July 24, 2007, subject to Pay for Performance criteria, with a maximum increase equal to any across-the-board increase granted employees represented by the Modesto City Employees' Association (MCEA) or the Modesto Police Non-Sworn Association (MPNSA) during the term of this MOU. This provision for a maximum increase equal to MCEA or MPNSA shall expire on June 23, 2008.

WHEREAS, the City and MPNSA have reached an agreement on a three percent (3%) across-the-board salary increase effective July 24, 2007, and

WHEREAS, on August 8, 2007, the City Council approved an MOU between the City and MPNSA which included the 3% salary increase, and

WHEREAS, employees represented by MCMA are therefore entitled to an additional one-half percent (0.5%) salary increase, from two and one-half percent (2.5%) to three percent (3%), effective July 24, 2007, and

WHEREAS, the Council considered this matter at its meeting of August 8, 2007.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the salary adjustment from 2.5% to 3% for employees represented by the Modesto Confidential and Management Association (MCMA) effective July 24, 2007.

NOW, THEREFORE, BE IT FURTHER RESOLVED, by the Council of the City of Modesto that implementation of any retroactive portion of this salary change may be subject to methods mutually agreed to by the City and MCMA. Such methods may include, but are not limited to, employee lump sum payment in lieu of individual employee payroll calculations.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8th day of August, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-476

A RESOLUTION AMENDING THE FISCAL YEAR 07-08 OPERATING BUDGET TO TRANSFER $46,985 FROM 0100-800-8000-8003, GENERAL FUND RESERVE, AND $46,361 FROM OTHER FUND RESERVES, TO VARIOUS SALARY AND BENEFIT ACCOUNTS FOR IMPLEMENTATION OF A 0.5% SALARY INCREASE FOR EMPLOYEES REPRESENTED BY THE MODESTO CONFIDENTIAL AND MANAGEMENT ASSOCIATION EFFECTIVE JULY 24, 2007

WHEREAS, by Resolution No. 2007-446, the City Council approved a Memorandum of Understanding (MOU) between the City of Modesto and the Modesto Confidential and Management Association (MCMA), effective July 24, 2007, and

WHEREAS, the MCMA MOU provides for a minimum 2.5% salary increase and a maximum increase equal to that granted to employees represented by the Modesto Police Non Sworn Association (MPNSA) or the Modesto City Employees Association (MCEA), and

WHEREAS, on August 8, 2007, the Council approved an MOU with MPNSA which provides for a 3% salary increase, and

WHEREAS, employees represented by MCMA are therefore authorized to receive an additional 0.5% salary increase for a total of 3%, and

WHEREAS, the FY 07-08 costs associated with this 0.5% salary increase are estimated at $93,346, effective July 24, 2007, and

WHEREAS, these increased expenditures have not yet been budgeted,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Fiscal Year 2007-08 Operating Budget is hereby amended to transfer $46,985 from 0100-800-8000-8003, the General Fund Reserve, and $46,361 from other Fund reserves to various salary and benefit accounts, to fund said salary change negotiated as

part of the Memorandum of Understanding between the City of Modesto and the Modesto Confidential and Management Association.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8th day of August, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-477

A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED DEVELOPMENT ZONE, P-D(580) (TALLAC MODESTO PARTNERS, LLC)

WHEREAS, a verified application for an amendment to Section 29-3-9 of the Zoning Map was filed by Tallac Modesto Partners, LLC on March 20, 2007, to reclassify from Light Industrial Zone, M-1, to Planned Development Zone, P-D(580), to allow the conversion of an existing building into individually owned airspace office condominium units, property located at 1231 8th Street, described as follows:

Rezone M-1 to P-D(580)

All that certain real property situated in the City of Modesto, County of Stanislaus, State of California, and being a portion of the Southwest quarter of Section 29, Township 3 South, Range 9 East, Mount Diablo Base and Meridian, more particularly described as follows:

All of Lots 1 thru 11 in Block 39 as shown on that Map of City of Modesto Block 39 filed in Volume 15 of Maps, Page 39, Stanislaus County Records;

also including the southwesterly half of 8th Street; the southeasterly half of M St, and the northeasterly half of the alley; all being immediately adjacent to the above described property.

WHEREAS, after a public hearing held on June 18, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2007-25, that rezoning of the property as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed amendment is consistent with the Modesto Urban Area General Plan because the existing use of the property as commercial office space is consistent with Redevelopment Planned District and subsequently, with the goals of the Redevelopment Commission for economic and community development.

2. The proposed Planned Development Zone amendment will be compatible with the surrounding land uses.

3. The proposed amendment is exempt from CEQA, based upon Section 15305 for minor alterations in land use limitations.

WHEREAS, said matter was set for a public hearing of the City Council to be held on August 8, 2007, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Tallac Modesto Partners, LLC for a Planned Development Zone should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2007-25 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3450-C.S. on the 8th day of August, 2007, reclassifying the above-described property from Light Industrial Zone, M-1 to Planned Development Zone, P-D(580).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. DEVELOPMENT PLAN

The development plan for Planned Development Zone, P-D(580), is hereby approved subject to the following conditions:

1. Any business may be open to the public only between the hours of 7:00 a.m. and 10:00 p.m. seven days a week, unless a use permit for each business seeking additional hours is obtained from the Board of Zoning Adjustment.

2. No operations conducted on the premises shall cause an unreasonable amount of noise, odor, dust, mud, smoke, vibration, or electrical interference detectable off the premises. All machinery or equipment shall be soundproofed as required by the Chief Building Official.

or:

SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(580):

> The Final map shall be recorded on or before two years following approval of the Tentative Parcel Map.

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(580), becomes effective.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-478

A RESOLUTION DENYING THE APPEAL OF MR. DENNIS McDONALD AND UPHOLDING THE DECISION OF THE PUBLIC WORKS DIRECTOR AUTHORIZING THE USE OF A PROPOSED TAXICAB COLOR SCHEME BY MR. BOBBY RATHI.

WHEREAS, Modesto Municipal Code, Section 4-6.201 grants the Public Works Director the authority to approve taxicab companies to operate in the City, and

WHEREAS, Mr. Bobby Rathi applied to operate a new taxicab company, and

WHEREAS, Mr. Rathi proposed a color scheme for his taxicabs, and

WHEREAS, the Public Works Director has, considering all the issues and with staff recommendations, given approval for the color scheme proposed by Mr. Bobby Rathi, and

WHEREAS, by letter dated June 12, 2007, Mr. Dennis McDonald filed an appeal, with the Office of the City Clerk, to the decision of the Public Works Director authorizing the use of a proposed taxicab color scheme by Mr. Bobby Rathi, and

WHEREAS, said appeal was set for a public hearing before the City Council at its regular meeting place located in the Tenth Street Place Chambers located at 10101 10th Street, Modesto, California, at 5:30 p.m. on August 8, 2007, and

WHEREAS, after said public hearing the Council found and determined that said appeal should be denied and the decision of the Public Works Director should be affirmed,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal of Mr. Dennis McDonald to the decision of the Public Works Director authorizing the use of a proposed taxicab color scheme by Mr. Bobby Rathi is denied and the decision of the Public Works Director is hereby affirmed.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of August, 2007, by Council member Dunbar, who moved its adoption, which motion being duly seconded by Council member Olsen, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-479

A RESOLUTION ACCEPTING A STAFF REPORT REGARDING THE ACTIVITIES AND RESPONSIBILITIES FOR MODESTO TO SERVE AS A HOST CITY FOR A STAGE START ON FEBRUARY 20, 2008, FOR THE 2008 AMGEN TOUR OF CALIFORNIA.

WHEREAS, this past February, the Amgen Tour of California swept down the California Coast for eight days generating over $100 million of economic impact to the 12 host cities and the state with over one billion marketing impressions created worldwide, and

WHEREAS, from San Francisco and Sacramento to Long Beach over 1.6 million spectators witnessed America's most important annual cycling race making it the most attended single sporting event in our state's history, and

WHEREAS, on May 22, 2007, by Resolution No. 2007-298, the City Council approved a Request for Proposal (RFP) application for the City of Modesto to apply to become a "Host City" for the third-annual Amgen Tour of California, and

WHEREAS, the Host City submission requirements were: a Statement of Interest; race operation commitment; hotel, parking and meal options; route and festival options; marketing and public relations commitment; and development of a local organizing committee, and

WHEREAS, at a meeting held on May 7, 2007, the Convention and Visitors Bureau agreed to be the lead agency in the preparation and submission of the application and staff from the City's Police, Fire, Public Works and Parks, Recreation and Neighborhoods Department provided input into the application, and

WHEREAS, on June 12, 2007, representatives from the Amgen Tour met with staff from the Convention and Visitors Bureau and the City of Modesto and route options and other logistics were presented and discussed, and additional information about Modesto's qualifications was given to the Amgen representatives, and

WHEREAS, by a letter dated July 1, 2007, the Convention and Visitors Bureau was notified that Modesto has been invited to be a host city for the stage start on Wednesday, February 20, 2008, and

WHEREAS, an agreement between the City of Modesto and Anschutz Entertainment Group (AEG) is required, and

WHEREAS, since the City's commitment will be less than $50,000, on July 23, 2007, the City Manager signed an agreement with Anschutz Entertainment Group (AEG), and

WHEREAS, as a partner of the Amgen Tour of California, a Stage Start Host City is required to provide support and assume all related costs in the areas of race operations; hotels, parking and meals; a local organizing committee; and a volunteer program as more fully described in **Exhibit "A"** attached hereto and incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts a staff report regarding the activities and responsibilities for Modesto to serve as a Host City for a Stage Start on February 20, 2008, for the 2008 AMGEN Tour of California.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Olsen, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carried and the resolution adopted by the following vote:

SUSANA ALCALA WOOD, City Attorney

HOST CITY REQUIREMENTS STAGE START

As a partner of the Amgen Tour of California, a Stage Start Host City is REQUIRED to provide the following support and assume all related costs as part of their bid submission.

RACE OPERATIONS

POLICE SERVICES - Local (City and/or County) police services and related costs are the responsibility of the host city. In coordination with California Highway Patrol (CHP), CalTrans, as well as the Tour s motor and road marshals and in conjunction with the LOC volunteer program, local police provide for a safe road closure, which may include fixed-post positions, traffic control, crowd control, enforcing no-parking zones and maintaining general public safety.

PUBLIC WORKS AND ROAD SERVICES - Local Public Works and Road Services are the responsibility of the host city. The city will absorb the cost for all services within the city limits. These services are necessary to support police efforts to ensure road closure and safety of the course. These services include:

Detours and detour equipment (ATOC will provide 2000 running feet start line fencing (1000 feet of fencing on each side of race course)
Barricades
Cones
Printing/posting of No Parking signs
Removal/restoration and street repair

PERMIT SERVICES - All fees associated with city permits and permit requirements for the operation of the event are to be procured by the host venue on behalf of the Tour. They include, but are not limited to:

Parking -both on and off street
Alcoholic beverages -consumption in public, if served at a start, from cups and cans, in a private VIP area
Road closures and use -closure and use of roads for setup and racing (includes permits for construction of staging, tents, wiring and electrical, portable generators, power equipment, and fork lift)
Special and Ancillary Events - pre-event and race day
Banners and Signs -hanging and display of pre-event, race day advertising, and sponsor banners.
Concession Sales - on-site merchandise and concession stands as requested by ATOC .

EMT/EMS SERVICES - It is the responsibility of the host venue to provide EMT/EMS services for the general public the day of the Stage Start. Please note that the Tour provides medical services for the athletes, team support and staff personnel. Placement of EMT/EMS services will be decided by the Tour s Technical Director.

RESIDENT/BUSINESS NOTIFICATIONS Host cities are responsible for notifying local residents and businesses of the impact of the tour including road closures, traffic advisories etc. Notifications should be bi-lingual, including an English and Spanish version.

PORT-O-LETS Host cities will secure port-o-let services or public restrooms during the day of the Stage Start. The number of units will be mutually agreed upon by the host venue and the Tour s Technical Director.

WASTE MANAGEMENT Host cities will provide waste management/trash removal services during the event and at the conclusion.

HOTELS, PARKING AND MEALS (STAGE START)

HOTEL ACCOMMODATIONS

Host Venues are Financially Responsible For:

START ADVANCE CREW ROOM BLOCKS - The host venue is required to provide accommodations for the Tour s start construction crew and start advance staff which consists of 100 people.

- The **hotel room commitment is 63 rooms** the night before the race stage start, with the following room configuration: 25 singles, 38 doubles rooms.
- It is most advantageous that these rooms be in no more than one (1) hotel property located close (walking distance) to the Start Line area.
- Minimum 3-Star hotel property
- It is preferred that the hotel offers a breakfast meal and also be close to full-service restaurants.

SITE VISIT/LOC MEETING ROOM BLOCK The host city is required to provide the tour with **20 hotel room nights** to be used anytime from July 1 to February 17th for site visit and LOC meetings.

MEALS

BREAKFAST MEAL - The host venue is required to provide breakfast for the start line construction crew and start advance staff (**approximately 100 people**). Breakfast will need to be served no later than 6 a.m.

- A breakfast per diem of $10 (per person) may be provided for staff in lieu of an organized breakfast (due to early hours).

PARKING REQUIREMENTS

TEAM PARKING AND STAGING AREA Requires parking for approximately 50 vehicles

VIP / STAFF EVENT PARKING Requires parking for approximately 150 vehicles adjacent to the finish-line location.

LOCAL ORGANIZING COMMITTEE (LOC)

The host venue is required to form a Local Organizing Committee that best represents the interests of the host venue and the Tour.

STRUCTURE
In order for the Amgen Tour of California (ATOC) to be successful at the local and international level, in terms of support, planning and execution in your community, the following positions are required for your host venue s LOC. Each of the positions outlined below will work directly in cooperation with their respective Tour counterpart ongoing dialogue between the Tour and the LOC is necessary and invaluable.

Chairperson
Tour Venue Director point-of-contact
- Significant community leader required for creating project support, community awareness and fundraising efforts.
- Direct point of contact for Tour Venue Director and staff liaison between TOC staff and LOC members.
- Responsible for communicating Tour plans and directives to all LOC staff members.
- Responsible for coordinating and conducting regular LOC meetings and maintaining all LOC functions based upon TOC-driven timeline.

Technical Director
In cooperation with the Tour Technical Director:
- Assist with all race operations, including, but not limited to, course markings, road closures, course maps, routing, volunteer & marshal placement, communications, venue design and construction, schedule of events, etc.
- Assist with overall conduct of events and remain in constant communication with Tour staff to ensure a properly managed and safe event
- Assist with design of Finish line layout and adjacent areas
- Assist with local police and DOT support
- Coordinate outdoor auxiliary space
- Residential Notifications
- Assist Tour officials with permit process
- Assist Tour officials with securing local vendors (i.e. port-o-johns)
- Assist with identifying a safe overnight location for vehicles and equipment
- Assist Tour officials with course entry into and departure from city limits
- Assist with identifying required parking space for required vehicles
- Assist with procurement of local EMS/EMT services

Operations Director
In cooperation with the Tour Operations Director:
- Coordinate with contracted hotels for all requirements (rooms, meals, auxiliary space)

- Secure housing/rates for additional (paid) housing groups (media, tourists)
- Assist with housing assignments, check-in/out dates for Tour entourage
- Serve as a liaison with the Tour s Official Race hotel
- Assist with transportation needs of local LOC members, volunteers, etc.

