Citizen Participation Plan

1. INTRODUCTION

- 1.1. The City of Modesto (City) is a federal entitlement jurisdiction that receives grant funding from the U.S. Department of Housing and Urban Development (HUD) for the following programs: Community Development Block Grants (CDBG), HOME Investment Partnerships Program (HOME) and Emergency Solutions Grants (ESG).
- 1.2. As a requirement for receiving the above-named entitlement grants, the City is required to prepare the following documents:
 - 1.2.1. Consolidated Plan: A five-year Consolidated Plan to identify local community development needs and set forth a funding strategy to address those needs.
 - 1.2.2. Annual Action Plan: An Annual Action Plan that summarizes the activities that will be undertaken in the upcoming Fiscal Year (FY) to address the needs outlined in the Consolidated Plan.
 - 1.2.3. Consolidated Annual Performance Evaluation Report (CAPER): A Performance Report that evaluates the progress during the fiscal year in carrying out the activities outlined in the Annual Action Plan.
- 1.3. Under HUD's Code of Federal Regulations for the Consolidated Plan (24 CFR Part 91 Sec.91.105), the City must adopt a Citizen Participation Plan that sets forth the City's policies and procedures for citizen participation in the planning, execution, and evaluation of the Consolidated Plan, Annual Action Plan, and CAPER. The guidelines established in this Citizen Participation Plan apply to the development and adoption of all the above-listed documents (hereafter referred to as "the Plans").

2. OBJECTIVE

- 2.1. The Citizen Participation Plan establishes standards to promote citizen participation in the development of the Plans and related documents. The Citizen Participation Plan is designed to especially encourage participation by low and moderate-income persons, including those living in blighted areas. As an entitlement jurisdiction for the respective HUD programs, the City is responsible for the implementation of the Citizen Participation Plan.

3. CITIZEN PARTICIPATION

- 3.1. The City provides for and encourages the participation of residents and stakeholders in the development of all the documents covered by the Citizen Participation Plan. The City further encourages participation by low- and moderate-income persons, particularly those living in blighted areas, in areas where HUD funds are proposed to be used and by residents of predominantly low- and moderate-income neighborhoods. The City encourages participation in all stages of the Consolidated Planning process by all residents, including minorities and non-English speaking persons, as well as persons with mobility, visual, or hearing impairments, and residents of assisted housing developments and recipients of

tenant-based assistance.

4. CONSULTATION REQUIREMENTS (24 CFR 91.100)

- 4.1. In the development of the Plans, the City will consult, to the greatest extent feasible, other public and private agencies and public organizations including but not limited to those providing:
 - 4.1.1. Assisted housing;
 - 4.1.2. Health services; and
 - 4.1.3. Social services and fair housing services (including those focusing on services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, homeless persons, economic development, neighborhood development and other housing and community development services).
- 4.2. When preparing the section of the Plans describing the City's homeless strategy and the resources to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) and persons at risk of homelessness, the City will consult, to the greatest extent feasible, with:
 - 4.2.1. The local Continuum of Care;
 - 4.2.2. Public and private agencies that address housing, health, social service, victim services, employment, or education needs of low-income individuals and families; homeless individuals and families, including homeless veterans; youth; and/or other persons with special needs;
 - 4.2.3. Publicly funded institutions and systems of care that may discharge persons into homelessness (such as health-care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and
 - 4.2.4. Business and civic leaders.
- 4.3. When preparing the portion of the Plans concerning lead-based paint hazards, the City will consult, to the greatest extent feasible, with State or local health and child welfare agencies and examine existing data related to lead-based paint hazards and poisonings, including health department data on the addresses of housing units in which children have been identified as lead poisoned.
- 4.4. When preparing the description of priority non-housing community development needs, the City of Modesto will notify adjacent units of general local government, to the extent practical.
- 4.5. The City of Modesto will consult with adjacent units of general local government, such as adjacent HUD entitlement jurisdictions and local government agencies with metropolitan-wide planning responsibilities, particularly for problems and solutions that go beyond the City's jurisdiction.
- 4.6. The City of Modesto will consult with the Stanislaus Regional Housing Authority (Stan Regional), the local public housing agency (PHA), concerning consideration of public housing needs, planned programs and activities, strategies for affirmatively furthering fair housing, and proposed actions to affirmatively further fair housing in the consolidated plan.
- 4.7. To the extent feasible, the City will consult with community based and regionally based organizations that represent protected class members, and organizations

that enforce fair housing laws, such as State or local fair housing enforcement agencies, fair housing organizations and other nonprofit organizations that receive funding under the Fair Housing Initiative Program (FHIP), and other public and private fair housing service agencies operating within the City. Consultation will occur, at a minimum, during the development of the Consolidated Plan. Consultation on the Consolidated Plan will specifically seek input into how the priorities and objectives of the Consolidated Plan will affirmatively further fair housing.

