**MODESTO CITY COUNCIL
RESOLUTION NO. 2003 - 220**

**A RESOLUTION AMENDING THE FISCAL YEAR 2002-2003 ANNUAL
BUDGET**

WHEREAS, a monthly financial analysis has been completed and it has been determined that certain adjustments are required to the Annual Budget of the City of Modesto for the Fiscal Year 2002-2003,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that appropriations, revenues, and transfers for the 2002-2003 budget have been adjusted as shown in **Schedule A**.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of May, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

Budget Adjustments for the Month of April, 2003
City Manager's Office/Community Facilities Districts

1) Appropriation	VI One-Time Facilities Tax	2600	020	0208	5900	26008C	3,288,575	-395,000	2,893,575	
		2600	700	Q200	7135		0	395,000	395,000	
1) Appropriation	Ustach Neighborhood Park - All	1350	310	Q200	6040		0	395,000	395,000	
		1350	700	Q200	9260		0	-395,000	-395,000	
Justification: Transfer funds from the Village One CFD one-time tax account to CIP Q200 for construction of Phases 1 & 2 of Ustach Park (PK-003A). This project is a Priority 1 project										
2) Appropriation	Construction Cost	2600	020	Q300	6040		0	899,000	899,000	
	Engineering/Design	2600	020	Q300	6010		0	90,000	90,000	
	Construction Contingency	2600	020	Q300	6050		0	135,000	135,000	
	Construction Administration	2600	020	Q300	6060		0	90,000	90,000	
2) Revenue	Reserve CAP Fees Facilities	2600	800	8000	8408		7,419,714	-1,214,000	6,205,714	
Justification Create a CIP account - construction of Bear Cub Lane, Hillglen Ave., and Kodiak Drive adjacent to the West Basin and Ustach Park site. Project Title: West Basin & Ustach Park Frontage (SD-302)										
3) Appropriation	Construction Cost	2600	020	Q301	6040		0	377,000	377,000	
	Engineering/Design	2600	020	Q301	6010		0	38,000	38,000	
	Construction Contingency	2600	020	Q301	6050		0	57,000	57,000	
	Construction Administration	2600	020	Q301	6060		0	38,000	38,000	
	Land Acquisition	2600	020	Q301	6030		0	100,000	100,000	
3) Revenue	Reserve CAP Fees Facilities	2600	800	8000	8408		6,205,714	-610,000	5,595,714	
Justification Create a CIP account - acquire the necessary right of way and construct approximately 1,600 ft. of 60" RCP along Hillglen Ave. between Roselle Ave. and Esta Ave. Project Title: Hillglen Avenue 60" RCP from Roselle to Esta (SD-205)										
4) Appropriation	Construction Cost	2600	020	Q302	6040		0	1,549,000	1,549,000	
	Engineering/Design	2600	020	Q302	6010		0	156,000	156,000	
	Construction Contingency	2600	020	Q302	6050		0	232,000	232,000	
	Construction Administration	2600	020	Q302	6060		0	156,000	156,000	
4) Revenue	Reserve CAP Fees Facilities	2600	800	8000	8408		5,595,714	-2,093,000	3,502,714	
Justification Create a CIP account for the Village One Storm Drainage Improvements Project Title: Village One Storm Drainage Improvements (SD-201 through 204, 206, 209, 210)										
5) Appropriation	Construction Cost	2600	020	Q309	6040		0	779,000	779,000	
	Engineering/Design	2600	020	Q309	6010		0	78,000	78,000	
	Construction Contingency	2600	020	Q309	6050		0	117,000	117,000	
	Construction Administration	2600	020	Q309	6060		0	78,000	78,000	
5) Revenue	Reserve CAP Fees Facilities	2600	800	8000	8408		3,502,714	-1,052,000	2,450,714	
Justification Create a CIP account - Construct a 24" FM (PVC) from the West Basin to the Central Basin. Project Title - Force Main from West Basin to Central Basin (7000' of PVC FM (C-905)) (SD-207)										
6) Appropriation	Engineering/Design	2600	020	Q310	6010		0	121,000	121,000	
6) Revenue	Reserve CAP Fees Facilities	2600	800	8000	8408		2,450,714	-121,000	2,329,714	
Justification Create a CIP account - construct a pedestrian overcrossing across Sylvan Ave. adjacent to the future Village One high school site. Project Title: Pedestrian Overcrossing (RD-006)										
7) Appropriation	Engineering/Design	2600	020	Q311	6010		0	27,000	27,000	
	Land Acquisition	2600	020	Q311	6030		0	403,000	403,000	
7) Revenue	Reserve CAP Fees Facilities	2600	800	8000	8408		2,329,714	-430,000	1,899,714	
Justification Create a CIP account - acquire necessary ROW and construct the road improvements along the south side of Sylvan Ave. between Aria Wy. and Wood Sorrel. Project Title: Sylvan Avenue - South side in front of Symphony Park (Wood Sorrel to Aria) (RD-002)										

Type of Account	Description	Fund	Agency	Orgn	Object/ Revenue	App Unit	Current Budget (\$)	Adjustment Amount (\$)	Revised Budget (\$)	Document Total
8) Appropriation	Engineering/Design	2600	020	Q312	6010		0	124,000	124,000	
8) Revenue	Reserve CAP Fees Facilities	2600	800	8000	8408		1,899,714	-124,000	1,775,714	
Justification	Acquire the necessary right of way and construct the ultimate improvement at the intersection of Roselle Ave. and Sylvan Ave. per the approved Facilities Master Plan. Sylvan & Roselle Intersection - Intersection Control & Road Widening (INT-010)									
9) Appropriation	Engineering/Design	2600	020	Q314	6010		0	7,000	7,000	
9) Revenue	Reserve CAP Fees Facilities	2600	800	8000	8408		1,775,714	-7,000	1,768,714	
Justification	Construct approximately 700 feet of 30" RCP storm drainage overflow line along Merle Ave. 700' of 30" RCP from Merle to Central Basin (SD-212)									
10) Appropriation	Engineering/Design	2600	020	Q315	6010		0	10,000	10,000	
10) Revenue	Reserve CAP Fees Facilities	2600	800	8000	8408		1,768,714	-10,000	1,758,714	
Justification	Construct the road improvements along the south side of Merle Ave. adjacent to the Central Basin property. Merle Avenue Road Improvement adjacent to the Central Basin (SD-228)									
11) Appropriation	Engineering/Design	2600	020	Q316	6010		0	111,000	111,000	
11) Revenue	Reserve CAP Fees Facilities	2600	800	8000	8408		1,758,714	-111,000	1,647,714	
Justification	Landscape the West Basin per plan prepared by RHAA. Landscape West Basin per RHAA plan (SD-214)									
12) Appropriation	Engineering/Design	2600	020	Q317	6010		0	60,000	60,000	
12) Revenue	Reserve CAP Fees Facilities	2600	800	8000	8408		1,647,714	-60,000	1,587,714	
Justification	Construct full road improvements along the south side of Sylvan Ave. between Oakdale Rd. and Wood Sorrel. Sylvan Ave. - South side between Oakdale Rd. and Wood Sorrel (RD-001A)									
13) Appropriation	Construction Cost	2680	020	Q318	6040		0	880,000	880,000	
	Engineering/Design	2680	020	Q318	6010		0	132,000	132,000	
	Construction Contingency	2680	020	Q318	6050		0	132,000	132,000	
	Construction Administration	2680	020	Q318	6060		0	87,000	87,000	
13) Revenue	CB-PS (Tax Area A - CAP Facilities)	2670	020	0208	9267		0	566,000	566,000	
	CB-PS (Tax Area B - CAP Facilities)	2680	020	0208	5301		0	665,000	665,000	
Justification	Create a CIP account - Storm Drainage Basins and Pump Station on Prescott (Pelandale to Snyder) Project Title - Storm Drainage Basins and Pump Station on Prescott (Pelandale to Snyder)									
14) Appropriation	Construction Cost	2680	020	Q319	6040		0	334,000	334,000	
	Engineering/Design	2680	020	Q319	6010		0	23,000	23,000	
	Construction Contingency	2680	020	Q319	6050		0	44,000	44,000	
	Construction Administration	2680	020	Q319	6060		0	15,000	15,000	
14) Revenue	CB-PS (Tax Area B - CAP Facilities)	2680	020	0208	5301		0	416,000	1,183,000	
Justification	Create a CIP account - construction of Prescott Road Improvements (Bangs to Snyder) Project Title - Prescott Road Improvements (Bangs to Snyder)									
15) Appropriation	Transfer-Out from Fd 1310	1310	700	M168	7130	M168G	160,000	-160,000	0	
Revenue	Transfer-In to Fd 1300	1300	700	M168	9131	n/a	160,000	-160,000	0	
Justification	Move Transfer from 1310 to 0100. Project is not CFF eligible.									
Appropriation	Transfer-Out from Gen Fd.	1300	700	M168	7010	M168G	0	160,000	160,000	
Revenue	Transfer-In to Fd 1300	0100	700	M168	9130	n/a	0	160,000	160,000	
Justification	Move Transfer from 0100 to 1300. Project is not CFF eligible.

MODESTO CITY COUNCIL
RESOLUTION NO. 2003-222

**A RESOLUTION ACCEPTING WITH REGRET THE RESIGNATION OF MIKE
BIRCH FROM THE PUBLIC EVENTS ADVISORY COMMITTEE**

WHEREAS, MIKE BIRCH was appointed members of the Public Events Advisory
Committee on June 25, 2002, and

WHEREAS, MIKE BIRCH has tendered his resignation from the Public Events Advisory
Committee, and

WHEREAS, MIKE BIRCH has been devoted and sincere public servants and have
contributed greatly to our civic progress,

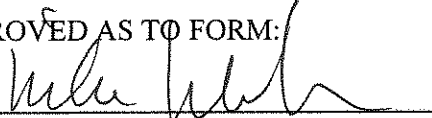

NOW, THEREFORE, BE IT RESOLVED that the resignation of MIKE BIRCH from the
Public Events Advisory Committee be, and hereby is, accepted with regret.

BE IT FURTHER RESOLVED that the Council of the City of Modesto, on its own
behalf, and on behalf of the citizens of the City, hereby expresses its sincere appreciation to
MIKE BIRCH for their outstanding service.

The foregoing resolution was introduced at a regular meeting of the Council of the City
of Modesto held on the 6th day of May, 2003 by Councilmember Frohman, who moved its
adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call
carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

APPROVED AS TO FORM:

Michael D. Milich, City Attorney

ATTEST:

JEAN ZAHR, City Clerk

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-223**

A RESOLUTION CERTIFYING THAT THE VILLAGE ONE PROGRAM EIR (SCH #90020181) WITH ADDENDUMS, PREPARED BY CAMP DRESSER & MCKEE, FOR THE VILLAGE ONE STORM DRAINAGE MASTER PLAN UPDATE (EA/CM 2003-02) AND BY JONES & STOKES FOR THE VILLAGE ONE FACILITIES MASTER PLAN UPDATE (EA/CM 2003-03) IS ADEQUATE FOR THE PROJECT; ADOPTING FINDINGS THAT NO SUBSEQUENT EIR IS REQUIRED FOR THE PROJECT PURSUANT TO CEQA GUIDELINES SECTIONS 15162 AND 15164, AND ADOPTING FINDINGS OF SIGNIFICANT IMPACTS AND REJECTION OF ALTERNATIVES AND STATEMENT OF OVERRIDING CONSIDERATIONS FOR THE PROJECT, PURSUANT TO PUBLIC RESOURCES SECTION 21081 AND STATE CEQA GUIDELINES SECTION 15091

WHEREAS, Section 15168 of the California Environmental Quality Act provides for the preparation of Program Environmental Impact Reports (EIRs) on a series of actions that can be characterized as one project; and

WHEREAS, in 1990, the Modesto City Council adopted Resolution No. 90-757 certifying that the Village One Final Program Environment Impact Report ("Village One EIR") (SCH# 90020181) was complete and adequate pursuant to California Environmental Quality Act ("CEQA") Guidelines Section 15090; and

WHEREAS, in 1994 the Modesto City Council adopted Resolution No. 94-297, certifying that the Final Supplemental Environmental Impact Report ("Supplemental EIR") for the Village One EIR (SCH# 90020181) was complete and adequate, which superseded and amended the original Village One Final Program EIR; and

WHEREAS, the City made certain findings regarding the environmental effects disclosed in the 1990 Program EIR and the 1994 Supplemental EIR in accordance with the requirements of Section 21081 of the California Environmental Quality Act (CEQA), and adopted statements of overriding considerations regarding unavoidable significant

environmental impacts in accordance with CEQA prior to approving the Village One Specific Plan and SPA No. 4; and

WHEREAS, the City adopted a Mitigation Monitoring Plan as part of Resolution No. 90-757 and replaced that Mitigation Monitoring Plan through Resolution No. 94-298; and

WHEREAS, the development of the utility infrastructure for the Village One Specific Plan area is contemplated by, and acknowledged within, the Village One EIR, as amended by the Supplemental EIR; and

WHEREAS, the City proposes to update the Village One Facilities Master Plan and the Storm Drainage Master Plan for the Village One Community Facilities District; and

WHEREAS, the City has evaluated the potential environmental effects of the Village One Facilities Master Plan Update – May 2003, in light of the Village One EIR, as amended by the Supplemental EIR, as provided by Section 15168 of the CEQA Guidelines in a systematic fashion using a written checklist as encouraged by Section 15168(c)(4); and

WHEREAS, the City has evaluated the potential environmental effects of the Storm Drainage Master Plan Update for the Village One Community Facilities District (which is incorporated into and made a part of the Village One Facilities Master Plan Update – May 2003), in light of the Village One EIR, as amended by the Supplemental EIR, as provided by Section 15168 of the CEQA Guidelines in a systematic fashion using a written checklist as encouraged by Section 15168(c)(4); and

WHEREAS, the checklists completed by the City found that the environmental effects of the Village One Facilities Master Plan Update – May 2003 and the Storm Drainage Master Plan Update projects have been addressed by the Village One EIR, as amended by the Supplemental EIR or are less than significant; and

WHEREAS, the City has considered Section 15162 of the CEQA Guidelines and determined that (1) the Village One Facilities Master Plan Update – May 2003 and the Storm Drainage Master Plan Update do not represent a substantial change in the Village One Specific Plan project which would require major revisions of the Village One EIR as amended by the Supplemental EIR; (2) the Village One Facilities Master Plan Update – May 2003 and the Storm Drainage Master Plan Update do not result in new significant environmental effects and require revisions to the Village One EIR as amended by the Supplemental EIR; and (3) the Village One Facilities Master Plan Update – May 2003 and the Storm Drainage Master Plan Update would not generate new information of substantial importance that was not known in the Village One EIR, as amended by the Supplemental EIR; and

WHEREAS, CEQA Guidelines Section 15164(a) provides that lead agency shall prepare an addendum to a previously certified EIR if some changes or additions are necessary, but none of the conditions described in CEQA Guidelines Section 15162 calling for preparation of a subsequent EIR have occurred; and

WHEREAS, based on the above information, City staff prepared Addendums for the Village One Facilities Master Plan Update – May 2003 and the Storm Drainage Master Plan Update pursuant to CEQA Guidelines Section 15164. A copy of the Addendum for the Village One Facilities Master Plan Update - May 2003 is attached as

Exhibit “A” hereto, and a copy of the Addendum for the Storm Drainage Master Plan Update is attached as **Exhibit “B”** hereto.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Council has reviewed and considered the information contained in the CEQA checklist completed for the Village One Facilities Master Plan Update – May 2003 and the Storm Drainage Master Plan Update and approves the information and analysis provided therein as an Addendum to the Village One EIR, as amended by the Supplemental EIR, pursuant to Section 15164 of the CEQA Guidelines;

SECTION 2. That the City Council hereby adopts the findings (attached hereto as Exhibit “C” and incorporated herein by reference) required by Section 15091 of the CEQA Guidelines, as specifically related to the Village One Facilities Master Plan Update – May 2003 and the Storm Drainage Master Plan Update, which are on file in the Office of the City Clerk;

SECTION 3. That the City Council hereby adopts a Statement of Overriding Considerations (attached hereto as **Exhibit “D”** and incorporated herein by reference) as required by Section 15093 of the CEQA Guidelines relative to an unavoidable adverse environmental effect that could be considered to be associated with the Village One Facilities Master Plan Update – May 2003 and the Storm Drainage Master Plan Update; and

SECTION 4. That the City Council hereby readopts the Village One Specific Plan Mitigation Monitoring Plan, previously adopted as Exhibit A to Resolution 94-298, in order to affirm that the mitigation measures, and monitoring thereof, that were previously approved would also apply to the Village One Facilities Master Plan Update – May 2003 and the Storm Drainage Master Plan Update.

SECTION 5. The City Council has reviewed and considered the information contained in the CEQA checklist completed for the Village One Facilities Master Plan Update – May 2003 and the Storm Drainage Master Plan Update for Village One Community Facilities District and approves the information and analysis provided therein as Addendum to the Village One EIR, as amended by the Supplemental EIR, pursuant to Section 15164 of the CEQA Guidelines;

SECTION 6. That the City Council hereby adopts the findings (attached hereto as **Exhibit “C”** and incorporated herein by reference) required by Section 15091 of the CEQA Guidelines, as specifically related to the Village One Facilities Master Plan Update – May 2003 and the Storm Drainage Master Plan Update for Village One Community Facilities District, which are on file in the Office of the City Clerk;

SECTION 7. That the City Council hereby adopts a Statement of Overriding Considerations (attached hereto as Exhibit “D” and incorporated herein by reference) as required by Section 15093 of the CEQA Guidelines relative to an unavoidable adverse environmental effect that could be considered to be associated with the Village One Facilities Master Plan Update – May 2003 and the Storm Drainage Master Plan Update for Village One Community Facilities District; and

SECTION 8. That the City Council hereby readopts the Village One Specific Plan Mitigation Monitoring Plan, previously adopted as Exhibit A to Resolution 94-298, in order to affirm that the mitigation measures, and monitoring thereof, that were previously approved would also apply to the Village One Facilities Master Plan Update – May 2003 and the Storm Drainage Master Plan Update for Village One Community Facilities District.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of May, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

Chapter 1

Introduction and Project Description

Introduction

The City of Modesto (City) is proposing an update to the Village One Facilities Master Plan (FMP) (City of Modesto 1996). This document presents an evaluation of the proposed update (i.e., the proposed project) under the California Environmental Quality Act (CEQA). Previously, the City prepared and certified a program-level environmental impact report (EIR) for the Village One Specific Plan (City of Modesto 1990a, 1990b). The Village One Specific Plan was adopted, and its program EIR certified, in 1990. In 1994, the City certified a supplement to the program EIR (1994 Supplement) that incorporated by reference most of the analyses and determinations contained in the 1990 program EIR. The 1994 Supplement (City of Modesto 1994) addressed four revisions to the Village One Specific Plan and was intended, by its own terms, to “become the project EIR for the revised specific plan.” It is this document that was used as the basis of analysis for the proposed update.

Specifically, this document assesses the extent to which the environmental effects of the Village One FMP Update are adequately addressed by the existing Village One Specific Plan program EIR. Because this document contains the evidence for determining whether the environmental effects of the proposed project are covered by the previously prepared program-level EIR, it is considered an “addendum” to that EIR.

A detailed description of the proposed project is presented starting on page 1-5 of this document.

CEQA Basis for Use of the Program EIR for this Project

Use of Program EIR for Subsequent Project

Section 15168(c) of the State CEQA Guidelines describes how a program-level EIR can be applied to subsequent actions, as follows.

Subsequent activities in the program must be examined in the light of the program EIR to determine whether an additional environmental document must be prepared.

- (1) If a later activity would have effects that were not examined in the program EIR, a new Initial Study would need to be prepared leading to either an EIR or a Negative Declaration.
- (2) If the agency finds that pursuant to Section 15162, no new effects could occur or no new mitigation measures would be required, the agency can approve the activity as being within the scope of the project covered by the program EIR, and no new environmental document would be required.
- (3) An agency shall incorporate feasible mitigation measures and alternatives developed in the program EIR into subsequent actions in the program.
- (4) Where the subsequent activities involve site specific operations, the agency should use a written checklist or similar device to document the evaluation of the site and the activity to determine whether the environmental effects of the operation were covered in the program EIR.
- (5) A program EIR will be most helpful in dealing with subsequent activities if it deals with the effects of the program as specifically and comprehensively as possible. With a good and detailed analysis of the program, many subsequent activities could be found to be within the scope of the project described in the program EIR, and no further environmental documents would be required.

Findings that No Subsequent EIR is Required

Section 15162 of the State CEQA Guidelines describes the conditions under which a subsequent EIR must be prepared.

- (a) When an EIR has been certified or a negative declaration adopted for a project, no subsequent EIR shall be prepared for that project unless the lead agency determines, on the basis of substantial evidence in the light of the whole record, one or more of the following:
 - (1) Substantial changes are proposed in the project which will require major revisions of the previous EIR or negative declaration due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects;
 - (2) Substantial changes occur with respect to the circumstances under which the project is undertaken which will require major revisions of the previous EIR or Negative Declaration due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; or
 - (3) New information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at

the time the previous EIR was certified as complete or the Negative Declaration was adopted, shows any of the following:

- (A) The project will have one or more significant effects not discussed in the previous EIR or negative declaration;
- (B) Significant effects previously examined will be substantially more severe than shown in the previous EIR;
- (C) Mitigation measures or alternatives previously found not to be feasible would in fact be feasible, and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measure or alternative; or
- (D) Mitigation measures or alternatives which are considerably different from those analyzed in the previous EIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative.

This Addendum includes information and analysis supporting the finding that the conditions set forth in Section 15162 are not met. The conclusions of the analysis are summarized below.

Substantial Changes to the Project

The proposed Village One FMP Update will not change the characteristics of the project as it was assessed in the Village One Specific Plan Program EIR as supplemented. The only changes resulting from the Village One FMP Update will be in the cost estimates for financing infrastructure and public improvements.

Substantial Changes in the Circumstances under Which the Project Is Undertaken

A great deal of construction has occurred in the Village One Specific Plan area. This construction has been implementation of the Specific Plan. The circumstances of the project are not substantially different.

New Information

As detailed in this document, no new information has become available that shows that the project will significant effects not discussed in the previous EIR; that significant effects previously examined will be substantially more severe than shown in the previous EIR; or that mitigation measures or alternatives

previously found infeasible or unacceptable are now feasible or could be implemented.

Use of Addendum to the Previous EIR

Section 15164(a) of the State CEQA Guidelines states that an addendum to the previous EIR can be prepared if none of the conditions described in Section 15162 are met. As described in Section 15164, the Addendum need not be circulated for public review, and must be considered with the Final EIR (in this case the Village One Specific Plan Program EIR) prior to making a decision on the project.

This addendum was prepared to present the evidence supporting the findings under Sections 15168(c)(2) and 15162 of the State CEQA Guidelines. The proposed project generally falls within the scope of the Program EIR, but, since the project consists of an update to the Facilities Master Plan, which was not specifically described in the Program EIR as one of the actions, an addendum was prepared to identify how the Program EIR covered the potential environmental effects of the proposed Village One FMP Update.

History of the Village One Specific Plan Program EIR

The Village One Specific Plan was adopted, and its program EIR certified, in 1990. In 1994, the City certified a supplement to the program EIR (1994 Supplement) that incorporated by reference most of the analyses and determinations contained in the 1990 program EIR. The 1994 Supplement (City of Modesto 1994) addressed four revisions to the Village One Specific Plan and was intended, by its own terms, to "become the project EIR for the revised specific plan."

The 1994 Supplement examined each of the 145 mitigation measures adopted in the 1990 program EIR and eliminated those that were redundant or that were contained in city policies. The 1994 Supplement adopted a total of 40 mitigation measures that now apply to the Village One Specific Plan. It also included the results of updated specific plan traffic, noise, and air quality analyses undertaken for the specific plan.

Checklist

This document contains a checklist that was used to assess, for each of the potentially affected resources or topics, whether the proposed project would result in impacts beyond or greater than those identified in the program EIR (as supplemented in 1994) or require additional mitigation measures. The boxes checked in the checklist reflect the additional impacts resulting from implementation of the proposed project. The written discussion identifies the

impacts from the Village One Specific Plan and provides the basis for determining whether an additional impact would result from implementation of the proposed Village One FMP Update.

In this document, reference is made to the Village One Specific Plan Program EIR (program EIR). This reference is to the Village One Specific Plan EIR as certified in 1990 and supplemented and certified in 1994 (State Clearinghouse No. 90020181). Page number references to the 1994 Supplement document are provided to enable the reader to find the full text of the most recent version of impact and mitigation measures.

Project Description

Project History and Need

Village One Specific Plan

Village One is a planned community in the northeast area of the City of Modesto, California (Figure 1 shows the location of Village One). A specific plan was adopted for the project in 1990. The environmental document for the approval of the specific plan was a program EIR, which was certified in 1990. The program EIR addressed the overall impacts of the Village One Specific Plan, including impacts from development of the proposed land uses and construction of the infrastructure associated with the planned development.

Since 1990, more than half of the lands in Village One have been developed (Figure 1). Amendments to the specific plan were approved in 1994 and 1997. The environmental documents for these approvals were supplemental EIRs based on the 1990 program EIR. Also, Village One was included as one of the planning districts in the City's Urban Area General Plan, adopted in 1995 (City of Modesto 1995).

Village One Facilities Master Plan

The Village One FMP was adopted in June 1996. The purpose of the FMP is to provide uniform guidelines for designing the roads, intersections, traffic signals, storm drainage, parks, and public facilities in Village One. The purpose of the proposed update is to update the cost estimates for the facilities in the master plan that have yet to be constructed. Figure 2 shows the area covered by the FMP. The current status of the facilities is described below.

Facilities Identified in the Facilities Master Plan

The FMP includes projects funded by both the Community Facilities District (CFD) for Village One and citywide Capital Facilities Fee (CFF) funds. Facilities identified in the FMP are listed below.

CFD Projects

- Arterial intersections
- Arterial roads
- Parks (partially funded by CFF and CFD)
- Public facilities—police substation
- Storm drainage

CFF Projects

- Expressways
- Traffic Control Devices
- Parks (partially funded by CFF and CFD)
- Public facilities—fire station

Utility Projects

- Sanitary sewer system
- Potable water system

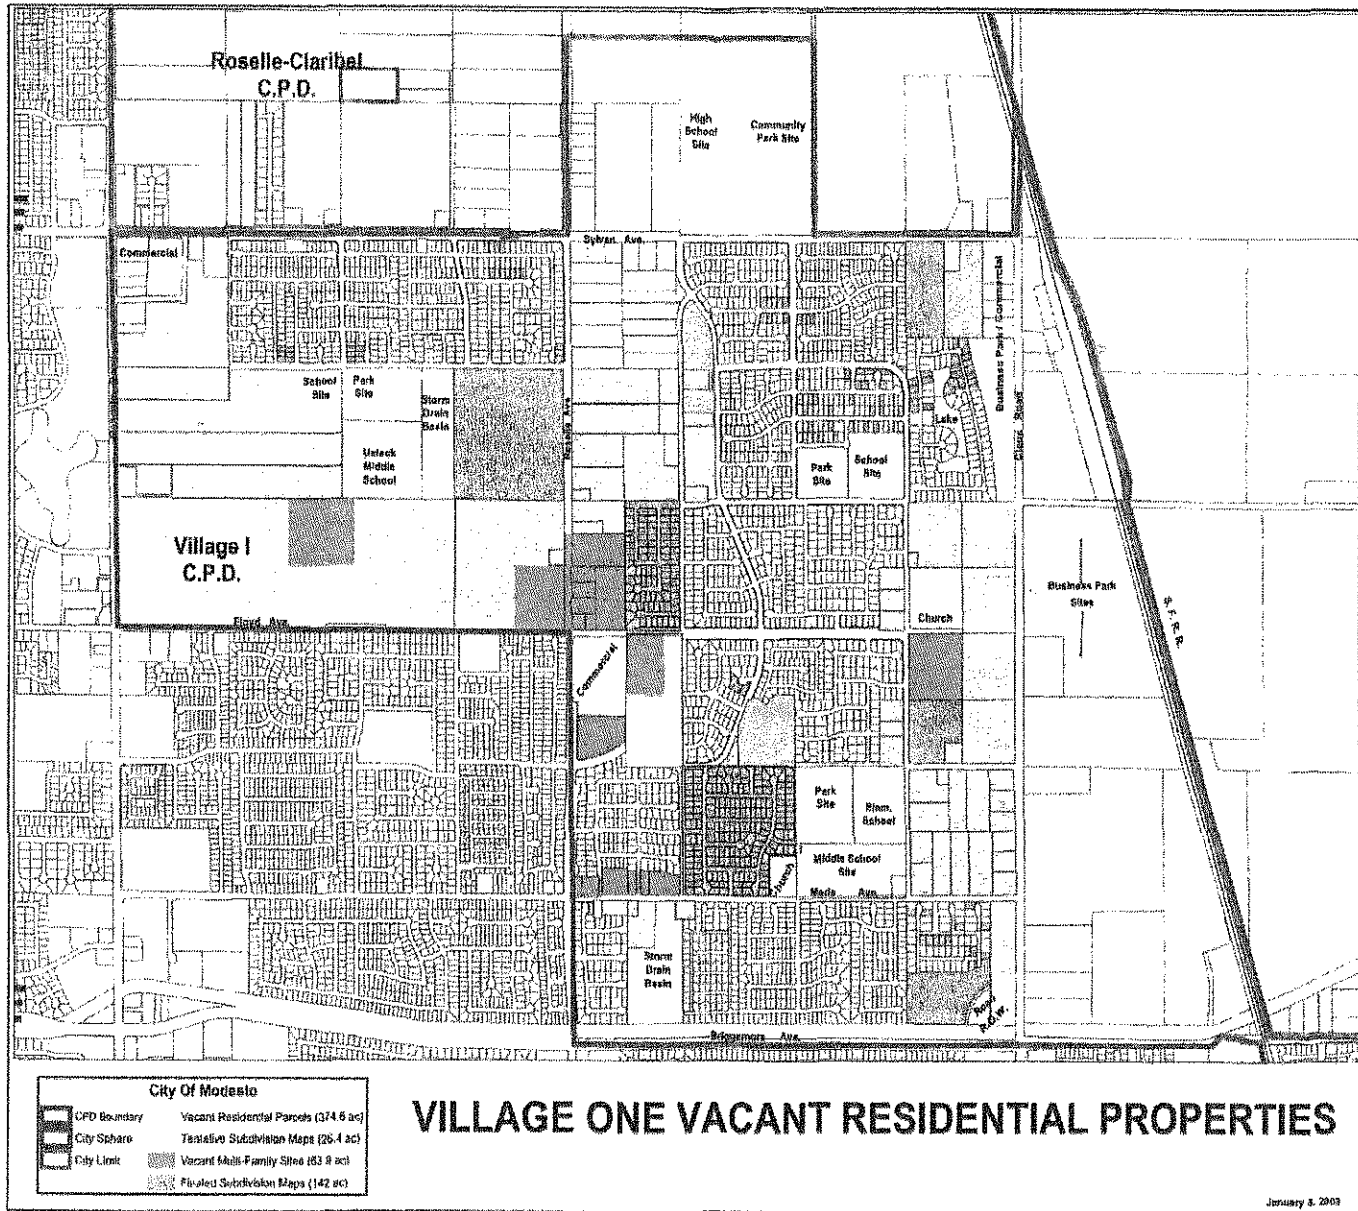

Implementation Status

Traffic Improvements

During the past 12 years, a variety of road improvements have been constructed in the Village One area. For example, approximately 25% of Sylvan Avenue, 5% of Floyd Avenue, and 30% of Roselle Avenue have been constructed within Village One. No improvements have been constructed on Oakdale Avenue. No improvements have been constructed on Briggsmore Avenue or Claus Road. A portion of Briggsmore Avenue is currently under design. One traffic signal has been installed at the intersection of Roselle Avenue and Briggsmore Avenue. Three traffic signal modifications and 15 other traffic control devices have yet to be installed.

Parks and Trails

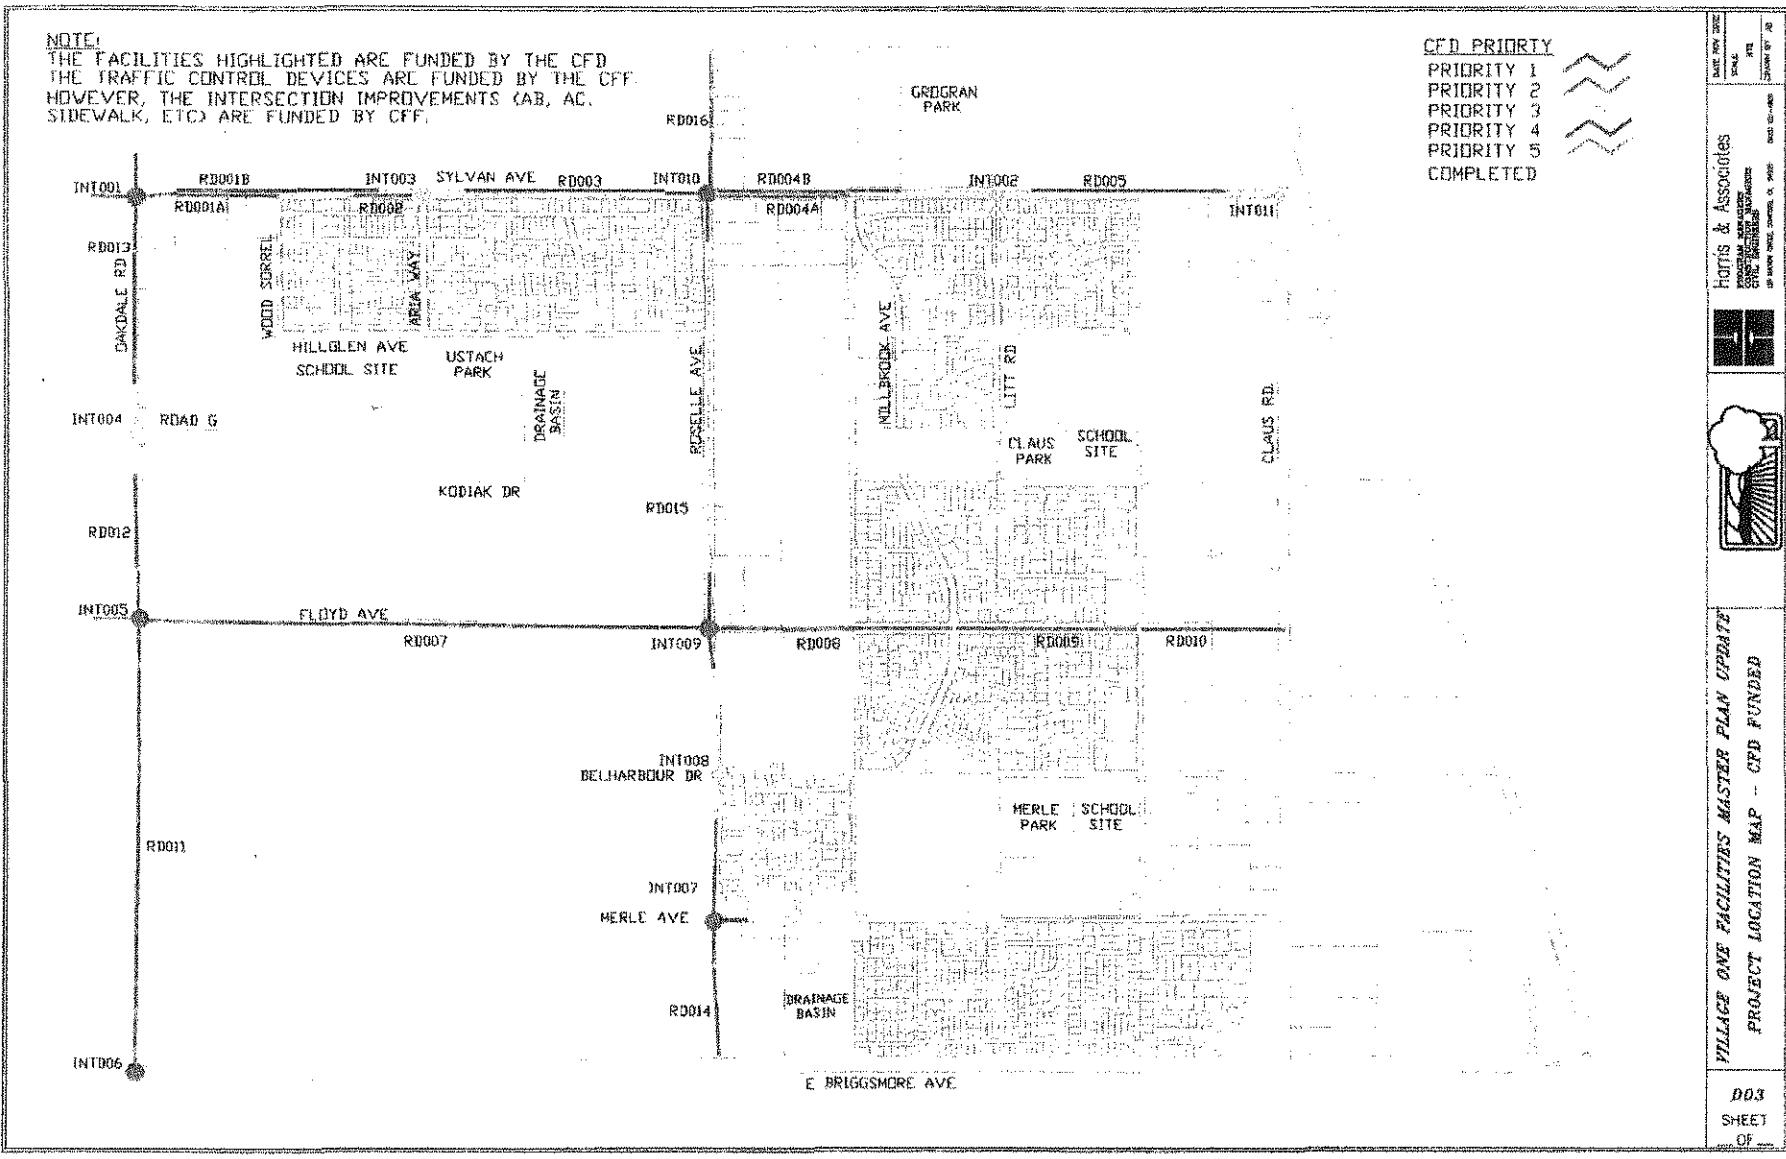

The Village One parks comprise Grogan Community Park, Ustach Neighborhood Park, Claus Neighborhood Park, and Merle Neighborhood Park. Although no park construction has occurred, the land has been acquired for all four parks. No construction has taken place, and only a small amount of land has been acquired for the Modesto Irrigation District (MID) Bike Trail and the Claus Urban Expressway Trail.

03/08/03 03:00:01

NOTE:
 THE FACILITIES HIGHLIGHTED ARE FUNDED BY THE CFD.
 THE TRAFFIC CONTROL DEVICES ARE FUNDED BY THE CFF.
 HOWEVER, THE INTERSECTION IMPROVEMENTS (AB, AC,
 SIDEWALK, ETC) ARE FUNDED BY CFF.

003
 SHEET
 OF

Figure 2
Facilities Master Plan Area

Police and Fire Facilities

Police and fire protection facilities included in the FMP consist of a police substation storefront lease and fire station improvements. No police substation or fire station improvements have been constructed.

Project Objective and Components

The purpose of the proposed FMP Update is to update the cost estimates for the facilities in the master plan that have yet to be constructed. The following sections describe in more detail the proposed modifications and enhancements to cost estimates.

General Updates

Acquisition of Right-of-Way

The estimated cost for land acquisition was increased from \$40,000 per acre to \$150,000 per acre. In addition to the land cost, a cost of \$30,000 per affected parcel was added for potential condemnation costs. An estimated cost of \$550,000 per acre was included for developed commercial areas. Estimated lump sum costs were added at several residential and commercial sites for house purchase costs, relocation costs, and effects on business.

Relocation of Power Poles

An estimated cost of \$5,000 per pole was added to the arterial road costs to relocate approximately 200 poles owned by MID, Pacific Gas and Electric Company (PG&E), and Pacific Bell. It was initially assumed that these utility companies would relocate the poles at their cost. This is not the case, so the cost has been added to the arterial road costs.

Relocation of the PG&E Gas Line

Relocation of the PG&E gas transmission line had been treated as a separate project in the FMP; however, the proposed FMP Update includes this relocation as part of the Claus Road improvements.

Markups

Markups, which include project costs for administration, engineering, inspection, construction administration, and general contingencies, were increased from 25% to 35% to be more consistent with markups used by other public agencies.

Road Projects around Parks and Drainage Basins

The cost for roads adjacent to parks and drainage basins have removed from the arterial road plan and included with the concept plans for the parks and drainage basins. These roads are listed below.

- Hillglen Avenue
- Bear Cub Lane
- Litt Road
- Sharon Avenue
- Maid Marianne Lane
- Merle Avenue
- Kodiak Drive

Arterial Street Storm Drainage

A proposed storm drainage system, including 24-inch pipes, manholes, and drainage inlets, has been added to the development plans in the FMP Update for Sylvan Avenue, Floyd Avenue, Roselle Avenue, and Oakdale Avenue to better accommodate storm drainage runoff from the roads. This change affects how stormwater runoff is conveyed from these roads to the storm drain system, but does not increase or decrease the amount of stormwater runoff expected. An environmental analysis of the Storm Drain Master Plan Update that includes these changes was prepared separately from this project.

Prevailing Wages

In conformance with Mello Roos law, the project cost estimates have been increased to reflect construction labor costs at prevailing wages.

CFD Projects

Arterial Intersections

The proposed FMP Update does not include changes to the intersections identified in the 1996 master plan. However, the FMP Update includes updated cost estimates for intersections. As a part of the FMP Update, 11 intersections have been identified separately because it may be appropriate to construct the intersections as separate projects, apart from road improvements. This separate identification represents a change in the format of the FMP. The eleven intersections are listed below.

- Sylvan Avenue/Oakdale Avenue
- Sylvan Avenue/Litt Road
- Sylvan Avenue/Aria Way
- Oakdale Avenue/Road G
- Oakdale Avenue/Floyd Avenue
- Oakdale Avenue/Briggsmore Avenue
- Roselle Avenue/Merle Avenue
- Roselle Avenue/BelHarbour Drive
- Roselle Avenue/Floyd Avenue
- Roselle Avenue/Sylvan Avenue
- Claus Road/Sylvan Avenue

Arterial Roads

The proposed FMP Update does not include changes to the roads or travel lanes identified in the 1996 master plan. However, the FMP Update includes updated cost estimates for roads and travel lanes. In addition, a two-phase construction plan for Sylvan Avenue is proposed.

Parks

The proposed FMP Update does not include changes to the park or trail improvements identified in the 1996 master plan. However, the FMP Update includes updated cost estimates for park and trail improvements. In addition, Grogan Community Park has been divided into two separate projects: Phases 1 and 2 and Phases 3 and 4. The funding for the park improvements is still split between CFD and CFF funds. Parks and recreational facilities from the plan, as updated, are listed below.

- Grogan Community Park—Phases 1 and 2
- Grogan Community Park—Phases 3 and 4
- Buffer land
- Ustach Neighborhood Park
- Claus Neighborhood Park
- Merle Neighborhood Park
- MID Bike Trail
- Claus Urban Expressway Trail

Storm Drainage

As a separate project, the City has prepared a Storm Drainage Master Plan and an addendum to the program EIR that covers storm drainage improvements. These documents are available for review at the Planning Division office in the Community and Economic Development Department, located at 1010 Tenth Street, Suite 3300, Modesto, California, 95353.

Police Facilities

The proposed FMP Update does not include changes to the police station improvements identified in the 1996 master plan. Funding for these facilities would not be changed by the FMP Update.

CFF Projects

Expressways

The proposed FMP Update does not include changes to the expressways identified in the 1996 master plan, including Briggsmore Avenue and Claus Road. However, the FMP Update includes updated cost estimates for expressways.

Traffic Control Devices

The proposed FMP Update does not include changes to the traffic control devices identified in the 1996 master plan. However, the FMP Update includes updated cost estimates for traffic control devices. The two options for new traffic control devices consist of installing either traffic signals or roundabouts.

Parks

As discussed above, the proposed FMP Update does not include changes in park or trail improvements identified in the 1996 master plan. However, the FMP Update includes updated cost estimates for park and trail improvements. In addition, Grogan Community Park has been divided into two separate projects.

Fire Facilities

The FMP Update does not include changes to the fire station improvements identified in the 1996 master plan. The fire station serving Village One has not been sited or constructed. Ultimately, the fire station may or may not be located in the Village One development area.

Utility Projects

Sanitary Sewer System

Funding for the Village One sanitary sewer system is not part of the FMP Update. Village One is subject to the conditions and requirements of the City's "Wastewater Master Plan."

Potable Water System

Funding for the Village One potable water system is not part of the FMP Update. Village One is subject to the conditions and requirements of the City's "Water Master Plan."

Surrounding Land Uses and Existing Conditions

The Village One Specific Plan Area is more than half built, as planned and approved under the 1990 Village One Specific Plan. The project area is surrounded by rural, agricultural, and open space land uses to the north and east, and by residential and commercial uses to the south and west. A Union Pacific Railroad (UPRR) line runs along the eastern boundary of the plan area.

Existing development in the Village One Specific Plan Area primarily consists of single-family residences. A middle school has been constructed in the area. Areas developed with housing are described below and shown on Figure 1.

- The area south of Sylvan Avenue and north of Hillglen Avenue, between Wood Sorrel Drive on the west and Roselle Avenue on the east
- The area south of Sylvan Avenue and north of Sharon Avenue, between Esta Avenue on the west and Fine Avenue on the east
- The area north of Briggsmore Avenue and south of Merle Avenue, between Roselle Avenue and Claus Road
- The area south of BelHarbour Drive and north of Merle Avenue, between Roselle Avenue and Dermond Road

EXHIBIT "B"

**Checklist for Storm Drainage Master Plan Update to the
Village One Community Facilities District**

Chapter 2

Written Checklist

1. **Project Title:** Village One Facilities Master Plan Update
2. **Lead Agency Name and Address:** City of Modesto
3. **Contact Person and Phone Number:** Rich Ulm, Deputy Director
Modesto Engineering and Transportation
Department
209/577-5215
4. **Project Location:** The project would be located in the City of Modesto Village One Specific Plan Area. The area is bounded on the north by Sylvan Avenue, on the east by UPRR tracks, on the south by Briggsmore Avenue and Floyd Avenue, and on the west by Roselle Avenue and Oakdale Road.
5. **Project Sponsor's Name and Address:** City of Modesto
P.O. Box 642
Modesto, CA 95353
6. **General Plan Designation:** The General Plan land use designations include Village Residential (VR) which allows predominantly single-family residential uses; Multi-Family Residential; Senior Housing; School/Park/Basin site; Commercial; and Business Park (BP) which allows light industrial manufacturing, office, associated service retail (and, in Village One, regional commercial) uses.
7. **Zoning:** Specific Plan Overlay S-P-O
8. **Description of Project:** See Chapter 1 for a complete project description
9. **Surrounding Land Uses and Setting:** See Chapter 1 for a description of surrounding land uses and setting.

10. Other Public Agencies whose Approval Is Required: None

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
I. AESTHETICS. Would the project:				
a. Have a substantial adverse effect on a scenic vista?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings along a scenic highway?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Substantially degrade the existing visual character or quality of the site and its surroundings?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Create a new source of substantial light or glare that would adversely affect daytime or nighttime views in the area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Aesthetic and visual impacts are analyzed on pages III-100 through III-101 of the 1994 Supplement.

Responses to Checklist Questions

- a. The Village One Specific Plan program EIR found that, as the Village One project is built, it will eliminate views of the valley and the distant mountains from adjacent areas and reduce the area's visual open space. However, the program EIR found the effects of the Village One project on scenic vistas to be less than significant because views from the project area are minimal. The proposed FMP Update project would not change the extent or nature of construction in the specific plan area, or cause any other changes in the project area. Impacts on scenic vistas would therefore remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.
- b. The Village One Specific Plan program EIR found that there are no scenic resources in the project area, and that the Village One project would therefore not result in significant impacts on scenic resources. This finding would not be affected by the proposed FMP Update project because the project area remains the same. There would be no impact. No mitigation is required.
- c. The Village One Specific Plan program EIR found that the Village One project would have a less-than-significant impact on the visual character of the area. The proposed FMP Update project would not change the design or layout of the construction proposed under the Village One Specific Plan. For this reason, impacts on the visual character of the area would remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.

- d. The Village One Specific Plan program EIR found that night lighting proposed as a part of the Village One Village Center might result in undesirable light and glare at adjacent residences, but that plans for public street lighting and private parking lot lighting are routinely reviewed by the City's Public Works department to ensure proper wattage and direction of lighting fixtures, thereby avoiding conflicts with nearby residential areas. This review will reduce the impact of night lighting to a less-than-significant level. The proposed FMP Update project would not change the proposed lighting for the Village Center. For this reason, impacts associated with additional light and glare would remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
II. AGRICULTURAL RESOURCES. In determining whether impacts on agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Department of Conservation. Would the project:				
a. Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Conflict with existing zoning for agricultural use or conflict with a Williamson Act contract?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Involve other changes in the existing environment that, due to their location or nature, could result in conversion of Farmland to non-agricultural use?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on agricultural resources are analyzed on pages III-80 through III-94 of the 1994 Supplement.

Responses to Checklist Questions

- a. The Village One Specific Plan program EIR found that approximately 670 acres of land designated as Prime Farmland and 588 acres of land designated as Unique on the State Important Farmlands Inventory would be lost as a result of the Village One project. This impact was determined to be significant and not mitigable. The proposed FMP Update would not affect this finding because the project area would remain the same. There would be no additional impact. No mitigation is required.
- b. The Village One Specific Plan program EIR presented information showing that any Williamson Act contracts in the project area would be automatically cancelled on annexation of the land to the City of Modesto, which has occurred, or would expire within 10 years of the time the original program EIR was prepared. The last Williamson Act contract covering land in the project area expired in 2001. There are now no lands in the project area under Williamson Act contract. The project area has also been rezoned consistent with the specific

plan, and no lands in the project area are now zoned for agricultural use. There would be no additional impact. No mitigation is required.

- c. The Village One Specific Plan program EIR identified a potential land use conflict between new residential uses in the specific plan area and adjacent agricultural uses. Such conflicts can lead to conversion of adjacent farmlands to other uses. The program EIR proposed mitigation measures for this potential impact that would reduce the impact's significance, although the EIR noted that the mitigation measure might not fully mitigate the impact. No additional mitigation measures are available for this impact. This finding would not be affected by the proposed FMP Update project because the project area and proposed land uses would remain the same. There would be no additional impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
III. AIR QUALITY. When available, the significance criteria established by the applicable air quality management or air pollution control district may be relied upon to make the following determinations. Would the project:				
a. Conflict with or obstruct implementation of the applicable air quality plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Violate any air quality standard or contribute substantially to an existing or projected air quality violation?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is a nonattainment area for an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Expose sensitive receptors to substantial pollutant concentrations?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e. Create objectionable odors affecting a substantial number of people?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on air quality are analyzed on pages III-45 through III-54 of the 1994 Supplement.

Responses to Checklist Questions

- a., b. The Village One Specific Plan program EIR found that air pollution from project-related construction traffic, project-related industrial/business park and urban area traffic, and fireplaces and wood stoves in planned residential areas would violate air quality standards and contribute to an existing air quality violation. Construction traffic emissions would contribute to violation of the state and federal 8-hour carbon monoxide (CO) and particulate matter (PM10) standards and the federal ozone standard in the Modesto Urban Area and the San Joaquin Valley Air Basin. Urban traffic pollution would contribute to violations of the state ozone, CO, and PM10 standards in the Modesto Urban Area and San Joaquin Valley Air Basin. Residential pollution would contribute to violations of the pollutant standard index in the Modesto Urban Area. Partial mitigation for these impacts is included in the program EIR (Mitigation Measures 3-5), and the City of Modesto adopted a statement of overriding consideration for each impact.

The proposed FMP Update would not change the amount of development and construction in the project area, so trips generated by the project would not be affected and the types of land uses would not change. There would be no additional impact. No mitigation is required.

- c. The Village One Specific Plan program EIR found that air pollutant emissions associated with traffic at buildout of Village One would exacerbate the existing ozone, PM10, and CO violations in the Modesto area and cause a significant cumulative impact. Partial mitigation for these emissions is included in the program EIR (Mitigation Measures 4.5.3[a] and 4.5.3[b]), and the City of Modesto made a statement of overriding consideration for each impact. The proposed FMP Update would not change the amount of traffic associated with buildout of Village One or the types of land uses, so trips generated by the project would not be affected. There would be no additional impact. No mitigation is required.
- d. The Village One Specific Plan program EIR found that PM10 generated during construction would aggravate the respiratory problems of people living and working nearby, therefore exposing sensitive receptors in the area to pollutant concentrations and causing a significant impact. However, the program EIR outlines mitigation measures that will be implemented to reduce the impact to an acceptable level (Mitigation Measure 40). The proposed FMP Update would not change the level of construction emissions. There would be no additional impact. No mitigation is required.
- e. The Village One project consists of residential and commercial development and does not contain any components that would create odors. The proposed FMP Update would not change planned uses of the project area. There would be no impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
IV. BIOLOGICAL RESOURCES. Would the project:				
a. Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special-status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marshes, vernal pools, coastal wetlands, etc.) through direct removal, filling, hydrological interruption, or other means?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e. Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f. Conflict with the provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on biological resources are analyzed on pages III-68 through III-79 of the 1994 Supplement.

Responses to Checklist Questions

- a. The Village One Specific Plan program EIR found that the Village One project could result in the loss of foraging habitat for Swainson's hawk, a state-listed

threatened species, but found that mitigation measures identified in the program EIR would reduce the impact to a less-than-significant level. The proposed FMP Update would not change project area boundaries. There would be no additional impact. No mitigation is required.

- b. The Village One Specific Plan program EIR did not find that any riparian habitat or other designated sensitive natural community was present in the Village One project area, and so found that the project would have a less-than-significant impact. The proposed FMP Update would not change project area boundaries. There would be no impact. No mitigation is required.
- c. The Village One Specific Plan program EIR found that the Village One project would result in the loss of lands that might be classified as wetlands by the U.S. Army Corps of Engineers, but that, with mitigation, the impact would be less than significant. The proposed FMP Update would not change the project area boundaries or the areas that would be disturbed. There would be no additional impact. No mitigation is required.
- d. The Village One Specific Plan program EIR did not identify any migratory corridors in the Village One project area, nor did it find that the project would interfere with the movement of any species. The proposed FMP Update would not change the project area boundaries. There would be no impact. No mitigation is required.
- e., f. No local biological resource protection policies, ordinances, habitat conservation plans, or natural community conservation plans apply to the Village One Specific Plan area. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
V. CULTURAL RESOURCES.	Would the project:				
a.	Cause a substantial adverse change in the significance of a historical resource as defined in Section 15064.5?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b.	Cause a substantial adverse change in the significance of an archaeological resource pursuant to Section 15064.5?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c.	Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d.	Disturb any human remains, including those interred outside of formal cemeteries?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Responses to Checklist Questions

- a.-d. Impacts on cultural resources resulting from the Village One project (e.g., from construction of associated infrastructure) are addressed in the Opportunities/Constraints Report prepared for the Modesto Planning Commission (December 1, 1989). The report concluded that there are no known historic, archaeological, or paleontological resources in the Village One Specific Plan area. Based on the results of this report, (Cultural and Historic Resources Report, page 3) it was determined that the likelihood that the Village One project would change or disturb human remains or significant historic, archaeological, or paleontological resources was low.

The proposed FMP Update would not change the locations or types of construction in the project area nor the boundaries of the project area. Construction of roadway improvements will result in effects on scattered existing structures, including five structures older than 45 years old. A Cultural Resources Assessment was prepared to determine if any of these affected structures are considered historic resources. The Cultural Resources Assessment is attached to this document as Appendix A. Qualified architectural historians assessed the five structures and concluded that none of them appear to meet the criteria for listing in the California Register of Historic Resources. Therefore, effects to these properties would not be considered significant, and no mitigation measures are necessary.

Since no archaeological, or paleontological resources were found in the previous document to be located in the project area, and since the proposed project would

not have a significant impact on historic structures, there would be no impact.
No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
VI. GEOLOGY AND SOILS. Would the project:				
a. Expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death involving:				
1. Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2. Strong seismic groundshaking?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3. Seismic-related ground failure, including liquefaction?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4. Landslides?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Result in substantial soil erosion or the loss of topsoil?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Be located on a geologic unit or soil that is unstable or that would become unstable as a result of the project and potentially result in an onsite or offsite landslide, lateral spreading, subsidence, liquefaction, or collapse?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e. Have soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts associated with geology and soils are analyzed on pages III-105 through III-108 of the 1994 Supplement.

Responses to Checklist Questions

- a.-d. The program EIR, as supplemented, found that the project area is not subject to geologic or soil-related hazards that cannot be adequately mitigated through the

implementation of existing city regulations, such as the building code. No significant impacts were identified, and no mitigation measures were required. The proposed FMP Update would not change the locations or types of construction in the project area nor the boundaries of the project area. There would be no additional impact. No mitigation is required.

- e. The Village One Specific Plan included provisions for the project to be served by public sewers. No septic tanks or alternative wastewater systems were proposed. The proposed FMP Update project would not change the proposed method of wastewater disposal. There would be no impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
VII. HAZARDS AND HAZARDOUS MATERIALS.				
Would the project:				
a.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?			
b.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment?			
c.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	Emit hazardous emissions or involve handling hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?			
d.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	Be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?			
e.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	Be located within an airport land use plan area or, where such a plan has not been adopted, be within two miles of a public airport or public use airport, and result in a safety hazard for people residing or working in the project area?			
f.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	Be located within the vicinity of a private airstrip and result in a safety hazard for people residing or working in the project area?			
g.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?			
h.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	Expose people or structures to a significant risk of loss, injury, or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?			

Impacts associated with hazards and hazardous materials are analyzed on pages III-80 through III-94 and III-109 through III-119 of the 1994 Supplement.

Responses to Checklist Questions

- a.-c. The Village One Specific Plan does not allow any land uses that would use hazardous materials. The proposed FMP Update would not change land uses or project area boundaries. There would be no impact. No mitigation is required.
- d. The Village One Specific Plan program EIR, as supplemented, found that, although hazardous materials were stored at the former Pure-Gro plant, this potential hazard would be adequately mitigated by implementing City regulations (e.g., requiring the owners of the former Pure-Gro site to file a Hazardous Materials Emergency Response Plan with the City of Modesto Fire Department). No significant impacts were identified, and no mitigation measures were required. The proposed FMP Update would not change the locations or types of construction in the project area nor the boundaries of the project area. There would be no additional impact. No mitigation is required.
- e. The Village One Specific Plan program EIR found that the Village One project would not be located in an airport land use plan area or within 2 miles of a public airport. The proposed FMP Update would not change the project area boundaries. There would be no impact. No mitigation is required.
- f. The Village One Specific Plan program EIR found that a private airstrip, the Eastside Mosquito Abatement District Airstrip, is located next to the eastern border of the Village One project area. However, take-offs and landings were found to take place parallel to and outside the area's border, and flight patterns are generally situated to the east of the project area. The proposed FMP Update would not change the project area boundaries. There would be no additional impact. No mitigation is required.
- g. Since the adoption of the Village One Specific Plan, the Modesto General Plan has been updated to include development of Village One consistent with the specific plan. City emergency plans are developed with the assumption that the Village One Specific Plan will be implemented. The proposed FMP Update would not change construction, land use, or other physical attributes of the Village One project. There would be no additional impact. No mitigation is required.
- h. The Village One project is located in an area of the City of Modesto planned for buildout of an urban neighborhood. Currently, less than 50% of the project area remains undeveloped, with a covering of dry brush and vegetation. The potential for wildland fires is low, and this potential will decrease as buildout continues. Adoption of the proposed FMP Update would not change the schedule or amounts of development. There would be no additional impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
VIII. HYDROLOGY AND WATER QUALITY.				
Would the project:				
a.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Violate any water quality standards or waste discharge requirements?				
b.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Substantially deplete groundwater supplies or interfere substantially with groundwater recharge, resulting in a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level that would not support existing land uses or planned uses for which permits have been granted)?				
c.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner that would result in substantial erosion or siltation onsite or offsite?				
d.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or amount of surface runoff in a manner that would result in flooding onsite or offsite?				
e.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Create or contribute runoff water that would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?				
f.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Otherwise substantially degrade water quality?				
g.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Place housing within a 100-year flood hazard area, as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map?				
h.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Place within a 100-year flood hazard area structures that would impede or redirect floodflows?				
i.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Expose people or structures to a significant risk of loss, injury, or death involving flooding, including flooding as a result of the failure of a levee or dam?				

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
j. Contribute to inundation by seiche, tsunami, or mudflow?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts associated with hydrology are analyzed on pages III-109 through III-119 of the 1994 Supplement.

Responses to Checklist Questions

- a. The Village One Specific Plan program EIR did not find that the Village One project would violate any water quality standards or waste discharge requirements. The proposed FMP Update would not change water use or discharge associated with the Village One project. There would be no additional impact. No mitigation is required.
- b. The Village One Specific Plan program EIR found that the Village One project might interfere with local groundwater recharge. However, the impact was found to be less than significant because the project area is not a major groundwater recharge area and the project includes a recharge/discharge plan for disposal of stormwater runoff and recharge of groundwater. The proposed FMP Update would not change the amount of impervious surface in the project area or the proposed storm drain facilities. There would be no additional impact. No mitigation is required.
- c.-e. The Village One Specific Plan program EIR found that the Village One project will substantially alter the existing drainage pattern of the area but, because the project will incorporate an urban storm drain system, will not result in any erosion impacts. The proposed FMP Update would not change the amount of impervious surface or the proposed storm drain facilities. There would be no additional impact. No mitigation is required.
- f. The Village One Specific Plan program EIR did not find that the Village One project would otherwise substantially degrade water quality. The proposed FMP Update would not change water use or discharge associated with the Village One project. There would be no additional impact. No mitigation is required.
- g.-i. According to the Village One Specific Plan program EIR, the Village One project is not situated in a 100-year flood hazard area or downstream from a levee or dam. The proposed FMP Update would not change the project area boundaries. There would be no impact. No mitigation is required.

- j. The Village One project area is located in a flat, inland area not susceptible to seiche, tsunami, or mudflow. There would be no impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
IX. LAND USE AND PLANNING. Would the project:				
a. Physically divide an established community?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Conflict with any applicable land use plan, policy, or regulation of an agency with jurisdiction over the project (including, but not limited to, a general plan, specific plan, local coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Conflict with any applicable habitat conservation plan or natural community conservation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts associated with land use and planning are analyzed on pages III-80 through III-94 of the 1994 Supplement.

Responses to Checklist Questions

- a. The proposed FMP Update would not result in any physical changes to the environment beyond those proposed as a part of the Village One project. Village One would continue to be developed as a planned community; therefore, the FMP Update would not divide an established community. There would be no impact, and no mitigation is required.
- b., c. The Village One Specific Plan has been adopted by the City of Modesto and has been incorporated into the Modesto General Plan. The proposed FMP Update would be consistent with the Village One Specific Plan. There are no other applicable land use or conservation plans for the project area. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
X.	MINERAL RESOURCES. Would the project:				
a.	Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b.	Result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Responses to Checklist Questions

- a., b. No known mineral resources or important recovery sites are located in the Village One Specific Plan Area. There would be no impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XI. NOISE. Would the project:				
a. Expose persons to or generate noise levels in excess of standards established in a local general plan or noise ordinance or applicable standards of other agencies?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Expose persons to or generate excessive groundborne vibration or groundborne noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e. Be located within an airport land use plan area, or, where such a plan has not been adopted, within two miles of a public airport or public use airport and expose people residing or working in the project area to excessive noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f. Be located in the vicinity of a private airstrip and expose people residing or working in the project area to excessive noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts associated with noise are analyzed on pages III-55 through III-67 of the 1994 Supplement.

Responses to Checklist Questions

a., c. The Village One Specific Plan program EIR found that traffic associated with the Village One project would expose existing residential uses on Lakewood Avenue, Sylvan Avenue, and Floyd Avenue to noise levels exceeding the general plan thresholds for residential uses. Mitigation measures identified in the program EIR were determined to reduce the level of impact, but not to a less-than-significant level. The City made a statement of overriding considerations when it certified the 1994 Supplement.

The program EIR also found that proposed residential housing in the project area would be exposed to noise levels exceeding general plan thresholds, but mitigation measures were incorporated to reduce the impact to a less-than-

significant level. The proposed FMP Update would not change project-related noise-generating activities. There would be no additional impact. No mitigation is required.

- b. The Village One Specific Plan program EIR found that the Village One project would not expose people to, or generate excessive, groundborne vibration or groundborne noise levels. The proposed FMP Update would not change project-related noise-generating activities. There would be no impact. No mitigation is required.
- d. The Village One Specific Plan program EIR found that construction of the Village One project would result in a substantial temporary increase in ambient noise levels for residential housing. However, mitigation measures were incorporated into the program EIR to reduce the impact to a less-than-significant level. The proposed FMP Update would not change construction activities. There would be no additional impact. No mitigation is required.
- e. The Village One Specific Plan program EIR found that the Village One project would not be located in an airport land use plan area or within 2 miles of a public airport. The proposed FMP Update would not change the project area. There would be no impact. No mitigation is required.
- f. The Village One Specific Plan program EIR found that a private airstrip, the Eastside Mosquito Abatement District Airstrip, is located next to the eastern border of the Village One project area. However, take-offs and landings take place parallel to and outside the area's border, and flight patterns are generally situated east of the project area. The adjacent land use would be a business park, which would not be significantly affected by the limited noise generated at the airstrip. The proposed FMP Update would not change land use designations or the boundaries of the project area. There would be no additional impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XII. POPULATION AND HOUSING. Would the project:				
a. Induce substantial population growth in an area, either directly (e.g., by proposing new homes and businesses) or indirectly (e.g., through extension of roads or other infrastructure)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Displace a substantial number of existing housing units, necessitating the construction of replacement housing elsewhere?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Displace a substantial number of people, necessitating the construction of replacement housing elsewhere?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on population and housing are analyzed on pages III-95 through III-99 of the 1994 Supplement.

Responses to Checklist Questions

- a.-c. The Village One Specific Plan program EIR found that the Village One project would result in no significant impacts on population and housing units. The proposed FMP Update would not change the amount of housing or employment in the specific plan area. There would be no impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
--	--------------------------------	--	------------------------------	-----------

XIII. PUBLIC SERVICES. Would the project:

a. Result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities or a need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times, or other performance objectives for any of the following public services:

Fire protection?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Police protection?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Schools?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Parks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Other public facilities?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on public services are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

a. The Village One Specific Plan program EIR found that the only significant impact the Village One project would have on public services would be in the areas of fire protection and law enforcement. Mitigation measures were identified in the program EIR to reduce the level of this impact to a less-than-significant level. No other significant impacts on public services were identified. The FMP is an element of City policies and practices that ensures that adequate public services are available. The proposed FMP Update would ensure that cost estimates for funding public service improvements are up to date. The FMP Update would not change the provision of public services. There would be no additional impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XIV. RECREATION. Would the project:				
a. Increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Include recreational facilities or require the construction or expansion of recreational facilities that might have an adverse physical effect on the environment?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on recreation are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

- a., b. No significant impacts on recreation were identified in the program EIR. The FMP is an element of City policies and practices that ensures that adequate public services, including parks and recreation, are available. The proposed FMP Update would ensure that cost estimates for funding parks and recreation facilities are up to date. The FMP Update would not change the provision of parks and recreation facilities. There would be no additional impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XV. TRANSPORTATION/TRAFFIC. Would the project:				
a. Cause an increase in traffic that is substantial in relation to the existing traffic load and capacity of the street system (i.e., result in a substantial increase in the number of vehicle trips, the volume-to-capacity ratio on roads, or congestion at intersections)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Cause, either individually or cumulatively, exceedance of a level-of-service standard established by the county congestion management agency for designated roads or highways?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Substantially increase hazards because of a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e. Result in inadequate emergency access?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f. Result in inadequate parking capacity?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g. Conflict with adopted policies, plans, or programs supporting alternative transportation (e.g., bus turnouts, bicycle racks)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on transportation and traffic are analyzed on pages III-40 – III-44 of the 1994 Supplement.

Responses to Checklist Questions

- a., b. The Village One Specific Plan program EIR found that the Village One project would cause an increase in traffic that is substantial in relation to the existing traffic load and capacity of the street system and would affect level of service at several intersections. Mitigation measures identified in the program EIR were identified to reduce impacts to a less-than-significant level for all intersections except the Briggsmore Avenue/Oakdale Avenue intersection. For that intersection, the impact was determined to be significant and not mitigable. The City of Modesto made a statement of overriding considerations for that impact at

the time it certified the 1994 Supplement. The proposed FMP Update would not alter traffic patterns in the project area or result in additional trips. There would be no additional impact. No mitigation is required.

- c. The Village One Specific Plan program EIR did not find that the Village One project would result in a change in air traffic patterns. The proposed FMP Update does not include any elements that would affect air traffic patterns. There would be no impact. No mitigation is required.
- d. The Village One Specific Plan program EIR did not find that the Village One project included any hazardous design features or increased any incompatible uses for roads in the project area. The proposed FMP Update would not change roadway design or land uses. There would be no impact. No mitigation is required.
- e. The Village One Specific Plan program EIR did not find that the Village One project would result in inadequate emergency access in the project area. Project design included provision of adequate roadways to serve the Village One development. The proposed FMP Update would not change roadway design or land uses. There would be no additional impact. No mitigation is required.
- f. The Village One Specific Plan program EIR did not find that the Village One project would result in inadequate parking capacity in the project area. The provision of parking, consistent with zoning requirements for all land uses, will be required. The proposed FMP Update would not change land use standards related to parking or amounts or intensity of development. There would be no impact. No mitigation is required.
- g. The Village One Specific Plan has been adopted by the City of Modesto. Policies of the specific plan are coordinated with the policies of the general plan, including those applicable to transportation. The proposed FMP Update does not include any changes related to transportation policies, and would have no impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XVI. UTILITIES AND SERVICE SYSTEMS. Would the project:				
a. Exceed wastewater treatment requirements of the applicable Regional Water Quality Control Board?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Require or result in the construction of new water or wastewater treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Require or result in the construction of new stormwater drainage facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Have sufficient water supplies available to serve the project from existing entitlements and resources, or would new or expanded entitlements be needed?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e. Result in a determination by the wastewater treatment provider that serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f. Be served by a landfill with sufficient permitted capacity to accommodate the project's solid waste disposal needs?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g. Comply with federal, state, and local statutes and regulations related to solid waste?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on utilities and service systems are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

- a. The City provides sewer services to the Village One area. All wastewater would be directed to city wastewater treatment facilities. No wastewater discharges would occur in the project area. The proposed FMP Update would not increase the amount of wastewater that will be generated at buildout of the Village One project. There would be no additional impact. No mitigation is required.

- b., e. The Village One Specific Plan program EIR discusses the changes and new facilities that will be needed for the Village One project. The EIR found that, with mitigation, there would be no significant impact on water or wastewater infrastructure. The proposed FMP Update would not change the project demand for water or wastewater service. There would be no additional impact. No mitigation is required.
- c. The Village One Specific Plan program EIR discusses the changes and new facilities that will be needed for the Village One project. The EIR found that, with mitigation, there would be no significant impact on stormwater drainage facilities. An update to the Storm Drainage Master Plan has been prepared and is under consideration by the City. An addendum to the Village One program EIR for the Storm Drainage Master Plan has also been prepared and is under consideration by the City. The proposed FMP Update would not change the project drainage plans or expected volume of stormwater. The project would not result in any additional impacts or the need for any additional mitigation beyond that assessed in the Addendum to the Village One Program EIR for the Storm Drainage Master Plan.
- d. The Village One Specific Plan program EIR found that, with mitigation, the effects of the Village One project on water supply would be less than significant. The proposed FMP Update would not change the Village One project's demand for water. There would be no additional impact. No mitigation is required.
- f., g. The Village One Specific Plan program EIR found that the area's landfills have sufficient permitted capacity to accommodate the Village One project's solid waste disposal needs. The proposed FMP Update would not result in any physical changes in the environment or the generation of any additional solid waste. There would be no impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XVII. MANDATORY FINDINGS OF SIGNIFICANCE.				
a. Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Does the project have impacts that are individually limited but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Does the project have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Cumulative impacts are analyzed on page III-161 of the 1994 Supplement.

Responses to Checklist Questions

- a. As described above, the proposed FMP Update would not result in any significant impacts on the environment over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.
- b. As described above, the proposed FMP Update would not result in any significant impacts, either on a project or on cumulative level, over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.
- c. As described above, the proposed FMP Update would not result in any significant impacts affecting humans over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.

Appendix A
Cultural Resources Assessment

Cultural Resources

Introduction

This section discusses properties within the project area that are more than 45 year old. In compliance with CEQA, these properties were evaluated for eligibility for inclusion in the California Register of Historic Resources (CRHR).

Regulatory Setting

CEQA requires that public or private projects financed or approved by public agencies be assessed to determine the effects of the projects on historical resources. CEQA uses the term "historical resources" to include buildings, sites, structures, objects or districts, each of which may have historical, pre-historical, architectural, archaeological, cultural, or scientific importance.

CEQA states that if implementation of a project results in significant effects on historical resources, then alternative plans or mitigation measures must be considered; however, only significant historical resources need to be addressed (CCR 15064.5, 15126.4). Therefore, before impacts and mitigation measures can be identified, the significance of historical resources must be determined.

CEQA guidelines define three ways that a property may qualify as a historical resource for the purposes of CEQA review:

- 1) if the resource is listed in or determined eligible for listing in the California Register of Historical Resources,
- 2) if the resource is included in a local register of historical resources, as defined in section 5020.1(k) of the Public Resources Code or identified as significant in an historical resource survey meeting the requirements of section 5024.1(g) of the Public Resources Code unless the preponderance of evidence demonstrates that it is not historically or culturally significant, or
- 3) the lead agency determines the resource to be significant as supported by substantial evidence in light of the whole record (California Code of Regulations, Title 14, Division 6, Chapter 3, section 15064.5(a)).

Each of these ways of qualifying as an historical resource for the purpose of CEQA is related to the eligibility criteria for inclusion in the CRHR (PRC 5020.1(k), 5024.1, 5024.1(g)). A historical resource may be eligible for inclusion in the CRHR if it:

- 1) is associated with events that have made a significant contribution to the broad patterns of California's history and cultural heritage,
- 2) is associated with the lives of persons important in our past;

Government land was considered ideal as any government grants secured by the railroad in exchange for completion of the route could be located directly along the route's right-of-way. Sales of this granted land by the railroad helped finance the overall construction costs. (Bean and Rawls 1993: 168)

In September of 1869, John James Atherton purchased 160 acres of land near the center of Stanislaus County from Robert Kirkland and David Monroe to use as the site for the new railroad town of Modesto. The total purchase price paid by Atherton for the two 80-acre parcels was \$1,800. Subsequently, Contract and Finance Company, the company responsible for actually constructing the railroad, purchased the property from Atherton. As was common for speculators of the time, Atherton received \$1,400 over the amount he paid in 1869. (Maino 1970: 10)

The town of Modesto became the terminus of the Southern Pacific railroad in 1870 but did not officially incorporate until 1884. Initially, the station from which the town took its name was to be named after William C. Ralston, one of the board of directors of the Central Pacific Railroad (the parent company of SP at the time). When Ralston modestly declined the honor, with no little irony the Spanish adjective meaning "modest" was used instead. During its formative years the town attracted residents of nearby communities including Empire City, Paradise, and Tuolumne City, all of which lacked a coveted rail connection. (Gooch 1988: 32) The wheat boom of California which began in the early 1860s and lasted until 1893 played a key role in the success of Modesto as a commercial and transportation center. Wheat was a rich business that demanded high finances and a strong labor pool throughout the season, both of which were found in Modesto. Given its proximity to the railroad for the shipping of wheat, and the flood of new residents, the success of Modesto as a wheat center was assured until the agricultural changes brought about by the widespread use of irrigation. (Maino 1970: 17)

Modern Modesto Following the Establishment of Irrigation in 1903

As the wheat bonanza came to a close in Stanislaus County during the early 1890s, the residents realized that a dependable system of irrigation was necessary to insure a more stable farm economy. Although irrigation was in use on a limited basis during the last half of the 19th Century, it was not until the early 20th Century that the system, as imagined by the residents of Modesto area, was completed. In June of 1903 irrigation water that had been promised more than 16 years earlier, when the Wright Act (authorizing the creation of irrigation districts) was signed into law, finally arrived. Following years of court battles, many farmers along the main canal accessed irrigation water for the first time. (Barnes 1987: 39)

The Modesto area changed rapidly after the implementation of the new irrigation system. The local population exploded, land prices rose, and the subdivision of larger ranches increased. Almost immediately alfalfa became the dominant crop as its demand increased to supply a new interest in dairying. Another significant change to the area was the cultivation of orchard crops such as peaches, apricots, almonds, and oranges. As the cultivation of alfalfa, orchard, and other crops increased, the processing segment of the agriculture industry, including canning, construction, and financing also grew. (Barnes 1987: 48)

None of the properties appear to be representative of a particular style or method of construction, nor are any of the structures the work of a master. Therefore, none of the properties appear to meet the requirements for inclusion in the CRHR under criterion 3. Only one of the residences, located at 3016 Oakdale Road, maintained enough integrity to convey any significance that it might have had. The remaining properties have been moved or modified to a considerable extent.

Criteria of Effects

According to the California Environmental Quality Act, a project with an effect that may cause a substantial adverse change in the significance of an historical resource is a project that may have a significant effect on the environment (CEQA rev. 1998 Section 15064.5(b)). CEQA further states that a substantial adverse change in the significance of a resource means the physical demolition, destruction, relocation, or alteration of the resource or its immediate surroundings such that the significance of an historical resource would be materially impaired. Actions that would materially impair the significance of a historic resource are any actions that would demolish or adversely alter those physical characteristics of an historical resource that convey its historical significance and qualify it for inclusion in the CRHR or in a local register or survey that meet the requirements of sections 5020.1(k) and 5024.1(g) of the Public Resources Code.

Effects and Mitigation

None of the five properties addressed in this study appear to meet the criteria for listing in the CRHR. Therefore effects to these properties would not be considered significant and no mitigation measures are necessary.

**Checklist for Storm Drainage Master Plan Update to the
Village One Community Facilities District**

**ADDENDUM TO THE
1990 PROGRAM ENVIRONMENTAL IMPACT REPORT
FOR THE VILLAGE ONE SPECIFIC PLAN (SCH # 90020181)**

January 22, 2003

TO: Interested Parties/Responsible Agencies

FROM: City of Modesto Community Development Department

**SUBJECT: ADDENDUM TO THE 1990 PROGRAM EIR FOR THE CITY OF
MODESTO STORM DRAINAGE MASTER PLAN UPDATE FOR THE
VILLAGE ONE COMMUNITY FACILITIES DISTRICT**

Attached is a written checklist prepared pursuant to Section 15168(c)(4) of the California Environmental Quality Act (CEQA) Guidelines addressing the impacts of a proposed update to the Village One Storm Drainage Master Plan to implement improvements to the existing storm drainage system within the context of the previously certified Program EIR for the Village One Specific Plan. Included in this transmittal is the written checklist. Supporting documents are incorporated by reference and include:

1. City of Modesto Storm Drainage Master Plan Update for the Village One Community Facilities District (April 2002) prepared by CDM.
2. City of Modesto Preliminary Design Report for Storm Drainage Improvements Village One Community Facilities District (May 2002) prepared by CDM.
3. 1990 Program Environmental Impact Report for the Village One Specific Plan.

All documents are available for review by the public at the Planning Division office within the Community and Economic Development Department, located at 1010 Tenth Street, Suite 3300; Modesto, California 95353.

WRITTEN CHECKLIST

1. Purpose of the written checklist:

This written checklist evaluates the proposed Storm Water Master Plan Update as part of the Modesto Village One Planned Community, which was previously evaluated in the Village One Final Environmental Impact Report (SCH# 90020181). The project addressed in this written checklist is a proposed update to the storm drainage system master plan planned for Village One, as originally proposed in the 1996 Facilities Master Plan Study. As described in greater detail below, the currently proposed Master Plan Update is intended to provide a greater level of flood protection for Village One through certain enhancements to the original design. Such enhancements generally include proposing new pipelines in certain areas to better accommodate runoff during major storm events, installing two pump stations and associated force mains, to better convey the captured runoff, and increasing the number and/or capacity of onsite detention basins to reduce the potential for localized flooding during major storm events. For the most part, the overall storm drain system for Village One remains as originally proposed and addressed in the Village One Final Environmental Impact Report. This written checklist will review the proposed modifications to the storm drainage master plan to determine whether there are any environmental impacts that have not already been previously contemplated and addressed in the Village One Final Environmental Impact Report. This written checklist will review the proposed Storm Drainage Master Plan Update pursuant to CEQA Guidelines Section 15168(c)(4).

2. Project title:

Addendum to the Program EIR for the City of Modesto Storm Drainage Master Plan Update for the Village One Community Facilities District

3. Lead agency name and address:

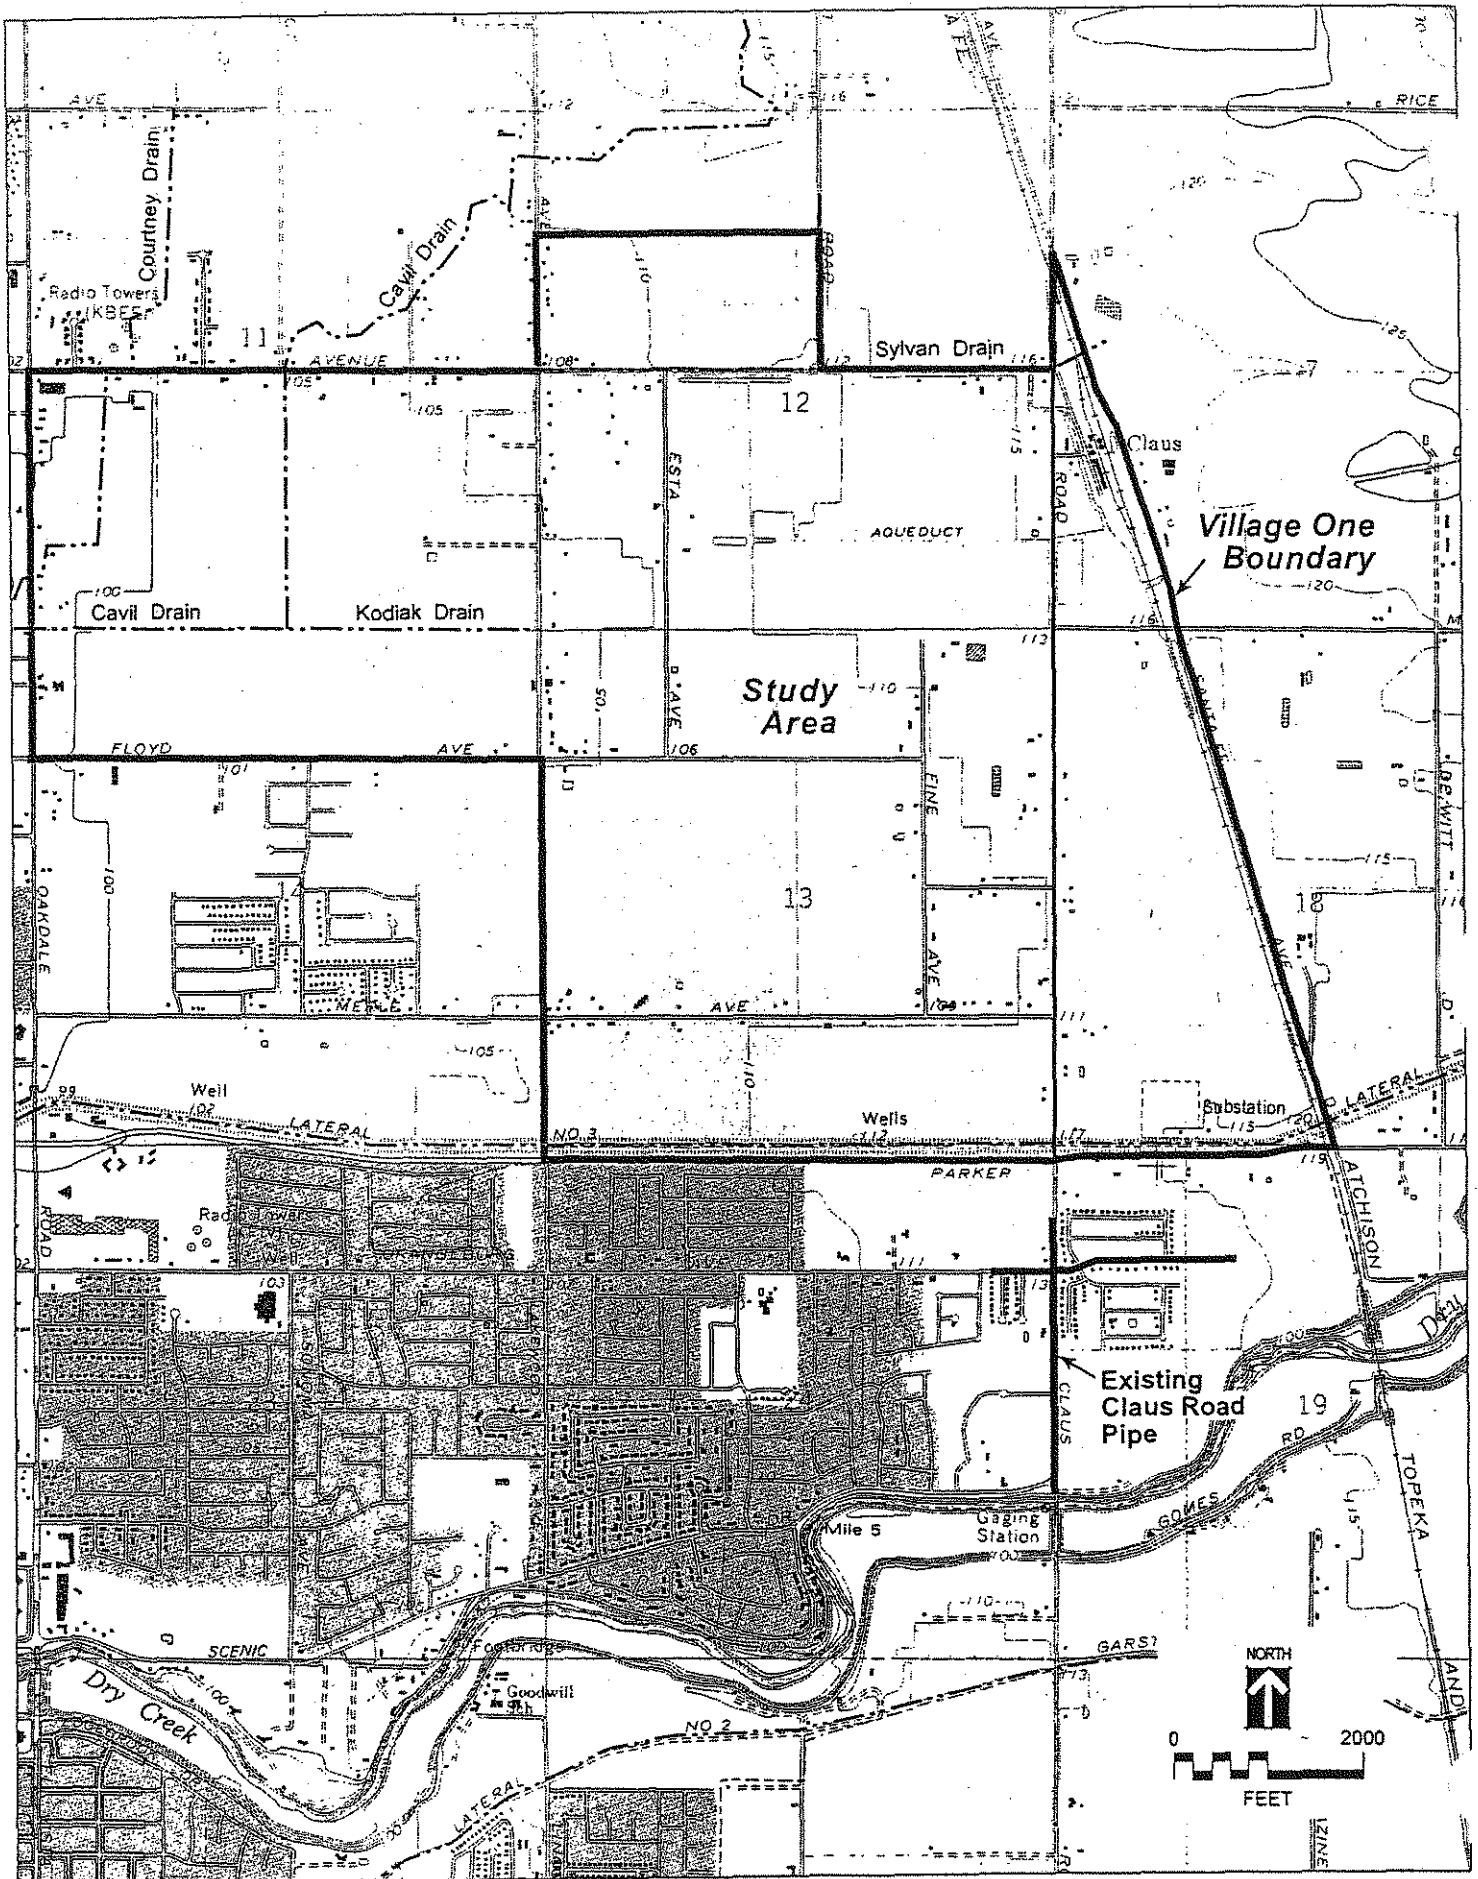

City of Modesto
P.O. Box 642
Modesto, CA 95353

4. Contact person and phone number:

Vickey Dion, Senior Civil Engineer
City Manager's Office
(209) 571-5542

5. Project location:

The project would be located within the City of Modesto Village One Specific Plan area. The Specific Plan area, as shown in Figure 1, Project Location, is generally bound on the north by Sylvan Avenue, on the east by the Union Pacific Railroad tracks, on the south by Briggsmore Avenue and Floyd Avenue, and on the west by Roselle Avenue and Oakdale Road. Specific components of the project are proposed throughout the Plan area and are discussed in "Project Description" below.

Figure 1
Project Location

6. **Project sponsor's name and address:**

City of Modesto
P.O. Box 642
Modesto, CA 95353

7. **General plan designation:**

The General Plan land use designations include Low Density Residential, Single Family Residential, Multi-Family, Multi-Family Senior, School/Park/Basin, Commercial, and Industrial uses. Designations at proposed detention basin locations include School/Park/Basin land uses.

8. **Zoning:**

Village One Specific Plan

9. **Description of the project:**

Project History and Need

Village One is a planned community in the northeast area of the City of Modesto. A Program Environmental Impact Report was prepared for the Village One Specific Plan in 1990, with a Supplement to the Environmental Impact Report completed in 1994, and Village One was included as one of the planning districts in the City's Urban Area General Plan adopted in 1995. The Village One plan area consists of approximately 1,800 acres, with an ultimate build-out population of 20,000. The Program Environmental Impact Report addressed the overall impacts of the Village One Project, including impacts from development of the proposed land uses and construction of associated infrastructure.

Since adoption of the 1990 Final Environmental Impact Report for the Village One Specific Plan, approximately 50% of the lands within Village One have been developed. Over the past twelve years, storm drainage pipes and temporary and permanent detention basins have been installed. The City's current specifications require that storm water improvements convey run-off from a 5-year storm event. However, elsewhere storm drainage systems are typically designed to accommodate run-off flows from a 10-year storm event. Based on the results of an analysis to determine the existing storm drainage system's capacity to convey storm water flows from a 10-year storm event under ultimate land use conditions, the determination was made that certain modifications and enhancements to the current storm drainage system presented in the Facilities Master Plan of June 1996 are necessary to provide an improved level of flood control and drainage management during major storm events (i.e., 10-year design storm).

Project Objectives

The purpose of the proposed Master Plan Update is to improve storm drainage system capacity infrastructure to ensure adequate capacity for existing and future users, and to provide uniform guidelines for designing the remaining storm drainage facilities in Village One.

Project Components

Components of the proposed Storm Drainage Master Plan Update for the Village One Communities Facilities District (April 2002) would include:

- Design of the West Basin;
- West Basin Pump Station;
- Force main from the West Basin to the Central Basin;
- Central Basin Improvements;
- Central Basin Pump Station;
- Force main from the Central Basin Pump Station to Modesto Irrigation District (MID) Lateral No. 3;
- Detention basin with 7 acre-feet of storage capacity north of Sylvan Avenue near Esta Avenue;
- Detention basin with 5 acre-feet of storage capacity near the intersection of Merle Avenue and Fine Avenue;
- Detention basin with 6 acre-feet of storage capacity north of Merle Avenue near Litt Road;
- 60-inch pipe on Hillglen Avenue from Roselle Avenue to Esta Avenue;
- 36-inch and 48-inch pipe on Kodiak Drive west of Roselle Avenue;
- 30-inch pipe at the west end of Hillglen Avenue;
- 36-inch pipe west of Fine Avenue to the new detention basin north of Merle Avenue near Litt Road;
- 24-inch pipe on Litt Road north of Merle Avenue, and
- 60-inch pipe from Merle Avenue to the Central Basin.

Figure 2, Modeled Stormwater System for Previous Storm Drain Master Plan, and Figure 3, Stormwater System for Currently Proposed Storm Drain Master Plan Update, present the Village One storm drainage system as originally proposed and as currently proposed in the Master Plan Update, respectively. The following describes more fully the modifications and enhancements that are proposed as part of the Master Plan Update.

West Basin Improvements

The previously approved and graded West Basin would receive and detain stormwater for the purpose of reducing the peak rate of run-off to the downstream storm drainage system. Run-off waters would enter the 65 acre-foot basin via a 78-inch pipe from Hillglen Avenue on the north. Once improved, waters would also enter the basin via pipes located in Kodiak Drive and Bear Cub Lane to the south and west. The basin has three tiers with bottom elevations of 86-feet, 92-feet and 96-feet. The shallowest, or highest, tier is located at the north end of the basin, along Hillglen Avenue, and the deepest, or lowest, tier is at the south end of the basin, along Kodiak Drive. Recreational use, following trimming and improvement activities at the basin, will be available for the two highest tiers at times when run-off volumes are low; however, all three tiers will hold run-off water during periods of significant rainfall and run-off.

A 12-foot wide asphalt concrete access road will be located on the east side of the West Basin, and an access path will be provided on the west and south side of the lowest tier of the basin to allow for maintenance. A 12-foot wide access road will also be provided down into the bottom of the lowest tier of the basin. Fencing will be placed around the lowest tier of the basin to keep people out of this tier of the dual-use park/basin.

West Basin Pump Station

Run-off waters would be removed from the West Basin, and directed toward the Central Basin, by a pump station located at the south side of the lowest tier. Some infiltration of stored run-off water would also be recharged into the groundwater basin. To allow maintenance vehicles to enter

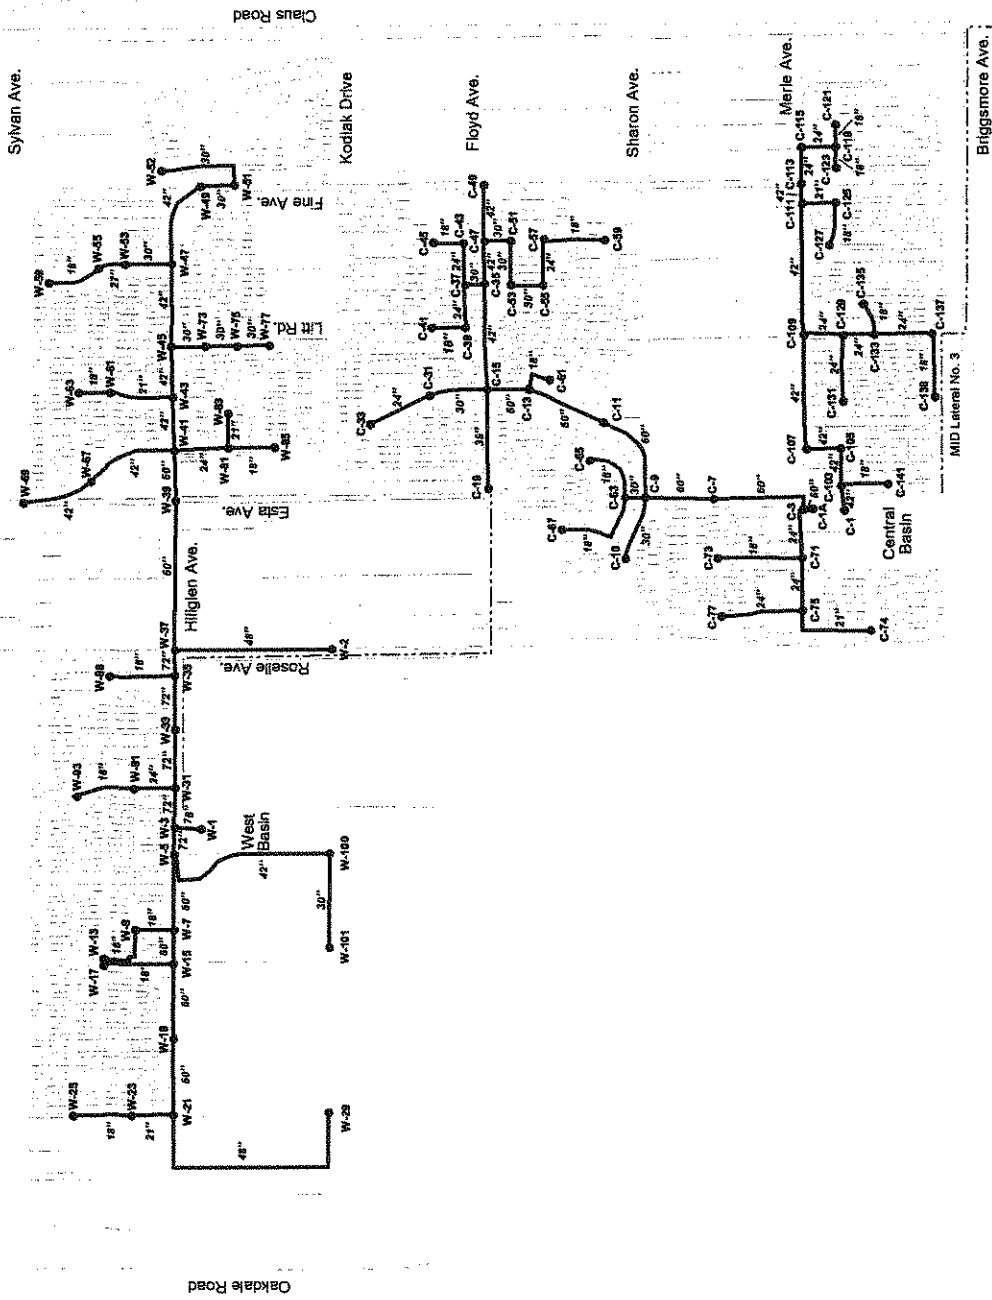

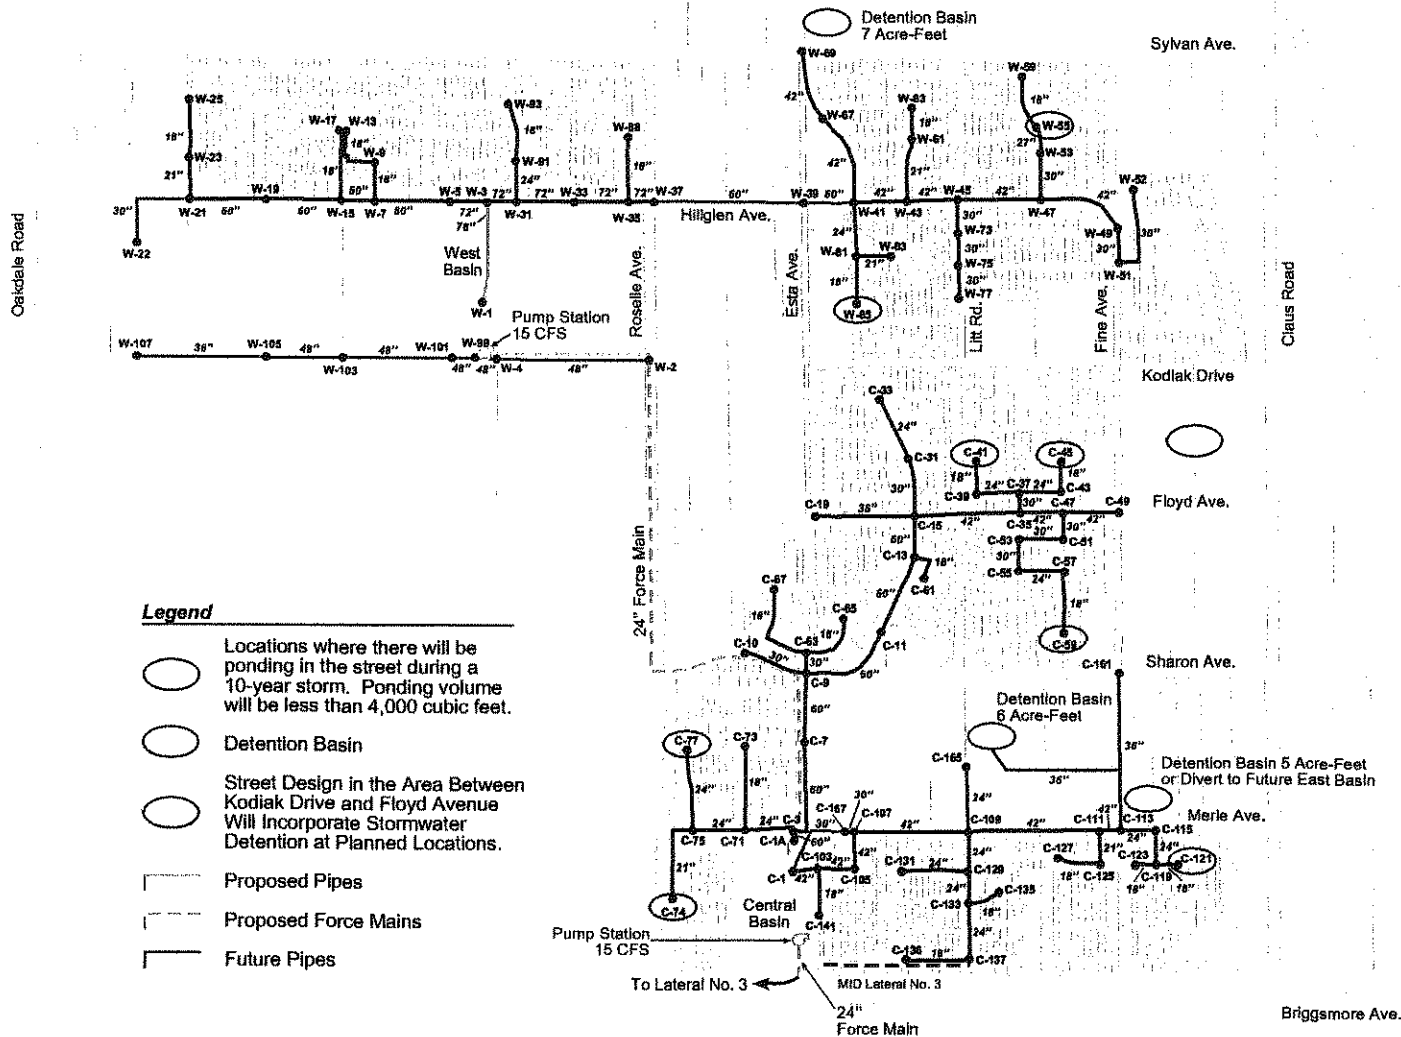

Figure 2
 Modeled Stormwater Drain System for
 Previous Storm Drain Master Plan

Legend

- Locations where there will be ponding in the street during a 10-year storm. Ponding volume will be less than 4,000 cubic feet.
- Detention Basin

- Proposed Pipes
- Proposed Force Mains
- Future Pipes

Figure 3
Stormwater System for
Currently Proposed Storm Drain
Master Plan Update

and service the pump station, a gate in the fence around the lowest tier and an asphalt concrete access path would be provided.

Similar to the pump system at the Chapman Road detention basin, the three proposed pumps would be below grade in the sump, and the discharge pipes would be above grade. Water in the West Basin would flow to the basin outlet, enter a 30-inch suction pipe, and flow into the pump sump. The water would then be pumped from the sump and discharged into a 24-inch force main. Three 7.5 cubic feet per second (cfs) pumps, each driven by a 60 horsepower electric motor, would be included in the design. Two of the three pumps operating together would meet the peak outflow requirement of 15 cfs. The third pump would serve as a standby unit. The motor control center, meter, and SCADA equipment would be housed in waterproof enclosures adjacent to the pump station.

Force Main from the West Basin Pump Station

Run-off water pumped from the West Basin by the West Basin Pump Station would be conveyed in a 24-inch force main, a PVC water pipe capable of withstanding internal water pressure, south approximately 60 feet, turning east along Kodiak Drive to Roselle Avenue, turning south along Roselle Avenue to Belharbour Drive, turning east along Belharbour Drive to Dermond Road, turning south along Dermond Road, turning west on Merle Avenue, and finally turning south into the Central Basin. In sum, the complete length of the force main would be approximately 7,000 feet.

Central Basin

The previously approved and graded Central Basin has a bottom elevation of 90 feet and covers approximately 7.3 acres at elevation 110 feet. The Central Basin has a storage capacity of 50 acre-feet and has side slopes of 4 horizontal to 1 vertical.

The existing basin receives run-off from the north via a 60-inch pipe and a 24-inch pipe. Run-off also enters the basin via a 42-inch pipe from the east. These three basin inflow pipes will continue to convey run-off to the enlarged Central Basin. Additional waters would also enter the basin from the north via a proposed future pipe and the proposed 240-inch force main from the West Basin Pump Station.

Central Basin Pump Station

Run-off waters would be removed from the Central Basin by a pump station that would be located near the southeast corner of the Central Basin. This pump station would be similar to the West Basin Pump Station. The pumps would be below grade in the pump sump, and the discharge pipes would be above grade.

Water in the Central Basin would flow to the basin outlet, enter a 30-inch suction pipe, and flow into the pump sump. The water would be pumped from the sump and discharged into a 24-inch force main. Three 7.5 cfs pumps, each driven by a 25 horsepower electric motor, would be included in the design. Two of the three pumps operating together would meet the peak outflow requirement of 15 cfs. The third pump would serve as a standby unit. The motor control center, meter, and SCADA equipment would be housed in waterproof enclosures adjacent to the pump station.

Force Main from the Central Basin Pump Station

Waters pumped from the Central Basin by the Central Basin Pump Station would be conveyed in a 24-inch force main south approximately 300 feet to the Modesto Irrigation District Lateral No.

3 open canal. The force main would be 24-inch PVC water pipe capable of withstanding internal water pressure.

Three New Detention Basins

Three new detention basins are proposed to collect storm water run-off throughout additional areas of the Village One project. As depicted in Figure 3, the proposed basin north of Sylvan Avenue near Esta Avenue would have a storage capacity of 7 acre-feet, the basin proposed near Merle Avenue and Fine Avenue would have a storage capacity of approximately 5 acre-feet, and the basin proposed north of Merle Avenue near Litt Road would have a storage capacity of 6 acre-feet. Currently, the land at each of the three proposed detention basin locations is not in productive use. In the recent past, the proposed detention basin sites were for agricultural production.

Pipeline Installation

The Master Plan Update proposes the installation of additional pipelines in Hillglen Avenue, Kodiak Drive, Litt Road, north of Merle Avenue, and along Merle Avenue into the Central Basin as existing roads undergo improvements, and new roads are constructed. Figure 3 shows the exact locations of the proposed pipelines. Installation of the additional pipelines would assist in draining storm water run-off throughout the Village One Specific Plan area. Currently constructed roads in the project area that would be affected by pipeline installation include Kodiak Drive and Merle Avenue. The proposed pipelines in Hillglen Avenue, portions of Kodiak Drive, Litt Road, and north of Merle Avenue between Litt Road and Fine Avenue would be installed at the time of roadway construction.

10. Surrounding land uses and environmental setting:

The Village One Specific Plan area is approximately 50% built-out, as planned and approved in the 1990 Village One Specific Plan. The project area is surrounded by rural, agricultural, and open space land uses to the north and east, and by residential and commercial uses to the south and west. A Union Pacific Railroad line runs along the eastern boundary of the Plan area.

Existing development in the Village One Specific Plan area primarily consists of single-family residences and two schools. Housing communities developed and occupied are generally bound by:

- South of Sylvan Avenue and north of Hillglen Avenue, between Wood Sorrel Drive on the west and Roselle Avenue on the east;
- South of Sylvan Avenue and north of Sharon Avenue, between Esta Avenue on the west and Fine Avenue on the east;
- North of Briggsmore Avenue and south of Merle Avenue, between Roselle Avenue and Claus Road; and
- North of Merle Avenue and south of Belharbour Drive, between Roselle Avenue and Dermond Road.

The remainder of the Village One Specific Plan area is occupied by open grasslands, rural homes with lots at least one acre in size, small farms, and graded land undergoing preparations for development. One middle school is in operation in Village One, and another middle school, located at the intersection of Fine Avenue and Sharon Avenue is in the final stages of construction. The operating middle school is located between Kodiak Drive and Hillglen Avenue, immediately west of the excavated, but unimproved, West Basin.

Impacts Associated with the Storm Water Master Plan Update

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
I. AESTHETICS -- Would the project:				
a) Have a substantial adverse effect on a scenic vista?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings within a state scenic highway?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Substantially degrade the existing visual character or quality of the site and its surroundings?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Create a new source of substantial light or glare which would adversely affect day or nighttime views in the area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts to Aesthetics occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.3, Urban Design and Visual Quality, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

- a-b) **No Impact:** The proposed project involves installing storm water drainage pipelines in existing and proposed streets, excavating three detention basins, and installing pumps and force mains to convey storm water towards and into MID Lateral No. 3 within the Village One Specific Plan area. Scenic vistas from the project area on clear days include the Coastal Range Mountains to the west and the Sierra Nevada Mountains to the east. Installing and operating pipelines below streets and excavating three detention basins on currently undeveloped land below ground level will not affect scenic vistas to the east or west, damage scenic resources within a state scenic highway, or degrade the existing visual character or quality of the project area.

- c) **Less Than Significant Impact:** The proposed storm water drainage system improvements would include pumps located above grade at both the Central Basin and the West Basin, and fencing around the lowest tier of the West Basin. The above-grade pumps and the fencing and the West Basin would slightly conflict with the aesthetics of the adjacent recreational uses; however, this is considered a less than significant.

- d) **No Impact:** The installation of storm water drainage pipelines and the excavation and operation of three detention basins would not introduce new sources of light or glare affecting day and night-time views in the Village One area. Lighting of the infrastructure improvements would not be included in the project.

Impacts Associated with the Storm Water Master Plan Update

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
--	--------------------------------------	--	------------------------------------	--------------

II. AGRICULTURE RESOURCES: In determining whether impacts to agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Dept. of Conservation as an optional model to use in assessing impacts on agriculture and farmland. Would the project:

- | | | | | |
|--|-------------------------------------|--------------------------|-------------------------------------|-------------------------------------|
| a) Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| b) Conflict with existing zoning for agricultural use, or a Williamson Act contract? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c) Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use? | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

Impacts to Agricultural Resources occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.1, Land Use, Planning, and Zoning Context, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

- a) **Potentially Significant Impact:** The proposed project involves installing storm water drainage pipelines in existing and proposed streets, excavating three detention basins, and installing pumps and force mains to convey storm water towards and into MID Lateral No. 3 within the Village One Specific Plan area. Currently prime and unique farmland remains undeveloped at several proposed pipeline and detention basin locations, including: the west end of Hillglen Avenue; the planned extension of Kodiak Drive west of Roselle Avenue; the planned extension of Hillglen Avenue between Esta Avenue and Millbrook Drive; and the proposed detention basin and pipeline east of the planned Litt Road. The subject areas are within the Village One Specific Plan boundary and were proposed and approved for conversion from farmland to planned community uses in 1990. The 1990 Environmental Impact Report for the Village One Specific Plan acknowledged that conversion of prime and unique agricultural land in the Village One project area as a significant unavoidable impact. The City subsequently made the required findings under Section 21081 of CEQA and Section 15091 of the CEQA Guidelines and adopted a Statement of Overriding Considerations for this specific impact. The improvements proposed as part of the Storm Drainage Master Plan do not increase or otherwise change the impacts to prime and unique farmlands that have already been addressed in the Program EIR.

- b) **No Impact:** The installation and operation of storm water drainage system improvements would not conflict with existing zoning for agricultural use or a Williamson Act contract. Through the adoption of the Village One Specific Plan in 1990, any land previously zoned for agricultural use was rezoned to allow residential, commercial, school, park, open space, industrial and business park uses. All Williamson Act contracts in the project area have expired, the latest of which expired in 2001. Therefore, no impact to agricultural zoning or Williamson Act contracts would occur.
- c) **Less Than Significant Impact:** The installation and operation of storm water drainage pipelines in existing and proposed streets and the excavation and use of the three detention basins within the Village One Specific Plan area would not directly or indirectly result in the conversion of farmland beyond the immediately affected project areas.

Impacts Associated with the Storm Water Master Plan Update			
Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact

III. AIR QUALITY -- Where available, the significance criteria established by the applicable air quality management or air pollution control district may be relied upon to make the following determinations. Would the project:

a) Conflict with or obstruct implementation of the applicable air quality plan?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b) Violate any air quality standard or contribute substantially to an existing or projected air quality violation?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c) Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions which exceed quantitative thresholds for ozone precursors)?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d) Expose sensitive receptors to substantial pollutant concentrations?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) Create objectionable odors affecting a substantial number of people?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Impacts to Air Quality occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.5, Climate and Air Quality, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

- a-b) **Less Than Significant Impact with Mitigation Incorporated:** The proposed project involves installing storm water drainage pipelines in existing and proposed streets, excavating three small

detention basins (i.e., the larger basins, Central and West Basins, associated with the Village One drainage system have already been graded), and installing pumps and force mains to convey storm water towards and into MID Lateral No. 3 within the Village One Specific Plan area. Construction of the proposed storm water infrastructure improvements has the potential to result in a conflict with, or obstruction to, implementation of air quality plans. This impact would be short-term, but could be reduced to a less than significant level through implementation of the mitigation measure below, as approved by the City of Modesto in the 1994 Final Supplement to an Environmental Impact Report.

AQ-1: During construction activities, Building Inspection Division shall verify that contractors observe the requirements of City of Modesto Standard Specification 1.8, Dust Control, and when necessary, Regulation VIII of the San Joaquin Valley Unified Air Pollution Control District to control the generation of PM₁₀ from construction related dust and emissions.

Operation and use of the proposed storm water drainage infrastructure improvements would not generate any air emissions, and therefore, would not conflict with, or obstruct, implementation of applicable air quality plans.

- c) **Less Than Significant Impact with Mitigation Incorporated:** Construction of the proposed storm water drainage infrastructure improvements could contribute to a cumulative net increase in the presence of a criteria air pollutant, PM₁₀, through grading the 5-, 6- and 7-acre feet detention basins. However, implementation of mitigation measure AQ-1 above would reduce this project's contribution of PM₁₀ to the region. Operation of storm water drainage pipelines and use of detention basins during storm events would not generate any criteria air pollutants; thus, the project would not result in a cumulatively considerable net increase of any criteria air pollutants.
- d) **Less Than Significant Impact:** Construction of the proposed storm water drainage infrastructure improvements would generate short-term concentrations of criteria air pollutants. However, due to the short-term nature of this impact, and the minimal amount of grading that would be required for the three new detention basins, the impact remains less than significant. Operation of storm water drainage pipelines and use of detention basins would not expose nearby sensitive receptors to pollutant concentrations.
- e) **Less Than Significant Impact:** Installation of storm water drainage pipelines and excavating detention basins may generate odors from diesel construction equipment. This impact would be short-term in nature. Operation of the pipelines and use of the detention basins during storm events would not generate odors; pumps and force mains would keep water flowing and prevent pooling of water following storm events.

Impacts Associated with the Storm Water Master Plan Update

Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
--------------------------------------	--	------------------------------------	--------------

IV. BIOLOGICAL RESOURCES -- Would the project:

a) Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or

<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
--------------------------	--------------------------	-------------------------------------	--------------------------

Impacts Associated with the Storm Water Master Plan Update

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service?				
b) Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations or by the California Department of Fish and Game or US Fish and Wildlife Service?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f) Conflict with the provisions of an adopted Habitat Conservation Plan, Natural Community Conservation Plan, or other approved local, regional, or state habitat conservation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Impacts to Biological Resources occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.9, Vegetation and Wildlife, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

- a) **Less Than Significant Impact:** Field surveys were conducted, as part of the Final EIR for the Village One Specific Plan, for threatened, endangered, and candidate species found in the vicinity of the Village One area. These species include the Tricolored blackbird, California tiger salamander, Swainson's hawk, Yellow-billed cuckoo, Valley elderberry longhorn beetle, and Moestan blister beetle. The proposed project would involve installing and operating storm water pipelines and force mains in existing and planned streets, excavating and using three detention basins ranging in size from 5 to 7 acre-feet, and installing and using pumps at the existing West Basin and Central Basin to convey storm water towards, and into, MID Lateral No. 3 within the vicinity of potential habitat for these

species. As stated in Response to Comment 7.12 of the 1990 Final EIR, these surveys concluded the following:

- "No impact to any Swainson's hawk nesting territory will occur.
- Suitable Swainson's hawk foraging habitat does occur on the project site. However the nearest DFG recorded nesting territory is greater than 10 miles away from the project site. Therefore, current DFG mitigation guidelines do not apply and potential impacts to Swainson's hawk foraging habitat will be at a less than significant level.
- No impact to the moestan blister beetle will occur.
- No impact to the beaked clarkia will occur."

It should be noted that while the loss of Swainson's hawk foraging habitat has already been acknowledged and addressed in the previous EIR, as an impact associated with development of the Village One Planned Community, the detention basins proposed as part of the Storm Drainage Master Plan Update would be retained as open grass fields which may be suitable as raptor foraging area. Therefore, less than significant impacts would occur in the Village One area as a result of the proposed infrastructure improvements.

- b) **Less Than Significant Impact:** One sensitive plant species, the Beaked clarkia, is located within the vicinity of the project area. The proposed project would involve installing and operating storm water pipelines and force mains in existing and planned streets, excavating and using three detention basins ranging in size from 5 to 7 acre-feet, and installing and using pumps at the existing West Basin and Central Basin to convey storm water towards, and into, MID Lateral No. 3. -In July 1990, a field survey was conducted in the Village One project area to determine the presence or absence of Beaked clarkia. Based upon the results of the field survey, Beaked clarkia was not observed within the project area.
- c) **Less Than Significant Impact:** Throughout the Village One Specific Plan area, several locations in the eastern end of the Plan area could be classified as wetlands; however, no federally protected wetlands exist on the project site. Installing and operating storm water drainage pipelines and force mains and excavating and using the three proposed detention basins would not affect the eastern end of the Plan area, and would therefore result in a less than significant impact on wetlands.
- d) **Less Than Significant Impact:** Construction of the proposed storm water drainage system would involve installing and operating pipelines and force mains in existing and planned streets, and excavating and using three proposed detention basins on currently undeveloped, natural land. While development of the proposed project would result in lost habitat for wildlife species, this habitat has not been identified or designated as a migratory wildlife corridor. Impacts from the proposed project would be limited to the pipeline and force main locations and the 5-, 6- and 7-acre-feet detention basins. Lands to the north and east of the Village One Specific Plan area would remain in their undeveloped and natural conditions; therefore, impacts to migratory corridors would remain less than significant.
- e) **Less Than Significant Impact:** Installation and operation of the proposed pipelines, pumps, and force mains, and excavation and use of the three proposed detention basins would not conflict with any local policies or ordinances protecting biological resources. In 1990, the City of Modesto adopted the Village One Specific Plan, thus authorizing the build-out of the Plan area. No policies or ordinances protecting biological resources currently apply to the Village One area.
- f) **Less Than Significant Impact:** Installation and operation of the proposed pipelines, pumps, and force mains, and excavation and use of the three proposed detention basins would not conflict with any

Habitat Conservation Plans, Natural Community Plans, or other approved local, regional or state habitat conservation plans. In 1990, the City of Modesto adopted the Village One Specific Plan, thus authorizing the build-out of the Plan area. No Habitat Conservation Plans, Natural Community Plans, or other approved local, regional or state habitat conservation plans currently apply to the Village One area.

Impacts Associated with the Storm Water Master Plan Update

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
--	--------------------------------------	--	------------------------------------	--------------

V. CULTURAL RESOURCES -- Would the project:

a) Cause a substantial adverse change in the significance of a historical resource as defined in §15064.5?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Cause a substantial adverse change in the significance of an archaeological resource pursuant to §15064.5?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Disturb any human remains, including those interred outside of formal cemeteries?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Impacts to Cultural Resources occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in the Opportunities/Constraints Report prepared for the Modesto Planning Commission (December 1, 1989). The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

a-d) **Less Than Significant Impact:** The proposed project involves installing storm water drainage pipelines in existing and proposed streets, excavating three detention basins, and installing pumps and force mains to convey storm water towards, and into, MID Lateral No. 3 within the Village One Specific Plan area. Based on the Opportunities/Constraints Report prepared for the Village One area in December 1998, the likelihood that pipeline installation and detention basin excavation would change or disturb a significant historical, archaeological, unique paleontological or geological resource, or human remains is low.

Impacts Associated with the Storm Water Master Plan Update

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
VI. GEOLOGY AND SOILS -- Would the project:				
a) Expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death involving:	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
i) Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
ii) Strong seismic ground shaking?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
iii) Seismic-related ground failure, including liquefaction?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
iv) Landslides?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Result in substantial soil erosion or the loss of topsoil?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Be located on a geologic unit or soil that is unstable, or that would become unstable as a result of the project, and potentially result in on- or off-site landslide, lateral spreading, subsidence, liquefaction or collapse?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) Have soils incapable of adequately supporting the use of septic tanks or alternative waste water disposal systems where sewers are not available for the disposal of waste water?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts to Geology and Soils occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.7, Geology and Soils, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

- a) **Less Than Significant Impact:** The proposed project involves installing storm water drainage pipelines in existing and proposed streets, excavating three detention basins, and installing pumps and

force mains to convey storm water towards, and into, MID Lateral No. 3 within the Village One Specific Plan area. Construction and operation of these infrastructure improvements would not expose people or structures to potential substantial adverse effects from a rupture of a known earthquake fault, strong seismic groundshaking, seismic-related ground failure, or landslides.

- b) **Less Than Significant Impact:** Installation of the proposed storm water drainage improvements would result in minimal loss of topsoil. During storm events, storm water would flow to detention basins and water would then be pumped to the Central Basin for discharge into MID Lateral No. 3. The design and ground cover of the basins would prevent soil erosion from occurring.
- c) **Less Than Significant Impact:** The proposed storm water drainage system improvements would not be located on a geological, unit or soil that is unstable. Therefore, impacts associated with on- or off-site landslide, lateral spreading, subsidence, liquefaction, or collapse are unlikely to occur.
- d) **Less Than Significant Impact:** The proposed storm water drainage system improvements would be located in an area classified by the Soil Conservation Service as soil having a slight to moderate shrink-swell potential, which could affect foundations of structures.¹ However, the proposed project would not include foundations or buildings, and therefore, would not be susceptible to the expansive soils. Therefore, less than significant impacts would occur.
- e) **No Impact:** The proposed project would not include septic tanks or alternative waste water disposal systems; therefore, the proposed storm water drainage system improvements would not be affected by soils incapable of supporting alternative waste water disposal systems.

Impacts Associated with the Storm Water Master Plan Update

Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
--------------------------------	---	------------------------------	-----------

VII. HAZARDS AND HAZARDOUS MATERIALS - Would the project:

a) Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Be located on a site which is included on a list of hazardous materials sites compiled pursuant to	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

¹ Final Supplement to an Environmental Impact Report for the Proposed Village One Specific Plan Amendment #4, April 1994, page III-106.

Impacts Associated with the Storm Water Master Plan Update

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?				
e) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard for people residing or working in the project area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f) For a project within the vicinity of a private airstrip, would the project result in a safety hazard for people residing or working in the project area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g) Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
h) Expose people or structures to a significant risk of loss, injury or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Impacts to Hazards and Hazardous Materials occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.8, Hydrology, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

- a) **No Impact:** The proposed project involves installing storm water drainage pipelines in existing and proposed streets, excavating three detention basins, and installing pumps and force mains to convey storm water towards, and into, MID Lateral No. 3 within the Village One Specific Plan area. Construction and operation of the proposed project would not result in significant hazards to the public or environment since use of hazardous materials would not be part of the project.
- b) **Less Than Significant Impact:** Installation and operation of the proposed storm drainage improvements would not create a hazard through upset or accident conditions involving the release of hazardous materials. No hazardous materials would be included as part of the project.
- c) **Less Than Significant Impact:** Installation and operation of the proposed project is not anticipated to emit hazardous emissions or handle hazardous or acutely hazardous materials within one-quarter mile of a school. The West Basin is located less than one-quarter mile from an existing middle school, but nothing in the design of the West Basin would involve use of hazardous materials, substances, or waste. The proposed detention basin located near the intersection of Sharon Avenue and Litt Road

would also be located within one-quarter mile from a school; however the basin would not rely upon or generate hazardous materials, substances, or waste.

- d) **Less Than Significant Impact:** The proposed storm water drainage system improvements in the Village One Specific Plan area would be located within close proximity to listed hazardous materials sites, pursuant to Government Code Section 65962.5. Per the EDR Radius Map Search (November 5, 2002), the following indicates the number of sites in the Village One Specific Plan area listed on each database:

**TABLE 1
VILLAGE ONE SITES LISTED IN HAZARDOUS WASTE LISTS AND DATABASES**

<u>Hazardous Waste List</u>	<u>Number of Sites Listed Within Approximately 1- Mile of Village One Property</u>
RCRIS (Resource Conservation and Recovery Act Inventory)	2
ERNS (Emergency Response Notification System)	6
Cal Sites	2
CHMIRS (California Hazardous Material Incident Report System)	2
Cortese	1
LUST (Leaking Underground Storage Tanks)	1
UST (Underground Storage Tanks)	1
CA FID (California Facility Inventory Database)	8
HIST UST (Historical Underground Storage Tanks)	7
FINDS (Facility Index System)	3
SSTS	2
AST (Above-ground Storage Tanks)	2
Dry Cleaners	2
CA SLIC	1
HAZNET	11

Based upon the results of the EDR, five sites are located within the immediate vicinity of proposed infrastructure improvements. All five of these sites are listed on the California Facilities Inventory Database (CA FID) and Historical Underground Storage Tank (HIST UST) database lists. The CA FID lists active and inactive underground storage tank locations, and the HIST UST lists registered underground storage tank locations. While sites within the project area are listed on hazardous material databases, the likelihood of these hazardous sites creating a significant hazard to the public or environment through the proposed storm water drainage system improvements is minimal. Installation of closed system pipelines and excavation of detention basins for holding storm water run-off and

allowing groundwater recharge would not expose people or the environment to new hazards. However, in the unexpected event that contaminated materials are encountered, the materials would be evaluated and, if necessary, remediated in accordance with applicable local, state, and federal regulatory requirements.

- e) **No Impact:** The proposed project would not be located within an airport land use plan or within two miles of a public or public use airport; therefore, no impacts would occur.
- f) **No Impact:** The proposed project would not be located within the vicinity of a private airstrip; therefore, no impacts would occur.
- g) **Less Than Significant Impact:** The proposed storm water drainage infrastructure improvements would not interfere with an adopted emergency response plan or emergency evacuation plan. Pipelines and force mains would be placed within existing and planned streets. During construction, roadways may be temporarily closed, however, additional roadways and evacuation/response routes exist in the Village One Specific Plan area. Excavation and use of detention basins would not interfere with excavation or response routes since the three basins would be limited to 5, 6 and 7 acre-feet in size.
- h) **Less Than Significant Impact:** The proposed project would be located in an area of the City of Modesto planned for build-out of an urban neighborhood. Currently, approximately 50% of the construction has occurred, however, some areas of the project area remain undeveloped with dry brush and vegetation covering the site. The potential for wildland fires is low, and this potential will continue to decrease as build-out of the Village One Specific Plan area occurs.

Impacts Associated with the Storm Water Master Plan Update

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
--	--------------------------------	---	------------------------------	-----------

VIII. HYDROLOGY AND WATER QUALITY

-- Would the project:

- | | | | | |
|---|--------------------------|--------------------------|-------------------------------------|-------------------------------------|
| a) Violate any water quality standards or waste discharge requirements? | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| b) Substantially deplete groundwater supplies or interfere substantially with groundwater recharge such that there would be a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level which would not support existing land uses or planned uses for which permits have been granted)? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c) Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner which would result in substantial erosion or siltation on- or off-site? | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| d) Substantially alter the existing drainage pattern | | | | |

Impacts Associated with the Storm Water Master Plan Update

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or amount of surface runoff in a manner which would result in flooding on- or off-site?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) Create or contribute runoff water which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f) Otherwise substantially degrade water quality?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g) Place housing within a 100-year flood hazard area as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
h) Place within a 100-year flood hazard area structures which would impede or redirect flood flows?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
i) Expose people or structures to a significant risk of loss, injury or death involving flooding, including flooding as a result of the failure of a levee or dam?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
j) Inundation by seiche, tsunami, or mudflow?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts to Hydrology and Water Quality occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.8, Hydrology, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

- a) **Less Than Significant Impact:** The proposed project involves installing storm water drainage pipelines in existing and proposed streets, excavating three detention basins, and installing pumps and force mains to convey storm water towards and into MID Lateral No. 3 within the Village One Specific Plan area. Design of the project takes all water quality standards into consideration, and construction and operation of the project would not violate any water quality standards or waste discharge requirements.
- b) **No Impact:** The proposed project would positively affect groundwater recharge through the West Basin, Central Basin, and the three additional proposed detention basins. Pumps would convey most of the storm water in the West Basin and Central Basin towards, and into, MID Lateral No. 3; however, small amounts of storm water would remain in these two basins for groundwater recharge. No pumps would be included in the three new detention basins. Therefore, the project would neither deplete groundwater supplies nor interfere with groundwater recharge.

- c) **Less Than Significant Impact:** The proposed project would alter the storm water drainage patterns by installing storm water drainage pipelines, detention basins, pumps and force mains. These infrastructure improvements, however, would not result in substantial erosion or siltation on- or off-site.
- d) **Less Than Significant Impact:** The proposed project would alter the storm water drainage patterns by installing storm water drainage pipelines, detention basins, pumps and force mains. These infrastructure improvements, however, would not result in flooding on- or off-site since the improvements are intended to control storm water run-off, gradually direct run-off into MID Lateral No. 3, and ultimately prevent on- and off-site flooding.
- e) **Less Than Significant Impact:** The infrastructure improvements of the proposed project are intended to increase storm water runoff and drainage capacity in the Village One area. During 10-year storm events, not all water may be accommodated in the proposed system. Short-term localized ponding of water would occur in eight locations, as pictured in Figure 3.
- f) **Less Than Significant Impact:** The proposed infrastructure improvements are intended to accommodate storm water drainage and direct flows to the MID Lateral No. 3. The intent of the project is to control storm water run-off through a system separate from the existing and future Village One water and wastewater systems. Therefore, no impacts to the water quality would occur as a result of these infrastructure improvements.
- g-h) **No Impact:** The Village One Specific Plan area is not located within a 100-year floodplain, and the proposed infrastructure improvements would not be placed within a 100-year floodplain. Therefore, no impacts would occur.
- i) **Less Than Significant Impact:** The proposed project is intended to improve storm water drainage infrastructure to prevent flooding through directing storm water away from homes; thus, the project is unlikely to expose people or structures to risks associated with flooding.
- j) **No Impact:** The proposed infrastructure improvements would be located in a flat and inland area not susceptible to seiche, tsunami, or mudflow; therefore, no impacts related to seiche, tsunami, or mudflow would occur.

Impacts Associated with the Storm Water Master Plan Update			
Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact

IX. LAND USE AND PLANNING - Would the project:

a) Physically divide an established community?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Conflict with any applicable land use plan, policy, or regulation of an agency with jurisdiction over the project (including, but not limited to the general plan, specific plan, local	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts Associated with the Storm Water Master Plan Update

Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
--------------------------------	---	------------------------------	-----------

coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect?

- | | | | | |
|---|--------------------------|--------------------------|--------------------------|-------------------------------------|
| c) Conflict with any applicable habitat conservation plan or natural community conservation plan? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
|---|--------------------------|--------------------------|--------------------------|-------------------------------------|

Impacts to Land Use and Planning occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.1, Land Use, Planning, and Zoning Context, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

- a) **No Impact:** The proposed project involves installing storm water drainage pipelines in existing and proposed streets, excavating three detention basins, and installing pumps and force mains to convey storm water towards, and into, MID Lateral No. 3 within the Village One Specific Plan area. Pipelines would be located beneath streets, and the three 5, 6 and 7 acre-feet detention basins would be at three individual locations throughout the 1,775-acre area. Construction and operation of this infrastructure would not divide an established community.

- b) **No Impact:** Installing storm water drainage pipelines and excavating three detention basins would not conflict with the City of Modesto's General Plan or the adopted Village One Specific Plan. Construction and operation of this infrastructure would allow development consistent with these plans to continue, as approved by the City in 1990.

- c) **No Impact:** No habitat conservation plans or natural community conservation plans apply to the project area. The City of Modesto General Plan and the Village One Specific Plan assume full build-out of the project area; therefore, no impacts would occur.