Media/Public Relations Director

In cooperation with the Tour Media/Public Relations Director:

- Assist with all local media inquiries before, during and after the race
- Assist with gathering media applications, credential information from local media
- Assist with scheduling of local press conferences, interviews, appearances, etc.
- Assist Tour with developing local media partners (print, radio, television)
- Coordinate distribution of Tour promotional materials i.e. poster, brochures, etc.
- Assist with maximizing media attendance and coverage through local press releases, telephone calls and personal contacts
- Provide LOC and venue-specific information for inclusion in Tour s collateral materials

Marketing Director

In cooperation with the Tour Marketing Director:

- Coordinate distribution of Tour promotional materials i.e. poster, brochures, etc.
- Assist Tour and LOC Media Director with developing local media partners (print, radio, television)
- Coordinate distribution of Tour promotional materials i.e. poster, brochures, etc.
- Assist Tour with developing relationships with local retailers and cycling clubs
- Provide LOC and venue-specific information for inclusion in Tour s collateral materials

Sales/Sponsorship Director

In cooperation with the Tour Sales/Sponsorship Director:

- Determine local sales (cash/VIK) goals
- Coordinate sales approach with Tour s Director of Development
- Develop proper levels of local sponsorship packages
- Coordinate fulfillment of local sponsorship benefits with Tour s Community Relations Manager

Volunteer Director

In cooperation with the Tour Volunteer Director:

- Recruit and schedule local volunteer requirements
- Develop job descriptions for local volunteer positions
- Develop volunteer recognition or incentive programs
- Coordinate volunteer needs and placement with Tour s Technical Director, LOC s Technical Director and local police/DOT officials
- Determine uniform requirements for local volunteer corps (numbers/sizes)
- Communicate work schedule to volunteer corps

- Direct daily volunteer check-in, uniform distribution and transportation to assignments
- Secure refreshments for volunteers

VIP/Hospitality Director

In cooperation with the Tour s VIP/Hospitality Director:

- Assist with Tour s Hospitality area set-up, operations, etc.
- See to all local sponsorship/sponsor needs
- Coordinate awards presenters, athlete escorts, local awards, flowers, etc. with Tour s Awards Ceremony Coordinator
- Assist with accreditation system (wristbands), including enforcement
- Distribute hospitality invitations to respective LOC guests
- See to all local sponsorship/sponsor needs

Ancillary Events/Lifestyle Festival Liaison

In cooperation with the Tour Festival Director:

- Coordinate festival-like atmosphere before, during and after Tour
- Assist with logistical and communication details regarding the coordination of local activities and Tour activities
- Assist with all aspects of Tour s Health Fair and Lifestyle Expo

School/Community Involvement Liaison

- Assist Tour with promoting and supporting the Tour of California message and objectives
- Coordinate with local bike shops and clubs the message of bike safety, helmets, etc.
- Assist Tour officials with scheduling appearances, photo ops, etc. regarding above
- Develop and implement local educational campaign regarding Tour aspects, teams/athletes, etc.
- Assistance with distribution of Tour s Educational/School Booklet
- Creation and coordination of Tour-related topics into school curriculum (ie international aspects of event)
- Coordinate participation and attendance of local school system during event

VOLUNTEER PROGRAM

The host venue will be responsible for securing and organizing local volunteers for the tour. Volunteers will assist the tour and the LOC with coordinating activities on the day of the event. Each venue will have different volunteer requirements, but the total number of volunteers is typically 150 to 200 per host venue.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-482

A RESOLUTION APPROVING AN AMENDMENT TO THE AGREEMENT WITH NATIONAL DEMOGRAPHICS CORPORATION TO PROVIDE EXPERT ASSISTANCE AND ADVICE FOR THE CITY AND THE CHARTER REVIEW COMMITTEE REGARDING LOCAL AND ELECTION AND GOVERNANCE OPTIONS IN THE AMOUNT OF $20,200 AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AMENDMENT TO THE AGREEMENT

WHEREAS, in February 2007, the City of Modesto entered into an agreement with National Demographics Corporation (NDC) to provide expert assistance and advice for the City and the Charter Review Committee regarding local election and governance options, and

WHEREAS, the services provided under this agreement included 1) Information materials preparation, 2) Moderation services and participation in Charter Review Committee discussions or other public discussions, and 3) Review of proposed districting proposals, and

WHEREAS, the agreement with NDC was for an amount not to exceed $25,000, and

WHEREAS, to date, NDC has provided services to the City in the amount of $13,700 which leaves $11,300 remaining on the contract, and

WHEREAS, on June 26, 2007, the Charter Review Committee presented an interim report to the Council recommending that an advisory vote on the method of electing city Councilmembers be included on the November 2007 Election, and

WHEREAS, the committee recommended that public outreach and education efforts be made to inform the community on the two election methodologies that will be placed on the ballot, and

WHEREAS, the additional services to be provided by NDC are estimated to cost $31,500 and the original contract has a remaining available balance of $11,300 and $20,200 is needed to provide sufficient funds for their work on the Public Outreach and Education Effort,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the agreement between the City of Modesto and National Demographics Corporation is amended by the amount of $20,200 for a new agreement total of $31,500.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-484

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO OF INTENTION TO ESTABLISH CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2007-2 (KIERNAN BUSINESS PARK WEST) ("CFD 2007-2') AND AUTHORIZE THE LEVY OF SPECIAL TAXES THEREIN

WHEREAS, an owner of not less than 10 percent of the area of land proposed to be included within the community facilities district herein described has filed with the City Clerk of this City (the "City") a petition requesting that this Council (the "Council") form a community facilities district pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act") in order to: (i) finance certain public facilities having a useful life of 5 years or longer (the "Facilities"), including expenses incidental thereto; and (ii) finance certain services (the "Services") more particularly described in **Exhibit B**; and

WHEREAS, upon receipt of the petition, this Council is, pursuant to Section 53320 of the California Government Code, required to adopt a resolution of intention to establish the community facilities district; and

WHEREAS, this Council has adopted local goals and policies concerning the use of the Act;

NOW, THEREFORE, BE IT RESOLVED, ORDERED, AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The above recitals are true and correct.

SECTION 2. A community facilities district is proposed to be established under the terms of the Act. The name proposed for the community facilities district is "City of Modesto Community Facilities District No. 2007-2 (Kiernan Business ParkWest) and is referred to in this Resolution as the "District."

SECTION 3. The boundaries of the District are shown on a map, hereby approved, entitled "Proposed Boundaries of City of Modesto Community Facilities District No. 2007-2 (Kiernan Business Park West) of the City of Modesto, County of Stanislaus, State of California," a copy of which is on file in the office of the City Clerk. Pursuant to Sections 3110 and 3111 of the California Streets and Highways Code, the City Clerk shall certify on the original and one copy of the map evidencing the date and adoption of this Resolution, file the original in the City Clerk's office and, within 15 days after the adoption of this Resolution and in no event later than 15 days prior to the date of the public hearing referred to in Section 8, file a copy of the map with the County Recorder of the County of Stanislaus.

The Council finds that no land proposed to be included in the District is devoted primarily to agricultural, timber, or livestock uses and being used for the commercial production of agricultural, timber or livestock products.

SECTION 4. The Facilities proposed to be provided by the District are public facilities authorized to be acquired or constructed under the Act that have a useful life of five (5) years or longer. The Facilities are governmental facilities which the Council is authorized by law to contribute revenue to, or construct, own or operate; or which a local public agency is authorized by law to provide. The Council further determines that such Facilities are necessary to meet increased demands placed upon the City and other local agencies as a result of development occurring within the boundaries of the District.

The Facilities are proposed to include any and all incidental expenses related thereto, as authorized by the Act, including the payment in full of all amounts necessary to eliminate any fixed special assessment liens or to pay, repay, or defease any obligation to pay or any indebtedness secured by any tax, fee, charge, or assessment levied within the area of the District or to pay debt service on that indebtedness.

The Services proposed to be provided by the District are in addition to those provided in the District before its creation, since none of the Services have been or will be provided in the District before its creation.

SECTION 5. The Council determines that the public interest will not be served by allowing the owner(s) of property within the proposed District to enter into a contract pursuant to Section #53329.5(a) of the Act.

SECTION 6. (a) It is the intention of the Council that, except where funds are otherwise available to pay for the Facilities to be financed by the District, the incidental expenses related thereto, and the Services, special taxes sufficient to pay the costs thereof, secured by recordation of a continuing lien against all nonexempt real property in the District, will be levied annually within the boundaries of the District. The rate, method of apportionment and manner of collection of the proposed special taxes is set forth in **Exhibit A.** Exhibit A provides sufficient detail to allow each landowner or resident within the District to estimate the maximum amount that such person will have to pay for the Facilities and the Services.

(b) In the case of the special tax to pay for the Facilities that is to be levied against any parcel of land used for private residential purposes (as defined and provided in the Act), (1) the maximum special tax has been specified as a dollar amount which will be calculated and thereby established not later than the date of which any such parcel of land is first subject to the special tax because of its use for private residential purposes, and which amount will not be increased over time by an amount exceeding two per cent (2%) per year, (2) after Fiscal Year 2037-2038, the special tax will no longer be levied or collected against any such parcel of land, and (3) under no circumstances will the special tax be increased as a consequence of delinquency or default by the owner of any other parcel or parcels of land within the District by more than ten per cent (10%). The special tax to pay for the Facilities may, however, establish different tax rates for different categories of residential property, and may provide for a change in the dollar

amount of the special tax for the parcel if the size of the residence is increased or if the size or use of the parcel is changed.

(c) The obligation to pay the special tax to pay for the Facilities may be prepaid and permanently satisfied, and the lien of the special tax to pay for the Facilities discharged pursuant to the procedures set forth in Exhibit A.

(d) If the special tax to pay for the Facilities is prepaid and permanently satisfied as to a particular parcel of land, this Council shall cause to be prepared and recorded in the office of the County Recorder of the County of Stanislaus, which shall accept for recordation, a Notice of Cancellation of Special Tax Lien as to that parcel. The Notice of Cancellation of Special Tax Lien shall identify with particularity the special tax to pay for the Facilities which has been prepaid and permanently satisfied, state the book and page number in the records of the County Recorder where the Notice of Special Tax Lien being cancelled is recorded, contain the legal description and assessor's parcel number of the particular parcel of land subject to the lien, and contain the name of the owner of record of the parcel. The County Recorder shall mail the original Notice of Cancellation of Special Tax Lien to the owner of the property after recording the document. This Council may specify a charge for the preparation and recordation of the Notice.

SECTION 7. Pursuant to Section 53314.9 of the Act, this Council may accept advances of funds or work-in-kind from any source, including, but not limited to, private persons or private entities, and may provide, by resolution, for the use of those funds or that work-in-kind for any authorized purpose, including, but not limited to, paying any cost incurred by the City in creating the District.

SECTION 8. A public hearing on the establishment of the District and the proposed rate, method of apportionment, and manner of collection of the special taxes shall be held at 6:00 p.m., or as soon thereafter as practicable, on Tuesday, September 25, 2007, at the

regular meeting place of the City Council, City Council Chambers, Basement Level, 1010 Tenth Street, Modesto, California 95353, such time being not less than 30 or more than 60 days following the adoption hereof.

SECTION 9. The Public Works Director, as the officer of the City who will be responsible for providing the proposed Facilities and Services to be financed by the District, if it is established, is directed to study the proposed District, and, at or before the time of the hearing, cause to be prepared and filed with the Council a report containing: (a) a brief description of the Facilities and Services by type which will in such officer's opinion be required to adequately meet the needs of the District; (b) an estimate of: (i) the cost of providing the Facilities and Services; (ii) the fair and reasonable cost of any of the Facilities to be purchased; and (iii) the fair and reasonable cost of incidental expenses to be incurred in connection therewith, including the costs of the proposed bond financing and other related costs as provided in Section 53345.3 of the Act.

The report shall be made a part of the record of the hearing.

SECTION 10. At the time and place set forth in this Resolution for the hearing, any interested persons, including taxpayers, property owners and registered voters residing within the boundaries of the proposed District, may appear and be heard, and the testimony of all interested persons for or against the establishment of the District, the extent of the District, the furnishing of the Facilities and Services, or the proposed rate, method of apportionment and manner of collection of the special taxes will be heard and considered. Any protest may be made orally or in writing. However, any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and clearly set forth the irregularities and defects to which the objection is made. All written protests shall be filed with the City Clerk on or before the time fixed for the public hearing. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

SECTION 11. The City Clerk is directed to publish a notice of the hearing, in the form required by the Act, not later than seven (7) days prior thereto, in a newspaper of general circulation published in the area of the District, being *The Modesto Bee*, and otherwise in accordance with Section 6061 of the California Government Code.

SECTION 12. (a) If fifty percent (50%) or more of the registered voters, or six (6) registered voters, whichever is more, residing within the territory proposed to be included in the District, or the owners of one-half (1/2) or more of the area of the land in the territory proposed to be included in the District and not exempt from the special taxes, file written protests against the establishment of the District, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings to create the District or to levy the special taxes will be taken for a period of one year from the date of the decision of the Council.

(b) If the majority protests of the registered voters or the landowners are only against the furnishing of a specified type or types of the Facilities or Services within the District, or against levying a specified special tax, those types of Facilities or Services or the specified special tax will be eliminated from the District proceedings.

(c) At the conclusion of the hearing, if the Council determines to establish the District, it will adopt a resolution of formation and then submit the levy of the special taxes to the qualified electors of the District in a special election.

SECTION 13. (a) If, after the hearing, the Council adopts a resolution of formation establishing the District and submits the levy of the special taxes to the qualified electors of the District in a special election, such election will be held at least ninety (90) days, but not more than one hundred eighty (180) days following the adoption of the resolution of formation. The City Clerk shall, within three business days after the adoption of the resolution of formation, provide a copy of the resolution of formation, a certified map of sufficient scale

and clarity to show the boundaries of the District, and a sufficient description to allow the election official to determine the boundaries of the District, to the official conducting the election. Assessor's parcel numbers for the land within the District shall be included if it is a landowner election or the District does not conform to an existing district's boundaries and if requested by the official conducting the election.

(b) If the election is to be held less than one hundred twenty-five (125) days after the adoption of the resolution of formation, the concurrence of the election official conducting the election shall be required.

(c) Such time limits, or requirement pertaining to the conduct of the election, may be waived with the unanimous consent of the qualified electors of the District and the concurrence of the election official conducting the election.

(e) If at least twelve (12) persons, who need not necessarily be the same twelve (12) persons, have been registered to vote within the territory of the proposed District for each of the ninety (90) days preceding the close of the hearing, the vote will be by the registered voters of the proposed District, with each voter having one vote. Otherwise, the vote will be by the landowners of the proposed District and each landowner who is the owner of record at the close of the hearing, or the authorized representative thereof, will have one (1) vote for each acre or portion of an acre of land that such landowner owns within the proposed District. The number of votes to be voted by a particular landowner will be specified on the ballot provided to that landowner.

(f) Ballots for the special election authorized may be distributed to qualified electors by mail with return postage prepaid or by personal service by the election official. The official conducting the election may certify the proper mailing or personal delivery of ballots by an affidavit, which shall constitute conclusive proof of such mailing or personal delivery in the absence of fraud. The voted ballots shall be returned to the election officer conducting the

election not later than the hour specified in the resolution calling the election. However, if all the qualified voters have voted, the election shall be closed.

(g) Except as otherwise provided in the Act, the provisions of law regulating elections of the City, insofar as they may be applicable, will govern the election. Except as provided in the next sentence, there will be prepared and included in the ballot material provided to each voter an impartial analysis and arguments and rebuttals, if any, as provided in the California Elections Code. If the vote is to be by the landowners of the proposed District, analysis and arguments may be waived with the unanimous consent of all the landowners.

