MANDATORY COMMERCIAL ORGANICS RECYCLING

Our Goal: Our goal is to separate organic waste from solid waste, preserve landfill space, reduce greenhouse gas coming from landfills and provide an excellent source of separated material for composting!

What is Organic Waste? Organic waste includes food waste, green waste, landscape and pruning waste, non-hazardous wood waste, and food-soiled paper/cardboard waste that is mixed in with food waste.

Who Must Recycle? Business (include public entities, schools and non-profits) that generate four (4-cy) or more of commercial solid waste per week. Multi-Family dwellings with five (5) or more units regardless of the amount waste generate.

How Can My Modesto Business Become Compliant? • Source separate organic waste as defined from other solid waste and subscribe to organic waste recycling that includes collection and recycling of organic waste. • Recycle your organic waste on-site or self-haul the organic waste for recycling. • Subscribe to an organic waste recycling service that may include mixed waste processing that specially recycles organic waste. • Make arrangements to donate organic waste for recycling.