Impacts Associated with the Storm Water Master Plan Update

Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
--------------------------------	---	------------------------------	-----------

X. MINERAL RESOURCES -- Would the project:

- | | | | | |
|---|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a) Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b) Result in the loss of availability of a locally-important mineral resource recovery site delineated on a local general plan, specific plan or other land use plan? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Impacts to Mineral Resources occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.1, Land Use, Planning and Zoning, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

a-b) **No Impact:** No known mineral resources exist or are delineated in the project area. Installation and operation of storm water drainage infrastructure improvements would not affect any known mineral resources in the Village One Specific Plan area.

Impacts Associated with the Storm Water Master Plan Update

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
XI. NOISE: Would the project result in:				
a) Exposure of persons to or generation of noise levels in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b) Exposure of persons to or generation of excessive groundborne vibration or groundborne noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) A substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) A substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project expose people residing or working in the project area to excessive noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f) For a project within the vicinity of a private airstrip, would the project expose people residing or working in the project area to excessive noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts to Noise occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.6, Noise, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

- a) **Less Than Significant Impact with Mitigation Incorporated:** The proposed project involves installing storm water drainage pipelines in existing and proposed streets, excavating three detention basins, and installing pumps and force mains to convey storm water towards, and into, MID Lateral No. 3 within the Village One Specific Plan area. Construction of the proposed storm water drainage system improvements could generate noise levels in excess of those allowed in the City's Noise ordinance at adjacent residences, schools, and parks. Incorporation of the following mitigation measure, as approved by the City of Modesto in the 1994 Final Supplement to an Environmental Impact Report for the proposed Village One Specific Plan Amendment #4, would reduce this impact to a less than significant level.

N-1: Construction noise is regulated by the City's Noise ordinance, Section 4.9-103. Construction noise is generally permitted during the hours of 7:00 AM to 9:00 PM. To avoid complaints from nearby residents, and possible citations, the full text of the ordinance should be reviewed by builders prior to construction. City construction projects will be monitored by Construction Inspection Division for conformance with the City's Noise ordinance.

- b) **Less Than Significant Impact:** Installing and operating the proposed infrastructure improvements would not result in excessive groundborne vibration or noise levels. During installation of pipelines and excavation of the detention basins, construction equipment may generate slight groundborne vibration, however this would be on a short-term basis. Operation of the pipelines and use of the basins would not generate any groundborne vibration.
- c) **Less Than Significant Impact:** Construction of the proposed project may result in a short-term increase in ambient noise levels. Operation of the pipelines and use of the detention basins would occur only during storm events and would not result in a substantial permanent increase in ambient noise levels in the surrounding project area.
- d) **Less Than Significant Impact:** Construction of the proposed project could periodically result in an increase in noise within the vicinity of pipeline and force main installations and detention basin excavations. However, the noise levels in the Village One area would not increase over a long-term basis, as construction equipment use would cause temporary peaks in the noise levels that would end when equipment is turned off.
- e) **No Impact:** The proposed project would not be located within an airport land use plan or within two miles of a public or public use airport; therefore, no noise impacts would occur.
- f) **No Impact:** The proposed project would not be located within the vicinity of a private airstrip; therefore, no noise impacts would occur.

Impacts Associated with the Storm Water Master Plan Update

Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
--------------------------------	---	------------------------------	-----------

XII. POPULATION AND HOUSING -- Would the project:

- a) Induce substantial population growth in an area, either directly (for example, by proposing

Impacts Associated with the Storm Water Master Plan Update

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
new homes and businesses) or indirectly (for example, through extension of roads or other infrastructure)?				
b) Displace substantial numbers of existing housing, necessitating the construction of replacement housing elsewhere?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Displace substantial numbers of people, necessitating the construction of replacement housing elsewhere?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Impacts to Population and Housing occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.2, Population, Employment, and Housing, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

- a) **Less Than Significant Impact:** The proposed project involves installing storm water drainage pipelines in existing and proposed streets, excavating three detention basins, and installing pumps and force mains to convey storm water towards, and into, MID Lateral No. 3 within the Village One Specific Plan area. The intent of this Master Plan Update to the 1996 storm water drainage master plan is to increase the drainage system capacity for the existing Village One area and the proposed future development. Additional population growth would likely occur following installation of the pipelines and excavation of the detention basin. This growth, however, is planned as stated in the 1990 Village One Specific Plan and would not occur solely because the storm water drainage system capacity would be increased.

- b-c) **Less Than Significant Impact:** Installation of storm water drainage pipelines and excavation of detention basins would displace less than five existing housing units and the associated residents. Within Village One, at full build-out, between 4,000 and 5,000 new housing units would be constructed; therefore, displaced residents could be absorbed by the new housing units included in the Village One development.

Impacts Associated with the Storm Water Master Plan Update

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
--	--------------------------------	---	------------------------------	-----------

XIII. PUBLIC SERVICES

- a) Would the project result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities, need for new or physically altered governmental facilities, the construction of which could cause

Impacts Associated with the Storm Water Master Plan Update

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
significant environmental impacts, in order to maintain acceptable service ratios, response times or other performance objectives for any of the public services:				
Fire protection?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Police protection?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Schools?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Parks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Other public facilities?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts to Public Services occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.10, Public Services and Utilities, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

- a) **No Impact:** The proposed project involves installing storm water drainage pipelines in existing and proposed streets, excavating three detention basins, and installing pumps and force mains to convey storm water towards, and into, MID Lateral No. 3 within the Village One Specific Plan area. Public services, including emergency services, fire protection, police protection, schools and parks, would not be affected by the construction and operation of the proposed infrastructure improvements.

Impacts Associated with the Storm Water Master Plan Update

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
XIV. RECREATION --				
a) Would the project increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Does the project include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Impacts to Recreation occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.10, Public Services and Utilities, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

- a) **No Impact:** The proposed project involves installing storm water drainage pipelines in existing and proposed streets, excavating three detention basins, and installing pumps and force mains to convey storm water towards, and into, MID Lateral No. 3 within the Village One Specific Plan area. Construction and operation of these infrastructure improvements would not result in an increase in the use of Village One recreational facilities.
- b) **Less Than Significant Impact:** Improvements to the excavated, but unimproved, West Basin would include recreational components. During storm events, portions of, or all of the West Basin would be inundated with water. Pumps would direct water out of the Basin to the Central Basin and MID Lateral No. 3, and the recreational facilities would be available again for use. This impact would be intermittent and short-term in nature, occurring only during and immediately following storm events.

Impacts Associated with the Storm Water Master Plan Update
--

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
--	--------------------------------	---	------------------------------	-----------

XV. TRANSPORTATION/TRAFFIC -- Would the project:

a) Cause an increase in traffic which is substantial in relation to the existing traffic load and capacity of the street system (i.e., result in a substantial increase in either the number of vehicle trips, the volume to capacity ratio on roads, or congestion at intersections)?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) Result in inadequate emergency access?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f) Result in inadequate parking capacity?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Impacts Associated with the Storm Water Master Plan Update			
Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

g) Conflict with adopted policies, plans, or programs supporting alternative transportation (e.g., bus turnouts, bicycle racks)?

Impacts to Transportation and Traffic occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.4, Traffic and Circulation, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

- a) **Less Than Significant Impact:** The proposed project involves installing storm water drainage pipelines in existing and proposed streets, excavating three detention basins, and installing pumps and force mains to convey storm water towards, and into, MID Lateral No. 3 within the Village One Specific Plan area. Construction of these storm water drainage infrastructure improvements would cause additional construction truck traffic on roadways; however, this impact would be short-term. Operation and use of these storm water drainage infrastructure improvements would not result in an increase in traffic on roadways in the project area.
- b) **Less Than Significant Impact:** Construction and operation of the proposed infrastructure improvements would result in a minor, short-term, increase in construction truck traffic; however, the increase in traffic would not exceed an established level of service standard.
- c) **No Impact:** Construction and operation of the proposed infrastructure improvements would not cause a change in air traffic patterns since all improvements would occur at or below ground level and are not proposed at or near public or public use airport or private airstrip locations.
- d) **Less Than Significant Impact:** Construction of the proposed storm water drainage infrastructure improvements would result in additional construction truck traffic along roadways during the short construction period. Any incompatibilities would be short-term in nature and end once construction of the improvements is complete. Operation of the proposed storm water infrastructure improvements would not increase transportation and traffic hazards.
- e-f) **Less Than Significant Impact:** Installation of the proposed storm water drainage pipelines in existing streets could result in short-term closures to existing roads. Road closures could slow emergency access to the existing community and prevent parking along roadsides; however, additional emergency access routes and parking options do exist in the Village One area.
- g) **No Impact:** Construction and operation of the proposed storm water drainage infrastructure improvements would not affect alternative transportation means, adopted alternative transportation policies, plans; or programs.

Impacts Associated with the Storm Water Master Plan Update

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
XVI. UTILITIES AND SERVICE SYSTEMS -				
Would the project:				
a) Exceed wastewater treatment requirements of the applicable Regional Water Quality Control Board?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Require or result in the construction of new water or wastewater treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Require or result in the construction of new storm water drainage facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Have sufficient water supplies available to serve the project from existing entitlements and resources, or are new or expanded entitlements needed?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e) Result in a determination by the wastewater treatment provider which serves or may serve the project that it has adequate capacity to serve the projects projected demand in addition to the providers existing commitments?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f) Be served by a landfill with sufficient permitted capacity to accommodate the projects solid waste disposal needs?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g) Comply with federal, state, and local statutes and regulations related to solid waste?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Impacts to Utilities and Service Systems occurring as the result of implementing the Village One Project, including associated infrastructure, are addressed in Section 4.10, Public Services and Utilities, of the 1990 Program EIR. The following provides additional information specific to the currently proposed Storm Water Master Plan Update, based on questions presented above.

- a) **Less Than Significant Impact:** The proposed project involves installing storm water drainage pipelines in existing and proposed streets, excavating three detention basins, and installing pumps and force mains to convey storm water towards, and into, MID Lateral No. 3 within the Village One Specific Plan area. Construction and operation of storm water drainage pipelines, force mains, and three additional detention basins would occur as a separate system from the waste water treatment system. As such, improvement of the existing storm water drainage infrastructure would not exceed treatment requirements of the Regional Water Quality Control Board.

- b) **No Impact:** Construction and operation of the proposed storm water drainage infrastructure improvements would not result in the need to construction new water or wastewater treatment facilities. The storm water drainage system is currently, and would remain, separate form the existing water and wastewater systems.
- c) **No Impact:** The project involves improving existing and planned storm drainage facilities to accommodate a higher volume of storm water run-off from large storm events. The need for additional storm water drainage facilities beyond those proposed in the Master Plan Update is not anticipated following the construction and operation of the proposed facilities in Village One.
- d) **No Impact:** The project would not require any water supplies to serve the storm water drainage system improvements; therefore, no impacts to the existing water supply would occur.
- e) **No Impact:** Project construction and operation would not generate any wastewater. The storm water drainage system is currently, and will remain, separate from the City of Modesto's wastewater system.
- f) **Less Than Significant Impact:** Excavation of the proposed 5, 6 and 7 acre-feet detention basins would generate dirt that would need to be either transported to a landfill or reused on the project site. Fill generated from the Central Basin and West Basin was reused through the Village One area; therefore, to continue with build-out of the area, fill could likely be reused, thus minimizing impacts to landfills.
- g) **Less Than Significant Impact:** Construction and operation of the proposed infrastructure improvements would generate minimal amounts of solid waste, as discussed in f) above. Therefore, no federal, state or local statutes or regulations related to solid waste would be violated.

Impacts Associated with the Storm Water Master Plan Update

Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
--------------------------------------	--	------------------------------------	--------------

XVII. MANDATORY FINDINGS OF SIGNIFICANCE --

a) Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal or eliminate important examples of the major periods of California history or prehistory?

<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
--------------------------	--------------------------	-------------------------------------	--------------------------

b) Does the project have impacts that are individually limited, but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the

<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
--------------------------	--------------------------	-------------------------------------	--------------------------

Impacts Associated with the Storm Water Master Plan Update

Potentially Significant Impact	Less Than Significant with Mitigation Incorporation	Less Than Significant Impact	No Impact
--------------------------------	---	------------------------------	-----------

effects of other current projects, and the effects of probable future projects)?

c) Does the project have environmental effects which will cause substantial adverse effects on human beings, either directly or indirectly?

<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
--------------------------	--------------------------	-------------------------------------	--------------------------

- a) **Less Than Significant Impact:** Construction and operation of the proposed storm water drainage system improvements may result in isolated impacts to habitat for wildlife species. However, since these impacts are localized and surrounding areas maintain conditions for this habitat, less than significant impacts would occur.
- b) **Less Than Significant Impacts:** Construction and operation of the proposed infrastructure improvements would not result in a cumulatively considerable impact. Many of the projects occurring in the vicinity of the proposed infrastructure improvements could be timed to allow for coordinated pipeline installation and roadway improvements, and/or detention basin excavation and grading for residential construction. Coinciding timing for these projects would further reduce any potential cumulative impacts to a level of insignificance.
- c) **Less Than Significant Impacts:** Construction and operation of the proposed storm water drainage system improvements would not result in any known environmental effects that would cause direct or indirect substantial adverse effects on human beings. Any resulting environmental impacts related to human health and/or safety are either less than significant or can be reduced to a less than significant level through mitigation.

Conclusions

Based on the above, the Program EIR, as amended with the information and analysis presented herein as an Addendum, adequately addresses the potential impacts of the Storm Drainage Master Plan Update.

Section 15162 of the CEQA Guidelines indicates that when an EIR has been certified for a project, no subsequent EIR shall be prepared for that project unless the lead agency determines one or more of the following:

1. Substantial changes are proposed in the project which will require major revisions of the previous EIR due to new significant environmental effects or a substantial increase in the severity of previously identified significant effects;
2. Substantial changes occur with respect to circumstances under which the project is undertaken which will require major revisions of the previous EIR due to new significant environmental effects or a substantial increase in the severity of previously identified significant effects; or
3. New information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous EIR was certified as complete,

shows any of the following:

- a. The project will have one or more significant effects not discussed in the previous EIR;
- b. Significant effects previously examined will be substantially more severe than shown in the previous EIR;
- c. Mitigation measures or alternatives previously found not to be feasible would in fact be feasible and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measure or alternative; or
- d. Mitigation measures or alternatives which are considerably different from those analyzed in the previous EIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative.

Determination

The information and analysis presented herein provides substantial evidence for the City of Modesto to make the following findings:

1. The proposed project would not result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects requiring revisions to the previous EIR (see checklist answers and associated explanations above);
2. The proposed project would not have circumstances that would result in new significant environmental effects and require revisions to the previous EIR (the only significant impact identified – loss of agricultural land – was previously addressed and acknowledged in the Program EIR); and
3. The proposed project would not generate new information not known in the previous EIR that would result in:
 - a. One or more new significant effects (see items 1 and 2 directly above);
 - b. Increase the severity of a previous significant effect (see item 2 directly above and item II.(a) in Checklist); or
 - c. Find new feasible mitigation measures or alternatives that the project proponents decline to adopt (mitigation measures previously adopted with the Program EIR and Supplement will be implemented for the currently proposed Storm Drain Master Plan Update - no new mitigation measures or alternatives are proposed or needed); or
 - d. Find new mitigation measures or alternatives different than those in the previous EIR that would reduce significant effects that the project proponents decline to adopt (see above).

EXHIBIT “C”

FINDINGS OF FACT IN SUPPORT OF FINDINGS FOR SIGNIFICANT ENVIRONMENTAL EFFECTS OF THE PROJECT (Storm Drainage Master Plan Update for Village One Community Facilities District)

In accordance with Section 21081 of the California Environmental Quality Act (CEQA) and Section 15091 of the CEQA Guidelines, the City of Modesto has provided documentation that addresses potential significant impacts that would result from the implementation of the Village One Facilities Master Plan Update – May 2003 and the Storm Drainage Master Plan Update.

The following potential significant impacts have been separated into two categories: (1) those potential impacts that could be mitigated to a level that is considered less than significant with the implementation of existing City policies and standards and the recommended mitigation measures, and (2) those potential impacts that would remain significant (e.g. cannot be reduced to a level less than significant). In addition to identifying potential significant impacts, each of the two categories identify one of the following three findings for each potential significant impact and provides facts in support of each finding.

- ◆ Changes or alterations have been required in, or incorporated into, the project which avoid or substantially lessen the significant environmental effect as identified in the final EIR.
- ◆ Such changes or alterations are within the responsibility and jurisdiction of another public agency and not the agency making the finding. Such changes have been adopted by such other agency or can and should be adopted by such other agency.
- ◆ Specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for high trained workers, make infeasible the mitigation measures or project alternatives identified in the final EIR.

MITIGATED ADVERSE IMPACTS

The adverse environmental impacts that would be mitigated are listed below. The Modesto City Council finds that these adverse impacts would be mitigated to a level that is considered less than significant after implementation of the mitigation measures previously identified and adopted in conjunction with the Village One EIR, as amended by the Supplemental EIR.

AIR QUALITY

Although significant air quality impacts are not anticipated as a result of the proposed Village One Facilities Master Plan Storm Drainage Master Plan Update - May 2003 and the Storm Drainage Master Plan Update, mitigation measures as adopted and required through the Village One EIR, as amended by the Supplemental EIR would be followed, and impacts would remain at a less than significant level.

Finding

Changes, alterations, or requirements have been incorporated into the project which would avoid or substantially lessen the adverse environmental effects as identified in the Village One EIR, as amended by the 1994 Supplemental EIR and the Addendum prepared for the currently proposed project.

Facts in Support of Findings

Implementation of the following mitigation measure will serve to lessen or avoid project impacts, and the potential effects will be reduced to a level that is considered less than significant.

AQ-1. During construction activities, Building Inspection Division shall verify that contractors observe the requirements of City of Modesto Standard Specification 1.8, Dust Control, and when necessary, Regulation VIII of the San Joaquin Valley Unified Air Pollution Control District to control the generation of PM₁₀ from construction related dust and emissions.

NOISE

Although significant impacts are not anticipated as a result of the proposed Village One Facilities Master Plan Update – May 2003 and Storm Drainage Master Plan Update, mitigation measures as adopted and required through the Village One EIR, as amended by the Supplemental EIR documents would be followed, and impacts would remain at a less than significant level.

Finding

Changes, alterations, or requirements have been incorporated into the project which would avoid or substantially lessen the adverse environmental effects as identified in the Village One EIR, as amended by the Supplemental EIR and the Addendum prepared for the currently proposed project.

Facts in Support of Findings

Implementation of the following mitigation measure will serve to lessen or avoid project impacts, and the potential effects will be reduced to a level that is considered less than significant.

- N-1. Construction noise is regulated by the City's Noise ordinance, Section 4.9-103. Construction noise is generally permitted during the hours of 7:00 AM to 9:00 PM. To avoid complaints from nearby residents, and possible citations, the full text of the ordinance should be reviewed by builders prior to construction. City construction projects will be monitored by Construction Inspection Division for conformance with the City's Noise ordinance.

SIGNIFICANT UNAVOIDABLE ADVERSE IMPACTS

The one potential significant unavoidable adverse impact associated with the implementation of the Storm Drainage Master Plan Update is listed below. The Modesto City Council will be required to adopt a Statement of Overriding Consideration per Section 15093 of the CEQA Guidelines.

AGRICULTURAL RESOURCES

Significant Impact

Grading of retention basins in the implementation of the Storm Drainage Master Plan Update for Village One Community Facilities District would result in the loss of existing farmland. The loss of prime and unique farmland was previously anticipated and accounted for in the 1990 Program EIR and the 1994 Supplemental EIR for the Village One Specific Plan. The eminent loss of farmland may occur more immediately and directly as a result of the Storm Drainage Master Plan Update for Village One Community Facilities District's project than would otherwise ultimately occur with build-out of the Village One Specific Plan.

Finding

Specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for high trained workers, make infeasible the mitigation measures or project alternatives identified in the final EIR for the Village One Specific Plan project, as amended by the 1994 Supplemental EIR and the Addendum prepared for the currently proposed project.

Facts in Support of Findings

There are no feasible mitigation measures available to mitigate the loss of prime and unique farmland on the project site. The loss of prime and unique farmland on the project site was acknowledged by the City of Modesto during approvals of the Village One Specific Plan and the 1990 Program EIR and 1994 Supplemental EIR for the Village One Specific Plan, which established urban uses within the Village One Specific Plan area.

EXHIBIT “D”

STATEMENT OF OVERRIDING CONSIDERATIONS (Storm Drainage Master Plan Update for Village One Community Facilities District)

As stated in the findings, the City of Modesto has determined that a certain impact of the project will potentially be significant; that being the loss of farmlands. As directed by Section 15093 of the CEQA Guidelines, the City of Modesto has considered this significant unavoidable adverse impact in balance with the benefits of the project, and finds that the benefits of the project, summarized below, render the significant unavoidable environmental impact acceptable.

1. Implementation of the Storm Drainage Master Plan Update will provide a greater level of flood protection to the residents of the Village One Specific Plan area.
2. Implementation of the Storm Drainage Master Plan Update will bring the storm drainage capacity up to date with current industry standards by increasing the capacity of the system to accommodate 10-year rainfall events. This standard is used for metropolitan areas in California.
3. Updating the Storm Drainage Master Plan at this time will provide for cost-effective upgrades to the storm drainage system in those areas of Village One where the storm drainage system and other supporting infrastructure has not yet been installed.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-224**

**A RESOLUTION ADOPTING THE VILLAGE ONE FACILITIES
MASTER PLAN UPDATE – MAY 2003 WHICH REPLACES THE
VILLAGE ONE FACILITIES MASTER PLAN ADOPTED IN JUNE 1994,
AS AMENDED IN JUNE 1996**

WHEREAS, the Village One Facilities Master Plan is required by the Village One Specific Plan, and

WHEREAS, the City Council adopted the Village One Facilities Master Plan in June of 1994, and

WHEREAS, the City Council updated the Village One Facilities Master Plan in June of 1996, and

WHEREAS, City staff has recommended to the City Council, by a staff report dated April 29, 2003, a copy of which is on file in the office of the City Clerk, that the Village One Facilities Master Plan Update (May 2003) (“VI FMP May 2003”) be adopted, and

WHEREAS, the VI FMP May 2003 is not a finance plan, a separate finance plan will be a companion document to the Village One Specific Plan recommending a funding strategy, and

WHEREAS, a duly noticed public hearing was scheduled and held before the City Council on May 6, 2003 at 5:30 p.m. in the Chambers, Basement Level, Tenth Street Place, 1010 – 10th Street, Modesto, California, to consider adoption of the proposed Village One Facilities Master plan (May 2003) that establishes base requirements and guidelines for roads, water, sanitary sewer, storm drainage

facilities and other public utilities and which provides the basis for design of construction plans,

WHEREAS, staff has recommended that periodic review of the VI FMP occur to assure that the base requirements, guidelines and cost estimates remain current.

NOW, THEREFORE, BE IT HEREBY RESOLVED that the City Council hereby adopts the Village One Facilities Master Plan Update (May 2003) (“VI FMP May 2003”) that establishes base requirements and guidelines for roads, water, sanitary sewer, storm drainage facilities and other public utilities and which provides the basis for design of construction plans. A copy of the VI FMP May 2003 is on file in the office of the City Clerk. The VI FMP May 2003 replaces the Village One Facilities Master Plan adopted in June of 1996.

BE IT FURTHER RESOLVED that periodic review of the VI FMP shall occur to assure that the base requirements, guidelines and cost estimates remain current.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of May, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

NOES: Councilmembers: None

ABSENT: Councilmembers: Fisher

Attest: Jean Zahr
JEAN ZAHR, City Clerk

APPROVED AS TO FORM:

By: 
MICHAEL D. MILICH, City Attorney

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-226**

**A RESOLUTION APPOINTING ERNIE FOOTE TO THE PUBLIC EVENTS
ADVISORY COMMITTEE**

WHEREAS, on June 25, 2002, the Mayor and each Councilmember appointed one member to the Public Events Advisory Committee, and

WHEREAS, Councilmember Frohman's appointment has since resigned, and

WHEREAS, Councilmember Frohman has nominated ERNIE FOOTE to serve as a member of the Public Events Advisory Committee,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby appoints ERNIE FOOTE to the Public Events Advisory Committee.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of May, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-227**

**A RESOLUTION APPROVING THE TUOLUMNE RIVER AND TRIBUTARIES
FEASIBILITY STUDY COST-SHARING AGREEMENT AMONG THE
MODESTO IRRIGATION DISTRICT (MID), TURLOCK IRRIGATION
DISTRICT (TID), STANISLAUS COUNTY (COUNTY), AND THE CITY OF
MODESTO (CITY), AND AUTHORIZING THE CITY MANAGER TO
EXECUTE THE AGREEMENT**

WHEREAS, the floods of January 1997 resulted in the United States Army Corps of Engineers (Corps) conducting a Reconnaissance Study for flood control improvements along the Tuolumne River, and

WHEREAS, the Reconnaissance Study contained a recommendation that a Feasibility Study (Study) for the project was needed, and

WHEREAS, the estimated cost of the Study is \$1,800,000, and

WHEREAS, the Corps and the State of California Reclamation Board entered into a cost-sharing agreement to pay for a major portion (\$1,350,000 or three-quarters) of the Study, and

WHEREAS, the four "local" agencies of MID, TID, the County, and City have agreed in concept to participate in the Study by entering into a cost-sharing agreement (Agreement) with each other and equally funding the remaining portion (\$450,000 or one-quarter) of the Study's cost, and

WHEREAS, this item was discussed at the Economic Development Committee meeting on April 7, 2003, and a favorable recommendation was made to forward the Agreement to the Council for consideration,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Tuolumne River and Tributaries Feasibility Study Cost-Sharing Agreement among the four "local" agencies for the purpose of funding a portion of the Study's cost and that the City of Modesto's share will be an amount not to exceed \$112,500.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-228**

**A RESOLUTION REJECTING THE BID FOR THE PROJECT TITLED
“CENTRE PLAZA ELEVATOR EXTENSION” AND AUTHORIZING STAFF TO
RE-ADVERTISE THE PROJECT AT A FUTURE DATE**

WHEREAS, the bids received for Centre Plaza Elevator Extension were opened at 11:00 a.m. on March 25, 2003, and

WHEREAS, during the bid evaluation process, staff determined that the bids unreasonably exceed the Consultant’s estimate; therefore, staff recommends the bids be rejected, and staff be allowed to re-advertise the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the bids received for the Centre Plaza Elevator Extension, opened in the office of the City Clerk on March 25, 2003, are hereby rejected.

BE IT FURTHER RESOLVED that staff is hereby authorized to re-advertise the project at a future date.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-229**

**A RESOLUTION OF INTENTION TO LEVY AND COLLECT ASSESSMENTS
FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 1 FOR DRY
CREEK MEADOWS SUBDIVISIONS NOS. 1-6.**

WHEREAS, Resolution No. 88-935, adopted by the Council of the City of Modesto on December 13, 1988, initiated proceedings for the formation of Landscape Assessment District No. 1 for the purpose of administering the maintenance of landscaping in the public right of way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6, and

WHEREAS, said assessment district was formed in accordance with the Landscaping Act of 1972, (Street and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22623 of the Streets and Highways Code requires the City Engineer, the person designated by this Council as Engineer of Work for Assessment District No. 1, to prepare and file an annual report, and

WHEREAS, the City Engineer, said Engineer of Work, has prepared and filed said annual report with the City Clerk, and

WHEREAS, the Council has approved said annual report by motion, and

WHEREAS, Section 22623 of the Street and Highways Code requires the legislative body (the City Council) to adopt a resolution of intention which shall include the following:

- a. Declaration of intention of the legislative body (the City Council) to levy and collect assessments within the assessment district for the fiscal year stated in the annual report.
- b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.
- c. Reference to the assessment district by its distinctive designation and indication of the general location of the district.
- d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.
- e. Notice of the time, as fixed by the Streets and Highways Code Section 22625, and the place for hearing by the legislative body (the City Council) on the levy of the proposed assessment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The City Council intends to levy and collect assessments within Landscape Maintenance Assessment District No. 1 during the fiscal year 2003-04.
2. There are no proposed new improvements or any substantial changes in existing improvements in Dry Creek Meadows Subdivisions Nos. 1-6 and

that the existing improvements to be made in said assessment district are generally described as follows:

The City shall provide maintenance, in perpetuity, of landscaping and any and all improvements required for such maintenance including, but not limited to landscape irrigation systems in the following locations:

- a. Street medians in Creekwood Drive
 - b. Areas adjacent to the access control walls along Creekwood Drive
 - c. Areas adjacent to the access control walls along Claus Road
3. Landscape Maintenance Assessment District No. 1 is located in the County of Stanislaus, within the City Limits of the City of Modesto and is more specifically located on the west side of Claus Road, between Modesto Irrigation District Lateral No. 2 and State Route 132 (Yosemite Boulevard).
 4. Said annual report filed with the City Clerk and approved by the Council by motion does provide a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within Landscape Maintenance Assessment District No. 1.
 5. On Tuesday, the 1st day of July, 2003, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the question of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California.

6. The City Clerk is authorized and directed to give the notice of hearing required by the Landscaping and Lighting Act of 1972.
7. The levy and collection of assessments as set forth in this resolution are exempt from the procedural and substantive requirements of Proposition 218 pursuant to Article XIII, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

ASSESSMENTS FOR LANDSCAPE MAINTENANCE ASSESSMENT
DISTRICT NO. 2 FOR DRY CREEK MEADOWS SUBDIVISION NOS. 7-10,
CREEKWOOD MEADOWS SUBDIVISION AND YOSEMITE MEADOWS
SUBDIVISION UNITS 1 & 2.**

WHEREAS, Resolution No. 89-460 adopted by the Council of the City of Modesto on April 4, 1989, initiated proceedings for the formation of Landscape Assessment District No. 2 for the purpose of administering the maintenance of landscaping in the public right of way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivision and Yosemite Meadows Subdivision Units No. 1 & 2, and

WHEREAS, said assessment district was formed in accordance with the Landscaping Act of 1972, (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22623 of the Streets and Highways Code requires the City Engineer, the person designated by this Council as Engineer of Work for Assessment District No. 2, to prepare and file an annual report, and

WHEREAS, the City Engineer, said Engineer of Work, has prepared and filed said annual report with the City Clerk, and

WHEREAS, the Council has approved said annual report by motion, and

WHEREAS, Section 22623 of the Streets and Highways Code requires the legislative body (the City Council) to adopt a resolution of intention which shall include the following:

- a. Declaration of intention of the legislative body (the City Council) to levy and collect assessments within the assessment district for the fiscal year stated in said annual report.
- b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.
- c. Reference to the assessment district by its distinctive designation and indication of the general location of the district.
- d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.
- e. Notice of the time, as fixed by Streets and Highways Code Section 22625, and the place for hearing by the legislative body (the City Council) on the levy of the proposed assessment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The City Council intends to levy and collect assessments within Landscape Maintenance Assessment District No. 2 during the fiscal year 2003-04.
2. There are no proposed new improvements or any substantial changes in the existing improvements within the existing Landscape Maintenance Assessment District No. 2, and the existing

improvements to be made in said assessment district are generally described as follows:

The City shall provide maintenance, in perpetuity, of landscaping and any and all improvements required for such maintenance including, but not limited to landscape irrigation systems in the following locations:

- a. Street medians in Creekwood Drive
 - b. Areas adjacent to the access control walls along Creekwood Drive

3. Landscape Maintenance Assessment District No. 2 is located in the County of Stanislaus, within the City limits of the City of Modesto and is more specifically located on the west side of Claus Road, between Modesto Irrigation District Lateral No. 2 and State Route 132 (Yosemite Boulevard).
 4. Said annual report filed with the City Clerk and approved by the Council by motion does provide a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within Landscape Maintenance Assessment District No. 2.
 5. On Tuesday, the 1st day of July, 2003, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the question of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California.

6. The City Clerk is authorized and directed to give the notice of hearing required by the Landscaping and Lighting Act of 1972.
7. The levy and collection of assessments as set forth in this resolution shall follow the procedural and substantive requirements of Proposition 218 pursuant to Article 13D, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-232**

**A RESOLUTION AWARDING THE BID FOR PRINTING OF THE MONTHLY
UTILITY BILL INSERT TO METRO MAILING SERVICES INC.,
SACRAMENTO, CA FOR A PERIOD OF THREE (3) YEARS WITH TWO (2)
ONE-YEAR EXTENSION OPTIONS**

WHEREAS, the City Manager's Department Communications and Marketing Division requests the printing of the monthly utility bill insert, and

WHEREAS, the utility bill insert has been included with the monthly billing statement since 1987, and

WHEREAS, the utility bill insert provides the City an economical means of reaching all households and businesses in the City with important City information, and

WHEREAS, the monthly utility bill insert will be printed to a standard size of 17" x 11", folded to 8-1/2" x 11", then folded in thirds for mailing, where as in the past the utility bill insert was cut to a custom size of 16" x 9-3/4". By printing to a standard size of 17" x 11" the City will save \$804.00 annually, and

WHEREAS, by Resolution No. 2003-71A, Council authorized the solicitation of formal bids for the printing of the monthly utility bill insert, and

WHEREAS, the Purchasing Division solicited formal bids for the printing of the monthly utility bill insert from eighteen (18) vendors and seven (7) chose to respond, and

WHEREAS, Metro Mailing Service Inc. met all of the bid specifications and was deemed to be the lowest responsive and responsible bidder with a bid of \$24,120.00, and

WHEREAS, staff recommends that the City award the bid for the printing of the monthly utility bill insert to Metro Mailing Service Inc. for a three (3) year agreement, with two (2) one-year extension options,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto that it hereby awards the bid for the printing of the monthly utility bill insert to Metro Mailing Service Inc., Sacramento, CA, for an approximate annual cost of \$24,120.00.

BE IT FURTHER RESOLVED that the Purchasing Supervisor is hereby authorized to issue a price agreement for a three (3) year period to Metro Mailing Service Inc., with the option of two (2) one-year contract extensions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-233**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO
ISSUE REQUEST FOR BID FOR SIX (6) UTILITY VEHICLES FOR A TOTAL
ANTICIPATED COST OF \$540,000.00**

WHEREAS, the Operations and Maintenance Department-Fleet Services has requested the purchase of six (6) utility vehicles, and

WHEREAS, the six utility vehicles consist of three (3) crane truck, 33,000 GVW w/crane & flatbed, one (1) current model year truck with sewer rodder body; one (1) service truck with utility body and crane, and one (1) truck with 6/7 yard dump body, and

WHEREAS, two of the new crane trucks will be utilized by Water Division and the third one by Waste Water Collections Division, and

WHEREAS, one of the units will replace an existing crane truck that has become unreliable and is costly to keep operational, and

WHEREAS, this unit has met its life expectance, and

WHEREAS, this unit is fully funded for replacement from the funds set aside out of the Fleet Enterprise Fund, and

WHEREAS, the second crane truck is an additional crane truck to the Water Division vehicle equipment pool, and

WHEREAS, the third truck is an upgrade replacement to a service truck which has met its life expectancy and will provide partial funding for the crane truck from replacement funds set aside out in the Fleet Enterprise fund, and

WHEREAS, the remaining funds for the increased cost are budgeted in the Wastewater Collections funds, and

AMENDED FOR CLERICAL ERROR

WHEREAS, reliable, properly equipped crane trucks are needed to handle the heavy work on the water construction crews, and

WHEREAS, the existing crane truck is a 1989 truck obtained when the City bought the Del Este's water operations, and

WHEREAS, this truck is old and inadequate to be lifting heavy loads, and it's reach is too short for many projects, and

WHEREAS, the second truck is needed by the Water Division due to the large increase in construction projects, and

WHEREAS, currently the division rents a crane truck on a full time basis at a significantly higher cost than ownership will offer, and

WHEREAS, the third truck, a Storm Water crane truck, will be used for storm water construction and maintenance projects, and

WHEREAS, the Storm water construction crews does not have a crane to lift heavy concrete manholes and catch basins, and

WHEREAS, the crane must be capable of lifting heavy pipe, valves, maters, and backflows and construction checks in and out of the the trenches and in ground vaults, and

WHEREAS, the estimated total cost of this purchase is \$540,000.00, and

WHEREAS, the current model year truck with sewer rodder body is a replacement for an existing truck for the Water Department, and

WHEREAS, the service truck with utility body and crane is a replacement for exiting equipment, which has met it life expedience, and

AMENDED FOR CLERICAL ERROR

WHEREAS, the current model year truck with sewer rodder body is a replacement for an existing piece of equipment, and will be used by the Water Collections for the maintenance and repair of sewer lines, and

WHEREAS, the Modesto Municipal Code generally requires all purchases exceeding \$50,000 for materials and equipment of this type to be formally bid, and

WHEREAS, per MMC 8-3.204 (d) the Purchasing Supervisor may determine that a process other than the formal bid procedure set forth in Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto that formal solicitation of bids for six (6) utility vehicles is hereby approved as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for six (6) utility vehicles to be opened in the City Clerk, 1010 10TH Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the bids are opened, they shall be tabulated and analyzed and a report submitted to Council.

AMENDED FOR CLERICAL ERROR

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-234**

A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO ISSUE REQUEST FOR BIDS FOR T-SHIRTS, JACKETS AND COVERALLS WHICH ARE REQUIRED TO FULLFILL MOU OBLIGATIONS, AND FOR A THREE YEAR CONTRACT PERIOD, WITH THE OPTION OF TWO (2) ADDITIONAL ONE-YEAR CONTRACT EXTENSIONS. THE ANTICIPATED COST FOR T-SHIRTS AND OVERALLS IS \$20,000.00 ANNUALLY.

WHEREAS, the Operations and Maintenance Department has requested the purchase of t-shirts and coveralls, and

WHEREAS, the estimated annual cost for t-shirts and coveralls is \$20,000.00, and

WHEREAS, the purchase of t-shirts and coveralls will allow the City of Modesto to fulfill contractual obligations between the City and the Modesto City Employees Association (MCEA) regarding dress and grooming for the miscellaneous group, and

WHEREAS, the City does not provide jackets, but did agree in negotiations to allow for bids to be received with the t-shirts/coveralls contract in the event that City employees wanted to purchase jackets on their own, and

WHEREAS, this request for bid for t-shirts, jackets, and coveralls addresses the uniform requirements of employees with both the Operations and Maintenance Department and the Engineering and Transportation Department, and

WHEREAS, uniforms provide a consistent image and make it easy for residents to identify City employees that they meet during the performance of their work, and

WHEREAS, by soliciting competitive bids for t-shirts, jackets, and coveralls, the Finance Department- Purchasing Division will comply with the Modesto Municipal Code, Section 8-3.204, regarding formal bid procedures,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that formal solicitation of bids for t-shirts, jackets, and coveralls is hereby approved as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for t-shirts, jackets, and coveralls to be opened in the City Clerk, 1010 10TH Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-235**

A RESOLUTION ACCEPTING A FEMA GRANT IN THE AMOUNT OF \$17,739.00 TO FUND THE “CERT” PROGRAM AND AUTHORIZING THE CITY MANAGER TO EXECUTE A CONTRACT WITH THE GOVERNOR’S OFFICE ON SERVICE AND VOLUNTEERISM FOR \$17,739.00 IN GRANT FUNDS.

WHEREAS, the Federal Emergency Management Agency Region IX (FEMA) has notified the governors’ offices of California, Hawaii, and Nevada that their states will receive grants from a total of \$2.7 million available to support local homeland security efforts, and

WHEREAS, the grant application for Modesto for the Citizen Corps and CERT was approved by the Governor’s Office on Service and Volunteerism in the amount of \$17,739.00,

WHEREAS, the funds are available to support Citizen Corps activities, including the formation of Citizen Corps Council and expansion of FEMA’s Community Emergency Response Teams (CERT), and

WHEREAS, the Citizen Corps’ mission is to make communities safer, stronger and better prepared to respond to threats of terrorism, public health issues, and disasters of all kinds by engaging individuals in emergency preparedness and response education, training, volunteer service, and

WHEREAS, the Community Emergency Response Teams (CERT) program trains individual citizens in emergency response skills, and

WHEREAS, the purpose is to have all citizens better prepared to respond to disasters of all kinds and a nation prepared, and

WHEREAS, the City desires to provide CERT training which will consist of both classroom and hands-on instruction to citizens in the community, and

WHEREAS, the Safety and Communities Committee met on January 6, 2003, to review this recommendation, and

WHEREAS, the Council on January 14, 2003, adopted Resolution No. 2003-29 approving the formation of Citizen Corps and Community Emergency Response Teams (CERT), and

WHEREAS, the Council at the same meeting on January 14, 2003, adopted Resolution No. 2003-30 approving the application for Federal Emergency Management Agency, Office of National Preparedness FY 2002 Supplemental Appropriation Grant for Citizen Corps and CERT Application for Assistance, and

WHEREAS, the City is required to enter into a contract with the Governor's Office on Service and Volunteerism for the \$17,739.00.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts a grant for \$17,739.00 from the Federal Emergency Management Agency, Office of National Preparedness FY 2002 Supplemental Appropriations Grant for Citizen Corps and CERT Application for Assistance.

BE IT FURTHER RESOLVED that the City Council hereby authorizes the City Manager or his designee, as the agent of the City, is hereby authorized to execute and submit all documents which may be necessary for the completion of the grant.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-237**

**A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE A
CONTRACT WITH IBM FOR HARDWARE MAINTENANCE FOR A PERIOD
OF FIVE YEARS IN THE AMOUNT OF \$49,928 PER YEAR**

WHEREAS, the City began using IBM equipment in 1992 through a competitively bid process including the maintenance of the equipment, and

WHEREAS, in 1997 the City began transitioning off of an IBM mainframe to a client/server environment using IBM's Unix computer systems, and

WHEREAS, the process included a renewed five year maintenance contract with IBM on their client/server platform, and

WHEREAS, said maintenance contract is up for renewal on May 14th 2003, and

WHEREAS, City staff recommends the maintenance contract be renewed for a period of five years in the amount of \$49,928 per year; and

WHEREAS, said five year contract provides the City with an 8% discount over their standard one-year contract, and

WHEREAS, said five year contract will save the City approximately \$4,000 per year or \$20,000 over the life of the contract, and

WHEREAS, said contract will also include the Police Department's IBM equipment, and

WHEREAS, IBM was the lowest responsive and responsible bidder to the formal bid process, and

WHEREAS, City is desirous of entering into a contract with IBM for Information Technology hardware maintenance for a period of five years, and

WHEREAS, Information Technology staff views said contract as a cost effective measure for the City, and the Information Technology and Police Departments worked together to take advantage of economies of scale savings,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the maintenance contract in the amount of \$49,928 per year with IBM for Information Technology hardware maintenance for a period of five years.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute a contract.

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (H.U.D.), and

WHEREAS, the City receives a Community Development Block Grant (CDBG) and an Emergency Shelter Grant (ESG), and

WHEREAS, the City receives these grants annually because of its population size, number of households living below the poverty level, and the number of housing units that are considered substandard, and

WHEREAS, local non-profit organizations were invited to submit Requests for Proposals (RFPs) for CDBG Public Service funds and for ESG funds, and

WHEREAS, a maximum of fifteen percent of the City's available CDBG entitlement grant may be allocated for the purposes of providing assistance that is consistent with the functions of CDBG funding to very-low, low and moderate income persons and families residing within the city limits of Modesto, and

WHEREAS, in Fiscal Year 2003-2004, fifteen percent of the City's available CDBG entitlement is \$433,500, of which \$150,000 was previously committed to the Modesto Police Department for the Crime Free Multi-Housing Program and \$260,633 was recommended for allocation by the Citizens Housing & Community Development Committee (CH&CDC) at its March 21, 2003, meeting, with the balance of \$22,867 to be allocated through a second RFP process, and

WHEREAS, the City allocates one hundred percent of its annual ESG to local non-profit organizations for the purposes of providing assistance that is consistent with the functions of ESG funding to very-low, low and moderate income persons and families residing within the city limits of Modesto, and

WHEREAS, in Fiscal Year 2003-2004, the City's ESG grant is \$88,261, of which \$70,250 was recommended for allocation by the CH&CDC at its March 21, 2003, meeting, with the balance of \$18,011 to be allocated through a second RFP process, and

WHEREAS, on April 8, 2003, by Resolution No. 2003-184, the City Council approved allocation of \$190,745 in CDBG Public Service Grant funding to local non-profits, \$150,000 to the Modesto Police Department for the Crime Free Multi-Housing Program and \$43,850 in Emergency Shelter Grant funds, and

WHEREAS, at that time, staff has had cause to recommend that the \$69,888 in CDBG and \$26,400 in ESG funding recommended for allocation to Community Housing and Shelter Services be withheld pending further review of this organization, and

WHEREAS, staff has since found all allegations against Community Housing and Shelter Services to be unfounded and is now recommending approval of the recommendation of the CH&CDC to allocate \$69,888 in CDBG funds and \$26,400 in ESG funds to Community Housing and Shelter Services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the allocation of \$69,888 in Fiscal Year 2003-2004 Community Development Block Grant funding and \$26,400 in Emergency Shelter Grant funding to Community Housing and Shelter Services.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager or his authorized designee is hereby authorized to execute the necessary documents with respect to implementation of the allocation of Fiscal Year 2003-2004 CDBG/ESG Public Service Grant funding to Community Housing and Shelter Services.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-239**

A RESOLUTION DISCONTINUING THE CITY'S SMALL BUSINESS LOAN PROGRAM AND REMOVING THE ECONOMIC DEVELOPMENT LOAN COMMITTEE FROM THE CITY'S LIST OF ACTIVE COMMITTEES

WHEREAS, the City of Modesto has operated a Small Business Loan Program from funds available through Community Development Block Grant (CDBG), and

WHEREAS, of the 48 loans originated for \$1.8 million between 1988 and 1999, 33 loans have been repaid, and

WHEREAS, last year, the Small Business Loan Program was formally transitioned from C&ED to the Parks, Recreation and Neighborhoods Department (PR&N), and

WHEREAS, at the time of this transition, 15 loans were outstanding with a total dollar value of \$424,509; which equates to a 23% default rate on dollars spent in the Small Business Loan portfolio, and

WHEREAS, staff believes that the Small Business Loan Program has served its purpose and is no longer an effective program to offer to the residents of Modesto, and

WHEREAS, the City is meeting HUD's economic development objective by funding and supporting the Workforce Development Program, and

WHEREAS, the Citizen's Housing and Community Development Committee (CH&CDC) met on February 28, 2003, and supported and recommended discontinuing the City's Small Business Loan Program and removing of the Economic Development Loan Committee (EDLC) from the City's list of active committees,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves discontinuing the City's Small Business Loan Program.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Council hereby removes the Economic Development Loan Committee (EDLC) from the City's list of active committees.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-240**

**A RESOLUTION APPROVING ACCEPTANCE OF THE REPORTS ON THE
FINANCIAL STATEMENT AUDITS AND THE PERFORMANCE AUDITS OF
THE CITY OF MODESTO COMMUNITY FACILITIES DISTRICTS
PRESENTED BY VAVRINEK, TRINE, DAY & CO.**

WHEREAS, by motion, the City Council on June 11, 2002, directed that the City Manager, with assistance from the City Clerk & Auditor, obtain proposals for audits of the City of Modesto Community Facilities Districts, to be performed under oversight of the Audit Committee, and

WHEREAS, by Resolution No. 2002-521, on October 22, 2002, the City Council approved an Agreement for Auditor Services with the audit firm of Vavrinek, Trine, Day & Co. to perform the audits, and

WHEREAS, the audit firm met regularly with the Audit Committee to discuss its work, and

WHEREAS, the audit firm has presented its final audit reports to the Audit Committee, which accepted the financial statement audit and the performance audit reports, including the related management letters, on May 2, 2003, and on May 9, 2003, respectively, and

WHEREAS, the Audit Committee recommends that Council accept the audit reports,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the financial statement audit reports and the performance audit reports for the Community Facilities Districts as presented by Vavrinek, Trine, Day & Co.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-241**

**A RESOLUTION APPROVING THE CITY OF MODESTO DRAFT 2003-2004
HUD ANNUAL ACTION PLAN AND AUTHORIZING THE CITY MANAGER
TO EXECUTE RELATED NECESSARY DOCUMENTS**

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (HUD), and

WHEREAS, the City receives a Community Development Block Grant (CDBG), a HOME Investment Partnership Grant, and an Emergency Shelter Grant (ESG), and

WHEREAS, the City receives these grants annually because of its population size, number of households living below the poverty line, and the number of housing units that are considered substandard, and

WHEREAS, the Citizens Housing and Community Development Committee recommended support of this item at its May5, 2003 meeting, and

WHEREAS, a duly noticed public hearing was held by the City Council at its meeting of May 13, 2003, to consider submission of an application to the U.S. Department of Housing and Development (HUD) pertaining to the 2003-2004 Fiscal Year Annual Action Plan, which describes how the City intends to spend Federal assistance received from HUD in the areas of Community Development, Housing Production and Homeless Assistance,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the 2003-2004 Fiscal Year Annual Action Plan as presented to the Council for the Community Development Block Grant (CDBG), HOME Investment Partnership Program

and the Emergency Shelter Grant (ESG) is hereby approved, a copy of said Annual Action Plan is on file in the Office of the City Clerk.

BE IT FURTHER RESOLVED that the City Manager or his authorized designee is hereby authorized to execute any and all documents necessary in relation to grant agreements, and City staff is hereby authorized to submit an application to the U.S. Department of Housing and Urban Development (HUD) pertaining to the 2003-2004 Annual Action Plan which describes how the City intends to spend Federal assistance received from HUD in the areas of Community Development, Housing Production and Homeless Assistance.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-242**

**A RESOLUTION ESTABLISHING CHARGES FOR POLICE DEPARTMENT
SERVICES RELATING TO FALSE ALARMS.**

WHEREAS, Section 3-11.16 of the Modesto Municipal Code authorizes the Council, by resolution, to establish service charges relating to false alarms, and

WHEREAS, Section 3-11.16 provides that a service charge will be charged by the City for false alarms or failure to respond to alarms by alarm owners or their designated representative, and

WHEREAS, Section 3-11.16 provides that multiple false alarms occurring in any twenty-four (24) hour period may be charged as one (1) call, if shown that the owner was not notified and provided the opportunity to correct the defect, and

WHEREAS, Section 3-11.16 provides that service charges will be based on an escalating scale determined by the frequency of false alarms, and,

WHEREAS, Section 3-11.16 provides that the Police Chief or his/her designee may suspend law enforcement response or revoke the alarm user permit if it is determined that the alarm user has five (5) false alarms in a twelve (12) month period excluding holdup or panic alarms, and

WHEREAS, Section 3-11.16 provides that the Police Chief or his/her designee may waive a service fee if the alarm owner/operator successfully completes a "False Alarm Reduction Class" presented by the Police Department,

WHEREAS, the Community Qualities Forum met on February 12, 2003 and reviewed the proposed fees, and the Safety and Communities Committee met on March 3, 2003 and unanimously approved the recommended fees, and

WHEREAS, the City Council held a public hearing at its regular meeting held on May 13, 2003, to consider the establishing of fees and charges as recommended by the Modesto Police Department,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Modesto Police Department False Alarm Service Charges are hereby established in accordance with the following schedule:

Alarm User Permit	NO CHARGE
Charge for No Alarm User Permit	\$200
First Response in a twelve (12) month period	no charge
Second Response in a twelve (12) month period	\$50
Third Response in a twelve (12) month period	\$100
Fourth Response in a twelve (12) month period	\$200
Fifth Response in a twelve (12) month period	\$400
Failure of Owner or Representative to Respond	\$100
Administrative Appeals Hearing	no charge

BE IT FURTHER RESOLVED, that this resolution shall become effective ninety (90) days from the date of adoption.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-243**

**A RESOLUTION ADOPTING THE VILLAGE ONE INFRASTRUCTURE
FINANCING PLAN WHICH REPLACES THE VILLAGE ONE FINANCE PLAN
ADOPTED IN OCTOBER 1990, AS PREVIOUSLY AMENDED**

WHEREAS, the Village One Infrastructure Financing Plan is required by the Village One Specific Plan, and

WHEREAS, on October 16, 1990, the City Council adopted the Village One Finance Plan (Resolution No. 90-828A), and

WHEREAS, on June 18, 1996, the City Council adopted a revised Village One Finance Plan (Resolution No. 96-346), and

WHEREAS, on August 13, 1996, the City Council adopted amendments to the Village One Finance Plan (Resolution No. 96-463), and

WHEREAS, a duly noticed public hearing was scheduled and held before the City Council on May 6, 2003 at 5:30 p.m. in the Chambers, Basement Level, Tenth Street Place, 1010 – 10th Street, Modesto, California, to consider adoption of the proposed Village One Infrastructure Financing Plan (April 2003) (“VI IFP”) that utilizes a combination of debt financing and one-time tax revenues to pay for the remaining CFD-funded infrastructure needed for the Village One area, and

WHEREAS, staff has recommend that periodic review of the VI IFP occur to assure that sufficient revenues will be collected to fund the remaining CFD-funded infrastructure,

NOW, THEREFORE, BE IT HEREBY RESOLVED that the City Council hereby adopts the Village One Infrastructure Financing Plan (April 2003) ("VI IFP") that utilizes a combination of debt financing and one-time tax revenues to pay for the remaining CFD-funded infrastructure needed for the Village One area. A copy of the VI IFP is on file in the office of the City Clerk. The VI IFP replaces the Village One Financing Plan adopted in October 1990, as previously amended.

BE IT FURTHER RESOLVED that periodic review of the VI IFP shall occur to assure that sufficient revenues will be collected to fund the remaining CFD-funded infrastructure.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-244**

A RESOLUTION APPROVING AN APPROPRIATION TRANSFER OF \$35,000 FROM GENERAL FUND RESERVES TO THE VILLAGE ONE CFD #2 (FUND 2690) FOR THE CREATION OF THE NEW VILLAGE ONE COMMUNITY FACILITIES DISTRICT AND ESTABLISHING A BUDGET FOR FUND 2690

WHEREAS, City Council is desirous of establishing a new Community Facilities District (“CFD”) in the Village One area to fund certain infrastructure remaining to be constructed, and

WHEREAS, the City of Modesto’s CFD Policies & Procedures provide that the costs associated with the formation of a CFD are to be paid from a deposit posted by the developer(s) initiating the formation of a CFD, and

WHEREAS, formation of the new CFD for the Village One area will not occur until the first unvested development project proceeds, and

WHEREAS, a moratorium is currently in effect in Village One and the City Council would like the first unvested development project to proceed as expeditiously as possible,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that the following appropriation is hereby approved to provide the funding for staff time and miscellaneous expenses associated with the formation of Village One CFD #2:

Transfers Between Funds

FROM:	0100-701-7001-7269	\$35,000.00
TO:	2690-701-7001-9010	\$35,000.00

Appropriations

FROM:	0100-800-8000-8003	\$35,000.00
TO:	2690-020-0206-0230	\$ 1,000.00
	2690-020-0206-0201	\$ 100.00
	2690-020-0206-0205	\$ 1,000.00
	2690-020-0206-0245	\$ 1,000.00
	2690-020-0206-0255	\$31,900.00

BE IT FURTHER RESOLVED that the amounts expended on the formation of the new Village One CFD shall be reimbursed to the City of Modesto, with simple interest of six (6%) percent, from the proceeds of the first bond sale authorized by the new Village One CFD.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-245**

**A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED
DEVELOPMENT ZONE, P-D(559) (DR. JAMES YIP)**

WHEREAS, a verified application for an amendment to Section 22-3-9 of the Zoning Map was filed by Dr. James Yip on October 18, 2002, to reclassify from Low-Density Residential Zone, R-1, and Professional Office, P-O, to Planned Development Zone, P-D(559), to allow a two-story medical office development, and associated off-street parking, property located at the southeast corner of Briggsmore Avenue and Coffee Road described as follows:

R-1 to P-D(559)

A portion of northwest quarter of Section 22, Township 3 South, Range 9 East, Mount Diablo Base and Meridian, situate in the City of Modesto, County of Stanislaus, State of California, more particularly described as follows:

Beginning at the northwest corner of said Section 22; thence North 89° 52' 00" East along the north line of said Section 22, a distance of 274.00 feet to the centerline of Water Street; thence South 00° 27' 00" East along said centerline, a distance of 342.05 feet to the easterly prolongation of the south line of the north half of Lot 5, Block 1212 of Garden Acres Tract recorded in Book 14 of Maps, Page 9, Stanislaus County Records; thence South 89° 39' 00" West, a distance of 274.00 feet to the west line of said Section 22; thence North 00° 27' 00" West along said west line, a distance of 95.25 feet to the westerly prolongation of the south line of Lot 3 of said Block 1212; thence North 89° 39' 00" East along said prolongation and the south line of said Lot 3, a distance of 249.00 feet to the southeast corner of said Lot 3; thence North 00° 27' 00" West along the east line of said Lot 3, a distance of 63.50 feet; thence South 89° 39' 00" West along the north line of said Lot 3 and its westerly prolongation, a distance of 249.00 feet to said west line for Section 22; thence North 00° 27' 00" West along said west line, a distance of 184.31 feet to the point of beginning.

Containing 78,051 square feet or 1.79 acres, more or less.
P-O to P-D(559)

A portion of northwest quarter of Section 22, Township 3 South, Range 9 East, Mount Diablo Base and Meridian, situate in the City of Modesto, County of Stanislaus, State of California, more particularly described as follows:

Beginning at the southeast corner of Lot 3, Block 1212 as shown on Garden Acres Tract recorded in Book 14 of Maps, Page 9, Stanislaus County Records; thence North 00°27'00" West along the east line of said Lot 3, a distance of 63.50 feet; thence South 89°39'00" West along the north line of said Lot 3 and its westerly prolongation, a distance of 249.00 feet to said west line of Section 22; thence South 00°27'00" East along said west line, a distance of 63.50 to the westerly prolongation of the south line of said Lot 3; thence North 89°39'00" East along said prolongation and the said south line of Lot 3, a distance of 249.00 feet to the point of beginning.

Containing 15,812 square feet or 0.36 acres, more or less.

WHEREAS, after a public hearing held on April 7, 2003, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2003-22, that rezoning of the property as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The project site is large enough to accommodate the proposed planned development zone for medical offices and associated off-street parking, and is surrounded on three sides by an expressway, arterial, and residential street, and therefore will not result in adverse impacts to the adjacent residential neighborhood.
2. Due to the specifics of the proposed site design (masonry wall, access gate, etc.), the proposed planned development zone is compatible with existing and potential surrounding development.

WHEREAS, said matter was set for a public hearing of the City Council to be held on May 13, 2003, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Dr. James Yip for a Planned Development Zone should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2003-22 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3297-C.S. on the 13th day of May, 2003, reclassifying the above-described property from Low-Density Residential, R-1, and Professional Office, P-O, to Planned Development Zone, P-D(559).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(559), is hereby approved subject to the following conditions:

1. All development shall conform to the site plan and elevations titled "Proposed Office Building for Dr. James Yip" as amended in red, stamped approved by the City Council.
2. Fences or walls shall be constructed prior to occupancy and shall be as follows: Eight-foot-high masonry wall along the east property lines as shown on the approved plan.
3. Prior to the issuance of a building permit, a landscaping and irrigation plan shall be approved by the Chief Building Official. Screen landscaping shall be installed along the east property lines. Landscaping and the irrigation system shall be installed and maintained in accordance with the approved plan.
4. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.

5. Trash bins shall be kept in enclosures in accordance with the approved plan and in accordance with plans approved by the Operations and Maintenance Department Director. Enclosures shall be constructed of building materials consistent with those used in the major buildings as approved by the Community and Economic Development Department Director.
6. Prior to the issuance of a building permit, the developer shall submit a plan to provide on-site treatment of storm water, as approved by the Operations and Maintenance Director. Storm drain improvements shall be constructed in accordance with the approved plans.
7. Existing overhead and underground electric facilities shall be removed, protected, or relocated as required by the Modesto Irrigation District and the Engineering and Transportation Director.
8. Street dedication consistent with Standard Specifications, and as shown on the approved site plan, shall be made prior to the issuance of a building permit or at any time requested by the Engineering and Transportation Director to alleviate a health, safety, or traffic problem in the area.
9. Street improvements consistent to Standard Specifications shall be provided prior to the occupancy of any structures or when requested by the Engineering and Transportation Director to alleviate a health, safety, or traffic problem in the area.
10. Prior to issuance of a building permit, improvement plans for required improvements shall be prepared by a Registered Civil Engineer and approved by the Engineering and Transportation Director. Improvements shall be constructed in accordance with the approved plans.
11. Ten-foot-wide public utility easements and four-foot planting easements located within the ten-foot-wide public utility easements shall be dedicated along all street frontages as required by the Engineering and Transportation Director.
12. Prior to issuance of a building permit the developer shall dedicate public utility easements as required by the utility companies and the Engineering and Transportation Director.
13. All signs shall comply with the sign requirements of the P-O Zone.
14. All outdoor lighting shall be shielded from adjacent residential properties as required by the Engineering and Transportation Director.
15. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers,

directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.

16. Prior to issuance of any certificate of occupancy for the property, developer shall install a gate at the entrance to the driveway on Water Street, as shown on the site plan in red, stamped approved by the City Council. The gate shall be closed and locked during non-business hours, except that it shall provide for emergency vehicle access at all times as required by the Fire Marshall. The gate shall be maintained in proper working order at all times.

SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(559):

The entire construction program be accomplished in one phase, construction to begin within two years of approval by the City Council, and completion to be not later than three years from this same date.

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(559), becomes effective.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-246**

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN FINAL MASTER ENVIRONMENTAL IMPACT REPORT UPDATE (SCH NO. 1999082041): AMENDING SECTION 22-3-9 OF THE ZONING MAP TO REZONE FROM LOW- DENSITY RESIDENTIAL ZONE, R-1, AND PROFESSIONAL OFFICE ZONE, P-O, TO PLANNED DEVELOPMENT ZONE, P-D(559), PROPERTY LOCATED AT THE SOUTHEAST CORNER OF BRIGGSMORE AVENUE AND COFFEE ROAD (DR. JAMES YIP)

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report Update (“FMEIR Update”) (SCH No.1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Dr. James Yip has proposed that the zoning designation for property located at the southeast corner of Briggsmore Avenue and Coffee Road, be amended to rezone from Low Density Residential, R-1, and Professional Office, P-O, to Planned Development Zone, P-D(559), in the City of Modesto (“the project”), to allow for a two-story medical office development, and associated off-street parking, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City’s Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2003-23 (“Initial Study”), reviewed

the proposed amendment to the Zoning Map and rezone to P-D(559) project to determine whether the project is within the scope of the project covered by the Modesto Urban Area General Plan FMEIR Update, and concluded that the proposed project is within the scope of the FMEIR Update and will have no additional significant effect on the environment that was not identified in the FMEIR Update, and further, that no new or additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the FMEIR Update, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on May 13, 2003, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to the Zoning Map and rezone to P-D(556) project,, a copy of which is attached hereto as **Exhibit "A"**, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. That the proposed project is contemplated and described in the FMEIR Update (SCH No. 1999082041) as being within the scope of the FMEIR Update report.
2. That the project will have no new additional significant effects on the environment not identified in the FMEIR Update, and no new or additional mitigation measures are required.

3. That, as per Section 21157.1 of the Public Resources Code, no new environmental document or findings are required by the California Environmental Quality Act (CEQA).
4. That there are no specific features that are unique to the proposed project that require project specific mitigation measures.
Accordingly, the certified mitigation measures identified in the FMEIR Update will be sufficient for this project.
5. That all feasible mitigation measures set forth in the FMEIR Update which are appropriate to the project shall be incorporated in the project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Jackman, Keating, O'Bryant,
Mayor Sabatino

EXHIBIT A
Initial Study
EA/C&ED 2003-23

City of Modesto
Initial Study

Rezone from R-1 & P-O to P-D

EA/C&ED 2003-23

March 13, 2003

I. PURPOSE

Section 21157.1 of the Public Resources Code, allows for limited environmental review of subsequent projects under a Master EIR, provided that certain findings are made. The Modesto Urban Area General Plan Master EIR (SCH No. 1999082041), adopted March 4, 2003, allows such limited review for projects in the Baseline Developed Area that are consistent with the General Plan and existing zoning.

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any significant effects on the environment that were not examined in the General Plan Master EIR. This Initial Study also provides documentation that the project is within the scope of the General Plan Master EIR.

II. PROJECT DESCRIPTION

- A. Project title:
Public Hearing – P-PDZ-02-008: Application of Dr. James Yip for rezone from R-1 (Low-Density Residential Zone) and P-O (Professional Office) to P-D (Planned Development Zone) to allow a 17,800 square-foot medical office building and associated off-street parking.
- B. Lead agency name and address:
City of Modesto, P.O. Box 642, Modesto, CA 95353
- C. Contact person, address and phone number:
Brad Wall
City of Modesto Community Development Department
1010 10th Street, Suite 3100
Modesto, CA 95353
(209) 577-5282
- D. Project Location:
Southeast corner of Briggsmore Avenue and Coffee Road
- E. Project Sponsor:
Dr. James Yip
- F. General Plan Designation:
Mixed Use (MU)
- G. Current Zoning:
Low-Density Residential (R-1), and Professional Office (P-O)

- H. Description of Proposed Project:
This is an application to rezone four parcels, totaling approximately one acre in size, from R-1 (Low-Density Residential Zone) and P-O (Professional Office) to P-D (Planned Development Zone), to allow a medical office building and associated off-street parking, located at the southeast corner of Briggsmore Avenue and Coffee Road. The proposed development consists of a two-story, 17,800 square-foot, medical office building and off-street parking. Some of the parking for the project is proposed to be located in a basement garage. Two driveways for vehicular access to Coffee Road are proposed, and one additional driveway to Water Street.
- I. Surrounding land uses:
Residential land uses exist to the east of the subject property, with commercial / office uses between Coffee Road and Water Street to the south. Memorial Hospital is across Briggsmore Ave. to the north, and commercial uses exist to the west, across Coffee Road.
- J. Other public agencies whose approval is required:
None

III. ANALYSIS OF CONFORMANCE WITH THE MASTER EIR

There are eighteen subject areas in the Master EIR for the General Plan. Following is an analysis of how this project conforms to the analysis contained within the Master EIR.

A. Traffic and Circulation

The General Plan designates the project site as mixed use. The project is consistent with this designation and will not generate greater traffic volumes than those projected by the MEIR. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Traffic and Circulation Needs (pages V-1-1 through V-1-33) are still valid.

B. Degradation of Air Quality

The air quality impacts for this project are directly related to the traffic impacts. Since traffic impacts are no greater than those anticipated in the Master EIR, this development will not cause additional impacts to air quality beyond those described in the Degradation of Air Quality section of the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Degradation of Air Quality (pages V-2-1 through IV-2-26) are therefore still valid.

C. Generation of Noise

The General Plan MEIR assumed that there would be further development within the Baseline Developed Area. Therefore, the Mitigation Measures listed in the MEIR for Generation of Noise (pages V-3-1 through V-3-22) are still valid.

D. Loss of Productive Agricultural Land

This area is located in an urbanized portion of Modesto, and there are no agricultural lands affected by this project. The Existing Conditions, Impacts Analysis, and Mitigation Measures listed in the MEIR for Loss of Productive Agricultural Land (pages V-4-1 through IV-4-12) are still valid.

E. Increased Demand for Water Supplies

The General Plan MEIR assumed that there would be additional development and increased demand for Water Supplies within the Baseline Developed Area. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Increased Demand for Water Supplies (pages V-5-1 through IV-5-13) are still valid.

F. Increased Demand for Sanitary Sewer Services

The project is consistent with the General Plan Designation for the site in land use and intensity and will therefore not increase demand for sanitary sewer service beyond that projected by the MEIR. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased Demand for Sanitary Sewer Services (pages V-6-1 through V-6-12) are still valid.

G. Loss of Sensitive Wildlife and Plant Habitat

The project is located in a built-up urban area and is not located in a Potential Biological Resource Study Area, as presented in Figure V-7-1 of the MEIR. Therefore, the project will not impact sensitive wildlife or any plant habitat above and beyond that which was identified in the Loss of Sensitive Wildlife and Plant Habitat section of the MEIR. Therefore, the Existing Conditions, Impact Analysis, and the Mitigation Measures listed in this section of the MEIR (pages V-7-1 through V-7-29) are still valid.

H. Disturbance of Archaeological and Historic Sites

This project will not disturb any archaeological or historic sites that have been identified in the Disturbance of Archaeological or Historical Sites section of the 1995 MEIR, as cited in the 2003 MEIR. Figure 8-1 of the 1995 MEIR, as cited in the 2003 MEIR, indicates that this project is also outside the Archaeological Resource Study Area, which shows areas that may require additional site-specific investigations. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Disturbance of Archaeological or Historical Sites (pages V-8-1 through V-8-22) are still valid.

I. Increased Demand for Storm Drainage

The General Plan MEIR assumed that there would be further development and increased demand for Storm Drainage within the Baseline Developed Area. This project is consistent in land use and intensity with the General Plan designation for the project site. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased Demand for Storm Drainage (pages V-9-1 through V-9-13) are still valid.

J. Flooding and Water Quality

The General Plan designates the project site as mixed use. The project is consistent with this designation and will not generate flooding or water quality problems greater than projected by the MEIR. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Drainage, Flooding, and Water Quality (pages V-10-1 through V-10-16) are still valid.

K. Increased Demand for Parks and Open Space

The General Plan MEIR assumed that there would be further development and increased demand for Parks and Open Space within the Baseline Developed Area. This project is consistent with the General Plan in terms of land use and intensity. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Parks and Open Space (pages V-11-1 through V-11-14) are still valid.

L. Increased Demand for Schools

This project will not generate any additional demand for schools beyond that anticipated in the General Plan MEIR. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Schools (pages V-12-1 through V-12-11) are still valid.

M. Increased Demand for Police Services

The General Plan MEIR assumed that there would be further development and increased demand for police services within the Baseline Developed Area. The proposed project is consistent with the General Plan with regard to land use and intensity. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Police Services (pages V-13-1 through V-13-7) are still valid.

N. Increased Demand for Fire Services

The General Plan MEIR assumed that there would be further development and increased demand for fire services within the Baseline Developed Area. The MEIR concludes that adopted policies in the City of Modesto and County of Stanislaus would reduce the impact of new projects on Fire Services to a less than significant level. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Fire Services (pages V-14-1 through V-14-9) are still valid.

O. Generation of Solid Waste

The General Plan MEIR assumed that there would be further development and increased generation of solid waste within the Baseline Developed Area. This project is consistent in land use and intensity with the General Plan designation for the site. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Generation of Solid Waste (pages V-15-1 through V-15-10) are still valid.

P. Generation of Hazardous Materials

This project is consistent in land use and intensity with the General Plan designation for the site. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Generation of Hazardous Materials (pages V-16-1 through V-16-15) are still valid.

Q. Landslides and Seismic Activity

This project will not result in additional potential for exposing people to landslides or earthquake related hazards such as liquefaction beyond those identified in the MEIR. The

Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Landslides and Seismic Activity (pages V-17-1 through V-17-12) are therefore still valid.

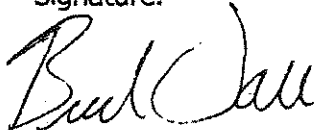

R. Energy

The MEIR concludes that adopted policies in the City of Modesto and County of Stanislaus would reduce the impact of new projects on Energy to a less than significant level. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Energy (pages V-18-1 through IV-18-7) are still valid.

IV. CONCLUSIONS / DETERMINATIONS OF FINDINGS

- A. The proposed planned development zone for a 17,800 square-foot professional office building and associated off-street parking is within the scope of the General Plan Master EIR (SCH No. 1999082041), which analyzed the potential impacts of buildout of the Baseline Development Area.
- B. No additional significant environmental effects will occur as a result of the proposed planned development zone that were not previously examined in the General Plan Master EIR.
- C. No new mitigation measures or alternatives will be required as a result of the proposed planned development zone that were not previously considered in the General Plan Master EIR.
- D. There are no specific features unique to this proposed planned development zone that require specific mitigation measures. All certified mitigation measures identified in the General Plan Master EIR will apply Citywide, including this project as appropriate.
- E. This Initial Study provides substantial evidence to support findings A, B, C, and D above.

Associate Planner

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-247**

**A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED
DEVELOPMENT ZONE, P-D(560) (BAINS)**

WHEREAS, a verified application for an amendment to Section 23-3-9 of the Zoning Map was filed by Rena Bains on December 30, 2002, to reclassify from Low-Density Residential Zone, R-1, to Planned Development Zone, P-D(560) to allow for two dental offices and a sign package for the First Church of the Nazarene, property located between Briggsmore Avenue and St. Paul's Way, east of Oakdale Road, described as follows:

R-1 to PD(560)

All that certain real property situate in a portion of the Northwest quarter of Section 23, Township 3 South, Range 9 East, Mount Diablo Base and Meridian and lying within the City of Modesto, County of Stanislaus, State of California, more particularly described as follows:

“Parcel 2” as shown and designated on that certain Parcel Map file in the Office of the County Recorder of Stanislaus County, California, on May 4, 1972, in Book 14 of Parcel Maps, at Page 20;

Also including the Southerly one-half of East Briggsmore Avenue and the Northerly 40 feet of St. Paul's Way; all being immediately adjacent to the above-described property.

WHEREAS, after a public hearing held on April 7, 2003, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2003-23, that rezoning of the property as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed office development is consistent with the current land use designation for the site.

2. Dental Offices are compatible with the adjacent land uses along St. Paul's Way.

WHEREAS, said matter was set for a public hearing of the City Council to be held on May 13, 2003, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Rena Bains for a Planned Development Zone should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2003-23 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. ?-C.S. on the 13th day of May, 2003, reclassifying the above-described property from Low-Density Residential Zone, R-1, to Planned Development Zone, P-D(560).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(560), is hereby approved subject to the following conditions:

1. All development shall conform to the plot plan and elevations titled "First Church of the Nazarene/Dental Office St. Paul's Way" as amended in red, stamped approved by the City Council.
2. Prior to the issuance of a building permit, a landscaping and irrigation plan shall be approved by the Chief Building Official. Landscaping and the irrigation system shall be installed and maintained in accordance with the approved plan.

3. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.
4. Prior to issuance of a building permit, improvement plans for required improvements shall be prepared by a Registered Civil Engineer and approved by the Engineering and Transportation Director. Improvements shall be constructed in accordance with the approved plans.
5. Prior to occupancy of any building, irrigation, electrical, gas and domestic water lines shall be removed, relocated, or protected as required by the Engineering and Transportation Director and/or the utility companies, and easements for utility lines to remain shall be dedicated.
6. All existing street and property monuments within or abutting this project site shall be preserved. If, during construction of on-site or off-site improvements, monuments are damaged or destroyed, the applicant/developer shall retain a qualified licensed land surveyor or civil engineer to reset those monuments per City Standards and file the necessary information with the County Recorder's Office as required by AB1414.
7. Prior to issuance of a building permit, the developer shall show on the plans submitted to Building Inspection all fire hydrants as required by the Fire Chief. All hydrants required by the Fire Chief shall be installed and operable prior to construction of any structures.
8. Ten-foot-wide public utility easements, and planting easements located within the ten-foot-wide public utility easements, shall be dedicated along all street frontages as required by the Engineering and Transportation Director.
9. Prior to the issuance of a building permit, the developer shall Submit a plan for approval by the Operations and Maintenance Director to provide on-site treatment of stormwater in accordance with the guidance manual for new development stormwater quality control measures. Storm drain improvements shall be constructed in accordance with the approved plans.
10. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys'

fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack,

review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.

11. The developer shall implement pre- and post-construction Best Management Practices (BMPs) to minimize pollutants entering the storm system.
12. All signs for the office portion of the Planned Development shall comply with the sign requirements of the P-O Zone.
13. Signs for the church shall be constructed in accordance with the approved plans and are as follows:
 - a. Along the Briggsmore Avenue frontage: A sign of a maximum of 72 square feet and 20 feet in height.
 - a. Along the western end of the parcel, facing the reciprocal accessway: A five-foot-high, approximately 20-square-foot sign.
14. Trash bins shall be kept in enclosures in accordance with the approved plan and in accordance with plans approved by the Operations and Maintenance Department Director. Enclosures shall be constructed of building materials consistent with those used in the major buildings as approved by the Community & Economic Development Department Director.
15. Prior to the issuance of a building permit the developer shall execute a Reciprocal Easement Agreement which shall provide for vehicular and pedestrian access and vehicular parking for all three parcels. Said agreement shall be in a form to be approved by the City Attorney.
16. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction in this parcel map shall be based on the rates in effect at time of issuance of the building permit.

SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(560):

The construction program be accomplished in two phases as follows:

Phase I – Construction to begin on or before May 13, 2006, and completion to be not later than May 13, 2007.

Phase II – Construction to begin on or before May 13, 2007, and completion to be not later than May 13, 2008.

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(560), becomes effective.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-248**

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN FINAL MASTER ENVIRONMENTAL IMPACT REPORT UPDATE (SCH NO. 1999082041): AMENDMENT TO SECTION 23-3-9 OF THE ZONING MAP TO REZONE FROM LOW DENSITY RESIDENTIAL ZONE, R-1, TO PLANNED DEVELOPMENT ZONE, P-D(560), PROPERTY LOCATED BETWEEN BRIGGSMORE AVENUE AND ST. PAUL'S WAY, EAST OF OAKDALE ROAD (RENA BAINS).

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report Update ("FMEIR Update") (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Rena Bains has proposed that the zoning designation for property located between Briggsmore Avenue and Saint Paul's Way, east of Oakdale Road be amended to rezone from Low-Density Residential Zone, R-1, to Planned Development Zone, P-D(560), in the City of Modesto, ("the project") to allow for two dental offices and a sign package for the First Church of the Nazarene, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City's Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2003-25 ("Initial Study") reviewed the proposed amendment to the Zoning Map and rezone to P-D(560) project to determine whether the project is within the scope of the project covered by the Modesto Urban Area General Plan FMEIR Update and concluded that the proposed project is within the scope of the FMEIR Update and will have no additional significant effect on the environment that was not identified in the FMEIR Update, and further, that no new or additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the FMEIR Update, and

WHEREAS, in accordance with CEQA guidelines beginning on ?, 2003, the City caused to be published a 20-day notice of the City's intent to make a finding that the proposed project conforms with the FMEIR Update, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on May 13, 2003, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to the Zoning Map and rezone to P-D (560) project, a copy of which is attached hereto as **Exhibit "A"**, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. That the proposed project is contemplated and described in the FMEIR Update (SCH No. 1999082041) as being within the scope of the FMEIR Update.
2. That the project will have no new significant effects on the environment not identified or examined in the FMEIR Update, and no new or additional mitigation measures are required.
3. That, as per Section 21157.1 of the Public Resources Code, no new environmental document or findings are required by the California Environmental Quality Act (CEQA).
4. That there are no specific features which are unique to the proposed project that require project specific mitigation measures. Accordingly, the certified mitigation measures identified in the FMEIR Update will be sufficient for this project.
5. That all feasible mitigation measures set forth in the FMEIR Update which are appropriate to the project shall be incorporated in the project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the thirteenth day of May, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

Initial Study

EA/C&ED 2003-25

City of Modesto
Initial Study

**Nazarene P-D
EA/C&ED 2003-25
March 20, 2003**

I. PURPOSE

Section 21157.1 of the Public Resources Code, allows for limited environmental review of subsequent projects under a Master EIR, provided that certain findings are made. The Modesto Urban Area General Plan Master EIR (SCH No. 1999082041), adopted March 4, 2003, allows such limited review for projects in the Baseline Developed Area that are consistent with the General Plan and existing zoning.

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any significant effects on the environment that were not examined in the General Plan Master EIR. This Initial Study also provides documentation that the project is within the scope of the General Plan Master EIR.

II. PROJECT DESCRIPTION

- A. Project title:
Nazarene P-D
- B. Lead agency name and address:
City of Modesto, PO Box 642, Modesto, CA 95353
- C. Contact person and phone number:
Josh Bridegroom, Community and Economic Development Department, (209) 571-5540
- D. Project Location:
East of Oakdale Road, between St. Paul's Way and Briggsmore Avenue
- E. Project Sponsor:
Rena Bains, 1113 Mandarin Court, Modesto Ca. 95350
- F. General Plan Designation:
Mixed Use
- G. Current Zoning:
Single Family Residential (R-1)
- H. Description of Proposed Project:
This is an application to rezone 4.9 acres from R-1 to P-D to allow for the development of two single-story dental offices along the St. Paul's Way frontage and a sign package for the First Church of the Nazarene that includes one interior sign and one sign oriented toward Briggsmore Avenue.

- I. Surrounding land uses:
The project is surrounded by Briggsmore Avenue to the north, professional offices to the east, St. Paul's Way to the south and a church to the west.
- J. Other public agencies whose approval is required:
None

III. ANALYSIS OF CONFORMANCE WITH THE MASTER EIR

There are eighteen subject areas in the Master EIR for the General Plan. Following is an analysis of how this project conforms with the analysis contained within the Master EIR.

A. Traffic and Circulation

The General Plan designates the project site as mixed-use. The project is consistent with this designation in land use and intensity and will therefore not generate traffic greater than projected by the MEIR. Therefore, there would be no change needed in the Traffic and Circulation section of the EIR. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Traffic and Circulation Needs (pages V-1-1 through V-1-33) are still valid.

B. Degradation of Air Quality

The air quality impacts for this project are directly related to the traffic impacts. Since traffic impacts are no greater than those anticipated in the Master EIR, this development will not cause additional impacts to air quality beyond those described in the Degradation of Air Quality section of the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Degradation of Air Quality (pages V-2-1 through IV-2-26) are therefore still valid.

C. Generation of Noise

The General Plan MEIR assumed that there would be further mixed-use development and thus, noise generation within the Baseline Developed Area. Therefore, the Mitigation Measures listed in the MEIR for Generation of Noise (pages V-3-1 through V-3-22) are still valid.

D. Loss of Productive Agricultural Land

This area is located in an urbanized portion of Modesto, and there are no agricultural lands affected by this project. The Existing Conditions, Impacts Analysis, and Mitigation Measures listed in the MEIR for Loss of Productive Agricultural Land (pages V-4-1 through IV-4-12) are still valid.

E. Increased Demand for Water Supplies

The General Plan MEIR assumed that there would be further development and thus, increased demand for Water Supplies within the Baseline Developed Area. Beyond this, professional offices do not generally use much water and the necessary water supply infrastructure already exists. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased Demand for Water Supplies (pages

V-5-1 through IV-5-13) are therefore still valid.

F. Increased Demand for Sanitary Sewer Services

The project is consistent with the General Plan Designation for the site in land use and intensity and will therefore not increase demand for sanitary sewer service beyond that projected by the MEIR. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased Demand for Sanitary Sewer Services (pages V-6-1 through V-6-12) are still valid.

G. Loss of Sensitive Wildlife and Plant Habitat

The project is located in a built-up urban area and is not located in a Potential Biological Resource Study Area, as presented in Figure V-7-1 of the MEIR. Therefore, the project will not impact sensitive wildlife or any plant habitat above and beyond that which was identified in the Loss of Sensitive Wildlife and Plant Habitat section of the MEIR. Therefore, the Existing Conditions, Impact Analysis, and the Mitigation Measures listed in this section of the MEIR (pages V-7-1 through V-7-29) are still valid.

H. Disturbance of Archaeological and Historic Sites

This project will not disturb any archaeological or historic sites that have been identified in the Disturbance of Archaeological or Historical Sites section of the 1995 MEIR, as sited in the 2003 MEIR. Figure 8-1 of the 1995 MEIR, as sited in the 2003 MEIR, indicates that this project is also outside the Archaeological Resource Study Area, which shows areas that may require additional site-specific investigations. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Disturbance of Archaeological or Historical Sites (pages V-8-1 through V-8-22) are still valid.

I. Increased Demand for Storm Drainage

The General Plan MEIR assumed that there would be further development and thus, increased demand for Storm Drainage within the Baseline Developed Area. This project is consistent in land use and intensity with the General Plan designation for the site, and the project complies with the adopted storm drainage policies from the various agencies listed in the MEIR. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased Demand for Storm Drainage (pages V-9-1 through V-9-13) are still valid.

J. Flooding and Water Quality

The General Plan designates the project site as mixed-use. The project is consistent with this designation in land use and intensity and will therefore not generate drainage, flooding or water quality problems greater than projected by the MEIR. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Drainage, Flooding, and Water Quality (pages V-10-1 through V-10-16) are still valid.

K. Increased Demand for Parks and Open Space

The General Plan MEIR assumed that there would be further development and thus, increased demand for Parks and Open Space within the Baseline Developed Area. This project is consistent with the General Plan in terms of land use and intensity. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Parks and Open Space (pages V-11-1 through V-11-14) are still valid.

L. Increased Demand for Schools

This project, being non-residential, would not generate any additional demand for schools. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Schools (pages V-12-1 through V-12-11) are still valid.

M. Increased Demand for Police Services

The General Plan MEIR assumed that there would be further development and thus, increased demand for police services within the Baseline Developed Area. The proposed project is consistent with the General Plan with regard to land use and intensity. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Police Services (pages V-13-1 through V-13-7) are still valid.

N. Increased Demand for Fire Services

The General Plan MEIR assumed that there would be further development and thus, increased demand for fire services within the Baseline Developed Area. The MEIR concludes that adopted policies in the City of Modesto and County of Stanislaus would reduce the impact of new projects on Fire Services to a less than significant level. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Fire Services (pages V-14-1 through V-14-9) are still valid.

O. Generation of Solid Waste

The General Plan MEIR assumed that there would be further development and thus, increased generation of solid waste within the Baseline Developed Area. This project is consistent in land use and intensity with the General Plan designation for the site. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Generation of Solid Waste (pages V-15-1 through V-15-10) are still valid.

P. Generation of Hazardous Materials

The General Plan MEIR assumed that there would be further development and thus, increased generation of hazardous materials within the Baseline Developed Area. This project is consistent in land use and intensity with the General Plan designation for the site. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Generation of Hazardous Materials (pages V-16-1 through V-16-15) are still valid.

Q. Landslides and Seismic Activity

This project will result in no additional potential for exposing people to landslides or earthquake related hazards such as liquefaction beyond those identified in the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Landslides and Seismic Activity(pages V-17-1 through V-17-12) are therefore still valid.

R. Energy

The MEIR concludes that adopted policies in the City of Modesto and County of Stanislaus would reduce the impact of new projects on Energy to a less than significant level. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Energy (pages V-18-1 through IV-18-7) are still valid.

IV. CONCLUSIONS/DETERMINATIONS OF FINDINGS

- A. The proposed project is within the scope of the General Plan Master EIR (SCH No. 1999082041).
- B. No additional significant environmental effects will occur as a result of the proposed project that were not previously examined in the General Plan Master EIR.
- C. No new mitigation measures or alternatives will be required as a result of the proposed project that were not previously considered in the General Plan Master EIR.
- D. There are not specific features unique to this project that require project specific mitigation measures. All certified mitigation measures identified in the MEIR will apply city wide, including this project as appropriate.
- E. This initial study provides substantial evidence to support findings A, B, C, and D above.

Assistant Planner

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-249**

**A RESOLUTION DENYING THE APPEAL OF JAYNA HAMEL TO A PLANNING
COMMISSION DECISION APPROVING THE REVISED MIRA LOMA VESTING
TENTATIVE SUBDIVISION MAP**

WHEREAS, Modesto Municipal Code Section 4-4.404 authorizes the Planning Commission to take action on proposed subdivision maps, and

WHEREAS, on April 29, 2002, Ridge Sutter submitted a vesting tentative subdivision map, Mira Loma, and

WHEREAS, the Planning Commission considered the application at their regularly scheduled meeting on August 26, 2002, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which meeting evidence both oral and documentary was received and considered, and

WHEREAS, on August 26, 2002, the Planning Commission denied the Mira Loma vesting tentative subdivision map due to inconsistency with the General Plan, because it did not provide for the connection of Encina Avenue, a designated collector street in the General Plan, and

WHEREAS, on September 3, 2002, Ridge Sutter filed a revised vesting tentative subdivision map, Mira Loma, that provided a connection of Encina Avenue via Julian Avenue, and

WHEREAS, the Planning Commission considered the application at their regularly scheduled meeting on November 18, 2002, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which meeting evidence both oral and documentary was received and considered, and

WHEREAS, the Planning Commission approved the revised vesting tentative subdivision map, Mira Loma, because it provided for an indirect connection of Encina Avenue, a designated collector street, and

WHEREAS, an appeal to the Planning Commission's approval of the revised Mira Loma vesting tentative subdivision map was filed with the Office of the City Clerk by Paul and Sue Thorpe on December 2, 2002, and

WHEREAS, on January 7, 2003, the City Council by Resolution No. 2003-16 granted the appeal of Paul and Sue Thorpe for the following reasons:

1. Encina is intended to be a collector street pursuant to the General Plan.
2. The Map would have the effect of making Julian Street and a portion of Fusco Street into collector streets that are not so designated by the General Plan.
3. Policy III-C.2.e. (1) of the General Plan states that collector streets should provide direct linkages from the residences within a neighborhood to neighborhood facilities within the same neighborhood, such as schools, parks, etc., and a connection to peripheral arterials. The Map is inconsistent with the General Plan because the redirection of traffic from Encina to Fusco, Julian and Conejo Streets does not provide (1) a direct linkage via Encina from the residences to the east of the proposed subdivision to their neighborhood facilities, including but not limited to La Loma Junior High School and parks to the west, or (2) a direct connection via Encina from the residences to the west to the El Vista arterial.

WHEREAS, on January 23, 2003, Sutco Construction filed a second revised vesting tentative subdivision map, Mira Loma, that provided a direct connection of Encina Avenue through the project site, and

WHEREAS, a public hearing on the second revised vesting tentative subdivision map was held by the Planning Commission on April 7, 2003, in the Tenth Street Place Chambers, located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

WHEREAS, by Resolution No. 2003-20 the Planning Commission approved the revised vesting tentative subdivision map, Mira Loma, for the following reasons:

1. The proposed subdivision map, together with the provisions for its design and improvements, is consistent with the Subdivision Map Act of the State of California and the Modesto Urban Area General Plan, because it provides for a direct connection of Encina Avenue.
2. The discharge of waste as a result of the proposed subdivision into the existing sewer system will not result in a violation of existing requirements by the California Regional Water Quality Control Board pursuant to Division 7 (commencing with Section 13000) of the Water Code of the State of California.
3. An exception to the subdivision regulations of the City of Modesto is hereby granted to reduce the minimum 20-foot dimension at the front lot line to 15 feet for the two flag lots for the following reason:
 - a. The granting of the exception will not be materially detrimental to the public welfare or injurious to other property or improvements in the vicinity or zone in which the property is located and will not nullify the intent and purpose of the General Plan or the subdivision regulations, because sufficient parking is provided in the alley at the rear of the flag lots.
4. Creation of the two flag lots will enable use of the project site to its permitted density.
5. The project site is of a size and shape that does not allow the creation of standard lots.
6. A plot plan for creation of the flag lots has been approved by the Planning Commission.
7. The proposed subdivision is within the scope of the General Plan Master EIR (SCH No. 1999082041), which analyzed the potential impacts of buildout of the Baseline Development Area, because it provides a direct connection of Encina Avenue.
8. No additional significant environmental effects will occur as a result of the proposed subdivision that were not previously examined in the General Plan Master EIR.
9. No new mitigation measures or alternatives will be required as a result of the proposed subdivision that were not previously considered in the General Plan Master EIR.

10. There are no specific features unique to this subdivision that require specific mitigation measures. All certified mitigation measures identified in the General Plan Master EIR will apply Citywide, including this project as appropriate.
11. The Initial Study, Environmental Assessment No. EA/C&ED 2003-22, provides the substantial evidence to support finding numbers 7-10, noted above.

WHEREAS, an appeal to the April 7, 2003, decision of the Planning Commission's was filed with the Office of the City Clerk by Jayna Hamel on April 21, 2003, and

WHEREAS, said appeal was set for a duly noticed public hearing before the City Council at its regular meeting place located in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at 5:30 p.m. on May 13, 2003, and

WHEREAS, after said public hearing the Council of the City of Modesto found and determined that the appeal to the decision of the Planning Commission should be denied and the decision of the Planning Commission should be affirmed for the following reasons:

1. The approved vesting tentative subdivision map, Mira Loma, is consistent with the General Plan.
2. The approved vesting tentative subdivision map, Mira Loma, provides a direct connection of Encina Avenue.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal of Jayna Hamel to the decision of the Planning Commission approving the revised Mira Loma vesting tentative subdivision map is denied and the decision of the Planning Commission is hereby affirmed for the reasons set forth in Planning Commission Resolution No. 2003-20 and quoted above.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-250**

A RESOLUTION APPROVING ISSUANCE OF A WRITTEN REPORT DESCRIBING THE MEASURES TAKEN TO ALLEVIATE THE CONDITION WHICH LEAD TO THE ADOPTION OF AN ORDINANCE (ORDINANCE NO. 3265-C.S.) WHICH PROHIBITED NEW DEVELOPMENT APPROVALS ON UNVESTED LAND IN VILLAGE ONE.

WHEREAS, on June 4, 2002, the Modesto City Council adopted an emergency interim ordinance (Ordinance No 3263-C.S.), and

WHEREAS, on July 9, 2002, the Modesto City Council adopted Ordinance No. 3265-C.S. extending Ordinance 3263-C.S., and

WHEREAS, Interim Ordinance No. 3263-C.S. and Ordinance No. 3265-C.S. were adopted pursuant to the authority conferred upon the City by California Government Code Section 65858, and

WHEREAS, subdivision (d) of California Government Code Section 65858 requires the City Council to issue a written report describing the measures taken to alleviate the condition which lead to the adoption of the interim ordinance ten (10) days prior to the expiration of interim ordinance, and

WHEREAS, the Community and Economic Development Department of the City of Modesto has prepared such a report for issuance by the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the issuance of the attached written report which describes the measures taken by the City to alleviate the conditions which lead to the adoption of Ordinance No. 3265-C.S.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of May, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-252**

A RESOLUTION REJECTING THE BIDS FOR THE PROJECT TITLED “ADA UPGRADES FOR KING-KENNEDY MEMORIAL CENTER” AND AUTHORIZING STAFF TO RE-ADVERTISE THE PROJECT AT A FUTURE DATE

WHEREAS, the bids received for the ADA Upgrades for King-Kennedy Memorial Center, were opened at 11:00 a.m. on April 22, 2003, and

WHEREAS, during the bid evaluation process, staff determined that the bids unreasonably exceed the Architect’s estimate; therefore, staff recommends the bids be rejected, and staff be allowed to re-advertise the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the bids received for the ADA Upgrades for King-Kennedy Memorial Center, opened in the office of the City Clerk on April 22, 2003, are hereby rejected.

BE IF FURTHER RESOLVED that staff is hereby authorized to re-advertise the project at a future date.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-253**

**A RESOLUTION APPROVING A CONTRACT AMENDMENT WITH RRM
DESIGN GROUP IN THE AMOUNT OF \$30,600 FOR ARCHITECTURAL
SERVICES FOR FIRE STATION NO. 11, AND AUTHORIZING THE CITY
MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, the increased scope of the work for this project was reviewed by the Safety and Communities Committee at its meeting on May 5, 2003 and was recommended for Council approval, and

WHEREAS, City staff requested a second access onto the site from Pelandale for fire apparatus, and

WHEREAS, RRM Design Group has requested an additional fee of \$30,600 to cover the additional scope of work,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the contract amendment with RRM Design Group in the amount of \$30,600 for architectural services for Fire Station No. 11.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-254**

**A RESOLUTION AMENDING THE FY02-03 CAPITAL IMPROVEMENT
BUDGET TO TRANSFER \$103,230.00 FROM 6280-700-Q238-7135 TO 1350-310-
Q238-9628.**

WHEREAS, the bids received for the COFFEE-CLARATINA NEIGHBORHOOD PARK AND DUAL USE BASIN project, were opened at 11:00 a.m. on May 13, 2003, and later tabulated by the Engineering and Transportation Director for the consideration of the Council, and

WHEREAS, the Engineering and Transportation Director has recommended in a separate resolution that the bid of \$909,700.11 be accepted as the lowest responsible bid and Finance has determined that there is \$994,304.12 available for this project in FY02-03 Capital Improvement Program, and

WHEREAS, the need for \$103,230.00 to construct the improvements for the storm water basin portion of the project has been identified, and

WHEREAS, the City of Modesto's Operations and Maintenance Department has identified the storm water basin improvements of \$103,230.00 for this project to be paid from 6280-700-Q238-7135,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the FY02-03 Capital Improvement Budget to transfer \$103,230.00 from 6280-700-Q238-7135 to 1350-310-Q238-9628.

BE IT FURTHER RESOLVED that the Finance Director, or her designee, is hereby authorized take the necessary action to amend the FY 02-03 Capital Improvement Budget.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

CONTRACT WITH GROVER LANDSCAPE SERVICES, INC. FOR THE
PROJECT TITLED "COFFEE-CLARATINA NEIGHBORHOOD PARK AND
DUAL USE BASIN" AND AUTHORIZING THE CITY MANAGER TO
EXECUTE THE CONTRACT**

WHEREAS, the bids received for the COFFEE-CLARATINA
NEIGHBORHOOD PARK AND DUAL USE BASIN project, were opened at 11:00 a.m.
on May 13, 2003, and later tabulated by the Engineering and Transportation Director for
the consideration of the Council, and

WHEREAS, the Engineering and Transportation Director has recommended that
the bid of \$909,700.11 received from Grover Landscape Services, Inc. be accepted as the
lowest responsible bid and the contract be awarded to Grover Landscape Services, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto
that it hereby accepts the bid of \$909,700.11, and hereby awards Grover Landscape
Services, Inc. the contract titled "COFFEE-CLARATINA NEIGHBORHOOD PARK
AND DUAL USE BASIN."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby
authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-256**

A RESOLUTION AUTHORIZING THE CITY MANAGER TO APPLY TO THE STANISLAUS COUNCIL OF GOVERNMENTS FOR REGIONAL SURFACE TRANSPORTATION PROGRAM (RSTP) FUNDS FOR VARIOUS PROJECTS RELATING TO THE PAVEMENT MAINTENANCE OF ARTERIAL STREETS, AND TO EXECUTE THE NECESSARY GRANT APPLICATIONS AND DOCUMENTS NECESSARY TO OBTAIN SAID FUNDING.

WHEREAS, on May 12, 2003, the Stanislaus Council of Governments (StanCOG) Policy Board approved guidelines to allocate Regional Surface Transportation Program (RSTP) program funds to eligible proposers for the Federal Fiscal Year 2003/04 and 2004/05, and

WHEREAS, on March 14, 2003, StanCOG staff distributed a call for RSTP project nominations to local jurisdictions, further stipulating that \$7,880,000 of RSTP funding was estimated for distribution among local agencies County-wide, and

WHEREAS, pursuant to StanCOG guidelines for distribution to local governments in Stanislaus County, including an estimate of funds available to each, the City of Modesto anticipates \$2,770,000 in funds for eligible pavement maintenance projects on arterial streets, and

WHEREAS, City staff has identified 40 projects for funding which are in need of pavement maintenance, and

WHEREAS, the Economic Development Committee has reviewed said projects generally and recommends approval of the projects for RSTP funding and prioritization of the projects as shown on **Exhibit A**, and

WHEREAS, RSTP grants require an 11.47% local match of funds, and

WHEREAS, the match required for many of the projects may be funded out of Local Gas Tax Funds, Local Transportation Funds or Transit Fare Revenues, and

WHEREAS, applications for each project are required to be submitted to the Stanislaus Council of Governments by June 2, 2003,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his authorized designee, to apply to the Stanislaus Council of Governments for Regional Surface Transportation Program (RSTP) funds to be used for various projects set forth in the attached **Exhibit "A"**, recommended by City staff, which will assist in the pavement maintenance of arterial streets.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute all applications and documents necessary to obtain said funding.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-257**

A RESOLUTION AUTHORIZING THE CITY MANAGER TO APPLY TO THE STANISLAUS COUNCIL OF GOVERNMENTS FOR FEDERAL CONGESTION MITIGATION AND AIR QUALITY (CMAQ) FUNDS FOR VARIOUS PROJECTS RELATING TO THE REDUCTION OF AIR POLLUTION AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE NECESSARY DOCUMENTS TO OBTAIN SAID FUNDING

WHEREAS, on October 11, 2000, the Stanislaus Council of Governments (StanCOG) Policy Board approved guidelines to allocate Congestion Mitigation and Air Quality (CMAQ) program funds to eligible proposers for the Federal Fiscal Year 2003/04 and 2004/05, and

WHEREAS, on March 14, 2003, StanCOG staff distributed a call for CMAQ project nominations to local jurisdictions, further stipulating that \$6,356,539 of CMAQ funding was available for distribution among local agencies County-wide, and

WHEREAS, pursuant to StanCOG guidelines for distribution to local governments in Stanislaus County, including an estimate of funds available to each, the City of Modesto anticipates \$1,798,016 in funds for eligible projects of its own choosing, and can also compete for as much as \$4,250,000 available for projects that do the most to reduce air pollution in the county, and

WHEREAS, City staff has identified 17 projects for funding which will contribute to the attainment of national ambient air quality standards, and

WHEREAS, the Economic Development Committee reviewed said projects generally at its meeting on May 12, 2003, and recommended approval of the projects for CMAQ funding, and

WHEREAS, CMAQ grants require an 11.47% local match of funds, and

WHEREAS, the match required for many of the projects may be funded out of Local Gas Tax Funds, Local Transportation Funds, or Transit Fare Box Revenues, and

WHEREAS, applications for each project are required to be submitted to the Stanislaus Council of Governments by June 2, 2003, and

WHEREAS, the Stanislaus Council of Governments will make a recommendation to the StanCOG Policy Board for project funding,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his authorized designee, to apply to the Stanislaus Council of Governments for Federal Congestion Mitigation and Air Quality (CMAQ) funds to be used for various projects set forth in the attached **Exhibit "A"**, recommended by City staff which will reduce air pollution.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute all applications and documents necessary to obtain said funding.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-258**

A RESOLUTION APPROVING AN AGREEMENT WITH THE CITY OF RIVERBANK FOR THE MAINTENANCE OF THEIR TRAFFIC SIGNALS, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT.

WHEREAS, the City of Riverbank has requested that the City of Modesto maintain their traffic signal system to improve response times, and

WHEREAS, the City of Riverbank does not have qualified staff to maintain these signals, and

WHEREAS, the City of Modesto has qualified personnel to provide this service and will benefit from the revenues obtained by this enterprise, and

WHEREAS, the traffic flow between both cities will be managed from a centralized location, therefore benefiting both communities, and

WHEREAS, it is estimated that the cost to maintain the City of Riverbank's traffic signals will be \$3,260 per year, and

WHEREAS, the cost of \$3,260 includes labor, equipment, and overhead, and replacement parts will be billed on an as-needed basis, and

WHEREAS, the Economic Development Committee reviewed and approved this agreement at their February 10, 2003, meeting,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Agreement between the City of Modesto and the City of Riverbank for maintenance of their traffic signal system for the sum of \$3,260 per year be, and it is hereby approved.

BE IT FURTHER RESOLVED that the City Manager or his designee is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-259**

A RESOLUTION AMENDING THE FISCAL YEAR 2002-03 OPERATING BUDGET TO APPROPRIATE \$3,260 IN REVENUE, FROM THE CITY OF RIVERBANK, TO ACCOUNT NO. 0100-160-1612-4063, "TRAFFIC SIGNAL MAINTENANCE-CITY OF RIVERBANK"

WHEREAS, the City of Riverbank has requested that the City of Modesto maintain their traffic signal system to improve response times, and

WHEREAS, the City of Riverbank does not have qualified staff to maintain these signals, and

WHEREAS, the City of Modesto has qualified personnel to provide this service and will benefit from the revenues obtained by this enterprise, and

WHEREAS, the Economic Development Committee reviewed and approved this agreement at their February 10, 2003, meeting, and

WHEREAS, it is estimated that the cost to maintain the City of Riverbank's traffic signals will be \$3,260 per year, and

WHEREAS, the \$3,260 includes labor, equipment, and overhead, and replacement parts will be billed on an as-needed basis, and

WHEREAS, the FY 02/03 Operating Budget shall be amended as follows to appropriate \$3,260 in revenue and expenses to accounts:

Fund/Agency/Org/Object	Title of Account	Increase (Decrease)
Expenditures		
0100-160-1612-0223	R&M Outside	\$3,260
Revenue		
0100-160-1612-4063	Traffic Signal Maintenance-City of Riverbank	\$3,260

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby amends the Fiscal Year 2002-03 Operating Budget to appropriate funds for the City of Riverbank Traffic Signal Maintenance in the amount of \$3,260.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-260**

A RESOLUTION AWARDED BID AND APPROVING A \$181,394 CONTRACT WITH COLLINS ELECTRICAL COMPANY, INC., FOR THE PROJECT TITLED "ROADWAY ILLUMINATION AT 29 INTERSECTIONS"

WHEREAS, the bids received for the, "Roadway Illumination at 29 Intersections," project were opened at 11:00 a.m., on April 29, 2003, and later tabulated by the Engineering and Transportation Director for the consideration of the Council, and

WHEREAS, the Engineering and Transportation Director has recommended that the bid of \$181,394, received from Collins Electrical Company, Inc., be accepted as the lowest responsible bid,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards the bid for "Roadway Illumination At 29 Intersections" to Collins Electrical Company, Inc., and approves a \$181,394 contract for completion of said project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-261**

A RESOLUTION AMENDING THE CAPITAL IMPROVEMENT BUDGET TO TRANSFER \$40,000 FROM ACCOUNT NO. 0700-800-8000-8003, "GAS TAX RESERVES" TO ACCOUNT NO. 2300-160-N415-6040, "ROADWAY ILLUMINATION AT 29 INTERSECTIONS," TO RECOGNIZE THE ADDITIONAL REVENUE REQUIRED TO PROVIDE SUFFICIENT FUNDS TO FULLY COVER THE ANTICIPATED CONSTRUCTION EXPENSE

WHEREAS, on April 29, 2003, the City Council received bids for a project titled "Roadway Illumination at 29 Intersections," and

WHEREAS, the acceptable low bidder was Collins Electrical Company, Inc., of Modesto, California, with a bid of \$181,394, and

WHEREAS, the City has obtained Hazard Elimination and Safety (HES) funding to pay for up to \$169,000 of the project costs, and

WHEREAS, \$40,000 in additional local matching funds is required to fully fund the construction of this project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Capital Improvement Budget is hereby amended to transfer \$40,000 from Account No. 0700-800-8000-8003, "Gas Tax Reserves" to project Account No. 2300-160-N415-6040, for the "Roadway Illumination at 29 Intersections" to recognize the additional revenue required to provide sufficient funds to fully cover the anticipated construction expense.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-263**

**A RESOLUTION ACCEPTING IMPROVEMENTS IN THE VILLAGE
HIGHLANDS NO. 6 SUBDIVISION, IN THE VILLAGE ONE SPECIFIC PLAN
AREA, AUTHORIZING THE CITY CLERK TO RECORD A NOTICE OF
COMPLETION AND AUTHORIZING RELEASE OF BONDS**

WHEREAS, GARRARD W. MARSH and DALLAS KADRY, Husband and
Wife as Joint Tenants, and INLAND VILLAGE, a General Partnership by Heritage
Homes, LLC General Partner, are the subdividers of the Village Highlands No. 6
Subdivision, and

WHEREAS, GARRARD W. MARSH, DALLAS KADRY and INLAND
VILLAGE, have filed irrevocable subdivision bonds to secure faithful performance and
payment for labor and materials in the amount of \$846,475.00 and \$846,475.00,
respectively, and

WHEREAS, GARRARD W. MARSH, DALLAS KADRY, and INLAND
VILLAGE, have filed a warranty bond in the amount of \$84,647.00 to guarantee
improvements in the Village Highlands No. 6 Subdivision, and

WHEREAS, the Engineering & Transportation Director, in a memorandum to
Council, indicates that all work required by the Subdivision Agreement has been
completed to the satisfaction of the Engineering & Transportation Department, and

WHEREAS, the Engineering & Transportation Director has indicated that it
would be in order for the City Council to accept the improvements in said subdivision as
complete, and authorize the City Clerk to file a Notice of Completion and release the
bonds upon expiration of the statutory periods,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto

that:

1. The improvements in the Village Highlands No. 6 Subdivision are hereby accepted and the City Clerk is hereby authorized to file a Notice of Completion for the improvements.
2. The City Clerk is hereby authorized to release the subdivision bond for faithful performance in the amount of \$846,475.00 upon recordation of the Notice of Completion.
3. The City Clerk is hereby authorized to release the subdivision bond for labor and materials in the amount of \$846,475.00 sixty (60) days after the filing date of the Notice of Completion, provided no claim is made thereon.
4. The City Clerk is hereby authorized to release the warranty bond to guarantee improvements in the amount of \$84,647.00 one year and one day after the effective date of this resolution, provided no claim is made thereon.

RESOLUTION NO. 2003-264**

**A RESOLUTION APPROVING AND AUTHORIZING SUBMISSION OF THE
FISCAL YEAR 2003-2004 ANNUAL TRANSPORTATION CLAIM, FOR
TRANSIT PURPOSES ONLY, TO THE STANISLAUS COUNCIL OF
GOVERNMENTS**

WHEREAS, the greatest portion of the City's funding for the Transit Service Program, other than fare revenues and federal funds, is the Local Transportation Fund (LTF), and

WHEREAS, on February 12, 2003, the Stanislaus Council of Governments (StanCOG) pursuant to Section 99401.6 of the California Public Utility Codes (PUC) determined that there are no unmet transit needs or that there are no unmet transit needs that are reasonable to meet, and

WHEREAS, StanCOG has informed the Finance Department that LTF funding has been apportioned by the State to StanCOG for allocation to transportation public agencies pursuant to Sections 99233.3 and 99234 of the California PUC, and

WHEREAS, the City has developed an application for fiscal year 2004 LTF reimbursement pursuant to Section 99233.3 of the California PUC, and

WHEREAS, the City's transit LTF claim for fiscal year 2004 is \$3,622,716, and

WHEREAS, the total transit operating budget is \$10,166,787, and

WHEREAS, the total transit capital budget is \$19,745,679, and

WHEREAS, Council action authorizing the claim is required by StanCOG pursuant to Section 99261 of the California PUC before any LTF funding can be released to the City.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the annual LTF transit claim in the amount of \$3,622,716, and

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute and submit the transit claim for apportionment of LTF funds to StanCOG for Fiscal Year 2004.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of May, 2003, by Council member Fisher, who moved its adoption, which motion being duly seconded by Council member Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-265**

A RESOLUTION AUTHORIZING THE PURCHASE OF TRAINING EQUIPMENT RELATED TO THE PROGRAM ON DOMESTIC PREPAREDNESS, NUNN-LUGER-DOMENICI (NLD) LEGISLATION IN THE AMOUNT OF \$116,840.27 FROM FISHER SCIENTIFIC AND AUTHORIZING ADDITIONAL SMALLER PURCHASES WHICH SHALL BE MADE IN AN AMOUNT NOT TO EXCEED THE GRANT FUNDING AVAILABLE, ALL OF WHICH WILL BE UNDER THE FORMAL BID LIMITS.

WHEREAS, the City of Modesto was identified as one of the 120 largest cities targeted for Domestic Preparedness training under the Nunn-Lugar-Domenici legislation which provides funding for training materials, instructors and facilities, and

WHEREAS, the City Council accepted the Nunn-Lugar-Domenici grant on July 16, 2002, and

WHEREAS, City staff has worked for several months with the Stanislaus County Department of Environmental Resources, fire departments and law enforcement agencies, and many other emergency management agencies within Stanislaus County, as well as State Office of Emergency Services representatives to establish a list of personal protective gear, detection equipment, and decontamination equipment to be purchased under this grant, and

WHEREAS, the Stanislaus County Purchasing Division has solicited competitive bids for the items, and

WHEREAS, Fisher Scientific presented the lowest responsive and responsible bid in the amount of \$116,840.27, and

WHEREAS, the Purchasing Supervisor at his discretion per Modesto Municipal Code (M.M.C.), Section 8-3.204(d), determined that a process other than the formal bid procedure set forth in M.M.C. Section 8-3.204 will result in a procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS piggy-backing off the County of Stanislaus' competitive bids will result in a procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS, soliciting bids would produce the same end result and would expend limited staff resources in the process, and

WHEREAS, additional smaller purchases will be made in an amount not to exceed the grant funding available, all of which will be in an amount under the formal bid requirements,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the purchase of training equipment related to the Program for Domestic Preparedness, Nunn-Lugar-Domenici legislation in the amount of \$116,840.27 from Fisher Scientific is hereby approved.

BE IT FURTHER RESOLVED, that the Council hereby approves additional smaller purchases which shall be made in an amount not to exceed the grant funding available, all of which will be under the formal bid limit.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-266**

**A RESOLUTION AUTHORIZING AMENDING A 5309 GRANT WITH THE
FEDERAL TRANSIT ADMINISTRATION FOR THE NEW BUS MAINTENANCE
FACILITY AND AUTHORIZING THE CITY MANAGER TO EXECUTE ALL
GRANT AGREEMENT DOCUMENTS**

WHEREAS, the City of Modesto currently has a 5309 Grant for \$3,668,116 in federal funds for the new Bus Maintenance Facility, and

WHEREAS, an additional \$2,120,260 in federal funds are available for this project, and

WHEREAS, a grant amendment is required to access these funds, and

WHEREAS, the City of Modesto's Strategic Plan includes Strategy III.B.1: "Develop an efficient, well coordinated, county-wide, multi-modal transportation system", and

WHEREAS, the Modesto Area Express is a critical component of the transportation system, and

WHEREAS, amendment of the 5309 Grant will provide additional federal funding which is earmarked by Congress for the Bus Maintenance Facility project, and

WHEREAS, by a report to the Council dated May 12, 2003, from the Engineering and Transportation Department Director, City staff recommended amending the 5309 Grant to recognize additional available funds in the amount of \$2,120,260, and

WHEREAS, a duly noticed public hearing was held by the City Council on this proposed amendment on May 27, 2003 at 5:30 p.m., in the Tenth Street Chambers, located at 1010 Tenth Street, Modesto, California in accordance with FTA regulations, and to receive public input.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the amendment of the 5309 Grant for federal assistance on behalf of the City of Modesto with the Federal Transit Administration (FTA) for Federal assistance authorized by 49 U.S.C. Chapter 53, Title 23, United States Code, or other Federal statutes authorizing a project administered by the Federal Transit Administration to include an additional \$2,120,260 in available federal funds.

BE IT FURTHER RESOLVED that the City Manager or his designee is hereby authorized to execute and file the annual certifications and assurances, grant agreements, and other documents the Federal Transit Administration requires for awarding a federal assistance grant.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of May, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2003-267

A RESOLUTION ADJUSTING RENTAL CHARGES AND FEES FOR
ACTIVITIES AND SERVICES AT THE MODESTO CITY-COUNTY
AIRPORT/HARRY SHAM FIELD, AND RESCINDING COUNCIL
RESOLUTION NO. 2002-304

WHEREAS, Section 7-3.401 of the Modesto Municipal Code authorizes the Council, by resolution, to establish rental charges and fees for activities and services at the Modesto City-County Airport/Harry Sham Field, and

WHEREAS, during the past year the Consumer Price Index (CPI) of the western United States, which is used as the measurement for airport rates and fees adjustment, increased at a rate of two and two-tenths percent (2.2%), and

WHEREAS, the Modesto City-County Airport Advisory Committee recommended adoption of the 2.2% rate increase for general aviation, hangars, offices, and tie-downs at its meeting on March 19, 2003, and

WHEREAS, the Economic Development Committee considered the rate increase at their meeting on April 7, 2003 and recommended the City Council increase general aviation, hangars, offices, and tie-downs by 2.2%, and

WHEREAS, by an agenda report to the City Council from the Engineering and Transportation Director dated May 13, 2003, City staff recommended a rate increase of 2.2% for aircraft hangars, office space, and tie-down rentals, and,

WHEREAS, a duly noticed public hearing was held by the Council on May 27, 2003, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing all interested persons were given an opportunity to be heard relative to the proposal to increase the rates and charges for the Modesto City/County Airport's aircraft hangars, office space, and tie-down rentals.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of

Modesto as follows:

SECTION 1. HANGARS. Rental charges for the rental of hangars at the Modesto City-County Airport/Harry Sham Field are hereby established as follows, payable in advance:

(1) T-Hangars

Hangar A	\$112/*\$138.00 unit per month
End Units	\$130/*\$155.00 unit per month
Hangar B	\$136/*\$161.00 unit per month
End Units	\$168/*\$193.00 unit per month
Hangar C	\$143/*\$169.00 unit per month
End Units	\$173/*\$198.00 unit per month
Hangar D	\$128/*\$153.00 unit per month
End Units	\$152/*\$178.00 unit per month
Hangar E	\$187.00 unit per month
End Units	\$218.00 unit per month
Hangar F	\$187.00 unit per month
End Units	\$218.00 unit per month
Hangar G	\$187.00 unit per month
Hangar H	\$187.00 unit per month
Hangar I	\$365.00 unit per month
Hangar J	\$187.00 unit per month
Hangar K	\$210.00 unit per month
End Unit	\$314.00 unit per month
Storage	\$74.00 per month
Portable Land Rent	\$55.00 unit per month
T-Hangar A – D with electrical service		

A five percent (5%) discount will be made in any of the above rental charges when a year's lease is entered into and the year's rental charges are paid in advance.

(b) Storage Hangars:

Hangar No. 1	\$1,370.00 – Sheriff Aero Squadron lease rate (is discounted to \$930.00 per month)
Hangar No. 2	\$1,143.00 per month
Hangar No. 3	\$602.00 per month
Hangar No. 4	\$1,024.00 per month
Hangar No. 5	\$1020.00 per month
Hangar No. 6	\$597.00 per month

SECTION 2. TIE-DOWN FEES. Tie-down charges and fees at the Modesto City-County Airport/Harry Sham Field are hereby established as follows, payable in advance:

- (a) Tail-in Tie-Down – Permanent, light single and multi-engine (under 12,500 lbs.) \$34.00 per month
- (b) Taxi-in Tie-Down – Permanent, light single and multi-engine (under 12,500 lbs.) \$55.00 per month
- (c) Taxi-in Tie-Down – Permanent, large multi-engine (over 12,500 lbs.) \$.04 per square foot per month
- (d) Taxi-in Tie-Down – Transient, helicopter/single-engine aircraft \$6.00 per day
- (e) Taxi-in Tie-Down – Transient, twin-engine aircraft (under 12,500 lbs.) \$8.00 per day
- (f) Taxi-In Tie-Down – Transient, twin-engine aircraft (over 12,000 lbs.) \$12.00 per day
- (g) Jets – \$12.00 per day

A five-percent (5%) discount will be made in the rental charges set forth in subparagraphs (a), (b), and (c), above when a year's lease is entered into and the year's rental charges are paid in advance.

A volume discount may be given to Fixed Base Operators (FBO) that operate flight schools for light single and multi-engine aircraft (under 12,500 lbs.) for tie-down spaces as set forth in subsections (a) and (b) above. For every two tail-in spaces the FBO agrees to lease, one taxi-in tie-down may be leased for the same price as a tail-in tie-down.

Overnight tie-down of aircraft belonging to or in the custody or possession of a lessee at the Modesto City-County Airport/Harry Sham Field shall be subject to the normal tie-down charge as specified by this section.

SECTION 3. OFFICE SPACE. The monthly charge for office spaces at the Modesto City-County Airport/Harry Sham Field are hereby established as follows:

- (a) Old Administration Building \$.75 per square foot
- (b) Office Building No. 1 \$.75 per square foot
- (c) Office Building No. 2 \$.75 per square foot
- (d) Hangar Office Space \$.341 per square foot

SECTION 4. TEMPORARY USE OF AIRPORT PASSENGER TERMINAL. Organization and service providers desiring to temporarily use the passenger terminal will be charged a daily rate:

- (a) Ticket counter \$.067 per square foot
- (b) Other areas \$.067 per square foot

SECTION 5. NONSCHEDULED TRANSIENT AIRCRAFT CARRYING

PASSENGERS AND/OR CARGO FOR HIRE. Aircraft landing at the Modesto City-County Airport/Harry Sham Field shall pay a landing fee as follows:

- (a) All light single, multi-engine aircraft and helicopters - \$10.00 per landing
- (b) All large single and multi-engine aircraft – \$.66 per 1,000 pounds of gross weight, but not less than \$10.00 per landing
- (c) All transient aircraft owned and operated by individuals, companies, and corporations carrying their own products shall not be charged for the first two (2) trips per calendar months. All other trips for the same calendar month shall be charged for at the same rates applied to nonscheduled aircraft carrying cargo for hire.
- (d) No landing fee shall be charged for any aircraft, which lands at the airport due to any mechanical or other emergency, except weather, provided that such emergency is reported to the Airport Control Tower prior to landing.

SECTION 6. PASSENGER FACILITY CHARGE (PFC). Commercial air

carrying passengers excluding “frequent flyers” or similar airline bonus award enplaning at Modesto City-County Airport/Harry Sham Field shall pay a PFC as approved by Federal Aviation Regulations (FAR) Part 158.

- (a) Enplane passenger by airline \$3.00 per ticket passengers.

SECTION 7. ADVERTISEMENT CALLBOARD. Firms wishing to advertise in

the airport passenger terminal shall have an approved agreement with the City of Modesto. A monthly charge shall be assessed for the use of the advertisement callboard as follows

<u>Display Size</u>	<u>Display Only</u>	<u>Display & Telephone</u>
7.5” x 9.5”	\$30.00	\$50.00
7.5” x 21”	\$35.00	\$55.00
19” x 21”	\$40.00	\$60.00

SECTION 8. FAX SERVICE. Persons wishing to use the airport administration office fax machine shall be charged for the service. Airport personnel is authorized to collect as follows:

- (a) Incoming Service \$.50 per page
- (b) Outgoing Service Area code 209 - \$1.00 per page
Other area codes - \$2.00 first page
\$1.50 - all other pages

SECTION 9. PERMANENTLY BASED COMMERCIAL SERVICES. Any person engaging in a commercial enterprise permanently based at the Modesto City-County Airport/Harry Sham Field shall pay to the City a fee equivalent to the City Business License Fees set forth in Chapter 1 of Title 6 of the Modesto Municipal Code, except that a minimum fee of \$100 will be paid for each aircraft sold, for the privilege of engaging in business in the City of Modesto and on the Airport. Said sum shall be payable at the time and in the manner provided for in Chapter 1 of Title 6 of the Modesto Municipal Code.

SECTION 10. FUEL FLOWAGE FEES. A fuel flowage fee of six cents (\$.06) per gallon of fuel sold or dispensed on the Airport shall be collected for the City of Modesto by the fuel vendors, except that reduced fuel flowage fees collected from scheduled air carriers can be negotiated for volume purchases.

SECTION 11. TEMPORARILY BASED COMMERCIAL SERVICES. Any person engaging in a commercial enterprise, temporarily based at the Modesto City-County Airport/Harry Sham Field, shall pay to the City a license fee in the sum of Two Hundred and no/100ths (\$200.00) Dollars, payable in advance.

Each such operator shall also pay to the City as a minimum an additional sum of Ninety and no/100ths (\$90.00) Dollars per month, or any portion thereof, payable in advance, for the privilege of using the Airport and its facilities.

SECTION 12. OFF-AIRPORT CAR RENTAL OPERATOR FEE. Off-airport operators picking up customers at the Modesto City-County Airport/Harry Sham Field will pay to the City of Modesto the greater of ten percent (10%) of gross on time mileage of vehicles rented or the monthly charge for passenger terminal advertisement space and callboard phone service. Additionally, the operators will be assessed a parking fee at the same rate on-airport car rental operators are charged for vehicles left in the public parking area overnight.

SECTION 13. MOTOR VEHICLE STORAGE CHARGES. Any person who parks a motor vehicle at the Modesto City-County Airport/Harry Sham Field for longer than thirty (30) days at a time shall pay to the City a parking fee of Twenty-five and no/100ths (\$25.00) Dollars per month, payable in advance.

SECTION 14. PENALTIES. A five percent (5%) per month penalty charge shall be made on any of the charges and fees established by this resolution when such charges and fees are not paid within thirty (30) days after they are due and payable. No penalties will be collected on the PFC.

SECTION 15. ANNUAL ADJUSTMENT OF RENTS, FEES AND CHARGES. Commencing July 1, 2003, the rents, fees and charges set forth in Sections 1, 2, and 3 of this resolution may be adjusted annually as of the first day of July.

Said rents, fees, and charges shall be adjusted in the following manner: The base for computing the adjustment is the National Consumer Price Index for the West Urban (all urban consumers), published by the United States Department of Labor, Bureau of

Labor Statistics (“Index”), with a base year of 1982 – 1984 = 100 (“Beginning Index”). The Index published most immediately preceding the Adjustment Date in question (“Adjustment Index”) is to be used in determining the amount of the adjustment. If the Adjustment Index has increased over the Beginning Index, the rents, fees and charges set forth in this resolution shall be set by multiplying the rents, fees and charges set forth in this resolution by a fraction, the numerator of which is the Adjustment Index and the denominator of which is the Beginning Index.

In no case shall the minimum rents, fees and charges be less than existing approved and adopted rents, fees and charges nor shall any increase in a year be greater than five (5%) percent. If the indexes change so that the base year differs from that in effect on July 1, 2002, the Index shall be converted in accordance with the conversion factor published by the United States Department of Labor, Bureau of Labor Statistics. If the Index is discontinued or revised at any time after the effective date of this resolution, such other government index or computation with which it is replaced shall be used in order to obtain substantially the same result as would be obtained if the Index had not been discontinued or revised.

SECTION 16. EFFECTIVE DATE. This resolution shall go into effect and be in full force and operation on July 1, 2003.

SECTION 17. SUPERSEDE. This resolution rescinds Council Resolution No. 2002-304.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of May, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-273**

**A RESOLUTION APPROVING THE SECOND AMENDMENT TO
AGREEMENT WITH MODESTO REDEVELOPMENT ASSOCIATES, A
CALIFORNIA GENERAL PARTNERSHIP, AND AUTHORIZING THE CITY
MANAGER TO EXECUTE THE AMENDMENT**

WHEREAS, on or about May 13, 1968, City of Modesto, as Lessor, and Ray Houghton and Barton Bartoni, as Lessees, executed a Lease Agreement for the lease of a breezeway commonly known as Bartoni Lane (the "Breezeway"), and

WHEREAS, the City and Houghton/Bartoni executed an Amendment to the Lease Agreement, dated October 22, 1968, (Amendment) to provide that the Breezeway would remain open to the public at all times, except in order to make necessary repairs or provide maintenance thereto, and

WHEREAS, on or about January 26, 1999, Houghton/Bartoni assigned said Lease Agreement, and the Amendment thereto, to Modesto Redevelopment Associates, LESSEE, and City consented to said Assignment, and

WHEREAS, LESSEE has requested that it be allowed to close the breezeway during non-business hours, and

WHEREAS, the parties now wish to amend further the Lease Agreement to provide for the closure of the breezeway during non-business hours based on the terms and conditions set forth in this Second Amendment,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves the Second Amendment to Agreement with Modesto Redevelopment Associates concerning the closure of the breezeway known as Bartoni Lane during non-business hours, subject to the terms and conditions set forth in the Second Amendment to Agreement.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Second Amendment to Agreement.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-274**

**A RESOLUTION AMENDING RESOLUTION NO. 90-350, ADOPTING THE
INCREASES OF THE STANISLAUS COUNTY PUBLIC FACILITIES FEES**

WHEREAS, the City Council of the City of Modesto adopted the Stanislaus County Public Facilities Fees for the City of Modesto on March 19, 1990 in Resolution No. 90-350, and

WHEREAS, the City of Modesto entered into a reciprocal collection agreement with Stanislaus County on March 13, 1990, and

WHEREAS, said agreement provides for the collection of Public Facility Fees within the city limits of the City of Modesto and the collection of Capital Facility Fees within the Sphere of Influence of the City of Modesto, and

WHEREAS, the Stanislaus County Board of Supervisors authorized an increase in the County Public Facility Fees on February 4, 2003, and

WHEREAS, a detailed Public Facilities Plan Update has been prepared by Stanislaus County staff dated April 5, 2003. It is attached to Stanislaus County Resolution No. 2003-140 and is incorporated herein as Exhibit A, and

WHEREAS, said study also sets forth the relationship between contemplated future development, the needed facilities, and the estimated costs of those improvements, and

WHEREAS, this report was available for public inspection and review for more than ten (10) days prior to the public hearing, and

WHEREAS, following a duly noticed public hearing held on May 6, 2003, at 5:30 p.m., in the Council Chambers, located at 1010 Tenth Street, Modesto, California, and

WHEREAS, based upon the County report and the Stanislaus County Resolution, the City Council finds as follows:

- A. The purpose of this fee is to finance county public facilities to reduce the impact caused by future development in Stanislaus County. Such improvements include the expansion and construction of public improvements, public services and community amenities.

- B. The fees collected pursuant to this resolution shall be used to finance the public facilities identified in **Exhibit A** attached hereto and incorporated by reference.
- C. After considering the studies and analysis prepared by Stanislaus County staff, and the testimony received at this public hearing, the City Council approves and adopts said report, and incorporates such herein, and further finds that the future development within the City of Modesto will generate additional demands on County public facilities.
- D. As development occurs within the City of Modesto there will be a need for expanded, improved or newly constructed County public facilities. The Board of Supervisors have found that said facilities have been called for in, or are consistent with, the County's General Plan.
- E. The facilities called for in the County Capital Improvement Plan are consistent with the City's General Plan.
- F. The studies and the testimony establish:
- (1) That there is a reasonable relationship between the need for the public facilities designated in Exhibit A and the impacts of the types of development for which the corresponding fee is charged.
 - (2) That there is a reasonable relationship between the fee's use and the type of development for which the fee is charged.
 - (3) That there is a reasonable relationship between the amount of the fee and the cost of the public facility or portion of the public facility attributable to the development on which the fee is imposed.
 - (4) That the cost estimates set forth in Exhibit A are reasonable cost estimates for constructing these facilities, and the fees expected to be generated by future developments will not exceed the total costs of constructing the public facilities identified in Exhibit A.
- G. The Public Facilities Plan Update dated April 5, 2003 is a detailed analysis of how public services will be affected by development within Stanislaus County including the City of Modesto, the existing deficiencies, and the public facilities required to accommodate that development and those deficiencies.

H. The method of allocation of the public facilities fee to a particular development bears a fair and reasonable relationship to each development's burden on, and benefit from, the facilities to be funded by the fee.

WHEREAS, this study finds that Public Facilities Fees are necessary to mitigate impacts caused by new development within the County and that the fees are needed to finance Public Facilities and to assure that new development pays its fair share for these improvements, and

WHEREAS, the California Government Code provides that Public Facilities Fees may be enacted and imposed on development projects, and

WHEREAS, the City Council finds that the public health, safety, peace, morals, convenience, comfort, prosperity and general welfare will be promoted by the adoption of Public Facilities Fees for construction, expansion or improvement of Public Facilities, and

WHEREAS, failure to enact the County's Public Facilities Fees will subject County residents to conditions perilous to their health and/or safety.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. Definitions.

- (a) "Development" shall mean the construction, alteration, addition, occupancy or use of any building or structure within Stanislaus County.
- (b) "Dwelling Unit" shall mean a structure as defined in the Uniform Building Code (UBC) as adopted by Stanislaus County.
- (c) "Residential"
 - (1) "Senior Housing" includes retirement communities restricted to adults or senior citizens, congregate care facilities, and similar residential uses.
 - (2) "Single Family" is typically single-family detached homes on individual lots, such as in residential subdivisions, but could also be in planned developments. Density of development may vary, but is typically ten (10) dwellings per acre or less.

- (3) “Multiple” includes multiple family dwelling units of several types, including high and low rise apartments, high and low rise condominium, and multi-family residential planned unit developments. This category also applies to mobile homes.
- (d) “Industrial” means the manufacture, fabrication, reduction or destruction of any article, substance or commodity or any other treatment thereof in such a manner as to change the form or character thereof, but excluding mini-warehouses which are treated separately.
- (e) “Office”
 - (1) “Medical” means buildings and clinics devoted to the practice of medical and dental professions or providing medical or dental services, including pseudo-medical services, but excluding hospitals and nursing homes, which are treated separately.
 - (2) “General” is all other types of general and professional offices, including but not limited to business parks, corporate headquarters, insurance sales, and research centers, and excluding government and United States Postal Service.
- (f) “Commercial”
 - (1) “Convenience Market” is retail grocery sales, off-site sale of beer and wine, often with on-site gasoline pumps, and usually open 24 hours or extended hours.
 - (2) “Restaurants”
 - (i) “Fast Foods” are eating establishments with or without sit-down facilities and with or without drive-up windows; generally food is ordered and taken to be consumed outside the building, although some on-site seating is usually provided.
 - (ii) “High Turnover” is sit-down eating establishments where food is ordered and consumed on the premises, and customers generally stay less than one hour; frequently

belong to chains and typically serve breakfast, lunch and dinner.

(iii) “Quality” is sit-down eating establishments which generally have turnover rates of one hour or longer, typically do not serve breakfast, and may or may not serve lunch.

(3) “Retail” includes a wide range of retail and service uses, both free-standing and in shopping centers, including but not limited to supermarkets, drug stores, department stores, general merchandise, building materials or lumber stores, specialty retail stores, discount stores, hardware/paint stores, garden centers or nurseries, wholesale markets, apparel stores, furniture stores, video arcades, and new car sales. Does not include the following uses which shall be considered separately: restaurants, convenience markets, banks, savings and loans, movie theaters, and other specifically defined as a separate category for streets fee purposes.

(g) “Financial”

(1) “Banks” are full service financial institutions with or without drive-up windows.

(2) “Savings and Loans” are financial institutions, with or without drive-up windows, which typically offer fewer financial services than banks and are typically smaller in gross floor area than banks. If a given Savings and Loan is 5,000 gross square feet or more, or provides full banking services, it should be treated as a bank.