If the election is to be conducted by mail ballot, the election official conducting the election shall provide ballots and election materials, together with all supplies and instructions necessary for the use and return of the ballot. The identification envelope for return of mail ballots used in a landowner election shall contain the following: (1) the name of the landowner; (2) the address of the landowner; (3) a declaration, under penalty of perjury, stating that the voter is the owner of record or the authorized representative of the landowner entitled to vote and is the person whose name appears on the identification envelope; (4) the printed name and signature of the voter; (5) the address of the voter; (6) the date of signing and the place of execution of the declaration described in (3) above; and (7) a notice that the envelope contains an official ballot and will be opened only by the canvassing board.

(h) The procedures set forth in this Section for conducting the consolidated special election may be modified as the Council may determine to be necessary or desirable by a resolution subsequently adopted by the Council.

SECTION 14. This Council may, by ordinance, authorize contributions by the City from any sources of revenue not otherwise prohibited by law, of any specified amount, portion or percentage of such revenue for any of the following: (1) acquiring or constructing any of the Facilities; (2) the acquisition of interests in real property; (3) paying debt service with

respect to the financing of any such acquisition or construction; (4) providing the authorized Services; and (5) the payment of expenses incidental to any of the foregoing.

SECTION 15. This Council reserves to itself the right and authority to allow any interested owner of property within the District, subject to the provisions of Section 53344.1 of the Act and to those conditions it may impose, and any applicable prepayment penalties as described in the bond indenture or comparable instrument or document, to tender in full payment or part payment of any installment of the special tax levied to pay for the Facilities or the interest or penalties thereon which may be due or delinquent, but for which a bill has been received, any bond or other obligation secured thereby, the bond or other obligation to be taken at par and credit to be given for the accrued interest shown thereby computed to the date of tender.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

Rate & Method of Apportionment

Attachment "A"

CITY OF MODESTO
COMMUNITY FACILITIES DISTRICT NO. 2007-2
(KIERNAN WEST)

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAXES

Special Taxes applicable to each Assessor's Parcel in Community Facilities District No. 2007-2 (Kiernan West) [herein "CFD No. 2007-2" or "the CFD"] shall be levied and collected according to the tax liability determined by the City Council of the City of Modesto, through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2007-2, unless exempted by law or by the provisions of Section G below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to CFD No. 2007-2 unless a separate Rate and Method of Apportionment is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5, (commencing with Section 53311), Division 2 of Title 5 of the California Government Code.

"Administrative Expenses" means any or all of the following: expenses incurred by the City in carrying out its duties with respect to CFD No. 2007-2, including, but not limited to, levying and collecting the Special Taxes; the fees and expenses of legal counsel; charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office; costs related to annexing property into the CFD; costs related to property owner inquiries regarding the Special Taxes; and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

"Administrator" means the person or firm designated by the City to administer the Special Taxes according to this Rate and Method of Apportionment of Special Taxes.

"Annual Maintenance Special Tax" means a special tax levied in any Fiscal Year to pay the Annual Maintenance Special Tax Requirement, as defined below.

"Annual Maintenance Special Tax Requirement" means that amount necessary in any Fiscal Year to (i) pay for Authorized Services, (ii) pay Administrative Expenses, and (iii) cure any delinquencies in the payment of Annual Maintenance Special Taxes levied in prior Fiscal Years or (based on delinquencies in the payment of Annual Maintenance Special Taxes which have already taken place) are expected to occur in the current Fiscal Year.

"Assessor's Parcel" or **"Parcel"** means a lot or parcel shown on an Assessor's Parcel Map with an assigned Assessor's Parcel number.

"Assessor's Parcel Map" means an official map of the County Assessor designating parcels by Assessor's Parcel number.

"Authorized Services" means those services that are authorized to be funded by CFD No. 2007-2.

"CFD Formation" means the date on which the Resolution of Formation to form CFD No. 2007-2 was adopted by the City Council.

"City" means the City of Modesto.

"City Council" means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2007-2.

"County" means the County of Stanislaus.

"Final Map" means a final map, or portion thereof, approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410 *et seq.*) that creates lots which do not need to be further subdivided prior to issuance of a building permit for a structure. The term "Final Map" shall not include any Assessor's Parcel Map or subdivision map or portion thereof, that does not create lots that are in their final configuration, including Assessor's Parcels that are designated as remainder parcels.

"Fiscal Year" means the period starting July 1 and ending on the following June 30.

"**Maximum Annual Maintenance Special Tax**" means the greatest amount of Annual Maintenance Special Tax that can be levied on an Assessor's Parcel in any Fiscal Year determined in accordance with Sections C and D below.

"**Maximum One-Time Facilities Special Tax**" means the greatest amount of One-Time Facilities Special Tax that can be levied on an Assessor's Parcel in any Fiscal Year determined in accordance with Sections C and D below.

"Maximum Special Taxes" means, collectively, the Maximum One-Time Facilities Special Tax and the Maximum Annual Maintenance Special Tax.

"Net Taxable Acreage" or **"Net Taxable Acre"** means the total acreage within a Final Map or Parcel less arterial road right-of-ways and property that is defined in the Final Map for use as a park site, school site, or City-owned or CFD-owned storm drainage basin. If a Subdivision Map is recorded which is not a Final Map for some or all Parcels created by the subdivision, the Administrator shall calculate the Net Taxable Acreage of such unsubdivided Parcels by identifying the Acreage of the Parcel and (i) adding a portion of the acreage of any non-arterial right-of-way that

fronts the Parcel determined by drawing lines at right angles to the right-of-way, and (ii) subtracting a portion of the acreage of any arterial right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way. The Net Taxable Acreage of a Parcel or Final Map shall be determined in the sole discretion of the City.

"One-Time Facilities Special Tax" means a Special Tax, levied and collected in full by the City prior to a structural building permit being issued for new construction on Taxable Property.

"Original Parcel" means an Assessor's Parcel included in CFD No. 2007-2 at the time of CFD Formation or added to the CFD upon annexation. A Successor Parcel that is being further subdivided shall also be considered an Original Parcel for purposes of determining the Maximum Special Taxes pursuant to Section C below.

"Proportionately" means that the ratio of the actual Annual Maintenance Special Tax levied in any Fiscal Year to the Maximum Annual Maintenance Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor's Parcels of Taxable Property.

"Public Property" means any property within the boundaries of CFD No. 2007-2 that is owned by the federal government, State of California, County, City, or other public agency.

"Special Taxes" means, collectively, the One-Time Facilities Special Tax and the Annual Maintenance Special Tax.

"Subdivision Map" means a Final Map, large lot subdivision map, or other map recorded with the County that results in the subdivision of an Original Parcel into two or more Successor Parcels.

"Successor Parcel" means an Assessor's Parcel of Taxable Property created by the subdivision or reconfiguration of an Original Parcel on which construction of a structure is permitted.

"Taxable Property" means all of the Assessor's Parcels within the boundaries of CFD No. 2007-2 which are not exempt from the Special Tax pursuant to law or Section G below.

"Taxable Public Property" means, in any Fiscal Year, all Parcels of Public Property within CFD No. 2007-2 that, at the time of CFD Formation, were expected to be Taxable Property, and, based on this expectation, Maximum Special Taxes were assigned to the Parcels in a prior Fiscal Year.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall determine (i) the current Assessor's Parcel numbers for all Parcels of Taxable Property in CFD No. 2007-2, (ii) the Net Taxable Acreage of each Parcel, and (iii) the Annual Maintenance Special Tax Requirement.

C. MAXIMUM SPECIAL TAXES

1. Original Parcels

Table 1 below identifies the Maximum One-Time Facilities Special Tax and Maximum Annual Maintenance Special Tax assigned to each Original Parcel in the CFD at the time of CFD Formation. Separate Maximum Special Taxes shall be assigned to Parcels added to the CFD as a result of future annexations.

TABLE 1
MAXIMUM SPECIAL TAXES
FISCAL YEAR 2007-08

Assessor's Parcel Number	*Fiscal Year 2007-08 Maximum One-Time Facilities Special Tax**	*Fiscal Year 2007-08 Maximum Annual Maintenance Special Tax**
078-013-006	$ 74,511	$ 2,539
078-013-018	$ 5,771	$ 197
078-013-035	$ 0	$ 93,880
078-013-037	$ 166,233	$ 5,665
078-013-040	$ 153,660	$ 28,318

** Special Taxes shown in Table 1 are subject to the annual adjustments described in Section D below.*

2. Successor Parcels

Upon recordation of a Subdivision Map that subdivides an Original Parcel, the Administrator shall allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels by applying the following steps:

Step 1: Determine the total combined Net Taxable Acreage within all Successor Parcels created from subdivision or reconfiguration of the Original Parcel.

Step 2: Divide the Maximum One-Time Facilities Special Tax and the Maximum Annual Maintenance Special Tax assigned to the Original Parcel by the Net Taxable Acreage determined in Step 1 to determine a Maximum One-Time Facilities Special Tax and a Maximum Annual Maintenance Special Tax per Net Taxable Acre.

Step 3: Multiply the Maximum Special Taxes per Net Taxable Acre determined in Step 2 by the Net Taxable Acreage of each Successor Parcel of Taxable Property to determine the Maximum One-Time Facilities Special Tax and Maximum Annual Maintenance Special Tax for each Parcel.

If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2.

After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less than the Original Parcel's Maximum Special Tax shown in Table 1, escalated to the current Fiscal Year pursuant to Section D below.

D. ESCALATION OF MAXIMUM SPECIAL TAXES

1. One-Time Facilities Special Tax

Beginning in January 2008 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel shall be increased by an amount equal to four percent (4.0%) of the amount in effect for the prior Fiscal Year. Each annual adjustment of the One-Time Facilities Special Tax shall become effective on the subsequent July 1.

2. Annual Maintenance Special Tax

Beginning in January 2008 and each January thereafter, the Maximum Annual Maintenance Special Tax assigned to each Parcel shall be adjusted by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

E. METHOD OF LEVY OF THE SPECIAL TAX

1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2007-2 and shall be collected as set forth in Section F below.

2. Annual Maintenance Special Tax

Each Fiscal Year, the Administrator shall determine the Annual Maintenance Special Tax Requirement for that Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

Step 1: The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Taxable Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year.

Step 2: If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any structure on Taxable Property within CFD No. 2007-2, and shall be immediately delinquent if not so paid.

The Annual Maintenance Special Tax for CFD No. 2007-2 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Maintenance Special Taxes through foreclosure or other available methods. The Annual Maintenance Special Tax shall be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services and all Administrative Expenses have been reimbursed.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Taxes, no Special Taxes shall be levied on Public Property except Taxable Public Property, as defined herein.

H. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the Rate and Method of Apportionment of Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Taxes.

I. ENFORCEMENT

All delinquent One-Time Facilities Special Taxes, or delinquent Annual Maintenance Special Taxes billed off the County tax roll, shall be subject to an immediate 10% penalty plus interest charges of 1.5 % as of the first day of the month after the delinquency date and on the first day of each month thereafter. Any such delinquent Special Taxes shall, at the City's discretion, be placed on the next secured property tax roll. The amount placed on the roll shall include the 10% penalty and the interest charges through the following January 1. This shall not prevent the City from simultaneously pursing the delinquency by an action on a contract of guarantee against a third party who promised to pay the taxes, or from assigning such right of action to the property owner or other appropriate party.

List of Facilities & Services

Attachment "B

LIST OF FACILITIES

The facilities described below are all facilities which the City of Modesto Community Facilities District No. 2007-2 is authorized to finance.

- Dale Road (Principle Arterial) between Kiernane Ave. and Pelandale Ave. This road segment includes a landscaped median and a landscaped parkway strip.
- Healthcare Way between Dale Road. andwestern edge of Kaise facility. This road segment includes a landscaped median.
- Bangs Avenue from Dale Road to American Avenue This road segment includes a landscaped median and a landscaped parkway strip.
-

LIST OF SERVICES

Included in City of Modesto CFD No. 2007- is the maintenance of the landscaping on Dale Road, Healthcare Way and the bike path, as well as the well site. In addition, the maintenance of a storm drainage pump and basin is also included.

Exhibit "B"

CITY OF MODESTO
COMMUNITY FACILITIES DISTRICT NO. 2007-2
(KIERNAN BUSINESS PARK WEST)

DESCRIPTION OF AUTHORIZED SERVICES AND FACILITIES TO BE FUNDED BY COMMUNITY FACILITIES DISTRICT NO. 2007-2

The authorized services to be funded by special tax revenues include maintenance and repair of parkways, landscaped medians, the bike path, well site, storm drainage pump and basin, and related facilities, including but not limited to, concrete curbs and walks, trees, shrubs, vines, ground cover, turf, lights and irrigation systems. The services to be provided include, but are not limited to, litter and debris removal, graffiti abatement, painting repairs to landscape structures, pruning, staking, fertilizing, plant replacement and restoration, fire and weed control, erosion control, mowing of lawns, trimming of vegetation, and maintenance, repair and replacement of lighting systems.

The facilities described below are the facilities which the CFD is authorized to fund:

- Dale Road between Kiernan Ave. and Pelandale Ave. This road segment includes a landscaped median and a landscaped parkway strip.
- Healthcare Way between Dale Road and the western edge of the Kaiser facility. This road segment includes a landscaped median.
- Bangs Avenue from Dale Road to American Avenue. This road segment includes a landscaped median and a landscaped parkway strip.

The installation of authorized facilities may, but will not necessarily include, concrete curbs and walks, trees, shrubs, ground cover, lights, and irrigation systems.

The District may also fund any of the following: (i) administrative fees of the City related to the District, including costs associated with preparing the annual special tax levy, or (ii) costs associated with legal services, advertising, legal notices, and mailings related to formation or administration of the District.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-485

A RESOLUTION APPROVING AN ADVANCED FUNDING AGREEMENT FOR THE FAIRVIEW SPECIFIC PLAN AMENDMENT BETWEEN THE CITY OF MODESTO AND BAVA VILLAS, LP, A CALIFORNIA LIMITED PARTNERSHIP, FOR THE PREPARATION OF AN ENVIRONMENTAL IMPACT REPORT, FACILITIES MASTER PLAN, INFRASTRUCTURE FINANCE PLAN AND FOR FORMATION OF A COMMUNITY FACILITIES DISTRICT FOR THE FAIRVIEW SPECIFIC PLAN AREA, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT

WHEREAS, Bava Villas, LP, a California Limited Partnership (the "Applicant"), has agreed to advance all funds necessary to prepare an Environmental Impact Report, ("EIR"), Facilities Master Plan and Infrastructure Finance Plan ("FMP/IFP") and for formation of a Community Facilities District ("CFD") for the Fairview Specific Plan Area, and

WHEREAS, the parties agreed to enter into an Advanced Funding Agreement for the Fairview Specific Plan Amendment by and between the City and the Applicant relating to advances made and to be made by the Applicant to the City, and providing for potential reimbursement to the Applicant if and when certain funds from the Fairview Village CFD become available, a copy of which is attached hereto as **Exhibit A** and incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Advanced Funding Agreement For The Fairview Specific Plan Amendment between the City of Modesto and Bava Villas, LP, a California Limited Partnership, is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Advanced Funding Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

SUSANA ALCALA WOOD, City Attorney

ADVANCED FUNDING AGREEMENT
FOR FAIRVIEW SPECIFIC PLAN AMENDMENT

THIS ADVANCED FUNDING AGREEMENT FOR FAIRVIEW SPECIFIC PLAN AMENDMENT ("Agreement") is made and entered into as of the ___ day of August, 2007 ("Effective Date"), by and between the CITY OF MODESTO, a California municipal corporation ("City"), and BAVA VILLAS, L.P., a California limited partnership ("Applicant").

