MESSAGE FROM THE CITY MANAGER

To the Mayor and City Council, Community Members and City Staff,

We are pleased to present the City of Modesto’s 2020 – 2025 Strategic Plan. The plan serves as a roadmap for Modesto’s promise as a place where our inclusive community can prosper, and innovation grows.

Strategic planning plays an important role in the City’s policy development and prioritization processes and has included the creation of annual action plans since FY 2008-09. The City’s FY 2018-19 budget includes five overarching goals, the first of which is the adoption of an updated strategic plan. The City’s prior strategic plan was adopted by the City Council in March of 2015 and served as a roadmap for FY 2015-16 through FY 2018-19.

The City of Modesto engaged Management Partners to assist with the development of the strategic plan. To update the plan, a wide range of stakeholders were invited to provide input and develop goals and strategies. Stakeholders included the following:

- City Council
- Members of Citizen Advisory Boards and Commissions
- Community members
- City Staff

CITY COUNCIL AND CITY MANAGER INTERVIEWS
Management Partners conducted one-on-one interviews with each member of the City Council and the City Manager. These interviews clarified the overall direction for the strategic plan and offered insights into the City Council’s and the City Manager’s assessment of the City’s strengths, limitations, opportunities, and threats (SLOT); their key priorities for the next five years; and their expectations for the strategic planning process.

A STRATEGIC PLAN ENSURES MODESTO IS PURSUING ITS GOALS WITH INTENTION AND PURPOSE.

697 community members provided their opinions and vision for the future as part of an online community survey.

7 Town Hall meetings were attended by Modesto residents and led by City Staff between March 21st and April 17th, 2019.
CITY BOARDS AND COMMISSIONS FOCUS GROUPS
Management Partners convened a series of focus groups with the chairs and vice-chairs of the Modesto’s Citizen Advisory Groups. Community leaders were asked to share their input on Modesto’s key accomplishments, its major challenges, and their thoughts about the future for the City. The focus group format allowed for a synergy of ideas and inclusion of different perspectives.

ONLINE COMMUNITY SURVEY
The City partnered with California State University (CSU) Stanislaus to design and conduct an online community survey in the spring of 2019. Residents were asked to provide their opinions on Modesto as a place to live, their satisfaction with City services, and their priorities for the City’s future.

STAFF QUESTIONNAIRE
The City’s executive team was invited to respond to a survey to provide their input. Like the individual interviews with the City Council and City Manager, the purpose of the questionnaire was to solicit the team’s input about the City’s strengths, limitations, opportunities, threats, and obtain information about major ongoing and future projects and initiatives.

TOWN HALL MEETINGS
Based on information gathered during the focus groups and via the online survey, City staff facilitated a series of seven town hall meetings, one in each City Council district, as well as an additional meeting for community members unable to attend in their district. These meetings were designed to elicit community feedback on the City’s strengths, its needs for the future, and potential strategic goals.

STRATEGIC PLANNING WORKSHOPS
Finally, the City of Modesto leaders participated in two full-day strategic planning workshops. In the first workshop, executive staff developed the major components of the strategic plan, including drafts of the vision and mission statements and the strategic plan areas of focus, goals and strategies. The second workshop engaged the Council to review and refine the vision, mission, goals and strategies for the City for the next five years. The outcomes of the Council workshop led to the vision, mission, goals and strategies reflected in this document.