(h) “Miscellaneous”

The uses in this category are generally self-explanatory. Service station uses are uses which sell automotive fuels and possibly also provide automotive repair service, but do not have small retail shops (such as convenience markets). For fee calculation, a pump is defined as a fuel dispensing station, regardless of the number of pump machines or nozzles

provided. The number of “pumps” using this definition will be the maximum number of standard passenger cars which can be served at the fuel dispensing islands on the site at one time.

(i) “Recreational”

The uses in this category are generally self-explanatory. Golf courses do not include miniature golf uses.

(j) For purposes of fees set forth in subparagraphs 1(a) through 1(i), the following definitions shall apply:

(1) “Low Density Residential Use” shall mean a detached building designed for occupancy by one family.

(2) “Medium Density Residential Use” shall mean a mobile home or an attached building designed for occupancy by two families or two detached buildings designed for occupancy on a single lot.

(3) “Medium High Density Residential Use” shall mean one or more buildings on a single lot designed for occupancy by three or more families.

(4) “Care Home Use” shall mean structures designed for use as a convalescent hospital, or a retirement home, or a twenty-four hour care center for seven or more persons in addition to members of the family, or a child day care center.

(5) “Church Use” shall mean structures primarily designed as a place for public worship.

(6) “School Use” shall include those uses offering educational services and/or vocational training to students aged five years or older but excluding child care facilities.

(7) “Professional Office Use” shall mean structures designed for use in which business, clerical, or professional activities are conducted, including medical or dental offices and laboratories (excluding retail or wholesale sales and banking institutions), and

provided. The number of “pumps” using this definition will be the maximum number of standard passenger cars which can be served at the fuel dispensing islands on the site at one time.

(i) “Recreational”

The uses in this category are generally self-explanatory. Golf courses do not include miniature golf uses.

(j) For purposes of fees set forth in subparagraphs 1(a) through 1(i), the following definitions shall apply:

(1) “Low Density Residential Use” shall mean a detached building designed for occupancy by one family.

(2) “Medium Density Residential Use” shall mean a mobile home or an attached building designed for occupancy by two families or two detached buildings designed for occupancy on a single lot.

(3) “Medium High Density Residential Use” shall mean one or more buildings on a single lot designed for occupancy by three or more families.

(4) “Care Home Use” shall mean structures designed for use as a convalescent hospital, or a retirement home, or a twenty-four hour care center for seven or more persons in addition to members of the family, or a child day care center.

(5) “Church Use” shall mean structures primarily designed as a place for public worship.

(6) “School Use” shall include those uses offering educational services and/or vocational training to students aged five years or older but excluding child care facilities.

(7) “Professional Office Use” shall mean structures designed for use in which business, clerical, or professional activities are conducted, including medical or dental offices and laboratories (excluding retail or wholesale sales and banking institutions), and

pharmacies (excluding manufacture and distribution of pharmaceuticals).

(8) “Commercial Use” shall mean those uses designated as permitted or conditional uses in the C-1 and C-2 Zones of Title 21 of the Stanislaus County Code.

(9) “Fast Food Restaurant Use” shall mean those restaurant structures frequently designed with drive-in or drive-through facilities with menus to accommodate fast ordering and receipt of food with no, or a limited number of, sit-down facilities.

(10) “Convenience Mart Use” shall include those structures of approximately one to five thousand square feet in size which are designed to be open for retail use between fifteen and twenty-four hours a day and which commonly sell fuel for motorized vehicles.

(11) “Industrial Use” shall mean those uses designated as permitted or conditional uses in the M, LM, and PI Zones of Title 21 of the Stanislaus County Code, excluding all those uses which are permitted in any of the other zones as set forth in Title 21 excepting mini-warehouses.

(12) “Capital Improvement” shall mean the following:

(i) Any structure or other improvement constructed or renovated by the County upon property owned by or under its control.

(ii) Any initial equipment or piece of equipment necessary to service new growth or new development.

(13) “Hospital” shall mean a structure designed for health services, both in-patient and out-patient; that includes surgical care of the sick or injured or the physically ill and/or therapeutic treatment for the mentally ill.

Included as an integral part of a hospital are laboratories, out-patient departments, training facilities, central service facilities, and hospital staff offices on the same site. The preceding ancillary uses are considered “professional offices” if located off-site, unless a multi-site campus is

covered by a P-D Zone for hospital uses. A separate set of offices on the same site for physicians is considered “professional offices.”

2. Fee Imposed.

A Public Facilities Fee shall be charged and paid at the time of issuance of a building permit for development. The fee shall be determined by the fee schedule in effect on the date the vesting tentative map or vesting parcel map is approved, or the date a permit is issued. The fee shall not be levied upon any building permit application, deemed complete, if submitted on or before September 1, 2003.

3. Amount of County Public Facilities Fee for the City of Modesto.

(a) The fee for the County-wide development fee within Modesto shall be as specified within the County of Stanislaus County-Wide Fee Schedule for the City of Modesto, adopted on February 4, 2003, by the Stanislaus County Board of Supervisors, attached hereto as **Exhibit B** and incorporated herein by this reference.

(b) Uses included in each land use type are specified in Section 1.

Definitions.

(c) Uses not specified in Section 1. Definitions shall be charged at rates determined by the Director of Public Works, using trip generation estimates found in the most recent edition of Trip Generation Factors prepared by the Institute of Transportation Engineers (ITE) as used by Recht Hausrath during the preparation of the Public Facilities Fee Program or from other data sources acceptable to the Director. The formula used to derive the road fee portion of each category is as specified within the County Public Facility Plan Update Report, adopted by the Stanislaus County Board of Supervisors on February 4, 2003 attached hereto as Exhibit A and incorporated herein by this reference.

4. Exemptions from Fee.

(a) The Public Facilities Fees shall not be imposed on any of the following:

- (1) Any alteration or addition to a residential structure, except to the extent that additional units are created;
- (2) Any alteration or addition to a non-residential structure if the square footage is increased less than ten percent, unless the alteration or addition changes the use of the structure to a higher density category or will result in the generation of additional peak hour trip ends;
- (3) Any replacement or reconstruction of any residential, commercial, or industrial development project that is damaged or destroyed as a result of a natural disaster as declared by the Governor.

(b) Whenever the alteration, addition, replacement, or reconstruction is not exempt, the fee shall be imposed only on the additional units or guest rooms, change in use, or additional trips generated.

5. Payment of Other Fees Required.

(a) Notwithstanding any other provision of this resolution, every development within the incorporated area of Modesto is responsible for the payment of all other applicable fees adopted by the City.

(b) Nothing in this resolution affects the obligation of any person to pay area of benefit fees established pursuant to the City Ordinance Code so long as this fee shall not result in a duplicate fee for any development or portion thereof included in an area of benefit listed in Exhibit A.

6. Collection of Fee Reserves.

(a) The public facility fees which are adopted by this resolution shall be collected by the County of Stanislaus pursuant to a collection agreement which has been executed on the 13th day of March, 1990, between the City of Modesto and the County of Stanislaus.

7. Expenditure and Accounting for the Fees.

(a) The County of Stanislaus is responsible for expending and accounting for the fees adopted by this resolution pursuant to agreement and the requirement of California Government Code section 66000, et seq.

8. Exemption from California Environmental Quality Act (CEQA).

In addition to the other findings made by this resolution, the City Council further finds that CEQA does not apply to the adoption of this resolution. Pursuant to the provisions of sections 15061 and 15273 of the State CEQA guidelines because:

(a) The fees established by this resolution will be collected, in part, for the purposes of obtaining funds to be used for development projects and improvements which are necessary to maintain the current level of service in terms of street capacity within the County as well as the purchase of certain items of capital equipment;

(b) To a limited extent, the fees established by this resolution will be used to fund some new facilities such as traffic signals, park and ride lots, bike paths, and pedestrian foot paths in new neighborhoods outside existing service areas. However, the addition of public facilities to new neighborhoods will not take place until there has been CEQA review of the development projects which will pay for said public facilities via the public facilities fee mechanism established by the Board of Supervisors Resolution No. 89- 1724. The construction of each public facility will be subject to CEQA review. It is, therefore, reasonably certain that this resolution which established public facilities fees will not, by itself, have any possibility of causing a significant effect on the environment.

9. Subsequent Analysis of Fee.

The fee established herein is adopted and implemented by the City Council in reliance on the comprehensive studies that have been prepared by the County. When additional information is available, the City Council shall review this fee to determine that the fee amounts are reasonably related to the impacts of developments, and to consider whether the fee should be more specifically refined. The City may revise the fees to incorporate the findings and conclusions

of further studies and revisions that may be adopted by the Stanislaus County Board of Supervisors.

10. Effective Date of Public Facilities Fee.

This resolution is effective September 3, 2003.

BE IT FURTHER RESOLVED that henceforth the Stanislaus County Public Facilities Fees collected within the city limits of the City of Modesto shall be as set forth in the attached schedule of fees.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of June, 2003, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: Jean Zahr
JEAN ZAHR, City Clerk

MICHAEL D. MILICH, City Attorney

of further studies and revisions that may be adopted by the Stanislaus County Board of Supervisors.

10. Effective Date of Public Facilities Fee.

This resolution is effective September 1, 2003.

BE IT FURTHER RESOLVED that henceforth the Stanislaus County Public Facilities Fees collected within the city limits of the City of Modesto shall be as set forth in the attached schedule of fees.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of June, 2003, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS
ACTION AGENDA SUMMARY

DEPT: CHIEF EXECUTIVE OFFICE

BOARD AGENDA# 9:25 a.m.

Urgent _____ Routine X

AGENDA DATE February 4, 2003

CEO Concurs with Recommendation YES (Signature) NO _____
(Information Attached)

4/5 Vote Required YES _____ NO (check)

SUBJECT:

PUBLIC HEARING TO CONSIDER AN INCREASE IN THE COUNTY PUBLIC FACILITIES FEE PROGRAM.

STAFF RECOMMENDATIONS:

1. AUTHORIZE AN INCREASE IN THE COUNTY PUBLIC FACILITY FEES, AS SHOWN IN ATTACHMENT A, BY RESOLUTION, AFTER FINDING THAT THERE IS A REASONABLE NEXUS BETWEEN THE IMPACT OF GROWTH ON EXISTING FACILITIES, CURRENT LEVEL OF SERVICE AND FEE LEVELS RECOMMENDED BY STAFF.
2. APPROVAL AND ADOPTION OF THE FINDINGS SET FORTH IN THIS ITEM AND AS REQUIRED BY SECTION 66001 OF THE CALIFORNIA GOVERNMENT CODE AS TO THE FEES INCLUDED IN THE MODIFICATION OF THE PUBLIC FACILITY PROGRAM ADOPTED AT THIS MEETING.

FISCAL IMPACT:

By adopting the public facility fee levels as recommended it is estimated that the county will collect approximately \$154 million in facility fee revenue over the next ten years. A preliminary Capital Improvement Plan adopted by the Board on September 17, 2002 identifies approximately \$644 million in public facility needs. A portion of these public facility needs will be a result of growth impacts over the same 10-year period.

BOARD ACTION AS FOLLOWS:

No. 2003-140

On motion of Supervisor Caruso, Seconded by Supervisor Paul

and approved by the following vote,

Ayes: Supervisors: Paul, Mayfield, Grover, Caruso, and Chairman Simon

Noes: Supervisors: None

Excused or Absent: Supervisors: None

Abstaining: Supervisor: None

- 1) _____ Approved as recommended
- 2) _____ Denied
- 3) X Approved as amended

MOTION:

APPROVED THE RECOMMENDATIONS AND ADDED THE EFFECTIVE DATE OF 4/5/03

Christine Ferraro
CHRISTINE FERRARO TALLMAN, Clerk

ORDINANCE NO. C.S. 818

AN ORDINANCE RELATING TO THE PAYMENT OF PUBLIC FACILITY FEES

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS, STATE OF CALIFORNIA, ORDAINS AS FOLLOWS:

Section 1. Subdivision B of Section 23.04.010 of the Stanislaus County Code is amended to read as follows:

"B. The fee shall be determined by the fee schedule in effect on either (a) the date a building permit is issued, or (b) for vesting tentative subdivision maps and vesting tentative parcel maps only, the date the application for such vesting tentative map is complete and accepted consistent with Section 20.13.020, and consistent with Government Code sections 66474.2, and 66498.1 (b), as may be amended or repealed."

Section 2. This ordinance shall take effect thirty (30) days from and after the date of its passage and before the expiration of fifteen (15) days after its passage it shall be published once, with the names of the members voting for and against the same, in the Modesto Bee, a newspaper published in the County of Stanislaus, State of California.

Upon motion of Supervisor Caruso, seconded by Supervisor

Paul, the foregoing resolution was passed and adopted at a

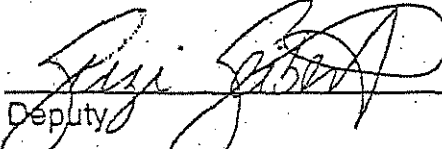

regular meeting of the Board of Supervisors of the County of Stanislaus, State of California, the 11th day of February, 2003, by the following called vote:

AYES: Supervisors: Paul, Mayfield, Grover, Caruso, and Chairman Simon
NOES: Supervisors: None
ABSENT: Supervisors: None

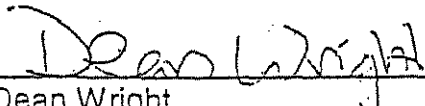

Raymond C. Simon
Chair of the Board of Supervisors of the County of Stanislaus, State of California

By 

ORDINANCE NO. C.S. 824

AN ORDINANCE TO ESTABLISH GUIDELINES FOR PAYMENT OF
PUBLIC FACILITY FEES

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS, STATE OF
CALIFORNIA, ORDAINS AS FOLLOWS:

Section 1. For purpose of the implementation and payment of Public Facility Fees, pursuant to Section 23.04.010 of the Stanislaus County Code, as amended, the Board establishes the following guidelines so that a development project that is not vested would be subject to the fees in place prior to April 5, 2003, if the development project meets either of the following two criteria:

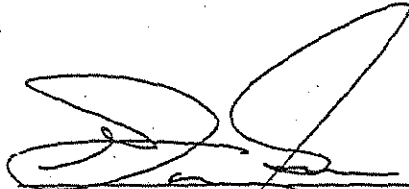

1. The development project is the subject of a written development agreement entered into and signed by the developer(s) and the County or a city within the County prior to April 5, 2003; or
2. A completed building permit application for the development project has been submitted to the County or a city within the County prior to April 5, 2003.

Section 2. This ordinance shall take effect thirty (30) days from and after the date of its passage and before the expiration of fifteen (15) days after its passage it shall be published once, with the names of the members voting for and against the same, in the Modesto Bee, a newspaper published in the County of Stanislaus, State of California.

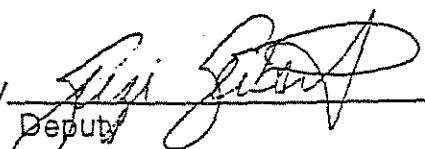

Upon motion of Supervisor Paul, seconded by Supervisor Grover, the foregoing resolution was passed and adopted at a regular meeting of the Board of Supervisors of the County of Stanislaus, State of California, the 11th day of March, 2003 by the following called vote:

AYES: Supervisors: Paul, Mayfield, Grover, Caruso, and Chairma Simon
NOES: Supervisors: None

STANISLAUS COUNTY PUBLIC FACILITIES PLAN UPDATE

BOARD ADOPTED FEBRUARY 4, 2003

FINAL REPORT

Fees effective April 5, 2003

EXECUTIVE SUMMARY

PUBLIC FACILITIES FEE REVISION 2003

Reason for Fees

Stanislaus is one of the fastest growing counties in the country. As the county's population and employment grows, so does the demand for county facilities. Each new resident relies on local government for various types of services. The county's infrastructure must be maintained and extended to meet the service demand of population and employment growth.

Today, local governments' primary source of discretionary revenue comes from sales tax, vehicle license fee revenue and property tax. These funds are used primarily to cover the operating and maintenance cost of county departments. As an immediate response to severe reductions in federal and state assistance, cities and counties throughout California cut back services, deferred maintenance, slashed capital investment, and developed cost recovery programs such as growth impact and user fees.

As a result of wide-spread imposition of growth impact fees, the State Legislature passed AB 1600, which spells out some ground rules for imposition and on-going administration of impact fees. The law, which became effective in January 1989, requires local governments to document the nexus between the amount of new development and the facilities that are required. The law restricts how local governments may impose and use impact fees. But it has also made local governments less vulnerable to litigation and has given developers a more predictable environment in which to build.

In general, the fee cannot be more than the cost of the public facility needed to accommodate growth and fee revenues can only be used for their intended purposes.

Public Facility Fee: History in Stanislaus County

Stanislaus County's Public Fee Program (PFF) was developed in 1989. The Board of Supervisors retained the services of Recht Hausrath & Associates to develop a comprehensive public facility fee program for Stanislaus County. The County's PFF Program has served as a model for many other jurisdictions throughout the State of California. The county's development fees were set in 1990 and were based on a detailed analysis of the impact of growth on public facilities. In 1992 the Board reduced the fees substantially as a result of a severe economic recession and the desire to stimulate economic development.

The bulk of development fees come from residential sources, with non-residential development contributing less than 15% of total fees collected. In addition, almost 50% of public facility fees collected are earmarked for roads.

The County has reciprocal fee collection agreements with all nine cities that include County development provisions within city spheres of influence. The reciprocal fee collection agreements provide for cities to collect fees on behalf of the County that apply to County-provided services within city limits. For example, the County provides library and detention-related Sheriff and Probation services to all residents. Impact fees are collected by the city when development occurs within their incorporated area to cover both City and County provided services, and the County portion is transferred to the County.

Fee Program Categories Defined

There are twelve program categories defined in the 2003-facility fee revision. This number is up from the original nine categories defined in the 1990 original program.

In preparing this revision, the jails category was absorbed by a new category called Detention. The Detention category includes both sheriff detention services as well as probational institutions – including juvenile hall.

Animal services and Emergency Services, have been added to the program and the Fire category deleted due to the changing programming - from direct fire protection to more general emergency services. The 1990 study grouped "in-patient" services and "public health" services as categories; however, over the past decade, Stanislaus County has restructured how health-related services are delivered. In-patient services performed by the Behavioral Health and Recovery Services department are categorized separately in this analysis. Public Health services are now a function of the County's Health Services Agency. This study reflects the current service delivery structure more accurately.

Road fees are still determined through two categorical channels: inter-city and city-county categories, consistent with the original fee schedule. Because road costs are calculated differently than other facility fee categories (by tripends), a separate detailed calculation methodology is used.

Fee Calculation

The fee calculation in most categories (all except road fee calculations) consist of several basic computations which establish the primary elements of the equation. Population, employment trends, current facilities levels and occupancy rates are data sets that can be associated with per capita costs to arrive at adjusted growth-based per capita costs. The final step in fee calculation at that point is to compare with the appropriate unit type (i.e. residential, office/retail, or industrial) to compute the actual fee component.

The county will undertake annual and longer-term reviews of its facilities fee program. The annual review will verify that the assumptions on which the fees are based remain generally applicable; it will also involve adjustments for inflation

based upon a cost of construction index published in the Engineering News Review (ENR). The annual adjustment will include a report that will identify the amount of public facility fee collected for each program area, each public improvement project for which fees were expended, and the construction schedule and budget for each project.

The County is committed to continuous improvement in the development and permitting process. As other funding sources are secured - overall services will be improved countywide. Streamline permitting, a countywide GIS, development triage, rapid workflow processes are all efforts employed by the county to facilitate the approval process for development.

The county will continue to work with the development community to expedite and make more certain the entitlement and permitting schedule in order to reduce the cost impact to the applicant.

BACKGROUND/HISTORY

Introduction: Reason for Fees

Stanislaus is one of the fastest growing counties in the country. As the county's population and employment grows, so does the demand for county facilities. Each new resident relies on local government for various types of services. If public facilities and road capacity is not built to accommodate growth in population and employment, local service deficiencies develop and hinder basic service levels as well as economic development efforts. The county's infrastructure must be maintained and extended to meet the service demand of population and employment growth.

This report documents the cost of public facilities required to maintain current levels of service based upon current per capita (2002 dollars) investments.

Local Governments Financing

Local governments' ability to raise revenue to pay for public services was restricted in 1978 with the passage of Proposition 13. Prior to 1978, local elected officials had the authority to raise property taxes to fund the service needs of the jurisdiction in which they served. After the passage of Proposition 13, base property tax increases are limited to a maximum 2% annually. Also, in 1992, the State reduced the County's share of the revenue from property tax from 25% to 11% of total local property tax collected.

Today, local governments' primary source of discretionary revenue comes from sales tax, vehicle license fee revenue and property tax. These funds are used to cover the operating and maintenance cost of county departments. Other events during the past ten years, such as difficulty passing bond initiatives and severe reductions in federal and state assistance, have undercut the financial capacity of local governments to build infrastructure. As an immediate response to this funding crisis, cities and counties throughout California cut back services, deferred maintenance, slashed capital investment, and developed cost recovery programs such as impact and user fees.

Legislative Authority: Public facilities financing in California

As a result of wide-spread imposition of growth impact fees, the State Legislature passed AB 1600, which spells out some ground rules for imposition and on-going administration of impact fees. The law, which became effective in January 1989, requires local governments to document the nexus between the amount of new development and the facilities that are required. The law restricts how local governments may impose and use impact fees. But it has also made local governments less vulnerable to litigation and has given developers a more predictable environment in which to build.

The Act, contained in California Government Code Section 66000 et seq., requires local governments to make the following findings when adopting an impact fee:

1. Identify the purpose of the fee;

2. Identify the use of fee revenues;
3. Determine a reasonable relationship between the fee's use and the type of development paying the fee;
4. Determine a reasonable relationship between the need for the fee and the type of development paying the fee; and
5. Determine a reasonable relationship between the amount of the fee and the cost of the facility attributable to development paying the fee.

In general, the fee cannot be more than the cost of the public facility needed to accommodate growth and fee revenues can only be used for their intended purposes. The Act also has specific accounting and reporting requirements.

The principal of "nexus" was established by the *Nollan vs. the California State Coastal Commission*, 483 U.S. 825, 107 S. Ct. 3141 (1987). Nexus requires that the fee amount mitigate only those impacts new development creates. For example, impact fees can not be used to fund operational and maintenance cost or to increase existing service standards.

Policies governing fee development state that, prior to levying a new fee or approving a change or increase in an existing fee, a local agency shall hold at least one public hearing at which oral or written presentations can be made. Notice of the hearing and data supporting an adjustment in a fee must be circulated 14 days prior to the adoption of the fee.

Jurisdictional Comparisons

There is a high degree of variation regarding both type and amount of fees charged. Many California cities and counties charge a variety of fees, including planning fees, building permit fees, hook-up fees, utility fees and municipal or countywide public facility fees. Fees vary significantly by region and jurisdiction. Attachment D provides a comparison of some growth impact fees collected by other California local governments in 2002. This chart clearly demonstrates the differences in approaches taken by local jurisdictions: some counties (Sonoma, Monterey, Stanislaus counties) collect fees to cover most or all county services, whereas some counties collect impact fees for specific impacts only (libraries, law enforcement, roads, etc.). The application of those fees to specific types of development also varies between jurisdiction, dependant on the nexus established independently in those counties. For example, the State Department of Housing¹ estimates the total (average) fee for a single family unit in Sonoma County is \$18,400, \$39,203 in Monterey County, and \$15,391 in Stanislaus County.

PFF History in Stanislaus County

Stanislaus County's Public Fee Program (PFF) was developed in 1989. The Board of Supervisors retained the services of Recht Hausrath & Associates to develop a comprehensive public facility fee program for Stanislaus County. The

¹ For additional information regarding facility fee schedule comparisons, see: http://www.hcd.ca.gov/hpd/pay2play/pay_to_play.html

County's PFF Program has served as a model for many other jurisdictions throughout the State of California. The program requires the cooperation of all nine cities in the county and has led to mutual benefit agreements with each of the cities. The county's development fees were set in 1990 and were based on a detailed analysis of the impact of growth on public facilities.

In 1992 the Board reduced the fees substantially as a result of a severe economic recession and the desire to stimulate economic development. Unfortunately, during the same period the State managed their fiscal crisis by significantly altering the formula that dictated the sharing of property tax revenue. Stanislaus County Government's share of the property tax revenue base was reduced by over 50%, drastically impacting local revenue. Many public facilities, including county roads, did not receive adequate funding to maintain the needed capacity to serve a rapidly growing population. The impact of the economic recession remained in Stanislaus County through 1996.

The bulk of development fees come from residential sources, with non-residential development contributing less than 15% of total fees collected. In addition, almost 50% of public facility fees collected are earmarked for roads, leaving only a portion of the capital improvement projects that are required covered by development fees.

Since the adoption of the County's Public Facility Fee Program, approximately \$66 million has been collected which has funded less than 25% of the Capital Improvement Plan (CIP). Major capital project funding sources such as State and Federal grant dollars, public contributions, general discretionary revenue, bond financing and project specific assessments have funded more than 75% of total capital projects.

Finally, the County has reciprocal fee collection agreements with all nine cities that include County development provisions within city spheres of influence. The reciprocal fee collection agreements provide for cities to collect fees on behalf of the County that apply to County-provided services within city limits. For example, the County provides library and detention-related Sheriff and Probation services to all residents. Impact fees are collected by the city when development occurs within their incorporated area to cover both City and County provided services, and the County portion is transferred to the County.

Capital Improvement Plan Overview: Relationship to PFF Schedule

Stanislaus County's preliminary Capital Improvement Plan (CIP) was adopted by the Board of Supervisors on September 17, 2002 and covers a ten-year period. The CIP addresses new development as well as maintenance and renovation of existing facilities. There are currently over \$644 million dollars in project development costs identified in the CIP (See table). During the same ten-year period, it is estimated that the county will collect approximately \$ 154.9 million in public facility fee dollars.

	All Capital Impr. Plan Projects
Animal Services	\$ 8,950,000
Behavioral Health and Recovery Services	21,590,000
General Capital Projects	94,064,207
Clerk-Recorder	100,000
Community Services Agency	13,451,400
Ag Related Projects	25,280,000
Health Services Agency	147,634,850
Library	41,890,000
Parks and Recreation	25,739,049
Comm. Development Block Grant Programs	78,746,000
Probation	17,790,370
Public Works	117,319,630
Sheriff	52,120,000
Total	\$ 644,675,506

Process and Development Model:

Local capital facilities fees are usually determined using an average cost methodology, e.g. historical or projected capital costs are divided by the current or projected future population to yield a per capita or per household cost. The design of a development fee program follows a five step process: (1) Selecting a time period (2) Projecting growth and type of new development; (3) Identifying the facilities needed to accommodate new development; (4) Estimating their cost and (5) Selecting an appropriate and equitable means to allocate cost among new development.

- (1) Time Period - The determination of development fees begins with the selection of the time period over which growth and development will be measured. The county's capital improvements plan and the official population and economic forecasts are central to the impact fee study. Therefore, it is convenient to have the time period aligned with these documents. The county's recently adopted preliminary CIP and growth forecasts are projected to the year 2012. This data is therefore used for fee determination purposes with the exception of roads.

Growth impacts on roads are forecasted over a longer, thirty-year horizon to account for the cumulative impact of growth in road and infrastructure improvements. Individually, new development impacts on roads represent small incremental impacts; however, a large capital investment is required to mitigate these accumulated impacts over a longer period. Many of the projects to mitigate the impacts (road widening; traffic signal improvements; curb, gutter and sidewalk improvements; etc.) must be completed together as a single project, and thus a longer project timeframe must be considered to fund these larger projects.

- (2) Growth Forecast: The requirements for new facilities are based on population and employment growth projected within Stanislaus County. The revised population estimate is 554,995 and the employment

estimate is 216,638 through 2012. Services for non-residential categories are weighted at 50% of residential growth (population) based on the assumption that an employee requirement for public services is one-half that of a resident.

- (3) Facilities to Accommodate Growth - The determination of the quantity of new facilities needed to serve the forecasted population growth requires the adoption of standards. These standards establish the level of service (L.O.S.) for existing and future county infrastructure. Standards are often stated in terms of a department's staff per capita or amount of facilities per capita (e.g., acres of parkland, square feet of development space). The amount of new facilities that new development must fund is calculated according to the projected population and employment growth.

In most cases, the county can adopt its own standards that reduce, maintain, or increase the present level of service being provided to the existing population. In some cases, however, the standards are mandated by state or federal regulations (e.g., minimum number of jail cells with single bunks). New development cannot be held accountable for higher standards than the current population provides for itself; thus, if present facilities are not up to a chosen standard, the county may establish a higher standard only if the county funds the necessary improvements to its existing facilities.

The standards and type of facilities required to maintain current levels of service were established through a two-part process. Initial standards were recommended during extensive consultations with each county department. A policy group, composed of elected policy-makers, then reviewed these standards with key county staff. The final determination is the responsibility of the County Board of Supervisors.

- (4) Estimating Cost of Facilities - The projected need for new facilities was developed by considering the current level of service for facilities; estimating the new facilities requirements at the same level of service, and applying a current (2002) average cost of developing the new facilities. Growth-induced facility needs are estimated by calculating the existing square footage occupied by a given department, and dividing by that department's current service population to establish an existing "square footage per capita." The projected population growth over the ten-year planning horizon is multiplied by the existing square footage per capita to ascertain the extended space needs to support future growth. The resulting additional square footage is multiplied by an average cost per square foot (in 2002 dollars) to obtain an estimated cost impact; and the result is divided by the new growth to determine the "cost per person" in residential and employment growth. The total growth impact cost is also compared to the County's Preliminary Capital Improvement Plan for the same ten-year horizon to identify those projects that will be eligible for partial funding using Public Facilities Fees.

The average per square foot cost of new facilities is based on average cost of similar construction types as reported in by R.S. Means Company in Construction Cost Data, 2002, adjusted regionally for Modesto, California, and by adding County project administrative costs.

Costs of equipment, including vehicles, required to support new growth is determined using the same methodology; that is, applying the current number of vehicles (for example) per person to the projected growth in population to estimate the future number of vehicles needed. The current average cost of vehicles is multiplied by the number of vehicles to obtain a total cost. The total cost is then divided by the number of new residents and employees to obtain a cost per person of the growth impact.

- (5) Allocating Total Facility Costs - There are four steps required to formulate an equitable allocation of the capital costs for county infrastructure: (a) the cost of remedying existing deficiencies must be separated from the financing of facilities to accommodate new growth; (b) costs for county-wide services (e.g., criminal justice system) must be distinguished from county services provided only in the unincorporated areas (e.g., sheriff's patrol); (c) costs for new facilities must be distributed among different types of land use development based on assumed density levels (e.g., residential and non-residential); and finally (d) a higher level of service (new standard) must be funded from non-impact fee revenue.

FEE METHODOLOGY - APPLIED

The public facility fee nexus is derived from several key variables, including population growth trends, employment growth trends, an understanding/inventory of current (status quo) facilities (both buildings and vehicles), clearly defined program categories, and use descriptions.

In this section we will explain each of these key variable points in detail – including how the analysis was completed and incorporated. Finally, we will discuss the actual fee calculation as it applies to the overarching facility fee model.

Population Trend Analysis

The population trend analysis was developed utilizing historical population figures for each city and the unincorporated area of Stanislaus County from the year 1990 through the year 2002, as compiled by the California Department of Finance. The benchmark for the estimates is the Census 2000 Summary File 1.

The year-to-year change in population was measured both in absolute numbers and as a percentage from 1990 to 2002. A growth factor was determined by taking the percentage of average growth from the years 1990 through 2002, and applying this average percentage to arrive at an estimate for the years 2003

through 2012. This was completed for all nine cities in Stanislaus County, as well as for the unincorporated area of the County. (See table below.)

Population Counts					
	1990	2000	2002	2010	2012
Ceres	26,413	34,609	35,650	43,572	45,814
Hughson	3,259	3,980	4,230	5,015	5,233
Modesto	164,746	188,856	198,600	224,428	231,393
Newman	4,158	7,093	7,550	11,283	12,475
Oakdale	11,978	15,503	16,200	20,826	22,176
Patterson	8,626	11,606	13,050	17,224	18,461
Riverbank	8,591	15,826	17,000	26,689	29,875
Turlock	42,224	55,810	59,400	74,606	78,980
Waterford	4,771	6,924	7,125	9,375	10,041
Unincorporated	95,756	106,790	110,700	121,977	124,971
Totals	370,522	446,997	469,505	554,995	579,419

Employment Trend Analysis

The growth in the number of individuals employed in each of the nine cities through the year 2012 was developed utilizing an average of employment data (jobs not labor force) from 1998 through October 2002. The data source was the California Employment Development Department.

The growth in the number of individuals employed in the unincorporated area was extrapolated by taking the difference between the total number of individuals employed in the nine cities for years 1998 - October 2000 and those individuals employed in all of Stanislaus County

For each of the cities and the unincorporated area, an average change in employment was measured both in absolute numbers and by percentage change. The average percentage change in employment for each city and the unincorporated area of the County for the years 1998 through 2002 was applied to the year 2002 to arrive at an estimate for 2003, and continuing through 2012.

Having accounted for employment growth over the schedule window, the final step involves weighting the different types of development, as measured by employment, according to new development's demand for new facilities. This weighting requires an assumption with regard to the relative demand for county services from the population while at work versus while at home. Our fee study assumes that on average a resident requires twice the amount of services, as does an employee. This assumption is used in the analysis here. Therefore, each new employee (projected) is weighted by one half the amount of each new resident. (See calculation explained below)

The total cost of new facilities will be distributed across these weighted measures of growth countywide and in the unincorporated areas. Two distributions provide the basis for fees per residential dwelling unit and square feet of non-residential development during the next ten years.

Employment Calculations												
	Since 2002	2002	2003	2004	2005	2006	2007	2008	2009	2010	2011	2012
		People Employed

Existing Facilities Inventory: The Identification Process

The inventory of County-occupied facilities includes a total of 2,126,969 square feet of office, shop, warehouse, clinic, laboratory, detention and other space as of November 2002. This total represents 1,936,972 square feet of County-owned space, plus 189,997 square feet of space in leased buildings. The square footage is an approximate total of gross square feet within the owned facilities, plus rentable square feet within the leased facilities. This composite inventory combines County Public Works building maintenance records, Risk Management property insurance records and Purchasing property lease records.

For the purposes of calculating growth impacts, certain County-owned facilities are not included in the Public Facilities Fees level of service. These include space occupied by:

- Children and Families First Commission;
- Space occupied by the Modesto Police Department at 3709 Oakdale Road;
- Grand Jury;
- Guardian Ad Litem;
- Law Library;
- Parks & Recreation parks buildings; and
- Superior Courts

The remaining 1,928,583 square feet of County occupied space is provided by department category (Criminal Justice, Libraries, etc.) The space occupied by Probation department offices is separately identified from the Juvenile Hall space

due to the difference in cost of construction of these types of facilities – a necessary consideration in the projection of future facilities costs associated with growth impacts. The Sheriff’s space inventory is also reported separately for operational functions (administration, detectives, patrol, records, etc.) and for detention functions, since sheriff operations mainly support unincorporated County areas, whereas detention/institutional functions (jails) support the entire County. (See Appendix A for inventory detail.)

The inventory of existing County-occupied facilities includes building space (square footage) only. Land area is excluded from the existing facilities inventory except in the calculation of growth impacts for the Parks and Recreation functions. This methodology allows for the forecasting of future building space needs based on the population increase. The projected building space is multiplied by a cost per square foot, and an allowance to include land acquisition (at 20% of the construction cost) and other project costs for design and project management, etc. is added.

Fee Program Categories Defined

There are twelve program categories defined in the 2003-facility fee revision. This number is up from the original nine categories defined in the 1990 original program.

In preparing this revision, the jails category was absorbed by a new category called Detention. The Detention category includes both sheriff detention services as well as probational institutions – including juvenile hall.

Animal services and Emergency Services, have been added to the program and the Fire category deleted due to the changing programming - from direct fire protection to more general emergency services. The 1990 study grouped “in-patient” services and “public health” services as categories; however, over the past decade, Stanislaus County has restructured how health-related services are delivered. In-patient services performed by the Behavioral Health and Recovery Services department are categorized separately in this analysis. Public Health services are now a function of the County’s Health Services Agency. This study reflects the current service delivery structure more accurately.

Road fees are still determined through two categorical channels: inter-city and city-county categories, consistent with the original fee schedule. Because road costs are calculated differently than other facility fee categories (by tripends), a separate detailed calculation methodology is used. (See calculation detail – next section)

Facilities Categories 1990		Facilities Categories 2003	
Countywide	Unincorporated	Countywide	Unincorporated
Criminal Justice	Criminal Justice	Animal Services	Animal Services
Jails	Jails	Behavioral Health	Behavioral Health

	Sheriff	Roads City-County	Roads City-County
	Fire	Roads Inter-City	Roads Inter-City
			Sheriff

Note: Sheriff services remain an unincorporated area fee only.

Use Descriptions

The fee allocation distributes the cost of new facilities that will serve growth among five land use categories (i.e. single-family residential, multi-family residential, office, retail, and small/large industrial). These categories are consistent with the 1990 fee analysis with the exception of large industrial. Here, the category has been better defined to address lower employee densities and to reflect more accurately the industry standards.

Occupancy

Development fees are based upon an average number of residents per dwelling unit and average number of employees per 1,000 square feet for non-residential projects.²

For example - single family residential dwellings average 3.03 people per dwelling unit. Office space averages 3.33 employees per 1,000 square feet. Retail business employs 2.0 employees per 1,000 feet of retail space and small industrial employs 1.429 employees per 1,000 square feet – on average. Large industrial has been further defined by three sub categories: manufacturing, mixed use/distribution, and warehousing. Based upon current manufacturing industry data, .286 employees are allocated per 1,000 square feet for large manufacturing industrial, .064 employees per 1,000 square feet for large mixed use/distribution and .023 employees per 1,000 square feet for large warehousing occupants.

Occupancy:	Ratio (C/ per 1K Sqft)	1 Empl. SQFT	Ratio/1 sqft
Single-Family Residential	3.03		
Multi-Family Residential	3.03		
Office	3.333	300	0.003333
Retail	2.000	500	0.002000
Industrial (S)	1.429	700	0.001429
Industrial (L):			
Manufacturing	0.286	3500	0.000286
Mixed Use / Distribution	0.064	15615	0.000064
Warehouse	0.023	42839	0.000023

Fee Calculation

The fee calculation in most categories (all except road fee calculations) consist of several basic computations which establish the primary elements of the equation. Having discussed the assumptions above (population and employment trends, current facilities levels and occupancy rates) these data sets can then be associated with per capita costs to arrive at adjusted growth-based per capita

² Occupancy assumptions are based upon the 1990 fee schedule. An adjustment has been made to the large industrial category to better depict current industry standards.

costs. The final step in fee calculation at that point is to compare with the appropriate unit type (i.e. residential, office/retail, or industrial) to compute the actual fee component.

Calculation: All non-road categories

Step One: Defining Cost Assumptions

Total (existing) square footage of building space (a)
Existing population plus 50% of employed base (b)

(a) / (b) = (c) square footage per capita
(note: with Animal Services two additional process steps apply discounting City of Turlock and Oakdale populations in per capita calculation. These cities provide their own animal control services.)

Step Two: Applying Projected Growth

Population projection plus 50% employment projection (trend analysis) (d)
Existing population plus 50% of employed base (b)

(d - b) = (e) population and 50% employment growth identified

Step Three: New Growth Facility Cost

Facility construction cost per square foot
(Based upon RS Means, 23rd Annual Edition - see attachment E for complete categorical building inventory) (f)
New growth facility cost is calculated by finding for the product of square footage per capita, population growth, and facilities construction cost per square foot.

(c)(e)(f) = (g) new growth facility cost

Step Four: Current Cost of Vehicles per Capita

Current cost of vehicles per capita is based upon a separate calculation for each fee category. Based upon current vehicle inventory (number and replacement value) and current population (including 50% of employed base) the average cost per capita is derived. (h) (See attachment F for categorical summary of vehicle inventory)

Population growth (e)

(h)(e) = (j) New growth vehicle cost

Step Five: Total New Growth Cost

New growth facility cost (g)
New growth vehicle cost (j)

(g) + (j) = (k) Total new growth cost

Step Six: Adjusted Cost Per Capita

Total new growth cost (k)
Population growth (e)

$$(k) / (e) = (l) \text{ Adjusted cost per capita}$$

Step Seven: Unit Type Calculation

Adjusted cost per capita (l)

Residents per unit or Employees per sq./ft. (m)

$$(l)(m) = (n) \text{ Unit type calculation (fee base)}$$

Fee Calculation: Roads

Traffic impact fees are based on trips generated (tripends) and thus differentiated even more finely among land uses. The total number of peak hour trips are projected by using the forecast of the five types of land use (i.e. single family, multi-family, office, retail, and industrial). Different types of development generate different volumes of traffic. The demand for future traffic improvements will be determined by the amount of driving or "trips" generated by each type of future development growth. Specifically, each type of development generates an average number of peak hour trips, and this peak hour tripend generation factor may be used to allocate the cost of traffic mitigation to new growth in each of the five types of land use categories.

As is common in traffic analysis, tripend, rather than trip, is used as the actual measurement of traffic. Tripend is defined as either a departure or a destination; in other words each trip has two tripends. Tripend generation rates are typically described in terms of peak hour trips (PHT) per dwelling unit for residential land use, and per acre or per thousand square feet for retail, office and industrial uses.

The peak hour trip estimates for five categories of land use in this report are based on the foundational 1990 analysis – including the *Caltrans' Trip Ends Generation Research Counts*, analysis from StanCOG, and the Department of Public Works. The following table presents the peak hour trip factor estimates applied to the forecasted growth for each of the five land use categories.

Land Use Category	Peak Hour Tripends per Unit
Single Family dwelling unit	1.00
Multi-Family dwelling unit	0.67
Retail per thousand square feet	5.14
Office per thousand square feet	2.00
High Density Industrial per thousand square feet	1.00
Low Density Industrial per thousand square feet	0.20

The estimated peak hour trips are used to calculate the total peak hour trips over the next twenty years generated from the forecasted growth³. Because of the

³ Forecasted land use growth countywide and unincorporated areas has been drawn directly from the original 1990 facility study. Land use growth is based on forecasted employment converted to building space using 300 office, 500 retail, and 700 high-density industrial, 2,100 low-density industrial square feet per employee.

different fee categories, peak hour trips are forecast for countywide growth and, separately, for growth in unincorporated areas. The inter-city fee, is calculated by allocating the total local share (total cost minus the expected Caltrans assistance) of inter-city road projects among these tripends. The city/county fee is based on the total peak hour trips generated over the next twenty years except within the Modesto sphere of influence, the Salida Planned Development, and the cities of Ceres, Turlock, Newman, and Waterford (accounting for their respective sphere fees).

The projected peak hour tripends have been forecasted from countywide land use patterns and based on research conducted by the Institute of Traffic Engineers (ITE).

Tripends generated by each type of land use are not equivalent. There are significant differences between the tripends generated by residential, retail, and office/industrial land uses that may be factored into the final calculation of tripends generated over the next twenty years. Without some adjustments, imposing the same cost per trip on retail as the cost for commute trips may appear inequitable. Some adjustments to non-residential land uses are calculated here to demonstrate the options available.

For example, retail trips (44 percent of all tripends), particularly those for convenience stores and fast food restaurants, are shorter than average and often interrupted (stop-on-the-way) or diverted (a few blocks out-of-the-way) trips. These types of tripends are intermediate tripends and should be subtracted from the total unadjusted tripend total.

A second adjustment is necessary to account for shorter trips for retail shopping than a typical commute to work. These adjustment factors are not subtracted from the unadjusted tripends as are the interrupted trips because the tripends still occur. However, the shorter trips reduce the amount of additional road capacity that must be built to accommodate new development. Therefore, the adjustments are made directly to the fees a specific type of land would otherwise pay.

A third adjustment involves the county's policy that allocates the cost of home to work (and work to home) and home to shop (and shop to home) trips towards residential development. While economic logic may justify attributing the cause of a trip to a resident rather than the shopping mall or office building, there exists no practical method of quantifying the effect. Therefore, the application of a "causality factor" must become a policy decision. Consistent with the 1990 fee analysis – we are using an 80% home to shop (and shop to home) trip cost and 60% home to work (and work to home) trip cost to residential development. These causality factors are also reflected in the fee schedules shown in tables B and C at the back of this document.)

A major adjustment in the 2003 fee schedule is the inclusion of the previously omitted State road projects. By recalculating for these projects the tripend and fee calculation is as follows:

Step One: State road projects identified (cost estimates) (a)
County road projects identified (cost estimates) (b)

(a) + (b) = total road projects (cost estimates) (c)

Step Two: Total road projects (c)
Total tripends (all categories) (d)

(b) / (d) = cost per tripend (e)

Step Three: Cost per tripend (e)
Peak hour tripend (f)
Diverted trip factor (g)
Causality adjustment factor (h)

(e)(f)(g)(h) = road fee calculation (l)

The per tripend rate varies by land use category as well as by benefit type (inter-city or city/county).

FEE SCHEDULES BY CATEGORY

Each of the twelve fee categories use the calculation strategy outlined above. In several instances (Library and Parks) an additional step has been added to the calculation process to account for category specific elements – i.e. books at the libraries and regional vs. neighborhood park lands in Parks.

Following the established rationale – cost assumptions per capita (status quo), new growth costs per capita, and unit type (residential, office/retail, industrial) will determine the categorical fee adjustment. (For overall fee summary see attachment A at the back of this document.)

Animal Services

The single family residential unit fee for animal services (countywide and unincorporated) is **\$39.26** – based upon the per capita fee of **\$12.96** dollars and the single family residential ratio of 3.03 persons per household. This assessment is not levied within the cities of Turlock and Oakdale due to existing city provided services. The per capita fee is multiplied by the type of land use density (see second table). The non-residential per capita fee is **\$6.48** dollars.

Cost Assumptions:

Buildings:	
Total Square footage (existing)	26,540
Existing population	566,005
Less: Turlock population	67,200
Less: Oakdale population	18,583
Service area population	480,222

Detention

The single family residential unit fee for Detention (countywide and unincorporated) is \$844.03 – based upon the per capita fee of \$278.56 dollars and the single family residential ratio of 3.03 persons per household. The per capita fee is multiplied by the type of land use density (see second table). The non-residential per capital fee is \$139.28 dollars.

Cost Assumptions:

Buildings:

Total Square footage (existing)	491,424
Existing population	566,005
Square footage per capita	0.87

Projected population (7/1/2012)	698,193
Population growth	132,188
Facilities construction cost/sqft	\$ 319.17
New Growth Facility Cost	\$ 36,630,825

Vehicles:

Other County Facilities

The single family residential unit fee for Other County Facilities (countywide) is \$768.31 – based upon the per capita fee of \$253.57 dollars and the single family residential ratio of 3.03 persons per household. The per capita fee is multiplied by the type of land use density (see second table). The non-residential per capital fee is \$126.78 dollars. This fee category includes an expanded group of county services including the following:

Agriculture Commissioners Office	Aging and Veterans Services
Assessor	Auditor-Controller
Board of Supervisors	Chief Executive Office (all divisions)
Clerk-Recorder/Elections	Cooperative Extension
County Council	Community Services Agency
Department of Employment and Training	Environmental Resources
Child Support Services	Planning
Public Works Administration/Engineering	Strategic Business Technology (SBT)
SBT – Telecommunications	Treasurer-Tax Collector

Cost Assumptions:

Buildings:	
Total Square footage (existing)	740,057
Existing population	566,005
Square footage per capita	1.31

Projected population (7/1/2012)	698,193

Parks

The single family residential unit fee for Parks has two cost variables based upon neighborhood parks (unincorporated county) at \$1135.00 – with a per capita fee of \$374.59 dollars and total county (countywide) fee of \$882.00 – with a per capita fee of \$291.09 based upon the single family residential ratio of 3.03 persons per household. The higher unincorporated fee includes both neighborhood (unincorporated) parklands as well as the regional (all county) facilities. The per capita fee is multiplied by the type of land use density (see second table). The non-residential per capital fee is \$145.54 dollars (countywide) and \$187.30 dollars (unincorporated).

Cost Assumptions:

Neighborhood Parks (Unincorporated County)	
Existing neighborhood park acreage	51.09
Existing population (unincorporated area)	130,655
Total acreage per capita	0.0003910
<hr/>

Sheriff

The single-family residential unit fee for Sheriff Services (unincorporated areas only) is \$688.65 – based upon the per capita fee of \$227.28 dollars and the single-family residential ratio of 3.03 persons per household. The per capita fee is multiplied by the type of land use density (see second table). The non-residential per capital fee is \$113.64 dollars. The Sheriff category is the only program area that does not provide countywide service coverage.

Cost Assumptions:

Buildings:	
Total Square footage (existing)	114,896
Existing population (unincorporated area)	130,655
Square footage per capita	0.88

Projected population unincorporated (7/1/2012)	154,609
Population growth	23,954
Facilities construction cost/sqft	\$ 249.95
New Growth Facility Cost	\$ 5,265,120

Vehicles:

Fee/Program Administration

A small part of the cost of supplying the facilities to accommodate development consists of the documentation, administration and implementation expenses of the fee program. An estimate of 2.5% has been applied to the total fee consistent with the original fee schedule developed in 1990. The actual expense incurred will be monitored and compared with this estimate; the fee will be adjusted as necessary to insure that excess funds are not collected.

In addition, the county will undertake annual and longer-term reviews of its facilities fee program. The annual review will verify that the assumptions on which the fees are based remain generally applicable; it will also involve adjustments for inflation based upon a cost of construction index published in the Engineering News Review (ENR). The annual adjustment will include a report that will identify the amount of public facility fee collected for each program area, each public improvement project for which fees were expended, and the construction schedule and budget for each project.

CONCLUSIONS/SUMMARY

In preparing this report, staff has found adequate and significant non-residential uses (agricultural, retail, commercial, and industrial), for all service categories identified in the fee schedule. Examples include:

- Urgent care and emergency response services from the Health Services Agency and Emergency Services;
- Downed animal removal from the Animal Services Department;
- A safer community and working environment from Detention and Criminal Justice Services; and
- Workplace wellness programming from Behavioral Health based services.

These uses evidence a reasonable relationship between the need and use for the fees and the fee amounts for non-residential development.

The existing public facility fee structure does not fully fund the cost of growth impacts on public facilities. The existing fee level in today's dollars is approximately 33% less than the level adopted by the Board in 1990 as a result of the Board's adjustment in 1992 and no subsequent inflationary modifications. Since 1990 the population has grown by 26% and the number of newly constructed housing units has grown by over 26,000. During the same period the cost of the median priced home has increased by 29% from \$134,000 in 1990 to approximately \$189,000 in 2002. In addition, the number of building permits issued has increased by 50% while the County's public facility fee level has remained considerably less than in many other jurisdictions.

Several core objectives remain central to this fee structure, they are:

- ◆ Countywide fees should apply to all new development including development within the nine cities and non-residential development.
- ◆ Public Facility Fees should be set at a level that fully funds the impact of growth in order to avoid a reduction in services.
- ◆ Other funding sources should be sought and used when possible to increase the level of services provided by the county, including the county road system.

The County is committed to continuous improvement in the development and permitting process. As other funding sources are secured - overall services will be improved countywide. Streamline permitting, a countywide GIS, development triage, rapid workflow processes are all efforts employed by the county to facilitate the approval process for development.

The county will continue to work with the development community to expedite and make more certain the entitlement and permitting schedule in order to reduce the cost impact to the applicant. Consolidating fee schedules to simplify administration will also be used to help reduce time for permitting and to reduce cost.

Total			\$35,742,476.00

The Roads Listed Below Were Removed From The Fee Program By Board Action On June 8, 1999.

<u>Item #</u>	<u>City/County Road</u>	<u>Project Boundary</u>	<u>Estimated Total Cost</u>
1	Geer Rd	Zeering Rd to Taylor Rd	\$383,133.00
2	Golden State Blvd	Zeering Rd to Taylor Rd	\$538,855.00
3	Monte Vist Ave	State Route 99 to Golden State Blvd	\$405,168.00
4	Monte Vist Ave	Golden State Blvd to Turlock City Limits	\$927,342.00
5	Zeering Rd	Ollve Ave to Berkeley Ave	\$600,000.00
Total			\$2,854,498.00

Endnotes: These estimated projects cost included R/W, Engineering and Construction. Their were based by taking six of these project and up-dated them to 2001-2002 current market prices taken from bid received by the County on similar projects. The highest and the lowest numbers were dropped and a average of 4.6 as a multipller applied and rounded-up to the estimates reflected in the 1990 PFF adopted program.

CITY/COUNTY TRAFFIC SIGNALS
No Caltrans Assistance

Item #	Signal Location	Estimated Cost	Other
1	Geer Rd. @ Taylor Rd. (Turlock Sphere)		Removed from PFF by BOS on June 8, 1999
2	GoldenState @ Keyes Rd.	\$0.00	Done
3	Lester @ Monte Vista/ Maint.	\$400,000.00	Signals \$200k; roadwork \$100k; R/W \$50k; Design \$50k
4	Crows Landing @ Service Rd. (Ceres Sphere)		Done
5	Morgan Rd. @ Whitmore Ave. (Ceres Sphere)		By Ceres only
6	Claus @ Claribel Rd. (Riverbank Sphere)	\$0.00	Done
7	Stearns Rd. @ State Route 108/120	\$600,000.00	Signals \$350k; roadwork \$100k; R/W \$50k; Design \$100k
8	Santa Fe @ Main	\$750,000.00	R/R \$250k; signals \$275k; roadwork \$75k; R/W \$50k; Design \$100k
CITY/COUNTY TOTAL		\$1,750,000.00	

Notes: Item # 7, assumes the intersection with 108/120 stays as-is after Caltrans is done with construction of by-pass and is relinquished to County. It is also assume that 2-intersections with traffic signals will be installed at \$175k each plus \$100k for roadwork, \$50k for needed R/w, and \$100k for design engineering

Item # 8, \$250k is allocated for dealing with the R/R x-ing portion only; \$275k is for the road signals to work with the R/R pre-emption; roadwork \$75 does not include dealing with track x-ing's; R/W \$50k acquisitions of land for road intersection only; \$100k deign engineering cost.

CITY/COUNTY STATE HIGHWAY PROJECTS

<u>Item #</u>	<u>Route</u>	<u>Project Boundarlas/Descriptions</u>	<u>County Cost</u>	<u>Other</u>
1	Route 99	Pelandale Interchange <i>Reconstruct</i>	\$10,297,100.00

Note: A public facility fee shall be charged and paid at the time of issuance of a building permit for development. The fee shall be determined by the fee schedule in effect on the date that: the vesting tentative map or vesting parcel map is deemed complete. For projects that do not have a vested map, then, the date a building permit application is deemed complete, or a development agreement was executed shall be the base determinant.

ORDINANCE NO. C.S. _____

**AN ORDINANCE TO ESTABLISH GUIDELINES FOR PAYMENT OF
PUBLIC FACILITY FEES**

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS, STATE OF CALIFORNIA, ORDAINS AS FOLLOWS:

Section 1. For purpose of the implementation and payment of Public Facility Fees, pursuant to Section 23.04.010 of the Stanislaus County Code, as amended, the Board establishes the following guidelines so that a development project that is not vested would be subject to the fees in place prior to April 5, 2003, if the development project meets either of the following two criteria:

1. The development project is the subject of a written development agreement entered into and signed by the developer(s) and the County or a city within the County prior to April 5, 2003; or
2. A completed building permit application for the development project has been submitted to the County or a city within the County prior to April 5, 2003.

Section 2. This ordinance shall take effect thirty (30) days from and after the date of its passage and before the expiration of fifteen (15) days after its passage it shall be published once, with the names of the members voting for and against the same, in the Modesto Bee, a newspaper published in the County of Stanislaus, State of California.

Upon motion of Supervisor _____, seconded by Supervisor _____, the foregoing resolution was passed and adopted at a regular meeting of the Board of Supervisors of the County of Stanislaus, State of California, the _____ day of _____, 2003 by the following called vote:

AYES: Supervisors:

NOES: Supervisors:

ABSENT: Supervisors:

Raymond C. Simon

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-275**

**A RESOLUTION IN SUPPORT OF SOLUTIONS TO THE STATE'S BUDGET
CRISIS**

WHEREAS, the California state budget crisis is the most significant opportunity to reverse negative productivity, financial and economic trends affecting the State, and

WHEREAS, the current debate over the budget assumes that the only options are increasing taxes, decreasing public services, or deficit bonding, an assumption which may not encompass all potentially successful approaches to the crisis, and

WHEREAS, a "Citizens' Budget Plan" devised and offered by the Reason Foundation details these issues, offers constructive solutions, and provides the seeds for the beginning of a possible bipartisan compromise on the budget,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that we strongly encourage the Governor and state lawmakers to:

- **Seek a Bipartisan, Gimmick-Free Budget Agreement:** Compromise and constructive dialogue on the budget must occur now, or the budget problem will not be solved. Moreover, the solution to the current crisis cannot rest on accounting maneuvers, deficit bonding or "savings" that merely push the crisis into the future.
- **Review the Performance and Management of State Programs for Savings:** Instead of cutting the budget across-the-board lawmakers should conduct in-depth, line-by-line reviews of state programs to evaluate the performance and cost-effectiveness of those operations. Where programs are not a top priority or exhibit performance problems, spending should be suspended until the crisis is over. Among the management reforms that lawmakers should consider include: reorganize the state government to integrate duplicative and overlapping programs, reduce excessive personnel costs, implement employee performance management reviews, consolidate

“overhead” services for state agencies, open state commercial activities to competitive sourcing, divest unused assets, use information technology to offer services online, and provide one-stop service for citizens.

- **Improve Quality of Life Programs (Education, Health, Social Service, Transportation):** Certain services that citizens depend on are being provided at higher cost than similar services in other states. The budget should correct this by proposing fundamental reforms to these key program areas using benchmarks from other states, encouraging competition and choice in each service area, expanding local control and delivery of service, and ensuring voter-approved bonds in special funds are not used to cover general fund expenses.
- **Adopt a Biennial Budget and Taxpayer’s Bill of Rights:** To prevent a fiscal crisis from re-occurring, the state should move to a permanent two-year budget cycle and adopt fundamental constitutional reforms to limit growth in government revenues to increases in population and inflation, require a two-thirds vote for tax and fee increases, and create an automatic spending reduction “trigger” when revenues fall short of expectations.
- **Create A “Jobs-Friendly” State in the Nation:** Revenue to the state government will improve if jobs are created in California. To increase revenues, California must become a jobs-friendly state. To achieve this, lawmakers should resist increasing taxes and fees, reform workers’ compensation insurance, and make regulations more performance-based and flexible.

BE IT FURTHER RESOLVED that state lawmakers should not agree to cuts in services or increase taxes, fees or borrowing until they fully explore and act on all ten of these reforms.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-278A**

A RESOLUTION AMENDING THE FISCAL YEAR 2003 CAPITAL IMPROVEMENT AND OPERATIONS BUDGETS TO 1) TRANSFER \$142,043.83 FROM 0700-430-M141, \$762,437.98 FROM 03-0700-410-4120, AND \$949,069.70 FROM 0700-430-Q001 TO 0700-430-4380 '2003 SLURRY & CAPE SEAL PROJECT', 2) TO EXCHANGE \$518,809.05 OF FY2002 AND FY2003 AB2928 FUNDS IN 03-0510-410-4137 FOR GAS TAX FUNDS ABATING EXPENSES IN 03-0100-480-4612 AND TRANSFERRING THOSE FUNDS TO 03-0700-430-4380 '2003 SLURRY & CAPE SEAL PROJECT' 3) AUTHORIZE THE ROLLOVER OF UNEXPENDED FUNDS IN 03-0700-430-4380 IN THE FISCAL YEAR 2003 OPERATIONS BUDGET TO 04-0700-430-4380 IN THE FISCAL YEAR 2004 OPERATIONS BUDGET

WHEREAS, the bids received for the 2003 Slurry & Cape Seal project, were opened at 11:00 a.m. on May 20, 2003, and later tabulated by the Engineering and Transportation Director for the consideration of the Council, and

WHEREAS, the Engineering and Transportation Director has recommended in a separate resolution that the bid of \$2,156,691.42 be accepted as the lowest responsible bid and Finance has determined that there are funds available for this project in Fiscal Year 2003 Capital Improvement and Operations Budgets, and

WHEREAS, revenues have been received from the State of California AB2928 for pavement maintenance,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the FY02-03 Capital Improvement and Operations Budgets to establish a new operational account in the Gas Tax Fund: 03-0700-430-4380 '2003 Slurry & Cape Seal Project', and

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby approves the transfer of \$142,043.83 from 0700-430-M141, \$735,838.91 from 03-0700-410-4120, and \$949,069.70 from 0700-430-Q001 to partially fund 03-0700-430-4380, and

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby approves the closing of 0700-430-Q001 and 0700-430-M141, and

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby approves (1) the exchange of \$518,809.05 of FY2002 and FY2003 AB2928 Traffic Congestion Relief funds in 03-0510-410-4137 with the General Fund for Gas Tax funds that have abated expenses in 03-0100-480-4127, and (2) the transfer of these Gas Tax Funds to 03-0700-430-4380, and

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby certified that all of the AB2829 Funds received by the City in Fiscal Year 2002 have been expended by June 30, 2003 and that the City is compliance with the timely use requirements of the State of California Traffic Congestion Relief Program, and

BE IT FURTHER RESOLVED by the Council of the City of Modesto that all funds in 03-0700-430-4380 that have not been expended by June 30, 2003 will be appropriated to 04-0700-430-4380 in the Fiscal Year 2004 Operations Budget, and

BE IT FURTHER RESOLVED that the Finance Director, or her designee, is hereby authorized to amend both the Fiscal Year 2003 Capital Improvement and Operations Budgets and the Fiscal Year 2004 Operations Budget as specified above.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-280**

A RESOLUTION AUTHORIZING THE PURCHASE OF SEVEN (7) BULLARD THERMAL-IMAGING CAMERAS FROM L.N. CURTIS FOR A TOTAL COST OF \$70,652.75.

WHEREAS, the thermal-imaging camera is the latest technology designed to assist firefighters in search of fire victims, and in assuring all hot spots have been discovered and extinguished, and

WHEREAS, the thermal-imaging camera is used at every potential and working structure fire, and

WHEREAS, in 2000 a committee of Fire Department personnel evaluated several thermal-imaging cameras, and

WHEREAS, through the evaluation process it was determined that the Bullard product was the best fit for the Modesto Fire Department, and

WHEREAS, the Fire Department has since purchased a total of seven (7) Bullard thermal- imaging cameras, and

WHEREAS, an additional seven (7) cameras are needed to complete outfitting of each apparatus and Battalion Chief vehicle, and

WHEREAS, per Modesto Municipal Code (MMC) Section 8-3.204(d) the Purchasing Supervisor at his discretion, determined that a process other than formal bid procedure set forth in MMC Section 8-3.204 will result in a procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS, the Safety and Communities Committee has approved this request on June 2, 2003,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the purchase of seven (7) Bullard thermal-imaging cameras from L.N. Curtis in the amount of \$70,652.75 is hereby approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-281**

A RESOLUTION RESTATING TERMS OF OFFICE AND PROCEDURES FOR THE CITIZENS HOUSING AND COMMUNITY DEVELOPMENT COMMITTEE (CH&CDC), INCLUDING REVISING THE COMPOSITION OF MEMBERSHIP FOR THE CH&CDC TO ACCEPT A REPRESENTATIVE APPOINTED BY THE COUNTY BOARD OF SUPERVISORS WHO IS NOT A MEMBER OF THE BOARD, AND RESCINDING RESOLUTION NO. 2000-437.

WHEREAS, by Resolution No. 75-834, adopted on August 11, 1975, the City Council appointed members to the Housing Maintenance and Counseling Subcommittee of the Citizens Housing and Community Development Committee (CH&CDC), and

WHEREAS, the CH&CDC met on May 26, 2000, and supported dissolution of the Housing Maintenance and Counseling Subcommittee which had not met for approximately ten years, and

WHEREAS, by Resolution No. 2000-437 adopted on August 15, 2000, the Council dissolved the Housing Maintenance and Counseling Subcommittee of the CH&CDC, and restated the terms of office and procedures for the CH&CDC, without inclusion of the Housing Maintenance and Counseling Subcommittee, and rescinded Resolution no. 96-576, and

WHEREAS, according to the resolution, the composition of the CH&CDC would include one member from the Stanislaus County Board of Supervisors, and

WHEREAS, in January 2003, Nick Blom, resigned from the Stanislaus County Board of Supervisors, and Jeff Grover filled his position, and

WHEREAS, since then, staff has been notified that Mr. Grover is unable to fill the seat on the CH&CDC, and

WHEREAS, staff had requested that another member of the Board of Supervisors be assigned to the CH&CDC, as directed by the CH&CDC members, and

WHEREAS, on March 26, 2003, staff was notified through e-mail that the Chair of the Board of Supervisor, Ray Simon, had appointed Jim Duval, Deputy Director of Planning and Community Development Block Grant Programs for the County, as a representative of Stanislaus County to serve on the CH&CDC, and

WHEREAS, on May 13, 2003, by Resolution No. 2003-239, the City Council discontinued the City's Small Business Loan Program and removed the Economic Development Loan Committee from the City's list of active committees, and

WHEREAS, the responsibility to provide staff assistance to the CH&CDC has been reassigned from the Community Development Department to the Parks, Recreation and Neighborhoods Department, and

WHEREAS, the CH&CDC approved this action at its May 5, 2003, meeting, and

WHEREAS, the Council desires to restate the terms of office and procedures for the CH&CDC, including revising the composition of membership for the CH&CDC to accept a representative appointed by the Stanislaus County Board of Supervisors who is not a member of the Board,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

A. Committee Titles and Roles.

The Committee titles and roles as hereinafter state are hereby established.

1. Title: **Citizens Housing and Community Development Committee**

Role: To provide overall review and make recommendations to the City Council regarding the City's Housing and Urban Development Entitlement Grant programs and related projects; to review the Annual Action Plan and the Consolidated Annual

Performance and Evaluation Report; to monitor and evaluate the entire program and committee effectiveness; to involve citizens in the program; and to formulate and transmit recommendations regarding policy matters to the City Council.

2. Title: **Housing Rehabilitation Loan Committee**

Role: To develop a rehabilitation loan pool, especially the procedural manual including administrative procedures and policies for loan funds, eligibility, and extent of governmental and private sector commitment of funds; to monitor and evaluate these rehabilitation loan pool efforts; to oversee and provide approval for individual loans in the Down Payment Assistance Program; to involve citizens in the program; to consider and approve requests for loans through the City Housing Rehabilitation programs; and to formulate and transmit recommendations regarding policy matters to the CH&CDC.

B. Committee Membership Composition and Terms.

Committee membership composition and terms of office shall be as follows:

1. Terms of Office

- a. There shall be a two term maximum for any person.
- b. Full terms shall be four years.
- c. A partial term of two or more years shall be considered a full term.

2. Membership Composition

All regular Committee members shall be appointed by the City Council. The two alternate members of the Housing Rehabilitation Loan Committee shall be appointed as follows:

Alternate Seat No. 8 – A member of the Citizens Housing and Community Development Committee who volunteers to be an Alternate delegate shall be approved by the Chairperson of the Citizens Housing and Community Development Committee and the Chairperson of the Housing Rehabilitation Loan Committee.

Alternate Seat No. 9 – A member of the Housing Authority of Stanislaus County who volunteers to be an Alternate delegate shall be approved by the Executive Director of the Housing Authority of Stanislaus County, the Chairperson of the Citizens Housing and Community Development Committee, and the Chairperson of the Housing Rehabilitation Loan Committee.

- Seat No. 7 – Citizen At Large
- Seat No. 8 – Citizen At Large
- Seat No. 9 – Chairperson, Housing Rehabilitation Loan Committee
- Seat No. 10– Citizen At Large
- Seat No. 11 - Chairperson, Economic Development Loan Committee

b. Housing Rehabilitation Loan Committee

- Seat No. 1 - City Council Member
- Seat No. 2 - Financial Institution/Provider
- Seat No. 3 - Citizen At Large
- Seat No. 4 - Financial Institution
- Seat No. 5 - Provider/Services
- Seat No. 6 - Housing Authority of Stanislaus County
- Seat No. 7 - Provider/Services
- Seat No. 8 - Alternate, Citizens Housing and Community Development Committee
- Seat No. 9 - Alternate, Housing Authority of Stanislaus County

C. Chairperson and Vice Chairpersons.

1. Chairperson for the Citizens Housing and Community Development Committee and the Housing Rehabilitation Loan Committee shall be appointed by the City Council.

2. Vice Chairperson for the Citizens Housing and Community Development Committee and the Housing Rehabilitation Loan Committee shall be elected by the respective committees.

3. Full terms of the office of Chairperson and Vice Chairperson of the committee shall be four years commencing on July 1 of a given year and ending on June 30 four years later. Incumbents may serve more than one term.

D. Quorum and Voting.

1. A quorum shall be six persons for the Citizens Housing and Community Development Committee and four persons for the Housing Rehabilitation Loan Committee.

2. To take formal action, six affirmative votes shall be necessary for the Citizens Housing and Community Development Committee. To take formal action, a vote of a majority of those present, as long as at least a quorum is present, shall be necessary for the Housing Rehabilitation Loan Committee.

3. The Housing Rehabilitation Loan Committee, in order to guarantee a quorum necessary for each meeting, may have two Alternate members who shall be invited to each Committee meeting. These two Alternate delegates may participate in all discussions, but shall not vote on any action, unless their attendance is necessary to make a Committee quorum.

E. Staff

The Parks, Recreation and Neighborhoods Department shall provide staff support for the Citizens Housing and Community Development Committee and the Housing Rehabilitation Loan Committee, and shall coordinate assistance from other City departments.

BE IT FURTHER RESOLVED that City Council resolution No. 2000-437 is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-282**

**A RESOLUTION APPROVING JIM DUVAL, DEPUTY DIRECTOR OF
PLANNING AND COMMUNITY DEVELOPMENT BLOCK GRANT
PROGRAMS, AS A MEMBER OF THE CITIZEN AND COMMUNITY
DEVELOPMENT COMMITTEE (CH&CDC), AN APPOINTMENT BY THE
STANISLAUS COUNTY BOARD OF SUPERVISORS**

WHEREAS, the Modesto City Council passed a resolution No. 2003-281 approving the revision to the composition of membership for the Citizens Housing and Community Development Committee (CH&CDC) restating terms of office and procedures for the CH&CDC and rescinding Resolution No. 2000-437, and

WHEREAS, according to the resolution, the composition of the CH&CDC would include one member appointed by the Stanislaus County Board of Supervisors who is not a member of the Board, and

WHEREAS, on March 26, 2003, staff was notified through e-mail that the Chair of the Board of Supervisors, Ray Simon, had appointed Jim Duval as the representative of Stanislaus County to serve on the CH&CDC, and

WHEREAS, at the May 5, 2003 meeting, the CH&CDC accepted Jim Duval as the representative assigned to the CH&CDC by the Stanislaus County Board of Supervisors,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appointment of Jim Duval, Deputy Director of Planning and Community Development Block Grant Programs, County of Stanislaus, as a member of the CH&CDC is hereby approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-283**

A RESOLUTION APPROVING ALLOCATION OF \$22,867 IN COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) FUNDING AND \$18,011 IN EMERGENCY SHELTER GRANT (ESG) FUNDING FOR FISCAL YEAR 2003-2004 AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO SIGN AND EXECUTE THE AGREEMENTS.

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (H.U.D.), and

WHEREAS, the City receives a Community Development Block Grant (CDBG) and an Emergency Shelter Grant (ESG), and

WHEREAS, the City receives these grants annually because of its population size, number of households living below the poverty level, and the number of housing units that are considered substandard, and

WHEREAS, a maximum of fifteen percent of the City's available CDBG entitlement grant may be allocated to nonprofit organizations for the purposes of providing assistance that is consistent with the functions of CDBG funding to very-low, low and moderate income persons and families residing within the city limits of Modesto, and

WHEREAS, the City allocates one hundred percent of its annual ESG grant to local nonprofit organizations for the purpose of providing assistance that is consistent with the functions of ESG funding to homeless persons and those at great risk for homelessness within the City of Modesto, and

WHEREAS, in Fiscal Year 2003-2004, fifteen percent of the City's available CDBG entitlement is \$433,500, and City's ESG grant is \$88,261,

WHEREAS, the Modesto City Council passed a resolution (Resolution No. 2003-68) on February 4, 2003, approving an allocation of \$150,000 in CDBG public service funds to the Modesto Police Department for the operation of the Crime Free Multi-Housing Program,

WHEREAS, the Modesto City Council passed a resolution (Resolution No. 2003-184) on April 8, 2003, approving an allocation of \$190,745 in CDBG and \$43,850 in ESG public service funding requests for FY 2003-2004, and

WHEREAS, on May 13, 2003, the Modesto City Council passed a resolution (Resolution No. 2003-238) approving the allocation of \$69,888 in CDBG and \$26,400 in ESG public service funding, and

WHEREAS, on April 8, 2003, the Modesto City Council also passed a resolution approving the balance of \$22,867 of CDBG and \$18,011 of ESG to be allocated through a second RFP process, and

WHEREAS, local non-profit organizations were invited to submit Requests for Proposals (RFPs) for the balance of available CDBG Public Service funds in the amount of \$22,867 and for \$18,011 in ESG funds, and

WHEREAS, at a public meeting on June 3, 2003, the Citizens Housing and Community Development Committee (CH&CDC) recommended funding as set forth in **Exhibits "A" and "B"** attached hereto and incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the allocation of \$22,867 in Fiscal Year 2003-2004 CDBG funding to Second Harvest Food Bank and \$18,011 in ESG funding to Interfaith

Ministries, as set forth in Exhibits "A" and "B" attached hereto and incorporated by reference.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager, or his authorized designee, is hereby authorized to execute any documents with respect to implementation of the allocation of Fiscal Year 2003-2004 CDBG and ESG Public Service Grant funding.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

CDBG Applications										
FY 2003-2004										
Agency	Program Name					Funding Request	Recommended	Available		
2nd round						CDBG	Amounts	CDBG		
						CDBG	CDBG	CDBG		
Victory Life Center	Warehouse and Lift Truck Training					20,123	0			
Children's Crisis Center	Sawyer House Food and Toy Sheds					8,000	0			
Stan. Community Assistance Proj.	Prevention for Positive Education					21,968	0			
Healthy Aging Association	Young at Heart					20,942	0			
Second Harvest Food Bank	Food Assistance Program					22,867	22,867			
DRAIL	Assistive Technology Services					12,900	0			
Total						106,800	22,867	22,867		
<p>The Review committee's recommendation is that the Second Harvest Food Bank "Food Assistance Program" be funded with the balance of available CDBG funds, \$22,867. The committee feels that this program provides a basic needs service not provided by any other agency, and that it is a very effective use of funds, as these dollars will be used to serve thousands of persons.</p> <p>Although the other proposing agencies also provide a very valuable service to the community, given the limited funds available, the committee felt that the recommended program was the best use of funds at this time.</p>										

ESG Applications FY 2003-2004							Funding Request ESG	Recommended Amounts ESG	Available ESG
Agency	Program Name								
2nd Round									
Interfaith Ministries	Redwood Family Center					18,000	18,011		
Children's Crisis Center	Sawyer House Homeless Shelter					7,560	0		
Total						25,560	18,011	18,011	
<p>The Review committee's recommendation is that the Interfaith Ministries "Redwood Family Center" be funded with the balance of available ESG funds, \$18,011. The Redwood Family Center is a new program providing a vitally needed service, in providing transitional housing to homeless women with children. This funding will enable the agency to put a new roof on the facility, allowing many years of use. This will be the first year of funding for Interfaith Ministries. Although the Children's Crisis Center is a very worthy program, they have already been allocated ESG funds for 03-04 for Cricket's House, and have more resources at this time than Interfaith Ministries.</p>									

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-284**

A RESOLUTION APPROVING AN AGREEMENT WITH DEL RIO COUNTRY CLUB FOUNDATION TO ADMINISTER THE FIRST TEE PROGRAM AT THE CITY'S MUNICIPAL GOLF COURSE AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT.

WHEREAS, The First Tee Program is a national program formed to promote the involvement of young people in golf and teach life skills as part of its curriculum, and

WHEREAS, City staff and the Golf Courses Committee have recommended introducing The First Tee Program in Modesto, and

WHEREAS, City staff has met with representatives from The First Tee and discussed Muni Golf Course as a possible site for The First Tee, and

WHEREAS, staff has met with representatives from the Del Rio Country Club Foundation which has expressed interest as the non-profit to administer The First Tee Program at Muni Golf Course, and

WHEREAS, the Del Rio CC Foundation feels that their missions and values match those that are required by The First Tee Program to manage and administer a First Tee site, and

WHEREAS, at their November 5, 2001 meeting, the Human Services Committee supported the efforts to bring The First Tee Program to Modesto by working with the Del Rio Country Club Foundation as the possible non-profit organization to administer the program, and

WHEREAS, the Safety & Communities Committee reviewed a progress report on The First Tee Program at its August 5, 2002 meeting, and

WHEREAS, at their December 2, 2002 meeting, the Safety & Communities Committee supported entering into negotiations with the Del Rio CC Foundation to bring The First Tee Program to Muni Golf Course, and

WHEREAS, on January 7, 2003, the City Council adopted Resolution 2003-14 which authorized staff to enter into negotiations with the Del Rio CC Foundation to bring The First Tee Program to Muni Golf Course, and

WHEREAS, at their May 5, 2003 meeting, the Safety & Communities Committee supported entering into a ten-year agreement with the Del Rio CC Foundation to administer The First Tee Program at Muni Golf Course,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an agreement with the Del Rio Country Club Foundation to administer The First Tee Program at Muni Golf Course for a period of ten years.

BE IT FURTHER RESOLVED that the execution of said agreement by the City Manager, or his designee, is hereby authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-285**

**A RESOLUTION AMENDING SECTION 8.4 OF PERSONNEL RULE 8 OF THE
CITY OF MODESTO RELATING TO RELEASE FOLLOWING PROMOTION.**

WHEREAS, Section 1202 of Article XII of the Charter of the City of Modesto provides that the Personnel System provided by said Article shall be implemented by such rules and regulations governing the administration thereof as are adopted by the City Council upon recommendation of the City Manager, and,

WHEREAS, the City Council has adopted Personnel Rules as authorized by the City Charter, and

WHEREAS, the City Council last amended Personnel Rule 8.4 on August 24, 1982 by adoption of Resolution 82-684A, and

WHEREAS, the City Manager has recommended an amendment to Personnel Rule 8.4, and

WHEREAS, the City Council finds that said proposed amendment as recommended by the City Manager promotes the purposes and objectives of the Personnel System,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Personnel Rule 8.4 be amended to read as follows:

8.4 Release Following Promotion

Any employee released during, or at the conclusion of, the probationary period following promotion shall be reinstated, at his/her former salary step, to the position from which he/she was promoted, except as hereinafter provided:

- (a) If the reasons for his/her release are cause for dismissal from the City service, he/she shall not be entitled to reinstatement to his/her former position.
- (b) If an employee in the class of Firefighter is released from probation, he/she shall not be entitled to reinstatement to his/her former position of Firefighter Trainee.
- (c) If an employee in the class of Police Officer is released from probation, he/she shall not be entitled to reinstatement to his/her former position of Police Officer Trainee or Law Enforcement Academy Recruit.
- (d) If an employee in the class of Police Officer Trainee is released from probation, he/she shall not be entitled to reinstatement to his/her former position of Law Enforcement Academy Recruit.

BE IT FURTHER RESOLVED that this resolution shall become effective on and after June 3, 2003.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-286**

**A RESOLUTION GRANTING THE APPEAL OF RMH VENTURES TO A
DECISION BY THE BOARD OF ZONING ADJUSTMENT REQUIRING THAT A
DRIVEWAY BE LOCATED IN ACCORDANCE WITH THE CITY'S STANDARD
SPECIFICATIONS IN CONJUNCTION WITH APPROVING A PLOT PLAN FOR
OFFICES ON THE WEST SIDE OF COFFEE ROAD, OPPOSITE ENSENADA
DRIVE**

WHEREAS, Section 10-2.903(a) of the Municipal Code authorizes the Board of Zoning Adjustment to grant plot plan approvals for office buildings in the P-O zone, and

WHEREAS, on November 26, 2002, RMH Ventures (applicant) submitted an application for plot plan approval for an office building to be located on the west side of Coffee Avenue, opposite Ensenada Drive, and

WHEREAS, the site plan proposed a shared driveway with the parcel to the north of the subject property, and

WHEREAS, it was determined by Engineering and Transportation staff that the proposed driveway did not meet City Standards due to its location relative to Ensenada Drive, and

WHEREAS, the applicant agreed to relocate the driveway in accordance with Standard Specifications, and

WHEREAS, a public hearing was held by the Board of Zoning Adjustment on April 24, 2003, in Chambers, Tenth Street Place, 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

WHEREAS, by Resolution No. 2003-31 the Board of Zoning Adjustment approved the project with the driveway located in accordance with City Standards, and

WHEREAS, an appeal to the Board of Zoning Adjustment's approval of the project with the driveway located in accordance with City Standards was filed with the Office of the City Clerk by RMH Ventures on May 6, 2003, and

WHEREAS, said appeal was set for a hearing before the City Council at its regular meeting place located in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at 5:30 p.m. on June 10, 2003, and

WHEREAS, after said public hearing the Council of the City of Modesto found and determined that the appeal to the Board of Zoning Adjustment's decision requiring that a driveway be located in accordance with the City's Standard Specifications in conjunction with approving a plot plan for offices on the west side of Coffee Road, opposite Ensenada Drive should be granted provided that a median be installed on this section of Dale Road.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal to the Board of Zoning Adjustment's decision requiring that a driveway be located in accordance with the City's Standard Specifications in conjunction with approving a plot plan for offices on the west side of Coffee Road, opposite Ensenada Drive be granted subject to the following conditions:

1. Prior to the issuance of a building permit, the applicant shall install a median on Coffee Road in front of the proposed project in accordance with City standards, as determined by the Engineering and Transportation Director.
2. Prior to the issuance of a building permit, the applicant shall submit a site plan with the revised driveway location and median in Coffee Road for final approval by the Community and Economic Development Director.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-287**

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE FAIRVIEW VILLAGE SPECIFIC PLAN FINAL FOCUSED ENVIRONMENTAL IMPACT REPORT (SCH NO. 95032006): SECOND AMENDMENT TO DEVELOPMENT AGREEMENT BETWEEN THE CITY OF MODESTO AND NORMAN GALAS, JUNE GALAS, STANLEY GALAS, BONNIE K. GALAS AND DEL VALLE CAPITAL CORPORATION, INC., EXTENDING THE LIFE OF THE GALAS BROTHERS VESTING TENTATIVE SUBDIVISION MAP TO DECEMBER 31, 2003.

WHEREAS, on December 12, 1995, by Resolution No. 95-587, the City Council of the City of Modesto certified the Final Focused Environmental Impact Report (“FEIR”) (SCH 95032006) for the Fairview Village Specific Plan, and

WHEREAS, on September 16, 1997, the City Council introduced Ordinance No. 3061-C.S. and which became effective on November 6, 1997, approving a Development Agreement between the City of Modesto and Norman Galas, June Galas, Stanley Galas, Bonnie K. Galas and Del Valle Capital Corporation, Inc. to allow the City to extend sewer service to the property without holding an advisory vote as required by Measure M, and

WHEREAS, on November 26, 2002, the City Council introduced Ordinance No. 3275-C.S. which approved an amended Development Agreement with Norman Galas, June Galas, Stanley Galas, Bonnie K. Galas and Del Valle Capital Corporation, Inc. to extend the life of the Galas Brothers vesting tentative subdivision map to June 30, 2003, and containing provisions related; to the provision of affordable and accessible housing and infrastructure master planning, and

WHEREAS, Del Valle Capital Corporation, Inc. has applied for a Second Amendment to said Development Agreement for the Galas Brothers vesting tentative subdivision map located in the Fairview Village Specific Plan, to extend the life of the vesting tentative subdivision map to December 31, 2003, and containing provisions related to the provision of affordable and accessible housing and infrastructure master planning, (“the project”) and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for an EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City's Community & Economic Development Department by Environmental Assessment Initial Study No. EA/C&ED 2002-59 reviewed the proposed project to determine whether the project is within the scope of the Fairview Specific Plan EIR, and made the determination that the project will have no additional significant effect on the environment that was not identified in the EIR and, further, that no new or additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the EIR, and

WHEREAS, the proposed Second Amendment serves only to extend the life of the agreement and where no other changes to the scope or impacts of the project, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on June 10, 2003, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered Environmental Assessment No. EA/C&ED 2002-59, a copy of which is attached hereto as Exhibit "A" and incorporated herein by reference, and based on the substantial evidence included in said Initial Study for the proposed project, makes the following findings:

1. As per Section 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this project is within the scope of the projects covered by the Fairview Village Focused EIR (SCH No. 95032006) and no new environmental document or findings are required by CEQA.
2. There are no substantial changes proposed in the project which will require major revisions of the Fairview Village Focused EIR.
3. There are no substantial changes occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Fairview Village Focused EIR.
4. No new information of substantial importance, which was not known and could not have been known at the time the Fairview Village Focused EIR was certified as complete, has become available.
5. The Initial Study, Environmental Assessment EA/C&ED 2002-59, provides the substantial evidence to support findings 1-4.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community and Economic Development Director is hereby authorized and directed to

file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 fo the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT "A"
INITIAL STUDY
EA/C&ED NO. 2002-59

City of Modesto
Initial Study

**First Amendment to Development Agreement Between the City of Modesto
and Norman Galas, June Galas, Stanley Galas, Bonnie K. Galas and Del Valle
Capital Corporation, Inc.**

EA/CDD 2002-59
October 30, 2002

I. PURPOSE

On December 12, 1995, the Modesto City Council certified the Final Focused Environmental Impact Report for the Fairview Village Specific Plan (SCH# 95032006). This Final Focused EIR analyzed the impacts of build-out of the Fairview Village Specific Plan, which includes the area in which this project is proposed.

Section 15182 of the CEQA Guidelines allows the Fairview Village Specific Plan Final Focused EIR to be used for subsequent projects, if the following findings can be made:

- A. No substantial changes are proposed in the project which will require major revisions of the environmental impact report.
- B. No substantial changes are occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the environmental impact report.
- C. No new information, which was not known and could not have been known at the time the environmental impact report was certified as complete, becomes available.

The purpose of this Initial Study is to provide the substantial evidence for the above findings.

II. PROJECT DESCRIPTION

- A. Project title:
First Amendment to Development Agreement Between the City of Modesto and Norman Galas, June Galas, Stanley Galas, Bonnie K. Galas and Del Valle Capital Corporation, Inc.
- B. Lead agency name and address:
City of Modesto, PO Box 642, Modesto, CA 95353
- C. Contact person and phone number:
Steve Mitchell, Community Development Department, (209) 577-5287
- D. Project Location:
The south side of Hatch Road west of Dezzani Lane and Ironside Drive.
- E. Project Sponsor:
Del Valle Capital Corporation, 1012 Tenth Street, Modesto, CA 95354

- F. General Plan Designation:
Village Residential (VR)
- G. Current Zoning:
Specific Plan-Overlay (SP-O) Zone
- H. Description of Proposed Project:
This is an amendment to the development agreement for the Galas Brothers vesting tentative subdivision map. The purpose of the development agreement is to extend the life of the tentative map to June 30, 2003, to provide a commitment to make available a percentage of the houses to low and moderate income families, and to provide a commitment to do storm drainage master planning.
- I. Surrounding land uses:
The project is surrounded on the north by existing ranchettes, to the east by existing single-family homes, and to the south and west by agricultural land designated in the Specific Plan for residential development.
- J. Other public agencies whose approval is required:
None

III. ANALYSIS OF CONFORMANCE WITH SECTION 15182 FINDINGS

- A. No substantial changes are proposed in the project which will require major revisions of the environmental impact report

Following is an analysis of how there are no substantial changes proposed in the project which would require major revisions of the Fairview Village Specific Plan Final Focused EIR:

1. Traffic and Circulation Needs

Impacts to traffic and circulation are discussed on pages 18 through 42 of the Fairview Village Specific Plan Final Focused EIR. The approved subdivision is consistent with the Fairview Village Specific Plan in land use and intensity, and will have access to adjacent streets consistent with the Specific Plan. This development agreement will not affect the traffic and circulation design of the subdivision. Therefore, the traffic generation from this development is consistent with the assumptions in the EIR, and there would be no change needed to this section of the EIR.

2. Degradation of Air Quality

Impacts to air quality are analyzed on pages 43 through 47 of the Fairview Village Specific Plan Final Focused EIR. Air quality impacts are directly related to traffic impacts for this project, as automobile exhaust emissions account for the vast majority of impacts to air quality in a residential development. Since the traffic impacts are consistent with those analyzed in the EIR, the air quality impacts are also consistent with those analyzed in the EIR.

3. Noise

Noise impacts are analyzed on pages 48 through 54 of the Fairview Village Specific Plan Focused EIR. The Galas Brothers subdivision is consistent with the Fairview Village Specific Plan in land use and intensity, and will have sound a wall along Hatch Road. The development agreement does not affect the land use, intensity or layout of the subdivision. Therefore, there would be no change needed to this section of the EIR.

4. Loss of Productive Agricultural Land

Loss of productive agricultural land is analyzed on pages 55 through 59 of the Fairview Village Specific Plan Focused EIR. The Galas Brothers subdivision is consistent with the Specific Plan in land use and intensity. Therefore, there would be no additional impacts to agricultural land with this development agreement, and no change needed to this section of the EIR.

5. Loss of Sensitive Wildlife and Plant Habitat

Impacts to sensitive wildlife and plant habitat are analyzed on pages 60 through 64 of the Fairview Village Specific Plan Focused EIR. The subdivision is consistent with the Specific Plan in land use, intensity and physical location. Therefore, there would be no additional impacts to sensitive wildlife and plant habitat with this development agreement, and no change needed to this section of the EIR.

6. Disturbance of Archaeological or Historical Sites

Impacts to cultural resources are analyzed on pages 65 through 68 of the Fairview Village Specific Plan Focused EIR. The subdivision is consistent with the Specific Plan in land use, intensity and physical location. Therefore, there would be no additional impacts to cultural resources with this development agreement, and no change needed to this section of the EIR.

7. Increased Demand for Schools

Demand for schools is analyzed on pages 69 through 73 of the Fairview Village Specific Plan Focused EIR. It concluded that demand for schools would be mitigated by collection of fees by the affected school districts. Since this project would be required to pay these fees, this conclusion remains valid, and no changes are needed to this section of the EIR.

8. Generation of Hazardous Materials

Generation of hazardous materials is analyzed on pages 74 through 76 of the Fairview Village Specific Plan Focused EIR. The subdivision is consistent with the Specific Plan in land use and intensity. Because this development agreement would not affect the land use and intensity of the subdivision, no changes are needed to this section of the EIR.

- B. No substantial changes are occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the environmental impact report

The Fairview Village Specific Plan Focused EIR was certified by the Modesto City Council on

December 12, 1995. In the period since then, there has been no significant development in the surrounding area, and physical conditions affecting the subdivision have not changed significantly since then. Therefore, there have been no substantial changes with respect to the circumstances under which this project is being undertaken which will require major revisions in the Fairview Village Specific Plan Focused EIR or General Plan Master EIR.

- C. No new information, which was not known and could not have been known at the time the environmental impact report was certified as complete, becomes available

The Fairview Village Specific Plan Focused EIR was certified by the Modesto City Council on December 12, 1995. Since then, there is no new information, which was not known at the time the Fairview Village Specific Plan Focused EIR was certified, has become available, that would change the conclusions of the EIR.

IV. CONCLUSIONS/DETERMINATIONS OF FINDINGS

- A. There are no substantial changes proposed in the project which will require major revisions of the Fairview Village Specific Plan Focused EIR.
- B. There are no substantial changes occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Fairview Village Specific Plan Focused EIR.
- C. No new information, which was not known and could not have been known at the time the Fairview Village Specific Plan Focused EIR was certified as complete, has become available.
- D. This initial study provides substantial evidence to support findings A, B and C, above.

Principal Planner

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-288**

A RESOLUTION GRANTING THE APPEAL OF ZAKARIA KANNO AND RACHEAL KANNO TO THE DENIAL OF AN APPLICATION FOR A VARIANCE TO ALCOHOLIC BEVERAGE CONTROL (ABC) STANDARDS FOR A TYPE 20, OFF-SALE BEER AND WINE LICENSE AT AMERICAN GAS, 1200 – 6TH STREET IN THE CITY OF MODESTO.

WHEREAS, regulations require the State Alcoholic Beverage Control Board to review applications and to approve or deny applications based on undue concentration of liquor licenses in census tracts, pursuant to Business and Professions Code (Chapter 6, Article 1, Section 23958 et seq.), and

WHEREAS, denial of certain types of applications are now appealable to the “local governing body” to consider recommending approval of the license “if public convenience or necessity would best be served”, and

WHEREAS, the Modesto City Council is the local governmental governing body to whom applicants requesting liquor licenses on premises in the City of Modesto may apply for a determination as to whether the public convenience or necessity would best be served by the issuance of such licenses at a requested location, and

WHEREAS, on February 27, 1996, by Resolution No. 96-84, the City Council adopted a policy entitled “Criteria for Variance to the ABC Standards”, which provides criteria and conditions governing the liquor license applications in the City of Modesto’s jurisdiction, as well as providing for review and decision by an Administrative Hearing Officer, and

WHEREAS, on June 11, 1996, by Resolution No. 96-332, the Council approved an amendment to said policy to include an Alcoholic Beverage Control Worksheet/Checklist, and

WHEREAS, Zakaria Kanno and Racheal Kanno filed an application with the Alcohol Beverage Control (ABC) Board for a new license, Type 20, which would authorize the sale of beer and wine only at American Gas, 1200 – 6th Street in Modesto, and

WHEREAS, on February 24, 2003, a hearing was conducted to review the merits of the application and to receive input from City staff, letters and comments from the community and testimony received from the applicant, after which it was concluded by the Administrative Hearing Officer that the issuance of the license for American Gas, 1200 – 6th Street did not meet established criteria, and said application was therefore denied, and

WHEREAS, by letter dated April 1, 2003, received by the City Clerk's Office from Racheal Kanno, an appeal was filed with the City Council, and

WHEREAS, said appeal was set for a public hearing before the City Council at its regular meeting place in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, on June 10, 2003, at 5:30 p.m., at which date and time said duly noticed public hearing was held, and

WHEREAS, after hearing evidence, both oral and documentary, the Council found and determined that said appeal should be granted,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council finds and determines as follows:

The public convenience and necessity would be served by the issuance of the ABC Type 20 License as requested by the applicant for the following reasons:

- The surrounding area does not have any licenses of this specialized type.
- The applicant reports that many customers come into the business for the express purpose of purchasing beer and/or wine.
- The applicant submitted petitions signed by approximately 160 of the applicant's customers in support of the appeal.

BE IT FURTHER RESOLVED that the appeal of Zakaria Kanno and Racheal

Kanno for an off-sale retail beer and wine license for American Gas, 1200 – 6th Street in the City of Modesto, is hereby granted.

BE IT FURTHER RESOLVED that City Staff is hereby directed to file a request under separate cover with the ABC to restrict the applicant's license to prohibit single-unit sales.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Jackman, Keating, O'Bryant, Mayor Sabatino

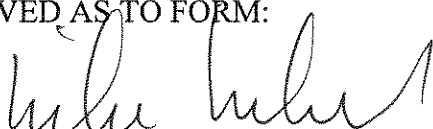

NOES: Councilmembers: Frohman

ABSENT: Councilmembers: None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-289**

**A RESOLUTION AMENDING THE VILLAGE ONE FACILITIES
PRIORITIZATION LIST TO TRANSFER PROJECT SD-214 (LANDSCAPE
WEST BASIN) FROM PRIORITY 2 TO PRIORITY 1**

WHEREAS, on January 7, 2003, the City Council adopted the Village One Facilities Prioritization List ("Facilities Prioritization List") for projects remaining to be constructed in Village One and guidelines related thereto (Resolution No. 2003-20A), and

WHEREAS, the City Council has determined that Project SD-214 (Landscape West Basin) should be transferred from Priority 2 to Priority 1 on the Facilities Prioritization List, and

WHEREAS, the transfer of Project SD-214 from Priority 2 to Priority 1 will allow the Village One Community Facilities District to realize a savings of approximately \$123,119.73, and

WHEREAS, Resolution No. 2003-20A is hereby reaffirmed in every other respect and incorporated herein as though repeated in its entirety for the sake of administrative convenience,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Village One Facilities Prioritization List, attached hereto as **Exhibit "A"**, is hereby approved, transferring Project SD-214 (Landscape West Basin) from Priority 2 to Priority 1.

BE IT FURTHER RESOLVED that the following Facilities Prioritization List policy guidelines are hereby reaffirmed:

1. Until all projects within a higher priority, with Priority 1 being the highest priority, (i) have been constructed by Community Facilities District No. 1996-1 ("CFD"), (ii) have been constructed by a third party, pursuant to a contract executed with the CFD, and reimbursement has been paid to said third party, or (iii) funds have been reserved to construct the remaining projects within said priority, no projects within a lower priority shall be constructed by the CFD, no reimbursement shall be paid to a third party for construction of lower priority work and no funds shall be reserved for lower priority work.
2. A third party due reimbursement from the CFD, pursuant to an executed contract with the CFD, shall be placed in position, within a priority, based upon the date the Notice of Completion is issued for the work performed under said contract.
3. The City Council may, by subsequent action of the City Council, move a project or projects from one priority to another priority.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-290**

**A RESOLUTION APPROVING CONSOLIDATION OF CIP PROJECT Q316
(SD-214, LANDSCAPE WEST BASIN) INTO CIP PROJECT Q302 (SD-203,
VILLAGE ONE STORM DRAIN IMPROVEMENTS)**

WHEREAS, the City Council is desirous of consolidating CIP Project Q316 into CIP Project Q302, and

WHEREAS, the engineering/design budget for CIP Project Q316 has already been established, and

WHEREAS, appropriation from the Village One One-Time Facilities Reserves fund is needed to fully fund CIP Project Q316,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the following appropriation is hereby approved to consolidate CIP Project Q316 into CIP Project Q302 and to fully fund CIP Project Q302:

Appropriations

FROM:	2600-020-Q316-6010	\$ 111,000.00
	2600-800-8000-8408	\$1,390,000.00
TO:	2600-020-Q302-6040	\$1,112,000.00
	2600-020-Q302-6010	\$ 111,000.00
	2600-020-Q302-6050	\$ 167,000.00
	2600-020-Q302-6060	\$ 111,000.00

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-292**

A RESOLUTION AWARDED A CONTRACT TO MARTIN & CHAPMAN OF ANAHEIM, CALIFORNIA FOR PROFESSIONAL SERVICES TO CONDUCT THE DECEMBER 9, 2003 CITY COUNCIL RUN-OFF ELECTION USING AN ALL MAIL BALLOT IN THE AMOUNT OF \$127,139.42, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT.

WHEREAS, at the January 7, 2003 City Council Meeting, the City Council directed the City Clerk to solicit Requests for Proposals for vendors to provide election services for the December 9, 2003 run-off election and prepare for the failure of the Charter Amendment in the November election; and,

WHEREAS, proposals were issued on April 5, 2003 to those vendors who are approved by the Secretary of State to manufacture, finish and print ballot cards for use in California elections; and

WHEREAS, proposals were also issued to two local vendors; and

WHEREAS, an advertisement was placed in the Modesto Bee and the proposal was posted on the City of Modesto website; and

WHEREAS, the City received proposals from two different vendors; and

WHEREAS, Martin & Chapman has agreed to provide the services outlined in **Exhibit "A"** attached hereto and incorporated herein by reference in the amount of \$127,139.42, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves award of a contract to Martin & Chapman for professional services to conduct the December 9, 2003 run-off election using an all mail ballot.

BE IT FURTHER RESOLVED that the City Manager or his designee is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-293**

**A RESOLUTION ACCEPTING THE ECONOMICS RESEARCH
ASSOCIATES MANAGEMENT AUDIT OF THE CITY OF
MODESTO GOLF FACILITIES.**

WHEREAS, the City of Modesto engaged Economics Research Associates to prepare a Management Audit of the City of Modesto Golf Program in 1998, and

WHEREAS, the Modesto golf market has financially declined in the five years since the Economics Research Associates audit was completed, and

WHEREAS, in order to minimize the impact to the General Fund and to maximize the City's investment in the Golf Program's infrastructure, a re-examination of the management options presented in the 1998 report was needed, and

WHEREAS, at its February 3, 2003 meeting, the Safety & Communities Committee supported the recommendation to authorize staff to enter into negotiations with Economics Research Associates to re-examine options for the City of Modesto Golf Program, and

WHEREAS, on February 25, 2003, the City Council adopted Resolution 2003-92 which authorized staff to negotiate an agreement with Economics Research Associates to reexamine options for the City of Modesto Golf Program at a cost not to exceed \$20,000, and

WHEREAS, at its March 31, 2003 meeting, the Safety & Communities Committee considered an update on the agreement reached with Economics Research Associates to provide a Management Audit of the Modesto Golf Courses,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Economics Research Associates' Management Audit of The City of Modesto Golf Facilities.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Frohman, was upon roll call carried and the resolution adopted by the following vote:

NEGOTIATIONS WITH VALLEYCREST AND FM GOLF AND TO EXERCISE
CITY'S RIGHT TO EXTEND CONTRACTS AS OF JUNE 30, 2003**

WHEREAS, the City of Modesto is currently contracting with ValleyCrest for golf maintenance services and FM Golf for golf operations, and

WHEREAS, the current contracts with ValleyCrest and FM Golf are due to expire on June 30, 2004, and

WHEREAS, the City of Modesto has the sole and exclusive right to offer to extend these agreements for an additional five (5) year period, and

WHEREAS, the City of Modesto must give written notice to Valley Crest and FM Golf at least three hundred sixty-five (365) days prior to the expiration of the initial term of these agreements to either begin negotiations leading to a possible five-year extension or to advise of termination at the expiration of the existing contract, and

WHEREAS, at its February 3, 2003 meeting, the Safety & Communities Committee recommended that the City Council direct staff to meet with Valley Crest and FM Golf to determine if more favorable agreements can be negotiated with these primary contractors, and

WHEREAS, on February 25, 2003, the City Council by motion directed staff to meet with Valley Crest and FM Golf to determine if more favorable agreements could be negotiated, and

WHEREAS, a Management Audit of the City golf courses by Economics Research Associates in May, 2003, suggests the existing contracts are cost-effective and that the City of Modesto's ability to significantly improve its existing contracts is unlikely, and

WHEREAS, at their June 2, 2003 meeting, the Safety & Communities Committee supported staff's recommendation to enter into negotiations and to exercise City's right to offer to extend agreements with Valley Crest and FM Golf as of June 30, 2003,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby authorizes staff to enter into negotiations and to exercise City's right to offer to extend agreements with Valley Crest and FM Golf as of June 30, 2003.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of June, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Frohman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-323**

**A RESOLUTION FINDING "UNITED CABLE/COMCAST" TO BE IN
MATERIAL BREACH OF THE CABLE TELEVISION FRANCHISE AND
IMPOSING PENALTIES.**

WHEREAS, United Cable Television Corporation, a subsidiary of Comcast (hereinafter "United Cable/Comcast") holds a cable television franchise in the City of Modesto, and

WHEREAS, on May 14, 2003, the City Manager issued a Notice of Breach of the Comcast's Cable Television Franchise based on United Cable/Comcast's failure to complete the grounding corrections within the time provided for in the Franchise Documents, and

WHEREAS, on June 24, 2003, the City Council held a noticed public hearing on whether United Cable/Comcast was in breach of its obligation to complete the grounding corrections on or before March 14, 2003 as required under the Franchise Documents, and to determine the appropriate remedy for such breach, and

WHEREAS, the City Council has considered all of the testimony, both oral and written, received by the City Council at or before the hearing on June 24, 2003,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. FINDINGS; MATERIAL BREACH OF THE CABLE TELEVISION FRANCHISE. The City Council hereby finds and determines, based on the evidence submitted at the hearing and on the staff report, which is incorporated herein, that United Cable/Comcast is in material breach of its obligation to correct the grounding of the cable system as required by the Franchise Documents.

a. Franchise Documents. As used in this Resolution, the "Franchise Documents" include the following: the Settlement Agreement between Cable One and the City of Modesto dated February 13, 2001; Ordinance No. 3203-C.S. approving the transfer of the cable television franchise from Cable One to United Cable Television Corporation; the Certificate of Acceptance of the Transfer executed by United Cable Television Corporation on March 7, 2001; the Franchise Ordinance (Article 11, Chapter 4 of the City Municipal Code, as amended) the Franchise Renewal Agreement, as adopted by Ordinance No. 3223-C.S., and the Certificate of Acceptance of the Franchise Renewal dated June 11, 2001), Resolution No. 2002-299, approving the change in control by reason of the merger of AT&T Broadband and Comcast; and the Certificate of Acknowledgment of the Approval of the Change of Control executed by AT&T Comcast.

b. In reaching its determination that United Cable/Comcast is in material breach of the Franchise, the Council makes specific reference to the following:

1. The current franchisee is United Cable Television Corporation ("United Cable"). United Cable was a subsidiary of AT&T Broadband when United Cable acquired the Modesto cable franchise on March 7, 2001. On November 18, 2002, by reason of the merger of AT&T Broadband and Comcast, United Cable became a subsidiary of AT&T Comcast, now known as Comcast.

2. Ordinance No. 3203-C.S. approving the transfer from Cable One to United Cable provides, in pertinent part:

"AT&T Broadband [United Cable] acknowledges that failure to perform these improvements and corrections [including grounding] within the times set forth in the settlement agreement shall constitute a material breach of the franchise. (Id. at Section 2.F.)

"AT&T Broadband [United Cable] agrees to complete, within the times set forth on Exhibit D, the grounding requirements set forth on Exhibit D." (Id. at Section 4.3.)

Exhibit D to Ordinance No. 3203-C.S. sets forth the requirements for grounding and the times for grounding. Exhibit D further establishes the methodology for the verification inspection to determine if the grounding corrections have been completed as required by Ordinance No. 3203-C.S.

3. The Certificate of Acceptance of the Franchise executed by United Cable states that United Cable:

" unconditionally, irrevocably, and without reservation accepts the Cable Television Franchise. . . . including Ordinance No 3203-C.S."

"Covenants and promises to faithfully undertake and perform each and every promise, covenant, commitment and undertaking contained in the Franchise Ordinance;

"Expressly declares and agrees to comply with each and every term, condition, and agreement contained in Ordinance No 3203-C.S., approving the transfer of control."

4. Under the terms of Ordinance No. 3203-C.S. Exhibit D, United Cable was required to inspect all drops to determine grounding code compliance status. United Cable was to deploy scheduled crews to inspect, make code corrections as necessary, and add tracking codes to its subscriber management system. All phases on the grounding corrections and repairs were to be complete within 24 months of the transfer date. At the time of completion, the City was to conduct a statistically accurate (+/- 3%) verification inspection. Completion of the grounding repairs required demonstration of 90% compliance.

5. The transfer date for the Cable One to United Cable transfer was March 7, 2001.

6. Throughout the correction period, United Cable/AT&T Broadband provided written and verbal progress reports to the City that indicated that the grounding project was underway and was on or ahead of schedule for completion by March 2003.

7. Resolution 2002-299 approving the change in control by reason of the merger of AT&T Broadband and Comcast provided that:

"F. Nothing in this Resolution or in the City's consent to this change in control shall be construed, in any manner whatsoever, by AT&T Broadband, AT&T Comcast, or any of the subsidiaries of AT&T Comcast, as precluding or impacting the City's ability or authority to address any act(s) of noncompliance by Franchisee or failure(s) to act by Franchisee, pursuant to the terms of the Franchise Agreement and the Franchise Ordinance. In particular, and without limiting the forgoing, Franchisee, in acquiring the cable system in Modesto, as part of the transfer approval from Cable One, and incorporated in the Franchise Agreement, agreed as follows:

"AT&T Broadband has acknowledged and agreed that, pursuant to the settlement agreement between Cable One and the City, the transfer ordinance approving the transfer to AT&T Broadband and the franchise Renewal Agreement, AT&T Broadband was and is currently required to perform certain physical improvements and corrections, and that these improvements and corrections were a condition of the Cable One/AT&T Broadband transfer and are binding on AT&T Broadband. AT&T Broadband has acknowledged that failure to perform these improvements and corrections within the times set forth in the settlement agreement shall constitute a material breach of the franchise. Execution and delivery of the certificate of acceptance of the franchise by AT&T Broadband constituted its agreement to be bound to this condition and to the terms of this Resolution, and the Franchise Agreement including, without limitation, the conditions requiring physical improvements and corrections to the cable system."

8. The Certificate of Acknowledgment of the approval of the change of control by reason of the merger of AT&T Broadband and Comcast acknowledges that the change in control does not "affect, diminish, impair or supercede the binding nature of the commitments of United Cable" and that AT&T Comcast "will use its best efforts to ensure that the Franchisee complies with its obligations under the Franchise Documents." (Section 1)

9. The City Council finds that the merger and change in control does not provide an excuse or reason for any extension in the time for compliance with the grounding obligations.

10. Kramer.Firm, Inc. conducted the verification inspection in late March and early April 2003. A copy of the report of this inspection is on file with the City Clerk and was provided to Comcast and to the City Council. The results of the inspection showed that only 71.3333% of the locations inspected were grounded in compliance with grounding requirements of the City's Municipal Code adopting the National Electrical Code rather than the required 90%. Therefore, Comcast has not demonstrated compliance with the grounding requirement.

11. Based on the foregoing, the City Council hereby finds United Cable/Comcast in material breach of the Franchise by reason of its failure to complete the required grounding corrections in the manner and within the time set forth on Exhibit D of Ordinance 2303-C.S.

SECTION 2. PUBLIC SAFETY. The City Council further finds and determines that the grounding corrections are required for the public health and safety. Grounding of the cable system is required by the National Electrical Code, adopted by

the City into its Municipal Code. Two sections from the National Electrical Code Handbook (2002 ed.), which the City uses for guidance, are particularly helpful to understand why the City takes this matter so seriously:

NEC Handbook Commentary for Section 250-94:

For example. . . assume that a current is induced in the power line by a switching surge or a nearby lightning strike, so that a momentary current of 1000 amperes flows over the power line to the power-line ground. ***This amount of current is not unusual under such circumstances. The amount could be, and often is, considerably higher.*** Also assume that the power ground has a resistance of 10 ohms. . . (Emphasis added.)

. . . the current flowing through the equipment connected to electrical system will be raised momentarily to a potential of 10,000 volts (1000 amperes × 10 ohms). This potential of 10,000 volts would exist between the CATV system and the electrical system and between the grounded conductor within the CATV cable and the grounded surfaces in the walls of the home, such as water pipes (which are connected to the power ground), over which the cable runs. ***This potential could also appear across a person with one hand on the CATV cable and the other hand on a metal surface connected to the power ground (e.g., a radiator or refrigerator).*** (Emphasis added)

Actual voltage is likely to be many times the 10,000 volts calculated, because extremely low (below normal) values were assumed for both resistance to ground and current. Most insulation systems, however, are not designed to withstand even 10,000 volts. Even if the insulation system does withstand a 10,000-volt surge, it is likely to be damaged and breakdown of the insulation system will result in sparking. (Emphasis added.)

...

NEC Handbook commentary for Section 820.40(D):

Proper bonding of the CATV system coaxial cable sheath to the electrical power ground is needed to prevent potential fire and shock hazards.

...

If an individual is the interface between the two systems and the bonding has not been done in accordance with the Code, the high-voltage surge could result in electric shock. More common, however, is burnout of the television tuner because this part is almost always an interface between the two systems. The tuner is connected to the power system ground through

the grounded neutral of the power supply, even if the television itself is not provided with an equipment grounding conductor. (Emphasis added.)

There are additional provisions of the NEC Handbook that further illustrate the public safety nature of the grounding requirement. In Ordinance No. 3203-C.S., the City provided for a lengthy period of time to bring the cable system into compliance with the City's grounding requirements. All persons doing business within the City of Modesto are required to comply, when applicable, with the City's Municipal Code adopting the National Electrical Code and other safety codes for the safety of the public and property. Pursuing compliance with public safety codes is a necessary and important for the safety of the City and its residents and property.

SECTION 3. REMEDIES AND TIME FOR CORRECTION.

A. The City Council further finds and determines that the remedies for material breach of the franchise include, but are not limited to:

1. termination or revocation of the franchise;
2. correction or cure of the material breach;
3. monetary penalties for each deficiency of up to \$5,000 plus \$100 per day for each day that the deficiency continues;
4. specific performance, damages and other remedies at law or in equity.

These remedies are not exclusive and may be pursued in combination as the City Council determines is appropriate.

B. The City Council hereby orders the following to provide an adequate and reasonable remedy for material breach of the franchise:

1. United Cable/Comcast shall correct the grounding so that it will pass the verification inspection as set forth on Exhibit D of Ordinance 3203-C.S. in the shortest possible time.

2. United Cable/Comcast shall pay the following penalties and damages for material breach of the franchise. Such penalties and damages shall accrue on a daily basis beginning on May 14, 2003 (the date of the Notice of Breach) until the grounding corrections are complete and a verification inspection determines that the work is complete as set forth on Exhibit D to Ordinance No. 3203-C.S.

The sum of \$5,000 plus \$1.00 per day per deficiency beginning May 14 through June 30 is \$1,079,192 and is due on July 1. An additional fine of \$1.10 per deficiency shall be accrued on a daily basis during the months of July and August, 2003, and shall be due and paid on the first day of each following month. For each subsequent two month period the fine shall be increased by \$.10 per day per deficiency and shall be due and paid monthly on the first business day each following month. Each non-compliant grounding location is a separate deficiency. Based on the Kramer.Firm report and a total of 78,069 cable locations in the City, as of the date of this Resolution there are 22,379 non-compliant grounding locations.

The City Manager may reduce the penalty amount if United Cable/Comcast can demonstrate, based on statistically accurate (+/-3%) inspections, that the grounding in a designated phase has been completed, as required by Exhibit D, thereby reducing the total number of drops that are out of compliance with grounding requirements.

3. The City Council finds and determines that this is a reasonable and adequate penalty in that it is of sufficient size, in light of the estimated revenue of the cable operator, to constitute a penalty, without being confiscatory; it will provide an incentive to complete the grounding corrections as accurately and expeditiously as possible; the Franchise Documents were explicit and the cable franchisee specifically stipulated that failure to correct the grounding within 24 months from the date of the Cable One to United Cable transfer would constitute a material breach and the material breach is directly related to the public health and safety.

4. The City Manager, in consultation with the City Attorney and special legal counsel, is hereby authorized to notify the surety company of the material breach of the Franchise, to make a demand on the Performance Bond, and/or to call the Letter of Credit, at the time and in the manner that the City Manager and the City Attorney deem appropriate.

5. In addition to and not as an offset against all other fines or charges described above, the Franchisee, United Cable/Comcast shall pay for the City's costs and expenses of enforcement and inspections to assure that the work required to complete the grounding requirements is completed in accordance with Ordinance 3203-C.S. the Franchise Documents and this Resolution. (Ordinance No. 3203-C.S. Section 4, No. 5), including, but not limited to, the costs and expenses for re-inspections and City staff and legal expenses.

6. The City Attorney is authorized and directed to file an injunction action against United Cable/Comcast to require it to remove all facilities and connections that are not properly grounded in order to eliminate the threat to public

safety. The City Council reserves the right to initiate additional legal action at a later date to pursue alternative remedies for the material breach of the franchise.

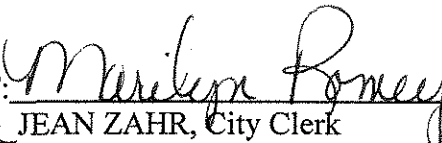

SECTION 4. APPROPRIATION OF CITY FUNDS. Funds of \$100,000 will be transferred from the Cable One settlement account #0100-800-8000-8003 to the cable and technology account #0100-020-0219-8129.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Frohman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-295**

A RESOLUTION REQUIRING THAT CANDIDATES FOR THE NOVEMBER 4, 2003 REGULAR MUNICIPAL ELECTION PAY A \$500 DEPOSIT AS A CONDITION OF HAVING HIS OR HER CANDIDATE STATEMENT INCLUDED IN THE VOTER PAMPHLET AND REQUIRING THE CITY CLERK TO BILL SUCH CANDIDATES FOR THEIR PRO RATA SHARE OF THE ACTUAL COST OF THE PRINTING OF SUCH STATEMENTS AFTER THE ELECTION.

WHEREAS, pursuant to Section 85300 of the Political Reform Act, added by Proposition 73 of the June 1988 Statewide Primary Election, Public Funds; Prohibition, "No public officer shall expend and no candidate shall accept any public monies for the purpose of seeking elective office".

WHEREAS, State Elections Code Section 13307(e) provides that before the opening of the nomination period, the Council must determine whether the candidates shall pay for their statements and it was determined that candidates will be charged a \$500.00 deposit at the time of filing their nomination form, and

WHEREAS, the City Clerk was directed, pursuant to Election Code 13307(c) to bill the candidate for any additional actual expense or refund any excess paid depending on the final actual cost.

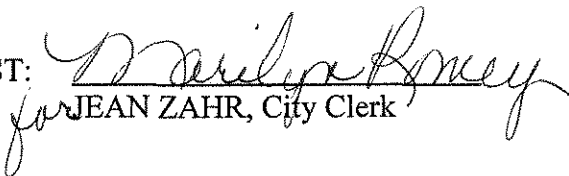

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby declares that candidates for election in the Regular Municipal Election to be held on November 4, 2003 shall be required to pay a \$500 deposit as a condition of having his or her candidate statement included in the voter pamphlet.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-296**

**A RESOLUTION INDICATING THE CITY COUNCIL'S INTENTION TO
CONDUCT THE DECEMBER 9, 2003, RUN-OFF ELECTION, IF NEEDED, BY
MAIL**

WHEREAS, in the event the proposed Charter amendment placed on the November 4, 2003 Municipal Election that would move the City's run-off election from December of odd-numbered years to March of even-numbers years is not approved by the voters, and no candidate is elected by a majority in that election, the two candidates receiving the most votes will run against one another in a December run-off election; and

WHEREAS, the County Clerk Recorder has stated she is unable to conduct the City's run-off in December 2003, and;

WHEREAS, according to the Elections Code, the County Elections official has 28 days to certify the November Municipal Election, which falls on December 2, 2003, making it impossible to have sufficient time to hire precinct workers and establish polling locations; and

WHEREAS, the City issued a Request for Proposals for election services to assist the City Clerk in conducting the December run-off using an all-mail ballot process; and

WHEREAS, after the bid opening conducted on May 6, and after staff evaluation in determining the most responsive bidder, the City has entered into an agreement with Martin and Chapman for election services for a cost of \$127,139; and

WHEREAS, the City Council must indicate its intention to conduct the December 9, 2003 run-off election, if needed, by mail.

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby declares that if a run-off election is required as a result of the Regular Municipal Election to be held on November 4, 2003 said run-off election shall be held by mail and scheduled on December 9, 2003.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-297**

A RESOLUTION APPROVING A SETTLEMENT AGREEMENT BETWEEN THE CITY OF MODESTO, COMMUNITY FACILITIES DISTRICT NO. 1996-1 (VILLAGE ONE) AND LING INVESTMENTS, A CALIFORNIA LIMITED PARTNERSHIP, FOR THE PAYMENT OF UNPAID WATER CONNECTION FEES AND UNDERPAID ONE-TIME SPECIAL FACILITIES TAXES AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE SETTLEMENT AGREEMENT

WHEREAS, staff determined that the Opera House project underpaid its one-time special facilities taxes by \$76,654.78 (Underpaid Taxes) and its water connection fees by \$24,329.00 (Unpaid Water Fees), and

WHEREAS, the Jaguar/Opera House Partnership LP that originally developed the Opera House project has dissolved, and

WHEREAS, the eight (8) lots remaining to be developed in the Opera House project are owned by Ling Investments, a California Limited Partnership, ("Ling"), and

WHEREAS, the City of Modesto and Ling agree to discount the Unpaid Water Fees by twenty-five (25%) percent with Ling to pay the amount of \$18,246.75 for Unpaid Water Fees, and

WHEREAS, the City of Modesto, Community Facilities District No. 1996-1 (Village One) and Ling have reached an agreement whereby the Underpaid Taxes and the Unpaid Water Fees will be spread equally over the eight (8) lots remaining to be developed in the Opera House project,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto that the Settlement Agreement between the City of Modesto, Community Facilities District No. 1996-1 (Village One) and Ling Investments, a California Limited

Partnership, for the payment of underpaid one-time special facilities taxes in the amount of \$76,654.78 and unpaid water connection fees in the amount of \$18,246.75 is hereby approved.

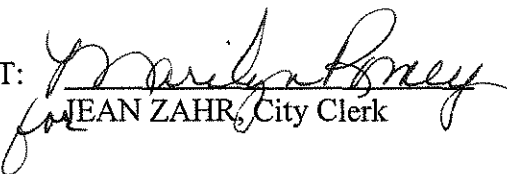

BE IT FURTHER RESOLVED that the execution of said agreement by the City Manager, or his designee, is hereby authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-298**

A RESOLUTION APPROVING AN AGREEMENT BETWEEN THE CITY OF MODESTO AND TURNSTONE CONSULTING FOR PRELIMINARY WORK TO ASSIST IN THE PREPARATION OF AN ENVIRONMENTAL IMPACT REPORT FOR A PROPOSED KAISER MEDICAL CAMPUS PROJECT, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT IN AN AMOUNT NOT TO EXCEED \$130,793.00

WHEREAS, Kaiser Permanente has applied for an amendment to the Kiernan Business Park Specific Plan, rezoning to a planned development zone, a development agreement, annexation and sphere of influence amendment to allow a 1.2 million square-foot medical campus located on the west side of Dale Road north of Bangs Avenue (Kaiser medical campus), and

WHEREAS, Section 21080.1 of the California Public Resources Code requires the City of Modesto, as lead agency, to make a determination of whether an environmental impact report is required for projects, and

WHEREAS, the City has determined that an environmental impact report is required for the proposed Kaiser medical campus project, and

WHEREAS, on December 10, 2002, the City Council approved a list of environmental service providers, including the firm of Turnstone Consulting, to assist with the preparation of environmental impact reports and other environmental documents, and

WHEREAS, City staff selected Turnstone Consulting to prepare the environmental impact report for the Kaiser medical campus because of their extensive experience on similar projects in other jurisdictions, and

WHEREAS, City Staff anticipates that the EIR work will involve three contract phases, the first phase being the current contract for preliminary work leading to the EIR in an amount not to exceed \$130,793 and

WHEREAS, City staff will be returning to Council for contract amendments for the second and third phases of work for preparation of the Draft EIR and Final EIR,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the agreement between the City of Modesto and Turnstone Consulting for preliminary work to assist in the preparation of an environmental impact report for the proposed Kaiser medical campus be in an amount not to exceed \$130,793, and it is, hereby approved.

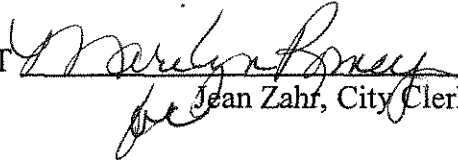

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-299**

**A RESOLUTION APPROVING AN AMENDMENT TO THE AGREEMENT
WITH WEST YOST AND ASSOCIATES (WYA) IN THE AMOUNT OF \$92,500
FOR ADDITIONAL UNFORESEEN WORK IN DEVELOPING THE DETAILED
WATER SYSTEM HYDRAULIC MODEL**

WHEREAS, on July 23, 2002, the City Council approved a professional services agreement with West Yost and Associates to prepare the Water System Hydraulic Model Update and Associated System Analysis (Study), and

WHEREAS, the Study will perform critical infrastructure planning tasks, including identifying improvements for existing and future services and identifying improvements needed for the Modesto Regional Water Treatment Plant (MRWTP) planned expansion, and

WHEREAS, additional work efforts are needed for the Study in the amount of \$92,500 to develop the detailed water system hydraulic model including pipe by pipe data checks and resolving land use and population projection inconsistencies, and

WHEREAS, this amendment to agreement, identifying additional work efforts for an amount of \$92,500, will enable the Study to proceed as planned with the remaining tasks,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment to agreement with West Yost Associates in the amount of \$92,500 for additional services for the Study.

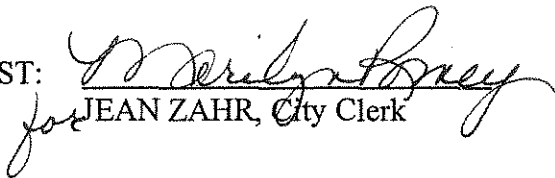

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the amendment to agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003 - 301**

A RESOLUTION APPROVING THE SUBMITTAL OF AN APPLICATION FOR A SMALL COMMUNITY AIR SERVICE PROGRAM GRANT IN THE AMOUNT OF \$872,500 TO THE DEPARTMENT OF TRANSPORTATION FOR AN AIRLINES STARUP INCENTIVE PROGRAM, AND AUTHORIZE THE CITY MANAGER, OR HIS DESIGNATED REPRESENTATIVE, TO EXECUTE NECESSARY DOCUMENTS

WHEREAS, Congress recently approved funding in their FY 2003 Omnibus Bill for the Small Community Air Service Development Program, and

WHEREAS, Communities that will be considered eligible for funding must either have insufficient air service or have unreasonably high airfares, and

WHEREAS, the Modesto City County Airport meets the Department of Transportation's definition of a small community that is lacking adequate air service and has unreasonably high airfares, and

WHEREAS, City Staff has prepared an application that encourages the formation of a public-private consortium of market area businesses and organizations, and staff is encouraging a community base support of a local match in the amount of \$191,000 for the grant, and

WHEREAS, the application recommends a Regional Carrier to provide daily direct service to Los Angeles International Airport and recommends a Charter Carrier to provide service to Las Vegas on a four-times a week schedule, and

WHEREAS, the recommended Regional Carrier has provided the City with their letter supporting the City application and service between Modesto and Los Angeles International Airport, and efforts are still underway to get the Charter Carrier's support, and

WHEREAS, City Staff has requested and expects to receive letters of support from community businesses and organizations that will become part of the City application, and

WHEREAS, the Council's Economic Development Community endorsed the Small Community Air Service Program concept, and approved the preparation of a City application at its April 7, 2003 meeting,

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Modesto that it hereby authorizes the submittal of an application in the amount of \$872,500 to the Department of Transportation for a Small Community Air Service Development Program grant.

BE IT FURTHER RESOLVED, that the Council authorizes the City Manager or his designated representative to submit the application, and execute necessary documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-302**

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN THE CITY OF
MODESTO AND THE MODESTO IRRIGATION DISTRICT FOR THE
DISCHARGE OF STORM DRAINAGE WATER FROM THE KANSAS-
NEEDHAM STORM DRAINAGE BASIN TO LATERAL NO. 4**

WHEREAS, the City of Modesto is desirous of developing a positive storm drainage system in the downtown area, and

WHEREAS, the Modesto Irrigation District (MID) owns the property known as Lateral No. 4, and

WHEREAS, the Modesto Irrigation District has agreed to allow the discharge of storm drainage water from Kansas-Needham basin into Lateral No. 4,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto that the agreement between the City of Modesto and the Modesto Irrigation District for the discharge of storm drainage water from the Kansas-Needham Basin to Lateral No. 4 is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said agreement.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-303**

**A RESOLUTION AMENDING THE FY02-03 CAPITAL IMPROVEMENT
BUDGET TO APPROPRIATE \$193,680.00 FROM 1350-800-8000-8003 TO 1350-
310-Q200-9628**

WHEREAS, the bids received for the USTACH NEIGHBORHOOD PARK project were opened at 11:00 a.m. on June 3, 2003, and later tabulated by the Engineering and Transportation Director for the consideration of the Council, and

WHEREAS, the Engineering and Transportation Director has recommended in a separate Resolution that the bid of \$1,038,900 be accepted as the lowest responsible bid and Finance has determined that there is \$1,053,000 available for this project in FY02-03 Capital Improvement Project, and

WHEREAS, the need for \$193,680.00 to fully fund construction of the improvements for this project has been identified, and

WHEREAS, the City of Modesto's Parks, Recreation and Neighborhoods Department has identified \$193,680.00 for this project to be paid from CFF Reserves 1350-800-8000-8003,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the FY02-03 Capital Improvement Budget to appropriate \$193,680 from 1350-800-8000-8003 to 1350-310-Q200-9628.

BE IT FURTHER RESOLVED that the Finance Director, or her designee, is hereby authorized to take the necessary action to amend the FY 02-03 Capital Improvement Budget.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION AWARDING THE BID AND APPROVING A \$1,038,900.00
CONTRACT WITH GOODLAND LANDSCAPE CONSTRUCTION, INC., FOR
THE PROJECT TITLED "USTACH NEIGHBORHOOD PARK" AND
AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT**

WHEREAS, the bids received for the USTACH NEIGHBORHOOD PARK project, were opened at 11:00 a.m. on June 3, 2003, and later tabulated by the Engineering and Transportation Director for the consideration of the Council, and

WHEREAS, the Engineering and Transportation Director has recommended that the bid of \$1,038,900.00 received from Goodland Landscape Construction, Inc., be accepted as the lowest responsible bid and the contract be awarded to Goodland Landscape Construction, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the bid of Goodland Landscape Construction, Inc., in the amount of \$1,038,900.00, and hereby awards Goodland Landscape Construction, Inc., the contract titled "USTACH NEIGHBORHOOD PARK" for \$1,038,900.00.

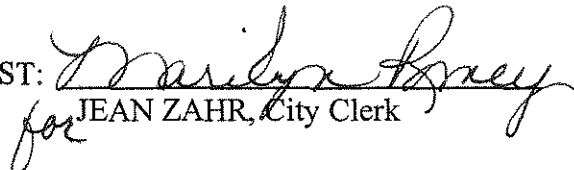

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-305**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO
ISSUE A REQUEST FOR BID (RFB) FOR A SCREEN WASHER COMPACTOR**

WHEREAS, the Operations and Maintenance Department-Water Quality Control (WQC) is requesting the purchase of a screen washer compactor, and

WHEREAS, a screen washer compactor is a machine used to wash and compact all of the waste that is collected from the primary WQC plant influent bar screens in preparation for landfill, and

WHEREAS, this machine greatly reduces the volume of waste by approximately 60% by washing organic matter out of the trash putting it back into the treatment process, and

WHEREAS, by using a screen washer compactor in our wastewater process, it will greatly reduce landfill disposal costs, and

WHEREAS, this process also benefits the citizens of Modesto by reducing odors from the WQC plant as well as reducing disposal costs.

WHEREAS, by soliciting competitive bids for a screen washer compactor, the Finance Department, Purchasing Division will comply with the Modesto Municipal Code, Section 8-3.204, regarding formal bid procedures.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto that formal solicitation of bids for a screen washer compactor is hereby approved as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for a screen washer compactor to be opened in the City Clerk, 1010 10TH Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the bids are opened, they shall be tabulated and analyzed and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-306**

A RESOLUTION PROVIDING FOR THE SALE OF SURPLUS PROPERTY BY SEALED BID, PUBLIC AUCTION, ONLINE AUCTION, OR AS SCRAP FOR THE PERIOD OF FEBRUARY 1, 2003, THROUGH FEBRUARY 1, 2004

WHEREAS, the City's surplus items consist of (1) obsolete traffic signal heads; (2) lost, stolen, unclaimed and/or seized property from the Police Department and excess property accumulated by the City, and (3) surplus City vehicles, and

WHEREAS, the City Manager is authorized by City Charter Section 801 to sell obsolete, unclaimed, or surplus personal property of the City of Modesto with the approval of the City Council, and

WHEREAS, it is the intent of the City's Purchasing Division to seek City Council approval for the disposition of surplus property for the period of February 1, 2003, through January 31, 2004, in accordance with Section 801 of the City Charter, and

WHEREAS, by approving staff's recommendation for authorization to dispose of surplus property without having to return to City Council for subsequent approval, the City will save substantial staff and processing time, and

WHEREAS, the estimated gross revenue to be received from the sale of surplus property is between \$100,000.00 to \$125,000.00, and

WHEREAS, Resolution No. 2001-423, authorized the City's current auction agreement providing for auctioneering services to be conducted by Roger Ernst and Associates at their facility located at 824 W. Kiernan Avenue, in Modesto, and

WHEREAS, Roger Ernst & Associates charges a 6.75% Commission Fee on all rolling stock, consisting of motor driven vehicles and a 15% Commission Fee for miscellaneous surplus, consisting of bicycles, furniture, tools, and computers, and

WHEREAS, the City's Purchasing Division has recommended on occasion that specific surplus property could best be sold on a sealed bid basis; however, if said property does not sell on a sealed bid basis, said property should then be sold at a public auction to be conducted by Roger Ernst Associates, and

WHEREAS, should the sealed bid process or the public auction process not bring the desired results, City staff proposes that the property should be sold for scrap, and

WHEREAS, the list of items to be sold at auction or surplus will be on file in the office of the City Clerk, and

WHEREAS, the Central Stores Manager will call Roger Ernst and Associates to coordinate the pick-up of surplus property (such as vehicles) after the appropriate surplus property forms have been filled out and approved by the Purchasing Division, and

WHEREAS, after an auction is held, the Purchasing Division will prepare a recap memorandum to account for the items sold and the proceeds obtained from the auction,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. For the period of February 1, 2003, through January 31, 2004, the following items are hereby declared as surplus, 1) obsolete traffic signal heads, 2) lost, stolen, unclaimed and/or seized property from the Police Department, excess property accumulated by the City, and 3) surplus City vehicles; and the City Manager, or his designated representatives, are hereby authorized to sell same to the highest bidder by

sealed bid, auction, online auction, or as scrap in accordance with Section 801 of the City Charter, with all revenues received (less administrative fees) being deposited in the General Fund per (MMC Section 2-7.09).

SECTION 2. The City's Central Stores Manager is hereby authorized to contact Roger Ernst and Associates, the City's current auctioneer, to coordinate pick-up and sale of surplus property after the necessary surplus property forms have been approved by the Purchasing Division.