RECITALS:

A. Applicant has the right to acquire ownership interests in real property located within a portion of the Fairview Specific Plan Area ("Specific Plan"), shown in **Exhibit A** attached hereto and incorporated herein by this reference, and is interested in pursuing development of properties in the Specific Plan.

B. Applicant is in the process of preparing an Amendment to the Specific Plan ("Amendment") and has requested that the City review and process the proposed Amendment, prepare a Facilities Master Plan, Finance Plan, and appropriate CEQA documentation for the Amendment ("Planning Documents") and create an appropriate financing mechanism, such as, but not limited to, a communities facilities district ("Financing Mechanism") for the principal purpose of master planning the development and financing the various public facilities which are necessary to serve or desirable for the development of the Specific Plan (collectively the "Project").

C. City has either retained, or will retain, outside consultants, to assist it with the Project and, if the City determines to proceed with the formation of one or more Financing Mechanisms, to assist it in connection therewith and with the possible issuance of bonds.

D. Subject to the terms and conditions of this Agreement, Applicant is prepared to deposit with the City the amounts needed to fund all work necessary to process the Project, including without limitation all consultant costs, staff time and expenses, in order to provide the City with a source of funds with which to pay expenses expected to be incurred in connection with the Project. City and Applicant desire that the funding for this work be provided in increments, over time as the Project progresses, with additional deposits to be provided as needed and as described in this Agreement.

E. The City and Applicant are desirous of entering into this Agreement in order to provide monies for the City's costs for preparing the Project on a time and materials basis, to provide mechanisms by which the funds deposited under this Agreement shall be applied and by which Applicant may make additional deposits under the terms and conditions specified herein, to reimburse the Applicant for monies advanced for the benefit of other landowners in the Specific Plan and to refund to Applicant sums deposited by it or on its behalf hereunder which are not applied as contemplated hereby.

F. Pursuant to California Government Code Section 53314.9 and the City's CFD Policies and Procedures, the City Council of the City is authorized to accept advances of funds or work-in-kind from any source, including, but not limited to, private persons or private entities, and may provide, by resolution, for the use of those funds or work-in-kind for any authorized purpose, including, but not limited to, paying any costs incurred in connection with the construction of infrastructure and the planning and formation of a community facilities district. The City Council of the City is also authorized to enter into an agreement, by resolution, with the person or entity advancing the funds or work-in-kind to repay all or a portion of the funds advanced or to reimburse the person or entity for the cost or value of the work-in-kind provided that certain conditions are met. The conditions to be satisfied with respect to funds advanced require that (1) the proposal to repay the funds or to pay the cost or value of the work-in-kind must be included in the resolution of intention for the proposed community facilities district and in the resolution of formation for the proposed community facilities district, (2) any proposed special tax is approved by the qualified electors of the community facilities district and, if a proposed special tax is not approved, any funds advanced which have not been committed for any authorized purpose by the time of the election must be returned to the person or entity advancing funds and (3) any work-in-kind accepted shall have been performed or constructed as if the work had been performed or constructed under the direction and supervision, or under the authority, of the local agency.

G. Pursuant to California Government Code Section 65456 and Modesto Municipal Code Sections 10-4.101, et seq., the City Council of the City is also authorized to adopt a specific plan fee to cover the cost of developing a specific plan, to charge a specific plan fee to those persons who benefit from the specific plan, and to reimburse those persons, including the City, who have provided funds to prepare the specific plan and related documentation.

H. The City and the Applicant are desirous of entering into this Agreement in accordance with Government Code Sections 53314.9 and 65456, Modesto Municipal Code Sections 10-4.101, et seq., and the City's CFD Policies and Procedures in order to provide a mechanism by which the Applicant may advance funds for the Project, make additional deposits if determined necessary by both parties hereto and in accordance with the terms hereof and, when and if a Financing Mechanism is created and proceeds are available, the City and/or the Financing Mechanism can reimburse the Applicant for the amounts advanced by the Applicant.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises and covenants set forth herein, the parties hereto agree as follows:

1. Recitals. Each of the above recitals is incorporated herein and is true and correct.

2. Proposed Preparation of the Planning Documents and Creation of the Financing Mechanism.

(a) Applicant agrees to pay all costs of reviewing, processing and approving the Amendment, preparing the Planning Documents and creating a Financing Mechanism for the Specific Plan so long as City consults with Applicant regarding all cost estimates in advance of their execution or adoption.

(b) This Agreement shall not become effective until City Council approves it, which approval shall occur on or before August 15, 2007 (the "Agreement Approval"). On the express condition that the foregoing Agreement Approval timely occurs, Applicant has deposited the sum of $38,052.00 ("Formal Deposit") with City to be held in trust by the City and used solely for the purposes set forth in this Agreement. City and Applicant acknowledge that Applicant has already paid $38,052.00 toward the costs of reviewing, processing and approving the Project documents and, therefore, City has already proceeded with the Project on a time and materials basis. In connection therewith, the City has either retained, or will retain, the consultants that the City determines necessary or convenient to assist it with the Project and, if the City determines to proceed with the formation of one or more Financing Mechanisms, to assist it in connection therewith and with the possible issuance of bonds.

(c) After the Formal Deposit has been expended on the Project, Applicant shall make additional advances to the City, as provided by subparagraph (d), below, until the Project has been completed or terminated, and all costs associated with the Project have been fully paid.

(d) Applicant shall make additional advances to the City within ten (10) business days following receipt from the City of a request for an additional advance to cover the costs referred to herein.. In the event that the Applicant does not deliver any amount requested by the City within such ten (10) business day period, the City will have no obligation to proceed with any activity relating to the Project until such time as the sum so requested is delivered to the City by or on behalf of Applicant; provided, however, that if such sum is not delivered to City within sixty (60) calendar days after a request for an additional advance is made, then City may terminate this Agreement and shall have no further obligation to proceed with any activity related to the Project. The Applicant may notify the City at any time, in writing, of its intention to abandon the Project. Immediately upon City's receipt of such notice, but in no case later than two (2) business days thereafter, the City shall instruct in writing its consultants to cease work immediately. The Applicant shall be responsible for all costs and expenses incurred by the City or any City consultant or advisor in accordance with any cost estimates relating to the Project until City issues this cease work notice. Within twenty (20) working days after receipt of Applicant's notice to abandon the Project, City shall return to Applicant any and all sums previously deposited with City pursuant hereto which have not then been expended in accordance with the terms of this Agreement, as set forth in Paragraph 4(c) hereof.

(e) Applicant agrees that, notwithstanding the Applicant's funding and reimbursement obligations under this Agreement, the consultants selected by the City shall be the contractors exclusively of the City and not of the Applicant. Except for those disclosures required by law including, without limitation, the Public Records Act, all conversations, notes, memoranda, correspondence, and other forms of communication by and between the City and its consultants shall be, to the extent permissible by law, privileged and confidential and not subject to disclosure to the Applicant. Applicant agrees that it shall have no claim to, nor shall it assert any right in any reports, correspondence, plans, maps, drawings, news releases or any and all other documents or work product produced by City's consultants. Applicant understands that it will not be a third party beneficiary to City's contracts with the consultants. City will consult with Applicant prior to replacing its current consultants and shall only replace its current consultants for cause; however, Applicant agrees that City may select other consultants to replace its current consultants and may do so without obtaining Applicant's approval.

3. City and Applicant to Cooperate with each other and with the City's Consultants.

(a) City and Applicant shall work cooperatively and in good faith to facilitate completion of the Project as quickly as possible and in the most cost effective way. City and Applicant shall meet and consult on dates and times as may be mutually agreed upon to discuss the progress and any key issues involved in the Project; provided, however, that Applicant's role is advisory only and City shall control all aspects of the Project. The final work product to be produced by City's Consultants shall be subject to the City's approval and control.

(b) City shall prepare a tentative timeline of processing steps through adoption of the Specific Plan, posting of CEQA notices, and potential annexation by the Stanislaus County LAFCO ("Project Schedule"). The Project Schedule shall be prepared in consultation with the Applicant and completed by February 13, 2009 with the understanding that a failure to timely complete the Project Schedule shall entitle Applicant to terminate this Agreement and its participation in the Project, in accordance with Paragraph 2(d) hereof. City and Applicant shall use reasonable efforts to process Applicant's application in accordance with the Project Schedule. Applicant acknowledges that changes to the Project, delays in resolving infrastructure issues or obtaining information necessary to process the application, the public comment process and other issues beyond the City's control may result in delays to the Project Schedule.

(c) City and Applicant shall establish a Specific Plan Development Team that regularly shall meet in person or teleconference to coordinate the work contemplated by this Agreement. City's team members shall include at least one representative from all necessary City departments.

(d) City and Applicant shall each appoint one team leader. The City's development team leader shall coordinate the City's various departments in their interaction with the Applicant's development team. The Applicant's development team leader shall coordinate the Applicant's team in its interaction with the City's development team and shall ensure Applicant's team timely makes any decisions necessary to move the Project to hearing. City and

Applicant hereby acknowledge that Jim Bissell of Harris & Associates has been hired to act as City's team leader and agree that his functions, among others, shall include adherence to the Project Schedule.

(e) City and Applicant agree that water, wastewater, and storm water infrastructure issues are critical to timely moving the Project to hearing and to ensure the economic viability of the Project. The parties agree to work on these issues in a manner sufficient to ensure that CEQA review of the Project is not unduly delayed, and that the magnitude of infrastructure costs are identified as early in the process as practical.

(f) Prior to making any final decisions regarding the scope of work of any contract or consultant, City will provide the proposed scope of work to the Applicant for review and comment.

(g) Each party shall timely review documents and provide comments so that the Project Schedule can be maintained.

(h) Prior to making any final decisions regarding adoption of the proposed Amendment, the Planning Documents or Financing Mechanism, if any, City will send a draft of the proposed document to Applicant for review and comment.

(i) Applicant agrees to cooperate in good faith with the City's consultants. Applicant agrees that it will instruct its agents, employees, consultants, contractors and attorneys to reasonably cooperate with the City's consultants and to provide all necessary documents or information reasonably requested of it by the City's consultants that are in Applicant's possession or under its control; provided, however, that the foregoing shall not require the disclosure of any documents or information of the Applicant which by law is privileged, proprietary, confidential, or exempt from disclosure under the Public Records Act. City agrees to pursue the Project in good faith, consistent with the Project Schedule and cost estimates, and, in general, to cooperate in good faith with the Applicant and its consultants. City agrees that it will instruct its agents, employees, consultants, contractors and attorneys to reasonably cooperate with Applicant.

4. Reimbursement and Refund Procedure.

(a) If a Financing Mechanism is created, including but not limited to formation of a CFD and issuance of bonds, proceeds in excess of the amount reasonably determined by the City to be required in order to administer the Financing Mechanism and to satisfy the requirements of the City's policies and procedures, including but not limited to City's CFD Policies and Procedures with respect to capitalized interest and reserves, and to pay for facilities and incidental expenses, may be used to reimburse the Applicant for the amounts that the Applicant has advanced to the City in connection with this Agreement. City shall pay interest on any monies to be reimbursed to Applicant through the Financing Mechanism, to the extent legally permissible, with the calculation of such interest to commence as of the date upon which Applicant first advances funds hereunder and to continue through and including the date upon which all sums subject to such reimbursement are paid in full.

(b) In the event that the Planning Documents are not prepared or approved and/or a Financing Mechanism is not created for any reason, or in the event that a Financing Mechanism is created but no revenue stream is generated for any reason (each, a "Reimbursement Event"), the City shall refund any funds which have been advanced by the Applicant pursuant to this Agreement and which have not been expended, obligated or otherwise committed in good faith for any authorized purpose, subject to the complete reimbursement to the City of all of its direct and indirect costs. Such refund of funds to Applicant shall occur within twenty (20) working days immediately following occurrence of the first Reimbursement Event. If requested in writing and in advance by the applicant, such refund shall be accompanied by an itemized reconciliation of amounts so deposited against sums expended by or on behalf of City. If the amounts advanced by the Applicant are insufficient to fully reimburse the City for all of such direct and indirect costs incurred by it, the Applicant shall pay to the City the amount of the deficiency within ten (10) days after receipt of a demand by City. Except as specified in Section 4(a) hereof, City shall not be required to pay interest on any amount required to be refunded pursuant to this Agreement. The City shall be entitled to pay any refund or reimbursement required pursuant to the provisions hereof to the entity that is the signatory to this Agreement irrespective of any changes in the ownership of the property or the organization of the Applicant.

(c) If Applicant notifies City of its intent to abandon or terminate this Agreement for any reason, then immediately upon City's receipt of such notice but in no case later than two (2) business days thereafter, the City shall instruct in writing its consultants to cease work immediately. The Applicant shall be responsible for all costs and expenses incurred by the City or any City consultant or advisor in accordance with any cost estimates relating to the Project until City issues this cease work notice. Within twenty (20) working days after receipt of Applicant's notice to abandon or terminate this Agreement, City shall refund to Applicant any and all sums previously deposited with City pursuant hereto which have not then been expended in accordance with the terms of this Agreement. If Applicant so requests, in writing and in advance, City shall also provide Applicant with an itemized reconciliation of amounts so deposited against sums expended.

5. Abandonment of the Project. The Applicant understands that, subject to the satisfaction of all applicable legal requirements, the decision to review, process, prepare or approve the proposed Amendment, Planning Documents and Financing Mechanism shall be each in the sole discretion of the City. No provision of this Agreement shall be construed as a promise, warranty or agreement by the City to review, process, prepare or approve the proposed Amendment, Planning Documents or Financing Mechanism. Except as specified in Section 4(b) hereof, the City shall have no liability to Applicant for a decision not to review, process, prepare or approve the proposed Amendment, Planning Documents or Financing Mechanism.

6. Indemnification and Hold Harmless. The Applicant hereby assumes the defense of, and shall indemnify and save harmless, the City and each of its officers, directors, agents, contractors, and employees, from and against all actions, damages, claims, losses or expenses of every type and description to which they may be subjected or put, by reason of or arising out of any acts or omissions of Applicant or any of the Applicant's officers, employees, contractors and

agents in connection with the proposed review, processing, preparation or approval of the proposed Amendment, Planning Documents and/or creation of a Financing Mechanism provided by or on behalf of the Applicant or its consultants, except for any action, damages, claims, losses or expenses arising out of the sole negligence or willful misconduct of the City, its officers, directors, employees or agents.

7. Notices. Any and all notices permitted or required to be given hereunder shall be deemed duly given and effective (1) upon actual delivery, if delivery is by hand; or (2) five (5) days after delivery into the United States mail if delivery is by postage paid registered or certified (return receipt requested) mail. Each such notice shall be sent to the parties at the address respectively indicated below or to any other address as the respective parties may designate from time to time.

Applicant:	Bava Villas, L.P. 1783 Hester Avenue San Jose, California 95125 Attention: Mr. Todd Erickson
With a copy to:	Mr. Robert N. Kurrasch 16644 Calneva Drive Encino, California 91436
	Mr. George A. Petrulakis Petrulakis Jensen & Friedrich, LLP 1130 12th Street, Suite B Modesto, CA 95354
City:	City of Modesto 1010 Tenth Street, Suite 6100 Modesto, California 95353 Attention: IFP Administrative Officer

8. Assignment. Neither party hereto shall assign all or any part of its interest in this Agreement without the prior written consent of the other party hereto, which consent shall not be unreasonably withheld. Any assignment or attempt to assign this Agreement shall be deemed null and void as of the date of the purported assignment. All covenants, stipulations, and agreements in this Agreement shall bind any such representatives, successors and assigns.

