Community Emergency Response Team Training

Modesto, CA - The Modesto Regional Fire Authority/Office of Emergency Services is scheduling a CERT class during the Month September. The class is scheduled for Thursday evenings from 6:00p.m. – 10:00p.m., beginning 9/12 and concluding on 10/17. A second offering of the class will be held on Saturdays, from 8:00p.m. – 5:00p.m., beginning on 9/14 and concluding on 9/28. The class is open to the public. Only the CERT classes are open to the public.

Community Emergency Response Team (CERT) is a course that provides training to the community on disaster preparedness. The class offers basic instruction in disaster response skills. Covered topics include fire safety, lite search and rescue, response team organization and disaster first aid.

CERT is especially important during the first hours after a disaster. CERT trained community members can help others in their neighborhood or workplace following an event when community emergency services are not readily available to help.

To register for the next class follow the link to <http://sbtapp1.co.stanislaus.ca.us/OESRegistrationWEB/>
