Our Mission:
*“Our mission is to
construct and maintain
public infrastructure and
operate utility and
transportation systems to
the highest standard of
excellence and
accountability in order to
support a vibrant business
environment and to
enhance the quality of
community life.”*

Start Date: January 2020

**Anticipated
End Date: May 2020**

Location: Modesto

Project Summary:

Purchase and installation of communication equipment for Modesto's Automated Traffic Management System (ATMS)

Project Description:

Upgrading the ATMS for the City requires mass amounts of data communication through fiber optics, traffic flow software, signal timing software, IP addressing, Ethernet switches, Ethernet ports, serial communications and video detection. It's essential to make upgrades to bring the system to more state of the art technology to help traffic flow.

Funding:

Congestion Mitigation and Air Quality (CMAQ) Grant