9. Severability. If any part of this Agreement is held to be illegal or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall be given effect to the fullest extent permitted by law.

10. Entire Agreement. This Agreement contains the entire agreement between the parties with respect to the matters provided for herein. All previous proposals, offers and communications relative to this Agreement, whether oral or written, are hereby superseded

except to the extent that they have been expressly incorporated into this Agreement. No future waiver of, or exception to, any of the terms, conditions, and/or provisions of this Agreement shall be considered valid unless specifically agreed to in writing by both parties.

11. Amendments. This Agreement may be amended or modified only by written instrument signed by both parties. Any amendment or addendum to this Agreement shall expressly refer to this Agreement.

12. Governing Law. This Agreement and any dispute arising hereunder shall be governed by and interpreted in accordance with the laws of the State of California.

13. No Third Party Beneficiaries. No person or entity shall be deemed to be a third party beneficiary hereof, and nothing in this Agreement (either express or implied) is intended to confer upon any person or entity, other than the City (and its officers, directors, employees and agents providing services under this Agreement) and the Applicant (and its officers, managers, employees, and agents), any rights, remedies, obligations or liabilities under or by reason of this Agreement.

14. Singular and Plural; Gender. As used herein, the singular of any word includes the plural, and terms in the masculine gender shall include the feminine and neuter.

15. Termination. This Agreement shall terminate and be of no further force and effect on and after the third anniversary of the Effective Date of this Agreement unless expressly amended by the parties; provided, however, that the (a) Applicant's obligations under (i) Section 4(b) to reimburse expenses incurred by the City in good faith through and including the effective date of this Agreement's termination shall continue only until any such required reimbursements (if any) occur and (ii) Section 7 to provide specified indemnities shall continue only until all applicable statutes of limitations expire and (b) the City's obligation to (i) provide reimbursement for expenses incurred prior to the termination date shall survive termination or expiration of this Agreement.

16. Time is of the Essence. Except as otherwise expressly stated, time is of the essence in the performance of each and every action required pursuant to this Agreement.

17. Language Construction. The language of each and all paragraphs, terms and/or provisions of this Agreement, shall, in all cases and for any and all purposes, and in any way and all circumstances whatsoever, be construed as a whole, according to its fair meaning, and not for or against any party hereto and with no regard whatsoever to the identity or status of any person or persons who drafted all or any portion of this Agreement.

18. Representations of Authority. Each party signing this Agreement on behalf of a party which is not a natural person hereby represents and warrants to the other party that all necessary legal prerequisites to that party=s execution of this Agreement have been satisfied and that he or she has been authorized to sign this Agreement and bind the party on whose behalf he or she signs.

19. Relationship of Parties. Nothing contained in this Agreement shall be interpreted or understood by the parties, or by any third person, as creating the relationship of employer and employee, principal and agent, limited or general partnership, or joint venture between City and Applicant or its agents, employees or contractors. Except as City may specify in writing, Applicant shall have no authority to act as an agent of City or to bind City to any obligation and except as Applicant may specify in writing, City shall have no authority to act as an agent of Applicant.

20. Title of Parts and Sections. Any titles of the sections or subsections of this Agreement are inserted for convenience of reference only and shall be disregarded in interpreting any part of this Agreement's provisions.

21. Waiver. The waiver by any party to this Agreement of any action, obligation, or commitment required by this Agreement or of a breach of any provision hereof shall be in writing and shall not operate or be construed as a waiver of any other or subsequent breach hereof or of any action, obligation, or commitment required by this Agreement unless specifically stated in writing.

22. Discretion of the City. City's execution of this Agreement in no way limits the discretion of City in the permit and approval process in connection with any construction or improvements within or outside the Specific Plan.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. 2007-____, adopted by the Council of the City of Modesto on the ____ day of _____, 2007, and Applicant has caused this Agreement to be executed in duplicate, as of the Effective Date written above.

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-489

A RESOLUTION ACCEPTING THE PUBLIC IMPROVEMENTS FOR THE KODIAK VILLAGE I SUBDIVISION PHASE I AND PHASE II, IN THE VILLAGE ONE SPECIFIC PLAN AREA, AND AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION, AND TO RELEASE SECURITIES UPON EXPIRATION OF STATUTORY PERIODS.

WHEREAS, Meritage Homes of California, Inc., a California Corporation, is the subdivider of the Kodiak Village I SUBDIVISION, and

WHEREAS, Meritage Homes of California, Inc., a California Corporation, has filed irrevocable subdivision bonds to secure faithful performance and payment for labor and materials in the amount of $2,787,093.10 and $1,393546.50, respectively, and

WHEREAS, Meritage Homes of California, Inc., a California Corporation, has filed a warranty bond in the amount of $278,710.00 to guarantee improvements in the Kodiak Village I Subdivision, and

WHEREAS, the Public Works Director, in a memorandum to Council, indicates that all work required by the Subdivision Agreement has been completed to the satisfaction of the Public Works Department, and

WHEREAS, the Public Works Director has indicated that it would be in order for the City Council to accept the improvements in the SUBDIVISION as complete, and authorize the City Clerk to file a Notice of Completion and release the securities upon expiration of the statutory periods,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The public improvements in the SUBDIVISION are hereby accepted and the City Clerk is hereby authorized to file a Notice of Completion for the public improvements.

2. The City Clerk is hereby authorized to release the subdivision bond for faithful performance in the amount of $2,787,093.10 upon recordation of the Notice of Completion.

3. The City Clerk is hereby authorized to release the subdivision bond for labor and materials in the amount of $1,393546.50 sixty (60) days after recordation of the Notice of Completion, provided no claim is made thereon.

4. The City Clerk is hereby authorized to release the warranty bond to guarantee SUBDIVISION improvements in the amount of $278,710.00 one year and one day after the effective date of this resolution, provided no claim is made thereon.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-490

A RESOLUTION ACCEPTING PUBLIC IMPROVEMENTS FOR THE KODIAK VILLAGE II SUBDIVISION, IN THE VILLAGE ONE SPECIFIC PLAN AREA, AUTHORIZING THE CITY CLERK TO RECORD A NOTICE OF COMPLETION AND TO RELEASE SECURITIES UPON EXPIRATION OF STATUTORY PERIODS.

WHEREAS, Meritage Homes of California, Inc., a California Corporation, is the subdivider of the KODIAK VILLAGE II SUBDIVISION ("SUBDIVISION"), and

WHEREAS, Meritage Homes of California, Inc., a California Corporation, has filed irrevocable subdivision bonds to secure faithful performance and payment for labor and materials in the amounts of $956,838.81 and $478,419.40, respectively, and

WHEREAS, Meritage Homes of California, Inc., a California Corporation, has filed a warranty bond in the amount of $95,683.88 to guarantee public improvements in the SUBDIVISION, and

WHEREAS, the Public Works Director, in a memorandum to Council, indicates that all work required by the Subdivision Agreement has been completed to the satisfaction of the Public Works Department, and

WHEREAS, the Public Works Director has indicated that it would be in order for the City Council to accept the improvements in the SUBDIVISION as complete, and authorize the City Clerk to file a Notice of Completion and to release the securities upon expiration of the statutory periods,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The public improvements in the SUBDIVISION are hereby accepted and the City Clerk is hereby authorized to file a Notice of Completion for the public improvements.

2. The City Clerk is hereby authorized to release the subdivision bond for faithful performance in the amount of $956,838.81 upon recordation of the Notice of Completion.

3. The City Clerk is hereby authorized to release the subdivision bond for labor and materials in the amount of $478,419.40 sixty (60) days after recordation of the Notice of Completion, provided no claim is made thereon.

4. The City Clerk is hereby authorized to release the warranty bond to guarantee SUBDIVISION improvements in the amount of $95,683.88 one year and one day after the effective date of this resolution, provided no claim is made thereon.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-491

A RESOLUTION APPROVING THE FINAL MAP AND ACCEPTING PUBLIC IMPROVEMENTS FOR THE ANDREA ESTATES SUBDIVISION OF THE CITY OF MODESTO, AUTHORIZING THE CITY MANAGER TO EXECUTE A SUBDIVISION AGREEMENT, AND AUTHORIZING THE CITY CLERK TO RECORD A NOTICE OF COMPLETION. (OWNERS: PRESTON CONSTRUCTION COMPANY, A CALIFORNIA CORPORATION, AND TIMOTHY AND JOAN L. BERRY)

WHEREAS, Preston Construction Company, a California Corporation and Timothy Berry and Joan L. Berry, are possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 4.08 acres, known as the Andrea Estates Subdivision ("SUBDIVISION"), and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 6th day of February, 2006, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto has certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct, and

WHEREAS, the Public Works Director has certified that all public improvements required by the City of Modesto have been completed in said tract to the satisfaction of the Public Works Director, and

WHEREAS, the subdivider has posted a warranty security in an amount equal to 10% of the estimated cost of the public improvements, as determined by the City Engineer, to guarantee and warranty the public improvements for a period of one year after acceptance,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The final map is hereby approved.
2. The dedications for public streets and easements as shown thereon within the boundaries of said tract are hereby accepted on behalf of the public for public use.
3. The public improvements completed in Andrea Estates Subdivision are hereby accepted.
4. The City Clerk is hereby authorized to certify the map of said tract on behalf of the City of Modesto, and to record a Notice of Completion on behalf of the City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid.
5. The City Manager and the City Clerk are hereby authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Municipal Code.
6. The City Clerk is further authorized to release the warranty security to guarantee improvements one year and one day after the effective date of this resolution, provided no claim is made thereon.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-492

A RESOLUTION APPROVING THE FINAL MAP OF VILLAGE ONE TOWN CENTER HOMES IN THE VILLAGE ONE SPECIFIC PLAN AREA OF THE CITY OF MODESTO AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE SUBDIVISION AGREEMENT.

WHEREAS, HOUSING ATHORITY OF THE COUNTY OF STANISLAUS ("Subdivider"), is possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 5.0 acres, known as VILLAGE ONE TOWN CENTER HOMES ("SUBDIVISION"), in the Village One Specific Plan Area, and

WHEREAS, a vesting tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 17th day of July, 2006, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the final map for Village One Town Center Homes Subdivision is hereby approved; that the dedications for public streets and easements as shown thereon within the boundaries of said tract are accepted on behalf of the public for public use; and that the City Clerk is authorized to certify the map of said tract on behalf of the City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts

determined by the City Engineer have been paid and after Subdivider has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager is hereby authorized to execute a subdivision agreement as required by Section 4-4.604(c) of the Modesto Municipal Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

MODESTO CITY COUNCIL
RESOLUTION NO. 2007-493

A RESOLUTION APPROVING AN AGREEMENT FOR SERVICES BETWEEN THE CITY OF MODESTO AND EDAW FOR PREPARATION OF AN ENVIRONMENTAL IMPACT REPORT FOR THE PROPOSED FAIRVIEW VILLAGE SPECIFIC PLAN AMENDMENT NO. 4 PROJECT (IN AN AMOUNT NOT TO EXCEED $ 508,365), AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT

WHEREAS, Willow Equities has applied for a specific plan amendment, referred to as the Fairview Village Specific Plan Amendment No. 4, to allow for the orderly and future development within the approximate 360-acre planning area bounded by Hatch Road to the north, Yuma Avenue to the east, Whitmore Avenue to the south and Carpenter Road to the west, generally located in the southwest Modesto area, and

WHEREAS, the Fairview Village Specific Plan was adopted on December 12, 1995, by City Council Resolution No. 95-584 for the development of 350 acres for predominantly residential development, and

WHEREAS, the east portion of the specific plan area consisting of about 200 acres was annexed into the City of Modesto on June 5, 1996, and

WHEREAS, Fairview Village Specific Plan Amendment No. 1 was adopted on March 18, 1997, by City Council Resolution No. 97-135, to change the funding of certain public facilities from an assessment district to a Mello Roos Community Facilities District, and

WHEREAS, Fairview Village Specific Plan Amendment No. 2 was adopted on March 18, 1997, by City Council Resolution No. 97-138, to delete the requirement for a housing trust fund equity sharing program and collection of an affordable housing fee, and

WHEREAS, Fairview Village Specific Plan Amendment No. 3 was adopted on November 4, 1997, by City Council Resolution No. 97-622, to allow changes to the public services provider, and

WHEREAS, the proposed Fairview Village Specific Plan Amendment No. 4 project proposes to update the land use and circulation plan and to amend the document language and policies to be consistent with current City policies and programs that include providing infrastructure capacity studies, a water supply assessment, a facilities master plan, and an infrastructure financing plan, and

WHEREAS, the proposed Fairview Village Specific Plan Amendment No. 4 project will also involve the following associated entitlements: prezoning of the site; a general plan amendment; annexation of the west portion of the Specific Plan area plus a strip of land from Hatch Road to the Tuolumne River to the City of Modesto and detachment from the Burbank/Paradise Fire District; preparation of a Facilities Master Plan and Infrastructure Finance Plan, and formation of a Community Facilities District (CFD) (collectively "Project"), and

WHEREAS, Section 21080.1 of the California Public Resources Code requires the City of Modesto, as lead agency, to make a determination of whether an environmental impact report is required for the Project, and

WHEREAS, the City of Modesto has determined that an Environmental Impact Report (EIR) will be necessary to ensure that the City of Modesto complies with the requirements of the California Environmental Quality Act for the proposed Fairview Village Specific Plan Amendment No. 4 project and the project applicant now desires to proceed the EIR, and

WHEREAS, City staff recommends an Agreement for services between the City of Modesto and EDAW for preparation an Environmental Impact Report based on the scope of services supplied to City staff for the proposed Fairview Village Specific Plan Amendment No. 4 project be executed in an amount not to exceed $508,365, and

WHEREAS, the applicant will pay the entire cost of the EIR, including staff time spent on said project, and the applicant has deposited funds with the City to cover the initial phase of work outlined in the Scope of Services described in **Exhibit "A"** of the Agreement for Consultant Services, and the applicant must fund all costs to complete the EIR.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement for services between the City of Modesto and EDAW for the preparation of an Environmental Impact Report for the proposed Fairview Village Specific Plan Amendment No. 4 project, in an amount not to exceed $508,365, and

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of August, 2007, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

STANDARD
AGREEMENT FOR CONSULTANT SERVICES

THIS AGREEMENT, made and entered into in the City of Modesto, State of California, this 24th day of April, 2007, by and between the CITY OF MODESTO, a municipal corporation of the State of California, hereinafter referred to as "City", and EDAW, Inc., a Delaware corporation, hereinafter referred to as "Consultant".

This Agreement is made with regard to the following recitals:

A. The City has determined that an Environmental Impact Report should be prepared for the proposed Fairview Village Specific Plan Amendment No. 4 project to ensure compliance with CEQA.

B The Environmental Impact Report will be prepared in phases, as funding becomes available and that the applicant will fund all costs for preparing the Environmental Impact Report.

C. Consultant represents that it is qualified, willing and able to provide the services to prepare said document(s).

NOW, THEREFORE, in consideration of this Agreement, and the mutual promises, covenants, and stipulations hereinafter contained, the parties agree as follows:

1. **SCOPE OF SERVICES.**

Consultant shall undertake and complete the scope of work as set forth and described in the documents attached hereto and referred to as Exhibit "A" or "Project". The Consultant shall perform the services as described in Exhibit "A" in a manner compatible with the standards of its profession, and shall produce a fully complete Project that is acceptable to City.

2. **TERM OF AGREEMENT.**

This Agreement is effective as of the date first written above and will continue in effect until City's acceptance of and payment for all services authorized by City and performed by Consultant, unless terminated earlier in accordance with the provisions of the termination clause in this Agreement.

