

TIRE DISPOSAL

Old tires provide convenient shelters for unwanted rodents and insects.

Find out more about proper disposal options by calling the City of Modesto's Solid Waste Office at (209) 577-5495.

HOUSEHOLD HAZARDOUS WASTE FACILITY

All residents (and small businesses*) of Stanislaus County and its nine cities can recycle the following products at the Hazardous Waste Facility for FREE!

- Antifreeze
- Batteries
- Motor Oil & Oil Filters
- Brake Fluid
- Transmission Oil
- Gasoline
- Paints
- Solvents
- Computers & Monitors
- Televisions
- AND MUCH MORE!

FACILITY LOCATION AND HOURS:
1710 Morgan Rd. • Fri/Sat 8 a.m.-12 p.m.

For more information on these programs and special drop-off events, call (209) 525-6789.

*Some restrictions apply

USED OIL & FILTER FACTS

- Used motor oil can contain toxic substances such as benzene, lead, zinc, and cadmium.
- The oil from a single oil change can ruin the taste of a million gallons of drinking water. That's enough water for 50 people, for one year.
- Films of oil on the surface of water prevent the replenishment of dissolved oxygen, impair photosynthetic processes, and block sunlight.
- Oil dumped on land reduces soil productivity.
- In the U.S., less than 60 percent of used oil is recycled.
- In California 1 in 5 households have a do-it-yourself (DIY) oil changer.
- Each year the U.S. generates 425 million used automotive oil filters containing 160,000 tons of iron units and 18 million gallons of oil.
- Recycling all the filters sold annually in the United States would result in the recovery of about 160,000 tons of steel, or enough steel to make 16 new stadiums the size of Atlanta's Turner Stadium.

Stuart's Auto Center 	3927 McHenry Ave.	578-5823

No after hour drop-offs!

 = Accepts oil filters for recycling

 = Offers a coupon towards merchandise instead of cash rebate

Used oil filters can contain more than 45 percent used motor oil in weight when removed from the vehicle. Filters have materials that can be recycled and they should not go in the garbage. For more information about filter exchange events in the City of Modesto, please call (209) 577-5493.

FOR MORE
LOCATIONS CALL
1 (800) CLEANUP

HOW TO PROPERLY DISPOSE OF YOUR USED OIL & FILTER:

- 1. CALL** to make a collection appointment: (209) 577-5492
- 2. POUR** oil into a plastic container with a screw-top lid. Do not mix oil with other materials such as antifreeze, brake fluid or gasoline.
- 3. DRAIN** the oil from the filter into the plastic container and place it in a plastic zipper bag.
- 4. PLACE** filled containers and filters on your driveway near the garage or house – not curbside – by 6:00 a.m. on your pickup day.

PROGRAM NOTES:

- Limit of four gallons and three oil filters per week.
- Curbside recycling is not available to residents with dumpster-style garbage bins.

CERTIFIED COLLECTION CENTERS:

- Modesto residents can also recycle used oil and filters by dropping them off at a Certified Collection Center.
- The Centers will accept your clean used oil and pay you \$0.40 per gallon (or in-store credit). You may recycle up to five gallons of clean used oil per day at any Center.