SECTION 3. The Purchasing Division is hereby directed to prepare a recap memorandum to account for the items sold and proceeds obtained from said auction.

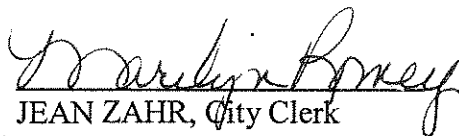

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-307**

**A RESOLUTION AUTHORIZING A ONE (1) YEAR TRIAL AGREEMENT
WITH PROPERTY BUREAU OF SAN CLEMENTE, CALIFORNIA, FOR THE
ONLINE AUCTIONING OF SELECTED SURPLUS PROPERTY (BICYCLES)
FOR THE PERIOD OF JANUARY 2002 THROUGH JANUARY 2003.**

WHEREAS, the City's surplus items consist of (1) obsolete traffic signal heads; (2) lost, stolen, unclaimed and/or seized property from the Police Department and excess property accumulated by the City, and (3) surplus City vehicles, and

WHEREAS, the City Manager is authorized by City Charter Section 801 to sell obsolete, unclaimed, or surplus personal property of the City of Modesto with the approval of the City Council, and

WHEREAS, it is the intent of the City's Purchasing Division to seek City Council approval for the disposition of surplus property by Property Bureau of San Clemente, California for a one (1) year trial agreement for the period of January 2002, through January 31, 2003, in accordance with Section 801 of the City Charter, and

WHEREAS, in January, 2002, a one (1) year trial agreement was entered into by the Modesto Police Department with Property Bureau of San Clemente, CA for the on-line auctioning of selected lost, stolen, unclaimed and/or seized property (bicycles) through its website PropertyRoom.com, and

WHEREAS, said agreement was authorized by the Modesto Safety Committee but never submitted to Council for formal authorization, and

WHEREAS, the list of items to be sold at online auction are on file in the office of the City Clerk, and

WHEREAS, the Police Department staff will call Property Bureau to coordinate the pick-up of surplus property after the appropriate surplus property forms have been filled out and approved by the Purchasing Division, and

WHEREAS, after an auction is held, the Purchasing Division will prepare a recap memorandum to account for the items sold and the proceeds obtained from the auction,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. For the period of January 2002, through January 2003, the following items are hereby declared as surplus, 1) obsolete traffic signal heads, 2) lost, stolen, unclaimed and/or seized property from the Police Department, excess property accumulated by the City, and 3) surplus City vehicles; and the City Manager, or his designated representatives, are hereby authorized to sell same to the highest bidder by sealed bid, auction, online auction, or as scrap in accordance with Section 801 of the City Charter, with all revenues received (less administrative fees) being deposited in the General Fund per (MMC Section 2-7.09).

SECTION 2. A one (1) year trial agreement with Property Bureau of San Clemente, CA, for the period of January 2002 through January 2003 for the online auctioning of selected surplus property (bicycles) is hereby authorized.

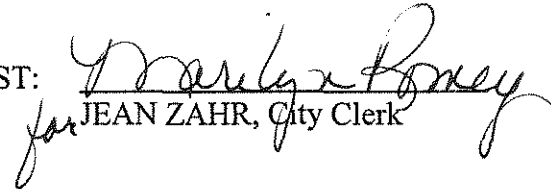

SECTION 3. The Purchasing Division is hereby directed to prepare a recap memorandum to account for the items sold and proceeds obtained from said auction.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-308**

A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO FORMALLY SOLICIT REQUEST FOR BIDS FOR THE FURNISHING OF ROCKWELL REJUVENATION, FOR A THREE (3) YEAR AGREEMENT WITH TWO (2) ONE-YEAR EXTENSION OPTIONS.

WHEREAS, the Operations and Maintenance Department Waste Water Collections Division has requested the furnishing of rockwell rejuvenation, and

WHEREAS, the City has over 11,000 rockwells within its storm drainage system and some rockwells require annual cleaning and approximately 300-500 rockwells require rejuvenation annually, and

WHEREAS, rockwells routinely become contaminated and clogged due to organic material, oils, paint, concrete, silt and other debris, and once a rockwell becomes contaminated it ceases to function as designed and is rendered inoperable, and

WHEREAS, as sand layers become sealed off by contaminants, water cannot percolate properly, and the only way to remove the contaminants and return the rockwell to its fully functional state is through the rejuvenation process, and

WHEREAS, the rejuvenation process has evolved into a highly refined operation, and

WHEREAS, the cost savings of a rejuvenation over the installation of a new rockwell is approximately \$3,000.00 per well, and

WHEREAS, this translates in a savings to the City of between \$900,000.00 to \$1,500,000.00 annually, and

WHEREAS, Modesto Municipal Code (MMC), Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, by soliciting competitive bids for the furnishing of rockwell rejuvenation, the Finance Department Purchasing Division will comply with MMC Section 8-3.203 regarding formal bid procedures,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for the furnishing of rockwell rejuvenation, for a three (3) year agreement with two (2) one-year extension options, to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened, they shall be tabulated and analyzed and a report submitted to Council.

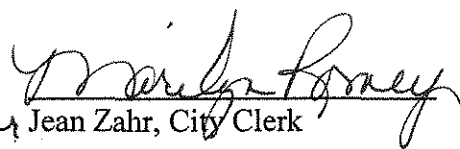

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-309**

**A RESOLUTION AMENDING RESOLUTION 88-649, AS AMENDED,
APPROVING COMPREHENSIVE UPDATE OF CAPITAL FACILITIES FEES
PROGRAM, INCLUDING BUT NOT LIMITED TO SCHEDULES AND RATES
APPLICABLE TO DEVELOPMENT, APPROVING CONTINUED USE OF THE
CONSTRUCTION COST INDEX OF THE ENGINEERING NEWS RECORD TO
ADJUST THE CAPITAL FACILITIES FEES IN FUTURE YEARS, AND
ESTABLISHING CRITERIA FOR PROJECTS IN THE "PIPELINE" FOR
PURPOSES OF DETERMINING THE APPLICATION OF THE UPDATED
CAPITAL FACILITIES FEES**

WHEREAS, the City Council of the City of Modesto has adopted Modesto
Municipal Code Sections 8-1.904 et seq. creating and establishing the authority for
imposing and charging Capital Facilities Fees (CFF), and

RESCINDED
MAY 7 2013
THIS RESOLUTION WAS
RESCINDED BY MODESTO
CITY COUNCIL RESOLUTION
NO. 88-649, AS

WHEREAS, the current CFF are set forth in city Council Resolution No. 88-649, as
amended by Resolution Nos. 89-373, 89-986, 89-1132, 90-36, 91-90, 91-703, 91-780, 92-
176, 92-507, 94-409, 95-393, 97-122, 98-654, 99-237, and 99-385, and

2013-177

WHEREAS, the above-referenced resolutions previously adopted the current fees
for City facilities based upon capital programs associated with each category of facilities,
including police, fire, parks, transit, streets, air quality, and governmental facilities, and,
in addition, included fees necessary to pay for the administration of the CFF program,
and

WHEREAS, since adoption of the existing fees pursuant to the above referenced
resolutions, the City has received reports entitled CFF Documentation, Documentation of
Justification for Impact Fee Mitigation, revised June 3, 2003, from Town Hall Services,
and City of Modesto Capital Facilities Fee Street Projects Update, Final Draft Report
from Omni-Means Ltd. which provide background information and justification for
updating the City's CFF programs (collectively "CFF Update Report"), and

WHEREAS, the CFF Update Report has been made available for public inspection, and may be viewed during business hours in the Office of the City Clerk, and these documents establish the factual basis for adjusting or creating fees in accordance with their recommendations, and set forth the relationship between contemplated future development and necessary capital facilities, and

WHEREAS, the fees collected pursuant to this resolution will be used to finance the public capital facilities identified in the CFF Update Report which is incorporated herein by this reference, and

WHEREAS, the City Council on February 11, 2003, accepted the preliminary CFF Update Report and the preliminary Capital Facilities Fees and, by motion, set a public hearing on March 11, 2003, and directed staff to proceed with a CFF update, and

WHEREAS, the Notice of Public Hearing was published in the Modesto Bee on February 20, 2003, and

WHEREAS, the public hearing was opened on March 11, continued to March 25, 2003, at which time public testimony was taken and Council guidance was provided on police staffing, use of the San Francisco Bay Area Engineering News Record (ENR) Construction Cost Index for the automatic annual inflation adjustment, application of CFF to hospital development, and pipeline, phasing and capping/plateau options, and

WHEREAS, the public hearing was continued to April 8, 2003, at which public testimony was taken and Council provided guidance on hospital CFF, pipeline projects, and capping/plateau of CFF for certain land use categories, and

WHEREAS, the public hearing was continued to April 22, 2003, and subsequently continued to May 6, 2003, at which public testimony was taken, and

WHEREAS, the final public hearing was continued to June 3, 2003, at 5:30 p.m. in the City Council Chambers, Basement Level, 1010 10th Street, Modesto, California, at which date and time said duly noticed public hearing of the Council was held, and

WHEREAS, on June 24, 2003, after considering the CFF Update Report, the staff report and the testimony received at all aforementioned public hearings including June 3, 2003, the City Council approved and adopted the CFF Update Report and further found that future development in the City of Modesto as set forth in the report will generate additional demands on municipal services, and

WHEREAS, Initial Study C&ED No. 2003-20 has been prepared on the 2003 CFF Update Report and has concluded that the 2003 CFF Update is within the scope of the Master Environmental Impact Report prepared on the City's General Plan as certified by the City Council on March 4, 2003,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council finds and determines that Resolution No. 88-649, as amended by Nos. 89-373, 89-986, 89-1132, 90-36, 91-90, 91-703, 91-780, 92-176, 92-507, 94-409, 95-393, 97-122, 98-654, 99-237, and 99-385 is hereby amended to read as follows:

- A. Overview of Fees Determination: Capital Facilities Fees levied by the City shall be the result of two factors described in this paragraph:
1. The Full Recovery Fees reflect the full cost allocation to each category of new development of capital facilities necessary to serve growth.
 2. The annual inflation adjustment will escalate fees by the amount of inflation.

- B. Full Recovery Capital Facilities Fees: The Full Recovery Capital Facilities Fees (CFF) levied on each category of development in the City of Modesto shall be the fees levied per Attachment A. Land use categories shall have the definition contained in Item D below.
- C. Automatic Annual Inflation Adjustment: All fees shall be automatically adjusted annually for inflation by the City's Director of Engineering and Transportation. The annual inflation adjustment shall be based on the annual change in the San Francisco Bay Area Engineering News Record (ENR) Construction Cost Index through the proceeding December. Since December 1998, the Director of Engineering and Transportation has applied an annual inflation adjustment to the CFF set forth in Resolution 98-654, based on the annual change in the ENR through the proceeding December. For any unexpired vested tentative maps or other projects subject to the CFF set forth in Resolution 98-654, the annual inflation adjustment shall continue to be applied to the fees set forth in Resolution 98-654, until such time as the map's or project's vesting status expires. The City's Director of Engineering and Transportation is hereby authorized and directed to make the adjustments described in this paragraph administratively.
- D. Land Use Categories Definitions: For purposes of the fees set forth in subparagraphs A through C, the following definitions of land use development categories shall apply. Uses not defined in these definitions shall be charged at rates to be determined by the Director of Community

and Economic Development using land use determinations and trip generation estimates acceptable to the Director.

RESIDENTIAL

Single Family: Typically single family detached homes on individual lots, such as in residential subdivisions, but could also be in planned developments. Density of development may vary, but is typically ten (10) dwellings per acre or less.

Multiple Family: Includes multiple family dwelling units of several types, including high and low rise apartments, high and low rise condominiums, and multi-family residential planned unit developments greater than a density of ten (10) units per acre. This category also applies to mobile homes and hotel/motel uses.

Medium Density: Shall mean duplex or triplex buildings located on a single lot designed for occupancy by two or three families.

Senior Housing: Includes retirement communities restricted to adults or senior citizens, congregate care facilities, and similar residential uses.

BUSINESS PARK

A master planned campus-like development, with common infrastructure and common design standards, that features employment-intensive uses and light manufacturing, and possibly service retail, and regional commercial uses. There are two basic types of business parks:

Business Park – Service

Within a master-planned Business Park area – a predominantly service-oriented business park that has a high amount of office/commercial uses relative to the industrial/warehousing uses, would characterize a service-oriented business park. Typical uses would include: offices including general office building, corporate headquarters, single tenant office building, office park and research and development uses; service retail, regional commercial and wholesale stores; restaurants; and recreational areas.

Business Park – Manufacturing

Within a master-planned Business Park area – a predominantly industrial-oriented business park with low amounts of office/service/retail uses. Typical uses would include: general light industrial uses, manufacturing and/or distribution with associated office, ware house, research, and related functions, and public facilities/utilities.

INDUSTRIAL

Manufacturing/Light Industrial/Industrial Park – facilities in which the primary activity is the production of finished items through manufacture, fabrication, processing, packaging, or treatment of raw materials or parts, except heavy industrial uses. Uses which are considered to be in this category include uses such as those listed below:

- 1) Electronics assembly, paper products
- 2) Metal fabricator
- 3) Bottling plant
- 4) Cabinet shop
- 5) Machine shop
- 6) Sheet-metal shop
- 7) Welding shop
- 8) Wholesale shop
- 9) Printing plant
- 10) Material testing labors manufacturer
- 11) Food processor, brewery, bakery
- 12) Recycling facility
- 13) Burning operations for lumber and wood products
- 14) Junk handling, processing, storage
- 15) Landfill, waste products disposal or transfer station
- 16) Manufacture, fabrication, processing, packaging and treatment of explosives, oil and great products, chemicals and chemical products.
- 17) Rock crushing
- 18) Pulp and paper mill
- 19) Reduction, processing and storage of offal, dead animals, ones or similar materials
- 20) Septic tank, cesspool servicing
- 21) Stockyard
- 22) Tannery
- 23) Vehicle salvaging, wrecking

Mixed Industrial Uses – when a development proposal contains more than an incidental mixture of uses, the general type of uses should be segregated and treated separately for the purpose of calculating development fees.

WAREHOUSE DISTRIBUTION/HEAVY

Warehouse Distribution – Facilities in which the primary activity is the storage of materials or in which the primary activity is receiving and shipping materials. Use which are considered to be in this category include uses such as those listed below:

- 1) Freight
- 2) Warehousing

- 3) Corporation yard, freight yard
- 4) Equipment rental yard
- 5) Moving and storage service
- 6) Bulk feed storage
- 7) Lumberyard
- 8) Sand, gravel, building materials dealer

OFFICE

Medical: Offices and clinics devoted to the practice of medical and dental professions or providing medical or dental services, including pseudo-medical services, but excluding hospitals and nursing homes, which are treated separately.

General: All other types of general and professional offices.

COMMERCIAL

Small Retail (less than 50,000 square feet)

Convenience markets, often with on-site gasoline pumps, usually 24-hours or extended hours.

Fast-food restaurants with or without sit-down facilities and with or without drive-up windows; generally food is ordered and taken to be consumed outside the restaurant building, although some on-site seating is usually provided.

Sit-down restaurants where food is ordered and consumed in the restaurant, and customers generally stay less than one hour; frequently belong to chains and typically serve breakfast, lunch and dinner. This category also includes all drinking establishments—bars and cocktail lounges—except those in conjunction with low turnover restaurants. The latter are charged the low turnover rate.

Sit-down restaurants which generally have turnover rates of one hour or longer, typically do not serve breakfast, and may or may not serve lunch.

Banks – full service banking institutions with or without drive-up windows.

Savings & loan institutions, including thrift and credit unions, with or without drive-up windows, which typically offer fewer financial services than banks and are typically smaller in gross floor area than banks. If a given S & L is 5,000 gross square feet or more, or provides full banking services, it should be treated as a bank.

Other retail includes a wide range of retail and service uses, both free-standing and in shopping centers, including but not limited to

supermarkets, drug stores, department stores, general merchandise, building materials or lumber stores, specialty retail stores, discount stores, hardware/paint stores, video arcades, and new car sales. May include uses in small retail category if in a shopping center.

OTHER

Church: Structures primarily designed as a place for public worship.

Day Care and School: An educational, vocational or day care facility.

Hospital: A structure designed for health services, both inpatient and outpatient; that includes surgical care of the sick or injured of the physically ill and/or therapeutic treatment for the mentally ill. Included as an integral part of a hospital or laboratories, outpatient departments, training facilities, central service facilities, and hospital staff offices on the same site. The preceding ancillary uses are considered "professional offices" if located off-site, unless a multi-site campus is covered by a P-D Zone or hospital uses. A separate set of offices on the same site for physicians is considered "professional offices".

Mini-Warehouse: A personal storage facility not associated with industrial use.

Nursing Home: Structures designed for use as a convalescent hospital, or a retirement home, or a twenty-four hour care center for seven or more persons in addition to members of the family.

For purposes of interpreting these definitions, the term "Commercial Use" shall mean those uses designated as permitted or conditional uses in the C-1, C-2 and C-3 Zones of Title 10 of the Modesto Municipal Code.

BE IT FURTHER RESOLVED by the City Council that the Director of Community and Economic Development is authorized to present proposals to the City Council for transfer of CFF waiver from existing buildings to other locations based upon the following criteria:

- A. The project involves commercial/industrial job retention of at least 25 jobs or redevelopment of blighted area.

- B. The beneficiary of the transfer is the owner of the existing building or the existing building is demolished and was not given a waiver when rebuilt.

BE IT FURTHER RESOLVED by the City Council that the findings of Initial Study EA C&ED No. 2003-20 are hereby acknowledged, namely,

- A. The proposed 2003 CFF Update is within the scope of the General Plan covered by the Modesto Urban Area General Plan 2003 Final Master Environmental Impact Report (SCH#1999082041) (FMEIR).
- B. The proposed 2003 CFF Update will have no new additional significant effect on the environment not addressed in the FMEIR and no new or additional mitigation measures are required.
- C. As per Public Resources Code Section 21157.1, no new environmental document nor findings pursuant to Section 21081 shall be required by the California Environmental Quality Act for the 2003 CFF Update.
- D. There are no specific features that are unique to the proposed project that require project specific mitigation measures. All feasible mitigation measures set forth in the FMEIR Update that are appropriate to the 2003 CFF Update shall be incorporated in the 2003 CFF Update.
- E. No new or additional mitigation measures are required for the proposed 2003 Update. All certified mitigation measures identified in the FMEIR will apply citywide including this project as appropriate.
- F. The initial study EA/C&ED 2003-20 provides substantial evidence to support findings A through E above.

BE IT FURTHER RESOLVED by the City Council that in addition to other findings made by this resolution, the City Council further finds that the California

Environmental Quality Act (CEQA) does not apply to the adoption of this resolution pursuant to Sections 10561 and 15273 of the State CEQA Guidelines because:

- A. The fees established by this resolution will be collected, in part, for the purpose of obtaining funds to be used for capital projects which are necessary to maintain the current level of services within the City, including the construction of police, fire facilities, parks and recreation facilities, other city facilities, air quality facilities, public transportation facilities and street facilities as well as the purchase of certain items of capital equipment.
- B. However, the additional of capital facilities to new neighborhoods will not take effect until there has been CEQA review of the development projects which will pay for said capital facilities via the Capital Facilities Fee mechanism established or increased by this resolution. Such CEQA review will take place at the annexation, zoning, and/or subdivision stages of each development project. In addition, the construction of each capital facility will be subject to CEQA review. It is therefore reasonably certain that this resolution which either established or increased Capital Facility Fees to fund Capital Facilities that will be necessary in the event growth continues to occur will not, by itself, have any possibility of causing a significant effect on the environment.

BE IT FURTHER RESOLVED by the City Council that the Town Hall Services CFF Update Report and the testimony received at the public hearings of March 25, April 8, April 22, May 6 and June 3, 2003, have established:

- A. That there is a reasonable relationship between the need for the public facilities designated in the reports and analysis, and in the City's General Plan and Specific Plans generated in accordance with that plan, and the City's Capital Improvement Plan, and the impacts of the type of development for which the corresponding fees are charged,
- B. That there is a reasonable relationship between the fees, uses, and the types of development for which the fee is charged,
- C. That there is a reasonable relationship between the amount of the various fees and the cost of the public facilities or portions of the public facilities attributable to the development and types of development upon which the various fees are imposed,
- D. That the cost estimates set forth in the reports and analysis are reasonable cost estimates for constructing these facilities, and that the fees expected to be generated by future development will not exceed the total costs of constructing the public facilities just referenced,
- E. The Town Hall Services reports and analysis establish a linkage or nexus between development in the City's Annexation Areas (unincorporated area of the City's General Plan Area) as set forth in Attachment B and the need for additional public facilities or improvements to existing public facilities within the City of Modesto as well as within the Annexation Areas.

Therefore, the term "development" as used in the preceding four subparagraphs shall include but not be limited to development in the City's Annexation Areas that may be approved or allowed by Stanislaus County, prior to the annexation of said Annexation Areas or portions

thereof to the City of Modesto. Because of this clearly established nexus, it is the intention of the City Council of the City of Modesto that the fees created by this resolution for streets facilities, air quality facilities, and public transportation facilities be imposed by the County of Stanislaus on development approved of or allowed by the County of Stanislaus in the City's Annexation Areas area and collected by the City of Modesto.

The City Council further finds that the methods of allocation of the fee components proposed in the Town Hall Services analysis and reports herein, do bear a fair and reasonable relationship to each development's burden on, and benefit from, the facilities to be funded by the respective fees.

BE IT FURTHER RESOLVED by the City Council that only projects shown in the CFF Update Report are eligible for receipt of CFF funds. Individual projects shall be flexibly budgeted within total dollar limits of the capital programs of the two principal fee components as follows:

- A. Fees for Community Facilities, which include Police, Fire, Parks, Government and Administration.
- B. Fees for Transportation, which includes Streets, Transit and Air Quality. As long as the overall dollar amounts of the capital programs for these two components are not exceeded individual eligible projects may vary from the estimates shown in the CFF Update Report.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it finds and determines for the implementation and payment of Capital Facility Fees, the City Council establishes the following guidelines so that a development project that is not vested under State law would be subject to the fees in place prior to September 1, 2003, if the development project meets any of the following criteria:

- A. The development is the subject of a written Development Agreement (as defined by Government Code Section 65864, et seq.) between the City and the proposed developer, if within City limits, or the County, if outside City limits but within the Sphere of Influence, and the Development Agreement expressly vests the project at a specific, pre-September 3, 2003, CFF rate.
- B. The development is the subject of a building permit application which has been deemed complete by the City, if within City limits, or the County, if outside City limits but within the City's Sphere of Influence, prior to September 3, 2003; or, for development which is not subject to permit by the City or County, e.g., a hospital, an application equivalent to a building permit application which has been deemed complete by the State permitting agency prior to September 3, 2003.
- C. All vesting tentative subdivision and parcel maps for which an application is deemed complete, and approved, prior to September 3, 2003, until the expiration of the map's vesting status.

BE IT FURTHER RESOLVED by the City Council that CFF shall be due and payable at the time a building permit is issued, unless otherwise approved by Council resolution, as set forth in Modesto Municipal Code Section 8-1.904.

BE IT FURTHER RESOLVED that it is the policy of the City Council to annually review one or more components of the capital program that form the basis of calculating the Capital Facilities Fees. This policy in no way prevents the upward adjustment of fees due to annual inflation adjustments nor does it prevent the Council from adopting higher Full Recovery Fees that may result from a more costly capital program.

BE IT FURTHER RESOLVED by the City Council that should any fee provision, clause, paragraph or subparagraph be held invalid or unconstitutional, that invalidity or unconstitutionality shall not affect other provisions or applications thereof which can be given effect without the invalid fee, provision, clause, paragraph or subparagraph, and to this end, the provisions of this resolution are declared severable. By adopting this resolution, the City Council hereby declares that it would have adopted this resolution without that fee, provision, clause, paragraph or subparagraph.

BE IT FURTHER RESOLVED by the City Council that this resolution shall take effect in accordance with law on September 3, 2003.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2003-310

A RESOLUTION CAPPING CAPITAL FACILITIES FEES AND ESTABLISHING A PROGRAM TO TRACK AND FUND A PORTION OF THE CFF FOR MULTI-FAMILY HOUSING, SR. HOUSING, AND SELECTED COMMERCIAL/INDUSTRIAL LAND USE CATEGORIES FROM OTHER SOURCES OF FUNDING

2004-678

WHEREAS, the City Council of the City of Modesto has adopted Modesto Municipal Code Sections 8-1.904 et seq. creating and establishing the authority for imposing and charging Capital Facilities Fees (CFF), and

WHEREAS, the City's CFF are set forth in City Council Resolution 88-649, as amended by Resolution Nos. 89-373, 89-986, 89-1132, 90-36, 91-90, 91-703, 91-780, 92-176, 92-507, 94-409, 95-393, 97-122, 98-654, 99-237, and

WHEREAS, the above-referenced resolutions previously adopted the current fees for City facilities based upon capital programs associated with each category of facilities, including police, fire, parks, transit, streets, air quality, and governmental facilities and, in addition, included fees necessary to pay for the administration of the CFF program, and

WHEREAS, on June 24, 2003, the City adopted Resolution No. 2003-309 to update City's CFF program, which resulted in a significant increase in CFF, and

WHEREAS, it is in the public's benefit to provide financial assistance for CFF for categories of land use that provide more affordable and diverse housing opportunities or that generate long term employment to address the jobs-housing imbalance,

WHEREAS, the City desires to establish a program to cap or "plateau" the CFF for certain land use categories and fund from other sources the difference between the proposed fee and the capped fee,

WHEREAS, the City will establish a tracking system to ensure that the funding gap created by the capped fees will be backfilled on a regular basis but not less than every five years,

NOW THEREFORE the City Council of the City of Modesto hereby finds as follows:

1. There is a public benefit to provide financial assistance for Capital Facilities Fees (CFF) for categories of land use that provide more affordable and diverse housing opportunities or that generate long term employment to address the Jobs-Housing imbalance within Stanislaus County and the City of Modesto.
2. For Multi-Family and Senior Housing categories the City Council finds that financial assistance is necessary to:
 - a. Support housing for all income groups.
 - b. Promote the development of affordable housing throughout the community.
 - c. Facilitate development of housing for special needs groups.
 - d. Facilitate the development of entry-level housing.
 - e. Promote equal opportunity for all residents to reside in the housing of their choice.
 - f. Encourage a range of housing types.
 - g. Provide housing opportunity to senior households in Modesto of which approximately 33 percent are low or very low income.
 - h. Help address the limited construction of multi-family/senior units experienced between 1990 and 2001. Only 10 percent of the housing units built between 1990 and 2001 were multi-family units, increasing Modesto's single-family housing stock as a percentage of total housing from 72 percent in 1990 to 74 percent in 2001. The State of California Department of Housing and Community Development has identified very low and low income housing, typically multi-family units, as a significant unmet need in the 2002-2003 Regional Housing Needs Allocation.
3. For Non-residential land use categories the City Council finds that financial assistance is necessary to:
 - a. Assist in the development of long term employment opportunities for Modesto and area residents.

- b. Provide job opportunities to address the area's identified jobs-housing imbalance. Compared to California overall, Modesto has a higher percentage of residents working outside their County of residence. US Census 2000 shows 19.5 percent of Modesto residents working outside Stanislaus County compared to a California statewide average of 17.1 percent.
- c. Promote employment income growth for Modesto residents. While Modesto's median household income is approximately 10 percent greater than the San Joaquin Valley region, the median income is 15 percent lower than the statewide average.
- d. Encourage economic development and redevelopment in areas showing the greatest percentage potential for job growth according County of Stanislaus Employment Development Department 2002 report including retail sales, cashiering, teacher aides and assembly workers.
- e. Promote a broader range of employment opportunities to reduce commute times with the related traffic congestion and adverse air quality impacts, as well as, provide diverse job site location(s). Between 1990 and 2000 Census, there has been a 47 percent increase in the number of residents commuting 20 minutes or more to work.
- f. Assure services for single-parent households comprising 13 percent of Modesto households in 2000, an increase from 9 percent in 1990.

BE IT FURTHER RESOLVED that the City Council hereby caps (plateaus) the CFF established by Resolution 2003-309 as follows:

The CFF increase for the following land uses is hereby capped at one-half the proposed increase plus automatic annual adjustments for inflation as set forth below:

	ADOPTED FEE Effective 1-Sep-03	FEE CAP (Amount To Be Collected)	FEE SUBSIDY (Funded From Other Sources)
Residential (unit)			
Multi Family	\$9,789	\$6,262	\$3,527
Senior Housing	\$7,754	\$4,965	\$2,789
Non-residential (per 1,000 sq. ft.)			
Hotel/Motel (per room)	\$4,958	\$3,051	\$1,907
Retail			
<50,000 sq. ft.	\$15,426	\$10,256	\$5,170
50-100,000 sq. ft.	\$12,842	\$8,777	\$4,065
100-300,000 sq. ft.	\$10,873	\$7,741	\$3,132
>300,000 sq. ft.	\$10,158	\$7,374	\$2,784
Medical Office	\$19,866	\$14,313	\$5,553
General Office	\$8,901	\$6,957	\$1,944
Hospital	\$12,519	\$7,662	\$4,857
Daycare	\$7,195	\$4,650	\$2,545
Nursing Home	\$2,679	\$1,561	\$1,118
Business Park (Service)	\$6,345	\$5,679	\$666
Business Park (Manufacturing)	\$3,934	\$2,886	\$1,048
Industrial (Manufacturing)	\$3,477	\$2,657	\$820
Industrial (Warehousing)	\$2,523	\$1,482	\$1,041

NOTE: All fees and fee subsidy will be adjusted annually per Resolution No. 03-

Hospitals have the flexibility of choosing the CFF which goes into effect on September 1, 2003, or choosing the CFF in effect prior to September 1, 2003 and also doing a CEQA and mitigation study and then paying for all mitigation identified by the study.

BE IT FURTHER RESOLVED that the City Council hereby establishes a program to track, report on, and fund the difference created by the capped fees as follows:

1. The City will report annually as part of the AB 1600 reporting requirement.
2. The City will allocate funds from Federal or State grants, Federal or State appropriations, developer contribution, or General Fund to fund the CFF subsidy for the police, fire, parks, transit, general government, and air mitigation components of the Capital Facilities Fees. The parks component will also use State Parks Bond Funds to fund the fee subsidy. Federal and state gas tax, developer contributions, and earmarked transportation funds will be used to fund the subsidy for the streets and transit components of the Capital Facilities Fees.

To the extent that other sources of funding are not available, the General Fund may be used to fund a component of the CFF subsidy.

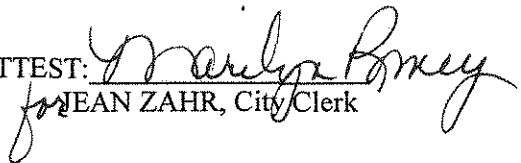

3. The City will ensure that the funding gap created by the capped fees will be backfilled on a regular basis, but not less than every five years.
4. The above caps on the CFF increase will continue until the next General Plan update and the jobs-housing balance is reevaluated.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-311**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE
SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA
GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO.
1999082041): 2003 CAPITAL FACILITIES FEES UPDATE (CITY INITIATED)**

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Modesto Urban Area General Plan 2003 Final Master Environmental Impact Report (“FMEIR”) (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Town Hall Services, in association with Omni Means, Ltd., has prepared a proposed comprehensive update to the City’s Capital Facilities Fees (CFF) Program for impact/mitigation fees to pay the costs of for public facilities necessary to accommodate new development (“2003 CFF Update”), and

WHEREAS, the proposed 2003 CFF Update would revise the fees to reflect changes since the last update, including increases in land values, increased Police Department staffing ratios, and improved and more detailed documentation of facilities including streets and transportation facilities and facilities in the City’s INET system, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a master environmental impact report, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the FMEIR, and

WHEREAS, the City's Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2003-20 ("Initial Study") reviewed the proposed 2003 CFF Update to determine whether it is within the scope of the projects covered by the FMEIR, and concluded that the proposed 2003 CFF Update is within the scope of the FMEIR and will have no additional significant effect on the environment that was not identified in the FMEIR, and further, that no new or additional mitigation measures or alternatives are required, and that, therefore, the proposed 2003 CFF Update is within the scope of the projects covered by the FMEIR, and

WHEREAS, on March 12, 2003 the City caused to be published a public notice of the City's intent to make a finding that the proposed 2003 CFF Update conforms with the FMEIR, and

WHEREAS, said matter was considered by the City Council at duly noticed public hearings which were held on March 11, March 25, April 8, April 22 May 6 and June 3, 2003, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed 2003 Capital Facilities Fees Update, a copy of which is attached hereto as **Exhibit "A"**, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

- A. The proposed 2003 CFF Update is within the scope of the General Plan covered by the Modesto Urban Area General Plan 2003 Final Master Environmental Impact Report (SCH# 1999082041) (FMEIR) Update.

- B. The proposed 2003 CFF Update will have no new additional significant effect on the environment not addressed in the FMEIR Update and no new or additional mitigation measures are required.
- C. As per Public Resources Code Section 21157.1, no new environmental document nor findings pursuant to Section 21081 shall be required by the California Environmental Quality Act for the 2003 CFF Update.
- D. There are no specific features that are unique to the proposed project that require project specific mitigation measures. All feasible mitigation measures set forth in the FMEIR Update that are appropriate to the 2003 CFF Update shall be incorporated in the 2003 CFF Update.
- E. No new or additional mitigation measures are required for the proposed 2003 Update. All certified mitigation measures identified in the FMEIR will apply citywide including this project as appropriate.
- F. The initial study EA/C&ED 2003-20 provides substantial evidence to support findings A through E, above.

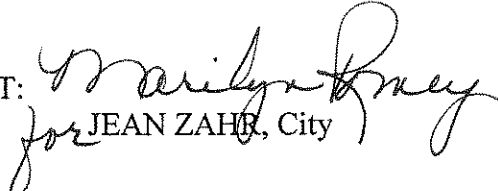

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a Notice of Determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

Initial Study
EA/C&ED 2003-20

City of Modesto

Initial Study

2003 CAPITAL FACILITIES FEES UPDATE

EA NO. C& ED – 2003 - 20

I. PURPOSE:

The Master Environmental Impact Report for the Modesto urban Area General Plan allows for limited environmental review of this proposed 2003 Capital Facilities Fees Update (CFF Update). The Final Master EIR (SCH# 1999082041) was certified by the Modesto City Council on March 4, 2003.

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan. This Initial Study also provides documentation that the project is considered in the Master EIR as being within the scope of the General Plan.

II. PROJECT DESCRIPTION:

- A. Project Title:
2003 CFF Update
- B. Lead Agency Name and Address:
City of Modesto, P.O. Box 642 Modesto, CA 95353
- C. Contact Person, address and phone number:
Patrick Samsell, Finance Department, 1010 Tenth Street, Suite 5200,
Modesto, CA, (209) 577-5370

H. Description of Proposed Project:

The City of Modesto is proposing an update to the City's Capital Facilities Fees (CFF) Program. This is the program of development impact fees that are collected to pay for public facilities that are needed citywide as the City grows. The 2003 update would revise the fees to reflect changes since the last update, including: increases in land values, increased Police Department staffing ratios, adequate funding of Streets and Parks facilities per the ENR index, improved and more detailed documentation of facilities. Also included are facilities in the City's INET system. The updated fee study also identifies the existing deficiency in citywide public facilities at approximately \$185 Million.

Since the City cannot collect fees outside its Sphere of Influence, the program has been limited to mainly those areas of the City's General Plan that are inside Modesto's Sphere of Influence.

As an example, CFF collected for a Single-Family dwelling would increase from \$6,676 to \$15,852 per dwelling unit. The total estimated program cost would be \$1.77 billion. A summary of the Recommended CFF Program is shown on the attached Exhibit "A".

The detailed analysis of the Streets component of the program is contained in "City of Modesto Capital Facilities Fee Streets Project Update" dated February 2003 prepared by Omni-Means Ltd., and the detailed methodology and analysis used in preparing the 2003 CFF Update is contained in the "CFF Update Report" dated January 2003 prepared by Town Hall Services. These documents are on file at the City of Modesto Finance Department, Suite 5200, 1010 Tenth Street, Modesto.

- I. Surrounding Land Uses:
North: Unincorporated County land and City of Riverbank
South: Unincorporated County land and City of Ceres
East: Unincorporated agricultural land
West: Unincorporated County lands
- J. Other Public agencies whose approval is required:
None

II. ANALYSIS OF CONFORMANCE WITH THE MASTER EIR:

There are eighteen subject areas in the Master EIR for the General Plan. Following is an analysis of how this project conforms with the analysis contained within the Master EIR.

A. Traffic and Circulation

The General Plan and Master EIR (MEIR) anticipated upon buildout of the General Plan that streets would be built concurrent with development. In the short term there may be deficiencies because of the time needed to complete construction of the improvements. However, upon build out, except for certain identified segments, the Level of Service D and above would be provided by the facilities for a substantial majority of streets in the program. The CFF fee represents the majority of the funding source for those capital facilities in the program, but other sources have been identified (i.e. Federal, State and local funding). Since facilities identified in the MEIR would still be constructed ultimately, albeit from other funding sources than CFF, adoption of this CFF Update would not result in traffic impacts not identified in the Master EIR. Thus the proposed CFF Update is consistent with the Traffic and Circulation needs section of the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Traffic and Circulation Needs (pages V-1-1 through V-1-33) are, therefore, still valid.

B. Degradation of Air Quality

This proposed CFF Update program provides an increased component for Air Quality infrastructure items such as alternate transportation i.e. bike and pedestrian trails to meet the needs of the adopted General Plan. This financing program, which assists in the funding of some air quality mitigation measures, will not cause additional impacts to air quality beyond those described in the Degradation of Air Quality section of the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Degradation of Air Quality (pages V-2-1 through V-2-26) are, therefore, still valid.

C. Generation of Noise

The adoption of the CFF Update is an administrative action to update the existing developer fee program to fund infrastructure in the General Plan area. There are no direct impacts on generation of noise from the adoption of this revised fee program. Therefore, the project will not create additional significant effects and the Mitigation Measures listed in the MEIR for Generation of Noise (pages V-3-1 through V-3-22) are still valid.

D. Loss of Productive Agricultural Land

Because the CFF Update is for infrastructure to serve the adopted General Plan, these proposed revisions to the City's existing developer fee infrastructure funding program will not result in new significant effects on loss of productive agricultural land not already examined in the General

Plan Master EIR. The adoption of the CFF Update will thus, not remove any additional agricultural lands from production. Therefore, the Existing Conditions, Impacts Analysis, and Mitigation Measures listed in the MEIR for Loss of Productive Agricultural Land (pages V-4-1 through V-4-12) are still valid.

E. Increased Demand for Water Supplies

Because the CFF Update to the existing City's infrastructure funding program is based on serving the General Plan that was analyzed by the City's General Plan Master EIR, there would be no new significant effects not identified in the Master EIR. This CFF Update would require no additional water supplies beyond that identified in the Increased Demand for Water Supplies section of the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Increased Demand for Water Supplies (pages V-5-1 through V-5-13) are, therefore, still valid.

F. Increased Demand for Sanitary Sewer Services

The CFF Update and its proposed infrastructure are consistent with the needs of the City's adopted General Plan and will create no additional demand for sewer capacity not identified in the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased Demand for Sanitary Sewer Services (pages V-6-1 through V-6-12) are, therefore, still valid.

G. Loss of Sensitive Wildlife and Plant Habitat

The CFF Update consists of revisions to an existing infrastructure funding mechanism whereby clearly has no physical impacts would result that would cause a significant effect on loss of sensitive wildlife and plant habitat not identified in the MEIR. There is clearly no impact to sensitive wildlife or any plant habitat beyond that which was identified in the Loss of Sensitive Wildlife and Plant Habitat section of the MEIR. The Existing Conditions, Impact Analysis, and the Mitigation Measures listed in this section of the MEIR (pages V-7-1 through V-7- 29) are, therefore, still valid.

H. Disturbance of Archaeological and Historic Sites

The CFF Update project consists of revisions to an existing infrastructure funding mechanism whereby clearly has no physical impacts would result that would cause a significant effect on disturbance of archaeological and historic sites not identified in the MEIR. The Existing conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Disturbance of Archaeological or Historical Sites (pages V-8-1 through V-8-22) are, therefore, still valid.

- I. **Drainage, Flooding and Water Quality**
Because the CFF Update, revisions to the City's existing infrastructure funding program, is based on serving the General Plan that was analyzed by the City's General Plan Master EIR, there would be no new significant effects not identified in the Master EIR. Therefore, the project will not create any new significant drainage, flooding or water quality impacts that were not addressed in the MEIR. The Existing Conditions, Impacts analysis and the Mitigation Measures listed in the MEIR for Drainage, Flooding, and Water Quality (pages V-9-1 through V-9-13) are, therefore, still valid.
- J. **Increased Demand for Storm Drainage**
The CFF Update and its proposed infrastructure are consistent with the needs of the City's adopted General Plan and will create no additional demand for sewer capacity not identified in the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Storm Drainage (pages V-10-1 through V-10-16) are, therefore, still valid.
- K. **Increased Demand for Parks and Open Space**
The CFF Update proposal maintains the same ratio of parks and open space per population and provides additional funding for restoring existing parks and funding towards a regional sports complex. Thus there would be no significant adverse parks and open space impact not identified in the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Parks and Open Space (pages V-11-1 through V-11-14) are, therefore still valid.
- L. **Increased Demand for Schools**
The proposed CFF Update relates to only City infrastructure and not school district infrastructure. Also, since there will be no additional students generated by the project, the proposal will not impact schools in the Modesto Urban Area. Thus Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Schools (pages V-12-1 through V-12-11) are, therefore, still valid.
- M. **Increased Demand for Police Services**
Since the adoption of the CFF Update program would create no additional demand for Police Service protection not already identified in the General Plan Master EIR, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Police Services (pages V-13-1 through V-13-7) are, therefore, still valid.

N. Increased Demand for Fire Services

Since the adoption of the CFF Update program would create no additional demand for Fire Service protection not already identified in the General Plan Master EIR, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Fire Services (pages V-14-1 through V-14-9) are, therefore, still valid.

O. Generation of Solid Waste

Since there would be no increase in solid waste generation from the proposed CFF Update adoption, the analysis in the MEIR is still consistent. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Generation of Solid Waste (pages V-15-1 through V-15-10) are, therefore, still valid.

P. Generation of Hazardous Materials

Because adoption of the CFF Update will not result in additional or different type of land uses not already identified in the adopted General Plan, there will be no additional hazardous material generated beyond those identified in the MEIR. The Existing Conditions, Impacts analysis and the Mitigation Measures listed in the MEIR for the Generation of Hazardous Materials (pages V-16-1 through V-16-15) are, therefore, still valid.

Q. Landslides and Seismic Activity

Because adoption of the CFF Update will not result in additional or different type of land uses not already identified in the adopted General Plan, there will be no additional impacts due to Landslides and Seismic Activity beyond those identified in the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Landslide and Seismic Activity (pages V-17-1 through V-17-12) are, therefore, still valid.

R. Energy

Because adoption of the CFF Update will not result in additional or different type of land uses not already identified in the adopted General Plan, there will be no additional impacts due to demand for energy beyond those identified in the MEIR. Utility companies serving the Modesto Urban Area indicated, during MEIR preparation, that development of the urban area would result in a less than significant impact on demands for energy. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Energy (pages V-18-1 through V-18-7) are, therefore, still valid. Mitigation Measures for air quality and traffic would also help to mitigate energy impacts.

IV CONCLUSIONS/DETERMINATIONS OF FINDINGS

- A. The proposed 2003 CFF Update is within the scope of the General Plan covered by a Master Environmental Impact Report (SCH# 1999082041).
- B. The proposed 2003 CFF Update will have no new additional significant effect on the environment not addressed in the General Plan Master EIR and no new or additional mitigation measures are required.
- C. No new environmental document nor findings pursuant to Section 21081 shall be required by the California Environmental Quality Act (per section 21157.1) for the 2003 CFF Update.
- D. No new or additional mitigation measures are required for the proposed 2003 Update. All certified mitigation measures identified in the MEIR will apply citywide including this project as appropriate.
- E. This Initial Study provides substantial evidence to support findings "A, B, C, and D" above.

MODESTO CITY COUNCIL
RESOLUTION NO. 2003 - 312

**A RESOLUTION AMENDING THE FISCAL YEAR 2002-2003 ANNUAL
BUDGET**

WHEREAS, a monthly financial analysis has been completed and it has been determined that certain adjustments are required to the Annual Budget of the City of Modesto for the Fiscal Year 2002-2003,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that appropriations, revenues, and transfers for the 2002-2003 budget have been adjusted as shown in **Schedule A**.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: 
for JEAN ZAHR, City Clerk

Budget Adjustments for the Month of June 2003

Parks Recreation & Neighborhoods:

2300-310-Q245 Hillside Drive Orville Wright Park											
1)	Appropriation	Construction	2300	310	Q245	6040	Q245	\$283,000	(\$10,000)	\$273,000	(\$10,000)
	Appropriation	CDBG Contingency Reserve	1130	800	8000	8003	1130R	(\$533,730)	\$10,000	(\$523,730)	\$10,000
	Appropriation	Transfer out to 2300	1130	700	Q245	7230	Q245G	\$382,000	(\$10,000)	\$372,000	(\$10,000)
	Revenue	Transfer in 1130	2300	700	Q245	9113	na	\$382,000	(\$10,000)	\$372,000	(\$10,000)
	Justification	Adjustment required to reflect the construction bids for this project which were below the engineers estimate. There is no impact to the general fund.									
1130-320-3256-0495 CDBG Emergency Home Repair											
2)	Appropriation	CDBG Emergency Home Repair Program	1130	320	3256	0495	3250C	\$150,000	(\$40,000)	\$110,000	(\$40,000)
	Appropriation	CDBG Contingency Reserve	1130	800	8000	8003	1130R	(\$523,730)	\$40,000	(\$483,730)	\$40,000
	Justification	Adjustment required to reduce the budget for this program. The number of homes requiring emergency repair is lower than anticipated. There is no impact to the general fund.									
2300-310-N992 King Kennedy Center											
3)	Appropriation	Eng/Design/Admin	2300	310	N992	6010	N992	\$33,750	\$8,000	\$41,750	
	Appropriation	Construction	2300	310	N992	6040	N992	\$120,250	\$37,500	\$157,750	
	Appropriation	Contingency	2300	310	N992	6050	N992	\$18,500	\$4,500	\$23,000	
	Appropriation	Construction	2300	310	N992	6060	N992	\$18,500	\$0	\$18,500	\$50,000
	Appropriation	CDBG Contingency Reserve	1130	800	8000	8003	1130R	(\$483,730)	(\$50,000)	(\$533,730)	(\$50,000)
	Appropriation	Transfer out to 2300	1130	700	N992	7230	N992G	\$191,000	\$50,000	\$241,000	\$50,000
	Revenue	Transfer in 1130	2300	700	N992	9113	na	\$191,000	\$50,000	\$241,000	\$50,000
	Justification	Additional funding is needed due to the unusually high quantity of sub-contractors that the bidders were using. There is no impact to the general fund.									
4)	Revenue	TRRP Apportionment	8900	390	3912	3701		227,341	-22,617	204,724	
	Revenue	TRRP Admin Fees	0100	390	3916	3706		51,727	-4,062	47,665	
	Appropriation	TRRP Operations, Services Prof & Other	8900	390	3912	0235		167,597	-22,617	144,980	
	Appropriation	TRRP Operations, Intergovernmental Svcs	8900	390	3912	0240		51,727	-4,062	47,665	
	Justification	The above adjustments are necessary to address the reduction in the annual TRRP contribution for FY 02-03. Overlooked in this year's budget, was a 5% reduction approved by the TRRP Commission. There will be a reduction of \$4,062 in the FY 02-03 General Fund revenue for the TRRP Admin Fees that the City receives to administer TRRP, which corresponds to 10% of the reduction in the FY 02-03 operating budget, due to a reduction in the contributions of the three TRRP agencies.									
5) 2300-310-M182 Maddux Youth Center											
	Appropriation	Construction	2300	310	M182	6040	M182	\$568,100	\$24,626	\$592,726	
	Revenue	Proposition 12	2300	310	M182	3510	na	\$524,000	\$24,626	\$548,626	
	Justification	Adjustment required to reflect the actual amount from the State of California Roberti-Z'berg-Harris Urban Open Space and Recreation Grant, Contract Number C2009326, in the amount of \$548,626. There is no impact to the general fund.									

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-313**

CONSIDER DECLARING SURPLUS ONE 1976 VAN PELT LADDER TRUCK AND AUTHORIZING THE SALE OF THIS UNIT THROUGH ROGER ERNST AND ASSOCIATES, AUCTIONEERS. THE ESTIMATED VALUE OF THIS UNIT IS \$4,000.00.

WHEREAS, the City Manager is authorized by Charter Section 801(r) to sell obsolete, and unused or surplus personal property of the City of Modesto with the approval of the City Council, and

WHEREAS, the City purchased a new aerial ladder truck from Pierce Manufacturing in 1996, and

WHEREAS, at that time the existing 1976 Van Pelt ladder truck was placed into reserve status to be used when a ladder truck was down for repairs or should there be a major event where additional apparatus were needed, and

WHEREAS, each year all ladder trucks must be tested and certified by a third party testing service, and

WHEREAS, for the past three years the 1976 Van Pelt reserve unit has had numerous problems with its ladder, which required repair prior to certification, and

WHEREAS, this year Underwriters Laboratory found sixteen weld cracks in critical locations on the ladder, and

WHEREAS, while the weld cracks were repairable, the weld failures caused great concern, and

WHEREAS, the failures would indicate that the ladder is showing signs of metal failure, and

WHEREAS, the 1976 Van Pelt ladder truck has reached the end of its fire fighting service life and has been replaced with newer equipment, and

WHEREAS, City staff has recommended the ladder truck be sold at public auction through Roger Ernst & Associates, Auctioneers, for the estimated sum of \$4,000.00,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the 1976 Van Pelt ladder truck is hereby declared surplus equipment.

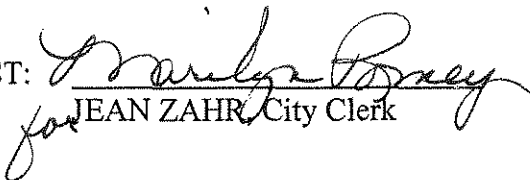

BE IT FURTHER RESOLVED that the sale of this unit through Roger Ernst and Associates, Auctioneers, is hereby approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-314**

A RESOLUTION APPROVING AWARD OF A CONTRACT WITH LARRY WALKER AND ASSOCIATES IN THE AMOUNT OF \$298,767 FOR COMPLETION OF THE CITY'S "STORM WATER MANAGEMENT PLAN" UPDATE, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE CONTRACT

WHEREAS, on November 16, 1990, the Environmental Protection Agency published regulations that required municipalities over 100,000 in population to apply for a National Pollution Discharge Elimination System (NPDES) municipal stormwater permit, and

WHEREAS, by Council Resolution No. 2002-588, the City accepted the renewal of NPDES Stormwater Permit No. CAS8083526 prepared for the City of Modesto, and

WHEREAS, as part of this current NPDES Stormwater Permit, the Regional Water Quality Control Board (RWQCB) mandates the City to create a Storm Water Management Plan (SWMP) by April 1, 2003, which deadline has been extended, and

WHEREAS, within that Plan the City must develop the following programs:

- Construction Program
- Industrial/Commercial Program
- Municipal Program
- Illicit Discharge/Illicit Connection Program
- Education and Public Outreach Program
- Land-Use Planning for New Development and Redevelopment
- Training Program
- Assessment Tools / Performance Standards
- Fiscal Analysis

and

WHEREAS, City staff has been working on the SWMP, however, there are many complex issues and it will take technical and environmental experts approximately 2,500 additional man-hours to complete this comprehensive plan, and

WHEREAS, staff's already-heavy workload precludes completion of this project without outside assistance, and

WHEREAS, if the Plan is not completed, the City will be in violation of its NPDES Stormwater Permit, and

WHEREAS, in Council Resolution No. 2003-200, Council approved issuing Requests for Proposals (RFP) to complete the SWMP update to three firms qualified under the City's Request for Qualifications (RFQ) process, and

WHEREAS Larry Walker and Associates was the only one of those three firms to return a proposal, which proposal provides for completion of the SWMP for a cost of \$298,767,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves award of a contract with Larry Walker and Associates in the amount of \$298,767 for the purpose of preparing the City's Storm Water Management Plan update.

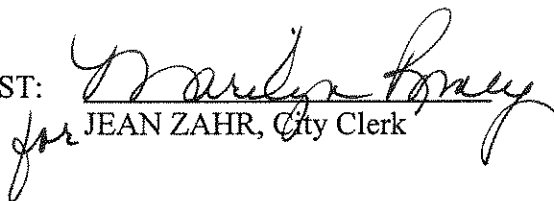

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-315**

**A RESOLUTION DESIGNATING HABITAT FOR HUMANITY AND
ASOCIACION CAMPESENA LAZARO CARDENAS, INC. (ACLC, INC.) AS
COMMUNITY HOUSING DEVELOPMENT ORGANIZATIONS (CHDOs)**

WHEREAS, the City of Modesto receives an annual entitlement from the Department of Housing and Urban Development (HUD) under the HOME Investment Partnerships Program (HOME), and

WHEREAS, the total HOME allocation is divided into four categories with specified eligible uses, with two of these categories specifically committed to Community Housing Development Organizations (CHDOs), and

WHEREAS, a participating jurisdiction (PJ) must invest at least fifteen percent (15%) of its total HOME allocation in projects that are owned, developed or sponsored by CHDOs, and which result in the development of homeownership or renter units, and

WHEREAS, up to five percent (5%) of the total HOME allocation may be provided to CHDOs to help them pay their operating cost, and the use of HOME funds for CHDO operating cost is optional, and

WHEREAS, the intent of the provision is to promote partnerships between local government and non-profit organizations, and to expand non-profit organizations' capacity to develop and manage decent and affordable housing, and

WHEREAS, the CHDOs must meet certain requirements pertaining to their legal status, organizational structure, capacity and experience, and

WHEREAS, to receive a CHDO designation, the organization must be a legally recognized non-profit, community-based service organization committed and having the capacity to develop affordable housing in the community it serves, and

WHEREAS, staff has reviewed the Habitat for Humanity and ACLC, Inc.'s applications for designation as CHDOs and has determined that both organizations meet the basic HOME CHDO requirements, and

WHEREAS, approval of Habitat for Humanity and ACLC, Inc. as CHDOs will allow them to apply for the HOME CHDO set-aside funds and will make them eligible to apply for other HOME financial assistance such as operating assistance and predevelopment funds that are available only to CHDOs, and

WHEREAS, approval of Habitat for Humanity and ACLC, Inc. will also give the City two new partners to work with in carrying out the community's affordable housing programs, and

WHEREAS, the Citizens Housing and Community Development Committee recommended approval of this item at its May 5, 2003, meeting,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the designation of Habitat for Humanity and Asociacion Campesina Lazaro Cardenas, Inc. (ACLC, Inc.) as Community Housing Development Organizations (CHDOs) for Modesto's HOME Investment Partnership Program.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-316**

**A RESOLUTION APPROVING AN AGREEMENT WITH THE MODESTO
CONVENTION AND VISITORS BUREAU (CVB) AND AUTHORIZING THE
CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, the Modesto Convention and Visitors Bureau has provided
Convention and Visitors Bureau services as a City organization in fiscal year 2002/2003,
and

WHEREAS, funding for the Modesto Convention and Visitors Bureau is based on
Transient Occupancy Tax collections received by the City of Modesto, and

WHEREAS, the Modesto Convention and Visitors Bureau will operate as an
independent, non-profit corporation no later than July 30, 2003, and

WHEREAS, an agreement between the Convention and Visitors Bureau and the
City of Modesto which outlines the business relationship between the parties is needed,
and

WHEREAS, at their January 6, 2003, meeting, the Safety and Communities
Committee recommended draft bylaws for the Modesto Convention and Visitors Bureau
that reflected the same board structure as the Public Events Advisory Committee, and

WHEREAS, at their February 3, 2003, meeting, the Safety and Communities
Committee supported formation of an independent, non-profit corporation for the
Modesto Convention and Visitors Bureau and supported approval of the by-laws and
articles of incorporation, and

WHEREAS, on February 25, 2003, the City Council adopted Resolution 2003-
100 which established the Modesto Convention and Visitors Bureau as an independent,

non-profit corporation and adopting the bylaws and articles of incorporation for the Modesto Convention and Visitors Bureau as an independent, non-profit corporation, and

WHEREAS, at their June 2, 2003, meeting, the Safety and Communities Committee members supported the business points to be incorporated into the agreement with the Modesto Convention and Visitors Bureau and supported the Modesto Convention and Visitors Bureau Marketing Plan and Goals with performance measures,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with the Modesto Convention and Visitors Bureau to provide convention and visitor bureau services.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-317**

A RESOLUTION ACCEPTING THE MODESTO CONVENTION AND VISITORS BUREAU 2003/2004 MARKETING PLAN AND GOAL.

WHEREAS, the Modesto Convention and Visitors Bureau has provided Convention and Visitors Bureau services as a City organization in Fiscal Year 2002/2003, and

WHEREAS, the role of the Modesto Convention and Visitors Bureau is to strengthen the local economy by marketing the City as a destination for meetings, conventions, sporting events, motor coach tours, film production, and leisure travel to the City of Modesto, and

WHEREAS, at their February 3, 2003, meeting, the Safety and Communities Committee supported formation of an independent, non-profit corporation for the Convention and Visitors Bureau and supported approval of the by-laws and articles of incorporation, and

WHEREAS, on February 25, 2003, the City Council adopted Resolution 2003-100 which established the Modesto Convention and Visitors Bureau as an independent, non-profit corporation and adopted the bylaws and articles of incorporation for the Modesto Convention and Visitors Bureau as an independent, non-profit corporation, and

WHEREAS, a marketing plan is needed to provide framework and strategies in which the Modesto Convention and Visitors Bureau will focus its efforts, and

WHEREAS, the Modesto Convention and Visitors Bureau will operate as an independent, non-profit corporation no later than July 30, 2003, and

WHEREAS, an agreement between the Modesto Convention and Visitors Bureau and the City of Modesto which outlines the business relationships between the parties is needed, and

WHEREAS, the Modesto Convention and Visitors Bureau Marketing Plan and Goals are incorporated into the final agreement between the Modesto Convention and Visitors Bureau and the City of Modesto, and are attached hereto as Exhibit "A", and incorporated herein by reference, and

WHEREAS, at their June 2, 2003, meeting, the Safety and Communities Committee members supported the Modesto Convention and Visitors Bureau Marketing Plan and Goals with performance measures,

MICHAEL D. MILICH, City Attorney

Refreshingly different!
Modesto

Convention & Visitors Bureau

2003-04

(18-month 1/03-6/04)

**MARKETING PLAN
&
GOALS**

Executive Summary:

The role of the Modesto Convention & Visitors Bureau (bureau) is to strengthen the local economy by marketing the city as a destination for meetings, conventions, sporting events, motor coach tours, film production, and leisure travel to the City of Modesto and within Stanislaus County. This is done through; sales, advertising, public relations and promotions and by providing services to enhance the visitor experience. The goals and objectives are listed as different components within the bureau; Convention and Meeting, Sports, Film, Tourism, Public Relations and Administration. The concerted efforts within each component are vital to the overall success of the bureau.

Purpose of Marketing Plan:

The purpose of this marketing plan is to provide a framework and strategies in which the bureau will focus their efforts.

Marketing plan is written for an 18-month span to be reviewed and revised, if necessary, each fiscal year. Attached is a copy of the bureau budget for the fiscal year 7/02-6/03, a new budget will be written and adopted prior to July 2003.

Situation Analysis:

The impact of recent recession and world events on travel has created quite challenging times for our industry, generating a greater demand for increased sales and marketing efforts. Following September 11th, attacks travel and tourism industry has seen a dramatic drop in the flow of travel. California has fared better than the rest of nation, but has also seen a decrease and change in domestic and especially international travel expenditure. Within the state of California studies have shown that more Californians are traveling within the state for both leisure and business travel.

Modesto has been effective by the impact and seen a change in the booking patterns of travelers to our city for both business and leisure trips. We have seen a shorter time frame in which, groups, conventions, tournaments and travelers are booking. We have benefited from the change in Californians traveling more within the state. Our central location and affordability has proven to be a strong asset toward the convenience of leisure and business travelers, including conventions.

Impact of Tourism *:

Travel and Tourism is the third largest employer in the nation. Travel and tourism is a high growth industry that is forecast to more than double in size over the next decade. Along with telecommunication and information technology, travel and tourism is poised to be one of the three key components of the service led-economy of the 21st Century.

California received a total of an estimated 317 million "person trips" to and through the state in 2001. California residents made 266 million trips throughout California. California's travel and tourism industry generated \$75.4 billion in 2001, or 6% of the Gross State Product.

Stanislaus County has over 3.6 million people visiting annually with a direct expenditure of over \$340 million and tax receipts of over \$26 million.

Market Strengths and Opportunities:

Our location, friendly service and affordability are key strengths in promoting Modesto as a destination. As meeting planners continue to face a variety of destinations to choose from they welcome the service and price packaging Modesto has to offer. A key asset for Modesto is our location and the convenience for attendees to drive to Modesto and/or fly into our city.

Following is a brief outline of some of our strengths and opportunities in marketing Modesto:

<u>Strength</u>	<u>Opportunities</u>
- Central Location	- Signage off Highways
- Air Service	- More Service
- Big City Amenities/Friendly Service-	
- Convention Center	- More space
- Convention Center adj/hotel	- More accommodations closer
- Variety of Meeting space	- More space
- Diversity of Weather	- Very Hot Days
- Diversity of facilities	- Brochure of facilities
- Variety of Accommodations	- More accommodations
- Affordable accommodations	
- Community based sports	- Expand the tournaments
- Variety of sporting outlets	- Development more outlets
- Variety of Activities/things to do	
- Upcoming performing arts center	
- Variety of music outlets	
- Variety of great restaurants	
- Variety of Shopping outlets	
- Ag tours	
- Outdoor recreation	

Market Weakness and Challenges:

One of our major challenges with relation to attracting regional and national meetings is the lack of local air service. The closest major airport is within a 2-hour drive to Modesto and can generally cause concerns expressed by meeting planners. Limited number of rooms available at one property can be a challenge in attracting larger conventions and groups to the Modesto area. Currently, a weakness for Modesto is the lack of a "brand/image" and current collateral marketing pieces to distribute.

Following is a brief outline of some of our weakness and challenges in marketing Modesto:

<u>Weakness</u>	<u>Challenges</u>
- Limited Air Service	- 2 hours to major airport
- Accommodations	- No hotel has more then 275 rooms
- Transportation to/from properties	- No local shuttle service
- No major attraction	- Creating packages/options
- Outside perception	- More advertising
- No branding	- Create a brand/image for Modesto
- Dated collateral material	- Designing creating new Destination guide

OBJECTIVE

The mission of the Modesto Convention & Visitors Bureau (Bureau) is to produce economic benefit for Modesto by effectively soliciting and providing quality services to conventions, meetings, tour groups and visitors.

BENCHMARK CRITERIA

(According to the City of Modesto)

	MODESTO	VISALIA	BAKERSFIELD	FRESNO
GOVERNANCE	Div of City	Div of Chamber	Independent	Independent
BUDGET	\$305,000 (a)	\$250,500 (b)	\$800,000 (b)	\$1,020,400 (b)
TOT TOTAL \$	\$1,776,300	\$1,190,000	\$5,000,000	\$6,000,000
TOT TAX %	9%	10%	12%	13%
BUDGET as % of TOTAL TOT (1)	13.33%	21%	16%	17%
TOT COLLECTED vs CVB SPENDING (2)	\$8 / \$1.00	\$4.75 / \$1.00	\$6.25 / \$1.00	\$5.88 / \$1.00
% HOTEL OCCUPANCY	61.9% (3)	68%	65%	63%

PERFORMANCE MEASURES

1. The Bureau will meet or exceed the TOT collected as associated with convention, film, sport and tour and travel vs. CVB spending ratio as compared to total TOT in 2002 and Visalia, Bakersfield and Fresno CVB's.
2. The hotel occupancy in Modesto will meet or exceed 95% of the average hotel occupancy rate over the 2002 calendar year in the greater Modesto area and in Visalia, Bakersfield and Fresno in FY 02/03.
3. The total TOT collected in FY 02/03 will meet or exceed \$2,000,000.00.
4. The total number of group leads to local hotels and /or Centre Plaza will meet or exceed 100, within convention, film, sports, and tour and travel markets. Based on these leads, at least 80 will result in actual booked events within the fiscal year 02/03.
5. The total number of visitors attributed to the efforts of the CVB will meet or exceed 38,000 delegates within the fiscal year 02/03.

STRATEGIES (Identified by Market Segments)

CONVENTION AND MEETING MARKET:

Market segments; SMERF (Social, Military, Educational, Religious & Fraternal)
Associations (State and Government)
Corporate (Larger annual conferences or conventions)

Objective: Effectively promote Modesto and the Modesto Centre Plaza as an ideal destination for conventions, meetings, conferences and seminars. Continually look into ways of expanding and enhancing Modesto's exposure to meeting planners via, world wide web, trade shows, sales blitz's and advertisement.

Staff: Convention Sales Coordinator

Goal:

- Produce 173 leads, generating 43,250 room nights.
- Produce a total of 38 future bookings, generating 9,500 room nights.

Action Plan:

Leads and Bookings:

A lead is defined as any pre-qualified group that wants to host a meeting or event in the Modesto area. A new lead is a piece of business that has not been in contact with any of the area hotels prior to requesting services from the CVB in reference to their visit to the Modesto area. Our goal is to generate 173 leads during the 18-month span.

A booking is defined as any lead that has signed a confirmed contract with a facility or hotel in the Modesto area. Our goal is to generate 38 meeting and convention booking for the 18-month span.

General/On-going Sales Calls:

Throughout the year meet with various meeting planners in efforts to maintain a strong working relationship. The CVB will emphasize telemarketing, person-to-person sales calls and follow-up calls, with the mission of heightening the awareness of CVB complimentary services and the various facilities and hotels available within the Modesto area. A sales calls can range from file updates to checking the status of leads and bookings both new and repeat business.

Direct Mailings:

Direct mailings will include flyers prior to trade shows and sales blitzes, meeting planner guides and visitor guides, newsletters and Modesto video "Refreshingly Different" Modesto (old copy).

Meeting Planners Guide;

The CVB will produce a four-color meeting planners guide. Designed specifically for Meeting Planners highlighting the meeting facilities in the Modesto area along with the services of the CVB. This guide will include facility layouts and detailed information on hosting an event in Modesto. It will also include a special two-page spread highlighting the Modesto Centre Plaza facilities and services.

Sacramento Meeting Planners Luncheon/Trade Show:

Coordinate a theme luncheon/tradeshow for Sacramento Association and Government meeting planners. We will take Modesto to Sacramento via a trade show featuring our local properties and attractions. Sacramento is a major feeder city for Modesto. This event will be a co-op effort with various local hotels sales staff.

Bay Area Meeting Planners Fam Trip:

Organize a local Fam Trip for State Association, Government and SMERF Meeting Planners. This will be an event in which, we will host a group meeting planners for a weekend in Modesto, showcasing our facilities, fine restaurants and diversity of things to do. This event will be a co-op effort with our local hotels, restaurants and attractions. This is an opportunity for to provide the meeting planners with a first hand experience of Modesto and the services of the bureau.

Trade Shows:

The CVB staff will attend five meeting and convention planner trade shows. Distributing meeting planner packets including our Destination Guide. The CVB will provide an opportunity for area hotels to co-op in partnership with the CVB in attending each trade show. We will also create a theme for each trade-show, highlighting Modesto in a unique and special fashion to heighten the meeting planners remembrance and interest in hosting their next event in Modesto.

Religious Conference Manager's Association Show (RCMA)

The CVB shall attend this national religious meeting planners trade show to maintain visibility and accessibility to the religious market with the goal of developing solid convention and meeting leads.

Society of Government Meeting Planners Show (SGMP)

The CVB will attend this Sacramento based Government meeting planners trade show. The CVB will obtain several leads and bookings from this event.

CalSAE Seasonal Spectacular

This is a holiday trade show for California Society of Association Executives. This show draws both state association and government-meeting planners from throughout the California area.

NCSAE Holiday Event

This is an annual holiday trade show for Northern California (Bay Area) Society of Association Executives. This event draws both state association and government meeting planners from throughout the Bay Area and all of California.

Christian Meetings and Market Trade Show

This will be the second show for this organization. This event is another religious trade show that is a bit smaller then RCMA, however offers a strong representation of meeting planners.

Professional Networking Memberships:

The CVB will keep an active membership and participation with the following associations, Sacramento Society of Meeting Planners, California Society of Association Executives, Northern California Society of Association Executives and Meeting Planners International, attending meetings and gatherings to build our relationships with meeting planners and their awareness of Modesto.

Modesto Greeters:

The CVB will continue to host a volunteer Modesto Greeters program. This is a group that is available to welcome and assist conventions once they arrive to Modesto. They warmly welcome visitors to Modesto, assisting them with questions on the area including directions to restaurants, shopping and overall inquiries.

Convention and Meeting Planner Services:

The CVB will continue the tradition of providing meeting planners complimentary assistance from providing site tours to choose the ideal meeting and or hotel facility, giving bid presentations and welcoming speeches, assist with confirming hotel rates and providing pre-typed name badges for all the delegates. We also will provide each delegate with a Modesto destination guide and a plastic convention bag.

Advertising:

The CVB will enhance its advertising to all market segments of meeting planners. The CVB will host listings in following directories; Meetings in the West, Western Association of Convention and Visitors Bureaus, California Society of Association Executives, Northern California Society of Association Executives Religious Conference Management Association and Sacramento Government Meeting Planners guide.

The CVB will place a ½ page ad in the Annual Statewide Society of Association Executives Directory along with key meeting planner publications.

The CVB will place a ¼ page ad in the Annual Sacramento Government Meeting Planner Guide.

Web Site:

The CVB will provide an outline of the Meeting Planner's Section of our destination guide and the bureau's convention and meeting planners services available online. We will also provide links to area facilities from our web site to assist the planner's needs. We will also connect with area facilities and groups to enhance the exposure to our web site. We will include a special link to the Modesto Centre Plaza facilities and services.

TOURISM MARKET:

Market segment: Motor coaches and tour busses. FIT-Frequent Individual Traveler and Leisure Traveler.

Objective: To continue to build upon the existing tour groups that stay-over in Modesto, typically on their way to the foothills or Yosemite National park along with those passing through Highway 99 going north or south.

To develop an Ag Tourism Committee that focuses on enhancing a network of Ag related businesses that are tourism (group) friendly. Develop and enhance opportunities for Ag interest tour groups to visit Modesto domestically and internationally.

Staff: Bureau Manager

Goal:

- Produce 38 leads, generating 1,520 room nights.
- Produce a total of 15 future bookings, generating 600 room nights

Action Plan:

Leads and Bookings:

A lead is defined as any pre-qualified group that overnights in the Modesto area. A new lead is a piece of business that has not been in contact with any of the area hotels prior to requesting services from the CVB in reference to their visit to the Modesto area. Our goal is to generate 38 leads during the 18-month span.

A booking is defined as any lead that has signed a confirmed contract with a facility or hotel in the Modesto area. Our goal is to generate 10 motor coach and or tour bus booking during the 18-month span.

General/On-going Sales Calls:

Throughout the year establish a working relationship with local area Tour Operators sharing the services and resources of the CVB.

The CVB will contact area tour group destinations strengthening the relationship with the CVB and building a network resource for tour operators.

The CVB will emphasize telemarketing, person- to- person sales calls and follow-up calls, with the mission of heightening the awareness of tours available in the Modesto area along with the variety of hotel facilities available. A sales calls can range from file updates to checking the status of leads and bookings both new and repeat business.

Direct Mailings:

The CVB will design a special flyer/brochure to highlight tours available in the Modesto area, to send out as a direct mailer to various tour operators and travel agencies, both domestically and internationally. Direct mailings will include flyers prior to trade shows and sales blitzes, including our visitor guide.

Graffiti Summer:

(Graffiti Summer Steering Committee will develop outline of goals for the committee that will be an addendum to this Marketing Plan)

The Graffiti Summer Committee will be lead by a member of the Public Events Advisory Committee. The CVB will work closely with the Modesto Chamber of Commerce and the Stanislaus County Travel and Tourism Roundtable to gather different community leaders to join us in promoting a Graffiti Summer theme for Modesto during the month of June and then expanding to be year-round.

Ag Tourism Committee:

(Ag Tourism Committee will develop outline of goals for the committee that will be an addendum to this Marketing Plan)

To develop an Ag Tourism Committee a member of the Public Events Advisory Committee will chair that. The goal of this committee will be to focus on enhancing a network of Ag related businesses that are tourism (group) friendly.

To design a program to attract tour operators for domestic and international market share. To streamline communication and involvement with the Agriculture businesses throughout Modesto and Stanislaus County with the CVB. To design a brochure that will highlight Ag tourism in our area.

Tour Operators Fam Trip:

Organize a local Fam Trip for State-wide Tour Operators. This will be an event in which, we will host a group of tour operators for a weekend in Modesto, showcasing our facilities, fine restaurants and attractions. This event will be a co-op effort with our local hotels, restaurants and attractions and the Stanislaus Travel and Tourism Roundtable. This is an opportunity for to provide the tour operators with a first hand experience on Modesto and Stanislaus County and the services of the bureau.

Trade Shows:

The CVB staff will attend two tour market trade shows. Distributing visitor guides and tour sample itineraries for tour operators and travel agents. The CVB will provide an opportunity for area hotels to co-op in partnership with the CVB in attending each trade show. We will also create a theme for each trade-show, highlighting Modesto in a unique and special fashion to heighten the things to visit in Modesto and enhancing their interest in booking their next group to Modesto.

Professional Networking Memberships:

The CVB will keep an active membership and participation with the following associations, CalTIA – California Travel Industry Association – California Division of Tourism Rural Marketing Advisory Committee and the Central Valley Tourism Association, attending meetings and gatherings to build our relationships with state and regional representatives and tour planners.

The CVB will work closely with the Stanislaus County Ag Center, Pavilion Learning Center and their Harvest Trails.

Advertising:

The CVB will enhance its advertising to the tour operators. The CVB will host listings in following directories; Central Valley Tourism Association, American Destinations, National Tour Association and California Visitors Guide and Travel Planner.

FILM MARKET:

Market segment: All areas of filming from commercials to movie productions.

Objective: To attract members of the film industry to the Modesto area for the filming of commercials, movies and feature films. To strengthen the film commission, which is a collaborated effort of businesses in bringing films to our area along with being a network of resources for leads and scouts. To become a leader and key contact for any film related event within Modesto and Stanislaus County.

Staff: Sports and Film Sales Coordinator

Goal:

- Produce 20 leads, generating 1,000 room nights.
- Produce a total of 5 future bookings, generating 200 room nights

Action Plan:

Leads and Bookings:

A lead is defined as any pre-qualified group that overnights in the Modesto area. A new lead is a piece of business that has not been in contact with any of the area hotels prior to requesting services from the CVB in reference to their visit to the Modesto area. Our goal is to generate 20 leads during the 18-month span.

A booking is defined as any lead that has signed a confirmed contract with a facility or hotel in the Modesto area. Our goal is to generate 5 film/commercial related bookings for the 18-month span.

Photo Library:

The CVB will create and design a local photo contest to help in building a photo library on own web site for film scouts to review online. The CVB will work with local agencies and contacts to add photos to the photo library highlighting the Modesto area and the wide variety of themes.

General/On-going Sales Calls:

Throughout the year establish a working relationship with local area chambers, and filming service clients sharing the services and resources of the CVB.

The CVB will emphasize telemarketing, person- to- person sales calls and follow-up calls, with the mission of heightening the awareness of facilities available in the Modesto area along with the variety of hotel facilities available. A sales calls can range from file updates to checking the status of leads and bookings both new and repeat business.

Trade Shows:

The CVB staff will attend one film related trade show. Distributing visitor guides and production directories. The CVB will provide an opportunity for area hotels to co-op in partnership with the CVB in attending this trade show. We will create a theme for the trade-show.

Production Directory:

The CVB will create and design a production directory both in print and online. This directory will be a great resource and sales tools for attracting film scouts to choose our area for their next piece. Highlighting our guidelines for permits.

Film Commission:

(Film Commission will develop outline of goals for the commission that will be an addendum to this Marketing Plan)

To enhance the Film Commission that will be lead by a member of the Public Events Advisory Committee. The goal will be to enhance the commission's membership of representatives from a variety of film related interest. To meet monthly, providing advice and guidance to the Film Commissioner and various projects for the film department. To assist in scouting locations and leads for Modesto and Stanislaus County.

Professional Networking Memberships:

The CVB will keep an active membership and participation with the California Film Commission, attending meetings and gatherings to build our relationships with state and regional representatives.

Advertising:

The CVB will enhance its adverting to the film industry. The CVB will host listings in key location directories and publications, including Blu-Book, webmovie.com, LA411 Publications, The Reel Directory, Locations Update, Cinema Scout, Producers Master Guide, Kemps Directory, Studio Directory, California Film Commissioners Directory, FLICS fax location request.

Web Site:

The CVB will provide an outline of photos and film services in the Modesto area. We will also provide links to area facilities from our web site to assist the visitor's needs. We will also connect with area facilities and groups to enhance the exposure to our web site.

Film Festival:

The CVB will design and arrange for a Film Festival to take place in Modesto. To coordinate a partnership with the Modesto Junior College and other local businesses. To develop a theme highlighting the movie "American Graffiti" a major film on the Modesto area. This will be a key event to enhance the exposure of the filming possibilities in Modesto along with highlighting a local awareness of the economic impact of the filming industry.

PUBLIC RELATIONS AND VISITORS INFORMATION:

Independence:

The City of Modesto will continue to pursue to separate the CVB into an independent 501 (c) 6, non-profit organization. This will be a process to set-up a new structure, board of directors, by-laws and guidelines for an independent CVB.

Local:

Continue to educate the local community on the impact of tourism to Modesto. Educate the community of the role/purpose of a CVB along with, the complimentary services available to meeting and event planners. The CVB will provide opportunities for businesses to partner with the CVB marketing efforts. The CVB will work actively with local meeting planners and key contacts encouraging them to bid to host for their associations meetings and events in Modesto.

We will host an appreciation reception to acknowledge all local and key representatives that play active role in pursuing an event, meeting, and convention to the Modesto area.

County:

Continue participation and partnership in regional efforts to increase travel and tourism to our area. These efforts currently include the Stanislaus County Regional Roundtable on Travel and Tourism. We will work with the County to review the possibilities of developing a Countywide CVB.

Regional:

Continue to participation in the Central Valley Tourism Association to increase travel and awareness of Modesto within the Central Valley and the State of California. This association is a co-op membership of CVB's from throughout the Central Valley from Davis to Kern County.

We are currently active on the Executive Board of this association. Bureau Manager is acting President.

State:

Continue to participate with the State of California Office of Tourism and the various marketing programs and committee. Bureau Manager is a member of the Rural Marketing Advisory Committee.

Hotel Council:

The Hotel Council will be lead by a member of the Public Events Advisory Committee. The CVB will remain active with the structure and gathering of the Modesto Hotel Council. Meetings are held every other month keeping the hotels up-to-date on the CVB's marketing programs, encouraging their participation as appropriate, and to stimulate communication within the local hotel community.

The CVB will continue to work towards developing a plan to integrate the involvement, participation and financial contribution of the hotel properties outside of the City of Modesto city limits and within the Stanislaus County.

Marketing Committee:

The Marketing Committee will be lead by a member of the Public Events Commission. The CVB will work closely with a group of volunteer marketing professionals to assist with the development and direction of the CVB marketing pieces. From the CVB Destination Guide Web Site, CD, New Trade Show Booth, Marketing brochure and various print ads.

Destination Guide:

The CVB will produce a new 32-page full color visitor's guide of the Modesto area. This guide is magazine style. We will mail the guide to visitor request via the mail, email, and phone including the toll-free line.

Visitors Center:

The CVB will maintain the lobby area as a visitor information center. We will keep the brochure racks full with local information highlighting things to do, places to eat and where to stay in Modesto. The CVB will also sell some local Modesto keepsake items, example, t-shirts, sweatshirts, mugs, and wine glasses to list a few items. The CVB will host signage inside the Doubletree Hotel and the Modesto Centre Plaza directing visitors to our Visitor Information Center.

The CVB will also work with Cal Trans to have appropriate signage off Highway 99 and Maze Exit for directional signage to the Visitor Center.

Web Site:

The CVB will host an interactive, up-dated web site. We will host all the services of the CVB and special market emphasis for each area. We will include all the information we have in print form including a photo library and a community calendar of events.

Marketing CD:

The CVB will produce a new CD that is similar to a Destination Guide on a CD. This is a very interactive and new marketing concept that is becoming very popular for the traveler and especially meeting planners.

Newsletter:

The CVB will produce a new electronic quarterly newsletter that will highlight various bureau news updates along with a special emphasis on groups and events coming to Modesto.

ADMINISTRATION:**Association Memberships:**

The CVB will retain an active membership with the following associations:

- WACVB** (Western Association of Convention and Visitors Bureaus)
 - CVTA** (Central Valley Tourism Association)
 - FLICS** (Film Liaisons in California Statewide)
 - NTA** (National Tour Association)
 - CSAE** (Calif. Society of Association Executives)
 - MPI** (Meeting Planners International) Sacramento Chapter
 - CALTIA** (California Travel Industry Association)
 - RCMA** (Religious Conference Managers Association)
 - SGMP** (Society of Government Meeting Planners)
 - NSCA** (National Sports Commission Association)
 - STTR** (Stanislaus County Regional Roundtable on Travel & Tourism)
- (Agriculture Association to strengthen our knowledge and position with Ag Tourism)

Speaking Engagements:

The CVB will accept speaking engagements and make presentations to create more public awareness of the CVB, and to encourage local organizations to bid for their organizations convention and or event.

The CVB will work with local radio and cable stations to develop a strong link of communication, providing updates on events and groups coming to Modesto.

Reports:

The CVB staff will keep actuate and up-to-date monthly reports on the contacts made, sales leads generated, bookings, trade shows, servicing accounts, lost business reports. We will supply monthly TOT reports, financial status, group tracking and committee updates, etc.

Training:

The CVB staff will participate in various training opportunities as deemed appropriate for the effectiveness and direction of the CVB goals and marketing plan.

Bureau Manager will complete certification as a Destination Management Executive with International Association of Convention and Visitors Bureaus.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-318**

WHEREAS, the Modesto Convention and Visitors Bureau will operate as an independent, non-profit corporation no later than July 30, 2003, and

WHEREAS, at the June 24, 2003, meeting, by Resolution No. 2003- 316, the City Council approved an agreement between the Convention and Visitors Bureau and the City of Modesto which outlines the business relationship between the parties, and

WHEREAS, to provide continuity of employees until such time as the Convention and Visitors Bureau can operate as a non-profit, the provisional appointments for the employees need to be extended for a period not to exceed thirty (30) days, until no later than July 30, 2003,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves extending the provisional appointment of one (1) Cultural Services Manager, two (2) Assistants to the Events Coordinator, and one (1) .75 Administrative Office Assistant for a period not to exceed thirty (30) days, until no later than July 30, 2003.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-319**

A RESOLUTION APPROVING THE CREATION OF A NEW MINOR HOME REPAIR GRANT PROGRAM, FUNDED WITH COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) FUNDING

WHEREAS, the Recreation and Neighborhood Services Division currently has a loan program called the Emergency Home Repair Program/Disabled Access Assistance Program (EHRP/DAAP) that assists low to moderate-income households with critical repairs to their homes, such as roof repairs, electrical and plumbing issues; however, the EHRP/DAAP does not cover mobile homes because of the collateral issue on deferred payment loans, and

WHEREAS, staff receives an average of two to three inquiries per month for assistance that do not qualify as an “emergency” and which are requests for small repairs, such as a broken water heater, leaking faucets, overloaded circuit breaker box, etc., and

WHEREAS, these repairs are so small they could be better served through a grant, not a loan, because a loan would include title fees that would dramatically increase the cost of the repair, and

WHEREAS, the cost of staff time in processing, servicing, and loan follow-up does not warrant making a small loan, and since the repair is needed immediately, the grant program would allow for more timely repairs, and

WHEREAS, staff receives many requests for small repairs from mobile home owners, who tend to be in the very low-income category, and

WHEREAS, the funding source for the proposed program is \$16,853 in CDBG funds, from payoffs from participants of a former stipulated grant program available for rehabilitation of rental units, and

WHEREAS, staff recommended the creation of this new Minor Home Repair Grant Program to the Housing Rehabilitation Loan Committee on April 17, 2003, and to the Citizens Housing and Community Development Committee on June 3, 2003, and both committees approved staff's recommendation for creating the new Minor Home Repair Loan Program, and

WHEREAS, staff has developed guidelines for the Minor Home Repair Grant Program, attached hereto as **Exhibit "A"** and incorporated herein by reference,

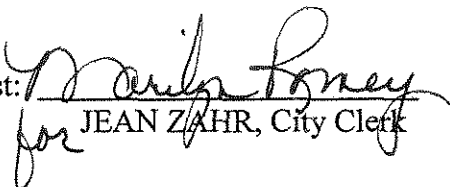

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the creation of new Minor Home Repair Grant Program, in the amount of \$16,853.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

MINOR HOME REPAIR GRANT PROGRAM

This grant program is designed to allow low-income households within the city limits of Modesto to correct minor defects in their home and enhance the physical quality of their living environment. The word "home" means single family dwelling, a mobile home, manufactured housing, or factory-built housing.

Many times, home repairs are needed which are small and inexpensive. Real property is eligible under other City programs, but it is not conducive to making a loan on small items, such as water heaters and heater repairs. Mobile home repairs are not eligible under other City programs. There is a need for this type of grant program due to budget cuts to other government-funded programs within Stanislaus County.

Program Limit

This program is a grant program. There is a one-time household limit of \$1,000 for mobile homes/modular homes and a \$500 grant limit for single-family homes. The unit must be owner occupied and be within the city limits of Modesto.

This grant program is limited to one grant per household. The homeowner must agree to repay the grant money received if the home is sold within 12 months of receiving the grant.

Income Limits

The program is available to any Modesto household that has a gross annual household income of 50% or less of the Median Area Income as established by the Department of Housing and Urban Development. The income is based on current and anticipated income by all adult members of the household during the next 12 months. Income is verified by pay stubs, award letters, copies of checks, bank statements, and any other means as determined by the City of Modesto in compliance with HUD regulations. The homeowner should have no other financial means of assistance to them for the repairs.

Eligible Repairs

Water heaters, leaking faucets, toilets, non-operating sinks, furnaces, small electrical hazards, air conditioners (upon proof of medical need), wheelchair ramps, grab bars, disability accessibility items, steps to mobile home, roofs, cracked or broken windows, weatherization enhancements, energy conservation improvements, or any other health and safety hazard approved by the Deputy Director of Parks, Recreation and Neighborhoods. No general property improvements are eligible under this grant program.

Minor Home Repair Grant Program Procedures

1. The Housing Financial Specialist receives a telephone inquiry concerning the Emergency Home Repair Program/Disabled Access Assistance Program. If the call is concerning a mobile home in the City, the Housing Financial Specialist will explain the use of the Minor Home Repair Program (MHRP). If the call is for a single family dwelling, the Housing Financial Specialist will ascertain the scope of services needed and will explain either the MHRP or the EHRP/DAAP, as applicable. Preliminary information on income and ownership will be verified.
2. If it appears that this household will be using the grant program, the Senior Housing Rehabilitation Specialist, or designee, will inspect the property to verify conditions and possible use of grant program. The Senior Housing Rehabilitation Specialist, or designee, will give the homeowner the grant application. If the unit is a single family dwelling and the cost of the scope of eligible repairs is estimated to be more than what is available under the MHRP, the Senior Housing Rehabilitation Specialist, or designee, will explain the EHRP/DAAP program to the homeowner. After the inspection, the Housing Financial Specialist will mail the homeowner the EHRP/DAAP application packet and the loan will proceed under the Guidelines of Chapter 12 of the Policy and Procedures Manual, "Emergency Home Repair Program/Disabled Access Assistance Program."
3. The Housing Financial Specialist will meet with the grant applicant to verify eligibility and a review of the grant application.
4. For labor and materials of \$500 or more:
The homeowner must submit two written cost estimates/proposals from licensed contractors. The homeowner will indicate which contractor is their preference. If the homeowner selects the higher estimate as their preference, and the difference from the comparable estimates is less than 5%, the higher estimate can be chosen. If the higher estimate exceeds the 5% tolerance, the higher estimate can only be selected upon the special approval of the Housing Program Supervisor.

In special circumstances, these procedures may be waived by the Deputy Director of Parks, Recreation, and Neighborhoods.

5. For labor and materials less than \$500:
The homeowner must submit a written estimate from a qualified person for the labor and materials needed for the repair. Labor costs are not covered if the qualified person is a blood relative of the property owner or their spouse. If a blood relative is doing the repairs, the property owner must submit documentation as to the cost of the materials. Staff will review all estimates and documentation to verify their completeness and to verify if reasonable.

6. Upon grant approval by Deputy Director of Parks, Recreation and Neighborhoods, homeowner(s) will be asked to sign a Grant Agreement in which the owner(s) agrees to repay the grant if the house is sold to an ineligible person within 12 months of completion of repair work. The Grant Agreement will serve as approval letter to the homeowner and the contractor selection or the qualified person who will perform the work. The agreement will also include directions for the steps to be taken following approval and the 90-day expiration date for the work to be completed. The Grant Agreement will be signed by the Deputy Director on behalf of the City.
7. Upon receiving the invoice from the approved contractor, qualified person, or request for reimbursement from the homeowners, the Senior Housing Rehabilitation Specialist, or designee, will inspect the repair work to verify that it was completed in a satisfactory manner. The Senior Housing Rehabilitation Specialist, or designee, and the homeowner will sign a Check Request Form. The Housing Financial Specialist will process the Check Request with the City Finance Department for payment.
8. Twelve months from the date of payment of grant, the Housing Financial Specialist will verify that the home has not been sold. If it has been sold, a letter will be mailed to the grant recipient requesting immediate repayment of the grant received.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-320**

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN THE CITY OF
MODESTO AND YOSEMITE COMMUNITY COLLEGE DISTRICT AND
MODESTO JUNIOR COLLEGE FOR PARTICIPATION IN THE SUBSIDIZED
FEDERAL WORK STUDY PROGRAM FOR THE 2003-2004 PROGRAM YEAR.**

WHEREAS, the Modesto Junior College has offered the City the opportunity to participate in the Federal Work-Study Program, and

WHEREAS, the program offers eligible students an opportunity to pay for educational expenses by working while attending school, and

WHEREAS, students are paid \$7.25 per hour, with the Federal government subsidizing 75% of this amount, and the City being responsible for 25% of the amount,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the agreement between the City of Modesto and Yosemite Community College District and Modesto Junior College for participation in the subsidized Federal Work Study Program for the 2003-2004 program year, be and it is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute this agreement.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003 - 322**

**A RESOLUTION AUTHORIZING THE ACTING RISK MANAGER TO BIND
PROPERTY AND BOILER & MACHINERY INSURANCE FOR THE CITY OF
MODESTO OWNED AND/OR OPERATED PROPERTIES AND AUTHORIZING
THE CITY MANAGER TO EXECUTE THE RENEWAL AGREEMENT FOR
THE INSURANCE**

WHEREAS, since 1993, Driver-Alliant Insurance Services has been the broker of Record for the City's property-related needs, and

WHEREAS, Driver has developed a joint-purchasing group of clients called PEPiP (Public Entity Property Insurance Program) which includes over 2,800 public entities in 7 different states with over \$70 billion in insured values, and

WHEREAS, PEPiP's loss experience, coverage form and pricing have been the most competitive in the industry, and

WHEREAS, renewal of said insurance is due on May 30, 2003, and

WHEREAS, staff has received the initial renewal quote that provides for a rate decrease of 6 ½% for property and boiler & machinery coverage due to stabilization in the market and City of Modesto's favorable loss record, and

WHEREAS, based upon policy direction from Council, staff will bind the insurance coverage through PEPiP,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Acting Risk Manager is hereby authorized to bind property and boiler & machinery insurance coverage as presented by the City's Broker of Record pursuant to Council direction.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute the renewal agreement for property and boiler & machinery insurance coverage and pay the quoted premiums.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-323**

**A RESOLUTION FINDING "UNITED CABLE/COMCAST" TO BE IN
MATERIAL BREACH OF THE CABLE TELEVISION FRANCHISE AND
IMPOSING PENALTIES.**

WHEREAS, United Cable Television Corporation, a subsidiary of Comcast (hereinafter "United Cable/Comcast") holds a cable television franchise in the City of Modesto, and

WHEREAS, on May 14, 2003, the City Manager issued a Notice of Breach of the Comcast's Cable Television Franchise based on United Cable/Comcast's failure to complete the grounding corrections within the time provided for in the Franchise Documents, and

WHEREAS, on June 24, 2003, the City Council held a noticed public hearing on whether United Cable/Comcast was in breach of its obligation to complete the grounding corrections on or before March 14, 2003 as required under the Franchise Documents, and to determine the appropriate remedy for such breach, and

WHEREAS, the City Council has considered all of the testimony, both oral and written, received by the City Council at or before the hearing on June 24, 2003,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. FINDINGS; MATERIAL BREACH OF THE CABLE TELEVISION FRANCHISE. The City Council hereby finds and determines, based on the evidence submitted at the hearing and on the staff report, which is incorporated herein, that United Cable/Comcast is in material breach of its obligation to correct the grounding of the cable system as required by the Franchise Documents.

a. Franchise Documents. As used in this Resolution, the "Franchise Documents" include the following: the Settlement Agreement between Cable One and the City of Modesto dated February 13, 2001; Ordinance No. 3203-C.S. approving the transfer of the cable television franchise from Cable One to United Cable Television Corporation; the Certificate of Acceptance of the Transfer executed by United Cable Television Corporation on March 7, 2001; the Franchise Ordinance (Article 11, Chapter 4 of the City Municipal Code, as amended) the Franchise Renewal Agreement, as adopted by Ordinance No. 3223-C.S., and the Certificate of Acceptance of the Franchise Renewal dated June 11, 2001), Resolution No. 2002-299, approving the change in control by reason of the merger of AT&T Broadband and Comcast; and the Certificate of Acknowledgment of the Approval of the Change of Control executed by AT&T Comcast.

b. In reaching its determination that United Cable/Comcast is in material breach of the Franchise, the Council makes specific reference to the following:

1. The current franchisee is United Cable Television Corporation ("United Cable"). United Cable was a subsidiary of AT&T Broadband when United Cable acquired the Modesto cable franchise on March 7, 2001. On November 18, 2002, by reason of the merger of AT&T Broadband and Comcast, United Cable became a subsidiary of AT&T Comcast, now known as Comcast.

2. Ordinance No. 3203-C.S. approving the transfer from Cable One to United Cable provides, in pertinent part:

"AT&T Broadband [United Cable] acknowledges that failure to perform these improvements and corrections [including grounding] within the times set forth in the settlement agreement shall constitute a material breach of the franchise. (Id. at Section 2.F.)

"AT&T Broadband [United Cable] agrees to complete, within the times set forth on Exhibit D, the grounding requirements set forth on Exhibit D." (Id. at Section 4.3.)

Exhibit D to Ordinance No. 3203-C.S. sets forth the requirements for grounding and the times for grounding. Exhibit D further establishes the methodology for the verification inspection to determine if the grounding corrections have been completed as required by Ordinance No. 3203-C.S.

3. The Certificate of Acceptance of the Franchise executed by United Cable states that United Cable:

" unconditionally, irrevocably, and without reservation accepts the Cable Television Franchise. . . . including Ordinance No 3203-C.S."

"Covenants and promises to faithfully undertake and perform each and every promise, covenant, commitment and undertaking contained in the Franchise Ordinance;

"Expressly declares and agrees to comply with each and every term, condition, and agreement contained in Ordinance No 3203-C.S., approving the transfer of control."

4. Under the terms of Ordinance No. 3203-C.S. Exhibit D, United Cable was required to inspect all drops to determine grounding code compliance status. United Cable was to deploy scheduled crews to inspect, make code corrections as necessary, and add tracking codes to its subscriber management system. All phases on the grounding corrections and repairs were to be complete within 24 months of the transfer date. At the time of completion, the City was to conduct a statistically accurate (+/- 3%) verification inspection. Completion of the grounding repairs required demonstration of 90% compliance.

5. The transfer date for the Cable One to United Cable transfer was March 7, 2001.

6. Throughout the correction period, United Cable/AT&T Broadband provided written and verbal progress reports to the City that indicated that the grounding project was underway and was on or ahead of schedule for completion by March 2003.

7. Resolution 2002-299 approving the change in control by reason of the merger of AT&T Broadband and Comcast provided that:

"F. Nothing in this Resolution or in the City's consent to this change in control shall be construed, in any manner whatsoever, by AT&T Broadband, AT&T Comcast, or any of the subsidiaries of AT&T Comcast, as precluding or impacting the City's ability or authority to address any act(s) of noncompliance by Franchisee or failure(s) to act by Franchisee, pursuant to the terms of the Franchise Agreement and the Franchise Ordinance. In particular, and without limiting the forgoing, Franchisee, in acquiring the cable system in Modesto, as part of the transfer approval from Cable One, and incorporated in the Franchise Agreement, agreed as follows:

"AT&T Broadband has acknowledged and agreed that, pursuant to the settlement agreement between Cable One and the City, the transfer ordinance approving the transfer to AT&T Broadband and the franchise Renewal Agreement, AT&T Broadband was and is currently required to perform certain physical improvements and corrections, and that these improvements and corrections were a condition of the Cable One/AT&T Broadband transfer and are binding on AT&T Broadband. AT&T Broadband has acknowledged that failure to perform these improvements and corrections within the times set forth in the settlement agreement shall constitute a material breach of the franchise. Execution and delivery of the certificate of acceptance of the franchise by AT&T Broadband constituted its agreement to be bound to this condition and to the terms of this Resolution, and the Franchise Agreement including, without limitation, the conditions requiring physical improvements and corrections to the cable system."

8. The Certificate of Acknowledgment of the approval of the change of control by reason of the merger of AT&T Broadband and Comcast acknowledges that the change in control does not "affect, diminish, impair or supercede the binding nature of the commitments of United Cable" and that AT&T Comcast "will use its best efforts to ensure that the Franchisee complies with its obligations under the Franchise Documents." (Section 1)

9. The City Council finds that the merger and change in control does not provide an excuse or reason for any extension in the time for compliance with the grounding obligations.

10. Kramer.Firm, Inc. conducted the verification inspection in late March and early April 2003. A copy of the report of this inspection is on file with the City Clerk and was provided to Comcast and to the City Council. The results of the inspection showed that only 71.3333% of the locations inspected were grounded in compliance with grounding requirements of the City's Municipal Code adopting the National Electrical Code rather than the required 90%. Therefore, Comcast has not demonstrated compliance with the grounding requirement.

11. Based on the foregoing, the City Council hereby finds United Cable/Comcast in material breach of the Franchise by reason of its failure to complete the required grounding corrections in the manner and within the time set forth on Exhibit D of Ordinance 2303-C.S.

SECTION 2. PUBLIC SAFETY. The City Council further finds and determines that the grounding corrections are required for the public health and safety. Grounding of the cable system is required by the National Electrical Code, adopted by

the City into its Municipal Code. Two sections from the National Electrical Code Handbook (2002 ed.), which the City uses for guidance, are particularly helpful to understand why the City takes this matter so seriously:

NEC Handbook Commentary for Section 250-94:

For example. . . assume that a current is induced in the power line by a switching surge or a nearby lightning strike, so that a momentary current of 1000 amperes flows over the power line to the power-line ground. ***This amount of current is not unusual under such circumstances. The amount could be, and often is, considerably higher.*** Also assume that the power ground has a resistance of 10 ohms. . . (Emphasis added.)

. . . the current flowing through the equipment connected to electrical system will be raised momentarily to a potential of 10,000 volts (1000 amperes \times 10 ohms). This potential of 10,000 volts would exist between the CATV system and the electrical system and between the grounded conductor within the CATV cable and the grounded surfaces in the walls of the home, such as water pipes (which are connected to the power ground), over which the cable runs. ***This potential could also appear across a person with one hand on the CATV cable and the other hand on a metal surface connected to the power ground (e.g., a radiator or refrigerator).*** (Emphasis added)

Actual voltage is likely to be many times the 10,000 volts calculated, because extremely low (below normal) values were assumed for both resistance to ground and current. Most insulation systems, however, are not designed to withstand even 10,000 volts. Even if the insulation system does withstand a 10,000-volt surge, it is likely to be damaged and breakdown of the insulation system will result in sparking. (Emphasis added.)

. . .

NEC Handbook commentary for Section 820.40(D):

Proper bonding of the CATV system coaxial cable sheath to the electrical power ground is needed to prevent potential fire and shock hazards.

. . .

If an individual is the interface between the two systems and the bonding has not been done in accordance with the Code, the high-voltage surge could result in electric shock. More common, however, is burnout of the television tuner because this part is almost always an interface between the two systems. The tuner is connected to the power system ground through

1. United Cable/Comcast shall correct the grounding so that it will pass the verification inspection as set forth on Exhibit D of Ordinance 3203-C.S. in the shortest possible time.

2. United Cable/Comcast shall pay the following penalties and damages for material breach of the franchise. Such penalties and damages shall accrue on a daily basis beginning on May 14, 2003 (the date of the Notice of Breach) until the grounding corrections are complete and a verification inspection determines that the work is complete as set forth on Exhibit D to Ordinance No. 3203-C.S.

The sum of \$5,000 plus \$1.00 per day per deficiency beginning May 14 through June 30 is \$1,079,192 and is due on July 1. An additional fine of \$1.10 per deficiency shall be accrued on a daily basis during the months of July and August, 2003, and shall be due and paid on the first day of each following month. For each subsequent two month period the fine shall be increased by \$.10 per day per deficiency and shall be due and paid monthly on the first business day each following month. Each non-compliant grounding location is a separate deficiency. Based on the Kramer.Firm report and a total of 78,069 cable locations in the City, as of the date of this Resolution there are 22,379 non-compliant grounding locations.

The City Manager may reduce the penalty amount if United Cable/Comcast can demonstrate, based on statistically accurate (+/-3%) inspections, that the grounding in a designated phase has been completed, as required by Exhibit D, thereby reducing the total number of drops that are out of compliance with grounding requirements.

3. The City Council finds and determines that this is a reasonable and adequate penalty in that it is of sufficient size, in light of the estimated revenue of the cable operator, to constitute a penalty, without being confiscatory; it will provide an incentive to complete the grounding corrections as accurately and expeditiously as possible; the Franchise Documents were explicit and the cable franchisee specifically stipulated that failure to correct the grounding within 24 months from the date of the Cable One to United Cable transfer would constitute a material breach and the material breach is directly related to the public health and safety.

4. The City Manager, in consultation with the City Attorney and special legal counsel, is hereby authorized to notify the surety company of the material breach of the Franchise, to make a demand on the Performance Bond, and/or to call the Letter of Credit, at the time and in the manner that the City Manager and the City Attorney deem appropriate.

5. In addition to and not as an offset against all other fines or charges described above, the Franchisee, United Cable/Comcast shall pay for the City's costs and expenses of enforcement and inspections to assure that the work required to complete the grounding requirements is completed in accordance with Ordinance 3203-C.S. the Franchise Documents and this Resolution. (Ordinance No. 3203-C.S. Section 4, No. 5), including, but not limited to, the costs and expenses for re-inspections and City staff and legal expenses.

6. The City Attorney is authorized and directed to file an injunction action against United Cable/Comcast to require it to remove all facilities and connections that are not properly grounded in order to eliminate the threat to public

safety. The City Council reserves the right to initiate additional legal action at a later date to pursue alternative remedies for the material breach of the franchise.

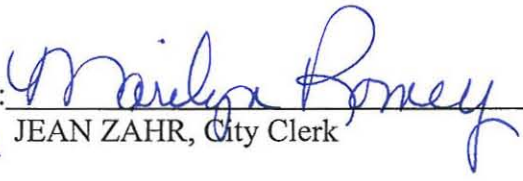

SECTION 4. APPROPRIATION OF CITY FUNDS. Funds of \$100,000 will be transferred from the Cable One settlement account #0100-800-8000-8003 to the cable and technology account #0100-020-0219-8129.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of June, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Frohman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-325**

A RESOLUTION APPROVING A FINAL APPLICATION TO THE HOUSING AND URBAN DEVELOPMENT DEPARTMENT (HUD) FOR A \$4.5 MILLION SECTION 108 LOAN GUARANTEE TO FINANCE THE CONSTRUCTION OF THE NEIGHBORHOOD CENTER AT MARSHALL PARK AND THE RENOVATION AND EXPANSION OF MADDUX YOUTH CENTER, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE INITIAL APPLICATION.

WHEREAS, on February 4, 2003, the Modesto City Council adopted Resolution No. 2003-69 authorizing the City Manager, or his designee, to execute the initial application for the Section 108 Loan Guarantee from HUD, and

WHEREAS, City staff recommends approval of the submittal of the final application to the Housing and Urban Development Department (HUD), and

WHEREAS, the City will borrow against a \$4.5 million Section 108 Loan Guarantee, of which \$3.1 million is for the construction of a joint service facility in Marshall Park, which would house a fire station, a police sub-station and a recreation office/ facility, and \$1.4 million is for the renovation and expansion of the Maddux Youth Center, and

WHEREAS, the loan guarantee can be used for any CDBG eligible activity, and these two proposed projects are both located in the low-income census tracts and will benefit low- and moderate-income persons, and

WHEREAS, the City would pay quarterly interest due on the amount borrowed, with the interest rate on the interim financing being adjustable, and based on the London Interbank Offered Rate (LIBOR) plus a mark up of 20 basis points, and

WHEREAS, the maximum term is 20 years, and loans cannot be prepaid during the first ten years of the amortization period; principal is paid once a year and the interest is due on August 1 and February 1, and

WHEREAS, the City of Modesto is proposing a 20-year amortization period on the permanent financing, and

WHEREAS, HUD requires that the City use its future CDBG entitlement as collateral, as well as other collateral which in the City's situation would be Marshall Park, Cesar Chavez Park (the location of the Maddux Youth Center), the buildings and all improvements,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a final application to be submitted to the Federal Housing and Urban Development Department (HUD) for a \$4.5 million Section 108 Loan Guarantee to finance the construction of the Neighborhood Center at Marshall Park and the renovation and expansion of Maddux Youth Center.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the final application.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following votes:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003 - 326**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO
UPDATING THE FAIR MARKET VALUE FOR THE PARCELS LOCATED AT
THE SOUTHWEST CORNER OF 10TH STREET AND H STREET AND
AUTHORIZING THE SALE OF SAID PARCELS TO THE MODESTO
REDEVELOPMENT AGENCY.**

WHEREAS, on October 10, 2000, the City Council of the City of Modesto (the “Council”) approved the sale of that certain real property located on the southwest corner of 10th and H Streets in the City of Modesto which parcels are more particularly described as Assessor’s Parcel Numbers: 106-42-01; 106-42-02; 106-42-03; 106-42-04 (A map of said parcels is attached hereto as “**Exhibit A**” and made a part hereof by this reference), and

WHEREAS, the City authorized the sale of said parcels to the Modesto Redevelopment Agency (the “Agency”) which Agency will in turn sell said parcels to Valley Tower, LLC, a California limited liability company, pursuant to an approved Disposition and Development Agreement (the “DDA”) for the purpose of constructing a multi-use project consisting of office space, retail space and a parking garage, and

WHEREAS, since the DDA was approved, the Developer has been working with potential tenants and lenders to ensure a reasonable level of occupancy in the Office Project prior to start of construction and to obtain loan financing for said Office Project, and

WHEREAS, the Developer has been unable to obtain either the level of tenancy or the required project financing, and

WHEREAS, the Agency desires to amend the terms and conditions of said DDA to provide additional time for the Developer to complete said Office Project, and

WHEREAS, considering that three years have elapsed since the original land appraisal, the City desires to ensure that said parcels are sold for the current fair market value which value has been reviewed and updated to equal Six Hundred, Thirty Thousand Dollars (\$630,000).

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that it hereby authorizes the sale of said parcels to the Modesto Redevelopment Agency for the updated fair market value and total sales price of Six Hundred, Thirty Thousand Dollars (\$630,000).

BE IT FURTHER RESOLVED by the City Council of the City of Modesto that the City Manager is hereby authorized and directed to execute any and all documents related to and/or required by said real estate transaction

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-327**

**A RESOLUTION AUTHORIZING THE FILING OF A SECTION 5307
APPLICATION WITH THE FEDERAL TRANSIT ADMINISTRATION FOR
PUBLIC TRANSIT OPERATING AND CAPITAL PURPOSES AND
AUTHORIZING THE CITY MANAGER TO EXECUTE ALL GRANT
APPLICATION AND GRANT AGREEMENT DOCUMENTS**

WHEREAS, the Federal Transit Administration (FTA) has been delegated authority to award federal financial assistance for transportation related projects, and

WHEREAS, the City of Modesto has provided all annual certifications and assurances to the Federal Transit Administration required for the projects, and

WHEREAS, each year the City of Modesto submits a grant application for Section 5307 funds from the formula apportionment made available to the Modesto Urbanized area by the FTA, and

WHEREAS, the City of Modesto has received authority from the Designated Recipient, StanCOG, to apply for Section 5307 Urban Area Formula Program Assistance for no more than \$3,326,214 for FY 2002-2003, and

WHEREAS, the projects in the Section 5307 grant application are in the Federal Transportation Improvement Program (FTIP) adopted by StanCOG May 8, 2002, and

WHEREAS, the grant for Federal assistance will impose certain obligations on the City of Modesto, and may require the city to provide the local share of the project costs, and

WHEREAS, the City of Modesto City Council conducted a Public Hearing on June 24, 2003, in accordance with FTA regulations, and

WHEREAS, by a report to the Council dated June 9, 2003, from the Engineering and Transportation Department, City staff recommended submitting a grant application for \$3,326,214 in Section 5307 formula FTA funds to partially offset the operational and capital costs of the City's public transit program, a copy of said report is attached hereto and incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to execute and file an application for Federal Section 5307 assistance on behalf of the City of Modesto with the

Federal Transit Administration (FTA) for Federal assistance authorized by 49 U.S.C. Chapter 53, Title 23, United States Code, or other Federal statutes authorizing a project administered by the Federal Transit Administration.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute and file the annual certifications and assurances and other documents the Federal Transit Administration requires for awarding a federal assistance grant.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute grant agreements with the Federal Transit Administration on behalf of the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following votes:

RESOLUTION NO. 2003-328**

**A RESOLUTION AUTHORIZING THE FILING OF AN AMENDMENT TO
GRANT NUMBER CA-03-0562 FOR THE NEW BUS MAINTENANCE FACILITY
WITH THE FEDERAL TRANSIT ADMINISTRATION UNDER SECTION 5309
OF THE FEDERAL TRANSIT ACT AND AUTHORIZING THE CITY
MANAGER TO EXECUTE ALL GRANT APPLICATION AND GRANT
AGREEMENT DOCUMENTS**

WHEREAS, the Federal Transit Administration (FTA) has been delegated authority to award federal financial assistance for transportation related projects, and

WHEREAS, the City of Modesto has provided all annual certifications and assurances to the Federal Transit Administration required for the projects, and

WHEREAS, the City of Modesto currently has an approved Federal Transit Administration (FTA) Section 5309 grant for \$3,668,116 in federal funds for the new Bus Maintenance Facility, and

WHEREAS, on May 27, 2003, the City Council approved Resolution Number 2003-266 amending the Section 5309 grant for \$2,120,260 in additional funds for the new Bus Maintenance Facility, and

WHEREAS, the amendment to the Section 5309 grant approved by Resolution Number 2003-266 cannot be filed at this time, and

WHEREAS, \$445,585 in Section 5309 federal funds for the Bus Maintenance Facility are available and ready for filing of a grant amendment, and

WHEREAS, an amendment to the current Section 5309 grant is required to access these funds, and

WHEREAS, the Bus Maintenance Facility project in the Section 5309 grant amendment is in the Federal Transportation Improvement Program (FTIP) adopted by StanCOG May 8, 2002, and

WHEREAS, the grant amendment for Federal assistance will impose certain obligations on the City of Modesto, and may require the city to provide the local share of the project costs, and

WHEREAS, the City of Modesto City Council conducted a Public Hearing on June 24, 2003, in accordance with FTA regulations, and

WHEREAS, by a report to the Council dated June 9, 2003, from the Engineering and Transportation Department, City staff recommended amending the current FTA Section 5309 grant for the Bus Maintenance Facility, a copy of said report is attached hereto and incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to execute and file an amendment to Federal Section 5309 grant number CA-03-0562 on behalf of the City of Modesto with the Federal Transit Administration (FTA) for Federal assistance authorized by 49 U.S.C. Chapter 53, Title 23, United States Code, or other Federal statutes authorizing a project administered by the Federal Transit Administration.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is authorized to execute and file the annual certifications and assurances and other documents the Federal Transit Administration requires for awarding a federal assistance grant.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is authorized to execute grant agreements with the Federal Transit Administration on behalf of the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following votes:

MODESTO CITY COUNCIL
RESOLUTION NO. 2003-329

A RESOLUTION ESTABLISHING NEW RATES AT THE MUNICIPAL NINE-HOLE GOLF COURSE, THE DRYDEN PARK MUNICIPAL GOLF COURSE AND THE CREEKSIDE MUNICIPAL GOLF COURSE, ESTABLISHING NEW RATES FOR ANNUAL PASSES, ESTABLISHING NEW RATES FOR SCHOOL GOLF TEAM ROUNDS AND ESTABLISHING NEW TOURNAMENT FEES, AND RESCINDING RESOLUTION NO 2002-206A.

2004-283

WHEREAS, on April 23, 2002, the City Council adopted Resolution No. 2002-206A which increased green fees at Municipal Nine-Hole Golf Course, Dryden Park Municipal Golf Course and Creekside Golf Course, and also approved renewal of the annual pass program; and established new rates for annual passes, and

WHEREAS, City staff is recommending a green fee rate increase at the Municipal Nine-Hole Golf Course, Dryden Park Municipal Golf Course, and Creekside Municipal Golf Course, an increase in the price of annual passes, an increase in the price of school golf team rounds at City courses, and an increase in the tournament fee schedule, and

WHEREAS, the Finance Committee met on June 2, 2003, and supported City staff's recommendation of increases in green fees and annual passes at all City Municipal courses, and

WHEREAS, by an agenda report to the City Council from the Parks, Recreation and Neighborhoods Department dated June 5, 2003, City staff recommended the changes as outlined in the report, and

WHEREAS, the Golf Courses Committee met on June 11, 2003, and supported City staff's recommendation of a green fee rate increase at the City's Municipal Golf Courses, and an increase in the annual passes, school golf team rounds and tournament fees, and

WHEREAS, said matter was set for a public hearing of the City Council to be held at 5:30 p.m. on June 24, 2003, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at which date and time said duly noticed public hearing of the Council was held for the purpose of receiving public comment on the proposed amended golf fees, and

WHEREAS, the Council of the City of Modesto finds that new fees for play need to be established at the Municipal Golf Course, the Dryden Park Municipal Golf Course and the Creekside Municipal Golf Course,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. RATES. The rates for players upon the Modesto Nine-Hole Municipal Golf Course, the Dryden Park Municipal Golf Course, and the Creekside Municipal Golf Course are hereby established as set forth on Exhibit "A" attached hereto.

The policies and rates for tournament players upon the Modesto Nine-Hole Municipal Golf Course, the Dryden Park Municipal Golf Course, and the Creekside Municipal Golf Course are hereby established as set forth on Exhibit "B" attached hereto.

SECTION 2. DISCOUNTS.

(a) School Golf Teams. School golf team passes are to be issued only upon presentation by holder of a current high school or college student body card and verification of golf team membership by the school golf coach. Students shall possess and display an etiquette card obtained by completing a required training course in golf rules and etiquette at a recognized golf facility. Team members with team member passes must

be accompanied by their respective golf coaches and shall play only between the hours of 2:00 p.m. and 5:00 p.m. during the spring golf season. The specific spring school golf team season will be set by the golf professional after receiving the schools' schedules of matches from each school coach. Green fees at the rate of \$3.25 per round shall be implemented for high school and Modesto Junior College golf programs at the Modesto Nine Hole Municipal Golf Course, the Dryden Park Municipal Golf Course and the Creekside Municipal Golf Course.

- (b) Junior Discounts. Junior discounts are to be given only to persons eighteen (18) years of age and younger any day after 12:00 noon. Juniors shall possess and display an etiquette card obtained by completing a required training course in golf rules and etiquette at a recognized golf facility.
- (c) Senior/Junior/Disabled Discounts. Senior/Junior/Disabled discounts are to be given only to persons who are sixty-two (62) years of age or older or to those who are on disability retirement. Proof of age or proof of disability retirement must be displayed to obtain a Senior/Retired/Disabled discount. Discounts are good weekdays except for holidays. Members of the five officially recognized golf clubs (Muni Niners, Modesto Golf Club, Dryden Park Women's Golf Club, Creekside Golf Club and S.I.R.S.), who qualify, will be allowed to use Senior/Junior/Disabled discounts for official club tournaments Monday through Thursday, excluding holidays.

- (d) Valu- Play Cards. Golfers can purchase a weekday, 6-round Valu-Play (multiple play) card for Dryden/Creekside or Muni. Valu-Play Discounts are effective for sixty (60) days from the date of purchase except for the months of December, January and February. During this period multiple play cards will be good for the entire three months. Multiple play cards are not refundable or transferable. The multiple play card is not good on weekends or holidays.
- (e) Special Rates. From time to time, the Recreation and Neighborhoods Director or his or her designee may provide up to a fifty percent (50%) discount off of daily greens fees. Such specials shall occur no more than twenty (20) days per month at each golf course.
- (f) Family Tee Program. To promote family play, golfers may play from established “family tees” to be set no more than 175 yards from the greens at Municipal nine-Hole Golf Courses. Rates for play are \$5.00 weekdays and \$6.00 weekends. All members of the foursome or group must use the family tees for this rate to be in effect.
- (g) Play one round, get the second round at half price. This discount is good on the day and at the course on which the original full-fee round is played. The fee for the second round shall be one-half of the green fee in effect at the time the second round is played.

SECTION 3. COMPLIMENTARY TICKETS. Complimentary tickets without fee may be issued by or under the direction of the Golf Course Professional to visiting

professionals or others, for services rendered to the golf course. Free play must be approved by the Parks, Recreation and Neighborhoods Director or designee.

SECTION 4. CHILDREN. Children under the age of eleven (11) will not be permitted to play golf unless accompanied by an adult playing golf.

SECTION 5. POLICY. In order for fees to be consistent and competitive with other courses in the valley, the Play Day Policy for Play at the City's Municipal Golf Courses by Non-Affiliated Groups shall continue to be implemented as set forth on Exhibit "C" attached hereto.

SECTION 6. HOLIDAYS. "Holidays", as used herein, shall mean New Year's Day (January 1st), Martin Luther King's Birthday (the third Monday in January), Washington's Birthday (the third Monday in February), Memorial Day (the last Monday in May), Independence Day (July 4th), Labor Day (the first Monday in September), Veterans Day (November 11th), Thanksgiving Day (the fourth Thursday in November) and the day after Thanksgiving. When a holiday falls on Sunday, the following Monday shall be observed as a holiday. When a holiday falls on Saturday, the preceding Friday shall be observed as a holiday.

SECTION 7. SIGNS. The Golf Course Professional is authorized and directed to post a sign in a conspicuous place informing all golfers of the established greens fees.

SECTION 8. OFFICIALLY RECOGNIZED AFFILIATED GOLF CLUBS. Golf Clubs officially recognized under the terms of this resolution are: Muni Niners, Modesto Golf Club, Dryden Park Women's Golf Club, Creekside Golf Club and S.I.R.S.

SECTION 9. EFFECTIVE DATE. This resolution shall go into effect and be in full force and operation on and after July 1, 2003.

SECTION 10. REPEALS. Resolution No. 2002-206A is hereby rescinded effective June 30,2003.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keaing, was upon roll call carried and the resolution adopted by the following votes:

Cart rental is required for shotgun style tournaments.

Modified shotgun tee time style tournaments require a minimum of 72 players at Creekside/Dryden. Per player fees include: green fees (\$25.00 weekdays at Creekside; \$23.00 weekdays at Dryden); Pro Shop merchandise credit (\$7.00 at Creekside/Dryden); and golf course restaurant credit (\$7.00 at Creekside/Dryden). Cart rental is required for modified shotgun style tournaments. Modified shotgun style tournaments are not available at Muni.

Members of the five officially recognized affiliated golf clubs (Muni Niners, Modesto Golf Club, Dryden Park Women's Club, Creekside Golf Club and S.I.R.S.), who qualify, will be allowed to use Senior/Junior/Disabled discounts for official club tournaments Monday through Friday, excluding holidays.

PLAY DAY POLICY
FOR PLAY AT THE CITY'S
MUNICIPAL GOLF COURSES
BY NON-AFFILIATED GROUPS

The following policy is hereby established for Non-Affiliated Groups to encourage their use of the City's municipal golf courses:

Criteria for these groups are:

1. They are a group with an identification or organizational structure;
2. They commit to use the City's golf course(s) on a regular basis (weekly, bi-weekly, monthly, etc.);
3. They have a minimum of twenty-four (24) players;
4. Regular tee-time style starting will be used (no shotgun style starting will be allowed);
5. Their events do not promote a formal competition or championship; and
6. Play days will be restricted to Monday through Wednesday after 9:00 a.m.

In recognition of their contribution to the golf program, no mandatory pro shop or restaurant fees will be assessed. Tee time reservations, in advance of public reservations, will be allowed.

MODESTO CITY COUNCIL
RESOLUTION NO. 2003-330

A RESOLUTION GRANTING SALARY AND BENEFIT CHANGES TO UNREPRESENTED MANAGEMENT AND CONFIDENTIAL EMPLOYEES, INCLUDING CHARTER OFFICERS AND EXECUTIVES, EFFECTIVE JULY 1, 2003, AND RESCINDING RESOLUTION NOS. 2002-307 AND 2003-81A AND AMENDING EXHIBIT "A" OF RESOLUTION NO. 2003-331 EFFECTIVE JUNE 30, 2003.

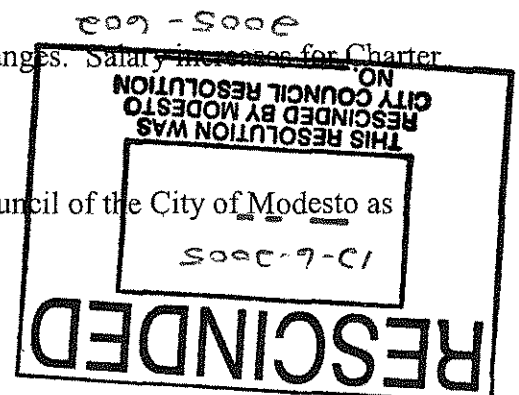

WHEREAS, by Resolution No. 95-530 which became effective on November 7, 1995, the City Council amended the salary schedules for unrepresented Management and Confidential employees to incorporate a 9-Step Salary Step Plan, and

WHEREAS, by Resolution No. 2003-331 which became effective on June 24, 2003 the City Council established new salary schedules and class ranges for unrepresented Management and Confidential non-sworn employees, and

WHEREAS, the Council desires to approve a three and one half (3.5%) percent increase in salary ranges for unrepresented Management and Confidential employees, including Executives and Charter Officers, effective July 1, 2003 and a three and three fourths (3.75%) percent increase in salary ranges effective June 29, 2004, and

WHEREAS, the Council of the City of Modesto desires to approve a three and one-half (3.5%) percent across-the-board salary increase for unrepresented Management and Confidential employees, effective July 1, 2003 and a three and three-fourths (3.75%) per cent across-the-board increase effective June 29, 2004. Salary increases for Executives shall be at the discretion of the City Manager, within approved salary ranges. Salary increases for Charter Officers shall require separate action by the City Council.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. SALARY RANGES, RATES AND EFFECTIVE DATES. The salary rates, salary ranges and salary steps as set forth in the following exhibits which are attached hereto and made a part hereof amend Resolution No. 2003-331 and supercede Resolution No. 2003-81A effective July 1, 2003, to provide for a three and one half (3.5%) percent across-the-board salary adjustment for unrepresented Management and Confidential employees, and an additional three and three fourths (3.75%) across-the-board increase effective June 29, 2004. For Executive Management and Charter Officers, salary ranges shall be increased by three and one half (3.5%) percent effective July 1, 2003 and by three and three fourths (3.75%) percent effective June 29, 2004.

15. Exhibit "O" entitled "City Of Modesto Schedule Of Salary Ranges In City Service For FY 03/04, Effective July 1, 2003 - Executive Management."
16. Exhibit "P" entitled "City of Modesto Schedule of Salary Ranges in City Service For FY 04/05, Effective June 29, 2004 – Executive Management."

SECTION 2. CHARTER OFFICERS. Effective July 1, 2003, the salaries for the positions of the Charter Officers shall be as follows:

<u>TITLE</u>	<u>HOURLY</u>	<u>BI-WEEKLY</u>	<u>MONTHLY</u>
City Manager	\$75.6302	\$6,050.42	\$13,159.66
City Attorney	\$66.9621	\$5,356.97	\$11,651.40
City Clerk	\$37.9928	\$3,039.42	\$ 6,610.74

SECTION 3. USE OF CLASSES. The designated classes of positions may be used in

any organizational unit of the City deemed proper by the City Manager.

SECTION 4. POSITIONS. The City Council authorizes and directs the City Manager, within the limits of funds budgeted therefor, to appoint employees in such number and in such classes in each department as may be necessary to properly operate the department under the Charter, ordinances and resolutions adopted by the City Council, including, but not limited to, creating additional positions to replace employees who are on disability leave or other leaves of absence.

SECTION 5. APPOINTMENTS AND SALARIES. The City Manager is hereby authorized to appoint, in accordance with the applicable provisions of the Modesto Municipal Code and Personnel Rules and within the limits of funds budgeted therefor, any person to a position in a class for which he is the appointing authority and for which the salary is hereby provided, to designate the definite salary rate or salary step at which such person is appointed, and the salary so designated is hereby fixed as the salary of such employee for the position.

SECTION 6. SPECIAL SALARY RATES. The City Manager is further authorized, subject to budgetary appropriation control by the City Council, to fix the salary range or rate for part-time, hourly or special positions in the Unclassified Service for which the City Manager is the appointing authority and which are not designated herein.

SECTION 7. PART-TIME EMPLOYMENT. Employees appointed to any of the positions referred to herein who, with the approval of the City Manager, regularly work less hours per week than established for their class by rule 13.1 of the Personnel Rules, shall be paid in approximate proportion of the time worked.

SECTION 8. HEALTH, DENTAL AND VISION BENEFITS. The City's contribution to health, dental and vision benefits for non-sworn employees are hereby increased, to the

following amounts:

<u>Effective Date</u>	<u>Contribution</u>	
	<u>Family</u>	<u>Single</u>
August 1, 2003	\$571.76 mo.	\$347.98 mo.
August 1, 2004	\$676.76 mo.	\$377.98 mo.

The City's contribution to health, dental and vision benefits for

Unrepresented Sworn Fire Management and Unrepresented Sworn Police Management employees are as follows, pursuant to Resolution 2003-81A adopted on February 11, 2003:

<u>Effective Date</u>	<u>Contribution</u>	
	<u>Family</u>	<u>Single</u>
March 25, 2003	\$556.76 mo.	\$317.98 mo.
August 1, 2003	\$656.76 mo.	\$347.98 mo.
August 1, 2004	\$731.76 mo.	\$377.98 mo.

SECTION 9. HAZARDOUS MATERIALS CERTIFICATION PAY. Effective July 1, 2003, one (1) Fire Department Battalion Chief or Division Chief shall be authorized five (5%) percent Haz Mat Pay, when certified as a Hazardous Materials Specialist and assigned to administer the City of Modesto's participation in the Regional Hazardous Materials Response Team. This pay shall replace the current annual Haz Mat Stipend.

SECTION 10. MASTERS DEGREE INCENTIVE PAY. Effective June 29, 2004, employees who possess a Masters Degree from an accredited institution, shall be granted one and one half (1.5%) percent Masters Pay, subject to criteria as established by the City.

SECTION 11. REGISTRATION AND CERTIFICATION FEES. Effective July 1, 2003, when an employee is required by the City to obtain or renew a certificate, license or registration in order to carry out their assigned duties, except a California Class C Driver's License, the City will pay the fee for the actual certificate, license or registration, (and exam

fee, if any).

SECTION 12. LEAVE CASHOUTS FOR SWORN FIRE MANAGEMENT

EMPLOYEES. Sworn Fire Management employees in the classifications of Fire Battalion Chief, Fire Division Chief and Fire Chief working a 40 hour schedule shall be afforded the opportunity to cashout up to 61 hours of vacation leave per calendar year (at straight time rates) and up to 88 hours of holiday leave per calendar year (at time and one-half), effective July 1, 2003.

SECTION 13. DEFERRED COMPENSATION PLAN FOR EXECUTIVE AND

CHARTER OFFICERS. The City shall establish a 401(a) Deferred Compensation Plan for Fire Battalion Chiefs, Fire Division Chiefs, Police Captains, Executives and Charter Officers, excluding the City Manager for whom a plan has already been established. The 401(a) Deferred Compensation Plan shall be established effective January 1, 2003 and provide for a 1% City-paid contribution for Fire Battalion Chiefs, Fire Division Chiefs and Police Captains, a 2% City-paid contribution for Executives and a 4% City-paid contribution for Charter Officers, in addition to a mandatory employee contribution.

SECTION 14. MANAGEMENT AND CONFIDENTIAL LEAVE. Management

Leave for Management employees shall be increased to 80 hours annually, effective January 1, 2002. Leave for Confidential employees shall be increased to 20 hours annually, effective January 1, 2002. The number of hours available for cashout shall be 40 hours annually for Management employees, 18 hours annually for Confidential employees, and 60 hours annually for Executives.

SECTION 15. UNIFORM ALLOWANCES. Uniform allowances for unrepresented

Management and Confidential employees who are required to wear a uniform, are as follows:

<u>Positions</u>	<u>Effective Date</u>	<u>Increase</u>	<u>Allowance</u>
Sworn Police	January 1, 2003	\$3.33 mo.	\$91.66
Fire Management	January 1, 2003	\$2.08 mo.	\$62.50
	January 1, 2004	\$2.08 mo.	\$64.58

SECTION 16. REPEAL. Resolution No. 2002-307 and Resolution No. 2003-81A are hereby rescinded, effective June 30, 2003.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Fisher, Frohman, Jackman, O'Bryant
 NOES: Councilmembers: Conrad, Keating, Mayor Sabatino
 ABSENT: Councilmembers: None

MODESTO CITY COUNCIL
RESOLUTION NO. 2003-331

A RESOLUTION TO AMEND EXHIBITS "A" AND "B" OF RESOLUTION NO. 2002-307 AND TO ESTABLISH THE CLASS RANGE TABLE AND THE SALARY SCHEDULE FOR UNREPRESENTED MANAGEMENT AND CONFIDENTIAL NON-SWORN CLASSES AND TO REVISE THE SALARY RANGE FOR THE CLASSIFICATION OF RISK MANAGER; AND TO AMEND RESOLUTION NO. 2003-178, MODESTO CONFIDENTIAL & MANAGEMENT ASSOCIATION MEMORANDUM OF UNDERSTANDING, TO AMEND THE CLASS RANGE TABLE FOR REPRESENTED MANAGEMENT AND CONFIDENTIAL NON-SWORN CLASSES TO REVISE THE SALARY RANGE FOR THE CLASSIFICATION OF WORKERS' COMPENSATION CLAIMS EXAMINER I AND WORKERS' COMPENSATION CLAIMS EXAMINER II.

WHEREAS, the City Council desires to amend Resolution No. 2002-307 and to establish the Class Range Table and the Salary Schedule for Unrepresented Management and Confidential Non-Sworn Classes and to revise the Salary Range for the Classification of Risk Manager, and

WHEREAS, the City Council desires to amend Resolution No. 2003-178 (MCMA MOU) to amend the Class Range Table for Represented Management and Confidential Non-Sworn Classes to revise the Salary Range for the Classification of Workers' Compensation Claims Examiner I and Workers' Compensation Claims Examiner II,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. AMENDMENT TO RESOLUTION NO. 2002-307. Exhibit "A" entitled "City Of Modesto Class Range Table, Management And Confidential Non-Sworn Classes, Effective June 18, 2002," attached to Resolution 2002-307, is hereby amended as shown on the amended Exhibit "A," entitled City Of Modesto Class Range Table

Unrepresented Management and Confidential Non-Sworn Classes Effective June 24, 2003." Said Exhibit "A," which is attached hereto and made a part hereof as though set forth in full herein, establishes the Class Range Table for Unrepresented Management and Confidential Non-Sworn Classes effective June 24, 2003, and revises the salary range for Risk Manager from Range 441 to Range 2444. Exhibit "B" of Resolution 2002-307 entitled "City Of Modesto Schedule of Salary Ranges In City Service For FY 02/03 Effective June 18, 2002 –Schedule D Management/Confidential –General" is hereby amended as shown on the amended Exhibit "B," entitled "City of Modesto Schedule of Salary Ranges in City Service For FY 02-03 Effective June 24, 2003 Schedule H Management/Confidential Non-Sworn Unrepresented." Said amended Exhibit "B," which is attached hereto and made a part hereof as though set forth in full herein, establishes the salary schedule for Unrepresented Management & Confidential Non-Sworn Classes effective June 24, 2003.