Within ten (10) working days after receipt of all funding necessary to pay for Consultant's services and approval of this Agreement by the City Council, City shall give Consultant a written Notice to Proceed which specifically identifies the tasks and/or projects on which Consultant is authorized to proceed. Consultant shall not commence any work pursuant to this Agreement until such time as Consultant has received a written Notice to Proceed with that work. Upon receipt of a Notice to Proceed, Consultant shall diligently proceed with the work to be performed and agrees to complete said work within the time period set forth in Exhibit A to this Agreement.

3. **COMPENSATION.**

Consultant agrees to accept a sum not to exceed $508,365 as full remuneration for performing all services and furnishing all staffing and materials called for in Exhibit "A" and for performance by Consultant of all of its duties and obligations under this Agreement.

The Compensation shall be paid pursuant in the manner and at the times set forth below:

a. Consultant shall submit monthly invoices to City identifying the work performed and percentage of each Task that has been completed, based on the Task descriptions set forth in Exhibit A and the work authorized under any Notices to

Proceed. City shall make payments on a monthly basis consistent with the percentage of Task(s) completed, until the City has paid a maximum of 90% of the total cost for each Task, based on the amounts allocated for each Task as set forth in Exhibit A. The remaining 10% of the total cost for each Task will be paid by the City upon completion of, and City acceptance of, each Task. All work to be performed under the Agreement shall be billed at the hourly rates shown in Exhibit A. Monthly invoices shall be submitted to City in the form attached hereto as Exhibit B.

b. Reimbursable Expenses. All reproduction, delivery and travel expenses will be billed at cost. The total cost for all reimbursable expenses/direct costs for the Project shall not exceed the amount provided in Exhibit A. It is the responsibility of Consultants to manage reimbursable expenses to ensure that they do not exceed this budget. Any reimbursable expenses that exceed this budget, without prior written approval from the Director of the Community and Economic Development Department ("Director"), will not be reimbursed to Consultant. Reimbursable expenses shall be invoiced to the City. Monthly invoices shall itemize the reimbursable expenses incurred during the preceding month and the amount due.

4. **OBLIGATIONS OF CONSULTANT.**

Throughout the term of this Agreement, Consultant shall possess, or secure all licenses, permits, qualifications and approvals legally required to conduct business. Consultant warrants that it has all of the necessary professional capabilities and experience, as well as all tools, instrumentalities, facilities and other resources necessary to provide the City

with the services contemplated by this Agreement. Consultant further warrants that it will follow the best current, generally accepted and professional practices to make findings, render opinions, prepare factual presentations, and provide professional advice and recommendations regarding this project.

5. **PERFORMANCE BY KEY EMPLOYEE.**

Consultant has represented to City that Randy Chafin, will be the person primarily responsible for the performance of the services referred to in this Agreement. City has entered into this Agreement in reliance on that representation by Consultant. Consultant therefore agrees that 9% percent or more of the time to be devoted to the project that is the subject of this Agreement will be that of the above-named person.

6. **OWNERSHIP OF DOCUMENTS/TITLE TO DATA.**

Ownership of Documents

All reports, drawings, designs, graphics, working papers and other incidental work or materials furnished hereunder shall become and remain the property of the City, and may be used by City as it may require without any additional cost to City. Any reuse of Project documents by the City for purposes other than those for which they were prepared shall be at the risk of City. No reports shall be used by the Consultant for purposes other than this contract without the express prior written consent of City.

Title to Data

If, as a part of the Agreement, Consultant is required to produce data such as, but not limited to, drawings, plans, specifications, calculations, models, flow diagrams, visual aids and other related materials, the originals of all such data generated under this Agreement will be delivered to City upon the completion or termination of services under this agreement.

All materials, documents, data or information obtained from the City data files or any City medium furnished to Consultant in the performance of this Agreement will at all times remain the property of the City. Such data or information may not be used or copied for direct or indirect use by Consultant after termination of this Agreement without written consent of the City.

7. **NEWS AND INFORMATION RELEASE.**

Consultant agrees that it will not issue any news releases in connection with either the award of this Agreement, or any subsequent amendment of or efforts under this Agreement, without first obtaining review and approval of said news releases from City through the City Manager.

8. **INTEREST OF CONTRACTOR.**

Consultant warrants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. Consultant warrants that, in performance of this Agreement, Consultant shall not employ any person having any such interest. Consultant agrees to file a Statement of Economic Interests with the City Clerk at the start and end of this Agreement if so required at the option of City.

9. **AMENDMENTS.**

Both parties to this Agreement understand that it may become desirable or necessary during the execution of this Agreement, for City or Consultant to modify the scope of services provided for under this Agreement. Any material extension or change in the scope of work shall be discussed with City and the change and cost shall be memorialized in a written amendment to the original contract prior to the performance of the additional work.

Until a change order is so executed, City will not be responsible to pay any charges Consultant may incur in performing such additional services, and Consultant shall not be required to perform any such additional services.

10. **INDEPENDENT CONTRACTOR.**

All acts of Consultant, its agents, officers, and employees and all others acting on behalf of Consultant relating to the performance of this Agreement, shall be performed as independent contractors and not as agents, officers, or employees of City. Neither party, by virtue of this Agreement, has authority to bind or incur any obligation on behalf of the other. Consultant has no authority or responsibility to exercise any rights or power vested in the City. No agent, officer, or employee of the City is to be considered an employee of Consultant. It is understood by both Consultant and City that this Agreement shall not under any circumstances be construed or considered to create an employer-employee relationship or a joint venture.

Consultant, its agents, officers and employees are and, at all times during the terms of this Agreement, shall represent and conduct themselves as independent contractors and not as employees of City.

Consultant shall determine the method, details and means of performing the work and services to be provided by Consultant under this Agreement. Consultant shall be responsible to City only for the requirements and results specified in this Agreement, and, except as expressly provided in this Agreement, shall not be subjected to City's control with respect to the physical action or activities of the Consultant in fulfillment of this Agreement. Consultant has control over the manner and means of performing the services under this Agreement. Consultant is permitted to provide services to others during the same period service is provided to City under this Agreement. If necessary, Consultant has the responsibility for employing

other persons or firms to assist Consultant in fulfilling the terms and obligations under this Agreement.

If in the performance of this Agreement any third persons are employed by Consultant, such persons shall be entirely and exclusively under the direction, supervision, and control of Consultant. All terms of employment including hours, wages, working conditions, discipline, hiring, and discharging or any other term of employment or requirement of law shall be determined by the Consultant.

It is understood and agreed that as an independent contractor and not an employee of City neither the Consultant or Consultant's assigned personnel shall have any entitlement as a City employee, right to act on behalf of the City in any capacity whatsoever as an agent, or to bind the City to any obligation whatsoever.

It is further understood and agreed that Consultant must issue W-2 forms or other forms as required by law for income and employment tax purposes for all of Consultant's personnel.

As an independent contractor, Consultant hereby indemnifies and holds City harmless from any and all claims that may be made against City based upon any contention by any third party that an employer-employee relationship exists by reason of this Agreement.

11. **ASSIGNMENT.**

Neither this Agreement nor any portion thereof shall be subcontracted or assigned without the express prior written consent of the City in each and every instance.

12. **PATENT/COPYRIGHT MATERIALS.**

Unless otherwise expressly provided in the contract, Consultant shall be solely responsible for obtaining the right to use any patented or copyrighted materials in the

performance of this Agreement. Consultant shall furnish a warranty of such right to use to City at the request of City.

13. **NOTICES.**

Any and all notices permitted or required to be given hereunder (excepting the insurance notices) shall be deemed duly given and effective (1) upon actual delivery, if delivery is by hand; or (2) five (5) days after delivery into the United States mail if delivery is by postage paid registered or certified (return receipt requested) mail. Each such notice shall be sent to the parties at the address respectively indicated below or to any other address as the respective parties may designate from time to time.

FOR Consultant:

Name: EDAW Inc
Address: 2022 J Street, Sacramento, CA 95814
Attention: Randy Chafin
Phone: 916 414 5800

FOR CITY:

Name: City of Modesto
Address: PO Box 642, Modesto, CA 95353
Attention: Patrick Kelly, Principal Planner
Phone: 209 577 5268

14. **INSURANCE REQUIREMENTS.**

The Consultant shall provide at its own expense and maintain at all times the following insurance with insurance companies licensed in the State of California and shall provide evidence of such insurance to the City as may be required by the Risk Manager of the City. The policies or certificates thereof shall provide that, thirty (30) days prior to cancellation

or material change in the policy, notices of same shall be given to the Risk Manager of the City by mail for all of the following stated insurance policies.

(a) Worker's Compensation - in compliance with the statutes of the State of California, plus employer's liability with a minimum limit of liability of $500,000.

(b) General Liability insurance with a minimum limit of liability per occurrence of $1,000,000 for bodily injury and $100,000 for property damage or $1,000,000 combined single limit. This insurance shall indicate on the certificate of insurance the following coverages and indicate the policy aggregate limit applying to: premises and operations; broad form contractual; independent consultants and subcontractors; and products and completed operations.

(c) Automobile Liability insurance with a minimum limit of liability per occurrence of $1,000,000 for bodily injury and $100,000 for property damage or $1,000,000 combined single limit. This insurance shall cover "hired and non-owned vehicles" for bodily injury and property damage where Consultant represents in writing to City that it will not utilize owned vehicles in the performance of this Agreement. The insurance shall cover either "scheduled vehicles" or "any auto," or both, for bodily injury and property damage where Consultant will use owned vehicles in the performance of this Agreement.

(d) Professional Liability insurance with a minimum limit of $1,000,000 per claim and policy aggregate.

If at any time during the term of this Agreement any of said policies shall become unsatisfactory to the City, as to form or substance, or if a company issuing such policy shall be unsatisfactory to the City, the Consultant shall promptly obtain a new policy, submit the same to the Risk Manager for approval and submit a certificate thereof as hereinabove provided. Upon

failure of the Consultant to furnish, deliver or maintain such insurance and certificates as above provided, this Agreement, at the election of the City, may be forthwith declared suspended, or terminated. Failure of the Consultant to obtain and/or maintain any required insurance shall not relieve the Consultant from any liability under this Agreement, nor shall the insurance requirements be construed to conflict with or otherwise limit the obligations of the Consultant concerning indemnification. The City, its officers, employees, and designated volunteers shall be named as an additional insured on all insurance policies required herein, except Workers' Compensation. The Workers' Compensation insurer shall agree to waive all rights of subrogation against the City, its officers, employees, and designated volunteers for losses arising from work performed by Consultant in providing the services for the City under this Agreement. The Consultant's insurance policy(ies) shall include a provision that the coverage is primary as respects the City; shall include no special limitations to coverage provided to additional insured; and, shall be placed with insurer(s) with acceptable Best's rating of A:VII or with approval of the Risk Manager. The Consultant must deliver certificates evidencing existence of the insurance called for in this Agreement to the City Clerk at the time this Agreement is signed.

Consultant shall provide City with separate endorsements evidencing proof of the City's additional insured status as to both the general liability and automobile liability insurance policies. In addition, Consultant shall provide City with a Workers Compensation subrogation waiver by way of a separate endorsement. All endorsements referenced above must include the applicable policy number.

15. **TERMINATION OF AGREEMENT.**

Termination on Occurrence of Stated Events

This Agreement shall terminate automatically on the date on which any of the following events occur: (1) bankruptcy or insolvency of Consultant, (2) legal dissolution of Consultant, or (3) death of key principal(s) of Consultant.

Termination by City for Default of Consultant

Should Consultant default in the performance of this Agreement or materially breach any of its provisions, at its option City may terminate this Agreement by giving written notification to Consultant. The termination date shall be the effective date of the notice. For the purposes of this section, material breach of this Agreement shall include but not be limited to any of the following: failure to perform required services or duties in accordance with this Agreement, willful destruction of City's property by Consultant, dishonesty or theft.

Termination by Consultant for Default of City

Should City default in the performance of this Agreement or materially breach any of its provisions, at its option Consultant may terminate this Agreement by giving written notice to City. The termination date shall be the effective date of the notice. For the purposes of this section, material breach of this Agreement shall include but not be limited to any of the following: failure to cooperate reasonably with Consultant, willful destruction of Consultant's property by City, dishonesty or theft.

Termination by City for Lack of Budgeted Funds

The City may terminate this Agreement effective July 1 of any given year upon the City's determination to not appropriate sufficient funds for this Agreement for the ensuing fiscal year. In such event City shall give Consultant not less than 30 days written notice.

Termination by City for Lack of Developer Funds

Consultant understands and acknowledges that the work to be performed under this Agreement will be paid through funds to be provided by one or more private project applicants, and that City has no control over whether or when the project applicants will provide the necessary funding to complete the services for which the City and Consultant have contracted The City will use best efforts to assure that the necessary funding is available to complete all work authorized under this Agreement. If, however, project applicant funds are not available in a timely manner or if a project applicant chooses to terminate work related to the applicant's project, the City may, at City's sole option, temporarily delay or terminate this Agreement, or any portion of the work hereunder. by giving written notification to Consultant. The delay or termination date shall be the effective date set forth in the notice.

Termination for Failure to Make Agreed-Upon Payments

Should City fail to pay Consultant all or any part of the payments set forth in this Agreement on the date due, at its option Consultant may terminate this Agreement if the failure is not remedied within thirty (30) days after Consultant notifies City in writing of such failure to pay. The termination date shall be the effective date of the notice.

Termination by City for Change of Consultant's Tax Status

If City determines that Consultant does not meet the requirements of federal and state tax laws for independent contractor status, City may terminate this Agreement by giving written notice to Consultant. The termination date shall be the effective date of the notice.

Voluntary Termination

The parties may terminate this Agreement upon mutual written agreement.

In the Event of Termination

If this Agreement is terminated pursuant to this Paragraph, Consultant shall cease all its work on the project as of the termination date and shall see to it that its employees, subcontractors and agents are notified of such termination and cease their work. If City so requests, and at City's cost, Consultant shall provide sufficient oral or written status reports to make City reasonably aware of the status of Consultant's work on the project. Further, if City so requests, and at City's cost, Consultant shall deliver to City any work products whether in draft or final form which have been produced to date.

If the Agreement is terminated pursuant to any of the subsections contained in this paragraph, City will pay Consultant an amount based on the percentage of work completed on the termination date, this percentage shall be mutually agreed to by the City and Consultant. If the Agreement is terminated pursuant to the subparagraph entitled Termination by City for Default of Consultant, Consultant understands and agrees that City may, in City's sole discretion, refuse to pay Consultant for that portion of Consultant's services which were performed by Consultant on the project prior to the termination date and which remain unacceptable and/or not useful to City as of the termination date.

16. **CERTIFIED PAYROLL REQUIREMENT.**

For consultants performing field work on public works contracts on which prevailing wages are required: The Consultant shall comply with the provisions of Section 1776 of the California Labor Code, regarding payroll records, and shall require its subconsultants and subcontractors to comply with that section as may be required by law.

17. **INDEMNITY.**

Consultant shall hold the City, its agents, officers, employees and volunteers harmless from and save, defend and indemnity them against any and all claims, losses, liabilities, judgments or damages from every cause, including but not limited to injury to person or property or wrongful death, including reasonable costs and expenses of defense of any judicial or administrative action, arising directly or indirectly out of any negligent or intentional act or omission of Consultant, its agents, officers, employees or volunteers relating to or during the performance of its obligations under this Agreement.

Consultant's obligation to defend, indemnify, and hold the City, its agents, officers, and employees harmless under the provisions of this paragraph is not limited to or restricted by any requirement in this Agreement for Consultant to procure and maintain a policy of insurance.