- 4.8. As a recipient of ESG funds, the City will consult with the Continuum of Care in determining how to allocate its ESG funds toward eligible activities; in developing the performance standards for, and evaluating the outcomes of, projects and activities assisted by ESG funds; and in developing funding, policies, and procedures for the operation and administration of the Homeless Management Information System (HMIS).
- 4.9. In addition, in accordance to the ESG Final Rule requirements, the City will consult with the following entities in the planning for ESG related activities:
 - 4.9.1. Public and private agencies that address housing, health, social service, victim services, employment, or education needs of low-income individuals and families;
 - 4.9.2. Homeless individuals and families, including homeless veterans; youth; and/or other persons with special needs;
 - 4.9.3. Publicly funded institutions and systems of care that may discharge persons into homelessness (such as health-care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and
 - 4.9.4. Business and civic leaders.
- 4.10. A variety of mechanisms may be utilized to solicit input from the persons/service providers/agencies listed above. These include posting and/or mailing notices of public meetings and hearings, telephone or personal interviews, mail surveys, internet-based feedback and consultation workshops.

5. AVAILABILITY OF DRAFT AND APPROVED DOCUMENTS

- 5.1. When developing the Consolidated Plan, the following criteria will apply:
 - 5.1.1. As soon as feasible after the start of the public participation process, the HUD provided data and any other supplemental information to be incorporated into the Consolidated Plan will be made available to the residents, public agencies, and any other interested parties.
 - 5.1.2. The City of Modesto may make the HUD provided data available to the public by cross-referencing the data on HUD's website.
- 5.2. The draft versions of Consolidated Plans and Annual Action Plans will make available to residents, public agencies, and other interested parties information that includes the estimated amount of funding the City expects to receive (including grant funds and program income) and the range of activities that may be undertaken, including the estimated amount that will benefit persons of low and moderate income.

8. ANTI-DISPLACEMENT AND RELOCATION POLICY AND PLAN

8.1. Anti-Displacement Policy

- 8.1.1. The City seeks to minimize, to the greatest extent feasible, the involuntary displacement, whether permanently or temporarily, of persons (families, individuals, businesses, nonprofit organizations, or farms) from projects funded with CDBG, ESG, or HOME involving single or multi-family rehabilitation, acquisition, commercial rehabilitation, demolition, economic development, or capital improvement activities.
- 8.1.2. Projects that the City deems beneficial but that may cause displacement may be recommended and approved for funding only if the City of Modesto demonstrates that such displacement is necessary and vital to the project and that they take efforts to reduce the number of persons displaced. Further, it must be clearly demonstrated that the goals and anticipated accomplishments of a project outweigh the adverse effects of displacement imposed on persons who must relocate.
- 8.1.3. This section describes the City's Anti-Displacement and Relocation Plan and how it will assist persons who will be temporarily relocated or permanently displaced due to the use of HUD funds. This plan takes effect whenever the City sponsors projects using CDGB, ESG, or HOME funds that involve the following:
 - 8.1.3.1. Property acquisition; or
 - 8.1.3.2. The demolition or conversion of low- and moderate-income dwelling units.

8.2. Background

- 8.2.1. Two acts apply whenever any of the above issues are present:
 - 8.2.1.1. The Uniform Relocation Assistance and Real Property Policies Act of 1970 (URA); and
 - 8.2.1.2. Section 104(d) of the Housing and Community Development Act of 1974.
- 8.2.2. Each of these acts place different obligations on the City.
- 8.2.3. The URA governs the processes and procedures which the City must follow to minimize the burden placed on low- and moderate-income tenants, property owners, and business owners who must move (either temporarily or permanently) as the result of a project funded in whole or in part by the CDBG, ESG, or HOME programs. The URA applies to:
 - 8.2.3.1. Displacement that results from acquisition, demolition, or rehabilitation for HUD-assisted projects carried out by public agencies, nonprofit organizations, private developers, or others;
 - 8.2.3.2. Real property acquisition for HUD-assisted projects (whether publicly or privately undertaken);
 - 8.2.3.3. Creation of a permanent easement or right of way for HUD-assisted projects (whether publicly or privately undertaken);

and

- 8.2.3.4. Work on private property during the construction of a HUD-assisted project even if the activity is temporary.

8.3. What is Displacement?

8.3.1. Displacement occurs when a person moves as a direct result of federally assisted acquisition, demolition, conversion, or rehabilitation activities¹, because he or she is:

- 8.3.1.1. Required to move; or
- 8.3.1.2. Not offered a decent, safe, sanitary and affordable unit in the project;
- 8.3.1.3. Treated “unreasonably” as part of a permanent or temporary move.

8.3.2. A person may also be considered displaced if the necessary notices are not given or provided in a timely manner and the person moves for any reason.

8.4. What is a Displaced Person?

8.4.1. The term displaced person means any person that moves from real property or moves his or her personal property from real property permanently as a direct result of one or more of the following activities:

- 8.4.1.1. Acquisition of real property, in whole or in part, for a project;
- 8.4.1.2. Rehabilitation or demolition of real property for a project;

8.4.2. The City may offer advisory and financial assistance to eligible tenants (or homeowners) who meet the above definition.