SECTION 2. AMENDMENT TO RESOLUTION NO. 2003-178 (MCMA MOU), Resolution No. 2003-178 effective April 8, 2003, is hereby amended as shown on Exhibit "A" entitled "City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes Effective June 24, 2003," which is attached hereto and made a part hereof as though set forth in full herein. Said Exhibit "A" sets forth the Represented Management and Confidential Non-Sworn Classes and revises the salary range for Workers' Compensation Claims Examiner I from Range 420 to Range 422 and Workers' Compensation Claims Examiner II from Range 424 to Range 427.

SECTION 3. EFFECTIVE DATE. This resolution shall become effective on and after June 24, 2003.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of June, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Frohman, was upon roll carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant,
Mayor Sabatino
NOES: Councilmembers: None
ABSENT: Councilmembers: None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-332**

A RESOLUTION RECOGNIZING “JULY IS RECREATION AND PARKS MONTH”

WHEREAS, July is the month nationwide that kicks off the summer season. Whether playing sports, visiting our local parks, participating in recreation programs or just spending time outdoors, July is a great time for families and friends to enjoy all of the park and recreation amenities Modesto has to offer, and

WHEREAS, that is why the Modesto City Council has joined forces with the National Recreation and Park Association, the California Park and Recreation Society and cities nationwide to designate July as “Recreation and Parks Month”, and

WHEREAS, the National Recreation and Park Association, the California Park and Recreation Society and City of Modesto are creating community and enhancing neighborhoods through people, parks, programs and facilities, and

WHEREAS, parks and recreation activities and leisure experiences in Modesto provide opportunities for young people to live, grow and develop into contributing members of society, and

WHEREAS, parks and recreation in Modesto creates lifelines and continues life experiences for older members of our community, and

WHEREAS, parks and recreation generate opportunities for residents of Modesto to come together and experience a sense of community through fun recreational pursuits, and

WHEREAS, park and recreation agencies provide outlets for physical activities, socialization and stress-reducing experiences, and

WHEREAS, parks, playgrounds, ball fields, non-motorized trails, open spaces, community and cultural events, and historic sites make a community attractive and a desirable place to live, work, play and visit and contribute to Modesto’s ongoing economic vitality, and

WHEREAS, parks, greenways and open spaces provide a welcome respite from our fast-paced, high-tech lifestyles while protecting and preserving our natural environment, and

WHEREAS, parks and recreation agencies touch the lives of individuals, families, groups and the entire community, which positively impacts upon the social, economic, health and environmental quality of our community,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby encourages all residents to enjoy Modesto's parks and recreation amenities by participating in their choice of pleasurable activities to experience refreshment from their leisure time.

BE IT FURTHER RESOLVED that the Council of the City of Modesto hereby recognizes July as "Recreation and Parks Month."

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July, 2001, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

MODESTO CITY COUNCIL
RESOLUTION NO. 2003-333

A RESOLUTION ACCEPTING WITH REGRET THE RESIGNATION OF CHARLES CHITURAS FROM THE CITIZENS HOUSING & COMMUNITY DEVELOPMENT COMMITTEE

WHEREAS, Charles Chituras was appointed a member of the Citizens Housing & Community Development Committee on October 17, 2000, and

WHEREAS, Charles Chituras has tendered his resignation from the aforementioned committee, and

WHEREAS, Charles Chituras has been a devoted and sincere public servant and has contributed greatly to our civic progress,

NOW, THEREFORE, BE IT RESOLVED that the resignation of Charles Chituras from the Citizens Housing & Community Development Committee hereby is accepted with regret.

BE IT FURTHER RESOLVED that the Council of the City of Modesto, on its own behalf, and on behalf of the citizens of this City, hereby expresses its sincere appreciation to Charles Chituras for his outstanding service to the community.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO.2003-334**

**RESOLUTION APPROVING PROVIDING BUS SERVICE ON MODESTO
AREA EXPRESS (MAX) ROUTE 28 TO THE NEIGHBORS IN HEALTH FOR A
HEALTHCARE CLINIC TO BE HELD ON SUNDAY, AUGUST 24, 2003.**

WHEREAS, the Neighbors in Health community group is holding a healthcare clinic focusing on children who are not covered by health insurance, and

WHEREAS, many individuals who would benefit from the clinic are dependent upon public transit for transportation to attend the event, and

WHEREAS, the event is being held on Sunday, August 24, 2003, at a location not presently served by Modesto Area Express (MAX) on Sundays, and

WHEREAS, the Neighbors in Health community group requested that bus service be provided to enable potential beneficiaries of the program to attend, and

WHEREAS, the Economic Development Committee met on June 9, 2003, and supported the recommendation of City staff, and

WHEREAS, by an agenda report to the City Council dated June 16, 2003 , from the Engineering and Transportation Director, City staff recommended to the Council approval of the provision of bus service to the event at a cost of approximately \$350.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the bus service on Modesto Area Express Route 28 to the Neighbors in Health for a healthcare clinic to be held on Sunday, August 24, 2003 is hereby approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-335**

**A RESOLUTION ACCEPTING IMPROVEMENTS IN THE JAYHAWK ESTATES
SUBDIVISION, AUTHORIZING THE CITY CLERK TO RECORD A NOTICE OF
COMPLETION AND AUTHORIZING RELEASE OF BONDS**

WHEREAS, IOAN MURESAN and IOAN PASCAN, are the subdividers of the Jayhawk Estates Subdivision, and

WHEREAS, IOAN MURESAN and IOAN PASCAN, have filed irrevocable subdivision bonds to secure faithful performance and payment for labor and materials in the amount of \$69,330.49 and \$34,665.25, respectively, and

WHEREAS, IOAN MURESAN and IOAN PASCAN, have filed a warranty bond in the amount of \$6,933.05 to guarantee improvements in the Jayhawk Estates Subdivision, and

WHEREAS, the Engineering & Transportation Director, in a memorandum to Council, indicates that all work required by the Subdivision Agreement has been completed to the satisfaction of the Engineering & Transportation Department, and

WHEREAS, the Engineering & Transportation Director has indicated that it would be in order for the City Council to accept the improvements in said subdivision as complete, and authorize the City Clerk to file a Notice of Completion and release the bonds upon expiration of the statutory periods,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The improvements in the Jayhawk Estates Subdivision are hereby accepted and the City Clerk is hereby authorized to file a Notice of Completion for the improvements.
2. The City Clerk is hereby authorized to release the subdivision bond for faithful performance in the amount of \$69,330.49 upon recordation of the Notice of Completion.
3. The City Clerk is hereby authorized to release the subdivision bond for labor and materials in the amount of \$34,665.25 sixty (60) days after the recordation of the Notice of Completion, provided no claim is made thereon.
4. The City Clerk is hereby authorized to release the warranty bond to guarantee improvements in the amount of \$6,933.05 one year and one day after the effective date of this resolution, provided no claim is made thereon.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-336**

A RESOLUTION AWARDING A BID TO SELECTRON TECHNOLOGIES OF PORTLAND, OREGON IN THE AMOUNT OF \$81,497.63. FOR AN INTERACTIVE VOICE RESPONSE (IVR) SYSTEM, AND AUTHORIZING THE CITY MANAGER TO EXECUTE A CONTRACT BETWEEN THE CITY OF MODESTO AND SELECTRON TECHNOLOGIES FOR AN INTERACTIVE VOICE RESPONSE SYSTEM CONSISTING OF A PROFESSIONAL SERVICES AGREEMENT, SOFTWARE LICENSE AGREEMENT AND SUPPORT AND MAINTENANCE AGREEMENT.

WHEREAS, the Finance Department-Customer Service Division has requested the purchase of a Interactive Voice Response (IVR) System for utility billing, and

WHEREAS, Resolution 2002-606 authorized the Purchasing Supervisor to solicit Request for Proposals for an Interactive Voice Response System, and

WHEREAS, an IVR System is a user friendly system that will allow any caller with a touch tone phone to access and retrieve automated account information via electronic mail or fax 24 hours a day, 7 days a week upon entering his account number, and

WHEREAS, information such as the current balance and the date of last payment can be retrieved in both English and Spanish, and

WHEREAS, other IVR options include paying by credit card, with the payment being applied immediately to the account with complete card verification and system audit reports, and

WHEREAS, customers who need additional assistance can be routed to voice information messages explaining payment procedures and outage reporting, or transferred directly to a customer service agent during support hours, and

WHEREAS, primary services administered by Customer Service include the utility billing for water, sewer, garbage, and storm drainage fees, and

WHEREAS, Customer Service averages 340 calls daily during business hours of 7:30 A.M. to 5:00 P.M., and

WHEREAS, currently calls are routed through a NEC rotation hunt group that continues to rotate until it finds an open telephone line, and customers remain on hold and receive messages to wait for the next available customer service representative until a telephone line becomes available, and

WHEREAS, the Customer Services Division receives approximately 30 requests per day from citizens who want to pay their utility bills by telephone, and

WHEREAS, the chosen IVR System will also have the capability of future expansion to other City of Modesto applications including but not limited to, Building Permits, Business License, and Parking Citations, and

WHEREAS, IVR benefits to the City of Modesto include a reduction in the number of customer calls for account status, payment extensions by telephone and a saving of staff time spent disconnecting and reconnecting services due to the availability of making payments via telephone, and

WHEREAS, benefits to the citizens include 24/7 accessibility of account information in both English and Spanish, reduction of wait time on the telephone, and it may save a trip to the Customer Service Division to make the payment at the counter, and

WHEREAS, additional benefits are, payment extensions by telephone, and the convenience of credit card payment by telephone, perhaps avoiding disconnection of service, and WHEREAS, by soliciting competitive bids for Interactive Voice Response

(IVR) System, the Finance Department, Purchasing Division will comply with the Modesto Municipal Code, Section 8-3.204, regarding formal bid procedures,

WHEREAS, the Finance Committee recommended the purchase of the IVR System at its May 28, 2003, meeting.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto that it hereby awards the bid for an Interactive Voice Response (IVR) System to Selectron Technologies of Portland, Oregon for \$81,497.63.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said contracts between City of Modesto and Selectron Technologies of Portland, Oregon in the amount of \$81,497.63 for an interactive voice response system.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-337**

A RESOLUTION ACCEPTING A PROPOSAL FROM EDWA, INC. TO PROVIDE A PRECISE PLAN, ENVIRONMENTAL DOCUMENTS AND CONSTRUCTION DOCUMENTS FOR THE GATEWAY PARCEL OF THE TUOLUMNE RIVER REGIONAL PARK; AUTHORIZING STAFF TO NEGOTIATE A CONTRACT WITH EDWA TO COMPLETE THE PRECISE PLAN AND ENVIRONMENTAL DOCUMENTS AT A COST NOT TO EXCEED \$350,000 AND TO RETURN TO COUNCIL AT A LATER DATE FOR CONTRACT APPROVAL; AND AUTHORIZING STAFF TO NEGOTIATE A CONTRACT WITH EDWA TO COMPLETE FUTURE CONSTRUCTION DOCUMENTS FOR THE GATEWAY PARCEL AS FUNDING BECOMES AVAILABLE AND TO RETURN TO COUNCIL AT A LATER DATE FOR SAID CONTRACT APPROVAL.

WHEREAS, the Tuolumne River Regional Park (TRRP) Master Plan and Master Environmental Impact Report (MEIR) were developed over a two-year period and were approved and certified by the agencies of the TRRP Joint Powers Authority on December 12, 2001, and

WHEREAS, the plan outlined several areas in the Regional Park system that required precise plans to be created with supporting environmental and construction documentation, and

WHEREAS, the approval of the TRRP Master Plan precipitated the development of a Request for Proposals (RFP) process from firms which would be selected to provide these design, environmental and engineering services, and

WHEREAS, the first phase recommended for development in the TRRP Master Plan is the Gateway Parcel, since this parcel is positioned in a critical area of the regional park, and

WHEREAS, Requests for Proposals to complete a precise plan for the Gateway Parcel, with supporting environmental documents and three phases of construction

documents were sent out on January 30, 2003, to 13 different landscape architecture firms, and five firms submitted proposals by the due date of March 4, 2003 and

WHEREAS, two firms were selected for final interviews, and

WHEREAS, based on the evaluation process, the TRRP Citizens Advisory Committee, the Gateway Design Selection Committee and TRRP Commission recommend that the City Council: accept the proposal from EDAW, Inc. to provide a Precise Plan, Environmental Documents and Construction Documents for the Gateway Parcel; authorize staff to negotiate a contract with EDAW, Inc. to complete the Precise Plan and Environmental Documents at a cost not to exceed \$350,000, pending adoption of the FY 03-04 TRRP Capital improvement Plan budget; and, authorize staff to negotiate a contract(s) with EDAW, Inc. for preparation of construction documents for Phases I, II, and III as funds become available, and

WHEREAS, the Tuolumne River Regional Park Commission met on May 12, 2003, and supported the recommendation that the City Council: accept the proposal from EDAW, Inc. to provide a Precise Plan, Environmental Documents and Construction Documents for the Gateway Parcel; authorize staff to negotiate a contract with EDAW, Inc. to complete the Precise Plan and Environmental Documents at a cost not to exceed \$350,000, pending adoption of the FY 03-04 TRRP Capital improvement Plan budget; and, authorize staff to negotiate a contract(s) with EDAW, Inc. for preparation of construction documents for Phases I, II, and III as funds become available,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby accepts the proposal from EDAW, Inc. to provide a Precise Plan, Environmental Documents and Construction Documents for the Gateway Parcel.

BE IT FURTHER RESOLVED that the Council authorizes staff to negotiate a contract with EDAW, Inc. to complete the Precise Plan and Environmental Documents at a cost not to exceed \$350,000, pending adoption of the FY 03-04 TRRP Capital improvement Plan budget, and to return to Council at a later date for contract approval.

BE IT FURTHER RESOLVED that the Council authorizes staff to negotiate a contract(s) with EDAW, Inc. for preparation of construction documents for Phases I, II, and III as funds become available and to return to Council at a later date for said contract approval.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-338**

A RESOLUTION AUTHORIZING STAFF TO SOLICIT REQUESTS FOR PROPOSALS (RFPs) FOR THE DEVELOPMENT OF “QUALITY HOUSING FOR WORKING CITIZENS” USING HOME FUNDS

WHEREAS, City staff recommends soliciting proposals for the development of new construction of multi-family housing, rehabilitation of existing market rate housing to be converted to affordable units for low- and moderate-income households or the development of new entry-level single-family units, and

WHEREAS, the project must be located in the City limits, and it is desirable that the City’s financial assistance be used to leverage other funding sources, and

WHEREAS, bonus points will be given to new construction projects and those projects proposing multi-family housing, due to the tremendous need in this area, and

WHEREAS, a total of approximately \$1,536,624 of assistance is available in FY 03-04, consisting of \$1,154,720 in HOME entitlement funds, \$312,825 in Community Housing Development Organization (CHDO) set-aside funds, and \$69,079 in CHDO operating expense, and

WHEREAS, the federal HOME program provides these funds, therefore, all funding recipients will be governed by HOME regulations, and

WHEREAS, funding may also be available in future years for projects being completed in phases, however, future-funding commitments will not be made until such funds are actually received, and

WHEREAS, projects awarded funding are expected to enter into a development agreement with the City prior to January 2004 and be completed by January 2006, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) met on June 3, 2003 and recommended this action,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby authorizes staff to solicit Requests for Proposals (RFP's) for the development and construction of multi-family housing, rehabilitation and conversion of Market Rate units to affordable units or the development of new entry-level single-family units, which will increase the affordable housing stock within the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-339**

A RESOLUTION APPROVING THE APPLICATION FOR \$1,140,000 IN GRANT FUNDS FOR THE DEVELOPMENT OF THE TUOLUMNE RIVER REGIONAL PARK UNDER THE RIVER PARKWAYS GRANT PROGRAM OF THE CALIFORNIA CLEAN WATER, CLEAN AIR, SAFE NEIGHBORHOOD PARKS, AND COASTAL PROTECTION ACT OF 2002 AND AUTHORIZING THE CITY MANAGER TO SIGN THE APPLICATION DOCUMENTS.

WHEREAS, the Legislature and Governor of the State of California have provided funds for the River Parkways grant program of the California Clean Water, Clean Air, Safe Neighborhood Parks and Coastal Protection Act of 2002, and

WHEREAS, the State Resources Agency has been delegated the responsibility for the administration of this grant program, establishing necessary procedures, and

WHEREAS, said adopted procedures established by the State Resources Agency require a resolution certifying the approval of applications by the applicant's governing board before submission of said applications to the State, and

WHEREAS, the applicant will enter into an agreement with the State of California to carry out the project, and

WHEREAS, the project must be compatible with the land use plans of those jurisdictions immediately surrounding the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby:

1. Approves the filing of an application for the Tuolumne River Regional Park in the amount of \$1,140,000, and
2. Certifies that applicant understands the assurances and certification in the application form, and

3. Certifies that applicant has or will have sufficient funds to operate and maintain the project, and
4. Certifies that applicant has reviewed and understands the Special and General Provisions contained in the Sample Project Agreement shown in the Procedural Guide, and
5. Appoints the City Manager as agent to conduct all negotiations and execute and submit all documents, including, but not limited to, applications, agreements, payment requests, and so on, which may be necessary for the completion of the aforementioned project.

BE IT FURTHER RESOLVED that the City Manager or his designee is hereby authorized to sign the application documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2002-340**

**A RESOLUTION APPROVING AN AMENDMENT TO AGREEMENT WITH
MODESTO SISTER CITIES INTERNATIONAL TO DECREASE FUNDING
FOR FISCAL YEAR 2003-04 BY 10%, AND AUTHORIZING THE CITY
MANAGER TO EXECUTE THE AMENDMENT.**

WHEREAS, in 1996, the City of Modesto entered into an agreement with Modesto Sister Cities International (MSCI) for MSCI to administer Modesto's Sister City program, and

WHEREAS, the City agreed to compensate MSCI \$31,600 annually to administer the Sister City program, and

WHEREAS, said annual compensation remained the same until FY 02-03, when MSCI agreed to accept a 5% budget cut due to budgetary constraints, and

WHEREAS, at the budget hearing held on June 24th, the City Council recommended a 10% budget reduction to MSCI for the Fiscal Year 2003-04, and

WHEREAS, MSCI agreed to a 10% decrease and will accept payment in the amount of \$28,440 for Fiscal Year 2003-03, and

WHEREAS, a 10% reduction in funding to MSCI was included as part of the adoption of the Fiscal Year 2003-04 budget,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an Amendment to Agreement with Modesto Sister Cities International to decrease funding by 10% from \$31,600 annually to \$28,440 for Fiscal Year 2003-04.

BE IT FURTHER RESOLVED that the City Manager is hereby authorized to execute the amendment.

RESOLUTION NO. 2003 - 341**

A RESOLUTION APPROVING THE AGREEMENT BETWEEN THE CITY OF MODESTO AND PACIFICARE, KAISER PERMANENTE, AMERICAN SPECIALTY HEALTH PLANS (chiropractic coverage) AND PACIFICARE BEHAVIORAL HEALTH; CONTINUING DENTAL AND VISION COVERAGE THROUGH THE CITY'S SELF-INSURED PROGRAM AND AUTHORIZING THE PERSONNEL DIRECTOR TO SERVE AS THE COORDINATOR FOR THE VARIOUS PLANS AND AUTHORIZE THE CITY MANAGER TO EXECUTE ALL NECESSARY AGREEMENTS

WHEREAS, the City of Modesto provides its employees with employee and dependent health insurance coverage, and

WHEREAS, the Employee Benefits Committee (EBC) has met and reviewed and evaluated coverage for Fiscal Year 2004, and

WHEREAS, the rates charged by health insurance carriers have increased by 24% for Kaiser and 2.6% for PacifiCare, and

WHEREAS, mental health and dental rates are remaining the same, and

WHEREAS, chiropractic rates are increasing by 5.6%, and the vision rates by 8%, and

WHEREAS, the EBC voted to continue to offer PacifiCare as an alternate to Kaiser, and

WHEREAS, both health plans agreed to continue to offer Preferred Provider Option (PPO) to all employees, and

WHEREAS, the EBC agreed to change the health plan design by increasing the office visit co-pay from \$5 to \$10, and increasing the prescription drug co-pay from \$5 to \$10 for Kaiser and from \$5/\$10 (generic/brand) to \$5/\$15 for PacifiCare,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves execution of agreements with PacifiCare, and Kaiser Permanente, with changes in co-pays; and with American Specialty Health Plans, and PacifiCare Behavioral Health.

BE IT FURTHER RESOLVED that the Council hereby approves the continuation of dental and vision coverage through the City's self-insured program as recommended by the Employee Benefits Committee.

BE IT FURTHER RESOLVED that the Personnel Director is hereby authorized to serve as the coordinator for the various plans and authorize the City Manager to execute all necessary agreements.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-344**

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE VILLAGE ONE PROGRAM ENVIRONMENTAL IMPACT REPORT (SCH NO. 90020181), AS AMENDED BY THE SUPPLEMENTAL EIR: PRECISE PLAN FOR AREA NO. 20(NW) AND CONCURRENT REZONING FROM SP-H TO SP-O, PROPERTY LOCATED AT THE NORTHWEST CORNER OF FLOYD AND ROSELLE AVENUES IN THE VILLAGE ONE SPECIFIC PLAN AREA (NORA NARAGHI)

WHEREAS, the Modesto City Council has adopted Resolution No. 90-757 certifying that the Village One Final Environmental Impact Report (“EIR”) (State Clearing House No. 90020181) is complete and adequate pursuant to Section 15090 of the California Environmental Quality Act (“CEQA”) Guidelines, and

WHEREAS, the Modesto City Council has adopted Resolution No. 94-297 which certified the Final Supplemental EIR for Village One; thus, the 1990 Village One Program EIR has been superseded and updated by the 1994 Supplemental EIR, adopted on May 24, 1994, which Supplemental EIR incorporates by reference technical studies and background material from the 1990 Program EIR, and

WHEREAS, an application has been filed by Nora Naraghi for a Precise Plan for Area No. 20(NW) of the Village One Specific Plan, property located at the northwest corner of Floyd and Roselle Avenues, and

WHEREAS, the applicant has applied for approval of a rezoning from Specific Plan-Holding Zone, SP-H, to a Specific Plan-Overlay, SP-O, and

WHEREAS, the City’s Community & Economic Development Department reviewed the proposed project to determine if said project might have a significant effect on the environment, and

WHEREAS, City staff has prepared an Initial Study, Environmental Assessment No. EA/C&ED 2003-45, which concluded that the proposed project is within the scope of the Village One Program EIR (SCH No. 90020181), as amended by the Village One Supplemental EIR, and

WHEREAS, the Planning Commission, by Resolution No. 2003-37, adopted on June 16, 2003, and City staff, by a report dated June 13, 2003, from the Community and Economic Development Department, recommended to the City Council approval of the Precise Plan for Area No. 20(NW) of the Village One Specific Plan as set forth in Resolution No. 2003-37, and recommended approval of an Amendment to Section 14-3-9 of the Zoning Map to rezone from Specific Plan-Holding Zone, SP-H to Specific Plan-Overlay, SP-O, property located at the northwest corner of Floyd and Roselle Avenues, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on July 1, 2003, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered Environmental Assessment No. EA/C&ED No. 2003-45, entitled "City of Modesto Initial Study Precise Plan No. 20 NW and Village Ranch Vesting Tentative Subdivision Map with Multi-Family Final Development Plan," for the proposed project, and the Council hereby makes the following findings:

1. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this project is

within the scope of the projects covered by the Village One Specific Plan Program EIR, as amended by the Village One Supplemental EIR (“Program EIR”) and no new environmental document or findings are required by CEQA.

2. The project will have no new effects which are not examined in the Program EIR and no new mitigation measures would be required.
3. There are no substantial changes proposed in the project which will require major revisions of the Program EIR.
4. There are no substantial changes occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Program EIR.
5. No new information, which was not known and could not have been known at the time the Program EIR was certified as complete, has become available.
6. There no specific features which are unique to the proposed project that require project specific mitigation measures. Accordingly, the certified mitigation measures identified in the Program EIR will be sufficient for this project.
7. All feasible mitigation measures set forth in the Program EIR which are appropriate to the project shall be incorporated in the project.

8. This Initial Study, Environmental Assessment No. EA/C&ED No. 2003-45, provides the substantial evidence to support the above findings 1 thru 7, above.

A copy of said Environmental Assessment No. EA/C&ED No. 2003-45, entitled "City of Modesto Initial Study Precise Plan No. 20 NW and Village Ranch Vesting Tentative Subdivision Map with Multi-Family Final Development Plan," is attached hereto as **Exhibit "A"**, and incorporated herein by this reference.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

INITIAL STUDY
EA/C&ED NO. 2003-45

City of Modesto
Initial Study

**Precise Plan No. 20 NW and
Village Ranch Vesting Tentative Subdivision Map with
Multi-Family Final Development Plan**

EA/C&ED 2003-45
May 27, 2003

I. PURPOSE

On September 11, 1990, the Modesto City Council certified a Final Program Environmental Impact Report for the Village One Specific Plan (SCH# 90020181). This Program EIR analyzed the impacts of build-out of the Village One Specific Plan, which includes the area in which this project is proposed.

Subsequently, on May 24, 1994, the City Council certified a Supplement to the Village One Program EIR. This supplement updated and modified the original EIR.

Sections 15168(c) and 15182 of the CEQA Guidelines allows the approval of subsequent projects within the scope of the Project EIR without further environmental review, provided the following findings are made:

- A. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this project is within the scope of the projects covered by the Program EIR and no new environmental document or findings are required by CEQA.
- B. The project will have no new effects that were not examined in the Village One Specific Plan Program EIR, as amended by the Village One Supplemental EIR ("Program EIR") and no new mitigation measures would be required.
- C. There are no substantial changes proposed in the project that will require major revisions of the Village One Specific Plan Program EIR.
- D. There are no substantial changes occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Village One Specific Plan Program EIR.
- E. No new information, which was not known and could not have been known at the time the Village One Specific Plan Program EIR was certified as complete, has become available.
- F. All feasible mitigation measures set forth in the Program EIR that are appropriate to the project shall be incorporated in the project.

The purpose of this initial study is to provide the substantial evidence to support the above findings.

II. PROJECT DESCRIPTION

- A. Project title:
Precise Plan No. 20 NW and Village Ranch Vesting Tentative Subdivision Map with Multi-Family Final Development Plan
- B. Lead agency name and address:
City of Modesto, PO Box 642, Modesto, CA 95353
- C. Contact person and phone number:
Brad Wall, Community Development Department, (209) 577-5287
- D. Project Location:
The project is located at the northwest corner of Floyd and Roselle Avenues, within the City of Modesto.
- E. Project Sponsor: Nora Naraghi; P.O. Box 7, Escalon, CA 95320
- F. General Plan Designation: Village Residential (VR)
- G. Current Zoning: Specific Plan-Holding (SP-H) Zone
- H. Description of Proposed Project:
Precise plan and vesting tentative subdivision map in the Village One Specific Plan to create a 138-lot single-family subdivision on 30 acres, and 10 acres (248 units) of multi-family residential development.
- I. Surrounding land uses:
The project is bounded on the north and south by existing residential development. Undeveloped lands to the east and west are zoned by the Village One Specific Plan for residential development.
- J. Other public agencies whose approval is required: None

III. ANALYSIS OF CONFORMANCE WITH SECTION 15168(C) FINDINGS

Following is an analysis of how the project is within the scope of the Village One Program EIR, as amended by the Supplemental EIR, and how there are no substantial changes proposed in the project which would require major revisions of the Village One Program EIR, broken down by each impact area identified in the Village One Program EIR:

A. Traffic and Circulation

Impacts to traffic and circulation are discussed on pages III-40 through III-44 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in land use and intensity. It also provides a circulation system in accordance with the Specific Plan. Therefore, impacts to traffic and circulation for this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

B. Degradation of Air Quality

Impacts to air quality are analyzed on pages III-45 through III-54 of the Supplemental EIR. Air quality impacts for this project are directly related to traffic impacts. Because traffic impacts for this project are within the scope of those in the Village One EIR, air quality impacts are also within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

C. Generation of Noise

Noise impacts are analyzed on pages III-55 through III-67 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in land use and intensity, and the project includes a masonry sound wall adjacent to Claus Road, as required by the Specific Plan. Therefore, the noise impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

D. Vegetation and Wildlife

Impacts to vegetation and wildlife are analyzed on pages III-68 through III-79 of the Supplemental EIR. The project is located in an area analyzed by the Village One EIR for residential development. Therefore, the impacts to vegetation and wildlife of this project are consistent with the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

E. Land Use

Land use impacts are analyzed on pages III-80 through III-94 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the land use impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

F. Population, Employment and Housing

Impacts to population, employment and housing are analyzed on pages III-95 through III-99 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the impacts to population, employment and housing of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

G. Urban Design and Visual Quality

Impacts to urban design and visual quality are analyzed on pages III-101 through III-103 of the Supplemental EIR. The development proposed by this subdivision is consistent with the Village One Specific Plan in terms of land use, intensity and urban design, and includes landscaped setbacks along the surrounding streets, as required by the Specific Plan. Therefore, the impacts to urban design and visual quality of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

H. Geology and Soils

Impacts to geology and soils are analyzed by the Supplemental EIR on pages III-105 through III-108. The project is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the impacts to geology and soils of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

I. Hydrology

Hydrology impacts are analyzed on pages III-109 through III-119 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in terms of land use and intensity, and includes the necessary storm drainage systems required by the Specific Plan. Therefore, the impacts to hydrology of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

J. Public Services

Impacts to public services are analyzed on pages III-121 through III-158 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in terms of land use and intensity, and would not create any additional demand for public services that are in excess of those analyzed by the Village One EIR. Therefore, the impacts to public services of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

K. Fiscal Impacts

Fiscal impacts are analyzed on pages III-159 through III-160 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the fiscal impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

L. Cumulative Impacts

Cumulative impacts are analyzed on page III-161 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in terms of land use intensity. Therefore, the cumulative impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

M. Growth Inducing Impacts

Growth inducing impacts are analyzed by the Supplemental EIR on page III-161. The project is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the growth-inducing impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

IV. ANALYSIS OF CONFORMANCE WITH SECTION 15182 FINDINGS

- A. No substantial changes are occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the environmental impact report

The Village One Program EIR was certified by the Modesto City Council on September 11, 1990, and the Supplemental EIR was certified on May 24, 1994. Since then, there have been no substantial changes with respect to the circumstances under which this project is being undertaken which will require major revisions in the Village One Program EIR.

- B. No new information, which was not known and could not have been known at the time the environmental impact report was certified as complete, becomes available

The Village One Program EIR was certified by the Modesto City Council on September 11, 1990, and the Supplemental EIR was certified on May 24, 1994. Since then, there is no new information, which was not known at the time the Program EIR was certified, has become available, that would change the conclusions of the EIR.

V. MITIGATION MEASURES

Since the project is within the scope of the Village One Specific Plan Program EIR, as amended by the Supplemental EIR, there are no additional mitigation measures needed for the project. All feasible mitigation measures set forth in the Program EIR that are appropriate to the project shall be incorporated in the project.

VI. CONCLUSIONS/ DETERMINATIONS OF FINDINGS

1. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this project is within the scope of the projects covered by the Program EIR and no new environmental document or findings are required by CEQA.
2. The project will have no new effects that were not examined in the Village One Specific Plan Program EIR, as amended by the Village One Supplemental EIR ("Program EIR") and no new mitigation measures would be required.
3. There are no substantial changes proposed in the project that will require major revisions of the Village One Specific Plan Program EIR as amended by the Village One Supplemental EIR.
4. There are no substantial changes occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Village One Specific Plan Program EIR as amended by the Village One Supplemental EIR.
5. No new information, which was not known and could not have been known at the time the Village One Specific Plan Program EIR was certified as complete, has become available.

6. There are no specific features that are unique to the proposed project that require project specific mitigation measures. Accordingly, the certified mitigation measures identified in the Program EIR will be sufficient for this project.
7. All feasible mitigation measures set forth in the Program EIR that are appropriate to the project shall be incorporated in the project.
8. This initial study provides the substantial evidence to support the above findings.

I. PURPOSE

On September 11, 1990, the Modesto City Council certified a Final Program Environmental Impact Report for the Village One Specific Plan (SCH# 90020181). This Program EIR analyzed the impacts of build-out of the Village One Specific Plan, which includes the area in which this project is proposed.

Subsequently, on May 24, 1994, the City Council certified a Supplement to the Village One Program EIR. This supplement updated and modified the original EIR.

Sections 15168(c) and 15182 of the CEQA Guidelines allows the approval of subsequent projects within the scope of the Project EIR without further environmental review, provided the following findings are made:

- A. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this project is within the scope of the projects covered by the Program EIR and no new environmental document or findings are required by CEQA.
- B. The project will have no new effects that were not examined in the Village One Specific Plan Program EIR, as amended by the Village One Supplemental EIR ("Program EIR") and no new mitigation measures would be required.
- C. There are no substantial changes proposed in the project that will require major revisions of the Village One Specific Plan Program EIR.
- D. There are no substantial changes occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Village One Specific Plan Program EIR.
- E. No new information, which was not known and could not have been known at the time the Village One Specific Plan Program EIR was certified as complete, has become available.
- F. All feasible mitigation measures set forth in the Program EIR that are appropriate to the project shall be incorporated in the project.

The purpose of this initial study is to provide the substantial evidence to support the above findings.

II. PROJECT DESCRIPTION

- A. Project title:
Precise Plan No. 18 and Hacienda Del Sol Vesting Tentative Subdivision Map with Multi-Family Final Development Plan
- B. Lead agency name and address:
City of Modesto, PO Box 642, Modesto, CA 95353

- F. General Plan Designation: Village Residential (VR)
- G. Current Zoning: Specific Plan-Holding (SP-H) Zone
- H. Description of Proposed Project:
Precise plan and vesting tentative subdivision map in the Village One Specific Plan to create a 171-lot single-family subdivision on 40 acres, and 10 acres (248 units) of multi-family residential development.
- I. Surrounding land uses:
The project is bounded on the north, east and west by vacant lands designated for future residential development by the Village One Specific Plan, and to the south (across Floyd Avenue) by existing residential development.
- J. Other public agencies whose approval is required: None

III. ANALYSIS OF CONFORMANCE WITH SECTION 15168(C) FINDINGS

Following is an analysis of how the project is within the scope of the Village One Program EIR, as modified by the Supplemental EIR, and how there are no substantial changes proposed in the project which would require major revisions of the Village One Program EIR, broken down by each impact area identified in the Village One Program EIR:

A. Traffic and Circulation

Impacts to traffic and circulation are discussed on pages III-40 through III-44 of the Village One Supplemental EIR. The project is consistent with the Village One Specific Plan in land use and intensity. It also provides a circulation system in accordance with the Specific Plan. Therefore, impacts to traffic and circulation for this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

B. Degradation of Air Quality

Impacts to air quality are analyzed on pages III-45 through III-54 of the Supplemental EIR. Air quality impacts for this project are directly related to traffic impacts. Because traffic impacts for this project are within the scope of those in the Village One EIR, air quality impacts are also within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

C. Generation of Noise

Noise impacts are analyzed on pages III-55 through III-67 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in land use and intensity, and the project includes a masonry sound wall adjacent to Claus Road, as required by the Specific Plan. Therefore, the noise impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

D. Vegetation and Wildlife

Impacts to vegetation and wildlife are analyzed on pages III-68 through III-79 of the Supplemental EIR. The project is located in an area analyzed by the Village One EIR for residential development. Therefore, the impacts to vegetation and wildlife of this project are consistent with the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

E. Land Use

Land use impacts are analyzed on pages III-80 through III-94 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the land use impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

F. Population, Employment and Housing

Impacts to population, employment and housing are analyzed on pages III-95 through III-99 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the impacts to population, employment and housing of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

G. Urban Design and Visual Quality

Impacts to urban design and visual quality are analyzed on pages III-101 through III-103 of the Supplemental EIR. The development proposed by this subdivision is consistent with the Village One Specific Plan in terms of land use, intensity and urban design, and includes landscaped setbacks along the surrounding streets, as required by the Specific Plan. Therefore, the impacts to urban design and visual quality of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

H. Geology and Soils

Impacts to geology and soils are analyzed by the Supplemental EIR on pages III-105 through III-108. The project is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the impacts to geology and soils of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

I. Hydrology

Hydrology impacts are analyzed on pages III-109 through III-119 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in terms of land use and intensity, and includes the necessary storm drainage systems required by the Specific Plan. Therefore, the impacts to hydrology of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

J. Public Services

Impacts to public services are analyzed on pages III-121 through III-158 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in terms of land use and intensity, and would not create any additional demand for public services that are in excess of those analyzed by the Village One EIR. Therefore, the impacts to public services of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

K. Fiscal Impacts

Fiscal impacts are analyzed on pages III-159 through III-160 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the fiscal impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

L. Cumulative Impacts

Cumulative impacts are analyzed on page III-161 of the Supplemental EIR. The project is consistent with the Village One Specific Plan in terms of land use intensity. Therefore, the cumulative impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

M. Growth Inducing Impacts

Growth inducing impacts are analyzed by the Supplemental EIR on page III-161. The project is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the growth-inducing impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

IV. ANALYSIS OF CONFORMANCE WITH SECTION 15182 FINDINGS

- A. No substantial changes are occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the environmental impact report

The Village One Program EIR was certified by the Modesto City Council on September 11, 1990, and the Supplemental EIR was certified on May 24, 1994. Since then, there have been no substantial changes with respect to the circumstances under which this project is being undertaken which will require major revisions in the Village One Program EIR.

- B. No new information, which was not known and could not have been known at the time the environmental impact report was certified as complete, becomes available

The Village One Program EIR was certified by the Modesto City Council on September 11, 1990, and the Supplemental EIR was certified on May 24, 1994. Since then, there is no new information, which was not known at the time the Program EIR was certified, has become available, that would change the conclusions of the EIR.

V. MITIGATION MEASURES

Since the project is within the scope of the Village One Specific Plan Program EIR, as modified by the Supplemental EIR, there are no additional mitigation measures needed for the project. All feasible mitigation measures set forth in the Program EIR that are appropriate to the project shall be incorporated in the project.

VI. CONCLUSIONS/DETERMINATIONS OF FINDINGS

1. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this project is within the scope of the projects covered by the Program EIR and no new environmental document or findings are required by CEQA.
2. The project will have no new effects that were not examined in the Village One Specific Plan Program EIR, as amended by the Village One Supplemental EIR ("Program EIR") and no new mitigation measures would be required.
3. There are no substantial changes proposed in the project that will require major revisions of the Village One Specific Plan Program EIR as amended by the Village One Supplemental EIR.
4. There are no substantial changes occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Village One Specific Plan Program EIR as amended by the Village One Supplemental EIR.
5. No new information, which was not known and could not have been known at the time the Village One Specific Plan Program EIR was certified as complete, has become available.

6. There are no specific features that are unique to the proposed project that require project specific mitigation measures. Accordingly, the certified mitigation measures identified in the Program EIR will be sufficient for this project.
7. All feasible mitigation measures set forth in the Program EIR that are appropriate to the project shall be incorporated in the project.
8. This initial study provides the substantial evidence to support the above findings.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-346**

A RESOLUTION FINDING THAT THE 2003 URBAN GROWTH REVIEW, (THE PROJECT) AS REQUIRED BY THE ADOPTED MODESTO URBAN AREA GENERAL PLAN, "COMMUNITY GROWTH STRATEGY" IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041)

WHEREAS, on August 15, 1995, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 92052017) for the Modesto Urban Area General Plan, and

WHEREAS, Modesto Urban Area General Plan, Community Growth Strategy calls for the review of growth trends in the Modesto Urban Area on a periodic basis, and

WHEREAS, the last Urban Area Growth Policy Review was approved by the City Council on July 10, 2001, and

WHEREAS, the 2003 Urban Growth Policy Review contains a recommendation that a Measure M ballot measure be prepared for the Johansen, North Empire, Kiernan/Carver, CPDs and unincorporated infill areas, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City's Community and Economic Development Department by Environmental Assessment Initial Study EA/C&ED2003-42 reviewed the 2003 Urban Growth Policy Review to determine whether the Project is within the scope of the project covered by the Modesto Urban Area General Plan Master EIR, and made the determination that the proposed Project will have no additional significant effect on the environment that was not identified in the Master EIR and, further, that no new or additional mitigation measures or alternatives are required, and that, therefore, the proposed Project is within the scope of the project covered by the Master EIR,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the 2003 Urban Area Growth Policy Review, a copy of which is attached hereto as **Exhibit "A"**, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. That the proposed Project is contemplated and described in the Master EIR (SCH No. 19990820) as being within the scope of the Master EIR report.
2. That the Project will have no new additional significant effects on the environment not identified in the Master EIR, and no new or additional mitigation measures or alternatives that were not previously considered in the Master EIR are required.
3. That, as per Section 21157.1 of the Public Resources Code, no new environmental document or findings are required by the California Environmental Quality Act (CEQA).

4. That there are no specific features which are unique to the proposed Project that require project specific mitigation measures. All certified mitigation measures identified in the Master EIR will apply citywide including this project as appropriate.
5. The Initial Study, Environmental Assessment EA/C&ED 2003-42, provides the substantial evidence to support findings 1-5 noted above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Keating, O'Bryant, Mayor Sabatino

NOES: Councilmembers: Frohman, Jackman

ABSENT: Councilmembers: None

ATTEST:

Initial Study

**2003 Urban Area Growth Policy Review Measure "M" Ballot Measures:
Johansen, Empire North, Kiernan/Carver, and Infill Areas**

EA NO. C&ED 2003- 42

I. PURPOSE:

Finding of Conformance under City's General Plan Master EIR

The GPMEIR allows for limited environmental review of this proposed 2003 Urban Area Growth Review Measure "M" Ballot Measures. The original Master EIR was certified on August 15, 1995 (SCH #92052017), in conjunction with adoption of the Modesto Urban Area General Plan. The Final Master EIR Update (SCH # 1999082041) was certified by the Modesto City Council on March 4, 2003. The MEIR contains a detailed analysis and a comprehensive program of mitigation measures to address development within the Modesto General Plan Area.

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any significant effect on the environment that was not identified in the Final Master EIR (MEIR) for the General Plan and whether any new or additional mitigation measures or alternatives may be required. This Initial Study also provides documentation on whether the project is considered in the Master EIR as being within the scope of the General Plan analyzed by the Master EIR.

Master EIR Requires Focused EIRs for Development of Comprehensive Planning Districts

One or more of the Comprehensive Planning Districts (CPDs) that would be placed on the ballot for a Measure "M" vote may result in a future development proposal. For any CPDs proposed for development, the Master EIR/General Plan requires preparation and certification of a Focused EIR pursuant to CEQA Section 21158 prior to adoption of a comprehensive Plan (Specific Plan) for development. This detailed analysis can only be prepared when an actual project with a detailed land plan has been submitted for review and approval.

II. PROJECT DESCRIPTION:

- A. Project Title:
2003 Measure "M" Ballot Measure –Johansen, Empire North, Kiernan/Carver, and Infill Areas
- B. Lead Agency Name and Address:
City of Modesto, P.O. Box 642 Modesto, CA 95353

Initial Study
Growth Policy Ballot Measures
05/20/03

- C. Contact Person, address and phone number:
Patrick Kelly, 1010 Tenth Street, Modesto, CA 95353
(209) 577-5268
- D. Project Location:
The Modesto Urban Area
- E. Project Sponsor, address and phone number:
City of Modesto, P.O. Box 624, Modesto, CA 95353
- F. Modesto General Plan Designation:
Land Use Diagram of Modesto Urban Area General Plan
- G. Zoning:
City of Modesto Zoning Map
- H. Description of Proposed Project:

The (*project*) consists of proposed ballot measure(s) that could be placed on the November 2003 citywide Measure "M" Advisory vote election for extension of sewer service by the City Council. The project implements the General Plan Growth Policy for selection of areas for future development or annexation. The measures, described below, are based on the 2003 Urban Area Growth Policy Review process where property owners have expressed written interest in future development (Council may select any combination).

The City Council may select (approve) ballot measures that can proceed with development proposals. Implementation of the ballot measure would be a Subsequent Project to the General Plan Master EIR (MEIR) as described in Chapter II, of the MEIR. Implementing "devices" would include: Specific Plans (page II-7 MEIR) and Annexations (page II-2 MEIR). The MEIR requires a Focused EIR to be prepared for any Comprehensive Planning District (CPD) proposed for development. Annexations, or Reorganizations, pursuant to the Cortese Knox-Hertzberg Reorganization Act are required to bring any of the Infill areas proposed for a vote into the incorporated City of Modesto (page II-2 MEIR).

The proposed ballot measure would include one or more of the following Comprehensive Planning Districts (CPD's) located in the Planned Urbanizing Area of the City's General Plan:

1. Johansen CPD, (minus the annexed 109-acre Johansen High School area) 501 acres located north of Yosemite Boulevard, and east of Claus Road, west of Santa Fe RR & unincorporated Empire area (attached Exhibit A).

2. Empire North CPD, 174-acre portion of CPD located east of Santa Fe RR, west of Church Street, south of Dry Creek and north of the unincorporated Empire area (attached Exhibit A).
3. Kiernan/Carver CPD, 571-acre portion of CPD designated Village Residential by the Modesto Urban Area General Plan, located south of Kiernan Avenue, east of American Avenue, north of Bangs Avenue and west of Carver Road (attached Exhibit B).
6. Infill Areas, consisting of unincorporated islands within the City limits comprised of 2,408-acres, and remaining unincorporated areas in the Baseline Developed Area of the General Plan, which are developed or surrounded by development, excluding infill areas with a previous Measure M vote. (attached Exhibit C).

I. Surrounding Land Uses:
Unincorporated County.

J. Other Public agencies whose approval is required
none

II. **ANALYSIS OF CONFORMANCE WITH THE MASTER EIR:**

There are eighteen subject areas in the Master EIR for the General Plan. Following is an analysis of how this project conforms with the analysis contained within the Master EIR.

A. **Traffic and Circulation**

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not cause additional significant increase in traffic and circulation impacts, not already identified in the MEIR. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure, or circulation system of the General Plan analyzed by the MEIR and thus would not adversely affect the roadway or intersection capacity of the City's circulation system beyond what was identified in the MEIR. Therefore, any potential adverse impacts on traffic and circulation were analyzed and mitigation provided by the GPMEIR.

Following the vote scheduled for November 2003, further separate Council actions are required in order for development or annexation of these areas to proceed. Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. The Existing Conditions, Impacts Analysis and

Mitigation Measures listed in the MEIR for Traffic and Circulation Needs (pages V-1-1 through V-1-33) are, therefore, still valid.

B. Degradation of Air Quality

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not cause additional degradation of air quality, not already identified in the MEIR. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure, or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts on loss of sensitive wildlife and plant habitat were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted.

Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Degradation of Air Quality (pages V-2-1 through V-2-26) are, therefore, still valid.

C. Generation of Noise

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not cause additional generation of noise, not already identified in the MEIR. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure, or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts for generation of noise were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. Therefore, the project will not create additional significant effects and the Mitigation Measures listed in the MEIR for Generation of Noise (pages V-3-1 through V-3-22) are still valid.

D. Loss of Productive Agricultural Land

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not cause additional loss of productive agricultural land, not already identified in the

MEIR. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure, or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts on loss of productive agricultural land were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. Therefore, the Existing Conditions, Impacts Analysis, and Mitigation Measures listed in the MEIR for Loss of Productive Agricultural Land (pages V-4-1 through V-4-12) are still valid.

E. Increased Demand for Water Supplies

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not cause additional increased demand for water supplies, not already identified in the MEIR. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure, or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts on increased demand for water supplies were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. Therefore, Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Increased Demand for Water Supplies (pages V-5-1 through V-5-13 are, therefore, still valid.

F. Increased Demand for Sanitary Sewer Services

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not cause additional increased demand for sanitary services, not already identified in the MEIR. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure, or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts for increased demand for sanitary sewer services were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. Therefore, Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased Demand for Sanitary Sewer Services (pages V-6-1 through V-6-12) are, therefore, still valid.

G. Loss of Sensitive Wildlife and Plant Habitat

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not cause additional disturbance of wildlife and plant habitat areas, not already identified in the MEIR. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure, or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts on loss of sensitive wildlife and plant habitat were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. The Existing Conditions, Impact Analysis, and the Mitigation Measures listed in the MEIR for Sensitive Wildlife and Plant Habitat, (pages V-7-1 through V-7-30) are, therefore, still valid.

H. Disturbance of Archaeological and Historic Sites

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not cause additional disturbance of archaeological and historic sites, not already identified in the MEIR. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure, or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts on disturbance of archaeological and historic sites were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section

21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. Therefore, the project would not disturb any new archaeological or historic sites not already analyzed in the General Plan MEIR. The Existing conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Disturbance of Archaeological or Historical Sites (pages V-8-1 through V-8-22) are, therefore, still valid.

I. Drainage, Flooding and Water Quality

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not change the size or configuration of drainage, flooding and water quality facilities, not already identified in the MEIR. Therefore, the project will not create any new significant drainage, flooding or water quality impacts that were not addressed in the MEIR. Therefore, any potential adverse impacts on drainage, flooding and water quality were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Drainage, Flooding, and Water Quality (pages V-9-1 through V-9-13) are, therefore, still valid.

J. Increased Demand for Storm Drainage

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not generate any additional population or development beyond that identified in the MEIR that cause increased demand for storm drainage facilities. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts on Increased Demand for storm drainage were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Storm Drainage (pages V-10-1 through V-10-16) are, therefore, still valid.

K. Increased Demand for Parks and Open Space

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not generate any additional population beyond that identified in the MEIR that would use parks or open space facilities. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts on Increased Demand for Parks and Open Space were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Parks and Open Space (pages V-11-1 through V-11-11) are, therefore still valid.

L. Increased Demand for Schools

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not generate any additional population beyond that identified in the MEIR that would use school facilities. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts on Increased Demand for schools were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. Thus Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Schools (pages V-12-1 through V-12-11) are, therefore, still valid.

M. Increased Demand for Police Services

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not generate any additional population beyond that identified in the MEIR that would require increased Police services or facilities. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure

or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts on Increased Demand for police services were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Police Services (pages V-13-1 through V-13-7) are, therefore, still valid.

N. Increased Demand for Fire Services

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not generate any additional population beyond that identified in the MEIR that would require increased Fire services or facilities. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts on Increased Demand for Fire services were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Impacts to annexation of Infill Areas would be addressed by an Initial Study/Mitigated Negative Declaration prepared pursuant to CEQA Section 21157.1 before a proposal is initiated. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Fire Services (pages V-14-1 through IV-14-9) are, therefore, still valid.

O. Generation of Solid Waste

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not generate any additional population beyond that identified in the MEIR that would result in increased generation of solid waste or related facilities. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure, or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts on generation of solid waste and related services were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas

including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Generation of Solid Waste (pages V-15-1 through V-15-10) are, therefore, still valid.

P. Generation of Hazardous Materials

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not generate any additional population or development beyond that identified in the MEIR that would result in increased generation of hazardous materials. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure, or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts on generation of hazardous materials were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. The Existing Conditions, Impacts analysis and the Mitigation Measures listed in the MEIR for the Generation of Hazardous Materials (pages V-16-1 through V-16-15) are, therefore, still valid.

Q. Landslides and Seismic Activity

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not generate any additional population or development beyond that identified in the MEIR that would result in increased exposure to landslides and seismic activity. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure, or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts on exposure to landslides and seismic activity were analyzed and mitigation provided by the GPMEIR.

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158,

before the proposal is initiated. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Landslide and Seismic Activity (pages V-17-1 through V-17-12) are, therefore, still valid.

R. Energy

The proposal to place the CPDs and Infill Areas on the ballot "*project*" would not generate any additional population or development beyond that identified in the MEIR that would result in increased demand for energy. The ballot measures do not propose any changes to the gross acreage, land use designations, infrastructure, or circulation system of the General Plan analyzed by the MEIR. Therefore, any potential adverse impacts on increased demand for energy were analyzed and mitigation provided by the GPMEIR.

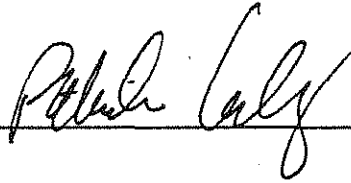

Detailed impacts of development of the CPDs would be identified through a Focused EIR prepared pursuant to CEQA Section 21158 when a development application/land plan is submitted. Subsequent projects within infill areas including annexations would be addressed by an Initial Study, which will determine whether they are "within the scope of the Master EIR" or whether a Mitigated Negative Declaration shall be prepared pursuant to CEQA Section 21157.1 or if a Focused EIR must be prepared pursuant to CEQA Section 21158, before the proposal is initiated. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Energy (pages V-18-1 through V-18-7) are, therefore, still valid. Mitigation Measures for air quality and traffic would also help to mitigate energy impacts.

IV CONCLUSIONS/DETERMINATIONS OF FINDINGS

- A. The proposal to place the CPDs and Infill Areas on the ballot "*project*" is within the scope of the General Plan covered by a Master Environmental Impact Report (SCH# 1999082041).
- B. The proposal to place the CPDs and Infill Areas on the ballot "*project*" will have no new additional significant effect on the environment not identified in the Master EIR and no new or additional mitigation measures are required.
- C. No new environmental document nor findings pursuant to Section 21081 shall be required by the California Environmental Quality Act (per section 21157.1).
- D. There are no specific features unique to the proposal to place the CPDs and Infill Areas on the ballot "*project*" that require project specific mitigation measures. All certified mitigation measures identified in the MEIR will apply citywide including this project as appropriate.

- E. This Initial Study provides substantial evidence to support findings "A, B, C, and D" above.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-347**

A RESOLUTION DIRECTING THE CITY CLERK TO SUBMIT TO THE VOTERS AT THE NEXT REGULAR MUNICIPAL ELECTION AN ADVISORY MEASURE RELATING TO THE EXTENSION OF SEWER SERVICE TO THE UNINCORPORATED AREA REFERRED TO AS "COFFEE-SYLVAN INFILL AREA", GENERALLY LOCATED EAST OF COFFEE ROAD, SOUTH OF SYLVAN AVENUE, EAST AND WEST OF KELLER STREET CONTAINING 275 PARCELS ON 89 ACRES, IN THE MODESTO URBAN AREA GENERAL PLAN, AND APPROVING AN AGREEMENT BETWEEN THE CITY OF MODESTO ("CITY") AND COUNTY OF STANISLAUS ("COUNTY") TO RESOLVE POTENTIAL FISCAL IMPACTS OF UPGRADING EXISTING DEFICIENT INFRASTRUCTURE WITHIN THE COFFEE-SYLVAN INFILL AREA OF THE MODESTO URBAN AREA GENERAL PLAN, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT.

WHEREAS, on March 6, 1979, the voters enacted the Modesto Citizens' Advisory Growth Management Act (Measure A) which provides that the City Council of the City of Modesto shall not approve, authorize, or appropriate funds for the extension of any sewer trench without first holding an advisory election, and

WHEREAS, on November 4, 1997, the voters enacted the Modesto Citizens' Advisory Growth Management Act of 1995 (Measure M) which provides that the City Council of the City of Modesto shall not approve, authorize, or appropriate funds for sewer improvements without first holding and advisory election, and

WHEREAS, in order to satisfy the requirements of Measure A and Measure M the City Council of the City of Modesto desires to submit to the qualified electors of the City of Modesto, at the regular municipal election to be held on November 4, 2003, an advisory measure relating to the provisions of sewer service to a certain area of the city with the understanding that this action is not the first step leading to annexation, it is for the sole purpose of making sewer service available to those areas and with the further understanding that no City funds will be expended to provide such sewer service.

WHEREAS, the Measure M Policy further provides that a Measure M vote for substantial infill areas will not be scheduled until the City and County have addressed and reached agreement to resolve the potential fiscal impacts of upgrading existing deficient infrastructure; and,

WHEREAS, the City and County shall resolve the potential impacts of upgrading existing infrastructure on the terms and conditions as set forth in the agreement, so that the City can schedule a Measure M vote for the Infill Area.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. BALLOT MEASURE.

Provided the County of Stanislaus approve the Public Improvement Agreement attached as "Exhibit A" on or before July 23, 2003, then pursuant to Section 9603 of the Elections Code, the Council of the City of Modesto proposes to, and hereby does, on its own motion, submit to the qualified electors of the City of Modesto at a regular election to be held on November 4, 2003, an advisory measure relating to the provision of sewer service to certain areas of the city as set forth below, and hereby designates the form of the ballot measure for use at said special election as follows:

MEASURE *

Shall the City Council provide sewer service to the following described area of the Modesto Urban Area General Plan?

"Coffee-Sylvan Infill Area"

The following unincorporated area generally located east of Coffee Road, south of Sylvan Avenue, east and west of Keller Street containing 275 lots on 89 acres.

SECTION 2. FORM OF BALLOT

On the ballots to be used at said election, in addition to any other matter required by law to be printed thereon, shall be printed the following question relating to the proposal to extend sanitary sewer service:

MEASURE * City of Modesto Sewer Service Extension Advisory Measure.

Shall the City Council provide sewer service to the following described area of the Modesto Urban Area General Plan provided the area is first annexed to the City? Yes
No

Coffee-Sylvan Infill Area

The unincorporated area generally located east of Coffee Road, south of Sylvan Avenue, east and west of Keller Street containing 275 lots on 89 acres.

SECTION 3. CONDUCT OF ELECTION.

The advisory election hereby called shall be held and conducted, and the votes thereat canvassed and the returns thereof made, and the results thereof ascertained and determined as herein provided, and in all particulars not prescribed in this resolution, the advisory election shall be held as provided for in the City Charter, and in all particulars not provided for therein, the advisory election shall be held as provided by law for the holding of advisory elections and regular municipal elections in the City of Modesto and otherwise in accordance with the Elections Code of the State of California.

SECTION 4. CITY CLERK CERTIFICATION.

That the City Clerk is hereby directed to file a certified copy of this resolution with the Board of Supervisors and the County Elections Department of the County of Stanislaus, and the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

PUBLIC IMPROVEMENT AGREEMENT

This Agreement is made, entered into and effective the ____ day of July, 2003, by and between the CITY OF MODESTO, a municipal corporation ("CITY") and the COUNTY OF STANISLAUS, a political subdivision of the State of California ("COUNTY"). This Agreement is made with reference to the following:

WHEREAS, CITY owns, operates and maintains a sewer district which is designed and intended to serve residents and business located within the City of Modesto ("Sewer District"); and,

WHEREAS, there exists an substantial unincorporated County island within the CITY's limits which is commonly known as the Coffee-Sylvan Neighborhood, more particularly described in Exhibit A hereto and incorporated herein by reference ("Infill Area"); and,

WHEREAS, COUNTY has requested that CITY's Sewer District provide sewer service to the Infill Area; and,

WHEREAS, the Modesto Citizens Advisory Growth Management Act, commonly known as "Measure A" and the Modesto Citizens Advisory Growth Management Act of 1995 ("Measure M") provide that CITY's Council shall not approve, authorize, or appropriate funds for sewer improvements without first holding an advisory election as provided by California Elections Code section 9603; and,

WHEREAS, CITY's Policy to Implement Measure M ("Measure M Policy") recognizes that a successful Measure M vote may lead to public expectations that annexation will immediately follow with corresponding expectations that existing deficient infrastructure will be upgraded to meet current CITY standards; and,

WHEREAS, in recognition of these expectations, the Measure M Policy further provides

that a Measure M vote for substantial infill areas will not be scheduled until the CITY and COUNTY have addressed and reached agreement to resolve the potential fiscal impacts of upgrading existing deficient infrastructure; and,

WHEREAS, CITY and COUNTY have resolved the potential fiscal impacts of upgrading existing deficient infrastructure on the terms and conditions as set forth in this Agreement so that CITY can schedule a Measure M vote for the Infill Area.

NOW THEREFORE, in consideration of the mutual covenants, promises and agreements herein contained, the parties hereto mutually agree as follows:

1. CONSTRUCTION OF PUBLIC IMPROVEMENTS

Prior to connection of any sewer lines to CITY's Sewer District, or provision of any sewer service from CITY's Sewer District to any lot within the Infill Area, COUNTY shall improve all existing public improvements, or construct new public improvements, to fully comply with all requirements of the Modesto Municipal Code and all current CITY standards. The public improvements to be upgraded or newly constructed shall include but not be limited to streets, street lighting, storm drainage, sewer, sidewalks, curbs and gutters. The design and construction of all such public improvements, including all labor, materials and supplies used upon, for or about the performance of said work, shall be at COUNTY's sole cost.

2. CONSTRUCTION OF PUBLIC SEWER IMPROVEMENTS

Prior to connection of any sewer lines to CITY's Sewer District, or provision of any sewer service from CITY's Sewer District to any lot within the Infill Area, COUNTY shall construct all sewer subtrunks, laterals and other piping facilities which would be necessary to extend sewer service from CITY's Sewer District to the Infill Area, if and when the CITY is able to do so, and shall enter into an agreement with the CITY regarding maintenance of said sewer

pipelines. COUNTY shall design and construct all such sewer improvements to fully comply with all requirements of the Modesto Municipal Code and all current CITY standards. The design and construction of all sewer improvements, including all labor, materials and supplies used upon, for or about the performance of said work, shall be at COUNTY's sole cost.

3. COMPLETION OF PUBLIC IMPROVEMENTS.

COUNTY agrees to take all actions as may be necessary to ensure that the upgrades to and construction of Public Improvements as provided in this Agreement are complete and, where appropriate, dedicated to and accepted by CITY prior to connection of sewer from CITY's Sewer District to Infill Area, or to provision of sewer service to any lot within the Infill Area. In the event that COUNTY shall fail to complete such work within said time, the CITY may, at its sole option, complete the same, and recover the full cost and expense thereof from the COUNTY.

5. INDEMNIFICATION.

COUNTY shall hold CITY harmless from, and save, defend and indemnify it against any and all claims, losses, liabilities and damages from every cause including, but not limited to, injury to person or to property or wrongful death, with the indemnity to include reasonable attorney's fees, and all costs and expenses, arising directly or indirectly out of any act or omission of COUNTY, whether or not the act or omission arises from the sole negligence or other liability of COUNTY, or its agents, officers, employees, or volunteers relating to or arising out of the construction, dedication and installation of the above listed Public Improvements. The provisions of this Paragraph 3 shall survive the expiration and termination of this Agreement. The CITY shall promptly notify the COUNTY of any claim, action, or proceedings and shall cooperate fully in the defense.

4. GENERAL PROVISIONS.

A. COUNTY shall not have the right to assign this Agreement or any rights hereunder without the prior written approval of CITY, and such consent to transfer any rights hereunder shall not be unreasonably withheld by CITY.

B. All covenants, stipulations and agreements in this Agreement shall bind the representatives, successors and assigns of the respective parties.

C. Where the terms of this Agreement require the exercise of discretion by the CITY or COUNTY, or their respective engineering staff, discretion shall not be exercised in an unreasonable, arbitrary or capricious manner. CITY's execution of this Agreement in no way limits the discretion of CITY in the permit and approval process in connection with construction of any of the above Public Improvements, including but not limited to the provision of sewer service by CITY's Sewer District.

D. The language of each and all paragraphs, terms and/or provisions of this Agreement shall, in all cases and for any and all purposes, and in any way and all circumstances whatsoever, be construed as a whole, according to its fair meaning, and not for or against any party hereto and with no regard whatsoever to the identity or status of any person or persons who drafted all or any portion of this Agreement.

E. There shall be no third party beneficiaries to this Agreement.

F. Any waiver by CITY of any obligation or condition in this Agreement must be in writing. No waiver will be implied from any delay or failure of CITY to take action on any breach or default of COUNTY or to pursue any remedy allowed under this Agreement or applicable law.

G. This Agreement and its exhibit contain the entire understanding between COUNTY and CITY with respect to the matters contained herein. All previous proposals, offers

and communications relative to this Agreement, whether oral or written, are hereby superseded except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by all the parties.

H. If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.

I. COUNTY shall fully comply with all applicable federal, state, and local laws, ordinances, regulations and permits related to the performance of their respective obligations under this Agreement, including the design, installation, and construction of the above Public Improvements.

IN WITNESS WHEREOF, CITY, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. 2003-____, adopted by the Council of the City of Modesto on the ____ day of July, 2003, and COUNTY has authorized the execution of this Agreement in duplicate by its Chief Executive Officer under authority of Resolution No. _____, adopted by the Board of Supervisors of Stanislaus County on the ____ day of July, 2003.

EXHIBIT "A"

"Coffee-Sylvan Infill Area"

The unincorporated area generally located east of Coffee Road, south of Sylvan Avenue, east and west of Keller Street containing 275 lots on 89 acres.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-348**

A RESOLUTION DIRECTING THE CITY CLERK TO TRANSMIT A COPY OF THE ADVISORY MEASURE CONSIDERING THE EXTENSION OF SEWER SERVICE TO THE UNINCORPORATED AREA REFERRED TO AS "COFFEE-SYLVAN INFILL AREA", GENERALLY LOCATED EAST OF COFFEE ROAD, SOUTH OF SYLVAN AVENUE, EAST AND WEST OF KELLER STREET CONTAINING 275 PARCELS ON 89 ACRES, IN THE MODESTO URBAN AREA GENERAL PLAN TO THE CITY ATTORNEY FOR THE PURPOSE OF PREPARING AN IMPARTIAL ANALYSIS OF SAID MEASURE

WHEREAS, the Modesto City Council has directed the City Clerk to submit to the voters at the next regular municipal election to be held on November 4, 2003, an advisory measure concerning the unincorporated area referred to as "Coffee-Sylvan Infill Area", the unincorporated area generally located east of Coffee Road, south of Sylvan Avenue, east and west of Keller Street containing 275 parcels on 89 acres, in the Modesto Urban Area General Plan to the City Attorney for the purpose of preparing an impartial analysis of said measure.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Clerk is hereby directed pursuant to California Elections Code Section 9280 to transmit a copy of said measure to the City Attorney, who is hereby directed to prepare an Impartial Analysis of the measure showing the effect of the measure on existing law on the operation of the measure.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-350**

A RESOLUTION DIRECTING THE CITY CLERK TO SUBMIT TO THE VOTERS AT THE NEXT REGULAR MUNICIPAL ELECTION AN ADVISORY MEASURE RELATING TO THE EXTENSION OF SEWER SERVICE TO THE UNINCORPORATED AREAS DESIGNATED "EMPIRE NORTH COMPREHENSIVE PLANNING DISTRICT" IN THE MODESTO URBAN AREA GENERAL PLAN, GENERALLY LOCATED EAST OF THE BURLINGTON NORTHERN SANTA FE RAILROAD, NORTH OF SUMMIT WAY, WEST OF CHURCH STREET AND SOUTH OF DRY CREEK IN THE MODESTO URBAN AREA GENERAL PLAN AND "JOHANSEN COMPREHENSIVE PLANNING DISTRICT" IN THE MODESTO URBAN AREA GENERAL PLAN, GENERALLY LOCATED EAST OF CLAUSE ROAD, NORTH OF YOSEMITE, WEST OF THE BURLINGTON NORTHERN SANTA FE RAILROAD AND SOUTH OF DRY CREEK

WHEREAS, on March 6, 1979, the voters enacted the Modesto Citizens' Advisory Growth Management Act (Measure A) which provides that the City Council of the City of Modesto shall not approve, authorize, or appropriate funds for the extension of any sewer trench without first holding an advisory election, and

WHEREAS, on November 4, 1997, the voters enacted the Modesto Citizens' Advisory Growth Management Act of 1995 (Measure M) which provides that the City Council of the City of Modesto shall not approve, authorize, or appropriate funds for sewer improvements without first holding and advisory election, and

WHEREAS, in order to satisfy the requirements of Measure A and Measure M the City Council of the City of Modesto desires to submit to the qualified electors of the City of Modesto, at the regular municipal election to be held on November 4, 2003, an advisory measure relating to the provisions of sewer service to a certain area of the City.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. BALLOT MEASURE.

That pursuant to Section 9603 of the Elections Code, the Council of the City of Modesto proposes to, and hereby does, on its own motion, submit to the qualified electors of the City of Modesto at a regular election to be held on November 4, 2003, an advisory measure relating to the provision of sewer service to certain areas of the city as set forth below, and hereby designates the form of the ballot measure for use at said special election as follows:

MEASURE L

Shall the City Council provide sewer service to the following described areas of the Modesto Urban Area General Plan, provided the areas are first annexed to the City?

“Empire North Comprehensive Planning District, consisting of 141 gross acres”

The unincorporated area designated “Empire North Comprehensive Planning District” in the Modesto Urban Area General Plan. Generally located, the unincorporated area is, east of the Burlington Northern Santa Fe Railroad, north of Summit Way, west of Church Street and south of Dry Creek.

“Johansen Comprehensive Planning District, consisting of 501 gross acres”

The unincorporated area designated “Johansen Comprehensive Planning District” in the Modesto Urban Area General Plan. Generally located, the unincorporated area is, east of Claus Road, north of Yosemite, west of the Burlington Northern Santa Fe Railroad and south of Dry Creek.

SECTION 2. FORM OF BALLOT

On the ballots to be used at said election, in addition to any other matter required by law to be printed thereon, shall be printed the following question relating to the proposal to extend sanitary sewer service:

MEASURE L City of Modesto Sewer Service Extension Advisory Measure.

Shall the City Council provide sewer service to the following described areas of the Modesto Urban Area General Plan provided the areas are first annexed to the City? Yes No

Empire North Comprehensive Planning District, 141 gross acres

The unincorporated area designated “Empire North Comprehensive Planning District” in the Modesto Urban Area General Plan. Generally located, the unincorporated area is, east of the Burlington Northern Santa Fe Railroad, north of Summit Way, west of Church Street and south of Dry Creek.

“Johansen Comprehensive Planning District, consisting of 501 gross acres”

The unincorporated area designated “Johansen Comprehensive Planning District” in the Modesto Urban Area General Plan. Generally located, the unincorporated area is, east of Claus Road, north of Yosemite, west of the Burlington Northern Santa Fe Railroad and south of Dry Creek.

SECTION 3. CONDUCT OF ELECTION.

The advisory election hereby called shall be held and conducted, and the votes thereat canvassed and the returns thereof made, and the results thereof ascertained and determined as herein provided, and in all particulars not prescribed in this resolution, the advisory election shall be held as provided for in the City Charter, and in all particulars not provided for therein, the advisory election shall be held as provided by law for the holding of advisory elections and regular municipal elections in the City of Modesto and otherwise in accordance with the Elections Code of the State of California.

SECTION 4. CITY CLERK CERTIFICATION.

That the City Clerk is hereby directed to file a certified copy of this resolution with the Board of Supervisors and the County Elections Department of the County of

Stanislaus, and the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

RESOLUTION NO. 2003-353**

A RESOLUTION DIRECTING THE CITY CLERK TO SUBMIT TO THE VOTERS AT THE NEXT REGULAR MUNICIPAL ELECTION AN ADVISORY MEASURE RELATING TO THE EXTENSION OF SEWER SERVICE TO AN 80 ACRE PORTION OF THE UNINCORPORATED AREA DESIGNATED "KIERNAN-CARVER COMPREHENSIVE PLANNING DISTRICT" DESIGNATED "VILLAGE RESIDENTIAL" BY THE MODESTO URBAN AREA GENERAL PLAN, GENERALLY LOCATED SOUTH OF BANGS AVENUE, NORTH OF PELANDALE AVENUE, EAST OF CARVER ROAD AND WEST OF TULLY ROAD.

WHEREAS, on March 6, 1979, the voters enacted the Modesto Citizens' Advisory Growth Management Act (Measure A) which provides that the City Council of the City of Modesto shall not approve, authorize, or appropriate funds for the extension of any sewer trench without first holding an advisory election, and

WHEREAS, on November 4, 1997, the voters enacted the Modesto Citizens' Advisory Growth Management Act of 1995 (Measure M) which provides that the City Council of the City of Modesto shall not approve, authorize, or appropriate funds for sewer improvements without first holding and advisory election, and

WHEREAS, in order to satisfy the requirements of Measure A and Measure M the City Council of the City of Modesto desires to submit to the qualified electors of the City of Modesto, at the regular municipal election to be held on November 4, 2003, an advisory measure relating to the provisions of sewer service to a certain area of the city.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. BALLOT MEASURE.

That pursuant to Section 9603 of the Elections Code, the Council of the City of Modesto proposes to, and hereby does, on its own motion, submit to the qualified electors of the City of Modesto at a regular election to be held on November 4, 2003, an advisory measure relating to the provision of sewer service to certain areas of the city as set forth below, and hereby designates the form of the ballot measure for use at said special election as follows:

MEASURE M

Shall the City Council provide sewer service to the following described area of the Modesto Urban Area General Plan, provided the area is first annexed to the City?

“Kiernan-Carver Comprehensive Planning District, 80-acre portion located south of Bangs Avenue, north of Pelandale Ave, east of Carver Road, and west of Tully Road”

The 80-acre portion of the unincorporated area designated “Kiernan-Carver Comprehensive Planning District” by the Modesto Urban Area General Plan, located south of Bangs Avenue, north of Pelandale Avenue, east of Carver Road and west of Tully Road.

SECTION 2. FORM OF BALLOT

On the ballots to be used at said election, in addition to any other matter required by law to be printed thereon, shall be printed the following question relating to the proposal to extend sanitary sewer service:

MEASURE M City of Modesto Sewer Service Extension Advisory Measure.

Shall the City Council provide sewer service to the following described area of the Modesto Urban Area General Plan provided the area is first annexed to the City? Yes
No

“Kiernan-Carver Comprehensive Planning District, 80-acre portion located south of Bangs Avenue, north of Pelandale Ave, east of Carver Road, and west of Tully Road”

The 80-acre portion of the unincorporated area designated “Kiernan-Carver Comprehensive Planning District” by the Modesto Urban Area General Plan, located south of Bangs Avenue, north of Pelandale Avenue, east of Carver Road and west of Tully Road.

SECTION 3. CONDUCT OF ELECTION.

The advisory election hereby called shall be held and conducted, and the votes thereat canvassed and the returns thereof made, and the results thereof ascertained and determined as herein provided, and in all particulars not prescribed in this resolution, the advisory election shall be held as provided for in the City Charter, and in all particulars not provided for therein, the advisory election shall be held as provided by law for the holding of advisory elections and regular municipal elections in the City of Modesto and otherwise in accordance with the Elections Code of the State of California.

SECTION 4. CITY CLERK CERTIFICATION.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-355**

A RESOLUTION AUTHORIZING THE MEMBERS OF THE CITY COUNCIL, OR ANY OF THEM, TO FILE WRITTEN ARGUMENTS IN FAVOR OF OR IN OPPOSITION TO THE ADVISORY MEASURE RELATING TO THE EXTENSION OF SEWER SERVICE TO AN 80 ACRE PORTION OF THE UNINCORPORATED AREA DESIGNATED "KIERNAN-CARVER COMPREHENSIVE PLANNING DISTRICT" DESIGNATED "VILLAGE RESIDENTIAL" BY THE MODESTO URBAN AREA GENERAL PLAN, GENERALLY LOCATED SOUTH OF BANGS AVENUE, NORTH OF PELANDALE AVENUE, EAST OF CARVER ROAD AND WEST OF TULLY ROAD.

WHEREAS, the City Council has directed the City Clerk to submit to the voters at the next regular municipal election to be held on November 4, 2003, an advisory measure concerning an eighty (80) acre portion of the unincorporated area designated "Kiernan-Carver Comprehensive Planning District" in the Modesto Urban Area General Plan.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that pursuant to California Elections Code Section 9282 the members of the City Council, or any of them, are hereby authorized to file written arguments in favor of or in opposition to said measure and to change such arguments until and including the date and time after which no argument may be filed with the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-356**

A RESOLUTION DIRECTING THE CITY CLERK TO SUBMIT TO THE VOTERS AT THE NEXT REGULAR MUNICIPAL ELECTION AN ADVISORY MEASURE RELATING TO THE EXTENSION OF SEWER SERVICE TO THE UNINCORPORATED AREA REFERRED TO AS "ROBERTSON ROAD INFILL AREA", GENERALLY LOCATED SOUTH OF ROBERTSON ROAD, EAST OF CARPENTER ROAD, WEST OF HAYS STREET AND NORTH OF JOHN STREET CONTAINING 334 PARCELS ON 96.8 ACRES IN THE MODESTO URBAN AREA GENERAL PLAN, AND APPROVING AN AGREEMENT BETWEEN THE CITY OF MODESTO ("CITY") AND COUNTY OF STANISLAUS ("COUNTY") TO RESOLVE POTENTIAL FISCAL IMPACTS OF UPGRADING EXISTING DEFICIENT INFRASTRUCTURE WITHIN THE ROBERTSON ROAD INFILL AREA OF THE MODESTO URBAN AREA GENERAL PLAN, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT.

WHEREAS, on March 6, 1979, the voters enacted the Modesto Citizens' Advisory Growth Management Act (Measure A) which provides that the City Council of the City of Modesto shall not approve, authorize, or appropriate funds for the extension of any sewer trench without first holding an advisory election, and

WHEREAS, on November 4, 1997, the voters enacted the Modesto Citizens' Advisory Growth Management Act of 1995 (Measure M) which provides that the City Council of the City of Modesto shall not approve, authorize, or appropriate funds for sewer improvements without first holding and advisory election, and

WHEREAS, in order to satisfy the requirements of Measure A and Measure M the City Council of the City of Modesto desires to submit to the qualified electors of the City of Modesto, at the regular municipal election to be held on November 4, 2003, an advisory measure relating to the provisions of sewer service to a certain area of the city with the understanding that this action is not the first step leading to annexation, it is for

the sole purpose of making sewer service available to those areas and with the further understanding that no City funds will be expended to provide such sewer service.

WHEREAS, the Measure M Policy further provides that a Measure M vote for substantial infill areas will not be scheduled until the City and County have addressed and reached agreement to resolve the potential fiscal impacts of upgrading existing deficient infrastructure; and,

WHEREAS, the City and County shall resolve the potential impacts of upgrading existing infrastructure on the terms and conditions as set forth in the agreement, so that the City can schedule a Measure M vote for the Infill Area.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. BALLOT MEASURE.

Provided the County of Stanislaus approve the Public Improvement Agreement attached as "Exhibit A" on or before July 23, 2003, then pursuant to Section 9603 of the Elections Code, the Council of the City of Modesto proposes to, and hereby does, on its own motion, submit to the qualified electors of the City of Modesto at a regular election to be held on November 4, 2003, an advisory measure relating to the provision of sewer service to certain areas of the city as set forth below, and hereby designates the form of the ballot measure for use at said special election as follows:

MEASURE *

Shall the City Council provide sewer service to the following described area of the Modesto Urban Area General Plan?

"Robertson Road Infill Area"

The following unincorporated area generally located south of Robertson Road, east of Carpenter Road, west of Hays Street, and north of John Street containing 334 parcels on 96.8 acres.

SECTION 2. FORM OF BALLOT

On the ballots to be used at said election, in addition to any other matter required by law to be printed thereon, shall be printed the following question relating to the proposal to extend sanitary sewer service:

MEASURE * City of Modesto Sewer Service Extension Advisory Measure.

Shall the City Council provide sewer service to the following described area of the Modesto Urban Area General Plan provided the area is first annexed to the City?	Yes	<input type="checkbox"/>
	No	<input type="checkbox"/>

Robertson Road Infill Area

The unincorporated area generally located south of SR 99, east of Crows Landing Road, west of Main Street, and north of Hatch Road containing 334 parcels on 96.8 acres.

SECTION 3. CONDUCT OF ELECTION.

The advisory election hereby called shall be held and conducted, and the votes thereat canvassed and the returns thereof made, and the results thereof ascertained and determined as herein provided, and in all particulars not prescribed in this resolution, the advisory election shall be held as provided for in the City Charter, and in all particulars not provided for therein, the advisory election shall be held as provided by law for the holding of advisory elections and regular municipal elections in the City of Modesto and otherwise in accordance with the Elections Code of the State of California.

SECTION 4. CITY CLERK CERTIFICATION.

That the City Clerk is hereby directed to file a certified copy of this resolution with the Board of Supervisors and the County Elections Department of the County of Stanislaus, and the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

PUBLIC IMPROVEMENT AGREEMENT

This Agreement is made, entered into and effective the ____ day of July, 2003, by and between the CITY OF MODESTO, a municipal corporation ("CITY") and the COUNTY OF STANISLAUS, a political subdivision of the State of California ("COUNTY"). This Agreement is made with reference to the following:

WHEREAS, CITY owns, operates and maintains a sewer district which is designed and intended to serve residents and business located within the City of Modesto ("Sewer District"); and,

WHEREAS, there exists an substantial unincorporated County island within the CITY's limits which is commonly known as the Robertson Road Neighborhood, more particularly described in Exhibit A hereto and incorporated herein by reference ("Infill Area"); and,

WHEREAS, COUNTY has requested that CITY's Sewer District provide sewer service to the Infill Area; and,

WHEREAS, the Modesto Citizens Advisory Growth Management Act, commonly known as "Measure A" and the Modesto Citizens Advisory Growth Management Act of 1995 ("Measure M") provide that CITY's Council shall not approve, authorize, or appropriate funds for sewer improvements without first holding an advisory election as provided by California Elections Code section 9603; and,

WHEREAS, CITY's Policy to Implement Measure M ("Measure M Policy") recognizes that a successful Measure M vote may lead to public expectations that annexation will immediately follow with corresponding expectations that existing deficient infrastructure will be upgraded to meet current CITY standards; and,

WHEREAS, in recognition of these expectations, the Measure M Policy further provides

that a Measure M vote for substantial infill areas will not be scheduled until the CITY and COUNTY have addressed and reached agreement to resolve the potential fiscal impacts of upgrading existing deficient infrastructure; and,

WHEREAS, CITY and COUNTY have resolved the potential fiscal impacts of upgrading existing deficient infrastructure on the terms and conditions as set forth in this Agreement so that CITY can schedule a Measure M vote for the Infill Area.

NOW THEREFORE, in consideration of the mutual covenants, promises and agreements herein contained, the parties hereto mutually agree as follows:

1. CONSTRUCTION OF PUBLIC IMPROVEMENTS

Prior to connection of any sewer lines to CITY's Sewer District, or provision of any sewer service from CITY's Sewer District to any lot within the Infill Area, COUNTY shall improve all existing public improvements, or construct new public improvements, to fully comply with all requirements of the Modesto Municipal Code and all current CITY standards. The public improvements to be upgraded or newly constructed shall include but not be limited to streets, street lighting, storm drainage, sewer, sidewalks, curbs and gutters. The design and construction of all such public improvements, including all labor, materials and supplies used upon, for or about the performance of said work, shall be at COUNTY's sole cost.

2. CONSTRUCTION OF PUBLIC SEWER IMPROVEMENTS

Prior to connection of any sewer lines to CITY's Sewer District, or provision of any sewer service from CITY's Sewer District to any lot within the Infill Area, COUNTY shall construct all sewer subtrunks, laterals and other piping facilities which would be necessary to extend sewer service from CITY's Sewer District to the Infill Area, if and when the CITY is able to do so, and shall enter into an agreement with the CITY regarding maintenance of said sewer

pipelines. COUNTY shall design and construct all such sewer improvements to fully comply with all requirements of the Modesto Municipal Code and all current CITY standards. The design and construction of all sewer improvements, including all labor, materials and supplies used upon, for or about the performance of said work, shall be at COUNTY's sole cost.

3. COMPLETION OF PUBLIC IMPROVEMENTS.

COUNTY agrees to take all actions as may be necessary to ensure that the upgrades to and construction of Public Improvements as provided in this Agreement are complete and, where appropriate, dedicated to and accepted by CITY prior to connection of sewer from CITY's Sewer District to Infill Area, or to provision of sewer service to any lot within the Infill Area. In the event that COUNTY shall fail to complete such work within said time, the CITY may, at its sole option, complete the same, and recover the full cost and expense thereof from the COUNTY.

5. INDEMNIFICATION.

COUNTY shall hold CITY harmless from, and save, defend and indemnify it against any and all claims, losses, liabilities and damages from every cause including, but not limited to, injury to person or to property or wrongful death, with the indemnity to include reasonable attorney's fees, and all costs and expenses, arising directly or indirectly out of any act or omission of COUNTY, whether or not the act or omission arises from the sole negligence or other liability of COUNTY, or its agents, officers, employees, or volunteers relating to or arising out of the construction, dedication and installation of the above listed Public Improvements. The provisions of this Paragraph 3 shall survive the expiration and termination of this Agreement. The CITY shall promptly notify the COUNTY of any claim, action, or proceedings and shall cooperate fully in the defense.

4. GENERAL PROVISIONS.

A. COUNTY shall not have the right to assign this Agreement or any rights hereunder without the prior written approval of CITY, and such consent to transfer any rights hereunder shall not be unreasonably withheld by CITY.

B. All covenants, stipulations and agreements in this Agreement shall bind the representatives, successors and assigns of the respective parties.

C. Where the terms of this Agreement require the exercise of discretion by the CITY or COUNTY, or their respective engineering staff, discretion shall not be exercised in an unreasonable, arbitrary or capricious manner. CITY's execution of this Agreement in no way limits the discretion of CITY in the permit and approval process in connection with construction of any of the above Public Improvements, including but not limited to the provision of sewer service by CITY's Sewer District.

D. The language of each and all paragraphs, terms and/or provisions of this Agreement shall, in all cases and for any and all purposes, and in any way and all circumstances whatsoever, be construed as a whole, according to its fair meaning, and not for or against any party hereto and with no regard whatsoever to the identity or status of any person or persons who drafted all or any portion of this Agreement.

E. There shall be no third party beneficiaries to this Agreement.

F. Any waiver by CITY of any obligation or condition in this Agreement must be in writing. No waiver will be implied from any delay or failure of CITY to take action on any breach or default of COUNTY or to pursue any remedy allowed under this Agreement or applicable law.

G. This Agreement and its exhibit contain the entire understanding between COUNTY and CITY with respect to the matters contained herein. All previous proposals, offers

and communications relative to this Agreement, whether oral or written, are hereby superseded except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by all the parties.

H. If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.

I. COUNTY shall fully comply with all applicable federal, state, and local laws, ordinances, regulations and permits related to the performance of their respective obligations under this Agreement, including the design, installation, and construction of the above Public Improvements.

IN WITNESS WHEREOF, CITY, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. 2003-____, adopted by the Council of the City of Modesto on the ____ day of July, 2003, and COUNTY has authorized the execution of this Agreement in duplicate by its Chief Executive Officer under authority of Resolution No. _____, adopted by the Board of Supervisors of Stanislaus County on the ____ day of July, 2003.

EXHIBIT "A"

"Robertson Road Infill Area"

The unincorporated area generally located south of Robertson Road, east of Carpenter Road, west of Hays Street, and north of John Street containing 334 parcels on 96.8 acres.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-357**

A RESOLUTION DIRECTING THE CITY CLERK TO TRANSMIT A COPY OF THE ADVISORY MEASURE CONSIDERING THE EXTENSION OF SEWER SERVICE TO THE UNINCORPORATED AREA REFERRED TO AS “ROBERTSON ROAD INFILL AREA”, GENERALLY LOCATED SOUTH OF ROBERTSON ROAD, EAST OF CARPENTER ROAD, WEST OF HAYS STREET AND NORTH OF JOHN STREET CONTAINING 334 PARCELS ON 96.8 ACRES IN THE MODESTO URBAN AREA GENERAL PLAN TO THE CITY ATTORNEY FOR THE PURPOSE OF PREPARING AN IMPARTIAL ANALYSIS OF SAID MEASURE

WHEREAS, the Modesto City Council has directed the City Clerk to submit to the voters at the next regular municipal election to be held on November 4, 2003, an advisory measure concerning the unincorporated area referred to as “Robertson Road Infill Area”, the unincorporated area generally located south of Robertson Road, east of Carpenter Road, west of Hays Street and north of John Street containing 334 parcels on 96.8 acres, in the Modesto Urban Area General Plan to the City Attorney for the purpose of preparing an impartial analysis of said measure.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Clerk is hereby directed pursuant to California Elections Code Section 9280 to transmit a copy of said measure to the City Attorney, who is hereby directed to prepare an Impartial Analysis of the measure showing the effect of the measure on existing law on the operation of the measure.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of July, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-362**

A RESOLUTION AMENDING THE FISCAL YEAR 2003-04 OPERATING BUDGET TO APPROPRIATE \$24,000 FROM THE GENERAL FUND RESERVE, 0100-800-8000-8003 TO THE PARKS SERVICES MAINTENANCE, 0100-480-4522-0235.

WHEREAS, for several years, staff has been meeting with citizens to discuss recommendations regarding the consumption of alcohol in the City's parks, and

WHEREAS, the Community Qualities Forum also addressed the issue of alcohol in parks, and passed a motion on February 13, 2002, recommending that the city pass an ordinance prohibiting the consumption of alcohol in all neighborhood parks, and

WHEREAS, an ordinance was introduced at the July 1, 2003, City Council meeting amending sections 12-4.201 and 12-4.202 of Article 2 of Chapter 4 of Title 12 of the Modesto Municipal Code relating to use of park and recreation areas and facilities, and

WHEREAS, in order to enforce the ordinance, signage must be strategically placed at the identified miscellaneous/neighborhood parks at a cost of \$24,000, and

WHEREAS, the Safety and Communities Committee met on March 3, 2003, and supported recommendation of the proposed amendments to sections 12-4.201 and 12-4.202 of Article 2 of Chapter 4 of Title 12 of the Modesto Municipal Code relating to use of park and recreation areas and facilities,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby amends the Fiscal Year 2003-04 operating budget to appropriate \$24,000 from the General Fund Reserve, 0100-800-8000-8003 to Parks Service and Maintenance, 0100-480-4522-0235.

**A RESOLUTION APPROVING RENEWAL OF EXCESS WORKERS'
COMPENSATION INSURANCE**

WHEREAS, the City of Modesto has participated in the workers' compensation excess insurance pool, California Public Employers Insurance Authority (CPEIA), since July 1, 2002, and

WHEREAS, renewal of City's excess workers' compensation insurance is due on July 1, 2003, and

WHEREAS, staff has received an initial quote that provides for a rate increase due to the pool's loss experience and the City of Modesto's loss experience in particular, and

WHEREAS, our Broker of Record, Driver Alliant, was unable to obtain a better price in the commercial insurance market, and

WHEREAS, due to time constraints in the renewal process, staff will receive an optional quote for \$750,000 self-insured retention (SIR) by June 30, 2003, and

WHEREAS, based upon policy direction received from Council, staff will bind Insurance coverage through the City's broker at \$1 million SIR or \$750,000 SIR, if financially advantageous.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Acting Risk Manager is hereby authorized to bind excess workers' compensation insurance coverage as presented by the City's Broker of Record and the City Manager is authorized to execute the renewal agreement.

WHEREAS, the City of Modesto and the County of Stanislaus are joint partners
in the Waste-to-Energy Facility, which is operated by Covanta Stanislaus, and

WHEREAS, tipping fees are established to pay debt service, operation and
maintenance costs and pass through costs, such as insurance, property taxes, and various
permits and fees that are incurred by Covanta Stanislaus, as provided for in a Service
Agreement, and

WHEREAS, tipping fees at the Waste-to-Energy Facility are set by joint action
of the Contracting Communities, which are the City of Modesto and Stanislaus County,
and

WHEREAS, the Contracting Communities approved a \$30.00 per ton tipping fee
at the Waste-to-Energy Facility which became effective January 1, 2002, and

WHEREAS, the Council of the City of Modesto must concur with any proposed
reduction in the tipping fees at the Facility, and

WHEREAS, the Solid Waste-to-Energy Executive Committee, at its June 12,
2003, meeting, discussed a \$2.00 per ton reduction in the tipping fees at the Facility and
recommends approval of said decrease in the tipping fees and City staff recommends,
upon concurrence by the County Board of Supervisors, that the tipping fees at the
Waste-to-Energy Facility be decreased from the present \$30.00 per ton to \$28.00 per
ton, effective August 1, 2003

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a decrease in the tipping fees at the Waste-to-Energy Facility from the present \$30.00 per ton to \$28.00 per ton, effective August 1, 2003.

BE IT FURTHER RESOLVED that Resolution No. 2001- 586 is hereby rescinded effective July 31, 2003.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-365**

A RESOLUTION APPROVING AN AMENDMENT TO THE AGREEMENT WITH OMNI MEANS, LTD., IN THE AMOUNT OF \$8,828 FOR ADDITIONAL WORK NOT INCLUDED IN THE ORIGINAL AGREEMENT TO PROVIDE ENGINEERING SERVICES RELATED TO THE STREET PROJECT DOCUMENTATION FOR THE CAPITAL FACILITIES FEE UPDATE AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AMENDMENT TO AGREEMENT

WHEREAS, on August 8, 2002, the City Council approved a professional services agreement with Omni Means, Ltd., to prepare documentation for street projects to be included in the Capital Facilities Fee program update, and

WHEREAS, following completion of their original tasks, Omni Means, Ltd. was asked to provide additional input and attend a number of meetings to aid in gaining final approval of the program update, and

WHEREAS, Omni Means, Ltd. has requested an additional fee of \$8,828 to cover the additional scope of work,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment to agreement with Omni Means, Ltd., in the amount of \$8,828 for additional services for the document preparation of the Capital Facilities Fee program update.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the amendment to agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-366**

A RESOLUTION APPROVING AMENDMENT NO. 16 TO THE AGREEMENT FOR KANSAS NEEDHAM OVERHEAD CONSTRUCTION SUPPORT SERVICES WITH PARSONS TRANSPORTATION GROUP IN THE AMOUNT OF \$51,381.00 AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AMENDMENT

WHEREAS, by Resolution No. 88-750, the original Agreement for Engineering Services with Parsons Transportation Group (formerly known as De Leuw, Cather & Company) for the Ninth Street Railroad Relocation Project was approved by Council on October 4, 1988, and

WHEREAS, the initial agreement and seven subsequent amendments were for studies and applications for grants, and

WHEREAS, Amendment Nos. 9, 10, 11, & 12 began the actual design and property research, and

WHEREAS, Amendment No. 12 funded the re-design efforts after Caltrans approved the Kansas Needham Highway 132 realignment project, and

WHEREAS, Amendment No. 13 funded the aesthetic treatments of the Kansas-Needham Overhead, intersection changes to College-Needham, and construction support services, and

WHEREAS, Amendment No. 14 funded an expanded scope of services to address additional design changes and project delays, and

WHEREAS, Amendment No. 15 funded construction support services for the Pacbell retaining wall, resolved submittal issues and errors, and

WHEREAS, Amendment No. 16 will continue to fund construction support services and thus complete the construction of the Kansas Needham Overhead,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that Amendment No. 16 to an agreement between the City of Modesto and the Parsons Transportation Group for continued engineering services for the 9th Street Railroad Relocation project (Kansas Needham Overhead) be, and it is hereby approved.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized to execute said amendment.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-367**

**A RESOLUTION APPROVING THE FINAL MAP OF THE VILLAGIO
SUBDIVISION OF THE CITY OF MODESTO AND AUTHORIZING THE CITY
MANAGER TO EXECUTE A SUBDIVISION AGREEMENT WITH K-D LAND
& CATTLE INVESTMENTS, LLC, A CALIFORNIA LIMITED LIABILITY
COMPANY**

WHEREAS, K-D LAND & CATTLE INVESTMENTS, LLC, a California Limited Liability Company, is possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 4.74 acres, known as the VILLAGIO SUBDIVISION (“SUBDIVISION”), in the Village One Specific Plan Area, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 17th day of June, 2002, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto has certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said final map be approved; that the dedications for streets, alleys and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Clerk be authorized to certify the map of said tract on behalf of the City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid, and after subdivider

has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager and the City Clerk be authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Modesto Municipal Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003- 368**

A RESOLUTION APPROVING A CHANGE TO THE PREVIOUSLY APPROVED INSTITUTIONAL NETWORK CONSTRUCTION AND MAINTENANCE AGREEMENT BETWEEN THE CITY OF MODESTO AND COMCAST OF CALIFORNIA XII, INC., REMOVING THE PROVISION IN SECTION 3 FOR THE BUY-OUT OF THE I-NET IN THE EVENT THAT THERE IS NO LONGER A CABLE FRANCHISE IN THE CITY AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT.

WHEREAS, on April 1st 2003, Council approved an agreement with Comcast of California XII, Inc relating to the installation of a fiber and conduit network (I-NET) for the City and other public agency use, and

WHEREAS, staff agreed to return to Council for further approval if there were any material changes to the contract, and

WHEREAS, since that time, Comcast and the City have been unable to reach a resolution on the issue of ownership of the I-NET at the termination of the Franchise Renewal Agreement, and

WHEREAS, the City proposed that in the event of termination the I-NET would transfer to the City and the other agencies at its fully depreciated value, and

WHEREAS, Comcast suggests that the transfer price should be based on the fair market value of the I-NET, and

WHEREAS, to facilitate the completion of the agreement, Comcast Government Affairs representative and the City's special counsel suggested the contract remain silent on the issue of the I-NET ownership in the event of termination of the Franchise Renewal Agreement and City staff concurs.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves a change to the previously approved Institutional Network Construction and Maintenance Agreement between the City of Modesto and Comcast of California X11, Inc

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager or his designee to execute said agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-369**

**A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN FOR
THE CITY OF MODESTO.**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. CLASSIFICATION CREATED. The Position Classification Plan of the City of Modesto is hereby amended to create the following classifications:

1. Environmental Compliance Inspector I
2. Environmental Compliance Inspector II
3. Senior Environmental Compliance Inspector
4. Regulatory Compliance Supervisor
5. Laboratory & Environmental Monitoring Supervisor

The classifications were created as a result of an audit completed for The Environmental Services Unit of the Operations and Maintenance Department and as a result of negotiations with the Modesto City Employees' Association.

The specifications for the classifications of Environmental Compliance Inspector I, Environmental Compliance Inspector II as shown on the attached Exhibit "A", Senior Environmental Compliance Inspector as shown on the attached Exhibit "A-1", Regulatory Compliance Supervisor as shown on the attached Exhibit "A-2", and Laboratory & Environmental Monitoring Supervisor as shown on the attached Exhibit "A-3", which are hereby made a part of this resolution by reference, are hereby approved and made a part of the Position Classification Plan of the City of the City of Modesto.

SECTION 2. CLASSIFICATION DELETED. The Position Classification Plan of the City of Modesto is hereby amended to delete the following classifications:

Industrial Waste Inspector I
Industrial Waste Inspector II
Hazardous Materials Program Coordinator
Industrial Waste Supervisor

Said classifications are being deleted as a result of the creation of the new classifications which are set forth in SECTION 1 of this Resolution.

SECTION 3. EFFECTIVE DATE. This resolution shall become effective on and after July 8, 2003.

The forgoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT "A"

CITY OF MODESTO
No. 3261
No. 3262

JULY 2003

ENVIRONMENTAL COMPLIANCE INSPECTOR I/II

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

Under supervision, to investigate and enforce state, Federal, and local standards for pretreatment and discharges into city wastewater collection systems; to investigate and enforce local, state, and federal regulations for storm water; to perform inspections of businesses and systems, obtaining samples and ensuring compliance with discharge permits and requirements; to conduct on-going monitoring, compliance, data collection, analysis and reporting.

DISTINGUISHING CHARACTERISTICS

The Inspector I is the entry and first working level in the Environmental Compliance Inspector class series. Incumbents in this class learn to conduct basic inspections, investigations, and perform on-going monitoring and enforcement activities covering wastewater collection systems, storm water quality, pretreatment requirements, and environmental compliance. Many assignments are performed in a training capacity. This level is distinguished from Environmental compliance Inspector II in that the Environmental Compliance Inspector II is the journey level with incumbents expected to perform the full range of assignments on a relatively independent basis.

These positions are normally flexibly staffed, meaning an incumbent may advance to the II level after a minimum of 18 months and demonstration of proficiency that meets the requirements of Environmental Compliance Inspector II.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from Environmental Compliance Supervisor.

Essential Functions, Continued:

Environmental Compliance Inspector II (In addition to the requirements of the Inspector I):

May participate in administrative appeal and show cause hearings and participate in the development of compliance schedules.

Analyzes treatment plant influent sample results to determine effectiveness and compliance with Pretreatment program objectives.

May be assigned to respond to illicit storm water discharges, determining the type of pollutants, assess clean-up procedures and make appropriate notifications.

MARGINAL FUNCTION STATEMENTS:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Wastewater treatment, collection systems, and environmental contamination of storm water.

Chemical, biological, physical, and environmental sciences.

State, Federal, and local laws, regulations, and ordinances related to environmental regulation of wastewater treatment, pretreatment, and storm water.

Operations and maintenance of equipment used monitoring and control of industrial discharge, wastewater, and storm water.

Inspection methods and sampling techniques and standards.

Computers and software used in environmental inspections and investigations.

In Addition, Knowledge Required for Environmental Compliance Inspector II:

Policies and procedures of the City's Environmental Compliance Program.

Principles and practices of environmental compliance, including inspection, review, and enforcement methods and practices.

Principles of consulting with businesses and the public to promote environmental compliance.

Functions and operations of State and Federal environmental health and regulatory agencies.

Principles of work scheduling, planning and training.

Ability to:

Perform environmental compliance investigations, inspections and enforcement.

Collect, analyze, and interpret environmental data, reaching valid conclusions.

Read and interpret blue prints and schematic drawings.

Read, interpret and apply policies and procedures regarding environmental inspections and compliance with pretreatment systems and less complex storm water regulations.

Prepare a variety of technical reports.

Perform research and analytical work.

Perform medium to heavy manual labor, including lifting and carrying 75 lbs. of weight.

Operate a variety of office and technical equipment and computers.

QUALIFICATIONS:

Ability to, Continued:

Effectively represent the Environmental Services Unit of the Department in interactions with the public and with private sector individuals, firms and agencies.

Establish and maintain cooperative working relationships.

In Addition, Ability Required for Environmental Compliance Inspector II:

Provide instruction, guidance, and consultation on environmental problems within the assigned area.

Experience and Training Guidelines:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Inspector I:

Three (3) years of experience as a Wastewater Treatment Plant Operator or one (1) year of experience in environmental compliance inspection or water quality laboratory work.

Inspector II:

Eighteen (18) months of experience performing a variety of environmental investigations and inspections equivalent to that of an Environmental Compliance Inspector I with the City of Modesto or twenty-four (24) months performing a variety of environmental investigations and inspections for another public agency.

Training, Both Levels:

Education equivalent to completion of a college degree in biology, chemistry, physics, environmental science or a closely related field.

License or Certificate

Possession of, or ability to obtain, an appropriate, valid California Driver's license.

Completion of Hazardous Materials First Responder Operational Training as prescribed by the State Office of Emergency Services within the first two (2) years of appointment.

For Inspector I:

Possession of a valid Grade I Environmental Compliance Inspector Certificate issued by the California Water Environmental Association within two (2) years of appointment.

For Inspector II:

Possession of a valid Grade II Environmental Compliance Inspector Certificate issued by the California Water Environmental Association within two and one-half (2 ½) years of appointment.

WORKING CONDITIONS

Environmental Conditions:

Work is usually performed in office, outdoor, and driving environments; some work is performed in varying temperatures and humidity; some exposure to high levels of noise; some exposure to dust; possible exposure to hazardous waste and materials; possible exposure to gases, fumes, and a variety of pollutants; contact with other staff and the public.

Physical Conditions:

Sit for extended periods; frequently stand and walk; crawl through various areas on hands and knees; stand walk or crouch on narrow and slippery surfaces; climb ladders, stairs, and scaffolding; ability to lift and move objects weighing up to 75 lbs.; use of combustible gas meter, chlorine and PH instruments; and other applicable environmental monitoring and sampling devices.

No. 3263

JULY 2003

SENIOR ENVIRONMENTAL COMPLIANCE INSPECTOR

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

Under supervision, to investigate and enforce state, Federal, and local regulations for storm water; to perform inspections of businesses and systems, obtaining samples and ensuring compliance with discharge permits and requirements; to conduct on-going monitoring, compliance, data collection, analysis and reporting.

DISTINGUISHING CHARACTERISTICS

The Senior inspector is the advanced level in the Environmental Compliance Inspector class series. This level is distinguished from the Environmental Compliance Inspector II in that the Senior Environmental Compliance Inspector is the senior level with incumbents expected to perform and make decisions within the full range of assignments on an independent basis and to take the lead in training new staff.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from the Environmental Compliance Supervisor.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

Assist the Section Supervisor in the development and revision of City Ordinances and Enforcement Response Plans related to environmental compliance.

Provide or coordinate staff training; work with employees to correct deficiencies through coaching.

Collect data for and prepare reports.

Essential Functions, Continued:

Manage and manipulate data base information.

Conduct or direct regular inspections of industrial, commercial, and multifamily residential facilities and construction sites that are regulated by the City's storm water program.

Monitor and enforce storm water programs, ensuring compliance with Federal, state, and local regulations.

Assess Notices of Intent (NOI) and Storm Water Pollution Prevention Plans for compliance with Federal, state and local regulations.

Identify, inspect and evaluate new industries and businesses for suitability of enrollment in the Storm Water Program.

Meet with representatives of businesses, industries and public agencies to review blueprints/plans to confirm proper configuration of facilities.

Determine the presence of appropriate Best Management Practices (BMP) for storm water construction activities, source and treatment controls.

Ensure that equipment and control measures meet statutory requirements.

Assist the Section Supervisor in the preparation of Administrative Orders and Notice and Orders to be issued by the City.

Participate in administrative appeal and show cause hearings.

Review and make recommendations regarding California Environmental Quality Act (CEQA), Environmental Impact Reports (EIR's), and associated documents, tentative maps, improvement plans, blueprints, and design plans to ensure adherence to Federal, state and local storm water regulations and standards applicable to construction activities, new and redevelopment projects.

Analyze storm water run-off sample data results to determine effectiveness and compliance with storm water program objectives.

Respond to, or direct the response to illicit discharges and potential illicit discharges to the storm drain system, assist in determining the type of pollutants,

Essential Functions, Continued:

Assess clean-up procedures, make appropriate recommendations for clean up, ensure clean-up is adequate and make appropriate notifications.

Perform and/or direct annual and/or seasonal storm water monitoring activities as assigned.

MARGINAL FUNCTION STATEMENTS:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Wastewater and storm water treatment, collection systems, and environmental contamination of storm water.

Chemical, biological, physical, and environmental sciences.

State, Federal, and local laws, regulations, and ordinances related to environmental regulation storm water.

Inspection methods, and sampling techniques and standards.

Computers and software used in environmental inspections and investigations.

Policies and procedures of the City's Environmental Compliance Program.

Principles and practices of environmental compliance, including inspection, review, and enforcement methods and practices.

Principles of consulting with businesses and the public to promote environmental compliance.

Principles of work scheduling, planning and training.

QUALIFICATIONS:

Ability to, Continued:

Perform, direct, and train others on environmental compliance investigations, inspections and enforcement.

Collect, analyze, and interpret environmental data, reaching valid conclusions.

Read and interpret blue prints and schematic drawings.

Read, interpret and apply policies and procedures regarding environmental inspections and compliance with storm water regulations.

Prepare and analyze a variety of technical reports.

Perform research and analytical work.

Perform medium to heavy manual labor, including lifting and carrying 75 pounds of weight.

Operate a variety of office and technical equipment and computers.

Effectively represent the Environmental Services Unit of the Department in interactions with the public and with private sector individuals, firms and agencies.

Establish and maintain cooperative working relationships.

Lead by example and train assigned staff

Communicate clearly and concisely, both orally and in writing.

Provide instruction, guidance, and consultation on environmental problems within the assigned area.

Experience and Training Guidelines:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Eighteen (18) months of experience performing a variety of environmental investigations and inspections equivalent to that of an Environmental Compliance Inspector II with the City of Modesto or twenty-four (24) months performing a variety of journey or senior level environmental investigations and inspections for another public agency.

Training:

Education equivalent to completion of a college degree in biology, chemistry, physics, environmental science or a closely related field.

License or Certificate

Possession of, or ability to obtain, an appropriate, valid California Driver's license.

Completion of Hazardous Materials First Responder Operational Training and Advanced Environmental Crimes Investigations Training, as prescribed by the State Office of Emergency Services, within the first two (2) years of appointment.

Possession of a valid Grade II Environmental Compliance Inspector Certificate issued by the California Water Environmental Association.

WORKING CONDITIONS

Environmental Conditions:

Work is usually performed in office, outdoor, and driving environments; some work is performed in varying temperatures and

Environmental Conditions, Continued:

humidity; some exposure to high levels of noise; some exposure to dust; possible exposure to hazardous waste and materials; possible exposure to gases, fumes, and a variety of pollutants; contact with other staff and the public.

Physical Conditions:

REGULATORY COMPLIANCE SUPERVISOR

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

Supervise, plan, direct, and coordinate the City's Regulatory Compliance Program; to maintain the consistency of the City's Pretreatment and Stormwater Programs with State and Federal mandates; to direct the implementation of local pretreatment inspections; to direct the enforcement of state, Federal and local regulations regarding pretreatment and discharges into the City's wastewater collection system; to monitor and direct compliance with discharge permits; to coordinate the development and maintenance of a data base regarding pretreatment functions, inspections, and enforcement; and to do related work as required.

DISTINGUISHING CHARACTERISTICS

This is a single-position, first level supervisor for the Regulatory Compliance functions. The incumbent is responsible for supervising three major programs consisting of pretreatment, industrial, and public education and directing the work of assigned staff, ensuring that programs are fully implemented and meet required standards and mandates. In addition, the incumbent has a major role in the development of local ordinances and enforcement of environmental regulations.

SUPERVISION RECEIVED AND EXERCISED

Receives direction from the Deputy Director of Operations and Maintenance. Exercises direct and indirect supervision over technical and clerical support staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

Direct Pretreatment, Industrial, Plan Check, and Public Education Programs.

Develop, implement, and modify pretreatment inspection and enforcement programs that promote a safer environment, protect collection systems,

ESSENTIAL FUNCTION STATEMENTS, Continued:

groundwater, and receiving water in compliance with state, Federal, and local laws, regulations, and ordinances.

Supervise, evaluate and coach assigned staff including maintaining discipline and ensuring all rules, policies and procedures are enforced; advise and counsel subordinates; follow up on problems and complaints; participate in selection of staff.

Develop and manage program budgets, projecting future goals and projects based on program elements, ensuring proper spending and funding.

Meet with regional, State, and Federal regulators and other interested parties in developing and negotiating environmental permits for the City involving wastewater and storm water.

Oversee development and submission of required reports for State and Federal regulatory agencies associated with programs including the annual pretreatment and storm water reports.

Supervise and coordinate enforcement actions to ensure proper and consistent notices of violation, compliance schedules, citations, and notices of orders.

Monitor and coordinate contractual service activities related to effluent discharges, storm water programs and pretreatment activities.

Meet with City Council and Committees, City staff, industry managers, and community groups to discuss current pretreatment needs, environmental issues, future rates for services and pending regulations.

Oversee the development and maintenance of a pretreatment program database.

MARGINAL FUNCTION STATEMENTS:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Program planning and development methods and techniques.

Principles of budget development and fiscal monitoring.

Policies and procedures of the City's Environmental Compliance Program.

State and Federal laws, rules, regulations, requirements and procedures governing pretreatment, and storm water inspection and enforcement, including local ordinances, and related State and Federal regulations.

Chemical, biological, physical, and environmental sciences.

Principles and practices of environmental compliance, including inspection, review, and enforcement methods and practices.

Principles of consulting with businesses and the public to promote environmental compliance.

Functions and operations of State and Federal environmental health and regulatory agencies.

Sampling techniques and standards.

Computers and software used in environmental inspections, data tracking, and investigations.

Principles of personnel administration including staff supervision, training and performance evaluation.

Ability to:

Plan, develop, organize, implement, and direct regulatory compliance programs and staff to ensure compliance with State and Federal programs.

Supervise and train staff to perform a variety of environmental regulatory compliance, investigations, inspections, and enforcement activities.

QUALIFICATIONS:

Ability to, Continued:

Supervise the development and implementation of training programs and public information efforts related to regulatory compliance.

Analyze and interpret environmental data, reaching valid conclusions.

Prepare a variety of technical reports, which include use of word processing and spreadsheet software.

Develop, interpret and apply policies, regulations, and procedures regarding environmental inspections and compliance for pretreatment systems and storm water.

Develop budget and conduct fiscal monitoring activities.

Prepare or oversee the preparation of a variety of technical program reports.

Operate a variety of office and technical equipment and computers in the performance of environmental compliance inspections and investigations.

Effectively represent the Environmental Services Section of the Water Quality Control Division in contacts with the public, businesses, engineers, architects, and other City staff.

Establish and maintain cooperative working relationships.

Experience and Training Guidelines:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Three (3) years of experience performing a variety of environmental investigations and inspections in the analysis of water, wastewater or other environmental samples including at least one year of lead or supervisory experience.

Training:

Education equivalent to completion of college degree in biology, chemistry, physics, environmental science.

License or Certificate

Possession of, or ability to obtain, an appropriate, valid California Driver's license.

Possession of a valid Grade II Environmental Compliance Inspector Certificate issued by the California Water Environmental Association at time of final filing.

Completion of Hazardous Material Forty-Hour First Responder Training, as prescribed by the State Office of Emergency Services within two (2) years of appointment.

WORKING CONDITIONS

Environmental Conditions:

Work is usually performed in office environment; some work is performed in varying temperatures and humidity; some exposure to dust; possible exposure to hazardous waste and materials; possible exposure to gases, fumes, and a variety of pollutants; contact with other staff and the public.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for sitting for prolonged periods of time, and frequently standing and walking.

No. 3269

JULY 2003

LABORATORY & ENVIRONMENTAL MONITORING SUPERVISOR

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

Supervise, plan, direct, and coordinate the City's Laboratory and Environmental Monitoring Program; to maintain the consistency of the City's Laboratory with State and Federal mandates, approved standards and quality assurance and control; to maintain consistency of the City's Environmental Monitoring Programs with State and Federal mandates; to direct the implementation of required sampling and testing; to direct the activities related to state, Federal and local regulations regarding stormwater and pretreatment sampling and industrial discharges into the City's wastewater collection system; to direct the monitoring, sampling and record keeping associated with compliance with discharge permits; to coordinate the development and maintenance of a data base regarding Industrial, pretreatment, Water Quality processes, and Water Quality discharge samples and testing, to correspond and write required documents associated with NPDES discharges; and to do related work as required.

DISTINGUISHING CHARACTERISTICS

This is a single-position, first level supervisor for the Laboratory and Environmental Monitoring functions. The incumbent is responsible for supervising two major programs consisting of laboratory and environmental sampling and directing the work of assigned staff, ensuring that programs are fully implemented and meet required standards and mandates. In addition, the incumbent has a major role in the development of new markets for water quality and water laboratory services.

SUPERVISION RECEIVED AND EXERCISED

Receives direction from the Deputy Director of Operations and Maintenance.
Exercises direct and indirect supervision over technical and clerical support staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

Direct Industrial and Water Quality Control sampling and testing programs and Laboratory Staff in accordance with regulations, standards, and quality assurance requirements.

Coordinate the development of additional markets for existing laboratory services and recommend further testing apparatus be purchased based on cost effectiveness or the need to meet regulatory requirements.

Coordinate with the Water Operations Division and other existing clients to make sure client monitoring, sampling, testing, and reporting needs are being met.

Supervise, evaluate and coach assigned staff including maintaining discipline and ensuring all rules, policies and procedures are enforced; advise and counsel subordinates; follow up on problems and complaints; participate in selection of staff.

Develop programs for the implementation and enforcement of environmental monitoring, sampling, and testing programs to protect collection systems, groundwater, and receiving waters in compliance with state, Federal, and local laws, regulations, and ordinances.

Develop and manage program budgets, projecting future goals and projects based on program elements, ensuring proper spending and funding.

Oversee development and submission of required reports for State and Federal regulatory agencies associated with programs.

Monitor and coordinates contractual service activities related to effluent discharges, storm water, and pretreatment sampling activities.

Meet with industry managers to discuss current pretreatment sampling needs and pending regulations.

Oversee the development and maintenance of a laboratory, water quality control, and environmental monitoring database.

ESSENTIAL FUNCTIONS, Continued:

Meet with various City and community groups and committees to discuss Laboratory and environmental monitoring issues.

MARGINAL FUNCTION STATEMENTS:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Program planning and development methods and techniques.

Principles of budget development and fiscal monitoring.

Principles and practices of water/wastewater laboratory operations, maintenance, and services.

Approved related laboratory practices and procedures.

Pertinent State and Federal environmental health and water quality regulations.

Policies and procedures of the City's Environmental Compliance Program.

State and Federal laws, rules, regulations, requirements and procedures governing laboratory and pretreatment, and storm water sampling including applicable local ordinances, and related State and Federal regulations.

Chemical, biological, physical, and environmental sciences.

Principles and practices of environmental sampling and testing, methods and practices.

Functions and operations of State and Federal environmental health and regulatory agencies.

QUALIFICATIONS:

Knowledge of, Continued:

Sampling techniques and standards.

Computers and software used in laboratory testing and environmental sampling.

Principles of personnel administration including staff supervision, training, and performance evaluation.

Ability to:

Plan, develop, organize, implement, and direct laboratory and environmental monitoring programs and staff to ensure compliance with State and Federal programs.

Supervise and train staff to perform a variety of laboratory and environmental monitoring and associated activities.

Analyze, and interpret environmental data, reaching valid conclusions.

Prepare a variety of technical reports, which includes use of word processing and spreadsheet software.

Develop budget and conduct fiscal monitoring activities.

Prepare or oversee the preparation of a variety of technical program reports.

Operate a variety of office and technical equipment and computers in the performance of laboratory sampling and testing and environmental monitoring.

Effectively represent the Environmental Services Section of the Water Quality Control Division in contacts with the public, businesses, engineers, architects, and other City staff.

Establish and maintain cooperative working relationships.

Experience and Training Guidelines:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Three (3) years of experience performing chemical, biological, or microbiological analysis and/or a variety of laboratory work including environmental monitoring, sampling, and analysis of water, wastewater or other environmental samples, including at least one year of lead or supervisory experience

Training:

Education equivalent to completion of college degree in biology, chemistry, biochemistry, or closely related field.

License or Certificate

Possession of, or ability to obtain, an appropriate, valid California Driver's license.

Possession of a valid CWEA Grade II Laboratory Certificate within two and a half years (2.5 years) years of appointment. Possession of a CWEA Grade III Laboratory Certificate within four (4) years of appointment.

Completion of Hazardous Material Forty-Hour (40) First Responder Training, as prescribed by the State Office of Emergency Services within two (2) years of appointment.

WORKING CONDITIONS

Environmental Conditions:

Work is usually performed in office environment; some work is performed in varying temperatures and humidity; some exposure to dust; possible exposure to hazardous waste and materials; possible

Environmental Conditions, Continued:

exposure to gases, fumes, and a variety of pollutants; contact with other staff and the public.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for sitting for prolonged periods of time, and frequently standing and walking.

MODESTO CITY COUNCIL
RESOLUTION NO. 2003-370

A RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 2003-178, WHICH APPROVED THE MODESTO CONFIDENTIAL AND MANAGEMENT ASSOCIATION MEMORANDUM OF UNDERSTANDING (MCMA MOU), TO REVISE THE CLASS RANGE TABLE FOR REPRESENTED MANAGEMENT AND CONFIDENTIAL NON-SWORN CLASSES TO CREATE THE SALARY RANGES FOR THE CLASSIFICATIONS OF REGULATORY COMPLIANCE SUPERVISOR AND FOR LABORATORY AND ENVIRONMENTAL MONITORING SUPERVISOR

WHEREAS, the City Council desires to amend Resolution No. 2003-178 (MCMA MOU),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. AMENDMENT TO RESOLUTION NO. 2003-178. Exhibit "A" of Resolution No. 2003-178 entitled "City of Modesto Class Range Table Represented Management And Confidential Non-Sworn Classes Effective June 24, 2003," is hereby amended as shown on the amended Exhibit "A" entitled "City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes Effective July 8, 2003," which is attached hereto and made a part hereof as though set forth in full herein. Said amended Exhibit "A" creates the salary range for Regulatory Compliance Supervisor and Laboratory & Environmental Monitoring Supervisor at Range 434.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after July 8, 2003.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2002-372**

**A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN FOR
THE CITY OF MODESTO.**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. CLASSIFICATION CREATED. The Position Classification Plan of the City of Modesto is hereby amended to establish the following classifications:

Water Resource Specialist I

Water Resource Specialist II

As a result of changes in the State requirement to require employees involved in the operation and maintenance of the City's drinking water system to be certified, Water Resources Specialist I (Range 120) and Water Resources Specialist II (Range 124), assigned to the General Non Sworn Bargaining Unit, and shown on attached **Exhibit "A"**, which is hereby made a part of this resolution by reference, is hereby approved and made a part of the Position Classification Plan of the City of Modesto.

SECTION 2. CLASSIFICATION AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to revise the following classification:

Police Civilian Supervisor

This classification is being amended as a result of a title change from Police Support Services Supervisor to Police Civilian Supervisor. The specification for the classification of Police Civilian Supervisor, as shown as **Exhibit "B"**, which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 4. EFFECTIVE DATE. This resolution shall become effective on and after July 8, 2003.

The forgoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

WATER RESOURCE SPECIALIST I/II

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION:

To provide technical support, reporting and analysis for environmental compliance; to perform research, statistical and other analytical work; to serve as a liaison between the City and state/federal regulatory agencies in the areas pertaining to environmental compliance for water quality.

DISTINGUISHING CHARACTERISTICS

Water Resource Specialist I – This is the entry-level class in the Water Resource Specialist series. This class is distinguished from the Water Resource Specialist II by the performance of more routine tasks and duties assigned to the position. Since this class is typically used as a training class, employees may have limited or no directly related work experience.

Water Resource Specialist II – This is the full journey level class within the Water Resource Specialist series. This class is distinguished from the Water Resource Specialist I by the performance of the full range of duties as assigned. Employees at this level receive only occasional instruction or assistance as new or unusual situations arise and are fully aware of the operating procedures and policies of the work unit. Positions in this class are flexibly staffed and are normally filled by advancement from the I level class after a minimum of 18 months. If filled from the outside, prior work experience directly related to the area of assignment is required.

SUPERVISION RECEIVED AND EXERCISED

Water Resource Specialist I

Receives direction from and reports to management staff.

Water Resource Specialist II

Receives general direction from and reports to management staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

Preparation of regulatory reports, including drinking water assessments and testing waivers.

Serve as liaison to water quality testing laboratories; schedule water quality testing by site and prepare documentation related to testing, such as chain of custody.

Investigate, analyze, develop and prepare special studies or projects, as requested.

Answer questions and provide information/reports for release to the public, outside agencies and City staff, including preparation of the Consumer Confidence Report and other public notices and reports.

Assist with documentation and reporting related to legal actions.

Analyze reports and flag discrepancies and/or issues of concern.

Research and advise staff on equipment purchases, write specifications or justifications, and order materials or services.

Maintain databases pertinent to the management of water quality, disinfection, treatment, operations and distribution.

In Addition for the Specialist II:

Develop and analyze databases pertinent to the management of water quality, disinfection, treatment, operations and distribution.

Investigate water quality problems in the distribution system.

Monitor system flow and pressure in response to consumer demands.

Marginal Functions:

Perform related duties, as assigned.

QUALIFICATIONS

Knowledge of:

Modern office procedures, methods and computer equipment.

Technical and public report writing procedures.

Statistical methods and methods of graphic presentation.

Principles of chemistry, biology and related sciences as they pertain to Environmental compliance.

Computer applications including database, spreadsheet and word processing.

Knowledge of Water Resource Specialist II: (In addition to the qualifications for Specialist I)

Applicable Federal, State and local laws, codes and regulations.

Procedures and methods for environmental compliance monitoring.

Procedures and policies relating to the public bidding process.

Database management of water quality, disinfection, treatment, operations and distribution data.

Ability to:

Learn procedures and methods used in environmental compliance monitoring.

Learn applicable Federal, State and local laws, codes and regulations.

Analyze facts and make sound recommendations.

Use and operate a personal computer including applicable software.

Ability to (Continued):

Establish and maintain cooperative-working relationships with those contacted in the course of work.

Schedule and deliver water certification training.

Communicate clearly and concisely, both orally and in writing.

Ability to Water Resource Specialist II: (In addition to the qualifications for Specialist I)

Identify and respond to public issues and concerns.

Determine proper chemical dosage rates for wellhead disinfection.

Interpret and apply Federal, State and local policies, procedures, laws and regulations.

Plan, initiate and complete work assignments with a minimum of direction.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Water Resource Specialist I

Experience:

One year of increasingly responsible administrative, analytical and/or technical experience with a private or public agency, preferably in the area of environmental compliance, or a related field.

Training:

An Associate of Science Degree from an accredited college or a Certificate in Water Technology that includes 15 units of college coursework from an accredited college in physical, chemical, or biological science, or a related field.

License or Certificate:

Ability to obtain a minimum of a Grade I Water Distribution Certificate, as issued by the California Department of Health Services, within eighteen months of date of hire. Failure to obtain this certification will constitute grounds for dismissal from City service. Possession of a Grade I Water Treatment Certificate is desirable.

Possession of, or the ability to obtain, an appropriate California driver's license.

Water Resource Specialist II

Experience:

Two years of increasingly responsible administrative, analytical and/or technical experience with a private or public agency, preferably in the area of environmental compliance, or a related field.

-OR-

Eighteen (18) months as a Water Resource Specialist I with the City of Modesto.

Training:

An Associate of Science Degree from an accredited college or a Certificate in Water Technology that includes 15 units of college coursework from an accredited college in physical, chemical, or biological science, or a related field.

License or Certificate:

Possession of a minimum of a Grade I Water Treatment Certificate and a Grade II Water Distribution Certificate, as issued by the California Department of Health

License or Certificate (Continued):

Services. Possession of higher-level certification (Grades III – IV) is highly desirable.

Possession of, or the ability to obtain, an appropriate California driver's license.

WORKING CONDITIONS

Environment Conditions:

Office and field environment.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for sitting prolonged periods of time and for traveling from site to site.

POLICE CIVILIAN SUPERVISOR

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

Plan, organize and supervise the operations of a shift or unit or clerical staff serving in support functions, and to perform a variety of community relations, administrative and technical duties. Works a variety of shifts including days, evenings, weekends and holidays.

SUPERVISION RECEIVED AND EXERCISED

Receives direction from the Information Services Division Lieutenant or other management staff. Exercises direct and indirect supervision over subordinate, property, evidence and identification technicians, clerical staff and community services officers.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - Essential and other important responsibilities may include, but are not limited to, the following:

Essential Functions:

Supervise, evaluate and coach assigned staff including maintaining discipline and ensuring all rules, policies and procedures are enforced; advise and counsel subordinates; follow up on problems and complaints; participate in selection of staff.

Schedule personnel for shifts, including contacting off-duty employees to make necessary adjustments in shift schedules to fill vacancies, determining overtime needs and authorizing expenditure.

Supervise the training of employees in procedures, automated systems, and the use of equipment.

Recommend, coordinate and implement policy and procedures.

Participate in the development, supervision and maintenance of records and files necessary to the Police Records Section functions.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - (Continued)

Investigate internal or citizen problems and complaints and respond in a manner resulting in appropriate resolution, and write reports related to the internal investigation of complaints.

Manage, facilitate and mediate workplace conflict issues.

Review, implement and interpret operating procedures and make recommendations for revisions to procedure manuals and other training materials as necessary.

Maintain and coordinate updates of automated files for records management system.

Supervise the accountability of incoming fees.

Compile and edit various monthly and annual reports including statistical, internal and administration reports.

Work with other department personnel, city staff and the public in the areas of assigned functional responsibilities.

Monitor all statistical reporting to determine any discrepancies and correct them prior to public announcements or state reporting.

Act as Custodian of Records as assigned, including court appearances for both civil and criminal cases.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Principles of supervision, training and performance evaluation.

Computer systems, including CLETS and Police network.

Principles and practices of office management, record keeping and scheduling.

QUALIFICATIONS – (Continued)

Knowledge of:

Principles of police records management and maintenance.

Departmental rules and regulations and any governing MOU'S.

California Department of Justice policies, principles, codes, regulations and laws governing records management, and all federal requirements.

Criminal law with particular reference to the data needed for prosecution and recording of information, including rules of identification and evidentiary requirements, record keeping, computer entries and release of information.

A variety of additional codes, specifically Code of Civil Procedure, Government Code, Health and Safety Code, and Vehicle Code as they apply to duties within the division.

Ability to:

Supervise, train, plan, organize and review the work of assigned staff.

Exercise independent judgment and make sound decisions in emergency situations.

Communicate clearly and concisely, both orally and in writing.

Handle simultaneous events effectively.

Operate computer equipment and other office equipment quickly and accurately.

Maintain attention to detail despite frequent interruptions.

Work cooperatively with other departments, outside agencies and the public including the ability to resolve conflicts.

Compile and maintain complex and extensive records and prepare reports.

QUALIFICATIONS – (Continued)

Ability to:

Maintain physical condition appropriate to the performance of assigned duties and responsibilities.

Maintain effective audio-visual discrimination and perception needed for making observations, communicating with others, reading, writing and operating assigned equipment.

EXPERIENCE AND TRAINING GUIDELINES

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Four years of increasingly responsible experience in a law enforcement agency performing technical support duties, including one year of supervisory or lead responsibility.

Education:

Equivalent to an Associate of Arts Degree in Business Administration, Behavioral Science, Criminal Justice or a related field.

License or Certificate:

Successful completion of a POST certified Supervisory course within one year of appointment.

Successful completion of the POST Records management course within two years of appointment.

WORKING CONDITIONS:

Environmental Conditions:

Office environment; exposure to computer screens.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for sitting for prolonged periods of time.

Work Assignment:

Must be willing to work various shifts as assigned including weekends and holidays.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2002-373**

A RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 95-26 TO AMEND THE CLASS RANGE TABLE FOR GENERAL NON-SWORN CLASSES TO ESTABLISH THE SALARY RANGE FOR THE CLASSIFICATIONS OF WATER RESOURCE SPECIALIST I AND WATER RESOURCE SPECIALIST II EFFECTIVE JULY 8, 2003.

WHEREAS, the City Council desires to amend Exhibit "A" of Resolution No. 95-26,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. AMENDMENT TO RESOLUTION NO. 95-26. **MODESTO CITY COUNCIL
RESOLUTION NO. 2003-374**

A RESOLUTION PLACING A PROPOSED CHARTER AMENDMENT ON THE BALLOT FOR THE REGULAR MUNICIPAL ELECTION TO BE HELD ON TUESDAY, NOVEMBER 4, 2003, IN THE CITY OF MODESTO FOR THE PURPOSE OF SUBMITTING TO THE ELECTORS OF SAID CITY A PROPOSAL, BY MOTION OF THE COUNCIL, TO ADD SECTION 503 TO THE CHARTER RELATING TO LIMITATION OF TERMS OF OFFICE.

BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Pursuant to Article 11 of Section 3 of the California Constitution and Section 9255(a)(2) of the California Elections Code, and California Government Code Section 34458, the Council of the City of Modesto proposes to and does hereby, on its own motion, submit to the qualified electors of the City of Modesto, at the regular municipal election to be held on November 4, 2003, a proposal to add Section 503 to the Charter of the City of Modesto as set forth below, and hereby designates and refers to said proposal to be set forth in the form of a ballot measure as hereinafter prescribed for use at said regular municipal election:

PROPOSED AMENDMENT
TO THE
CHARTER OF THE CITY OF MODESTO

Regular Municipal Election

November 4, 2003

The Council of the City of Modesto hereby proposes, on its own motion, to add Section 503 to the Charter of the City of Modesto as follows:

MEASURE ____.

SECTION 503. LIMITATION OF TERMS OF OFFICE.

No person elected to the office of Councilmember or Mayor for two (2) consecutive terms shall again be eligible to hold that same office until one (1) full intervening term of four (4) years has elapsed. The offices of Mayor and Councilmember shall be considered separate offices for the purpose of applying this provision so that service of two (2) full terms in one (1) office shall not act as a bar to service of two (2) full terms in the other. If a person serves a partial term in excess of twenty-six (26) months, it shall be considered a full term for the purpose of this provision. This limitation applies prospectively to terms to which persons have been elected commencing with the 2003 general municipal election.

SECTION 2. That it hereby orders the City Clerk to submit the Charter amendment to the voters at a regular election on November 4, 2003.

SECTION 3. That the measure to appear on the ballot is as follows:

Measure ____ Shall the Modesto City Charter be amended to impose prospectively a two-term limit on the offices of Mayor and Councilmember?	Yes	
	No	

SECTION 4. That the County Election Department is authorized to canvass the returns of the Regular Municipal Election. The election shall be held in all respects as if there were only one election, and only one form of ballot shall be used.

SECTION 5. That the City Clerk shall certify to the passage and adoption of this resolution with the Board of Supervisors and the County Election Department of the County of Stanislaus.

SECTION 6. That the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Conrad, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

NOES: Councilmembers: Fisher

ABSENT: Councilmembers: None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-375**

**A RESOLUTION TRANSMITTING A COPY OF A BALLOT MEASURE
RELATING TO A CHARTER AMENDMENT IMPOSING A LIMITATION ON
TERMS OF OFFICE TO THE CITY ATTORNEY FOR IMPARTIAL
ANALYSIS.**

WHEREAS, Section 9280 of the State Elections Code provides that whenever any City measure qualifies for a place on the ballot, the governing body may direct the City Clerk to transmit a copy of the measure to the City Attorney for preparation of an impartial analysis, and

WHEREAS, a copy of the ballot measure relating to the proposed Charter amendment is included in Resolution No. 2003-374, a copy of which is attached,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Clerk is hereby directed to transmit a copy of the above-described measure to the City Attorney for preparation of an impartial analysis explaining the effect of the measure.

BE IT FURTHER RESOLVED that the City Clerk is hereby authorized to handle the printing and distribution of the impartial analysis.

BE IT FURTHER RESOLVED that the City Attorney is hereby authorized to prepare the impartial analysis of each of the above-described measures.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Conrad, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-376**

A RESOLUTION AUTHORIZING THE MEMBERS OF THE CITY COUNCIL, OR ANY OF THEM, TO FILE WRITTEN ARGUMENTS IN FAVOR OF OR IN OPPOSITION TO THE PROPOSED CHARTER AMENDMENT IMPOSING A LIMITATION ON TERMS OF OFFICE.