18. **ENTIRE AGREEMENT.**

This Agreement and its exhibits contain the entire understanding between Consultant and City. Additional or new terms contained in this Agreement which vary from Consultant's proposal are controlling and are deemed accepted by Consultant by shipment of any article or other commencement of performance hereunder. All previous proposals, offers and communications relative to this Agreement, whether oral or written, are hereby superseded except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by all the parties.

19. **PARTIAL INVALIDITY.**

If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.

20. **WAIVER.**

The waiver by any party to this Agreement of a breach of any provision hereof shall be in writing and shall not operate or be construed as a waiver of any other or subsequent breach hereof unless specifically stated in writing.

21. **AUDIT.**

The City's duly authorized representative shall have access at all reasonable times upon advance notice and during normal business hours to all reports, contract records, contract documents, contract files, and personnel necessary to audit and verify Consultant's charges to City under this Agreement.

Consultant agrees to retain reports, records, documents, and files related to charges under this Agreement for a period of four (4) years following the date of final payment for Consultant services. City's representative shall have the right to reproduce any of the aforesaid documents.

22. **GOVERNING LAW.**

This Agreement shall be governed according to the laws of the State of California.

23. **HEADINGS NOT CONTROLLING.**

Headings used in the Agreement are for reference purposes only and shall not be considered in construing this Agreement.

24. **COMPLIANCE WITH LAWS.**

Consultant shall insure compliance with all safety and hourly requirements for employees, in accordance with federal, state, and county safety and health regulations and laws. Consultant shall fully comply with all applicable federal, state, and local laws, ordinances, regulations and permits. Consultant will have a City of Modesto business license.

25. **CITY BUSINESS LICENSE.**

Consultant will have a City of Modesto business license.

IN WITNESS WHEREOF, the City of Modesto, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. _____, adopted by the Council of the City of Modesto on the _____ day of _____,20____, and _____ has caused this Agreement to be duly executed.

PROPOSED SCOPE OF SERVICES
FEBRUARY 2, 2007 (REVISED 3/8/07)

PROJECT UNDERSTANDING

The Fairview Village project has a relatively long history with the City of Modesto. A specific plan was first prepared in 1995. It was analyzed under a focused environmental impact report (EIR) and approved. Subsequently, amendments to the plan have been proposed and approved by the City.

Recently, a large portion of the plan area, identified as Westport Landing, has come forward in the form of a tentative map. No action has been taken on the proposed project.

The fourth amendment to the 1995 specific plan is now proposed, which will be the subject of this EIR. The proposed project is described in a draft plan dated June 6, 2005, prepared by JB Anderson Land Use Planning. Although a final project description is being prepared, following is a basic description of the proposed project:

- Low Density Residential – 243 acres
- Medium Density Residential – 53 acres
- Medium High Density Residential – 16 acres
- Retail Commercial – 12.0 acres
- Park/Basin – 16 acres
- New Elementary School – 10 acres
- Existing Elementary School – 10 acres

The approximately 360-gross acre site is partially within the City of Modesto and partially in unincorporated Stanislaus County. The property is in three ownerships; a portion consisting of about 80 acres (Galas Brothers) has been subdivided and developed with single family dwellings and will be acknowledged with this project; the balance of the site of about 280 acres represents the new development.

The proposed project includes a strip of land on the north side of Hatch Road extending to the Tuolumne River. The strip of land is located in the Tuolumne River Comprehensive District designated for open space use and is part of this project for annexation purposes.

The City is currently involved in a maintenance update of its General Plan. The project proponent intends to prepare the specific plan while the General Plan update is underway, but in a manner consistent with the identified General Plan Preferred Land Use Alternative. The City has agreed to this approach to specific land planning.

WORK PROGRAM

The following work program is based on EDAW's current understanding of the proposed project. As the project description evolves, adjustments to the work program, cost, and schedule may be warranted.

Approach to EIR

The EIR for the Fairview Village Specific Plan will constitute a "focusing in" upon the broader environmental issues addressed in the Master EIR for the General Plan Update and re-assessment of

environmental issues previously raised in the 1995 focused EIR for Fairview Village in light of changes to the proposed plan and changes in the physical and regulatory environment. Information will also be taken from the initial study/mitigated negative declaration (IS/MND) prepared for the Community Facilities District in 2003, as well as the Key Issues Analysis, dated March 10, 2005, prepared by Impact Sciences. CEQA documents prepared for nearby projects, such as the EIR for the Tuolumne River Regional Park CPD will also be used.

We will "focus in" or build upon the more generalized analyses contained in the City's General Plan Master EIR (GPMEIR). The Fairview Village Specific Plan Amendment 4 EIR, however, will not tier from the GPMEIR, since the update GPMEIR will still be in preparation and will not have been certified.

EDAW is committed to the successful performance of all facets of the CEQA process, including initiation and organization; data review and compilation; identification of site opportunities and constraints; participation in the design process; establishment of baseline and cumulative conditions; impact assessment; development of appropriate and effective mitigation measures; report compilation; CEQA adequacy review; participation in scoping; and coordination between the City and the EDAW team and between the EDAW and the project proponent's team. EDAW will review and use any existing documents and studies prepared on this project site that will be helpful in the preparation of this EIR.

The CEQA Guidelines identify several types of EIRs, each applicable to different project circumstances. As discussed below, a Program EIR is appropriate for land use decision making at a broad level that contemplates further, site-specific review of individual development proposals. The form of EIR appropriate for this specific plan is assumed to be a Program EIR since the project does not include project specific proposals such as tentative subdivision maps.

The EIR will address impacts resulting from project development, operation, and maintenance to enable the project proponents, the City, and other regulatory agencies with jurisdiction over the proposed project to examine the overall effects of implementing the proposed project. The analysis also will enable them to take the necessary precautions and to require the implementation of various performance standards for future projects to avoid or reduce adverse environmental effects.

The program-level analysis will address the broad, as well as specific, environmental effects of project implementation. Additionally, the EIR will address the impacts of a buildout year to be provided by the project proponent. As the first step in the environmental review process for implementing the project, the analysis also will identify performance standards (e.g., mitigation measures to protect sensitive resources) that would apply to all subsequent development (e.g., tentative subdivision maps and improvement plans) in the plan area. In addition, the analysis will address the cumulative impacts of developing the proposed project.

The proposed project will encompass separate phases of development. To move forward with a subsequent development project, the project proponent would submit a project application for each subsequent project. At that time, the City would conduct a site-specific analysis of the project's potential impacts, particularly with respect to that project's compliance with the performance standards set forth in the EIR and incorporated into the specific plan (Public Resources Code Section 21083.3; State CEQA Guidelines Sections 15168, 15183). If the project falls within the scope of the analysis of the specific plan EIR, the project would only be required to implement the mitigation measures (i.e., performance standards) identified in the EIR in order to proceed. No further CEQA documentation would be necessary other than documenting consistency with the EIR.

WORK TASK DESCRIPTIONS

The proposed work task descriptions that follow have been organized into three major phases – Initial Study/NOP, Draft EIR, and Final EIR, each with a series of numbered tasks.

PHASE 1 – PROJECT INITIATION, INITIAL STUDY, AND NOTICE OF PREPARATION

Task 1: Initiate Project

Purpose

To establish early communication among the various project team members and identify project issues and concerns.

Approach

The EDAW principal-in-charge and project manager will attend an initial orientation meeting with the City management team and the project proponent's team to review the proposed project, clarify the project objectives, discuss the proposed scope of work, and agree on the preferred direction of the environmental analysis and CEQA strategy.

An important issue will be the degree to which the project proponents will be permitted to participate in the review of EDAW work products. Accordingly, we recommend establishing lines of communication and communication protocols between EDAW and the project proponent's team early in the process.

We will request any other data needed to initiate and complete the environmental analysis.

Task 1 Summary	
Products:	Memorandum detailing data needs, if necessary

Task 2: Perform Site Reconnaissance, and Collect and Analyze Background Information

Purpose

To thoroughly familiarize the EDAW team with the site and surrounding area, to collect and gain a solid understanding of all background documents relevant to the project site, and to obtain a complete project description.

Approach

EDAW personnel will visit the site to gain a clear understanding of the site characteristics and the relationship of the site to surrounding lands. We recommend that this initial reconnaissance be hosted by the project proponents and also be attended by the City's management team.

EDAW personnel will contact project proponent team members and other agencies, as appropriate, to obtain copies of all documentation relevant to the site and the project.

After reviewing all application materials submitted by the project proponent, EDAW personnel will create an information needs list that identifies additional information, sorted by environmental topic that will be needed in order to complete the EIR. This will serve as an initial list since subsequent information needs may arise during the environmental analysis.

Task 2 Summary	
Products:	Information needs list
Meetings:	Field trip guided by the project proponents team and attended by City management team and the EDAW team

Task 3: Prepare Notice of Preparation Package, Participate in Scoping Meeting

Purpose

Complete CEQA Notice of Preparation (NOP) process, including participation in a public scoping session. The NOP process, including scoping session, will be used to narrow the focus, scope, and content of the EIR. Following preparation of the NOP package and scoping, EDAW will confirm or refine the work program for the EIR analysis, if necessary.

Approach

EDAW will assemble the NOP package in coordination with City management team and with assistance from the applicant's team. The NOP package will be prepared in conformance with the State CEQA Guidelines. It will include a description of the proposed project, the project's location on a map, and conceptual site plans. In lieu of an Initial Study, the project description will include a section entitled Probable Environmental Effects. In addition to providing a summary description of environmental effects for each of the major topic areas identified in the CEQA Guidelines, it will provide a basis for dismissing certain topic areas from further environmental analysis in the EIR.

We will submit 20 copies of the draft NOP package to the City management team and the project proponent for review and comment before submission of the final package to the City. EDAW assumes there will be one draft reiteration of the NOP package to obtain comments. The draft NOP will be shared with the project proponent after it has been reviewed and approved by City staff. EDAW will revise the draft NOP package (assuming one reiteration) to incorporate City comments and forward 65 copies of the final NOP package to the City for distribution to the State Clearinghouse, regulatory agencies, City staff, and interested agencies/organizations. EDAW will hand-deliver the NOP package to the State Clearinghouse, if requested.

We will attend one scoping meeting with regulatory agencies and the public. The scoping meeting will be coordinated with the City management team. EDAW's role in the scoping meeting will be determined by the City.

EDAW will consider comments received in response to the NOP in the EIR.

Following preparation of the NOP and results of scoping, we will either confirm or refine the remaining work, cost, and schedule. EDAW is available to attend one meeting with the City and project proponent to confirm the scope of work, if necessary.

Task 3 Summary	
Products:	Confirmed or refined project work program, cost, and schedule One reiteration of draft NOP package (20 copies) Final NOP (65 printed copies) PDF files
Meetings:	See Task 10 for monthly coordination meetings Scoping meeting to be attended by the Project Manager (1)

PHASE 2 – DRAFT EIR

Task 4: Prepare Administrative Draft EIR

Purpose

Prepare an administrative draft EIR for the proposed project. Up to three iterations of the administrative draft EIR will be submitted to the City for review. City staff may share the second administrative draft with the project proponent for review and comment. EDAW will attend one meeting to review comments. After comments are incorporated, EDAW will produce cut sheets showing revisions to the Draft EIR for approval before submittal of the Public Review Draft EIR to the City.

Approach

EDAW will prepare the EIR to satisfy CEQA, as described earlier in this Scope of Services. As appropriate, as much existing information as possible will be extracted from any available CEQA documents and technical studies for projects in the vicinity. EDAW will prepare the setting, impact analysis, and recommended mitigation measure (including performance standards) sections for the environmental topic areas described below.

In the following environmental topics, EDAW will rely upon technical studies provided by the following subconsultants. We will peer review those technical studies before incorporating them into the EIR. These environmental topics are:

- Traffic (kdAnderson Transportation Engineers)
- Wastewater (Carollo Engineering)
- Surface Hydrology/Water Quality (Stormwater Consulting)
- Water (West Yost Associates)

If any other technical reports become available from the project proponent, we will review those documents as well.

The following subtasks describe the contents of the administrative draft EIR and the steps necessary to complete each section.

1. Table of Contents

2. Executive Summary: An executive summary will be prepared that presents the significant conclusions of the EIR in a manner that is easily understood by the public. An introduction, a project history, a project description, and a description of alternatives will be provided. Summary discussions of each environmental issue evaluated also will be provided with focus on the most critical issues raised in the EIR. A summary table format will be used to identify less-than-significant impacts, significant impacts, significant and unavoidable impacts, cumulative impacts, mitigation measures, and the effectiveness of the recommended mitigation measures for the proposed project after implementation.

Because this chapter summarizes the contents of the EIR, preparing it before client and project proponent review would be inefficient. For this reason, the chapter will be made available in the Public Review Draft EIR that will be submitted to the City (Task 6).

3. Introduction: The introduction will describe the type and uses of the EIR; the environmental process required for the proposed project; the organization of the EIR; the focus of the EIR analysis; and other documents used in the preparation of the EIR. It also will identify the lead, cooperating, responsible, and trustee agencies under CEQA.

4. Project Description: In close coordination with the project proponent, EDAW will assemble project information that will form the CEQA project description. The project description will be used for the NOP package (see Task 4 above), and the EIR. The following CEQA requirements will be presented:

- **Regional and local setting.** The EIR will describe the regional and local project location and physical setting to establish the environmental baseline for analysis.
- **Project background.** This section will contain a brief discussion of the process by which the project proponent determined the need for the project.
- **Project objectives.** Consistent with CEQA requirements, project objectives for the proposed project will be developed and clearly stated to define the range of alternatives and to support the later discussion of alternatives considered but rejected and the adoption of findings for the project.
- **Project characteristics.** The EIR will fully describe the characteristics of the proposed project, including project phasing and on- and off-site infrastructure improvements.
- **Intended uses of the EIR.** As required by Section 15124(d) of the State CEQA Guidelines, the project description will include a list of cooperating, responsible, and trustee agencies expected to use the EIR in decision-making; a list of permits and other approvals required to implement the project; and a list of related environmental review and consultation requirements needed for compliance with federal, State, and local laws and regulations.
- **Required Approvals.** A list of entitlements required to implement the project will be provided.

5. Environmental Setting, Impacts, and Mitigation Measures: Consistent with CEQA requirements, a comprehensive discussion of the existing project setting (i.e., baseline conditions) will be prepared and presented. Also presented will be a regulatory setting which describes the environmental laws, regulations, and ordinances applicable to the proposed project, as well as the significance criteria in which to measure the significance of impacts, impact methodology, and impact analysis. The EIR will provide a clear, concise, and focused description of the direct, indirect, and cumulative impacts of the proposed project. Mitigation measures will be recommended to avoid, eliminate, or reduce impacts to a less-than-significant level.

It is anticipated that the following issues (which will be contained in separate sections) will be addressed in the EIR; this listing may change following completion of the NOP (Task 3): It is assumed that certain topics, such as Population and Minerals, will be "scoped out".

- Aesthetics
- Air Quality
- Biological Resources (botanical, wildlife, and wetland resources)
- Cultural Resources
- Geology and Soils, and Paleontological Resources
- Hazards and Hazardous Materials
- Land Use and Agricultural Resources
- Noise

- Public Services and Utilities (water supply, wastewater disposal, electricity, natural gas, and communications, law enforcement, fire protection, schools, and solid waste, and parks and recreation)
- Surface Hydrology and Water Quality
- Traffic and Transportation

EDAW's approach to the analysis of each of these resource topics is presented below. In each instance, as previously noted, we will "focus in" or build upon the more generalized analyses contained in the City's GPMEIR. The Fairview Village Specific Plan EIR, however, will not tier from the GPMEIR, since the updated GPMEIR will still be in preparation and will not have been certified.