8.5. Persons Not Eligible for Assistance

8.5.1. A person is not eligible for relocation assistance under the provisions of the URA if any of the following occurs:

- 8.5.1.1. The person was evicted for serious or repeated violation of the terms and conditions of the lease or occupancy agreement, violation of applicable Federal, State, or local law, or other good cause. However, if the person was evicted only to avoid the application of URA, then that person is considered displaced and is eligible for assistance;
- 8.5.1.2. The person has no legal right to occupy the property under State or local law;
- 8.5.1.3. The City determines that the person occupied the property to obtain relocation assistance and the HUD Field Office concurs in that determination;
- 8.5.1.4. The person is a tenant-occupant that moved into the property after a certain date, specified in the applicable program regulation, and, before leasing and occupying the property, the City provided the tenant-occupant written notice of the application for assistance, the project's impact on the person,

¹ Persons who voluntarily participate in a CDBG, ESG, or HOME funded rehabilitation activity may only qualify for relocation assistance when no other housing options are available to them.

and the fact that he or she would not qualify as a “displaced person” because of the project;

- 8.5.1.5. The person is a tenant-occupant of a substandard dwelling that is acquired or a tenant-occupant of a dwelling unit to which emergency repairs are undertaken and the HUD field office concurs that:
 - 8.5.1.5.1. Such repairs or acquisition will benefit the tenant;
 - 8.5.1.5.2. Bringing the unit up to a safe, decent, and sanitary condition is not feasible;
 - 8.5.1.5.3. The tenant’s new rent and average estimated monthly utility costs will not exceed the greater of: the old rent/utility costs or 30 percent of gross household income; and
 - 8.5.1.5.4. The project will not impose any unreasonable change in the character or use of the property.
- 8.5.1.6. The person is an owner-occupant of the property who moves because of an arm’s length acquisition;
- 8.5.1.7. The City notifies the person that they will not displace him or her for the project;
- 8.5.1.8. The person retains the right of use and occupancy of the real property following the acquisition; or
- 8.5.1.9. The City determines that the person is not displaced as a direct result of the acquisition, rehabilitation, or demolition for the project and the HUD field office concurs in the determination.

8.6. Minimizing Displacement

- 8.6.1. The City will take reasonable steps to minimize displacement occurring as a result of its CDBG, ESG, and HOME activities. This means that the City will:
 - 8.6.1.1. Consider if displacement will occur as part of funding decisions and project feasibility determinations;
 - 8.6.1.2. Assure, whenever possible that occupants of buildings to be rehabilitated are offered an opportunity to return;
 - 8.6.1.3. Plan substantial rehabilitation projects in “stages” to minimize displacement; and
 - 8.6.1.4. Meet all HUD notification requirements so that affected persons do not move because they have not been informed about project plans and their rights.

8.7. Displacement Assistance

- 8.7.1. Consistent with the goals and objectives of the CDBG, ESG, and HOME programs, the City will take all reasonable steps necessary to minimize displacement of persons, even temporarily. If displacement occurs, the City will provide relocation assistance to all persons directly, involuntarily, and permanently displaced according to HUD regulations.
- 8.7.2. If the City temporarily displaces a low- or moderate-income household,

that household becomes eligible for certain relocation payments. The assistance applies to those persons residing in the residence at the time the application is processed and is based on the following procedures:

- 8.7.2.1. If the structure and its occupants are determined eligible for temporary relocation assistance, the owner-occupants and/or tenants are eligible for the actual reasonable cost (based on fair market rent) of temporary lodging facilities until the structure is determined habitable by a housing or building inspector authorized by the City to make the determination;
- 8.7.2.2. The City must approve housing and the Lessor and Lessee must sign a rent agreement before move-in. Housing must be comparable functionally to the displacement dwelling and decent, safe, and sanitary. This does not mean that the housing must be in comparable size. The term “functionally equivalent” means that it performs the same function, has the same principal features present, and can contribute to a comparable style of living. Approved lodging accommodations include apartments and houses. The City of Modesto does not reimburse “rental expenses” for living with a friend or family member;
- 8.7.2.3. The City may facilitate moving and storage of furniture with a moving company;
- 8.7.2.4. Damage deposits, utility hookups, telephone hookups and insurance costs are not eligible for reimbursement; and
- 8.7.2.5. The City may pay the cost of relocation assistance from available Federal funds.

8.8. One-For-One Replacement Dwelling Units

- 8.8.1. The City will generally avoid awarding funds for activities resulting in displacement. However, should the City fund an activity, specific documentation is required to show the replacement of all occupied and vacant dwelling units demolished or converted to another use. The following exception applies to the demolition of units:
 - 8.8.1.1. Vacant blighted dwelling units that have been determined by the City to be unsafe for human occupancy and subsequently demolished using federal funds shall not require replacement.
- 8.8.2. Should the City fund an activity resulting in displacement, the City will assure that relocation assistance is provided as described in 24 CFR 570.606(b)(2).
- 8.8.3. Consistent with the goals and objectives of the CDBG, ESG, and HOME programs, the City will take all reasonable steps necessary to minimize displacement of persons from their homes. The City will avoid funding projects that cause displacement of persons or businesses and will avoid funding any project that involves the conversion of low- and moderate-income housing to non-residential purposes.