WHEREAS, the City Council has directed the City Clerk to submit to the voters at the next regular municipal election to be held on November 4, 2003, a proposal to add Section 503 to Charter of the City of Modesto imposing a limitation on terms of office,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that pursuant to California Elections Code Section 9282 the members of the City Council, or any of them, are hereby authorized to file written arguments in favor of or in opposition to said measure and to change such arguments until and including the date and time after which no argument may be filed with the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Conrad, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-377**

**A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED
DEVELOPMENT ZONE, P-D(561) (TUTINO)**

WHEREAS, a verified application for an amendment to Section 19-3-9 of the Zoning Map was filed by Mario Tutino on November 21, 2002, to reclassify Planned Development Zone, P-D(550) and a portion of Planned Development Zone P-D(416), to Planned Development Zone, P-D(561), to allow a three-story hotel, property located at the northwest corner of West Orangeburg and Martin Avenues, described as follows:

P-D(550) to P-D (561)

All that certain real property situated in the City of Modesto, County of Stanislaus, State of California, and being a portion of the Northwest Quarter of Section 19, Township 3 South, Range 9 East, Mount Diablo Base and Meridian, more particularly described as follows:

All of Lot A as shown on that certain map filed for record on February 17, 1988 of Orangeview Manor in Book 32 of Maps, Page 67; and all of Parcel 4 on that certain Parcel Map filed for record on June 30, 1987, in Book 39 of Parcel Maps, Page 67;

Also including all of Teresa Street and all Martin Avenue and the northerly half of West Orangeburg Avenue, all being immediately adjacent to the above described property.

Portion of P-D(416) to P-D (561)

All that certain real property situated in the City of Modesto, County of Stanislaus, State of California, and being a portion of the Northwest Quarter of Section 19, Township 3 South, Range 9 East, Mount Diablo Base and Meridian, more particularly described as follows:

All of Parcel 3 on that certain Parcel Map filed for record on June 30, 1987, in Book 39 of Parcel Maps, Page 67;

Also including the northerly half of West Orangeburg Avenue, all being immediately adjacent to the above described property.

WHEREAS, after a public hearing held on June 2, 2003, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2003-33, that rezoning of the property as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed hotel is consistent with the current General Plan land use designation for the site.
2. The hotel is compatible with the adjacent land uses along Orangeburg Avenue.

WHEREAS, said matter was set for a public hearing of the City Council to be held on July 8, 2003, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Mario Tutino for a Planned Development Zone should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2003-33 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3315-C.S. on the 8th of July, 2003, reclassifying the above-described property from Planned Development Zone P-D(550) and Planned Development Zone, P-D(416), to Planned Development Zone, P-D(561).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(561), is hereby approved subject to the following conditions:

1. All development shall conform to the plot plan and elevations titled "Extended Stay America" as amended in red, stamped approved by the City Council.
2. Prior to the issuance of a building permit, a landscaping and irrigation plan shall be approved by the Parks, Recreation and Neighborhoods Director.
3. Sequoia Sempervirens, "Soquel or "Aptos Blue," 24-inch-box size, at 12-foot on center spacing, shall be installed along the north and east property lines as indicated on the stamped approved plan and required by the Parks, Recreation and Neighborhoods Director. The Sequoia Sempervirens installed along the east property line shall be placed on the street-side of the wall required by Condition of Approval Number 5.
4. Prior to the issuance of Certificate of Occupancy, landscaping and the irrigation system shall be installed in accordance with the approved plan.
5. Fences or walls shall be constructed prior to occupancy and shall be as follows:
 - a. An eight-foot-high decorative masonry wall on the north property line, where the property is adjacent to residences.
 - b. A six-foot-high decorative masonry wall on the north property line with creeping vine on both sides, where the property is adjacent to Teresa Street.
 - c. A six-foot-high decorative masonry wall, five feet behind property line with landscaping as required by the Parks, Recreation and Neighborhoods Director and creeping vine on both sides, where the property is adjacent to Martin Avenue.
6. All landscaping, fences, and walls shall be maintained in accordance with the approved plan and the premises shall be kept free of weeds, trash, and other debris.
7. Prior to occupancy of any building, irrigation, electrical, gas and domestic water lines shall be removed, relocated, or protected as required by the Engineering and Transportation Director and/or the utility companies, and easements for utility lines to remain shall be dedicated.

8. All existing street and property monuments within or abutting this project site shall be preserved. If, during construction of on-site or off-site improvements, monuments are damaged or destroyed, the applicant/ developer shall retain a qualified licensed land surveyor or civil engineer to reset those monuments per City Standards and file the necessary information with the County Recorder's Office as required by AB1414.
9. Prior to issuance of a building permit, the developer shall show on the plans submitted to Building Inspection all fire hydrants as required by the Fire Chief. All hydrants required by the Fire Chief shall be installed and operable prior to construction of any structures.
10. Ten-foot-wide public utility easements, and planting easements located within the ten-foot-wide public utility easements, shall be dedicated along all street frontages as required by the Engineering and Transportation Director.
11. Prior to the issuance of a building permit, the developer shall submit a plan for approval by the Operations and Maintenance Director to provide on-site treatment of stormwater in accordance with the guidance manual for new development stormwater quality control measures. Storm drain improvements shall be constructed in accordance with the approved plans.
12. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.
13. The developer shall implement pre- and post-construction best management practices (BMPs) to minimize pollutants entering the storm system.
14. All signs shall comply with the sign requirements of the C-3 Zone.
15. Trash bins shall be kept in enclosures in accordance with the approved plan and in accordance with plans approved by the Operations and Maintenance Department Director. Enclosures shall be constructed of building materials consistent with those used in the major buildings as approved by the Community and Economic Development Department Director.

16. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction on the in this parcel map shall be based on the rates in effect at time of issuance of the building permit.
17. Prior to the issuance of a building permit, an additional five feet of right-of-way shall be dedicated along the Martin Avenue frontage of the property.
18. Street improvements consistent to Standard Specifications shall be provided prior to the occupancy of any structures or when requested by the Engineering and Transportation Director to alleviate a health, safety, or traffic problem in the area.
19. Prior to issuance of a building permit, improvement plans for required improvements shall be prepared by a Registered Civil Engineer and approved by the Engineering and Transportation Director. Improvements shall be constructed in accordance with the approved plans.
20. All outdoor lighting shall be shielded from adjacent residential properties as required by the Engineering and Transportation Director.
21. The developer shall, in a manner approved by the City Attorney, provide a vehicular accessway for on-site traffic circulation for the benefit of the property to the northwest, substantially as shown in red on the plot plan.
22. Prior to the issuance of a building permit, the applicant shall conduct a sewer capacity study of the line in west Orangeburg Avenue to determine its capacity to serve this project to the satisfaction of the Engineering and Transportation Director.

SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(561):

The entire construction program be accomplished in one phase, construction to begin on or before July 8, 2007, and completion to be not later than July 8, 2008.

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(561), becomes effective.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Frohman, Keating, O'Bryant, Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-378**

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): AMENDING SECTION 19-3-9 OF THE ZONING MAP TO REZONE PLANNED DEVELOPMENT ZONE, P-D(550) AND A PORTION OF PLANNED DEVELOPMENT ZONE P-D(416), TO PLANNED DEVELOPMENT ZONE, P-D(561), PROPERTY LOCATED ON THE NORTHWEST CORNER OF WEST ORANGEBURG AND MARTIN AVENUES (TUTINO).

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Mario Tutino has proposed that the zoning designation for property located on the northwest corner of West Orangeburg and Martin Avenues be amended to rezone Planned Development Zone, P-D(550) and a portion of Planned Development Zone P-D(416), to Planned Development Zone, P-D(561), in the City of Modesto, (“the project”) to allow for a three-story hotel, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City's Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2003-33 ("Initial Study") reviewed the proposed amendment to the Zoning Map and rezone to P-D(561) project to determine whether the project is within the scope of the project covered by the Modesto Urban Area General Plan Master EIR ("Master EIR"), and made the determination that the proposed project will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no new or additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines, the City caused public hearing notices of the City's intent to make a finding that the proposed project conforms with the Master EIR to be sent to affected by the rezone, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on July 8, 2003, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to the Zoning Map and rezone from to P-D(561) project, a copy of which is attached hereto as **Exhibit "A"**, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. That the proposed project is contemplated and described in the FMEIR Update (SCH No. 1999082041) as being within the scope of the FMEIR Update.

2. That the project will have no new significant effects on the environment not identified or examined in the FMEIR Update, and no new or additional mitigation measures are required.
3. That, as per Section 21157.1 of the Public Resources Code, no new environmental document or findings are required by the California Environmental Quality Act (CEQA).
4. That there are no specific features which are unique to the proposed project that require project specific mitigation measures. Accordingly, the certified mitigation measures identified in the FMEIR Update will be sufficient for this project.
5. That all feasible mitigation measures set forth in the FMEIR Update which are appropriate to the project shall be incorporated in the project.
6. That the Initial Study EA/C&ED 2003-33 provides substantial evidence to support findings 1 thru 5, above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Frohman, Keating, O'Bryant, Mayor Sabatino

EXHIBIT A
Initial Study
EA/C&ED 2003-33

City of Modesto
Initial Study

PD (Extended Stay America)
EA/C&ED 2003-33
April 17, 2003

I. PURPOSE

Section 21157.1 of the Public Resources Code, allows for limited environmental review of subsequent projects under a Master EIR, provided that certain findings are made. The Modesto Urban Area General Plan Master EIR (SCH No. 1999082041), adopted March 4, 2003, allows such limited review for projects in the Baseline Developed Area that are consistent with the General Plan and existing zoning.

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any significant effects on the environment that were not examined in the General Plan Master EIR. This Initial Study also provides documentation that the project is within the scope of the General Plan Master EIR.

II. PROJECT DESCRIPTION

- A. Project title:
PD (Extended Stay America)
- B. Lead agency name and address:
City of Modesto, PO Box 642, Modesto, CA 95353
- C. Contact person and phone number:
Josh Bridegroom, Community and Economic Development Department, (209) 571-5540
- D. Project Location:
Northwest corner of Orangeburg and Martin Avenues
- E. Project Sponsor:
Mario Tutino, 151 Kalmus Drive, Suite H-8, Costa Mesa California 92626
- F. General Plan Designation:
Mixed Use
- G. Current Zoning:
P-D (416) and P-D (550)
- H. Description of Proposed Project:
This is an application to rezone the southernmost section of P-D (416) and P-D (550) to planned development to allow for the development of a three story, 40,812 square feet, 104 room, Extended Stay America Hotel with 129 parking stalls. The site plan adheres to all City standards with regard to setbacks and parking provision. Each room is proposed to include a kitchenette.

- I. Surrounding land uses:
The project is surrounded by Residential to the north and east, Orangeburg Avenue to the South and West, and a hotel to the northwest.
- J. Other public agencies whose approval is required:
None

III. ANALYSIS OF CONFORMANCE WITH THE MASTER EIR

There are eighteen subject areas in the Master EIR for the General Plan. Following is an analysis of how this project conforms with the analysis contained within the Master EIR.

A. Traffic and Circulation

The General Plan designates the project site as mixed-use. The project is consistent with this designation in land use and intensity and will therefore not generate traffic greater than projected by the MEIR. Therefore, there would be no change needed in the Traffic and Circulation section of the EIR. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Traffic and Circulation Needs (pages V-1-1 through V-1-33) are still valid.

B. Degradation of Air Quality

The air quality impacts for this project are directly related to the traffic impacts. Since traffic impacts are no greater than those anticipated in the Master EIR, this development will not cause additional impacts to air quality beyond those described in the Degradation of Air Quality section of the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Degradation of Air Quality (pages V-2-1 through IV-2-26) are therefore still valid.

C. Generation of Noise

The General Plan MEIR assumed that there would be further mixed-use development and thus, noise generation within the Baseline Developed Area. Therefore, the Mitigation Measures listed in the MEIR for Generation of Noise (pages V-3-1 through V-3-22) are still valid.

D. Loss of Productive Agricultural Land

This area is located in an urbanized portion of Modesto, and there are no agricultural lands affected by this project. The Existing Conditions, Impacts Analysis, and Mitigation Measures listed in the MEIR for Loss of Productive Agricultural Land (pages V-4-1 through IV-4-12) are still valid.

E. Increased Demand for Water Supplies

The General Plan MEIR assumed that there would be further development and thus, increased demand for Water Supplies within the Baseline Developed Area. This project is consistent with the General Plan in both land use and intensity. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased

Demand for Water Supplies (pages V-5-1 through IV-5-13) are therefore still valid.

F. Increased Demand for Sanitary Sewer Services

The project is consistent with the General Plan Designation for the site in land use and intensity and will therefore not increase demand for sanitary sewer service beyond that projected by the MEIR. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased Demand for Sanitary Sewer Services (pages V-6-1 through V-6-12) are still valid.

G. Loss of Sensitive Wildlife and Plant Habitat

The project is located in a built-up urban area and is not located in a Potential Biological Resource Study Area, as presented in Figure V-7-1 of the MEIR. Therefore, the project will not impact sensitive wildlife or any plant habitat above and beyond that which was identified in the Loss of Sensitive Wildlife and Plant Habitat section of the MEIR. Therefore, the Existing Conditions, Impact Analysis, and the Mitigation Measures listed in this section of the MEIR (pages V-7-1 through V-7-29) are still valid.

H. Disturbance of Archaeological and Historic Sites

This project will not disturb any archaeological or historic sites that have been identified in the Disturbance of Archaeological or Historical Sites section of the 1995 MEIR, as sited in the 2003 MEIR. Figure 8-1 of the 1995 MEIR, as sited in the 2003 MEIR, indicates that this project is also outside the Archaeological Resource Study Area, which shows areas that may require additional site-specific investigations. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Disturbance of Archaeological or Historical Sites (pages V-8-1 through V-8-22) are still valid.

I. Increased Demand for Storm Drainage

The General Plan MEIR assumed that there would be further development and thus, increased demand for Storm Drainage within the Baseline Developed Area. This project is consistent in land use and intensity with the General Plan designation for the site, and the project complies with the adopted storm drainage policies from the various agencies listed in the MEIR. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased Demand for Storm Drainage (pages V-9-1 through V-9-13) are still valid.

J. Flooding and Water Quality

The General Plan designates the project site as mixed-use. The project is consistent with this designation in land use and intensity and will therefore not generate drainage, flooding or water quality problems greater than projected by the MEIR. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Drainage, Flooding, and Water Quality (pages V-10-1 through V-10-16) are still valid.

K. Increased Demand for Parks and Open Space

The General Plan MEIR assumed that there would be further development and thus, increased demand for Parks and Open Space within the Baseline Developed Area. This project is consistent with the General Plan in terms of land use and intensity. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Parks and Open Space (pages V-11-1 through V-11-14) are still valid.

L. Increased Demand for Schools

This project, being non-residential, would not generate any additional demand for schools. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Schools (pages V-12-1 through V-12-11) are still valid.

M. Increased Demand for Police Services

The General Plan MEIR assumed that there would be further development and thus, increased demand for police services within the Baseline Developed Area. The proposed project is consistent with the General Plan with regard to land use and intensity. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Police Services (pages V-13-1 through V-13-7) are still valid.

N. Increased Demand for Fire Services

The General Plan MEIR assumed that there would be further development and thus, increased demand for fire services within the Baseline Developed Area. The MEIR concludes that adopted policies in the City of Modesto and County of Stanislaus would reduce the impact of new projects on Fire Services to a less than significant level. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Fire Services (pages V-14-1 through V-14-9) are still valid.

O. Generation of Solid Waste

The General Plan MEIR assumed that there would be further development and thus, increased generation of solid waste within the Baseline Developed Area. This project is consistent in land use and intensity with the General Plan designation for the site. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Generation of Solid Waste (pages V-15-1 through V-15-10) are still valid.

P. Generation of Hazardous Materials

The General Plan MEIR assumed that there would be further development and thus, increased generation of hazardous materials within the Baseline Developed Area. This project is consistent in land use and intensity with the General Plan designation for the site. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Generation of Hazardous Materials (pages V-16-1 through V-16-15) are still valid.

Q. Landslides and Seismic Activity

This project will result in no additional potential for exposing people to landslides or earthquake related hazards such as liquefaction beyond those identified in the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Landslides and Seismic Activity(pages V-17-1 through V-17-12) are therefore still valid.

R. Energy

The MEIR concludes that adopted policies in the City of Modesto and County of Stanislaus would reduce the impact of new projects on Energy to a less than significant level. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Energy (pages V-18-1 through IV-18-7) are still valid.

IV. CONCLUSIONS/DETERMINATIONS OF FINDINGS

- A. The proposed project is within the scope of the General Plan Master EIR (SCH No. 1999082041).
- B. No additional significant environmental effects will occur as a result of the proposed project that were not previously examined in the General Plan Master EIR.
- C. No new mitigation measures or alternatives will be required as a result of the proposed project that were not previously considered in the General Plan Master EIR.
- D. There are not specific features unique to this project that require project specific mitigation measures. All certified mitigation measures identified in the MEIR will apply city wide, including this project as appropriate.
- E. This initial study provides substantial evidence to support findings A, B, C, and D above.

Assistant Planner

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-379**

**A RESOLUTION APPROVING THE 2002 ANNUAL GENERAL PLAN REPORT
AND AUTHORIZATION FOR STAFF TO SUBMIT THE ANNUAL REPORT TO
THE STATE OFFICE OF PLANNING AND RESEARCH AND THE STATE
HOUSING AND COMMUNITY DEVELOPMENT DEPARTMENT.**

WHEREAS, on August 15, 1995, by Resolution No. 95-408, the City Council certified the Final Master Environmental Impact Report (“EIR”) for the Urban Area General Plan (SCH #92052017), and

WHEREAS, a new General Plan for the City of Modesto entitled “City of Modesto Urban Area General Plan”, as recommended by the Modesto City Planning Commission, was adopted by the Council of the City of Modesto by Resolution No. 95-409 on August 15, 1995, and

WHEREAS, said General Plan has been amended by Modesto City Council Resolution Nos. 95-584, 96-20, 96-338, 96-639, 97-3, 97-137, 97-158, 98-293, 99-162, 99-564, 2000-303, 2000-633, 2001-47, 2001-476, 2002-154, 2002-526 and 2003-122, copies of which are on file in the office of the City Clerk, and

WHEREAS, Government Code Section 65400(b)(1) mandates that all planning agencies submit to their legislative bodies, the Office of Planning and Research, and the Department of Housing and Community Development an annual report on the status of the general plan and progress in its implementation, including the progress in meeting its share of regional housing needs and local effort to remove governmental constraints to the maintenance improvement and development of housing, and

WHEREAS, the Community & Economic Development Department has investigated and summarized all planning activity conducted in the year 2002 and prepared such a report, and

WHEREAS, on May 19, 2003, the Planning Commission held a duly noticed meeting in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, relating to this proposed 2002 Annual General Plan Report, and

WHEREAS, after said public hearing, the Modesto City Planning Commission adopted Resolution No. 2003-32, recommending to the City Council approve the 2002 Annual General Plan report and its submittal to the State Office of Planning and Research and the Department of Housing and Community Development, and

WHEREAS, said matter was set for a public hearing of the City Council to be held on June 24, 2003, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which date and time said duly noticed public hearing of the Council was held for the purpose of receiving public comment on the proposed 2002 Annual General Plan Report,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the 2002 Annual General Plan Report and authorizes staff to submit said report to the State Office of Planning and Research and the Department of Housing and Community Development as shown on Exhibit "A" attached hereto and incorporated herein by reference.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

NOES: Councilmembers: None

ABSENT: Councilmembers: None

2002 Annual Report on the Modesto Urban Area General Plan

Purpose

This Annual Report on the Modesto Urban Area General Plan is prepared pursuant to California Government Code Section 65400(b). The purpose of this report is to update the Planning Commission, the City Council, the Governor's Office of Planning and Research (OPR), and the State Department of Housing and Community Development (HCD) of the City's progress in implementing the City's General Plan and on progress in meeting regional housing needs. The General Plan serves to guide the City's overall growth for the next twenty years.

Status of the Modesto Urban Area General Plan

The present Modesto Urban Area General Plan was adopted in August 1995. It is internally consistent and complies with California Planning and Zoning Law and the General Plan Guidelines adopted pursuant to Government Code Sections 65300 et seq.

In April 1992, the City adopted an updated Housing Element, which is one component of the General Plan, pursuant to Government Code Section 65588. The Housing Element was re-certified to be in compliance with State Law by HCD in April 1995. The Housing Element update is underway and will be considered for City Council adoption by December 2003.

Progress in Implementation of the General Plan

Implementation of the Modesto Urban Area General Plan is ongoing. Activities generally include processing private development applications and amendments to adopted specific plans and the General Plan. All planning-related applications and development permits including building permits, rezones, parcel maps, and specific plans must be found to be consistent with the General Plan to obtain approval. Where inconsistencies are determined to exist, the Planning Commission and the City Council conduct public discussions to weigh the merits of the proposal as it affects the implementation and integrity of the General Plan.

A summary of various planning applications and efforts during 2002 is provided below. The summary describes applicant-initiated planning activity, City-initiated planning activity, and a discussion of housing policy implementation.

A. Applicant-Initiated Planning Activity

1. General Plan Amendments

The City considered two general plan amendments amending small areas on the City's General Plan Land Use Diagram as described below:

- a. An amendment to the Modesto Urban Area General Plan to redesignate a one-acre site located between Roseburg and

Mensinger Avenues, west of McHenry Avenue, from Residential to Mixed Use. The Amendment was initiated to facilitate the development of a 20,000 square foot professional office complex.

- b. An amendment to the Modesto Urban Area General Plan to redesignate approximately one-acre site at 810 Standiford Avenue from Residential to Mixed Use. The Amendment would result in the development of a 10,000-square-foot professional office complex.

A location map of each of these General Plan Amendments is provided as Map 1 and Map 2.

2. Specific Plan and Precise Plan Amendments

In 2002, the City considered one specific plan amendment. This was an amendment of the Village One Specific Plan and it included a precise plan amendment. These two actions pertained to the same property located on the south side of Sylvan Avenue east of Esta Avenue. The Specific Plan amendment resulted in moving 4.1 acres from Precise Plan Area No. 6 to Precise Plan Area No. 7. The purpose was to facilitate development of 4.1-acre site with single-family family construction.

3. General Plan Conformity

Three requests were considered for conformity with the General Plan.

- a. Acquisition of property located at 1340 Scenic Drive by the City for public recreational use.
- b. City Disposition of property located at the east corner of Twelfth and I Streets for an office project by the County of Stanislaus.
- c. Acquisition of property located at 1200 Graphics Drive by the City to promote the development of a business park (i.e., Kansas Avenue Business Park).

4. Amendments to the Title X of Modesto Municipal Code (Zoning Code)

Two amendments to the Zoning Code were considered during 2002. They are as follows:

- a. Two amendments to the Sign Regulations (Article 21) of the zoning regulations: One amendment now allows freestanding menu boards for car wash establishments. The second amendment added the freestanding sign limitation of 150-feet back to the code.

- b. Amendment to the zoning ordinance to provide for residential development in the C-1 and C-2 Zones, subject to a use permit. This amendment was approved to allow an already residentially-developed commercial lot to be expanded with a second residential unit. This change further increased opportunities for mixed use development.

5. Amendments to Standard Specifications

There were two amendments to the City's development standards during 2002.

- a. Adoption of vehicular roundabout policy establishing guidelines for the uniform application of roundabouts.
- b. Revisions to the City's storm drainage standard specifications.

6. Rezone of land use designations

During 2002, the City considered seven zone changes. They are as follows:

- a. Rezone property located between Roseburg and Mensinger Avenues, west of McHenry Avenue, from R-1 & R-3 to Planned Development, P-D(553) allowing a professional office development and associated off-street parking as allowed in the Professional Office (P-O) Zone.
- b. Rezone property located at the northeast corner of Hillglen and Esta Avenues from Specific Plan Holding (SP-H) Zone to Specific Plan Overlay (SP-O) to allow a 19-lot subdivision.
- c. Rezone property located on the east side of Crows Landing Road, South of Winmoore Way from C-1 to Planned development P-D(554) providing for uses as allowed in the C-2, General Commercial Zone.
- d. Rezone property located at 810 Standiford Avenue from R-1 to P-D(555) allowing a medical office development and associated off-street parking as allowed in the P-O Zone.
- e. Rezone property located on the northwest corner of Tully Road and Snyder Avenue from SP-O Zone to P-D(557), allowing office uses.
- f. Rezone property located at the southwest corner of N. Santa Cruz and La Loma Avenue from Light Commercial (C-1) to P-D(558), allowing an automatic car wash in conjunction with an existing convenience store and gas station as allowed in the C-2 Zone.

7. Precise Plan Amendments

During 2002, the City adopted the establishment of two Precise Plan areas within the Village One Specific Plan. Precise Plan Areas serve as specific zoning and are intended to implement the Village One Specific Plan. The two precise plans are as follows:

- a. Adoption of Precise Plan Area No. 13 of the Village One Specific Plan amending the zoning from SP-H to SP-O for the development of single-family residential land uses. The area is bounded by Roselle, Hillglen, Millbrook and Kodiak Avenues.
- b. Adoption of Precise Plan Area No. 9 of the Village One Specific Plan amending the zoning from SP-H to SP-O for the development single-family lot subdivision. The area is generally located at the southwest corner of Sylvan Avenue and Claus Road.

8. Variances

The City considered five variance applications consisting of three requests to encroach within the rear setback requirement. Another rezone request involved adding additional nonconforming land uses to an established development. The remaining variance provided increased living area to a single-family residence. They were as follows:

- a. Approval of a variance for property located at 1122 Stoddard Avenue and property at the northwest side of Campus Way west of its intersection of Arc Way. The variance allowed a convenience store and coffee shop, deli shop as additional uses to a nonconforming commercial building and for noncontiguous off-street parking.
- b. Approval of a variance for property located at 938 Magnolia Avenue. The variance would extend an existing nonconforming residence into the side-yard setback. The home is an area where many homes do not presently meet setback requirements.
- c. Approval of a variance for property located at 1218 Crescent Drive. The variance would permit an addition to the residence within the side-yard setback. The home is not situated parallel to the property because of an oddly shaped lot.
- d. Approval of variance for property located at 210 Hintze Avenue. The variance would permit encroachment of a garage into the side yard setback. The request involved a home that was built prior to current zoning setback requirements.

- e. Approval of a variance for property located at 417 Camellia Way. The variance would permit extension of a garage into the required side-yard setback. The property was developed prior to the current setback requirements.

9. Conditional Use Permits

The City considered 14 conditional use permit (CUP) applications. These CUP applications involved a variety of land use proposals as listed on **Exhibit A**.

10. Plot Plan Applications

Plot plan activity was limited to one application for a 16-unit apartment complex and two plot plans for business-related uses. They are further described below:

- a. Plot plan approval for property located at the southwest corner of N. Riverside Drive and Miller Avenue. The plot plan application was for the development of a 16-unit multi-family development (Miller Pointe) in the R-3 Zone.
- b. Plot plan approval for property located on the east side of Dale Road opposite Nightingale. The Plot Plan application was for the development of a 49,276-square-foot, two-story medical office building with 289-space parking lot in the Professional Office (P-O) Zone.
- c. Plot plan approval for property located at the southeast corner of Coffee Road and Mable Avenue. The plot plan application was for the development of a 13,600-square-foot medical office building in the P-O Zone.

11. Parcel and Subdivision Map Applications

The City processed 12 parcel map applications and 10 subdivision applications. The subdivision map applications involved 105.65 acres, resulting in 464 new lots. The subdivision activity consisted of the following maps.

- a. Vesting Tentative Map of Banyon Estates Subdivision dividing 8.25 acres located at the northeast corner of Fine and Sharon Avenues into 48 single-family lots.
- b. Vesting Tentative Map of Polakis Property Subdivision dividing 35.9 acres located on the north side of Merle Avenue east of Dermond Road in to 180 lots.

- c. Vesting Tentative Map of Olympic Park No.5 Subdivision dividing 3.7 acres located at the southeast corner of Millbrook and Sharon Avenues into 16 single-family lots.
- d. Vesting Tentative Map of Village Highlands Phase 7 Subdivision dividing 10.2 acres located on the south side of Sylvan Avenue west of Claus Road into 44 lots.
- e. Vesting Tentative Map of Village Highlands Phase 8 Subdivision dividing 8.6 acres located on the south side of Sylvan Avenue west of Claus Road into 13 lots and a 4.2-acre remainder.
- f. Vesting Tentative Map of Villagio Subdivision dividing 4.7 acres located at the northeast corner of Hillglen and Esta Avenues into 19 single-family lots.
- g. Vesting Tentative Map of Esta Estates dividing two acres located south of Hillglen Avenue, between Esta and Millbrook Avenues into six lots.
- h. Vesting Tentative Map of Mira Loma Subdivision dividing 5.1 acres located at the northeast corner of North Conejo and Julian Avenue into 25 single-family lots.
- i. Vesting Tentative Map of Covington Pointe Subdivision dividing 16.5 acres located at the southwest corner of Snyder Avenue and Tully Road into 81 residential lots and a remainder lot.
- j. Vesting tentative Map of Loretelli Manor Subdivision dividing 10.7 acres located at the southwest corner of Claratina Avenue and Coffee Road into 32 residential lots and one commercial parcel.

A location map depicting the approved tentative subdivisions is included as Map 3.

12. Miscellaneous Development Permits

The City processed nine additional development entitlement permits as follows:

- a. Amendment to P-D(139) to allow a funeral parlor
- b. A one-year time extension for Filing the Final Map of Monterey Bay Subdivision
- c. Amendment to P-D(501) to allow for a retail building and storage building
- d. Amendment to P-D(30) allowing for a comprehensive sign package
- e. Amendment to P-D(45) revising the development plan

- f. Amendment to P-D(485) revising the development plan
- g. Plot Plan for a single-family home
- h. Amendment to a development agreement with the Galas brothers and Del Valle, Inc. related to the Galas Brothers Tentative Subdivision.

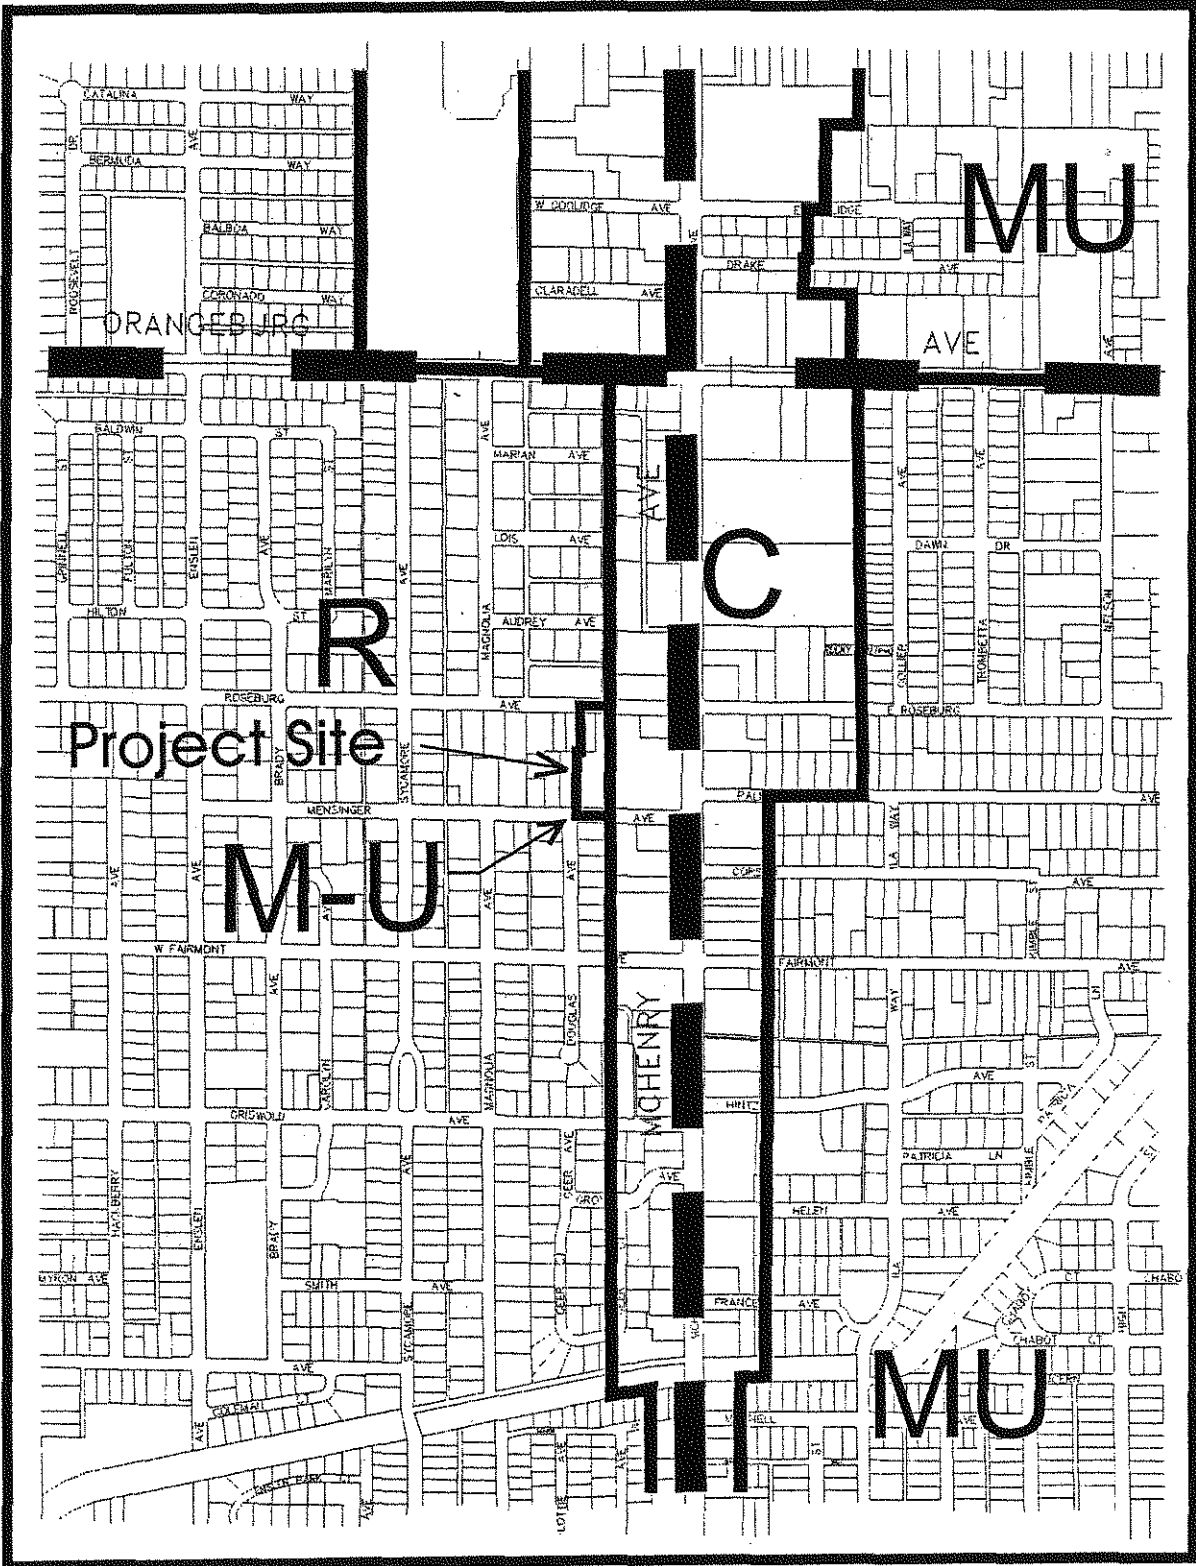

13. Building Permit Activity

During 2002, a total of 1,088 new-resident building permits were issued; 1,067 were for single-family homes and 21 for multi-family units. A total of 45 building permits for new commercial development valued at approximately \$23,233,000 were issued. A total of 35 building permits for new industrial development valued at approximately \$11,657,000 were also issued.

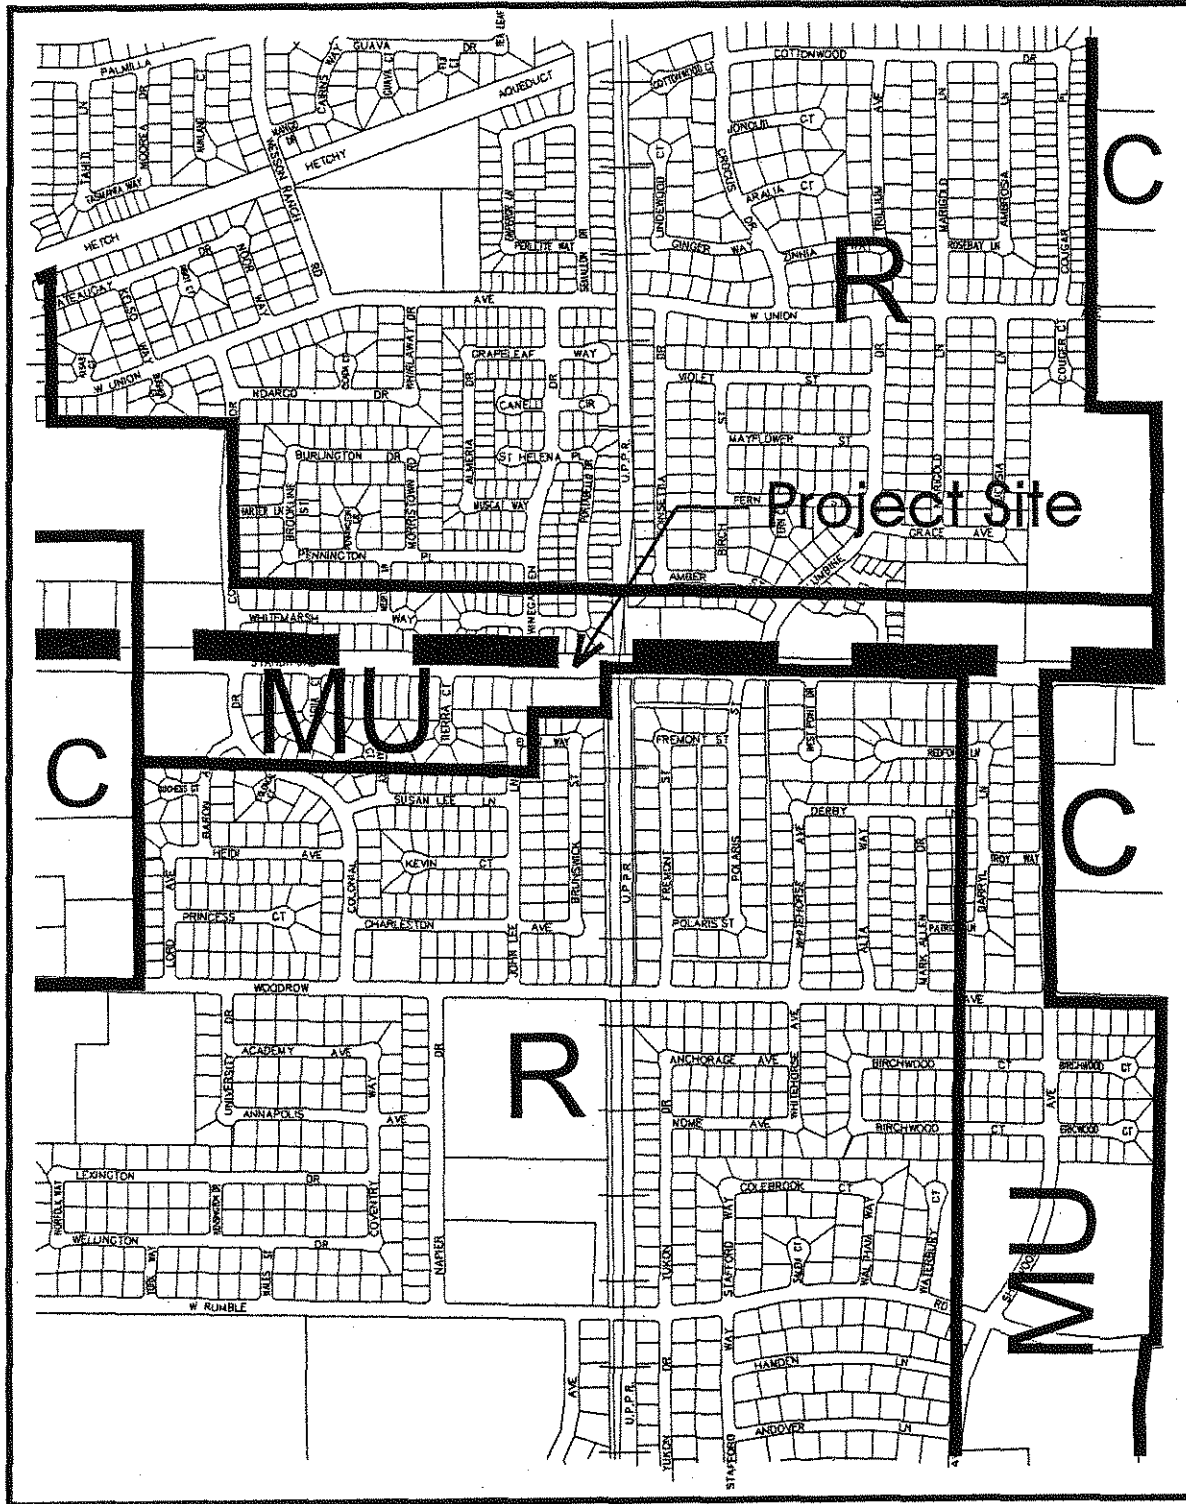

A table summarizing the complete applicant initiated planning activity during 2002 is provided below.

**Table A
Summary of Planning Application Activity During 2002:**

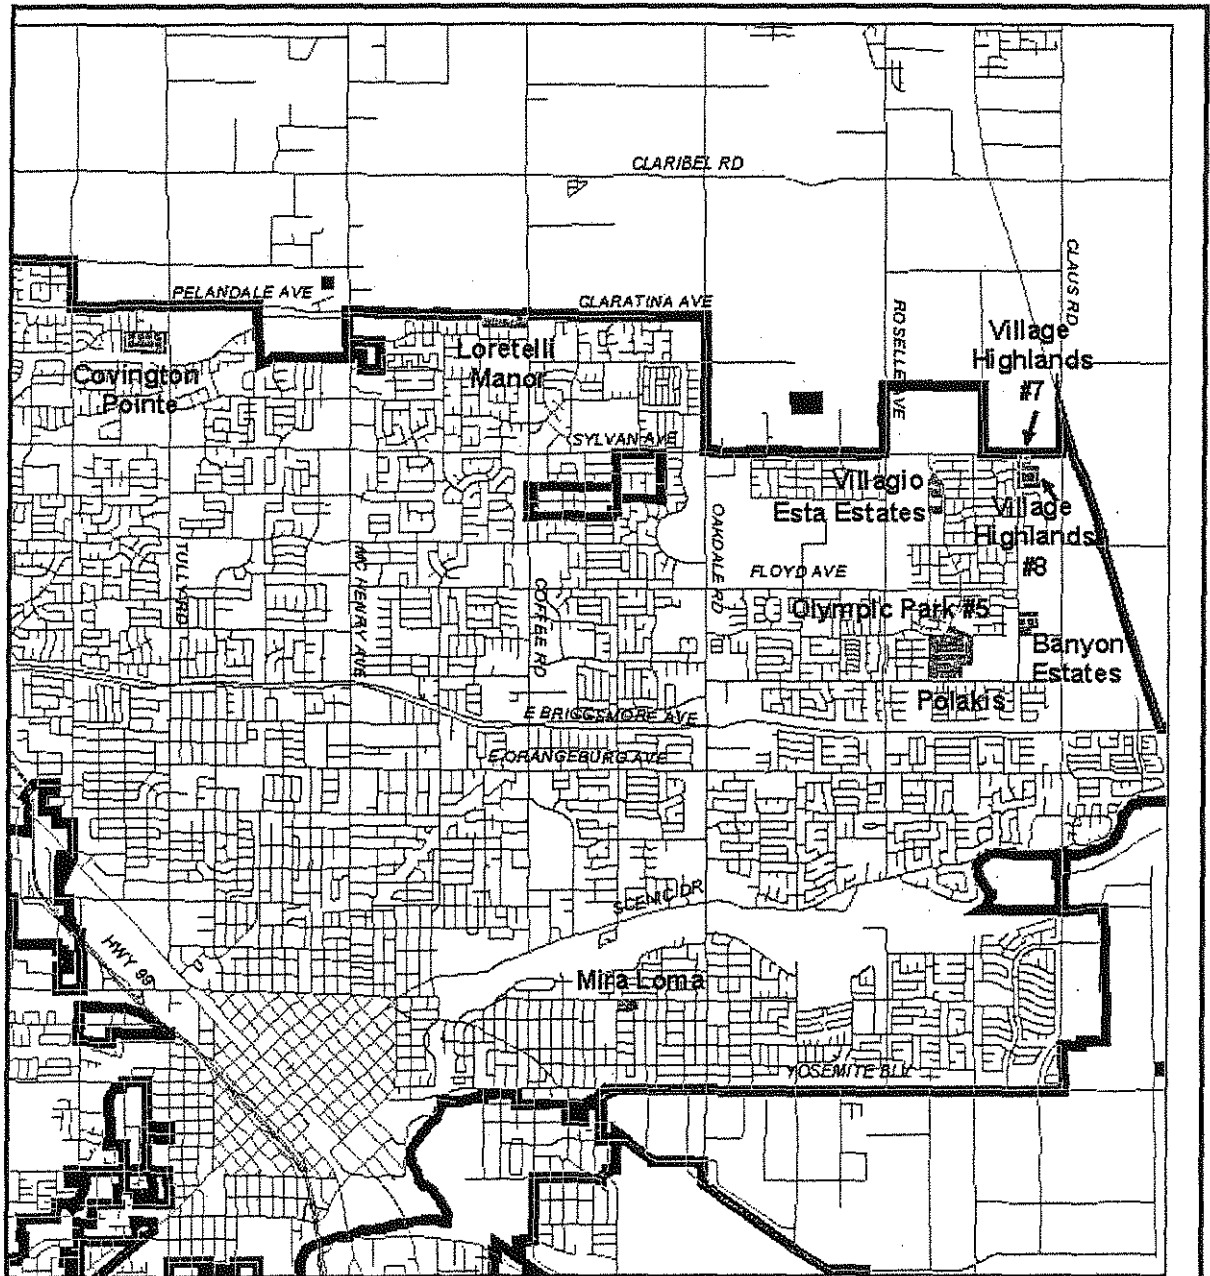

Type of Application Activity in 2002	Number of Applications
General Plan Amendments	2
Specific Plan Amendments	1
Precise Plan Amendments	3
Rezoning	7
Variances	5
Conditional Use Permit	14
Plot Plan Applications	3
General Plan Conformity	3
Amendments to the Zoning Ordinance	2
Amendments to the Standard Specifications	2
Miscellaneous Development Applications	9
Parcel Maps	12
Subdivision Maps	9
Total Private Development Applications	72

B. City Initiated Planning Activity

During 2002, the City of Modesto also conducted proactive planning activities. These activities focused on a variety of development issues:

1. General Plan Amendment and Master Environment Impact Report.

On March 4, 2003, the City Council certified the General Plan Master Environmental Impact Report (MEIR) update and adopted amendments to the General Plan to approve changes to the Circulation and Transportation Map, School Policy text, Archaeological and Historic Resource Policies, Airport Noise Policy, Employment Estimates in Comprehensive Planning Districts (CPD), combine CPD's to create a Salida CPD consistent with the County General Plan. This effort was possible through extensive staff work conducted during 2002.

2. Kansas Avenue Business Park

During 2002, the Community and Economic Development Department drafted a Guide for Development of the Kansas Avenue Business Park. The Guide outlines general design objectives for the Kansas Avenue Business Park, and is also used to reach a consensus for the development envisioned for the area. Work is now underway to complete a specific plan for the property. In addition, staff is also working on a focused environmental impact report for the proposed project. The proposed site is comprised of 27 industrially-zoned parcels, totaling 94 acres with approximately 45 acres being undeveloped.

3. Northwest Business Park

The Community and Economic Development Department resumed efforts to draft a specific plan for the development of the College West Comprehensive Planning District. This effort was postponed to incorporate the circulation and transportation changes and findings associated with the General Plan Amendment and MEIR Update. The specific plan area consists of 240 acres of business, office, support commercial manufacturing and distribution uses. Up to 2,388,000 square feet of building floor area is proposed.

4. Housing Element Update

The Community and Economic Development Department in collaboration with the Parks, Recreation and Neighborhoods Department commenced the process of updating the Housing Element. The Housing Element update is scheduled for adoption in December 2003. The City of Modesto is expected to provide sites that can accommodate up to 15,300 housing units by June 30, 2008.

5. Roselle/Claribel Specific Plan, General Plan Amendment and Focused EIR

City staff from various departments reviewed conceptual plans for the development of the Roselle/Claribel Specific Plan area. The project area is bordered by Oakdale Road, Sylvan Avenue, Roselle Avenue, and the Claratina Expressway. It would establish the development pattern for approximately 480 acres. A revised conceptual land use plan is pending from the applicant in response to City department comments on the draft concept plan. The project could include approximately 2,400 housing units, 70 acres of new commercial and 30-60 acres of open space.

6. Modesto Downtown Visioning and Ninth/Tenth Street Renovation Project

As a continuation of the overall downtown renovation effort, the City Council directed staff to embark on a visioning project for the restoration of the downtown core. The focus is on the complete renovation of Ninth Street and a portion of Tenth Street. This effort also includes developing a larger vision for the downtown core. Staff began preliminary efforts resulting in a draft budget for project design. The City Council is considering the costs associated with this project in light of other City priorities.

7. Infrastructure Studies

The Engineering and Transportation Department began several infrastructure studies to measure the carrying capacity of existing sewer, water, and storm drainage infrastructure along with anticipated impact from the development of new growth areas. The results of these studies are scheduled for completion in 2003.

8. Village One Building Moratorium

The City also examined the infrastructure needs, costs and development fees associated with build-out of Village One. In 2002, the City Council issued a nine-month moratorium for approval of new residential proposals. The City Council was scheduled to consider the new fee schedule for Village One at its May 6, 2003 meeting.

C. Implementation of Environmental Mitigation Measures

The City continues to require appropriate conditions to mitigate potential impacts to the environment. In association with the 1995 General Plan update, the City adopted a Master Environmental Impact Report (MEIR). The adopted MEIR contained a number of environmental mitigation measures that are triggered when certain criteria are present in or near the project area (e.g.: riparian area, noise contour levels). The City incorporates appropriate mitigation measures identified in the MEIR as conditions of project approval. Several Program Environmental Impact Reports have been prepared and adopted since the adoption of the MEIR.

in 1995. These documents are also used to augment the mitigation measures listed in the Final MEIR.

D. Implementation of Housing Policy

As part of the Annual General Plan Report, the City is encouraged to report on certain housing conditions as listed in Government Code 65583 and 65584.

1. Local Housing Growth

During calendar year 2002, the region and the City experienced average population and housing unit increases. The City issued 1,088 permits for new housing units in calendar year 2002. Applying an average density of 2.85 persons per household would increase the City's population by approximately 3,100 persons during 2002.

2. Local Housing Costs

For the most part, new housing units built during 2002 catered to moderate and above moderate-income households. The median sales price of homes increased from \$160,000 to \$190,000, with new homes prices starting in the low \$200,000 price range. Rental housing costs also continued to rise by as much 30%.

3. Lending Rates

During 2002, mortgage interest rates were at their lowest level in the last 30 years. This has enabled households to either refinance or afford a new and often larger residence. However, the cost of housing has continued to increase as well, pricing out many long-time renters and young and older households from purchasing entry-level homes.

4. Residential Land Inventory

The City's vacant residential land inventory has decreased due to housing development around the City's fringe. At this time, it appears that the City has sufficient land to accommodate average housing construction for the next four years, based on historical growth rates. The ability to provide sufficient infrastructure to serve new development will continue to present a major challenge in the future.

In 2002, the City imposed a development moratorium in the Village One Specific Plan area to reassess the City's development fees that are applied to infrastructure improvements - this temporarily stopped new housing projects in this planning area. The City Council was scheduled to consider the new fees for Village One on May 6, 2003.

5. Development of Housing that is Affordable to Working Families

During 2002, City efforts in implementing the housing element consisted of the following:

- a. Approved a 16-unit apartment complex (Miller Pointe) proposed by the Housing Authority County of Stanislaus
- b. Committed the Redevelopment Agency's funds to a housing project in the downtown area
- c. Funded the efforts to update the Housing Element
- d. Amended the Down Payment Assistance Program
- e. Provided federal funding to rehabilitate a 16-unit apartment complex (Garden Gate Apartments) located at 5th and F streets
- f. Provided federal funding to Housing Authority County of Stanislaus for the rehabilitation of Pine Meadows Apartment (36 unit)
- g. Provided federal funding to STANCO for the development of a new 18-unit multi-family project at 3333 Carver Road
- h. Completed Housing Code Enforcement of Prescott Estates, refurbishing 312 condominiums.

6. Housing Element Update

During 2002, the City began its efforts to update the Housing Element. The City conducted one community workshop, three neighborhood meetings and began monthly committee meetings to facilitate the update of the Housing Element. The City contracted with a housing analyst (Cotton/Bridges/Associates) to assist in this effort. The update efforts have resulted in a review of housing accomplishments, identification of housing needs, identification of constraints to housing development, and review of housing goals, policies and programs. The Housing Element update is scheduled for a December 2003 adoption date.

7. 2001-2008 Regional Housing Needs Allocation

During 2002, Stanislaus Council of Governments (StanCOG) developed the 2001-2008 Regional Housing Needs Allocation report. This report was submitted to the State's Department of Housing and Community Development (HCD) for its approval. HCD has yet to approve StanCOG's Regional Housing Needs Allocation. Modesto's allocation ranges from 9,000 units as

proposed by StanCOG to 15,300 units as projected from State estimates. The Allocation report also requires the units to be allocated by income categories (i.e.: very-low, low-, moderate- and above-moderate income).

E. Progress in Meeting the Regional Housing Needs

In February 2001, the Stanislaus Area Association of Governments, now known as Stan COG, adopted the 1990-1997 Housing Needs Report. The State Housing and Community Development Department (HCD) approved this Report. HCD and StanCOG are expected to approve an updated Housing Needs Allocation Plan later this year. Because the proposed Regional Housing Needs Plan has not been adopted, the previous Plan, adopted in 1991 will be used for the Housing Element Update. An average annual housing allocation of the 1990-1997 housing plan required Modesto to accommodate a total of 1,670 units per year. This allocation is projected annually until a new RHNA plan is adopted. This housing need amount is also disaggregated by various income groups. A comparison of housing units constructed and housing units needed is provided on the following table.

The 1990-1997 Housing Needs Report required a total annual housing need as follows:

Income Group	Annual Housing Need	Housing added in 2002	Remaining Need
Very-Low	401	0	401
Low-	284	21	263
Moderate-	351	150	201
Above-Moderate	634	917	0
Total	1,670	1,088	865

The development of housing for very-low and low-income residents has been low at best. Affordable housing is a common issue faced by other communities throughout the State, and at this time is the focus of the proposed Housing Element update.

Issues

The following issues are proposed to be addressed in the near future. As this report is intended for informational purposes, no action is requested on these issues at this time.

A. General Plan Update

The General Plan's Community Growth Policy Review states:

"A review of the growth trends in the Modesto Urban Area should be held on a periodic basis, perhaps annually. This periodic review should provide for the selection of potential urban areas to be served with urban infrastructure during the ensuing five years."

(Source: Modesto Urban Area General Plan Chapter II, Section C General Plan Maintenance, 1. Urban Area Growth Policy Review.)

The Urban Growth Review considers existing residential, industrial, and commercial vacant land inventories. With this information the City Council provides direction on the timing and location of annexation of lands to the City. This will be based on availability and capacity of existing public infrastructure and the City's financial resources. With limited financial resources, the City will have to closely evaluate the rate of future growth and development. The City Council is scheduled to consider the City's Urban Growth Policy in the summer of 2003.

As a result of any Urban Growth Policy Review actions, the City Council may require a General Plan Amendment. A comprehensive General Plan update may also be directed by the City Council. Subsequent development proposals will be encouraged to be developed under a comprehensive development plan (e.g. Specific Plan).

The Modesto downtown area may also be an area of special focus to help it become a regional business and cultural center for the Stanislaus County region.

B. Infrastructure

As part of the Urban Growth Policy Review, City staff will be providing information on the adequacy of existing public infrastructure and the availability of City resources. The City will be examining the availability of water for domestic use. The City will be evaluating the ability of its wastewater delivery and treatment system. An evaluation of the City-Road infrastructure is also pertinent in addressing growth.

The costs associated with providing adequate infrastructure will be tied to development fees. These fees are also under review.

C. Affordable Housing

Land values continue to increase as available vacant land sites dwindle. This directly affects the ability of a household to purchase a home in Modesto. The City will review actions that may result in increasing the supply of vacant residentially designated land.

The Housing Element will examine a variety of strategies that the City can apply in increasing opportunities for housing.

Housing affordability is also directly tied to a household's earning level. To this end, the City is moving forward on developing specific plans for the development of business parks (e.g. Kansas Avenue Business Park, North Gateway Business Park, Northwest Business Park). In addition, the retention and expansion of local jobs will remain a Council priority.

D. Preservation of Important Farmland

The City is committed to preserving important farmland outside of its Sphere of Influence. As part of the Urban Growth Review, the City will be carefully considering the direction of development within its Sphere of Influence as it affects important farmland.

Exhibit A

2002 Conditional Use Permits (CUP)

1. CUP for three combined business signs at the Town and Country Square Shopping Center on the north side of Briggsmore Avenue between Sisk and Prescott Roads
2. CUP for a Convenience Store and Coffee Shop/Deli at 1122 Stoddard Avenue and additional parking northwest side of Campus Way, west of Arc Way
3. CUP for the development of a 3,800-square-foot warehouse/retail building and a 4,190-square-foot office building on property at the west of Carpenter Road, between Torrid and Woodland Avenues
4. CUP for an expansion of a six-person to an eight-person residential service facility at 201 Jennie Street
5. CUP to place a sign above the portion of a building located at the southwest corner of Eleventh and J Streets
6. CUP for a revised development plan featuring a two-story multi-purpose building for a church located at 1600 Carver Road
7. CUP to extend a day care facility from 36 to 50 children, also revising hours and relocating playfield fencing at 1911 Toyon Avenue
8. CUP for the development of a 9,900-square-foot office building and related parking
9. CUP for a 72.5-foot-tall cellular communications antenna facility at 1021 Oakdale Road
10. CUP for expansion of a church at the southeast corner of Second and H Streets
11. CUP for a revised master plan featuring an additional modular classroom at the southeast corner of Tully Road and Woodrow Avenue
12. CUP for a one-story addition to the care facility located on the north side of St. Paul's way, east of Oakdale Road
13. CUP for a 66,000-square-foot two-story high school and off street parking at the southeast corner of Pelandale Avenue and Tully Road
14. CUP for the addition of a storage building and expansion of a parking lot by thirty-six spaces on property at the northeast corner of Floyd Avenue and Newport Drive.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-380**

A RESOLUTION APPROVING AN AGREEMENT BETWEEN THE CITY OF MODESTO AND INLAND VILLAGE, A CALIFORNIA GENERAL PARTNERSHIP, FOR A PORTION OF ASSESSORS PARCEL NUMBER: 085-4916 FOR THE ACQUISITION OF PROPERTY FOR THE CLAUS ROAD EXPRESSWAY PROJECT AND AUTHORIZING THE CITY MANAGER TO EXECUTE SAID AGREEMENT.

WHEREAS, in March 2000, the City Council of the City of Modesto approved the Claus Road Expressway Project (“Project”) to extend the improvements along Claus Road as part of the City’s Capital Improvement Program projects, and

WHEREAS, certain real property needs to be acquired for said Project which property is identified as a portion of Assessor’s Parcel No: 085-4916, and which property is owned by Inland Village, a California General Partnership, and

WHEREAS, an agreement is needed for the acquisition of the needed real property.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Agreement between City of Modesto and Inland Village, a California General Partnership, for the Claus Road Expressway project is hereby approved.

BE IT FURTHER RESOLVED THAT the execution of said Agreement by the City Manager or his designee on behalf of the City of Modesto is hereby authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: Jean Zahr
JEAN ZAHR, City Clerk

Approved as to Form:

BY: Michael D. Milich
MICHAEL D. MILICH, City Attorney

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-381**

**A RESOLUTION AUTHORIZING THE CITY MANAGER TO SIGN AN
ACCEPTANCE FORM FOR A GRANT DEED FOR THE ACQUISITION OF
PROPERTY OWNED BY INLAND VILLAGE, A CALIFORNIA GENERAL
PARTNERSHIP, FOR ASSESSORS PARCEL NO: 085-4916 FOR THE CLAUS
ROAD EXPRESSWAY PROJECT**

WHEREAS, Section 27281 of the Government Code requires a public agency to accept real property prior to the recordation of a deed or adopt a resolution accepting real property, and

WHEREAS, the City of Modesto desires to acquire real property from Inland Village, a California General Partnership, for a portion of Assessors Parcel No: 085-4916 for the Claus Road Expressway Project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Manager or his designee is hereby authorized to sign a Certificate of Acceptance on behalf of the City of Modesto for the Grant Deed for the acquisition of property for the Claus Road Expressway Project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager or his designee is hereby authorized and directed to sign any and all documents related to the purchase of real property on behalf of the City of Modesto as it is required for the acquisition of the property for the Claus Road Expressway Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: Jean Zahr
JEAN ZAHR, CITY CLERK

APPROVED AS TO FORM:

Michael D. Milich
MICHAEL D. MILICH, CITY ATTORNEY

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-382**

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE VILLAGE ONE ENVIRONMENTAL IMPACT REPORT (SCH No. 90020181), AS AMENDED BY THE SUPPLEMENTAL EIR: APPROVING RIGHT-OF-WAY ACQUISITION FOR THE ULTIMATE CLAUS ROAD 6-LANE EXPRESSWAY.

WHEREAS, the Modesto City Council has adopted Resolution No. 90-757 certifying that the Village One Final Environmental Impact Report (“EIR”) (State Clearing House No. 90020181) is complete and adequate pursuant to Section 15090 of the California Environmental Quality Act (“CEQA”) Guidelines, and

WHEREAS, the Modesto City Council has adopted Resolution No. 94-297 which certified the Final Supplemental EIR for Village One: thus, the 1990 Village One Program EIR has been superseded and updated by the 1994 Supplemental EIR, adopted on May 24, 1994, which Supplemental EIR incorporates by reference technical studies and background material from the 1990 Program EIR, and

WHEREAS, Section 15168 (C) (4) of the CEQA Guidelines, relating to reviewing subsequent activities of a Program EIR, states that the lead agency shall prepare a Written Checklist on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the program environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the Engineering and Transportation Department, by Written Checklist, EA/ET 2003-17, reviewed the proposed Claus Road Right-of-Way Acquisition, and made the determination that the proposed acquisition will have no additional significant effect on the environment that was not identified in the Program EIR; and, further, that no new or additional mitigation measures or alternatives will be required, and that, therefore, the proposed right-of-way acquisition is within the scope of the project covered by the Program EIR,

WHEREAS, on July 8, 2003, the City Council considered said matter.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Written Checklist prepared for the proposed Claus Road right-of-way Acquisition, a copy of which is attached hereto as **Exhibit "A"**, and incorporated herein by reference, and based on the substantial evidence included in said Written Checklist makes the following findings:

1. This activity is within the scope of the program approved earlier, and
2. The Program Environmental Impact Report adequately describes the activity for the purposes of CEQA.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Engineering and Transportation Director is hereby authorized and directed to file a notice pursuant to either Section 21108 or Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

NOES: Councilmembers: None

ABSENT: Councilmembers: None

MICHAEL D. MILICH, City Attorney

WRITTEN CHECKLIST

EA/ET No. 2003/17

I. PURPOSE

This written checklist, pursuant to CEQA Guidelines Section 15168 (C) (4), serves to make a determination where subsequent activities of a Program EIR involve site-specific operations, based on evaluation of the site and the activity to determine whether the environmental effects of the operation were covered in the program EIR. This determination includes whether any new environmental document is required beyond the adopted Village One Specific Plan Program EIR (SCH# 90020181) for the proposed Claus Road right of way Acquisition (project).

This Checklist is not an Initial Study: This checklist serves to evaluate a subsequent activity of the Village One Program EIR for site-specific operations, to evaluate the site and the activity and determine whether the environmental effects of the operation were covered in the Program EIR. This checklist is not, an Initial Study as defined by CEQA Guidelines Section 15160 et.seq.

II. PROJECT INFORMATION

1. **Project Title:** Claus Road Right-of-Way
2. **Lead Agency Name and Address:** City of Modesto
3. **Contact Person and Phone Number:** Rich Ulm, Deputy Director
Modesto Engineering and Transportation
Department
209/577-5215
4. **Project Location:** 3925 Sylvan Avenue
Modesto, California
APN Number 095-01-70

- 5. Project Sponsor's Name and Address:** City of Modesto
P.O. Box 642
Modesto, CA 95353
- 6. General Plan Designation:** The General Plan land use designations include Village Residential (VR) which allows predominantly single-family residential uses; Multi-Family Residential; Senior Housing; School/Park/Basin site; Commercial; and Business Park (BP) which allows light industrial manufacturing, office, associated service retail (and, in Village One, regional commercial) uses.
- 7. Zoning:** Specific Plan Holding SP-H
- 8. Description of Project:** Pursuant to the adopted Village One Specific Plan, the City of Modesto is planning to realign Claus Road, near the Sylvan Avenue intersection. The proposed project will require right-of-way from a portion of the property located at 3925 Sylvan Avenue, Modesto, California, identified as APN: 095-01-70. (See attached diagram).
- 9. Surrounding Land Uses and Setting:** The Village One Specific Plan Area is over half built, as planned and approved by the 1990 Village One Specific Plan. The project area is surrounded by rural, agricultural, and open space land uses to the North, South and East, and by residential uses to the West.
- 10. Other Public Agencies whose Approval is Required:** None.

III. DETERMINATION:

Based on the analysis contained in this document, staff finds that pursuant to Guidelines Section 15162 the following is true for the proposed project:

- (1) Major revisions to the Village One Program EIR as updated by the 1994 Supplement, are not required because the project will not involve new significant environmental effects or increase severity of effects previously identified, and
- (2) Major revisions to the Village One Program EIR as amended by the 1994 Supplement, are not required because no substantial changes to circumstances have occurred that involve new significant environmental effects or increase severity of effects previously identified, and
- (3) No new information of substantial importance that was not known has become available that shows:
 - a. one or more significant effects is not discussed in the Village One Program EIR as updated by the 1994 Supplement,
 - b. identified significant effects will be more severe,
 - c. previously infeasible mitigation measures are now feasible,
 - d. project proponents have declined to adopt mitigation measures.
- (4) Because no new significant effects and no new mitigation is required for the project, the environmental effects of the operation of the proposed project were covered by the Village One Program EIR as updated by the 1994 Supplement. Therefore, pursuant to CEQA Section 15168 (C) (4) no new environmental document is required.
- (5) Therefore, the Claus Road Right-of-Way Acquisition project is within the scope of the Village One Program EIR.

Project Manager

Date

IV. PROJECT EVALUATION:

The following written Checklist based on Appendix G of the CEQA Guildlines serves to document the evaluation of the site and activity of the proposed project pursuant to CEQA Guidelines Section 15168 (c) (4) to determine whether the environmental effects of the operation were covered in the Program EIR.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
I. AESTHETICS.	Would the project:				
a.	Have a substantial adverse effect on a scenic vista?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b.	Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings along a scenic highway?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c.	Substantially degrade the existing visual character or quality of the site and its surroundings?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d.	Create a new source of substantial light or glare that would adversely affect daytime or nighttime views in the area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Aesthetic and visual impacts are analyzed on pages III-100 through III-101 of the 1994 Supplement.

Responses to Checklist Questions

- a. The Village One Specific Plan program EIR found that, as the Right-of-Way Acquisition is built, it will eliminate views of the valley and the distant mountains from adjacent areas and reduce the area's visual open space. However, the program EIR found the effects of the Right-of-Way Acquisition on scenic vistas to be less than significant because views from the project area are minimal. The proposed Claus Road Right-of-Way Acquisition project would not change the extent or nature of construction in the specific plan area, or cause any other changes in the project area. Impacts on scenic vistas would therefore remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.
- b. The Village One Specific Plan program EIR found that there are no scenic resources in the project area, and that the right-of-way acquisition would therefore not result in significant impacts on scenic resources. This finding would not be affected by the proposed Claus Road Right-of-Way Acquisition

project because the project area remains the same. There would be no impact. No mitigation is required.

- c. The Village One Specific Plan program EIR found that the Right-of-Way Acquisition would have a less-than-significant impact on the visual character of the area. The proposed Claus Road Right-of-Way Acquisition project would not change the design or layout of the construction proposed under the Village One Specific Plan. For this reason, impacts on the visual character of the area would remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.
- d. The proposed Claus Road Right-of-Way Acquisition project would not change the proposed lighting for Village One. For this reason, impacts associated with additional light and glare would remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

II. AGRICULTURAL RESOURCES. In determining whether impacts on agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Department of Conservation. Would the project:

- | | | | | | |
|----|---|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Conflict with existing zoning for agricultural use or conflict with a Williamson Act contract? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. | Involve other changes in the existing environment that, due to their location or nature, could result in conversion of Farmland to non-agricultural use? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Impacts on agricultural resources are analyzed on pages III-80 through III-94 of the 1994 Supplement.

Responses to Checklist Questions

- a. The Village One Specific Plan program EIR found that approximately 4 acres of land designated as Prime Farmland would be lost as a result of the Right-of-Way Acquisition. This impact was determined to be significant and not mitigable. The proposed Claus Road Right-of-Way Acquisition would not affect this finding because the project area would remain the same. There would be no additional impact. No mitigation is required.

- b. The Village One Specific Plan program EIR presented information showing that any Williamson Act contracts in the project area would be automatically cancelled on annexation of the land to the City of Modesto, which has occurred, or would expire within 10 years of the time the original program EIR was prepared. The last Williamson Act contract covering land in the project area expired in 2001. There are now no lands in the project area under Williamson Act contract. The project area has also been rezoned consistent with the specific plan, and no lands in the project area are now zoned for agricultural use. There would be no additional impact. No mitigation is required.

- c. The Village One Specific Plan program EIR identified a potential land use conflict between new residential uses in the specific plan area and adjacent agricultural uses. Such conflicts can lead to conversion of adjacent farmlands to other uses. The program EIR proposed mitigation measures for this potential impact that would reduce the impact's significance, although the EIR noted that the mitigation measure might not fully mitigate the impact. No additional mitigation measures are available for this impact. This finding would not be affected by the proposed Claus Road Right-of-Way Acquisition project because the project area and proposed land uses would remain the same. There would be no additional impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

III. AIR QUALITY. When available, the significance criteria established by the applicable air quality management or air pollution control district may be relied upon to make the following determinations. Would the project:

- | | | | | | |
|----|---|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Conflict with or obstruct implementation of the applicable air quality plan? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Violate any air quality standard or contribute substantially to an existing or projected air quality violation? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
c.	Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is a nonattainment area for an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d.	Expose sensitive receptors to substantial pollutant concentrations?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e.	Create objectionable odors affecting a substantial number of people?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on air quality are analyzed on pages III-45 through III-54 of the 1994 Supplement.

Responses to Checklist Questions

- a., b. The Village One Specific Plan program EIR found that air pollution from project-related construction traffic, project-related industrial/business park and urban area traffic, and fireplaces and wood stoves in planned residential areas would violate air quality standards and contribute to an existing air quality violation. Construction traffic emissions would contribute to violation of the state and federal 8-hour carbon monoxide (CO) and particulate matter (PM10) standards and the federal ozone standard in the Modesto Urban Area and the San Joaquin Valley Air Basin. Urban traffic pollution would contribute to violations of the state ozone, CO, and PM10 standards in the Modesto Urban Area and San Joaquin Valley Air Basin. Residential pollution would contribute to violations of the pollutant standard index in the Modesto Urban Area. Partial mitigation for these impacts is included in the program EIR (Mitigation Measures 3–5), and the City of Modesto adopted a statement of overriding consideration for each impact. The proposed Claus Road Right-of-Way Acquisition would not change the amount of development and construction in the project area, so trips generated by the project would not be affected and the types of land uses would not change. There would be no additional impact. No mitigation is required.

- c. The Village One Specific Plan program EIR found that air pollutant emissions associated with traffic at buildout of Village One would exacerbate the existing ozone, PM10, and CO violations in the Modesto area and cause a significant cumulative impact. Partial mitigation for these emissions is included in the program EIR (Mitigation Measures 4.5.3[a] and 4.5.3[b]), and the City of Modesto made a statement of overriding consideration for each impact. The proposed Claus Road Right-of-Way Acquisition would not change the amount of

traffic associated with buildout of Village One or the types of land uses, so trips generated by the project would not be affected. There would be no additional impact. No mitigation is required.

- d. The Village One Specific Plan program EIR found that PM10 generated during construction would aggravate the respiratory problems of people living and working nearby, therefore exposing sensitive receptors in the area to pollutant concentrations and causing a significant impact. However, the program EIR outlines mitigation measures that will be implemented to reduce the impact to an acceptable level (Mitigation Measure 40). The proposed Claus Road Right-of-Way Acquisition would not change the level of construction emissions. There would be no additional impact. No mitigation is required.
- e. The Right-of-Way Acquisition consists of concrete and asphalt roadway construction and does not contain any components that would create odors. The proposed Claus Road Right-of-Way Acquisition would not change planned uses of the project area. There would be no impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

IV. BIOLOGICAL RESOURCES. Would the project:

- | | | | | | |
|----|---|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special-status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. | Have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marshes, vernal pools, coastal wetlands, etc.) through direct removal, filling, hydrological interruption, or other means? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| d. | Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
e. Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f. Conflict with the provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on biological resources are analyzed on pages III-68 through III-79 of the 1994 Supplement.

Responses to Checklist Questions

- a. The Village One Specific Plan program EIR found that the Right-of-Way Acquisition could result in the loss of foraging habitat for Swainson's hawk, a state-listed threatened species, but found that mitigation measures identified in the program EIR would reduce the impact to a less-than-significant level. The proposed Claus Road Right-of-Way Acquisition would not change project area boundaries. There would be no additional impact. No mitigation is required.
- b. The Village One Specific Plan program EIR did not find that any riparian habitat or other designated sensitive natural community was present in the Right-of-Way Acquisition area, and so found that the project would have a less-than-significant impact. The proposed Claus Road Right-of-Way Acquisition would not change project area boundaries. There would be no impact. No mitigation is required.
- c. The Village One Specific Plan program EIR found that the Right-of-Way Acquisition would result in the loss of lands that might be classified as wetlands by the U.S. Army Corps of Engineers, but that, with mitigation, the impact would be less than significant. The proposed Claus Road Right-of-Way Acquisition would not change the project area boundaries or the areas that would be disturbed. There would be no additional impact. No mitigation is required.
- d. The Village One Specific Plan program EIR did not identify any migratory corridors in the Right-of-Way Acquisition area, nor did it find that the project would interfere with the movement of any species. The proposed Claus Road Right-of-Way Acquisition would not change the project area boundaries. There would be no impact. No mitigation is required.
- e., f. No local biological resource protection policies, ordinances, habitat conservation plans, or natural community conservation plans apply to the Village One Specific Plan area. There would be no impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
V. CULTURAL RESOURCES. Would the project:				
a. Cause a substantial adverse change in the significance of a historical resource as defined in Section 15064.5?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Cause a substantial adverse change in the significance of an archaeological resource pursuant to Section 15064.5?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Disturb any human remains, including those interred outside of formal cemeteries?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Responses to Checklist Questions

- a.-d. Impacts on cultural resources resulting from the Right-of-Way Acquisition (e.g., from construction of associated infrastructure) are addressed in the Opportunities/Constraints Report prepared for the Modesto Planning Commission (December 1, 1989). The report concluded that there are no known historic, archaeological, or paleontological resources in the Village One Specific Plan area. Based on the results of this report, (Cultural and Historic Resources Report, page 3) it was determined that the likelihood that the Right-of-Way Acquisition would change or disturb human remains or significant historic, archaeological, or paleontological resources was low.

The proposed Claus Road Right-of-Way Acquisition would not change the locations or types of construction in the project area nor the boundaries of the project area. Construction of roadway improvements will not result in effects on scattered existing structures. A Cultural Resources Assessment was prepared to determine if any of these affected structures are considered historic resources. The Cultural Resources Assessment is attached to this document as Appendix A. No historic structures are located within the Claus Road right-of-Way project. Therefore, no mitigation measures are necessary.

Since no archaeological, or paleontological resources were found in the previous document to be located in the project area, and since the proposed project would not have a significant impact on historic structures, there would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
VI.	GEOLOGY AND SOILS. Would the project:				
a.	Expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death involving:				
	1. Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	2. Strong seismic groundshaking?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	3. Seismic-related ground failure, including liquefaction?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	4. Landslides?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b.	Result in substantial soil erosion or the loss of topsoil?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c.	Be located on a geologic unit or soil that is unstable or that would become unstable as a result of the project and potentially result in an onsite or offsite landslide, lateral spreading, subsidence, liquefaction, or collapse?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d.	Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e.	Have soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts associated with geology and soils are analyzed on pages III-105 through III-108 of the 1994 Supplement.

Responses to Checklist Questions

- a.-d. The program EIR, as supplemented, found that the project area is not subject to geologic or soil-related hazards that cannot be adequately mitigated through the implementation of existing city regulations, such as the building code. No significant impacts were identified, and no mitigation measures were required. The proposed Claus Road Right-of-Way Acquisition would not change the locations or types of construction in the project area nor the boundaries of the project area. There would be no additional impact. No mitigation is required.
- e. The Village One Specific Plan included provisions for the project to be served by public sewers. No septic tanks or alternative wastewater systems were proposed. The proposed Claus Road Right-of-Way Acquisition project would not change the proposed method of wastewater disposal. There would be no impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

VII. HAZARDS AND HAZARDOUS MATERIALS.

Would the project:

- | | | | | | |
|----|--|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. | Emit hazardous emissions or involve handling hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| d. | Be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| e. | Be located within an airport land use plan area or, where such a plan has not been adopted, be within two miles of a public airport or public use airport, and result in a safety hazard for people residing or working in the project area? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
f.	Be located within the vicinity of a private airstrip and result in a safety hazard for people residing or working in the project area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g.	Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
h.	Expose people or structures to a significant risk of loss, injury, or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts associated with hazards and hazardous materials are analyzed on pages III-80 through III-94 and III-109 through III-119 of the 1994 Supplement.

Responses to Checklist Questions

- a.-c. The Village One Specific Plan does not allow any land uses that would use hazardous materials. The proposed Claus Road Right-of-Way Acquisition would not change land uses or project area boundaries. There would be no impact. No mitigation is required.
- d. The Village One Specific Plan program EIR, as supplemented, found no hazardous materials were stored at the Claus Road Right-of-Way project. No significant impacts were identified, and no mitigation measures were required. The proposed Claus Road Right-of-Way Acquisition would not change the locations or types of construction in the project area nor the boundaries of the project area. There would be no additional impact. No mitigation is required.
- e. The Village One Specific Plan program EIR found that the Right-of-Way Acquisition would not be located in an airport land use plan area or within 2 miles of a public airport. The proposed Claus Road Right-of-Way Acquisition would not change the project area boundaries. There would be no impact. No mitigation is required.
- f. The Village One Specific Plan program EIR found that a private airstrip, the Eastside Mosquito Abatement District Airstrip, is located east of the eastern border of the Right-of-Way Acquisition area. However, take-offs and landings were found to take place parallel to and outside the area's border, and flight patterns are generally situated to the east of the project area. The proposed Claus

Road Right-of-Way Acquisition would not change the project area boundaries. There would be no additional impact. No mitigation is required.

- g. Since the adoption of the Village One Specific Plan, the Modesto General Plan has been updated to include development of Village One consistent with the specific plan. City emergency plans are developed with the assumption that the Village One Specific Plan will be implemented. The proposed Claus Road Right-of-Way Acquisition would not change construction, land use, or other physical attributes of the Right-of-Way Acquisition. There would be no additional impact. No mitigation is required.
- h. The Right-of-Way Acquisition is located in an area of the City of Modesto planned for buildout of an urban neighborhood. Currently, less than 50% of the project area remains undeveloped, with a covering of dry brush and vegetation. The potential for wildland fires is low, and this potential will decrease as buildout continues. Adoption of the proposed Claus Road Right-of-Way Acquisition would not change the schedule or amounts of development. There would be no additional impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

VIII. HYDROLOGY AND WATER QUALITY.

Would the project:

- | | | | | | |
|----|--|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Violate any water quality standards or waste discharge requirements? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Substantially deplete groundwater supplies or interfere substantially with groundwater recharge, resulting in a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level that would not support existing land uses or planned uses for which permits have been granted)? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. | Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner that would result in substantial erosion or siltation onsite or offsite? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| d. | Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or amount of surface runoff in a manner that would result in flooding onsite or offsite? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
e.	Create or contribute runoff water that would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f.	Otherwise substantially degrade water quality?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g.	Place housing within a 100-year flood hazard area, as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
h.	Place within a 100-year flood hazard area structures that would impede or redirect floodflows?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
i.	Expose people or structures to a significant risk of loss, injury, or death involving flooding, including flooding as a result of the failure of a levee or dam?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
j.	Contribute to inundation by seiche, tsunami, or mudflow?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts associated with hydrology are analyzed on pages III-109 through III-119 of the 1994 Supplement.

Responses to Checklist Questions

- a. The Village One Specific Plan program EIR did not find that the Right-of-Way Acquisition would violate any water quality standards or waste discharge requirements. The proposed Claus Road Right-of-Way Acquisition would not change water use or discharge associated with the Right-of-Way Acquisition. There would be no additional impact. No mitigation is required.
- b. The Village One Specific Plan program EIR found that the Right-of-Way Acquisition might interfere with local groundwater recharge. However, the impact was found to be less than significant because the project area is not a major groundwater recharge area and the project includes a recharge/discharge plan for disposal of stormwater runoff and recharge of groundwater. The proposed Claus Road Right-of-Way Acquisition would not change the amount of impervious surface in the project area or the proposed storm drain facilities. There would be no additional impact. No mitigation is required.

- c.-e. The Village One Specific Plan program EIR found that the Right-of-Way Acquisition will substantially alter the existing drainage pattern of the area but, because the project will incorporate an urban storm drain system, will not result in any erosion impacts. The proposed Claus Road Right-of-Way Acquisition would not change the amount of impervious surface or the proposed storm drain facilities. There would be no additional impact. No mitigation is required.
- f. The Village One Specific Plan program EIR did not find that the Right-of-Way Acquisition would otherwise substantially degrade water quality. The proposed Claus Road Right-of-Way Acquisition would not change water use or discharge associated with the Right-of-Way Acquisition. There would be no additional impact. No mitigation is required.
- g.-i. According to the Village One Specific Plan program EIR, the Right-of-Way Acquisition is not situated in a 100-year flood hazard area or downstream from a levee or dam. The proposed Claus Road Right-of-Way Acquisition would not change the project area boundaries. There would be no impact. No mitigation is required.
- j. The Right-of-Way Acquisition area is located in a flat, inland area not susceptible to seiche, tsunami, or mudflow. There would be no impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

IX. LAND USE AND PLANNING. Would the project:

- | | | | | | |
|----|---|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Physically divide an established community? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Conflict with any applicable land use plan, policy, or regulation of an agency with jurisdiction over the project (including, but not limited to, a general plan, specific plan, local coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. | Conflict with any applicable habitat conservation plan or natural community conservation plan? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Impacts associated with land use and planning are analyzed on pages III-80 through III-94 of the 1994 Supplement.

Responses to Checklist Questions

- a. The proposed Claus Road Right-of-Way Acquisition would not result in any physical changes to the environment beyond those proposed as a part of the Right-of-Way Acquisition. Village One would continue to be developed as a planned community; therefore, the Claus Road Right-of-Way Acquisition would not divide an established community. There would be no impact, and no mitigation is required.
- b., c. The Village One Specific Plan has been adopted by the City of Modesto and has been incorporated into the Modesto General Plan. The proposed Claus Road Right-of-Way Acquisition would be consistent with the Village One Specific Plan. There are no other applicable land use or conservation plans for the project area. There would be no impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

X. MINERAL RESOURCES. Would the project:

- | | | | | | |
|----|---|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Responses to Checklist Questions

- a., b. No known mineral resources or important recovery sites are located in the Village One Specific Plan Area. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XI. NOISE.	Would the project:				
a.	Expose persons to or generate noise levels in excess of standards established in a local general plan or noise ordinance or applicable standards of other agencies?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b.	Expose persons to or generate excessive groundborne vibration or groundborne noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c.	Result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d.	Result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e.	Be located within an airport land use plan area, or, where such a plan has not been adopted, within two miles of a public airport or public use airport and expose people residing or working in the project area to excessive noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f.	Be located in the vicinity of a private airstrip and expose people residing or working in the project area to excessive noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts associated with noise are analyzed on pages III-55 through III-67 of the 1994 Supplement.

Responses to Checklist Questions

- a., c. The Village One Specific Plan program EIR found that traffic associated with the Right-of-Way Acquisition would expose existing residential uses on Claus Road and Sylvan Avenue, to noise levels exceeding the general plan thresholds for residential uses. Mitigation measures identified in the program EIR were determined to reduce the level of impact, but not to a less-than-significant level. The City made a statement of overriding considerations when it certified the 1994 Supplement.

The program EIR also found that proposed residential housing in the project area would be exposed to noise levels exceeding general plan thresholds, but mitigation measures were incorporated to reduce the impact to a less-than-significant level. The proposed Claus Road Right-of-Way Acquisition would not change project-related noise-generating activities. There would be no additional impact. No mitigation is required.

- b. The Village One Specific Plan program EIR found that the Right-of-Way Acquisition would not expose people to, or generate excessive, groundborne vibration or groundborne noise levels. The proposed Claus Road Right-of-Way Acquisition would not change project-related noise-generating activities. There would be no impact. No mitigation is required.
- d. The Village One Specific Plan program EIR found that construction of the Right-of-Way Acquisition would result in a substantial temporary increase in ambient noise levels for residential housing. However, mitigation measures were incorporated into the program EIR to reduce the impact to a less-than-significant level. The proposed Claus Road Right-of-Way Acquisition would not change construction activities. There would be no additional impact. No mitigation is required.
- e. The Village One Specific Plan program EIR found that the Right-of-Way Acquisition would not be located in an airport land use plan area or within 2 miles of a public airport. The proposed Claus Road Right-of-Way Acquisition would not change the project area. There would be no impact. No mitigation is required.
- f. The Village One Specific Plan program EIR found that a private airstrip, the Eastside Mosquito Abatement District Airstrip, is located east of the eastern border of the Right-of-Way Acquisition area. However, take-offs and landings take place parallel to and outside the area's border, and flight patterns are generally situated east of the project area. The adjacent land use would be a business park, which would not be significantly affected by the limited noise generated at the airstrip. The proposed Claus Road Right-of-Way Acquisition would not change land use designations or the boundaries of the project area. There would be no additional impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XII. POPULATION AND HOUSING. Would the project:				
a. Induce substantial population growth in an area, either directly (e.g., by proposing new homes and businesses) or indirectly (e.g., through extension of roads or other infrastructure)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Displace a substantial number of existing housing units, necessitating the construction of replacement housing elsewhere?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Displace a substantial number of people, necessitating the construction of replacement housing elsewhere?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on population and housing are analyzed on pages III-95 through III-99 of the 1994 Supplement.

Responses to Checklist Questions

- a.-c. The Village One Specific Plan program EIR found that the Right-of-Way Acquisition would result in no significant impacts on population and housing units. The proposed Claus Road Right-of-Way Acquisition would not change the amount of housing or employment in the specific plan area. There would be no impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XIII. PUBLIC SERVICES. Would the project:				
a. Result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities or a need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times, or other performance objectives for any of the following public services:				

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
Fire protection?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Police protection?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Schools?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Parks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Other public facilities?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on public services are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

- a. The Village One Specific Plan program EIR found that the only significant impact the Right-of-Way Acquisition would have on public services would be in the areas of fire protection and law enforcement. Mitigation measures were identified in the program EIR to reduce the level of this impact to a less-than-significant level. No other significant impacts on public services were identified. The proposed Claus Road Right-of-Way Acquisition would ensure that cost estimates for funding public service improvements are up to date. The Claus Road Right-of-Way Acquisition would not change the provision of public services. There would be no additional impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XIV. RECREATION. Would the project:				
a. Increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Include recreational facilities or require the construction or expansion of recreational facilities that might have an adverse physical effect on the environment?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on recreation are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

- a., b. No significant impacts on recreation were identified in the program EIR. The Claus Road Right-of-Way Acquisition would not change the provision of parks and recreation facilities. There would be no additional impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
XV. TRANSPORTATION/TRAFFIC. Would the project:				
a. Cause an increase in traffic that is substantial in relation to the existing traffic load and capacity of the street system (i.e., result in a substantial increase in the number of vehicle trips, the volume-to-capacity ratio on roads, or congestion at intersections)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Cause, either individually or cumulatively, exceedance of a level-of-service standard established by the county congestion management agency for designated roads or highways?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Substantially increase hazards because of a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e. Result in inadequate emergency access?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f. Result in inadequate parking capacity?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g. Conflict with adopted policies, plans, or programs supporting alternative transportation (e.g., bus turnouts, bicycle racks)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on transportation and traffic are analyzed on pages III-40 – III-44 of the 1994 Supplement.

Responses to Checklist Questions

- a., b. The Village One Specific Plan program EIR found that the Right-of-Way Acquisition would cause an increase in traffic that is substantial in relation to the existing traffic load and capacity of the street system and would affect level of service at several intersections. Mitigation measures identified in the program EIR were identified to reduce impacts to a less-than-significant level for all intersections except the Briggsmore Avenue/Oakdale Avenue intersection. For that intersection, the impact was determined to be significant and not mitigable. The City of Modesto made a statement of overriding considerations for that impact at the time it certified the 1994 Supplement. The proposed Claus Road Right-of-Way Acquisition would not alter traffic patterns in the project area or result in additional trips. There would be no additional impact. No mitigation is required.
- c. The Village One Specific Plan program EIR did not find that the Right-of-Way Acquisition would result in a change in air traffic patterns. The proposed Claus Road Right-of-Way Acquisition does not include any elements that would affect air traffic patterns. There would be no impact. No mitigation is required.
- d. The Village One Specific Plan program EIR did not find that the Right-of-Way Acquisition included any hazardous design features or increased any incompatible uses for roads in the project area. The proposed Claus Road Right-of-Way Acquisition would not change roadway design or land uses. There would be no impact. No mitigation is required.
- e. The Village One Specific Plan program EIR did not find that the Right-of-Way Acquisition would result in inadequate emergency access in the project area. Project design included provision of adequate roadways to serve the Village One development. The proposed Claus Road Right-of-Way Acquisition would not change roadway design or land uses. There would be no additional impact. No mitigation is required.
- f. The Village One Specific Plan program EIR did not find that the Right-of-Way Acquisition would result in inadequate parking capacity in the project area. The provision of parking, consistent with zoning requirements for all land uses, will be required. The proposed Claus Road Right-of-Way Acquisition would not change land use standards related to parking or amounts or intensity of development. There would be no impact. No mitigation is required.
- g. The Village One Specific Plan has been adopted by the City of Modesto. Policies of the specific plan are coordinated with the policies of the general plan, including those applicable to transportation. The proposed Claus Road Right-of-Way Acquisition does not include any changes related to transportation policies, and would have no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
XVI. UTILITIES AND SERVICE SYSTEMS.	Would the project:				
a.	Exceed wastewater treatment requirements of the applicable Regional Water Quality Control Board?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b.	Require or result in the construction of new water or wastewater treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c.	Require or result in the construction of new stormwater drainage facilities or expansion of existing facilities, the construction of which could cause significant environmental effects?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d.	Have sufficient water supplies available to serve the project from existing entitlements and resources, or would new or expanded entitlements be needed?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e.	Result in a determination by the wastewater treatment provider that serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f.	Be served by a landfill with sufficient permitted capacity to accommodate the project's solid waste disposal needs?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g.	Comply with federal, state, and local statutes and regulations related to solid waste?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on utilities and service systems are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

- a. The City provides sewer services to the Village One area. All wastewater would be directed to city wastewater treatment facilities. No wastewater discharges would occur in the project area. The proposed Claus Road Right-of-Way Acquisition would not increase the amount of wastewater that will be generated at buildout of the Right-of-Way Acquisition. There would be no additional impact. No mitigation is required.

- b., e. The Village One Specific Plan program EIR discusses the changes and new facilities that will be needed for the Right-of-Way Acquisition. The EIR found that, with mitigation, there would be no significant impact on water or wastewater infrastructure. The proposed Claus Road Right-of-Way Acquisition would not change the project demand for water or wastewater service. There would be no additional impact. No mitigation is required.
- c. The Village One Specific Plan program EIR discusses the changes and new facilities that will be needed for the Right-of-Way Acquisition. The EIR found that, with mitigation, there would be no significant impact on stormwater drainage facilities. An update to the Storm Drainage Master Plan has been prepared and is under consideration by the City. An addendum to the Village One program EIR for the Storm Drainage Master Plan has also been prepared and is under consideration by the City. The proposed Claus Road Right-of-Way Acquisition would not change the project drainage plans or expected volume of stormwater. The project would not result in any additional impacts or the need for any additional mitigation beyond that assessed in the Addendum to the Village One Program EIR for the Storm Drainage Master Plan.
- d. The Village One Specific Plan program EIR found that, with mitigation, the effects of the Right-of-Way Acquisition on water supply would be less than significant. The proposed Claus Road Right-of-Way Acquisition would not change the Right-of-Way Acquisition's demand for water. There would be no additional impact. No mitigation is required.
- f., g. The Village One Specific Plan program EIR found that the area's landfills have sufficient permitted capacity to accommodate the Right-of-Way Acquisition's solid waste disposal needs. The proposed Claus Road Right-of-Way Acquisition would not result in any physical changes in the environment or the generation of any additional solid waste. There would be no impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

XVII. MANDATORY FINDINGS OF SIGNIFICANCE.

- | | | | | | |
|----|--|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Does the project have impacts that are individually limited but cumulatively considerable? (“Cumulatively considerable” means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.) | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. | Does the project have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Cumulative impacts are analyzed on page III-161 of the 1994 Supplement.

Responses to Checklist Questions

- a. As described above, the proposed Claus Road Right-of-Way Acquisition would not result in any significant impacts on the environment over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.
- b. As described above, the proposed Claus Road Right-of-Way Acquisition would not result in any significant impacts, either on a project or on cumulative level, over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.
- c. As described above, the proposed Claus Road Right-of-Way Acquisition would not result in any significant impacts affecting humans over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-383**

**A RESOLUTION APPROVING THE FY 2003-2004 BUDGET FOR THE
STANISLAUS RESOURCE RECOVERY (“WASTE-TO-ENERGY”) FACILITY**

WHEREAS, on December 17, 1985, the City of Modesto and County of Stanislaus entered into an agreement for administration of the City/County Service Agreement with the Stanislaus Waste Energy Company (now Covanta Stanislaus) for supply and acceptance of solid waste, and

WHEREAS, since that time, the City has been partners with Stanislaus County and Covanta Stanislaus in the Stanislaus Resource Recovery Facility (the “Waste-to-Energy” or “WTE” Facility), and

WHEREAS, the Agreement established a Solid Waste-to-Energy Executive Committee (“Executive Committee”) to prepare an annual budget for each fiscal year, which Waste-to-Energy annual budget is to be submitted to the City Council and Board of Supervisors for approval, and

WHEREAS, at its June 12, 2003, meeting the Solid Waste-to-Energy Executive Committee considered the 2003/2004 budget as shown in the attached Exhibit “A”, and the Executive Committee unanimously approved forwarding the 2003/2004 Waste-to-Energy budget to the Modesto City Council and the Stanislaus County Board of Supervisors for approval,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the FY 2003-2004 Waste-to-Energy Project Budget, a copy of which is attached hereto as **Exhibit “A”** and incorporated herein by reference, as recommended by the City/County Solid Waste-to-Energy Executive Committee.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

NOES: Councilmembers: None

ABSENT: Councilmembers: None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-384**

A RESOLUTION AUTHORIZING STAFF TO SOLICIT REQUESTS FOR PROPOSALS FOR THE “TRAFFIC SIGNAL COORDINATION PROJECT WITHIN DOWNTOWN MODESTO.”

WHEREAS, in January, 2001, staff applied for and was successful in securing federal funding from the Congestion Mitigation Air Quality (CMAQ) grant program for this project in the amount of \$159,354, and

WHEREAS, RSTP/CMAQ match funds were requested in the amount of \$20,000. The City’s match will be \$646 if the RSTP/CMAQ match funds are approved or \$20,646, if we do not get the match funds, and

WHEREAS, the total project cost is \$180,000 and funds are budgeted in “Traffic Coordination Downtown,” account no. 2300-160-N062, and

WHEREAS, a coordinated traffic signal system must be maintained with new baseline data collected every three to four years. Our last major downtown signal timing project was done in 1998, and

WHEREAS, the project involves collecting traffic count data and retiming 68 current and 3 future traffic signals in downtown Modesto, and

WHEREAS, the Economic Development Committee reviewed this project at its meeting on June 9, 2003, and recommended approval of the project, and

WHEREAS, the consultant selection will be a one-step combined RFQ and RFP process, a selection panel, appointed by the Engineering & Transportation Director, will review the proposals and recommend negotiations with the best qualified consulting firm,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes staff to solicit a competitive Request For Proposal (RFP) for a Traffic Signal Coordination Project within downtown Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Frohman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-385**

A RESOLUTION AUTHORIZING STAFF TO SOLICIT A REQUEST FOR PROPOSALS (RFP) FOR A NEW BUS BENCH FRANCHISE AND INTERIOR BUS ADVERTISING LEASE TO BECOME EFFECTIVE JANUARY 1, 2004, AND APPOINTING A MEMBER OF THE CITY COUNCIL TO SERVE ON THE PROPOSAL EVALUATION COMMITTEE.

WHEREAS, the current bus bench franchise and interior bus advertising lease expire December 31, 2003, and

WHEREAS, bus benches are used by Modesto Area Express (MAX) customers to wait for buses and are particularly important to individuals who, because of age or physical disability, cannot stand for long periods of time, and

WHEREAS, continuation of the bus bench franchise saves the City a minimum of \$50,000 annually in maintenance expenses, and

WHEREAS, the City Council has expressed an interest in participating on panels that evaluate proposals, and

WHEREAS, the Economic Development Committee met on June 9, 2003, and supported the recommendation of City staff, and

WHEREAS, by an agenda report to the City Council dated June 25, 2003, from the Engineering and Transportation Director, City staff recommended that the Council approve soliciting a request for proposals for a new bus bench franchise and interior bus advertising lease and consider appointing a Councilmember to the proposal evaluation committee as either a voting or non-voting member.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that staff is authorized to solicit a request for proposals for a new bus bench franchise and interior bus advertising lease,

BE IT FURTHER RESOLVED that Councilmember Keating is appointed to serve on the proposal evaluation committee as a voting member.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Frohman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-386**

**A RESOLUTION APPROVING A PERSONAL COMPUTER USE POLICY FOR
THE MAYOR AND COUNCILMEMBERS**

WHEREAS, in preparation for the Year 2000, The City of Modesto transitioned off a mainframe computer architecture to a client/server architecture, instituting a City wide network, internet connection and a standard e-mail system, and

WHEREAS, in August 2000, the City Council approved three computer policies for governing the use of this new architecture, including the use of personal computers, the Internet and e-mail, and

WHEREAS, these three policies were designed to protect the City's interest and liability for all City staff but contained no special provisions for Council, and

WHEREAS, these special provisions are now included in this recommended Council Policy, and

WHEREAS, they include non City e-mail access, personal use of the Internet, use of private computer equipment for City business, technical support staff availability, security and damaged or lost computer equipment, and

WHEREAS, IT and the City Manager's office have worked together to develop the attached policy, and

WHEREAS, a Personal Computer Use Policy was submitted to the Finance Committee on April 21 2003 and the Committee recommended that the policies be reviewed.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby adopts the attached PC Use Policy for the Mayor and Council members

BE IT FURTHER RESOLVED THAT THE Council hereby authorizes the City Manager or his designee to implement and enforce said policies.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Council member Conrad, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-387**

**A RESOLUTION APPROVING A PHASED PROGRAM OF METER
INSTALLATION AND METERED WATER BILLING OF SINGLE-FAMILY
DWELLINGS IN THE CITY'S OUTLYING WATER SYSTEMS, BEGINNING
WITH THE GRAYSON AND DEL RIO SYSTEMS.**

WHEREAS, Section 11-1.06 of the Modesto Municipal Code establishes the rules and regulations for metered water service, and

WHEREAS, due to water quality issues throughout the City of Modesto water systems, there exists a water shortage potential due to water quality concerns, and

WHEREAS, the City's nine outlying water systems are entirely dependent on groundwater sources for water supply, and

WHEREAS, this dependence on groundwater requires effective strategies to limit or reduce water consumption in these areas, and

WHEREAS, the City is concerned about its ability to pump sufficient water to customers in these areas to meet demand, and

WHEREAS, City staff has developed a water conservation augmentation plan to address current water capacity issues, and

WHEREAS, City staff recommends a phased program of meter installation and metered water billing of single-family dwellings in the City's outlying water systems, beginning with the Del Rio and Grayson water systems, and

WHEREAS, city staff also recommends that the metered billing of single-family dwellings in the City's outlying water systems of Grayson and Del Rio will occur only after six months of water consumption and rate comparison information has been provided to the individual water customers, and

WHEREAS, on May 12, 2003, the City Council Economic Development Committee approved staff's recommendation, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves City staff's recommendation for a phased program of meter installation and metered water billing of single-family dwellings in the City's outlying water systems, beginning with the Grayson and Del Rio systems.

BE IT FURTHER RESOLVED that the metered billing of single-family dwellings in the City's outlying water systems of Grayson and Del Rio will occur only after six months of water consumption and rate comparison information has been provided to the individual water customers.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of July, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-393**

A RESOLUTION APPROVING AN AGREEMENT FOR \$14,700.00 BETWEEN THE CITY OF MODESTO AND JIM D. AND MARIANA SANFORD AND RICHARD WAYNE FRITZ AND RYAN ALEXANDER FRITZ (APN 085-01-47) FOR A TEMPORARY CONSTRUCTION EASEMENT ACQUISITION FOR CONSTRUCTION OF A 60" STORM DRAIN PIPE WITH THE HILLGLEN STORM DRAIN PROJECT AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT AND ALL RELATED PROPERTY DOCUMENTS AS GRANTEE ON BEHALF OF THE CITY OF MODESTO

WHEREAS, a 60 inch diameter storm drain pipeline is needed to connect the easterly portion of Village One to the existing West Basin, and

WHEREAS, prior to construction of a 60 inch diameter storm drain pipeline a temporary construction easement needs to be acquired in the future Hillglen Avenue, and

WHEREAS, the property needed for said easements for the project is identified as a portion of Assessor's Parcel No: 085-01-47, and is owned by Jim D. and Mariana Sanford and Richard Wayne Fritz and Ryan Alexander Fritz, and

WHEREAS, an Agreement is needed for the acquisition of the temporary construction easement, and

WHEREAS, the City of Modesto desires to acquire a temporary construction easement from Jim D. and Mariana Sanford and Richard Wayne Fritz and Ryan Alexander Fritz for Assessors Parcel No. 085-01-47,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Agreement for the amount of \$14,700.00 between the City of Modesto and Jim D. and Mariana Sanford and Richard Wayne Fritz and Ryan Alexander Fritz, for the Hillglen Avenue Storm Drain project is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute all related property documents as Grantee on behalf of the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-395**

A RESOLUTION FINDING THAT THE HILLGLEN AVENUE STORM DRAIN PROJECT IS WITHIN THE SCOPE OF THE VILLAGE ONE PROGRAM EIR (SCH NO. 90020181) AS AMENDED BY THE ADDENDUM FOR THE VILLAGE ONE STORM DRAINAGE MASTER PLAN UPDATE

WHEREAS, in 1990, the Modesto City Council has adopted Resolution No. 90-757 certifying that the Village One final Program Environmental Impact Report (Village One EIR) (SCH # 90020181) was complete and adequate pursuant to California Environmental Quality Act (“CEQA”) Guidelines Section 15090, and

WHEREAS, in 1994, the Modesto City Council adopted Resolution No. 94-297, certifying that the Final Supplemental Environmental Impact Report (“Supplemental EIR”) for the Village One EIR (SCH# 90020181) was complete and adequate, which superseded and amended the original Village One final Program EIR, and

WHEREAS, CEQA Guidelines Section 15164 permits the preparation of an addendum to a previously certified EIR if only minor technical changes or additions are necessary and none of the conditions described in Section 15162 calling for preparation of a subsequent EIR have occurred, and

WHEREAS, on May 6, 2003, the Modesto City Council adopted Resolution No. 2003-223 certifying the Village One Storm Drainage Master Plan Update as an Addendum to the Village One EIR, as amended by the Supplemental EIR, and

WHEREAS, the Village One Storm Drainage Master Plan Update includes the installation of a 60” diameter storm drain pipeline on Hillglen Avenue, and

WHEREAS, the City plans to install the 60” diameter storm drain pipeline as a part of the Hillglen Avenue Storm Drain project, and

WHEREAS, public utility easements and temporary construction easements are required prior to the 60” diameter storm drain pipeline installation.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Council finds as follows:

1. The project is within the scope of the Village One Program EIR as amended by the Addendum for the Village One Storm Drainage Master Plan Update.
2. There are no substantial changes proposed in the project which will require major revisions of the Village One Program EIR.
3. There are no substantial changes occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Village One Program EIR.
4. No new information, which was not known and could not have been known at the time the Village One Program EIR was certified as complete, has become available.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Council certifies that the Hillglen Avenue Storm Drain project is within the scope of the Village One Program EIR (SCH No. 90020181), as amended by the Village One Storm Drainage Master Plan Update.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-407**

A RESOLUTION FINDING THAT THE HILLGLEN AVENUE STORM DRAIN PROJECT IS WITHIN THE SCOPE OF THE VILLAGE ONE PROGRAM EIR (SCH NO. 90020181) AS AMENDED BY THE ADDENDUM FOR THE VILLAGE ONE STORM DRAINAGE MASTER PLAN UPDATE

WHEREAS, in 1990, the Modesto City Council has adopted Resolution No. 90-757 certifying that the Village One final Program Environmental Impact Report (Village One EIR) (SCH # 90020181) was complete and adequate pursuant to California Environmental Quality Act ("CEQA") Guidelines Section 15090, and

WHEREAS, in 1994, the Modesto City Council adopted Resolution No. 94-297, certifying that the Final Supplemental Environmental Impact Report ("Supplemental EIR") for the Village One EIR (SCH# 90020181) was complete and adequate, which superseded and amended the original Village One final Program EIR, and

WHEREAS, CEQA Guidelines Section 15164 permits the preparation of an addendum to a previously certified EIR if only minor technical changes or additions are necessary and none of the conditions described in Section 15162 calling for preparation of a subsequent EIR have occurred, and

WHEREAS, on May 6, 2003, the Modesto City Council adopted Resolution No. 2003-223 certifying the Village One Storm Drainage Master Plan Update as an Addendum to the Village One EIR, as amended by the Supplemental EIR, and

WHEREAS, the Village One Storm Drainage Master Plan Update includes the installation of a 60" diameter storm drain pipeline on Hillglen Avenue, and

WHEREAS, the City plans to install the 60" diameter storm drain pipeline as a part of the Hillglen Avenue Storm Drain project, and

WHEREAS, public utility easements and temporary construction easements are required prior to the 60" diameter storm drain pipeline installation.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Council finds as follows:

1. The project is within the scope of the Village One Program EIR as amended by the Addendum for the Village One Storm Drainage Master Plan Update.

2. There are no substantial changes proposed in the project which will require major revisions of the Village One Program EIR.
3. There are no substantial changes occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Village One Program EIR.
4. No new information, which was not known and could not have been known at the time the Village One Program EIR was certified as complete, has become available.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Council certifies that the Hillglen Avenue Storm Drain project is within the scope of the Village One Program EIR (SCH No. 90020181), as amended by the Village One Storm Drainage Master Plan Update.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-410**

A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO FORMALLY SOLICIT REQUEST FOR BIDS FOR THE FURNISHING OF BUSINESS CARDS, LETTERHEAD AND PRINTED ENVELOPES ON A "CITY WIDE" BASIS, FOR A THREE (3) YEAR AGREEMENT WITH TWO (2) ONE-YEAR EXTENSION OPTIONS.

WHEREAS, in order to provide a more efficient, cost effective means for the City to order business cards, letterhead and printed envelopes, the Purchasing Division submitted a Request for Information (RFI) to prospective vendors for electronic ordering of these printed documents, and

WHEREAS, the RFI was submitted to twenty-two (22) companies, and

WHEREAS, eight (8) companies responded with having the capabilities of providing services outlined in the RFI, and

WHEREAS, these eight (8) companies shall become the core list of vendors for the Request for Bid (RFB), and

WHEREAS, City departments and divisions will be able to place orders on-line by means of an electronic account accessed by an electronic pass code, and

WHEREAS, the account will be specific to that department or division and will include the billing address, delivery address and authorized personnel able to place orders, and

WHEREAS, the Purchasing Division shall maintain the "City Wide" list of accounts and pass codes, and

WHEREAS, when placing an order a color template of the requested document will appear on-line, and

WHEREAS, the template will consist of the City's logo and name set in a pre-determined location on the document, and

WHEREAS, the requestor will then input all of the specific information pertaining to the order onto the template, and

WHEREAS, once the information is entered the template becomes the proof, and

WHEREAS, the proof is confirmed when the requestor executes the order, and

WHEREAS, two (2) delivery schedules will be available to the City, and

WHEREAS, for critical needs departments can place orders for a two (2) business day turnaround, and

WHEREAS, for non-critical needs a seven (7) business day turnaround will be available at a reduced cost, and

WHEREAS, seven (7) business days allows the vendor to accumulate orders for gang-runs, thus providing a cost reduction to the City, and

WHEREAS, a pricing schedule will be provided at order entry, and

WHEREAS, on-line ordering will expedite the order process, and

WHEREAS, at the time of order entry the requestor shall have the ability to review and confirm a color proof, and

WHEREAS, once the requestor executes the order, the order can then be scheduled into production, and

WHEREAS, this process reduces staff time by eliminating the need to fax or mail proofs and reduces paper consumption, and

WHEREAS, on-line ordering is the tool of the future, and

WHEREAS, these stationery items are the perfect medium for this process, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, by soliciting competitive bids for business cards, letterhead, and printed envelopes the Finance Department Purchasing Division will comply with MMC Section 8-3.203 regarding formal bid procedures,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for the purchase of business cards, letterhead and printed envelopes on a "City Wide" basis, for a three (3) year agreement with two (2) one-year extension options, to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened, they shall be tabulated and analyzed and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-411**

A RESOLUTION AUTHORIZING THE AWARD OF REQUEST FOR PROPOSAL NO. 0203-28 FOR FUEL CARDLOCK SERVICES TO BOYETT PETROLEUM OF MODESTO, CA, FOR AN ESTIMATED ANNUAL AMOUNT OF \$1.5 MILLION DOLLARS FOR AN INITIAL PERIOD OF THREE (3) YEARS, WITH TWO (2) ONE YEAR EXTENSION OPTIONS AND AUTHORIZING THE CITY MANAGER TO EXECUTE A CONTRACT WITH BOYETT PERTOLEUM TO PROVIDE FUEL CARDLOCK SERVICES TO THE CITY

WHEREAS, the Fleet Services Division of the Operations and Maintenance Department – Water Division has requested the purchase of fuel card lock services, and

WHEREAS, the existing fuel card lock services contract had expired, and

WHEREAS, Request for Proposals were issued in April of 2002 for Fuel Cardlock services, and

WHEREAS, two (2) responsive proposals were received and one of the proposers alleged that the RFP process was flawed, and

WHEREAS, based on allegations of a flawed process, Council authorized rejecting all responses in Resolution No. 2002-589, and authorized the Purchasing Supervisor to re-issue the RFP, and

WHEREAS, in December of 2002, the re-issuance of the RFP went before the Finance Committee for specific changes to specifications and evaluation criteria, and

WHEREAS, some of the suggested changes are as follows:

- Award language based on total evaluation criteria
- Hold a proposer's conference
- Allow for protests during the RFP process
- Award criteria and weighting to be disclosed in bid.
- Pricing to be weighted more heavily.
- Try and achieve objectivity vs subjectivity
- Councilmember to observe evaluation process

- Evaluation Committee should have impartial subject matter experts, and

WHEREAS, on April 21, 2003, RFP No. 0203-28 was mailed to twenty-four (24) prospective proposers , was advertised in the Modesto Bee and was posted on the Purchasing web page, and

WHEREAS, the RFP incorporated all of the above suggested changes, and

WHEREAS, two (2) responses were received and opened on May 27, 2003 and both were considered to be responsive based on the new requirements, and

WHEREAS, the two (2) responses were then moved to an evaluation committee for evaluation based on total evaluation criteria, and

WHEREAS, the evaluation was comprised of representatives from the Purchasing and Fleet Divisions, as well as subject matter experts from the cities of Fresno and Livermore, and

WHEREAS, the committee toured three sites from each proposer to evaluate the fueling functionality of each site with heavy and light City vehicles, and

WHEREAS, at each site the committee took notes and digital pictures to document fueling site functionality, and

WHEREAS, the committee then met to evaluate each proposer based on site visits and historical fueling data, and

WHEREAS, the committee's weightings per evaluation criteria are listed below.

Evaluation Criteria and Weighting as approved by Council	Possible Points	W.H.Breshears	Boyett
Relevant Experience	5	5	5
Company Background	5	5	5
Fuel Sites and Hours of Operations	30	27	30
Auditing, QA Programs, Reporting Systems	25	25	25
Pricing	<u>35</u>	<u>28</u>	<u>35</u>
Total Points	100	90	100

and

WHEREAS, the weightings for pricing are based on combined mark-ups that factors both base and surcharge markups, and

WHEREAS, MMC 8-3.203 allows for consideration to be given to factors other than price alone in determining the "lowest responsive and responsible proposer", and

WHEREAS, based on total evaluation criteria, as determined by the evaluation committee, staff hereby recommends awarding the contract for Fuel Cardlock Services to Boyett Petroleum, of Modesto, CA, for an estimated annual amount of \$1.5 million dollars. and

WHEREAS, the initial term of the agreement shall be for a period of three (3) years, with two (2) one-year extension options,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards the Request for Proposal (RFP) No. 0203-28, for Fuel Cardlock Services to Boyett Petroleum of Modesto, CA, for an initial period of three (3) years, with two (2) one-year extension options.

BE IT FURTHER RESOLVED that the City Manager is hereby authorized to execute a contract with Boyett Petroleum, of Modesto, CA to provide said Fuel Cardlock Services to the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of July, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Conrad, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-412**

A RESOLUTION AWARDING A BID TO AMERICAN AVK COMPANY OF FRESNO CA. FOR FIRE HYDRANTS AND CAPS IN THE AMOUNT OF \$85,386.75, AND TO FERGUSON ENTERPRISES OF ROSEVILLE, CA. FOR WATER VALVES IN THE AMOUNT OF \$135,655.28. THE TOTAL ESTIMATED ANNUAL AMOUNT FOR WATER VALVES AND FIRE HYDRANTS IS \$221,042.03.

WHEREAS, the Finance Department-Central Stores Division has request the purchase of water valves and fire hydrants, and

WHEREAS, Resolution 2003-185 authorized the Purchasing Supervisor to solicit Request for Bids (RFB) for water valves and fire hydrants, and

WHEREAS, the term of the contracts(s) shall be from August 1, 2003, through July 31, 2004, with the City reserving the right to extend the contract for two one-year contract extensions, up to and including July 31, 2006, contingent upon availability of continuous funding for said purpose, and

WHEREAS, the City's fire hydrants are being replaced at a rate of 30 per week, and

WHEREAS, water valves are used to replace existing valves with may be non-operable, to extend existing water lines, and for new service to new business, and

WHEREAS, bids were opened and recorded in the City Clerk's office on June 17, 2003, and

WHEREAS, out of twenty (22) vendors solicited, five (5) responded to the RFB, and

WHEREAS, two of the five bids received, were deemed to be noncompliant because bidder did not provide two signed original bid documents per RFB 0203-29, and

WHEREAS, to obtain the best value for dollars spent, the items on the Request for Bid are being awarded by line item to American AVK Company and Ferguson Enterprises, and

WHEREAS, American AVK Company of Fresno, Ca. is the lowest responsive and responsible bidder for fire hydrants, with a total estimated annual cost of \$85,386.75, and

WHEREAS, Ferguson Enterprise of Roseville, Ca. is the lowest responsive and responsible bidder for water valves with a total estimated annual cost of \$135,655.28, and

WHEREAS, the total estimated annual cost for water valves and fire hydrants is \$221,042.03, and

WHEREAS, by soliciting formal bids for water valves and fire hydrants, the Finance Department, Purchasing Division will comply with the Modesto Municipal Code, Section 8-3.204, regarding formal bid procedures.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as that it hereby awards the bid for fire hydrants and caps to American AVK Company of Fresno, Ca. for \$85,386.75, and awards the bid for water valves to Ferguson Enterprises of Roseville, Ca. for an estimated annual cost of \$135,655.28.

RESOLUTION NO. 2003-417**

A RESOLUTION APPROVING THE FOLLOWING REPORTS PRODUCED FROM THE COUNTY-WIDE ESI ECONOMIC DEVELOPMENT STRATEGIC PLAN STUDY: (1) "SETTING THE STAGE – CHOICES FOR THE FUTURE" – EXECUTIVE SUMMARY; (2) "CITY OF MODESTO ECONOMIC DEVELOPMENT PLAN"; (3) "ECONOMIC DEVELOPMENT MARKETING STRATEGY IMPLEMENTATION WORKBOOK"

WHEREAS, as a continuation of the regional, County-wide efforts for the expansion of economic development, the City of Modesto joined with Stanislaus County, the Stanislaus County Economic and Workforce Alliance (the "Alliance"), the Workforce Investment Board (the "WIB") and six other county cities to embark on an economic development project, and

WHEREAS, the purpose of said project was to create a series of County-wide economic development plans incorporated into sound marketing strategies, and

WHEREAS, the "Stanislaus County Economic Development Strategy and Marketing Plan" was produced by a professional team of economic development firms including ESI Corporation (coordination and general economic development), Paragon Decision Resources (site location specialists) and Chabin Concepts (marketing), and

WHEREAS, as an integral part of said project an Economic Development Committee was formed in Modesto to provide input from both the public and private sectors, and

WHEREAS, in order for Stanislaus County and each of its cities to accelerate job creation, the County and each of its cities must implement coordinated economic development activities in accordance with adopted plans which, when used together, will

become the blueprint for determining roles and responsibilities for economic development and allocation of resources for the entire region.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that the following reports produced from the county-wide ESI economic development Strategic Plan study are hereby approved, a copy of said reports are on permanent file in the Office of the City Clerk:

1. *“Setting the Stage – Choices for the Future” – Executive Summary*
2. *“City of Modesto Economic Development Plan”*
3. *“Economic Development Marketing Strategy Implementation Workbook”*

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-418**

A RESOLUTION AUTHORIZING REIMBURSEMENT IN THE AMOUNT OF \$207,092 FROM COMMUNITY FACILITIES DISTRICT NO. 1996-1 (VILLAGE ONE) AND THE YET TO BE FORMED VILLAGE ONE CFD #2 TO THE CITY OF MODESTO'S CAPITAL FACILITIES FEES PROGRAM FOR FUNDS ADVANCED FOR THE CONSTRUCTION OF USTACH NEIGHBORHOOD PARK

WHEREAS, the City of Modesto ("City") proposes to build a project entitled "Ustach Neighborhood Park" ("Project") which will be funded through Community Facilities District No. 1996-1, the yet to be formed Village One CFD #2 ("Village One CFD") and the City of Modesto's Capital Facilities Fees program ("CFF"),

WHEREAS, the Project is an authorized facility of the Village One CFD, and

WHEREAS, the Village One CFD has programmed \$395,000 for the Project as a Priority 1 item and \$225,000 for the Project as a Priority 2 item, and

WHEREAS, in April 2003 the City Council appropriated the Priority 1 funds for Phases 1 & 2 of the Project but could not appropriate the Priority 2 monies for Phases 3, 4, & 5 of the Project because funds were not yet available, and

WHEREAS, on or about April 23, 2003, the City solicited bids for the Project and included the work to be funded with Priority 2 funds as a bid alternate, and

WHEREAS, due to the favorable construction bids received, a Project savings of \$40,320 will be realized (Village One CFD = \$17,908 and CFF = \$22,412) if the City proceeds with the Priority 2 work in conjunction with all other work on the Project, and

WHEREAS, on June 24, 2003 the City Council awarded a contract to Goodland Landscape Construction Inc. for construction of the Project and appropriated the remainder of the funds for the Project from CFF into CIP account number Q200, and

WHEREAS, Government Code Section 53314.5 provides that the City may appropriate available moneys to a revolving fund a community facilities district facility so long as the City establishes a mechanism for the community facilities district to reimburse the fund, with interest, within five years, at the current rate per annum received on similar types of investments by the City, and

WHEREAS, the City of Modesto is currently receiving a 2.537% rate of return on its investments.

NOW, THEREFORE BE IT RESOLVED that the Council of the City of Modesto hereby funds and determines as follows:

1. The project entitled "Ustach Neighborhood Park" ("Project") will be funded through Community Facilities District No. 1996-1, the yet to be formed Village One CFD #2 ("Village One CFD") and the City of Modesto's Capital Facilities Fees program ("CFF").
2. The Project is an authorized facility of the Village One CFD.
3. Approximately \$620,000 of the Project which is programmed to be funded through Village One CFD, \$395,000 of which is identified as a Priority 1 project and has already been appropriated for this project.
4. The remaining \$225,000 which is programmed to be funded through the Village One CFD is designated as a Priority 2 project for which CFD funds are not yet available.
5. On or about April 23, 2003, the City solicited bids for the Project and included the work to be funded with Priority 2 funds as a bid alternate.
6. Due to the favorable construction bids received, a Project savings of \$40,320 will be realized with the Village One CFD realizing a savings of \$17,908 and CFF realizing a savings of \$22,412 if the City proceeds with the Priority 2 work in conjunction with all other work on the Project.
7. The CFF program has been authorized to advance funds for work that is funded through the CFD and designated as Priority 2 work.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Village One CFD shall reimburse the CFF program in the amount of \$207,092 (\$225,000 programmed amount minus \$17,908 savings) with interest at the rate of 2.537% per annum. Interest shall accrue from the date the first disbursement is made from CIP account Q200 until paid in full.

BE IT FURTHER RESOLVED that the CFD shall reimburse the CFF program from tax monies within sixty (60) days after Priority 2 funds are available for the Ustach Neighborhood Park project, or within five (5) years, whichever occurs first. City hereby

recognizes and acknowledges that should tax moneys not be available for Priority 2 projects within five (5) years after disbursement is made from the fund, then it shall be required to review and redesignate the priority status for the Priority 2 work to ensure that the reimbursement will occur within the period required by law.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of August, 2003, Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-419**

A RESOLUTION WAIVING FORMAL BIDDING REQUIREMENTS BY FIVE AFFIRMATIVE VOTES AND AWARDING A CONTRACT FOR THE PROCUREMENT OF UPGRADED FARE COLLECTION EQUIPMENT AND DATA COLLECTION SYSTEM FOR MODESTO AREA EXPRESS BUSES TO GFI GENFARE IN THE AMOUNT OF \$186,717.50

WHEREAS, tracking ridership and fare revenues is an important component of operating an efficient public transit operation, and

WHEREAS, the City of Modesto has successfully used the GFI Genfare fare and data collection systems to collect fares and rider data for over 12 years, and

WHEREAS, that farebox and data system is in need of an upgrade, and

WHEREAS, an upgrade of the existing system can only be procured from the manufacturer of the current system, and

WHEREAS, the City of Modesto Transit Division has budgeted and planned for the upgrade to the fareboxes and data system during the 2003-2004 fiscal year.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby waives the formal bidding requirements by five affirmative votes and awards a contract for the sole source procurement of farebox upgrades and a new data collection system for Modesto Area Express buses to GFI Genfare for a total cost of \$186,717.50.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of August, 2003, Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003 - 422**

**A RESOLUTION ORDERING THE LEVY AND COLLECTION OF
ASSESSMENTS WITHIN IMPROVEMENT DISTRICT #28 – SEWER
IMPROVEMENTS**

WHEREAS, the City Council of the City of Modesto, California (“Council”), has by previous resolutions, initiated proceedings, declared its intention to form the Improvement District #28 – Sewer Improvements (herein after “District”); issue bonds; and levy assessments; and approved the Engineer’s Report that describes the formation, bond issuance and the assessments against parcels of land within the District, pursuant to the provisions of the Municipal Improvement Act of 1913, Part 1 of Division 12 of the Streets and Highways Code of the State of California, commencing with Section 10000, and the Improvement Bond Act of 1915, Division 10 of the Streets and Highways Code of California, beginning with Section 8500, and

WHEREAS, the charges against the real property in each assessment area are not levied with regard to property values but rather per the method of spread indicated in the Engineer’s Report, and these charges are for the purpose of paying for the sewer improvements, and

WHEREAS, the City Council has determined and certifies that the charges are either exempt from or in compliance with all the provisions of Proposition 218 which was passed by the voters in November 1996, and

WHEREAS, the City Council has further determined the charges are in compliance with all laws pertaining to the levy of such charges,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby orders the levy and collection of assessments within the District for the 2003-04 fiscal year as shown in **Attachment A**, and that a certified copy of this resolution together with attached documentation shall be delivered to the Auditor-Controller of the County of Stanislaus for placement of such assessments on the 2003-04 County tax roll.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of August, 2003, Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-425**

**A RESOLUTION APPROVING THE DEVELOPMENT, IMPLEMENTATION
AND GRANT APPLICATION FOR RECOGNITION OF THE WEED & SEED
PROJECT**

WHEREAS, on September 10, 2002, Council Adopted Resolution No. 2002-445, authorizing staff to develop a Neighborhood Restoration project, in southwest Modesto, titled the Roselawn Project, and

WHEREAS, the Roselawn Project has proven successful in addressing the blight and housing issues of the selected Roselawn area, and

WHEREAS, law enforcement and economic development issues were not addressed by the Roselawn Project, and

WHEREAS, the area of southwest Modesto is overly saturated with illegal activities, especially the sale and use of illegal drugs, and

WHEREAS, there is a need to further develop the area resident's workforce skills, and

WHEREAS, there is a U.S. Department of Justice grant program, titled Weed & Seed, that addresses the criminal, blight, and housing issues of a neighborhood via a grassroots effort that limits the impact of those negative elements on a community by improving the residents' quality of life by providing social services, workforce skill training, and a safer and cleaner neighborhood, and

WHEREAS, on February 27, 2003, the City Manager's Office, in coordination with the Modesto Police Department, Fire Department, and Parks, Recreation &

Neighborhoods Department, conducted the first Steering Committee meeting for the Weed & Seed project, and

WHEREAS, the Weed & Seed Steering Committee membership is made up of representatives from City Staff, Stanislaus County Staff, Modesto City Schools, area Social Service providers, religious leaders, local businesses, and area residents, and

WHEREAS, the Steering Committee has developed the necessary foundation to apply for the Weed & Seed grant, including the selection of a designated area which is the area south of H Street/Paradise Road, east of Carpenter Road, north of the Tuolumne River, and west of State Route 99, and

WHEREAS, the Weed & Seed grant requires that the sponsoring agency sign the Letter of Intent and the Grant Application, and

WHEREAS, the City of Modesto has operated as the sponsoring agency, and

WHEREAS, the City Manager will be signing the Letter of Intent and Grant Application on behalf of the City of Modesto,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the development and implementation of the Weed & Seed Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to sign the Letter of Intent and Grant Application for Recognition on behalf of the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2003-426**

A RESOLUTION ACCEPTING THE SALVATION ARMY, MODESTO CORPS, AS THE NON-PROFIT AGENCY TO IMPLEMENT A DAY FACILITY FOR HOMELESS INDIVIDUALS IN MODESTO, AND AUTHORIZING STAFF TO WORK WITH THE SALVATION ARMY TO DEVELOP A \$40,000 PAY FOR PERFORMANCE CONTRACT TO BEGIN OPERATION OF THE HOMELESS DAY FACILITY.

WHEREAS, in December 1999, business owners along Yosemite Boulevard and residents of La Loma neighborhood presented their concerns to the City Council about the high rate of anti-social behavior in public and residential areas in the La Loma neighborhood, and

WHEREAS, this issue was referred to the Parks, Recreation and Neighborhoods Department to develop a plan that would answer the concerns of the residents and business owners, and an interdepartmental action team was established to implement strategy reports, and

WHEREAS, in April 2001, the Human Services Committee (HSC) reviewed the first stage of the Implementation, and recommended that the City Council establish and appoint a Homeless Day Facility Site Development Committee, and

WHEREAS, on June 26, 2001, by Resolution No. 2001-313, the City Council approved the designation of the Stanislaus Housing and Support Services Collaborative (SHSSC) composed of public and private entities concerned with providing safe, affordable housing access and supportive services for the people who are homeless, or at risk for homelessness, as the planning and coordinating body for homeless issues in Stanislaus County, and

WHEREAS, the Collaborative's Homeless Day Facility Committee at its April 18, 2002, meeting, made a recommendation to the Collaborative to authorize the preparation and the distribution for a Request for Qualifications (RFQ), and

WHEREAS, on June 10, 2002, the Homeless Day Facility Committee reviewed the first draft of the RFQ, and the County of Stanislaus also confirmed their contribution of \$26,000 toward the Day Facility, and

WHEREAS, on September 5, 2002, the Safety and Communities Committee approved the recommendation to solicit Requests for Qualifications (RFQ) for the acquisition and implementation of a Day Facility for homeless individuals in Modesto, and,

WHEREAS, On October 1, 2002, by Resolution No. 2002-487, the City Council authorized staff to solicit Requests for Qualifications for the acquisition and implementation of a Day Facility for homeless individuals in Modesto, and

WHEREAS, On October 4, 2002, the RFQ was released and The Salvation Army was the only organization that submitted a proposal, and

WHEREAS, on December 20, 2002, the Homeless Day Center Review Committee, consisting of a member of the Stanislaus Housing and Support Services Collaborative, County staff, a member from the CH&CDC and City staff, met and reviewed the application submitted by The Salvation Army, and agreed that The Salvation Army is a well-qualified and capable organization to complete the Homeless Day Facility project, and

WHEREAS, staff has also reviewed The Salvation Army's fiscal and intake records to insure that The Salvation Army has the capacity to begin the Homeless Day Facility, and

WHEREAS, the first year the City of Modesto will fund up to \$40,000 through a pay for performance agreement which will include start up funds, with the remaining of the project for the first year to be funded in four phases,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council accepts The Salvation Army, Modesto Corps, as the non-profit agency to implement a day facility for homeless individuals in Modesto.

BE IT FURTHER RESOLVED that City staff is hereby authorized to work with The Salvation Army to develop a \$40,000 pay for performance contract to begin operation of the Homeless Day Facility.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-427**

**A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN FOR
THE CITY OF MODESTO.**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. CLASSIFICATIONS AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to revise the following classifications:

Maintenance Mechanic Pumps

The job specification for this classification is being amended as a result of updating the job specification in preparation of opening a recruitment. The specification for the classification of Maintenance Mechanic Pumps, as shown on the attached **Exhibit "A"**, which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

Identification Technician II

The job specification for this classification is being amended as a result of a change in the experience requirement from 24 months to 18 months. The specification for the classification of Identification Technician I/II, as shown on the attached **Exhibit "B"**, which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after August 6, 2003.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

MAINTENANCE MECHANIC – PUMPS

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To perform a variety of skilled and semiskilled tasks in the maintenance, repair and service of water, sewer and storm drain lift stations.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from higher-level supervisory staff.
May exercise technical supervision over lower level maintenance staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

Inspect, maintain, troubleshoot, repair and service facilities, machinery and equipment including pumps, valves, motors, engines, compressors and computerized pneumatic and odor control systems.

Rebuild and overhaul pumps, pneumatic control systems, and ventilation blower units.

Read and interpret blueprints; provide input on design blueprints and recommend changes before finalization.

Operate and maintain a variety of equipment and tools in the performance of maintenance tasks.

Operate steam cleaner.

Fabricate parts and equipment including mounts, brackets and shields; operate welding and cutting equipment.

Essential Functions, Continued:

Perform preventive maintenance checks and servicing on equipment; develop maintenance schedules.

Inspect and calibrate gauges and meters; inspect and test air quality analyzers.

Spray pesticides, herbicides and insecticides as required.

Coordinate activities with other departments and divisions; recommend improvements to design, installation, and maintenance of lift stations.

Train maintenance staff in confined space entry procedures and lift station maintenance safety procedures.

Maintain inventory of supplies, parts and equipment used in pump station maintenance.

Respond to public concerns regarding water quality problems.

Collect state-mandated water and/or stormwater samples.

Perform plumbing, electrical, and carpentry duties as required.

Keep detailed maintenance records.

Additional duties when assigned to Water:

Operate portable sample pump.

Pack, lubricate, clean and paint pumping equipment and motors.

Flush distribution system to maintain water quality.

Initiate well and water distribution system disinfection procedures.

Install, maintain, and calibrate hypochlorinators.

Monitor and maintain Granular Activated Carbon (GAC) filters; assist in removal and replacement of carbon, backwashes as required.

Perform concrete repair including sawing, pouring, finishing and jack hammering.