Aesthetics

EDAW will evaluate the potential for the proposed project to alter views currently seen from adjacent roadways. A reconnaissance-level site visit will be conducted to evaluate the visual character of the project study area and surrounding areas and to take photographs to be included in the EIR. No visual photosimulations will be prepared.

EDAW will develop performance standards, in the form of mitigation measures, to be incorporated and adopted as part of the specific plan based on guidance contained in the General Plan Update. Performance standards are expected to address building style and design, landscaping, lighting, visual buffers, tree retention, and other relevant performance standards to avoid or reduce visual impacts to less-than significant levels.

Air Quality

The proposed project area is located in City of Modesto which is under the jurisdiction of the San Joaquin Valley Air Pollution Control District (SJVAPCD). EDAW will describe the regional and local air quality in the vicinity of the project site. Applicable air quality regulatory framework, standards, and significance thresholds will also be presented.

EDAW will conduct an analysis of air quality impacts in accordance with the recommended methodologies identified by SJVAPCD (SJVAPCD, 2005). The air quality impact analysis will include a general discussion of potential short-term (i.e., construction-generated) air pollutant emissions. Short-term increases in regional criteria air pollutants and precursors (reactive organic gases [ROG], nitrogen oxides [NOX], and particulate matter less than 10 microns in diameter [PM10]) will be modeled for the proposed project using URBEMIS 2002 Version 8.7.0 as recommended by the SJVAPCD. Short-term construction-generated increases in criteria air pollutants will be compared with applicable SJVAPCD thresholds for determination of significance. SJVAPCD mandatory and recommended measures will be provided as mitigation, where necessary.

EDAW will also model long-term (i.e., operational) regional criteria air pollutant emissions and precursors from area- and mobile-sources using URBEMIS for the proposed project as recommended by the SJVAPCD. Regional emissions will be estimated based, in part, on trip generation data from the transportation analysis that will be prepared for this project. Total regional operational emissions will be compared with applicable SJVAPCD thresholds for determination of significance. SJVAPCD-recommended measures will be provided as mitigation where necessary. Our air quality specialists will consult with the SJVAPCD for determination of appropriate mitigation measures to be incorporated to reduce long-term air quality impacts. Effects of proposed mitigation measures will be quantified.

The analysis will include an assessment of local mobile-source carbon monoxide (CO) impacts, where deemed necessary in accordance with SJVAPCD recommended methodologies, using the CALINE4 model with emission factors from EMFAC 2002. Vehicle-type distribution percentages (i.e., light-duty auto, sport utility, medium and heavy-duty trucks) will be based on registration data from the California Department of Motor Vehicles for City of Modesto as contained in EMFAC and heavy-duty truck traffic data from the California Department of Transportation (Caltrans). CALINE4 modeling will be performed in accordance with SJVAPCD- and Caltrans-recommended methodologies. Local mobile-source impacts are typically quantified for congested areas [i.e., level of service (LOS) E or worse] with high background CO concentrations.

Intersections will be modeled with peak-hour traffic data from the transportation analysis that will be prepared for this project (p.m. peak only) for existing and existing-plus-project conditions to determine the potential for localized CO "hot spots." Modeled CO concentrations will be compared with state and national 1- and 8-hour ambient air quality standards to determine impact significance. SJVAPCD-recommended measures will be provided as mitigation where necessary.

EDAW will also prepare a qualitative assessment of the proposed project's contribution to greenhouse gas emissions.

Biological Resources

The project site includes land previously used for growing field crops, as well as a strip of land on the north side of Hatch Road extending to the Tuolumne River. Native plant communities are absent from the project site due to prior agricultural conversion. However, sensitive biological resources, including special-status species and wetlands, could be present. Agricultural land in this region of Stanislaus County can provide important foraging habitat for Swainson's hawk and habitat for burrowing owl.

Our work program includes site reconnaissance and review of existing documentation pertinent to the biological resources on the project site. An electronic search of the California Department of Fish and Game's California Natural Diversity Data Base and the California Native Plant Society's (CNPS's) electronic inventory will be conducted to obtain information regarding sensitive biological resources potentially occurring on and near the site. Documents that describe the status and distribution of sensitive biological resources in the project vicinity will be included as part of the literature review.

EDAW biologists will conduct a reconnaissance-level survey of the site to evaluate the existing biological resources. Important biological resources (e.g., special-status species, sensitive plant communities, etc.) identified on and near the project site will be documented and mapped onto aerial photographs of the site, and the potential of the site to support additional special-status species that may not be identifiable at the time of the field survey will be evaluated.

Based on information obtained through existing documentation review and the results of the field survey, the environmental setting section of the biological resources chapter will be prepared. The setting section will include a description of the existing biological resources on the project site and an exhibit showing the location of any known or potential sensitive biological resources on the project site. An overview of relevant federal, State, and local laws and regulations pertaining to the protection of biological resources at the project site will also be included. This scope of services does not include focused surveys for special-status species or a formal wetland delineation because it is not known at this time if these resources are located in the proposed development area.

Cultural Resources

Prefield Efforts. The initial cultural resources investigation efforts will entail a review of any previous archaeological survey and excavation reports, archaeological site records, and formal property listings on file at the Northwest Information Center (NWIC) of the California Historical Resources Information System. The NWIC search will cover the entire project site. Available historical data will be supplemented with additional research. EDAW will review formal listings of properties included in the National Register of Historic Places and the California Register of Historical Resources.

EDAW will also contact the Native American Heritage Commission (NAHC) to request a search of the Sacred Lands Files to determine if any significant traditional cultural use areas are present within or in the vicinity of the project area. The NAHC will also be asked to provide a list of suitable Native American tribal representatives in the area. These organizations and individuals will be contacted via letter and up to two follow-up phone calls, if necessary. The local Native American community will be informed of the cultural resources portion of the project and their knowledge of significant cultural sites in the area will be solicited.

Field Inventory. A mixed-strategy archaeological inventory will be conducted by archaeologists who will carefully examine the site. Any newly identified archaeological sites encountered within the project area will be recorded in a manner consistent with the Office of Historic Preservation's publication Instructions for Recording Historical Resources (1993). California Department of Parks and Recreation (DPR) Series 523 forms will be prepared, along with appropriate supporting forms (e.g., Archaeological Site Record, Linear Feature record, Site Sketch Map, Location Map). Cultural constituents, site condition, and factors affecting each site will be noted on the DPR forms. Standard color photography will be used to document each resource, and photographic records will be maintained. Only diagnostic artifacts (those with definitive cultural and temporal associations) will be collected during this stage and will be located on project maps and with exact coordinates obtained using state-of-the-art Global Positioning System (GPS) equipment.

If any historic or prehistoric sites are noted, EDAW will use GPS units to collect one point for each small site (less than 10 acres), two or more points for linear resources, and four points for sites greater than 10 acres in extent. Any previously identified resources within the project area will be revisited and, if necessary, updates to existing DPR forms for those resources will be prepared.

An architectural historian will conduct background research to determine whether the existing buildings on the project site are historic (i.e., greater than 45 years old). If historic resources are present, these will be documented according to current professional standards. No subsurface testing or evaluation is included in this scope of work.

Geology and Soils, and Paleontological Resources

The project site topography is relatively flat. Nonetheless, significant quantities of earth will be moved to develop the site. This creates a potential for erosion-related effects. Particular attention will be given to the potential for air- or water-borne earth that is disturbed during the site development process to enter nearby canals or local drainage ditches and to be transported to other water bodies. The potential for geology and soil impacts associated with the proposed project will be evaluated based on the project proponent's geological study, publications from the U.S. Geological Survey, California Division of Mines and Geology, Soil Conservation Service, and the Modesto City General Plan. The EIR will focus on the seismicity of the area, the potential for liquefaction and subsidence, and erosion problems, as applicable. The potential for short-term, construction-related project impacts will be analyzed, and mitigation

measures will be recommended for any potentially significant effects in the EIR. EDAW does not propose to conduct any formal geotechnical studies in this scope of work.

EDAW will assess the potential for project impacts to paleontological resources by identifying and describing the geological formations on which the project is located and assessing their sensitivity for containing significant fossils. We will conduct the sensitivity assessment by: (1) consulting applicable geological and paleontological literature for information on the applicable geological strata, and (2) conducting a records search at the UC Berkeley Museum of Paleontology to identify the nearest known fossil finds. The paleontological analysis will include a site visit (if our preliminary analysis determines that the project could be located on a paleontologically-sensitive rock unit); a discussion of the geologic setting, formations, and stratigraphy of the project site; a discussion of the sensitivity of project site and vicinity and any known paleontologic resources; an assessment of potential project-related impacts on paleontologic resources; and proposed mitigation measures (if necessary).

Hazards and Hazardous Materials

Past uses of the project site have historically been devoted to agricultural uses. The historical uses of the project site will be documented for periods for which data is available. Sources of information to be researched will include historic land use maps, zoning maps, and public records. Additionally, the U.S. EPA's Envirofacts website database will be searched to determine if the site or properties in the vicinity have been listed on regulatory agency databases. We will also refer to data and conclusions contained in the Phase 1 ESA, dated January 12, 2004 prepared for the plan area. The need for an additional ESA to address portions of the project site that may not included in the January 2004 ESA or a Phase 2 study to will be determined following our review of the January 2004 report. These resources will be used to determine areas of potential contamination on the project site or surrounding property, if any.

The significance of potential impacts will be determined, and mitigation recommended to minimize potential adverse impacts, if necessary. For purposes of this analysis it is assumed that the handling of any hazardous substances would occur in accordance with applicable federal, State, and local regulations.

Land Use and Agricultural Resources

The land use consistency analysis will assess the consistency of the project with the portions of the Modesto General Plan as proposed in the Update Program. The analysis will assess the effects of the project on the character of the project study area and compatibility with the existing and planned land use patterns. Existing land uses in the immediate vicinity of the project will be described from existing information, where available. This section also will address property acquisition and required land use entitlements; the conversion of undeveloped land, including farmland, to other uses; division of established communities; and consistency with plans and policies adopted for the purpose of avoiding environmental impacts.

For the agricultural analysis, existing agricultural resources on the project site and in the surrounding vicinity will be described, including the types of farming activities and description of on-site soils that are suitable for farming activities based on the Farmland Mapping and Monitoring Program. The analysis will focus on impacts associated with the conversion of farmland (as defined by CEQA), and the potential for the project to conflict with or induce conversion of other area agricultural uses. EDAW will determine acreage of Prime Agricultural Land, Agricultural Land of Statewide Importance, and Williamson Act contract status using appropriate agency databases.

An exhibit showing existing land uses will be presented in the EIR. An assessment consisting of each issue area presented in the EIR (i.e., transportation, air quality, noise, etc.) with adopted plans and policies will be conducted as part of each issue area.

Noise

EDAW will describe the existing noise environment on and near the proposed project site, based on existing documentation and reconnaissance-level data. As part of the site reconnaissance, an EDAW noise specialist will conduct a maximum of eight short-term (i.e., 15-minute) noise measurements at various locations on and in the vicinity of the proposed project to characterize the existing noise environment.

Nearby existing, noise-sensitive receptors and noise sources will be identified and discussed. Relevant background information, including noise fundamentals, descriptors, and applicable federal, State, and local regulatory framework, will also be presented.

The analysis will include an assessment of potential short-term, temporary (i.e., construction-related) noise impacts with respect to nearby sensitive receptors and their relative exposure (considering structural barriers and distance). Noise levels of specific construction equipment will be determined and resultant noise levels at those receptors (at given distances from the source) will be calculated.

EDAW will assess potential long-term (i.e., operational) mobile- and stationary-source noise impacts. With respect to traffic, noise levels will be modeled based on traffic volumes obtained from the transportation analysis that will be prepared for this project. A Federal Highway Administration-approved traffic noise prediction model will be used to determine roadway traffic noise levels for existing, existing-plus-project, cumulative, and cumulative-plus-project scenarios for affected roadway segments. EDAW will determine if modeled increases to roadway noise levels would adversely affect nearby existing or proposed noise-sensitive land uses.

EDAW will also provide a qualitative analysis of the compatibility of the proposed land uses with the existing and future predicted noise environments, including operational noise from on-site and off-site mobile and stationary sources, and noise from proposed commercial uses.. The potential of short-term and long-term noise impacts will be determined based on comparisons with applicable standards. Where necessary, EDAW will provide mitigation measures along with their relative effectiveness.

Public Services and Utilities

This section will address utilities such as electricity, natural gas, and communications, and public services and facilities such as law enforcement, fire protection, schools, solid waste, water, wastewater, and parks and recreation.

EDAW will contact each of the affected public service providers to obtain relevant baseline and regulatory information, solicit input on potential impacts, and to obtain "will-serve" letters, which will be presented in an appendix to the EIR. Project-related demand for services will be estimated and compared against existing capacity and proposed future capacity associated with the project (e.g., potential construction of on-site parks, fire stations, schools, etc.). Service demand will be determined using population projections and land use information provided by the project proponent. Impacts will be based on whether any new facilities would be needed and if construction of such facilities could generate significant impacts. This scope of services does not include an analysis of the proposed specific plan's potential fiscal impact on the City and other service providers. Separate detailed task descriptions for the water and wastewater analyses are provided below.

An existing Turlock Irrigation District canal that presently transects the project site will need to be re-routed and/or placed in a pipe to allow for the installation of certain public utilities. This will be noted in the EIR and any potential environmental impact of this action will be assessed.

Water

Please refer to the scope of services described below by West Yost Associates (WYA). EDAW will prepare this EIR section based on the technical report prepared by West Yost Associates.

Subtask W1: **Review Available Data and Projected Water Demands.** Based on the land use plans for the project, to be provided to WYA by EDAW, we will estimate the average day, maximum day, and peak hour demands for the proposed project. WYA will also discuss fire flow criteria and residual pressures required at the hydrants serving the project. We will describe, in a technical memorandum (TM) to be prepared in Subtask W2, the estimated water demands by land use type for the proposed project. A comparison to the water demands previously calculated in the Draft Fairview Specific Plan prepared by others also will be provided. No phasing plans will be included in this analysis, but project phasing could be provided as an additional service if a corresponding budget augmentation is approved.

To facilitate our work on this task and others, WYA requests electronic files containing the proposed land use designations and all landscaping areas for the project, and a graphic that provides the alignment and size of all proposed water lines, and location of proposed streets/roads at the proposed project site.

The information contained in the South Modesto Water Study will be used as a basis for the analysis of the water system required for the Fairview Village project.

Subtask W2: **Update the Hydraulic Model and Analyze the System.** The City's existing water system hydraulic model will be modified to be representative of the new water demand of the project. These hydraulic model system modifications will include planned distribution system pipelines and other water facilities, and the major allowable connections to the City's existing water system. Projected demands will be distributed throughout the project area, according to the projected land use demands.

Using this modified hydraulic model of the City's existing water system, WYA will evaluate the potential hydraulic impacts of these increased water demands and fire flow analyses on the City's existing water system. The water system will be evaluated for criteria such as: supply availability, delivery pressure, maximum water velocity and head loss in pipelines under various demand conditions (including fire flows), system pressures, and system redundancy/reliability. If the City's existing water system cannot meet the City's minimum water system design criteria with the increased demands of the proposed project at buildout, WYA will make recommendations for whatever new water facilities are required to mitigate the hydraulic impacts of the project. Required water facilities could include any or all of the following: new and/or rehabilitated wells, development/participation in new sources of supply, water storage tanks, booster pump station, additional connections into the existing City system and additional distribution/looping pipelines.
