construct and maintain
public infrastructure and
operate utility and
transportation systems to
the highest standard of
excellence and
accountability in order to
support a vibrant business
environment and to
enhance the quality of
community life.”*

Start Date: September 2017

**Anticipated
End Date:** June 2019

Location: Modesto, CA

Project Summary:

This project will expand the parking options at the Amtrak station, by adding a parking lot on the Northside of the station.

Project Description:

Amtrak has proposed to improve existing rail service by optimizing scheduling and implementing various improvements, including additional parking to accommodate early morning travel from Fresno to Sacramento and Fresno to the Bay Area as part of a new service which commenced in May 2018 to Sacramento and in 2019 to the Bay Area. The City has secured funding to expand the north parking lot of the Modesto Amtrak Station in hopes of increasing ridership with the new service.

Funding:

This project is funded with grants from the Transportation Development Act.