Essential Functions, Continued:

Additional duties when assigned to Collections:

Maintain mechanical seals, lubricate, clean and paint pumping equipment and motors.

Practice the CAL-OSHA required confined space safety rules and regulations when working in confined spaces.

Monitor and maintain wastewater lift station odor control soil filter beds.

Monitor and maintain wastewater lift station chemical injection – odor/corrosion control systems.

Coordinate activities with the Environmental Services Division to inspect, monitor and assess hazardous material spills and illegal discharges into the wastewater and stormwater collection systems.

MARGINAL FUNCTION STATEMENTS:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Principles, methods, materials, and tools employed in the repair and maintenance of pumps, motors, and related equipment.

Safety procedures for confined space entry.

Basic plumbing and electrical principles.

Principles and practices of hydraulics related to pumps.

Practices and techniques of metal cutting and welding.

Preventive maintenance and inspection methods.

Appropriate safety practices and regulations.

Knowledge of continued:

Supervisory Control and Data Acquisition (SCADA) computerized pump control system.

Water and/or stormwater sampling methods.

Additional "Knowledge of" when assigned to Water Division:

Water disinfection procedures.

Safety procedures in handling chlorine.

Additional "Knowledge of" when assigned to Collections:

Confined Space Safety-Entry Procedures.

Safety procedures in handling of chemicals used in odor and corrosion control.

Ability to:

Independently perform a variety of skilled and complex repair, maintenance, servicing, and cleaning tasks involving pumps, motors, and computerized and pneumatic controls.

Read and interpret blueprints.

Perform medium-heavy manual labor, including but not limited to lifting up to 75 pounds, climbing, bending, and stooping.

Troubleshoot and diagnose malfunctions with pumping capacities, pneumatic controls, computerized controls and determine effective course of action for correcting them.

Work in confined work spaces.

Understand and carry out oral and written directions.

Establish and maintain effective working relationships with those contacted in the course of work.

EXPERIENCE AND TRAINING GUIDELINES:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

One year of experience comparable to a Water Distribution System Operator or a Wastewater Collection System Operator.

Training:

Equivalent to high school diploma or G.E.D. supplemented by specialized training in the areas of mechanical maintenance and repair.

License or Certificate:

Possession of, or ability to obtain, an appropriate, valid California Driver's license.

When assigned to Collections:

Possession of a C.W.E.A. Plant Maintenance-Grade I Certification is desirable.

Possession of a C.W.E.A. Mechanical Technologist-Grade II is desirable.

Possession of a C.W.E.A. Collections Systems Maintenance Technologist Grade I or II Certification is desirable.

When assigned to Water:

Possession of a Water Distribution Operator Grade III Certification issued by the State of California Department of Health Services is required within two years of appointment. Failure to obtain this certification may result in demotion to the previously held position (promoted employee) or release from employment (person hired from the outside into a position).

Possession of a Water Sampling Certificate is desirable.

When assigned to Water continued:

Possession of a Grade I, Water Treatment Plant Operator Certificate is desirable.

WORKING CONDITIONS

Environmental Conditions:

Field environment, travel from site to site, exposure to hot and cold temperatures, inclement weather, hazards of confined spaces and other hazardous materials.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for medium to heavy lifting up to 75 lbs., walking, standing, bending, stooping and crawling for prolonged periods of time; operating motorized equipment and vehicles.

CITY OF MODESTO
No. 7163
No. 7164

August 2003

**IDENTIFICATION TECHNICIAN I
IDENTIFICATION TECHNICIAN II**

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

Under general supervision, perform criminal identification duties of a technical nature including collection, identification, preservation, examination and processing of crime scene evidence; preparation of appropriate reports; assisting in criminal investigations; and serving as an expert witness in court proceedings.

DISTINGUISHING CHARACTERISTICS

These are non-sworn field positions in the Police Department.

IDENTIFICATION TECHNICIAN I: This is the entry-level class in the Identification Technician series. This class is distinguished from the Identification Technician II by the level of training in department policies, procedures and systems as they relate to this field. As experience is acquired, the employee performs with increasing independence. Positions assigned to the classification of Identification Technician II that become vacant would normally be filled at Identification Technician I.

IDENTIFICATION TECHNICIAN II - This is the full journey level class within the Identification Technician series. Positions in this class are flexibly staffed and are normally filled by advancement from the I level class after a minimum of 18 months and a proficiency standards rating. If filled from the outside, prior police related experience in performing technical phases of identification work including latent print identification is required. Employees within this class are distinguished from the Identification Technician I by the performance of specialized lead duties of the class, by the independence with which an incumbent is expected to operate and make decisions with established rules and procedures, and the ability to plan and organize the operation of the Police Department's Crime Lab.

SUPERVISION RECEIVED AND EXERCISED

Identification Technician I: Receives immediate supervision from sworn and non-sworn police supervisory staff.

Identification Technician II: Receives general supervision from sworn and non-sworn police supervisory staff. May provide direction to other non-sworn crime scene support staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

Respond to major crime scenes and provide technical services such as collection and supervision of evidence such as searching for and lifting fingerprints by various methods, collecting body fluids and clothing and making plaster impressions; performs forensic laboratory analysis, CAL-ID/AFIS processing, WIN (Western Identification Network) processing, digital photo and video imaging enhancement, biological evidence examination, collection of gunshot residue, number restoration and identification of narcotics and drugs.

Testify in court as expert witness regarding collection and preservation of evidence and fingerprints.

Maintain laboratory equipment; maintains evidence-drying cabinets.

Attend autopsies to collect physical evidence that may assist in determining a cause of death.

Prepare and maintain appropriate records, logs, reports and diagrams of crime scenes and evidence collected.

Provide training to other law enforcement personnel in crime scene evidence and fingerprint collection, preparation and analysis and in preparing for court testimony in such matters.

Essential and Marginal Function Statements continued:

In Addition, for Identification Technician II:

Draft supply and equipment bids.

Draft work schedules for the unit.

Prepare monthly unit reports.

Perform equipment inventory and audits.

QUALIFICATIONS:

Knowledge of:

Basic principles of photography and darkroom procedures.

Practices, methods and techniques to perform forensic services in major crime scene processing and analysis.

Sequential processing methods used in recovery, collection and preservation of physical evidence.

Manual and automated finger/palm print identification systems.

OSHA requirements regarding chemical storage, usage, destruction and environmental hazards; and biological safety in the workplace.

Personal computers and relevant computer applications.

In Addition for Identification Technician II:

Those sections of the California Evidence Code pertaining to crimes.

Advanced principles of photography and darkroom procedures.

Advanced, state-of-the-art practices, methods and techniques to perform forensic services in major crime scene processing and analysis.

Ability to:

Operate forensic light sources.

Use fluorescent, digital and traditional photography.

Classify, search and file fingerprints cards utilizing the Henry System.

Follow oral and written instructions.

Train others in crime scene evidence collection, preparation and analysis and in preparing for court testimony in such matters.

Maintain cooperative and effective working relationships with those contacted in the course of work.

Exercise independent judgment with a minimum of supervision.

In Addition for Identification Technician II:

Organize and plan the operation of a Police crime lab.

Prepare court displays.

Perform equipment inventory and audits.

Prepare monthly unit and other reports.

EXPERIEND AND TRAINING GUIDELINES

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Identification Technician I:

Experience:

Two years of progressively responsible experience with a law enforcement agency in fingerprint collection and development, latent fingerprint analysis, and processing/analyzing major crime scenes.

Training:

Equivalent to the completion of the twelfth grade.

Completion of a minimum of 100 hours of specialized training in basic fingerprint identification and crime scene examination that is POST-recognized or the equivalent and at least one course covering basic English composition skills. These hours of training must have been taken with five (5) years of the final filing date.

License or Certificate

Possession of a valid California driver's license at the time of appointment.

Experience and Training Guidelines continued:

Identification Technician II:

Experience:

Four years of progressively responsible experience with a law enforcement agency in fingerprint collection and development, latent fingerprint analysis, and processing/analyzing major crime scenes.

OR

Eighteen months of relevant experience performing duties as an Identification Technician I.

Training:

Equivalent to an Associate of Arts Degree from an accredited college or university with coursework in criminology, forensic science, life sciences or a related field.

Completion of a minimum of 300 hours of specialized training relating to the detection, collection and preservation of crime scene evidence that is POST-recognized or the equivalent. Courses must include, but are not limited to, advanced training in fingerprint collection and identification, photography, collection of physical evidence at crime scenes and courtroom presentation of evidence.

License or Certificate:

Possession of a valid California driver's license at the time of appointment.

WORKING CONDITIONS

Environmental Conditions:

Work both inside or outside. May include exposure to variable, adverse weather and exposure to chemicals obtained as evidence.

Physical Conditions:

Essential and marginal functions may require lifting/carrying objects of up to 75 pounds of weight, maintaining physical condition necessary for walking or standing for prolonged periods of time; operating motorized equipment and vehicles. May include exposure to physical confrontation and verbal abuse. Ability to safely handle firearms, controlled substances and biologically contaminated substances.

Work Assignment:

Wear a City-approved uniform and related equipment. Subject to irregular work shifts including working any shift in a 24-hour day, weekends and holidays; be available on call; maintain status as expert witness.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003- 428**

A RESOLUTION APPROVING A SECOND AMENDMENT TO THE CRIME PREVENTION ACT 2000 AGREEMENT BETWEEN THE CITY OF MODESTO AND THE COUNTY OF STANISLAUS, FOR ONE MODESTO POLICE OFFICER TO WORK ON THE HIGH-RISK OFFENDER/JUVENILE WARRANT ENFORCEMENT PROGRAM AND AUTHORIZING THE CITY MANAGER TO EXECUTE SAID AMENDMENT TO THE AGREEMENT

WHEREAS, on July 1, 2001, by Resolution Number 2001-351, the City Council approved an agreement between the Stanislaus County Probation Department and the City of Modesto Police Department for a Modesto Police Officer to partner with a Stanislaus Probation Officer to monitor high-risk juvenile offenders and to enforce Juvenile Court warrants, and

WHEREAS, on August 8, 2002, by Resolution Number 2003-377 the City Council approved an amendment to that agreement between the Stanislaus County Probation Department and the City of Modesto Police Department for a Modesto Police Officer to partner with a Stanislaus Probation Officer to monitor high-risk juvenile offenders and to enforce Juvenile Court warrants, and

WHEREAS, the County of Stanislaus Probation Department and the Modesto Police Department desire to continue to provide intensive supervision and monitoring to high-risk juvenile wards, enforce Juvenile Court warrants and conduct police/probation activities to curtail delinquent behavior for the purpose of reducing juvenile crime and gang involvement and increasing offender accountability, and

WHEREAS, the Modesto Police Department can provide an experienced and competent Police Officer for these purposes and the City wishes to enter into an amendment to the agreement with the Probation Department to provide such services, and

WHEREAS, the entire cost of one Modesto Police Officer, his or her benefits and

personal equipment, will be paid by the County of Stanislaus by a federal grant obtained for the High Risk Offender/Juvenile Warrant Enforcement Program, and

WHEREAS, said amendment extends the term of the agreement from July 1, 2003 to June 30, 2004, and provides total compensation of \$79,700,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the second Amendment to the Crime Prevention 2000 Agreement between the City of Modesto and the Stanislaus County Probation Department for one Modesto Police Officer to work in the High-Risk Offender/Juvenile Warrant Enforcement Program for fiscal year 2003/04 is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said amendment to the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003 - 429**

A RESOLUTION ACCEPTING A GRANT ENTITLED THE MODESTO ABC PROJECT FROM THE STATE DEPARTMENT OF ALCOHOLIC BEVERAGE CONTROL FOR THE REDUCTION OF CRIME AND EXCESSIVE CALLS FOR SERVICE IN AND AROUND MODESTO'S DISORDERLY AND DISRUPTIVE ABC LICENSED ESTABLISHMENTS AND TO REDUCE SALES OF ALCOHOL TO MINORS AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE NECESSARY GRANT DOCUMENTS

WHEREAS, the City of Modesto Police Department desires to undertake a certain project designated as the Modesto ABC Project to be funded in part from funds made available through the Grant Assistance to Local Law Enforcement Agencies Project administered by the Department of Alcoholic Beverage Control (hereafter referred to as ABC), and

NOW, THEREFORE, BE IT RESOLVED that the City Manager or his authorized designee of the Council of the City of Modesto is authorized, on its behalf, to submit the attached proposal to ABC and is authorized to execute on behalf of the Council of the City of Modesto the attached contract, including any extensions or amendments thereof and any subsequent contract with the State in relation thereto.

IT IS AGREED that any liability arising out of the performance of this contract, including civil court actions for damages, shall be the responsibility of the grant recipient and the authorizing agency. The State of California and ABC disclaim responsibility for any such liability.

BE IT FURTHER RESOLVED that grant funds received hereunder shall not be used to supplant expenditures controlled by this body.

IT IS ALSO AGREED that this award is not subject to local hiring freezes.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NUMBER 2003-430**

**A RESOLUTION AMENDING THE FISCAL YEAR 2003/2004 ANNUAL
BUDGET ESTIMATING REVENUE AND APPROPRIATING FUNDS**

WHEREAS, the Police Department acquired a grant award in the sum of \$84,000 from the State Department of Alcoholic Beverage Control for a project to reduce crime and excessive calls for service in and around Modesto's disorderly and disruptive ABC licensed establishments and to reduce sales of alcohol to minors, and

WHEREAS, there is no local match required for this program,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that to initiate this grant project the 2003/2004 Annual Budget is hereby amended as indicated below:

	<u>Expense:</u>		
To:	0410-190-2992-0130	\$76,500	Officers' Overtime Hours
	0410-190-2992-0262	2,500	Officers' Operating Expenses
	0410-190-2992-0356	2,500	Program Equipment
	0410-190-2992-0207	2,500	Required Conferences
	Total	\$84,000	
	<u>Revenue:</u>		
To:	0410-190-2992-3190	\$84,000	ABC Grant Funds

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-431**

A RESOLUTION AMENDING RESOLUTION NO. 97-537 ENTITLED "GRANTING APPROVAL TO THE MODESTO CERTIFIED FARMERS' MARKET TO CONDUCT A FARMERS' MARKET ON 16TH STREET, BETWEEN H AND I STREETS, IN THE CITY OF MODESTO, SUBJECT TO CERTAIN CONDITIONS AND RESCINDING RESOLUTION NO. 88-402."

WHEREAS, the Modesto City Council desires to amend Resolution No. 97-537 to require that space be set aside on 16th Street for First Amendment activities during the time it is used for the Farmers' Market,

NOW THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it does hereby approve the use by the Market of 16th Street, between H and I Streets, in the City of Modesto, for a farmers' market, subject to the following conditions and Revolution No. 97-539 which previously granted such approval is hereby amended to read as follows:

1. The Market may use the street area known as 16th Street, between H and I Streets, in the City of Modesto, each Thursday and Saturday until this resolution is rescinded, as hereinafter provided, between the hours of 5:00 a.m. and 2:00 p.m., to conduct a farmers' market to sell to the general public those category of products specifically defined in this resolution.
2. Products sold at said farmers' market shall be sold only between the hours of 6:00 a.m. and 1:00 p.m. on each Thursday and Saturday that the Market is held. The hours between 5:00 a.m. and 6:00 a.m. on each Thursday and Saturday that the Market is held may be used for the purpose of setting up the farmers' market area. The hours between 1:00 p.m. and 2:00 p.m. on each Thursday and Saturday that the Market is held may be used for the purpose of dismantling stands and cleaning the area within the farmers' market.

3. The street area known as 16th Street, between H and I Streets, shall be closed to all traffic except emergency vehicles on each Thursday and Saturday that the Market is held, between the hours of 5:00 a.m. and 2:00 p.m., subject to the approval of the Police Chief of the City of Modesto. In addition, the Police Chief, after consulting with "Market" representatives, shall designate not less than 100 square feet on said portion of 16th Street for the purpose of allowing interested persons to conduct activities protected by the First Amendment of the United States Constitution. The Market shall furnish its own street barricades for the closing of the area referred to herein above.
4. There are three (3) categories of products that may be sold to the public. Each product category shall only be sold in those areas as designated below. These product categories are as follows:
 - a. **Certified agricultural products** are defined as raw fruits, nuts, vegetables, honey and eggs in the shell, all in the unprocessed state, grown and sold by a certified farmer with proper documentation.
 - b. **Non-certified agricultural products** are defined as processed food sold by the farmer who grew them.
 - c. **Non-agricultural products** are defined as foods that are not certified or non-certified such as baked goods.
5. Certified agricultural products and/or non-certified agricultural products shall be sold within the Certified Farmers' Market Area, which is defined as that area on 16th Street beginning at a point 20 (twenty) feet south of the south property line of I Street to the north property line of H Street including the paved area and the sidewalk area within the public right of way of 16th Street.
6. Non-agricultural products shall be sold outside the Certified Farmers Market Area, which is defined as that area on 16th Street, beginning at the south property line of H Street to a point twenty (20) feet south of the south property line of I Street including the paved area and the sidewalk area within the public right of way of 16th Street. The designated area for the Certified Farmers' Market shall be delineated by signage which clearly defines the Certified Farmers' Market.

7. Each farmers' market may feature, for promotional purposes only, a **Merchant at the Market**. The merchant so featured shall not conduct any sales during those hours the Farmers' Market is in operation.
8. The featured **Merchant at the Market** may be either a merchant who is a member of the Downtown Improvement District and is a food merchant, or a merchant who is a member of the Downtown Improvement District and is a non-food merchant. Two merchants shall be featured at each farmers' market session one food and one non-food. A rotating schedule for the **Merchant at the Market** shall be approved and monitored by the Market. All merchants in some way will match the theme of the farmers market and/or season.
9. The Market shall publish a set of market rules and regulations which specify procedural criteria pertaining to:
 - (a) Admission of any producer to the market;
 - (b) Admission of any agricultural products to the market; and
 - (c) Removal of any producer from the market.

The Market has authority to establish specific rules and regulations for the:

- (a) Type and number of producers and certified producers admitted;
- (b) Type and number of certified and noncertifiable products admitted; and
- (c) Methods of selling certified and noncertifiable agricultural products.

The Market's rules and regulations shall contain a clause, which states that the Market shall implement and enforce all rules and regulations pertaining to the operation of a certified farmers' market in a fair and equitable manner.

A current copy of the certified farmers' market's rules and regulations shall be sent to the Department of Food and Agriculture, Fruit and Vegetable Quality Control Standardization and to the agricultural commissioner of Stanislaus County.

The Market's rules and regulations setting forth the criteria for acceptance of membership into the Market shall be in writing and shall be made available to anyone who requests a copy from the Modesto Certified Farmers' Market.

10. The Market shall obtain a Certified Farmer's Market Certificate in accordance with the provisions of Section 1392.2(a) of the Food and Agriculture Code of the State of California.
11. The Market, as sponsor of the market, shall obtain a business license in accordance with the provisions of Article 1 of Chapter 1 of Title VI of the Modesto Municipal Code. The business license so issued is applicable to all of the Market's certified agricultural and non-certified agricultural product vendors. The Market shall be exempt from the payment of business license tax as provided for in Section 6-1.106 of said Municipal Code.
12. Each non-agricultural product vendor must obtain a business license from the City of Modesto in accordance with the provisions of Article 1 of Chapter 1 of Title VI of the Modesto Municipal Code.
13. The Market shall remove from 16th Street, between H and I Streets, in the City of Modesto, and all areas adjacent thereto, all trash and debris generated as a result of the farmers' market. The removal of said trash and debris shall be completed by 2:00 p.m. on each Thursday and Saturday that the farmers' market is conducted.
14. The Market shall indemnify, defend and hold the City of Modesto, its officers, agents, employees, and volunteers free and harmless from and against all liabilities, judgments, claims, demands, actions, losses, damages, or costs, including litigation costs and attorney fees from every cause arising directly or indirectly out of, or in any way related to, the Market's use of the area known as 16th Street, between H and I Streets, in the City of Modesto, and all areas adjacent thereto. Upon demand, the Market shall at its own expense defend the City of Modesto, its officers, agents, employees, and volunteers against all such liabilities, claims, judgments, demands, actions, losses, damages or costs.
15. The Market shall furnish to the City Clerk a current and valid certificate of insurance evidencing public liability and property damage insurance as shall protect the Market and its agents and employees from claims for damages for bodily injury and property damage which may arise out of the Market's use of the area known as

16th Street, between H and I Streets, in the City of Modesto, and the areas adjacent thereto as a farmers' market.

The amount of public liability insurance shall be as follows: Public liability insurance with combined single limits of liability, including products liability coverage, in the amount of one million (\$1,000,000.00) dollars.

The Market's liability policy and the valid certificate of insurance which is to be furnished to the City Clerk shall contain contractual liability provisions stating that the policy is extended to cover the liability assumed by the Market under the terms of this resolution. The liability policy and the certificate of insurance furnished to City shall not permit cancellation of said insurance unless ten (10) days prior written notice is furnished to the City Clerk.

16. One portable identification sign not to exceed 25 square feet in area nor 6 feet in height may be placed by the Market at each entrance to the farmers' market during actual market operation but only if permitted by the provisions of Article 21 of Chapter 2 of Title X of the Modesto Municipal Code.
17. Markings may be placed by the Market on the pavement and/or curbs of 16th Street, between H and I Streets, for the purpose of identifying selling areas. Such markings shall be located and installed in accordance with a marking plan prepared by the Market and approved by the City's Public Works and Transportation Director. Such markings shall be unobstructive and shall in no way obscure or interfere with curb and/or pavement markings placed by the City of Modesto.

BE IT FURTHER RESOLVED that this resolution shall remain in full force and effect until such time as it is rescinded by the City Council.

BE IT FURTHER RESOLVED that the City Clerk shall furnish the Modesto Certified Farmers' Market with a copy of this resolution. The Market shall file a written acceptance of this resolution and the conditions set forth herein with the City Clerk, and no right shall be conferred hereby until said acceptance is filed.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-432**

A RESOLUTION APPROVING A REVISED TRAFFIC-CALMING PLAN FOR THE ENCINA/LA LOMA AREA NEIGHBORHOOD AND AUTHORIZING STAFF TO PROCEED WITH THE PLANS FOR THE IMPLEMENTATION OF THIS PROJECT AND RESCINDING RESOLUTION NO. 2002-598.

WHEREAS, on April 29, 2002, the City of Modesto Planning Division received a subdivision map application for the vacant property at the northeast corner of Conejo and Julian Avenues, and

WHEREAS, as a result of this proposed subdivision, Traffic Engineering staff requested the connection of Encina Avenue to the east of Conejo Avenue along the MID easement, and

WHEREAS, due to the controversy surrounding this issue, neighborhood meetings were held, and

WHEREAS, the first neighborhood meeting was held on June 26, 2002, at the La Loma Junior High School to discuss the proposed Mira Loma subdivision, and at this meeting, several residents expressed concern about traffic speeding throughout the neighborhood, and

WHEREAS, several neighborhood meetings were held to gain input as part of the planning process for the development of the Traffic-Calming Plan (TCP), and

WHEREAS, in response, Traffic Engineering staff has produced a TCP for the Encina/La Loma area neighborhood which includes the area bounded by Miller Avenue to the south, east Edgebrook Drive to the north, El Vista Avenue to the east, and La Loma Avenue as the west boundary. Existing traffic volumes and reported collisions on all street segments and intersections in this boundary area were considered in developing the Encina/La Loma Area Neighborhood TCP, and

WHEREAS, for the October 16, 2002, meeting, a notice was sent to approximately 1,750 Encina/La Loma area residents south of Edgebrook Drive, north of Yosemite, west of El Vista Avenue, and east of La Loma Avenue, and

WHEREAS, on November 14, 2002, the Economic Development Committee recommended approval of the proposed TCP and authorized staff to seek approval of the TCP from the City Council, and

WHEREAS, following a public hearing on November 18, 2002, regarding the proposed TCP, the Planning Commission recommended adoption of the TCP, and

WHEREAS, by Resolution No. 2002-598, the City Council reviewed and approved the draft TCP on November 26, 2002, and

WHEREAS, at said meeting, the City Council rejected the subdivision plan and asked for the connection of Encina Avenue from Phoenix Avenue to west of San Juan Drive, and

WHEREAS, on January 29, 2003, at the request of citizens involved, City staff attended a meeting held by concerned residents regarding the new proposed Mira Loma Subdivision Plan and neighborhood traffic issues related to development, and

WHEREAS, the purpose of the meeting was to view the new map submitted by Ridge Sutter which included the direct connection between east and west Encina Avenue and to recommend changes to the TCP based on the new proposal, prior to the item being presented to the Planning Commission on April 7, 2003, and

WHEREAS, after a public hearing held on April 7, 2003, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, the new subdivision application was approved by the City Planning Commission Resolution No. 2003-19, and

WHEREAS, the Planning Commission's decision was appealed, and

WHEREAS, on May 13, 2003, the City Council denied the appeal and effectively endorsed the Mira Loma subdivision as approved by the City Planning Commission, and

WHEREAS, in reaction to this new map, the TCP that was previously adopted by the City Council on November 26, 2002, requires revision to accommodate Encina Avenue as a through street, and

WHEREAS, on June 18, 2003, staff met with residents to discuss the Revised Encina Avenue TCP. Approximately 15 citizens attended the meeting and suggested the following changes to the Revised Encina Avenue TCP: 1) Remove the proposed roundabout at the La Loma Avenue and Buena Vista intersection in favor of a roundabout at the intersection of North Conejo Avenue and Encina Avenue, 2) Add two speed

cushions on Encina Avenue, one west of Covena Avenue and one between Wilson Avenue and Santa Ana Avenue. Add two speed cushions on Edgebrook Drive, per the previous TCP, and 3) Install fog lines on Encina Avenue to visually narrow the road in order to slow traffic, and

WHEREAS, staff agrees with the residents' proposed modifications and has incorporated these changes in the proposed Encina Avenue TCP and recommends adoption of the Revised Encina Avenue TCP by the Council, and

WHEREAS, on July 7, 2003, the Economic Development Committee recommended approval of the proposed Revised Encina Avenue TCP and authorized staff to seek approval of the TCP from the City Council, and

WHEREAS, staff believes this TCP best fits the specific traffic needs and character of the Encina/La Loma area neighborhood, and

WHEREAS, on August 6, 2003, the City Council considered staff's recommendation for a Revised TCP for the Encina/La Loma area neighborhoods and request for authority for City staff to proceed with the implementation of the Revised TCP and the rescission of Resolution No. 2002-598,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Revised Encina/La Loma Area Neighborhood TCP, a copy of which is attached hereto as **Exhibit "A"**.

BE IT FURTHER RESOLVED that the Council hereby authorizes staff to proceed with plans for implementation and installation of said Revised Encina/La Loma Area Neighborhood TCP.

BE IT FURTHER RESOLVED that effective July 22, 2003, Resolution No. 2002-598, adopted on November 26, 2002, is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of August, 2003, by Councilmember Frohman , who moved its adoption, which motion being duly seconded by Councilmember Fisher , was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

CONCLUSION	9

INTRODUCTION

On April 29, 2002, the City of Modesto Planning Division received a subdivision map application for the Mira Loma Subdivision project (vacant property at the northeast corner of Conejo and Julian Avenues). As a result of this proposed subdivision, Traffic Engineering staff requested the connection of Encina Avenue to the east of Conejo along the MID easement. Currently, Encina Avenue terminates at Conejo Avenue immediately northeast of La Loma Junior High School.

Due to the controversy surrounding this issue, neighborhood meetings were held. Neighborhood residents involved believe that there is a speeding problem in the La Loma area that needs to be addressed.

The purpose of this report is to address the traffic-calming needs of the Encina/La Loma area.

NEIGHBORHOOD CONDITIONS

The proposed Encina/La Loma Neighborhood Traffic-Calming Plan (TCP) includes the area bounded by Miller Avenue to the south, east Edgebrook and Encina to the north, El Vista to the east, and La Loma Avenue as the west boundary (as shown in Figure 1 below).

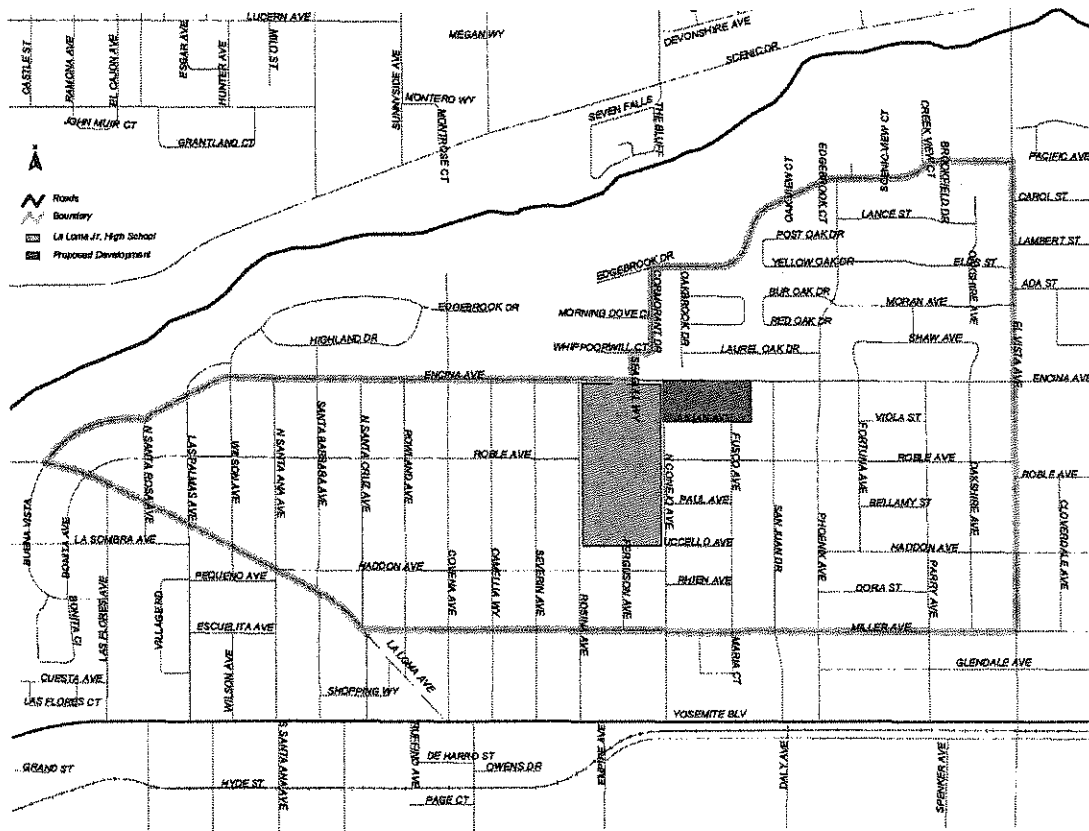

Figure 1: Map showing boundaries of the Encina/La Loma Neighborhood.

The Encina/La Loma Neighborhood primarily consists of single-family residential and some multi-family residential. Construction of certain streets within the La Loma area neighborhoods occurred prior to its annexation within the City. While some of the development occurred after City annexation, the older standards of that day are rendered obsolete and have been updated. Therefore, the streets and sidewalks within this neighborhood do not meet the current City Standards. Because of this, many streets are narrower and lack sidewalks, thus forcing children to walk in the roadway. Figure-2 below shows students walking south on Rosina. Behind the children in this picture is a car traveling north.

Figure 2: Photo taken at La Loma Jr. High. Looking south on Rosina.

Schools in the Neighborhood

There are two schools in the Encina/La Loma Neighborhood, La Loma Junior High School, and Wilson Elementary School.

La Loma Junior High School fronts Encina Avenue between Rosina and Conejo and was built around 50 years ago. Approximately 1,050 students attend this school, between the ages of 12 and 14 (grades 7-8). Students attending La Loma Junior High come from an area bordered by McHenry, Briggsmore, Riverside/Lakewood, and south to the river. It draws students from the following elementary schools:

- Orville Wright Elementary School
- Wilson Elementary School
- El Vista Elementary School
- Lakewood Elementary School
- Sonoma Elementary School
- Rose Avenue Elementary School
- John Muir Elementary School

According to the administration of La Loma J Junior High, busing is available for students who live more than 1½ miles from school. Currently, there are 6 buses each day that shuttle students to and from the junior high school. Busing is unavailable for students south of La Loma Junior High School, therefore, most students from this area must either walk, ride bicycles, or are dropped off by car. The school's administration explained that drop-off and pick-up congestion is a serious problem during the morning and afternoon peak periods, and it frequently results in gridlock.

Wilson Elementary School was built in 1972. It is located south of La Loma and west of Santa Ana. Currently there is an approximate enrollment of 396 students comprised of 50 preschool students (ages 3 ½-4) and 346 students in grades K-6. Students attending Wilson Elementary School come from an irregularly bordered area of Edgebrook to the north, South Santa Cruz to the south, the downtown area (9th Street) to the west, and Rosina to the east.

Currently, there is only one school bus serving Wilson Elementary School each day. Due to the young age of the students attending this school, most children are dropped off and picked up by their parents. Drop-off and pick-up congestion is a concern for the school administration, particularly with parents stopping in the middle of the roadway or calling their children across Pequeno and Santa Ana Avenues.

TRAFFIC CONDITIONS

To better understand the traffic conditions in the Encina/La Loma area, staff conducted an analysis based on neighborhood existing and projected traffic volumes, traffic patterns, traffic speeds, and traffic collision data. Traffic Engineering staff developed the proposed TCP for the Encina/La Loma area neighborhoods using this data. Following are our findings of the traffic conditions:

Traffic Volumes

Using the City Traffic Model, Traffic staff projected the future traffic based on two options, 1) Encina connected, and 2) Encina left unconnected. Staff used these projections as a basis for the creation of the proposed TCP. The existing and projected volumes are shown in Exhibits 1-3. From the exhibits, traffic on streets such as Roble and Conejo is going to increase. In Exhibit 2, traffic is projected with Encina connected. With the connection, Encina will see an increase of traffic from 22% to 192% in certain sections. Without Encina connected, Roble will increase as much as 370% in one section and 8% in another, Haddon, Miller, and La Loma will all see increases. Traffic Patterns.

Traffic Patterns

Currently, Encina Avenue terminates at Conejo Avenue immediately northeast of La Loma Junior High School. There is a missing segment of roadway between this point and Phoenix Avenue to the east.

Because of this gap, traffic coming from the area must zigzag through numerous residential streets that were not designed for this function. This traffic flow pattern has been in operation for many years.

Residents who live east of El Vista use a circuitous route to drop children off at schools, or to get to and from work, shopping, and entertainment (movies) in the downtown area.

Traffic Speeds and Accident Analysis

The community meetings made it apparent that speeding was a major concern for the neighborhood. According to the Modesto Police Department, since January 1, 2002 to November 1, 2002, there have been 80 speeding citations issued on Encina Avenue alone.

Staff compared various intersections in the Encina/La Loma Neighborhood and reviewed their three-year collision data. Currently, the Edgebrook/El Vista intersection is controlled with stop signs on both sides of Edgebrook, stopping on El Vista. Due to the close proximity of the Encina/El Vista intersection with the Edgebrook/El Vista intersection, Edgebrook is not planned for a signal. The accident analysis at Edgebrook shows that the collision rate at Edgebrook and El Vista is above average. Primary movements involved in the collision patterns are the left-turn movements in and out of Edgebrook.

At Encina and El Vista, similar types of collisions also exist. The proposed TCP includes the addition of a left-turn phase from El Vista onto Encina. With the addition of a left-turn phase on El Vista at Encina, the safety of the left turning traffic movement through this intersection will improve. Exhibits 4 & 5 show the collision diagrams for the El Vista/Encina and El Vista/Edgebrook intersections.

COMMUNITY INPUT

The neighbors requested staff to evaluate potential traffic-calming measures for various streets in their neighborhood. Staff has successfully worked with neighborhoods in the past to jointly create viable traffic-calming measures rather than making a unilateral staff proposal. City staff worked with the Encina/La Loma area neighborhoods in evaluating various traffic-calming measures tailored for specific intersections and street sections, and jointly developed a TCP.

As part of the planning process for the development of the TCP, City staff met several times with the Encina/La Loma area neighborhood residents to gain input. Following are the dates the meetings occurred.

- The first neighborhood meeting was held on June 26, 2002 at the La Loma Junior High School. There were over 200 residents in attendance.
- Staff's recommendation at the August 26, 2002 Planning Commission meeting was to connect Encina through. At that meeting, the Planning Commission saw a need for alternative plans and denied the application.

Subsequent to the Planning Commission Meeting, staff met with the Encina/La Loma Neighborhoods.

- On September 16, 2002 at their request, staff met with a group of Encina representatives. At this meeting, the group expressed concerns that traffic speeding was already prevalent throughout the neighborhood. They felt that speeding problems would be exacerbated with any connection of Encina Avenue. The residents requested a comprehensive traffic-calming plan for the neighborhood.
- On September 30, 2002, staff met with the same group of neighborhood representatives, as well as the residents of Julian Avenue. We specifically added Julian Avenue residents

because we knew there would be impacts on Julian Avenue based upon the new application by the developer.

- For the October 16, 2002, meeting a notice was sent to approximately 1,750 Encina/La Loma area residents south of Edgebrook, north of Yosemite, west of El Vista, and east of La Loma. Fifty people attended this meeting.

Following are the concerns and comments expressed by residents at the neighborhood meetings:

- Traffic speeds
- Quality of life for existing homeowners – this is a special, unique neighborhood
- Safety of school children (proximity to La Loma Junior High School), pedestrians, and bicyclists
- Noise generated by additional traffic
- La Loma Bridge is already a bottleneck. Connecting Encina will increase traffic in the area, creating a bigger bottleneck.
- Scenic and Yosemite are four lane roads leading into/out of the downtown area. Opening Encina would create a short cut for motorists.
- Opening Encina would create a direct route through the area and relieve traffic on the residential side streets (Seagull, Cormorant, Edgebrook, and Roble).
- Open to better serve the school
- Opening Encina will help divert traffic from Miller Avenue
- Opening Encina is more equitable solution for area residents
- More direct access for Police Department and Fire Department
- Will eliminate zigzag traffic through the area residential streets – The traffic is already here.

On November 26, 2002, City Council rejected the subdivision plan and asked that Encina be connected. The developer then submitted a new plan, which had Encina directly connected. Prior to the Planning Commission meeting where this new plan was to be considered, the neighborhood representatives invited staff to meet with them and discuss the new plan and its impact on traffic circulation.

- On January 29, 2003, at the request of the citizens involved, City staff attended a meeting held by concerned residents regarding the new proposed Mira Loma Subdivision plan and neighborhood traffic issues related to the development. Staff met with them and noted the following concerns:
 - Miller Avenue – Do not install speed cushions
 - Conejo & Miller – Do not install all-way stop.
 - Roble Avenue – Install speed cushions as proposed.
 - Roundabout at La Loma & Buena Vista – Phasing would be delayed in favor of roundabout in the intersection of N. Conejo and Encina.
 - Encina & Conejo – Eliminate lighted crosswalks and explore roundabout.
 - Channelize traffic on Encina between Seagull Way and N. Conejo so it would restrict left-turn movements out of the school's parking lot. This would channel them through

the Encina/Conejo roundabout, allowing them the opportunity to travel west. This would also improve traffic flow around the school during drop-off and pick-up times.

- Edgebrook – The TCP proposed two speed cushions on Edgebrook. Several of the Edgebrook residents requested that the speed cushion installations be put on hold until after the subdivision is completed. The residents felt the new proposal will remove a considerable amount of traffic off of Edgebrook; therefore, they do not feel the speed cushions are necessary.
- City's Streets Division or road crew will be contacted to look at doing grading work on the City-owned lot on Encina directly north of the school due to the flooding that sometimes blocks the westbound lane on Encina. Also look at installing curb, gutter, and sidewalk on this piece of City-owned property.

The City Planning Commission approved a new Mira Loma Subdivision map on April 7, 2003, that shows Encina Avenue as a through street. The Planning Commission's decision was appealed. On May 13, 2003, the City Council denied the appeal and effectively endorsed the Mira Loma Subdivision as approved by the Planning Commission.

In reaction to this new map, the TCP that was previously adopted by the City Council on November 26, 2002, needs to be revised to accommodate Encina Avenue as a through street.

- On June 18, 2003, staff met with residents to discuss the modified Encina Avenue TCP. Approximately 15 citizens attended the meeting. The residents suggested the following changes to the modified Encina Avenue TCP:
 1. Remove the proposed roundabout at the La Loma Avenue and Buena Vista Avenue intersection.
 2. Add two speed cushions on Encina Avenue, one west of Covena Avenue and one between Wilson Avenue and Santa Ana Avenue.
 3. Add two speed cushions on Edgebrook Drive, per the previous TCP.
 4. Install fog lines on Encina Avenue to visually narrow the road in order to slow traffic.

Based on these new comments, staff revised the TCP, which was previously submitted and developed this new plan, which addresses most of the concerns and comments raised at the neighborhood meeting.

TRAFFIC-CALMING PLAN

The proposed TCP consists of recommendations to install speed cushions, one roundabout, fog line striping, centerline striping, fluorescent green pedestrian crossing signs, and traffic signal modifications. These devices are recommended to best fit the specific traffic needs and suitability of the locations. For example, a roundabout would only fit at certain locations given the need for extra right-of-way, and a speed cushion would serve at its best if placed a certain distance away from another traffic speed control feature.

This proposed TCP has evolved through seven separate discussions with various representatives from the neighborhood. The last discussion was on June 18, 2003.

The estimated cost of the revised TCP is \$300,000. Staff is hoping to find CMAQ funds. This is discussed in the "Implementation Strategy Cost Estimates" section of this report. Exhibit 5 shows the revised TCP features.

The main features of this plan are as follows:

- Speed Cushions
- Striping Upgrades
- Signing Upgrades
- Roundabout
- Traffic Signal Modifications

Speed Cushions

A speed cushion is simply a derivative of the speed hump currently in use within the city of Modesto. The length and height of a cushion are similar to that of the hump but differ in width. Speed cushions are typically narrower than a hump and are designed so emergency vehicles can straddle them at high speeds with little discomfort. An example of a speed cushion can be found in Figure 3.

Modesto hosted a speed cushion demonstration by a vendor. City Fire and Police staff was able to "test" a speed cushion with their emergency vehicles. The feedback from Fire and Police Departments regarding these speed cushions was favorable.

Figure 3: Picture showing fire truck straddling a speed cushion

The proposed TCP includes the use of speed cushions at 6 locations (as shown on Exhibit 6 in red). The locations are as follows:

- 1 - Roble Avenue, mid-block between Rowland Avenue and Covena Avenue
- 2 - Encina Avenue, mid-block between Covena Avenue and Camellia Way
- 3 - Encina Avenue, west of Covena
- 4 - Encina Avenue, mid-block between Wilson Avenue and Santa Ana Avenue
- 5 & 6 - Edgebrook Avenue, two locations between Oakbrook Drive and Oak View Court

Striping Upgrades

Striping upgrades are planned on Encina to define the roadway and control speeds. The picture shown in figure-4 shows a similar Modesto street (Wylie Drive), where the combination of a new centerline and fog lines helps to calm traffic. By striping the centerline and fog line, a perception is created that the effective roadway width is narrower. The motorists feel confined and tend to lower their speeds. Thus helping to achieve the desired effect, i.e. slower travel speed and hence "traffic calming."

Figure 4: Picture showing potential striping upgrades (Centerline and fog line striping)

Additional upgrades include channelize traffic on Encina between Seagull Way and N. Conejo so it would restrict left-turn movements out of the school's parking lot. This would channel them through the Encina/Conejo roundabout, allowing them the opportunity to travel west. This would also improve traffic flow around the school during drop-off and pick-up times.

Signing Upgrades

Figure-5 shows a fluorescent green pedestrian sign. The proposed TCP includes replacement of the existing pedestrian signs in the Encina/La Loma Neighborhood with this highly reflective fluorescent green pedestrian signs. These new signs have a much higher reflectivity and target values. They are visible from further distances, and during darker periods, i.e. early mornings and foggy conditions. The change in sign color helps increase driver awareness of potential pedestrians. The proposed TCP will replace existing pedestrian signs with fluorescent pedestrian signs throughout the neighborhood.

Figure 5: Picture of fluorescent pedestrian sign.

Roundabouts

Figure 6: Picture of existing La Loma roundabout.

An existing roundabout is in place and functioning effectively at the La Loma, G, and James Streets intersection. At the request of the residents of the Encina/La Loma Neighborhood, staff looked into the possibility of installing a roundabout at the intersection of Encina/Conejo. It is staff's opinion that this is an excellent location for a roundabout due to the intersection width. The Encina/Conejo roundabout would serve as the gateway to the subdivision and the La Loma Junior High School and has adequate right of way for a City standard roundabout.

Signal Modifications

The proposed TCP includes the modification of the traffic signal at El Vista and Encina. This modification includes the addition of a left-turn phase for the north/south traffic on El Vista. This additional phase will allow vehicles to make a protected left turn during every signal cycle. It is anticipated that the signal modification will have a positive impact on the collision rate at El Vista and Edgebrook, as motorists will choose to make turns at the signalized intersection of El Vista at Encina.

IMPLEMENTATION STRATEGY COST ESTIMATES:

The proposed TCP is anticipated to cost approximately \$300,000 (see Exhibit 7). Due to the high cost involved, staff envisioned a phased implementation of this project. Staff has found some savings in various CMAQ projects that could be utilized for the Encina TCP. Staff has requested StanCOG to re-appropriate these funds. StanCOG's initial response is very positive. Therefore, staff is anticipating the CMAQ funds for this project and will program a single-construction contract and phase for the implementation of the TCP.

The construction phasing excludes the signal modification at El Vista and Encina Avenues. The signal modifications are taking place as part of a CMAQ project, which will cost \$80,000. We are currently in the design process for this portion of the TCP.

CONCLUSION

Staff believes the proposed TCP best fits the specific traffic needs and character of the Encina/La-Loma Neighborhood. It represents input from several neighborhood meetings, and takes into consideration their concern for traffic speeds, accident history, current and projected traffic volumes. It uses various accepted methods of traffic calming to accomplish our mutual objective of increased safety throughout the community.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-433**

A RESOLUTION DESIGNATING THE PROPERTY AT 503 W. MORRIS AVENUE AS A MODESTO LANDMARK PRESERVATION SITE (OWNER: FERN McDONALD)

WHEREAS, Chapter 10 of Title 9 of the Modesto Municipal Code establishes Landmark Preservation Site status as a way to recognize, preserve enhance and perpetuate significant landmarks in the community, and

WHEREAS, a public hearing was held on April 21, 2003 at the McHenry Museum, 1402 I Street, Modesto, California, in which the Landmark Preservation Commission found and recommended in their Resolution No. 2003-1, that the property at 503 W. Morris Avenue is eligible for designation as a Landmark Preservation Site for the following reasons:

- (1) The location and setting is compatible with future preservation and use.
- (2) The physical condition is such that preservation maintenance or adaptive use is economically feasible.
- (3) The distinguishing characteristics of significance are for the most part original and intact or capable of restoration.
- (4) The existing or proposed use is compatible with the preservation and maintenance of the site.

and

WHEREAS, the Safety and Communities Committee met on June 2, 2003, and supported the Landmark Preservation Commission recommendation, and

WHEREAS, after a public hearing held on August 6, 2003, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, the Council found and determined that the property at 503 W. Morris Avenue is eligible for designation as a

Landmark Preservation Site for the reasons set forth by the Landmark Preservation Commission,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the property located at 503 W. Morris Avenue is more particularly described in Exhibit "A" attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED that the property at 503 W. Morris has historical significance for the following reason:

This 1927 English Tudor home was originally owned by Clarence and Birdella Johnson. The Johnsons lived in the house from 1927 into the 1990's. Mr. Johnson owned the "Clarence Johnson Insurance Company" in downtown Modesto for many years. Mrs. Johnson was very active in community activities and organizations. Upon Mrs. Johnson's death in the 1990's, Carolynn Beard, of Beard Industries, and three other family members inherited the house.

BE IT FURTHER RESOLVED that the property at 503 W. Morris Avenue has architectural significance as a fine example of an English Tudor style house from the 1920's and is hereby designated a Landmark Preservation Site for the following reason:

Architectural significance – Possessing distinctive characteristics of a style, place, period, method or materials of construction, builder or architect.

Built in 1927, this English Tudor-style house has a heavy shingled, multi-pitched roof with stucco walls and an arched extension of the front gabled wall, and double hung, multi-pane windows. The house also has a front "tabbed" door surround. A master bedroom was added in 1932 and a master bath was annexed around 1945-50. The English Tudor style was introduced to the United States in the late 19th Century.

BE IT FURTHER RESOLVED that pursuant to Section 9-10.104(e)(1) of the Modesto Municipal Code, the City Clerk shall record a copy of this resolution with the County Recorder's Office of Stanislaus County.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating,
O'Bryant, Mayor Sabatino

MODESTO CITY COUNCIL
RESOLUTION NO. 2003-434

A RESOLUTION APPROVING AN AGREEMENT BETWEEN THE CITY OF MODESTO AND CHARLES S. CLAYTON FOR ASSESSORS PARCEL NUMBER: 101-0311 FOR THE ACQUISITION OF PROPERTY AT 421 N. WASHINGTON STREET FOR THE CORPORATION YARD EXPANSION PROJECT AND AUTHORIZING THE CITY MANAGER TO EXECUTE SAID AGREEMENT.

WHEREAS, the City Council of the City of Modesto has approved the Corporation Yard Expansion Project ("Project") to acquire additional land for expansion of the Corporation Yard as part of the City's Capital Improvement Program projects, and

WHEREAS, certain real property needs to be acquired for said Project which property is located at 421 N. Washington Street and identified as Assessor's Parcel No: 101-0311, and which property is owned by Charles S. Clayton, and

WHEREAS, an agreement is needed for the acquisition of the needed real property.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Agreement between City of Modesto and Charles S. Clayton, for the Corporation Yard Expansion Project is hereby approved.

BE IT FURTHER RESOLVED THAT the execution of said Agreement by the City Manager or his designee on behalf of the City of Modesto is hereby authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-435**

A RESOLUTION AUTHORIZING THE CITY MANAGER TO SIGN AN ACCEPTANCE FORM FOR A GRANT DEED FOR THE ACQUISITION OF PROPERTY OWNED BY CHARLES S. CLAYTON LOCATED AT 421 N. WASHINGTON STREET WHICH IS IDENTIFIED AS ASSESSORS PARCEL NO: 101-0311 FOR THE CORPORATION YARD EXPANSION PROJECT

WHEREAS, Section 27281 of the Government Code requires a public agency to accept real property prior to the recordation of a deed or adopt a resolution accepting real property, and

WHEREAS, the City of Modesto desires to acquire real property from Charles S. Clayton located at 421 N. Washington Street which is identified as Assessors Parcel No: 101-0311 for the Corporation Yard Expansion Project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Manager or his designee is hereby authorized to sign a Certificate of Acceptance on behalf of the City of Modesto for the Grant Deed for the acquisition of property for the Corporation Yard Expansion Project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager or his designee is hereby authorized and directed to sign any and all documents related to the purchase of real property on behalf of the City of Modesto as it is required for the acquisition of the property for the Corporation Yard Expansion Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003 – 436**

A RESOLUTION APPROVING THE ACCEPTANCE OF AN ESTIMATED \$1,500,000 AIRPORT IMPROVEMENT PROGRAM GRANT TO RECONSTRUCT THE COMMERCIAL SERVICE RUNWAY (RW 10L/28R) AT MODESTO CITY-COUNTY AIRPORT AND AUTHORIZE THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE ACCEPTANCE OF THE GRANT ON BEHALF OF THE CITY

WHEREAS, according to a pavement evaluation, Modesto City-County Airport's commercial service runway (RW10L/28R) needs a new pavement surface, and

WHEREAS, the City of Modesto submitted a grant application for the runway's reconstruction to the Federal Aviation Administration (FAA), and the FAA partially funded the project in fiscal year 2002 to enable the City to have project plans and specifications prepared, and

WHEREAS, the project plans and specifications have been completed, and the City accepted bids for the project on July 1, 2003, and

WHEREAS, the low bid is excellent as it is 35% below the engineer's estimate; however, to date, the FAA has not been able to present a grant offer to the City, and

WHEREAS, FAA officials have given verbal assurance to city staff that they will be providing a grant offer by the end of the month of August and that the grant amount and the funds already awarded will be large enough to cover 90% of the runway project cost, and

WHEREAS, acceptance of the grant prior to knowing its exact amount will give the City a better opportunity to complete the runway project before the end of this year's construction season, and

WHEREAS, the City Attorney's Office has suggested that airport staff request Council to approve the grant prior to knowing the grant amount as long as the requirements of the grant are not different than adopted by Congress and the Administration,

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the acceptance of an estimated \$1,500,000 Airport Improvement Program grant for the reconstruction of Modesto City-County Airport's RW 10L/28R.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the grant on behalf of the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of August, 2003 by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carrier and the resolution adopted by the following vote:

CITY COUNCIL
POLICY

POLICY NO.:
1.019

SUBJECT: INVESTMENT POLICY

PURPOSE

The purpose of this document is to identify various policies and procedures that enhance opportunities for a prudent and systematic investment policy and to organize and formalize investment-related activities.

BACKGROUND

Under Section 2-3.401 of the Municipal Code, it is the function of the Finance Department to deposit and invest funds in accordance with sound treasury management. As a charter city, Modesto operates its pooled idle cash investment under the “prudent investor” rule which states that:

“Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not of speculation, but for investments, considering the probable safety of their capital as well as the probable cause to be derived.”

The City is also governed by Sections 53600 et seq. of the California Government Code. This affords the City a broad spectrum of investment opportunities, so long as the investment is deemed prudent and allowable under current legislation of the State of California and the charter of the City of Modesto.

On an annual basis, the Finance Director/Treasurer will render to the City Council the statement of investment policy. The report will be considered, with any changes, by the City Council at a public meeting.

INVESTMENT REPORT

The Finance Director/Treasurer shall render a quarterly report to the City Council, City Manager and the internal auditor within 30 days following the end of the quarter. The report shall contain the following:

1. The type of investment, issuer, date of maturity, par and dollar amount invested on all securities, investments and monies.
2. The weighted average maturity of the portfolio.
3. A description of any funds, investments or programs that are under management of contracted parties, including lending programs. Funds and investments held by contracted parties shall be

reported at market value and the source of valuation shall be reported.

4. The market value as of the date of the report, and the source of the valuation.

5. A statement of compliance with the investment policy or manner in which the portfolio is not in compliance.

6. A statement denoting the City's ability to meet its expenditure requirements for the next six months or provide an explanation as to why sufficient money shall, or may, not be available.

INVESTMENT CRITERIA

Public funds are invested in the following manner in order of priority:

1. **Safety of Principal**

The duty of the Finance Director/Treasurer is to protect, preserve and maintain cash and investments on behalf of the citizens of the community. To guard against loss of principal, only prudent and safe investments will be considered.

2. **Liquidity**

The receipt of revenues and maturities of investments should be scheduled so that adequate cash will be available to meet disbursements. An adequate portion of the portfolio should be maintained in liquid short-term instruments which can be readily converted to cash if necessary.

3. **Yield**

Yield is the potential dollar earnings, or rate of return, an investment can provide. Yield becomes a consideration only after the basic requirements of safety and liquidity have been met.

AUTHORIZED INVESTMENTS

Commencing with Section 53601 of Article 1, Chapter 4 of the Government Code of the State of California, surplus money may be invested in the following:

A. Bonds issued by the City.

B. United States Treasury notes, bonds, bills or certificates of indebtedness or those for which the faith and credit of the United States are pledged for the principal and interest.

C. Registered State of California warrants, treasury notes or bonds.

D. Bonds, notes, warrants or other evidence of indebtedness of any local agency within California.

E. Obligations issued by a federal agency or United States government-sponsored enterprise.

- F. Bills of exchange or time drafts (bankers acceptances) drawn on and accepted by a commercial bank.
- G. Commercial paper of “prime” quality.
- H. Certificates of deposit (CD) and negotiable certificates of deposit (NCD) issued by a nationally or state-chartered bank or a state or federal association or a state-licensed branch of a foreign bank.
- I. Investment in repurchase agreements or reverse repurchase agreements of any authorized securities.
- J. Medium-term corporate notes of a maximum of five years maturity issued by corporations operating within the United States.
- K. Shares of beneficial interest issued by diversified management companies as defined in Section 23701(m) of the Revenue and Taxation Code (mutual funds).
- L. State of California Local Agency Investment Fund (LAIF).
- M. Any mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable-backed bond of a maximum of five years maturity.

Detailed descriptions of investment instruments and terms are provided in Appendix A - Glossary.

AUTHORIZED INVESTMENT PERSONNEL

Idle cash management and investment transactions are the responsibility of the Finance Department, which is under the control of the Finance Director/Treasurer. The Finance Director/Treasurer may designate an individual(s) [“Designee”] to be responsible for the daily management of the City’s portfolio of treasury investments. The Designee may also be directed to monitor and forecast the City’s cash flows, and prepare periodic investment reports that are submitted to the City Council. The Accounting Division of the Finance Department monitors all treasury transactions and prepares accounting records of all investment transactions as to type of investment, amount, yield, and maturity.

The Finance Director/Treasurer or Designee is authorized to make all investment transactions allowed by the Investment Policy. The Finance Director/Treasurer may authorize the Designee to enter into investments within specified parameters. No other person has authority to make investment transactions without the written authority of the Finance Director/Treasurer. Pursuant to Government Code chapter 53600, all persons investing monies are trustees and therefore fiduciaries subject to the prudent investor standard. Financial market security transactions will be executed by delivery versus payment and the securities will be held by a third party custodian.

Subject to required procurement procedures, the City may engage the support services of outside professionals in regard to its financial program, so long as it can be demonstrated or anticipated that these services produce a net financial advantage or necessary financial protection of the City's resources.

~~As part of each year's financial audit of the City, the external auditors shall review the Authorized Investment Personnel arrangement, and convey to the City Council any problems or recommended changes therein.~~

This policy and the internal controls related to the investment of City funds will be reviewed by the City's independent external auditors in the conduct of their annual audit of the City.

RESTRICTIONS SET BY GOVERNMENT CODE

A. General

Maximum maturity of an authorized investment is limited to five years.

Proceeds of sales or funds set aside for the repayment of any notes (e.g., Tax and Revenue Anticipation Notes) shall not be invested for a term that exceeds the term of the notes.

Investment in inverse floaters, range notes, or interest only strips that are derived from a pool of mortgages is prohibited.

Investment in any security that could result in a zero interest accrual if held to maturity is prohibited.

B. Bankers Acceptance (Bills of Exchange or Time Drafts)

Required to be eligible for purchase by the Federal Reserve System.

Must not exceed 180 days maturity.

Must not exceed 40% of the City's surplus funds. No more than 30% of the City's surplus funds can be invested in the Bankers Acceptance of any one commercial bank.

C. Commercial Paper

Must be "prime" quality of the highest ranking as provided by Moody's Investment Service, Inc. or Standard and Poor's Corporation (A-i, P-i).

Limited to issuing corporations that are organized and operating within the United States with total assets in excess of \$500,000,000.

Must not exceed 180 days maturity.

Must not represent more than 10% of the outstanding paper of an issuing corporation.

Must not exceed 15% of the City's surplus funds.

May invest an additional 15% if the dollar-weighted average maturity of the entire amount of commercial paper outstanding does not exceed 31 days.

D. Certificates of Deposit

Require 110% government security collateralization by the institution.

E. Negotiable Certificates of Deposit

Must not exceed 30% of the City's surplus funds.

F. Repurchase Agreements

Must not exceed 365 days maturity.

Market value of collateral shall be 102 percent of the funds borrowed against those securities, adjusted at least on a quarterly basis.

G. Reverse Repurchase Agreements

Require prior approval of the City Council.

Must not exceed 20% of the City's surplus funds.

Security must have been held for a minimum of 30 days.

Term must not exceed 92 days unless the agreement matches a matching codicil guaranteeing a minimum earning spread.

H. Medium Term Corporate Notes

Notes must be rated in the top three rating categories by two of the three largest nationally recognized rating agencies.

Issuer must be organized and operating within the U.S. or be a depository institution licensed by the U.S. or any state and operating within the U.S.

Must not exceed 30% of the City's surplus funds.

I. Diversified Management Companies (Mutual Funds)

Fund must be rated in the top three rating categories by two of the three largest nationally

recognized rating agencies.

Must not exceed 15% of the City's surplus funds. No more than 10% of the City's surplus funds may be invested in any one mutual fund.

RESTRICTIONS SET BY THE FINANCE DIRECTOR/TREASURER

A. Prior approval of the Finance Director is required for the following transactions:

- Sale of securities
- Swaps and trades
- Purchase of collateralized mortgage obligations (CMO)
- Purchase of mortgage-backed obligations
- Purchase transaction in excess of \$3 million

B. The following investments are not deemed appropriate for the City and will not be utilized:

- Futures and options
- Small Business Administration notes

APPENDIX A - GLOSSARY

Bankers Acceptances (BAs)

Bankers Acceptance is a time bill of exchange drawn on and accepted by a commercial bank to¹ finance the exchange of goods. When a bank “accepts” such a bill, the time draft becomes, in effect, a predated certified check payable to the bearer at some future specified date. Little risk is involved for the investor because the commercial bank assumes primary liability once the draft is accepted.

Certificates of Deposit (CDS)

A certificate of deposit is issued against funds deposited in a commercial bank for a definite period of time and earning a specified rate of return. They are issued in two forms, negotiable and non-negotiable:

A negotiable certificate of deposit may be sold by one holder to another prior to maturity. This is possible because the issuing bank agrees to pay the amount of the deposit, plus earned interest, to the Bearer of the certificate at maturity.

A non-negotiable certificate of deposit is collateralized and is not a money market instrument since it cannot be traded in the secondary market. It is issued on a fixed maturity basis and often pays a higher interest rate than is permissible on other savings or time deposit accounts.

Collateralized Mortgage Obligation (CMO)

A CMO is a pool of mortgages sold as a single investment with interest paid monthly, quarterly, or semi-annually. Mortgage securities pay a higher rate than U.S. Treasury securities due to risk of prepayment and default.

Commercial Paper (CP)

This is a short-term promissory note issued by a corporation to raise working capital. The interest rates tend to be higher than other investments of similar liquidity.

Derivatives

A financial instrument with a value derived from the value of one or more underlying assets or indexes of asset values. The term “derivative products” refers to instruments or features such as collateralized mortgage obligations (CMOs), interest-only (IOs) and principal-only (POs), forwards, futures, currency and interest rate swaps, options, floaters/inverse floaters, and caps/floors/collars.

Federal Agency Securities

Certain agencies created by Congress and sponsored by the federal government issue debt that is considered to be of prime quality and have a very high standing in the bond market. The major federal agencies are described as follows:

Federal National Mortgage Association (FNMA, “Fannie Mae”) provides funds to the mortgage market primarily by purchasing loans from local lenders.

Federal Home Loan Mortgage Corporation (FHLMC, “Freddie Mac”) purchases conventional mortgages and sells mortgage-backed securities.

Student Loan Marketing Association (SLMA, “Sallie Mae”) facilitates that flow of private capital into various federally-guaranteed student loan programs maintained through banks, S&Ls, educational institutions and other participating lenders.

Federal Farm Credit System (FFCB) sells securities to provide mortgage loans and short-term and intermediate-term credit to farmers, ranchers, and agricultural cooperatives.

Federal Home Loan Bank (FHLB) acts as a credit reserve system for the thrift industry to stabilize the flow of funds to member savings and loan and savings banks.

Futures

Exchange traded contracts specifying a future date of delivery or receipt of a specific product (physical commodity or financial instrument). Futures are used by business as a hedge against unfavorable price changes, and by speculators who hope to profit from such changes.

Local Agency Investment Fund (LAIF)

State of California LAIF is designed to provide a convenient and safe means of investing temporarily idle monies by the State Treasurer. LAIF provides high liquidity and generally pays higher yields than can be realized by individual local agencies (for similar maturities) due to economies of scale.

Medium-Term Notes

Issued by corporations (in the form of secured or unsecured debt) for the purpose of raising working capital and purchasing capital assets.

Options

A right to buy (call) or sell (put) a fixed amount of a given stock at a specified price within a limited period of time. The purchaser hopes that the stock’s price will go up (if he bought a call) or down (if he bought a put) by an amount sufficient to provide a profit when he sells the option. If the price is static or moves in the opposite direction, the price paid for the option is lost entirely.

Repurchase Agreement

As authorized in Government Code Section 5360i(1), these investment vehicles are (generally short-term) agreements between the local agency and seller for the purchase of Government securities to be resold at a specific date and for a specific amount.

Reverse Repurchase Agreement

This transaction is the opposite of a repurchase agreement. The dealer buys securities with a contractual agreement to sell them back at a prearranged date. The local agency pays the dealer’s

interest for the use of the funds. The money “borrowed” on a “reverse repo” can be reinvested in higher yielding instruments.

U.S. Treasury Securities

The highest quality, most liquid debt investments available in the fixed income market-place; unconditionally backed by the “full faith and credit” of the U.S. Government. Treasury bills are short-term instruments (maturity of three months to one year); Treasury notes and bonds are currently issued with maturities of two to ten years.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-440**

A RESOLUTION AUTHORIZING THE AWARD OF TIRE RECAPPING AND RELATED SERVICES TO BRANNON TIRE, STOCKTON, CA FOR AN ESTIMATED ANNUAL COST OF \$21,418.17 FOR A THREE (3) YEAR AGREEMENT WITH TWO (2) ONE-YEAR EXTENSION OPTIONS

WHEREAS, the Operations and Maintenance Department Fleet Services Division requests tire recapping and related services for its fleet of transportation buses and corporation yard trucks, and

WHEREAS, services include but are not limited to the mounting and balancing of new tires, flat repair and off site tire repair, and

WHEREAS, recap tires provide a cost savings to the City by extending the life of a tire, and the average life span for a recapped tire is equivalent to that of a new tire, and

WHEREAS, the City realizes a cost savings with tire recapping as the unit price of a new front-end bus tire (12R225) is \$179.00, and the City currently pays a unit price of \$89.00 for this same size of tire in a recap, and

WHEREAS, Fleet Services recaps approximately 54 (12R225) tires per year, and this size alone represents an annual cost savings of \$4,860.00, and

WHEREAS, Fleet Services anticipates recapping approximately 115 tires of various sizes annually, and

WHEREAS, the anticipated annual cost savings to the City is approximately \$10,350.00, and

WHEREAS, the City does not recap tires for Police and Fire vehicles, and Police and Fire vehicles are not part of this recommendation, and

WHEREAS, in November 2002, Council approved Resolution No. 2002-587 authorizing the Purchasing Supervisor to formally solicit bids for tire recapping and related services for the Operations and Maintenance Department Fleet Services Division's fleet of transportation buses and corporation yard trucks, and

WHEREAS, the Purchasing Division solicited Request for Bid No. 0203-18. This bid contained newly adopted language requiring vendors to submit two (2) original bid documents for file retention, and

WHEREAS, sixteen (16) vendors were solicited with two (2) vendors choosing to respond, and

WHEREAS, of the two (2) respondents only one vendor submitted two (2) original bid documents, and

WHEREAS, the second vendor submitted only one (1) original bid document, and

WHEREAS, to reject one of the bidders based on the fact that one did not supply two (2) original bids would be counterproductive to the competitive process, and

WHEREAS, therefore, to ensure that the competitive process was met, the Purchasing Division requested that Council authorize the rejection of all bids submitted in Request for Bid No. 0203-18 and allow the Purchasing Division to re-issue bids for tire recapping and related services, and

WHEREAS, in April 2003, Council approved Resolution No. 2003-198 authorizing the Purchasing Supervisor to reject all bids and to re-bid tire recapping and related services for a three year (3) agreement with two (2) one-year extension options, and

WHEREAS, the Purchasing Division contacted the fourteen (14) vendors who did not respond to Request for Bid No. 0203-18 to find out why, and

WHEREAS, seven (7) vendors did not, or no longer, furnish tire recapping, five (5) vendors said they did not receive the bid but were interested in participating and two (2) vendors said they were too busy at the time to respond, and

WHEREAS, as approved by Council with Resolution No. 2003-198 the Purchasing Division re-issued bids for tire recapping and related services by soliciting Request for Bid No. 0203-36, and

WHEREAS, bids were solicited from nine (9) vendors and three (3) chose to respond, and

WHEREAS, on June 3, 2003 bids were opened and rerecorded in the City Clerk's office, and

WHEREAS, it is recommended by staff that the City award the bid for tire recapping and related services to Brannon Tire, Stockton, CA for an estimated annual cost of \$21,418.17, for a three (3) year agreement with two (2) one-year extension options,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards the proposal for tire recapping and related services to Brannon Tire, Stockton, CA for an estimated annual cost of \$21,418.17, for a three (3) year agreement with two (2) one-year extension options.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

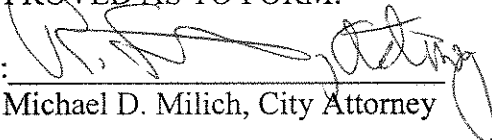

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-441**

A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO ISSUE A REQUEST FOR BID (RFB) FOR LIQUID CHLORINE AND SODIUM HYPOCHLORITE FOR AN INITIAL THREE (3) YEAR PERIOD, WITH TWO (2) ONE-YEAR CONTRACT EXTENSIONS, FOR AN ESTIMATED ANNUAL COST OF \$184,000.00.

WHEREAS, the Operations and Maintenance Department-Water Quality Control (WQC) is requesting the purchase of liquid chlorine, and

WHEREAS, the estimated annual cost for liquid chlorine is \$134,000.00, and

WHEREAS, the Operations and Maintenance Department-Water Division is requesting the purchase sodium hypochlorite, and

WHEREAS, the estimated annual cost for sodium hypochlorite is \$50,000.00, and

WHEREAS, liquid chlorine (CL2) is used during river discharge season from October 1st through May 31, and

WHEREAS, this product is utilized at the Jennings Road facility to chlorinate and disinfect our final effluent to the San Joaquin River, as required in the City's permit, and

WHEREAS, the Jennings Road facility, located at 7007 Jennings Road, borders the San Joaquin River, and

WHEREAS, the plant was constructed in 1965 and in 1985 the CL2 system was installed, and

WHEREAS, the system includes 26 one-ton tanks with four chlorinators, and

WHEREAS, at present, the Jennings Facility is using a gas feed system, and

WHEREAS, to unload the one-ton chlorine cylinders, the unloading station uses a 4,000 pound capacity hoist to unload the one-ton cylinder, and

WHEREAS, the City of Modesto Water Division uses sodium hypochlorite to disinfect the domestic water supply as specified by water purveyors permit as issued by the California Department of Health Services, and

WHEREAS, the disaffection process, using a 12.5% Sodium Hypochlorite Solution, has provided drinking water disaffection while maintaining a chlorine residual in the distribution system to protect our customers from possible water borne disease, since 1995, and

WHEREAS, sodium hypochlorite is a liquid solution containing chlorine in a salt form, and

WHEREAS, this is a more concentrated form of the same solution that is the familiar laundry bleach (5.5% sodium hypochlorite), and

WHEREAS, this allows for well water and the water distribution systems to be chlorinated in as safe a form as possible for both City personnel and City customers, and

WHEREAS, the City of Modesto Water Division Staff has found that the use of a pure solution of 12.5% Sodium Hypochlorite solution has several disinfecting benefits, and

WHEREAS, sodium hypochlorite is a more stable solution that does not deteriorate as quickly as the solutions of less pure quality, and

WHEREAS, the more stable the solution, the greater the consistency of the chlorine dosage, and

WHEREAS, there are fewer residues, and therefore less maintenance time required on the chlorinating system, and

WHEREAS, by soliciting competitive bids for liquid chlorine and sodium hypochlorite, the Finance Department, City Purchasing Division will comply with the Modesto Municipal Code, Section 8-3.203, regarding formal bid procedures,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves formal solicitation of bids for liquid chlorine and sodium hypochlorite for an initial three (3) year period, with two (2) one-year contract extensions, for an estimated annual cost of \$184,000.00 as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed proposals for liquid chlorine and sodium hypochlorite to be opened in the City Clerk, 1010 10TH Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the bids are opened, they shall be tabulated and analyzed and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-442**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO
ISSUE A REQUEST FOR BID (RFB) FOR A ROTARY DISTRIBUTOR CENTER
ASSEMBLY**

WHEREAS, the Operations and Maintenance Department-Water Quality Control (WQC) is requesting the purchase of a rotary distributor center assembly, and

WHEREAS, the estimated cost for a rotary distributor center assembly is \$96,000.00, and

WHEREAS, the mast type rotary distributor is a major component to the fixed film reactors located at the Secondary Treatment Plant, located at 7007 Jennings Road, and

WHEREAS, it is utilized to evenly distribute waste water over reactor media, and

WHEREAS, the purpose of the reactor is to remove Bio Oxygen Demand (BOD) from the waste water, and

WHEREAS, by soliciting competitive bids for a rotary distributor center assembly, the Finance Department Purchasing Division will comply with the Modesto Municipal Code, Section 8-3.203, regarding formal bid procedures,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves formal solicitation of bids for a rotary distributor center assembly as follows:

2003-528

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for a rotary distributor center assembly to be opened in the Office of the City Clerk, 1010 10TH Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the bids are opened, they shall be tabulated and analyzed and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-443**

A RESOLUTION TO CONSIDER AUTHORIZING THE INFORMATION TECHNOLOGY DEPARTMENT TO SOLICIT REQUEST FOR PROPOSALS FOR A REQUIREMENTS AND WORKFLOW ANALYSIS OF THE CITY'S LAND USE AND FINANCIAL BUSINESS PROCESSES.

WHEREAS, the Information and Technology Department has requested a requirements and workflow analysis study of the City's land use and financial business processes, and

WHEREAS, the City has a need for integrated business software systems to improve the integrity of its information and reduce inefficiencies from redundant systems, and

WHEREAS, the City needs to understand its business system requirements in order to ensure that information required to make sound business decisions is available and reliable, and

WHEREAS, Modesto Municipal Code (MMC), Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, one exception to the formal bidding requirements is contracts for Professional Services. (MMC8-3.204)(a).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Information Technology Department to issue a call for Request for Proposal (RFP) to perform a Requirements and Workflow Analysis study of the City's land use and financial business processes.

BE IT FURTHER RESOLVED that the Council hereby authorizes said Request for Proposal (RFP) to be evaluated and a recommendation for award made based on criteria outlined in the Request for Proposal (RFP). The Information Technology Department will then present a recommendation for award to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-444**

**A RESOLUTION AUTHORIZING WITHDRAWAL OF ACCEL RETRO FUNDS
IN THE AMOUNT OF \$700,000; LEAVING A BALANCE OF \$525,102 ON
DEPOSIT.**

WHEREAS, the City of Modesto has participated in Authority for California Cities Excess Liability (ACCEL) - a risk sharing pool since May '86, and

WHEREAS, each member city maintains premium deposits on account with ACCEL to cover potential pooled losses, and

WHEREAS, each year a retrospective rating calculation is run to determine assessments or refunds to members based upon actual loss experience, and

WHEREAS, this year's calculation results in refund a to the City of Modesto in the amount of \$1,225,102 for Program Years through FY 97/98, and

WHEREAS, this refund may be left on deposit with ACCEL or withdrawn in whole or in part, and

WHEREAS, the City desires to withdraw the sum of \$700,000 from ACCEL, with \$200,000 of that amount to be credited to the City's self-insured Liability Fund and \$500,00 to be credited to the City's self-insured Workers' Compensation Fund, and

WHEREAS, the balance of the refund in the amount of \$525,102 shall remain on deposit with ACCEL, and the City may, upon Council approval, make additional withdrawals from ACCEL prior to December 31, 2003, if funds are needed, and

WHEREAS, the Finance Committee reviewed this matter at its July 21, 2003 meeting, and supported the recommendation to withdraw funds in the amount of \$700,000.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes withdrawal of the amount of \$700,000 from ACCEL for the purpose of depositing \$200,000 in the City's self-insured Liability and \$500,000 in the City's Workers' Compensation Fund.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to instruct the Treasurer of ACCEL to pay the City of Modesto the sum of \$700,000 from said ACCEL fund and to execute all necessary documents to complete said financial transactions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of August 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

RECOGNIZE \$700,000 IN REVENUE AND TRANSFER \$500,000 OF SAID
REVENUE FROM THE LIABILITY FUND TO THE WORKERS'
COMPENSATION FUND**

WHEREAS, the City of Modesto has elected to withdraw \$700,000 from the Authority for California Cities Excess Liability (ACCEL) risk sharing pool, and

WHEREAS, the City of Modesto desires to recognize the \$700,000 in retrospective refunds as revenue to the City's Liability Fund, and

WHEREAS, the City desires to transfer \$500,000 of this revenue from the City's Liability Fund to the City's Workers' Compensation Fund, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the FY 2003/2004 Operating Budget is hereby amended to recognize additional revenue of \$700,000 to the Liability Fund (7330-030-6611) and to transfer \$500,000 of that revenue to the Workers' Compensation Fund (7320-030-6610).

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of August 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

By Resolution 2013-36

AMENDED
on Sept. 25, 2012
By Resolution 2012-384

WHEREAS, in accordance with existing legislation, the County Clerk-Recorder is empowered to collect an administrative fee for filing of all Notices of Determination, and

WHEREAS, Section 5-6.08 of the Modesto Municipal Code authorizes the City Council to establish fees to cover all costs incurred by the City of Modesto for preparation of plans and specifications and inspections for construction of sewer laterals in the City in accordance with a schedule to be approved by Council from time to time by resolution, and

WHEREAS, Section 7-1.108 of the Modesto Municipal Code authorizes the City Council to establish fees for services performed by the City of Modesto pursuant to Chapter 1 of Title VII of the Modesto Municipal Code, including but not limited to issuance of encroachment permits, work relating to street, sidewalk, curb and gutter improvements, in accordance with a schedule to be approved by the City Council from time to time by resolution, and

WHEREAS, Section 7-2.15 of the Modesto Municipal Code authorizes the City Council to establish fees for inspection for temporary closing of public ways in the City of Modesto in accordance with a schedule of fees approved by the City Council from time to time by resolution, and

WHEREAS, Section 7-2.23 of the Modesto Municipal Code authorizes the City Council to establish fees for street cuts inspections performed by the City of Modesto in accordance with a schedule approved by the City Council from time to time by resolution, and

WHEREAS, Section 7-2.29 of the Modesto Municipal Code authorizes the City Council to establish fees for trench restoration in accordance with a schedule approved by the City Council from time to time by resolution, and

WHEREAS, Section 4-4.803.1 of the Modesto Municipal Code authorizes the City Council to establish fees for street trees required in subdivisions, and

WHEREAS, Resolution 2000-232, adopted by the City Council on May 16, 2000, provides the method of assessing the street tree fee at the time of final subdivision map filing, to prevent overcharges from occurring, and

WHEREAS, Modesto Municipal Code Section 4-4.802(i) authorizes the City Council to establish street sign fees in accordance with a schedule approved by the Council from time to time by resolution, and

WHEREAS, Section 4-4.106 of the Modesto Municipal Code authorizes the City Council to establish, by resolution, filing fees for the processing of tentative and final subdivision and parcel maps and for other procedures required or authorized by Chapter 4 of Title IV of the Modesto Municipal Code, and

WHEREAS, Section 4-4.804(c) of the Modesto Municipal Code authorizes the City Council to establish, by resolution, the amount of cash deposit required to be furnished to the City of Modesto for each interior monument to be set after the filing of a final subdivision map, and

WHEREAS, Section 9-1.08 of the Modesto Municipal Code authorizes the City Council to establish building permit, plan checking and investigation fees in accordance with a schedule approved by the City Council from time to time by resolution, and

WHEREAS, Section 4-3.08 of the Modesto Municipal Code authorizes the Council to establish by resolution, investigation and permit fees relating to the moving of houses, and

WHEREAS, Section 3-1.108 of the Modesto Municipal Code authorizes the City Council to establish Fire Prevention Bureau Fire Safety Plan Checking and inspection fees, and

WHEREAS, Section 12-1.08 of the Modesto Municipal Code authorizes the City Council to establish, by resolution, a landscaping and irrigation plan review fee and a landscape inspection fee in accordance with rates approved by the Council from time to time, and

WHEREAS, collectively, the above fees are referred to as “Development User Fees”, which are charged by the City of Modesto to pay for the cost of various development services provided by City staff, and

WHEREAS, the current Development User Fees are set forth in City Council Resolution Nos. 89-1003, 89-1004, 89-1005, 89-1006, 90-521A, 90-832, 92-255, 92-271, 93-263, 93-351, 93-587A, 97-93, 00-232, 01-17, and 02-200, and

WHEREAS, the above-referenced resolutions previously adopted the current Development User Fees for the City of Modesto, and

WHEREAS, since adoption of the existing fees pursuant to the above referenced resolutions, the City has received a report entitled Development User Fee Study Report for the City of Modesto, from MuniFinancial, A Wildan Company, attached hereto as **Attachment A**, which provides background information and justification for updating the City’s Development User Fees, and

WHEREAS, the Development User Fee Study Report has been made available for public inspection, and may be viewed during business hours in the Office of the City Clerk, and these documents establish the factual basis for adjusting or creating fees in accordance with their recommendation, and set forth the relationship between development and development user fees, and

WHEREAS, the fees collected pursuant to this resolution will be used to cover the costs associated with the processing of development related services, and

WHEREAS, a Notice of Public Hearing was published in the Modesto Bee on June 9, 2003, and

WHEREAS, the public hearing was opened on June 24, 2003, at which time public testimony was taken, and

WHEREAS, Council provided direction for changes to the Development User Fee Program, and

WHEREAS, Council established a policy to recover most fees at full cost, with some exceptions, and

WHEREAS, Council established a policy of automatic annual adjustment of most fees with some exceptions, based on the increased cost of providing the service brought on by inflation, and

WHEREAS, Council established a policy of undertaking a comprehensive analysis of the fees in the fifth year of the fee schedule, and

WHEREAS, Council directed staff to prepare resolutions to implement the 2003 Development User Fee Study Report for the City of Modesto.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council finds and determines that Resolutions 89-1003, 89-1004, 89-1005, 89-1006, 90-521A, 90-832, 92-255, 92-271, 93-263, 93-351, 93-587A, 97-93, 00-232, 01-17, and 02-200, are hereby amended as follows:

A. The fees set forth in the Development User Fee Schedule, attached as **Attachment B** and incorporated herein by reference are hereby adopted or revised as the case may be.

B. The fees set forth in the previous paragraph, where indicated, shall be automatically adjusted in accordance with changes in the annual Employment Cost Index, as set forth in **Attachment C**, attached hereto and incorporated herein by this reference. The adjustment shall be made and published annually on or before July 1st of each year, by the Finance Department.

C. The Community and Economic Development Department shall conduct a comprehensive analysis of all fees, every five years.

BE IT FURTHER RESOLVED that the Council finds that there exists a direct relationship between the fees charged and the cost of service delivery.

BE IT FURTHER RESOLVED that the Council finds that the California Environmental Quality Act (CEQA) does not apply to the adoption of this resolution pursuant to Sections 15378(b)(4).

BE IT FURTHER RESOLVED that the Council finds that Development User Fees, as herein defined, shall be due and payable at the time a building permit is issued, unless otherwise approved by Council resolution, as set forth in Modesto Municipal Code Section 8-1.904.

BE IT FURTHER RESOLVED that the Council finds that should any fee, provision, clause, paragraph or subparagraph be held invalid or unconstitutional, that invalidity or unconstitutionality shall not affect other provisions or applications thereof which can be given effect without the invalid fee, provision, clause, paragraph, or subparagraph, and to this end, the provisions are declared severable. By adopting this resolution, the City Council hereby declares that it would have adopted this resolution without that fee, provision, clause, paragraph or subparagraph.

BE IT FURTHER RESOLVED by the City Council that this resolution shall take effect in accordance with the law sixty (60) calendar days from the date of adoption of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, O'Bryant, Mayor Sabatino

INTRODUCTION AND APPROACH

As more fiscal limitations are imposed on local governments in California, user fees have become an important source of revenue for these jurisdictions. A user fee, or service fee, is a payment made by an individual for a service that primarily benefits the individual. Public agencies can impose a user fee for a government service when (1) the individual's decision to use the service is voluntary, and (2) the fee charged to an individual user is reasonably related to the level of service rendered and the cost of providing that service.

User fees in California are required to conform to the statutory requirements of the California Constitution and the California Code of Regulations, including Government Code Section 66000 et. seq. By law, user fees may not exceed the reasonable costs of the services for which they are collected unless the excess fees are approved by a two-thirds vote of the electorate.

Study Objectives

The City believes that the current master fee schedule does not accurately reflect the costs associated with the processing of fee-related services. In many fee areas, the City has been under-collecting its user fees. As a result, the City's General Fund has subsidized many services. For many service areas, fees have not been updated in the last 10 to 15 years. Since the last updates, the direct and indirect costs associated with service delivery have risen with no corresponding increase in fees. Furthermore increased requirements by the State have led to cost increases. To correct these deficiencies, the City desires to update its master fee schedule.

The objective of this study is to provide the City's management with the information required to make appropriate pricing decisions.

Policy Considerations

Economists and local government practitioners advocate the utilization of user fees by local governments to finance certain public services that primarily benefit the individual user. User charges apply to those individuals who voluntarily consume services or use public facilities. User fees are favored because they are means for additional revenues and can lead to efficient allocation of resources.

City policy may dictate, within reason, which costs should be recovered and to what degree through the collection of fees from service users. Most

jurisdictions desire to collect the full cost of staff labor that are associated with the administration and processing of development-related services that benefit individual applicants. In addition, most jurisdictions wish to recover overhead costs associated with development related activity as well. Overhead costs are necessary for the support and function of a city's operating departments. Without administrative support and supplies, the various operating departments could not function effectively for the individuals they serve. However, overhead costs are often not recovered due to a lack of overhead identification techniques.

Labor effort and costs associated with the provision of fee-related services will fluctuate over time. Because of these inherent cost changes, it is important for the City to implement a fee schedule that can be updated with relative ease to reflect these changes. This is a critical feature of any user fee schedule.

For this study, the City wishes to examine services provided by the General Fund development service departments, including services not currently generating fees. One purpose of the study is to find those fee areas that are listed on the current fee schedule where no service is provided and eliminate them. In addition, the study effort should determine new fee areas and implement new fees for the corresponding services. The recommended fee schedule generated by this study includes new fees, eliminates others and modifies certain categories of fees where it makes the most sense in terms of ease of staff processing and cost tracking.

Escalator Index

Flexibility and ease of use will assist the City in its efforts to ensure fees are based on current and reasonable costs to provide services to potential and existing applicants. For the fee schedules included in this report, the City of Modesto wishes to apply an annual adjustment factor to the fee schedules. We recommend the Employee Cost Index for State and Local Government Employees, Total Compensation as published by the Bureau of Labor Statistics. Each year, the City shall determine the percentage change in this index and apply the increase or decrease to the master fee schedule by act of City ordinance or resolution. Certain fees are exempt from an index adjustment, such as fees set by the State of California, and these fees are noted in the master fee schedule. Every five years the City should conduct a comprehensive cost of service analysis to ensure fees are set appropriately.

Approach

Two methods of analysis have been used in this engagement:

- *Case Study Method:* This approach estimates the direct and indirect labor and material costs associated with providing a unit of service (permit or application processing) to a single user. Costs are estimated based on interviews with agency staff regarding the time typically spent on specific tasks and review of available records. The case study method was employed for all fees except building fees.
- *Macro Cost vs. Revenue Method:* This “top-down” approach evaluates the appropriateness of current fees by comparing the total cost of a service category (e.g. Building inspections) against total revenues received. Costs are estimated by apportioning 100% of each staff member among the various service categories. This type of analysis tells decision makers whether a category of fees is creating a revenue surplus, deficit, or breaking even. This method was employed for Building Division fees.
- *Time and Materials:* Services for which the City staff time requirement varies dramatically are best recouped on a time and materials basis. We have recommended time and materials charges for select fees within both Planning and Engineering. We recommend the City adopt the following policy for services recouped on a time and materials basis:

Concurrent with submittal of an application, the project applicant shall pay deposit amounts (when specified) and enter into an agreement to fully reimburse the City for processing costs. The City shall not be required to perform any work on the application prior to receipt of the deposit and execution of the agreement. The agreement shall also include a provision for amendments to the agreement and scope of work to cover work that was unforeseen or substantially exceeded estimates.

Under all approaches, indirect costs are added to the direct costs of service to calculate the user fee. Indirect cost figures are obtained from the City’s cost allocation plan, which is prepared by an independent consultant.

Discussions with City staff indicate that the case study method of calculating fees is appropriate for most of the City’s user fees. We employed the macro cost vs. revenue method for building fees due to the complexity of the building fee schedule and a lack of time data. We present below our work plan based on both of these methods and the City’s objectives for the study.

Fee Study Work Plan

The study work plan was guided by the City’s objective of identifying the full cost of each service for which a user fee may be charged. The work plan consisted of a data collection task, the development of a fee model based on the study’s objectives and the data collected, benchmarking Modesto’s fees against comparable jurisdictions, and finally, the development of the recommended fee schedule for each department. This report is the final

product of the study and describes its process, analysis and recommendations.

Cost Identification

There are two distinct philosophies regarding the degree of cost recovery for service delivery. Some public officials argue that user fees should be based on the amount of service directly rendered for a specific service. They state that the cost of maintaining staffing and facilities to render those services upon demand should be recovered from an agency's general fund.

The counter argument is that maintaining an "administrative infrastructure" to provide services is as much a part of the government infrastructure for which new development may be charged, as are new streets, utilities, and other related infrastructure. In other words, fee-related services could not occur without a staffed and supplied organization that is capable of meeting the demands for services placed upon it by a particular individual or development activity. This infrastructure is required to sustain the permitting, application, inspecting and other services of the City. These costs are required for the provision of services and can be recoverable from applicants in the form of service fees.¹

Data Collection

This fee study identifies three cost layers that, when combined, constitute the fully burdened cost of a service. For the purpose of this study, the cost layers are defined as: direct labor, departmental indirect labor, and central overhead. These layers are defined as the following:

- *Direct Labor.* Staff hours spent directly on fee-related services. These hours are related to costs as a burdened salary rate. This rate includes the staff member's salary, plus benefits and taxes paid by the City.
- *Departmental Indirect Labor.* Staff hours spent on supervision and departmental administration activities. This cost layer consists primarily of secretarial staff, clerical staff, materials and supplies and portions of a department head.
- *Central Overhead.* These costs represent those departments whose primary function is to support other City departments. Central overhead figures were established by an independent cost plan consultant. Central overhead examples include:
 - City Management;
 - Treasury;

¹ Michael Bouse, "Establishing Building Permit Fees", November, 1998.

- City Attorney;
- Finance Department activities;
- Personnel Department; and
- Risk Management.

We interviewed all City departments that provide a user fee-related service. Each appropriate City staff member received a uniformly structured form to complete. Staff was instructed to complete each form by filling in direct and indirect labor time expended on fee-generating activities. Staff members were also asked to provide time spent on fee services that were not listed on the formal fee schedule.

After completion of these surveys, each Department or Division Director reviewed the responses, and confirmed and/or revised if necessary. These surveys and other working papers have been given to the custody of the City and document the time estimate data used in this analysis. In addition, we worked with the City staff in modifying many of the fee categories to accurately reflect the type of services provided by the service departments. In some instances, fee categories were collapsed into fewer sub-categories for ease of administration. In other instances fee categories were expanded to improve the equity of the charge.

Part of the data collection task included a thorough review of relevant City documentation, such as:

- City General Fund budget;
- Current City fee schedule;
- City consultant invoices;
- City correspondence related to fee services; and,
- Various City permit and application data.

The final data collection tool we provided to the City was a fee comparison matrix. This document compares the City's current and proposed fee schedule with fee schedules from cities located near the City of Modesto. The matrix is a useful resource tool to benchmark Modesto's current and recommended fees with similar jurisdictions. The comparison analysis is attached at the end of this report. The jurisdictions included in the fee matrix are:

- | | |
|---------------------|-------------------------|
| ♦ City of Fairfield | ♦ City of Ripon |
| ♦ City of Merced | ♦ City of Sacramento |
| ♦ County of Merced | ♦ County of San Joaquin |

- ◆ County of Stanislaus
- ◆ City of Stockton

- ◆ City of Tracy
- ◆ City of Turlock

COST OF SERVICE ANALYSIS – PLANNING

This section describes the analysis of the cost of providing current planning services to existing and potential applicants. The City's Planning Division provides these services at the request of property owners and developers seeking to build, or enhance and change the current use of their property.

Description of Services

The Division is responsible for administering the City's land use planning and entitlement system; managing and coordinating the General Plan, Specific Plans, Finance Plans and programs including Specific Plan finance plans. The Division also oversees California Environmental Quality Act (CEQA) review, and manages implementation through annexation, precise plans, zoning, use permits, variances, and subdivision maps. These latter current planning services are the primary focus of this analysis.

In addition, the Division has substantial responsibility for provision of information in response to the general public, the Commission and Board, and the Council. These activities are not related to specific development proposals.

Current Planning Services

Part of the division's services relate to the consideration of proposals by property owners and developers that would result in changes to existing land uses, often referred to as "current planning" services. The division provides certain current planning services including:

- Pre-application meetings between a potential project applicant and staff planner to evaluate consistency of the project with the General Plan and zoning ordinance, and to review relevant application procedures;
- Preliminary design review of a project; and,
- General assistance for potential applicants.
- Beginning with submittal of an application, the division charges for its services, and it can be reimbursed for those services up to their full reasonable costs.

Staffing

For the fiscal year 2002/03, the Planning Division consists of one (1) Planning Manager, two (2) Principal Planners, five (5) Senior, Associate, or Assistant Planners, four (4) Planning Technicians or Planning Assistants, one (1) Office Supervisor and three (3) clerical positions. In addition, the Division is supervised by the Community Development Director. It is important to note that staff of other development services departments and divisions may expend labor hours on Planning Division activities. Where appropriate, this cost recovery study allocates their appropriate time to Planning Division services.

Analysis and Recommendations

This study identified and assigned costs to over 40 existing, new or modified planning fee services. Most of these fees are insufficient to cover the actual cost incurred in service provision. As discussed above, the division dedicates much of its time to two general areas: 1, pre-applicant time spent on the front-end of potential development activity and, 2, reimbursable current planning services time, specifically the processing of development permits and applications. This time allocation is typical for most local jurisdiction planning divisions. Based on our experience with cost of service studies in other jurisdictions throughout California, it is not unusual for planning divisions to implement a significant increase in many fee-generating service fees to ensure adequate and reasonable cost recovery.

With a few exceptions we recommend that the goal of Planning fees be set at 100% cost recovery levels. The exception to this policy is the Appeals fee, which we recommend be limited to \$200. Cities typically keep appeal fees well below actual cost to ensure this process is not limited by economic reasons. While most existing fees are set below actual costs, we did discover that the Initial Study fee is set above actual cost. We recommend this fee be reduced to equal the actual cost of providing the service.

It should be noted that even with implementation of our fee recommendations the cost recovery rate for current planning as a whole will likely be less than 100% cost recovery due to non-fee related activities. The department devotes significant time to two non-fee activities: pre-application time with developers and activities directed by Council.

Newly Proposed Fees:

Based on review of the Division's internal processes and fees charged by similar jurisdictions, the City proposes institution of the following new fees:

1. *Precise Plan Amendment* – Minor alterations to an approved Precise Plan.
2. *Concept Review* – Less thorough than a Site Plan Review, a Concept Review verifies that material is consistent with Planning and Zoning standards. One concept review for each property will be provided free of charge. A concept review fee will be assessed if a second review is requested. Third concept reviews will not be accommodated – rather, the developer will need to apply for a site plan review.
3. *Special Agreements* – This fee would recoup attorney time preparing special agreements for land that is dedicated, but needs special terms.
4. *General Plan Maintenance Fee* – This fee is applied to building permits and is designed to fund 40% of the annual cost of maintaining the City's Long-range plans (General Plan, Housing Element, etc.). New construction contributes to the need for periodic updates of these plans. Institution of this fee would add approximately \$1 to a patio cover permit, \$53 to an average single-family home permit and \$263 to a \$1 million valuation office-building permit. Calculations are provided below:

**General Plan Maintenance
Fee Calculations**

Amortized Annual Cost of Long Range Plans		Average Annual Building Construction Valuation:	
General Plan and MEIR	\$97,101	(Based on latest four years of construction valuation data)	
Master EIR Update	\$50,832	1999/00 actual	\$366,000,000
Housing Element	\$54,386	2000/01 actual	\$477,000,000
Urban Growth Review	\$46,930	2001/02 estimate	\$325,000,000
Annual Cost	\$249,249	2002/03 budget	\$350,000,000
Amount to Fund via Fee (40%):	\$99,700	4 year average:	\$379,500,000
		Fee per \$1,000 of Building Construction Valuation:	
		(\$99,700/\$379,500,000) x \$1,000: \$0.26	

Sample General Plan Maintenance Fee Calculations:

Proj. Type	Valuation	Fee
Patio Cover:	\$4,000	\$1
SFR	\$200,000	\$53
Office Building	\$1,000,000	\$263

Table I. City of Modesto, Planning Division Fee Summary

<i>Service/Application</i>	Average Total Cost	Current Fee	Fee at Full Cost Recovery
Planning Fees - Current			
P-D Zoning	\$5,750	\$1,105	\$5,750
Amend P-D Zone Pursuant to Sec. 10-2.1704 (b)	\$5,750	\$1,105	\$5,750
Amend P-D Zone Pursuant to Sec. 10-2.1704 (a)	\$4,930	\$795	\$4,930
Annexation	\$9,239	\$540	\$5,000 dep., t&m
Rezoning	\$4,688	\$1,000	\$4,688
Plot Plan Review - Satellite antenna , SFD	\$3,716	\$135	\$3,716
Plot Plan Review - 2nd Story Add'n, SFD	\$240	\$230	\$240

COST OF SERVICE ANALYSIS – ENGINEERING

This section describes the analysis of the City of Modesto's cost of providing engineering services to existing and potential applicants. The Engineering and Transportation Department provides these services to property owners and developers providing public improvements as part of their development projects. The Construction Administration program (4212) recovers the cost of inspection services on a time and materials basis for subdivisions – accordingly, this program has not been analyzed. The Development Review and Permits program (4213) and the Development Services program (4214) perform most of the Department's developer fee-related services and are the focus of this analysis. The Capital Planning Program (5015) performs assured water supply and water and wastewater capacity analysis.

Description of Services

The Development Review and Permit's and the Development Services programs provide a variety of services related to land use and improvements within the City (this report does not analyze the functions and costs associated with City Capital Improvement Projects.) These programs are responsible for the review and processing of plans, permits and applications for land development. These services are the primary subject of this analysis. The department provides the following engineering services:

- Engineering review of land development applications;
- Map checks of subdivision and parcel maps for compliance with state and local ordinances;
- Plan checks of maps, grading and improvements, including preparation of improvement agreements and bonding requirements;
- Encroachment permits (review of plans and inspection of incursions into public rights-of-way);
- Site engineering review for new buildings and additions and remodels and;
- Processing of certificates of compliance.

Staffing

For the fiscal year 2002/03, the Development Review and Permit's and the Development Services programs consist of one (1) Senior Civil Engineer, one (1) Associate Civil Engineer (2) Assistant Civil Engineers, one (1) Administrative Technician, one (1) Administrative Clerk II, and two (2) temporary employees. The Capital Planning Division consists of one (1) Senior Civil Engineer, one (1) Associate Engineer, and one (1) Assistant Civil Engineer. In addition, these divisions are supervised by the Deputy Director of Engineering and Transportation.

Analysis and Recommendations

Our analysis indicates that most Engineering fees are set significantly below actual cost – some fees only recovering 13% of actual costs incurred. In some instances, however, engineering fees do exceed actual cost. *We have recommended a combination of fee increases and decreases to arrive at an approximate 100% cost recovery status.*

We recommend restructuring Improvement Plan Checking fees from a flat plus per lot format to a percentage of construction cost format. The percentage of construction cost format is used by most California engineering operations. Construction costs should be calculated as per the most recent edition of the Engineering News Record.

The Encroachment Permit analysis indicates that roughly the same amount of time is required to review each encroachment permit category. Consequently, we have recommended some fee increases and some fee reductions. Inspections provided by Construction Administration should be charged on top of the fees identified in this analysis.

Newly Proposed Fees:

Based on review of the services provided and fees charged by similar jurisdictions, the City proposes institution of the following new fees:

1. *Legal Description Check* – Legal description check by the Land Surveyor.
2. *Reciprocal Access Agreement* – These agreements are negotiated by the City's legal staff.
3. *Water Availability Analysis* – This type of analysis satisfies the requirements of SB 610 and/or SB 221.
4. *Water and Wastewater Capacity Analysis* - These analysis determine the available capacity of the water and wastewater system to serve new development.

Table II presents the total cost of each service area, the current fee charged and the proposed fees.

Table II. City of Modesto, Engineering Fee Summary

Service/Application	Average Total Cost	Current Fee	Proposed Fee
Reversion to acreage checking fee	\$671	\$190.50	\$671
Final parcel map checking fee	\$1,178	\$385.00	\$1,178
Final subdivision map checking fee:			
10 lots	\$1,744	\$385.00	\$1,744
150 lots	\$4,100	\$1,484.00	\$1,744 + \$16.83/lot above 10
Improvement plan checking:			
\$25k cost estimate	\$1,955	\$240.00	3% cost est.
\$100k cost estimate	\$2,645	\$335 plus	2.6% cost est.
\$250k cost estimate	\$4,560	\$335 plus	1.8% cost est.
Property owners' association doc checking fee	\$192	\$185.00	\$192
Certificate of Compliance	\$1,190	\$137.00	\$500
Right of Way Abandonment	\$1,676	\$190.00	\$1,676
Street Trees, each - furnished & installed by City	\$153	\$66.00	\$153
Monument Deposit	n/a	\$40.00/ monument	\$40.00/ monument
Street Signs, each intersection, installed by City	\$230	\$175.00	\$230
Encroachment permits: ¹			
Curbs and curb cuts (300 lf)	\$170	\$82.00/lot	\$170

Misc Improvements (300 lf) ^{2,4}	\$57	\$201.00	\$57
Install refractor steel pole	\$133	\$55.00	\$133
Added refractor steel pole	\$133	\$13.50	\$133
Install mast arm wood pole	\$133	\$125.00	\$133
Added mast arm wood pole	\$133	\$102.50	\$133
Install luminaire, standard pole	\$208	\$20.50	\$208
Soil core sample	\$208	\$85.00	\$208
Rough Grading Plan Check	n/a	UBC	UBC

Table II. City of Modesto, Engineering Fee Summary (continued)

<i>Service/Application</i>	Total Cost	Current Fee	Proposed Fee
Potential Fees found in other Cities:			
Legal Description Check	\$77	\$0.00	\$77
Reciprocal access agreements (parking, etc.)	\$268	\$0.00	\$268
Water Availability Analysis	t&m	\$0.00	\$5,000 dep., t&m
Water and Wastewater Capacity Analysis	t&m	\$0.00	\$3,000 dep., t&m

- (1) Additional fees charged if City employees perform paving or staking services.
- (2) A trench restoration fee of \$2.50/ s.f. is charged in addition. The trench restoration fee is an impact fee, rather than a user fee, and therefore is excluded from this study.
- (3) Applicant shall pay an additional \$3.75/ lf for small laterals designed and drawn by the City.
- (4) These fees DO NOT include construction inspection time, which will be charged on a time and materials basis.

Sources: City of Modesto; MuniFinancial.

COST OF SERVICE ANALYSIS – FIRE

The primary responsibility of the Fire Department is to provide protection from fire and other life-threatening occurrences to city residents. In addition to fire suppression activities, the Department also provides fire protection services and fire investigation. While the Fire Department is primarily funded through general taxation, there are a number of service areas where user fee charges are appropriate. This analysis focuses on those user fee services that are initiated as a result of new development.

Description of Services

The Fire Prevention Bureau reviews all new construction plans for compliance with the Fire Code. The Bureau is also responsible for community fire education, engineering, enforcement and investigation.

Recent staff turnover and vacancies have caused the Bureau to prioritize the services it provides to the public. They have focused on providing thorough reviews of new construction plans and thorough inspections and testing of all new construction and fire protection devices. Less emphasis has been placed on routine inspections of existing businesses.

Staffing

For the fiscal year 2002/03, the Fire Prevention Bureau consists of one (1) Fire Marshal, one (1) Deputy Fire Marshal, two (2) Fire Investigators, three (3) Fire Prevention Technician II's, one (1) Administrative Clerk II and one (1) Part Time Administrative Office Assistant II. In addition, the Division is supervised by the Fire Chief.

Analysis and Recommendations

This study analyzed five Fire development-related fees and determined that all five are set below actual cost. In addition, this study recommends the institution of eight new development-related fees. *We recommend that all Fire development-related fees be adjusted to 100% cost recovery levels.*

Newly Proposed Fees:

Based on discussion with Fire Prevention Bureau staff, we propose institution of the following new Fire Prevention fees:

1. *Fire Alarm System Plan Check* – This is a fee for the review of a new fire alarm system.
2. *Fire Alarm System Test and Inspection* – This is a fee for a test and inspection of a new fire alarm system.
3. *Site Plan Review* – This fee is to recover the Fire Department's cost of reviewing site plans.
4. *Re-inspection* – When an initial inspection is failed, the occupant is informed as to what conditions must be corrected. If the follow-up inspection is also failed, we recommend the occupant be charged for the third and any subsequent inspections required.
5. *After Hours Inspection* – The Bureau's labor MOU states that employees working after normal business hours must be paid for a minimum of 3 hours at overtime rates.
6. *Changed Plans Check* – when plans are submitted either incomplete or with significant changes from a previous version.
7. *Alternate Materials/Methods Evaluation* – when plans are submitted outside of Code requirements, the Deputy Fire Marshall researches for adequacy or sends to outside Fire Prevention Engineer for review.
8. *Engineered/Pre-engineered Fire Protection System* – review of systems for adherence to Fire Code.
9. *Special Project Plan Review* – this fee would recover fire life safety plan review costs that are not captured in the building permit process.

Table III presents the total cost of each service area, the current fee charged and the proposed fees.

Table III. City of Modesto, Fire Fee Summary

<i>Service</i>	Average Total Cost	Current Fee	Proposed Fee
Fire/Life Safety Review:			
New Shell Building (per 1,000 sq ft)	\$49	\$28	\$49
Complete Building (per 1,000 sq ft)	\$62	\$35	\$62
Tenant Improvement (per 1,000 sq ft)	\$39	\$28	\$39
Fire Sprinkler System (per 1,000 sq ft)	\$17	\$13	\$17
Fire Alarm Systems (per 1,000 sq ft)	\$17	\$0	\$17
Fire Sprinkler System Test & Inspection (per system riser)	\$389	\$137	\$389
Potential New Fees			
Special Projects Plan Review	t&m		t&m
Fire Alarm System Test & Inspection	\$79	\$0	\$79
Site Plan Review	\$79	\$0	\$79

COST OF SERVICE ANALYSIS – BUILDING

This section describes the analysis of the City of Modesto's cost of providing building plan check, permit and inspection services to existing and potential applicants. The City's Building and Development Services Division provides these services at the request of property owners and developers seeking to build, or enhance and change the current use of their property.

Description of Services

The City of Modesto Building and Development Services Division provides a variety of services related to building plan review and inspection, electrical, plumbing, and mechanical permit fees within the City. These services are the primary subject of this analysis.

Typically, building permit fees are based on the valuation (value) of the proposed construction project. Building permit fees are used to offset the costs of inspecting and documenting building construction. Plan review fees are usually a percentage of the building permit fee and are usually established by City Council resolution. The current City fee schedule uses a variety of fee setting tables depending upon the characteristics of the development project.

Building fees are calculated based on a modified version of the Uniform Building Code (UBC), which is based on a percentage of the valuation of construction. Plan review fees are generally 65% of the building permit fee; however, tract housing plans are only charged an amount equal to 10% of the building permit fee in recognition of the redundant nature of these checks.

Staffing

For the fiscal year 2002/03, the Building and Development Services Division consists of twenty one (21) professional staff and six (6) clerical staff members. The Division utilizes contract plan check staff when demand exceeds the supply of full-time staff. The Division is supervised by the Community and Economic Development Director.

It is important to note that support from other departments and divisions has been factored into the Building cost analysis.

Analysis and Recommendations

The purpose for this analysis is twofold. First, it justifies fees for the purposes of reconciling to City Council that Building fees are directly proportionate to the cost of providing services. Second, it justifies the fees for the purpose of showing compliance with the State of California Attorney General's Opinion No. 92-506. In this opinion the Attorney General determined that municipalities may not rely solely on the UBC fee schedules but must demonstrate that building fees do not exceed the reasonable cost of providing service.

This analysis has been prepared in compliance with the total cost-total revenue methodology recommended by the California Building Officials (CALBO). CALBO is a statewide non-profit association of building officials organized to provide mutual benefit services for its membership, government agencies, and the citizens of the State of California.

This analysis is based on projections of costs for 2002/03 and actual median revenue for fiscal years 2000 and 2001. Actual revenues are used due to the inherent difficulty of projecting building fee revenue. Total costs used in this methodology include both direct budgeted Building Division costs and overhead costs as calculated by the City's independent cost plan consultants. These costs are assigned to service categories based staff distributions found in the City's Insurance Services Office (ISO) report. The ISO uses this report to evaluate the adequacy of city code inspections for insurance adjustment purposes.

Applicants occasionally request that a particular application be processed in an expedited timeframe. The Building and Development Services Division can accommodate such requests by having these applications processed by contract plan checkers. The contract plan checkers send the processed plans to the City for final approval. City staff typically review the plans several times before a final version is approved. *We recommend an Expedited Applications fee for this process to recover actual contract cost plus a 30% markup for staff review.*

Total revenues include all fees collected for building service provision. These revenues include, but are not limited to, fees for plan review, inspection, re-inspection and Title 24 Energy fees.

Newly Proposed Fees:

1. *No Build Agreement* - This fee would recoup attorney time preparing agreements whereby a property owner agrees not to build on his/her land. This fee shall be recovered on a time and materials basis.
2. *General Plan Maintenance Fee* - See Planning section for description.

Based on our analysis of the Building and Development Services Division, inspection services generate a revenue surplus of \$24,829 while plan checking services incur a deficit of \$220,043 for a net deficit of \$195,214. The Plan Checking deficit is likely caused by the extremely low repeat-unit plan check fee, which is 10% of the model unit fee. Neighboring jurisdictions charge between 40 to 100% for this same service. We recommend the repeat-unit plan check fee be increased to 25% of the model unit fee.

Table IV presents our macro cost/revenue analysis for the Building and Development Services Division's fee related services.

Table IV. City of Modesto, Building Fee Summary

Indirect Cost Analysis

COST OF SERVICE ANALYSIS – LANDSCAPE

This section describes the analysis of the City of Modesto's cost of providing landscape review and inspection services for which a fee may be charged.

Description of Services

The Parks Planning and Development Services Division is responsible for providing neighborhood, community, and regional open space that meets the goals of the Modesto Urban Area General Plan. This Division is responsible for providing landscape review and inspection services for new development. As recent as fiscal year 2001 this service had been provided through contract landscape review consultants under the supervision of the Building Division. In 2002, this function was brought in-house under the Parks, Recreation and Neighborhoods Department.

Staffing

For the fiscal year 2002/2003, the Parks Planning and Development Services Division consists of one (1) Parks Planning and Development Manager and three (3) Project Coordinators.

Analysis and Recommendations

We recommend landscape review and inspection services be adjusted to 100% full cost recovery levels.

Table V presents the total cost of each service area, the current fee charged and the proposed fees.

Table V. City of Modesto, Parks Planning & Development Fee Summary

<i>Service</i>	Average Total Cost	Current Fee	Proposed Fee
Landscape Plan Checks:			
up to 5000 sq ft.	\$193	\$60	\$193
5001 to 10000 sq ft	\$298	\$78	\$298
10001 to 15000 sq ft	\$351	\$98	\$351
15001 to 25000 sq ft	\$456	\$115	\$456

APPENDIX B: COMPARISON MATRIX

This section compares Modesto's development user fees to several jurisdictions. These jurisdictions were selected based on their proximity to Modesto and similarity in development demographics.

The jurisdictions included in the comparison matrix are:

- ♦ City of Fairfield
- ♦ City of Merced
- ♦ County of Merced
- ♦ City of Sacramento
- ♦ County of San Joaquin
- ♦ County of Stanislaus
- ♦ City of Stockton
- ♦ City of Tracy
- ♦ City of Turlock

EMPLOYMENT COST INDEX—DECEMBER 2002

The Employment Cost Index for total compensation rose 0.7 percent from September to December, following a 0.8 percent gain from June to September, seasonally adjusted, the Bureau of Labor Statistics of the U.S. Department of Labor reported today. Benefit costs continued to outpace the gains in wages and salaries for civilian workers in December, increasing 1.3 percent compared with a modest rise of 0.4 percent for wages and salaries. The Employment Cost Index (ECI), a component of the National Compensation Survey, measures quarterly changes in compensation costs, which include wages, salaries, and employer costs for employee benefits, for nonfarm private and State and local government workers.

Employer costs for benefits account for nearly 30 percent of compensation costs and include such items as health and other insurance, retirement plans, paid leave, and legally-required benefits like Social Security. The 1.3 percent increase in benefit costs this quarter was in line with quarterly increases over the past four years. Since 1999, benefit costs for civilian workers have increased about 20 percent, double the pace for 1995-1998. Much of the increase in benefit costs over the past few years stemmed from rising costs for health insurance and retirement plans.

Quarterly changes, seasonally adjusted

The 3-month increase in compensation costs for State and local government workers was 0.9 percent from September to December, after a sharp gain of 1.5 percent for the quarter ended in September. Compensation costs for private sector workers advanced 0.7 percent from September to December, after rising 0.6 percent in the prior quarter. Although compensation costs rose 1.3 percent for construction and durable manufacturing industries, private sector compensation gains were dampened by slower growth among service-producing industries. (See tables A and 1.)

Wages and salaries increased 0.4 percent for civilian workers (nonfarm private industry and State and local government) during the December quarter, following a 0.5 percent rise in the September quarter. The private sector continued to show moderate gains, inching up 0.4 percent for the second consecutive quarter after larger gains earlier in the year. Wage and salary increases slowed in nondurable manufacturing industries, transportation and public utilities, services industries, and among service workers. Wages and salaries in State and local government advanced 0.8 percent during the September-December period, following a 0.9 percent increase in the June-September quarter.

Table A. 3-month percent changes in Employment Cost Index, seasonally adjusted

Compensation Component	Mar. 2001	June 2001	Sep. 2001	Dec. 2001	Mar. 2002	June 2002	Sep. 2002	Dec. 2002
Civilian workers								
Compensation costs	1.1	1.0	1.0	1.0	0.8	1.0	0.8	0.7
Wages and salaries	1.0	1.0	0.8	0.9	0.8	1.0	0.5	0.4
Benefit costs	1.2	1.1	1.5	1.2	1.0	1.3	1.4	1.3
Private industry								
Compensation costs	1.1	1.0	0.9	1.0	0.9	1.1	0.6	0.7
Wages and salaries	1.0	1.0	0.7	0.9	0.9	1.0	0.4	0.4
Benefit costs	1.3	1.1	1.4	1.3	1.1	1.4	1.0	1.2
State and local government								
Compensation costs	1.0	1.1	1.4	0.6	0.7	0.8	1.5	0.9
Wages and salaries	0.9	1.0	1.0	0.7	0.7	0.8	0.9	0.8
Benefit costs	1.1	1.2	2.2	0.8	0.7	0.8	3.0	1.6

The 1.3 percent increase in benefit costs for civilian workers followed a 1.4 percent gain in the June-September quarter. In the private sector, benefit costs were up 1.2 percent for the December quarter, compared with a 1.0 percent advance in the June-September period. By contrast, the increase for State and local governments declined from the 3.0 percent gain in the September quarter to a 1.6 percent increase in December.

Over-the-year changes, not seasonally adjusted

Compensation gains moderated for civilian workers for the 12 months ended in December. Annual compensation costs for civilian workers (not seasonally adjusted) increased 3.4 percent, lower than the over-the-year increases of 4.1 percent in both December 2001 and December 2000. Compensation costs in private industry rose 3.2 percent in the year ended December 2002, compared with larger increases of 4.2 percent for December 2001 and 4.4 percent for December 2000. In State and local government, compensation costs increased 4.1 percent for the year ended December 2002; over-the-year gains were 4.2 percent in December 2001 and 3.0 percent in December 2000. (See tables B, 2, and 3.)

Nonfarm private industry

In private industry, annual gains slowed in the 12-months ended in December 2002. Wages and salaries rose a modest 2.7 percent, after increasing 3.8 percent in the year ended in December 2001. (See tables B and 6.) Benefit costs for private industry workers advanced 4.7 percent for the year ended in December 2002, compared with an increase of 5.1 percent in December 2001. (See tables B and 8.)

Table B. 12-month percent changes in Employment Cost Index, not seasonally adjusted

Compensation Component	Dec. 1997	Dec. 1998	Dec. 1999	Dec. 2000	Dec. 2001	Dec. 2002
Civilian workers						
Compensation costs	3.3	3.4	3.4	4.1	4.1	3.4
Wages and salaries	3.8	3.7	3.5	3.8	3.7	2.9
Benefit costs	2.1	2.6	3.3	4.9	5.2	5.0
Private industry						
Compensation costs	3.4	3.5	3.4	4.4	4.2	3.2
Wages and salaries	3.9	3.9	3.5	3.9	3.8	2.7
Benefit costs	2.3	2.4	3.4	5.6	5.1	4.7
State and local government						
Compensation costs	2.3	3.0	3.4	3.0	4.2	4.1
Wages and salaries	2.7	3.1	3.6	3.3	3.6	3.2
Benefit costs	1.3	3.0	2.8	2.4	5.5	6.2

In private industry, over-the-year compensation cost increases were 3.2 percent for white-collar occupations, 3.6 percent for blue-collar occupations, and 3.2 percent for service occupations. Among white-collar occupational groups, compensation gains ranged from 2.6 percent for professional specialty and technical workers to 3.7 percent for administrative support, including clerical workers. Among blue-collar workers, compensation costs moved up 4.1 percent for handlers, equipment cleaners, and laborers, compared with a gain of 3.4 percent among machine operators, assemblers, and inspectors. (See table 3.)

For the year ended December 2002, compensation increased 3.7 percent for goods-producing industries, compared with a 3.8 percent advance for the year ended December 2001. Compensation costs for manufacturing led the gain, turning up 3.8 percent in December 2002 after advancing 3.5 percent in December 2001. Compensation costs for construction slowed to a 3.2 percent gain, compared with a 4.3 percent rise in 2001. (See table 3.)

The over-the-year increase in compensation for service-producing industries declined to 3.1 percent, compared with a 4.3 percent gain for the year ended December 2001. Among service-producing industries, the 12-month increases for business services inched up only 0.8 percent for 2002, down from 4.9 percent in 2001. Conversely, compensation costs jumped 6.3 percent in banking, savings and loan, and other credit agencies in the year ended December 2002, following a 4.7 percent increase for 2001.

Compensation costs for union workers advanced 4.2 percent over the year, greater than the 3.2 percent increase for nonunion workers. In service-producing industries, compensation costs rose 4.5 percent for union workers, higher than the modest gain of 3.0 percent for nonunion workers. In goods-producing industries, the increase for union workers was 4.0 percent, compared with a 3.5 percent advance for nonunion workers. (See tables C and 4.)

Wages and salaries for union workers rose 3.5 percent for the 12 months ended in December 2002. This compares with over-the-year increases of 4.4 percent in December 2001 and 3.4 percent in December 2000. Wage and salary gains for nonunion workers were 2.7 percent in December 2002, compared with advances of 3.6 percent in December 2001 and 4.0 percent in December 2000. (See tables C and 7.)

Table C. 12-month percent changes in Employment Cost Index, not seasonally adjusted

Compensation Component	Dec. 1997	Dec. 1998	Dec. 1999	Dec. 2000	Dec. 2001	Dec. 2002
Union workers						
Compensation costs	2.1	3.0	2.7	4.0	4.2	4.2
Wages and salaries	2.8	3.3	2.6	3.4	4.4	3.5
Benefit costs	0.9	2.5	2.8	5.2	3.7	5.7
Nonunion workers						
Compensation costs	3.8	3.5	3.6	4.4	4.1	3.2
Wages and salaries	4.2	4.0	3.6	4.0	3.6	2.7
Benefit costs	2.7	2.4	3.5	5.7	5.4	4.5

Among the four geographic regions, increases in compensation costs ranged from 2.8 percent in the South to 3.8 percent in the Midwest for the year ended in December 2002. Compensation costs rose 3.2 percent in the Northeast and 3.5 percent in the West. In metropolitan areas, compensation costs advanced 3.2 percent for the year ended in December 2002, compared with a rise of 3.3 percent in other areas. (See table 4.)

State and local government

In State and local government, the December 2002 over-the-year increase in wages and salaries was 3.2 percent, compared with a gain of 3.6 percent for December 2001. Among occupational groups, service workers inched up a modest 2.4 percent for the year ended December 2002, compared with gains of 2.9 percent for blue-collar workers and 3.3 percent for white-collar workers. Benefit costs moved up 6.2 percent for December 2002 compared with the December 2001 gain of 5.5 percent. (See tables B, 5, and 8.)

NOTES:

The new seasonal factors for 2003, along with revised seasonally adjusted indexes for the past five years will be available Thursday, April 24, 2003, on the Internet site <http://www.bls.gov/ect/home.htm>, by e-mail request ocltinfo@bls.gov, or by telephone (202) 691-6199. The ECI for March 2003 is scheduled to be released Tuesday, April 29, 2003, at 8:30 a.m. (EDT).

Supplemental data from the ECI, providing 12-month percent changes in employer costs for health insurance in private industry from March 1982 to December 2002, will be available shortly after publication of this news release on the Internet site <http://www.bls.gov/ect/home.htm> or upon request.

The costs per hour worked of compensation components, based on data from the ECI, were published on December 11, 2002, in a news release titled "Employer Costs for Employee Compensation—September 2002." Employer Costs for Employee Compensation was changed from an annual to a quarterly publication beginning with June 2002 data. Future publications will be issued approximately three months after the survey months of March, June, September, and December.

ECI data are available on the Compensation Cost Trends page at <http://www.bls.gov/ncs/ect/home.htm>. To access data using Anonymous FTP, use the Internet address <ftp://ftp.bls.gov>.

For technical assistance in using the BLS Internet site, send e-mail to webmaster@bls.gov. For ECI data requests, send e-mail to ocltinfo@bls.gov.

The ECI news release is available through an e-mail subscription service. See the subscription link on <http://www.bls.gov/ncs/ect/home.htm> or <http://www.bls.gov/bls/newsrels.htm>.

News releases and other information are available from the BLS fax-on-demand service. To request a document fax, call (202) 691-6325. To request a catalog of available documents, select option 2 at the initial voice prompt. To request data found in this news release, enter the following codes:

¹ Includes mining, construction, and manufacturing.

² Includes transportation, communication, and public utilities;

wholesale and retail trade; finance, insurance, and real estate; and service industries.

EXPLANATORY NOTES

The Employment Cost Index (ECI) is a measure of the change in the cost of labor, free from the influence of employment shifts among occupations and industries. The compensation series includes changes in wages and salaries and employer costs for employee benefits. The wage and salary series and the benefit cost series provide the change for the two components of compensation.

Wages and salaries are defined as the hourly straight-time wage rate or, for workers not paid on an hourly basis, straight-time earnings divided by the corresponding hours. Straight-time wage and salary rates are total earnings before payroll deductions, excluding premium pay for overtime and for work on weekends and holidays, shift differentials, and nonproduction bonuses such as lump-sum payments provided in lieu of wage increases. Production bonuses, incentive earnings, commission payments, and cost-of-living adjustments are included in straight-time wage and salary rates.

Benefits covered by the ECI are: Paid leave--vacations, holidays, sick leave, and other leave; supplemental pay--premium pay for work in addition to the regular work schedule (such as overtime, weekends, and holidays), shift differentials, and nonproduction bonuses (such as referral bonuses and lump-sum payments provided in lieu of wage increases); insurance benefits--life, health, short-term disability, and long-term disability; retirement and savings benefits--defined benefit and defined contribution plans; legally required benefits--social security, medicare, Federal and State unemployment insurance, and workers' compensation; and other benefits--severance pay and supplemental unemployment plans.

The ECI provides data for the civilian economy, which includes the total private nonfarm economy excluding households and the public sector excluding the Federal government. The private industry series and the State and local government series provide data for the two sectors separately.

Data for this quarter were collected from a probability sample of approximately 28,300 occupational observations within about 6,950 sample establishments in private industry and approximately 3,700 occupations within about 800 sample establishments in State and local governments. Data are collected for the pay period including the 12th day of the survey months of March, June, September, and December.

The sampled establishments are classified by industry categories based on the 1987 Standard Industrial Classification (SIC), as defined by the U.S. Office of Management and Budget. Details on the sample design are included in the bulletin, Employment Cost Indexes, 1975-99, (Bulletin 2532). Within an establishment, specific job categories are selected and classified into about 500 occupational classifications according to the 1990 Census of Population. Individual occupations are combined into broader occupational groups. Fixed employment weights are used each quarter to calculate the most aggregate series -- civilian, private, and State and local government. These fixed weights are also used to derive all of the industry and occupation series indexes. Since March 1995, 1990 employment counts, primarily from the Bureau's Occupational Employment Statistics survey, have been used. For more information on these topics, see the articles, "Introducing New Weights for the Employment Cost Index," in the June 1985 issue of the Monthly Labor Review and "Introducing 1990 Weights for the Employment Cost Index" in the June 1995 issue of Compensation and Working Conditions.

For the series based on bargaining status, region, and area size, employment data are not available. The employment weights are reallocated within these series each quarter based on the current ECI sample. The indexes for these series, consequently, are not strictly comparable to those for the aggregate, industry, and occupation series. A fuller explanation of the calculation of index numbers appears in an article, "Estimation Procedures for the Employment Cost Index," in the May 1982 issue of the Monthly Labor Review. Beginning with the March 1990 ECI release, indexes were rebased to June 1989=100. A description of the rebasing is included in the article "Employment Cost Index Rebased to June 1989," in the April 1990 issue of the Monthly Labor Review.

Beginning with the December 1990 ECI release, seasonally adjusted data are available for selected ECI series. Seasonal adjustment removes the effects of events that follow a more or less regular pattern each year. These adjustments make nonseasonal patterns easier to identify. For more information on the methodology used to seasonally adjust ECI series, see the bulletin, Employment Cost Indexes, 1975-99, (Bulletin 2532). The seasonal adjustment factors are recalculated once a year. The March release contains data reflecting the

newly updated seasonal adjustment factors. The historical data for the last five years are then revised based on the newly estimated factors. The new seasonal factors for 2002 and revised seasonally adjusted indexes for the past five years are available on the Internet site (<http://www.bls.gov/ncs/ect/home.htm>) or upon request.

The ECI sample is rotated over approximately five years, which makes the sample more representative and reduces respondent burden. The sample is replaced on a cross-area, cross-industry basis.

Because the ECI is a sample survey, it is subject to sampling errors. Sampling errors are differences that occur between the results computed from a sample of observations and those computed from all observations in the population. The estimates derived from different samples selected using the same sample design may differ from one other. A measure of the variation among these differing estimates is the standard error. It can be used to measure the precision with which an estimate from a particular sample approximates the expected result of all possible samples. The chances are about 68 out of 100 that an estimate from the survey differs from a complete population figure by less than the standard error. The chances are about 90 out of 100 that this difference would be less than 1.6 times the standard error. The statements of comparisons appearing in this publication are significant at a 1.6 standard error level or better, unless otherwise indicated. This means that for differences cited, the estimated difference is greater than 1.6 times the standard error of the difference.

Because standard errors vary from quarter to quarter, the ECI uses a five-year moving average of standard errors to evaluate published series. To assist users in ascertaining the reliability of series, the five-year moving average of standard errors for all estimates (excluding seasonally adjusted series) will be available on the Internet site (<http://www.bls.gov/ncs/ect/home.htm>) shortly after publication of the news release.

When determining data to be used in contract negotiations, it is important to note that differences by bargaining status may be due to factors other than union status, such as occupational and industry mix. For example, union occupations tend to be concentrated in blue-collar occupations within manufacturing industries. Thus, differences between blue-collar and white-collar pay or differences in manufacturing versus nonmanufacturing industries could explain such differences. An important consideration when choosing a series for escalation is the number of workers covered. Series with smaller numbers of workers may have larger sampling errors or be dominated by a smaller number of employers. For more information, see the web site: (<http://www.bls.gov/ect/escalator.htm>.)

More detailed information on the ECI is available from several sources. These include an historical bulletin--Employment Cost Indexes, 1975-99, (Bulletin 2532), a chapter, "National Compensation Measures," in the BLS Handbook of Methods (Bulletin 2490), and several articles published in the Monthly Labor Review and Compensation and Working Conditions. The bulletin is available from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402, or Bureau of Labor Statistics, Publications Sales Center, P.O. Box 2145, Chicago, Illinois 60690, (312) 353-1880. Reprints of the articles and other descriptive pieces are available upon request by calling (202) 691-6199 or sending e-mail to (ocltinfo@bls.gov). Current and historical data are available at the web site: (<http://www.bls.gov/ncs/ect/home.htm>).

The costs per hour worked of compensation components, based on data from the ECI, were recently published in a separate news release titled "Employer Costs for Employee Compensation--September 2002." Historical data and related articles are included in the bulletin, Employer Costs for Employee Compensation, 1986-99, (Bulletin 2526). An annual historical summary from March 1986 through March 2002 is also available on the Internet site (<http://www.bls.gov/ncs/ect/home.htm>) or upon request. Data are now available on a quarterly basis beginning with June 2002 data. The December 2002 release is expected to be published in March 2003. The cost levels are calculated with current employment weights, rather than the fixed 1990 weights used in computing the ECI. Therefore, year-to-year changes in the cost levels usually differ from those in the ECI.

Information in this release will be made available to sensory impaired individuals upon request. Voice phone: (202) 691-5200; Federal Relay Service Number: 1-800-877-8339.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003 – 447**

A RESOLUTION AMENDING THE FY 2003/2004 OPERATING BUDGET TO RECOGNIZE \$533,229 IN INCREASED REVENUE AND APPROPRIATE \$344,152 TO THE COMMUNITY AND ECONOMIC DEVELOPMENT DEPARTMENT FOR ADDITIONAL STAFFING.

WHEREAS, on June 2, and June 23, 2003, the Council Finance Committee recommended increases in certain development user fees, and corresponding increases in staffing for service delivery in the Community and Economic Development Department, and

WHEREAS, at the City Council meeting of August 12, 2003, the City Council approved an increase in certain development user fees and adopted new development user fees, and

WHEREAS, certain development user fees are collected for services provided by the Community and Economic Development Department, and

WHEREAS, the increase in these fees will result in an increase in revenue of approximately \$533,229 for FY03/04, and

WHEREAS, the revenue increase will allow for an increase in service delivery and the addition of new positions, and

WHEREAS, the Council has approved the following seven new positions within the Community and Economic Development Department: 1 Senior Planner, 1 Associate Planner, 1 Planning Technician II, 1 Administrative Office Assistant II, 1 Supervising Building Inspector, 1, 1 Building Inspector II, and 1 Administrative Office Assistant II, and

WHEREAS, the addition of these positions will result in an increase in expenditures of approximately \$344,152 for FY03/04.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the 2003/2004 Annual Budget is hereby amended to recognize additional revenue of \$533,229 and appropriate \$344,152 to the Community and Economic Development Department and that the budget accounts be amended as follows:

0100-140-1401-0182	Salaries	\$123,112
0100-140-1401-0192	Benefits	21,734
0100-140-1401-0260	Miscellaneous	6,375
0100-140-1430-0182	Salaries	145,630
0100-140-1430-0192	Benefits	31,267
0100-140-1430-0260	Miscellaneous	16,034
0100-140-1430-4001	Building Fee (Inc.)	109,500
0100-140-1430-4002	Building Inspection Fee	64,125
0100-140-1401-4007	Plan Check Fee	36,375
0100-140-1430-xxxx	General Plan Maint. Fee	74,775
0100-140-1430-4008	Zoning Fee	100,000
0100-140-1430-4009	Environmental Impact Fee	22,000
0100-140-1430-4010	Plot Plan Review Fee	21,454
0100-140-1430-4011	Subdivision App. Fee	100,000
0100-140-1430-4058	General Plan Amendment Fee	5,000

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of August, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Frohman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

NOES: Councilmembers None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003 - 448**

**RESOLUTION RECOMMENDING THAT THE STANISLAUS COUNTY
BOARD OF SUPERVISORS REPAY THE FINK ROAD LANDFILL
ENTERPRISE FUND.**

NOW, THEREFORE, BE IT RESOLVED that the Modesto City Council hereby recommends that the Stanislaus County Board of Supervisors repay the Fink Road Landfill Enterprise Fund as recommended by the Stanislaus County Grand Jury by either lowering tipping fees at the landfill or by constructing a materials recovery facility at the landfill to enhance waste reduction efforts on the west side and to conserve landfill capacity for all of the County's residents, or by some other beneficial project directly related to landfill operations. Furthermore, the Board of Supervisors is encouraged to reduce the siting element on file with the State of California to 129 acres.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of August, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-449**

A RESOLUTION GRANTING AN APPEAL FILED BY DAVID ROMANO ON BEHALF OF AGRESTI ENTERPRISES TO A PLANNING COMMISSION DECISION APPROVING A VESTING TENTATIVE PARCEL MAP OF PROPERTY LOCATED ON THE NORTH SIDE OF GLENN AVENUE EAST OF CROWS LANDING ROAD (MARVIN L. OATES)

WHEREAS, the vesting tentative parcel map of property located on the north side of Glenn Avenue east of Crows Landing Road was filed in the office of the Secretary of the Planning Commission on March 6, 2003, and was accepted for filing and deemed complete on April 4, 2003, in accordance with the provisions of Section 4-4.502 of the Modesto Municipal Code, and

WHEREAS, copies of said vesting tentative parcel map have been sent to the Ceres School and Modesto City Schools Districts, Turlock Irrigation District, the local utility companies, and the City Engineering and Transportation Department, and

WHEREAS, City services, including sewer and water facilities are available, and

WHEREAS, a public hearing was held by the Planning Commission on May 19, 2003, in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

WHEREAS, at said hearing the Planning Commission, by Resolution No. 2003-28 found and determined that the vesting parcel map as sought by Marvin L. Oates Trust, to divide a 12.98+/- acre parcel into an 8.83-acre parcel and 4.16 acre parcel located on the north side of Glenn Avenue east of Crows Landing Road is consistent with the General Plan of the City of Modesto and the Subdivision Map Act of the State of California and should be approved, and

WHEREAS, this parcel map is exempt from CEQA pursuant to Section 15315 of the CEQA Guidelines which exempts parcel maps of four or fewer parcels which are consistent with the General Plan, and

WHEREAS, by letter dated June 3, 2002, David Romano filed an appeal to the decision of the Planning Commission with the City Clerk, on behalf of Agresti's family interests in property on the south side of Glenn Avenue, on which a building permit is pending for a commercial development, and

WHEREAS, the appeal is predicated on a City requirement for off-site right-of-way condemnation and right-of-way improvement to the southeast corner of the intersection of Crows Landing Road and Glenn Avenue, imposed on the Agresti interests pursuant to the building permit, which right-of-way acquisition and improvement cost was not being shared by the Oates Trust as part of the parcel map procedure, and

WHEREAS, said appeal was set for a public hearing before the City Council on Tuesday, July 1, 2003, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, and was thereafter continued for hearing to July 22, 2003, at 5:30 p.m., in the Tenth Street Place Chambers, located at 1010 Tenth Street, Modesto, California, and

WHEREAS, said appeal was further continued to August 12, 2003, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which date and time evidence both oral and documentary were received and considered, and

WHEREAS, after hearing evidence both oral and documentary, the Council of the City of Modesto found and determined that the appeal of David Romano on behalf of

Agresti Enterprises to the decision of the Planning Commission approving the vesting tentative parcel map of property located on the north side of Glenn Avenue east of Crows Landing Road should be granted for the following reason and the decision of the Planning Commission should be overruled:

Development of this parcel on Glenn Avenue east of Crows Landing Road will have the ability to increase traffic at the Crows Landing Road/Glenn Avenue intersection and therefore would benefit from the ultimate improvement of that intersection. Approval of the parcel map should be conditioned to include the participation in the acquisition of right-of-way and intersection improvements to City Standards,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines as follows:

That improvement of this intersection provides a benefit to the remaining undeveloped land on Glenn Avenue and would remove an impediment to development.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the appeal of David Romano on behalf of Agresti Enterprises to the decision of the Planning Commission approving the vesting tentative parcel map of property located on the north side of Glenn Avenue east of Crows Landing Road is hereby granted and the decision of the Planning Commission is hereby overruled for the reason stated above.

BE IT FURTHER RESOLVED that the vesting tentative parcel map of property located on the north side of Glenn Avenue east of Crows Landing Road which was accepted for filing in the office of the Secretary of the Planning Commission on April 4,

2003, be and it is hereby approved as submitted and as shown in red on the face of the map and subject to the following conditions:

1. Public utility easements shall be dedicated as required by utility companies prior to or concurrently with the parcel map recordation.
2. Ten-foot-wide public utility easements, including two-foot widening of the planting easement located within the ten-foot-wide public utility easements, as required by the Parks, Recreation and Neighborhood Director.
3. Street improvements shall be constructed in accordance to the City of Modesto Standard Specifications as required by the Engineering and Transportation Director.
4. Improvement plans for required improvements shall be prepared by a registered civil engineer and submitted for approval by the Engineering and Transportation Director. All improvements shall be constructed in accordance with the approved plans.
5. Street improvements shall be completed as required by the Municipal Code in conjunction with property development.
6. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold

harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void, or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.

7. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction on this parcel map shall be based on the rates in effect at time of issuance of the building permit.
8. Prior to issuance of a building permit, Developer shall execute an agreement with City to participate in the “Shared Costs” of the acquisition of the property located at the southeast corner of Crows Landing Road and Glenn Avenue (APN: 086-012-026). “Shared Costs” are defined as those costs incurred through a condemnation acquisition that are above and beyond the following:
 1. Fair market value of the property to be condemned;
 2. The cost of removing the existing building (if not included in fair market value);
 3. The value of required right-of-way dedication (if not included in fair market value); and
 4. Cost of installing street improvements, including curb, gutter and sidewalk, to ultimate width;
 5. Costs to relocate the traffic signal, if applicable.

The agreement shall provide that developer is responsible to pay 25% of "Shared Costs" up to a maximum of \$50,000.00, and shall be in a form that is reasonably acceptable to developer and approved by the City Attorney.

Developer satisfies its full obligation towards widening the aforementioned intersection by executing said agreement and paying its share of "shared costs."

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of August, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

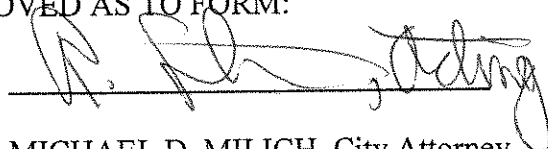

NOES: Councilmembers: None

ABSENT: Councilmembers: None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-450**

A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE VILLAGE ONE SPECIFIC PLAN FINAL ENVIRONMENTAL IMPACT REPORT (SCH NO. 90020181) AS AMENDED BY THE SUPPLEMENTAL EIR: DEVELOPMENT AGREEMENT BETWEEN THE CITY OF MODESTO AND BERBERIAN PROPERTIES, LLC FOR THE VILLAGE ONE COMMERCIAL CENTER LOCATED IN THE VILLAGE ONE SPECIFIC PLAN, TO LOCK THE CAPITAL FACILITIES FEES AND PUBLIC FACILITIES FEES AND VEST THE RIGHT TO DEVELOP IN ACCORDANCE WITH CURRENT FEES AND STANDARDS.

WHEREAS, the Modesto City Council has adopted Resolution No. 90-757 certifying that the Village One Final Environmental Impact Report (“EIR”) (State Clearing House No. 90020181) is complete and adequate pursuant to Section 15090 of the California Environmental Quality Act (“CEQA”) Guidelines, and

WHEREAS, the Modesto City Council has adopted Resolution No. 94-297 which certified the Final Supplemental EIR for Village One; thus, the 1990 Village One Program EIR has been superseded and updated by the 1994 Supplemental EIR, adopted on May 24, 1994, which Supplemental EIR incorporates by reference technical studies and background material from the 1990 Program EIR, and

WHEREAS, Berberian Properties, LLC has applied for a Development Agreement for the Village One Commercial Center located in the Village One Specific Plan, to lock the Capital Facilities Fees and Public Facilities Fees and vest the right to develop in accordance with current fees and standards, and

WHEREAS, the City’s Community & Economic Development Department reviewed the proposed project to determine if said project might have a significant effect on the environment, and

WHEREAS, the City's Community & Economic Development Department by Environmental Assessment Initial Study No. EA/C&ED 2003-61 reviewed the proposed project to determine whether the project is within the scope of the Village One Program EIR (SCH No. 90020181), as amended by the Village One Supplemental EIR, and made the determination that the project will have no additional significant effect on the environment that was not identified in the EIR and, further, that no new or additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the EIR, and

WHEREAS, the proposed Development Agreement serves only to vest current fees and standards and make no other changes to the scope or impacts of the project, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on August 12, 2003, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered Environmental Assessment No. EA/C&ED 2003-61, a copy of which is attached hereto as Exhibit "A" and incorporated herein by reference, and based on the substantial evidence included in said Initial Study for the proposed project, makes the following findings:

1. As per Section 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this project is within the scope of the projects covered by the Village One Specific Plan Program EIR (SCH No. 90020181), as amended by the Village One Supplemental EIR ("Program EIR") and no new environmental document or findings are required by CEQA.
2. There are no substantial changes proposed in the project which will require major revisions of the Program EIR.

3. There are no substantial changes occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Program EIR.
4. No new information of substantial importance, which was not known and could not have been known at the time the Program EIR was certified as complete, has become available.
5. The Initial Study, Environmental Assessment EA/C&ED 2003-61, provides the substantial evidence to support findings 1-4.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community and Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 fo the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of August, 2003, by Councilmember Fisher, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Fisher, Jackman, Keating, O'Bryant, Mayor Sabatino

NOES: Councilmembers: Frohman

WRITTEN CHECKLIST

EA/C&ED No. 2003-61

I. PURPOSE

This written checklist, pursuant to CEQA Guidelines Section 15168 (C) (4), serves to make a determination where subsequent activities of a Program EIR involve site-specific operations, based on evaluation of the site and the activity to determine whether the environmental effects of the operation were covered in the program EIR. Based on a review of the project and Section 15162(a), this determination would permit the lead agency (City of Modesto) to approve the activity as being within the scope of the project covered by the Program EIR. This determination includes whether any new environmental document is required beyond the adopted Village One Specific Plan Program EIR (SCH# 90020181) for the proposed Village Ranch Vesting Tentative Subdivision Map and Multi-Family Final Development Plan (project).

The 1994 Supplemental EIR that amended and superseded the 1990 Program EIR is the document reviewed for projects within the Village One Specific Plan area. A summary of significant impacts and their mitigation measures from the 1994 Supplemental EIR is attached as Exhibit "A." Where appropriate those feasible mitigation measures developed in the Supplement to the program EIR shall be incorporated into the proposed project.

II. PROJECT INFORMATION

1. Project Title: Berberian Properties Development Agreement
2. Lead Agency Name and Address: City of Modesto
3. Contact Person and Phone Number: George Osner, Planning Manager
City of Modesto Community & Economic
Development Department
209/577-5267

4. **Project Location:** SE Corner of Floyd & Roselle Avenues
Modesto, California
5. **Project Sponsor's Name and Address:** David O. Romano / Berberian Properties
3501 Coffee Road, Suite 1
Modesto CA 95355
6. **General Plan Designation:** The General Plan land use designation for the project site is Village Residential (VR).
7. **Zoning:** Specific Plan Overlay (SP-O)
8. **Description of Project:** The subject project is an application for a Development Agreement between the applicant and the City
9. **Surrounding Land Uses and Setting:** The project site is surrounded by residential development.
10. **Other Public Agencies' Approval Required:** None.

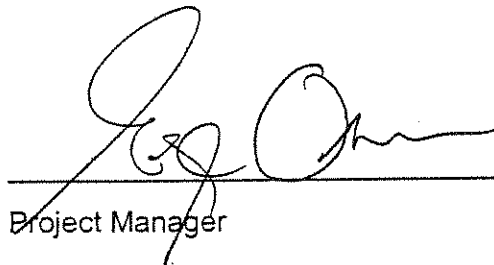

III. DETERMINATION:

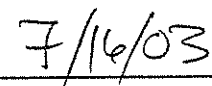

Based on the analysis contained in this document, staff finds that pursuant to Guidelines Section 15162 the following is true for the proposed project:

- (1) Major revisions to the Village One Program EIR as amended by the 1994 Supplement, are not required because the project will not involve new significant environmental effects or increase severity of effects previously identified, and
- (2) Major revisions to the Village One Program EIR as amended by the 1994 Supplement, are not required because no substantial changes to circumstances have occurred that involve new significant environmental effects or increase severity of effects previously identified, and
- (3) No new information of substantial importance that was not known has become available that shows:
 - a. one or more significant effects is not discussed in the Village One Program EIR as amended by the 1994 Supplement,
 - b. identified significant effects will be more severe,
 - c. previously infeasible mitigation measures are now feasible,

d. project proponents have declined to adopt mitigation measures that would substantially reduce significant effects.

- (4) Because no new significant effects have been identified and no new mitigation is required for the project, the environmental effects of the operation of the proposed project were covered by the Village One Program EIR as updated by the 1994 Supplement. Therefore, pursuant to CEQA Section 15168 (C) (4) no new environmental document is required.
- (5) Therefore, the project known as Berberian Properties Development Agreement is within the scope of the Village One Program EIR.

Project Manager

Date

IV. PROJECT EVALUATION:

The following written Checklist based on Appendix G of the CEQA Guidelines serves to document the evaluation of the site and activity of the proposed project pursuant to CEQA Guidelines Section 15168 (c) (4) to determine whether the environmental effects of the operation were covered in the Program EIR.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
I. AESTHETICS. Would the project:				
a. Have a substantial adverse effect on a scenic vista?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings along a scenic highway?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Substantially degrade the existing visual character or quality of the site and its surroundings?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Create a new source of substantial light or glare that would adversely affect daytime or nighttime views in the area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Aesthetic and visual impacts are analyzed on pages III-100 through III-101 of the 1994 Supplement.

Responses to Checklist Questions

- a. The Village One Specific Plan program EIR found that as the Specific Plan area is developed, it will eliminate views of the valley and the distant mountains from adjacent areas and reduce the area's visual open space. However, the program EIR found the effects of buildout of Village One on scenic vistas to be less than significant because views from the project area are minimal. The proposed project would not change the extent or nature of construction in the Specific Plan area, or cause any other changes in the project area. Impacts on scenic vistas would therefore remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.
- b. The Village One Specific Plan program EIR found that there are no scenic resources in the project area, and that development within the Specific Plan area would therefore not result in significant impacts on scenic resources. This

finding would not be affected by the proposed residential projects. There would be no impact. No mitigation is required.

- c. The Village One Specific Plan program EIR found that development within the Specific Plan area would have a less-than-significant impact on the visual character of the area. The proposed project would not change the design or layout of the development proposed within the Village One Specific Plan. For this reason, impacts on the visual character of the area would remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.
- d. The proposed project is consistent with the Village One Specific Plan. For this reason, impacts associated with additional light and glare would remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

II. AGRICULTURAL RESOURCES. In determining whether impacts on agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Department of Conservation. Would the project:

- | | | | | | |
|----|---|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Conflict with existing zoning for agricultural use or conflict with a Williamson Act contract? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. | Involve other changes in the existing environment that, due to their location or nature, could result in conversion of Farmland to non-agricultural use? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Impacts on agricultural resources are analyzed on pages III-80 through III-94 of the 1994 Supplement.

Responses to Checklist Questions

- a. The Village One Specific Plan program EIR found that land designated as Prime Farmland would be lost as a result of development in the Village One Specific Plan area. This impact was determined to be significant and not mitigable. The proposed Development Agreement would not affect this finding because the project area would remain the same. There would be no additional impact. No mitigation is required.
- b. The Village One Specific Plan program EIR presented information showing that any Williamson Act contracts in the Village One Specific Plan area would be automatically cancelled on annexation of the land to the City of Modesto, which has occurred, or would expire within 10 years of the time the original program EIR was prepared. The last Williamson Act contract covering land in the Village One Specific Plan area expired in 2001. There are no lands in the project area under Williamson Act contract. The Village One Specific Plan area has also been rezoned consistent with the specific plan, and no lands in the project area are now zoned for agricultural use. There would be no additional impact. No mitigation is required.
- c. The Village One Specific Plan program EIR identified a potential land use conflict between new development in the specific plan area and adjacent agricultural uses. Such conflicts can lead to conversion of adjacent farmlands to other uses. The program EIR proposed mitigation measures for this potential impact that would reduce the impact's significance, although the EIR noted that the mitigation measure might not fully mitigate the impact. No additional mitigation measures are available for this impact. This finding would not be affected by the proposed project because the project area and proposed land uses would remain the same. There would be no additional impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

III. AIR QUALITY. When available, the significance criteria established by the applicable air quality management or air pollution control district may be relied upon to make the following determinations. Would the project:

- | | | | | | |
|----|---|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Conflict with or obstruct implementation of the applicable air quality plan? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Violate any air quality standard or contribute substantially to an existing or projected air quality violation? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
c. Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is a nonattainment area for an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Expose sensitive receptors to substantial pollutant concentrations?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e. Create objectionable odors affecting a substantial number of people?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on air quality are analyzed on pages III-45 through III-54 of the 1994 Supplement.

Responses to Checklist Questions

- a. / b. The Village One Specific Plan program EIR found that air pollution from project-related construction traffic would violate air quality standards and contribute to an existing air quality violation. Construction traffic emissions would contribute to violation of the state and federal 8-hour carbon monoxide (CO) and particulate matter (PM10) standards and the federal ozone standard in the Modesto Urban Area and the San Joaquin Valley Air Basin. Urban traffic pollution would contribute to violations of the state ozone, CO, and PM10 standards in the Modesto Urban Area and San Joaquin Valley Air Basin. Residential pollution would contribute to violations of the pollutant standard index in the Modesto Urban Area. Partial mitigation for these impacts is included in the program EIR (Mitigation Measures 3-5), and the City of Modesto adopted a statement of overriding consideration for each impact. The proposed Development Agreement would not change the amount of development and construction in the project area, so trips generated by the project would not be affected and the types of land uses would not change. There would be no additional impact. No mitigation is required.
- c. The Village One Specific Plan program EIR found that air pollutant emissions associated with traffic at buildout of Village One would exacerbate the existing ozone, PM10, and CO violations in the Modesto area and cause a significant cumulative impact. Partial mitigation for these emissions is included in the program EIR (Mitigation Measures 4.5.3[a] and 4.5.3[b]), and the City of Modesto made a statement of overriding consideration for each impact. The proposed Development Agreement would not change the amount of traffic associated with buildout of Village One or the types of land uses, so trips

generated by the project would not be affected. There would be no additional impact. No mitigation is required.

d. The Village One Specific Plan program EIR found that PM10 generated during construction would aggravate the respiratory problems of people living and working nearby, therefore exposing sensitive receptors in the area to pollutant concentrations and causing a significant impact. However, the program EIR outlines mitigation measures that will be implemented to reduce the impact to an acceptable level (Mitigation Measure 40). The proposed project would not change the level of construction emissions. There would be no additional impact. No mitigation is required.

e. The proposed Development Agreement would not create odors. There would be no impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

IV. BIOLOGICAL RESOURCES. Would the project:

- | | | | | | |
|----|---|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special-status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. | Have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marshes, vernal pools, coastal wetlands, etc.) through direct removal, filling, hydrological interruption, or other means? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| d. | Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
e. Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f. Conflict with the provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on biological resources are analyzed on pages III-68 through III-79 of the 1994 Supplement.

Responses to Checklist Questions

- a. The Village One Specific Plan program EIR found that the buildout could result in the loss of foraging habitat for Swainson's hawk, a state-listed threatened species, but found that mitigation measures identified in the program EIR would reduce the impact to a less-than-significant level. The proposed Development Agreement would not change project area boundaries. There would be no additional impact. No mitigation is required.
- b. The Village One Specific Plan program EIR did not find that any riparian habitat or other designated sensitive natural community was present in the project area, and so found that the project would have a less-than-significant impact. The proposed project would not change the boundaries of the Specific Plan area. There would be no impact. No mitigation is required.
- c. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area would result in the loss of lands that might be classified as wetlands by the U.S. Army Corps of Engineers, but that, with mitigation, the impact would be less than significant. The proposed project would not change the Specific Plan area boundaries or the areas that would be disturbed. There would be no additional impact. No mitigation is required.
- d. The Village One Specific Plan program EIR did not identify any migratory corridors in the project area, nor did it find that the project would interfere with the movement of any species. The proposed project would not change the Specific Plan area boundaries. There would be no impact. No mitigation is required.
- e. / f. No local biological resource protection policies, ordinances, habitat conservation plans, or natural community conservation plans apply to the Village One Specific Plan area. There would be no impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
V. CULTURAL RESOURCES. Would the project:				
a. Cause a substantial adverse change in the significance of a historical resource as defined in Section 15064.5?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Cause a substantial adverse change in the significance of an archaeological resource pursuant to Section 15064.5?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Disturb any human remains, including those interred outside of formal cemeteries?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Responses to Checklist Questions

- a.-d. Impacts on cultural resources resulting from the buildout of Village One (e.g., from construction of associated infrastructure) are addressed in the Opportunities/Constraints Report prepared for the Modesto Planning Commission (December 1, 1989). The report concluded that there are no known historic, archaeological, or paleontological resources in the Village One Specific Plan area. Based on the results of this report, (Cultural and Historic Resources Report, page 3) it was determined that the likelihood that the proposed residential development would change or disturb human remains or significant historic, archaeological, or paleontological resources was low.

The proposed project would not change the locations or types of construction in the project area nor the boundaries of the project area. Development of the proposed project will not result in effects on scattered existing structures. A Cultural Resources Assessment was prepared to determine if any of these affected structures are considered historic resources. The Cultural Resources Assessment is attached to this document as Appendix A. No historic structures are located within the project area boundaries. Therefore, no mitigation measures are necessary.

Since no archaeological, or paleontological resources were found in the previous document to be located in the project area, and since the proposed project would not have a significant impact on historic structures, there would be no impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

VI. GEOLOGY AND SOILS. Would the project:

- | | | | | | |
|----|--|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death involving: | | | | |
| | 1. Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42. | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| | 2. Strong seismic groundshaking? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| | 3. Seismic-related ground failure, including liquefaction? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| | 4. Landslides? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Result in substantial soil erosion or the loss of topsoil? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. | Be located on a geologic unit or soil that is unstable or that would become unstable as a result of the project and potentially result in an onsite or offsite landslide, lateral spreading, subsidence, liquefaction, or collapse? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| d. | Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| e. | Have soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Impacts associated with geology and soils are analyzed on pages III-105 through III-108 of the 1994 Supplement.

Responses to Checklist Questions

- a.-d. The program EIR, as supplemented, found that the project area is not subject to geologic or soil-related hazards that cannot be adequately mitigated through the implementation of existing city regulations, such as the building code. No significant impacts were identified, and no mitigation measures were required. The proposed Development Agreement would not change the locations or types of construction in the project area nor the boundaries of the project area. There would be no additional impact. No mitigation is required.
- e. The Village One Specific Plan included provisions for the project to be served by public sewers. No septic tanks or alternative wastewater systems were proposed. The proposed project would not change the proposed method of wastewater disposal. There would be no impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

VII. HAZARDS AND HAZARDOUS MATERIALS.

Would the project:

- | | | | | | |
|----|--|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. | Emit hazardous emissions or involve handling hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| d. | Be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| e. | Be located within an airport land use plan area or, where such a plan has not been adopted, be within two miles of a public airport or public use airport, and result in a safety hazard for people residing or working in the project area? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

		Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
f.	Be located within the vicinity of a private airstrip and result in a safety hazard for people residing or working in the project area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g.	Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
h.	Expose people or structures to a significant risk of loss, injury, or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts associated with hazards and hazardous materials are analyzed on pages III-80 through III-94 and III-109 through III-119 of the 1994 Supplement.

Responses to Checklist Questions

- a.-c. The Village One Specific Plan does not allow any land uses that would use hazardous materials. The proposed project would not change land uses contemplated by the Specific Plan. There would be no impact. No mitigation is required.
- d. The Village One Specific Plan program EIR, as supplemented, found no hazardous materials were stored at or near the project site. No significant impacts were identified, and no mitigation measures were required. There would be no additional impact. No mitigation is required.
- e. The Village One Specific Plan area is not located in an airport land use plan area or within 2 miles of a public airport. There would be no impact. No mitigation is required.
- f. The Village One Specific Plan program EIR found that a private airstrip, the Eastside Mosquito Abatement District Airstrip, is located to the east of the Village One Specific Plan area. However, take-offs and landings were found to take place parallel to and outside the Specific Plan area boundaries, and flight patterns are generally situated to the east of the Specific Plan area. There would be no additional impact. No mitigation is required.
- g. Since the adoption of the Village One Specific Plan, the Modesto General Plan has been updated to include development of Village One consistent with the specific plan. City emergency plans are developed with the assumption that the Village One Specific Plan will be implemented. The proposed Development Agreement would not change construction, land use, or other physical attributes

of Plan area buildout. There would be no additional impact. No mitigation is required.

- h. The project site is located in an area of the City of Modesto planned for buildout of an urban neighborhood. Approximately 50% of the project area remains undeveloped, with a covering of dry brush and vegetation. The potential for wildland fires is low, and this potential will decrease further as buildout continues. There would be no additional impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

VIII. HYDROLOGY AND WATER QUALITY.

Would the project:

a.	Violate any water quality standards or waste discharge requirements?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b.	Substantially deplete groundwater supplies or interfere substantially with groundwater recharge, resulting in a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level that would not support existing land uses or planned uses for which permits have been granted)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c.	Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner that would result in substantial erosion or siltation onsite or offsite?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d.	Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or amount of surface runoff in a manner that would result in flooding onsite or offsite?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e.	Create or contribute runoff water that would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f.	Otherwise substantially degrade water quality?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
g. Place housing within a 100-year flood hazard area, as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
h. Place within a 100-year flood hazard area structures that would impede or redirect floodflows?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
i. Expose people or structures to a significant risk of loss, injury, or death involving flooding, including flooding as a result of the failure of a levee or dam?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
j. Contribute to inundation by seiche, tsunami, or mudflow?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts associated with hydrology are analyzed on pages III-109 through III-119 of the 1994 Supplement.

Responses to Checklist Questions

- a. The Village One Specific Plan program EIR did not find that project development would violate any water quality standards or waste discharge requirements. The proposed project is consistent with the Village One Specific Plan, so there would be no additional impacts. No mitigation is required.
- b. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area might interfere with local groundwater recharge. However, the impact was found to be less than significant because the Specific Plan area is not a major groundwater recharge area and it includes a recharge/discharge plan for disposal of stormwater runoff and recharge of groundwater. The proposed project would not change the amount of impervious surface in the Specific Plan area or the proposed storm drain facilities. There would be no additional impact. No mitigation is required.
- c.-e. The Village One Specific Plan program EIR found that development will substantially alter the existing drainage pattern of the area but, because the project will incorporate an urban storm drain system, will not result in any erosion impacts. The proposed project would not change the amount of impervious surface or the proposed storm drain facilities. There would be no additional impact. No mitigation is required.
- f. The Village One Specific Plan program EIR did not find that development would substantially degrade water quality. The proposed project would not change

water use or discharge associated with the buildout of the Village One Specific Plan area. There would be no additional impact. No mitigation is required.

- g.-i. According to the Village One Specific Plan program EIR, the project site is not situated in a 100-year flood hazard area or downstream from a levee or dam. There would be no impact. No mitigation is required.
- j. The project site is located in a flat, inland area not susceptible to seiche, tsunami, or mudflow. There would be no impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

IX. LAND USE AND PLANNING. Would the project:

- | | | | | |
|--|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. Physically divide an established community? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. Conflict with any applicable land use plan, policy, or regulation of an agency with jurisdiction over the project (including, but not limited to, a general plan, specific plan, local coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. Conflict with any applicable habitat conservation plan or natural community conservation plan? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Impacts associated with land use and planning are analyzed on pages III-80 through III-94 of the 1994 Supplement.

Responses to Checklist Questions

- a. The proposed project would not result in any physical changes to the environment beyond those described in the Village One Specific Plan. Village One would continue to be developed as a planned community; therefore, the project would not divide an established community. There would be no impact, and no mitigation is required.
- b., c. The Village One Specific Plan has been adopted by the City of Modesto and has been incorporated into the Modesto General Plan. The proposed project would be consistent with the Village One Specific Plan. There are no other applicable land use or conservation plans for the project area. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
X.	MINERAL RESOURCES. Would the project:				
a.	Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b.	Result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Responses to Checklist Questions

- a., b. No known mineral resources or important recovery sites are located in the Village One Specific Plan Area. There would be no impact. No mitigation is required.

		Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
XI.	NOISE. Would the project:				
c.	Result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d.	Result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e.	Be located within an airport land use plan area, or, where such a plan has not been adopted, within two miles of a public airport or public use airport and expose people residing or working in the project area to excessive noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f.	Be located in the vicinity of a private airstrip and expose people residing or working in the project area to excessive noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts associated with noise are analyzed on pages III-55 through III-67 of the 1994 Supplement.

- a., c. The Village One Specific Plan program EIR found that proposed development in the project area would be exposed to noise levels exceeding general plan

thresholds, but mitigation measures were incorporated to reduce the impact to a less-than-significant level. The proposed project would not change project-related noise-generating activities. There would be no additional impact. No mitigation is required.

- b. The Village One Specific Plan program EIR found that the buildout of Village One would not expose people to, or generate excessive, groundborne vibration or groundborne noise levels. There would be no impact. No mitigation is required.
- d. The Village One Specific Plan program EIR found that construction would result in a substantial temporary increase in ambient noise levels for nearby residences. However, mitigation measures were incorporated into the program EIR to reduce the impact to a less-than-significant level. The proposed project would not change construction activities. There would be no additional impact. No mitigation is required.
- e. The Village One Specific Plan program EIR found that the Village One Specific Plan area is not located in an airport land use plan area or within 2 miles of a public airport. There would be no impact. No mitigation is required.
- f. The Village One Specific Plan program EIR found that a private airstrip, the Eastside Mosquito Abatement District Airstrip, is located east of the Village One Specific Plan area. However, take-offs and landings take place parallel to and outside the Specific Plan boundaries, and flight patterns are generally situated east of the project area. There would be no additional impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

XII. POPULATION AND HOUSING. Would the project:

- | | | | | | |
|----|--|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Induce substantial population growth in an area, either directly (e.g., by proposing new homes and businesses) or indirectly (e.g., through extension of roads or other infrastructure)? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Displace a substantial number of existing housing units, necessitating the construction of replacement housing elsewhere? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. | Displace a substantial number of people, necessitating the construction of replacement housing elsewhere? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Impacts on population and housing are analyzed on pages III-95 through III-99 of the 1994 Supplement.

Responses to Checklist Questions

- a.-c. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area would not result in significant adverse impacts on population and housing units. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

XIII. PUBLIC SERVICES. Would the project:

- a. Result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities or a need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times, or other performance objectives for any of the following public services:

Fire protection?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Police protection?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Schools?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Parks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Other public facilities?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on public services are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

- a. The Village One Specific Plan program EIR found that the only significant impact that buildout of the Village One Specific Plan area would have on public services would be in the areas of fire protection and law enforcement. Mitigation measures were identified in the program EIR to reduce the level of this impact to a less-than-significant level. No other significant impacts on public services were identified. The proposed project would not change the provision of public services. There would be no additional impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
XIV. RECREATION. Would the project:				
a. Increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Include recreational facilities or require the construction or expansion of recreational facilities that might have an adverse physical effect on the environment?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on recreation are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

- a., b. No significant impacts on recreation were identified in the program EIR. The proposed project would not change the provision of parks and recreation facilities. There would be no additional impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
XV. TRANSPORTATION/TRAFFIC. Would the project:				
a. Cause an increase in traffic that is substantial in relation to the existing traffic load and capacity of the street system (i.e., result in a substantial increase in the number of vehicle trips, the volume-to-capacity ratio on roads, or congestion at intersections)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Cause, either individually or cumulatively, exceedance of a level-of-service standard established by the county congestion management agency for designated roads or highways?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less than Significant with Mitigation	Less-than-Significant Impact	No Impact
d. Substantially increase hazards because of a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e. Result in inadequate emergency access?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f. Result in inadequate parking capacity?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g. Conflict with adopted policies, plans, or programs supporting alternative transportation (e.g., bus turnouts, bicycle racks)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on transportation and traffic are analyzed on pages III-40 – III-44 of the 1994 Supplement.

Responses to Checklist Questions

- a., b. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area would cause an increase in traffic that is substantial in relation to the existing traffic load and capacity of the street system and would affect level of service at several intersections. Mitigation measures identified in the program EIR were identified to reduce impacts to a less-than-significant level for all intersections except the Briggsmore Avenue/Oakdale Avenue intersection. For that intersection, the impact was determined to be significant and not mitigable. The City of Modesto made a statement of overriding considerations for that impact at the time it certified the 1994 Supplement. The proposed project would not alter traffic patterns in the Specific Plan area or result in additional trips. There would be no additional impact. No mitigation is required.
- c. The Village One Specific Plan program EIR did not find that the buildout of the Village One Specific Plan area would result in a change in air traffic patterns. The proposed project does not include any elements that would affect air traffic patterns. There would be no impact. No mitigation is required.
- d. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area included any hazardous design features or increased any incompatible uses for roads in the project area. The proposed project would not change roadway design or land uses. There would be no impact. No mitigation is required.
- e. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area would result in inadequate emergency access in the Specific Plan area. The Specific Plan includes provision of adequate roadways to serve the Village One development. The proposed project would not change roadway design or land uses contained within the Specific Plan. There would be no additional impact. No mitigation is required.

- f. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area would result in inadequate parking capacity in the Specific Plan area. The provision of parking, consistent with zoning requirements for the proposed project, is included in the project design. There would be no impact. No mitigation is required.
- g. The proposed project does not include any changes related to transportation policies, and would have no impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

XVI. UTILITIES AND SERVICE SYSTEMS.

Would the project:

- | | | | | | |
|----|---|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Exceed wastewater treatment requirements of the applicable Regional Water Quality Control Board? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Require or result in the construction of new water or wastewater treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. | Require or result in the construction of new stormwater drainage facilities or expansion of existing facilities, the construction of which could cause significant environmental effects? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| d. | Have sufficient water supplies available to serve the project from existing entitlements and resources, or would new or expanded entitlements be needed? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| e. | Result in a determination by the wastewater treatment provider that serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| f. | Be served by a landfill with sufficient permitted capacity to accommodate the project's solid waste disposal needs? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| g. | Comply with federal, state, and local statutes and regulations related to solid waste? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Impacts on utilities and service systems are analyzed on pages III-120 through III-158 of the 1994 Supplement.

Responses to Checklist Questions

- a. The City provides sewer services to the Village One area. All wastewater would be directed to city wastewater treatment facilities. No wastewater discharges would occur in the project area. The proposed project would not increase the amount of wastewater that will be generated at buildout of the Specific Plan area. There would be no additional impact. No mitigation is required.
- b., e. The Village One Specific Plan program EIR discusses the changes and new facilities that will be needed to accommodate buildout of the Village One Specific Plan area. The EIR found that, with mitigation, there would be no significant impact on water or wastewater infrastructure. There would be no additional impact as a result of the proposed project. No mitigation is required.
- c. The Village One Specific Plan program EIR discusses the changes and new facilities that will be needed in order to accommodate buildout of the Village One Specific Plan area. The EIR found that, with mitigation, there would be no significant impact on stormwater drainage facilities. An update to the Storm Drainage Master Plan has been prepared and is under consideration by the City. An addendum to the Village One program EIR for the Storm Drainage Master Plan has also been prepared and is under consideration by the City. The proposed project would not result in any additional impacts or the need for any additional mitigation beyond that assessed in the Addendum to the Village One Program EIR for the Storm Drainage Master Plan.
- d. The Village One Specific Plan program EIR found that, with mitigation, the effects of buildout of the Village One Specific Plan area on water supply would be less than significant. There would be no additional impact resulting from the proposed project. No mitigation is required.
- f., g. The Village One Specific Plan program EIR found that the area's landfills have sufficient permitted capacity to accommodate the project's solid waste disposal needs. The proposed project would not result in any physical changes in the environment or the generation of any additional solid waste. There would be no impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

XVII. MANDATORY FINDINGS OF SIGNIFICANCE.

- | | | | | | |
|----|--|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Does the project have impacts that are individually limited but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.) | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. | Does the project have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Cumulative impacts are analyzed on page III-161 of the 1994 Supplement.

Responses to Checklist Questions

- a. As described above, the proposed project would not result in any significant impacts on the environment over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.
- b. As described above, the proposed project would not result in any significant impacts, either on a project or on cumulative level, over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.
- c. As described above, the proposed project would not result in any significant impacts affecting humans over and above those associated with implementation of the Village One Specific Plan and as analyzed in the Village One Specific Plan program EIR.

V. MITIGATION APPLIED TO PROJECT

The following mitigation measures developed in the 1994 Village One Specific Plan Supplement to the Program EIR are appropriate to the project and will be incorporated into the project. Therefore, the environmental effects of the project were covered by the program EIR.

Mitigation measures related to the residential portion of Precise Plan No. 20, sub-area C, from the 1994 Village One Specific Plan Supplement to the Program EIR have been incorporated into the Precise Plan for PPA No. 210, sub-area C.

The following measure will be incorporated into the Final Development Plan approval for the commercial area, as appropriate:

"Submittals proposing elevated parking structures in the Village Center area must conform to village Center Design Guidelines: height limitation of 35 feet, perimeter landscaping, parking area landscaping, and street landscaping to screen structures from adjacent residential areas."

No further mitigation actions are required with this current proposal.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-451**

**A RESOLUTION ACCEPTING WITH REGRET THE RESIGNATION OF
RICARDO CORDOVA FROM THE CITIZENS HOUSING & COMMUNITY
DEVELOPMENT COMMITTEE AND THE HOUSING REHABILITATION
LOAN COMMITTEE (ALTERNATE)**

WHEREAS, RICARDO CORDOVA was appointed a member of the Citizens Housing & Community Development Committee and the Housing Rehabilitation Loan Committee (alternate) on December 6, 1994, and

WHEREAS, RICARDO CORDOVA has tendered his resignation from the aforementioned committees, effective April 19, 2003, and

WHEREAS, RICARDO CORDOVA has been a devoted and sincere public servant and has contributed greatly to our civic progress,

NOW, THEREFORE, BE IT RESOLVED that the resignation of RICARDO CORDOVA from the Citizens Housing & Community Development Committee and the Housing Rehabilitation Loan Committee be, and hereby is accepted with regret.

BE IT FURTHER RESOLVED that the Council of the City of Modesto, on its own behalf, and on behalf of the citizens of this City, hereby expresses its sincere appreciation to RICARDO CORDOVA for his outstanding service to the community.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Frohman, Jackman, Keating, O'Bryant,
Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-453**

**A RESOLUTION APPROVING AN AMENDMENT TO A PURCHASE
AGREEMENT WITH THE GILLIG CORPORATION**

WHEREAS the City of Modesto entered into a contract dated November 6, 2002, with the Gillig Corporation ("Gillig") for the purchase of fourteen (14) transit buses at a cost of Four Million, Three Hundred Twenty-three Thousand, Three Hundred Sixty and No One-hundredths Dollars (\$4,323,360.00), and

WHEREAS, Gillig inadvertently omitted from the original sale price the amount of Five Thousand, Six Hundred Seventy and No One-hundredths Dollars (\$5,670.00) as to each bus purchased for equipment necessary for compliance with the Americans with Disabilities Act (ADA), and

WHEREAS, the City wishes to add equipment to the buses that was not part of the original agreement, said equipment to cost Five Thousand, Thirty and No One-hundredths Dollars (\$5,030.00), plus sales tax, and

WHEREAS, the City desires to purchase extended engine and transmission warranties in the amount of Three Thousand, One Hundred Fifty and No One-hundredths Dollars (\$3,150.00) per bus for extended engine warranties and Two Thousand, Six Hundred and No One-hundredths Dollars (\$2,600.00) per bus for extended transmission warranties, and

WHEREAS, by an agenda report to the City Council dated September 5, 2003, from the Engineering and Transportation Director, City staff recommended that the Council approve an agreement amendment to increase the price paid to Gillig to cover the additional items referenced above,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amendment to the original agreement to increase the total price of the original agreement to Four Million, Four Hundred Ninety-four Thousand, Four Hundred Eighty Six and No One-hundredths Dollars (\$4,494,486.00) to fully cover the cost of the ADA equipment, the additional equipment City wishes to add to the buses, and for the extended warranties the City wishes to add to the buses.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-455**

A RESOLUTION APPROVING AN AMENDMENT TO A LEASE AGREEMENT WITH MODESTO EXECUTIVE AIR CHARTER, DBA SKYTREK AVIATION, THAT ALLOWS A ONE-YEAR SUSPENSION OF A 5% SUBLEASE FEE OF GROSS RENTS RECEIVED THAT SKY TREK PAYS TO CITY, AND AUTHORIZE THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO THE LEASE AGREEMENT ON BEHALF OF THE CITY.

WHEREAS, Modesto Executive Air Charter, dba SkyTrek Aviation, is a tenant of the City at Modesto City-County Airport, and

WHEREAS, SkyTrek Aviation has a long-term ground lease that contains a clause that requires them to pay 5% of all rents received from its tenants to the City, and

WHEREAS, SkyTrek Aviation petitioned the City to eliminate the 5% fee stating that the requirement is unfair and that business has been lost because they are including the surcharge in their monthly rental rate, and

WHEREAS, the Economic Development Committee considered SkyTrek Aviation's request at their May 12, 2003 meeting and directed staff to negotiate a short-term (one-year) suspension or another term based on occupancy levels that could be approved by Council, and

WHEREAS, the Economic Development Committee approved the proposed amendment to the lease agreement at their July 7, 2003 meeting that allows for a one-year suspension of the 5% fee Sky Trek Aviation pays to the City, and

WHEREAS, the amendment to the agreement has been executed by officers of SkyTrek Aviation and returned to the City,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment to the lease agreement with Modesto Executive Air Charter, dba SkyTrek Aviation, allowing a one-year (June 1, 2003 to May 31, 2004) suspension on the 5% sublease fee that SkyTrek Aviation pays to the City of Modesto.

BE IT FURTHER RESOLVED that the City Manager or his designee is hereby authorized to execute the amendment to the agreement on behalf of the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003 by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Frohman was upon roll call carried and the resolution was adopted by the following vote.

RESOLUTION NO 2003 –456**

**A RESOLUTION APPROVING A LEASE AGREEMENT BETWEEN THE
CITY OF MODESTO AND HAROLD LANG FOR AN OFFICE IN THE
AIRPORT'S OLD ADMINISTRATION BUILDING**

WHEREAS, vacant office space is available to rent in the old Administration Building at Modesto City-County Airport, and

WHEREAS, Harold Lang, an individual and owner of Harry's Heating and Air Conditioning, wishes to rent a vacant office in the airport's old administration building from which he can schedule service calls and prepare billing statements, and

WHEREAS, the lease agreement is for one year, and is expected to increase revenues in the Airport Enterprise Fund by approximately \$1,764 a year, and

WHEREAS, the Transportation Policy Committee in 2002 was in support of the last non-aviation user office lease submitted and that user is still a tenant in the airport's old administration building, and

WHEREAS, the City Council was in agreement with the Transportation Policy Committee's recommendation and approved a lease for a non-aviation tenant,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves an office lease with Harold Lang for the purpose of scheduling business appointments and other general office purposes.

BE IT FURTHER RESOLVED, the City Manager or his designee is authorized to execute the lease agreement on behalf of the City.

CONTRACT WITH GEORGE REED, INC., FOR THE PROJECT TITLED
“RUNWAY 10L-28R PAVEMENT IMPROVEMENTS AND RUNWAY LIGHT
FIXTURE REPLACEMENT,” AND AUTHORIZING THE CITY MANAGER TO
EXECUTE THE AGREEMENT**

WHEREAS, the bids received for the RUNWAY 10L-28R PAVEMENT
IMPROVEMENTS AND RUNWAY LIGHT FIXTURE REPLACEMENT project were
opened at 11:00 a.m. on July 1, 2003 and later tabulated by the Engineering and
Transportation Director for the consideration of the Council, and

WHEREAS, the Engineering and Transportation Director has recommended that
the bid of \$1,064,995.00 received from George Reed, Inc., be accepted as the lowest
responsible bid and the contract be awarded to George Reed, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto
that it hereby accepts the bid of \$1,064,995.00, and hereby awards George Reed, Inc. the
contract titled “RUNWAY 10L-28R PAVEMENT IMPROVEMENTS AND RUNWAY
LIGHT FIXTURE REPLACEMENT.”

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-459**

**A RESOLUTION SUMMARILY VACATING AND ABANDONING A 10-FOOT
PUBLIC UTILITY EASEMENT LOCATED BETWEEN 1901 AND 1925 WEST
ORANGEBURG AVENUE IN THE CITY OF MODESTO**

WHEREAS, Chapter 4, Part 3 of Division 9, Section 8330, et seq of the California Streets and Highway Code authorizes a city council, by resolution, to summarily vacate public service easements where the easement has been superseded by relocation and there are no other public facilities located within the easement, and

WHEREAS, the City of Modesto has received a request from STEVEN PIETERS, real estate manager, of ESA Services, Inc., on behalf of Extended Stay America, to abandon a 10-foot Public Utility Easement located between 1901 and 1925 West Orangeburg Avenue, and

WHEREAS, this easement was dedicated to the City of Modesto on a parcel map that created these two parcels, and

WHEREAS, when the public utilities constructed their facilities they did not use this easement, and the utilities were constructed along the frontage of the parcels, and

WHEREAS, said easement referred to above on the real property located between 1901 and 1925 West Orangeburg Avenue in the City of Modesto is more particularly described in **Exhibit "A"** attached hereto and incorporated herein by this reference, and

WHEREAS, the Engineering and Transportation Department has contacted the Operations and Maintenance Department, Community and Economic Development Department, and all public utilities and none of these agencies have any objection to the abandonment, and

WHEREAS, the Council of the City of Modesto finds and declares that:

1. The vacation of this easement is made pursuant to Chapter 4, Part 3 of Division 9, Section 8333(c) of the California Streets and Highways Code.

2. The use of the property described in **Exhibit "A"**, attached hereto, is a 10-foot public utility easement located between 1901 and 1925 West Orangeburg Avenue in the City of Modesto, which is more particularly described in Exhibit "A", has been superseded by relocation and there are no other public facilities within the easement and the easement is no longer required for public utilities.

3. That from and after the date of this resolution is recorded, the 10-foot public utility easement vacated will no longer constitute a public utility easement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the 10-foot public utility easement located between 1901 and 1925 West Orangeburg Avenue in the City of Modesto, which is more particularly described in **Exhibit "A"** which is attached hereto and incorporated by reference, be and is hereby vacated and abandoned.

BE IT FURTHER RESOLVED the City Clerk is hereby directed to record a certified copy of this resolution in the Stanislaus County Recorder's Office and that such vacation and abandonment shall become effective immediately upon such recordation.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

End of Description

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-460**

**A RESOLUTION ACCEPTING THE PROJECT TITLED “REPLACE SHADE
STRUCTURES AT BEYER AND GRACEADA PARKS” AS COMPLETE**

WHEREAS, a report has been filed by the Engineering & Transportation Director that the project titled “Replace Shade Structures at Beyer and Graceada Parks”, has been completed by CEN-CAL Construction, in accordance with the contract agreement dated October 22, 2002,

NOW, THEREFORE, BE IT RESOLVED that the “Replace Shade Structures at Beyer and Graceada Parks” project be accepted from said contractor, CEN-CAL Construction, that the notice of completion be filed with the Recorder of Stanislaus County and that payment of amounts due totaling \$303,693.31 as provided in the contract, be authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-461**

**A RESOLUTION APPROVING THE INSTALLATION OF AN ALL-WAY STOP
ON MERLE AVENUE AT FINE AVENUE.**

WHEREAS, Staff received a request from Freedom Elementary School to install an all-way stop on Merle Avenue at Fine Avenue, and

WHEREAS, the school is concerned with safety at this intersection, and

WHEREAS, City staff has reviewed the intersection's collision history, traffic volumes, and performed a speed survey at this location and has concluded that an all-way stop can be accommodated as requested without creating a hazard and without impeding traffic flow, and

WHEREAS, based on the traffic volumes warrant from the Caltrans Traffic Manual, an all-way stop is warranted at this intersection, and

WHEREAS, the Economic Development Committee reviewed and approved the installation of an all-way stop, as requested by Freedom Elementary School, at their meeting on August 11, 2003, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the installation of an All-way Stop on Merle Avenue at Fine Avenue.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-462**

A RESOLUTION ACCEPTING THE STATE OF CALIFORNIA OFFICE OF TRAFFIC SAFETY (OTS) GRANT FOR \$60,000 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE NECESSARY GRANT DOCUMENTS.

WHEREAS, in June, 2003, the City received notice from the State of California Office of Traffic Safety (OTS) that it was awarded a grant for \$60,000 for the installation of lighted crosswalks at various locations within the city of Modesto, and

WHEREAS, this grant will be used to install lighted crosswalks at various locations in Modesto, thereby enhancing safety for pedestrians, and

WHEREAS, the total project cost is \$120,000, \$60,000 of which will be paid by the State of California OTS grant, and the City will be responsible for the other \$60,000, and

WHEREAS, the project grant application was reviewed and approved by the Economic Development Committee at its August 11, 2003, meeting,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the State of California OTS grant in the amount of \$60,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary grant documents for said projects.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-463**

A RESOLUTION AMENDING THE FISCAL YEAR 2003-04 CAPITAL IMPROVEMENT PROGRAM (CIP) BUDGET ACCEPTING THE STATE OF CALIFORNIA OFFICE OF TRAFFIC SAFETY (OTS) GRANT FOR \$60,000 AND CREATING A NEW CAPITAL IMPROVEMENT PROJECT, ENTITLED "OTS LIGHTED CROSSWALKS VARIOUS LOCATIONS"

WHEREAS, in June, 2003, (per agenda report) the City was awarded a grant of \$60,000 from the State of California Office of Traffic Safety (OTS) grant program for the installation of lighted crosswalks at various locations within the city of Modesto, and

WHEREAS, the total project cost is \$120,000, and the City will be responsible for the other \$60,000, and

WHEREAS, said funds can be utilized for the installation of lighted crosswalks at various locations within the City of Modesto, thereby enhancing safety for pedestrians, and

WHEREAS, the project grant application was reviewed and approved by the Economic Development Committee at its August 11, 2003, meeting, and

WHEREAS, the FY2003-2004 Capital Improvement Budget must be amended to accommodate this grant before funds can be expended,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2003-04 Capital Improvement Program budget as follows: (1) creating a new CIP MY-2300-160-A221 "OTS Lighted Crosswalks Various Locations for \$120,000, (2) reducing the appropriated funds and inter-fund transfers for MY-2300-160-M144 by \$60,000, and (3) budgeting new transfers from the Gas Tax Fund (0700) to provide the required \$60,000 local match to this grant,

BE IT FURTHER RESOLVED that upon receipt of the grant funds, the Finance Director, or her designee is hereby authorized to implement this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003 - 464**

**A RESOLUTION ORDERING THE LEVY AND COLLECTION OF CHARGES
FOR THE PURPOSE OF THE RECONSTRUCTION OF CERTAIN ALLEYS
AND SIDEWALKS**

WHEREAS, the City Council of the City of Modesto, California (“Council”), has by previous resolutions, initiated proceedings, declared its intention to levy charges or assessments for the purpose of administering projects related to the reconstruction of alleys and sidewalks, pursuant to the provisions of the Streets and Highways Code, Chapter 27, Section 5870, and

WHEREAS, the charges against the real property are not levied with regard to property values but rather by allocation of cost reports by City Engineering, and

WHEREAS, the City Council has determined and certifies that the charges are either exempt from or in compliance with all the provisions of Proposition 218 which was passed by the voters in November 1996, and

WHEREAS, the City Council has further determined the charges are in compliance with all laws pertaining to the levy of such charges,

NOW, THEREFORE, BE IT RESOLVED that the City Council hereby orders the levy and collection of such charges related to the reconstruction of alleys and sidewalks as shown in **Attachment “A”** for the 2003-04 fiscal year, and that a certified copy of this resolution together with the attached documentation shall be delivered to the Auditor-Controller of the County of Stanislaus for placement of such charges on the 2003-04 County tax roll.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-466**

A RESOLUTION TO CONSIDER AUTHORIZING THE FINANCE DEPARTMENT TO SOLICIT REQUEST FOR PROPOSALS FOR INVESTMENT ADVISORY SERVICES FOR THE CITY OF MODESTO, REDEVELOPMENT AGENCY OF THE CITY OF MODESTO, MODESTO PUBLIC FINANCING AUTHORITY, COMMUNITY FACILITY DISTRICTS, AND THE TUOLUMNE RIVER REGIONAL PARK.

WHEREAS, under Section 2-3.401 of the Municipal Code, it is the function of the Finance Department to deposit and invest funds for the City and its agencies in accordance with sound treasury management, and

WHEREAS, the Finance Department has requested investment advisory services relating to the management of investments for the City and its agencies in accordance with sound treasury management, and

WHEREAS, the City has a need for professional assistance in meeting its investment goals of safety of principal, liquidity and maximization of yield, and

WHEREAS, Modesto Municipal Code (MMC), Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, one exception to the formal bidding requirement is contracts for Professional Services (MMC8-3.204)(a), and

WHEREAS, the Finance Committee reviewed this request at its August 13, 2003, meeting, and authorized staff to proceed to the full Council for approval,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Finance Department to issue a call for Request for Proposals (RFP) for the provision of investment advisory services.

BE IT FURTHER RESOLVED that the Council hereby authorizes said Request for Proposals (RFP) to be evaluated and a recommendation for award made based on criteria outlined in the Request for Proposals (RFP). The Finance Department will then present a recommendation for award to the Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Frohman, Jackman, Keating, O'Bryant,

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-467**

A RESOLUTION TO CONSIDER AUTHORIZING THE FINANCE DEPARTMENT TO SOLICIT REQUEST FOR QUALIFICATIONS FOR UNDERWRITING SERVICES FOR THE CITY OF MODESTO, REDEVELOPMENT AGENCY OF THE CITY OF MODESTO, AND COMMUNITY FACILITY DISTRICTS.

WHEREAS, the issuance of long-term debt has historically provided a major source of funding for capital needs, and

WHEREAS, the high cost of acquiring or replacing capital needs generally results in the inability to accumulate sufficient cash in fund reserves from which to pay for necessary improvements, and

WHEREAS, the City anticipates issuing debt in the near future relating to its capital needs in community facilities districts and utility funds, and

WHEREAS, a need exists to supplement the City's financing team with qualified underwriters, and

WHEREAS, Modesto Municipal Code (MMC), Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, one exception to the formal bidding requirement is contracts for Professional Services (MMC8-3.204)(a), and

WHEREAS, the Finance Committee reviewed this request at its August 13, 2003, meeting, and authorized staff to proceed to the full Council for approval,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Finance Department to issue a call for Request for Qualifications (RFQ) for the provision of underwriting services.

BE IT FURTHER RESOLVED that the Council hereby authorizes said Request for Qualifications (RFQ) to be evaluated and a recommendation for development of a roster of underwriters be made based on criteria outlined in the Request for Qualifications (RFQ). The Finance Department, in consultation with its financing team, will select an underwriter for a specific future bond issue based on the particular structure of the financing and a particular firm's expertise in a specialized area of financing.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-468**

**A RESOLUTION TO CONSIDER AUTHORIZING THE FINANCE
DEPARTMENT TO SOLICIT REQUEST FOR PROPOSALS FOR A WATER
AND WASTEWATER USER FEE AND INFRASTRUCTURE FEE STUDY.**

WHEREAS, the City last commissioned a rate study of its water and wastewater utilities in 1998, and

WHEREAS, a utility rate study encompasses a thorough evaluation of the City's customer classes, rate structures, cost of service, rate policies, revenue requirements, legal requirements, working capital reserve requirements, and development of a rate model, and

WHEREAS, the City anticipates future major capital improvements and increased operations and maintenance costs relating to the water and wastewater utilities, and

WHEREAS, staff recommends the use of a utility rate specialist to enhance the financial management of the water and wastewater utilities, and

WHEREAS, utility rate analysis requires expertise that does not exist within the City due to the relative infrequency of conducting such analysis, and

WHEREAS, Modesto Municipal Code (MMC), Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, one exception to the formal bidding requirement is contracts for Professional Services (MMC8-3.204)(a), and

WHEREAS, the Finance Committee reviewed this request at its August 13, 2003, meeting, and authorized staff to proceed to the full Council for approval,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Finance Department to issue a call for Request for Proposals (RFP) for the provision of water and wastewater user fee and infrastructure fee study.

BE IT FURTHER RESOLVED that the Council hereby authorizes said Request for Proposals (RFP) to be evaluated and a recommendation for award made based on criteria outlined in the Request for Proposal (RFP). The Finance Department will then present a recommendation for award to the Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-469**

A RESOLUTION APPROVING SUBMITTAL OF AN APPLICATION FOR \$87,480 IN GRANT FUNDS FROM THE RECREATION TRAILS PROGRAM FOR THE VIRGINIA CORRIDOR RAILS-TO-TRAILS PROJECT, CERTIFYING AVAILABILITY OF \$21,870 FOR THE REQUIRED 20% LOCAL SHARE, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE GRANT APPLICATION DOCUMENTS.

WHEREAS, the Transportational Equity Act For The 21st Century provides funds to the State of California for grants to state, local and non-profit organizations to acquire, develop and/or maintain motorized and non-motorized trail purposes, and

WHEREAS, the State Department of Parks and Recreation has been delegated the responsibility for the administration of the program within the State, setting up necessary procedures governing project application under the program, and

WHEREAS, said procedures established by the State Department of Parks and Recreation require the applicant to certify by resolution the approval of application(s) and the availability of the 20% local share required for the grant before submission of said application(s) to the State, and

WHEREAS, the applicant will enter into an agreement with the State of California to complete the project(s), and

WHEREAS, staff is recommending submitting an application requesting \$87,480 for the Virginia Corridor Rails-to-Trails Project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby:

1. Approves the filing of an application for \$87,480 in funding from the Recreational Trails Program for development of the Virginia Corridor Rails-to-Trails Project; and

2. Certifies that the City of Modesto has or will have available prior to commencement of any work on the project included in this application, sufficient funds to operate and maintain the project;
3. Certifies that the sum of \$21,870 for the 20% local share required for the grant is available, and
4. Appoints the City Manager as agent of the City of Modesto to conduct all negotiations, execute and submit all documents, including, but not limited to applications, agreements, amendments, payment requests and so on, which may be necessary for the completion of the aforementioned project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the grant application.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-470**

**A RESOLUTION APPROVING COOPERATIVE AGREEMENT NO. 10-177 AND
COOPERATIVE AGREEMENT NO. 10-178 WITH THE STATE OF
CALIFORNIA - DEPARTMENT OF TRANSPORTATION TO PROVIDE FOR
LANDSCAPE ENHANCEMENT WITHIN AND NEAR THE BRIGGSMORE
EXPRESSWAY INTERCHANGE, AND AUTHORIZING THE CITY MANAGER
TO EXECUTE SAID AGREEMENTS.**

WHEREAS, at the March 13, 2001, City Council Meeting, the Council authorized the City Manager to submit an application and negotiate an agreement for the use of Transportation Enhancement Activities (TEA) funds for a landscape beautification project within and near the Briggsmore / State Route 99 Interchange, and

WHEREAS, at that time, the City Council committed matching funds of up to \$75,000 for this project from the General Fund, and

WHEREAS, the City was notified in Fall of 2002 that funding had been identified for this project and Amendment #34 to the Federal Transportation Improvement Program (FTIP) was approved, identifying \$1,000,000 of State TEA funds, \$200,000 of Regional TEA funds and \$100,000 of Caltrans Minor Program funds for the Highway 99 Briggsmore Expressway Landscape Improvements Project, and

WHEREAS, in the Fall of 2002, City staff began working with Caltrans District 10 to prepare two cooperative agreements for the funding of the construction of landscape enhancements within and near the Briggsmore / State Route 99 Interchange, with said project area to include landscape enhancements to the Briggsmore Interchange and along State Route 99 for 0.5 miles to the south and 0.8 miles to the north of the Briggsmore Expressway along the northbound and southbound lanes, and

WHEREAS, the Cooperative Agreements also required the maintenance of the improvements to be paid for by the City of Modesto for three years from the time of

completion of construction, and after the initial three years of maintenance, the State of California will take responsibility for maintenance of the improvements indefinitely, and

WHEREAS, the Safety and Communities Committee met on August 4, 2003, and supported the recommendation to approve the Cooperative Agreements,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves Cooperative Agreement No. 10-177 and Cooperative Agreement No. 10-178 with the State of California - Department of Transportation to provide for landscape enhancement within and near the Briggsmore Expressway Interchange.

BE IT FURTHER RESOLVED that the City Manager or his designee is hereby authorized to execute said agreements.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-471**

A RESOLUTION GRANTING APPROVAL FOR THE INTERNATIONAL FESTIVAL COMMITTEE TO CONDUCT AN INTERNATIONAL FESTIVAL IN THE CITY OF MODESTO, SUBJECT TO CERTAIN CONDITIONS, AND RESCINDING RESOLUTION NO. 2002-289

WHEREAS, the International Festival Committee (hereinafter referred to as the Committee) has filed a request with the City Council for permission to conduct the International Festival in the City of Modesto, and

WHEREAS, the International Festival is an annual event, which celebrates the ethnic and cultural diversity in the community, and the City co-sponsors the International Festival held annually each October, and

WHEREAS, the International Festival offers a variety of arts and crafts and food booths as well as entertainment, and the Committee has requested the use of Graceada and Enslin Parks for the International Festival, and

WHEREAS, the Committee has requested direct City assistance for the festival, and

WHEREAS, the Safety and Communities Committee met on August 4, 2003, and recommended supporting the proposed festival changes, and

WHEREAS, the Council has considered the request for direct City assistance with the International Festival activities, and the Council deems it appropriate to grant approval of the changes and assistance to the Committee relating to said request, subject to certain conditions,

NOW THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it does hereby approve the International Festival, subject to the conditions set forth,

relating to the Committee's request for direct City Assistance with the International Festival activities.

1. The Committee will conduct the International Festival annually on Saturday and Sunday of the first weekend in October.
2. The event will be conducted from 11:00 a.m. to 9:00 p.m., on Saturday, and 11:00 a.m. to 7:00 p.m. on Sunday.
3. The committee will be allowed Festival setup on the day prior to the event from 9:00 a.m. to 9:00 p.m.
4. The City shall provide and set up the portable stage with awning at Graceada Park prior to 8:00 a.m. on Saturday for entertainment and will remove said stage after 7:00 p.m. on the final event day.
5. The City shall provide and set up the 30' x 40' awning at Graceada Park on Friday, and will remove said awning after 7:00 p.m. Sunday.
6. The City shall provide a portable PA system during the festival. The PA system is to be delivered on Saturday prior to 11:00 a.m. and picked up on Sunday at 5:00 p.m. The City shall provide staff for operation of the system.
7. The City shall allow the Committee the use of amplified instrumentation at the event during designated event times at a volume not to disturb the adjoining neighborhoods.
8. The Committee shall be responsible for providing a technician for electrical services for the food booths, sound systems, and light systems. The City shall provide a technician to connect the Committee's sound system to the electrical power at Mancini Bowl.
9. The City shall allow the Committee the use of temporary signs and banners during the designated event time at Graceada and Enslin Parks.
10. The City shall allow use of a banner to be displayed in Graceada Park two weeks prior to the event date. Banner must be approved by City and Committee must pay for installation and removal of said banner by 12:00 noon on the Monday following the festival.
11. The City shall provide 60 garbage cans, liners and litter removal from the park site during the event. Garbage cans will be delivered on Friday, prior to the event and removed after the event on Monday.
12. The Committee shall be responsible for removing any and all trash, garbage or refuse left on private property.

13. The City shall provide the cost of mailing up to 800 pieces of information, not to exceed \$300.00.
14. The Committee shall adhere to all Alcoholic Beverage Control requirements, specifically that all alcoholic beverages shall remain within the enclosed "beer & wine garden" sales area.
15. The Committee shall be responsible for providing portable toilets at the park site.
16. The City shall waive all City fees, including but not limited to, fire inspection and business license fees, and shall exempt festival from the sign ordinance during festival hours; however, the Committee shall be responsible for any and all other fees as may be required by other agencies.
17. The Committee shall provide its own hired, licensed and insured 24-hour security for the beer and wine garden as well as nighttime security.
18. The City will provide two police officers to exclusively patrol Graceada and Enslin Park. Officers would assist overnight private security from Saturday 9:00 pm until Sunday 6:00 am.
19. The City will provide shuttle bus service to Graceada Park; the route and times will be determined by the Director of Engineering and Transportation. The City will provide necessary barricades and signs for the shuttle service and will remove barricades and signs at the conclusion of the event.
20. The City will provide police assistance during the International Festival activities as deemed necessary by the Police Chief.
21. The City will provide barricades to be placed on the streets around the perimeter of Graceada and Enslin Parks to provide curbside parking for the Committee during the event.
22. The City will close Stoddard Avenue between Park and Enslin Avenues from Friday at 7:00 pm through Sunday at 7:00 pm. City staff will notify all neighbors within the surrounding area of this street closure.
23. All public improvements shall be left in the same condition as existed prior to the Festival.
24. All private and public property used as a result of the Festival, either directly or indirectly, shall be left in a safe and non-hazardous condition. Any obstructions to public or private use shall be removed by the Committee not later than 12:00 p.m. on Monday, after the event.

BE IT FURTHER RESOLVED that the following conditions shall apply to the request of the Committee relating to its International Festival:

1. That the City of Modesto shall indemnify and hold harmless the Committee from any and all liability, costs, damages, for injuries to persons or damage to property, which may arise out of or in any way be connected with the ordinary and customary condition of City property and facilities, or which may arise out of the negligent acts or omissions of any officer, agent, or employee of the City of Modesto.
2. That the Committee shall indemnify, defend and hold harmless the City of Modesto, its officers, agents and employees from any and all liability, costs, damages or injuries to persons or damage to property, which may arise out of or in any way be connected with the Committee's International Festival and the use of the City facilities for the Committee's International Festival.
3. That the Committee shall provide to the City Clerk current and valid certificate(s) of insurance that are in compliance with the City of Modesto Standard Insurance requirements. Such insurance, at a minimum, shall include Commercial General Liability coverage in a primary amount of not less than \$1,000,000 per occurrence; include the City of Modesto, it's agents, officers, employees, and volunteers, as an additional insured; provide the City with ten days' written notice prior to cancellation, alteration or material changes in coverage. The Committee shall also file acceptable verification of coverage for legal liquor liability. Such verifications shall be submitted to the Risk Manager and shall meet with his approval one week prior to the date of the Festival. Upon approval, said verification shall be filed with the City Clerk.

BE IT FURTHER RESOLVED that the City Clerk shall furnish the Committee with a copy of this resolution. The Committee shall file a written acceptance of this resolution with the City Clerk, and no right shall be conferred hereby until said acceptance is filed.

BE IT FURTHER RESOLVED that City Council Resolution No. 2002-289 adopted June 2, 2002, is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NUMBER 2003-472**

**A RESOLUTION AUTHORIZING SUBMITTAL OF AN APPLICATION FOR
THE 2003 FEDERAL LOCAL LAW ENFORCEMENT BLOCK GRANT WITH
THE U.S. DEPARTMENT OF JUSTICE, BUREAU OF JUSTICE ASSISTANCE
FOR THE PROCUREMENT OF EQUIPMENT AND TECHNOLOGY AND
AUTHORIZING THE CITY MANAGER TO EXECUTE SAID APPLICATION**

WHEREAS, the City of Modesto Police Department can make application to the U. S. Department of Justice, Bureau of Justice Assistance for the 2003 Local Law Enforcement Block Grant Program, and

WHEREAS, the program is of 24-month duration, and it includes the program area of procuring equipment and technology to enhance law enforcement, and

WHEREAS, the Police Department wishes to submit an application for various unmet equipment and technology needs, and

WHEREAS, acceptance of this grant enhances Healthy and Safe Strategic Action Plan action, H.1.B.8., which calls for obtaining public service grants, and

WHEREAS, the total grant project will be \$176,584 of which the federal share is \$158,926 and the local match is \$17,658 and that match is available from the 2003 California Law Enforcement Equipment Program, and

WHEREAS, at its meeting of August 4, 2003, the Safety and Communities Committee unanimously supported making application for this grant, and

WHEREAS, as required by the dictates of this program, the Police Department will present a specific budget for equipment and technology to the Council of the City of Modesto, in a public hearing, after notification that the application has been accepted,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby authorizes submittal of an application for the 2003 Local Law Enforcement Block Grant for the purchase of police equipment and technology.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute said grant application.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003 - 473**

**A RESOLUTION APPROVING THE ADDITION OF TWO NEW POLICE
CLERK POSITIONS IN THE MODESTO POLICE DEPARTMENT FOR THE
PURPOSE OF OPERATING A LIVESCAN FINGERPRINTING SYSTEM**

WHEREAS, the Modesto Police Department secured the funds for purchase of a LiveScan Fingerprinting System in the federal 2002 COPS MORE Grant, and

WHEREAS, the LiveScan Fingerprinting System is labor intensive and will require two, fulltime, Police Clerks to operate it, and

WHEREAS, LiveScan technology has become an excellent tool for conducting immediate background checks for a variety of job applicants and provides a valuable service to the citizens in our community, and

WHEREAS, the LiveScan Fingerprinting System is expected to earn sufficient revenue to support the cost of its maintenance and staffing, and

WHEREAS, unsuccessful LiveScan Fingerprinting programs have generally been a result of failing to adequately staff and effectively manage the service, and

WHEREAS, fees can be charged for LiveScan Fingerprinting services and those fees are expected to cover the costs of these two new Police Department positions, and

WHEREAS, at its meeting of August 4, 2003, the Safety and Communities Committee unanimously recommended approval of these two additional Police Clerk positions for the Modesto Police Department,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves two new Police Clerk positions in the Modesto Police Department to operate a LiveScan Fingerprinting System.

BE IF FURTHER RESOLVED that City staff is hereby authorized to hire the two Police Clerks.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Council member Jackman, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NUMBER 2003-474**

**A RESOLUTION AMENDING THE FISCAL YEAR 2003/2004 ANNUAL
BUDGET ESTIMATING REVENUE AND APPROPRIATING FUNDS**

WHEREAS, the Police Department secured funds for the purchase of a LiveScan Fingerprinting System in the 2002 COPS MORE grant, and

WHEREAS, it can now be purchased and two new Police Clerks will operate it, and

WHEREAS, fees for the fingerprinting services are projected to cover the costs of the Police Clerks and the maintenance and operation of the LiveScan Fingerprinting System,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the 2003/2004 Annual Budget is hereby amended as indicated below:

<u>Expense:</u>			
To:	0100-190-1921a-1921-0110	\$104,800	Salaries
	0100-190-1921a-1921-0188	1	Benefits
	0100-190-1921c-1921-0223	14,000	Maintenance Expenses
	Total	\$118,801	
<u>Revenue:</u>			
To:	0100-190-1921-4024	\$118,801	Fingerprint Fees

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-475**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT
FOR WATER METERS TO BADGER METERS INC., MILWAUKEE, WI FOR A
THREE (3) YEAR AGREEMENT WITH TWO (2) ONE-YEAR EXTENSION
OPTIONS**

WHEREAS, the Operations and Maintenance Department Water Division has requested the purchase of water meters in various sizes, and

WHEREAS, these water meters will be used to service residential sites and commercial and industrial businesses within the City, and

WHEREAS, the purchase of new meters under the meter replacement program is for the replacement of non-operable and non-repairable water meters and for the installation of new metered service in new subdivisions, and

WHEREAS, for the past five years the City has purchased residential positive displacement meters and turbine meters from Badger Meters Inc., and in fiscal year 02/03 92% of these meters were purchased from Badger Meter Inc, and

WHEREAS, Badger Meters Inc. residential positive displacement meters are thermoplastic meters, which are 100% lead free and meet or exceed the requirements of Prop. 65 and NSF 61, and

WHEREAS, Badger Meters Inc. meters register measuring chamber and strainer can be replaced without removing the meter from the meter setting, does not require a special tool to remove the register and with large numbers on the display make the register easier and faster to read thus promoting better field efficiency, and

WHEREAS, Badger Meter Inc. commercial and turbine meters have a test port in the body housing and by having this port accuracy testing can be done in the field, and

WHEREAS, the Water Division is in the process of evaluating an automated meter reading system, and Badger Meter Inc. meters are compatible and interface with both brands of meter reading systems being evaluated, and

WHEREAS, in March 2003, Council approved Resolution No. 2003-127 authorizing the Purchasing Supervisor to formally solicit bids for water meters for the Operations and Maintenance Department Water Division, and

WHEREAS, the Purchasing Division solicited Request for Bid No. 0203-23, and

WHEREAS, six (6) vendors were solicited with two (2) vendors choosing to respond, one of which was a no-bid, and

WHEREAS, on May 20, 2003 bids were opened and recorded in the City Clerk's office, and

WHEREAS, it is recommended by staff that the City award the contract for water meters to Badger Water Meters Inc., Milwaukee, WI, for an estimated annual cost of \$410,297.13, for a three (3) year agreement with two (2) one-year extension options,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards the bid and contract for water meters to Badger Water Meters Inc. for an estimated annual cost of \$410,297.13, for a three (3) year agreement with two (2) one-year extension options.

BE IT FURTHER RESOLVED that the City Manager is hereby authorized to execute said contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmemeber Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-476**

A RESOLUTION ADOPTING RUN-OFF ELECTION PROCEDURES AND DIRECTING THE CITY CLERK TO FOLLOW THE PROCEDURES IN CONDUCTING ANY REQUIRED RUN-OFF ELECTION FOLLOWING THE REGULAR MUNICIPAL ELECTION DATE IN NOVEMBER, 2003, AND DIRECTING THE CITY ATTORNEY TO FILE AN ACTION IN SUPERIOR COURT IN THE EVENT THAT THE DECEMBER, 2003, RUN-OFF ELECTION "FAILS"

WHEREAS, the County Clerk/Recorder has informed the City that the County would not be able to conduct the 2003 December run-off election as presently provided for in the Modesto City Charter, and

WHEREAS, the County Clerk/Recorder stated that the County would not be able to conduct the City's run-off election because it was anticipated that it would be necessary to use the entire 28-day canvassing period allowed under the Elections Code due to recent changes in California law pertaining to the conduct of elections, and

WHEREAS, the County Clerk/Recorder's letter further states that in the event the full 28-day period allowed by law is utilized, there will not be sufficient time to mail the run-off ballots to voters ten days prior to the run-off date as required by the Elections Code, and that it would therefore be necessary for the City to conduct the December run-off in the event one was necessary, and

WHEREAS, it is not certain that the City proposed charter amendment changing the run-off date to March will be approved by the voters in the November, 2003 election, and

WHEREAS, it is prudent and necessary for the City Council to approve run-off election procedures to guide the City Clerk in conducting the December run-off election in the event one is necessary.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the run-off election procedures set forth in the staff report from the City Attorney and the City Clerk to the City Council dated August 15, 2003, are hereby adopted and the City Clerk is authorized and directed to follow said procedures in conducting the run-off election, and further, the City Attorney is directed to file the litigation described in said staff report in the event the December, 2003, run-off election "fails. (A copy of the staff report is attached as **Exhibit A** and incorporated herein by reference.)

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Keating, was upon roll call carried and the resolution adopted by the following vote:

CITY OF MODESTO
COUNCIL AGENDA REPORT

COUNCIL MEETING:
September 2, 2003

August 15, 2003

TO: Mayor and Councilmembers

FROM: Michael D. Milich, City Attorney
Jean Zahr, City Clerk

SUBJECT: Run-Off Election Procedures

CONTACT: Michael D. Milich, City Attorney, mmilich@modestogov.com (577-5284)
Jean Zahr, City Clerk, jzahr@modestogov.com (577-5396)

RECOMMENDED COUNCIL ACTION:

1. Resolution approving run-off election procedures and directing the City Clerk to follow the procedures in conducting any required run-off election following the regular municipal election date in November, 2003, and directing the City Attorney to file an action in Superior Court to do the following in the event that the December, 2003, run-off election "fails": (1) Obtain an order prohibiting the City Clerk from canvassing the December 9, 2003, run-off election, (2) declare the December 9, 2003, run-off election nullified, and (3) request the Court to retain jurisdiction until the run-off election results are certified. (See Attachment A)
2. Resolution calling for a special election to be held on March 2, 2004, and requesting the Board of Supervisors of the County of Stanislaus to consolidate the special election with any other election to be held on that date pursuant to Section 10403 of the Elections Code for the purpose of holding a run-off election that might otherwise have been held on December 9, 2003. (See Attachment B)

BACKGROUND:

The Council will recall that on August 8, 2002, the County Clerk/Recorder, Lee Lundrigan, delivered a letter to the City Clerk (see Attachment C) stating that the County would not be able to conduct the 2003 December run-off election as presently provided for in the Modesto City Charter. The County Clerk/Recorder stated in the letter that she would not be able to conduct the City's run-off election because she anticipated it would be necessary to use the entire 28-day

canvassing period allowed under the law due to recent changes in the California Elections Code. The letter further states that in the event the full 28-day period allowed by law is utilized, there will not be sufficient time to mail the run-off ballots to voters 10 days prior to the run-off date as required by the Elections Code. So it will be necessary for the City to conduct the December run-off in the event one is necessary.

Due to the uncertainty about the passage of the charter amendment proposal changing the run-off date to March, we believe it is prudent and necessary for the City Council to approve run-off election procedures as soon as possible in order to "de-politicize" any required decisions concerning the December run-off. In that regard, we recommend that the City Council adopt the following run-off election procedures:

SELECTION OF RUN-OFF CANDIDATES:

- Establish November 14, 2003, at 5:00 p.m. as the date and time when the top two candidates will be chosen for purposes of printing the run-off ballots in those races where it appears that a run-off will be necessary. In those races where any candidate has more than 50% of the votes cast as of that date and time, no run-off ballots will be printed. The determinations provided for in this paragraph will be made based on the vote tabulation printed by the County Elections Office at that date and time.
- Immediately after said determinations have been made pursuant to these procedures, the City Clerk shall cause the necessary ballots to be printed.
- Prior to November 14, 2003, the City Clerk shall have caused the necessary mail ballot envelopes and any other election supplies to have been printed utilizing the services of the election supplier previously chosen by the City Council as set forth in Resolution No. 2003-292.
- In the event the County Clerk/Recorder does not utilize the full 28-day canvassing period, and the certified election results show that the incorrect names were chosen pursuant to the procedure set forth above, the following action shall be taken depending on at what point in the process the canvass is made:
 - If the canvass is made prior to the mailing of ballots then, provided there is sufficient time in the opinion of the election supplier, the City Clerk shall request an emergency reprint and incur any necessary additional cost and mail out the reprinted ballots prior to the 10-day deadline mandated by state law, or if there is not sufficient time to meet the 10-day deadline, the election shall be deemed to have "failed" and the City Attorney shall proceed with the litigation outlined below.
 - If the canvass of the County Clerk/Recorder shows that the incorrect names were chosen pursuant to the procedure outlined above and the ballots have already been mailed, then the run-off election shall be deemed to have "failed," and the City Attorney shall proceed with the litigation outlined below.

CHARTER AMENDMENT:

According to the records of the general elections held on November 7, 2000, and November 5, 2002, the election results for measures on the ballot (as opposed to candidates) have never changed from the tabulation made on election day. (See Attachment D) Further, the greatest historical deviation from the approval or disapproval rate has been 2.9%. In accordance with this historical pattern we recommend the City Council adopt the following procedure with regard to the different scenarios that could result from the passage or failure of the charter amendment changing the run-off date.

- On November 14, 2003, at 5:00 p.m., the City Clerk shall obtain the vote tabulation printed by the County Elections Office at that date and time for the charter amendment measure. Depending on whether the approval rate is greater or less than 51% at said date and time, then the City Clerk shall proceed as follows:
 - If the approval rate at that date and time is 51% or more, the City Clerk shall proceed as if the measure will pass. If the measure does not pass, the resolution recommended below will become effective and the run-off will be held in March.
 - If the approval rate is less than 51%, then the City Clerk shall proceed as if the measure will fail. If the measure passes, the run-off election will be deemed to have “failed,” and it will be necessary to initiate the litigation described in the next paragraph.

LITIGATION:

- In the event said run-off election is deemed to have “failed” pursuant to these procedures, then the City Attorney is hereby directed to file an action in Superior Court to do the following:
 - Obtain an order prohibiting the City Clerk from canvassing the December 9, 2003, run-off election.
 - Declare the December 9, 2003, run-off election nullified.
 - Request the Court to retain jurisdiction until the run-off election results are certified.

DECISION TREE:

- Pursuant to these procedures there are eight (8) possible scenarios which are summarized in the attached “Decision Tree.” (See Attachment E)

In the event the charter amendment fails and pursuant to the procedures set forth above, the City Clerk has not printed and mailed ballots, or in the event the charter amendment fails, and incorrect names for the run-off ballots were chosen pursuant to procedure set forth above, it will

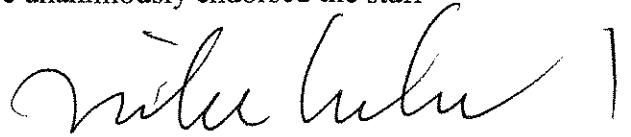

be necessary to call a special election for the purpose of holding the run-off. The next available election date pursuant to the Elections Code is the first Tuesday in March. In order to hold a special election on that date the City Council must adopt a resolution requiring consolidation no later than 88 days prior to the first Tuesday in March, 2004. As a cautionary measure, we recommend that the City Council adopt such a resolution now on condition that it not be effective unless the circumstances described above occur.

The proposed resolution is attached.

In order to avoid allegations of conflict of interest, we also recommend that the Mayor and Councilmember Conrad abstain from voting on this matter when it comes before the Council in September. The precedent for this is the fact that Councilmembers Friedman and Smith also abstained when the Council considered action related to the "failure" of the 2001 run-off election.

COMMITTEE ACTION:

At its August 13, 2003, meeting the Finance Committee unanimously endorsed the staff recommendation.

MICHAEL D. MILICH
City Attorney

JEAN ZAHR
City Clerk

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-477**

A RESOLUTION CALLING FOR A SPECIAL ELECTION TO BE HELD ON MARCH 2, 2004, AND REQUESTING THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS TO CONSOLIDATE THE SPECIAL ELECTION WITH THE STATE-WIDE PRIMARY ELECTION TO BE HELD ON THAT DATE PURSUANT TO SECTION 10403 OF THE ELECTIONS CODE FOR THE PURPOSE OF HOLDING A RUN-OFF ELECTION THAT WAS PREVIOUSLY SCHEDULED FOR DECEMBER 9, 2003

WHEREAS, in the event a proposed charter amendment changing the run-off date for municipal elections from December to March fails to pass and the December run-off election “fails,” it will be necessary to reschedule the run-off election, and

WHEREAS, the City Council determines that in that event the run-off election should be held on the first Tuesday in March and consolidated with the state-wide primary.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. That the City Council orders the City Clerk to submit the run-off election previously scheduled for December 9, 2003, to the voters on March 2, 2004.
2. That pursuant to the requirements of Section 10403 of the Elections Code, the Board of Supervisors of Stanislaus County is hereby requested to consent and agree to the consolidation of the special municipal election with the state-wide primary election on Tuesday, March 2, 2004, for the purpose of holding a run-off election that was previously scheduled for December 9, 2003, to elect the Mayor and members of Council for Chairs 1, 3, and 6.

3. That the County Elections Department is authorized to canvass the returns of the special run-off election. That the Board of Supervisors is requested to issue instructions to the County Elections Department to take any and all such steps necessary for the holding of the consolidated election.
4. That the City of Modesto recognizes that a cost will be incurred by the County by reason of this consolidation and agrees to reimburse the County for any such cost.
5. That the City Clerk is hereby directed to file a certified copy of this resolution of the Board of Supervisors and the County Elections Department of the County of Stanislaus.
6. That the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.
7. This resolution shall only be effective in the event the charter amendment fails, and the City Clerk has not printed and mailed ballots, or in the event the charter amendment fails, and incorrect names for the run-off ballots were chosen.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of September, 2003, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Conrad, Frohman, Jackman, Keating, O'Bryant

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-478**

**A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN
FOR THE CITY OF MODESTO.**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. CLASSIFICATION AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to revise the following classification:

Property and Evidence Specialist

The job specification for this classification is being amended as a result of updating the job specification as part of a job audit. The specification for the classification of Property and Evidence Specialist, as shown on the attached **Exhibit "A"**, which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

Police Officer Trainee

The job specification for this classification is being amended as a result of a change to the experience and training guidelines required by time of appointment. The specification for the classification of Police Officer Trainee, as shown on the attached Exhibit "B", which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after (date), 2003.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of September, 2003 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Frohman was upon roll call carrier and the resolution adopted by the following vote:

AYES: Councilmember: Conrad, Fisher, Frohman, Jackman, Keating, O'Bryant, Mayor Sabatino

EVIDENCE AND PROPERTY SPECIALIST

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To perform administrative and technical duties associated with the maintenance and control of police evidence and property; to protect the integrity of evidence throughout the judicial process; and to insure compliance with all State and local laws regarding the storage and disposition of property and evidence.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from the Support Services Administrative Sergeant and/or other management staff within the Police Department Chain of Command.

May exercise functional and technical supervision over lower level staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions

Receive and book evidence and found property including making computer entries, bar-coding, processing items for proper storage and making log entries as applicable.

Research the criminal court disposition of cases in order to dispose of evidence in a timely manner and in accordance with law.

Research for proper disposition all found property to attempt to return it to its legal owner as soon as possible.

Photograph items as necessary before being released to owners or Police Officers.

Maintain records of evidence tracking to insure the integrity of the evidence for courtroom use in prosecution of offenders.

Evidence and Property Specialist
NO. 4333

Testify in court regarding handling and chain-of-custody of evidence.

Work with management and supervisors to develop, maintain, and modify inventory and audit procedures in order to insure the security of the police evidence facility.

Receive laboratory samples, log in accordance with the evidence tracking procedures, and take or send to the appropriate laboratory for testing; store in accordance with recommended legal guidelines.

Maintain computer records or files on all evidence that shows how and when it came into the facility, left the facility, returned to the facility or its final disposition.

Issue equipment to officers and maintain stock of regularly issued equipment.

Stock and store ammunition for use by the department.

Use a variety of computer systems to conduct research on stolen property, to identify the disposition on cases, to find the identity and addresses of victims and suspects, and to determine the disposition of evidence.

Prepare a variety of paperwork and correspondence used in the tracking and control of firearms work sheets and logs for controlled tracking.

Research the computer system for DROS (Dealer registration of sale) on all guns. Make a recheck of all serialized weapons before destruction. \

Prepare Notice Of Destruction notices for newspaper publication of unclaimed firearms and prepare items for destruction trips to the burn plant in compliance with department regulations and state laws.

Handle, package and dispose of hazardous materials such as medical/biological waste, illegal drugs or pharmaceuticals; handle, package and store bio-hazards such as: blood, semen, urine, or clothing covered in such hazards; and handle, package, store and dispose of large quantities of marijuana and marijuana plants which may contain pathogenic mold according to all safety procedures.

Prepare Court Affidavits for destruction of drugs and process through the Superior Court Judge and Court Recorder.

Inventory, audit and prepare auction lists on property being sold as unclaimed.

Train new supervisors; assign work and oversee hourly staff, and volunteers assigned to the facility.

Evidence and Property Specialist
NO. 4333

Inventory and audit weekly deposits of money; prepare logs, transport and deposit monies through the city Finance Department.

Prepare Evidence Deficiency Notices, copy, distribute and track whether the problems are corrected.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Pertinent Federal, State and local laws, rules and regulations related to the collection, storage, and disposition of evidence.

Safety regulations related to the proper handling, storage and transportation of hazardous materials and biohazards.

General police science and the California Penal Code.

Principles and practices of armory control and maintenance.

Principles and practices of records management systems including inventory techniques.

Ability to:

Effectively account for evidence, police property/supplies, and organize and maintain accurate records and logs.

Understand, access and accurately interpret information from various computer systems such as: CLETS, CAPIS, DA Filing Computer System, DOJ, CAD and Probation.

Use a variety of office equipment, computer systems and software such as: Word, Access, Intranet, Microfiche, Voice Mail, GroupWise, scanners, fax, pagers, and copiers.

Work independently or as a member of a team to accomplish a variety of tasks involved in the job.

Take photographs and maintain records.

Lift and carry medium to heavy objects up to 75 lbs.

Evidence and Property Specialist
NO. 4333

Communicate effectively, both orally and in writing.

Interpret and apply Federal, State and local policies, procedures, laws and regulations.

EXPERIENCE AND TRAINING GUIDELINES

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

One year of related experience in stores keeping, materials management, or warehousing. Prior experience in a law enforcement agency is highly desirable.

Education:

Equivalent to graduation from high school. Supplemental college coursework in criminal justice or a related field is highly desirable.

License or Certificate:

Possession of, or ability to obtain, a valid, appropriate California driver's license.

WORKING CONDITIONS

Environmental Conditions:

Warehouse and office environment; exposure to hazardous materials and biohazards.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for walking, standing, bending and stooping, or sitting for prolonged periods of time, lifting and carrying up to 75 lbs., using a personal computer and other office equipment and traveling from site to site.

Work Assignment:

Must be willing to work various shifts as assigned including weekends and holidays.

SEPTEMBER 2003

CITY OF MODESTO
NO. 7115
NO. 7120**POLICE OFFICER / POLICE OFFICER TRAINEE**

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To perform law enforcement and crime prevention work; to control traffic flow and enforce State and local municipal codes, violations and traffic regulations; to perform investigative work; to participate in and provide support and assistance to special crime prevention and enforcement programs; and to perform a variety of technical and administrative tasks in support of the department.

DISTINGUISHING CHARACTERISTICS

Police Officer Trainee - This is the entry-level class in the sworn Police Officer series. This class is distinguished from the Police Officer by the performance of the more routine tasks and duties assigned to positions within the series. Since this class is typically used as a training class, employees may have only limited or no directly related work experience.

Police Officer - This is the full journey level class within the Police Officer series. Employees within this class are distinguished from the Police Officer Trainee by the performance of the full range of duties as assigned including the full range of law enforcement work. Employees at this level receive only occasional instruction or assistance as new or unusual situations arise, and are fully aware of the operating procedures and policies of the work unit.

SUPERVISION RECEIVED EXERCISED

Receives general supervision from higher level supervisory and management staff.

Exercises technical supervision over non-sworn personnel.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions

Patrol a designated area of the City to preserve law and order, discover and prevent the commission of crimes, and enforce traffic and other laws and ordinances; assist stranded motorists.

Police Officer/Police Officer Trainee
NO. 7115
NO. 7120

Essential Functions (Continued)

Answer calls and complaints involving automobile accidents, robberies, and related misdemeanors and felonies; render first aid as required.

Respond to general public service calls including animal complaints, domestic disturbances, civil complaints, property control, and related incidents.

Collect, process, photograph and present evidence using scientific techniques including fingerprints, fibers, blood, and related physical evidence.

Check buildings for physical security.

Serve as Field Training Officer as assigned; train new officers on departmental policies, procedures and activities.

Enforce traffic laws and ordinances; check speed with radar; issue warnings and citations.

Direct traffic at fire, special events, and other emergency or congested situations.

Conduct investigations of serious injury and fatality traffic accidents.

Conduct traffic accident analyses and general traffic surveys.

Conduct a variety of criminal investigations involving crimes against persons and property, auto theft, white-collar crime, and narcotics; gather evidence and prepare cases for prosecution.

Identify suspects; conduct interviews and interrogations; apprehend and arrest offenders.

Teach bicycle safety in accordance with State agencies.

Contact and interview victims and witnesses; preserve and investigate crime scenes.

Conduct covert, undercover investigations as assigned.

Contact and cooperate with other law enforcement agencies in matters relating to the apprehension of offenders and the investigation of offenses.

Maintain contact with citizens regarding potential law enforcement problems and preserve good relationships with the general public; take an active role in areas of public education relative to crime and crime prevention.

Assist in the performance of special investigative and crime prevention duties as required.

Police Officer/Police Officer Trainee
NO. 7115
NO. 7120

Essential Functions (Continued)

Prepare reports on arrests made, activities performed and unusual incidents observed.

Make arrests as necessary; interview victims, complainants and witnesses; interrogate suspects; administer polygraph tests; gather and preserve evidence; testify and present evidence in court.

Serve warrants within the department and with outside agencies; remain current on laws and procedures required for processing warrants.

Serve as Assistant Squad Leader performing the duties of a Police Sergeant as assigned; act as Watch Commander; review and approve the reports of other Police Officers.

Perform a wide variety of laboratory tests and procedures including those related to narcotics testing; act as Department photographer; testify in court as an expert witness.

Serve as Department Training Manager; review and assess training needs and available programs; oversee and coordinate the attendance of Departmental staff at training programs and seminars; research policies and procedures related to training activities.

Serve as Crime Prevention Officer; oversee and coordinate crime prevention activities; make presentations to local citizens and community groups.

Serve as Intelligence Officer or Gang Officer; gather crime related intelligence information and conduct background investigations; coordinate information and activities with outside agencies and jurisdictions.

Investigate juvenile related crimes including child abuse and juvenile narcotics; coordinate youth services with outside agencies and organizations including local school districts; conduct community presentations and instruct assigned classes.

Participate in recruiting sworn staff; conduct background investigations; interview potential job candidates and references; administer voice stress analysis tests.

Give oral presentations at schools, clubs and other community organizations.

Act as Department court liaison.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Police Officer Trainee

Ability to:

Learn proper Police procedures and methods.

Analyze situations quickly and objectively, and determine and take emergency and/or appropriate action.

Understand and carry out oral and written instructions.

Communicate effectively, both orally and in writing.

Learn the operation of standard equipment and facilities required in the performance of assigned tasks including a computer.

Type at a reasonable speed necessary for successful job performance (25 wpm).

Learn standard broadcasting procedures of a police radio system including mobile dispatch terminals.

Meet the physical requirements established by the Department.

Prepare accurate and grammatically correct written reports.

Use and care for firearms.

Use maps and learn City geography.

Handle multiple assignments.

Perform occasional medium-heavy lifting up to 75 lbs.

Police Officer

In addition to the abilities listed for Police Officer Trainee:

Knowledge of:

Police methods and procedures including patrol, crime prevention, traffic control, investigation and identification techniques.

Police Officer/Police Officer Trainee
NO. 7115
NO. 7120

Criminal law and criminal procedure with particular reference to the apprehension, arrest and custody of persons committing misdemeanors and felonies, including rules of evidence pertaining to the seizure and preservation of evidence.

Offensive and defensive weapons nomenclature and theory.

Self defense tactics.

First aid and CPR procedures and practices.

Interviewing and interrogation techniques.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Police Officer Trainee

Experience:

None required.

Training:

Equivalent to the completion of the twelfth grade and completion of a minimum of 30 units of college coursework from an accredited college or university. Possession of an Associate of Arts degree is desirable.

License or Certificate:

Possession of an appropriate, valid California driver's license.

Police Officer Trainees must be currently attending or completed a POST certified Basic Law Enforcement Academy. Proof of completion of a POST certified Basic Law Enforcement Academy is required by time of appointment. Certificate must be dated within three years.

Additional Requirement:

Minimum of 21 years of age at time of application.

Police Officer/Police Officer Trainee
NO. 7115
NO. 7120

Police Officer

Experience:

One year experience in a California law enforcement agency, which requires a Basic POST certificate.

Training:

Equivalent to the completion of the twelfth grade and completion of a minimum of 30 units of college coursework from an accredited college or university. Possession of an Associate of Arts degree is desirable.

License or Certificate

Possession of an appropriate, valid California driver's license.

Possession of a Basic POST Certificate from the State of California.

WORKING CONDITIONS

Environmental Conditions:

Field environment; travel from site to site.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for walking or standing for prolonged periods of time; operating motorized equipment and vehicles and medium/heavy occasional lifting up to 75 lbs.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-479**

A RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 95-26 TO REVISE THE CLASS RANGE TABLE FOR GENERAL NON-SWORN CLASSES TO CHANGE EVIDENCE AND PROPERTY SPECIALIST FROM (RANGE 111) TO (RANGE 114).

WHEREAS, the City Council desires to amend Exhibit "A" of Resolution No. 95-26,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. AMENDMENT TO RESOLUTION NO. 95-26. Exhibit "A" entitled "City of Modesto Class Range Table General Non-Sworn Classes Effective January 10, 1995," attached to Resolution No. 95-26, is hereby amended as shown on the amended Exhibit "A" entitled "City of Modesto Class Range Table General Non-Sworn Classes Effective September 9, 2003," which is attached hereto and made a part hereof as though set forth in full herein. Said amended Exhibit "A" changes the salary range for Evidence and Property Specialist from Range 111 to Range 114.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after September 9, 2003.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of September, 2003 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Frohman was upon roll call carrier and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-480**

A RESOLUTION APPROVING A PROFESSIONAL SERVICE CONTRACT WITH MEAD & HUNT, INC., AIRPORT ENGINEERS, IN THE AMOUNT OF \$99,808 TO PROVIDE RUNWAY 10L/28R CONSTRUCTION INSPECTION, TESTING, AND ADMINISTRATION FOR MODESTO CITY-COUNTY AIRPORT, AND AUTHORIZING THE CITY MANAGER OR HIS DISIGNEE TO EXECUTE THE CONTRACT ON BEHALF OF THE CITY

WHEREAS, Runway 10L/28R at Modesto City-County Airport is scheduled for reconstruction and the project has a critical path that requires full-time resident engineer/inspector oversight, and

WHEREAS, the firm of Mead & Hunt, Inc. completed the project plans and specifications for the City, and the firm possess the technical expertise required for the construction inspection, testing, and administration, and

WHEREAS, staff has negotiated what is considered reasonable fees for the construction inspection and administration with Mead & Hunt, inc., and

WHEREAS, the City Attorney's Office finds the terms of the contract acceptable, and

WHEREAS, City staff has received the Federal Aviation Administration's verbal approval that allows the firm of Mead and Hunt to provide the runway construction inspection and administration,

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the professional services contract amounting to \$99,808 for Mead & Hunt, Inc. to provide inspection, testing, and construction administration for Modesto City-County Airport's RW 10L/28R reconstruction project.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is authorized to execute the professional services contract with Mead & Hunt, Inc .on behalf of the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of September, 2003 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Frohman was upon roll call carrier and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003 – 481**

A RESOLUTION TO APPROVE THE ACCEPTANCE OF AN ADDITIONAL \$1.0 MILLION IN FEDERAL FUNDS FOR PROJECTS TO EXPAND THE AIRPORT TERMINAL PARKING LOT AND FOR THE REHABILITATION OF THE PAVEMENT IN THE GENERAL AVIATION HANGAR AREA AT MODESTO CITY-COUNTY AIRPORT AND ACKNOWLEDGING THAT THE CITY MANAGER, OR HIS DESIGNEE, HAS ALREADY ACCEPTED THE FEDERAL GRANT ON BEHALF OF THE CITY

WHEREAS, the City Council on January 2, 2002, authorized staff to file an application for Airport Improvement Program funds for various airport projects including reconstruction of the commercial service runway (RW 10L/28R) at the airport, a project to expand the passenger parking adjacent to the airport terminal, and a project to reconstruct the taxilanes in the general aviation hangar area, and

WHEREAS, the runway project, and the project to construct additional parking lot and to rehabilitate the general aviation area taxilanes are in the Airport's Fiscal Year 2004 Capital Improvement Program budget, and

WHEREAS, the deadline for acceptance of the grant was August 29, 2003, and August 12, 2003, was the last meeting of the City Council in August, and

WHEREAS, it was not until August 19, 2003 that officials of the Federal Aviation Administration could tell City staff with any certainty that funding for the parking lot expansion and taxilanes rehabilitation would be awarded, and

WHEREAS, by Resolution No. 2003-436, the Council accepted an estimated \$1.5 Million grant and authorized the City Manager to execute same, and

WHEREAS, on August 27, 2003, the FAA delivered to the City an Airport Improvement Program grant in the total amount of \$2.5 million (\$1.0 million entitlement funds for the parking lot expansion and taxilane improvements/\$1.5 million discretionary funds for the reconstruction of RW 10L/28R) and required that the grant be accepted by the City not later than August 29, 2003, and

WHEREAS, FFA policy prescribes that airport sponsors must provide resolutions for all funds accepted, and

WHEREAS, City staff requests that by resolution, Council formally accept the additional \$1 Million in available grant funds (as part of the \$2.5 Million total grant) and acknowledges that the City Manager, or his designee, has already accepted the federal grant on behalf of the City,

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves accepting an additional \$1.0 Million of federal airport program funds for the construction of an additional airport terminal parking lot and rehabilitation of general aviation area taxilanes at Modesto City-County Airport (as part of a total \$2.5 Million grant from the Federal Aviation Administration).

BE IT FURTHER RESOLVED that Council hereby acknowledges and authorizes the action already taken by the City Manager, or his designee, in accepting the grant prior to the August 29, 2003, deadline.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of September, 2003 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Frohman was upon roll call carrier and the resolution adopted by the following vote:

RESOLUTION NO. 2003-483**

**A RESOLUTION INCREASING THE ENGINEERING AND
TRANSPORTATION DIRECTOR'S AUTHORITY LEVEL TO ISSUE CHANGE
ORDERS FROM \$25,000 TO \$45,200 ON THE "EAST BROADWAY
AVENUE/STATE ROUTE 219 WATERLINE RELINING" PROJECT.**

WHEREAS, on January 15, 2002, the City Council awarded a \$79,216.00 contract to Detrick Corporation to construct the East Broadway Avenue/State Route 219 Waterline Relining project, and

WHEREAS, the contractor started work on April 8, 2002, and the work is complete, and

WHEREAS, during the course of construction, the contractor was required to perform additional work that was not covered under the original contract which resulted in ten change orders, and

WHEREAS, the total cost of the extra work is \$45,183.81, an amount which exceeds the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443 on July 19, 1994, and

WHEREAS, the Director currently has authority to approve change orders up to a cumulative amount of \$25,000,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby increases the Engineering and Transportation Director's authority level to issue change orders, from \$25,000 to \$45,200 for the project entitled "East Broadway Avenue/State Route 219 Waterline Relining."

ENGINEERING, INC., FOR ENGINEERING DESIGN SERVICES FOR THE
PROJECT TITLED "REPLACEMENT OF THE LA LOMA AVENUE SEWAGE
LIFT STATION"**

WHEREAS, following a Request for Qualifications which was sent to 84 engineering firms, 11 qualification statements for the design of the La Loma Avenue Sewage Lift Station were submitted to the City, and

WHEREAS, from the 11 qualification statements received, 2 of the most qualified firms were short-listed to receive a Request for Proposal and interview, and

WHEREAS, the proposals and interviews for the engineering design services for said project were rated by the selection team, and HDR Engineering, Inc., was rated highest, in accordance with Administrative Directive 3.1, and

WHEREAS, the Engineering and Transportation Director has recommended that HDR Engineering, Inc., be accepted as the most qualified engineering consulting firm, and

WHEREAS, the Engineering & Transportation Director has recommended accepting the proposal of HDR Engineering, Inc., in an amount not to exceed \$192,744,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards a contract for engineering design services for the project titled "La Loma Avenue Sewage Lift Station," to HDR Engineering, Inc., in an amount not to exceed \$192,744.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-485**

A RESOLUTION APPROVING AN AGREEMENT WITH KOEGLER CONSULTING GROUP TO CONDUCT AN ASSET INVENTORY AND VALUATION ASSESSMENT OF PARKS, TRAILS, RECREATION FACILITIES AND RECREATION PROGRAMS, AT A COST NOT TO EXCEED \$11,500 PLUS EXPENSES, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT.

WHEREAS, in recent years the City of Modesto Parks, Recreation and Neighborhoods Department has faced an increase in the demand for services and the prospect of dwindling resources, and

WHEREAS, the City of Modesto Parks, Recreation and Neighborhoods Department, wishing to be proactive in securing future funding for its programs, developed a Fund Development Strategies and Actions document, and

WHEREAS, the Modesto City Council adopted Resolution 2003-95 accepting the Fund Development Strategies and Actions as recommended by the Parks, Recreation and Neighborhoods Department and directing staff to develop specific funding plans, and

WHEREAS the Fund Development Strategies and Actions recommends that staff pursue an Asset Inventory and Valuation Assessment of parks, trails, recreation facilities and recreation programs, and

WHEREAS, City staff has concluded that Koegler Consulting Group is the most qualified to conduct an Asset Inventory and Valuation Assessment for the City of Modesto based on noteworthy successes in the field of fund development in parks and recreation systems, and

WHEREAS, Koegler Consulting Group has agreed to perform the required work as set forth in the "Scope of Work" attached hereto as **Exhibit "A"**, at a cost not to exceed \$11,500, plus expenses, and

WHEREAS, the Safety and Communities Committee, during its August 4, 2003 meeting, supported the concept of an Asset Inventory and Valuation Assessment of parks, trails, recreation facilities and recreation programs,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement with Kogler Consulting Group to conduct an Asset Inventory and Valuation Assessment of parks, trails, recreation facilities and recreation programs as described in the Scope of Work, attached hereto as Exhibit "A", and incorporated herein by reference.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of September, 2003 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Frohman was upon roll call carrier and the resolution adopted by the following vote:

EXHIBIT "A"

Scope of Work

General Scope and Purpose

To develop strategies and vehicles that will provide the Modesto Parks, Recreation and Neighborhoods Department with new opportunities for revenue generation. The areas of emphasis will be :

- Long-term endowment monies for maintenance, operation, and renovation of specified existing and proposed facilities and programs. These monies may come from individuals, foundations, or corporations. Special attention will be given to future projects such as the Virginia Corridor Trail and Grogan Park.
- Short-term exclusive vendor contracts that could produce additional funds for operation and specific renovations.
- Identification of facilities and programs that would be potential candidates for a corporate naming rights program.

PROCESS

- A. Koegler Consulting will conduct an inventory and assessment of all existing parks, facilities, and trails within the system. This on-site inventory will require 2 – 3 days. The department will need to provide a guide for this inventory that has general knowledge of the facilities.
- B. Koegler Consulting will review any and all master plan projects and projections that apply to the facility inventory.
- C. Based on the results of the inventory, specific facilities will be identified that have the maximum potential for legacy endowments. The list will be reviewed with management and after agreement, each project/facility will be developed utilizing a customized pricing formula designed specifically for the parks department. This process will include interviews with key staff of each individual facility, and the review of financials for each facility cost center. These interviews can be accomplished electronically.
- D. During the information gathering process, data will be assessed for recommendations concerning vendor agreements and identification of facilities that would be attractive to corporations for short-term naming rights.
- E. Koegler Consulting will make specific recommendations and provide a template for use by the department in the development of a customized "Naming Policy and

Procedures” manual. The actual manual must be produced by the legal council of the Parks Department, usually the city attorney or solicitor, and include all applicable state and local ordinances and laws that would apply. This process can be accomplished electronically.

Items to be included: naming policies; plaque sizes, types, mounting specs, locations, etc. for each type of naming opportunity; protocol for media promotion of gifts; protocol for recognition events based on gift size and type; additional policies and procedures that may be necessary to implement the Legacy Endowment Program.

- F. Based on all information collected, a “template” for a gifting catalog will be provided by Koegler Consulting. It will include a projected list of facilities and programs with an agreed upon “naming price list” based on operational, renovation, capital, and projected endowment expenses. The data can then be developed into an informational and marketing brochure by Modesto Parks staff or a professional advertising and marketing company. Koegler Consulting will review and make recommendations of all drafts.
- G. Two professional presentations will be included in the project. They will be up to 1 ½ hours each and the content will be customized based on the needs of the department. One may be a presentation to city council outlining the successes of other communities including the Oglebay Foundation and conceptually presenting the program being developed by the parks department. A second presentation could be at the conclusion of the project and be directed to the community foundation trustees and local community leaders and be a “campaign kick-off.” These presentations will be flexible and will include the guidance of the director of the parks department. Specific groups, dates, times, and location will be decided after the initiation of the contract.

STAFF INVOLVEMENT

The department staff will need to be involved in the on-site tour. They will need to provide existing master plan information and current operating financials for identified facilities and programs and be involved in the process of approving and modifying recommendations of the consultant and implementing any and all approved programs. The initial estimate of staff time would be considered nominal with the majority of the time involved in the approval and implementation process. Should a facility not have a master plan with renovation costs or construction costs, appropriate staff would be required to assist in projecting construction and operating costs on a case-by-case basis.

FINAL PRODUCTS

- A. Template for the development of a “gifting catalog” including a number of facilities and programs from each park area and a scale with a monetary range from \$1,000 to multiple millions. The information and data will be in a format that can be easily developed into a brochure/catalog by a professional advertising agent.
- B. The project will produce a customized formula for pricing future facilities and programs based on the original gifting catalogs processes and final benchmarking.
- C. A naming rights policy and procedure manual specifically designed for the Modesto Parks, Recreation and Neighborhoods Department.
- D. Recommendations on exclusive vendor contracts including types, locations, contract wording, and projected potential contractual financial benefits.
- E. Identification of any and all facilities and programs that by their nature and use would be candidates for corporate naming rights programs. This list can then be further developed, if so desired, with the assistance of a corporate naming rights specialist or consultant.
- F. Specific language for design agreements

TIMELINE

Sept./Oct. 2003	On-site evaluation, inventory, interviews. Possible presentation to city council. 3 – 4 days – Late September, Early October
Oct./Nov. 2003	Review of all materials - data accumulation. Formulation of “first draft” of gifting catalog and asset inventory.
December 2003	On-site report of preliminary findings and recommendations. Additional interview and fact-finding. 1 – 2 days
Jan./Feb. 2004	Complete project components for final presentation
Feb./March 2004	On-site final project presentation to staff – Possible date for presentation to community foundation and community leaders.
April/May 2004	On-going oversight into final preparation of gifting catalog and “kick-off” marketing campaign.

The project, as outlined, includes three on-site visits and two professional presentations to community groups.

Exhibit "B"

CONTRACTUAL REGULATIONS AND FEE STRUCTURE

Process A – G

Final Products A – E \$11,500

Timeline: All work will be completed by May 1st, 2004 assuming the contract is signed by September 1st, 2003.

Travel: All travel must be mutually agreed upon and will be at an additional expense. Generally coach air, mid-sized rental car, daily meal per diem, business hotel.

Acceptance of this proposal will constitute a nonexclusive, nontransferable, limited license to (a) utilize the consultation and recommendations solely by the Modesto Parks, Recreation and Neighborhoods Department, (b) reproduce the recommendations, publications, or report only for limited purpose and use of the park system in carrying out the programs therein described and (c) refrain from reproducing the recommendations, publication, or report, or any part thereof, for any use by any parties who are not named in this agreement.

Neither the recommendations, publications or report, nor any right hereunder may be assigned, sublicensed or otherwise transferred in whole or in part by the Modesto Parks, Recreations and Neighborhoods Department to any other party.

Koegler Consulting does not warrant any specific results from the adoption or implementation of the programs described in the completed report, since all such results will be primarily based on the effort in implementing and pursuing the recommendations of the project.

Koegler Consulting requires a retainer fee of \$1,500 upon the signing of the contract. Billing will be periodic, based on a percentage of the work completed. Travel expenses will be billed as incurred.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-486**

**A RESOLUTION APPROVING A ONE-YEAR LEASE RENEWAL WITH
STANISLAUS COUNTY AFFORDABLE HOUSING CORPORATION (STANCO)
FOR THE USE OF CITY OWNED HOUSE AT 308 LOCUST STREET BY
STANCO'S TRANSITIONAL HOUSING PROGRAM, AT THE COST OF \$1.00.**

WHEREAS, in 1988, the City received the property at 308 Locust Street during the foreclosure process on a housing rehabilitation loan and this house was then used for temporary relocations for households being required to move while their units were being rehabilitated under the Housing Maintenance Program, and

WHEREAS, in 1997, the City began leasing the home to Stanislaus County Affordable Housing Corporation (STANCO) at the cost of \$1.00 per year, inasmuch as the house was not needed for relocations at that time and had been vacant, and

WHEREAS, STANCO has expressed their interest in renewing the lease which expired on July 13, 2003, and

WHEREAS, City staff anticipates relatively few temporary relocations from the Housing Maintenance Program during the next year and does not feel the home would be used enough to deny STANCO's full-time use of the house, and

WHEREAS, the new lease has been signed by STANCO, and

WHEREAS, this item was recommended for approval by the Citizens Housing and Community Development Committee at its August 22, 2003, meeting,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a one-year lease renewal with Stanislaus County Affordable Housing Corporation (STANCO) for the use of a city-owned house at 308 Locust Street by STANCO's transitional housing program, at the cost of \$1.00.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the lease agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of September, 2003 by Councilmember Conrad, who moved its adoption, which motion being duly seconded by Councilmember Frohman was upon roll call carrier and the resolution adopted by the following vote:

AYES: Councilmember: Conrad, Frohman, Jackman, Keating, O'Bryant,
Mayor Sabatino

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-487**

**A RESOLUTION AUTHORIZING THE PURCHASE OF AN EQUESTRIAN
TRUCK FOR POLICE TOWING POLICE HORSES AND OTHER
MULTIPURPOSE USES FOR A TOTAL ESTIMATED COST OF \$41,000**

WHEREAS, the Police Department is in need of a new truck to tow the Police horse trailer, and

WHEREAS, the Equestrian truck is beyond its anticipated life, is more than 20 years old, was donated to the Police Department by its original owner and is in need of replacement, and

WHEREAS, there is currently a sole source provider that has a Ford F250 with dual rear wheels designed for towing, and

WHEREAS, this new truck will also serve as a multipurpose vehicle, and

WHEREAS, at its meeting of September 3, 2003 the Safety and Communities Committee unanimously recommended this action.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves purchase of a 2003 Ford F250 Pick-up Truck from sole source provider, Heritage Ford in Modesto at a cost of \$41,000.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of September, 2003 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Frohman was upon roll call carrier and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003 - 488**

A RESOLUTION AUTHORIZING THE PURCHASE OF A COMMAND VEHICLE FOR CITY CRITICAL INCIDENTS FOR A TOTAL ESTIMATED COST OF \$42,000

WHEREAS, the Police Department is in need of a new command vehicle for critical incidents in the City, and

WHEREAS, the Police Department currently utilizes a converted surplus ambulance for the City's critical incident response and that vehicle has outlived its useful life, is prone to frequent repairs and is in need of replacement, and

WHEREAS, there is currently a sole source provider that has a Ford Expedition outfitted with full command center in the rear and all emergency and lighting equipment, that is being offered at a savings of \$4,000 because of an ordering error for another California Police agency, and

WHEREAS, this new vehicle will also serve as an additional patrol supervisory vehicle, and

WHEREAS, at its meeting of September 3, 2003 the Safety and Communities Committee unanimously recommended this action.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the purchase of a 2003 Ford Expedition Police Package Command Vehicle from sole source provider, Pasadena Ford, at 1365 East Colorado Blvd. in Pasadena, California at a cost of \$42,000.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of September, 2003 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Frohman was upon roll call carrier and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-489**

**A RESOLUTION APPROVING POLICIES AND PROCEDURES FOR
ISSUANCE OF PERMITS FOR ALCOHOL CONSUMPTION IN CITY PARKS.**

WHEREAS, on July 22, 2003, by motion, the City Council adopted Ordinance 3310-C.S.--an ordinance amending Sections 12-4.201 and 12-4.202 of Article 2 of Chapter 4 of Title 12 of the Modesto Municipal Code relating to use of park and recreation areas and facilities (prohibiting use of alcohol in City Parks), and

WHEREAS, the ordinance does provide for an exception with prior approval of the Parks, Recreation and Neighborhoods Department Director through a permit process, and

WHEREAS, City staff has developed a permit and process for issuance of permits, and

WHEREAS, the Safety and Communities Committee met on August 4, 2003, and supported the recommended policies and procedures for issuance of permits for alcohol consumption in City parks,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the policies and procedures for issuance of permits for alcohol consumption in City parks as follows:

1. The permitting process will be administered by the Parks, Recreation and Neighborhoods Department, with applications available at the Police main station and area offices, City Hall at the Mall, King-Kennedy Memorial Center, Senior Citizens Center, and the PR&N offices at Tenth Street Place. The permit would also be available on-line to submit via the Internet or FAX.
2. If the permit for alcohol is in conjunction with a reservable facility, no additional permit will be issued. The appropriate information will be included in the facility reservation permit.

3. Information on other relevant ordinances and laws will be listed on the permit. For example, issuance of a permit does not supersede laws prohibiting public intoxication.
4. Parks signs will be revised to include this ordinance. The other code sections cited on the signs will also be re-evaluated.
5. Alcohol permits will not be issued on site. In order to be legal, permits must be issued prior to events.
6. Permits will be issued for specific dates or events. Individuals, private gatherings and small group events will be eligible for permits.

BE IT FURTHER RESOLVED that the permit, attached hereto as **Exhibit "A"** and incorporated herein by reference, is hereby approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of September 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember Fisher, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-490**

A RESOLUTION AMENDING THE FISCAL YEAR 2003-04 OPERATING BUDGET TO APPROPRIATE \$8,000 FROM THE GENERAL FUND RESERVE, 0100-800-8000-8003 TO THE PARKS SERVICES MAINTENANCE, 0100-480-4522-0308.

WHEREAS, on July 22, 2003, by motion, the City Council adopted Ordinance 3310-C.S.--an ordinance amending Sections 12-4.201 and 12-4.202 of Article 2 of Chapter 4 of Title 12 of the Modesto Municipal Code relating to use of park and recreation areas and facilities (prohibiting use of alcohol in City Parks), and

WHEREAS, in order to enforce the ordinance, signage must be strategically placed at all City of Modesto parks, and

WHEREAS, on July 1, 2003, by Resolution No. 2003-362, the Council amended the Fiscal Year 2003-04 operating budget to provide funding for new signage for neighborhood and miscellaneous parks which include the new alcohol restrictions, and

WHEREAS, additional funds are needed to provide signage at regional and community parks, and

WHEREAS, the Safety and Communities Committee met on August 4, 2003, and supported the recommendation to provide funding for signage at regional and community parks,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby amends the Fiscal Year 2003-04 operating budget to appropriate \$8,000 from the General Fund Reserve, 0100-800-8000-8003 to Parks Service and Maintenance, 0100-480-4522-0308, Tools, Shop & Field.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2003-491**

A RESOLUTION APPROVING THE CITY OF MODESTO CONSOLIDATED ANNUAL PERFORMANCE AND EVALUATION REPORT (CAPER) FOR FISCAL YEAR 2002-2003, AND AUTHORIZING THE CITY MANAGER TO SUBMIT THE REPORT TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD).

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (HUD), and

WHEREAS, the Consolidated Annual Performance and Evaluation Report (CAPER) reflects the activity of the City and its sub-recipients for the period of July 1, 2002, through June 30, 2003, and

WHEREAS, each year the City must review and report on the performance of activities funded under the Community Development Block Grant, HOME, and Emergency Shelter Grant Programs, and

WHEREAS, the CAPER must be made available for public review and comment for a minimum 15-day period, and

WHEREAS, a public comment period was held from August 24, 2003 through September 9, 2003, and

WHEREAS, all public comments, and staff responses to these comments, must be presented to the City Council for review and approval, and

WHEREAS, the Citizens Housing and Community Development Committee met on August 22, 2003, and reviewed and recommended the CAPER, and

WHEREAS, a duly noticed public hearing was held by the Council on September 9, 2003, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, to consider approval of the CAPER,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Consolidated Annual Performance and Evaluation Report for Fiscal Year 2002-2003 is hereby approved subject to any correction for accuracy being made by the City Manager, and a copy of said Report is on file in the office of the City Clerk.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized, after having made any necessary correction, to submit said report to the U.S. Department of Housing and Urban Development (HUD).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of September, 2003, by Councilmember Frohman, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2003-492

RESOLUTION ADOPTING *STRATEGIC PLAN*-BASED PERFORMANCE MEASURES FOR THE COMMUNITY AND ECONOMIC DEVELOPMENT DEPARTMENT, ENGINEERING AND TRANSPORTATION DEPARTMENT, AND THE OPERATIONS AND MAINTENANCE DEPARTMENT AND DIRECTING STAFF TO REPORT ON THE PERFORMANCE MEASURES TO THE CITY COUNCIL ON A QUARTERLY BASIS

WHEREAS, on October 23, 2001, Council adopted a *Strategic Plan* and Vision to serve as the road map for the City's future, and

WHEREAS, as part of the adoption of the *Strategic Plan* Council directed staff to develop Performance Measures linked to the *Strategic Plan*, and

WHEREAS, historically City departments have reported on Performance Measures as part of the budget process, and

WHEREAS, existing Performance Measures have been useful for internal management tools but are unrelated to the *Strategic Plan* and not outcome based, and

WHEREAS, existing Performance Measures do not have established targets and are not displayed graphically for easy interpretation of trends, and

WHEREAS, in July 2002, Council adopted *Strategic Plan*-based Performance Measures for the Fire Department, the Police Department and Parks, Recreation and Neighborhood, and

WHEREAS, Performance Measures have been developed for the Community and Economic Development, Operations and Maintenance, and Engineering and Transportation Departments, and

WHEREAS, the proposed Performance Measures reflect *Strategic Plan* goals and Vision, are outcome based, include targets, benchmark against other jurisdictions, and include an interpretation of trends and spikes,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Strategic Plan-Based Performance Measures for the Community and Economic Development Department, Operations and Maintenance Department and Engineering and Transportation Department, attached hereto as **Exhibit A**, are hereby approved.

BE IT FURTHER RESOLVED that staff is hereby directed to report on the Performance Measures to the City Council on a quarterly basis using the methodology established in Exhibit A.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 23rd day of September, 2003, by Councilmember Conrad, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

Attractive & Economically Vibrant Communities

Quarterly Progress Report Community and Economic Development Department

Modesto: A healthy, safe, attractive, economically, vibrant, socially diverse and culturally rich city with a strong sense of identity and pride, a community engaged in the practice of citizenship with governance based on the principle of stewardship.

Grad L. Kilger, Director
bkilger@modestogov.com
(209) 577-5218

Mission:

The mission of the Community and Economic Development Department is to plan, encourage and facilitate private investment in the community by coordinating those municipal activities that affect such investment.

Core Programs and Services:

The department has three divisions that serve all parts of our community:

Building and Development Services Division supports, facilitates, and expedites private investment in the community, as well as enhancing its health, safety, and welfare by providing timely and efficient services in the areas of building permits and inspections. The department also seeks creative solutions by bringing projects to successful completion through the use of project teams.

Planning Division plays a critical role in achieving the City Council's goals and objectives relative to the physical development of the community. This includes Current Planning and Advance Planning sections.

The mission of the Planning Division is to ensure a superior quality of life for the City of Modesto's current and future residents by addressing matters concerning growth and the environment. Effective long-range planning processes seek to manage growth and change. The Planning process must balance the need to facilitate private investment in the community with these goals.

Business Development Office strives to stimulate new private investment and job creation. Among the services provided by the Business Development Office is marketing Modesto to recruit and retain business and the creation of new business park areas to help overcome a shortage of industrial land. The focus of the Office's retention and expansion effort is an extensive outreach program to existing businesses. The Office provides the main staff support for the program and activities of the Redevelopment Agency.

Attractive & Economically Vibrant Communities

Quarterly Progress Report Community and Economic Development Department

Modesto: A healthy, safe, attractive, economically, vibrant, socially diverse and culturally rich city with a strong sense of identity and pride, a community engaged in the practice of citizenship with governance based on the principle of stewardship.

Strategic Plan Goals:

- IX. Our downtown is a vibrant, government, financial, corporate and regional entertainment center with high-density housing and services.
- V.A. Modesto applies "Smart City" principles of planning.
- V.B. Manage development to achieve an orderly development pattern and a balanced economy. Agricultural preservation and achieving a jobs-housing balance are priorities.
- V.C. Encourage the expansion of existing and construction of new business parks.
- VI. Promote regional public cooperation to enhance the City's initiatives for economic development.
- X.A.1. Maintain and expand Modesto as a regional center for financial services, medical services, shopping, entertainment and education. Attract high-end shopping opportunities.
- X.A.2. Modesto supports existing businesses and encourages new and diverse businesses to be successful.
- X.A.3. We employ a business-friendly approach while ensuring environmental protection and preserving our quality of life.
- X.II. Redevelopment serves as an economic engine to revitalize and renovate the blighted older portions of town.

Attractive & Economically Vibrant Communities

Quarterly Progress Report

Engineering and Transportation Department

ENGINEERING AND TRANSPORTATION DEPARTMENT

Mission:

The Engineering and Transportation Department is a team committed to building safe roads; moving people and products – in cars, buses, planes; providing safe water; recycling garbage and waste water; making Modesto a great place to live!

Strategic Plan Goals:

- I.A.1. Our infrastructure is modern, efficient, effective, attractive and cost competitive.
- I.A.2. The City is attractive, clean and well landscaped.
- I.B.1. Water and wastewater system capacity and quality is sufficient for all current needs and future economic growth.
- I.C.1. Our storm water system is aesthetically pleasing, drains quickly and efficiently and meets all federal and state water quality standards.
- II. The City has efficient garbage collection and competitive rates with maximal resource recovery.
- III.A. Our City road system moves, people, goods and services without congestion and incorporates alternative transportation modes to promote air quality.
- III.B. Our City transportation system is user-friendly, efficient and well-maintained with good service levels and pollution reduction methods.
- S.A.1. The City hires exceptional employees to delivery City services.
- S.A.3. The City provides excellent customer service from competent, motivated employees and encourages leadership at all levels to nurture innovation to maximize results.
- S.B.4. The City's customers are very satisfied with the quality and efficiency of City Services.

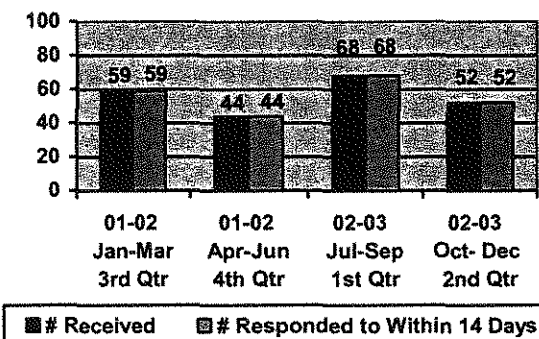

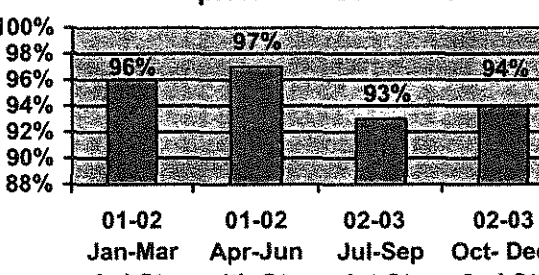

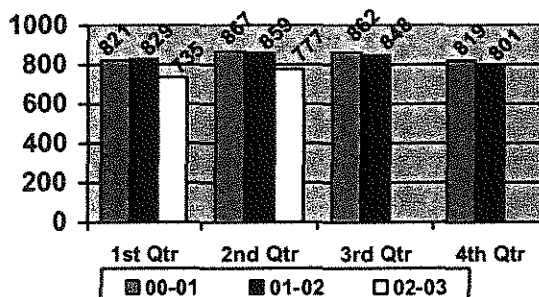

Key Efficiency Measures:

Performance Measure	Quarterly Results	2002-2003 Target	Comments										
<p>ET-1. ENGINEERING PROJECT DESIGN EFFECTIVENESS</p> <p>What: Percentage of Capital Improvement Project Designs completed on schedule.</p> <p>Why: Measures effectiveness of Engineering Design staff in assuring that CIP project designs are completed on schedule.</p> <p>Strategic Plan Goal: I.A.1., III.A., III.B.</p>	<p>Percentage of Capital Improvement Project Designs Completed on Schedule</p> <table border="1"> <tr> <th>Quarter</th> <th>Percentage</th> </tr> <tr> <td>01-02 (Jan-Mar 3rd Qtr)</td> <td>96%</td> </tr> <tr> <td>01-02 (Apr-Jun 4th Qtr)</td> <td>95%</td> </tr> <tr> <td>02-03 (Jul-Sep 1st Qtr)</td> <td>92%</td> </tr> <tr> <td>02-03 (Oct-Dec 2nd Qtr)</td> <td>92%</td> </tr> </table>	Quarter	Percentage	01-02 (Jan-Mar 3rd Qtr)	96%	01-02 (Apr-Jun 4th Qtr)	95%	02-03 (Jul-Sep 1st Qtr)	92%	02-03 (Oct-Dec 2nd Qtr)	92%	90% of CIP project designs are completed on schedule.	Target was exceeded even though staff vacancies exist. With a complete staff, additional projects can be delivered on schedule.
Quarter	Percentage												
01-02 (Jan-Mar 3rd Qtr)	96%												
01-02 (Apr-Jun 4th Qtr)	95%												
02-03 (Jul-Sep 1st Qtr)	92%												
02-03 (Oct-Dec 2nd Qtr)	92%												
<p>ET-2. ENGINEERING DESIGN EFFICIENCY</p> <p>What: Dollar value of projects completed per Full Time Equivalent (FTE) employee.</p> <p>Why: Measures efficiency of employees to ensure adequate completion of projects during the fiscal year.</p> <p>Strategic Plan Goal: I.A.1., III.A., III.B.</p>	<p>\$ Value of Projects Completed Per Each FTE Employee</p> <table border="1"> <tr> <th>Quarter</th> <th>Value (\$)</th> </tr> <tr> <td>01-02 (Jan-Mar 3rd Qtr)</td> <td>\$775</td> </tr> <tr> <td>01-02 (Apr-Jun 4th Qtr)</td> <td>\$942</td> </tr> <tr> <td>02-03 (Jul-Sep 1st Qtr)</td> <td>\$209</td> </tr> <tr> <td>02-03 (Oct-Dec 2nd Qtr)</td> <td>\$399</td> </tr> </table>	Quarter	Value (\$)	01-02 (Jan-Mar 3rd Qtr)	\$775	01-02 (Apr-Jun 4th Qtr)	\$942	02-03 (Jul-Sep 1st Qtr)	\$209	02-03 (Oct-Dec 2nd Qtr)	\$399	Each FTE employee completes the design of \$900,000 worth of projects (construction value) on average during the year.	The Engineering Design Section is on schedule to meet its target.
Quarter	Value (\$)

Attractive & Economically Vibrant Communities

Quarterly Progress Report Operations & Maintenance Department

Modesto: A healthy, safe, attractive, economically vibrant, socially diverse and culturally rich city with a strong sense of identity and pride, a community engaged in the practice of citizenship with governance based on the principle of stewardship.

Operations and Maintenance Department

Mission:

The mission of the Operations and Maintenance Department is to enhance the quality of community life by managing, operating, maintaining, and repairing the infrastructure of the City of Modesto.

Strategic Plan Goals:

- I.A.1. Our infrastructure is modern, efficient, effective, attractive and cost competitive.
- I.A.2. The City is attractive, clean and well landscaped.
- I.B.1. Water and wastewater system capacity and quality is sufficient for all current needs and future economic growth.
- I.C.1. Our stormwater system is aesthetically pleasing, drains quickly and efficiently, and meets all federal and state water quality standards.
- III.B. Our City transportation system is user-friendly, efficient and well maintained with good service levels and pollution reduction methods.
- S.A.3. The City provides excellent customer service from competent, motivated employees and encourages leadership at all levels to nurture innovation to maximize results.
- S.A.4. The City's workforce of represented and unrepresented employees delivers efficient and effective services enhanced by labor-management cooperation.
- S.B.4. The City's customers are very satisfied with the quality and efficiency of City services.

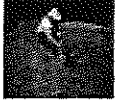

Key Efficiency Measures

Performance Measure	Results	2002-2003 Target	Comments															
<p>OM-1. EQUIPMENT AVAILABILITY (Fleet Services)</p> <p>What: Percentage of time equipment is on line and available for use, measured as a percentage of time equipment could have been available for use.</p> <p>Why: Measures level of availability of equipment (vehicles, machinery, police cars, etc.) for providing City services</p> <p>Strategic Plan Goals: I.A.2., S.A.III</p>	<p style="text-align: center;">Equipment Availability</p> <table border="1"> <caption>Equipment Availability Data</caption> <thead> <tr> <th>Fiscal Year</th> <th>Equipment Availability (%)</th> <th>Target (%)</th> </tr> </thead> <tbody> <tr> <td>99/00</td> <td>96%</td> <td>95%</td> </tr> <tr> <td>00/01</td> <td>96%</td> <td>95%</td> </tr> <tr> <td>01/02</td> <td>96%</td> <td>95%</td> </tr> <tr> <td>02/03</td> <td>95%</td> <td>95%</td> </tr> </tbody> </table>	Fiscal Year	Equipment Availability (%)	Target (%)	99/00	96%	95%	00/01	96%	95%	01/02	96%	95%	02/03	95%	95%	<p>Equipment is online and available 95% of the time.</p>	<p>Equipment availability is essential for effective delivery of services. Fleet Services Crews work extended hours in the evenings and on weekends to minimize the impact of equipment maintenance and repairs and continue to meet our targets in this area.</p>
Fiscal Year	Equipment Availability (%)	Target (%)																
99/00	96%	95%																
00/01	96%	95%																
01/02	96%	95%																
02/03	95%	95%																
<p>OM-2. EQUIPMENT BREAKDOWN FREQUENCY (Fleet Services)</p> <p>What: Number of breakdowns occurring while equipment is in service, measured as the number of fleet breakdowns per fleet miles driven.</p> <p>Why: The effective response force is needed to initiate an effective attack on active, developing structure fires.</p> <p>Strategic Plan Goals: H.III., C.IV.</p>	<p style="text-align: center;">Breakdown Frequency</p> <table border="1"> <caption>Breakdown Frequency Data</caption> <thead> <tr> <th>Fiscal Year</th> <th>Breakdown Frequency</th> <th>Target</th> </tr> </thead> <tbody> <tr> <td>99/00</td> <td>1.4</td> <td>1.3</td> </tr> <tr> <td>00/01</td> <td>1.2</td> <td>1.3</td> </tr> <tr> <td>01/02</td> <td>1.4</td> <td>1.3</td> </tr> <tr> <td>02/03</td> <td>1.3</td> <td>1.3</td> </tr> </tbody> </table>	Fiscal Year	Breakdown Frequency	Target	99/00	1.4	1.3	00/01	1.2	1.3	01/02	1.4	1.3	02/03	1.3	1.3	<p>Number of breakdowns per 1,000 miles driven does not exceed 1.3.</p>	<p>During Fiscal Year 01-02 we exceeded our standard due to a variety of factors. We are addressing these issues through reviewing and test driving repairs before equipment is released and through modifications of our preventive maintenance schedule.</p>
Fiscal Year	Breakdown Frequency	Target																
99/00	1.4	1.3																
00/01	1.2	1.3																
01/02	1.4	1.3																
02/03	1.3	1.3
